# Introduction

The DOB<sup>1</sup> publishes the Capital Program and Financing Plan twice a year, with the Executive Budget and the Enacted Budget. It describes the State’s multi-year capital program, the way it will be financed, and the impact of debt on the State’s Financial Plan.

The Enacted Budget Capital Program and Financing Plan (the “Enacted Capital Plan” or the “Plan”) reflects capital spending and debt issuances in the FY 2016 Enacted Capital Plan.

The Enacted Capital Plan consists of five major sections as follows:

- **The Executive Summary** summarizes the State’s capital initiatives, 10-year planning projections, debt issuance plans, limitations on State debt, overall capital spending and projected levels of debt service costs, debt outstanding, new debt issuances, and debt retirements.
- **FY 2016 Capital Program and Financing Plan** provides estimates of annual capital spending and debt by program area and financing source.
- **Multi-Year Capital Plan** provides a summary of the multi-year impact of the FY 2016 Capital Program and Financing Plan and describes agency capital goals, objectives, and capital maintenance efforts.
- **Debt Affordability** includes information related to the State’s actual and projected debt levels and debt service costs, as well as comparisons to objective affordability measures.
- **Detailed Data** explains various State debt limitations and provides detailed tables on capital projects financing, State-related debt, and debt service costs.

Terminology used throughout the Enacted Capital Plan includes “commitment(s),” meaning the amount an agency expects to place under contract for a given fiscal year; and “appropriation(s),” referring to the statutory authorization against which expenditures (liability) and disbursements (cash) may be made during a specific State fiscal year. In general, this legal authority allows State agencies to spend money. Agency appropriations, commitments and disbursements data can be found in the Agency Summary and Detail Tables section.

---

<sup>1</sup> Please see “Glossary of Acronyms” at the end of this document for the definitions of commonly used acronyms and abbreviations that appear in the text.

## Reporting On State Debt

The Plan provides information on State-supported debt and the broader measure of State-related debt:

**State-supported debt** represents obligations of the State that are paid from traditional State resources (i.e., tax revenue) and have a budgetary impact. It includes General Obligation debt approved directly by the voters and debt authorized by the Legislature, acting on behalf of the people, and issued on behalf of the State by public authorities, where the State is contractually obligated to pay debt service, subject to appropriation. All debt authorized by the Legislature must be approved by the Public Authorities Control Board, and the board of the issuing authority, with the exception of General Obligation Bonds. The State's debt reform caps on debt outstanding and debt service apply to State-supported debt.

**State-related debt** is a broader measure that includes State-supported debt, State-guaranteed debt, moral obligation financings, and certain contingent-contractual obligation financings, where debt service is paid from non-State sources in the first instance, and State appropriations are available, but typically not expected to be needed, to make payments.

State debt is reported in the Plan on a cash basis and includes all debt issued by the State and public authorities acting on its behalf for government activities and business-type activities as defined in the CAFR.

State debt does not include debt that is issued by State public authorities for which the State has no financial obligation (i.e., "conduit debt"), or debt issued by or on behalf of local governments and secured (in whole or in part) by State local assistance aid payments. For example, certain school districts and New York City have pledged State aid to help pay debt service for locally sponsored and locally determined financings. Additionally, certain of the State's public authorities issue debt supported by non-State resources (i.e., NYSTA toll revenue bonds, TBTA or MTA revenue bonds, or DASNY dormitory facilities revenue bonds) or issue debt on behalf of private clients (i.e., DASNY hospital revenue bonds). Because this debt was not issued by the State (nor on behalf of the State), it does not result in a State obligation to pay debt service, and is not considered State debt in the CAFR, therefore it is not included in the Plan. Instead, this debt is accounted for in the respective financial statements of the local governments responsible for the issuance of such debt.

## For More Information

Additional information on the State's debt portfolio is available on DOB's public website ([New York State Division of the Budget](#)). The Investor's Guide section of the site contains detailed information on New York State bonds including: swap and variable rate capacity reports, PIT and Sales Tax Revenue Bond debt service and debt outstanding, credit ratings on New York State bonds, and the State's bond issuance schedule. In addition, the State's public website ([New York Bonds](#)) is tailored to potential investors of New York State bonds. The site provides specific information on the types of credits that New York State offers as well as the process for purchasing bonds.

## FY 2016 Capital Plan

### Summary

Since FY 2014, the State has produced 10-year capital planning projections that are designed to fund the capital needs of State agencies, while maintaining affordable levels of debt. Debt issuances for 10-year capital projections are sized to fit within the limits established by the State's statutory debt cap. With the proposed capital initiatives in the FY 2016 Enacted Capital Plan, the State will continue to experience steady improvement in common debt affordability measures over the next ten-year period (see "Affordable 10-Year Capital Planning" herein).

Debt outstanding has declined from \$55.7 billion in FY 2011 to \$54.2 billion in FY 2015. For the first time in over 50 years, debt outstanding declined for three consecutive years (FY 2013 through FY 2015).

### Enacted Capital Initiatives

The FY 2016 Enacted Capital Plan reflects a significant increase in capital spending, in part due to new capital initiatives funded from resources from monetary settlements between regulators and financial institutions. Capital spending is projected to increase from \$8.3 billion in FY 2015 to \$11.2 billion in FY 2016, an increase of \$2.9 billion, or 35 percent. The Plan continues to provide funding for the preservation and improvement of roadways; bridges; educational, mental health, and correctional facilities; parks and environmental lands and facilities; and capital grants to foster further economic growth.

### Monetary Settlements

At the Executive Budget, the State expected to receive a total of \$5.4 billion in FY 2015 (net of amounts budgeted in the Financial Plan) from monetary settlements reached by the Department of Financial Services, Department of Law, and Manhattan District Attorney's Office with financial institutions. As of March 31, 2015, the State received \$4.1 billion due to the delayed receipt of \$1.3 billion from BNP Paribas, which is expected in FY 2016. The FY 2016 Enacted Budget uses these one-time resources to fund one-time purposes, rather than using them for recurring expenditures, which would make it more difficult to balance future budgets. The Enacted Budget uses the settlement funds for the following initiatives:

- **New Capital Initiatives (\$4.6 billion):** The Enacted Budget established a new capital fund called the Dedicated Infrastructure Investment Fund. The Fund will support the Upstate Revitalization Initiative and the Special Infrastructure Account. The Upstate Revitalization Initiative will make grants to upstate communities to promote transformative economic development initiatives, mirroring a similar program underway in Western New York. Funding allocations will be awarded on a competitive basis. Additionally, the Fund will support the Special Infrastructure Account, which will make targeted investments in broadband expansion; municipal restructuring; hospitals and other health care related

investments; resiliency, mitigation, security and emergency response; the Thruway Stabilization Program; and other transit and economic development related projects.

- **Financial Plan Reserves (\$850 million):** The Enacted Budget reflects the use of \$850 million in monetary settlement funds to fund a recent settlement between the State and Federal government to resolve Federal disallowances. This agreement resolves a pending disallowance for FY 2011 and all related payment disputes for State-operated services prior to April 1, 2013. For the period after April 1, 2013, the State and Federal government agreed to lower Medicaid payment rates to address the funding issues prospectively.

In addition to the capital initiatives being funded by the monetary settlements, the FY 2016 Enacted Capital Plan includes the following capital investments:

- **Transportation Initiatives:** The Plan includes \$1.75 billion in new incremental authorization to the DOT (\$1.0 billion) and the MTA (\$750 million).
  - **DOT:** Funding includes the first \$150 million of a new \$750 million 5-year investment for a State and local bridge initiative, which will accelerate the rehabilitation, reconstruction, or replacement of approximately 100 bridges serving freight, agricultural, and commerce corridors, and also includes the first \$100 million of a new \$250 million 2-year investment that will accelerate completion of State highway and bridge projects that had been programmed for later years. Furthermore, the Enacted Budget maintains CHIPS/Marchiselli local program funding at \$478 million, and also includes a special Extreme Winter Recovery appropriation of \$50 million to mitigate the effects on local infrastructure caused by the severe 2014-15 winter season.
  - **MTA:** Funding includes \$750 million for the State's contribution to the MTA's 2015-19 capital program. These funds will improve the MTA's core infrastructure. Spending continues from the State's \$770 million FY 2013 appropriation and the \$1.5 billion dedicated to the MTA from the 2005 Transportation Bond Act. Additionally, the Enacted Budget provides \$250 million from monetary settlement monies for the MTA's Penn Station Access project, effectively making the State's total contribution to MTA's 2015-19 capital program \$1 billion.
- **Health Care Facility Restructuring:** The Plan includes a \$1.0 billion initiative (in addition to \$400 million of funding from settlement money) to support projects that improve the State's health care delivery system. Funding will be used to stabilize hospitals and make infrastructure investments to expand access to community-based primary and preventative health care services in Brooklyn and create an integrated delivery system in Oneida County.

For more information on capital initiatives, please refer to "New Capital Initiatives" in the Capital Program and Financing Plan section of this report.

## 10-Year Capital Planning Projections for State Capital Activities

Based on several sources and assumptions, statewide capital investment for FY 2016 will total approximately \$22.1 billion, including \$11.2 billion of State spending and \$10.9 billion of public authority spending (not captured in the State budget). The following table shows the capital spending projections for State agencies and public authorities for FY 2016. (The projections are for fiscal years ending in 2016). The public authority information is from the New York Works Statewide Capital Plan.

TOTAL ESTIMATED CAPITAL SPENDING IN FY 2016 (thousands of dollars)	
Total- State Budgeted Capital Spending	11,202,232
Total- Public Authorities (Not in State Budget)	10,866,108
<b>Total</b>	<b>22,068,340</b>

The Enacted Capital Plan summarizes the capital activities for State agencies and purposes, as well as the State's financial assistance for the capital activities of certain State authorities, including the MTA.

