Introduction

Introduction

The Governor submitted his Executive Budget proposal for Fiscal Year (FY) 2016 to the Legislature on January 21, 2015. The Executive Budget Financial Plan sets forth the multi-year forecast of receipts and projections based on the Governor's proposal.

The State Constitution permits the Governor to submit amendments to the Executive Budget within 30 days of its constitutional submission date. The Governor submitted amendments to the Executive Budget for FY 2016 on February 20, 2015, as permitted by law.

This Executive Budget Financial Plan for FY 2016, as amended (the "Executive Budget" or "Executive Budget Financial Plan"): (i) summarizes the fiscal impact of the amendments and forecast revisions that have been made to the Governor's Executive Budget Financial Plan originally submitted on January 21, 2015; and (ii) updates and summarizes the State of New York's official Financial Plan projections for FY 2015 through FY 2019. The Financial Plan projections reflect the estimated impact of the Governor's Executive Budget proposal, as amended, for FY 2016, as described herein. The State's FY 2016 will begin on April 1, 2015 and end on March 31, 2016.

The State Budget Process

The requirements of the State budget process are set forth in Article VII of the State Constitution, the State Finance Law, and the Legislative Law. The annual budget process begins with the Governor's submission of the Executive Budget to the Legislature each January, in preparation for the start of the fiscal year on April 1. (The submission can be as late as February 1 in years following a gubernatorial election.) The Executive Budget consists of bills that: (a) set forth all proposed appropriations and reappropriations, (b) provide for any new or modified revenue measures, and (c) make any other changes to existing law necessary to implement the Executive Budget recommended by the Governor. The General Fund must be balanced on a cash basis, as described below. The Division of the Budget (DOB) prepares a multi-year Financial Plan ("State Financial Plan") as part of the Executive Budget. The State Financial Plan sets forth projected receipts and disbursements for the current fiscal year, the "budget" year (i.e., the upcoming fiscal year), and the three subsequent fiscal years (the "outyears").

In acting on the bills submitted by the Governor, the Legislature has certain powers to alter the recommended appropriations and proposed changes to existing law. The Legislature may strike or reduce an item of appropriation submitted by the Governor. The Legislature may add distinct new items of appropriation, provided such additions are stated separately. These additional items are then subject to line-item veto by the Governor. If the Governor vetoes an appropriation separately added by the Legislature or a bill (or a portion thereof) related to the budget, these separately added items of appropriation or the bill can be reconsidered in accordance with the rules of each house of the Legislature. If, upon reconsideration, the items are approved by two-thirds of the members of each house, such items will become law notwithstanding the Governor's veto.

Once the appropriation bills and other budget bills become law, DOB revises the State Financial Plan to reflect the Legislature's actions, and begins the process of implementing the Enacted Budget. Throughout the fiscal year, DOB monitors actual receipts and disbursements, and may adjust the estimates and projections in the State Financial Plan. Adjustments may also be made to the State Financial Plan to reflect changes in the economic outlook, updated data on program activities, new actions taken by the Governor or the Legislature, and other factors. State Finance Law requires DOB to update the State Financial Plan quarterly.

Once the Budget is adopted, the Legislature may enact one multi-purpose appropriation bill and additional single-purpose appropriation bills or revenue measures (including tax law changes) during any regular session or, if called into session for that purpose, any special session. In the event additional appropriation bills or revenue measures are disapproved by the Governor, the Legislature may override the Governor's veto upon the vote of two-thirds of the members of each house of the Legislature. The Governor may present deficiency appropriations to the Legislature in any fiscal year to supplement existing appropriations or provide new appropriations for purposes not considered by the regular and supplemental appropriations.

Budget Projections

The State Financial Plan projections for future years have often shown budget gaps in the General Fund. Budget gaps represent the difference between: (a) the projected General Fund disbursements, including transfers to other funds, needed to maintain current services levels and specific commitments, and (b) the expected level of resources to pay for these disbursements. Any General Fund gap estimates are based on a number of assumptions and projections developed by the DOB in conjunction with other State agencies. Some projections are based on specific, known information (e.g., a statutory requirement to increase payments to a prescribed level), while others are based on more uncertain or speculative information (e.g., the pace at which recipients will enroll in a new program). In addition, the Financial Plan assumes that money appropriated in one fiscal year is expected to continue to be appropriated in future years, even for programs that were not created in permanent law and that the State has no obligation to fund. Funding levels for nearly all State programs are made (or, in the case of two-year appropriations, reviewed) annually, taking into account the current and projected fiscal position of the State. The Financial Plan projections for FY 2017 and thereafter, as set forth in this Executive Budget Financial Plan, reflect the savings that DOB estimates would occur if the Governor continues to propose, and the Legislature continues to enact, balanced budgets in future years that limit annual growth in State Operating Funds spending to no greater than 2 percent. However, total disbursements in Financial Plan tables and discussion do not reflect these savings. The estimated savings are labeled in the Financial Plan tables as "Adherence to 2 Percent State Operating Funds Spending Benchmark" (or simply "Adherence to 2 Percent Spending Benchmark"). If the 2 percent State Operating Funds spending benchmark is not adhered to, budget gaps may result.

Budgetary and Accounting Practices

The State's **General Fund** receives the majority of State taxes and all income not earmarked for a particular program or activity. State law requires the Governor to submit, and the Legislature to enact, a General Fund budget that is balanced on a cash basis of accounting. The State Constitution and State Finance Law do not provide a precise definition of budget balance. In practice, the General Fund is considered balanced if sufficient resources are, or are expected to be, available during the fiscal year for the State to: (a) make all planned payments, including Personal Income Tax (PIT) refunds, without the issuance of deficit notes or bonds or extraordinary cash management actions, (b) restore the balances in the Tax Stabilization Reserve and Rainy Day Reserve to levels at or above the levels on deposit when the fiscal year began, and (c) maintain other reserves, as required by law. For purposes of calculating budget balance, the General Fund includes transfers to and from other funds.

The General Fund is the sole financing source for the School Tax Relief (STAR) fund, and is typically the financing source of last resort for the State's other major funds, which include the Health Care Reform Act (HCRA) funds, the Dedicated Highway and Bridge Trust Fund (DHBTF), the Lottery Fund, and the mental hygiene program and patient income accounts. Therefore, the General Fund projections account for any estimated funding shortfalls in these funds. Since the General Fund is the fund that is required to be balanced, the focus of the State's budgetary and gap-closing discussion is generally weighted toward the General Fund.

From time to time, DOB will informally designate unrestricted balances in the General Fund for specific policy goals (e.g., the payment of costs related to potential labor contracts covering prior contract periods). These amounts are typically identified with the phrase "reserved for," and are not held in distinct accounts within the General Fund and may be used for other purposes.

State Operating Funds is a broader measure of spending for operations (as distinct from capital purposes) that is funded with State resources. It includes financial activity not only in the General Fund, but also State-funded Special Revenue Funds and Debt Service Funds (spending from Capital Projects Funds and Federal funds is excluded). As more financial activity occurred in funds outside of the General Fund, State Operating Funds became, in DOB's view, a more comprehensive measure of State-funded activities for operating purposes that are funded with State resources (i.e., taxes, assessments, fees, tuition). The State Operating Funds perspective has the advantage of eliminating certain distortions in operating activities that may be caused by, among other things, the State's complex fund structure, the transfer of money among funds, and the accounting of disbursements against appropriations in different funds. For example, the State funds its share of the Medicaid program from both the General Fund and HCRA funds, the latter being State special revenue funds. The State Operating Funds perspective captures Medicaid disbursements from both of these fund types, giving a more complete accounting of State-funded Medicaid disbursements. For such reasons, the discussion of disbursements projections often emphasizes the State Operating Funds perspective.

The State also reports disbursements and receipts activity for **All Governmental Funds** ("All Funds"), which includes spending from Capital Projects Funds and State and Federal operating funds, providing the most comprehensive view of the cash-basis financial operations of the State.

The State accounts for receipts and disbursements by the fund in which the activity takes place (such as the General Fund), and the broad category or purpose of that activity (such as State Operations). The Financial Plan tables sort State projections and results by fund and category.

Fund types of the State include: the General Fund; State Special Revenue Funds, which receive certain dedicated taxes, fees and other revenues that are used for a specified purpose; Federal Special Revenue Funds, which receive certain Federal grants; State and Federal Capital Projects Funds, which account for costs incurred in the construction, maintenance and rehabilitation of roads, bridges, prisons, university facilities, and other infrastructure projects; and Debt Service Funds, which account for the payment of principal, interest and related expenses for debt issued by the State and on the State's behalf by its public authorities.

State Finance Law also requires DOB to prepare a *pro forma* Generally Accepted Accounting Principles (GAAP) financial plan for informational purposes. The GAAP-basis financial plan is not used by DOB as a benchmark for managing State finances during the fiscal year and is not updated on a quarterly basis. The GAAP-basis financial plan follows, to the extent practicable, the accrual methodologies and fund accounting rules applied by the Office of the State Comptroller (OSC) in preparation of the audited Basic Financial Statements. However, GAAP is a financial reporting regime, not a budgeting system.

Risks and Uncertainties

The factors affecting the State's financial condition are complex. This Executive Budget Financial Plan contains forecasts, projections, and estimates that are based on expectations and assumptions which existed at the time such forecasts were prepared, and contains statements relating to future results and economic performance that are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Since many factors may materially affect fiscal and economic conditions in the State, the inclusion in this Executive Budget Financial Plan of forecasts, projections, and estimates should not be regarded as a representation that such forecasts, projections, and estimates will occur. The forward-looking statements contained herein are based on the State's expectations and are necessarily dependent upon assumptions, estimates, and data that the State believes are reasonable as of the date which the expectations are made but that may be incorrect, incomplete or imprecise, or not reflective of actual results. Forecasts, projections and estimates are not intended as representations of fact or guarantees of results. The words "expects," "forecasts," "projects," "intends," "anticipates," "estimates," and analogous expressions are intended to identify forward-looking statements in the Financial Plan. Any such statements inherently are subject to a variety of risks and uncertainties that could cause actual results to differ materially and adversely from those projected. Such risks and uncertainties include, among others, general economic and business conditions; changes in political, social, economic, and environmental conditions, including climate change and extreme weather events; impediments to the implementation of gap-closing actions; regulatory initiatives and compliance with governmental regulations; litigation; actions by the Federal government to reduce or disallow expected aid including Federal aid authorized or appropriated by Congress, but subject to sequestration, administrative actions, or other actions that would reduce aid to the State; and various other events, conditions and circumstances, many of which are beyond the control of the State. These forward-looking statements speak only as of the date of this Executive Budget Financial Plan.

Financial Plan Overview

Revisions to the Executive Budget Financial Plan

The Executive Budget Financial Plan projections set forth herein reflect the impact of the Governor’s amendments, as well as revisions to the multi-year forecast of receipts and disbursements based on updated information. The table below summarizes the revisions to the Financial Plan dated January 21, 2015.

GENERAL FUND - SUMMARY OF CHANGES TO EXECUTIVE BUDGET					
SAVINGS/(COST)					
(millions of dollars)					
	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019
TOTAL REVISIONS TO EXECUTIVE BUDGET	0	0	(11)	(1)	(1)
Executive Amendments	0	(10)	(11)	(11)	(11)
State Police 2015 Trooper Class Increase	0	(5)	(6)	(6)	(6)
Ending the AIDS Epidemic	0	(5)	(5)	(5)	(5)
Reestimates	0	10	0	10	10
Tax Receipts	(355)	0	0	0	0
Transfers/Other Financing	263	10	10	10	10
Miscellaneous Receipts and Grants	50	0	0	0	0
Agency Operations/General State Charges	42	0	(10)	0	0

The following amendments to the FY 2016 Executive Budget have a fiscal impact that has been reflected in the multi-year Financial Plan. Other technical and language changes to the Executive Budget which were submitted during the amendment period are not expected to have a fiscal impact.

- **State Police 2015 Trooper Class Increase:** The Executive Budget has been amended to include additional funding to increase the size of the March 2015 State Police class by 75 slots.
- **Ending the AIDS Epidemic:** The Executive Budget has been amended to include additional investments relating to ending the AIDS epidemic. This initiative is expected to be funded with DOH Global Cap resources.

The following revisions to estimates of receipts and disbursements have been reflected in the multi-year Financial Plan.

- **Tax Receipts:** General Fund tax receipts in the current year (FY 2015) are expected to exceed the Enacted Budget estimate, but not by as much as DOB expected in the initial January 2015 Executive Budget Financial Plan. In the initial Executive Budget, DOB revised its FY 2015 General Fund forecast for tax receipts upward by \$738 million and

about \$200 million annually thereafter.¹ DOB now projects an increase in FY 2015 tax receipts from the initial Financial Plan of \$383 million, which is \$355 million lower than previously expected.

This change reflects a \$525 million downward adjustment to PIT receipts comprised of estimated payments (\$375 million) based on unexpected declines experienced in January following above average growth through early January, and withholding (\$150 million) based on receipts to-date. DOB has also raised its estimate of receipts for business taxes (\$60 million), sales and use taxes (\$60 million), real estate transfer tax (\$30 million), and estate tax (\$20 million), which partly offsets the reduction in PIT receipts.

In FY 2016 and beyond, total tax receipts remain unchanged but individual tax categories have been updated. DOB has revised its estimates in each year for PIT withholding (\$120 million lower), sales tax (\$60 million higher) and corporate franchise tax (\$60 million higher).

- **Transfers/Other Financing:** Reflects revised estimates of revenues available to support State-operated services and activities that lower the need for General Fund support. These revisions include additional resources available from bond proceeds to reimburse capital projects spending (\$50 million); lottery and video lottery terminal (VLT) receipts (\$25 million), business and licensing fees (\$20 million), banking services fees (\$21 million), and legal services programs (\$7 million). In addition, available mental hygiene resources have increased by \$140 million. In the Executive Budget, DOB revised its estimate of mental hygiene receipts downward by \$190 million from the Mid-Year Financial Plan; however DOB now projects a decrease of only \$50 million. Collectively, these revisions reduce General Fund costs by \$263 million.

In FY 2016 and beyond, additional resources include lower transfers for legal services programs (\$5 million) and DOH Global Cap resources available to finance the additional funding for the end of AIDS initiative (\$5 million), as noted above.

- **Miscellaneous Receipts and Grants:** General Fund miscellaneous receipts and grants have been revised upward by \$50 million in the current year as a result of receipts to date.
- **Agency Operations/General State Charges (GSCs):** Reimbursement associated with the processing of income tax returns for New York City by the State's Tax Department is expected to be higher than previously anticipated, resulting in less current year spending from the General Fund. In addition, spending has been revised downward in the current year, and increased in FY 2017, to reflect the timing of payments for certain labor management expenses. Estimated spending for General Fund social security payments has also been revised downward in the current fiscal year by \$20 million based on year-to-date results.

¹ Excludes changes to estimated tax receipts that are due to changes in the estimated debt service for PIT Bonds, Local Government Assistance Corporation (LGAC Bonds), Sales Tax Revenue Bonds, and Clean Air/Clean Water Bonds, and changes to STAR.

Revisions to the Executive Budget Capital Plan

The Governor's amendments do not have any fiscal impact on the multi-year Capital Plan. However, the capital spending that had been planned from the proposed Dedicated Infrastructure Investment Fund (DIIF) will be transitioned to other capital projects funds and spending will be reimbursed with annual transfers from the DIIF. The net impact on capital spending is reflected in the table below.

CAPITAL PROJECTS FUNDS - SUMMARY OF CHANGES TO EXECUTIVE BUDGET (millions of dollars)						
	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020
Disbursements	<u>0</u>	<u>0</u>	<u>0</u>	<u>0</u>	<u>0</u>	<u>0</u>
Dedicated Infrastructure Investment Fund	0	(540)	(972)	(1,187)	(972)	(879)
All Other Capital Projects Funds ¹	0	540	972	1,187	972	879

¹Includes spending directly from bond proceeds.

The Executive Budget proposes establishing a new capital projects fund, DIIF, to allow for monetary settlement funds, earmarked for capital, to be set aside and dedicated for specific capital purposes. The amendments modify the budgetary structure of the DIIF to provide better transparency and specificity for spending \$4.6 billion of monetary settlement funds. The proposed changes would:

- Consolidate the two separate accounts in DIIF and eliminate appropriations that had flexible interchange language permitting funds to move across purposes;
- Insert the original DIIF appropriations into core capital programs;
- Eliminate flexible interchange language by specifying the exact percentage of the appropriation that may be used for a specific purpose; and
- Insert appropriated transfers to permit settlement money to flow from the DIIF to the capital projects fund where the capital spending is now authorized.

Financial Plan Overview

The following table provides certain Financial Plan information for FY 2014, FY 2015, and FY 2016.

FINANCIAL PLAN AT-A-GLANCE: KEY MEASURES (millions of dollars)					
	FY 2014 Results ¹	FY 2015		FY 2016	
		Mid-Year Estimate	Current Estimate	Before Changes ²	Executive Amended
State Operating Funds Disbursements					
Size of Budget	\$90,631	\$92,244	\$92,376	\$96,146	\$93,988
Annual Growth	2.0%	1.8%	1.9%	4.1%	1.7%
Other Disbursement Measures					
General Fund (Excluding Transfers)	\$52,148 0.0%	\$54,935 5.3%	\$54,835 5.2%	\$58,074 5.9%	\$57,361 4.6%

State Workforce FTEs (Subject to Direct Executive Control) - All Funds	118,492	118,257	118,379	n/a	119,235
Debt					
Debt Service as % All Funds Receipts	5.0%	4.2%	4.3%	4.4%	4.1%
State-Related Debt Outstanding	\$55,165	\$55,923	\$54,896	\$58,258	\$56,915
Debt Outstanding as % Personal Income	5.2%	5.0%	4.9%	5.0%	4.9%

¹ Results as reported by the State Comptroller's Annual Report to the Legislature on State Funds Cash Basis of Accounting, released in July 2014.

² Before Executive proposals to balance the FY 2016 budget.

³ Includes one-time extraordinary transfer of \$4.55 billion in monetary settlements from the General Fund to the proposed Dedicated Infrastructure Investment Fund.

⁴ Change in reserves in FY 2016 reflects the one-time extraordinary transfer of \$4.55 billion in monetary settlements from the General Fund to the proposed Dedicated Infrastructure Investment Fund.

* All Funds, Federal Operating Funds and Capital Projects Funds receipts and disbursements exclude (a) Federal disaster aid for Superstorm Sandy, (b) additional Federal aid associated with Federal health care reform, and capital spending from the \$5.4 billion windfall from monetary settlements with financial institutions (see page 15 for more details). Including disbursements for these purposes, All Funds disbursements are expected to total \$150 billion in FY 2016, an increase of 4.9 percent.

Executive Summary

- General Fund tax receipts in the current fiscal year (FY 2015) have continued to exceed expectations. Through December 2014, tax receipts were \$768 million higher than estimated in the Mid-Year Update. Collections in the first nine months of FY 2015 are up 1.5 percent compared to the same period in FY 2014.
- Results since mid-January 2015 have generally been in line with expectations, with the exception of PIT collections, which finished below projections in January. This variance was attributable to lower than expected average January estimated payments, which declined dramatically after robust growth in December. Withholding also failed to meet expectations in January, which is the result of lower than expected bonus payments. As such, DOB has lowered estimated tax receipts by \$355 million in the current year. This reduction is offset by Financial Plan revisions to other resources and spending based on updated information and results to date.
- In light of both the stronger tax collections to date and improving economic indicators, DOB has revised its General Fund forecast for tax receipts upward in each year of the Financial Plan. In comparison to the Mid-Year Update, the estimates for tax receipts have been increased by \$383 million in the current year and \$258 million in FY 2016.² The revised estimates continue to be based on cautious assumptions that DOB believes are appropriate in light of volatile global economic conditions.
- In the current fiscal year (FY 2015), DOB estimates that the State is on track to record a General Fund cash surplus of \$525 million. The estimated surplus, which excludes money received from monetary settlements with financial institutions (described below), reflects stronger than expected tax collections through mid-January 2015.³ The State plans to use the surplus to deposit the maximum allowable amount to its rainy day reserves (\$315 million) and to prepay debt that is due in FY 2016 (\$210 million).
- The Executive Budget for FY 2016, which the Governor introduced on January 21, 2015, and amended on February 20, 2015, provides for balanced operations in the General Fund, as required by law.
- The Executive Budget continues the disciplined approach to fiscal matters that has defined the Governor's first four Budgets. It proposes recurring savings through targeted reforms, as well as continuation of the spending controls and cost-containment put in place in prior years. Agency operations are generally expected to remain at current levels across the Financial Plan period.

² Excludes changes to estimated tax receipts that are due to changes in the estimated debt service for PIT Bonds, LGAC Bonds, Sales Tax Revenue Bonds, and Clean Air/Clean Water Bonds, and changes to STAR.

³ Unless otherwise noted, the discussion of the State's operating projections excludes the impact of the monetary settlements.

- The Budget again limits the annual growth in State Operating Funds spending to 2 percent or less, consistent with the spending benchmark adopted in FY 2012. In addition, the Governor is expected to propose, and the Legislature is expected to enact, balanced budgets in future years that continue to limit annual growth in State Operating Funds to no greater than 2 percent. Over the next three years, inflation is expected to average 2 percent, meaning that spending would grow in line with prices if the State adheres to the 2 percent benchmark.
- The \$5.4 billion windfall from monetary settlements with financial institutions is set aside for one-time investments and reserves. The budget proposes \$4.6 billion in loans and grants for one-time capital investments across multiple program areas, including transportation, health care, disaster preparedness, and for competitive upstate revitalization grants. In addition, \$850 million is reserved to address Financial Plan risks.
- The combination of effective budget management and adherence to the 2 percent spending benchmark in each of the next four fiscal years would produce surpluses in future years, based on current projections. The Executive Budget proposes a multi-year property tax and business tax reduction plan, which has been sized to absorb much of the surplus that would otherwise be expected to occur if the State adheres successfully to the 2 percent spending benchmark in future years. The following table summarizes the multi-year impact of the Executive Budget Financial Plan on General Fund operations.

GENERAL FUND BUDGETARY BASIS SURPLUS/(GAP) PROJECTIONS				
EXECUTIVE BUDGET				
GAP-CLOSING PLAN				
(millions of dollars)				
	FY 2016	FY 2017	FY 2018	FY 2019
MID-YEAR BUDGET SURPLUS/(GAP) ESTIMATE¹	(1,814)	(2,578)	(4,034)	(5,777)
Spending Changes	1,436	2,944	5,050	6,452
Agency Operations	92	3	79	257
Local Assistance	1,409	1,008	1,124	1,216
Capital Projects/Debt Management	121	385	329	335
Initiatives/Investments	(186)	(389)	(677)	(842)
Adherence to 2% Spending Benchmark ²	n/a	1,937	4,195	5,486
Resources	378	222	820	1,484
BUDGET SURPLUS/(GAP) BEFORE TAX ACTIONS	0	588	1,836	2,159
Tax Reduction Plan	0	(386)	(989)	(1,492)
EXECUTIVE BUDGET SURPLUS/(GAP)	0	202	847	667

¹ Before actions to adhere to the 2 percent benchmark.

² Savings estimated from limiting annual spending growth in future years to 2 percent. Calculation based on current FY 2015 estimate. The Governor is expected to propose, and negotiate with the Legislature to enact, Budgets in each fiscal year that hold State Operating Funds spending growth to 2 percent. Assumes all savings from holding spending growth to 2 percent are made available to the General Fund.

- Consistent with the Governor's approach in balancing his first four budgets, all of which emphasized spending restraint, the Executive Budget Financial Plan reduces spending in FY 2016 by \$1.4 billion compared to prior projections.
 - **Agency Operations.** Since the Governor took office in January 2011, State agency operating costs have been significantly reduced through ongoing State agency redesign and cost-control efforts. These efforts have included closures and consolidations of facilities to reduce excess capacity; strict controls on attrition and hiring; enterprise-wide consolidation of procurement, information technology, and workforce management functions; and a range of operational measures to improve efficiency. The FY 2016 Executive Budget generally holds Executive agency operations at a fixed level of spending over the Financial Plan period. In addition, the State's projected costs for health insurance and pensions have been lowered based on market conditions.
 - **Local Assistance.** General Fund savings are expected from, among other things, consolidation of certain local aid programs, targeted reforms to STAR, and updated cost estimates for a range of State programs, which reflect the impact of cost-containment and spending controls enacted in prior years.

Medicaid and School Aid are the State's largest local aid programs, comprising over 40 percent of the State Operating Funds budget. Medicaid will grow at the indexed rate of 3.6 percent, consistent with the statutory index ("Global Cap"). In addition, the State will invest \$1.4 billion in capital resources to improve the State's health care delivery system.

School Aid is recommended to increase by \$1.1 billion (4.8 percent) on a school year basis. The proposed increase, which is in excess of the unusually low indexed rate of 1.7 percent, is tied to the implementation of education reforms.

- **Capital Projects/Debt Management.** Savings are expected through continued use of competitive bond sales, refundings, and consolidation of debt issuances.
- **Initiatives/Investments.** The Executive Budget proposes new initiatives that have a budgetary impact. Among the most significant is juvenile justice reform, which will raise, over time, the age of juvenile jurisdiction to 18, establish a continuum of diversion services, and treat youth in age-appropriate Office of Children and Family Services (OCFS) facilities rather than in adult facilities. In addition, the Budget proposes a new student loan forgiveness program that will allow New York residents who graduate from college and continue to live in the State to make no, or limited, payments on their student loans for the first two years out of school if their income is not high enough to cover their student debt burden without significant financial hardship.

- **Resources.** The forecast for tax receipts has been revised upward in each year of the Financial Plan, reflecting strong tax collections to date. However, even with these revisions, DOB believes the estimates, which anticipate only modest growth in the financial services sector, remain conservative for FY 2016 and beyond, reflecting volatile economic conditions. Other resources identified in the FY 2016 Executive Budget include the savings from prepaying certain FY 2016 expenses in FY 2015.
- **Tax Reduction Plan.** The Executive Budget proposes a real property tax relief credit for homeowners and renters who meet income and tax burden thresholds. The relief program is expected to cost approximately \$1.66 billion when it is fully phased in. In addition, the Budget includes an Education Tax Credit, an Urban Youth Jobs Program Tax Credit, and a tax reduction for small businesses.

