# Introduction

The DOB<sup>1</sup> publishes the Capital Program and Financing Plan twice a year, with the Executive Budget and the Enacted Budget. It describes the State’s multi-year capital program, the way it will be financed, and the impact of debt on the State’s Financial Plan.

The Executive Capital Program and Financing Plan (the “Executive Capital Plan” or the “Plan”) reflects capital spending and debt issuances in FY 2019 through FY 2023.

The Executive Capital Plan consists of seven major sections as follows:

- **The Executive Summary** summarizes the State’s capital initiatives, multi-year planning projections, debt issuance plans, limitations on State debt, overall capital spending, and projected levels of debt service costs, debt outstanding, new debt issuances, and debt retirements.
- **FY 2019 Capital Program and Financing Plan** provides estimates of annual capital spending and debt by program area and financing source.
- **Five-Year Capital Plan** provides a summary of the multi-year impact of the FY 2019 Capital Program and Financing Plan and describes agency capital goals, objectives, and capital maintenance efforts.
- **Agency Capital Program Plans** provide a narrative description of the capital investment recommendations of agencies for the FY 2019 through FY 2023 period.
- **Debt Affordability** includes information related to the State’s actual and projected debt levels and debt service costs, as well as comparisons to objective affordability measures.
- **Detailed Data** explains various State debt limitations and provides detailed tables on capital projects financing, State-related debt, and debt service costs.
- **Agency Summary and Detail Tables** provide a summary of projected appropriations, commitments, and disbursements for each agency on both a comprehensive construction program and capital projects fund basis.

Terminology used throughout the Executive Capital Plan includes “commitment(s),” meaning the amount an agency expects to place under contract for a given fiscal year; and “appropriation(s),” referring to the statutory authorization against which expenditures (liability) and disbursements (cash) may be made during a specific State fiscal year. In general, this legal authority allows State agencies to spend money. Agency appropriations, commitments, and disbursements data can be found in the Agency Summary and Detail Tables section.

---

<sup>1</sup> Please see “Glossary of Acronyms” at the end of this document for the definitions of commonly used acronyms and abbreviations that appear in the text.

Additionally, the Plan makes references to “off-budget” spending, which refers to capital spending that is occurring directly from bond proceeds held at public authorities. “Off-budget” spending still requires an enacted appropriation, bonding authorization, and PACB approval to occur. However, in an effort to streamline all State capital spending within the Plan, the State has begun to convert and/or phase out the practice of such spending. This conversion began in FY 2015 with the conversion of the local highway transportation program. The FY 2019 Executive Budget proposes to complete the conversion so all capital spending will be accounted for in the State accounting system. However, given the complexities of this change, this reporting of capital spending will not be recognized until the proposal is adopted by the legislature.

## Reporting On State Debt

The Plan provides information on State-supported debt and the broader measure of State-related debt:

**State-supported debt** represents obligations of the State that are paid from traditional State resources (i.e., tax revenue) and have a budgetary impact. It includes both General Obligation debt approved directly by the voters, and debt authorized by the Legislature, acting on behalf of the people, and issued on behalf of the State by public authorities, where the State is contractually obligated to pay debt service, subject to appropriation. All debt authorized by the Legislature must be approved by PACB, and the board of the issuing authority, with the exception of General Obligation Bonds. The State’s debt reform caps on debt outstanding and debt service apply to State-supported debt.

**State-related debt** is a broader measure that includes State-supported debt, State-guaranteed debt, moral obligation financings, and certain contingent-contractual obligation financings, where debt service is paid from non-State sources in the first instance, and State appropriations are available, but typically not expected to be needed, to make payments. The classification is made at the time of the original issuance.

State debt is reported in the Plan on a cash basis and includes all debt issued by the State and public authorities acting on its behalf for government activities and business-type activities as defined in the CAFR.

State debt does not include debt that is issued by State public authorities for which the State has no financial obligation (i.e., “conduit debt”), or debt issued by or on behalf of local governments and secured (in whole or in part) by State local assistance aid payments. For example, certain school districts and NYC have pledged State aid to help pay debt service for locally sponsored and locally determined financings. Additionally, certain of the State’s public authorities issue debt supported by non-State resources (i.e., NYSTA toll revenue bonds, TBTA or MTA revenue bonds, or DASNY dormitory facilities revenue bonds) or issue debt on behalf of private clients (i.e., DASNY hospital revenue bonds). Because this debt was not issued by, or on behalf of, the State, the State has no obligation to pay debt service, and it is not considered State debt in the CAFR, therefore it is not included in the Plan. Instead, this debt is accounted for in the respective financial statements of the local governments responsible for the issuance of such debt.

## For More Information

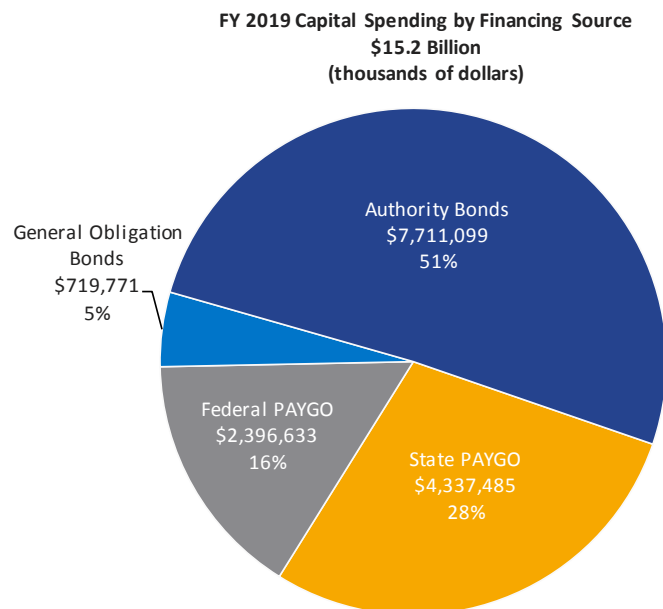

Additional information on the State's debt portfolio is available on DOB's public website ([New York State Division of the Budget](#)). The Investor's Guide section of the site contains detailed information on New York State bonds including: swap and variable rate capacity reports, PIT and Sales Tax Revenue Bond debt service and debt outstanding, credit ratings on New York State bonds, and the State's bond issuance schedule. In addition, the State's public website ([New York Bonds](#)) is tailored to potential investors of New York State bonds. The site provides specific information on the types of credits that New York State offers as well as the process for purchasing bonds.

# Executive Summary

## Capital and Debt Management

The FY 2019 Executive Budget addresses several emerging issues in the capital and debt program area, specifically:

- Building on the significant investments already underway to revitalize the MTA, the Governor has added to this effort by supporting the MTA Subway Action Plan. The Subway Action Plan is projected to cost \$836 million for 2017 and 2018, of which the State has committed to funding half of the plan. The Subway Action Plan will involve a two-phase implementation, with Phase One focusing on stabilizing and improving the system, and enhancing the customer experience, and Phase Two focusing on modernizing the system. The FY 2019 Executive Budget includes \$174 million for this purpose, plus an additional \$254 million of operating aid. Collectively, the State is investing \$8.6 billion in State aid towards the unprecedented \$29.9 billion MTA Capital Plan.
- Extending authorization for use of the “design-build” procurement method to DASNY, ESD, OGS, DOH, and ORDA. Design-build procurement allows design and construction services to be contracted by a single entity. This in turn, improves coordination during design and construction, streamlines change-order management, reduces potential cost increases due to misunderstandings between building designers and contractors, and accelerates completion of capital construction projects. State agencies and authorities with design-build authority have reduced costs by accelerating the completion dates for dozens of projects. Currently, the Thruway Authority, DOT, Parks, DEC and the State Bridge Authority, along with other specific projects, are all authorized to utilize design-build as a procurement method.
- Moving costs associated with DOT’s snow and ice removal program and DOT and DMV regulatory activities from the DHBTf to the State’s General Fund. Costs related to road and bridge repair, engineering, capital planning, maintenance of assets, and other activities related to DOT’s capital plan will continue to be funded from the DHBTf. This proposal is the continuation of an effort to more accurately account for certain types of expenses. Accordingly, the FY 2019 Executive Budget reflects the movement of \$394 million in non-capital costs to the General Fund.
- Eliminating “off-budget” capital spending. A portion of spending in the State’s Capital Plan is paid directly from bond proceeds held at the State’s public authorities, primarily DASNY. This capital spending supports projects at CUNY, SUNY Community Colleges, Mental Hygiene agencies, and certain economic development programs. While still accounted for in the State’s overall capital spending and debt metrics, this spending is reported as an “off-budget” expense. In an effort to streamline all State capital spending within the Plan, the State has begun to convert and/or phase out the practice of such spending. This conversion began in FY 2015 with the conversion of the local highway transportation program. The FY 2019 Executive Budget proposes to complete the

conversion so all capital spending will be accounted for in the State accounting system. However, given the complexities of this change, this reporting of capital spending will not be recognized until the proposal is adopted by the legislature.

- Implementing the FY 2019 Statewide Capital Efficiency Plan, which results in reductions to bond-financed capital spending across the five-year capital plan. The objective of this initiative is not to eliminate projects, but to prioritize those that are essential. A project would be deemed essential if failure to complete it would:
  1. Present an immediate, demonstrable threat to public health and safety;
  2. Directly violate a court order or Federal, State, or local law; or
  3. Result in a substantial reduction in Federal aid.

The FY 2019 Capital Efficiency Plan is expected to reduce bonded capital spending by approximately \$1.4 billion across the five year capital plan.

- Continuing to refund bonds when it makes economic sense to lower the State's debt service costs. The State will pursue opportunities to efficiently refund its debt, taking advantage of low interest rates.
- Authorizing the transfer of up to \$500 million from DRRF that could be used to reduce the State's debt burden and maintain bond capacity under the State's debt caps. Potential DRRF uses include paying down existing debt and cash financing capital projects that would otherwise be funded with debt.
- Continuing the State's policy goal of selling at least 50 percent of new debt issuances on a competitive basis in FY 2019, market conditions permitting. The State has issued \$4.8 billion, or 73 percent, of bonds on a competitive basis in FY 2018.
- In response to the Federal tax law changes resulting from the Tax Cuts and Jobs Act of 2017, New York State is evaluating commensurate changes in the New York State tax law. The goal of any tax law changes will be to maintain New York's tax base in response to the adverse impact of the Federal tax law changes. The State is firmly committed to maintaining the credit quality of PIT Revenue Bonds. The State expects that any State law changes that affect personal income tax receipts will be accompanied by State law changes that protect the flow of revenues dedicated to PIT Revenue Bonds, which may include legislation to increase the amount of PIT receipts that are dedicated to the credit or to expand the security for the bonds to include new revenue sources.

## FY 2019 Capital Plan

### Summary

The FY 2019 Executive Budget Capital Plan funds the capital needs of State agencies, increases support for new statewide initiatives, and maintains affordable levels of debt. Capital spending is projected to total \$15.2 billion in FY 2019. The Plan includes new and continued investments for roadways, bridges, and transit systems; affordable and supportive housing units; economic development; health care; and environmental protection. Additionally, the Plan includes continued funding for State parks, and educational, mental health, and correctional facilities.

Debt issuances for five-year capital projections are sized to fit within the limits established by the State's statutory debt cap. With the proposed capital initiatives in the FY 2019 Executive Budget Capital Plan, DOB projects that the State's debt affordability measures will remain stable over the next five-year period.

State-related debt outstanding declined for five consecutive years, FY 2013 through FY 2017. This marks the first time in modern history that New York has achieved this result. During the five-year period, debt declined from \$56.4 billion to \$50.7 billion. At the end of FY 2018, debt is still expected to be below when the Governor took office.

## Executive Budget Capital Highlights

The FY 2019 Executive Budget adds and/or continues funding for the following:

- **Transportation and Transit:** The Executive Budget includes incremental appropriations that support the \$29.2 billion multi-year capital plan to preserve and upgrade roads, bridges, and other transportation infrastructure. The plan dedicates over \$27 billion for statewide DOT projects, including BRIDGE NY, PAVE NY, Extreme Weather Infrastructure Hardening; and \$2.0 billion in Thruway Stabilization funding that will support capital improvements on the Thruway system, including the Governor Mario M. Cuomo Bridge.
- **MTA Capital Commitment:** The Executive Budget reflects continued, and incremental, State funding for the MTA's \$29.9 billion multi-year capital plan, which is funded from multiple sources, including \$8.6 billion of State funding. The Budget includes the fourth year of capital appropriations totaling \$1.5 billion for the State's contribution to the MTA capital plan. Additionally, the Budget proposes an incremental capital investment of \$174 million to initiate the Subway Action Plan.
- **Life Sciences Laboratory Public Health Initiative:** The FY 2019 Budget continues support for the Life Sciences Laboratory Public Health Initiative, which will develop life science research, innovation, and infrastructure through a joint effort between ESD and the DOH. Building upon \$150 million committed in FY 2018, the FY 2019 Executive Budget includes \$600 million to construct a new life sciences laboratory in the Capital Region. This initiative positions New York to attract private investment and jobs, a key objective of the already existing Life Sciences Initiative.
- **Affordable and Homeless Housing:** The Executive Budget continues \$2.5 billion in capital funding in support of the \$20 billion five-year investment in affordable housing to ensure that New Yorkers who are homeless or at risk of homelessness have safe and secure housing. The program will create or preserve 100,000 new affordable housing units and 6,000 supportive housing units.
- **Environmental Protection:** The Plan contains \$300 million for the EPF, continuing the highest level of funding in State history, which was set in FY 2017. The expanded EPF will provide funding for: stewardship; agriculture programs; invasive species prevention and eradication; water quality improvement; municipal recycling; and an environmental justice agenda. Furthermore, this funding will establish new programs to help communities adapt to climate change through resiliency planning and infrastructure investments, and to reduce greenhouse gas emissions outside of the power sector.
- **Clean Water Infrastructure:** The Executive Budget continues \$2.5 billion in funding for water quality capital projects to ensure access to clean water. The investment will support drinking water infrastructure, wastewater infrastructure, and source water protection. Funding will prioritize community-based planning at the regional and watershed level, and encourage consolidation and sharing of water and waste water services.

- **Hazardous Waste Remediation:** The Executive Budget includes \$100 million in new authority for the State Superfund to remediate hazardous waste sites. This is part of a multi-year \$1 billion investment in the Superfund. Along with other remediation projects, the Superfund will be used to install a new well system to fully contain and treat the plume of contamination caused by manufacturing facilities in Oyster Bay.
- **Health Care:** The Executive Budget includes \$425 million in new health care capital grants, which will be funded with State bonds and monetary settlements (\$300 million and \$125 million, respectively). These grants are intended to facilitate mergers, consolidation, acquisition, and other corporate restructuring activities.
- **Economic Development:** The Executive Budget continues to provide statewide economic development grants, including: \$300 million for the High-Technology Innovation and Economic Development Infrastructure Program; \$150 million for an eighth round of Regional Economic Development Council grants; and \$100 million for a third round of Downtown Revitalization Grants.
- **Parks:** The FY 2019 Executive Budget includes \$90 million towards Parks' New York Works initiative, which, when fully implemented will have invested \$900 million in State Parks. Additionally, the Budget includes \$50 million for the State's share of capital funding for the Hudson River Park.

## Uses of Monetary Settlements

The State has received a total of \$10.7 billion in monetary settlements with banks, insurance companies, and automakers. A total of \$7.8 billion has been appropriated from capital projects funds, as summarized in the following table.

APPROPRIATED USE OF MONETARY SETTLEMENTS (thousands of dollars)					
	FY 2016 Enacted Budget	FY 2017 Enacted Budget	FY 2018 Enacted Budget	FY 2019 Executive Budget	Total
	<b>4,550,000</b>	<b>1,960,000</b>	<b>1,205,000</b>	<b>125,000</b>	<b>7,840,000</b>

Community Health Care Revolving Loans	19,500	0	0	0	19,500
Roswell Park Cancer Institute	15,500	0	0	0	15,500
Behavioral Health Care Grants	10,000	0	0	0	10,000

The Executive Budget Financial Plan reflects the allocation of an additional \$125 million in unbudgeted monetary settlements to support the following measures within the Capital Plan:

- **Health Care Capital Grants (\$125 million):** The Budget includes a \$425 million increase to the health care facility transformation program, of which \$125 million will be funded from monetary settlements.

The following purposes were identified in past budgets and are expected to continue to be funded with monetary settlement funds reappropriated in FY 2019:

- **Thruway Stabilization (\$2.0 billion):** The \$2.0 billion investment will support both the Governor Mario M. Cuomo Bridge project and other transportation infrastructure needs for the rest of the Thruway system.
- **Upstate Revitalization Program (\$1.7 billion):** In 2015, \$1.5 billion was awarded to the three Upstate regions selected as URI best plan awardees. An additional \$200 million (\$170 million from monetary settlements) was provided in 2016 to support projects in the remaining four eligible Upstate regions.
- **Affordable and Homeless Housing (\$640 million):** Settlement funds will augment the multi-year investment in affordable housing services (\$590 million), and provide housing opportunities for individuals and families who are homeless or at risk of homelessness (\$50 million). Funds will be invested over five years to create new housing opportunities for individuals and families in need of supportive services, as well as to assist vulnerable populations in securing stable housing.
- **Health Care/Hospitals (\$600 million):** The Plan provides \$555 million in grants to health care providers to facilitate mergers, consolidations, acquisitions, or other significant corporate restructuring activities. The Plan also funds capital expenses of the RPCI (\$15.5 million); a community health care revolving loan (\$19.5 million); and IT and other infrastructure costs associated with the inclusion of behavioral health sciences in the Medicaid Managed Care benefit package (\$10 million).
- **Broadband Initiative (\$500 million):** The \$500 million investment in the New NY Broadband Fund Program will expand the availability and capacity of broadband across the State, and support development of other telecommunication infrastructure. This program is intended to expand high-speed networks and promote broadband adoption.
- **Buffalo Billion Phase II (\$400 million):** The Executive Budget Financial Plan reflects a continued investment of \$400 million from monetary settlement funds to support the second phase of the Buffalo Billion initiative, which totals \$500 million.

- **Life Sciences (\$320 million):** The Executive Budget Financial Plan reflects the commitment of \$320 million from monetary settlement funds to support the State's multi-year \$620 million Life Sciences Initiative. The State will provide \$220 million to support state-of-the-art laboratory space, equipment, and technology. Furthermore, \$100 million will be provided in investment capital for early stage life science firms, which is expected to be matched by private sector partners.
- **MTA Capital Plan (\$315 million).** The Plan includes \$250 million for the MTA Penn Station Access project, which will open a new Metro-North link directly into Penn Station. The project is expected to provide enhanced system resiliency, improvement in regional mobility, and construction of four new Metro-North stations in the Bronx. Also, an additional \$65 million was provided to the MTA's 2015-2019 Capital Program, which was paid to the MTA in FY 2018.
- **Municipal Restructuring and Downtown Revitalization (\$270 million):** The Plan includes \$20 million in funding for a municipal consolidation competition to encourage the reduction of costs through a competitive process to be administered by the DOS. This funding is in addition to \$150 million for the first Downtown Revitalization Initiative and for municipal restructuring to assist and encourage local governments and school districts to implement shared services, cooperation agreements, mergers, and other actions that are intended to reduce operating costs and property tax burdens. The second Downtown Revitalization Initiative (\$100 million) funds housing, economic development, transportation, and community projects to attract and retain residents, visitors, and businesses to downtowns.
- **Resiliency, Mitigation, Security, and Emergency Response (\$250 million):** The Plan provides funding for the preparedness and response efforts related to severe weather events, as well as efforts to prevent, prepare for, and respond to acts of terrorism, other public safety and health emergencies, and natural and man-made disasters. Additionally, funding has been used for counter-terrorism efforts in New York City, including increased security and anti-terror exercises at nine MTA-operated bridges.
- **Transportation Capital Plan (\$200 million):** The Executive Budget Financial Plan provides funding for transportation infrastructure projects across the State.
- **Transformative Economic Development Projects (\$150 million):** The Executive Budget Financial Plan includes funds to promote economic development in Nassau and Suffolk counties.
- **Environmental Protection Fund (\$120 million):** This \$120 million and other EPF resources provide dedicated funding to communities throughout New York State to improve the environment, respond to problems caused by climate change, and reduce greenhouse gas emissions.