The Enacted Capital Plan presents 10-year capital commitment and disbursement projections for State agencies in order to meet long-term planning goals. The commitments and disbursements over the 10-year planning horizon have been sized to ensure compliance with the State's debt limit, based on current estimates of personal income, the historical and projected pace of capital activity, and other factors. DOB updates the rolling 10-year projections annually, as part of the Executive Capital Budget. These projections reflect a uniform set of capital planning assumptions for all State agencies. Using a consistent approach makes it easier to compare and prioritize investments.

The State continues to invest in core assets and fund new initiatives. Capital projects cover a broad array of purposes, including fortifying infrastructure, upgrading technology to prepare students for the 21<sup>st</sup> century, revamping the State’s health care facilities, and promoting economic development. Resources will be used to maintain/improve roads and bridges, support technological upgrades to schools, and build and renovate higher education facilities, parks, environmental facilities, and other capital assets. This level of capital investment remains elevated relative to historical standards.

## Affordable 10-Year Capital Planning

The 10-year capital planning projections show steady improvement in common affordability measures. A common metric to analyze debt affordability is the amount of outstanding debt relative to State personal income. As shown in the chart below, debt to personal income is projected to decline from 4.8 percent in FY 2016 to 4.0 percent in FY 2025 under the planning assumptions. The debt to personal income ratio shows gradual improvement, despite factoring in sizeable capital additions in future years.

COMPARISON OF STATE-RELATED DEBT OUTSTANDING TO PERSONAL INCOME (billions of dollars)										
	2016	2017	2018	2019	2020	2021	2022	2023	2024	2025
State Debt Outstanding	55.3	57.2	58.6	59.7	61.2	59.4	63.2	67.8	71.8	71.6
Personal Income <sup>(1)</sup>	1,156	1,215	1,279	1,345	1,413	1,474	1,537	1,603	1,672	1,744
Debt/Personal Income (%)	4.8%	4.7%	4.6%	4.4%	4.3%	4.0%	4.1%	4.2%	4.3%	4.1%

<sup>(1)</sup> Represents Executive Budget estimates through FY 2020, and assumed to grow 4.3 percent (20-Year Average) thereafter.

The information that follows in subsequent sections covers the first five years of the Plan, consistent with the requirements of State Finance Law. All data in the first five years of the Plan are consistent with the 10-year plan shown previously.

## Capital and Debt Management Reforms

The Enacted Capital Plan includes statutory and administrative reforms that are expected to enhance the State's capital and debt management practices, and generate savings for FY 2016 and beyond. The reforms include:

- Extending, by two years, design-build contracting provisions that optimize quality, cost, and efficiency. The most prominent example of the savings achieved using the design-build procurement method is the \$3.9 billion New NY Bridge project, which will replace the existing Tappan Zee Bridge at a cost that is \$1 billion less than was previously estimated.
- Continuing to utilize the State's new Sales Tax Revenue Bond credit to reduce interest costs and streamline debt issuance. The new credit is secured by one penny of the State sales tax, and replicates the strong credit features of the PIT Bond program. This will continue to diversify the State's credit offerings, and enable greater investor participation, resulting in lower debt service costs. Since the new bonds are subject to the debt cap, it will not result in additional State borrowing. It is a means to borrow money more efficiently within existing constraints.
- Continuing to prohibit borrowing to finance State administrative personnel. These costs will be funded from annual operating revenue. This important reform will assist the State in abiding by the Debt Reform Act cap.
- Including a transfer and the ability to spend up to \$500 million from DRRF that could be used to reduce the State's debt burden and maintain bond capacity under the State's debt caps. Potential DRRF uses include paying down existing debt, and cash financing capital projects that would otherwise be funded with debt.
- Continuing the State's policy goal of selling 50 percent of new debt issuances on a competitive basis in FY 2016, market conditions permitting. The State issued 52 percent, or \$2.8 billion, in debt on a competitive basis in FY 2015.

- Pursuing options to improve oversight and management of State-supported bond transactions. The State (DOB) completed a centralized procurement for Financial Advisor Services. This contract will be used by DOB and its State debt issuers for all bond transactions to be executed in FY 2016 and beyond. This will ensure consistent advice across State bond transactions. DOB plans to explore other opportunities to consolidate and streamline management of the State debt portfolio.
- Improving and simplifying the execution of smaller capital projects by raising the thresholds for projects that may be undertaken directly by agencies and for emergency projects, which will enable agencies to respond quicker and more efficiently on lower cost projects. This initiative is the result of an in-depth look at how various agencies make capital decisions to preserve and improve their real estate assets, and an effort to improve these processes.

## Capital Projects Spending Overview

State capital projects spending is projected to total \$11.2 billion in FY 2016. This includes \$10.3 billion in spending that appears in the State's Financial Plan and \$889 million in "off-budget" spending that is financed directly from bond proceeds. Capital spending in FY 2016 is expected to be financed with State-supported debt (\$6.1 billion, 54 percent), Federal aid (\$1.4 billion, 13 percent), and State cash resources (\$3.7 billion, 33 percent). Capital spending over the next five years is expected to average approximately \$11.3 billion annually, with the largest spending for transportation (40 percent) and higher education (15 percent). In FY 2016, capital spending growth is projected to increase by 35 percent on a year-over-year basis.

## Debt Outstanding

State-related debt outstanding is projected to total \$55.3 billion in FY 2016, an increase of \$1.1 billion (2.1 percent) from FY 2015. New debt issuances are expected to total \$5.2 billion in FY 2016, offset by \$4.1 billion in debt retirements. The annual increase in debt outstanding includes \$1.1 billion for education facilities, \$277 million for health and mental hygiene, \$261 million for transportation, and \$249 million for economic development and housing.

Over the period of the Plan, State-related debt outstanding is projected to increase from \$54.2 billion in FY 2015 to \$61.2 billion in FY 2020, or an average increase of 2.5 percent annually.

## Debt Issuances

Debt issuances totaling \$5.2 billion are planned to finance new capital project spending in FY 2016, an increase of \$2.0 billion (61 percent) from FY 2015. The bond issuances will finance capital commitments for education (\$1.7 billion), transportation (\$1.4 billion), economic development (\$844 million), health and mental hygiene (\$600 million), State facilities and equipment (\$345 million), and the environment (\$268 million).

Over the period of the Plan, new debt issuances are projected to total \$29.0 billion. New issuances are for education facilities (\$9.7 billion), transportation infrastructure (\$7.9 billion), economic development (\$4.7 billion), mental hygiene and health care facilities (\$3.3 billion), State facilities and equipment (\$1.9 billion), and the environment (\$1.5 billion).

## Debt Retirements

The State expects to retire \$4.1 billion of debt in FY 2016, approximately \$121 million (3.1 percent) more than in FY 2015. The majority of the increase in retirements is for economic development and housing (\$84 million), deficit bonds secured by revenues from the payments to the State under the master settlement agreement with tobacco companies (\$62 million), and environment (\$26 million). Additional retirements are possible through debt management actions, including the use of DRRF. Debt retirements are projected to increase to \$4.4 billion in FY 2020.

## Debt Service

State-related debt service is projected at \$5.7 billion in FY 2016, a decrease of \$1.0 billion (15.0 percent) from FY 2015, which is due, in large part, to debt prepayments. State-supported debt service, which is the better measure of State resources needed to pay annual debt service, is projected at \$5.1 billion in FY 2016, a decrease of \$1.1 billion (17.2 percent) from FY 2015. State-related debt service is projected to increase from \$6.7 billion in FY 2015 to \$7.4 billion in FY 2020, an average rate of 2.1 percent annually.

## Debt Affordability Measures

Overall debt affordability measures from FY 2015 through FY 2020 show:

- State-supported debt outstanding is projected to remain under the statutory debt cap over the Plan period, declining to a low point of about \$498 million in excess capacity in FY 2019.
- State-related debt service as a share of All Funds Receipts is projected to decrease from 4.5 percent in FY 2015 to 3.7 percent in FY 2016 and then increase to 4.5 percent in FY 2020.
- State-related debt outstanding as a percentage of personal income is expected to decrease from 4.9 percent in FY 2015 to 4.3 percent in FY 2020.

## Debt Reform Act Limit

The Debt Reform Act of 2000 (“Debt Reform Act”) restricts the issuance of State-supported debt to capital purposes only, and for maximum terms of 30 years. The Debt Reform Act limits the amount of new State-supported debt to 4 percent of State personal income, and new State-supported debt service costs to 5 percent of All Funds receipts. The restrictions apply to all new State-supported debt issued since April 1, 2000. The cap on new State-supported debt outstanding began at 0.75 percent of personal income in FY 2001, and was fully phased in at 4 percent of personal income during FY 2011. The cap on new State-supported debt service costs began at 0.75 percent of All Funds receipts in FY 2001, and was fully phased in at 5 percent during FY 2014. The State was found to be in compliance with the statutory caps in the most recent calculation period (FY 2014).

Current projections anticipate that debt outstanding and debt service will continue to remain below the limits imposed by the Debt Reform Act. Based on the most recent personal income and debt outstanding forecasts, the available room under the debt outstanding cap is expected to decline from \$4.1 billion in FY 2015 to \$498 million in FY 2019. This includes the estimated impact of the bond-financed portion of proposed increased capital commitment levels. Debt outstanding and debt service caps continue to include the existing SUNY Dormitory Facilities lease revenue bonds, which are backed by a general obligation pledge of SUNY. Bonds issued under the new SUNY Dormitory Facilities Revenue credit are not included in the State’s calculation of debt caps. Capital spending priorities and debt financing practices may be adjusted from time to time to preserve available debt capacity and stay within the statutory limits, as events warrant.