Annual Spending Growth

The Executive Budget holds FY 2016 annual spending growth in State Operating Funds to 1.7 percent, below the 2 percent spending benchmark. All Funds spending, which includes spending from capital funds and Federal funds, is expected to increase by 2.8 percent from the level estimated for FY 2015, excluding extraordinary aid.⁴ The growth is driven in large part by increased capital investments.

TOTAL DISBURSEMENTS (millions of dollars)							
	FY 2014 Results	FY 2015 Current	Annual Change	Annual % Change	FY 2016 Proposed	Annual Change	Annual % Change
STATE OPERATING FUNDS	90,631	92,376	1,745	1.9%	93,988	1,612	1.7%
General Fund (excluding transfers)	52,148	54,835	2,687	5.2%	57,361	2,526	4.6%
Other State Funds	32,046	31,665	(381)	-1.2%	31,054	(611)	-1.9%
Debt Service Funds	6,437	5,876	(561)	-8.7%	5,573	(303)	-5.2%
ALL GOVERNMENTAL FUNDS	135,874	137,713	1,839	1.4%	141,633	3,920	2.8%
State Operating Funds	90,631	92,376	1,745	1.9%	93,988	1,612	1.7%
Capital Projects Funds	7,751	7,995	244	3.1%	9,374	1,379	17.2%
Federal Operating Funds	37,492	37,342	(150)	-0.4%	38,271	929	2.5%
ALL GOVERNMENTAL FUNDS (INCL. EXTRAORDINARY AID)	137,526	143,002	5,476	4.0%	149,996	6,994	4.9%
Federal Disaster Aid for Superstorm Sandy	1,247	1,978	731	58.6%	1,749	(229)	-11.6%
Federal Health Care Reform	405	3,311	2,906	717.5%	6,074	2,763	83.4%
Monetary Settlements for Capital Spending	0	0	0	0.0%	540	540	0.0%
GENERAL FUND (INCLUDING TRANSFERS)	61,243	63,181	1,938	3.2%	70,629	7,448	11.8%
STATE FUNDS	96,355	98,667	2,312	2.4%	102,554	3,887	3.9%

⁴ Extraordinary aid consists of aid related to (a) Federal health care reform, which includes the Affordable Care Act (ACA), the new Basic Health Plan (BHP), and the Federal waiver to transform the State's health care system, all of which increase the flow of Federal Funds through the State's Financial Plan; (b) Federal aid that is expected to pass through the State's Financial Plan to local governments, public authorities, and not-for-profits over the next three years for recovery from Superstorm Sandy; and (c) capital spending from the \$5.4 billion in monetary settlements with financial institutions.

The table below illustrates the major sources of annual change in State spending by major program, purpose, and fund perspective.

STATE SPENDING MEASURES (millions of dollars)				
	FY 2015	FY 2016	Annual Change

Capital Projects (State and Federal Funds) *	7,995	9,374	1,379	17.2%
Federal Operating Aid *	37,342	38,271	929	2.5%
TOTAL ALL GOVERNMENTAL FUNDS*	137,713	141,633	3,920	2.8%

¹ School Aid growth on a school year basis is \$1.1 billion or 4.8 percent.

² Includes Basic Health Plan.

³ "All Other" includes a number of other programs, including parks, environment, economic development, and public safety.

* Capital Projects, Federal Operating Funds, and All Funds disbursements exclude extraordinary aid for health care reform and Superstorm Sandy, and capital spending from the monetary settlements. Including disbursements for these purposes, All Funds disbursements are expected to total \$150 billion in FY 2016, an increase of 4.9 percent.

General Fund Financial Plan

Current Fiscal Year Update

General Fund receipts, including transfers from other funds, are expected to total \$68.7 billion in FY 2015, an increase of \$939 million from the estimate in the Mid-Year Update. Since the Mid-Year Update, DOB has increased its estimate of payments expected from monetary settlements by \$587 million. The full list of settlements is described in “Monetary Settlements” herein. Excluding the settlements, General Fund receipts have been revised upward by \$323 million. The estimate for tax receipts has been increased by \$383 million, mainly reflecting stronger than expected PIT collections to date⁵. The increase in estimated tax receipts is offset by a \$60 million reduction to the estimate for miscellaneous receipts (excluding settlements) and other non-tax revenue. Both changes are based on a review of current-year results.

General Fund disbursements, including transfers to other funds, are expected to total \$63.2 billion in FY 2015, an increase of \$10 million from the Mid-Year Update estimate. Excluding the prepayments described below, spending has been revised downward by \$200 million, reflecting lower spending across a range of programs based on operating results to date and other information.

As a result of these changes to receipts and disbursements, DOB estimates that the State will end the current fiscal year with a General Fund operating surplus of \$525 million on a cash basis of accounting.⁶ The surplus calculation excludes the impact of the monetary settlements.

The State plans to make a \$315 million deposit to its rainy day reserves at the end of the current fiscal year, the maximum amount allowable under current law. The planned deposit would be the third since FY 2012, and would bring the balance in the rainy day reserve to \$1.8 billion. The remaining operating surplus from FY 2015 is expected to be used to pay, in the current year, \$210 million in debt service that is due in FY 2016.

⁵ Excludes changes to estimated tax receipts that are due to changes in the estimated debt service for PIT Bonds, LGAC Bonds, Sales Tax Revenue Bonds, and Clean Air/Clean Water Bonds, and changes to STAR.

⁶ See "Budget Risks and Uncertainties to the Financial Plan" herein.

FY 2015 GENERAL FUND BUDGETARY BASIS SURPLUS/(GAP) SUMMARY OF CHANGES FROM MID-YEAR UPDATE SAVINGS/(COSTS) (millions of dollars)	
MID-YEAR BUDGET SURPLUS/(GAP) ESTIMATE	0
Receipts Revisions	<u>323</u>
Tax Receipts ¹	383
Miscellaneous Receipts/Other Non-Tax Revenue ^{2,3}	(60)
Spending Revisions	<u>200</u>
Local Assistance	16
Agency Operations (incl. GSCs)	84
Transfers to Other Funds	100
Use of Prior-Term Labor Agreements Reserve	2
OPERATING SURPLUS	<u>525</u>
Deposit to Rainy Day Reserves	(315)
Prepayment of FY 2016 Debt Service	(210)
REVISED BUDGET SURPLUS/(GAP) ESTIMATE	<u><u>0</u></u>
¹ Excludes transfers from other funds after revisions to estimated debt service costs, and STAR. ² Excludes the receipt of additional monetary settlements since the Mid-Year Update. ³ Includes accounting reclassifications which impact certain financial plan categories, but do not result in a net Financial Plan impact.	

DOB estimates that the State will end FY 2015 with a General Fund cash balance of \$7.8 billion, an increase of \$929 million from the Mid-Year estimate. The balance consists of \$1.8 billion in rainy day reserves (after planned deposits), \$500 million designated for debt management purposes, \$51 million for the costs of labor settlements covering prior periods, and \$21 million in the Contingency Reserve Fund. In addition, the balance is expected to include \$5.4 billion from the monetary settlements.

Risks to the current estimates remain. For example, while tax receipts have exceeded expectations, collections are subject to significant volatility in the final quarter of the fiscal year. In addition, there can be no assurance that Federal aid for health care, mental hygiene and other purposes will be received at the levels or on the timetable assumed in the Financial Plan. These and other risks and uncertainties are described more fully later in this Financial Plan. (See “Other Matters Affecting the Financial Plan” herein.)

FY 2016 Financial Plan

DOB estimates that the Executive Budget proposal for FY 2016 would, if enacted without modification, provide for balanced operations in the General Fund, as provided by law. The following table summarizes the projected annual changes in receipts, disbursements, and fund balances in the General Fund from FY 2015 to FY 2016.

GENERAL FUND FINANCIAL PLAN				
(millions of dollars)				
	FY 2015 Current	FY 2016 Proposed	Annual Change	
			Dollar	Percent
Opening Fund Balance	2,235	7,768	5,533	247.6%

Debt Management	500	500	0	
Prior-Term Labor Agreements	51	62	11	
Monetary Settlements¹	5,400	850	(4,550)	

¹ Includes one-time extraordinary transfer of \$4.55 billion in monetary settlements from the General Fund to the proposed Dedicated Infrastructure Investment Fund.

Receipts

General Fund receipts, including transfers from other funds, are expected to total \$66.1 billion in FY 2016, an annual decrease of \$2.6 billion (3.8 percent). This mainly reflects the one-time monetary settlements received in FY 2015, offset by growth in tax receipts. Tax collections, including transfers of tax receipts to the General Fund after payment of debt service, are expected to total \$62.3 billion, an increase of \$3.9 billion (6.6 percent).

General Fund PIT receipts, including transfers after payment of debt service on State PIT Revenue Bonds, are expected to increase by \$3.1 billion (8.1 percent) from FY 2015. This primarily reflects increases in withholding and estimated payments attributable to the 2015 tax year, and an expected increase in extension payments attributable to tax year 2014.

General Fund consumption/use taxes, including transfers after payment of debt service on LGAC and Sales Tax Revenue Bonds, are estimated to total \$12.8 billion in FY 2016, an increase of \$474 million (3.8 percent) from FY 2015, reflecting projected spending increases across a broad range of consumption categories.

General Fund business tax receipts are estimated at \$5.9 billion in FY 2016, an increase of \$318 million (5.7 percent) from FY 2015 estimates. The estimate reflects growth across all taxes consistent with expected growth in corporate profits and insurance premiums.

Other tax receipts in the General Fund, including transfers, are expected to total approximately \$2.0 billion in FY 2016, a decrease of \$46 million (2.3 percent) from the prior year.

General Fund miscellaneous receipts are estimated at \$2.9 billion in FY 2016, a decrease of \$5.9 billion from the current year. The annual change in miscellaneous receipts is affected by the monetary settlements received in FY 2015, and the multi-year release of excess State Insurance Fund (SIF) reserves as a result of Workers' Compensation reform. The amount of excess reserves is expected to decline from \$1 billion in FY 2015 to \$250 million in FY 2016, consistent with the terms of the 2013 reform legislation.

Non-tax transfers to the General Fund are expected to total \$878 million, a decrease of \$526 million (37.5 percent) from the current year. As with miscellaneous receipts, the annual change in non-tax transfers is affected in part by the monetary settlements. Under State forfeiture laws, approximately \$298 million of the BNP Paribas settlement is expected to be deposited temporarily in a State special revenue fund in the current year. DOB expects to transfer \$293 million of these funds to the General Fund by the close of FY 2015. This one-time transfer during FY 2015 results in a year-to-year decline in non-tax revenues recorded by the General Fund in FY 2016.

General Fund receipts are affected by the deposit of dedicated taxes in other funds for debt service and other purposes, the transfer of balances between funds of the State, and other factors. For a more comprehensive discussion of the State's projections for tax receipts, miscellaneous receipts, and transfers, see “Multi-Year Financial Plan Projections” herein.

Disbursements

General Fund disbursements, including transfers to other funds, are expected to total \$70.6 billion in FY 2016, an increase of \$7.4 billion (11.8 percent) from FY 2015 estimates.

Local assistance grants are expected to total \$43.9 billion, an annual increase of \$1.9 billion (4.6 percent). General Fund disbursements are expected to increase by \$1.3 billion for School Aid and \$647 million for Medicaid.⁷ All other local assistance grants, which include, among other things, payments for a range of social services, public health, education, and general purpose aid programs, are expected to decrease by \$42 million.

State operations spending is expected to total \$8.2 billion in FY 2016, an annual increase of \$360 million (4.6 percent) from the current year. Personal service costs are expected to increase by \$215 million, mainly reflecting an additional (27th) institutional payroll that occurs in FY 2016, and the consolidation of IT Services that were previously funded in non-General Fund accounts. Non-personal service costs are expected to increase by \$145 million in FY 2016, reflecting the end of certain Federal disaster assistance that had offset General Fund expenses in prior years, and inflationary growth.

GSCs are expected to total \$5.2 billion in FY 2016, an annual increase of \$236 million (4.7 percent) from the current year. The State's annual pension payment is expected to increase by \$142 million. The September 2014 adoption of a new Mortality Improvement Scale – MP-2014 (“MP-2014”) by the State's retirement system, which reflects longer life expectations for pension beneficiaries, resulted in increased pension contribution rates. The State expects to continue to amortize pension costs in excess of the amortization thresholds established in law. In FY 2016, costs in excess of 14.5 percent of payroll for the Employees' Retirement System (ERS) and 22.5 percent for the Police and Fire Retirement System (PFRS) are expected to be amortized.

General Fund transfers to other funds are expected to total \$13.3 billion in FY 2016, an increase of \$4.9 billion from the current fiscal year. Transfers to support capital projects spending are projected to increase by \$5.1 billion. This is primarily attributable to a one-time \$4.6 billion transfer of monetary settlement resources to the proposed DIIF. In addition, the capital transfers reflect a \$500 million increase for other capital spending that relates to the timing of bond-financed spending and the reimbursement of that spending from bond proceeds. Debt service transfers decline by \$376 million due mainly to the planned payment in FY 2015 of expenses due in FY 2016.

⁷ School Aid is reported here on a State fiscal year basis. Medicaid includes the BHP.

General Fund disbursements are affected by the level of financing sources available in other funds, transfers of balances among funds of the State, and other factors that may change from year to year. For a more comprehensive discussion of the State's disbursements projections by major activity, see "Multi-Year Financial Plan Projections" herein.

Closing Balance for FY 2016

DOB projects that the State will end FY 2016 with a General Fund cash balance of \$3.2 billion, a decrease of \$4.5 billion from the FY 2015 estimate. This decrease reflects the transfer of \$4.6 billion of the \$5.4 billion in money expected from monetary settlements in FY 2015 to the proposed DIIF. The remaining \$850 million will remain in the General Fund to address potential risks to the Financial Plan.

The Financial Plan continues to set aside money in the General Fund balance to cover the costs of potential retroactive labor settlements with unions that have not agreed to terms for prior contract periods. The amount that is set aside is calculated based on the "pattern" settlement for FY 2008 through FY 2011 that was agreed to by the State's largest unions. The amount set aside is expected to be reduced as labor agreements for prior periods are reached with unsettled unions.

Balances in the rainy day reserves, contingency reserve, and held for debt management are expected to remain unchanged from FY 2015 levels.

FY 2016 Detailed Gap-Closing Plan

The following table and narrative provides a summary of the proposed gap-closing plan. To the extent that the State enacts budgets that adhere to the 2 percent spending benchmark, the level of savings required in each subsequent year to hold spending to 2 percent would be lower.

FY 2016 EXECUTIVE BUDGET GENERAL FUND GAP-CLOSING PLAN				
(millions of dollars)

¹ Before actions to adhere to the 2 percent benchmark.

² The Executive Budget provides full State funding for all State and local responsibilities. It is possible that savings that are not currently assumed may occur as a result of this legislation, which could substantially mitigate these costs.

³ Savings estimated from limiting annual spending growth in future years to 2 percent. Calculation based on current FY 2015 estimate. The Governor is expected to propose, and negotiate with the Legislature to enact, a budget in each fiscal year that restricts State Operating Funds spending growth to 2 percent. Assumes all savings from holding spending growth to 2 percent are made available to the General Fund.

Spending Changes

Agency Operations

Operating costs for State agencies include salaries, wages, fringe benefits, and non personal service costs (e.g., supplies, utilities). These costs have significantly declined over the past several years through ongoing State agency redesign and cost-control efforts. Reductions from the prior projections for agency operations contribute \$92 million to the General Fund gap-closing plan. Specifically:

- **Executive Agencies:** The Budget proposes to hold personal service and non personal service spending flat with limited exceptions, such as costs attributable to the NY State of Health marketplace and the new BHP program. Agencies are expected to continue to utilize less costly forms of service deliveries, improve administrative practices, and pursue statewide solutions, particularly at mental hygiene State-operated facilities.
- **Fringe Benefits/Fixed Costs:** Estimates for the State's pension costs have been revised downward to reflect the impact of paying the FY 2016 pension bill by the end of July 2015, rather than on the due date of March 1, 2016. The State's health insurance costs have been revised to reflect lower than projected rate renewals and a planned audit to identify and remove ineligible dependents from the New York State Health Insurance Program (NYSHIP). In addition, State Workers' Compensation costs have been adjusted to reflect lower medical inflation rates and slower growth in average weekly wages.
- **University Systems:** Spending for the State University of New York (SUNY)/City University of New York (CUNY) is projected to decline, mainly due to the closure of the Long Island College Hospital (LICH). Over the plan period, spending in the university systems is expected to grow, on average, by roughly 2 percent.
- **Independent Officials:** Spending for the Legislature, the Department of Audit and Control (OSC), and the Department of Law is projected to remain essentially flat through FY 2019. Judiciary spending is projected to increase by 1.7 percent in FY 2016, driven primarily by the authorization of additional Family Court Justices in the FY 2015 Enacted Budget, statutory salary increases for non-judicial employees represented by the Civil Service Employees Association (CSEA), and increased funding for civil legal services.

Local Assistance

Local assistance spending includes financial aid to local governments and nonprofit organizations, as well as entitlement payments to individuals. Reductions from the prior projections for local assistance spending are expected to generate \$1.4 billion in General Fund savings.⁸ Savings are expected from both targeted actions and continuation of prior-year cost containment actions. Specifically:

- **Education:** The Executive Budget proposes a 4.8 percent (\$1.1 billion) increase in School Aid for the 2015-16 school year. The Mid-Year Update included a projected School Aid increase of 3.9 percent. The increase from 3.9 percent to 4.8 percent results in increased costs to the Financial Plan of \$139 million in FY 2016. The incremental costs from the increase in aid are offset by downward revisions to spending based on revised school district data as of November 2014, a revised estimate of costs associated with the preschool special education program, and a revised estimate of costs associated with the summer school special education program. Lower lottery revenues, and less one-time revenues associated with casino licensing due to differences in timing and in consideration of applicants chosen by the State's Gaming Facility Location Board, are expected to result in additional General Fund costs.
- **STAR:** The Executive Budget proposes freezing the STAR exemption at FY 2015 levels; aligning the New York City benefit with the STAR exemption program provided to the rest of the State by restricting the New York City PIT rate reduction to residents with incomes lower than \$500,000; and gradually transforming the STAR currently provided to taxpayers in the form of a tax exemption to a refundable tax credit beginning with all new homeowner applications.⁹ Other savings include allowing the Department of Taxation and Finance (DTF) to recoup savings retrospectively from unlawfully claimed exemptions removed during the re-registration process, and converting the delinquency program into a tax clearance program. In addition to these proposed savings, current STAR spending estimates have been reduced to reflect a reduction in the estimated number of STAR exemption recipients.

⁸ Local assistance includes payments for School Aid, STAR, Medicaid, public assistance, child welfare, local government assistance and a range of other purposes.

⁹ Transforming the STAR benefit to a refundable tax credit will result in lower STAR spending with a comparable decrease in PIT receipts. This change has no impact on the STAR benefits received by homeowners.

- **Mental Hygiene:** The \$292 million reduction in projected Mental Hygiene spending primarily stems from an acceleration of payments -- into FY 2015 -- associated with the State's transition to Medicaid Managed Care and prepayments for Voluntary Operated Intermediate Care Facilities and Day Habilitation services. It also reflects the use of Balancing Incentive Program (BIP) resources, authorized through the ACA, to support a number of new spending investments over a multi-year period. Additionally, slower than expected FY 2016 growth in the Office for People with Developmental Disabilities (OPWDD) and the Office of Mental Health (OMH). Growth in the level of Medicaid-eligible costs also generates a projected reduction in Mental Hygiene spending.

State Budget actions also reduce Mental Hygiene spending, reflecting efforts to "rightsize" State institutions, primarily in OPWDD, and to transition individuals with developmental disabilities to more appropriate, and less costly, community-based settings.

- **Medicaid:** The Budget includes \$200 million in annual State-share Medicaid savings beginning in FY 2016, achieved by funding certain OPWDD-related Medicaid costs under the Medicaid Global Cap. To accommodate these additional costs, the Department of Health (DOH) will use \$815 million in additional State-funded Medicaid savings which are expected to accrue to the Global Cap in FY 2016 from accelerating the enrollment in BHP of legally residing immigrants who currently receive State-only Medicaid. Under BHP, the cost of insurance premiums for such individuals, and other individuals meeting certain income eligibility standards, will be supplemented by both State and Federal funds. BHP resources will also be used by DOH to offset fiscal constraints on the Global Cap, and to implement initiatives consistent with the goals of the Medicaid Redesign Team (MRT).
- **Social Services/Housing:** Lower spending is expected in several programs, including Public Assistance, Supplemental Security Income (SSI), Foster Care, Child Care, Adoption, Close to Home, and Special Education. In addition, General Fund savings are achieved by funding certain housing programs from the Mortgage Insurance Fund. These savings are partially offset by increased spending in Child Welfare and Adult Protective/Domestic Violence.
- **Higher Education:** Estimated spending has been lowered across several areas, including fringe benefit costs, community college base aid, Tuition Assistance Program (TAP) and scholarship programs.
- **All Other:** Savings are expected from consolidation of various health care programs, local government grant awards, and revisions to enrollment projections in various programs.

Capital Projects/Debt Management

- **Capital/Debt Revisions:** Savings are expected to be achieved through a variety of debt-management actions, including continuing the use of competitive sales, refunding of higher-cost debt, as market conditions permit, and efficiencies from the consolidation of bond sales. In addition, projections reflect the impact of revised capital spending estimates and future bonding assumptions.

Initiatives/Investments

- **Juvenile Justice Reform (“Raise the Age”):** The Executive Budget includes a proposal to raise the age of juvenile jurisdiction to age 17 on January 1, 2017 and to age 18 on January 1, 2018, and includes funding to create and expand services for 16-and 17-year-old youth who will be involved in the juvenile justice system, and to place newly sentenced 16-and 17-year-old youth in OCFS facilities.
- **Enhance Services for High Risk Individuals:** This investment would provide OMH and the Department of Corrections and Community Supervision (DOCCS) with funding for enhanced services through the mental hygiene system to reduce recidivism and potential violence in the community. This effort includes additional in-prison assessments and treatment for high risk inmates, maintaining individuals in OMH facilities when appropriate, and providing more aggressive community services through the use of additional Assertive Community Treatment (ACT) teams, supported housing and related services, and enhanced parole oversight.
- **DREAM Act:** The proposed DREAM Act extends financial aid to undocumented immigrant students pursuing higher education in New York State. It is proposed in conjunction with the Education Tax Credit, described below.
- **Charter School Supplemental Tuition:** The Budget proposes to increase supplemental tuition to charter schools by \$75 per student, to help support charter school operating costs (\$10 million).
- **DOH Global Cap:** The Executive Budget proposes additional funding for caregiver respite services, Alzheimer’s Disease Assistance Programs (\$25 million), community water systems incurring costs for the installation, repair and upgrade of drinking water fluoridation systems (\$5 million), and additional investments related to ending the AIDS epidemic (\$5 million). The funding for these initiatives is supported under the Global Medicaid cap.
- **“Get on Your Feet” Loan Forgiveness Program:** This program is intended to help eligible New York residents who graduate from college and continue to live in the State by funding their student loan repayment in their first two years after graduation.

- **SUNY/CUNY Performance Incentive:** \$30 million in performance incentive funding is recommended for SUNY State-operated campuses and CUNY senior colleges that complete a performance-based funding plan. The incentive funding would be provided for one academic year.
- **Debt Service for New Initiatives:** The Financial Plan reflects the costs of new bonded capital initiatives. These include various transportation programs, such as the bond-financed portion for State highways, bridges and other transportation infrastructure, as well as support for the Metropolitan Transportation Authority's (MTA's) capital plan. Also included is funding to improve health care facilities.
- **Masters-in-Education Scholarship:** This proposal would fund full tuition scholarships for high-achieving students who attend graduate education programs at SUNY or CUNY and commit to teach in New York public schools for five years following graduation.
- **Public Financing of Campaigns:** The Budget proposes a voluntary public financing system beginning in 2018, modeled on the system in New York City. The system would provide a public match of \$6 to \$1 for campaign contributions of up to \$175. The new system would take effect for the 2018 elections.
- **All Other:** Funding is included for additional aid to nonpublic schools to facilitate their compliance with State mandates; increased support of minority and women-owned business development opportunities; additional support for certain health programs and the Council on the Arts; and a planned State Police class in March 2016. In addition, the Executive Budget proposes \$25 million in funding to expand pre-kindergarten access to 3-year old children.

Resources

- **Tax Receipts:** The estimate for annual tax receipts has been revised upward across all major tax categories to reflect results to date.
- **Miscellaneous Receipts/Non-Tax Transfers:** The estimates for miscellaneous receipts have been revised based on a review of collections to date. The largest FY 2016 revisions affect license and fee revenue, refunds, and reimbursements. The Executive Budget proposes the repeal of 59 fees charged by seven different State agencies, saving New Yorkers over \$3 million annually beginning in FY 2016, while retaining the necessary functions associated with those fees.

- **Major Tax Extenders/Initiatives:** The Executive Budget proposes the following:
 - **Expand Sales Tax Collection Requirements for Marketplace Providers.** Online providers such as Amazon and eBay supply a marketplace for outside sellers to sell their products to New York consumers. Currently, such outside sellers are required to collect sales tax from New York residents if the seller is in New York. Many marketplace providers already agree to collect the tax for the outside seller in this instance. Under this proposal, the marketplace provider would be required to collect the tax when they facilitate the sale, whether the seller is located within, or outside, New York.
 - **Improve Various Enforcement Efforts.** The Executive Budget presents a set of 11 enforcement initiatives intended to recover outstanding State debts, including: lowering the outstanding tax debt threshold required to suspend delinquent taxpayers' driver's licenses; closing certain sales and use tax avoidance strategies; enhancing motor fuel tax enforcement; allowing New York to enter reciprocal tax collection agreements with other states; and authorizing a professional and business license tax clearance.
 - **Make Permanent the Limitation on Charitable Contribution Deductions for High Income New York State and New York City Personal Income Taxpayers.** The current charitable contribution deduction limitation of 25 percent allowed under State Tax Law is scheduled to expire at the end of tax year 2015. The Executive Budget proposes to permanently extend this limitation on charitable contribution deductions for New York State and New York City taxpayers with adjusted gross income over \$10 million. The limitation has had no noticeable impact on charitable giving.