- **Infrastructure Improvements (\$115 million):** The Plan provides \$115 million in funding for infrastructure improvements to support transportation, upstate transit, rail, airport, port, and other projects.
- **Economic Development (\$85 million):** The Executive Budget Financial Plan includes \$85 million in funding for economic development with the intention of creating jobs, strengthening and diversifying economies, and generating economic opportunities across the State, including investments in infrastructure.
- **Southern Tier/Hudson Valley Farm Initiative (\$50 million):** The Plan contains \$50 million in funding to help landowners in the Southern Tier and Hudson Valley maintain and develop farming, agricultural, and related businesses.
- **Empire State Poverty Reduction Initiative (\$25 million):** The ESPRI will bring together State and local government, nonprofits, and community groups to design and implement coordinated solutions for addressing poverty in 16 municipalities: Albany, Binghamton, the Bronx, Buffalo, Elmira, Hempstead, Jamestown, Newburgh, Niagara Falls, Oneonta, Oswego, Rochester, Syracuse, Troy, Utica, and Watertown.
- **Non-MTA Transit (\$20 million):** These settlement funds will be directed by the DOT toward upstate and downstate public transportation systems other than the MTA to defray the costs of capital projects or acquisitions.

## Monetary Settlements - Cash Flow Management

Since 2015, the receipt of \$10.7 billion in monetary settlements has increased the State's cash on hand and improved its liquidity position. A large portion of the monetary settlements (\$7.8 billion) has been programmed for capital projects that are expected to spend over multiple years. This has provided the flexibility to use these cash resources temporarily to support capital spending and avoid issuing debt immediately, saving on interest costs. Accordingly, the Executive Budget continues to assume that monetary settlements will temporarily be used for two different purposes:

1. Use \$1.3 billion to fund bond-financed capital disbursements. As shown in the table below, settlement resources were used to pay for \$1.3 billion of capital spending in FY 2017 to support higher education, transportation, and economic development. This \$1.3 billion advance from settlement funds will be repaid when the State reimburses this capital spending with bond proceeds in FY 2018 (\$800 million) and FY 2019 (\$500 million).
2. Meet initial capital funding requirements for the Javits Center expansion project. As shown in the table below, the Javits expansion will be supported by settlement fund balances in the first instance, beginning in FY 2018. Subsequently, these expenses will be reimbursed from bond proceeds in FYs 2020 and 2021.

ALLOCATION OF MONETARY SETTLEMENTS TO CAPITAL PROJECTS FUNDS (millions of dollars)								
	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023

## Statewide Capital Spending

Statewide capital spending for FY 2019 is estimated to total approximately \$29.8 billion, including \$15.2 billion of State spending and \$14.6 billion of public authority spending. The following table shows the capital spending projections for State agencies and public authorities in FY 2019. Public authority spending is funded from authority revenues for authority purposes and thus is not captured in the State budget. It is compiled based on several sources and assumptions. (The projections are for fiscal years ending in 2019, except where noted.) For more information on capital spending, please refer to the Five-Year and Agency Capital Plans sections of this report.

## Capital Projects Spending Overview

State capital projects spending is projected to total \$15.2 billion in FY 2019. This includes \$14.5 billion in spending that appears in the State's Financial Plan and \$675 million in "off-budget" spending that is currently being financed directly from bond proceeds. Capital spending in FY 2019 is expected to be financed with State-supported debt (\$8.4 billion, 56 percent); State cash resources (\$4.3 billion, 28 percent); and Federal aid (\$2.4 billion, 16 percent). Capital spending over the next five years is expected to average approximately \$13.0 billion annually. In FY 2019, capital spending is projected to increase by 13 percent as compared to FY 2018.

## Debt Outstanding

State-related debt outstanding is projected to total \$55.2 billion in FY 2019, an increase of \$3.2 billion (6.2 percent) from FY 2018. New debt issuances are expected to total \$6.8 billion in FY 2019, offset by \$3.6 billion in debt retirements. The annual increase in debt outstanding includes \$662 million for education facilities, \$756 million for transportation, \$342 million for health and mental hygiene, \$1.3 billion for economic development and housing, and \$336 million for environmental facilities.

Over the period of the Plan, State-related debt outstanding is projected to increase from \$52.0 billion in FY 2018 to \$62.3 billion in FY 2023, or an average increase of 3.7 percent annually.

## Debt Issuances

Debt issuances totaling \$6.8 billion are planned to finance new capital project spending in FY 2019, an increase of \$782 million (13 percent) from FY 2018. The bond issuances will finance capital commitments for education (\$1.3 billion), transportation (\$1.7 billion), economic development and housing (\$2.1 billion), health and mental hygiene (\$713 million), State facilities and equipment (\$413 million), and the environment (\$533 million).

Over the period of the Plan, new debt issuances are projected to total \$31.7 billion. New issuances are expected for education facilities (\$6.1 billion), transportation infrastructure (\$8.1 billion), economic development and housing (\$9.8 billion), mental hygiene and health care facilities (\$3.3 billion), State facilities and equipment (\$1.9 billion), and the environment (\$2.5 billion).

## Debt Retirements

The State expects to retire \$3.6 billion of debt in FY 2019, approximately \$683 million (16.1 percent) less than in FY 2018. Additional retirements beyond this level are possible through debt management actions, including the use of DRRF. Debt retirements are projected to average \$4.2 billion annually over the plan period.

## Debt Service

State-related debt service is projected at \$5.7 billion in FY 2019, a decrease of \$676 million (10.6 percent) from FY 2018. This is due, in large part, to the retirement of all bonds issued by the Tobacco Settlement Financing Corporation in FY 2018. In addition, increased debt service costs from new issuances are being offset by the prepayment of FY 2019 debt service in FY 2018. State-supported debt service is another measure of State resources that better reflects annual debt service costs. It is projected at \$5.6 billion in FY 2019, an increase of \$4 million (0.1 percent) from FY 2018. State-related debt service is projected to increase from \$6.4 billion in FY 2018 to \$7.3 billion in FY 2023, an average rate of 2.8 percent annually.

## Debt Affordability Measures

Overall debt affordability measures from FY 2018 through FY 2023 show:

- State-supported debt outstanding is projected to remain under the statutory debt cap over the Plan period, declining to an estimated low point of about \$61 million in excess capacity in FY 2021.
- State-related debt service as a share of All Funds Receipts is projected to increase from 3.9 percent in FY 2018 to 4.2 percent in FY 2023.
- State-related debt outstanding as a percentage of personal income is expected to remain relatively constant from FY 2018 to FY 2023, decreasing from 4.3 to 4.1 percent.

## Debt Reform Act Limit

The Debt Reform Act of 2000 (“Debt Reform Act”) restricts the issuance of State-supported debt to capital purposes only, and for a maximum term of 30 years. The Debt Reform Act limits the amount of new State-supported debt to 4 percent of State personal income, and new State-supported debt service costs to 5 percent of All Funds receipts. The restrictions apply to all new State-supported debt issued since April 1, 2000. DOB, as administrator of the Act, determined that the State was in compliance with the statutory caps in the most recent calculation period (FY 2017).

Current projections anticipate that debt outstanding and debt service will continue to remain below the limits imposed by the Debt Reform Act. Based on the most recent personal income and debt outstanding forecasts, the availability under the debt outstanding cap is expected to decline from \$3.9 billion in FY 2018 to about \$61 million in FY 2021. This includes the estimated impact of the bond-financed portion of increased capital commitment levels. In addition, the projected availability under the debt cap is dependent on expected growth for State personal income. Debt outstanding and debt service caps continue to include the existing SUNY Dormitory Facilities lease revenue bonds, which are backed by a general obligation pledge of SUNY. Bonds issued under the new SUNY Dormitory Facilities Revenue credit (which are not backed by a general obligation pledge of SUNY) are not included in the State’s calculation of debt caps. Capital spending priorities and debt financing practices may be adjusted from time to time to preserve available debt capacity and stay within the statutory limits, as events warrant.

1,410	7,158
1,033	7,070
803	7,270

Changes in the State's available debt capacity, as illustrated below, reflect the impact of several factors. These include a reduction to the personal income forecast due almost entirely to income revisions by the BEA. In recent quarters, BEA has made sizeable revisions to prior-year income levels, which in turn changes the base on which DOB calculates income going forward. The substantial reduction to personal income makes it necessary to make capital spending reductions in order to stay within the debt cap in future years. The spending reductions are expected to be managed within anticipated underspending on capital projects throughout the plan period. Additional reductions to capital spending are assumed from the FY 2019 Statewide Efficiency Plan, which assumes a capital spending reduction on bond-financed capital spending starting in FY 2020. Debt capacity amounts continue to assume that SUNY Dormitory Facilities lease revenue bonds will be refunded into the new SUNY Dormitory Facilities Revenue Bond credit when the bonds become currently callable.

# Capital Program and Financing Plan

## FY 2019 Capital Projects Spending

The Executive Capital Plan balances the need to preserve the State’s assets, invest in new initiatives, and maintain a plan that is affordable. The Plan limits debt issuances to a level that allows the State to remain in compliance with its statutorily imposed debt limits and maintains sufficient capital spending for core capital projects. Also, the Plan continues investments in transportation and transit infrastructure, affordable and homeless housing, economic development, environmental protection and infrastructure, and health care.

Spending on capital projects is projected to total \$15.2 billion in FY 2019, which currently includes \$675 million in “off-budget” spending. Overall, capital spending in FY 2019 is projected to increase by \$1.8 billion or 13 percent from FY 2018.

<sup>(2)</sup> Represents spending which currently occurs directly from bond proceeds held by public authorities.

## Capital Projects Appropriations

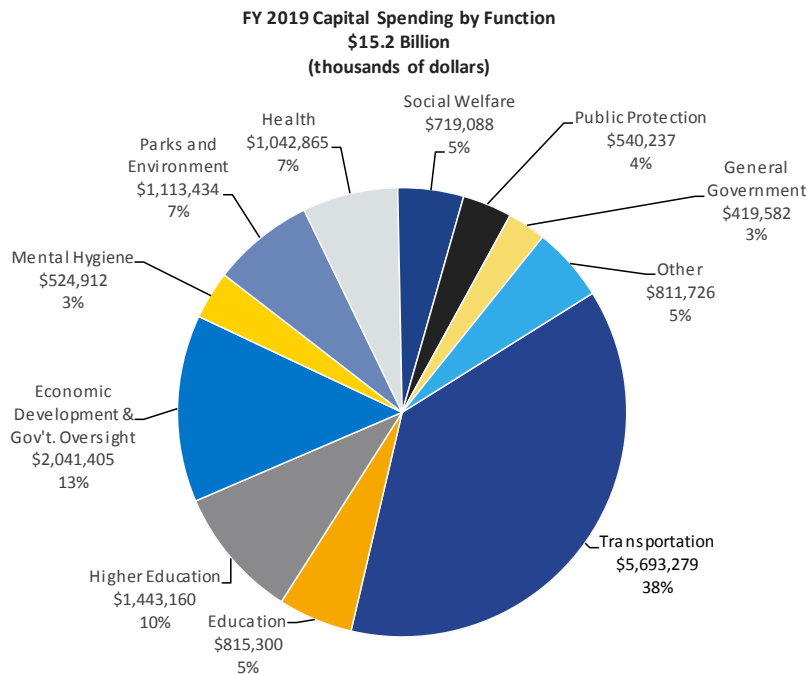

The Executive Budget includes \$13.7 billion in capital appropriation authority, all of which will be committed and spent over a multi-year period.

For a complete description of how these funds will be used, please refer to the Five-Year Capital Plan section of this report.

<b>FY 2019 EXECUTIVE BUDGET CAPITAL APPROPRIATIONS (thousands of dollars)</b>

## Annual Capital Spending Disbursements and Debt Impacts

The following sections summarize total capital spending from new and existing appropriations included in the FY 2019 Executive Budget and the related impact on State debt.

In FY 2019, transportation spending is projected to total \$5.7 billion, which represents 38 percent of total capital spending. Economic development spending accounts for 13 percent and higher education accounts for 10 percent. Spending for health care, and parks and the environment, represents 7 percent each. The remaining 25 percent comprises spending for mental hygiene, social welfare, public protection, education, general government, and the all other category, which includes Special Infrastructure Account investments such as the Thruway Stabilization Program.

Transportation spending is projected to decrease by \$532 million (9 percent) in FY 2019. This is almost entirely due to timing of disbursements to the MTA in FY 2018 and FY 2019.

Parks and environment spending is estimated to increase by \$128 million (13 percent) in FY 2019 reflecting spending from the \$2.5 billion Clean Water Infrastructure Act, the continuation of \$300 million EPF spending, as well as spending from the State Superfund and SPIF.

Economic development and government oversight spending is projected to increase by \$447 million (28 percent). This reflects the continued investment in programs created to promote regional economic development, including spending from both phases of the Buffalo Billion program, the Life Sciences Initiative, the Upstate Revitalization Initiative, and Regional Economic Development Councils.

Spending for health care is projected to increase by \$641 million (159 percent) in FY 2019. The increase is due to spending from Health Care Restructuring Program grant awards; and the phase-in of spending related to the Health Care Facility Transformation Program, including spending from \$425 million in new health care grants proposed in FY 2019.

Spending for social welfare is projected to increase by \$301 million (72 percent) due primarily to the continued implementation of the Affordable and Homeless Housing Capital Plan.

Education spending is projected to increase by \$372 million (84 percent) in FY 2019. The increase is due to spending from the Smart Schools Bond Act, which was approved in November 2014.

Higher education spending is projected to spend relatively the same amount as last year. Higher education will continue to invest in maintenance of senior and community college facilities.

Spending for public protection is projected to decrease by \$66 million (11 percent) in FY 2019, which is attributable to the spend out of Interoperable Communications Grants.

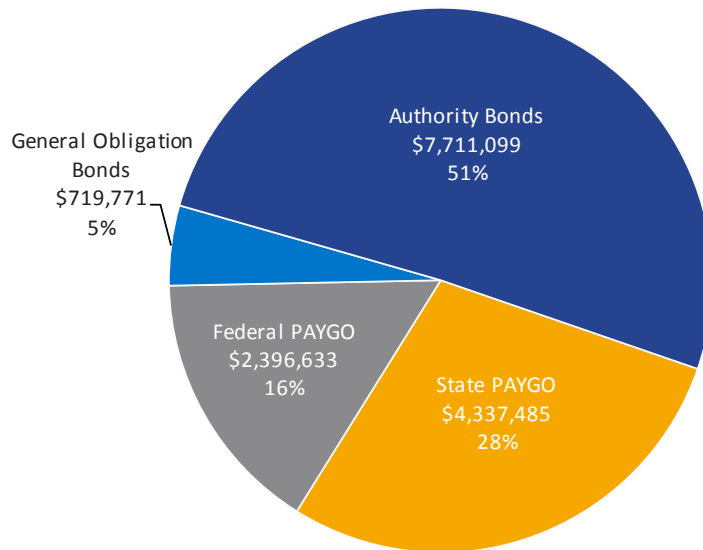

Mental hygiene capital spending is anticipated to decrease by \$11 million (2 percent). The minor decrease is primarily related to the timing of improvements at OMH's inpatient campuses, the construction of community residential sites, various mental health-related general hospital projects, and non-residential community programs.

General governmental capital spending is projected to increase by \$109 million (35 percent), which is mainly attributable to the construction of a cogeneration plant being undertaken by OGS, as well as ITS equipment purchases.

Spending in the All Other category is projected to increase by \$419 million (107 percent). The increase is related to spending on Special Infrastructure Account investments, including a contribution to the ongoing construction of the Governor Mario M. Cuomo Bridge and other capital projects for the State Thruway.

## Financing FY 2019 Capital Projects Spending

FY 2019 Capital Spending by Financing Source  
\$15.2 Billion  
(thousands of dollars)

In FY 2019, the State plans to finance 56 percent of capital projects spending with long-term bonds and 44 percent with cash and Federal aid. Most of the long-term bonds will be issued on behalf of the State through public authorities (51 percent) and the remainder of which will be issued as General Obligation Bonds (5 percent). Authority bonds do not include debt issued by authorities that are backed by their own non-State resources or on behalf of private clients. State cash resources, including monetary settlements, will finance 28 percent of capital spending. Federal aid is expected to fund 16 percent of the State's FY 2019 capital spending, primarily for transportation. Year-to-year, total PAYGO support is projected to increase \$293 million, with State PAYGO increasing by \$129 million and Federal PAYGO support increasing by \$164 million. Bond-financed spending is projected to increase by \$1.5 billion, with Authority Bond spending increasing by \$1.6 billion and General Obligation Bond spending decreasing by \$70 million.

## FY 2019 Debt Issuances

Debt issuances will finance capital investments for transportation, higher education, environmental protection, economic development, and the maintenance of correctional and mental hygiene facilities.

The State expects to issue \$6.8 billion in debt during FY 2019 to finance existing and newly-authorized capital program initiatives. Economic development and transportation projects are projected to represent approximately 56 percent of new issuances. The remaining balance is divided among education and housing, environmental facilities, health care and mental hygiene facilities, and State facilities. The State has transitioned to using only three credits — PIT Revenue Bonds, Sales Tax Revenue Bonds, and General Obligation Bonds.

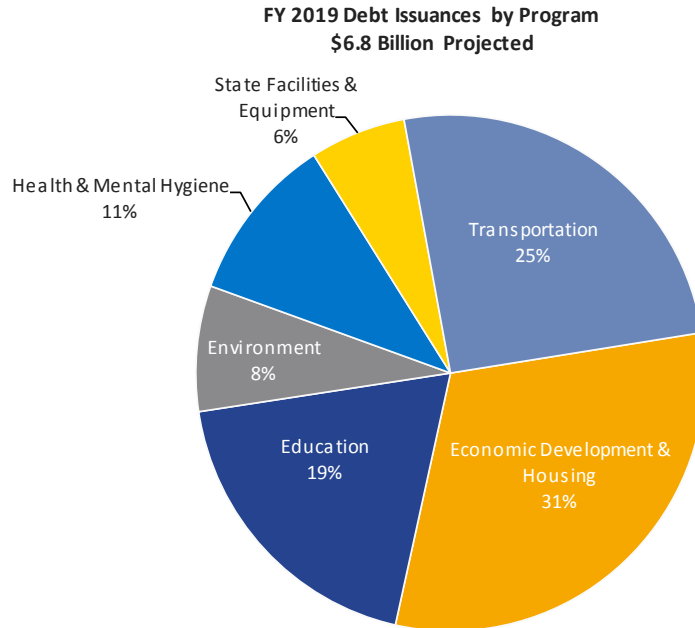

The State plans to sell at least 50 percent of bonds on a competitive basis in FY 2019, while continuing to maintain a significant presence — roughly \$3.4 billion, excluding refundings — in the negotiated market. Issuing bonds on a competitive basis is an effective way to (i) lower borrowing costs, (ii) provide an essential benchmark for bonds sold on a negotiated basis, and (iii) increase transparency related to the bond sale process. The State has issued \$4.8 billion, or 73 percent, in debt on a competitive basis in FY 2018. These sales provided consistently low interest costs compared to market indices and provided lower issuance costs.