# Capital Program and Financing Plan

## FY 2016 Capital Projects Spending

The Enacted Capital Plan balances the need to preserve the State’s assets, invest in new initiatives, and maintain a plan that is affordable. The Plan limits debt issuances to a level that allows the State to remain in compliance with its statutorily imposed debt limits, while continuing to implement the recommendations of the New York Works Task Force, and maintains significant capital spending for core capital projects. Also, the Plan recommends substantial new investments in transportation infrastructure, economic development, health care, and other targeted program areas.

Spending on capital projects is projected to total \$11.2 billion in FY 2016, which includes \$889 million in “off-budget” spending. Overall, capital spending in FY 2016 is projected to increase by \$2.9 billion or 35 percent from FY 2015.

# Capital Program and Financing Plan

## Capital Projects Appropriations

The Enacted Budget includes \$15.7 billion in capital appropriation authority, all of which will be committed and spent over a multi-year period. The Plan includes capital appropriations for ongoing core capital projects and new targeted initiatives, which are described below.

FY 2016 ENACTED BUDGET CAPITAL APPROPRIATIONS (thousands of dollars)		
	FY 2016 Appropriation	FY 2016 Appropriation
<b>Special Infrastructure Account</b>	<b>3,050,000</b>	<b>Health &amp; Mental Hygiene</b>
Thruway Stabilization Program	1,285,000	1,490,572

<sup>(1)</sup>\$100 million per year over four years.  
<sup>(2)</sup>\$150 million per year over five years for total of \$750 million.  
<sup>(3)</sup>Annual commitment amounts of \$50 million, \$75 million, \$75 million.

## Financial Settlements

The State expects to receive approximately \$5.4 billion (net of amounts budgeted in the Financial Plan) from financial settlements reached by the Department of Financial Services, Department of Law, and Manhattan District Attorney’s Office with financial institutions. The FY 2016 Enacted Budget uses these one-time resources to fund one-time purposes, rather than using them for recurring expenditures, which would make it more difficult to balance future budgets. The Enacted Budget uses \$4.6 billion to fund new capital programs, including the Special Infrastructure Account (\$3.1 billion) and Upstate Revitalization Initiative (\$1.5 billion).

## New Capital Initiatives

### Special Infrastructure Account

The Enacted Capital Plan includes a \$3.1 billion Special Infrastructure Account that will be used to fund a range of investments from large-scale, complex infrastructure projects to smaller, strategic investments across New York State. Funds may be used to provide grants or loans. The Account will also provide funding to address the structural challenges being encountered by both health care delivery systems and municipalities. In addition, the Account provides resources for disaster preparedness and response. The Plan recommends specific allocations as follows:

- **Thruway Stabilization Program (\$1.3 billion):** The Plan includes a new capital appropriation of \$1.285 billion to fund the Thruway Stabilization Program for expenses related to both the New NY Bridge and the statewide system.
- **Penn Station Access (\$250 million):** MTA's Penn Station Access project, which will open a new Metro-North link directly into Penn Station, will provide enhanced system resiliency, improvement in regional mobility, and construction of four new Metro-North stations in the Bronx.
- **Infrastructure Improvements (\$115 million):** The Plan provides \$115 million for capital investments in infrastructure including State Fair, transit, rail, port, and aviation facilities that promote economic development.
- **Broadband Initiative (\$500 million):** The Plan establishes a \$500 million New NY Broadband Fund to expand the availability and capacity of broadband across the State. This program will expand the creation of ultra-high-speed networks and promote broadband adoption.
- **Hospitals (\$355 million):** The Plan provides up to \$355 million of grants to essential health care providers that facilitate mergers, consolidation, acquisition, or other significant corporate restructuring activities intended to create a financially sustainable system of care that intends to promote a patient-centered model of health care delivery. An essential health care provider is a hospital or hospital system that offers health services in a region deemed to be underserved by the Health Commissioner. Funding may be used to restructure debt obligations or fund capital improvements to facilitate mergers and consolidations of hospitals in rural communities.
- **Other Health Care (\$45 million):** The Plan provides \$15.5 million to support capital expenses of the Roswell Park Cancer Institute; \$19.5 million to establish a community health care revolving loan; and \$10 million for IT and other infrastructure costs associated with the inclusion of behavioral health sciences in the Medicaid Managed Care benefit package.

- **Transformative Economic Development Projects (\$150 million):** The Budget includes \$150 million to support transformative economic development and infrastructure projects on Long Island. The State's investment will catalyze private investment, spurring significant economic development and job creation to help strengthen local communities and their economies.
- **Resiliency, Mitigation, Security, and Emergency Response (\$150 million):** Within the last four years, New York State sustained damage from Hurricane Irene, Tropical Storm Lee, and Superstorm Sandy – three powerful storms that crippled entire regions. Acknowledging that future extreme weather events and natural disasters are likely, the Plan provides \$150 million in settlement funds to support preparedness and response efforts. These funds will also support efforts to prevent, prepare for, and respond to other public safety and health emergencies, including counter-terrorism efforts.
- **Municipal Restructuring (\$150 million):** The Plan provides \$150 million to assist and encourage local governments and school districts to implement shared services, cooperation agreements, mergers, and other actions that permanently reduce operational costs and property tax burdens.
- **Southern Tier/Hudson Valley Farm Initiative (\$50 million):** The Plan includes \$50 million to help landowners in the Southern Tier and Hudson Valley maintain, develop, and grow farm, agricultural, and related businesses.

## Upstate Revitalization Initiative and Other Economic Development

- The Plan includes a new \$1.5 billion Upstate Revitalization Initiative. Modeled after the Buffalo Billion Initiative, the Funds will support the Upstate New York Economic Revitalization Competition, whereby \$500 million grants will be awarded to three upstate regions. Seven regions are eligible to compete for one of three \$500 million grants: Mid-Hudson, Capital Region, Mohawk Valley, Central New York, North Country, Southern Tier, and Finger Lakes. Projects exhibiting region-wide impact will be made a priority and should focus on strengthening infrastructure, revitalizing communities, bolstering workforce development, growing tourism, and improving quality of life.
- In addition to a new round of Regional Economic Development Council grants, the Plan also includes \$105 million to support capital projects and grants designed to promote job growth and private investment, including: Nano/GE Power Electronics, Cornell Veterinary College, and other regional development projects.
- The Plan invests \$400 million for the capital costs of regionally significant economic development initiatives that create jobs and support the growth of manufacturing; agriculture; business parks; community anchor facilities, advanced technology, biotechnology, and biomedical facilities; and main street revitalization for New York State residents.

# Capital Program and Financing Plan

- The Plan includes \$385 million for the capital costs of infrastructure investments in facilities and assets owned by State, municipal, and other entities.

## Transportation and Transit

- Funding includes the first \$150 million of a new \$750 million 5-year investment for a State and local bridge initiative, which will accelerate the rehabilitation, reconstruction, or replacement of approximately 100 bridges serving freight, agricultural, and commerce corridors, and also includes the first \$100 million of a new \$250 million 2-year investment that will accelerate completion of State highway and bridge projects that had been programmed for later years. Furthermore, the Enacted Budget maintains CHIPS/Marchiselli local program funding at \$478 million, and also includes a special Extreme Winter Recovery appropriation of \$50 million to mitigate the effects on local infrastructure caused by the severe 14-15 winter season.
- The Plan contributes \$750 million to the MTA's multi-year capital plan; provides an additional \$122 million in new authority for downstate transit projects; and adds \$15 million for non-MTA transit support.

## Health Care

- The Plan includes a \$1.0 billion initiative (in addition to \$400 million in the Special Infrastructure Account) to support projects that facilitate the improvement of the State's health care delivery system. Funding will be used to stabilize hospitals and make necessary infrastructure investments to expand access to community-based primary and preventative health care services in Brooklyn and create an integrated delivery system in Oneida County.

## Higher Education

- The Plan provides \$486 million for SUNY and CUNY to address system-wide infrastructure needs at both senior and community college campuses. Funds will be used to support the preservation of existing facilities; environmental, ADA and code remediation; and health and safety projects throughout each university system. Also included is \$50 million for the construction of a new School of Pharmacy at Binghamton University.
- The Plan includes \$30 million for HECap grants to private colleges and universities.
- The Plan reflects \$110 million for an additional round of NYSUNY and NYCUNY 2020 Challenge Grants.

## Social Welfare

- The Plan includes a new \$50 million initiative for a Nonprofit Infrastructure Capital Investment Program to make targeted investments in capital projects that intends to improve the quality, efficiency, and accessibility of eligible nonprofit human services organizations that provide direct services to New Yorkers.

## Parks and Environment

- In addition to the core funding for DEC and OPRHP, the Plan provides supplemental funding for State parks and environmental needs, including: \$100 million for the Hazardous Waste Remediation Program; \$20 million in additional funding for parks under the NY Works initiative; and a \$15 million increase to the EPF.
- The Plan adds a multi-year Drinking Water and Wastewater Infrastructure Fund which includes \$200 million for grants to be issued by the EFC related to reimbursement of costs for water and sewer improvement projects. \$50 million in grants will be made available in FY 2016 with \$75 million available in the following two years. New legislation authorizes the EFC to provide grants of up to \$5 million per project for water and wastewater improvement projects undertaken by municipalities to replace and repair infrastructure or to comply with environmental or public health laws and regulations related to water quality.

## State Facilities, IT & Public Protection

- The Plan provides \$152 million to OGS for continued rehabilitation of State facilities at the Harriman State Office Campus, \$147 million for statewide information technology projects, and an additional \$33 million to DSP and DHSES for equipment and communications purchases.