Tax Cut Actions

The Executive Budget proposes tax reductions valued at \$1.8 billion when fully phased in over five years.

- **Provide Income Based Property Tax Relief Tied to the Property Tax Cap.** The Executive Budget proposes a new Real Property Tax Credit available to households with incomes below \$250,000 whose property taxes exceed 6 percent of their income. The credit is valued at up to 50 percent of the amount by which property taxes exceed the 6 percent burden threshold, depending on household income. When fully phased-in, more than 1.3 million State taxpayers will receive an average credit of \$950. Outside New York City, only the taxes levied by a tax cap-compliant jurisdiction are included in the credit calculation. The program also includes a renters' credit, based upon the assumption that a significant portion of annual gross rent is attributed to property taxes. The credit is available to taxpayers at incomes up to \$150,000 when the amount of rent attributed to property taxes exceeds 6 percent of their income. All facets of the program will be phased in over four years, and only school taxes will apply in the first year. When fully phased in, the program will provide \$1.7 billion in direct property tax relief (51 percent of the benefit is phased in by FY 2017, and 81 percent by FY 2018).
- **Establish the Education Tax Credit.** The Budget creates a new Education Tax Credit, which allows taxpayers to contribute to public education entities, school improvement organizations, local education funds, and educational scholarship organizations. Corporate franchise and individual taxpayers will receive a nonrefundable credit equal to 75 percent of their authorized contributions, up to a maximum annual credit of \$1 million. The program will be capped at \$100 million in aggregate education tax credits annually. Half of the annual cap will be dedicated to public education entities, school improvement organizations, and local education funds. The other half will be allocated to educational scholarship organizations that provide support to low-and-middle-income students who attend either a public school outside of their district or nonpublic school.
- **Double the Urban Youth Jobs Program Tax Credit.** This program provides a credit to employers who hire unemployed, at-risk youth. The annual allocation would be increased to \$20 million for tax years 2015 through 2018, with a focus on jurisdictions with high youth unemployment.

- **Reduce the Net Income Tax on Small Businesses.** The Executive Budget proposes reducing the net income-tax rate from the current 6.5 percent to 2.5 percent over a three-year period for small businesses that file under Article 9-A. The rate will be reduced to 3.25 percent for tax year 2016, to 2.9 percent for tax year 2017, and to 2.5 percent for tax years beginning in 2018. Small businesses account for 43 percent of all private sector jobs in New York. For the purpose of this tax cut, the definition of “small business” is a business with less than 100 employees, with net annual income below \$390,000. To avoid a “cliff” and stay consistent with how the dual rates are treated under current law, the lowest tax rates would be available to small businesses having below \$290,000 in net income, and the rate is phased up to the standard rate applicable to businesses with net annual income of \$390,000 or more.

Monetary Settlements

The State expects to receive a total of \$5.7 billion in FY 2015 from monetary settlements. The 2015 Enacted Budget Financial Plan assumed \$275 million in receipts from monetary settlements in FY 2015, leaving \$5.4 billion in unbudgeted settlements. To date, the State has received approximately \$4.3 billion of the money expected from settlements in the current year. This Financial Plan continues to assume settlements of \$250 million in FY 2016, and \$100 million in both FY 2017 and FY 2018, unchanged from the 2015 Enacted Budget Financial Plan.

SUMMARY OF SETTLEMENTS BETWEEN REGULATORS AND FINANCIAL INSTITUTIONS (millions of dollars)	
Monetary Settlements Known/Expected	5,680
BNP Paribas	<u>3,591</u>
Department of Financial Services (DFS)	2,243
Asset Forfeiture (DANY)	1,348
Credit Suisse AG	715
Bank of Tokyo Mitsubishi	315
Bank of America	300
Standard Chartered Bank	300
Bank Leumi	130
Ocwen Financial	100
Citigroup (State Share)	92
MetLife Parties	50
American International Group, Inc.	35
PricewaterhouseCoopers	25
AXA Equitable Life Insurance Company	20
Other Settlements (TBD)	7
Settlements Budgeted in FY 2015 Financial Plan	(275)
Transfer to Support OASAS Chemical Dependence Program	(5)
Proposed Use of Available Settlements	(5,400)
Transfer to Dedicated Infrastructure Investment Fund	<u>(4,550)</u>
Reserve for Risks	(850)

In comparison to the Mid-Year Update, DOB has increased its estimate of monetary settlements by \$587 million. The settlements since the Mid-Year estimate include Bank of Tokyo Mitsubishi UFJ, Ltd. (BTMU), Bank Leumi, Ocwen Financial, and American International Group, Inc. (AIG).

List of Settlements

The following are brief descriptions of all the settlements identified since the start of the fiscal year:

- BNP Paribas, S.A. New York Branch (BNPP) will pay the State nearly \$3.6 billion pursuant to (i) a June 29, 2014 consent order between the Department of Financial Services (DFS) and BNPP and (ii) a June 30, 2014 plea agreement between BNPP and the New York County District Attorney (DANY) in connection with conduct by BNPP which violated U.S. national security and foreign policy and raised serious safety and soundness concerns for regulators, including the obstruction of governmental administration, failure to report crimes and misconduct, offering false instruments for filing, and falsifying business records. To date, the State has received approximately \$2.24 billion; the remaining payments are expected to be received by the State by the end of FY 2015.
- Credit Suisse AG paid \$715 million as a civil monetary penalty to the State pursuant to a May 18, 2014 consent order between DFS and Credit Suisse AG stemming from Credit Suisse AG's decades-long operation of an illegal cross-border banking business whereby Credit Suisse AG knowingly and willfully aided thousands of U.S. clients in opening and maintaining undeclared accounts and concealing their offshore assets and income from the Internal Revenue Service and New York authorities.
- BTMU paid a \$315 million civil monetary penalty pursuant to a November 18, 2014 consent order between DFS and BTMU. The consent order pertains to actions taken by BTMU which wrongfully misled DFS in connection with its understanding of BTMU's U.S. dollar clearing services on behalf of sanctioned Sudanese, Iranian, and Burmese parties, the transactions of which were settled through the New York Branch and other New York financial institutions. BTMU had previously paid to the State a \$250 million civil monetary penalty pursuant to a previous June 19, 2013 consent order between DFS and BTMU related to BTMU unlawfully clearing through the New York Branch and other New York-based financial institutions an estimated 28,000 U.S. dollar payments, valued at approximately \$100 billion, on behalf of certain Sanctioned Parties.
- Bank of America (BofA) paid \$300 million to the State pursuant to an August 18, 2014 settlement agreement to remediate harms related to BofA's violations of State law in connection with the packaging, origination, marketing, sale, structuring, arrangement, and issuance of residential mortgage-backed securities and collateralized debt obligations. The settlement agreement is the result of investigations by Federal and State entities into BofA Corporation, Bank of America, N.A., and Banc of America Mortgage Securities, as well as their current and former subsidiaries and affiliates.

- Standard Chartered Bank, New York Branch (SCB NY) paid \$300 million to the State pursuant to an August 19, 2014 consent order between the DFS and SCB NY for failure to fully comply with a September 21, 2012 consent order between the parties by operating with certain ineffective risk management systems for the identification and management of compliance risks related to compliance with the Bank Security Act (BSA) and anti-money laundering (AML) laws, rules, and regulations, including BSA/AML risks related to U.S. dollar clearing for clients of SCB United Arab Emirates and SCB Hong Kong, among others.
- Bank Leumi USA and Bank Leumi Le-Israel, B.M. (collectively “Bank Leumi”) paid a \$130 million civil monetary penalty pursuant to a December 22, 2014 consent order between DFS and Bank Leumi. The consent order pertains to (i) Bank Leumi’s knowing and willful operation of a wrongful cross-border banking business to assist U.S. clients in concealing assets offshore and evading U.S. tax obligations, and (ii) Bank Leumi misleading DFS about Bank Leumi’s improper activities.
- Ocwen Financial Corporation and Ocwen Loan Servicing, LLC (collectively “Ocwen”) paid a \$100 million civil monetary penalty and another \$50 million as restitution to current and former Ocwen borrowers pursuant to a December 19, 2014 consent order between DFS and Ocwen. The consent order pertains to numerous and significant violations of a 2011 agreement between Ocwen and DFS which required Ocwen to adhere to certain servicing practices in the best interest of borrowers and investors. The \$100 million payment is to be used by the State for housing, foreclosure relief, and community redevelopment programs supporting New York’s housing recovery. The \$50 million restitution payment will be used to pay \$10,000 to current and former Ocwen-services borrowers in New York whose homes were foreclosed upon by Ocwen between January 1, 2009 and December 19, 2014. The balance of the \$50 million will then be distributed equally among borrowers who had foreclosure actions filed against them by Ocwen between January 1, 2009 and December 19, 2014, but in which Ocwen did not complete such foreclosure action.
- Citigroup Inc. (“Citigroup”) paid \$92 million to the State pursuant to a July 2014 settlement agreement to remediate harms to the State resulting from the packaging, marketing, sale, structuring, arrangement, and issuance of residential mortgage-backed securities and collateralized debt obligations. The settlement agreement is the result of investigations by Federal and State entities into Citigroup.
- American Life Insurance Company (ALICO), Delaware American Life Insurance Company (DelAm), and MetLife, Inc. (MetLife) (collectively “MetLife Parties”) paid \$50 million as a civil fine pursuant to a March 31, 2014 consent order between DFS and MetLife. The consent order related to a DFS investigation into whether ALICO and DelAm conducted an insurance business in New York without a New York license and aided other insurers in doing an insurance business in New York without a New York license.

- AIG paid a \$35 million civil monetary penalty pursuant to an October 31, 2014 consent order between DFS and AIG. This consent order pertains to misrepresentations and omissions made by a former AIG subsidiary concerning its insurance business activities in New York.
- PricewaterhouseCoopers LLP (PwC) paid \$25 million to the State pursuant to an August 14, 2014 settlement agreement between the DFS and PwC to (i) resolve the DFS's investigation of PwC's actions in performing certain consulting services for the Tokyo Branch of The Bank of Tokyo-Mitsubishi UFJ, Ltd. in 2007 and 2008, and (ii) establish the basis for a constructive relationship between the parties that will better protect investors and the public.
- AXA Equitable Life Insurance Company (AXA) paid \$20 million as a civil fine pursuant to a March 17, 2014 consent order between DFS and AXA. The consent order related to whether AXA properly informed DFS regarding the implementation of its "AXA Tactical Manager" strategy.

Uses of Settlements

The FY 2016 Executive Budget recommends using the one-time resources to fund one-time purposes, rather than using them for recurring expenditures, which would make it harder to balance future budgets. Most of the settlement resources will be used to fund new capital investments.

Fund New Capital Investments

The Executive Budget proposes establishing a new capital projects fund called the Dedicated Infrastructure Investment Fund (DIIF) to allow settlement money, earmarked for capital, to be set aside and dedicated for the capital purposes it is intended to fund. The Executive Budget proposes transferring \$4.6 billion of the settlement funds from the General Fund to the DIIF during FY 2016. These resources will reside in the DIIF initially and be transferred to other capital funds, as needed, to pay for the following capital initiatives:

- **Thruway Stabilization Program (\$1.3 billion):** The Plan includes a new capital appropriation of \$1.285 billion to fund the Thruway Stabilization Program for expenses related to both the New NY Bridge, which is expected to replace the Tappan Zee Bridge, and the statewide New York State Thruway system.
- **Penn Station Access (\$250 million):** MTA's Penn Station Access project, which will open a new Metro-North link directly into Penn Station, will provide enhanced system resiliency, improvement in regional mobility, and construction of four new Metro-North stations in the Bronx.

- **Infrastructure Improvements (\$115 million):** The Plan provides \$115 million for infrastructure improvements to support transportation, upstate transit, rail, airport, port, and other infrastructure improvements or economic development projects.
- **Broadband Initiative (\$500 million):** The Plan establishes a \$500 million *New NY* Broadband Fund to expand the availability and capacity of broadband across the State. This program will expand the creation of ultra-high-speed networks and promote broadband adoption.
- **Hospitals (\$400 million):** The Plan provides up to \$400 million of grants to essential health care providers that facilitate mergers, consolidation, acquisition, or other significant corporate restructuring activities intended to create a financially sustainable system of care that intends to promote a patient-centered model of health care delivery. An essential health care provider is a hospital or hospital system that offers health services in a region deemed to be underserved by the Health Commissioner. Funding may be used to restructure debt obligations or fund capital improvements to facilitate mergers and consolidations of hospitals in rural communities.
- **Transit-Oriented Development (\$150 million):** The Plan includes funding to create new transit-oriented development, including but not limited to, the development of structured parking facilities at Nassau hub and Ronkonkoma hub.
- **Resiliency, Mitigation, Security, and Emergency Response (\$150 million):** Within the last four years, New York State sustained damage from Hurricane Irene, Tropical Storm Lee, and Superstorm Sandy. Acknowledging that more extreme weather events and natural disasters are likely, the Plan provides \$150 million in settlement funds to support preparedness and response efforts. These funds will also support efforts to prevent, prepare for, and respond to other public safety and health emergencies.
- **Municipal Restructuring (\$150 million):** The Plan provides \$150 million to assist and encourage local governments and school districts to implement shared services, cooperation agreements, mergers, and other actions that permanently reduce operational costs and property tax burdens.
- **Southern Tier/Hudson Valley Farm Initiative (\$50 million):** The Plan includes \$50 million to help landowners in the Southern Tier and Hudson Valley maintain and develop farming, agricultural, and related businesses.
- **Upstate Revitalization Program (\$1.5 billion):** The Plan includes funding for the Upstate New York Economic Revitalization Competition, whereby \$500 million grants will be awarded to three upstate regions. Seven regions are eligible to compete for one of three \$500 million grants: Mid-Hudson, Capital Region, Mohawk Valley, Central New York, North Country, Southern Tier, and Finger Lakes.

Other Uses

- **Financial Plan Reserves for Potential Risks (\$850 million):** The Executive Budget sets aside \$850 million in settlement funds for potential Financial Plan risks.
- **Office of Alcoholism and Substance Abuse Services (OASAS):** The Budget assumes that \$5 million of settlement funds will be used to expand services provided by OASAS to individuals with dependencies on alcohol or drugs, or who have gambling problems.¹⁰ In addition to the settlement money, the Budget also continues \$2.8 million in funding designed to combat the growing heroin and opioid epidemic in communities across the State. Combined, these funds will continue to support treatment and prevention programs targeted toward opiate abuse, residential service opportunities, and public awareness and education activities. The Executive Budget also supports the movement by OASAS to a more coordinated system of care that addresses the behavioral and physical health care needs of individuals with substance use disorders and mental illness.

¹⁰ Under State forfeiture laws, a portion of the settlement with BNP Paribas is expected to be deposited initially in the State special revenue account for chemical dependence. The Executive Budget recommends retaining \$5 million in the account for OASAS purposes.

Other Matters Affecting the Financial Plan

General

The Executive Budget Financial Plan is subject to many complex economic, social, financial, political, and environmental risks and uncertainties, many of which are outside the ability of the State to control. DOB believes that the projections of receipts and disbursements in the Executive Budget Financial Plan are based on reasonable assumptions, but there can be no assurance that actual results will not differ materially and adversely from these projections. In certain fiscal years, actual receipts collections have fallen substantially below the levels forecasted in the Executive Budget Financial Plan. In addition, the surplus projections in future years are based on the assumption that annual growth in State Operating Funds spending is limited to 2 percent, and that all savings that result from this limit will be made available to the General Fund.

The Executive Budget Financial Plan is based on numerous assumptions, including the condition of the State and national economies and the concomitant receipt of economically-sensitive tax receipts in the amounts projected. Other uncertainties and risks concerning the economic and receipts forecasts include the impact of: national and international events; ongoing financial instability in the Eurozone; changes in consumer confidence, oil supplies and oil prices; major terrorist events, hostilities or war; climate change and extreme weather events; Federal statutory and regulatory changes affecting financial sector activities; changes in financial sector bonus payouts, as well as any future legislation governing the structure of compensation; shifts in monetary policy affecting interest rates and the financial markets; financial and real estate market developments which may adversely affect bonus income and capital gains realizations; the effect of household debt reduction on consumer spending and State tax collections; and the outcome of litigation and other claims affecting the State.

The Executive Budget Financial Plan is subject to various other uncertainties and contingencies relating to: wage and benefit increases for State employees that exceed projected annual costs; changes in the size of the State's workforce; the realization of the projected rate of return for pension fund assets and current assumptions with respect to wages for State employees affecting the State's required pension fund contributions; the willingness and ability of the Federal government to provide the aid expected in the Executive Budget Financial Plan; the ability of the State to implement cost reduction initiatives, including reductions in State agency operations, and the success with which the State controls expenditures; and the ability of the State and its public authorities to market securities successfully in the public credit markets. Some of these specific issues are described in more detail herein. The projections and assumptions contained in the Executive Budget Financial Plan are subject to revisions which may result in substantial change. No assurance can be given that these estimates and projections, which depend in part upon actions the State expects to be taken but which are not within the State's control, will be realized.

Budget Risks and Uncertainties

There can be no assurance that the State's financial position will not change materially and adversely from current projections. If this were to occur, the State would be required to take additional gap-closing actions. Such actions may include, but are not limited to: reductions in State agency operations; delays or reductions in payments to local governments or other recipients of State aid; delays in or suspension of capital maintenance and construction; extraordinary financing of operating expenses; or other measures. In some cases, the ability of the State to implement such actions requires the approval of the Legislature and cannot be implemented solely by action of the Governor.

The Executive Budget Financial Plan projections for the outyears assume that School Aid and Medicaid disbursements will be limited to the growth in NYS personal income and the ten-year average growth in the Medicaid component of the consumer price index (CPI), respectively. However, the FY 2015 Enacted Budget authorized spending for School Aid to increase by 5.3 percent on a school year basis, which was above initially planned levels. The FY 2016 Executive Budget proposes a School Aid increase of 4.8 percent, above the 1.6 percent growth in personal income that would be used to calculate the FY 2016 increase.

State law grants the Governor certain powers to achieve the Medicaid savings assumed in the Financial Plan. However, there can be no assurance that these powers will be sufficient to limit the rate of annual growth in DOH State Funds Medicaid spending to the levels estimated in the Executive Budget Financial Plan. In addition, savings are dependent upon timely Federal approvals, revenue performance in the State's HCRA fund (which finances approximately one-third of the DOH State-share costs of Medicaid), and the participation of health care industry stakeholders.

The forecast contains specific transaction risks and other uncertainties including, but not limited to: the receipt of certain payments from public authorities; the receipt of miscellaneous revenues at the levels expected in the Executive Budget Financial Plan, including revenues associated with gaming activity in the State; and the achievement of cost-saving measures including, but not limited to, the transfer of available fund balances to the General Fund at the levels currently projected. Such risks and uncertainties, if they were to materialize, could have an adverse impact on the Financial Plan in the current year or future years.

Federal Issues

The State receives a substantial amount of Federal aid for health care, education, transportation, and other governmental purposes, as well as Federal funding to respond to severe weather events and other disasters. Any reduction in Federal funding levels could have a materially adverse impact on the Executive Budget Financial Plan, and pressure on the Federal government to make reductions is elevated so long as the budgetary caps resulting from the Budget Control Act of 2011 and subsequent legislation remain in place. In addition, the Executive Budget Financial Plan may be adversely affected by other actions taken by the Federal government, including audits, disallowances, and changes to Federal participation rates or other Medicaid rules. Issues of particular concern are described below.

MRT Medicaid Waiver

The Federal Centers for Medicare and Medicaid Services (CMS) and the State have reached an agreement authorizing up to \$8 billion in new Federal funding, over several years, to transform New York's health care system and ensure access to quality care for all Medicaid beneficiaries. This funding, provided through an amendment to the State's Partnership Plan 1115 Medicaid waiver, is divided among the Interim Access Assurance Fund (IAAF), the Delivery System Reform Incentive Payment (DSRIP) Program, Health Homes, and various other Medicaid redesign initiatives.

Federal Reimbursement for State Developmental Disability Services

Pursuant to an agreement with the Federal government, the State lowered Medicaid payment rates for services to individuals with developmental disabilities, effective April 1, 2013. Full implementation of this change reduced Federal funding to the State by approximately \$1.1 billion annually, beginning in FY 2014. The plan to achieve those savings is subject to implementation risks. The State is also expecting payment by the Federal government of Designated State Health Program (DSHP) expenditures valued at \$250 million annually as part of a multi-year OPWDD transformation plan. The first phase of the transformation plan has been approved by CMS. Funds associated with this transformation plan are anticipated to be received in the final quarter of FY 2015. Originally, the payment by the Federal government was projected to total \$500 million. Instead, the State plans to submit annual claims of \$250 million in each of the next three years beginning in FY 2016 as part of phase two of the transformation plan. In addition, as described below, CMS is also seeking to retroactively recover Federal funds paid to the State under the former methodology.

Audit Disallowance

In addition to the rate reduction described above, on February 8, 2013, the U.S. DOH & Human Services (HHS) Office of the Inspector General, at the direction of CMS, began a Financial Management Review to determine the allowability of Medicaid costs for services provided in prior years to residents of New York State-Operated Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID). The initial review period includes claims for services provided from April 1, 2010 through March 31, 2011.

As a result of this review, CMS issued a disallowance notification in the amount of \$1.26 billion on July 25, 2014. CMS also indicated it will be initiating similar reviews of the two subsequent fiscal years -- State fiscal years 2012 and 2013. A comparable amount of Federal aid may be at risk for any prior period, if CMS is successful.

The State formally requested CMS reconsideration of the proposed \$1.26 billion disallowance, but the State was notified by CMS that its request for reconsideration was denied. The State subsequently filed a notice of appeal with the HHS Departmental Appeals Board (DAB). The appeal with DAB is still pending and the State is in discussions with CMS to achieve a reasonable resolution to the disallowance over a multi-year period. The State has the option to retain the disallowed funds during the DAB review process, although if the State is unsuccessful, the disallowed amount plus interest will be due to the Federal government. The Executive Budget reserves \$850 million for Financial Plan risks, including the potential need to fund the fiscal impact of a finalized outcome associated with a CMS disallowance.

There can be no assurance that final Federal action in this matter will not result in materially adverse changes to the Financial Plan.

Debt Ceiling

In October 2013, an impasse in Congress caused a temporary Federal government shutdown and raised concern for a time that the Federal debt ceiling would not be raised in a timely manner. A Federal government default on payments, particularly if it persisted for a prolonged period, could have a materially adverse effect on the national and State economies, financial markets, and intergovernmental aid payments. The specific effects on the Financial Plan of a Federal government payment default in the future are unknown and impossible to predict. However, data from past economic downturns suggest that the State's revenue loss could be substantial if the economy goes into a recession due to a Federal default.

A payment default by the United States may adversely affect the municipal bond market. Municipal issuers, as well as the State, could face higher borrowing costs and impaired market access. This would jeopardize planned capital investments in transportation infrastructure, higher education facilities, hazardous waste remediation, environmental projects, and economic development projects. Additionally, the market for, and market value of, outstanding municipal obligations, including municipal obligations of the State, could be adversely affected.

Current Labor Negotiations (Current Contract Period)

The State has settled collective bargaining agreements with 97 percent of the State workforce subject to direct executive control for the contract period that commenced in FY 2012. A seven-year agreement through FY 2018 was recently achieved with the Commissioned and Noncommissioned Officers unit in the Division of State Police. Five-year agreements through FY 2016 were reached with CSEA, the United University Professions (UUP), the New York State Correctional Officers and Police Benevolent Association (NYSCOPBA), Council 82, DC-37 (Housing), and the Graduate Student Employees Union. Four-year agreements were reached with the Public Employees Federation (PEF) and the Police Benevolent Association of New York State (PBANYS).

All of the agreements included wage and benefit concessions in exchange for contingent employee job protection. As such, the agreements have provided: two-year Deficit Reduction Plan (DRP) savings of \$300 million; no general salary increases for the three-year period FY 2012 through FY 2014; a 2 percent general salary increase in FY 2015; and a 2 percent general salary increase in FY 2016 for the employees with five-year agreements. Commissioned and Noncommissioned Officers in the Division of State Police will receive general salary increases of 1.5 percent in FY 2017 and FY 2018, respectively. Additionally, the agreements provided full-annual health benefit savings of \$230 million resulting from increases to employee/retiree premium shares, copays, out of network deductibles and coinsurance.

Other compensation has also been provided. Two lump sum payments — \$775 per employee in FY 2014 and \$225 per employee in FY 2015 — were paid to employees represented by CSEA, PBANYS, NYSCOPBA and Council 82. Additionally, UUP employees may receive lump sum payments of similar value in the form of Chancellor's Power of SUNY Awards and Presidential Discretionary Awards. However, employees represented by PEF and DC-37 (Housing) will not receive lump sum payments. Instead, they will be repaid for all DRP reductions over an extended period at the end of the contract term, whereas the others will be repaid for a portion of their reductions. Commissioned and Noncommissioned Officers in the Division of State Police will receive \$1,250 increases to Hazardous Duty and Expanded Duty payments, respectively.

The unions representing State Police Troopers and Investigators have no contracts in place for the period April 2011 forward.

Current Cash Flow Projections

The State authorizes the General Fund to borrow resources temporarily from available funds in the Short-Term Investment Pool (STIP) for up to four months, or to the end of the fiscal year, whichever period is shorter. The State last used this authorization in April 2011 when the General Fund needed to temporarily borrow a minimal amount of funds from STIP for a period of five days. The amount of resources that can be borrowed by the General Fund is limited to the available balances in STIP, as determined by the State Comptroller. Available balances include money in the State’s governmental funds and a relatively small amount of other money belonging to the State. Several accounts in Debt Service Funds and Capital Projects Funds that are part of All Governmental Funds are excluded from the balances deemed available in STIP. These excluded funds consist of bond proceeds and money obligated for debt service payments.

DOB expects that the State will have sufficient liquidity to make all planned payments as they become due throughout FY 2016, as reflected in the following table that includes month-end cash balance projections. The State continues to reserve money on a quarterly basis for debt service payments that are financed with General Fund resources. Money to pay debt service on bonds secured by dedicated receipts, including PIT bonds and Sales Tax bonds, continues to be set aside as required by law and bond covenants.