The \$6.8 billion of new issuances are expected to be sold through various bond sales scheduled for FY 2019:

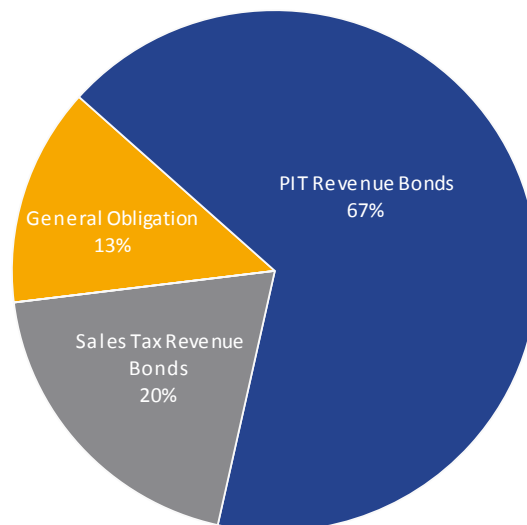

- \$4.5 billion through the AAA-rated PIT Revenue Bond program;
- \$1.3 billion through the AAA-rated Sales Tax Revenue Bond program; and
- \$920 million of AA+-rated General Obligation Bonds.

The following pie charts provide a distribution of projected debt issuances for new capital projects in FY 2019 by both functional area and financing program.

**FY 2019 Debt Issuances by Credit Structure**  
\$6.8 Billion Projected

## FY 2019 Debt Retirements

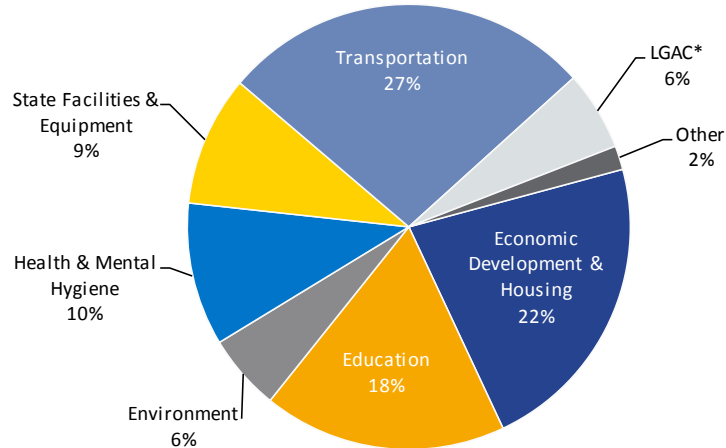

Retirements represent the annual repayment of principal for State-related debt as of the payment date due to bondholders, rather than the actual date the State makes the cash payment. For example, if principal payments are due on April 1, the bonds are considered outstanding on March 31, even if the State is contractually obligated to make payments to the bond trustee prior to that date.

The rate at which State-related debt is retired or paid off has an impact on the State’s ability to recycle debt capacity to finance new capital projects. Relatively faster amortization frees up debt capacity, but increases debt service costs in the State operating budget. Over time the practice increases the State’s debt service burden at the expense of other purposes. Debt is structured based on the useful life of the projects being financed.

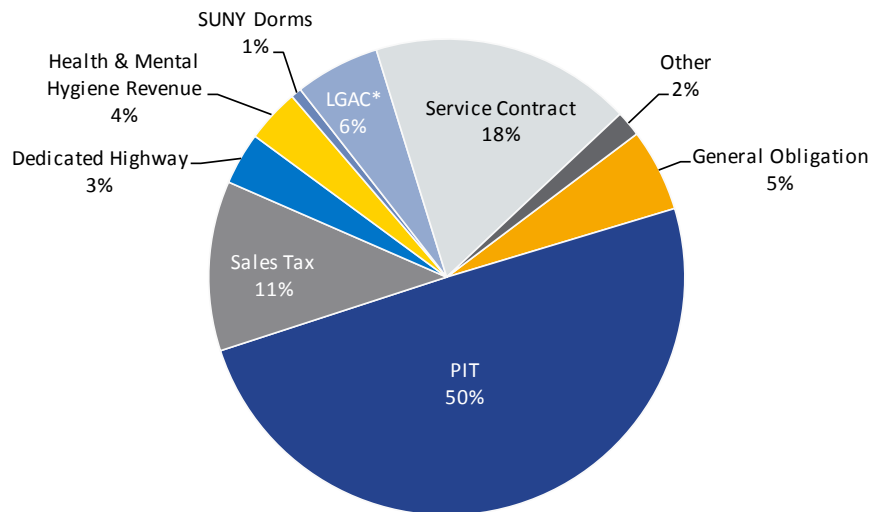

<b>NEW YORK STATE - RAPIDITY OF PRINCIPAL RETIREMENT</b>	
<b>Period</b>	<b>Cumulative Percentage of Existing Debt Scheduled for Retirement as of 1/1/2018</b>
5 years	34%
10 years	61%
15 years	80%
20 years	91%
25 years	98%
30 years	100%

Over the next five years, retirements of State-related debt are projected to average \$4.2 billion annually. The following pie charts provide a distribution of projected debt retirements by both functional area and financing program.

**Debt Retirements by Program**  
\$3.6 Billion Projected in FY 2019 Budget

**Debt Retirements by Credit Structure**  
\$3.6 Billion Projected in FY 2019 Budget

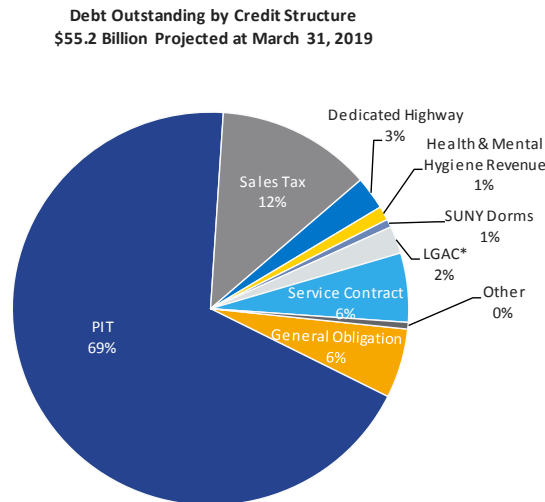

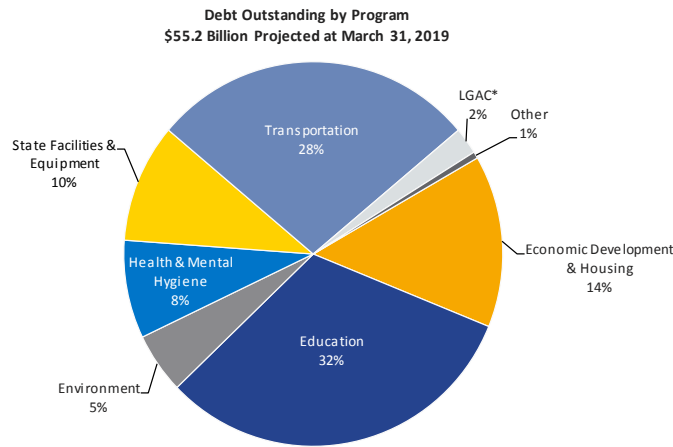

\*The debt of LGAC was issued to eliminate short-term borrowing for cash flow purposes.

## FY 2019 Debt Outstanding

State-related debt outstanding is projected to increase from \$52.0 billion in FY 2018 to \$55.2 billion in FY 2019. Debt issuances during FY 2019 are expected to add about \$6.8 billion in new debt, while \$3.6 billion of State-related debt is expected to be retired during FY 2019.

The \$55.2 billion of State-related debt projected to be outstanding at the end of FY 2019 is summarized by major programmatic area and credit below.

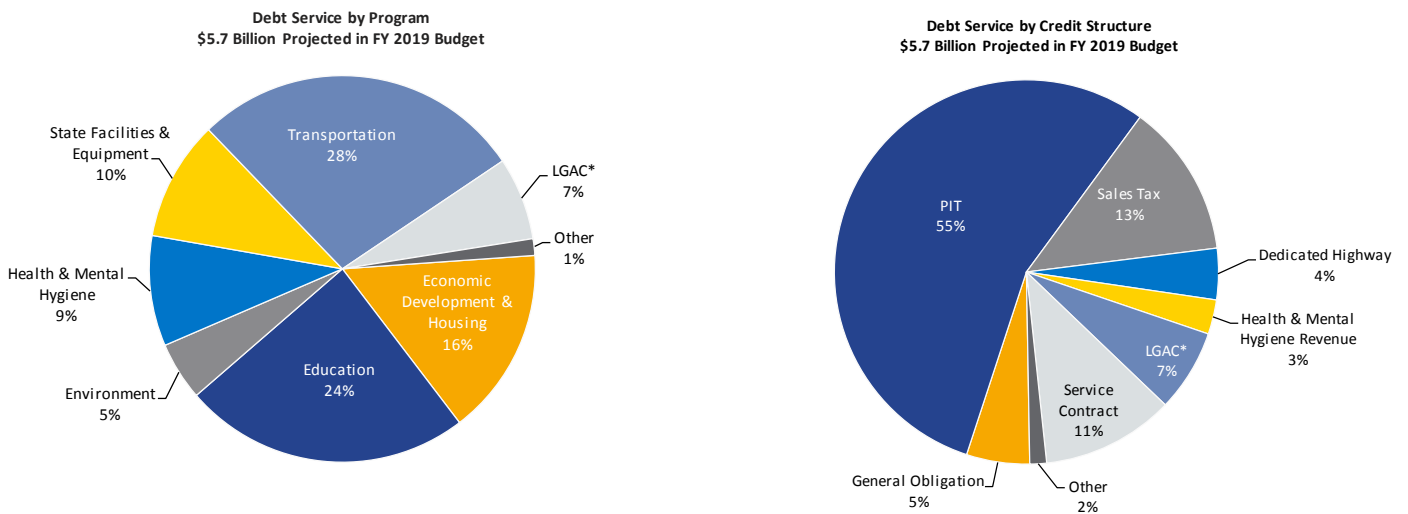

\*The debt of LGAC was issued to eliminate short-term borrowing for cash flow purposes.

## FY 2019 Debt Service

State-related debt service is projected to total \$5.7 billion in FY 2019. The State's debt service costs consist primarily of payments to meet obligations for bonds issued over the past 30 years, as well as new debt service costs that will result from bond issuances projected to occur during the forecast period. The vast majority – about \$5.4 billion – consists of debt service payments due on existing debt. The remaining FY 2019 payments (\$309 million) are expected to result from new money debt issuances.

Significant bond-financed capital investments, primarily for transportation, education, and economic development, drive most of the State's debt service costs. The majority of debt service costs are for bonds approved by the Legislature, on behalf of the people, and issued on the State's behalf by public authorities. As the State issues bonds under the PIT and Sales Tax credit structures, debt service for service contract bonds will decline, while the PIT and Sales Tax Revenue Bond debt service will increase.

The following pie charts summarize major debt service costs by both program area and financing program.

\*The debt of LGAC was issued to eliminate short-term borrowing for cash flow purposes.

<sup>(1)</sup> Represents spending which occurs directly from bond proceeds held by public authorities.

# Five-Year Capital Plan

Over the five years of the Executive Capital Plan, capital spending is projected to total \$64.9 billion, the majority of which will support transportation and transit projects (38 percent).

## Transportation

The Executive Budget continues to implement the largest State transportation plan ever approved, with over \$59 billion of transportation investments statewide, including \$29.2 billion for the State DOT and Thruway programs and \$29.9 billion for the MTA program. The plan, approved in FY 2017, aligned capital programming for DOT and MTA over a six-year period, which included five-year capital plans from FY 2016 through FY 2020, and additional commitments for priority projects and programs in a sixth year. Subsequent actions by the MTA Board accelerated their 6<sup>th</sup> year investments into their five-year plan period.

The Executive Budget reflects the fourth year of a \$29.2 billion State Transportation Capital Plan that will improve New York State's roads, bridges, airports, rail facilities, ports and transit systems. The Plan total includes DOT funding from State and Federal resources as well as Thruway Stabilization funding. It also includes \$4 billion for capital investments for DOT in FY 2022.

The transportation plan provides annual funding of \$478 million for the CHIPS and Marchiselli local highway and bridge programs, \$84.5 million for non-MTA transit systems, \$27.5 million for freight and passenger rail, and \$16.5 million for aviation. The plan also commits \$100 million in local highway aid through the PAVE NY program, and \$100 million to fund local bridge projects from the BRIDGE NY program for FY 2019.

The Executive Budget includes \$8.6 billion in State funding for the MTA capital plan, which provides for improvement of capital facilities operated by the New York City Transit Authority, Long Island Rail Road, Metro-North Railroad, MTA Bus, and other system-wide initiatives. This includes a new \$174 million appropriation to cover the State's half of the Subway Action Plan capital program in FY 2019 (\$164 million) and FY 2020 (\$10 million). Spending will also continue from the \$770 million FY 2013 appropriation for the MTA's 2010-2014 capital plan and from the \$1.45 billion dedicated to the MTA's 2005-2009 plan from the 2005 Transportation Bond Act.

The Capital Plan also includes funds to support the operations of DOT and DMV. The FY 2019 Executive Budget proposes a reform to move costs associated with DOT's snow and ice removal program and DOT and DMV regulatory activities from the DHBTF to the State's General Fund. Costs related to road and bridge repair, engineering, capital planning, maintenance of assets, and other activities related to DOT's capital plan will continue to be funded from the DHBTF, as will DMV functions related to the collection of dedicated motor vehicle fees. This reform proposal is the continuation of an effort to more accurately account for certain types of expenses. Accordingly, the FY 2019 Executive Budget reflects the movement of \$376 million in non-capital DOT costs to the General Fund, including \$355 million for snow and ice control activities.

## Transportation (Continued)

The DOT capital program will continue to be financed by State-supported bonds, PAYGO resources supported by dedicated taxes, fees, and settlement funds provided through the Special Infrastructure Account, and substantial amounts of Federal aid. The FY 2019 Executive Budget also requires cash transfers of approximately \$193 million from the General Fund to support the DHBTF. Over \$300 million of engineering costs each year are disbursed in the first instance from State sources but are later reimbursed by Federal PAYGO funds. In the financing sources table following, these costs are reflected as State PAYGO spending.

## Parks and Environment

Over the course of the Plan, parks and environment capital spending will address water infrastructure needs, the cleanup of environmental hazards, and infrastructure rehabilitation.

The Executive Budget continues funding the Environmental Protection Fund with a \$300 million appropriation. Funding is also maintained for the 10-year, \$1 billion State Superfund Program to remediate hazardous sites across the State, including \$10 million per year for the Environmental Restoration Program to address municipally-owned brownfields. Through reappropriations, the budget also continues funding for the \$2.5 billion Clean Water Infrastructure Act of 2017, which is financing drinking water and wastewater infrastructure, and source water protection, to ensure clean water for all New Yorkers.

The Executive Budget includes a new round of capital appropriations under the New York Works program, which provides \$40 million in new State funding to DEC for flood control, air monitoring infrastructure, information technology, and repair and maintenance of dams, State lands, and fish hatcheries. New funding of \$90 million from New York Works is provided in the OPRHP budget for capital rehabilitation and improvement of State parks and historic sites, as well as \$3 million for improvements at facilities operated by ORDA.

Over the Plan, core DEC Capital Projects Fund spending - including spending from bonded sources - averages \$415 million annually to meet health and safety requirements; ensure compliance with State and Federal environmental mandates; maintain and upgrade campgrounds, environmental centers and camps, fish hatcheries, and other Department-owned buildings and facilities; maintain flood control structures; fund wastewater and drinking water infrastructure; and fund shore protection projects for communities threatened by coastal erosion.

Spending from the SPIF for rehabilitation and improvements at parks and historic sites is projected to average \$133 million annually over the five-year Plan, including an average of \$32 million per year supported by OPRHP user fees.

Annual spending from the EPF, which will grow over the five-year plan is projected to average \$247 million annually. The EPF finances a variety of environmental and recreational activities and is funded through several revenue sources. RETT revenues of \$119 million per year and Bottle Bill revenues of \$23 million per year will continue for each year of the plan. Additional receipts to the EPF include: \$5 million from wetland permit applications, pesticide applications, and water withdrawal fees; \$2 million from freshwater wetland, mineral resource, hazardous waste, and electronic waste fees; and \$5 million from interest and the sale and lease of surplus property.

Spending financed by the CW/CA Bond Act (approved in 1996) will average \$3 million annually over the Plan period and will finance water quality improvement, landfill and recycling projects.

## Economic Development and Government Oversight

Economic development and government oversight spending will support economic development capital projects and programs that are integrated with regional strategies to create jobs, increase economic activity, and retain and attract businesses to the State.

The FY 2019 Executive Budget includes over \$1.2 billion in new appropriations for regional economic development initiatives. The new funding provides \$600 million to support construction of a sciences public health laboratory; \$150 million for competitively determined economic development projects through the Regional Councils; \$5 million for the Clarkson-Trudeau Partnership to grow the biotech industry in the North Country; \$200 million for the New York Works Economic Development Fund; \$8 million for Market New York projects; \$300 million to foster research and development of innovative technologies and leverage private investment in advanced science and technology, economic development initiatives, infrastructure, manufacturing, and other economic development initiatives.

The Executive Budget maintains over \$7 billion in reappropriated capital funding for initiatives facilitating economic growth in New York. This includes funding for various economic development and regional initiatives, including Upstate Revitalization, Transformative Investment, Regional Council and high technology initiatives, grants for communities affected by correctional and youth facility closures, statewide competitive grant programs, specific downstate regional initiatives, and upstate city-by-city projects. Funding is also included for cultural facilities, university development, environmental, and energy projects.

## Health

The Executive Capital Plan includes \$3.7 billion in capital investments to make infrastructure improvements and provide additional tools to stabilize health care providers. This includes \$425 million in new capital support for health care providers to transition into fiscally sustainable systems and to support capital projects, debt retirement, working capital, and other non-capital needs statewide. Of this amount, \$60 million will be reserved for community-based providers (i.e., clinics, home care, assisted living programs, primary care providers), however, up to \$20 million of the \$60 million is reserved for expansion of assisted living program beds, and \$45 million of the \$425 million will be reserved for residential health care facilities.

In addition to the new \$425 million health care capital investment for health care providers, five-year capital spending for health care includes projected grant disbursements from the \$1.2 billion Capital Restructuring Financing Program. Funding will continue for the Health Care Facility Transformation Program of \$700 million for Kings County, \$300 million for Oneida County, and \$700 million to be allocated statewide.

The Budget continues \$355 million in additional health care capital funding reappropriated from the Special Infrastructure Account to support essential health care facility transformations. In addition to more recent capital funding, the State provided \$1.6 billion in HEAL NY grants, beginning in FY 2006. Including the FY 2019 investments, health care providers will have received \$6.8 billion in capital support over the last twelve years.

The Budget includes an additional \$600 million to support construction of a life sciences public health laboratory and collaborative partnerships, bringing the total investment up to \$750 million.

The FY 2019 Executive Budget provides an additional two years of support for programs established in FY 2015 including SHIN-NY, the APD, and other health care IT initiatives. DOH's capital program also supports maintenance and improvements of laboratories and institutions operated by the Department, Roswell Park Cancer Institute, and the Federal Safe Drinking Water Program. Costs are projected to be financed through a combination of PAYGO and authority bonds.

Overall, spending for health care capital projects is projected to increase by \$641 million in FY 2019, primarily due to the implementation of the Capital Restructuring Financing Program and the Health Care Facility Transformation Program.

## Social Welfare

Capital spending for social welfare supports HHAP grants administered by OTDA, the preservation and maintenance of youth facilities operated by OCFS, and programs administered by HCR to create and preserve affordable housing units across the State.

The FY 2019 Executive Budget continues a multi-year investment in affordable housing and housing opportunities, as well as services for the homeless. It also includes \$25 million to support capital infrastructure on Roosevelt Island to fulfil a commitment made by the State in 2013.