## Annual Capital Spending Disbursements and Debt Impacts

The following sections summarize total capital spending from new and existing appropriations included in the FY 2016 Enacted Budget and the related impact on State debt.

In FY 2016, transportation spending is projected to total \$4.7 billion, which represents 42 percent of total capital spending, with higher education comprising the next largest share at 15 percent. Economic development and government oversight spending represents 8 percent and spending for parks and the environment represents 7 percent. Other spending, which includes Special Infrastructure Account investments, accounts for 10 percent. The remaining 18 percent is comprised of spending for health, mental hygiene, social welfare, public protection, education, and general government.

Transportation spending is projected to increase by \$253 million (6 percent) in FY 2016 due to a variety of factors including increased State spending for existing MTA capital aid sources.

Parks and environment spending will increase \$111 million (17 percent) in FY 2016 reflecting spending from additional capital authority provided in the SPIF, Hazardous Waste Remediation Fund, and EPF; as well as the creation of the Drinking Water and Wastewater Infrastructure Fund.

Economic development and government oversight spending is projected to increase by \$339 million (67 percent). This spending reflects the continued implementation of programs created to promote regional economic development including spending for the Buffalo Billion initiative, Regional Economic Development Councils, and SUNY and CUNY 2020 Challenge Grants, as well as spending associated with the Upstate Revitalization Initiative.

Spending for health care is projected to increase by \$289 million (246 percent) in FY 2016. The significant increase is due to the inaugural grant awards for the Health Care Restructuring Program, expected in FY 2016, as well as the phase-in of spending related to the Health Care Facility Transformation Program.

Spending for social welfare is projected to increase by \$31 million (23 percent) due to continued spending at youth facilities and grants to nonprofit providers.

Education spending is projected to increase by \$411 million (694 percent) in FY 2016. The substantial increase is due to spending from the Smart Schools Bond Act, which was approved by voters in November 2014.

Higher education spending is projected to increase by \$213 million (15 percent). This growth is primarily driven by additional maintenance investments in senior and community college projects, as well as lower than expected spending in FY 2015 for CUNY.

Spending increases of \$128 million (39 percent) for public protection primarily reflect the State's continued support for the statewide Interoperable Communications Program, investments in preparedness, as well as funding for equipment purchases for DSP.

Mental hygiene capital spending is anticipated to increase by \$52 million (13 percent). The increase is primarily attributable to the reconstruction of the South Beach Psychiatric Center in Staten Island.

General government capital spending is projected to increase by \$10 million (7 percent), which is primarily attributable to costs associated with State technology projects and OGS' renovation of Building 5 at the Harriman State Office Campus in Albany.

Spending for agencies in the All Other category is projected to increase by \$1.1 billion (1,408 percent). The substantial increase is related to projected spending on Special Infrastructure Account investments, including a sizable contribution to the ongoing construction of the New NY Bridge and other capital projects for the State Thruway.

## Financing FY 2016 Capital Projects Spending

In FY 2016, the State plans to finance 53 percent of capital projects spending with long-term bonds, most of which will be issued on behalf of the State through public authorities (47 percent) and the remainder of which will be issued as General Obligation Bonds (6 percent). Authority bonds do not include debt issued by authorities backed by their own non-State resources or on behalf of private clients. Federal aid is expected to fund 13 percent of the State's FY 2016 capital spending, primarily for transportation. State cash resources, including financial settlement money, will finance the remaining 33 percent of capital spending. Year-to-year, total PAYGO support is projected to increase by \$1.1 billion, with State PAYGO increasing by \$1.5 billion and Federal PAYGO support decreasing by \$400 million. Bond-financed spending is projected to increase by \$1.8 billion.

## FY 2016 Debt Issuances

Debt issuances will finance capital investments for transportation, for higher education, to protect the environment, to enhance the State's economic development, and to maintain correctional and mental hygiene facilities.

The State expects to issue \$5.2 billion in debt during FY 2016 to finance existing and newly-authorized capital program initiatives. Consistent with recent experience, education and transportation projects are projected to represent approximately sixty percent of new issuances. The remaining balance is divided between economic development and housing, environmental facilities, health care and mental hygiene facilities, and State facilities. The State has transitioned to using only three credits — PIT Revenue Bonds, Sales Tax Revenue Bonds, and General Obligation Bonds.

It is the State's intention to sell 50 percent of bonds on a competitive basis in FY 2016, while continuing to maintain a significant presence — roughly \$2.6 billion, excluding refundings — in the negotiated market. Issuing bonds on a competitive basis is an effective way to (i) lower borrowing costs, (ii) provide an essential benchmark for bonds sold on a negotiated basis, and (iii) increase transparency related to the bond sale process. In FY 2015, the State sold 52 percent, or \$2.8 billion, of bonds, including refundings, on a competitive basis. These sales provided consistently low interest costs compared to market indices and provided lower issuance costs.

The \$5.2 billion in new issuances are expected to be sold through various bond sales scheduled for FY 2016:

- \$3.3 billion through the PIT Revenue Bond program;
- \$1.2 billion through the Sales Tax Revenue Bond program; and
- \$685 million of General Obligation Bonds.

The following pie charts provide a distribution of the projected debt issuances for new capital projects in FY 2016 by both functional area and financing program.

**FY 2016 Debt Issuances by Program**  
**\$5.2 Billion Projected**

**FY 2016 Debt Issuances by Credit Structure**  
**\$5.2 Billion Projected**

## FY 2016 Debt Retirements

Retirements represent the annual repayment of principal for State-related debt as of the payment date due to bondholders, rather than the actual date the State makes the cash payment. For example, if principal payments are due on April 1, the bonds are considered outstanding on March 31, even if the State is contractually obligated to make payments to the bond trustee prior to that date.

The rate at which State-related debt is retired or paid off has a significant impact on the State’s ability to recycle debt capacity to finance its capital programs. The term of new money bonds will continue to be no greater than the useful lives of the projects financed. In addition, a maximum of ten-year terms will continue to be used for taxable programs.

<b>NEW YORK STATE - RAPIDITY OF PRINCIPAL RETIREMENT</b>	
<b>Period</b>	<b>Cumulative Percentage of Existing Debt Scheduled for Retirement as of 3/31/2015</b>
5 years	34%
10 years	60%
15 years	80%
20 years	91%
25 years	98%
30 years	100%

Over the next five years, retirements of State-related debt are projected to average \$4.4 billion annually. Retirements will increase for many of the State’s largest bonding programs, including those for economic development, environment, and health and mental hygiene.

The following pie charts provide a distribution of projected debt retirements by both functional area and financing program.

**Debt Retirements by Program**  
\$4.1 Billion Projected in FY 2016 Budget

**Debt Retirements by Credit Structure**  
\$4.1 Billion Projected in FY 2016 Budget

## FY 2016 Debt Outstanding

State-related debt outstanding is projected to increase from \$54.2 billion in FY 2015 to \$55.3 billion in FY 2016. Debt issuances during FY 2016 are expected to add about \$5.2 billion in new debt, while \$4.1 billion of State-related debt is expected to be retired during FY 2016.

The \$55.3 billion of State-related debt outstanding in FY 2016 consists of debt issued for each of the major programmatic areas as summarized below. The debt of LGAC (issued to eliminate short-term borrowing for cash flow purposes) and tobacco bonds (issued to help close deficits in FY 2003 and FY 2004) are not allocable to any specific functional area since they served a statewide purpose.

The following pie chart portrays the same level of debt outstanding, but allocates it by type of borrowing mechanism or credit structure, rather than by program.

**Debt Outstanding by Credit Structure**  
\$55.3 Billion Projected at March 31, 2016

## FY 2016 Debt Service

State-related debt service is projected to total \$5.7 billion in FY 2016. The State's debt service costs consist primarily of payments to meet obligations for bonds issued over the past 30 years, as well as new debt service costs that will result from bond issuances projected to occur during the forecast period. The vast majority – about \$5.5 billion – consists of debt service payments due on existing debt. The remainder of FY 2016 payments (\$120 million) is expected to result from new money debt issuances.

Significant bond-financed capital investments, primarily for transportation, education, economic development, and correctional facilities, drive most of the State's debt service costs. The majority of debt service costs are for bonds approved by the Legislature, on behalf of the people, and issued on the State's behalf by public authorities. As the State issues bonds under the PIT and sales tax credit structures, debt service for service contract bonds will decline, while the PIT and Sales Tax Revenue Bond debt service will increase.

The following pie charts summarize the major debt service costs by both program area and financing program.

**Debt Service by Program**  
\$5.7 Billion Projected in FY 2016 Budget

**Debt Service by Credit Structure**  
\$5.7 Billion Projected in FY 2016 Budget

<sup>(1)</sup> Represents spending which occurs directly from bond proceeds held by public authorities.

Over the five years of the Enacted Capital Plan, capital spending is projected to total \$56.6 billion, the majority of which will support transportation projects (40 percent) and higher education (15 percent).

## Transportation

The Enacted Budget provides funding for a DOT capital program of over \$3.7 billion in FY 2016, facilitating capital improvement of highways, bridges, rail, aviation infrastructure, non-MTA transit, and DOT facilities. In addition to core investments, the FY 2016 capital program includes the first \$150 million of a new \$750 million 5-year investment for a State and local bridge initiative, which will accelerate the rehabilitation, reconstruction, or replacement of approximately 100 bridges serving freight, agricultural, and commerce corridors, and also includes the first \$100 million of a new \$250 million 2-year investment that will accelerate the completion of State highway and bridge projects that had been programmed for later years.

The Enacted Budget maintains CHIPS/Marchiselli local program funding at \$478 million, and also includes a Extreme Winter Recovery appropriation of \$50 million to mitigate the effects on local infrastructure caused by the severe 14-15 winter season.