ALL FUNDS MONTH-END CASH BALANCES			
FY 2016

March	3,229	5,974	9,203

Pension Amortization

Background

Under legislation enacted in August 2010, the State and local governments may amortize (defer paying) a portion of their annual pension costs beginning in FY 2011. Amortization temporarily reduces the pension costs that must be paid by public employers in a given fiscal year, but results in higher costs overall when repaid with interest.

In FY 2014, the State made a total pension payment to the New York State and Local Retirement System (NYSLRS) of \$1.62 billion and amortized \$814 million (the maximum amount legally allowable). The total payment included an additional \$119.4 million to pay off the 2010 Retirement Incentive and other outstanding liabilities. In addition, the State's Office of Court Administration (OCA) made a total pension payment of \$269 million and amortized \$123 million (the maximum amount legally allowable). This included an additional \$7 million to pay off the 2005 pension amortization liability. The total deferred amount — \$937 million — will be repaid with interest over the next ten years, beginning in FY 2015.

The State is required to begin repayment on each new amortization in the fiscal year immediately following the year in which the deferral was made. The full amount of each amortization, with interest, must be repaid within ten years, but the amount can be paid off sooner. The annual interest rate on each new amortization is determined by OSC, and is fixed for the entire term of the deferral.

For amounts amortized in FY 2011 through FY 2014, the State Comptroller set interest rates of 5 percent, 3.75 percent, 3 percent, and 3.67 percent, respectively. The Financial Plan assumes that both the State and OCA will also elect to amortize pension costs in FY 2015 and beyond, consistent with the provisions of the authorizing legislation, and repay such amounts at an interest rate of 3.15 percent per annum over ten years from the date of each deferred payment.

Rate Comparison -- Average Normal Rate & Amortization Rate

The 2010 legislation enacted a formula to set an amortization threshold for each year. The amortization rate (the "graded rate") may increase or decrease in compared to the actuarial contribution rate (the "normal rate") by up to one percentage point annually. Pension contribution costs in excess of the graded rate may be amortized. Amortization is permitted in all years if the normal rate is greater than the graded rate. However, when the graded rate equals or exceeds the normal rate, amortization is not allowed.

Other Matters Affecting the Financial Plan

The normal contribution rates and the amortization rates are displayed in the following table:

ERS AND PFRS PENSION CONTRIBUTION RATES - ANNUAL PERCENTAGE CHANGE				
Fiscal Year (FY)	ERS Average Normal Rate	ERS Amortization Rate	PFRS Average Normal Rate	PFRS Amortization Rate
FY 2011	11.5	9.5	18.1	17.5
FY 2012	15.9	10.5	21.6	18.5
FY 2013	18.5	11.5	25.7	19.5
FY 2014	20.5	12.5	28.9	20.5
FY 2015	19.7	13.5	27.5	21.5
FY 2016	17.7	14.5	24.7	22.5

GLIP excluded from the Average Normal Rates.

Outyear Projections

All projections are based on projected market returns and numerous actuarial assumptions which, if unrealized, could change these projections materially. Additionally, the next five-year experience study performed by the Retirement Systems' Actuary is scheduled to take place in 2015, which could also change these projections materially.

The 2016 pension contribution rates released by OSC on September 2, 2014 reflect an annual decline from 20.1 percent to 18.2 percent for ERS, and from 27.6 percent to 24.7 percent for PFRS. However, the rates were higher than anticipated by DOB (14.2 percent for ERS and 20.8 percent for PFRS), which had based its projections on the prior year actuarial assumptions of the Retirement Systems' Actuary. The higher-than-anticipated FY 2016 contribution rates are primarily attributable to the use of MP-2014 actuarial assumptions, which, compared to prior year actuarial assumptions, reflect longer life expectancies for pensioners and beneficiaries and result in increased pension plan liabilities.

The Financial Plan continues to assume amortization in FY 2016 and the outyears, as depicted in the following table.

STATE PENSION COSTS AND AMORTIZATION SAVINGS (millions of dollars)									
	FY 2011	FY 2012	FY 2013	FY 2014	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019
AMORTIZATION THRESHOLDS (Graded Rate)									
ERS (%)	9.5	10.5	11.5	12.5	13.5	14.5	15.5	16.5	17.5
PFRS (%)	17.5	18.5	19.5	20.5	21.5	22.5	23.5	24.5	25.5
STATEWIDE PENSION (NET COST)	1,470	1,697	1,601	2,086	2,095	2,237	2,471	2,665	2,894
Gross Pension Costs	1,633	2,141	2,192	2,744	2,434	2,221	2,333	2,405	2,519
(Amortization Savings) / Excess Contributions	(250)	(563)	(779)	(937)	(713)	(395)	(299)	(212)	(122)
Repayment of Amortization (incl. FY 2005 and FY 2006)	87	119	188	279	374	411	437	472	497

The next table reflects projected pension contributions and amortizations for the Executive Branch and Judiciary employees participating in the New York State ERS and PFRS through 2029. The “Normal Costs” column shows the amount of the State’s pension contribution prior to amortization. The “(Amortized) / Excess Contributions” column shows new amounts deferred offset, in some cases, by payments made ahead of schedule. The “Amortization Payments” column provides the aggregate cost of amortization in a given fiscal year (principal and interest on all prior deferrals). The “Total” column provides the State’s pension contribution, net of amortization.

EMPLOYEE RETIREMENT SYSTEM AND POLICE AND FIRE RETIREMENT SYSTEM¹				
(millions of dollars)				
Fiscal Year	Normal Costs²	(Amortized)/Excess Contributions	Amortization Payments	Total
Results:				
2011	1,552.8	(249.6)	0.0	1,303.2
2012	2,041.7	(562.9)	32.3	1,511.1
2013	2,085.3	(778.5)	100.9	1,407.7
2014	2,633.7	(937.0)	192.1	1,888.8
Projections:				
2015	2,303.0	(713.1)	305.6	1,895.5
2016	2,025.5	(395.1)	389.9	2,020.3
2017	2,112.5	(299.0)	436.6	2,250.1
2018	2,184.0	(212.4)	471.9	2,443.5
2019	2,298.1	(122.1)	497.0	2,673.0
2020	2,390.9	(33.0)	511.5	2,869.4
2021	2,462.3	0.0	515.4	2,977.7
2022	2,349.1	61.1	483.1	2,893.3
2023	2,349.2	0.0	351.6	2,700.8
2024	2,350.7	0.0	323.3	2,674.0
2025	2,350.4	0.0	209.6	2,560.0
2026	2,348.0	0.0	125.4	2,473.4
2027	2,343.3	0.0	78.7	2,422.0
2028	2,335.9	0.0	43.2	2,379.1
2029	2,329.7	0.0	18.2	2,347.9

¹ Pension contribution values in this table do not include pension costs related to the Optional Retirement Program and Teachers’ Retirement System for SUNY and SED, whereas the projected pension costs in other Financial Plan tables include such pension disbursements.

² Normal costs include payments from amortizations prior to FY 2011, which will end in FY 2017.

Consistent with the aforementioned amortization assumptions, Part TT of Chapter 57 of the Laws of 2010 requires that: (a) the State make additional contributions in upcoming fiscal years, above the actuarially required contribution (starting in FY 2022) and (b) once all outstanding amortizations are paid off, additional contributions be set aside as reserves for rate increases, to be invested by the State Comptroller and used to offset future rate increases.

Other Post-Employment Benefits (OPEB)

State employees become eligible for post-employment benefits (e.g., health insurance) if they reach retirement while working for the State and are enrolled in NYSHIP, or are enrolled in the NYSHIP opt-out program at the time they have reached retirement, and have at least ten years of eligible service for NYSHIP benefits. The cost of providing post-retirement health insurance is shared between the State and the retired employee. Contributions are established by law and may be amended by the Legislature. The State pays its share of costs on a Pay-As-You-Go (PAYGO) basis as required by law.

In accordance with the Governmental Accounting Standards Board (GASB) Statement 45, the State must perform an actuarial valuation every two years for purposes of calculating OPEB liabilities. As disclosed in Note 13 of the State's Basic Financial Statements for FY 2014, the State's Annual Required Contribution (ARC) represents the projected annual level of funding that, if set aside on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded liabilities of the plan over a period not to exceed 30 years. Amounts required but not actually set aside to pay for these benefits are accumulated, with interest, as part of the net OPEB obligation, after adjusting for amounts previously required.

As reported in the State's Basic Financial Statements for FY 2014, the projected unfunded actuarial accrued liability for FY 2014 is \$68.2 billion (\$54.3 billion for the State and \$13.9 billion for SUNY), an increase of \$1.7 billion from FY 2013 (attributable entirely to SUNY). The unfunded actuarial accrued liability for FY 2014 used an actuarial valuation of OPEB liabilities as of April 1, 2012. These valuations were determined using the Frozen Entry Age actuarial cost method, and are amortized over an open period of 30 years using the level percentage of projected payroll amortization method.

The actuarially determined annual OPEB cost for FY 2014 totaled \$3.0 billion (\$2.3 billion for the State and \$0.7 billion for SUNY), a decline of \$390 million from FY 2013 (\$322 million for the State and \$68 million for SUNY). The actuarially determined cost is calculated using the Frozen Entry Age actuarial cost method, allocating costs on a level basis over earnings. The actuarially determined cost was \$1.5 billion (\$1.0 billion for the State and \$0.5 billion for SUNY) greater than the cash payments for retiree costs made by the State in FY 2014. This difference between the State's PAYGO costs, and the actuarially determined required annual contribution under GASB Statement 45, reduced the State's net asset condition at the end of FY 2014 by \$1.5 billion.

GASB does not require the additional costs to be funded on the State's budgetary (cash) basis, and no funding is assumed for this purpose in the Executive Budget Financial Plan. The State continues to finance these costs, along with all other employee health care expenses, on a PAYGO basis.

There is no provision in the Executive Budget Financial Plan to fund the actuarial required contribution for OPEB. If the State began making the actuarial required contribution, the additional cost above the PAYGO amounts would be lowered. The State's Health Insurance Council, which consists of the Governor's Office of Employee Relations (GOER), Civil Service and DOB, will continue to review this matter and seek input from the State Comptroller, the legislative fiscal committees and other outside parties. However, it is not expected that the State will alter its planned funding practices.

The State is currently examining proposed changes to GASB Statement 45 requirements. The proposed changes will alter the actuarial methods used to calculate OPEB liabilities, standardize asset smoothing and discount rates, and require the funded status of the OPEB liabilities to be reported by the State. As proposed, the GASB changes would be implemented in the State's FY 2018 financial statements.

Monetary Settlements

The State periodically receives proceeds from monetary settlements that are primarily deposited to the General Fund. The Executive Budget Financial Plan assumes settlements in the upcoming fiscal years of approximately \$250 million in FY 2016, and \$100 million each for FY 2017 and FY 2018. There can be no assurance that settlement proceeds in upcoming fiscal years will be received by the State at the levels assumed in the Executive Budget Financial Plan.

Litigation

Litigation against the State may include potential challenges to the constitutionality of various actions. The State may also be affected by adverse decisions that are the result of various lawsuits. Such adverse decisions may not meet the materiality threshold to warrant individual description but, in the aggregate, could still adversely affect the Executive Budget Financial Plan.

Update on Storm Recovery

In recent years, New York State has sustained damage from three powerful storms that crippled entire regions. In August 2011, Hurricane Irene disrupted power and caused extensive flooding to various New York State counties. In September 2011, Tropical Storm Lee caused flooding in additional New York State counties and, in some cases, exacerbated the damage caused by Hurricane Irene two weeks earlier. On October 29, 2012, Superstorm Sandy struck the East Coast, causing widespread infrastructure damage and economic losses to the greater New York region. The frequency and intensity of these storms presents economic and financial risks to the State. State claims for reimbursement for the costs of the immediate response are in process, and both recovery and future mitigation efforts have begun, largely supported by Federal funds.

In January 2013, the Federal government approved approximately \$60 billion in Federal disaster aid for general recovery, rebuilding and mitigation activity nationwide. It is anticipated that New York State, MTA, and the New York State localities may receive approximately one-half of this amount over the coming years for response, recovery, and mitigation costs. There can be no assurance that all anticipated Federal disaster aid described above will be provided to the State and its affected entities, or that such Federal disaster aid will be provided on the expected schedule.

Climate Change Adaptation

Climate change poses long-term threats to physical and biological systems. Potential hazards and risks related to climate change for the State include, among other things, rising sea levels, more severe coastal flooding and erosion hazards, and more intense storms. Storms in recent years, including Superstorm Sandy, Hurricane Irene, and Tropical Storm Lee, have demonstrated vulnerabilities in the State's infrastructure (including mass transit systems, power transmission and distribution systems, and other critical lifelines) to extreme weather events, such as coastal flooding caused by storm surges. Significant long-term planning and investment by the Federal government, State, municipalities, and public utilities is expected to be needed to adapt existing infrastructure to the risks posed by climate change.

Financial Condition of New York State Localities

The fiscal demands on the State may be affected by the fiscal conditions of New York City and potentially other localities, which rely in part on State aid to balance their budgets and meet their cash requirements. Certain localities outside New York City, including cities and counties, have experienced financial problems and have requested and received additional State assistance during the last several State fiscal years. In 2013, the Financial Restructuring Board for Local Governments was created to provide assistance to distressed local governments by performing comprehensive reviews and providing grants and loans as a condition of implementing recommended efficiency initiatives. For additional details on the Board, please visit www.frb.ny.gov.

Bond Market

Implementation of the Executive Budget Financial Plan is dependent on the State's ability to market its bonds successfully. The State finances much of its capital spending in the first instance from the General Fund or STIP, which it then reimburses with proceeds from the sale of bonds. If the State cannot sell bonds at the levels (or on the timetable) expected in the capital plan, the State's overall cash position and capital funding plan may be adversely affected. The success of projected public sales will, among other things, be subject to prevailing market conditions. Future developments in the financial markets, including possible changes in Federal tax law relating to the taxation of interest on municipal bonds, as well as future developments concerning the State and public discussion of such developments, generally may affect the market for outstanding State-supported and State-related debt.

Debt Reform Act Limit

The Debt Reform Act of 2000 (“Debt Reform Act”) restricts the issuance of State-supported debt to capital purposes only, and for maximum terms of 30 years. The Debt Reform Act limits the amount of new State-supported debt to 4 percent of State personal income, and new State-supported debt service costs to 5 percent of All Funds receipts. The restrictions apply to all new State-supported debt issued since April 1, 2000. The cap on new State-supported debt outstanding began at 0.75 percent of personal income in FY 2001, and was fully phased in at 4 percent of personal income during FY 2011. The cap on new State-supported debt service costs began at 0.75 percent of All Funds receipts in FY 2001, and was fully phased in at 5 percent during FY 2014. It was determined that the State was in compliance with the statutory caps in the most recent calculation period (FY 2014).

Current projections anticipate that debt outstanding and debt service will continue to remain below the limits imposed by the Debt Reform Act. Based on the most recent personal income and debt outstanding forecasts, the available room under the debt outstanding cap is expected to decline from \$3.7 billion in FY 2015 to \$776 million in FY 2019. This includes the estimated impact of the bond-financed portion of proposed increased capital commitment levels. Debt outstanding and debt service caps continue to include the existing SUNY Dormitory Facilities lease revenue bonds, which are backed by a general obligation pledge of SUNY. Bonds issued under the new SUNY Dormitory Facilities Revenue credit are not included in the State’s calculation of debt caps. Capital spending priorities and debt financing practices may be adjusted from time to time to preserve available debt capacity and stay within the statutory limits.

DEBT OUTSTANDING SUBJECT TO CAP (millions of dollars)							
Year	Personal Income	Cap %	Cap \$	Debt Outstanding	\$ Remaining	Debt as a	% Remaining

1,439	7,260

Secured Hospital Program

Under the Secured Hospital Program, the State entered into service contracts to enable certain financially distressed not-for-profit hospitals to have tax-exempt debt issued on their behalf to pay for the cost of upgrading their primary health care facilities. In the event of shortfalls in revenues to pay debt service on the Secured Hospital bonds [which include hospital payments made under loan agreements between the Dormitory Authority of the State of New York (DASNY) and the hospitals and certain reserve funds held by the applicable trustees for the bonds] the service contracts obligate the State to pay debt service, subject to annual appropriations by the Legislature, on bonds issued by DASNY through the Secured Hospital Program. As of December 31, 2014, there were approximately \$344 million of bonds outstanding for this program.

The financial condition of hospitals in the State's Secured Hospital Program continues to deteriorate. Of the four remaining hospitals in the program, one is experiencing significant operating losses that have impaired its ability to remain current on its loan agreement with DASNY. In relation to the Secured Hospital Program, the State's contingent contractual obligation was invoked to pay debt service for the first time in FY 2014, when \$12 million was paid. DASNY also estimates the State will pay debt service costs of \$24 million in FY 2015, approximately \$25 million in both FY 2016 and FY 2017, and approximately \$14 million in both FY 2018 and FY 2019. These amounts are based on the actual experience to date of the participants in the program, and would cover the debt service costs for one hospital that currently is not meeting the terms of its loan agreement with DASNY, a second hospital whose debt service obligation was recently discharged in bankruptcy, and a third hospital that is now closed. The State has estimated additional exposure of up to \$24 million annually, if all hospitals in the program failed to meet the terms of their agreements with DASNY and if available reserve funds were depleted.

SUNY Downstate Hospital and LICH

In May 2011, the New York State Supreme Court issued an order (the "May 2011 Order") that approved the transfer of real property and other assets of LICH to a New York State not-for-profit corporation ("Holdings"), the sole member of which is SUNY. Subsequent to such transfer, Holdings leased the LICH hospital facility to SUNY University Hospital at Brooklyn ("Downstate Hospital"). In 2012, DASNY issued tax exempt State PIT Revenue Bonds ("PIT Bonds"), to refund approximately \$120 million in outstanding debt originally incurred by LICH and assumed by Holdings.

To address the deteriorating financial condition of Downstate Hospital, which has been caused in part by the deteriorating financial position of LICH, legislation adopted with the FY 2014 Enacted Budget required the Chancellor of SUNY to submit to the Governor and the Legislature a multi-year sustainability plan for the Downstate Hospital. Specifically, the legislation required the sustainability plan to: a) set forth recommendations necessary to achieve financial stability for Downstate Hospital, and b) preserve the academic mission of Downstate Hospital's medical school. In accordance with this legislation, the Chancellor of SUNY submitted the sustainability plan for Downstate Hospital on May 31, 2013, and supplemented the plan with changes in a letter dated June 13, 2013. The supplemented plan was approved by both the Commissioner of Health

and the Director of the Budget on June 13, 2013. Generally, the approved sustainability plan anticipates: (a) a significant restructuring of health care service lines at Downstate Hospital in order to achieve financial milestones assumed in the sustainability plan, and supported by State financial assistance from DOH; and (b) monetizing the LICH asset value to support the costs associated with Downstate Hospital exiting LICH operations. Consistent with the sustainability plan, as supplemented, SUNY, together with Holdings, issued a request for proposals (RFP) to provide healthcare services in or around the LICH facilities and to purchase the LICH real estate.

In 2013, State Supreme Court Judge Demarest, who issued the May 2011 Order, issued, sua sponte, certain additional orders that could have affected the validity of the May 2011 Order. Also, in 2013, State Supreme Court Judge Baynes issued a series of orders that, effectively, precluded SUNY from exiting LICH operations. On February 25, 2014, Judges Demarest and Baynes approved a settlement whereby all parties agreed to discharge their claims and the judges vacated their orders. Pursuant to the settlement, SUNY, together with Holdings, issued a new RFP seeking a qualified party to provide or arrange to provide health care services at LICH and to purchase the LICH property. The structure of the settlement also increased the likelihood that sufficient proceeds from the transaction would be available to support defeasance of the PIT Bonds by setting a minimum purchase price.

In accordance with the settlement, Holdings has entered into a purchase and sale agreement with the Fortis Property Group (FPG) Cobble Hill Acquisitions, LLC, an affiliate of Fortis Property Group, LLC (also party to the agreement) which proposes to purchase the LICH property, and with NYU Hospitals Center who will provide both interim and long-term health care services. The agreement has been approved by the Office of Attorney General and OSC. The sale of all or substantially all, of the assets of Holdings is subject to additional approvals. There can be no assurance that the resolution of legal, financial, and regulatory issues surrounding LICH, including the payment of outstanding liabilities, will not have a materially adverse impact on SUNY.

Multi-Year Financial Plan Projections

Introduction

This section presents the State's updated multi-year Financial Plan for FY 2015 through FY 2019, with an emphasis on the FY 2016 projections. The projections reflect the impact of the Executive Budget proposal.

The State's cash-basis budgeting system, complex fund structure, and practice of earmarking certain tax receipts for specific purposes complicate the discussion of the State's receipts and disbursements projections. Therefore, to minimize the distortions caused by these factors and, equally important, to highlight relevant aspects of the projections, DOB has adopted the following approaches in summarizing the projections:

- **Receipts:** The detailed discussion of tax receipts covers projections for both the General Fund and State Funds (including capital projects). The State Funds perspective reflects overall estimated tax receipts before their diversion among various funds and accounts, including tax receipts dedicated to capital projects funds (which fall outside of the General Fund and State Operating Funds accounting perspectives). DOB believes this presentation provides a clearer picture of projected receipts, trends and forecast assumptions, by factoring out the distorting effects of earmarking certain tax receipts.
- **Disbursements:** Roughly 40 percent of projected State-financed spending for operating purposes (excluding transfers) is accounted for outside of the General Fund and is primarily concentrated in the areas of health care, School Aid, higher education, transportation and mental hygiene. To provide a clearer picture of spending commitments, the multi-year projections and growth rates are presented, where appropriate, on both a General Fund and State Operating Funds basis.

In evaluating the State's multi-year operating forecast, it should be noted that the reliability of the estimates and projections as a predictor of the State's future financial position is likely to diminish the further removed such estimates and projections are from the date of this Executive Budget Financial Plan. Accordingly, in terms of outyear projections, the first outyear of the FY 2016 budget, FY 2017, is the most relevant from a planning perspective.

Summary

The Executive Budget Financial Plan proposes limiting annual growth in State Operating Funds spending to 1.7 percent, consistent with the expectation of adherence with a 2 percent spending benchmark. In addition, DOB estimates that the State will end FY 2015 with a sizeable General Fund cash-basis surplus due to a series of unbudgeted monetary settlements reached between regulators and financial institutions.

The surplus projections for FY 2017 and thereafter set forth in the Executive Budget Financial Plan reflect the savings that DOB estimates would occur if the Governor continues to propose, and the Legislature continues to enact, balanced budgets in future years that limit annual growth in State Operating Funds spending to no greater than 2 percent. The estimated savings are labeled in the Financial Plan tables as “Adherence to 2 percent Spending Benchmark.” Total disbursements in Financial Plan tables and discussion do not assume these savings. If the 2 percent State Operating Funds spending benchmark is not adhered to, budget gaps may result.

The following tables present the Executive Budget Financial Plan multi-year projections for the General Fund and State Operating Funds, as well as reconciliation between the State Operating Funds projections and the General Fund budget gaps. The tables are followed by a summary of the multi-year receipts and disbursements forecasts.

Assumes all savings from spending growth limit are made available to the General Fund.

Economic Outlook

The U.S. Economy

As anticipated in the Executive Budget forecast, national economic growth slowed substantially in the fourth calendar-year quarter of 2014, down to 2.6 percent from the 4.8 percent average over the prior two quarters, with the potential for a downward revision when the U.S. Bureau of Economic Analysis (BEA) releases its second estimate at the end of the month. Moreover, the most recent high frequency data indicate slower growth for the first quarter of 2015 than was previously expected, with the weather likely to have reduced economic activity once again, albeit by less than we witnessed this time last year. As a result, DOB has revised down its estimate of real U.S. Gross Domestic Product (GDP) growth for 2015 to 2.9 percent. However, DOB's forecast still points toward an improving national economy in 2015, following 2.4 percent growth in 2014.

The national labor market continues to exhibit consistent strength. Indeed, the release of the annual benchmark revision in early February indicated an even stronger pickup in hiring during the second half of last year. For the final six months of 2014, private sector U.S. employment displayed monthly average growth of 273,200, revised up from 254,700, resulting in upwardly revised growth of 1.9 percent for all of 2014. Consequently, DOB now projects stronger employment growth of 2.4 percent for 2015, supporting upwardly revised real household spending growth of 3.5 percent. The recent decline in energy prices represents yet another tailwind to household spending. With gasoline prices down by more than \$1.50 since the middle of 2014, cheaper energy is succeeding at what for so many households an improving labor market has failed to provide – a significant rise in disposable income.

Improved household spending should give private business more confidence to invest and hire in the future, but falling oil prices may also have negative effects on oil producers. Some oil producing companies have already announced layoffs as well as delays or cancellations of plans for new exploration. As a result, the overall impact on business investment is likely to be muted. Meanwhile, the boost from lower energy prices is expected to only partially compensate for the weakness of the global economy, a listless housing market, and continued low wage growth. Without support from these critical sources, DOB continues to anticipate annualized quarterly growth of real GDP will remain below 3 percent over the near term.

Despite solid domestic growth, the global outlook remains uncertain as we await the impact of actions recently taken to stimulate the European economy. This uncertainty is augmented by the ongoing threat of geopolitical conflict. The most recent data indicate that these risks, together with the recent sharp real appreciation of the dollar, are leading to even weaker net export growth over the near term. As a result, real U.S. export growth has been revised down to 4.2 percent for 2015. Weaker global demand than anticipated is also likely to augment the negative impact on domestic business investment of lower energy prices. As a result, real growth in non-residential fixed investment for 2015 has been revised down to 5 percent, following 6.1 percent growth for all of 2014 and only 1.9 percent for the fourth quarter.

U.S. ECONOMIC INDICATORS (Percent change from prior calendar year)			
	2014 (Actual)	2015 (Forecast)	2016 (Forecast)
Real U.S. Gross Domestic Product	2.4	2.9	2.8
Consumer Price Index (CPI)	1.6	0.5	2.2
Personal Income	3.9	4.4	5.4
Nonagricultural Employment	1.9	2.4	2.1

Source: Moody's Analytics; DOB staff estimates.

The housing market rebounded somewhat after being hard hit by extreme winter weather last year. Housing starts exhibited monthly average growth of 3.6 percent over second half of 2014, improving from a 1.8 percent decline over the first half of the year. However, based on the most recent data, residential construction saw yet another slow start to the year, due at least in part to January's harsh weather. As the weather improves, historically low, albeit rising, interest rates, along with improving lending terms (other than interest rates) and a strengthening labor market, should support housing market growth. On balance, DOB projects downwardly revised real residential investment growth of 5.8 percent for 2015.