The NICIP, administered by DASNY, provides grants to make targeted investments in capital projects that will improve the quality, efficiency, and accessibility of eligible nonprofit human services organizations.

## Education

Education capital spending includes the costs of the Smart Schools General Obligation Bond Act, which was approved in November 2014, funding for the SED capital plan, and the EXCEL program.

Current estimates in the Plan project that the State will spend approximately \$2.0 billion over the upcoming five-year period for SED's capital projects. This projection includes: \$1.6 billion for the Smart Schools Bond Act; \$2.5 million for Smart Schools special education projects; \$80 million for public library construction projects; \$60 million for the Cultural Education Storage Facility; \$12.5 million for technology at non-public schools; \$75 million for nonpublic school health and safety equipment purchases; \$21.3 million for safety and security upgrades at non-public schools, day care and community centers; \$7 million for Breakfast After the Bell school equipment grants; \$17 million for infrastructure improvements and minor rehabilitation projects at the Rome School for the Deaf, Batavia School for the Blind, the Cultural Education Center, and the Education Building; \$15.0 million for the development of an electronic licensing system for the Office of the Professions; \$8.2 million for the Statewide Longitudinal Data System to track student performance; \$10.4 million for the Museum Gallery Renewal Project; \$1.0 million for SED data systems, including state aid, facilities planning and special education providers; and \$63.3 million for EXCEL.

The FY 2019 Executive Budget expands SED's capital budget by providing an additional \$43 million in new capital appropriations to support: construction projects at local libraries (\$14 million), the development of an electronic licensing system for the Office of the Professions (\$4 million), maintenance projects at SED's State-owned facilities (\$3 million), nonpublic school health and safety equipment purchases (\$15 million), and Breakfast After the Bell school equipment grants (\$7 million).

Overall spending for education capital projects is projected to increase by \$364.5 million in FY 2019, primarily due to the Smart Schools Bond Act.

## Higher Education

Higher education capital spending includes the costs of SUNY and CUNY capital plans as well as funding for private colleges and universities through the HECap Program.

The FY 2019 Executive Budget supports the State's capital investment in public higher education by providing SUNY and CUNY with more than \$6.2 billion in new appropriations during the upcoming five-year period. New capital funding will allow the university systems to maintain existing capital infrastructure in a state of good repair as well as advance priority projects.

The FY 2019 Executive Budget includes a \$4.0 billion five-year capital maintenance plan (\$2.6 billion for SUNY and \$1.4 billion for CUNY) to support infrastructure improvements at State-operated and senior college campuses. For FY 2019, the Executive Budget provides \$977 million in new bonded spending authority which includes: \$350 million for SUNY State-operated campuses; \$256 million for SUNY hospitals; \$284 million for CUNY senior colleges; and \$87 million (\$39 million for SUNY and \$48 million for CUNY) to support capital projects at community college campuses.

The Executive Capital Plan assumes more than \$1.4 billion in FY 2019 disbursements for higher education capital expenses. SUNY is projected to spend \$1 billion of this total, which includes \$590 million associated with the State-operated campuses and hospitals, \$90 million for community colleges, \$100 million for educational facility projects supported by non-State funds (i.e., grants and donations), \$50 million for dormitory related projects, \$30 million for the State University Construction Fund and smaller maintenance projects, and \$140 million for staff whose job duties are related to the maintenance, preservation, and operation of facilities. CUNY is projected to spend \$431 million in FY 2019 for capital projects, including \$395 million for senior colleges and community colleges, as well as \$36 million for operating costs and smaller maintenance projects supported by the General Fund. The HECap Program, which has received \$90 million in new authority since FY 2015, is expected to disburse \$12.5 million during FY 2019 in support of private college and university projects.

Overall spending for higher education capital projects is projected to decrease by \$77 thousand on a year-to-year basis in FY 2019.

## Public Protection

Capital spending for public protection will continue to focus primarily on preserving and maintaining infrastructure at correctional facilities, and facilities operated and maintained by DHSES, DMNA, and DSP.

Spending will decrease by \$66 million from FY 2018 to FY 2019, largely due to completion of DHSES disaster grant programs and interoperable grant bonding plans. Additional decreases in State Police spending are related to the timing of disbursements for fleet replacement. The increase in DOCCS spending will help address a backlog of maintenance projects.

## Mental Hygiene

The Executive Budget Capital Plan continues to support health and safety and rehabilitation and maintenance projects needed to preserve and maintain institutional and community-based facilities operated and/or licensed by OMH, OPWDD, and OASAS.

Specifically, the Plan supports enhancements in OPWDD’s existing residential and day programs to meet fire safety standards and the development of new community-integrated opportunities, which enable OPWDD to transition individuals to community-based settings. Additionally, the plan provides resources to OASAS to renovate and maintain community-based residential and non-residential services as well as State-operated inpatient services. Furthermore, the plan provides for improvements to OMH’s inpatient campuses, as well as to assist in the construction of community residential sites, various mental health-related general hospital projects, and a number of non-residential community programs.

## General Government

General government capital spending includes construction, rehabilitation, consolidation, and renovation of State office buildings to maintain asset value, achieve space efficiencies, reduce operational costs, and reduce costs associated with State information technology projects.

Spending for OGS will continue to support State facilities capital projects. The Innovative Technology Fund, established within ITS, will be used to continue the State's consolidation efforts. The State's IT Governance Process will prioritize projects for this funding. Spending for the Workers' Compensation Board is for the acquisition and development of technology including equipment, software, and services. Additionally, spending for DOS supports Downtown Revitalization Initiative grants.

## Other

Spending for agencies in the All Other category supports capital investments for the Special Infrastructure Account; State and Municipal Facilities capital; statewide equipment, systems development and upgrades; the Arts and Cultural Facilities program; Hudson River Greenway; capital spending financed with Federal funds for the World Trade Center site; and capital projects for the Judiciary, the Department of Law, and OSC. Additionally, All Other spending includes a timing adjustment in FY 2019. The adjustment does not hinder the advancement of any specific projects, but accommodates for historical underspending related to the roll-out of various projects and programs.

## Special Infrastructure Account

The Special Infrastructure Account will continue to support a wide range of projects throughout the State. The Executive Budget does not include any new appropriations to the Special Infrastructure Account, however, it does retain \$3.8 billion in capital reappropriations which reflect the movement of round two of Downtown Revitalization Initiative grants from the Special Infrastructure Account to DOS.

## State and Municipal Facilities

The Executive Budget retains \$1.6 billion in reappropriations for State and Municipal Facilities. Eligible entities include:

- State agencies;
- Local governments (e.g., counties, cities, towns, and villages);
- MTA;
- SUNY and CUNY senior and community colleges;
- Private not-for-profit colleges and universities;
- Public school districts;
- Public housing authorities;
- Public libraries; and
- Fire districts.

## Arts and Cultural Facilities

Included in the Executive Budget is \$10 million for capital grants to nonprofit arts and cultural organizations. These programs will be focused on improving the quality, efficiency, and accessibility of arts and cultural organizations that will benefit all New Yorkers.

## Hudson River Greenway

The Hudson River Valley Greenway Communities Council will continue to fund the development of the Empire State Trail. When complete, the trail network will stretch from New York City, through the Hudson Valley and the Adirondacks, to the Canadian border, and along the Erie Canal from Albany to Buffalo. This will create the largest multi-use trail network in the nation.

## Financing Sources of Capital Projects Spending

The State issues bonds (both directly and through public authorities) and uses Federal and State PAYGO resources to finance capital spending. All bonds issued through public authorities on behalf of the State are approved by the Legislature, on behalf of the people. Since 1976, all State-related debt, except General Obligation Bonds, has been subject to more rigorous approval processes, including PACB and authority boards. The amounts for All Governmental Funds spending include both those capital project disbursements that are reflected in the Comptroller's accounting system and those disbursements which would have formerly been made directly from bond proceeds which had been reflected only in GAAP accounting statements. Of the FY 2019 capital spending, 56 percent is projected to be financed with authority-issued bonds and General Obligation Bonds, and 44 percent is projected to be financed with State and Federal PAYGO resources.

### Authority Bond Financing

Public authority bonds will be issued to fund capital projects included in the Executive Capital Plan. Authority revenue credits include State PIT Revenue Bonds and Sales Tax Revenue Bonds.

Authority bond-financed capital spending is reimbursed by the proceeds of bonds sold by State public authorities pursuant to contractual agreements with the State. Bond reimbursement is managed to provide the most efficient reimbursement possible. Factors affecting the timing of reimbursement of State expenditures include the availability of existing bond proceeds, bond market access, investment terms, and State cash flow considerations.

Over the Plan period, approximately 53 percent of total spending will be financed with authority bond proceeds. The State expects to use State PIT and Sales Tax Revenue Bonds as the financing vehicles for the vast majority of bond-financed spending.

- **State PIT and Sales Tax Revenue Bonds** will be issued for the following purposes:
  - **Education:** SUNY and CUNY, EXCEL, NYSTAR, and HECap (FY 2019 issuances of \$1.3 billion).
  - **Environment:** Clean Water Infrastructure Act, State Revolving Fund, State Superfund Program, EPF, State Parks, and other environmental projects (FY 2019 issuances of \$533 million).
  - **Transportation:** State and local transportation infrastructure, including the CHIPS program, and projects at the MTA (FY 2019 issuances of \$1.7 billion).
  - **Economic Development and Housing:** Housing, Penn Station-Farley Complex, economic development projects for the Buffalo area, Regional Economic Development Councils, and other recent economic development initiatives (FY 2019 issuances of \$2.1 billion).

- **Health Care:** Health Care Facilities Transformation Program, as well as capital projects to preserve and maintain both State and community-based facilities operated and/or licensed by OMH, OPWDD, and OASAS (FY 2019 issuances of \$713 million).
- **State Facilities and Equipment:** Correctional facilities, youth facilities, State office buildings, and State Police capital (FY 2019 issuances of \$413 million).

The estimated debt service coverage ratios for PIT and Sales Tax Revenue Bonds are shown below.

PROJECTED PIT REVENUE BOND COVERAGE RATIOS						
FY 2018 THROUGH 2023						
(thousands of dollars)						
	<u>FY 2018</u>	<u>FY 2019</u>	<u>FY 2020</u>	<u>FY 2021</u>	<u>FY 2022</u>	<u>FY 2023</u>
Projected RBTF Receipts	12,733,750	12,310,845	13,472,888	13,875,150	14,487,000	13,946,744
Projected New PIT Bonds Issuances	4,415,880	4,532,145	4,754,124	4,066,478	4,475,021	4,570,113
Projected Total PIT Bonds Outstanding	35,123,040	37,883,952	40,345,764	41,840,162	43,607,494	45,293,058
Projected Maximum Annual Debt Service	3,645,475	4,020,508	4,432,523	4,793,172	5,044,917	4,941,352
Projected PIT Coverage Ratio	3.5	3.1	3.0	2.9	2.9	2.8

PROJECTED SALES TAX REVENUE BOND COVERAGE RATIOS						
FY 2018 THROUGH 2023						
(thousands of dollars)						
	<u>FY 2018</u>	<u>FY 2019</u>	<u>FY 2020</u>	<u>FY 2021</u>	<u>FY 2022</u>	<u>FY 2023</u>
Projected Sales Tax Receipts	3,391,750	3,569,750	3,733,250	3,874,000	4,017,250	4,102,500

Projected Total Sales Tax Bonds Outstanding	6,047,205	6,962,263	8,010,652	8,866,126	9,873,433	10,849,324
Projected Maximum Annual Debt Service	681,322	790,237	907,748	1,031,622	966,014	1,030,218
Projected Sales Tax Coverage Ratio	5.0	4.5	4.1	3.8	4.2	4.0

## General Obligation Bond Financing

The State finances a portion of its capital projects with General Obligation Bonds. In FY 2019, the State expects that \$720 million of General Obligation Bonds will be issued to fund projects authorized pursuant to the Smart Schools Bond Act (\$700 million), Rebuild and Renew New York Transportation Bond Act of 2005 and other transportation purposes (\$13 million), and CW/CA and all other environmental bond acts (\$7 million).

General Obligation bond financing of capital projects is accomplished through the issuance of full faith and credit bonds that have been authorized directly by the voters under a State constitutional requirement dating from 1846. General Obligation bond-financed spending (\$1.7 billion) accounts for approximately 3 percent of total spending over the Plan period. The Plan assumes the continued implementation of ten previously authorized bond acts (five for transportation, four for environmental and recreational programs, and one for education). The \$2 billion Smart Schools General Obligation Bond Act was approved in November 2014. Proceeds will enhance education technology in schools, with eligible projects including infrastructure improvements to bring high-speed broadband to schools and communities, and the purchase of classroom technology for use by students. Additionally, Smart Schools will enable long-term investments in full-day pre-kindergarten through the construction of new pre-kindergarten classroom space. The bulk of the remaining projected General Obligation bond-financed spending was authorized in the 2005 Rebuild and Renew New York Transportation Bond Act. Spending authorizations from the remaining eight bond acts will be virtually depleted by FY 2019.

## State and Federal PAYGO Sources and Uses

State PAYGO resources include: General Fund taxes; other taxes and user fees set aside or dedicated for specific capital programs; repayments from local governments and public authorities for their share of projects; and transfers from other funds, including monetary settlements from the General Fund. Over the five-year Plan period, State PAYGO resources of \$17.7 billion will support 27 percent of total spending. Federal PAYGO resources support spending financed by grants from the Federal Government, primarily for highways and bridges, drinking water and water pollution control facilities, public protection, and housing, and constitute \$11.1 billion or 17 percent of total spending over the Plan period.

The DHBTF receives revenue from motor vehicle fees, the petroleum business tax, the motor fuel tax, the highway use tax, the auto rental tax, utilities taxes, and miscellaneous transportation-related fees. Receipts deposited into the DHBTF are used to pay debt service on transportation bonds, finance capital projects on a PAYGO basis, and pay operating expenses of transportation agencies.

Capital spending supported by General Fund receipts is funded with a transfer to the various Capital Projects Funds. The General Fund is projected to transfer, on average, \$1.8 billion annually over the Plan period to finance capital spending on projects administered by DOT, OGS, DEC, OPRHP, DOCCS, the Department of Mental Hygiene, and other State agencies.

Furthermore, the General Fund transfers an average of \$403 million annually from FY 2019 to FY 2023 to the DHBTF. Capital transfers also include, on average, \$834 million annually from the General Fund to the DIIF and the Capital Projects Fund from monetary settlements.

State PAYGO resources, derived primarily from statutorily dedicated revenues that finance projects for environmental and recreational purposes, are projected to average approximately \$327 million annually. In addition to receipts that will be deposited annually into the Hazardous Waste Remedial Fund, the EPF will continue to receive annual deposits from the RETTs for a total of \$595 million over the Plan period. In addition to RETT revenues, the EPF will receive a recurring deposit of \$23 million from unclaimed deposits from the Bottle Bill and a \$28 million annual General Fund transfer. The EPF also receives receipts from pesticide applicator fees, wetland permits, water withdrawal fees and other miscellaneous receipts totaling approximately \$12 million annually. These taxes and miscellaneous receipts will support PAYGO portions of projects advanced from the EPF.

The SPIF will finance about \$26 million annually in improvements to the State's park system from park fees and other miscellaneous revenues.

Federal grants account for 17 percent of total capital spending over the Plan period. The largest components of Federal PAYGO spending over the Plan period are for transportation (\$9.6 billion) and the environment (\$878 million). Federal PAYGO spending is projected to average \$2.2 billion per year, with an average \$1.9 billion annually spent on transportation.

# Agency Capital Program Plans

The Agency Capital Program Plans section provides a narrative description of the capital investment recommendations of agencies for the FY 2019 through FY 2023 period. This section of the Plan is organized programmatically. Each program area begins with a functional overview, followed by each agency's narrative description.

## Transportation

New York's diverse transportation system plays a crucial role in our economy. The State's over 240,000 lane miles of roads, 17,400 bridges, 4,100 railroad miles, 137 public use airports, 12 major ports, and more than 130 public transportation operators are among our most valuable resources. These important public assets are managed and maintained by an integrated network of State agencies, public authorities, local governments, and private entities.

### Department of Transportation

The DOT is responsible for maintaining and rehabilitating the State's system of highways and bridges, which includes approximately 43,700 State highway lane miles and nearly 7,900 bridges. Private contractors perform major construction and repair work, while DOT provides seasonal maintenance and repair. The Department also oversees and funds programs that help defray local capital expenses associated with road and bridge projects, including the State-funded CHIPS and Marchiselli programs and Federal aid spent on local infrastructure.

The Executive Budget provides \$4.3 billion of funding for the fourth year of DOT's capital plan for the period that began in FY 2016, facilitating capital improvement of highways, bridges, rail, aviation infrastructure, non-MTA transit, and DOT facilities. The FY 2019 funding includes \$100 million for repair and replacement of local bridges under the BRIDGE NY program, and \$100 million for local road construction under the PAVE NY program. Funding for local highway and bridge projects under the CHIPS and Marchiselli programs is maintained at \$478 million. Other core appropriations include \$10 million for rail capital investments, \$44 million for Amtrak service subsidies, and \$4 million for aviation capital. In addition, the New York Works program will provide \$17.5 million for rail capital improvements and \$12.5 million to enhance aviation capital. Once again, \$84.5 million is provided for non-MTA transit capital aid.

The \$200 million Upstate Economic Development and Revitalization Competition, established by the Governor in FY 2017, will continue to be implemented through reappropriations. The competition includes \$190 million to support airport projects including two rounds of winners announced to this point, and \$10 million allocated through the Governor's Aviation Capital Grant Program.

Preventive maintenance and demand maintenance remain a primary focus of DOT activities. Preventive activities extend the life of a road or bridge and are cost-effective alternatives to major reconstruction. For highways, the goal of keeping water and other materials away from the base of the highway is accomplished through activities such as crack sealing, pothole repair, joint repair, and drainage repair. Painting, washing, joint repair, and maintaining drainage are key elements to extending the life of State bridges. In addition to maintenance activities supported through highway and bridge construction contracts, the Executive Budget calls for more than

\$350 million in non-winter preventive and demand maintenance activities, equipment, and facilities in FY 2019.

The Department's maintenance activities are supported by approximately 250 sites around the State which encompass 59 maintenance headquarters, 155 maintenance sub-headquarters, 16 bridge crew facilities and 10 special crew facilities. The average age of the infrastructure is 41 years and the total size of this infrastructure is approximately 4 million gross square feet.

The Department's maintenance facilities plan consists of an annual review of its overall needs and a prioritization of its projects. The program goal is to upgrade and repair its infrastructure based on evaluation of the condition, proposed use and corresponding health, safety and environmental concerns. The FY 2019 Executive Budget provides over \$32 million for DOT maintenance facilities.

The FY 2019 Executive Budget proposes a reform to move costs associated with DOT's snow and ice removal program, as well as certain regulatory activities, from the DHBTF to the State's General Fund. Costs related to road and bridge repair, engineering, capital planning, maintenance of assets, and other activities related to DOT's capital plan will continue to be funded from the DHBTF. This reform proposal is the continuation of an effort to more accurately account for certain types of expenses. Accordingly, the FY 2019 Executive Budget reflects the movement of \$376 million in non-capital DOT costs to the General Fund, including \$355 million for snow and ice control activities.

In addition to funding provided under the FY 2016-2021 capital plan, the State's financial plan includes capital estimates through FY 2023.

## Financing

The State Capital Plan for DOT and the operating expenses of DOT and DMV will be financed with more than \$11.3 billion of State revenues dedicated to the DHBTF during the next five years (including \$66 million of annual statutory General Fund deposits to the DHBTF). These revenues will provide for PAYGO capital and operating needs, and for debt service payments on bonds issued by public authorities on behalf of the State. State-supported bond proceeds finance DOT spending on eligible capital projects through both the DHBTF and the State Capital Projects Fund.