The Enacted Budget includes a new appropriation of \$122 million in resources drawn from downstate mass transportation operating assistance funds to pay for capital expenses of the MTA and the non-MTA downstate systems. The Enacted Budget also includes \$15 million in capital for the upstate transit systems.

In addition, the Enacted Budget includes a new \$750 million State contribution to assist in funding the MTA's 2015-19 core capital program. Spending will continue from the State's \$770 million FY 2013 appropriation for MTA capital and the \$1.5 billion dedicated to the MTA from the 2005 Transportation Bond Act.

The Enacted Capital Plan also includes funds to support the operations of DOT and DMV.

The DOT capital program in FY 2016 will be financed by State-supported bonds, PAYGO resources supported by dedicated taxes and fees, and substantial amounts of Federal aid. The FY 2016 Enacted Budget also requires cash transfers of \$664 million from the General Fund to support the DHBTF.

An average of \$300 million of engineering costs each year are disbursed in the first instance from State sources but are later reimbursed by Federal PAYGO funds. In the Financing Sources table following, these costs are reflected as State PAYGO spending.

## Parks and Environment

Parks and environment capital spending will continue to focus on the cleanup of environmental hazards, as well as the rehabilitation of infrastructure.

The Enacted Budget includes a 10-year, \$1 billion bond authorization to support the State Superfund Program for the remediation of hazardous waste and hazardous substance sites across the State as well as funding for the Environmental Restoration Program to address municipally-owned brownfields. The budget includes a \$100 million appropriation in the current year for this purpose. The budget also includes legislation to extend the Brownfields Cleanup Program, with reforms to protect taxpayers and promote brownfield redevelopment, particularly upstate. Further, the Budget increases the EPF to \$177 million annually, a \$15 million increase, and increases New York Works funding for Parks by \$20 million, to \$110 million.

Core DEC Capital Projects Fund spending averages \$19 million annually to meet health and safety requirements; ensure compliance with State and Federal environmental mandates; maintain and upgrade campgrounds, environmental centers and camps, fish hatcheries, and other Department-owned buildings and facilities; maintain flood control structures; and fund shore protection projects for communities threatened by coastal erosion.

Core spending from SPIF for rehabilitation and improvements at parks and historic sites is projected to average over \$31 million annually over the Plan.

Average annual spending of \$177 million from the EPF will finance a variety of environmental and recreational activities. RETT revenues, which have been dedicated to financing capital projects supported by the EPF, will continue at the FY 2015 level of \$119 million in FY 2016 and remain at that level in each subsequent year of the Plan. A transfer of \$23 million in Bottle Bill revenues, as well as a \$23 million General Fund transfer, will increase EPF spending in FY 2016 to \$177 million. Additional revenues from wetland permit application, pesticide application, and water withdrawal fees totaling \$5 million will also be deposited into the EPF, as well as dedicated revenue totaling \$2 million from freshwater wetland, mineral resource, hazardous waste, and electronic waste fees, and \$5 million from interest and the sale and lease of surplus property.

Spending financed by the CW/CA Bond Act approved by the voters in 1996 will average \$20 million annually over the Plan period and will finance water quality improvement and landfill and recycling projects.

## Parks and Environment (Continued)

The Enacted Budget includes a new round of capital appropriations under the New York Works program to provide \$40 million in new State funding to DEC for air monitoring infrastructure; remediation of environmental contamination; information technology; and repair and maintenance of dams, State lands and fish hatcheries. New funding of \$110 million from New York Works is provided in the OPRHP budget for capital rehabilitation and improvement of State parks and historic sites, as well as \$3 million for improvements at facilities operated by ORDA.

## Economic Development and Government Oversight

Economic development and government oversight spending will support economic development capital projects and programs that are integrated with regional strategies to create jobs, increase economic activity, and retain and attract businesses to the State.

The FY 2016 Enacted Budget includes nearly \$2.3 billion in new appropriations for regional economic development initiatives. The new funding provides \$1.5 billion for the Upstate Revitalization Initiative; \$400 million for the Transformative Investment program; \$150 million for competitively determined economic development projects through the Regional Councils; \$34 million for the New York Power Electronics Manufacturing Consortium; \$25 million for the Binghamton University School of Pharmacy; \$110 million for a new round of NYSUNY 2020 and NYCUNY 2020 grants, \$55 million for each university system; \$5 million for the Clarkson-Trudeau Partnership to grow the biotech industry in the North Country; \$45 million for the New York Works Economic Development Fund; and \$19 million for expansion of the Cornell University College of Veterinary Medicine.

The Enacted Budget maintains over \$2.9 billion in reappropriated capital funding for initiatives facilitating economic growth in New York. This includes funding for the continued support of various economic development and regional initiatives, including Regional Council and high technology initiatives, grants for communities impacted by correctional and youth facility closures, statewide competitive grant programs administered by ESD, specific downstate regional initiatives, and upstate city-by-city projects. Funding also includes the continued support of specific economic development, cultural facilities, university development, environmental, and energy projects administered by ESD and DASNY.

## Health

The Enacted Capital Plan includes \$1.0 billion for a new Health Care Facility Transformation Program. The Health Care Facility Transformation Program will make investments that seek to expand access to community-based primary and preventative health care services in Brooklyn and create an integrated health care delivery system in Oneida County.

Five-year spending for health care includes projected grant disbursements from the \$1.2 billion Capital Restructuring Financing Program, enacted in FY 2015 and modified as part of the Enacted FY 2016 Budget. It is expected that the first round of grants from this program will be available in FY 2016. Along with FY 2015 and FY 2016 capital funding, the State provided \$1.6 billion in HEAL NY grants, beginning in FY 2006. In sum, hospitals will have received \$4.2 billion in capital support over the last ten years.

Support for additional programs established in FY 2015 including SHIN-NY, Health Care IT Initiatives, and the APD is continued in the FY 2016 Enacted Budget. DOH's capital program also supports maintenance and improvements of laboratories and institutions operated by the Department, as well as the Federal Safe Drinking Water Program. Costs are projected to be financed through a combination of PAYGO and authority bonds.

Outside of the DOH's discrete capital appropriations, the FY 2016 Enacted Budget includes \$400 million in additional health care capital support from the New York State Special Infrastructure Account. Of this amount, \$355 million is allocated for rural health care facility transformation, \$15.5 million will be used to support capital expenses of the Roswell Park Cancer Institute, and \$19.5 million will be used to create a Community Health Care Revolving Capital Fund. An additional \$10 million will support information technology projects for various mental health related agencies.

Overall, spending for health care capital projects is projected to increase by \$289 million in FY 2016, primarily due to the implementation of the Capital Restructuring Financing Program and the Health Care Facility Transformation Program.

## Social Welfare

Capital spending for social welfare supports the preservation and maintenance of youth facilities operated by OCFS, HHAP grants administered by OTDA, and programs administered by HCR to create and preserve affordable housing units across the State.

The FY 2016 Enacted Budget includes the Nonprofit Infrastructure Capital Investment Program, which will be administered by DASNY. Under the Nonprofit Infrastructure Capital Investment Program, grants will be provided to make targeted investments in capital projects that will improve the quality, efficiency, and accessibility of eligible nonprofit human services organizations that provide direct services to New Yorkers.

## Education

Education capital spending includes the costs of the Smart Schools General Obligation Bond Act, which was approved by voters in November 2014, funding for the SED capital plan, and the EXCEL program.

Current estimates project the State will spend approximately \$2.3 billion over the upcoming five-year period for SED's capital projects. This projection includes \$2 billion for the Smart Schools Bond Act; \$5 million for Smart Schools special education projects; \$70 million for public library construction projects; \$60 million for the Cultural Education Storage Facility; \$20 million for infrastructure improvements and minor rehabilitation projects at the Rome School for the Deaf, Batavia School for the Blind, the Cultural Education Center, and the Education Building; \$13 million for the Statewide Longitudinal Data System to track student performance; \$14 million for the Museum Gallery Renewal Project; and \$121 million for EXCEL.

The FY 2016 Enacted Budget expands SED's capital budget by providing an additional \$17 million in new capital appropriations to support construction projects at local libraries (\$14 million) and maintenance projects at SED's State-owned facilities (\$3 million).

Overall spending for education capital projects is projected to increase by \$411 million in FY 2016, primarily due to the Smart Schools Bond Act.

## Higher Education

Higher education capital spending includes the costs of SUNY and CUNY capital plans as well as the HECap Program.

The FY 2016 Enacted Budget expands the State's capital investment in public higher education by providing SUNY and CUNY with nearly \$3.1 billion in new appropriations during the upcoming five-year period. New capital funding will allow the university systems to maintain existing capital infrastructure in a state of good repair as well as advance priority projects.

The FY 2016 Enacted Budget includes a new \$1.5 billion, five-year capital maintenance plan (\$1 billion SUNY and \$515 million CUNY) to support the ongoing preservation of existing infrastructure at State-operated and senior college campuses. For FY 2016, the Enacted Budget provides \$347 million in new bonded spending authority (\$244 million for SUNY State-operated campuses and \$103 million for CUNY senior colleges) as well as more than \$164 million (\$143 million for SUNY and \$21 million for CUNY) in new authority to support capital projects at community college campuses.

The FY 2016 Enacted Budget also includes \$110 million in new capital appropriations through ESD to launch another round of NYSUNY 2020 and NYCUNY 2020 grants, \$55 million for each university system. These new grants will continue to be awarded through a competitive process. The initiative will give priority to campus plans that: use technology, including the expansion of on-line learning, to improve academic success and job opportunities for students; leverage economic and academic opportunities through the START-UP NY program; and provide experiential learning opportunities that connect students to the workforce.