Given solid improvement in the labor market and the expected boost to growth from lower energy prices, DOB still expects the Federal Reserve to begin raising its short-term interest rate target at the end of the second quarter of 2015. But rising concern over disinflation in the U.S. and abroad represents a risk that could affect the central bank's decision. In the fourth quarter of 2014, year-ago growth in the headline CPI fell to 1.2 percent, while core CPI inflation fell to 1.7 percent. Domestic oil prices have fallen to about \$50 per barrel and are expected to remain soft for the foreseeable future. Therefore, DOB has revised down estimates for consumer price inflation to 0.5 percent for 2015.

Although DOB's economic outlook continues to call for a continued strengthening of the nation's recovery, significant risks remain. In today's highly interdependent global economy, it is difficult to foresee domestic growth substantially accelerating without vigorous stimulus from exports. While the euro-area economy is no longer contracting and the European Central Bank has embarked upon a round of quantitative easing, unemployment rates are still rising in some areas, there are concerns about unusually low rates of inflation, and uncertainty over the integrity of the monetary union itself has re-emerged. A euro-area recovery that is even more sluggish than expected will likely result in slower export and corporate profits growth than reflected in this forecast. Although energy prices are expected to remain low, a complex geopolitical situation could ignite renewed volatility, which, along with equity price volatility, represents a risk to household spending. In contrast, stronger global growth or lower than expected gasoline prices would result in stronger outcomes than projected. Finally, the response of global financial markets to the unwinding of central bank accommodation in the U.S. remains a risk, whether that process starts in June or later in the year, particularly given the lack of experience upon which to draw.

The New York State Economy

The State's private sector labor market has continued to outperform expectations, with estimated growth for the 2014 calendar year incorporating upward revisions to employment in real estate services and construction, transportation and warehousing, financial services, professional and business services, and health care. Growth also remains strong in tourism-related leisure and hospitality industries. Strong private sector growth of 2.1 percent is now estimated for 2014, with growth expected to decelerate to 1.6 percent in 2015 as the State's labor market expansion matures. Preliminary data suggest that the long-term decline in government employment may also be coming to an end. Nevertheless, after rounding, overall employment growth for 2014 and 2015 remain unchanged from the Executive Budget forecast of 1.7 percent and 1.4 percent, respectively.

Stronger than anticipated job growth for 2014 has resulted in upwardly revised wage growth of 6.2 percent. However, preliminary information suggests that fourth quarter earnings and revenues for the finance sector are likely to have weighed heavily on bonus payouts for the 2014-15 bonus season now in progress. DOB has reduced estimated finance and insurance sector bonus growth to only 3.6 percent on a 2014-15 State fiscal year basis. These lower bonus payouts have resulted in a downward revision to FY 2015 State wage growth to 4.5 percent.

NEW YORK STATE ECONOMIC INDICATORS (Percent change from prior State fiscal year)			
	FY 2014 (Actual)	FY 2015 (Forecast)	FY 2016 (Forecast)
Personal Income	2.1	4.1	4.5
Wages	4.2	4.5	4.5
Nonagricultural Employment	1.6	1.7	1.4
Source: Moody's Analytics; New York State Department of Labor; DOB staff estimates.			

The performance of the State's private sector labor market continues to surprise on the upside, but there are significant risks to the forecast. All of the risks to the U.S. forecast apply to the State forecast as well, although as the nation's financial capital, both the volume of financial market activity and the volatility in equity markets pose a particularly large degree of uncertainty for New York. Although DOB now estimates only low single-digit growth in finance and insurance sector bonuses for the season in progress, considerable risks remain. Under regulatory and other pressures, the pattern of Wall Street bonus payouts has changed dramatically since the 2008-09 financial crisis, with payments now more widely dispersed across the year. In addition, taxable payouts can represent both current-year awards and deferred payments from prior year awards. Finally, the deferral ratio has also proven to be unstable. As a result, the uncertainty surrounding bonus projections has continued to mount. In addition, recent events have demonstrated how sensitive financial markets can be to shifting expectations surrounding Federal Reserve policy. As the central bank moves closer to its first rate hike, the resulting financial market gyrations are likely to have a larger impact on the State economy than on the nation as a whole. Should financial and real estate markets be weaker than we expect, both bonuses and taxable capital gains realizations could be negatively affected.

Receipts Overview

Financial Plan receipts comprise a variety of taxes, fees and assessments, charges for State-provided services, Federal grants, and other miscellaneous receipts, as well as the collection of a payroll tax on businesses located within the MTA region. The multi-year tax and miscellaneous receipts estimates are prepared by DOB with the assistance of DTF and other agencies concerned with the collection of State receipts, and are predicated on economic analysis and forecasts.

Overall base growth in tax receipts is dependent on many factors. In general, base tax receipts growth rates are determined by economic changes, including, but not limited to, changes in interest rates, prices, wages, employment, nonwage income, capital gains realizations, taxable consumption, corporate profits, household net worth, real estate prices and gasoline prices. Federal law changes can influence taxpayer behavior, which also impacts base tax receipts growth. State taxes account for approximately half of total All Funds receipts.

The projections of Federal receipts generally correspond to the anticipated spending levels of a variety of programs including Medicaid, temporary and disability assistance, mental hygiene, education, public health, and other activities, including extraordinary aid.

Where noted, certain tables in the following section display General Fund tax receipts that exclude amounts transferred to the General Fund in excess of amounts needed for certain debt service obligations (e.g., PIT receipts in excess of the amount transferred for certain debt service on revenue bonds).

ALL FUNDS RECEIPTS (millions of dollars)

Multi-Year Financial Plan Projections

Total All Funds receipts in FY 2015 are estimated at \$148 billion, 7.5 percent above FY 2014 results. State tax receipts are expected to increase 1.2 percent in FY 2015. This modest increase is due to tax cuts enacted in 2014 and the partial repayment of tax credits deferred in tax years 2010-2012. Miscellaneous receipts growth in FY 2015 is primarily due to the windfall from monetary settlements with financial institutions (see page 34 for detailed list). In addition, the FY 2015 General Fund total includes a deposit of \$1 billion from the SIF reserve release in connection with Workers' Compensation law changes included in the FY 2014 Enacted Budget, which is an increase of \$750 million from the amount of the reserve released in FY 2014. In other State funds, FY 2015 miscellaneous receipts are driven by year-to-year variations to health care surcharges and other HCRA resources, licensing fees associated with commercial gaming, bond proceeds, atypical fines and the phase-out of the temporary utility assessment.

Consistent with the projected growth in the New York economy over the multi-year Financial Plan period, the personal income and consumption/use tax categories are expected to grow. Business taxes and other taxes are expected to decline in some or all years due to tax cuts and reforms enacted in 2014.

Not reflected in the prior tables is a base tax revenue growth scenario. If controlling for the impact of tax law changes and income shifting by individuals with respect to income tax payments, base tax revenue would be projected to increase by 3.5 percent for FY 2015 and 4.6 percent for FY 2016.

Annual % Change		12.8	-5.8	3.8	3.5	2.5

* Excludes the MTA payroll tax, which is collected by the State and passed-through to the MTA.

Approximately 60 percent of All Funds tax receipts are deposited into the General Fund. The remaining tax collections are dedicated for various purposes including STAR payments to school districts, debt service reserves, health care, and transportation. General Fund tax receipts are projected to total \$43 billion in FY 2015, an increase consistent with the All Funds trends discussed above. General Fund miscellaneous receipts are expected to increase by nearly \$5.7 billion as a result of the monetary settlements and transfers noted above.

Personal Income Tax

¹Excludes Transfers.

All Funds income tax receipts for FY 2015 are projected to be \$43.8 billion, an increase of \$852 million (2 percent) from FY 2014 results. This primarily reflects increases in withholding and estimated payments attributable to the 2014 tax year, partially offset by a substantial decline in tax year 2013 extension payments.

Withholding in FY 2015 is projected to be \$1.6 billion (4.9 percent) higher compared to FY 2014, due mainly to moderate wage growth. Extension payments are estimated to decline by \$1.8 billion (34.9 percent) due to reduced tax year 2013 capital gains realizations (relative to tax year 2012). The capital gains acceleration into tax year 2012 at the expense of tax year 2013 and thereafter, which was done in anticipation of the increase in Federal income tax rates between 2012 and 2013, served to create an inflated extension payments base. This income shifting was coupled with unusually high tax year 2012-related (FY 2014) extension overpayments, leading to a significant tax year 2013-related (FY 2015) extension payments decline. Estimated payments for tax year 2014 are projected to be \$905 million (9.6 percent) higher. Final return payments and delinquencies are projected to be \$219 million (9.2 percent) lower and \$106 million (9 percent) higher, respectively.

The decline in total refunds of \$238 million (2.8 percent) reflects a \$328 million (15.8 percent) decrease in current (tax year 2014) refunds, a \$405 million (7.5 percent) decrease in prior (tax year 2013) refunds, a \$90 million (16.3 percent) decrease in previous (tax year 2012 and earlier) refunds, and a \$27 million (4.4 percent) decline in the State-City offset, partially offset by \$612 million in advanced payments for the Family Tax Relief credit and the newly enacted Real Property Tax Freeze credit. These advance payments serve to increase refunds.

General Fund income tax receipts are net of deposits to the STAR Fund, which provides property tax relief, and the Revenue Bond Tax Fund (RBTF), which supports debt service payments on State PIT revenue bonds. General Fund income tax receipts for FY 2015 of \$29.5 billion are expected to increase by \$622 million (2.2 percent) from the prior year, mainly reflecting the increase in All Funds receipts noted above. RBTF deposits are projected to be \$11 billion and the STAR transfer is projected to be \$3.4 billion.

Multi-Year Financial Plan Projections

The following table summarizes, by component, actual receipts for FY 2014 and forecast amounts through FY 2019.

PERSONAL INCOME TAX FISCAL YEAR COLLECTION COMPONENTS

*These components, collectively, are known as the "settlement" on the prior year's tax liability.

All Funds income tax receipts for FY 2016 of \$46.8 billion are projected to increase by nearly \$3 billion (6.7 percent) from the prior year. This primarily reflects increases of \$2.3 billion (6.5 percent) in withholding, \$989 million (9.5 percent) in estimated payments related to tax year 2015, and \$274 million (8.1 percent) in extension payments related to tax year 2014, partially offset by an \$861 million (10.3 percent) increase in total refunds. The growth in withholding is the result of projected wage growth of 4.8 percent. The moderate growth in extension payments represents a rebound following a decline in FY 2015. The growth in total refunds is primarily attributable to growth in prior (tax year 2014) refunds, following a deflated FY 2015 base which would have been \$328 million higher absent the increase in the administrative cap on refunds between January and March 2014. Legislation included as part of the FY 2015 Enacted Budget (the Enhanced Real Property Tax Circuit Breaker Credit, the Manufacturing Property Tax Credit, and the length of service awards for volunteer firefighters and ambulance workers deduction) contributes an additional \$101 million to the growth in tax year 2014-related prior refunds. Payments from final returns are expected to increase \$202 million (9.3 percent), while delinquencies are projected to increase \$60 million (4.7 percent) from the prior year. The increase in delinquencies is inclusive of \$27 million attributable to Executive proposals.

Multi-Year Financial Plan Projections

General Fund income tax receipts for FY 2016 of \$31.8 billion are projected to increase by \$2.4 billion (8 percent). RBTF deposits are projected to be \$11.7 billion, and the STAR transfer is projected to be \$3.2 billion.

All Funds income tax receipts of \$49.5 billion in FY 2017 are projected to increase \$2.7 billion (5.9 percent) from the prior year. Gross receipts are projected to increase 6.4 percent, reflecting withholding that is projected to grow by \$2.1 billion (5.6 percent) and estimated payments related to tax year 2016 that are projected to grow by \$871 million (7.7 percent). Payments from extensions for tax year 2015 are projected to increase by \$422 million (11.6 percent) and final returns are expected to increase \$177 million (7.4 percent). Delinquencies are projected to increase \$45 million (3.4 percent) from the prior year. Total refunds are projected to increase by \$856 million (9.3 percent) from the prior year.

General Fund income tax receipts for FY 2017 of \$33.9 billion are projected to increase by \$2.1 billion (6.5 percent).

All Funds income tax receipts are projected to increase by over \$2.2 billion (4.5 percent) in FY 2018 to reach \$51.8 billion, while General Fund receipts are projected to be \$35.7 billion.

¹Excludes Transfers.

All Funds consumption/use tax receipts for FY 2015 are estimated to be \$15.5 billion, a \$355 million (2.4 percent) increase from FY 2014 results. Sales tax receipts are expected to increase \$506 million (4 percent) from FY 2014, resulting from 5.9 percent base (i.e., absent law changes) growth, partially offset by law changes enacted with the FY 2015 and previous fiscal year budgets. Cigarette and tobacco tax collections are estimated to decline \$171 million (11.8 percent), primarily reflecting large declines in taxable cigarette consumption (particularly in NYC) and cigar tax refunds, resulting in part from a nonbinding Administrative Law Judge Determination (Matter of Davidoff of Geneva, Inc.). Resources have been devoted to the Tax Department enforcement unit to more aggressively pursue sale of untaxed cigarettes. Motor fuel tax collections are expected to increase \$14 million (3 percent), reflecting a rebound from a FY 2014 decline caused by severe winter weather.

General Fund consumption/use tax receipts for FY 2015 are estimated to total \$6.7 billion, an increase of \$139 million (2.1 percent) from FY 2014. This increase largely reflects increased sales tax collections offset by greater than trend declines in cigarette collections and cigar tax refunds.

All Funds consumption/use tax receipts for FY 2016 are projected to be \$16 billion, an increase of \$587 million (3.8 percent) from the prior year. The \$570 million (4.4 percent) increase in sales tax receipts reflects sales tax base growth of 3.9 percent due to strong projected disposable income growth. Highway use tax receipts are expected to increase \$9 million (6.6 percent) as FY 2016 is a triennial renewal year.

General Fund consumption/use tax receipts are projected to total \$7 billion in FY 2016, a \$309 million (4.6 percent) increase from the prior year. The projected increase results from increases in sales, cigarette and tobacco, and alcoholic beverage tax receipts. The projected increase in cigarette and tobacco tax receipts is the result of an artificially low FY 2015 base created by the cigar tax refunds mentioned earlier.

All Funds consumption/use tax receipts are projected to increase to \$16.6 billion (3.5 percent) in FY 2017 and to \$17.1 billion (3.1 percent) in FY 2018, largely representing base growth in sales tax receipts, offset slightly by trend declines in cigarette tax collections.

General Fund sales and use tax receipts are net of deposits to the Local Government Assistance Tax Fund (25 percent), and the Sales Tax Revenue Bond Fund (25 percent), which support debt service payments on State sales and use tax revenue bonds. Receipts in excess of the debt service requirements of the funds and the local assistance payments to New York City, or its assignee, are transferred back to the General Fund.

General Fund consumption/use tax receipts are projected to increase to \$7.3 billion (4 percent) in FY 2017 and \$7.5 billion (3.5 percent) in FY 2018, reflecting the All Funds trends noted above.

All Funds business tax receipts for FY 2015 are estimated at \$7.8 billion, a \$482 million (6.6 percent) decrease from prior year results. The estimate reflects a decline resulting from the first year of the tax year 2010-2012 tax credit deferral payback to taxpayers (an incremental refund increase of \$273 million) and enacted tax reductions for manufacturers which are estimated to reduce All Funds receipts by \$223 million. Growth in the bank and insurance taxes is offset by declines in the corporate franchise tax (for the reasons stated below), the corporation and utilities tax and the petroleum business tax (PBT).

Corporate franchise tax receipts are estimated to decrease \$845 million (22.2 percent) in FY 2015, reflecting the credit deferral payback (\$273 million), and tax cuts for manufacturers enacted in the FY 2014 and FY 2015 budgets. The FY 2014 Enacted Budget phased-in a 25 percent tax cut on all four manufacturing tax bases beginning in tax year 2014. Additionally, the FY 2015 Enacted Budget reduced the entire net income tax rate to zero percent for qualified manufacturers effective for tax year 2014. The impact of these two actions is estimated to reduce FY 2015 receipts by a total of \$223 million compared to FY 2014 receipts. In addition to these actions, audit receipts are expected to decline \$633 million (45.4 percent). Corporate franchise tax receipts for FY 2015 will also include the mandatory first installment for former bank taxpayers due in March 2015. Since this represents the first payment towards 2015 liability, payments made by former bank taxpayers will be recorded under the corporate franchise tax as a result of corporate tax reform.

Corporation and utilities tax receipts are expected to decline \$25 million (3.1 percent) in FY 2015. Both gross receipts and audits are expected to decline from the prior year while refunds are expected to be much lower in FY 2015 due to an atypically large refund that was paid in FY 2014. The decrease in gross receipts is mainly attributable to the loss of revenue from payments imposed by Section 186 of the Tax Law due to the Long Island Power Authority (LIPA) restructuring enacted in the 2013 legislative session.

Insurance tax receipts are expected to increase \$80 million (5.5 percent) in FY 2015. Strength in premiums growth from authorized insurers as well as unauthorized (excess line brokers) insurers will be partially offset by the impact of the State's transition of the prescription drug, hospital and mental health portions of the Empire Plan to self-insurance on January 1, 2014. This transition reduces insurance tax receipts since State and local governments no longer remit the insurance tax as part of premium payments.

Bank tax receipts are estimated to increase \$323 million (30.8 percent) in FY 2015. A nearly \$676 million increase in audit receipts (based on receipts to date) is partially offset by higher refunds and lower gross receipts. Gross receipts are lower in FY 2015 than FY 2014 because the March 2015 mandatory first installment of tax payments for bank taxpayers will be recorded in the corporate franchise tax as a result of corporate tax reform.

PBT receipts are expected to decrease \$15 million (1.3 percent) in FY 2015, primarily due to the 0.8 percent decrease in PBT tax rates effective January 2014 and the estimated 3.2 percent decrease in PBT tax rates effective January 2015. These declines are partially offset by an expected rebound from FY 2014 in taxable fuel consumption, which was depressed by severe winter weather.

General Fund business tax receipts for FY 2015 of \$5.6 billion are estimated to decrease \$470 million (7.8 percent) from FY 2014 results, reflecting the All Funds trends discussed above.

All Funds business tax receipts for FY 2016 of over \$8.1 billion are projected to increase \$366 million (4.7 percent) from the prior year. The large decline in bank tax receipts and the commensurate large increase in corporate franchise tax receipts beginning in FY 2016 are the result of the repeal of the bank tax and resultant imposition of the corporate franchise tax on former bank taxpayers effective for tax year 2015. This year-over-year increase primarily reflects better audit results and lower refund payments (the second year of the credit deferral payback to taxpayers is smaller than the amount estimated to be paid out in FY 2015). PBT receipts are expected to decrease \$45 million (3.9 percent) in FY 2016, primarily due to the estimated 3.2 percent decrease in PBT tax rates effective January 1, 2015 noted above, and expected declines in taxable motor fuel consumption due to declining vehicle miles traveled and increases in average vehicle fuel efficiency.

General Fund business tax receipts for FY 2016 of \$5.9 billion are projected to increase \$318 million (5.7 percent), reflecting the All Funds trends discussed above.

All Funds business tax receipts for FY 2017 and FY 2018 reflect projected trends in corporate profits, taxable insurance premiums, electric utility consumption and prices, the consumption of taxable telecommunications services, and automobile fuel consumption and fuel prices. All Funds business tax receipts are projected to decrease to \$8 billion (1.4 percent) in FY 2017, and increase to \$8.2 billion (1.9 percent) in FY 2018. General Fund business tax receipts are expected to decrease to \$5.8 billion (2.2 percent) in FY 2017 and increase to \$5.9 billion (1.8 percent) in FY 2018. The decrease in FY 2017 primarily reflects the reduction of the corporate income tax rate to 6.5 percent from 7.1 percent (effective for tax year 2016) that was implemented as part of corporate tax reform in the FY 2015 Enacted Budget.

Other Taxes

OTHER TAXES (millions of dollars)

¹Excludes Transfers.

All Funds other tax receipts for FY 2015 are estimated to be \$2.2 billion, a \$41 million (1.9 percent) increase from FY 2014 results. This reflects a \$109 million (12 percent) increase in real estate transfer tax receipts, partially offset by a \$69 million (5.6 percent) decrease in estate tax receipts. The estate tax decrease is primarily the result of FY 2015 Enacted Budget legislation that raises the exemption level from \$1 million to \$5.25 million over a four-year period and an expected return (i.e., reduction) in FY 2015 to a number of super-large estate payments (payments of over \$25 million) consistent with long-term trends. The real estate transfer tax estimate reflects both an increase in the volume of transactions in NYC and modest price growth compared to the prior year.

General Fund other tax receipts are expected to be nearly \$1.2 billion in FY 2015, a \$68 million (5.4 percent) decrease from FY 2014 results, reflecting the estate tax change noted above.

All Funds other tax receipts for FY 2016 are projected to be nearly \$2.2 billion, a \$47 million (2.1 percent) decrease from FY 2015 projections. This reflects projected growth in real estate transfer tax receipts due to projected growth in both the residential and commercial real estate markets, particularly in NYC, more than entirely offset by a decline in projected estate tax receipts due to the continued phase in of the increased exemption level.

All Funds other tax receipts for FY 2017 and FY 2018 reflect projected trends in household net worth, housing starts and housing prices. All Funds other tax receipts are projected to decrease to \$2.1 billion (1.6 percent) in FY 2017, and remain at \$2.1 billion in FY 2018. The divergence in growth rates between the All Funds and General Fund projections for other taxes reflects the dedication of the segment exhibiting growth (real estate transfer tax receipts) to other funds, and reflection of the declining portion (estate tax receipts) remaining in the General Fund.

Debt Service Funds	699	515	-26.3%	448	-13.0%	453	1.1%	453	0.0%	452	-0.2%

All Funds miscellaneous receipts include moneys received from HCRA financing sources, SUNY tuition and patient income, lottery receipts for education, assessments on regulated industries, tribal-state compact revenue, monetary settlements and a variety of fees and licenses.

All Funds miscellaneous receipts are projected to total \$30.4 billion in FY 2015, an increase of 25.6 percent from prior year results. This increase is primarily due to the monetary settlements described earlier in this Financial Plan. In addition to the monetary settlements, the FY 2015 General Fund total includes a deposit of \$1 billion from the SIF reserve release in connection with Workers' Compensation law changes included in the FY 2014 Enacted Budget, which is an increase of \$750 million from the amount received during the prior year. In other State funds, FY 2015 miscellaneous receipts are driven by year-to-year variations to health care surcharges and other HCRA resources, bond proceeds, atypical fines and the phase-out of the temporary utility assessment.

All Funds miscellaneous receipts are projected to decrease annually beginning in FY 2016, mainly due to lower payments from SIF, the \$5.4 billion windfall from monetary settlements received in FY 2015, the phase-out of the temporary utility assessment, and bond proceeds available to fund capital improvement projects.

Aid from the Federal government helps pay for a variety of programs including Medicaid, temporary and disability assistance, mental hygiene, school aid, public health, and other activities. Annual changes to Federal grants generally correspond to changes in federally-reimbursed spending. Accordingly, DOB typically projects Federal reimbursements will be received in the State fiscal year in which spending occurs, but due to the variable timing of Federal grant receipts, actual results often differ from the plan.

Multi-Year Financial Plan Projections

All Funds Federal grants are expected to increase in FY 2015, which is mainly driven by enhanced Federal Medicaid funding associated with ACA. Federal grants are expected to grow to \$52.9 billion by FY 2019, reflecting the continuation of growth in Federal Medicaid spending associated with the ACA, partly offset by the expected phase-down of costs associated with Federal disaster assistance aid.

Disbursements

Total disbursements in FY 2016 are estimated at \$70.6 billion in the State's General Fund and \$94 billion in total State Operating Funds. Over the multi-year Financial Plan, State Operating Funds spending projections assume Medicaid and School Aid will grow at their statutorily-indexed rates, with the exception of FY 2016. The Budget in FY 2016 proposes a School Aid increase of 4.8 percent on a school year basis, in excess of the indexed rate of 1.7 percent. The Enacted Budgets in FY 2014 and FY 2015 approved increases for School Aid above the indexed rate, as well. Medicaid, education, pension costs, employee and retiree health benefits, and debt service are significant drivers of annual spending growth.

The multi-year disbursements projections take into account various factors, including agency staffing levels, program caseloads, inflation, and funding formulas contained in State and Federal law. Factors that affect spending estimates vary by program. For example, public assistance spending is based primarily on anticipated caseloads that are estimated by analyzing historical trends and projected economic conditions. Projections account for the timing of payments, since not all of the amounts appropriated pursuant to an enacted budget are disbursed in the same fiscal year. Consistent with past years, the aggregate spending projections (i.e., the sum of all projected spending by individual agencies) in State Special Revenue Funds have been adjusted downward in all fiscal years based on typical spending patterns and the observed variance between estimated and actual results over time.

Local Assistance Grants

Local assistance spending includes payments to local governments, school districts, health care providers, and other entities, as well as financial assistance to, or on behalf of, individuals, families and not-for-profit organizations. Local assistance spending in State Operating Funds is estimated at \$62.5 billion in FY 2016 and accounts for nearly two-thirds of total State Operating Funds spending. Education and health care spending account for approximately two-thirds of local assistance spending.

Certain major factors considered in preparing the spending projections for the State’s major local assistance programs and activities are summarized in the following table.

FORECAST FOR SELECTED PROGRAM MEASURES AFFECTING OPERATING ACTIVITIES

Education

School Aid

School Aid helps support elementary and secondary education for New York pupils enrolled in 695 school districts throughout the State. State funding is provided to districts based on statutory aid formulas and through reimbursement of categorical expenses such as pre-kindergarten programs, education of homeless children, and bilingual education. State funding for schools assists districts in meeting locally defined needs, supports the construction of school facilities, and finances school transportation for nearly three million students statewide.

School Year Basis (July 1 — June 30)

School Aid is expected to total \$23.1 billion in school year (SY) 2016, an increase of \$1.1 billion (4.8 percent) from SY 2015, conditioned on the implementation of education reforms, including improvements to the systems for teacher evaluation, tenure, certification, and preparation as well as providing new authority to improve failing schools and increased support and accountability to charter schools.