New York State's transportation plan relies upon Federal aid to support more than forty percent of new obligations. The Fixing America's Surface Transportation Act, which was signed into law by President Obama in December 2015, was the first new legislation in more than ten years to provide long-term funding certainty for surface transportation, and is providing approximately \$700 million in new highway aid for the State of New York. To the extent that Federal aid varies from assumptions, State program adjustments may be necessary.

The Executive Budget includes a cash transfer of \$193 million from the General Fund to the DHBTF to address a projected funding shortfall in FY 2019. Under current assumptions, this transfer is expected to total approximately \$2 billion over the five-year period.

## Metropolitan Transportation Authority

The Executive Budget contains the Governor's multi-year commitment of \$8.6 billion in State resources toward funding the MTA's \$29.9 billion capital plan, which provides for improvement of capital facilities operated by the New York City Transit Authority, Long Island Rail Road, Metro-North Railroad, MTA Bus Company, and other system-wide initiatives.

This Executive Budget includes the State's \$174 million contribution to the MTA Subway Action Plan, which added \$348 million to the MTA capital plan in December 2017. In addition to the \$4.4 billion authorized in the FY 17 and FY 18 appropriations, this budget also includes an appropriation authorizing another \$1.5 billion towards the MTA capital plan, and spending will continue from the \$1 billion in FY 2016 appropriations (\$750 million to support the MTA's 2015-19 core capital program, and \$250 million to advance the MTA's Penn Station Access project).

Apart from the State's \$8.6 billion pledge towards the MTA's 2015-2019 capital plan, spending will also continue from the \$770 million FY 2013 appropriation for MTA capital and the \$1.45 billion dedicated to the MTA from the 2005 Transportation Bond Act.

## Department of Motor Vehicles

The DMV issues drivers' licenses and vehicle registrations, promotes highway safety, and collects more than \$2 billion annually in revenues for the State and localities, of which approximately \$795 million supports the DHBTF. Over \$246 million of the Department's cash expenses for FY 2019 will be covered by the DHBTF.

## New York Power Authority

The Capital Plan includes \$74.2 million in reappropriations available for improvements and completion of the Erie Canalway segment of the Empire State Trail. Upon its completion in 2020, the Trail will be recognized as the largest multi-use trail network in the nation.

The Capital Plan also includes \$4 million in reappropriations available for canal maintenance from the Canal System Development Fund, which has annual revenues and disbursements of approximately \$2 million per year.

Funds from the 2005 Transportation Bond Act remain available for canal capital projects through reappropriations in the DOT budget.

## Parks and Environment

DEC and OPRHP are the primary agencies responsible for preserving and protecting the State's environmental, historic, and cultural resources, as well as providing recreational opportunities for its citizens. Each agency is responsible for the development and maintenance of a wide array of capital facilities. This category also includes recommended capital projects funding for the Hudson River Park Trust.

### Department of Environmental Conservation

DEC is charged with protecting the State's natural resources. Department responsibilities include cleaning up solid and hazardous waste disposal sites, enforcing air and water quality standards, maintaining flood and coastal erosion projects, and stewardship of approximately five million acres of State land. The Department also provides opportunities for outdoor recreation, including hunting, fishing, camping, hiking, and other activities. The DEC manages hundreds of facilities including dams, boat launch sites, campgrounds, fish hatcheries, and wildlife management areas.

The DEC capital program enhances and maintains the infrastructure necessary to provide a safe environment. An estimated \$937 million in capital disbursements will support these activities in FY 2019. New core State Capital Projects Fund appropriations of \$58 million are recommended in FY 2019 to meet health and safety requirements; ensure compliance with State and Federal environmental mandates; maintain and upgrade campgrounds, environmental centers, camps, fish hatcheries, and other Department-owned buildings and facilities; maintain flood control structures; fund wastewater infrastructure oversight; and fund shore protection projects for communities threatened by coastal erosion.

Through reappropriations, the Executive Budget continues funding for the \$2.5 billion Clean Water Infrastructure Act of 2017. This program is financing drinking water infrastructure, wastewater infrastructure, and source water protection to ensure clean water for all New Yorkers. Resources are being utilized to improve municipal drinking water and wastewater treatment infrastructure, replace lead service lines, make strategic open space investments, and expedite the cleanup of hazardous waste that may be impacting drinking water.

The Executive Budget includes \$40 million in new capital funding under the New York Works program to fund capital infrastructure projects statewide, spur the creation of jobs, and leverage private sector and Federal investment. This funding will be used to continue the DEC Adventure NY initiative while also addressing a variety of capital needs, which include: creating new public access projects to connect hunters, anglers, bird watchers, and other outdoor enthusiasts to untapped State-owned lands; providing for air monitoring infrastructure and information technology investments; and completing health and safety repairs for dams, State lands, fish hatcheries, and other State infrastructure.

A key element of the DEC capital program is the EPF, a dedicated fund supported by revenues from the RETT and other sources. The Executive Budget includes new appropriations of \$300 million for FY 2019 to fund a variety of environmental and recreational activities including: land acquisition; farmland protection; municipal waste reduction and recycling; waterfront revitalization projects; non-point source water pollution control; smart growth; municipal park projects; Hudson River Estuary Management; and water quality improvement projects. Reflecting the Governor's commitment to combat climate change and reduce greenhouse gas emissions, the EPF also includes a climate change mitigation and adaptation account which will provide funding for adaptive infrastructure, greenhouse gas management, and resiliency planning programs. The capital program includes additional EPF appropriations of \$1.2 billion through FY 2023 to continue funding for these purposes.

To provide the revenues to support these EPF appropriation levels, the Executive Budget will maintain the RETT funds deposited into the EPF at \$119 million, while continuing to deposit revenues from other sources, such as unclaimed beverage deposits, the wetland application permit, pesticide applicator fees, electronic and hazardous waste fees, and fines for violations to freshwater wetlands and mineral resources laws. Additionally, the EPF will receive a transfer in FY 2019 totaling \$28 million from the General Fund.

The Executive Budget includes a \$100 million appropriation for the ten-year, \$1 billion Superfund Program, including up to \$10 million for the Environmental Restoration Program, to address municipally-owned sites. The Executive Budget also includes \$6 million for implementation of the Brownfield Cleanup Program.

The FY 2019 Executive Budget estimates new disbursements totaling \$3 million from the 1996 CW/CA Bond Act for projects administered by DEC. This Bond Act funds activities such as water quality improvement projects, landfill closure and recycling projects, Brownfield projects, safe drinking water projects, and air quality improvement projects.

In FY 2019, the total level of contract commitments projected in the Department's capital plan is expected to be \$908 million. Future year commitments are consistent with appropriation levels recommended over the next five years.

The DEC capital maintenance plan focuses on preservation and preventive maintenance of its various lands, facilities, and other structures. The Department manages a vast array of assets that vary in age, condition, and useful life, including: approximately five million acres of land, over 308 boat launching and fishing access sites, 102 flood control structures, 52 campgrounds, 12 fish hatcheries, four environmental education camps, two environmental education centers, and one tree nursery. The Department has recently developed a maintenance information management system to facilitate planning and preventive maintenance for these resources.

## Office of Parks, Recreation and Historic Preservation

OPRHP operates 180 State parks and 35 historic sites that provide places for visitors to relax and learn about New York's natural, historic, and recreational treasures. Approximately 69 million people visit the State parks each year.

The State's park system is one of the oldest in the nation, featuring 29 golf courses, 33 swimming pools, 65 beaches, 22 marinas, 66 boat launch sites, and more than 5,000 buildings. Since more than half of the facilities at State parks are at least 50 years old, a primary component of the capital program is devoted to maintenance and rehabilitation.

For FY 2019, the Capital Plan supports approximately \$174 million in disbursements from various sources. Total new appropriations of \$38 million are recommended for capital projects from the SPIF, a dedicated fund consisting of revenues generated from day use and camping fees at the parks and other miscellaneous revenues. In addition to these appropriations, the plan includes \$90 million for NY Works to address ongoing capital rehabilitation and improvement needs at State parks and historic sites, including funding to open a new park in Brooklyn on the shores of Jamaica Bay. NY Works funding will also provide \$2.5 million for improvements at facilities operated by ORDA. OPRHP's capital program is also supported by fiduciary funds and federal resources. In addition, funding will be available from the EPF to improve park facilities and protect the natural resources at State parks. These funds are included in the DEC capital budget.

The OPRHP capital plan reflects the priority needs of the various parks and historic sites. A total of \$833 million over the course of the Financial Plan period, mainly from NY Works, is planned to support projects that improve health and safety and preserve facilities. Such projects include initiatives that maintain and restore historic sites; rehabilitate park utility, sanitary and water systems; improve selected roads and bridges; upgrade public comfort stations and campground wash houses; and maintain and improve park buildings, cabins, and pool facilities.

The OPRHP capital maintenance plan for FY 2019 concentrates investments in the rehabilitation and maintenance of its many facilities. Physical assets consist of approximately 5,000 buildings which vary in age, condition, and useful life including: historic buildings, offices, cabins, comfort stations, maintenance and storage buildings, restaurants, visitor and nature centers, pump houses, and toll booths. Maintenance efforts in FY 2019 will focus on site restoration, roof repair, and exterior construction projects.

The level of contract commitments projected in the OPRHP Capital Plan is \$176 million in FY 2019. Future year commitments reflect projected activity from both new appropriations and prior year appropriations.

Resiliency projects at Superstorm Sandy damaged parks on Long Island and in New York City will be funded from federally-reimbursable and State match appropriations in the DHSES budget.

## Economic Development and Government Oversight

Economic Development is projected to average nearly \$1.8 billion annually over the Plan period, and will primarily support economic development projects to create jobs and increase economic activity in the State. Funding will provide continued support for several initiatives such as the Regional Economic Development Councils, Market New York, and Upstate Revitalization, as well as provide funding to foster research and development in innovative technologies and leverage private investment in advanced science and technology, as well as fuel a Life Sciences cluster in New York State.

### Economic Development

The FY 2019 Executive Budget would provide over \$1.2 billion in new appropriation authority to support the following new initiatives:

- \$600 million to support construction of a life sciences public health laboratory and collaborative partnerships.
- \$150 million to support a new round of funding for the Regional Economic Development Councils initiative. The Budget provides funding to support new competitive economic development projects identified by the Regional Councils to further advance each region's long-term economic development strategies. The Plan also includes a \$150 million recurring annual commitment for the Regional Councils in FY 2020 and beyond.
- \$5 million to support an on-going partnership between the State, Clarkson University, and the Trudeau Institute to form a biotech enterprise and further establish the North Country Region as a center of biotechnology research and development.
- \$8 million to support Market New York projects.
- \$200 million for another round of the New York Works Economic Development Fund as part of the New York Works initiative. This Fund will provide capital grants to support projects that facilitate an employer's ability to create new, or retain existing, jobs, or to fund infrastructure investments necessary to attract new businesses or expand existing businesses.
- \$300 million for the High Technology Innovation and Economic Development Infrastructure Program. This funding will foster research and development of innovative technologies and leverage private investment in advanced science and technology, economic development initiatives, infrastructure, manufacturing, and other economic development initiatives.

- \$62.5 million in new capital funding for ORDA, including \$50 million for a strategic upgrade and modernization plan to support improvements to the Olympic facilities and ski resorts, \$10 million for critical maintenance and energy efficiency upgrades, and \$2.5 million appropriated from the Office of Parks, Recreation and Historic Preservation budget as part of the New York Works initiative.

The Executive Budget also maintains over \$7 billion in reappropriated capital funding for initiatives facilitating economic growth in New York. This includes funding for the continued support of various economic development and regional initiatives, including the Upstate Revitalization Initiative, the transformative investment program, regional councils and high technology initiatives, grants for communities impacted by correctional and youth facility closures, statewide competitive grant programs administered by ESD, specific downstate regional initiatives, and upstate city-by-city projects. Funding also includes the continued support of specific economic development, cultural facilities, university development, environmental, and energy projects administered by ESD and DASNY.

## Department of Agriculture and Markets

The Department of Agriculture and Markets is responsible for operating the New York State Fair and the Food Laboratory. The State Fairgrounds include 18 major buildings and 75 other structures, the majority of which have a useful life of greater than ten years and are in good or fair overall condition.

Capital Asset Group	Age Range	Condition			
		Good	Fair	Poor	Total
Various State Fair Buildings	1 to 109 years	53	31	9	93

The Department’s Capital Plan for the next five years prioritizes projects that preserve, rehabilitate, and improve the Fairgrounds’ buildings, land, and infrastructure for year-round use, and protect the State’s investment in the facility. In addition, the Fairgrounds’ structures are upgraded annually to meet more stringent building code requirements, provide accessibility for the disabled, and ensure public safety.

The FY 2019 Capital Plan includes a total of \$6.2 million in new appropriations, mainly to repair and rehabilitate the Fair’s facilities to ensure a safe and enjoyable experience for all Fair patrons and participants, and allow for year-round operation of the Fairgrounds. Capital disbursements in FY 2019 will total approximately \$31.2 million.

The Department will continue its efforts to upgrade and transform the historic Fairgrounds into a world class, multi-use entertainment facility. Over the last several years, the State budget has invested \$120 million toward this transformation. The multi-phased approach expanded the Fair by 60 acres, added a new Main Gate, an RV park that supports both the Fair and its year-round facilities rental business, and large, open spaces that allow for expanded Fair programming and larger events on the grounds year-round. Utilizing reappropriated funds, the State Fair plans to complete its redevelopment of the Fairgrounds with the construction of a new Expo Center. The 136,000 square foot facility is scheduled to open prior to the 2018 State Fair.

The Department will continue to administer \$15 million in reappropriated capital funding for the Local Fair Infrastructure Grant Program and the Companion Animal Capital Grant Program. It will also continue to administer \$50 million in capital funding reappropriated from the Special Infrastructure Account to preserve farmland and enhance agriculture. Funding highlights include:

- The \$20 million Hudson Valley Agricultural Enhancement Program is protecting more than 5,600 acres of active farmland on 28 farms in seven counties.
- \$21.6 million from the Southern Tier Agricultural Industry Enhancement Program is helping farmers and agribusinesses expand and improve their operations. A total of 259 projects in eleven counties received funding.

## Energy Research and Development Authority

The Executive Capital Plan includes \$72 million in appropriations over the five-year period for the Western New York Nuclear Service Center, reflecting NYSERDA's continuing role in a joint Federal-State Demonstration Project to treat and dispose of liquid nuclear waste at the Center, decommission the reprocessing facility, and ensure compliance with environmental laws. NYSERDA owns and manages the Center, which is located at West Valley in Cattaraugus County, the site of a former nuclear fuel reprocessing facility and an inactive low-level radioactive waste disposal area.

The FY 2019 commitment and disbursement level for ongoing work at West Valley will be approximately \$17 million, an increase of \$1.5 million from FY 2018 levels. NYSERDA's costs are largely dictated by a Federal match requirement, and will increase in FY 2019 as a result of increased spending by the Federal government.

The Western New York Nuclear Service Center is approximately 50 years of age, in good condition, with a remaining useful life that will extend to the conclusion of the decommissioning of the site. The maintenance goal at the site is to preserve the facility in a state of good repair.

The Executive Capital Plan also includes \$20 million in reappropriations for the Cleaner, Greener Communities program which provides grant funding to public and private entities to create more sustainable communities throughout New York. The program encourages communities to create public-private partnerships in an effort to develop regional sustainable growth strategies in the areas of: emissions control; energy efficiency; renewable energy; low-carbon transportation; and other carbon reduction technologies.

## Health

### Department of Health

The focus of DOH's capital program is to promote the efficient operation of health care facilities statewide, protect the health and safety of its patients, employees, and visitors, and maintain the Wadsworth Center for Laboratories and Research. The capital program includes the continuation of the \$1.2 billion Capital Restructuring Financing Program, the \$1.2 billion Health Care Facility Transformation Program to support infrastructure improvements, and the \$355 million Essential Health Care Provider Program, available through the New York State Special Infrastructure Account. The Executive Capital Plan also includes \$425 million in new capital support for health care providers to transition into fiscally sustainable systems and to support capital projects, debt retirement, working capital, and other non-capital needs statewide. Of this amount, \$60 million will be reserved for community-based providers (i.e., clinics, home care, assisted living programs, primary care providers), however, up to \$20 million of the \$60 million is reserved for the proposed expansion of assisted living program beds, and \$45 million of the \$425 million will be reserved for residential health care facilities. This additional \$425 million builds on prior year programs by placing greater emphasis on facility and community based long-term care, as well as targeting a portion of available funds for telehealth projects.

The capital program contains \$50 million to continue investments into information technology projects. This includes \$10 million in funding to support health care information technology projects, \$30 million for the SHIN-NY, and \$10 million for the APD. SHIN-NY will continue its work of establishing a statewide, interconnected network of electronic health records with the goals of improving the quality of patient care, reducing health care costs, and delivering more effective, collaborative care for all New Yorkers. The APD will serve as the repository for a wide variety of health care data that can be integrated to support the evolving information and analytical requirements of the management, evaluation, and analysis of the NYS health care system.

The Budget includes an additional \$600 million to support construction of a life sciences public health laboratory and collaborative partnerships, bringing the total investment up to \$750 million.

Another part of the DOH capital program is the ongoing maintenance and improvement of its capital assets which include five health care facilities: Helen Hayes Hospital in West Haverstraw; and the Oxford, St. Albans, Batavia, and Montrose veterans' nursing homes. DOH also maintains the Wadsworth Center for Laboratories and Research, which is comprised of five separate facilities located in Albany County. Additional capital funding will be made available to support RPCI, a Public Benefit Corporation, to offset a reduction in operational support. The total annual State subsidy to RPCI is maintained at \$103 million.

Over the next five years, DOH's Capital Program includes \$1.3 billion in new appropriations, including \$60 million to support SHIN-NY, \$20 million to support the APD, \$20 million to support Health Care IT initiatives, \$40 million to support capital improvements at Wadsworth Center for Laboratories and Research facilities, \$425 million for transformational health care facility projects,

\$83 million for maintenance and improvements of existing facilities, \$257 million for capital projects at the RPCI, and \$385 million for the Federal Safe Drinking Water Fund.

The Department’s capital program is financed by the State’s General Fund, HCRA, related account balances, authority bond proceeds, and Federal funds. Total disbursements are estimated at \$3.6 billion over the five-year Plan period – including \$1.7 billion for the Health Care Facility Transformation Program, \$1.0 billion for the Capital Restructuring Financing Program, \$60 million supported by HCRA for SHIN-NY, \$54 million from the General Fund for maintenance projects at the laboratories, \$28 million from the General Fund for institutions, \$20 million supported by HCRA for the APD, \$20 million for Health Care IT initiatives from related program account balances, \$257 million supported by HCRA for RPCI, and \$381 million for the Federal Safe Drinking Water program. Debt service on outstanding institutional DASNY bonds will continue to be supported by patient care revenues.

For FY 2019, DOH’s capital program includes both ongoing and new projects to address major capital needs with estimated total disbursements of \$1.043 billion. Planned projects will avert potentially more costly future capital expenditures while minimizing interruptions in health care services and laboratory functions. In addition, the Department will continue its participation in implementing the Safe Drinking Water Program, which will be financed through a \$77 million Federal Capital appropriations in FY 2019.

The Department’s goals are to ensure a safe environment, preserve infrastructure and related equipment, and to promote energy efficiency. The Capital Asset Maintenance Plan assists in preserving the useful life of DOH’s facilities.

The following table identifies the capital asset group, age and condition of DOH’s facilities.