Finally, the Enacted Budget includes \$30 million in new HECap Program funding to be awarded to eligible private colleges and universities through a competitive process.

## Higher Education (Continued)

The Enacted Capital Plan assumes nearly \$1.7 billion in FY 2016 disbursements for higher education capital expenses. SUNY is projected to spend nearly \$1.2 billion of this total, which includes \$763 million associated with the State-operated campuses and hospitals, \$150 million for community colleges, \$150 million in spending for educational facility projects supported by non-State funds (i.e., grants and donations), \$81 million for dormitory related projects and \$32 million for the State University Construction Fund and smaller maintenance projects supported by the General Fund. CUNY is projected to spend \$485 million in FY 2016 for capital projects, including \$450 million for senior colleges and community colleges, as well as \$35 million for operating costs and smaller maintenance projects supported by the General Fund. The HECap Program is expected to disburse \$15 million during FY 2016 in support of new projects to be awarded as well as final disbursement for previously awarded projects.

Overall spending for higher education capital projects is projected to increase by \$213 million (15 percent) on a year-to-year basis in FY 2016.

## Public Protection

Capital spending for public protection will continue to focus primarily on preserving and maintaining infrastructure investments at correctional facilities, and facilities operated and maintained by DHSES, DMNA, and DSP.

Spending is projected to increase by \$128 million from FY 2015 to FY 2016, primarily reflecting continued support for the Statewide Interoperable Communications Program, investments in preparedness, renovations to the 369<sup>th</sup> Regimental Armory in Harlem, construction of State Police Troop L Zone Headquarters, and the replacement of DSP equipment.

## Mental Hygiene

Spending for mental hygiene capital projects will continue to support health and safety, and rehabilitation and maintenance projects needed to preserve and maintain both institutional and community-based facilities operated and/or licensed by OMH, OPWDD, and OASAS.

The Enacted Capital Plan will continue to support rehabilitation projects at State and community facilities, including enhancements in OPWDD’s existing residential and day programs to meet fire safety standards and the development of new community-integrated settings to enable OPWDD to transition individuals to community-based settings. Additionally, the plan also provides resources for new residential treatment options for adolescents, women with children, and veterans through the OASAS system. Furthermore, the plan will provide for improvements to OMH's inpatient campuses; as well as to assist in the construction of community residential sites, various mental health-related general hospital projects, and a number of non-residential community programs. In general, mental hygiene capital spending increases modestly throughout the five-year plan. Year-over-year variances are due to the timing of payments within particular agencies.

## General Government

General government capital spending includes construction, rehabilitation, consolidation, and renovation of State office buildings to maintain asset value, achieve space efficiencies, and reduce operational costs as well as costs associated with State information technology projects.

Spending for OGS will continue to support State facilities capital projects. The Innovative Technology Fund, established within ITS, will be used to continue the State's consolidation efforts and leverage new technologies to create operating efficiencies and lower costs. The State's new IT Governance Process will prioritize projects for this funding based on projected ROI and improved customer experience. The fund is expected to spend \$39 million in FY 2016. Spending for the Workers' Compensation Board is for the acquisition and development of technology including equipment, software, and services.

## Other

Spending for agencies in the All Other category supports capital investments for the Special Infrastructure Account; State and Municipal Facilities capital; statewide equipment, systems development and upgrades; capital spending financed with Federal funds for the World Trade Center site; and capital projects for the Judiciary and the Department of Law. Spending for the Department of Law is for the acquisition and development of technology including equipment, software, and services.

## Special Infrastructure Account

The Enacted Budget includes \$3.1 billion to create a new Special Infrastructure Account that will fund investment across a wide range of infrastructure projects throughout New York State, from large-scale, complex projects to smaller, strategic investments that leverage additional resources or fill gaps in project funding. Funds may also be used to provide loans with a focus on leveraging private capital and investment. In addition, the Enacted Budget proposes to expand the authorization of design-build contracting to optimize the quality, cost, and efficiency of infrastructure investments across all State agencies and public authorities. Funding is also provided to address structural challenges facing health care providers, encourage local government efficiency, and support disaster preparedness and response. The Budget includes specific allocations for the following programs:

- **Thruway Stabilization Program (\$1.3 billion):** The Enacted Budget includes a new \$1.285 billion Thruway Stabilization Program that will help offset the impacts on toll payers of major Thruway investments. These investments include the \$3.9 billion New NY Bridge project replacing the Tappan Zee Bridge between Rockland and Westchester, and meeting transportation needs on the rest of the Thruway system across the State.
- **Penn Station Access (\$250 million):** The Budget includes funding to advance MTA's Penn Station Access project, which will open a new Metro-North link directly into Penn Station, will provide enhanced system resiliency, improvement in regional mobility, and construction of four new Metro-North stations in the Bronx.
- **Infrastructure Improvements (\$115 million):** The Budget provides \$115 million capital investments in infrastructure, including the State Fair, transit, rail, port, and aviation facilities that promote economic development.
- **Broadband Initiative (\$500 million):** The Enacted Budget establishes a \$500 million New NY Broadband Fund to expand the availability and capacity of broadband across the State. This program will expand the creation of ultra-high-speed networks and promote broadband adoption through a multi-pronged approach. Key elements of the program include: public/private sector partnerships, the ability to recoup State investment, broadband speeds of up to 100Mbps, regional ground-up planning, leveraging existing State-owned assets, and streamlining the State regulatory process to speed up and reduce deployment costs.

- **Hospitals (\$355 million):** Hospitals in upstate are necessary health care providers and some of the largest regional employers. However, financial challenges exist for smaller, community based and geographically isolated hospitals that could prevent their participation in State reform efforts. To facilitate health care transformation, funding is reserved to restructure debt obligations or to support other capital projects for hospitals in rural communities.
- **Other Health Care (\$45 million):** The Plan provides \$15.5 million to support capital expenses of the Roswell Park Cancer Institute; \$19.5 million to establish a community health care revolving loan; and \$10 million for IT and other infrastructure costs associated with the inclusion of behavioral health sciences in the Medicaid Managed Care benefit package.
- **Transformative Economic Development Projects (\$150 million):** The Budget includes \$150 million to support transformative economic development and infrastructure projects on Long Island. The State's investment will catalyze private investment, spurring economic development and job creation to help strengthen local communities and their economies.
- **Resiliency, Mitigation, Security, and Emergency Response (\$150 million):** Within the last four years, New York State sustained damage from Hurricane Irene, Tropical Storm Lee, and Superstorm Sandy – three powerful storms that crippled entire regions. Acknowledging that future extreme weather events and natural disasters are likely, the Enacted Budget provides \$150 million in settlement funds to support preparedness and response efforts. These funds will also support efforts to prevent, prepare for, and respond to other public safety and health emergencies, including counter-terrorism efforts.
- **Municipal Restructuring (\$150 million):** The Budget provides \$150 million to assist and encourage local governments and school districts to implement shared services, cooperation agreements, mergers, and other actions that permanently reduce operational costs and property tax burdens.
- **Southern Tier and Hudson Valley Agricultural Enhancement Program (\$50 million):** The Budget includes \$50 million to assist farmers and other related businesses in the Southern Tier and Hudson Valley with maintaining and growing their businesses. Funding would be used for farming initiatives, including preservation of farmland, to ensure that farms in the Southern Tier and Hudson Valley remain intact.

State and Municipal Facilities capital spending is expected to be \$1.1 billion over the next five years. This funding will be allocated for State and local capital projects. Eligible entities include:

- State agencies;
- Local governments (e.g., counties, cities, towns, and villages);
- the MTA;
- SUNY and CUNY senior and community colleges;
- Private not-for-profit colleges and universities;
- Public school districts;
- Public housing authorities;
- Public libraries;
- Fire districts, departments, commissions, companies;
- Volunteer rescue and ambulance squads; and
- Public park conservancies or not-for-profit organizations investing in state or municipally owned parks.

## Financing Sources of Capital Projects Spending

The State issues bonds (both directly and through public authorities) and uses Federal and State PAYGO resources to finance capital spending. All bonds issued through public authorities on behalf of the State are approved by the Legislature, on behalf of the people. Since 1976, all non-General Obligation debt is subject to more rigorous approval processes including PACB and authority boards. The amounts for All Governmental Funds spending includes both those capital project disbursements that are reflected in the Comptroller's accounting system and those disbursements which would have formerly been made directly from bond proceeds which had been reflected only in GAAP accounting statements. Of the FY 2016 capital spending, 53 percent is projected to be financed with authority-issued bonds and voter-approved General Obligation Bonds, and 47 percent is projected to be financed with State and Federal PAYGO resources.

## Authority Bond Financing

Public authority bonds will be issued to support capital projects over the Enacted Capital Plan. Authority revenue credits include State PIT Revenue Bonds and Sales Tax Revenue Bonds.

Authority bond-financed capital spending is reimbursed by the proceeds of bonds sold by State public authorities pursuant to contractual agreements with the State. Bond reimbursement is managed to provide the most efficient reimbursement possible. Factors affecting the timing of reimbursement of State expenditures include the availability of existing bond proceeds, bond market access, investment terms, and State cash flow considerations.

Over the Plan period, approximately 52 percent of total spending will be financed with authority bond proceeds. The State expects to use State PIT and Sales Tax Revenue Bonds as the financing vehicles for the vast majority of bond-financed spending.

- **State PIT and Sales Tax Revenue Bonds** will be issued to support multiple capital program areas, as summarized below:
  - **Education:** supports SUNY and CUNY, EXCEL, NYSTAR, and HECap (FY 2016 issuances of \$1.3 billion).
  - **Environment:** supports the State Revolving Fund, the State Superfund Program, EPF, State Parks and other environmental projects (FY 2016 issuance of \$230 million).
  - **Transportation:** supports State and local transportation infrastructure, including the CHIPS program, and projects at the MTA (FY 2016 issuances of \$1.2 billion).
  - **Economic Development and Housing:** supports housing, the Strategic Investment Program, economic development projects for the Buffalo area, CEFAP, the Regional Economic Development Councils, high technology and other business investment programs, and other recent economic development initiatives (FY 2016 issuances of \$844 million).