The FY 2016 Executive Budget also continues to provide \$340 million of recurring annual funding to support Statewide Universal Full-Day Pre-Kindergarten programs in order to incentivize and fund state-of-the-art programs and encourage creativity through competition. The programs began in the fall of 2014.

Finally, the FY 2016 Executive Budget maintains the two-year appropriation that continues Education Law provisions. School Aid is projected to increase by an additional \$923 million (4.0 percent) in SY 2017. School Aid is projected to reach an annual total of \$26.5 billion in SY 2019.

SCHOOL AID - SCHOOL YEAR BASIS (JULY 1 - JUNE 30)									
(millions of dollars)									
	SY 2015	SY 2016	Change	SY 2017	Change	SY 2018	Change	SY 2019	Change
Total	22,079	23,142	1,063 4.8%	24,065	923 4.0%	25,168	1,103 4.6%	26,498	1,330 5.3%

School year values reflected in table do not include aid for Statewide Universal Full-Day Pre-Kindergarten programs or the Governor's New NY Education Reform Commission.

State Fiscal Year

The State finances School Aid from General Fund receipts and from Lottery Fund receipts, including VLTs, which are accounted for and disbursed from a dedicated account. Because the State fiscal year begins on April 1, the State typically pays approximately 70 percent of the annual school year commitment during the State fiscal year in which it is enacted, and pays the remaining 30 percent in the first three months of the following State fiscal year.

The table below summarizes the multi-year projected funding levels on a State fiscal year basis.

SCHOOL AID - STATE FISCAL YEAR BASIS (millions of dollars)									
	FY 2015 Current	FY 2016 Proposed	Change	FY 2017 Projected	Change	FY 2018 Projected	Change	FY 2019 Projected	Change
TOTAL STATE OPERATING FUNDS	21,609	23,026	6.6%	24,142	4.8%	25,226	4.5%	26,486	5.0%
General Fund Local Assistance	18,393	19,718	7.2%	20,945	6.2%	21,928	4.7%	23,194	5.8%
General Fund Local Aid Guarantee	72	0	n/a	0	0.0%	0	0.0%	0	0.0%
Core Lottery Aid	2,189	2,219	1.4%	2,181	-1.7%	2,173	-0.4%	2,167	-0.3%
VLT Lottery Aid	903	952	5.4%	996	4.6%	892	-10.4%	892	0.0%
Commercial Gaming - VLT Offset	0	0	0.0%	0	0.0%	23	0.0%	23	0.0%
Commercial Gaming	0	137	0.0%	20	-85.4%	210	950.0%	210	0.0%
Prior Year Resources	52	0	n/a	0	0.0%	0	0.0%	0	0.0%

State spending for School Aid is projected to total \$23.0 billion in FY 2016. In future years, receipts available to finance this category of aid from core lottery sales are projected to decline. In addition to State aid, school districts receive over \$3 billion annually in Federal categorical aid.

It is expected that School Aid spending will be supplemented by commercial gaming revenues, beginning in FY 2016. Three casino resorts were recommended by the State's Gaming Facility Location Board (the "Board") in December 2014, and a fourth casino is presently under consideration by the Board. It was previously anticipated that the State's receipt of \$160 million in one-time casino licensing fees would be used to supplement School Aid in FY 2016, and casinos would be fully operational by FY 2017. Due to differences in timing and in consideration of applicants chosen by the Board, the State now expects \$137 million from one-time licensing fees to supplement School Aid in FY 2016, and it is expected that the casinos will be fully operational by FY 2018.

Other Education Funding

In addition to School Aid, the State provides funding and support for various other education-related programs. These include: special education services; programs administered by the Office of Pre-kindergarten through Grade 12 education; cultural education; higher and professional education programs; and adult career and continuing education services.

The State provides a full range of special education services to approximately 500,000 students with disabilities from ages 3 to 21. Major programs under the Office of Pre-kindergarten through Grade 12 address specialized student needs or reimburse school districts for education-related services, including the school lunch and breakfast program, after-school programs and other educational grant programs. Higher and professional education programs monitor the quality and availability of postsecondary education programs, and license and regulate over 50 professions. Adult career and continuing education services focus on the education and employment needs of the State’s adult citizens, ensuring that such individuals have access to a “one-stop” source for all their employment needs, and are made aware of the full range of services available in other agencies.

OTHER EDUCATION (millions of dollars)									
	FY 2015 Current	FY 2016 Proposed	Change	FY 2017 Projected	Change	FY 2018 Projected	Change	FY 2019 Projected	Change
TOTAL STATE OPERATING FUNDS	2,138	2,104	-1.6%	2,227	5.8%	2,400	7.8%	2,541	5.9%
Special Education	1,487	1,466	-1.4%	1,557	6.2%	1,671	7.3%	1,793	7.3%
All Other Education	651	638	-2.0%	670	5.0%	729	8.8%	748	2.6%

To improve service delivery and program administration, the Budget establishes regional rates for Special Education Itinerant Teacher (SEIT) providers. SEIT providers are currently reimbursed based on their historical costs, and rates for these services vary significantly, even within the same region. Establishing regional rates will rationalize the current payment structure by ensuring that all providers within a region are paid the same amount for providing these services. Implementation of regional rates will be phased-in over no more than four years. Outyear growth is primarily driven by a projected increase in enrollment and service levels ordered for students in the preschool and summer school special education programs. The decrease in other education spending for FY 2016 relative to FY 2015 is driven primarily by one-time costs associated with the timing of claims-based aid payments, and targeted aid and grants in FY 2015. Outyear growth is primarily driven by increases to supplemental State charter school payments.

STAR Program

The STAR program provides school tax relief to taxpayers by exempting the first \$30,000 of every eligible homeowner’s property value from the local school tax levy. Lower-income senior citizens will receive a \$65,300 exemption in FY 2016. The DTF oversees local property assessment administration, and is responsible for establishing STAR property tax exemption amounts.

The three components of STAR and their approximate shares in FY 2016 are: the basic school property tax exemption for homeowners with income under \$500,000 (53 percent); the enhanced school property tax exemption for senior citizen homeowners with incomes under \$83,300 (28 percent); and a flat refundable credit and rate reduction for income-eligible resident New York City personal income taxpayers (19 percent).

Spending for the STAR property tax exemption reflects reimbursements made to school districts to offset the reduction in property tax revenues. The annual increase in a qualifying homeowner’s STAR exemption benefit is currently limited to 2 percent. New York City personal income taxpayers with annual incomes over \$500,000 have a reduced benefit.

SCHOOL TAX RELIEF (STAR)									
(millions of dollars)									
	FY 2015	FY 2016		FY 2017		FY 2018		FY 2019	
	Current	Proposed	Change	Projected	Change	Projected	Change	Projected	Change
TOTAL STATE OPERATING FUNDS	3,374	3,231	-4.2%	3,216	-0.5%	3,157	-1.8%	3,098	-1.9%
Basic Exemption	1,817	1,712	-5.8%	1,718	0.4%	1,655	-3.7%	1,593	-3.7%
Enhanced (Seniors)	930	901	-3.1%	886	-1.7%	871	-1.7%	855	-1.8%
New York City PIT	627	618	-1.4%	612	-1.0%	631	3.1%	650	3.0%

The spending decline is primarily a reflection of the number of STAR exemption recipients who are expected to participate in the program, following implementation of proposed changes to exemption benefits and eligibility requirements. The Budget proposes freezing the STAR exemption to FY 2015 levels; aligning the New York City benefit with the STAR exemption program provided to the rest of the State by restricting the New York City PIT rate reduction to residents with incomes lower than \$500,000; and gradually transforming the school tax relief currently provided to taxpayers in the form of a tax exemption to a refundable tax credit beginning with all homeowner applications.¹¹ Other savings include allowing DTF to recoup savings retrospectively from unlawfully claimed exemptions removed during the reregistration process, and converting the delinquency program into a tax clearance program. In addition to these proposed savings, current STAR spending estimates have been reduced to reflect a reduction in the estimated number of STAR exemption recipients.

¹¹ Transforming the STAR benefit to a refundable tax credit will result in lower STAR spending with comparable decrease in PIT revenues.

Higher Education

Local assistance for higher education spending includes funding for CUNY, SUNY, and the Higher Education Services Corporation (HESC).

The State funds CUNY’s senior college operations, and works in conjunction with New York City to support CUNY’s community colleges. The CUNY system is the largest urban public university system in the nation. Funding for SUNY supports 30 community colleges across multiple campuses. The State also provides a sizeable benefit to CUNY and SUNY through the debt service it pays on bond-financed capital projects at the universities. State debt service payments for capital projects at SUNY and CUNY are expected to total about \$1.2 billion in FY 2016 (this is not reflected in the annual spending totals for the universities). HESC administers the TAP that provides awards to income-eligible students. It also provides centralized processing for other student financial aid programs, and offers prospective students information and guidance on how to finance a college education. The financial aid programs that HESC administers are funded by the State and the Federal government.

HIGHER EDUCATION (millions of dollars)									
	FY 2015 Current	FY 2016 Proposed	Change	FY 2017 Projected	Change	FY 2018 Projected	Change	FY 2019 Projected	Change
TOTAL STATE OPERATING FUNDS	2,902	2,972	2.4%	3,031	2.0%	3,096	2.1%	3,156	1.9%
City University	1,394	1,410	1.1%	1,414	0.3%	1,445	2.2%	1,488	3.0%
Senior Colleges	1,171	1,189	1.5%	1,192	0.3%	1,223	2.6%	1,266	3.5%
Community College	223	221	-0.9%	222	0.5%	222	0.0%	222	0.0%
Higher Education Services	1,021	1,077	5.5%	1,134	5.3%	1,168	3.0%	1,185	1.5%
Tuition Assistance Program	966	1,008	4.3%	1,029	2.1%	1,032	0.3%	1,032	0.0%
Scholarships/Awards	43	57	32.6%	93	63.2%	124	33.3%	141	13.7%
Aid for Part Time Study	12	12	0.0%	12	0.0%	12	0.0%	12	0.0%
State University	487	485	-0.4%	483	-0.4%	483	0.0%	483	0.0%
Community College	482	480	-0.4%	478	-0.4%	478	0.0%	478	0.0%
Other/Cornell	5	5	0.0%	5	0.0%	5	0.0%	5	0.0%

Annual growth by CUNY across the multi-year Financial Plan reflects the net impact of one-time performance incentive funding in FY 2016 and fringe benefit cost increases. Growth in HESC reflects proposed new initiatives to support the DREAM Act and the Get on Your Feet loan forgiveness program, as well as the ongoing implementation of a scholarship for Science, Technology, Engineering and Math (STEM) included in the FY 2015 Enacted Budget. SUNY local assistance primarily reflects the net impact of enrollment changes at community colleges.

Health Care

Local assistance for health care-related spending includes Medicaid, statewide public health programs and a variety of mental hygiene programs. The State DOH works with local health departments and social services departments, including New York City, to coordinate and administer statewide health insurance programs and activities. The majority of government-financed health care programs are included under DOH, but a number of programs are also supported through multi-agency efforts.

Medicaid

Medicaid is a means-tested program that finances health care services for low-income individuals and long-term care services for the elderly and disabled, primarily through payments to health care providers. The Medicaid program is financed jointly by the State, the Federal government, and local governments. Eligible services¹² include inpatient hospital care, outpatient hospital services, clinics, nursing homes, managed care, prescription drugs, home care and services provided in a variety of community-based settings (including mental health, substance abuse treatment, developmental disabilities services, school-based services and foster care services).

In FY 2012, legislation was enacted to limit the year-to-year growth in State funds Medicaid spending to the ten-year rolling average of the medical component of the CPI. The statutory provisions of the Medicaid spending cap (or “Global Cap”) also allow for flexibility in adjusting Medicaid projections to meet unanticipated costs resulting from a disaster. The FY 2016 Executive Budget reflects the continuation of the Medicaid spending cap through FY 2017, and the Executive Budget Financial Plan assumes that statutory authority will be extended in subsequent years. Allowable growth under the cap is 3.6 percent for FY 2016. Reflecting projected CPI reductions, DOB currently forecasts allowable cap growth at 3.4 percent in FY 2017; 3.2 percent in FY 2018; and 3.0 percent in FY 2019.

MEDICAID GLOBAL CAP FORECAST					
(millions of dollars)					
	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019
Global Medicaid Cap¹	16,507	17,104	17,692	18,259	18,812
Annual % Change		3.6%	3.4%	3.2%	3.0%

¹ Under the Global cap, forecasted Medicaid services growth is indexed to the 10-year average of CPI Medical.

¹² The FY 2014 Enacted Budget eliminated the Family Health Plus (FHP) program effective January 1, 2015. The majority of the population previously receiving health care benefits through FHP have begun receiving more robust health care benefits through the Medicaid program, resulting from new Medicaid eligibility thresholds and increased Federal payments resulting from the ACA. The remainder of the previous FHP population, those above Medicaid levels are eligible for Federal tax credits in the New York State of Health (NYSOH) insurance benefit exchange and a majority will become eligible for the BHP.

Multi-Year Financial Plan Projections

The indexed provisions of the Global Cap apply to a majority of the State share of Medicaid spending that is budgeted and expended principally through DOH. However, the Global Cap is adjusted for State costs associated with the takeover of local Medicaid growth and the multi-year assumption of local Medicaid Administration, as well as increased Federal financial participation that became effective in January 2014. State share Medicaid spending also appears in the Executive Budget Financial Plan estimates for other State agencies, including the mental hygiene agencies, child welfare programs, and education aid.

TOTAL STATE-SHARE MEDICAID DISBURSEMENTS¹					
(millions of dollars)					
	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019

Annual % Change		2.0%	0.7%	5.5%	4.1%
Basic Health Plan³	0	170	643	649	666

¹ Department of Health spending in the Financial Plan includes certain items that are excluded from the indexed provisions of the Medicaid Global Cap. This includes administrative costs, such as the takeover of local administrative responsibilities; the decision of Monroe County to participate in the Medicaid local cap program, rather than continuing the sales tax intercept option; and increased Federal Financial Participation that became effective in January 2014.

² Beginning in FY 2014 the Office of Health Insurance Programs was transferred to Medicaid from Public Health as part of the five-year phase-in initiative of the State to assume local administrative functions.

³ The BHP is not a Medicaid program; however, State-funded resources for the BHP are managed under the Medicaid Global Cap.

The State share of DOH Medicaid spending is financed by a combination of the General Fund, HCRA, provider assessment revenue, and indigent care payments. The following table provides information on the financing sources for State Medicaid spending (more information on HCRA can be found in the section entitled "HCRA Financial Plan").

¹ The BHP is not a Medicaid program; however, State funded resources for BHP are managed under the Medicaid Global Cap.
² Does not include Medicaid spending in other State agencies, transfers, or the local government share of total Medicaid program spending.
³ The DOH Medicaid budget includes resources to fund a portion of Medicaid-related Mental Hygiene program costs under the Global Cap.
⁴ FY 2015 HCRA financing includes \$30 million for New York State of Health.

Since FY 2014, certain OPWDD-related Medicaid costs have been financed within available resources under the Global Cap to alleviate the financial impact of reduced Federal revenue associated with the reimbursement of Medicaid costs at State-operated facilities providing developmental disability services. As proposed in the FY 2016 Executive Budget, an additional \$200 million in annual OPWDD-related Medicaid costs will be funded under the cap. These costs are funded by \$815 million in additional State-funded Medicaid savings which are expected to accrue to the Global Cap in FY 2016 (growing annually to over \$900 million by FY 2019). The savings include accelerating the enrollment of certain legally residing immigrants who currently receive State-only Medicaid funding to the BHP, where the cost of insurance premiums for such individuals, and other individuals meeting certain income eligibility standards, will be supplemented by both State and Federal funds. These BHP resources will also be utilized by DOH over the Financial Plan period to offset fiscal constraints on the Global Cap, and to implement investments and initiatives consistent with MRT principles to improve the effectiveness and efficiency of health care service delivery through the State.

Fluctuation in enrollment, costs of provider health care services, and utilization levels drive higher Medicaid spending that must be managed within the Global Cap. The number of Medicaid recipients in New York State is expected to exceed 6.1 million by the end of FY 2015; this represents an 8.9 percent increase from the March 2014 caseload of 5.7 million. This expected growth is mainly attributable to expanded eligibility and enrollment pursuant to the ACA, which became effective in January 2014.

Basic Health Plan

The BHP is a health insurance subsidy program, authorized through the provisions of the ACA. The FY 2015 Enacted Budget authorized the State’s option to participate in the BHP. The FY 2016 Executive Budget assumes the State will participate and begin phasing in certain legally residing immigrants currently receiving State-only Medicaid coverage. Individuals who meet the eligibility standards of the BHP will be enrolled through the NYSOH insurance exchange, with the cost of insurance premiums subsidized by the State and Federal governments. When fully implemented, approximately 75 percent of program expenditures are expected to be paid by the Federal government. The State funding for BHP in the FY 2016 Executive Budget is offset by State funds Medicaid program savings, and additional Federal Funds are recognized through the duration of the planning period.

Public Health/Aging Programs

Public Health includes the Child Health Plus (CHP) program that finances health insurance coverage for children of low-income families up to the age of 19, the General Public Health Work (GPHW) program that reimburses local health departments for the cost of providing certain public health services, the Elderly Pharmaceutical Insurance Coverage (EPIC) program that provides prescription drug insurance to seniors, and the Early Intervention (EI) program that pays for services to infants and toddlers under the age of three with disabilities or developmental delays. Many public health programs, such as EI and GPHW programs, are run by county health departments and reimbursed by the State for a share of program costs. The State spending projections do not include the county share of public health funding. In addition, a significant portion of HCRA spending is included under the Public Health budget.

The State Office for the Aging (SOFA) promotes and administers programs and services for New Yorkers 60 years of age and older. The Office primarily oversees community-based services (including in-home services and nutrition assistance) provided through a network of county Area Agencies on Aging (AAA) and local providers.

PUBLIC HEALTH AND AGING (millions of dollars)									
	FY 2015 Current	FY 2016 Proposed	Change	FY 2017 Projected	Change	FY 2018 Projected	Change	FY 2019 Projected	Change
TOTAL STATE OPERATING FUNDS	1,853	1,745	-5.8%	1,724	-1.2%	1,758	2.0%	1,787	1.6%
Public Health	1,732	1,619	-6.5%	1,593	-1.6%	1,622	1.8%	1,645	1.4%
Child Health Plus	401	349	-13.0%	288	-17.5%	302	4.9%	318	5.3%

Aging	121	126	4.1%	131	4.0%	136	3.8%	142	4.4%

The FY 2016 Executive Budget includes approximately \$37 million in annual savings associated with a proposal for DOH to consolidate 43 public health programs into six pools and achieve a 15 percent savings.

Forecasted CHP spending has been revised downward in all years to reflect the actual spending and enrollment trends to date. State funds spending for CHP is projected to decline on an annual basis from current FY 2015 levels as a result of increased Federal funding associated with the ACA.

GPHW spending has been lowered by approximately \$15 million to reflect a downward trend in reimbursement claims submitted by local governments, and annual program spending is projected to remain at moderate levels throughout the Financial Plan period.

EPIC program spending has been revised upward to reflect increased pharmaceutical costs which impact Part D premium payment estimates. Program spending for EI is forecasted to be stable through the remainder of the Financial Plan period based on State enrollment and claiming trends.

HCRA Financial Plan

HCRA was established in 1996 to help finance a portion of State health care activities. Extensions and modifications to HCRA have financed new health care programs, including FHP and CHP. HCRA has also provided additional financing for the health care industry, including investments in worker recruitment and retention, and the Doctor’s Across New York program. HCRA authorization has been extended through FY 2017, pursuant to legislation included in the FY 2015 Enacted Budget.

HCRA receipts include surcharges and assessments on hospital revenues, a “covered lives” assessment paid by insurance carriers, and a portion of cigarette tax revenues. Beginning in FY 2016, as proposed by the Executive Budget, a new assessment on individual small group and large group health insurers will be implemented and transferred to HCRA in order to sustain the operational costs of NYSOH. In total, HCRA resources are used to fund roughly 30 percent of the State share of Medicaid, as well as CHP, the NYSOH, EPIC, physician excess medical malpractice insurance, and Indigent Care payments, which provide funding to hospitals serving a disproportionate share of individuals without health insurance.

¹ \$30 million in FY 2015 spending will be financed from the Medical Assistance Account.

HCRA surcharge and hospital assessment revenue has been revised downward in the FY 2016 Executive Budget, largely to align forecasted revenue collections with recent patterns within the health care services industry which may reflect more cost efficient service delivery settings. Remaining growth in surcharge and hospital assessments is attributable to the expectation of expanded coverage under the ACA. The proposed NYSOH exchange assessment will be dedicated solely to finance the annual administrative costs for nonpublic health insurance programs associated with the NYSOH. The health care industry assessment revenue growth is partly offset by projected declines in cigarette tax collections due to declining tobacco consumption, resulting in total HCRA receipts growth of nearly 1 percent on an average annual basis through FY 2019.

HCRA spending is expected to increase by \$76 million in FY 2016 and total \$5.5 billion. The most significant areas of growth include additional financing of the State share of Medicaid costs, and accelerated capital costs associated with the Statewide Health Information Network for New York (SHIN-NY), which is expected to improve information capabilities and increase efficiency associated with health insurance claiming. Overall HCRA spending growth in FY 2016 is partly offset by the Executive Budget proposal to shift a number of HCRA programs to the General Fund and consolidate the funding for these programs in order to achieve savings and more efficiently administer the delivery of these programs. In addition, lower spending is forecast for CHP, driven by moderating enrollment and increased Federal funding under the ACA.

HCRA is expected to remain in balance over the multi-year projection period. Under the current HCRA appropriation structure, spending reductions will occur if resources are insufficient to meet spending levels. Any potential spending reductions could affect General Fund Medicaid funding or HCRA programs. Conversely, any unanticipated balances or excess resources in HCRA are expected to finance Medicaid costs that would otherwise be paid from the General Fund.

Mental Hygiene

The Department of Mental Hygiene is comprised of the OPWDD, OMH, OASAS, the Developmental Disabilities Planning Council (DDPC), and the Justice Center for the Protection of People with Special Needs. Services are administered to adults with serious mental illness; children with serious emotional disturbances; individuals with developmental disabilities and their families; persons with chemical dependencies; and individuals with compulsive gambling problems.

These agencies provide services directly to their patients through State-operated facilities and indirectly through community service providers. The costs associated with providing these services are funded by reimbursement from Medicaid, Medicare, third-party insurance and State funding. Patient care revenues are pledged first to the payment of debt service on outstanding mental hygiene bonds, which were issued to finance improvements to infrastructure at mental hygiene facilities throughout the State, with the remaining revenue used to support State operating costs.

¹ Program funding detail for OPWDD and OMH includes new multi-year spending investments which will be financed with additional Federal resources through BIP.

Local assistance spending accounts for over 40 percent of total mental hygiene spending from State Operating Funds, and is projected to grow by an average rate of 4.1 percent annually. The main factor driving this level of growth is enhancement of community mental health services, right-sizing and improving State-operated inpatient services, utilizing less costly and more programmatically appropriate in-state community residential programs enhancing employment opportunities for individuals with disabilities, and maximizing payments from third-party payers.

The FY 2016 Executive Budget includes additional annual statewide Medicaid savings of \$200 million through the continued shift of certain OPWDD-related Medicaid costs to the DOH, whereby the costs will be funded within the existing Medicaid Global Cap at no increased cost to the Financial Plan, and without impact to overall service delivery. In FY 2015, the Medicaid budget supported \$715 million of OPWDD's Medicaid-eligible expenses, which will increase to \$915 million in FY 2016. To accommodate the funding of these additional costs within the Global Cap, DOH will leverage available BHP resources.

Authorized under the ACA, BIP will enable the State to engage a broad network of providers, advocates, and community leaders to develop systematic improvements to delivery systems for individuals with developmental disabilities and mental illness, and enhance community integration. OPWDD and OMH will utilize \$323 million in Federal BIP resources in FY 2016 to support new multi-year spending investments. These investments will transform services and supports to more integrated, community-based opportunities; increase employment opportunities for individuals with developmental disabilities; implement electronic health record systems; and support the transition to managed care.

The Executive Budget proposes a partnership between OMH and DOCCS that will revise the process for identifying, assessing, treating, discharging, and supervising mentally ill patients who pose a potential risk of violence in State facilities and the community. The proposal will expand community services, provide additional treatment services in prisons, and create additional capacity for civil confinements in OMH facilities. This proposal will result in new intensive treatment beds and transitional beds, expand in-prison and community treatment services, supportive housing and ACT. The Executive Budget will add \$8 million in local assistance support in FY 2016, and \$18 million each year from FY 2017 to FY 2019, as well as approximately \$12 million annually in additional OMH State operations costs for this initiative.

Current spending estimates do not reflect any actions which may be needed to mitigate potentially adverse impacts to the Financial Plan as a result of additional Federal CMS rate disallowances for services provided in State-operated developmental disability institutions. The State formally requested CMS reconsideration of the proposed \$1.26 billion disallowance, but the State was notified by CMS that its request for reconsideration was denied. The State subsequently filed a notice of appeal with the HHS Departmental Appeals Board (DAB). The appeal with DAB is still pending and the State is in discussions with CMS to achieve a reasonable resolution to the disallowance over a multi-year period. The State has the option to retain the disallowed funds during the DAB review process, although if the State is unsuccessful, the disallowed amount plus interest will be due to the Federal government. (See "Other Matters Affecting the State Financial Plan - Federal Issues" herein.)

Social Services

The Office of Temporary and Disability Assistance (OTDA) local assistance programs provide cash benefits and supportive services to low-income families. The State’s three main programs include Family Assistance, Safety Net Assistance and SSI. The Family Assistance program, which is financed by the Federal government, provides time-limited cash assistance to eligible families. The Safety Net Assistance program, financed by the State and local districts, provides cash assistance for single adults, childless couples, and families that have exhausted their five-year limit on Family Assistance imposed by Federal law. The State SSI Supplementation program provides a supplement to the Federal SSI benefit for the elderly, visually handicapped, and disabled.