<b>Capital Asset Group</b>	<b>Age Range</b>	<b>Condition</b>			
		<b>% Good</b>	<b>% Fair</b>	<b>% Poor</b>	<b>% Total</b>
Helen Hayes Hospital	35 to 83 years	58	22	20	100
Wadsworth Center for Laboratories and Research	14 to 87 years				
Griffin Laboratory		20	45	35	100
David Axelrod Institute		90	10	0	100
Biggs Laboratory		0	50	50	100
Veteran’s Nursing Homes

Batavia	22 years	95	5	0	100
Montrose	16 years	96	2	2	100

## Social Welfare

### Office of Children and Family Services

The OCFS Capital Plan reflects the State’s continued commitment to providing safe and functional housing and programming to youth in its facilities.

The OCFS capital planning process will continue to identify improvements to its facilities to increase security and meet health and safety standards. The agency’s capital program focuses on the need to maintain its youth facilities and initiate modifications to accommodate program changes. This year’s Capital Plan also includes funding to address capacity needs associated with the Raise the Age initiative.

Section 529 of the Social Services Law requires OCFS to maintain the community house within the Tonawanda Indian Reservation. This year’s Plan continues to provide funding for this purpose.

OCFS’s five-year Capital Plan calls for disbursements of approximately \$160 million. The plan will support capital maintenance and improvement activities, including projects to implement the Raise the Age initiative, facility rehabilitation and security enhancements, health and safety purposes, environmental compliance projects, design and construction fees, administration, Tonawanda capital improvements, and maintenance and operations.

OCFS is currently undertaking capital projects to improve the condition of their youth facilities and to preserve their useful life and infrastructure. In FY 2019, the OCFS capital program will continue this effort through additional health and safety repairs, physical plant rehabilitation projects, security projects, and environmental compliance work. The following chart provides information regarding age and condition of OCFS youth facilities by security level.

<b>Capital Asset Group*</b>	<b>Age Range</b>	<b>Condition</b>			<b>Total</b>
		<b>Good</b>	<b>Fair</b>	<b>Poor</b>	
Secure Facilities	18 to 50 years	0	2	2	4
Limited Secure Facilities	13 to 55+ years	0	4	2	6
Non-Secure Facilities	19 years	0	2	0	2
Training Academy	55+ years	0	0	1	1
Harriet Tubman RC	23	0	0	1	1
<b>Total</b>		<b>0</b>	<b>8</b>	<b>6</b>	<b>14</b>

\*Does not include 21 vacant or decommissioned buildings under OCFS jurisdiction.

## Homes and Community Renewal

The State's housing capital programs provide grants, low-interest loans, and technical assistance to facilitate the construction and preservation of the State's affordable housing stock. State capital funds are combined with Federal funds, State and Federal tax credits, low-cost mortgages, and available private sector investments to finance activities that, absent the State's involvement, would not be financially feasible.

In addition to developing and maintaining low-cost housing, the housing capital programs foster economic growth across the State by creating construction jobs and encouraging new private sector investment in distressed areas.

The State's housing capital appropriations are made to HCR, the State agency charged with coordinating the State's housing policies and programs. The individual housing programs are implemented through three public benefit corporations: HTFC, AHC, and HFA. HCR staff perform administrative functions, including the annual review and evaluation of requests for funding, and ongoing compliance reviews for awarded projects. Applications submitted by sponsors of proposed affordable housing projects are scored and ranked on a competitive basis and the review process culminates in award notifications for the projects most effective in meeting the State's housing needs. During the application review process, HCR considers the Regional Economic Development Councils' determinations as to whether the proposed project aligns with regional strategic priorities.

The Capital Plan recommends a total of \$229.2 million in HCR appropriations in FY 2019 to fund eight housing capital programs.

The recommended FY 2019 commitment level of \$496 million reflects \$97 million of HCR's traditional base capital programs and an additional \$399 million appropriated in FY 2017, FY 2018, and FY 2019 as part of the multi-year \$2.5 billion capital component of the Affordable Housing and Homelessness Plan that will facilitate the preservation or creation of affordable, supportive and homeless housing across the State.

The HCR Capital Plan includes funding for the following programs in FY 2019:

- \$2.5 billion as a component of a comprehensive \$20 billion multi-year investment in affordable housing, supportive housing and related services;
- \$44 million for the Low-Income Housing Trust Fund Program, which provides grants of up to \$125,000 per unit to construct or renovate low- and moderate-income single and multi-family housing projects;
- \$26 million for the Affordable Home Ownership Development Program, which provides grants of up to \$40,000 per unit to construct or renovate homes for low- and moderate-income individuals and families;

- \$6 million for the Public Housing Modernization Program, which subsidizes repairs at State-supervised public housing projects across the State;
- \$14 million for the Homes for Working Families Program, which combines State funds with other available public and private sector moneys, Federal Low Income Tax Credit proceeds and non-State supported bond funds to construct affordable rental housing for low- and moderate-income households;
- \$1 million for the Housing Opportunities for the Elderly Program, which provides grants to low-income elderly homeowners for emergency home repairs;
- \$1 million for the Access to Home Program, which provides funding for home adaptations for individuals with disabilities, enabling them to continue to live in their own residences and avoid institutional care; and
- \$4 million for the New York Main Street Program, which provides assistance to communities for the revitalization of historic downtowns, mixed-use neighborhood commercial districts, and village centers.

The following programs are supported within the \$2.5 billion allocation for the Affordable Housing and Homeless Plan:

- \$950 million for development or operation of 6,000 Supportive Housing units across the State over the next five years;
- \$472 million for new construction or adaptive reuse of affordable rental housing for households earning between 60 and 130 percent of AMI;
- \$125 million for the development or rehabilitation of affordable housing targeted to low-income seniors, aged 60 or above;
- \$45 million for the Rural and Urban Community Investment Fund Program;
- \$150 million for new construction, adaptive reuse, or reconstruction of affordable middle-income rental housing for households that earn up to 130 percent of AMI;
- \$146 million for the rehabilitation of multi-family rental housing currently under an affordable regulatory agreement with DHCR or another State, Federal, or local housing agency;
- \$75 million to preserve and improve Mitchell Lama properties in the State;
- \$125 million for the rehabilitation and/or demolition and replacement through new construction of multi-family rental housing currently owned by public housing authorities outside of NYC;

# Agency Capital Plan Plans

- \$63 million for rehabilitation and/or demolition and replacement through new construction of smaller buildings with 5 to 40 units;
- \$42 million for promoting home ownership among families of low and moderate income and stimulating the development, stabilization, and preservation of communities;
- \$13 million for mobile and manufactured home programs;
- \$10 million for stimulating reinvestment in properties located within mixed-used commercial districts located in urban, small town, and rural areas of the State;
- \$200 million for State-approved projects and other improvements related to housing developments owned or operated by the NYC Housing Authority; and
- \$100 million for NYC Affordable Housing for the preservation, restoration or creation of affordable housing units in NYC. All units must be affordable to household earning up to 60 percent of AMI.

## Office of Temporary and Disability Assistance

OTDA administers HHAP, which provides grants to not-for-profit corporations and municipalities to expand and improve the supply of permanent, transitional, and emergency housing for homeless persons. The Plan provides \$63 million for HHAP, including up to \$5 million dedicated to the development of housing for persons with HIV or AIDS. To date, over \$1 billion in HHAP funding has supported more than 700 capital projects statewide, creating over 18,000 housing units for the homeless. An additional \$63 million in FY 2019 funding is projected to support approximately 652 new units of housing. HHAP also links its projects to other State and Federal funding sources to deliver appropriate support services to help tenants move towards greater self-sufficiency and economic stability.

## Nonprofit Infrastructure

The NICIP was authorized as part of the FY 2016, FY 2017, and FY 2018 Enacted Budgets. It provides a total of \$120 million (\$50 million authorized in both FY 2016 and FY 2017 and \$20 million authorized in FY 2018) in bonded capital to make targeted investments in capital projects that will improve the quality, efficiency, and accessibility of nonprofit human services organizations that provide direct services to New Yorkers. Targeted investments include: renovations or expansions of existing space used for direct program services; technology upgrades to improve electronic records, data analysis, and/or confidentiality; modifications to provide for sustainable, efficient spaces that would result in overall energy and cost savings; and accessibility renovations. The grants are administered by DASNY.

Following the enactment of the FY 2017 Budget, an RFA for the first \$100 million was designed with input from State agencies that fund nonprofit human services providers through State contracts, State-authorized payments, and State payment rates. The RFA was issued in August of 2016. In December 2016, \$100 million available through NICIP was awarded to 237 nonprofit human services organizations across the state. Work began on many of these projects in 2017. The \$20 million in NICIP funding that was authorized in FY 2018 will be awarded to 32 additional organizations based upon the score received on the applicant's response to the 2016 RFA.

The FY 2019 Executive Budget includes a total reappropriation of \$120 million for the NICIP.

## Education

### State Education Department

SED is tasked with overseeing public elementary and secondary education programs throughout New York State and promoting educational excellence, equity, and cost-effectiveness. In order to accomplish these goals, the State has made investments in SED's capital infrastructure. The investments capture SED's 24 State-owned buildings, including: the Batavia School for the Blind; the Rome School for the Deaf; three Native American schools located on the Onondaga, St. Regis, and Tuscarora reservations; the Education Building Annex; the Cultural Education Center (which houses the State Museum, State Library, and State Archives); and the New York State Records Center.

The FY 2019 Executive Budget supports SED's capital program by authorizing a total of \$43 million in new appropriations to support: nonpublic school health and safety equipment purchases (\$15 million), Breakfast After the Bell school equipment grants (\$7 million), construction projects at local libraries (\$14 million), the development of an electronic licensing system for the Office of the Professions (\$4 million), and maintenance projects at SED's State-owned facilities (\$3 million). The State's public library construction grant program provides local libraries with incentives to compete for a share of State funds. The program provides up to 75 percent matching grants for local library capital projects, including infrastructure improvements and program enhancements. These funds are awarded to libraries throughout New York State using a regionally-based process.

Finally, SED's capital plan also continues to show spending associated with the EXCEL program. The EXCEL program provides grants to school districts for certain types of school construction projects.

### School Aid

A \$2 billion Smart Schools General Obligation Bond Act was approved in November 2014. Bond proceeds will fund enhanced education technology in schools, with eligible projects including infrastructure improvements to bring high-speed broadband to schools and communities in their school district, and the purchase of classroom technology for use by students. Additionally, Smart Schools will enable long-term investments in full-day pre-kindergarten through the construction of new pre-kindergarten classroom space, the replacement of classroom trailers with permanent space, and high-tech school safety improvements.

## Higher Education

New York State supports its higher education infrastructure through an array of programs offered at various state agencies and private sector systems. Capital investments in higher education include funding and support for SUNY, CUNY, and the HECap Program. These capital investments ensure that facilities are designed and developed to meet both current and future needs, while providing a safe and healthy environment for all the State's students, faculty, and staff.

### State University of New York

SUNY is one of the largest public university system in the nation with 29 State-operated campuses, five statutory colleges and 30 community colleges serving nearly 451,000 students annually. SUNY's State-operated and community college campuses consist of more than 2,800 facilities encompassing classrooms, dormitories, libraries, research laboratories, athletic and recreation facilities, and hospitals. System-wide, SUNY's physical plant spans more than 100 million gross square feet and is spread across campuses throughout the State.

The FY 2019 Executive Budget advances a \$2.6 billion, five-year capital maintenance plan for SUNY State-operated campuses. This is in addition to more than \$1.3 billion in maintenance funding provided over the previous five years. The FY 2019 Executive Budget also includes \$39 million in new appropriations for community college capital projects.

The Executive Budget also provides \$256 million in new appropriation authority for capital projects at SUNY hospitals, \$100 million in new appropriation authority for self funded capital projects at SUNY campuses, and \$50 million for dormitory related projects.

The FY 2019 Executive Budget continues its support of SUNY capital programs by reappropriating nearly \$3.4 billion in authority for SUNY's State-operated and community college campuses to provide ongoing support for current and future planned projects. The Budget also includes \$25 million for the operating costs of the SUCF, which is the public benefit corporation that serves as the construction agent for academic, hospital, and student service facilities under SUNY's jurisdiction. Consistent with the University Master Capital Plan, SUCF oversees design, construction, acquisition, reconstruction, and rehabilitation or improvement of SUNY's facilities.

In 2011, the Governor signed legislation to implement the NYSUNY 2020 Challenge Grant Program. This legislation included a competition-based capital grant program that has made SUNY a part of the State's regionally based economic revitalization strategy. NYSUNY 2020 Challenge Grants provide State capital funding to support long-term economic development plans on campuses and in their surrounding communities. Since 2011, \$690 million in NY 2020 challenge grant support has been appropriated to SUNY and CUNY institutions through ESD.

Finally, the Budget also includes \$162 million to support personal service and other costs associated with staff whose duties are related to the maintenance, preservation, and operation of SUNY facilities.

## City University of New York

CUNY is the nation's largest urban public university system and is comprised of 11 senior colleges, 7 community colleges, a graduate center, graduate school of journalism, law school and central administration facility. CUNY serves approximately 273,000 full-time and part-time students. CUNY's physical infrastructure includes 300 facilities and spans 28 million gross square feet.

The FY 2019 Executive Budget advances a \$1.4 billion five-year capital maintenance plan for CUNY senior colleges. This is in addition to nearly \$676 million in maintenance funding provided over the previous five years. The FY 2019 Executive Budget includes \$48 million in new appropriations for community college capital projects, which represents the State's 50 percent share of projects that have local sponsor support from the City of New York.

The Executive Budget continues its support of CUNY's capital programs by reappropriating nearly \$2.4 billion in authority for CUNY senior and community college campuses to provide ongoing support for current and future planned projects.

In 2011, the Governor signed legislation to implement the NYSUNY 2020 Challenge Grant Program. This legislation included a competition-based capital grant program that has made CUNY a part of the State's regionally based economic revitalization strategy. NYSUNY 2020 Challenge Grants provide State capital funding to support long-term economic development plans on campuses and in their surrounding communities. Since 2011, \$690 million in NY 2020 challenge grant support has been appropriated to SUNY and CUNY institutions through ESD.

Finally, the FY 2019 Executive Budget includes \$37 million in appropriation authority to account for operating expenses at DASNY and the CUCF. Both authorities share the responsibility of overseeing the design, construction, acquisition, reconstruction, and rehabilitation or improvement of CUNY's facilities.

## Higher Education Facilities Capital Matching Grants Program

The HECap Program was originally authorized as part of the FY 2006 Enacted Budget to support a total of \$150 million in capital projects at the State's various independent colleges. Initially these grants were allocated to private colleges based on enrollment and relative student financial need as measured by total awards provided through the Tuition Assistance Program. This program requires a three-to-one (non-State-to-State) match by institutions. The State's share of the program is financed through the issuance of bonds.

Grants are awarded by the HECap Board, which consists of three members (one appointed directly by the Governor, with the remaining members appointed upon the recommendation of the President of the Senate and the Speaker of the Assembly) serving one-year terms. Grants may be used for the design, construction or acquisition of new facilities, rehabilitation and repair of existing facilities, or for any projects with targeted priorities including economic development, high technology, academic facilities, urban renewal, and historic preservation.

Following enactment of the FY 2016 budget, a competitive process was established to fully award unused grant funds from the initial program, as well as \$90 million in new support to provide independent colleges access to capital funding to support projects that contribute to the academic and economic growth of the State. The FY 2019 Executive Budget includes an additional \$30 million in funding bringing the total for competitive HECap Program grants to \$120 million.

The FY 2019 Executive Budget also includes \$104 million in reappropriations for HECap, providing sufficient authority to allow for the full disbursement of HECap projects related to previous rounds.

## Public Protection

### Department of Corrections and Community Supervision

The primary focus of the FY 2019 capital projects recommendation for the Department is to preserve and maintain the State's existing prison infrastructure which comprises 54 correctional facilities and three separate support buildings. The capital program ensures that all housing, medical, program, and support capacity remains functional, safe, and secure.

To meet the future needs of the prison system, the Department's capital program includes new appropriations of approximately \$2.1 billion over the next five years, and \$702 million in reappropriations, which will address the following: maintenance; health and safety of inmates and staff; legislative and other mandates; and improved operations and potential cost savings. A total of \$467 million of the \$2.1 billion will be used to fund facilities maintenance and operations staff.

DOCCS completed the renovation of the Walsh Regional Medical Unit at Mohawk Correctional Facility in FY 2017. This renovation included the addition of a new wing to increase the number of inmates who can receive medical treatment without leaving the prison system. DOCCS also started, and will continue to undertake, construction projects to meet the terms of a settlement related to SHU reform. The total capital investment related to this settlement is \$47 million over three years. Construction of a 50-cell addition, to replace two dormitory-style buildings which have deteriorated beyond their serviceable life, is now under way at Coxsackie Correctional Facility.

The FY 2019 DOCCS capital budget includes an increase of \$25 million to address a backlog of preventative maintenance projects at DOCCS facilities. Maintenance projects include repairs to cell backs, repairs to outer perimeters, replacement of failing heating lines, generator projects, and roof replacements.

In an effort to enhance security at DOCCS facilities (with a focus on maximum security prisons) and to assist in the Department's compliance with the Federal Prison Rape Elimination Act, the Department will continue to install closed-circuit television systems. Projects at Attica, Taconic, and Edgecombe Correctional Facilities have been completed; and one is under construction at Clinton Correctional Facility. DOCCS has initiated the design of closed-circuit television projects at Auburn, Elmira, Great Meadow, and Southport Correctional Facilities. Additionally, the Department will continue to install civilian personal alarm systems to enhance employee safety. The five-year capital plan also includes projects to replace aging fire alarm and sprinkler systems.

Energy conservation projects will continue to be a major focus of the capital plan. These projects include heating system upgrades, lighting system upgrades, water conservation measures, energy efficient windows and insulation, and various other improvements.

The Capital Asset Maintenance Plan is designed to preserve the useful life of the prison infrastructure. In evaluating assets, the Department has established a rating system to identify the condition of its physical plant, as a tool for prioritizing rehabilitation projects. The following table identifies the capital asset group, age and condition of the Department's assets.

<b>Capital Asset Group</b>	<b>Age Range</b>	<b>Condition</b>			
		<b>Good</b>	<b>Fair</b>	<b>Poor</b>	<b>Total</b>
Minimum Security	18 to 105 years	5	1	0	6
Medium Security	19 to 155 years	20	11	0	31
Maximum Security	10 to 200 years	10	7	0	17
Support	75 to 90 years	2	1	0	3
<b>Total</b>		<b>37</b>	<b>20</b>	<b>0</b>	<b>57</b>

## **Division of State Police**

The mission of the Division of State Police, the only law enforcement agency with statewide jurisdiction, is to serve and protect the people of the State of New York. Uniformed, investigative, and civilian State Police staff operate out of more than 200 facilities across the state. These include Troop Headquarters, Zone Headquarters, stations, and specialized facilities such as the State Police Training Academy and the Forensic Investigation Center. DSP central command and the agency's administrative functions are housed at Division Headquarters in Albany.

Over the next five years, DSP's capital program reflects continued funding for ongoing repair and augmentation of facilities, replacement and repair of equipment, and the maintenance and operation of facilities totaling \$323 million, including new appropriations for the Federal Equitable Sharing Program.

## **Division of Military and Naval Affairs**

DMNA operates more than 5.2 million square feet of facilities on behalf of the New York National Guard. Of this total, 2.8 million square feet supports the stationing of National Guard units in armories and readiness centers, while another 2.4 million square feet supports the maintenance, supply, and logistical requirements of the assigned units. DMNA's FY 2019 capital program includes new appropriations of \$271 million over the next five years, and \$222 million in reappropriations.

DMNA's Capital Plan continues support of the Federal Military Construction Program, which aids the State in the renovation, replacement, or expansion of National Guard armories, training centers, and equipment maintenance facilities across New York State. The Plan continues funding for a multi-year \$55 million renovation and improvement project at the 369<sup>th</sup> Regimental Armory in Harlem, with project completion expected in Summer 2018.