- **Health Care:** supports the Health Care Facilities Transformation Program, as well as capital projects to preserve and maintain both State and community-based facilities operated and/or licensed by OMH, OPWDD, and OASAS (FY 2016 issuances of \$600 million).
- **State Facilities and Equipment:** supports correctional facilities, youth facilities, State office buildings, and State Police capital (FY 2016 issuances of \$345 million).

The estimated debt service coverage ratios for PIT and Sales Tax Revenue Bonds is shown below.

## General Obligation Bond Financing

The State finances a portion of its capital projects with General Obligation Bonds. It is projected to be 13 percent of issuances in FY 2016. In FY 2016, the State expects that \$685 million of General Obligation Bonds will be issued to fund projects authorized pursuant to the Smart Schools Bond Act (\$400 million), Rebuild and Renew New York Transportation Bond Act of 2005 and other transportation purposes (\$248 million), and CW/CA and all other environmental bond acts (\$37 million).

General Obligation bond financing of capital projects is accomplished through the issuance of full faith and credit bonds that have been authorized directly by the voters under a State constitutional requirement dating from 1846. General Obligation bond-financed spending (\$2.7 billion) accounts for approximately 5 percent of total spending over the Plan period. The Plan assumes the continued implementation of ten previously authorized bond acts (five for transportation, four for environmental and recreational programs, and one for education). The \$2 billion Smart Schools General Obligation Bond Act was approved by voters in November 2014. Proceeds will enhance education technology in schools, with eligible projects including infrastructure improvements to bring high-speed broadband to schools and communities in their school district, and the purchase of classroom technology for use by students. Additionally, Smart Schools will enable long-term investments in full-day pre-kindergarten through the construction of new pre-kindergarten classroom space. The bulk of the remaining projected General Obligation bond-financed spending was authorized in the 2005 Rebuild and Renew New York Bond Act. Spending authorizations from the remaining eight bond acts will be virtually depleted by FY 2016.

## State and Federal PAYGO Sources and Uses

State PAYGO resources include: General Fund taxes; other taxes and user fees set aside or dedicated for specific capital programs; repayments from local governments and public authorities for their share of projects; and transfers from other funds, including the General Fund. Over the five-year Plan period, State PAYGO resources of \$17.5 billion will support 31 percent of total spending. Of the total, approximately \$4.8 billion will be used to support the operating expenses of DOT and DMV. Federal PAYGO resources support spending financed by grants from the Federal Government, primarily for highways and bridges, drinking water and water pollution control facilities, public protection, and housing, and constitute \$6.9 billion or 12 percent of total spending over the Plan period.

Including \$4.4 billion of spending funded by transfers from the General Fund to the DHBTF, \$1.5 billion of spending funded by transfers from the Federal Capital Projects Fund to the DHBTF, and \$2.2 billion of spending funded by DHBTF revenues, a total of almost \$8.1 billion (over \$1.6 billion annually) of State PAYGO is disbursed by the DHBTF. The DHBTF receives revenue from motor vehicle fees, the petroleum business tax, the motor fuel tax, the highway use tax, the auto rental tax, utilities taxes, and miscellaneous transportation-related fees. Receipts deposited into the DHBTF are used to pay debt service on transportation bonds, finance capital projects on a PAYGO basis, and pay operating expenses of transportation agencies.

Capital spending supported by General Fund receipts is classified as a transfer to the various Capital Projects Funds. The General Fund transfer, which is reflected in total State PAYGO spending, is projected at \$644 million in FY 2016 and will average \$1.1 billion annually over the Plan period. The General Fund transfer primarily finances capital spending, projects for facilities operated by OGS, DEC, OPRHP, DOCCs, the Department of Mental Hygiene, and other State agencies. Furthermore, the General Fund transfers an average of \$876 million annually from FY 2016 to FY 2020 to the DHBTF. Capital transfers also include \$4.6 billion in FY 2016 from the General Fund to the DIIF to support PAYGO spending for the Upstate Revitalization Initiative and projects funded through the Special Infrastructure Account.

State PAYGO resources, derived primarily from statutorily dedicated revenues that finance projects for environmental and recreational purposes, are projected to average approximately \$220 million annually for these purposes. In addition to receipts that will be deposited annually into the Hazardous Waste Remedial Fund, the EPF will continue to receive annual deposits from the RETTs for a total of \$595 million over the Plan period. In addition to RETT revenues, the EPF will receive a recurring deposit of \$23 million from unclaimed deposits from the Bottle Bill and a \$23 million annual General Fund transfer. The EPF also receives receipts from pesticide applicator fees, wetland permits, water withdrawal fees and other miscellaneous receipts totaling approximately \$12 million annually. These taxes and miscellaneous receipts will support PAYGO portions of projects advanced from the EPF.

The SPIF will finance about \$23 million annually in improvements to the State's park system from park fees and other miscellaneous revenues.

Federal grants account for 12 percent of total capital spending over the Plan period. The largest components of Federal PAYGO spending over the Plan period are for transportation (\$5.5 billion) and the environment (\$838 million). Federal PAYGO spending is projected to average \$1.4 billion per year, with an average \$1.1 billion annually spent on transportation.

# Debt Affordability

State debt levels, as measured by common benchmarks, are summarized below. All measures reflect the total level of State-related debt issued for all State purposes as described in the “Introduction” section of this Plan.

## State Debt as a Percent of Personal Income

The State debt projections from FY 2015 to FY 2020 reflect a 2.6 percent average annual increase in debt levels and a 5.1 percent average annual increase in statewide personal income. As a result, debt as a percentage of personal income is expected to decline over the five-year Plan period, settling at 4.3 percent in FY 2020.

Over a longer time horizon, State-related debt outstanding as a percentage of personal income is projected to drop from 6.0 percent in FY 2006 to 4.3 percent in FY 2020. This decline can be largely attributed to the rapid retirement of State debt, including tobacco bonds, as well as the recovery of personal income growth.

## State Debt Outstanding

The 1.7 percent average growth in State-related debt from FY 2006 to FY 2016 is less than the average annual growth in inflation and personal income.

The overall average increase in debt outstanding from FY 2006 to FY 2020 (including tobacco bonds) is 1.9 percent.

## State Debt Per Capita

The average annual growth in debt per capita is less than the growth in inflation over the past ten years.

State-related debt per capita is projected to increase from \$2,427 in FY 2006 to \$3,069 in FY 2020, an average annual increase of 1.7 percent. The State’s population of roughly 19.7 million is projected to grow slightly over the Plan period. Thus, the projected increase in debt per capita over the Plan period results primarily from the issuance of new debt to fund new State capital projects.

## 2013 Total Per Capita State Debt New York and Peer State Rankings

As shown in the previous chart, New York’s debt per capita in FY 2013 of \$2,846 ranked fifth highest in the nation. Connecticut, Massachusetts, Hawaii and New Jersey have higher debt per capita ratios than New York.

## Debt Service

From FY 2015 through FY 2020, debt service costs are projected to increase by an average of 2.1 percent annually, while All Funds receipts are projected to grow by 2.0 percent annually as well. Thus, debt service costs are projected to be about 4.5 percent of the All Funds budget in FY 2020.

State-related debt service as a percentage of the All Funds Budget is projected to increase from 4.0 percent in FY 2006 to 4.5 percent at the end of FY 2020. Since FY 2006, debt service has grown steadily due to the restructuring of the Dedicated Highway Program and the issuance of bonds to finance the State's capital needs. Projected declines in debt service ratios in FY 2015 and FY 2016 are related to debt service prepayments and assumed savings from future refundings.

The 2.9 percent average annual rate of growth in debt service from FY 2006 through FY 2016 is higher than the growth in inflation of 2.0 percent, but less than the 3.6 percent growth in State revenue during that same time period.

Debt service growth is projected to average roughly 7.0 percent in the forecast period due to debt service prepayments, the repayment of tobacco debt, and continued support for the State capital program.

The table below provides the detailed data to support previous graphs.

<b>DEBT AFFORDABILITY MEASURES</b>										
<b>(in millions)</b>										
<b>Fiscal Year</b>	<b>Population</b>	<b>Personal Income</b>	<b>State-Related Debt Outstanding</b>				<b>State-Related Debt Service</b>

# Detailed Data

## Interest Rate Exchange Agreements and Variable Rate Exposure

Article 5-D of the State Finance Law authorizes the use of a limited amount of variable rate obligations and interest rate exchange agreements (“swaps”). The statute was implemented as a debt management tool to lower debt service costs, diversify the State’s debt portfolio and to better match variable rate debt exposure to variable rate earnings on the State’s short-term investments. Issuers of State-supported bonds may enter into variable rate debt instruments that result in a maximum net variable rate exposure of 15 percent of State-supported debt. Issuers may also enter into interest rate exchange agreements in a total notional amount that does not exceed 15 percent of State-supported debt, subject to various criteria established in the statute to reduce risk.

### Interest Rate Exchange Agreements (Swaps)

The following table shows the amount of outstanding interest rate exchange agreements which are subject to the statutory cap. Overall, the State’s swap exposure is expected to decline from 3.7 percent in FY 2015 to 2.2 percent in FY 2020.