TEMPORARY AND DISABILITY ASSISTANCE (millions of dollars)									
	FY 2015 Current	FY 2016 Proposed	Change	FY 2017 Projected	Change	FY 2018 Projected	Change	FY 2019 Projected	Change
TOTAL STATE OPERATING FUNDS	1,232	1,199	-2.7%	1,221	1.8%	1,232	0.9%	1,247	1.2%
SSI	653	660	1.1%	670	1.5%	679	1.3%	679	0.0%
Public Assistance Benefits	459	437	-4.8%	437	0.0%	437	0.0%	437	0.0%
Welfare Initiatives	20	12	-40.0%	12	0.0%	12	0.0%	21	75.0%
All Other	100	90	-10.0%	102	13.3%	104	2.0%	110	5.8%

Spending in SSI is projected to increase gradually due to updated caseload projections. In public assistance, DOB projects a spending decline from FY 2015 to FY 2016 due to an expected 3.0 percent annual decrease in average public assistance caseload, projected to total 540,434 recipients in FY 2016. Approximately 237,675 families are expected to receive benefits through the Family Assistance program in FY 2016, a decrease of 4.0 percent from FY 2015. In the Safety Net program an average of 109,098 families are expected to be helped in FY 2016, a decrease of 4.8 percent from FY 2015. The caseload for single adults/childless couples supported through the Safety Net program is projected at 193,661 in FY 2016, a decrease of 0.7 percent from FY 2015.

Office of Children and Family Services

OCFS provides funding for foster care, adoption, child protective services, preventive services, delinquency prevention, and child care. OCFS oversees the State’s system of family support and child welfare services administered by local social services departments and community-based organizations. Specifically, child welfare services, which are financed jointly by the Federal government, the State, and local districts, are structured to encourage local governments to invest in preventive services for reducing out-of-home placement of children. In addition, the Child Care Block Grant, which is also financed by a combination of Federal, State and local sources, supports child care subsidies for public assistance and low-income families.

CHILDREN AND FAMILY SERVICES (millions of dollars)									
	FY 2015 Current	FY 2016 Proposed	Change	FY 2017 Projected	Change	FY 2018 Projected	Change	FY 2019 Projected	Change
TOTAL STATE OPERATING FUNDS	1,577	1,721	9.1%	1,846	7.3%	2,033	10.1%	2,026	-0.3%
Child Welfare Service	292	454	55.5%	463	2.0%	472	1.9%	482	2.1%
Foster Care Block Grant	436	445	2.1%	453	1.8%	462	2.0%	471	1.9%
Adoption	154	152	-1.3%	152	0.0%	152	0.0%	152	0.0%
Day Care	311	282	-9.3%	283	0.4%	283	0.0%	276	-2.5%
Youth Programs	137	148	8.0%	235	58.8%	373	58.7%	352	-5.6%
Medicaid	85	87	2.4%	88	1.1%	90	2.3%	89	-1.1%
Committees on Special Education	37	39	5.4%	42	7.7%	44	4.8%	46	4.5%
Adult Protective/Domestic Violence	38	38	0.0%	40	5.3%	41	2.5%	42	2.4%
All Other	87	76	-12.6%	90	18.4%	116	28.9%	116	0.0%

OCFS spending in FY 2016 is projected to increase over FY 2015 levels, mainly due to Child Welfare Services spending changes resulting from both a projected increase in claims, and cash management actions which had previously reduced FY 2015 spending. Increased outyear spending is primarily attributable to the “Raise the Age” initiative which will increase the age of juvenile jurisdiction from age 16 to age 18. This will result in fewer youths in the adult criminal justice system but will increase the number of those taking part in OCFS youth programs.

Transportation

In FY 2016, the State will provide \$4.8 billion to support the operating costs of the statewide mass transit systems financed from dedicated taxes and fees. The MTA, due to the size and scope of its transit and commuter rail systems, receives the majority of the statewide mass transit operating aid. In addition, the MTA receives operating support from the Mobility Tax and MTA Aid Trust Fund, authorized in May 2009 to collect regional taxes and fees imposed within the Metropolitan Commuter Transportation District (MCTD). The State collects these taxes and fees on behalf of, and disburses the entire amount to, the MTA to support the transit and commuter rail systems. Pursuant to legislation enacted in December 2011, the MTA payroll tax was eliminated for all elementary and secondary schools and small business operators within the MCTD. The General Fund now provides additional annual support, subject to appropriation, to the MTA to make up for the resulting loss of revenue.

TRANSPORTATION (millions of dollars)									
	FY 2015 Current	FY 2016 Proposed	Change	FY 2017 Projected	Change	FY 2018 Projected	Change	FY 2019 Projected	Change

All Other	1	1	0.0%	1	0.0%	1	0.0%	1	0.0%

Projected operating aid to the MTA and other transit systems reflects the current receipts forecast, and timing associated with the availability of resources.

Not reflected in the above table is authorization included in the FY 2016 Executive Budget to transfer \$121 million in additional dedicated transit revenues on an annual basis from the Metropolitan Mass Transportation Operating Assistance Account (MMTOA) to the newly established Metropolitan Transit Assistance for Capital Investment Fund (MTACIF), which will be used to support infrastructure needs of the MTA and other downstate transit systems. In addition, the Financial Plan assumes that \$20 million in MMTOA resources will be available to offset MTA-related debt service costs on an annual basis from FY 2016 to FY 2019.

Local Government Assistance

Direct aid to local governments includes the Aid and Incentives for Municipalities (AIM) program, which was created in FY 2006 to consolidate various unrestricted local aid funding streams; miscellaneous financial assistance for certain counties, towns, and villages; and efficiency-based incentive grants provided to local governments.

LOCAL GOVERNMENT ASSISTANCE - AIM PROGRAM (millions of dollars)									
	FY 2015 Current	FY 2016 Proposed	Change	FY 2017 Projected	Change	FY 2018 Projected	Change	FY 2019 Projected	Change
Total AIM:									
Big Four Cities	429	429	0.0%	429	0.0%	429	0.0%	429	0.0%
Other Cities	218	218	0.0%	218	0.0%	218	0.0%	218	0.0%
Towns and Villages	68	68	0.0%	68	0.0%	68	0.0%	68	0.0%
Restructuring/Efficiency	22	23	4.5%	42	82.6%	48	14.3%	48	0.0%

Spending for AIM efficiency incentive grants increases over the multi-year period reflecting potential awards from the Financial Restructuring Board for Local Governments. All Other aid under AIM is expected to be maintained in each year of the Financial Plan.

Other Local Assistance

All other local assistance spending includes aid for economic development, financial services, environmental quality, criminal justice programs and community project funding. The projected decline in the level of all other local assistance grant spending is attributable to a reclassification of the Healthy NY program, from the insurance program of DFS to DOH's State of Health insurance benefit exchange; the reduction in discretionary funding from the Community Projects Fund, and reduced spending for criminal justice programs following the one-time funding included with the FY 2015 budget.

Agency Operations

Agency operating costs include personal service, non-personal service, and GSCs. Personal service costs include the salaries of State employees of the Executive, Legislative, and Judicial branch, as well as the salaries of temporary/seasonal employees. Non-personal service costs reflect the cost of operating State agencies, including real estate rental, utilities, contractual payments (i.e., consultants, IT, and professional business services), supplies and materials, equipment, and telephone service. GSCs reflect the cost of fringe benefits (i.e., pensions, health insurance) provided to State employees and retirees of the Executive, Legislative and Judicial branches, and certain fixed costs paid by the State, such as taxes on public lands and litigations. Certain agency operations of Transportation and Motor Vehicles are included in the capital projects fund type and are not reflected in the State Operating Funds totals.

Approximately 94 percent of the State workforce is unionized. The largest unions include CSEA, which represents office support staff and administrative personnel, machine operators, skilled trade workers, and therapeutic and custodial care staff; PEF, which represents professional and technical personnel (i.e., attorneys, nurses, accountants, engineers, social workers, and institution teachers); UUP, which represents faculty and nonteaching professional staff within the State University system; and NYSCOPBA, which represents security personnel (correction officers, safety and security officers).

Selected assumptions used in preparing the spending projections for the State’s major programs and activities are summarized in the following table.

FORECAST OF SELECTED PROGRAM MEASURES AFFECTING PERSONAL SERVICE AND FRINGE BENEFITS						
	FY 2014 Results	Forecast				
		FY 2015 Updated	FY 2016 Projected	FY 2017 Projected	FY 2018 Projected	FY 2019 Projected
Negotiated Base Salary Increases ¹						
CSEA/NYSCOPBA/Council 82/UUP/DC-37/GSEU	0%	2%	2%	TBD	TBD	TBD
PEF / NYSPBA	0%	2%	TBD	TBD	TBD	TBD
PBA ²	0%	2%	2%	1.5%	1.5%	TBD
State Workforce ³	118,492	118,379	119,235	TBD	TBD	TBD
ERS Pension Contribution Rate ⁴						
Before Amortization (Normal/Admin/GLIP)	21.5%	20.4%	18.5%	18.6%	18.8%	19.0%
After Amortization	12.5%	13.5%	14.5%	15.5%	16.5%	17.5%
PFRS Pension Contribution Rate						
Before Amortization (Normal/Admin/GLIP)	29.9%	28.1%	25.0%	25.2%	25.4%	25.6%

PS/Fringe as % of Receipts (All Funds Basis)	14.4%	13.6%	13.9%	14.1%	14.1%	14.1%

¹ Reflects current collective bargaining agreements with settled unions. Does not reflect potential impact of future negotiated labor agreements.
² Reflects settlement with the commissioned and noncommissioned officers unit only.
³ Reflects workforce that is Subject to Direct Executive Control.
⁴ As Percent of Salary.

The majority of State agencies are expected to hold personal service and non-personal service spending constant over the Plan period. Costs from collective bargaining agreements, which include 2 percent salary increases in FY 2015 and FY 2016 (for certain unions), applicable lump sum payments, and repayment of a portion of the deficit reduction adjustment made to employee salaries, are expected to be funded from operational savings.

Gaming, health care, OCFS, and SUNY are four areas expected to experience limited programmatic growth. The growth in gaming is attributable to activities related to casino development and oversight. Increases in DOH are primarily driven by the State's implementation of the NYSOH insurance benefit exchange, the State's insurance marketplace program under the ACA. Beginning in FY 2015, program costs for NYSOH insurance benefit exchange are partially offset by Federal grants; however, DOH must fully absorb the start-up costs by FY 2016. OCFS costs include implementation of the "Raise the Age" program to reform New York State's juvenile justice system by treating individuals aged 16 and 17 in juvenile justice facilities, rather than in correctional facilities. SUNY spending is driven by tuition funding and reflects anticipated operating needs.

Payments to the New York Power Authority (NYPA) represent an accounting reclassification across certain Financial Plan categories, but do not carry a Financial Plan impact. These payments were previously assumed in the Financial Plan under different categorization, pursuant to agreed upon funding schedules between the State and NYPA.

Other year-over-year increases are technical in nature and reflect funding reclassifications or administrative reconciliations. For example, growth in Temporary and Disability Assistance reflects the reclassification of local assistance contracts to agency operation spending. In addition, the State's workforce is paid on a bi-weekly basis; weekly pay cycles alternate between administrative and institutional payrolls. There are typically 26 pay periods in a fiscal year. In FY 2016, employees on the institution pay schedule will have one additional payroll.

Non-Personal Service	5,775	5,702	5,828	6,099	5,993

¹ Reflects consolidation of IT costs within ITS; no net growth to State All Funds spending.

In FY 2016, \$12.9 billion or 13.7 percent of the State Operating Funds budget is projected to be spent on personal service costs. This funding supports roughly 99,150 Full-Time Equivalent (FTE) employees under direct Executive control, as well as those employed by the University System (43,900), Independent Agencies (18,100), and employees paid on a non-annual salaried basis. Roughly 75 percent of all personal service spending occurs in four areas: SUNY, the Mental Hygiene agencies, DOCCS, and Judiciary.

STATE OPERATING FUNDS		
FY 2016 FTEs¹ AND PERSONAL SERVICE SPENDING BY AGENCY		
(millions of dollars)		
	Dollars	FTEs
Subject to Direct Executive Control	7,360	99,151

Independent Agencies	1,895	18,072
Law	116	1,577
Audit & Control	109	1,572
Judiciary	1,504	14,922
Legislature ³	166	1
Total Spending / FTEs	12,886	161,134

¹ FTEs represent the number of annual-salaried full time filled positions (e.g., one FTE may represent a single employee serving at 100 percent full time or a combination of employees serving at less than full time that, when combined, equal a full time position). The reported FTEs do not include non-annual salaried positions, such as positions filled on an hourly, per-diem or seasonal basis.

² CUNY employees are funded primarily through an agency trust fund and total additional 13,275 FTEs excluded from the table above.

³ Legislative employees are non-annual salaried, with the exception of the Lieutenant Governor, who serves as President of the Senate.

General State Charges

Employee fringe benefit payments, many of which are mandated by statute or collective bargaining agreements, include employer contributions for pensions, the State’s share of Social Security, health insurance, workers’ compensation, unemployment insurance and dental and vision benefits. The majority of employee fringe benefit costs are paid centrally from statewide appropriations. However, certain agencies, including SUNY and the Judiciary, directly pay all or a portion of their employees’ fringe benefit costs from their respective budgets. Employee fringe benefits paid through GSCs are paid from the General Fund in the first instance, and then partially reimbursed by revenue collected from fringe benefit assessments. The largest General Fund reimbursement comes from the mental hygiene agencies. Beginning in July 2015, SUNY will no longer have direct pay fringe benefit costs paid from their General Fund budget. These costs, approximately \$220 million annually, will be paid centrally from the GSC budget at no Financial Plan impact to the General Fund.

GSCs also include fixed costs for several categories including State payments in lieu of taxes, payments for local assessments on State-owned land, and judgments against the State pursuant to the Court of Claims Act.

GENERAL STATE CHARGES (millions of dollars)									
	FY 2015 Current	FY 2016 Proposed	Change	FY 2017 Projected	Change	FY 2018 Projected	Change	FY 2019 Projected	Change
TOTAL STATE OPERATING FUNDS	7,072	7,354	4.0%	7,899	7.4%	8,290	4.9%	8,715	5.1%
Fringe Benefits	6,669	6,963	4.4%	7,503	7.8%	7,889	5.1%	8,309	5.3%
Health Insurance	3,311	3,451	4.2%	3,680	6.6%	3,880	5.4%	4,098	5.6%
Employee Health Insurance	1,821	1,898	4.2%	2,024	6.6%	2,134	5.4%	2,254	5.6%
Retiree Health Insurance	1,490	1,553	4.2%	1,656	6.6%	1,746	5.4%	1,844	5.6%
Pensions	2,095	2,237	6.8%	2,471	10.5%	2,665	7.9%	2,894	8.6%
Social Security	949	972	2.4%	987	1.5%	991	0.4%	995	0.4%
All Other Fringe	314	303	-3.5%	365	20.5%	353	-3.3%	322	-8.8%
Fixed Costs	403	391	-3.0%	396	1.3%	401	1.3%	406	1.2%

GSCs are projected to increase at an average annual rate of 5.4 percent over the Financial Plan period, driven primarily by growth in costs for pension contributions and the employer share of costs for employee and retiree health insurance benefits. Pension growth, which is driven almost entirely by the recent implementation (September 2014) of new actuarial assumptions by the New York State and Local Retirement Systems’ Actuary, is partly offset by the expectation that a portion of future contributions will be amortized as permissible by law. The FY 2016 Executive Budget includes interest savings of approximately \$41 million which are expected by paying the full amount of the 2016 pension bill by July 31, 2015, rather than on the statutorily required date of March 1, 2016.

Growth in health insurance spending are attributable to rising costs associated with health care benefits; however, the FY 2016 Executive Budget Financial Plan includes downward adjustments to forecasted spending for health insurance as a result of revised rate renewal growth assumptions.

Transfers to Other Funds (General Fund Basis)

General Fund transfers help finance the State’s share of Medicaid costs for mental hygiene facilities, debt service for bonds that do not have dedicated revenues, SUNY operating costs, certain capital initiatives, and a range of other activities.

GENERAL FUND TRANSFERS TO OTHER FUNDS					
(millions of dollars)					
	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019
	Current	Proposed	Projected	Projected	Projected

Dedicated Mass Transportation Trust Fund	63	63	63	63	63
Banking Services	29	52	54	55	55
Indigent Legal Services	34	35	35	35	35
Mass Transportation Operating Assistance	37	37	37	37	37
Alcoholic Beverage Control	20	20	20	20	20
Information Technology Services	14	8	2	2	2
Public Transportation Systems	15	15	15	15	15
Correctional Industries	12	11	11	11	11
All Other	276	246	225	226	350

A significant portion of the capital and operating expenses of the Department of Transportation (DOT) and the Department of Motor Vehicles (DMV) are funded from DHBTf. The Fund receives various dedicated tax and fee revenues, including PBT, motor fuel tax, and highway use taxes. The Executive Budget Financial Plan includes transfers from the General Fund that effectively subsidize the expenses of the DHBTf. The subsidy is required because the cumulative expenses of the fund – capital and operating expenses of DOT and DMV, debt service on certain transportation bonds – exceed current and projected revenue deposits and bond proceeds.

General Fund transfers to other funds are expected to total \$13.3 billion in FY 2016, a \$4.9 billion increase from FY 2015, largely due to the transfer of \$4.6 billion in monetary settlement moneys to the proposed DIIF. The funding will be used to make targeted investments in various areas, including broadband, municipal restructuring, security and emergency response, the Thruway Stabilization Program, and for competitive grants related to upstate economic revitalization.

Debt Service

The State pays debt service on all outstanding State-supported bonds. These include General Obligation bonds, for which the State is constitutionally obligated to pay debt service, as well as certain bonds issued by State public authorities (e.g., Empire State Development (ESD), DASNY, and the New York State Thruway Authority (TA), subject to an appropriation). Depending on the credit structure, debt service is financed by transfers from the General Fund, dedicated taxes and fees, and other resources, such as patient income revenues.

DEBT SERVICE SPENDING PROJECTIONS				
(millions of dollars)				
	FY 2015	FY 2016	Annual	Percent
	Current	Proposed	Change	Change
General Fund	1,291	915	(376)	-29.1%
Other State Support	4,542	4,611	69	1.5%
State Operating/All Funds Total	5,833	5,526	(307)	-5.3%

Total debt service is projected at \$5.5 billion in FY 2016, of which approximately \$915 million is paid from the General Fund through transfers, and \$4.6 billion from other State funds. The General Fund transfer finances debt service payments on General Obligation and service contract bonds. Debt service is paid directly from other State funds, subject to appropriation, for the State’s revenue bonds, including PIT and Sales Tax bonds, DHBTF bonds, and mental health facilities bonds.

Executive Budget estimates for debt service spending have been revised to reflect a number of factors, including actual bond sale results to date, assumed debt management savings of \$140 million in FY 2016, and increased debt service costs associated with proposed additional capital commitment levels. Also, debt service spending estimates assume the FY 2015 prepayment of \$560 million of debt service that is due during FY 2016, as well as a subsequent FY 2016 prepayment of \$100 million of debt service due during FY 2017.

Year-To-Date Operating Results

This section provides a summary of operating results for the nine-month period of April 2014 through December 2014 compared to (1) the projections set forth in the FY 2015 Enacted Budget; (2) the revised projections of the Mid-Year Update to the Financial Plan; and (3) the operating results for prior fiscal year (April 2013 through December 2013). For purposes of explaining actual variations from plan net amounts, the focus is on the initial projections included in the FY 2015 Enacted Budget.

Results since mid-January 2015 have generally been in line with expectations, with the exception of PIT collections, which finished below projections in January. This variance was attributable to lower than expected average January estimated payments, which declined dramatically after robust growth in December. Withholding also failed to meet expectations in January, the result of lower than expected bonus payments. As such, DOB has lowered estimated tax receipts by \$355 million in the current year. This reduction is offset by Financial Plan revisions to other resources and spending based on updated information and results to date.

General Fund Results

The State ended the month of December 2014 with a General Fund closing balance of \$8.3 billion, \$5.2 billion higher than projected in the FY 2015 Enacted Budget Financial Plan. The larger than expected balance is due to the unanticipated monetary settlements between regulators and financial institutions, and higher tax collections.

GENERAL FUND OPERATING RESULTS

Closing Balance	3,029	6,237	8,254	5,225	2,017

¹ Includes transfers from other funds after debt service.

Receipts

Through December 2014, General Fund receipts, including transfers from other funds, totaled \$50.3 billion, \$5.7 billion higher than the initial projections, reflecting higher tax collections (\$1.6 billion) and non-tax receipts (\$4.1 billion).

Higher General Fund tax collections through December 2014 occurred in PIT receipts (\$1 billion) due to stronger than anticipated estimated payments and the timing of current year tax refund payments; the sales tax (\$81 million); cigarette and tobacco taxes (\$31 million); business tax collections (\$498 million) related to bank tax audits and higher corporate franchise tax gross receipts; and the real estate transfer tax (\$11 million).

The increase in non-tax receipts received to date is primarily attributable to \$4.3 billion in unanticipated monetary settlements with financial institutions. Receipts from licenses and fees (\$50 million) and refunds and reimbursements (\$65 million) were lower than expected.

Accordingly, DOB has increased estimated General Fund annual receipts by \$6.1 billion since the FY 2015 Enacted Budget Financial Plan. The increase is comprised of expected one-time monetary settlements (\$5.4 billion), and tax collections¹³ (\$795 million) mainly for PIT. These increases are partly offset by a \$100 million downward revision to other expected miscellaneous receipts and non-tax transfers based on results to date.

Spending

Through December 2014, General Fund disbursements, including transfers to other funds, were \$522 million higher than initial projections. This variance is due mainly to higher transfers to support capital projects (\$898 million), and partly offset by lower disbursements for local assistance (\$229 million) and agency operations (\$60 million).

Spending for local assistance was lower across a range of programs and activities, with the most significant variances in school aid (\$63 million), homeland security (\$57 million), economic development (\$46 million), and OPWDD (\$16 million).

General Fund agency operations spending variances within the fiscal year are typical given routine changes in the timing of payments, execution of contracts, and price fluctuations. To date, overall spending is generally consistent with planned estimates. The most notable agency variances include the Judiciary (\$45 million) and OTDA (\$23 million).

¹³ Include transfers from other funds after revisions to estimated debt service costs.

Year-To-Date Operating Results

Total General Fund transfers were higher than initial projections, mainly due to additional support for capital projects (\$898 million) due to the timing of bond-financed spending and subsequent reimbursement with bond proceeds. In addition, General Fund support for the State-share of Medicaid costs at mental hygiene facilities was lower (\$215 million), and is partly offset by a higher transfer to the Mental Hygiene Patient Income Account. This variance is largely the result of lower Federal reimbursement to facilities resulting from a shortfall in Federal revenue associated with the DSHPs - non-Medicaid programs.

DOB has increased projected General Fund spending by \$382 million since the initial plan, as a result of experience to date and other programmatic factors. This increase is mainly due to the planned payment of \$210 million in debt service due in FY 2016, and \$190 million in additional State costs for mental hygiene facilities resulting from lower Federal reimbursement as discussed above.

Year-To-Date Operating Results

State Operating Funds Results

The State ended December 2014 with a closing balance of \$10.3 billion in State Operating Funds, or \$5.2 billion above the FY 2015 Enacted Budget Financial Plan projection. This reflects the combined impact of higher total receipts (\$6 billion), lower financing from other sources (\$1.1 billion), and lower overall spending (\$261 million).

STATE OPERATING FUNDS RESULTS

Closing Balance	5,086	8,960	10,262	5,176	1,302

Receipts

Through December 2014, total receipts in State Operating Funds were \$6 billion higher than the FY 2015 Enacted Budget Financial Plan projections, due to higher tax collections (\$1.6 billion) and higher non-tax receipts (\$4.4 billion).

Consistent with the General Fund results, the State Operating Funds receipts variance is primarily attributable to higher personal income and business tax collections, and \$4.3 billion in unanticipated monetary settlements with financial institutions.

Spending

State Operating Funds spending was \$261 million lower than Enacted Budget Financial Plan projections, due mainly to lower spending in non-personal service (\$220 million), which occurred across a number of agencies. The most notable agency variances include lower spending in SUNY (\$41 million), mental hygiene (\$45 million); OTDA (\$27 million), Gaming (\$17 million), and Judiciary (\$24 million). As noted above, these variances are typical and reflect changes in the timing of payments.

Other Financing Sources

Other financing sources, which represent the difference between transfers to and from State Operating Funds, were \$1.1 billion lower than initial estimates, primarily due to the higher General Fund support for capital projects (\$898 million) related to the timing of reimbursements with bond proceeds.

Capital Projects Results

The State ended December 2014 with a Capital Projects closing balance of negative \$1.1 billion, \$58 million lower than the Enacted Budget projection. This balance reflects the combined impact of lower receipts and spending, and higher financing from other sources.

Closing Balance	(1,029)	(798)	(1,087)	(58)	(289)

Receipts

Through December 2014, total receipts in Capital Projects Funds were \$1.5 billion lower than initial projections, largely attributable to the timing of reimbursements from bond proceeds that have been received later than initially planned and lower than estimated anticipated reimbursement of expenses for DOT and development of the World Trade Center site.

Spending

Capital spending was \$490 million lower than initial estimates, mainly due to slower than anticipated local grant payments for economic development projects and capital-related costs associated with SUNY construction projects.

Other Financing Sources

Other financing sources (difference between transfers to and from Capital Projects) were \$937 million higher than initial estimates, due to the higher General Fund support for capital projects due to the timing of bond-financed spending and subsequent reimbursements from bond proceeds.

Year-To-Date Operating Results

All Governmental Funds Results

The State ended December 2014 with an All Governmental Funds closing balance of \$8.7 billion, \$4.7 billion above the Enacted Budget Financial Plan projection, reflecting higher receipts (\$5.6 billion) that are partially offset by higher spending (\$1 billion).

Closing Balance	4,041	7,889	8,699	4,658	810

Receipts

Through December 2014, total All Funds receipts were \$5.6 billion higher than Enacted Budget projections due to increases in taxes (\$1.6 billion), miscellaneous receipts (\$3.2 billion), and Federal grants (\$857 million).