## Division of Homeland Security and Emergency Services

The FY 2019 Executive Budget includes \$3 million in new appropriations to support preventative maintenance projects at DHSES training facilities.

Additionally, there are \$553 million in reappropriations, which include:

- \$15 million to support the creation of a College of Emergency Preparedness, Homeland Security and Cybersecurity;
- \$450 million for disaster recovery projects. These funds will continue to be utilized to advance capital funding for State agency projects resulting from Superstorm Sandy, while awaiting FEMA Public Assistance reimbursement; and
- \$8.3 million to complete the swift water rescue operations training simulator at the State Preparedness Training Center in Oriskany.

## Mental Hygiene

The Department of Mental Hygiene capital program is administered through the three agencies within the Department – OMH, OPWDD, and OASAS.

Capital projects for all mental hygiene agencies are supported by the General Fund and bonds issued by DASNY, although OPWDD’s nonprofit sector primarily accesses private financing for its development purposes. These financing mechanisms support the maintenance and rehabilitation of facilities operated by both the State and not-for-profit agencies, as well as the development of new community services.

## Office of Mental Health

OMH provides services to an inpatient population of approximately 3,700 persons on campuses consisting of adult, children, and youth; and forensic and research facilities. In addition, OMH helps fund the capital construction of hundreds of community residential sites; various mental health-related general hospital projects, including psychiatric inpatient and specialized emergency rooms; and a number of non-residential community programs.

## Institutional Facilities

In support of OMH’s mission, the five-year capital plan includes a total of \$1.8 billion in new and future appropriations, and \$1.5 billion in disbursements for OMH State-operated institutions. Capital projects at these facilities are necessary to meet health and life safety codes; Joint Commission accreditation standards; current Federal Medicaid certification requirements; and other projects that remediate environmental deficiencies, improve energy efficiency, preserve long-term facilities, and consolidate campus facilities.

New FY 2019 appropriations of \$362 million, reappropriations of \$1.6 billion and \$268 million in disbursements for OMH State-operated institutions support rehabilitation projects that preserve patient and staff health and safety, and ensure compliance with facility accreditation standards.

OMH’s capital maintenance plan ensures that the investments in the OMH infrastructure are preserved, both to realize maximum useful building life and to prevent costly repairs in the future. A recent assessment report identifies OMH’s capital assets, which range in age to over 100 years old, by group and condition.

Capital Asset Group	Condition			Total
	Good	Fair	Poor	
Residential/Hospital Buildings	78	37	1	116
Psychiatric Rehabilitation Buildings	41	34	3	78
Administrative Support Buildings	144	83	15	242
<b>Total</b>	<b>263</b>	<b>154</b>	<b>19</b>	<b>436*</b>

\*Excludes 543 leased, sold, or demolished buildings and other structures, and 161 vacant buildings.

## Community Facilities

For OMH community programs, the five-year capital plan includes \$163 million in new and future appropriations and \$254 million in disbursements to support ongoing development. New FY 2019 appropriations of \$63 million, reappropriations of \$535 million and a total of \$68 million in disbursements will make funds available for the completion of approximately 1,400 residential beds currently under development, and for the preservation and maintenance of the community infrastructure.

## Office for People with Developmental Disabilities

OPWDD offers individuals with developmental disabilities services in a variety of settings, ranging from homes and small facilities to campus-based centers. The five-year Capital Plan for OPWDD focuses on serving individuals in the most appropriate setting and keeping all programs safe for both individuals and staff.

In support of this goal, the Capital Plan recommends a total of approximately \$1.13 billion in new and future appropriations, and over \$611 million in disbursements over the five-year period. For FY 2019, the Capital Plan recommends new appropriations of \$96 million and reappropriations of \$547 million, as well as disbursements of approximately \$125 million, to fund the following:

- Residential opportunities to support the transition of individuals from facility-based care to community integrated services;
- Projects necessary to maintain health and safety standards for new and existing facilities, as well as to ensure conformance with all Federal and State certification standards;
- Minor rehabilitation projects for existing State and voluntary-operated community facilities;
- Environmental modifications to existing State and voluntary-operated residential and day program spaces, to improve accessibility for individuals with disabilities; and
- An additional \$15 million to support the development of independent living housing capacity to ensure the availability of safe and accessible residential opportunities for individuals with intellectual and/or developmental disabilities.

The majority of the OPWDD capital plan is dedicated to ensuring both quality care for individuals in State facilities, as well as continued Federal certification of those programs. The remainder of the plan supports similar activities in the not-for-profit sector. Based on a recent assessment of OPWDD facilities by DASNY and OPWDD staff, the following table identifies the capital assets, which range in age up to 75 years old, by group and condition.

<u>Capital Asset Group</u>	<u>Condition</u>			<u>Total</u>
	<u>Good</u>	<u>Fair</u>	<u>Poor</u>	
Institutional	89	141	0	230*
Community	1,079	0	0	1,079
<b>Total</b>	<b>1,168</b>	<b>141</b>	<b>0</b>	<b>1,309*</b>

\*There are an additional 120 buildings not scheduled for use that are excluded from the institutional total.

The capital plan for OPWDD will be financed through a mix of current resources and bond proceeds. It should be noted, however, that bonded appropriations do not generally support community development activities of not-for-profit providers. The majority of not-for-profit community development is accomplished through private financing rather than the use of State-supported bonds.

## Office of Alcoholism and Substance Abuse Services

OASAS oversees and operates a comprehensive system of prevention, treatment, and recovery services for individuals struggling with substance use disorders (SUDs) and gambling problems. The continuum of care is provided through a network of not-for-profit organizations and 12 State-operated ATCs.

In support of this effort, over the upcoming five-year period, the Executive Capital Plan assumes a total of \$581 million in new and future appropriations and \$384 million in disbursements for OASAS. Capital investments will ensure the health and safety of the system's clients and help preserve State and not-for-profit facilities.

For FY 2019, the Executive Capital Plan includes \$90 million in total new appropriations, \$502 million in reappropriations, and approximately \$63 million in new disbursements. These funds will be used to:

- Continue implementation of 80 Residential Service Beds and 600 OTP slots throughout the State as part of the Rapid Treatment Expansion Initiative;
- Further implementation of 50 Residential Service Beds awarded in FY 2017 (25 beds in Niagara County and 25 beds in Tompkins County);
- Develop a residential services project in Broome County to add an additional 50 beds;
- Implement new Medically Supervised Withdrawal and Stabilization beds statewide under the 2017 Request for Applications;
- Add, maintain, and further renovate OASAS-funded community-based programs that provide residential, inpatient, outpatient, crisis, and other services to individuals struggling with SUD; and
- Support maintenance projects at the State's 12 ATCs, including the ongoing ATC Master Plan residential services redesign for behavioral health.

Commitments for the OASAS capital program remain at \$82 million in FY 2019.

While OASAS is responsible for maintenance of all 12 ATCs, 11 are co-located with other State agencies. The Kingsboro ATC is the only "stand-alone" OASAS facility.

Some of the accomplishments of the OASAS Capital Program, include:

- Completion of a 50-bed Residential Withdrawal and Stabilization program in Broome County;
- The start of Phase VI of the ATC Capital Maintenance Master Plan;
- Approval to begin new voluntary capital projects for residential service beds and OTP slots in Bronx, Monroe, Suffolk, and Wayne Counties;
- Completion of the Central New York Services OTP clinic located at the McPike ATC in Oneida County;
- Continued implementation of a project to bring all ATCs in compliance with current code standards for fire protection and carbon monoxide systems; and
- A 20 percent reduction in utility usage at the Kingsboro ATC, meeting the goal of EO88 ahead of the 2020 mandate.

## General Government

### Office of General Services

OGS' Real Property Management and Facilities Group is responsible for the operation and maintenance of 55 major State office buildings and related structures as well as 113 ancillary structures, including parking facilities. OGS operates two major office complexes in Albany — the Nelson A. Rockefeller Empire State Plaza and the Harriman State Office Building Campus. Both complexes are supported by central utility infrastructures including heating and cooling plants, as well as high voltage electrical systems.

The focus of the OGS Capital Plan is the preservation of aging buildings and infrastructure, optimization of the State's real estate, and improving system and equipment management. This is accomplished through various preservation, rehabilitation, and improvement projects. Smaller preventative maintenance projects are performed regularly to reduce more expensive emergency projects and, in some cases, delay or avoid larger rehabilitation projects.

Major initiatives for FY 2019 include:

- An additional \$25 million in the Office Space Optimization Fund to continue the centralized governance structure and dedicated funding source that allows the Enterprise Real Estate Center to manage office space utilization for state-owned and leased real estate;
- Continuation of the Cogeneration Plant and Microgrid Project to power the Empire State Plaza and municipal buildings. The Cogeneration Plant will reduce annual utility costs and decrease energy consumption, while the Microgrid will provide reliable energy during extreme weather events or emergencies; and
- Continuation of the "Harriman Strategic Action Plan," which includes the renovation of Building 4 for use as the permanent, consolidated headquarters of DOCCS and infrastructure projects to upgrade and repair the electric, water, steam, sewer, and waste systems throughout the Campus.

## Department of State

The FY 2019 Executive Budget recommends \$8 million in capital reappropriations related to the identification of Brownfield Opportunity Areas and the development of plans associated with their economic revitalization. Additionally, the Budget includes \$2 million of reappropriations for building maintenance and repair for the towns of Ellenburg and Plattsburgh. Additionally, the Budget includes \$100 million in reappropriations for the second round of Downtown Revitalization Initiative (DRI) grants and \$100 million in new funding for a third round of DRI grants.

## Workers' Compensation Board

The FY 2019 Executive Budget includes a new \$20 million capital appropriation and a \$51.5 million capital reappropriation for the modernization of the operations of the Workers' Compensation Board. Modernization efforts will include the acquisition and development of technology, including equipment, software, and services, to improve the delivery of services to injured workers and their employers.

## Information Technology

The mission of ITS is to create and deliver innovative solutions that foster a technology-enabled government to best serve New Yorkers. ITS is charged with leading the State's transformation efforts by consolidating a fragmented technology infrastructure, expanding enterprise solutions, and redesigning service delivery to enable agencies to focus on core missions, while preparing for future technological advancements.

The IT Strategic Governance Process is used to evaluate proposed projects across State government to eliminate duplicative efforts, link development to enterprise technologies, and prioritize projects for funding. Projects that have an enterprise wide benefit and are approved through this process are eligible for IT Innovation Capital funding. The Capital Plan projects a total of \$109 million in disbursements for FY 2019 to fund several projects, including:

- Systems to support the consolidation of administrative and human resource functions within the BSC;
- Replacement of outdated health and human services legacy systems;
- Modernization of several agency legacy systems, including those for the Department of Civil Service, Department of Taxation and Finance, and DMV; and
- Consolidation of numerous state agency data centers into a Statewide Tier 3 data center at CNSE.

The ITS Innovation Capital Fund achieved several accomplishments this past fiscal year, including enterprise-wide modernizations and data security enhancements:

- In January 2017, New York Business Express released a new Business and Incentive Wizard which offers a more user-friendly customer experience for new and current business owners with an informational portal and single contact center for constituents;
- ITS and DMV completed the implementation of Real ID documents and began issuing federally compliant ID's in October 2017. In the week following implementation, over 8,000 Real ID transactions were processed;
- The Department of Civil Service, in collaboration with ITS, successfully administered the first computer based examination for OPRHP in December 2017; and
- Data Center Consolidation efforts have continued throughout FY 2018. To date, ITS has closed 14 data center sites and the remaining sites will be consolidated during FY 2019.

## Other

### Judiciary

The FY 2019 Judiciary Budget includes \$18 million in new capital project appropriations to rebuild the technology and security infrastructure to support the work of the courts. The \$18 million for technology initiatives will support modernization of the Judiciary's computer network, providing computing equipment for judges, court staff, and the court system's data centers. The funding will also allow the Judiciary to support the digitization of paper records and purchase critical security equipment, including x-ray scanning machines, magnetometers, security cameras, and access control systems.

The FY 2019 Judiciary Budget also includes \$3 million in capital project reappropriations for the completion of the training academy in Kings County for court security personnel. The training facility will replace the Judiciary's leased facility in lower Manhattan. This project is being funded by State-supported bonds.

### Department of Law

The FY 2019 Executive Budget recommends a new \$1 million capital appropriation and \$13 million in reappropriations related to the acquisition and development of technology, including: equipment, software, and services associated with implementation of case management, E-discovery, and charities registration systems along with the relocation, consolidation, and upgrade of IT systems and data centers.

### World Trade Center

The FY 2019 World Trade Center budget includes Federal reappropriations of \$154 million to continue the reconstruction of Route 9A and facilitate New York State and New York City efforts to revitalize lower Manhattan.

### Audit and Control

The FY 2019 Executive Budget recommends a new \$4.7 million capital appropriation and \$3.5 million in reappropriations related to the acquisition and development of technology, including: equipment, software and services associated with the upgrade of the State's payroll system (PayServ).

### Hudson River Valley Greenway

The Capital Plan includes \$118.5 million in reappropriations for improvements and completion of the Hudson River Valley Greenway segment of the Empire State Trail. Upon its completion in 2020, the Trail will be recognized as the largest multi-use trail network in the nation.

# Debt Affordability

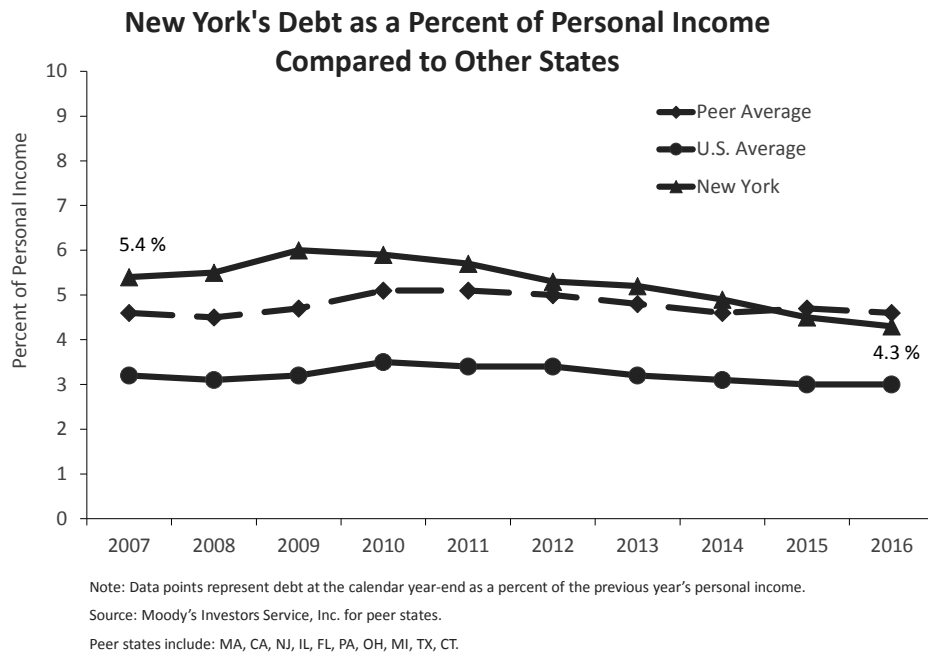

State debt levels, as measured by common benchmarks, are summarized below. All measures reflect the total level of State-related debt issued for all State purposes as described in the “Introduction” section of this Plan.

## State Debt as a Percent of Personal Income

The State debt projections from FY 2019 to FY 2023 reflect a 3.7 percent average annual increase in debt levels and a 4.4 percent average annual increase in statewide personal income. As a result, debt as a percentage of personal income is expected to remain relatively consistent over the five-year Plan period, settling at 4.1 percent in FY 2023.

Over a longer time horizon, State-related debt outstanding as a percentage of personal income is projected to drop from 5.5 percent in FY 2009 to 4.1 percent in FY 2023. This decline can be largely attributed to the rapid retirement of State debt, including tobacco bonds. State-related debt outstanding declined for five consecutive years from a high point of \$56.4 billion in FY 2012 to \$50.7 billion in FY 2017, its lowest point since FY 2008. State-related debt outstanding is expected to grow to \$52.0 billion.

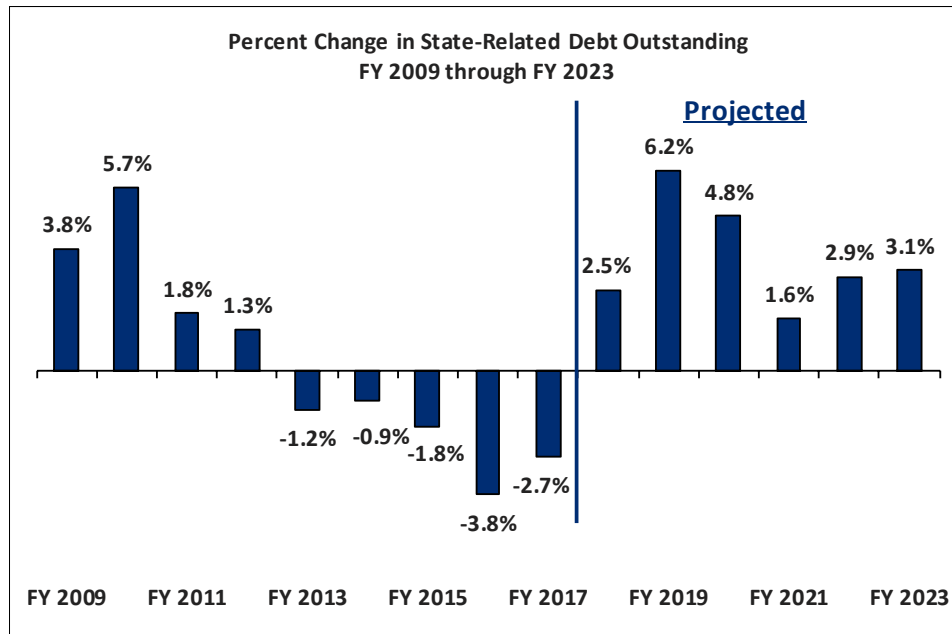

## State Debt Outstanding

The 0.6 percent average growth in State-related debt from FY 2009 to FY 2019 is less than the average annual growth in inflation and personal income.

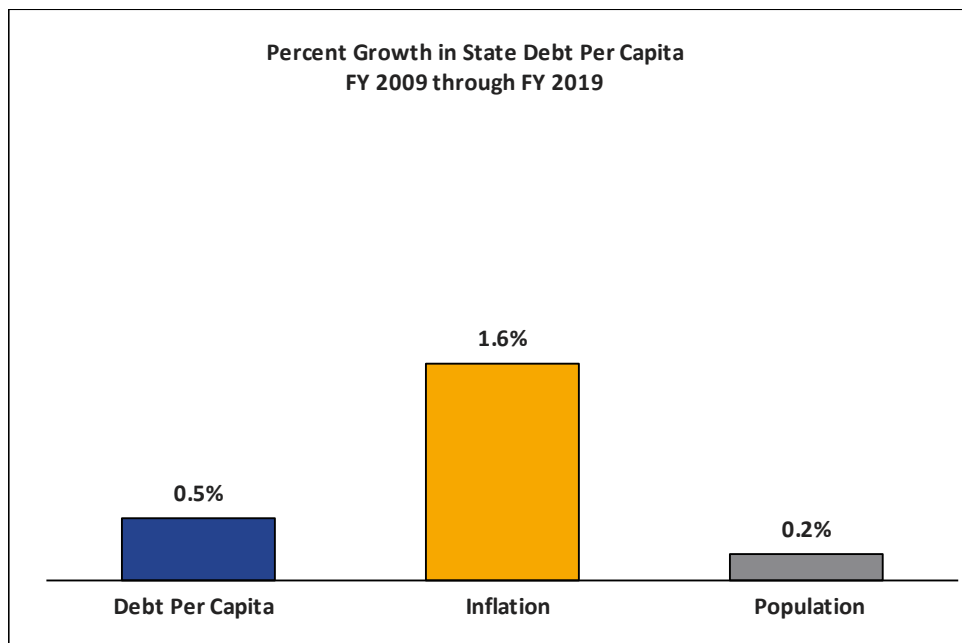

The overall average increase in debt outstanding from FY 2009 to FY 2023 (including tobacco bonds) is 1.3 percent.