INTEREST RATE EXCHANGE CAP (millions of dollars)						
	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020
Interest Rate Exchange Cap	7,780	8,017	8,363	8,637	8,917	9,151
Notional Amounts of Interest Rate Exchange Agreements	1,926	1,818	1,682	1,547	1,457	1,325
Percent of Interest Rate Exchange Agreements to Debt Outstanding	3.7%	3.4%	3.0%	2.7%	2.5%	2.2%

Currently the State’s swaps portfolio is comprised of synthetic fixed rate swaps. A synthetic fixed swap includes two separate transactions: (1) a variable rate bond is sold to bondholders, and (2) an interest rate exchange agreement between the State and a counterparty is executed. The interest rate exchange agreement results in the State paying a fixed interest rate (i.e., synthetic fixed rate) to the counterparty and the counterparty agrees to pay the State a variable rate (65 percent of LIBOR for all State swaps). The variable rate the State pays to bondholders and the variable rate the State is receiving from the counterparty off-set each other, leaving the State with the synthetic fixed rate payment. The synthetic fixed rate was less than the fixed rate the State would have paid to issue traditional fixed rate bonds at that time.

The State has no plans to increase its swap exposure.

## Variable Rate Exposure

The State's net variable rate exposure (including a policy reserve) is projected to average 1.3 percent of outstanding debt from FY 2015 through FY 2020. The debt that is counted against the variable rate cap represents the State's unhedged variable rate bonds. The variable rate bonds that are issued in connection with a swap are not included in the variable rate cap.

The State's current policy is to count 35 percent of the notional amount of outstanding 65 percent of the LIBOR fixed rate swaps in its variable rate exposure. This policy reserve accounts for the potential that tax policy or market conditions could result in significant differences between payments owed on the bonds and the amount received by the State under its 65 percent of LIBOR swaps, and that the factors affecting such payments can be consistent with variable rate exposure.

VARIABLE RATE EXPOSURE (millions of dollars)						
	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020
Variable Rate Exposure Cap	7,780	8,017	8,363	8,637	8,917	9,151
Current Unhedged Variable Rate Obligations	193	182	173	161	150	140
Additional Planned Variable Rate Exposure	0	0	0	0	0	0
Total Net Variable Rate Exposure	193	182	173	161	150	140
Net Variable Rate Exposure to Debt Outstanding	0.4%	0.3%	0.3%	0.3%	0.3%	0.2%
Current Policy Reserve for LIBOR Swaps	674	636	589	541	510	464
Net Variable Rate Exposure (with Policy Reserve)	867	818	761	702	660	604
Net Variable Rate Exposure (with Policy Reserve) to Debt Outstanding	1.7%	1.5%	1.4%	1.2%	1.1%	1.0%

The State has no plans to issue additional variable rate debt at this time.

## Bond Authorizations

Bond caps provide the legal authorizations to issue bonds to finance a portion of the State’s Capital Plan. Bond caps can finance a single year’s appropriations or can be for multi-year periods. As the bond cap for a particular programmatic purpose is reached, subsequent legislative changes are required to raise the statutory caps to the level necessary to meet the bondable capital needs. A total of \$7.5 billion of increased bond authorizations are included in the FY 2016 Enacted Budget. The following table details the bond cap authorizations for all State-supported debt, including legislative actions included in the FY 2016 Enacted Budget.

## State Debt Detail

The tables that follow provide a comprehensive listing of all current and projected State debt outstanding, debt service costs, debt retirements, and new debt issuances.

State-related debt levels reported in the tables are cash-basis amounts that are consistent with the GAAP basis debt levels reported in the CAFR. Thus, it reflects all debt issued by the State (including blended component units) for Government activities and Business-type activities as defined in the CAFR.

The tables do not include debt that is issued by, or on behalf of, local governments that may be funded in part by State local assistance aid payments. However, such debt is reflected in the respective financial statements of the local governments responsible for the issuance of such debt.

Starting in FY 2015, reflects the reclassification of the SUNY Dorms Fund to a special revenue fund.

# Agency Summary and Detail Tables

## Agency Summary and Detail Tables

The following tables provide a summary of projected appropriations, commitments, and disbursements for each agency on both a comprehensive construction program and capital projects fund basis. Immediately following the agency summary table are detailed projected disbursements for each fiscal year, beginning in FY 2016, by individual appropriation on a comprehensive construction program basis. The disbursements on these tables reflect projected spending from reappropriations and new appropriations effective for State FY 2016 and beyond, as well as appropriations anticipated to be recommended in future State fiscal years from FY 2017 through FY 2020. All amounts are in thousands of dollars.

The Enacted reappropriations and appropriations represent the estimated costs for the various agencies and the respective comprehensive construction programs. Each of the reappropriations, new appropriations, and future appropriations are identified by a reference number, as required by section 22-c of the State Finance Law. These individual eight-character reference numbers are included at the end of the text for each Enacted appropriation, and the fifth and sixth characters identify the State fiscal year in which it was originally enacted. Reference numbers for new appropriations for FY 2016 will display 15 as the fifth and sixth characters.

## Dedicated Highway and Bridge Trust Fund Detail

This section is provided to comply with the requirements of the amendment to Section 22-c of the State Finance Law as added by Chapter 62 of the Laws of 2006 and amended by Chapter 61 of the Laws of 2006 and Chapter 59 of the Laws of 2009.

The following table provides projected receipt, disbursement, and transfer amounts for the DHBTF. Projected spending from this Fund, including DMV, will total \$10.7 billion over the next five fiscal years, which represents nearly half of the total transportation-related spending for capital projects estimated during that period. Projected negative fund closing balances are caused by timing differences between disbursements and receipts.

\* Includes \$65.993 million annual transfer in permanent statute.

The DHBTF had a financing gap, or deficit, of \$662 million in FY 2015, and \$664 million is projected in FY 2016. Gaps increase further in the outyears, for a total gap of \$4.0 billion from FY 2016 through FY 2020. This deficit is reflected in the preceding table as being funded by revenues transferred from the General Fund. These projections are based upon estimates of revenues, bond proceeds, transfers, debt service, and program disbursements. These gap estimates are the result of an imbalance in the DHBTF between projected revenues and expenditures.

The table below provides DHBTF bond coverage ratios for prior periods.

<b>DEDICATED HIGHWAY AND BRIDGE TRUST FUND BOND COVERAGE RATIOS FOR PRIOR PERIODS</b>				
<u>FY 2011</u>	<u>FY 2012</u>	<u>FY 2013</u>	<u>FY 2014</u>	<u>FY 2015</u>
2.2	2.3	2.3	2.7	2.8

The table below provides recent DHBTF appropriations for debt service.

<b>DEDICATED HIGHWAY AND BRIDGE TRUST FUND DEBT SERVICE APPROPRIATIONS</b>		
<u>Enacted FY 2014</u>	<u>Enacted FY 2015</u>	<u>Enacted FY 2016</u>
\$980,300,000	\$820,300,000	\$780,300,000

## Increasing Opportunity for Minority and Women-Owned Business Enterprises

The New York State Department of Transportation's Office of Civil Rights has primary oversight responsibility for all Civil Rights and the M/WBE related program functions. This includes oversight of the Department's Purchasing Unit within the Office of Contracts and Accounting. This Office has adopted practices which promote flexibility in choosing those M/WBE firms with which it conducts business. The Purchasing Unit aggressively promotes the use of M/WBE firms by our internal customers for those commodities and services costing less than \$200,000. As part of the outreach process, the Department provides all prospective vendors with an updated version in both paper and electronic form of the publication "How to do Business with the New York State Department of Transportation." Only M/WBEs certified by ESD's M/WBEs are used to fulfill goals on 100 percent State funded projects and/or goods and services.

The Department is one of four agencies in New York that are authorized to certify businesses as DBEs, which is a Federal (USDOT) certification program. The other three certifying agencies are the MTA, NFTA, and PANYNJ. A memorandum of agreement with ESD has been signed that expedites the review and approval process for DBEs to become certified as M/WBEs.

The Department establishes annual goals for M/WBE participation for construction contracts, professional service agreements (including civil engineering), and for the procurement of goods and services. The Department reviews these goals and takes appropriate measures to help ensure attainment, including the removal of barriers to participating in NYSDOT contracts. These goals are based on projected opportunities and the availability of certified M/WBEs in relation to the projected areas of opportunity.

The Department established a “Diversity Procurement Team” to explore ways to broaden the participation of M/WBEs in NYSDOT’s contracting and investigate innovative approaches to improving the number of M/WBEs working on NYSDOT’s contracts.

The Department submits its Annual Goal Plan to the director of the State Division of Minority and Women Business Development.

The Department partners regularly with Federal, State, and local agencies, as well as industry/professional associations and community based organizations to conduct outreach to the M/WBE community regarding contract opportunities and the Department’s contracting methods (i.e., lowest responsible bidder, best value, discretionary purchasing, etc.). These organizations include: the Federal Highway Administration, ESD; PANYNJ; the Association of General Contractors, General Contracting Association, and the Association of Minority Enterprises of New York.

The Office of Civil Rights has conducted, and will continue to conduct, D/M/WBE outreach and business networking events that will focus on upcoming Department contracting opportunities in an effort to encourage and increase D/M/WBE participation.

The Department will also continue to implement targeted supportive services to DBEs using Federal funds. Since most DBEs are also certified M/WBEs, these supportive services will benefit firms in both contracting programs. The Governor remains committed to expanding MWBE participation in State contracting, and has now set a 30 percent MWBE utilization goal. Furthermore, the Department is developing a pilot Mentor/Protégé program as a strategy for DBEs to increase their contracting opportunities.

Additionally, the Department will summarize its program efforts and results to both the Federal Highway Administration and ESD in the plans and reports required by those agencies.

# Glossary of Acronyms

ADA	Americans with Disabilities Act
APD	All Payers Claims Database
BABs	Build America Bonds