Consistent with the General Fund and State Operating Funds results, the All Governmental Funds receipts variance is primarily attributable to higher personal income and business tax collections, and \$4.3 billion in unanticipated monetary settlements. The most significant other variances include slower than anticipated reimbursements from Authority Bond proceeds for Capital Projects (\$1.3 billion) and higher Federal grants to support spending in areas such as health care and homeland security.

Spending

Through December 2014, All Funds spending was \$1.0 billion above Enacted Budget projections. In addition to the variance explanations provided in the State Operating Funds and Capital Projects Funds result, Federal Operating Funds spending was \$1.8 billion higher than initially planned. The higher spending mainly reflects Medicaid costs (\$1.3 billion) and homeland security spending (\$678 million).

The Federal Medicaid variance reflects additional Federal funding from the IAAF, which is part of the DSRIP, an MRT-based initiative which gives funding to hospitals based on the achievement of predefined results in system transformation, clinical management and population health. This funding was approved after the FY 2015 Enacted Budget Financial Plan was released and thus was included in updated spending estimates. The homeland security variance reflects a lump sum Federal Emergency Management Agency (FEMA) public assistance payment to LIPA, which was not initially expected until later in the fiscal year.

All Governmental Funds Annual Change

The All Governmental Funds balance through December 2014 was \$8.7 billion, \$1.6 billion higher than the December 2013 balance. This higher current year balance is attributable to a higher opening balance (\$159 million) and higher receipts (\$6.5 billion), partially offset by higher spending (\$5.1 billion).

Closing Balance	7,146	8,699	1,553	

Receipts

All Funds tax receipts through December 2014 reflect annual growth in all major tax categories, including higher PIT collections (\$337 million) due to stronger than anticipated estimated payments; higher consumption/use taxes (\$243 million) due to an increase in taxable purchases; and higher business tax collections (\$107 million) related to bank tax audits.

The year-over-year increase in miscellaneous receipts is attributable to the \$4.3 billion in one-time monetary settlements paid to the State, and a \$750 million increase in the amount of the SIF assessment reserves transferred to the State pursuant to legislation included in the FY 2014 Enacted Budget. This increase is partly offset by declines in bond proceeds receipts to finance Capital Projects (\$1 billion). In addition, such increase is further offset by lower Tribal State Compact Revenue (TSCR) due to a \$361 million lump sum payment in August 2013 from the St. Regis Mohawk tribal government and the Seneca Indian Nation, resulting from separate agreements with these two tribal nations, setting a wide range of issues concerning tribal gaming activity in the State.

The \$2.4 billion increase in Federal grants is a result of increased Federal program spending, as described in greater detail below.

Spending

Through December 2014, All Funds spending increased by \$5.1 billion over the prior year period, comprised of a \$2.1 billion increase in State Operating Funds, a \$3.2 billion increase in Federal Operating Funds, and a \$256 million decrease in Capital Projects Funds.

The increase in State Operating Funds spending mainly reflects Enacted Budget increases in School Aid and other education spending (\$1.7 billion); and increased GSCs spending (\$694 million) as a result of earlier than planned pension payments by both the State and the Judiciary. These additional costs are offset by lower debt service payments attributable to FY 2014 prepayments.

The increase in Federal Operating Funds spending is primarily attributable to higher Medicaid costs (\$3.6 billion) as a result of expanded Medicaid coverage under the ACA and DSRIP/IAAF payments associated with the recently approved Medicaid waiver, and higher homeland security spending (\$566 million) associated with the recent lump-sum payment to LIPA. This additional spending is partly offset by lower spending for education (\$530 million), as a prior lag in payments substantially increased payments in the first quarter of FY 2014, and lower Temporary Assistance for Needy Families (TANF)-funded child care and Flexible Fund for Family Services spending (\$482 million) due to the timing of FY 2015 payments.

The decrease in Capital Projects spending is largely due to FY 2014 Superstorm Sandy related spending by the Department of Environmental Conservation (DEC) (\$180 million) and reduced contractual spending at SUNY (\$159 million), offset by additional spending at DOT (\$240 million).

Fiscal Impact on Local Governments

Fiscal Impact on Local Governments

The Executive Budget Five-Year Financial Plan included a summary of the estimated fiscal impact on municipalities supplemented with detailed tables. Revised tables are included in this Financial Plan update to reflect Executive amendments to the analysis presented with the Executive Budget.

Included in the 30-day amendments is new legislation that would allow the City of Buffalo to establish a Traffic Violations Bureau to adjudicate traffic violations. Currently, this function is performed by the State through the Department of Motor Vehicles. This proposal would generate an estimated \$3 million annual benefit for the City of Buffalo beginning in local fiscal year 2016.

With this change, the estimated positive impact on municipalities would be over \$1.1 billion for local fiscal years ending in 2016.

Financial Plan Tables and Accompanying Notes

The notes to the Financial Plan tables herein should be read in conjunction with the tables that follow.

Note 1 — Basis of Accounting

Pursuant to law, all Financial Plan tables presented herein are prepared on the cash basis of accounting, unless otherwise noted. Under the cash basis of accounting, revenues are recognized when received, and spending is recorded when cash is disbursed.

Note 2 — Fund Types and Perspectives

The State records its transactions in the following fund types:

Governmental Funds

General Fund - This is the major operating fund of the State. It receives all State income not earmarked for a particular program or activity and not specified by law to be deposited in another fund. State income for Financial Plan purposes consists of moneys (taxes, fees, and miscellaneous receipts including certain repayments of State advances) deposited to the credit of the General Fund or transferred from other funds during the fiscal year.

Special Revenue - These funds account for State receipts from specific revenue sources and are legally restricted to disbursement for specified purposes. This governmental fund type is divided into two classifications: (1) State Special Revenue Funds and (2) Federal Special Revenue Funds. An example of a State Special Revenue Fund is the Conservation Fund which finances a number of State environmental programs. An example of a Federal Special Revenue Fund is the Health and Human Services Fund. Although any earmarked revenue fund is treated as a Special Revenue Fund for cash-basis budgeting and reporting purposes, some are combined with the General Fund for purposes of reporting on the basis of GAAP.

Debt Service - All tax-financed State debt service on long-term debt and payments on certain lease-purchase or other contractual obligations are paid from Debt Service funds. These account for the accumulation of money for, and the payment of principal and interest on, general long-term debt. Lease-purchase payments for Health and Mental Hygiene facilities under contractual agreements with public authorities are also paid from funds classified as Debt Service funds. Debt service on highway bonds supported by dedicated highway revenues is also reflected in this fund type. Sources of revenue for this fund type include transfers from the General Fund, dedicated taxes, and other revenues.

Capital Projects - These funds finance a variety of capital construction costs including: (1) planning, land acquisition, design, construction, construction management and supervision, and equipment costs; (2) highway, parkway and rail preservation projects; outdoor recreation and environmental conservation projects, and buildings and other capital facilities required by various State departments and agencies; (3) payments to local governments to help finance their capital programs, including highway, parkway, bridge, mass transportation, aviation, economic

development, port development, community college, community and State mental health, outdoor recreation, State-assisted housing, and environmental quality; and (4) advances for capital construction costs reimbursable by public authorities, instrumentalities of the State, the Federal government or local governments. Sources of revenue for this fund type include transfers from other State funds such as the General Fund, dedicated taxes and other revenues, reimbursement of advances, bond proceeds, and Federal capital grants.

State Operating Funds

The State Funds operating budget is a broader measure of spending for operations (as distinct from capital purposes) that is funded with State resources. It comprises the General Fund and other State-supported activities financed by dedicated revenues in State Special Revenue funds, as well as Debt Service funds accounting for the payment of debt service on all tax-financed State long-term debt.

Proprietary Funds

Internal Service Funds - Account for the financing of goods or services supplied by one State agency to other State agencies or governmental units on a cost-reimbursement basis.

Enterprise Funds - Account for operations that are similar to private business enterprises.

The Internal Service funds and Enterprise funds are treated as Proprietary funds for cash-basis budgeting and reporting purposes, and are combined with the General Fund for purposes of reporting on a GAAP basis.

Fiduciary Funds

Private-Purpose Trust Funds - Account for all trust arrangements under which principal and income benefit individuals, private organizations, or other governments.

Pension Trust Fund - Accounts for the cash-basis results of operations for the administrative portion of the State's Common Retirement Fund. It does not reflect investment activity, balances, or other assets available to this Fund. In addition, pension contributions and payments to retirees are excluded since these payments are not required to be appropriated.

Agency Funds - Account for funds held by the State in a purely custodial capacity. Cash is held temporarily until disbursements are made to individuals, private organizations, or other governments.

Note 3 — Disbursement Descriptions

The State's Financial Plan and reporting includes only those payments made pursuant to an appropriation and paid from funds available in the State Treasury. All State spending is classified in one of the following categories:

Local Assistance Grants - Include payments to counties, cities, towns, villages, school districts and other local entities, as well as certain financial assistance to, or on behalf of, individuals and nonprofit organizations.

Personal Service - Includes the payment of salaries and compensation for State employees.

Non-Personal Service - Includes payments for miscellaneous contractual obligations, supplies and materials, travel, rentals and repairs, utilities, postage and shipping, printing, telephone, and other operating costs.

GSCs - Include costs mandated by statute, collective bargaining agreements or court order. Charges in this category can be further subdivided into the following:

Fringe Benefits: Contributions to pension systems, the employer's share of Social Security contributions, employer contributions toward the cost of health insurance, workers compensation and unemployment insurance, and contributions to union employee benefit funds which provide vision care and other services.

Fixed Costs: For State payments in lieu of taxes, as well as payments for local assessments on State-owned land, judgments against the State pursuant to the Court of Claims Act, defenses by private counsel or alternatively payments on behalf of State officers and employees in civil judicial proceedings.

Debt Service - Includes payments made for tax-financed State debt service on long-term debt; contractual-obligation and lease-purchase arrangements with several public authorities and municipalities; and lease-purchase payments for Health and Mental Hygiene facilities.

Capital Projects - Include payments made for the acquisition or construction of the State's capital facilities. Included in this category are planning, land acquisition, design, construction, engineering services, and equipment costs attributable to highway, parkway and rail preservation projects; outdoor recreation and environmental conservation projects; payments to local government units and public authorities to help finance highways, parkways, bridges, mass transportation, aviation, economic development, port development, community colleges, community and State mental hygiene buildings, outdoor recreational parks, correctional facilities and State-assisted housing as well as environmental quality projects. Advances are made for capital construction costs reimbursable by public authorities, the Federal or local governments, or from the proceeds of State bond and note sales.

Bond Proceeds - Includes the proceeds of General Obligation Bonds and short-term notes issued in the form of commercial paper or Bond Anticipation Notes (BANs) and are stated net of notes redeemed from the proceeds of long-term bonds or reissued notes.

Operating Transfers - Constitutes legally authorized transfers from a fund receiving revenues, to a fund through which disbursements will ultimately be made.

Note 4 — Reservations of General Fund Balance

Fund balance may be legally segregated for specific future use or set aside informally for specified purposes. The following terms are used in the reporting of reservations of balances in the General Fund:

Tax Stabilization Reserve Fund - Created pursuant to law in order to provide a reserve to finance a cash-basis operating deficit in the General Fund at the end of the fiscal year, and to make temporary loans to the General Fund during the year. Annual deposits may not exceed 0.2 percent of General Fund spending and the balance may not exceed 2.0 percent of General Fund spending. These amounts may be borrowed by the General Fund temporarily and repaid within the same fiscal year. They may also be borrowed to cover an operating deficit at year end, but these loans must be repaid within six years in no less than three annual installments.

Rainy Day Reserve Fund - Created pursuant to law, to account for funds set aside for use during economic downturns or in response to a catastrophic event, as defined in the law. The economic downturn clause is triggered after five consecutive months of decline in the State's composite index of business cycle indicators. The reserve may have a maximum balance equal to 3 percent of projected General Fund spending during the fiscal year immediately following the then-current fiscal year.

Contingency Reserve Fund - Created pursuant to law to provide a reserve to fund extraordinary needs arising from litigation against the State. These amounts may be used for payment of judgments against the State where the amount is in excess of \$25 million and such payments are not previously appropriated, or emergency payments relating to natural or physical disasters, or to make payments for the enhancement of the State's economy.

Community Projects Fund - Created pursuant to law to finance discretionary, usually local, projects ("member items") sponsored by individual legislators and the Governor. The Enacted State Budget previously included lump sum appropriations for the Governor, Senate and the Assembly, to be designated for various grants, awards and contracts with local governments, not-for-profit organizations and community groups. The FY 2016 Executive Budget includes no new appropriations.

Debt Management - Reserved for i) the payment of principal, interest, or related expenses, ii) retiring or defeasing existing State-supported debt obligations, including accrued interest, and iii) the funding of capital projects, equipment, or similar expenses that would otherwise be financed with debt.

Undesignated Fund Balance - From time to time, DOB will informally designate unrestricted balances in the General Fund for specific policy goals. These amounts are typically identified with the phrase “reserved for.”

Prior-Term Labor Agreements - Due to the nature of the timing of labor agreements, DOB will informally reserve balances for possible prior year costs for unions without current contracts.

Monetary Settlements - Includes receipts from monetary settlements that are not yet programmed. See page 34 for more information.

Note 5 — Spending Adjustments

Certain Special Revenue accounts formerly reported in the Financial Plan as Federal Operating Funds have been reclassified to State Operating Funds. The State changed this reporting with the FY 2012 Executive Budget. This change has the effect of increasing the reported disbursements from State Operating Funds, and reducing reported disbursements from Federal Operating Funds by an equal amount. Accordingly, there is no impact on the State's reported All Governmental Funds spending totals.

Note 6 — Items Affecting Annual Comparability

American Recovery and Reinvestment Act of 2009 (ARRA) - On February 17, 2009, President Obama signed into law the ARRA of 2009. This Act contains provisions for direct Federal aid for fiscal relief, consisting of increases in the Federal matching rate for eligible State Medicaid expenditures, and funds provided through the State Fiscal Stabilization Fund to restore proposed reductions in education, higher education, and to maintain essential government services. Primary ARRA-related support ended in FY 2012.

Superstorm Sandy - In October 2012, Superstorm Sandy caused widespread flooding, power failures, and wind damage to public and private property in New York City, Long Island, and other downstate areas. Public infrastructure, including mass transit systems, public schools, and municipal buildings, sustained serious damage. The FY 2016 Executive Budget reflects Federal aid which will flow to local governments, public authorities, and not-for-profits over the next three years to continue the State's recovery from Superstorm Sandy.

Federal Health Care Transformation

- **Affordable Care Act** - The ACA, which became effective January 1, 2014, is intended to provide access to health insurance coverage, ensure appropriate access to care, and to contain escalating health care costs. The FY 2015 Enacted Budget Financial Plan

reflected the impact of the ACA in a number of ways, including, but not limited to, the benefit of lower costs associated with the State share of Medicaid as a result of enhanced Federal funding provided for Medicaid costs and program expansion. In addition, beginning in FY 2015, DOH will assume new costs during the Financial Plan period associated with operating the NYSOH insurance benefit exchange, which is the State's single point of access insurance marketplace as mandated by the ACA, as well as to implement new information systems designed to improve health insurance claiming.

- **Federal Delivery Service Reform Incentive Payments** - On April 14, 2014 Governor Andrew M. Cuomo announced that terms and conditions were finalized between the State and Federal governments allowing the State to reinvest \$8 billion in Federal savings generated by MRT reforms. The waiver amendment will address critical health care issues statewide and allow for comprehensive reform through a DSRIP program. The DSRIP program will promote community-level collaborations and focus on system reform, specifically a goal to achieve 25 percent reduction in avoidable hospital use over five years, and clinical and population health improvements. The FY 2016 Executive Budget Financial Plan reflects the impact of the DSRIP program through additional Federal Funds disbursements of approximately \$7 billion over the five-year planning period. The remainder of the DSRIP program reinvestment funding is expected to be disbursed in years beyond the current planning period.
- **Basic Health Plan** - The BHP is a health insurance subsidy program, authorized through the provisions of the ACA. The FY 2015 Enacted Budget authorized the State's option to participate in the BHP. The FY 2016 Executive Budget assumes the State will participate and begin phasing in certain legally residing immigrants currently receiving State-only Medicaid coverage. Individuals who meet the eligibility standards of the BHP will be enrolled through the NYSOH insurance exchange, with the cost of insurance premiums subsidized by the State and Federal government. When fully implemented, approximately 75 percent of program expenditures are expected to be financed with Federal funding. The State funding for BHP in FY 2016 Executive Budget is offset by State Funds Medicaid program savings and additional Federal Funds are recognized through the duration of the planning period.

Mergers - State agency mergers in recent years impacting the Financial Plan tables include the following:

- New York State Gaming Commission was created and made effective on February 1, 2013. The Commission merged the functions and responsibilities of the former Division of the Lottery and the former Racing and Wagering Board. As such, spending for FY 2013 has been reflected in the former agencies, while projections for FY 2014 and forward reflect the impact of the agency merger.
- The activities of the Commission on Quality of Care and Advocacy for Persons with Disabilities (CQCAPD) were subsumed by the New York State Justice Center for the Protection of People with Special Needs when it became operational on June 30, 2013.

- Division of Parole merged with the Department of Correctional Services to become the new DOCCS.
- Consumer Protection Board merged into Department of State.
- Foundation for Science, Technology, and Innovation merged into the Department of Economic Development.
- Banking and Insurance Departments merged into a new agency known as the Department of Financial Services.

Note 7 — State Funding of SUNY Operating Support

As part of the FY 2013 Budget, the State changed the process through which SUNY receives the State share of its operating support, from direct General Fund spending to General Fund transfers. SUNY's special revenue tuition offset account, which was traditionally used to offset the State's direct General Fund spending for SUNY operations, now reflects all spending for the university operations, effective with the academic year that began in July 2012. All General Fund support for SUNY operations is now transferred by the General Fund to this special revenue account, supplementing tuition revenue also being received by this account, and from which all university operations are funded.

Note 8 — Off-Budget Transactions

Represent certain capital spending that is not reported in cash spending results, but is reported in the State's GAAP Financial Statements. This spending is related to programs which are financed directly from bond proceeds that are on deposit at various public authorities, rather than from a loan from STIP or the General Fund.

Note 9 — General Fund/HCRA Combined Gap

The FY 2015 Enacted Budget extended the HCRA authorization through March 31, 2017. HCRA is projected to remain balanced through FY 2019. However, any unaddressed shortfall would need to be financed by the General Fund or reduction in HCRA programs.

Note 10 — MTA Financial Assistance Fund

The Metropolitan Commuter Transportation Mobility Tax (Mobility Tax) is imposed on certain employers and self-employed individuals engaging in business within the MCTD. This revenue source is collected by the State on behalf of, and disbursed in its entirety to, the MTA. Due to requirements of the enabling legislation, the tax is reflected in the State's Special Revenue Funds, increasing estimated receipts and disbursements.

Additional funding to support the total aid provided to the MTA is provided through a transfer from the General Fund, pursuant to December 2011 tax reform legislation which exempts school districts and small businesses operating within the MCTD from the provisions of the Mobility Tax.

Note 11 — Changes to the Medicaid Program

Since January 2006, the State has paid the entire non-Federal share of the FHP program and any annual Medicaid increases above a fixed level that would have otherwise been paid for by Local Social Services Districts. These statutory indexing provisions were amended through legislation included in the FY 2013 Enacted Budget to implement a three-year phased-takeover of the Local Social Services Districts' share of all growth above the previous year's enacted levels beginning on April 1, 2013 for County Year 2013, with the State assuming all growth in County Year 2015.

Note 12 — Statewide Cash Flow Administration

OSC invests General Fund moneys, bond proceeds, and other funds not immediately required to make payments through STIP, which is comprised of joint custody funds (Governmental Funds, Internal Service Funds, Enterprise Funds and Private Purpose Trust Funds), as well as several sole custody funds including the Tobacco Settlement Fund.

OSC is authorized to make short-term loans from STIP to cover temporary cash shortfalls in certain funds and accounts, including the General Fund, resulting from the timing of receipts and disbursements. The Legislature authorizes the funds and accounts that may receive loans each year, based on legislation submitted annually. Loans may be granted only for amounts that the Director of the Budget certifies are "receivable on account" or can be repaid from the current operating receipts of the fund (i.e., loans cannot be granted in expectation of future revenue enhancements).

Note 13 — Transfer Eliminations

The Special Revenue Funds and Capital Projects Funds include transfers of resources between Federal and State accounts within each fund. In some instances, Federal aid that is initially deposited into a Federal account is transferred to State accounts where the aid is used to support the programs for which it is intended to fund. To avoid recording spending twice, initially as the transfer of resources to another account and subsequently when payments are made, these transfers are eliminated in these funds. The transfer eliminations are consistent with the State Comptroller's accounting practices shown in Exhibit A of the Comptroller's Annual Report to the Legislature.

Note 14 — Outstanding Temporary Loans Summary

The total outstanding loan balance as of March 31, 2014 was \$2.2 billion, comprised of advances for bond-reimbursable capital spending pending the receipt of bond proceeds (\$1,035 million), activities that are financed initially by the State pending Federal receipt (\$643 million), State Special Revenue Funds (\$443 million), and Proprietary Funds (\$123 million).

The total loan balance typically increases throughout the State fiscal year, reaching its peak between the second and third quarters. The spike mainly reflects the payment of lottery aid for education, which is financed in large part by a loan that is repaid over the course of the year as lottery revenues are received.

Note 15 — Pension Amortization

The Financial Plan projections assume that the State and OCA will amortize pension costs above a certain percentage of payroll, as authorized by legislation enacted in FY 2011. Amortization (deferment of payment) temporarily reduces the pension costs that must be paid by the State in a given fiscal year, but results in higher costs overall when repaid with interest. Consistent with the authorizing legislation, the interest cost is calculated by OSC. In FY 2015, the interest rate charged on the deferred amounts will be 3.15 percent. Outyear repayments of amortizations in the following table assume that 3.15 percent interest will continue to be charged. The amortization threshold (the “graded rate”) is projected to exceed the normal rate in each of the next four fiscal years. Therefore, amortization of State and OCA pension costs is also projected through FY 2019.

STATE PENSION COSTS AND AMORTIZATION SAVINGS (millions of dollars)									
	FY 2011	FY 2012	FY 2013	FY 2014	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019
AMORTIZATION THRESHOLDS (Graded Rate)									
ERS (%)	9.5	10.5	11.5	12.5	13.5	14.5	15.5	16.5	17.5
PFRS (%)	17.5	18.5	19.5	20.5	21.5	22.5	23.5	24.5	25.5
STATEWIDE PENSION (NET COST)	1,470	1,697	1,601	2,086	2,095	2,237	2,471	2,665	2,894
Gross Pension Costs	1,633	2,141	2,192	2,744	2,434	2,221	2,333	2,405	2,519
(Amortization Savings) / Excess Contributions	(250)	(563)	(779)	(937)	(713)	(395)	(299)	(212)	(122)
Repayment of Amortization (incl. FY 2005 and FY 2006)	87	119	188	279	374	411	437	472	497

Note 16 — 2 Percent Spending Benchmark

The line on the Financial Plan tables labeled “Adherence to 2 percent Spending Benchmark” is the estimated savings that would be realized by limiting annual spending growth in future years to 2 percent. The Governor is expected to propose, and negotiate with the Legislature to enact, budgets that hold State Operating Funds spending growth to 2 percent. The General Fund operating projections assume that all savings from adhering to 2 percent spending growth are made available to the General Fund.

Note 17 —Reclassification of SUNY Dormitory Income Fund

Legislation included with the FY 2014 Enacted Budget created a new bonding program for SUNY Dormitory Facilities. The new bonding program is supported solely by third party revenues generated by student rents. All rental revenues initially flow to DASNY for the payment of debt service on SUNY Dormitory Facilities, after which the balance of rental revenues are credited to the State's SUNY Dormitory Income fund to support other costs associated with SUNY Dormitory Facilities. There will be no prospective debt service spending from the SUNY Dormitory Income fund, and therefore this fund has been reclassified from a Debt Service Fund to a Special Revenue Fund of the State, effective in FY 2015.

Reflects certain capital spending that is not reported in actual cash spending results, but is reported in the State's GAAP Financial Statements. This spending is related to programs which are financed directly from bond proceeds that are on deposit at various public authorities rather than from a short-term loan from the Short-Term Investment Pool or cash from the General Fund.

- Reduce NYC Drug Diversion Program Spending	(0.2)	(0.2)	0.0	0.0	0.0	0.0
Total 2015-16 Exec. Budget Actions	83.1	(1.1)	0.0	85.2	(0.4)	(0.6)

*This does not reflect the \$220 million in savings for New York City through SFY 2018-19 from this proposal, which would be reinvested in homeless assistance programs and services.

Note: Due to the inability to determine the precise impacts by class of government as well as the anticipated timing by fiscal year, these totals do not include the following actions affecting local governments: up to \$150 million in settlement funds for municipal restructuring, a potential \$10 million benefit from auditing NYSHIP dependent eligibility, and \$5 million in grants for local water fluoridation systems.

NOTE 1: Cash disbursements can vary from the level of available appropriation authority due to intra-year transfers or suballocation, changes in the amount and timing of carry-out spending across years, and the use of agency appropriation interchange authorization. Appropriation amounts include new appropriation authority, reappropriations, and other appropriation amendments, but do not include carry-in authority from prior years which is subject to lapse.

NOTE 2: Special statewide appropriation authority is available to all State agencies to meet funding needs during emergencies, and for the Federal Government's share of costs resulting from natural or man-made natural disasters in advance of the availability of Federal reimbursement.

NOTE 3: The State maintains two-year appropriations for School Aid and Medicaid programs. The Medicaid appropriation also includes authorization for Medicaid spending that is expected to occur in agencies outside of DOH.

NOTE 1: Cash disbursements can vary from the level of available appropriation authority due to intra-year transfers or suballocation, changes in the amount and timing of carry-out spending across years, and the use of agency appropriation interchange authorization. Appropriation amounts include new appropriation authority, reappropriations, and other appropriation amendments, but do not include carry-in authority from prior years which is subject to lapse.

NOTE 2: Special statewide appropriation authority is available to all State agencies to meet funding needs during emergencies, and for the Federal Government's share of costs resulting from natural or man-made natural disasters in advance of the availability of Federal reimbursement.

NOTE 3: The State maintains two-year appropriations for School Aid and Medicaid programs. The Medicaid appropriation also includes authorization for Medicaid spending that is expected to occur in agencies outside of DOH.