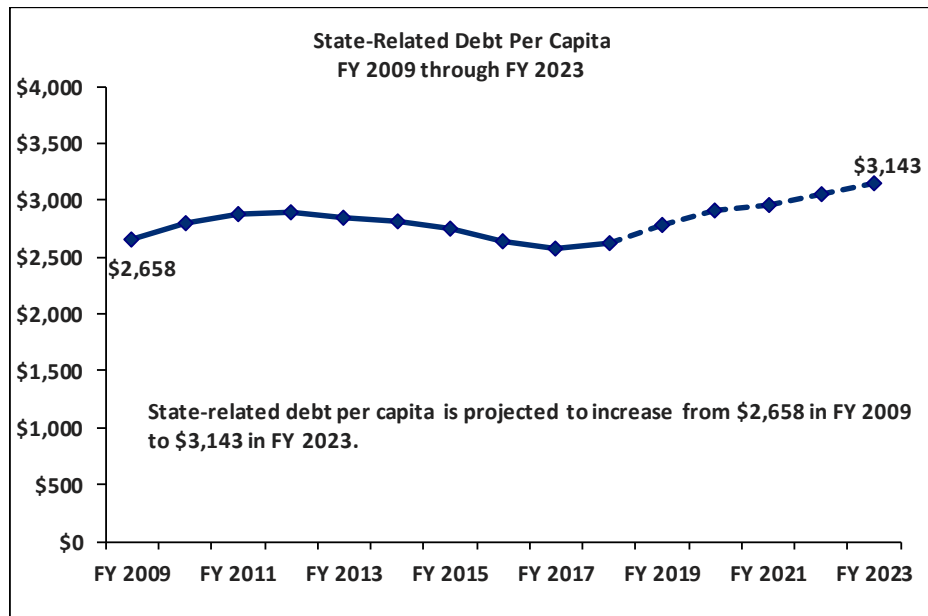

## State Debt Per Capita

The average annual growth in debt per capita is less than the growth in inflation over the past ten years.

State-related debt per capita is projected to increase from \$2,658 in FY 2009 to \$3,143 in FY 2023, an average annual increase of 1.2 percent. The State’s population of almost 20 million is projected to remain relatively consistent over the Plan period. Thus, the projected increase in debt per capita over the Plan period results primarily from the issuance of new debt to fund new State capital projects.

## 2016 Total Per Capita State Debt New York and Peer State Rankings

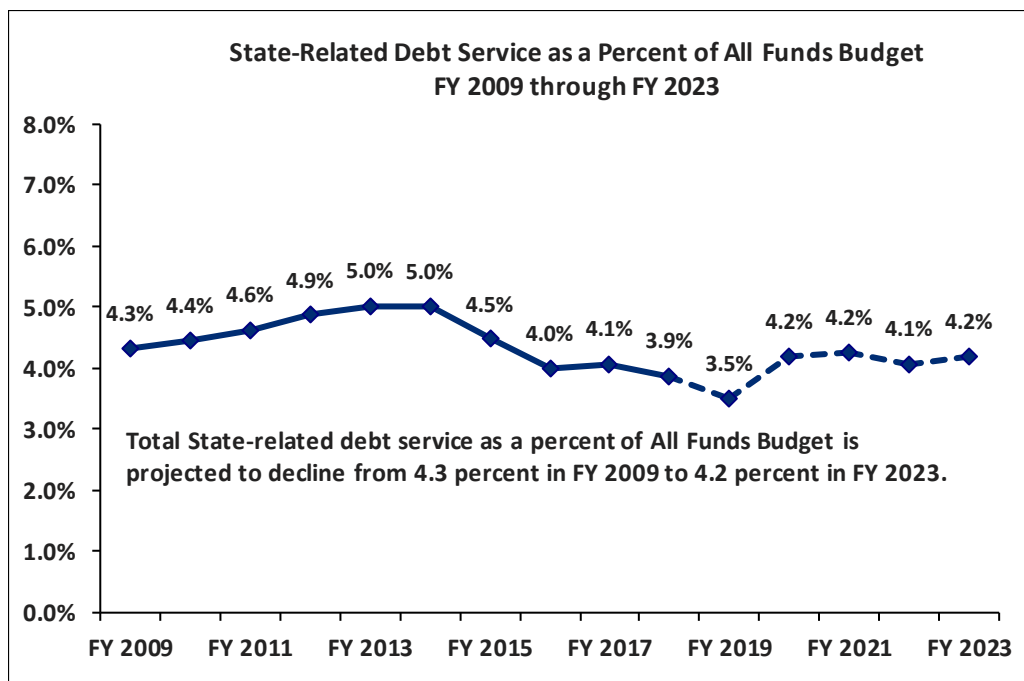

Source: Moody's Investors Service, Inc. for peer states.

As shown in the previous chart, New York’s debt per capita in FY 2016 of \$2,632 ranked sixth highest in the nation. Connecticut, Massachusetts, Hawaii, New Jersey, and Washington have higher debt per capita ratios than New York.

## Debt Service

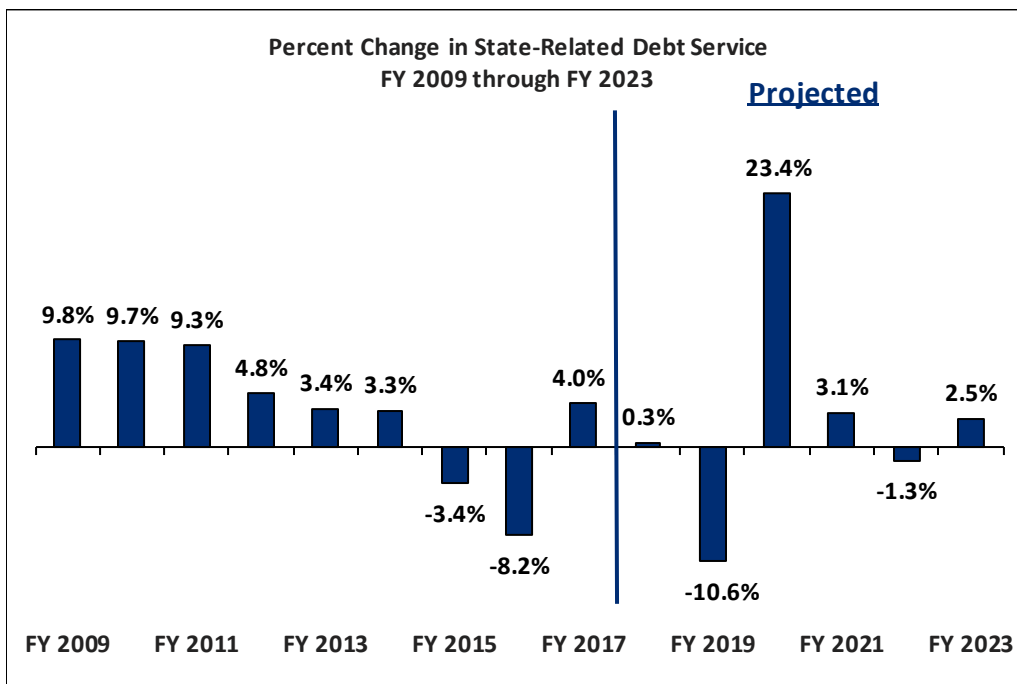

From FY 2019 through FY 2023, debt service costs are projected to increase by an average of 6.5 percent annually, while All Funds receipts are projected to grow by 1.8 percent annually. Thus, debt service costs are projected to be about 4.2 percent of the All Funds budget in FY 2023.

State-related debt service as a percentage of the All Funds Budget is projected to decrease from 4.3 percent in FY 2009 to 4.2 percent at the end of FY 2023. Since FY 2008, debt service has grown steadily due to the issuance of bonds to finance the State’s capital needs. Declines in debt service ratios in FY 2019 are related to debt service prepayments and savings expected from refundings.

The 1.0 percent average annual rate of growth in debt service from FY 2009 through FY 2019 is lower than the growth in inflation of 1.6 percent and the 3.2 percent growth in State revenue during that same time period.

Debt service growth is projected to average roughly 2.8 percent in the forecast period due to debt service prepayments, and continued support for the State’s capital program.

The table below provides the detailed data to support previous graphs.

DEBT AFFORDABILITY MEASURES										
(in millions)										
Fiscal Year	Population	Personal Income	All Funds	State-Related Debt Outstanding			State-Related Debt Service			
				Total Debt	% Change	Debt to PI	Debt Per Capita	Total Debt Service	% Change	% All Funds
FY 2008	19.4	\$915,526	\$115,423	\$49,884	3.7%	5.4%	\$2,568	\$4,672	-6.6%	4.0%

# Detailed Data

## Interest Rate Exchange Agreements and Variable Rate Exposure

Article 5-D of the State Finance Law authorizes the use of a limited amount of variable rate obligations and interest rate exchange agreements (“swaps”). The statute was implemented as a debt management tool to lower debt service costs, diversify the State’s debt portfolio and to better match variable rate debt exposure to variable rate earnings on the State’s short-term investments. Issuers of State-supported bonds may enter into variable rate debt instruments that result in a maximum net variable rate exposure of 15 percent of State-supported debt. Issuers may also enter into interest rate exchange agreements in a total notional amount that does not exceed 15 percent of State-supported debt, subject to various criteria established in the statute to reduce risk.

### Interest Rate Exchange Agreements (Swaps)

The following table shows the amount of outstanding interest rate exchange agreements which are subject to the statutory cap. Overall, the State’s swap exposure is expected to decline from 3.0 percent in FY 2018 to 1.3 percent in FY 2023.

INTEREST RATE EXCHANGE CAP (millions of dollars)						
	<u>FY 2018</u>	<u>FY 2019</u>	<u>FY 2020</u>	<u>FY 2021</u>	<u>FY 2022</u>	<u>FY 2023</u>
Interest Rate Exchange Cap	7,741	8,232	8,636	8,784	9,049	9,336
Notional Amounts of Interest Rate Exchange Agreements	1,547	1,457	1,325	1,072	927	794
Percent of Interest Rate Exchange Agreements to Debt Outstanding	3.0%	2.7%	2.3%	1.8%	1.5%	1.3%

Currently the State’s swaps portfolio is comprised of synthetic fixed rate swaps. A synthetic fixed swap includes two separate transactions: (i) a variable rate bond is sold to bondholders, and (ii) an interest rate exchange agreement between the State and a counterparty is executed. The interest rate exchange agreement results in the State paying a fixed interest rate (i.e., synthetic fixed rate) to the counterparty and the counterparty agrees to pay the State a variable rate (65 percent of LIBOR for all State swaps). The variable rate the State pays to bondholders and the variable rate the State is receiving from the counterparty offset each other, leaving the State with the synthetic fixed rate payment. The synthetic fixed rate was less than the fixed rate the State would have paid to issue traditional fixed rate bonds at that time.

The State has no plans to increase its swap exposure.

## Variable Rate Exposure

The State's net variable rate exposure (including a policy reserve) is projected to average 1.0 percent of outstanding debt from FY 2018 through FY 2023. The debt that is counted against the variable rate cap represents the State's unhedged variable rate bonds. The variable rate bonds that are issued in connection with a swap are not included in the variable rate cap.

The State's current policy is to count 35 percent of the notional amount of outstanding 65 percent of the LIBOR fixed rate swaps in its variable rate exposure. This policy reserve accounts for the potential that tax policy or market conditions could result in significant differences between payments owed on the bonds and the amount received by the State under its 65 percent of LIBOR swaps, and that the factors affecting such payments can be consistent with variable rate exposure.

VARIABLE RATE EXPOSURE						
(millions of dollars)						
	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
Variable Rate Exposure Cap	7,741	8,232	8,636	8,784	9,049	9,336
Current Unhedged Variable Rate Obligations	161	150	140	121	112	110
Additional Planned Variable Rate Exposure	0	0	0	0	0	0
Total Net Variable Rate Exposure	161	150	140	121	112	110
Net Variable Rate Exposure to Debt Outstanding	0.3%	0.3%	0.2%	0.2%	0.2%	0.2%
Current Policy Reserve for LIBOR Swaps	541	510	464	375	324	278
Net Variable Rate Exposure (with Policy Reserve)	702	660	604	496	437	388
Net Variable Rate Exposure (with Policy Reserve) to Debt Outstanding	1.4%	1.2%	1.0%	0.8%	0.7%	0.6%

## Bond Authorizations

Bond caps provide the legal authorizations to issue bonds to finance a portion of the State's Capital Plan. Bond caps can finance a single year's appropriations or can be for multi-year periods. As the bond cap for a particular programmatic purpose is reached, subsequent legislative changes are required to raise the statutory caps to the level necessary to meet the bondable capital needs. A total of \$5.3 billion of increased bond authorizations are included in the FY 2019 Executive Budget. The following table details the bond cap authorizations for all State-supported debt, including legislative actions included in the FY 2019 Executive Budget.

## State Debt Detail

The tables that follow provide a comprehensive listing of all current and projected State debt outstanding, debt service costs, debt retirements, and new debt issuances.

State-related debt levels reported in the tables are cash-basis amounts that are consistent with the GAAP basis debt levels reported in the CAFR. Thus, it reflects all debt issued by the State (including blended component units) for Government activities and Business-type activities as defined in the CAFR.

The tables do not include debt that is issued by, or on behalf of, local governments that may be funded in part by State local assistance aid payments. However, such debt is reflected in the respective financial statements of the local governments responsible for the issuance of such debt.

# Agency Summary and Detail Tables

## Agency Summary and Detail Tables

The following tables provide a summary of projected appropriations, commitments, and disbursements for each agency on both a comprehensive construction program and capital projects fund basis. Immediately following the agency summary table are detailed projected disbursements for each fiscal year, beginning in FY 2019, by individual appropriation on a comprehensive construction program basis. The disbursements on these tables reflect projected spending from reappropriations and new appropriations effective for State FY 2019 and beyond, as well as appropriations anticipated to be recommended in future State fiscal years from FY 2020 through FY 2023. All amounts are in thousands of dollars.

The Executive reappropriations and appropriations represent the estimated costs for the various agencies and the respective comprehensive construction programs. Each of the reappropriations, new appropriations, and future appropriations are identified by a reference number, as required by section 22-c of the State Finance Law. These individual eight-character reference numbers are included at the end of the text for each Enacted appropriation, and the fifth and sixth characters identify the State fiscal year in which it was originally enacted. Reference numbers for new appropriations for FY 2019 will display 18 as the fifth and sixth characters.

## Dedicated Highway and Bridge Trust Fund Detail

This section is provided to comply with the requirements of the amendment to Section 22-c of the State Finance Law as added by Chapter 62 of the Laws of 2006 and amended by Chapter 61 of the Laws of 2006 and Chapter 59 of the Laws of 2009.

The following table provides projected receipt, disbursement, and transfer amounts for the DHBTF. Projected spending from this Fund, including DMV, will total \$9.7 billion over the next five fiscal years, which represents nearly half of the total transportation-related spending for capital projects estimated during that period. Projected negative fund closing balances are caused by timing differences between disbursements and receipts.

<sup>1</sup>Includes \$65.993 million annual transfer in permanent statute.

<sup>2</sup>Does not include possible transfers from State Capital Projects Fund or Dedicated Infrastructure Investment Fund.

The DHBTF had a financing gap, or deficit, of \$327 million in FY 2018, and \$760 million is projected in FY 2019. Gaps increase further in the outyears, for a total gap of \$3.7 billion from FY 2019 through FY 2023. This deficit is reflected in the preceding table as being funded by revenues transferred from the General Fund. These projections are based upon estimates of revenues, bond proceeds, transfers, debt service, and program disbursements. These gap estimates are the result of an imbalance in the DHBTF between projected revenues and expenditures.

The table below provides DHBTF bond coverage ratios for prior periods.

DEDICATED HIGHWAY AND BRIDGE TRUST FUND BOND COVERAGE RATIOS FOR PRIOR PERIODS				
<u>FY 2014</u>	<u>FY 2015</u>	<u>FY 2016</u>	<u>FY 2017</u>	<u>FY 2018</u>
2.7	2.8	4.0	4.0	4.3

The table below provides recent DHBTF appropriations for debt service.

DEDICATED HIGHWAY AND BRIDGE TRUST FUND DEBT SERVICE APPROPRIATIONS		
<u>Enacted FY 2017</u>	<u>Enacted FY 2018</u>	<u>Executive FY 2019</u>
\$370,300,000	\$320,300,000	\$280,300,000

## Increasing Opportunity for Minority and Women-Owned Business Enterprises

The New York State Department of Transportation's Office of Civil Rights has primary oversight responsibility for all Civil Rights and the M/WBE related program functions. This includes oversight of the Department's Purchasing Unit within the Office of Contracts and Accounting. This Office has adopted practices which promote flexibility in choosing those M/WBE firms with which it conducts business. The Purchasing Unit aggressively promotes the use of M/WBE firms by our internal customers for those commodities and services costing less than \$200,000. As part of the outreach process, the Department provides all prospective vendors with an updated version in both paper and electronic form of the publication "How to do Business with the New York State Department of Transportation." Only M/WBEs certified by ESD's M/WBEs are used to fulfill goals on 100 percent State funded projects and/or goods and services.

## Agency Summary and Detail Tables

The Department is one of four agencies in New York that are authorized to certify businesses as DBEs, which is a Federal (USDOT) certification program. The other three certifying agencies are the MTA, NFTA, and PANYNJ. A memorandum of agreement with ESD has been signed that expedites the review and approval process for DBEs to become certified as M/WBEs.

The Department establishes annual goals for M/WBE participation for construction contracts, professional service agreements (including civil engineering), and for the procurement of goods and services. The Department reviews these goals and takes appropriate measures to help ensure attainment, including the removal of barriers to participating in NYSDOT contracts. These goals are based on projected opportunities and the availability of certified M/WBEs in relation to the projected areas of opportunity.

The Department established a “Diversity Procurement Team” to explore ways to broaden the participation of M/WBEs in NYSDOT’s contracting and investigate innovative approaches to improving the number of M/WBEs working on NYSDOT’s contracts.

The Department submits its Annual Goal Plan to the director of the State Division of Minority and Women Business Development.

The Department partners regularly with Federal, State, and local agencies, as well as industry/professional associations and community based organizations to conduct outreach to the M/WBE community regarding contract opportunities and the Department’s contracting methods (i.e., lowest responsible bidder, best value, discretionary purchasing, etc.). These organizations include: the Federal Highway Administration, ESD, PANYNJ, the Association of General Contractors, General Contracting Association, and the Association of Minority Enterprises of New York.

The Office of Civil Rights has conducted, and will continue to conduct, D/M/WBE outreach and business networking events that will focus on upcoming Department contracting opportunities in an effort to encourage and increase D/M/WBE participation.

The Department will also continue to implement targeted supportive services to DBEs using Federal funds. Since most DBEs are also certified M/WBEs, these supportive services will benefit firms in both contracting programs. The Governor remains committed to expanding M/WBE participation in State contracting, and has now set a 30 percent M/WBE utilization goal. Furthermore, the Department is developing a pilot Mentor/Protégé program as a strategy for DBEs to increase their contracting opportunities.

Additionally, the Department will summarize its program efforts and results to both the Federal Highway Administration and ESD in the plans and reports required by those agencies.
