Introduction

The DOB¹ publishes the Capital Program and Financing Plan twice a year, with the Executive Budget and the Enacted Budget. The Executive Capital Program and Financing Plan (the “Capital Plan”) reflects capital spending and debt issuances in FY 2021 through FY 2025. It describes the State’s multi-year capital program, the way it will be financed, and the impact of debt on the State’s Financial Plan.

Factors affecting the State’s financial condition are complex. This Capital Plan contains “forward-looking statements” relating to future results and economic performance as defined in the Private Securities Litigation Reform Act of 1995. Since many factors may materially affect fiscal and economic conditions in the State, inclusion in this Capital Plan of forecasts, projections, and estimates should not be regarded as a representation that such forecasts, projections, and estimates *will* occur. The forward-looking statements contained herein are based on the State’s expectations at the time they were prepared and are necessarily dependent upon assumptions, estimates and data that it believes are reasonable as of the date made, but that may be incorrect, incomplete, imprecise or not reflective of actual results. Forecasts, projections, and estimates are not intended as representations of fact or guarantees of results. The words “expects”, “forecasts”, “projects”, “intends”, “anticipates”, “estimates”, “assumes” and analogous expressions are intended to identify forward-looking statements in this Capital Plan. Any such statements are inherently subject to a variety of risks and uncertainties that could cause actual results to differ materially and adversely from projections. Such risks and uncertainties include, but are not limited to, general economic and business conditions; changes in political, social, economic, and environmental conditions, including climate change and extreme weather events; impediments to the implementation of gap-closing actions; regulatory initiatives and compliance with governmental regulations; litigation; Federal tax law changes; actions by the Federal government to reduce or disallow expected aid, including Federal aid authorized or appropriated by Congress but subject to sequestration, administrative actions, or other actions that would reduce aid to the State; and various other events, conditions and circumstances, many of which are beyond the control of the State. These forward-looking statements are based on the State’s expectations as of the date of this Capital Plan.

¹ Please see “Glossary of Acronyms” at the end of this document for the definitions of commonly used acronyms and abbreviations that appear in the text.

The Capital Plan consists of seven major sections as follows:

- **The Executive Summary** summarizes the State’s capital initiatives, multi-year capital spending and financing sources, limitations on State debt, and debt issuance plans.
- **FY 2021 Capital Program and Financing Plan** provides estimates of annual capital spending and debt by program area and financing source.
- **Five-Year Capital Plan** provides a summary of the multi-year impact of the FY 2021 Capital Program and Financing Plan and describes agency capital goals, objectives, and capital maintenance efforts.
- **Agency Capital Program Plans** provide a narrative description of capital investment recommendations by agency for the FY 2021 through FY 2025 period.
- **Debt Overview** includes information on the State’s bond programs and on the State’s actual and projected debt levels and debt service costs, as well as comparisons to objective affordability measures.
- **Detailed Data** explains various State debt limitations and provides detailed tables on capital projects financing, State-related debt, and debt service costs.
- **Agency Summary and Detail Tables** provide a summary of projected appropriations, commitments, and disbursements for each agency on both a comprehensive construction program and capital projects fund basis.

Terminology used throughout the Capital Plan includes “commitment(s),” meaning the amount an agency expects to place under contract for a given fiscal year; and “appropriation(s),” referring to the statutory authorization against which expenditures (liability) and disbursements (cash) may be made during a specific State fiscal year. In general, appropriations are the legal authority which allows State agencies to spend money. Agency appropriations, commitments, and disbursements data can be found in the Agency Summary and Detail Tables section.

Additionally, the Capital Plan makes references to “off-budget” spending, which refers to capital spending that is occurring directly from bond proceeds held at public authorities. Off-budget spending requires an enacted appropriation, bonding authorization, and PACB approval to occur. However, in an effort to streamline all State capital spending within the Capital Plan, the State is converting all such spending “on-budget”. This transition began in FY 2015 with the conversion of the local highway transportation program. The Capital Plan includes authorization for the conversion over time of all remaining capital spending recorded as an off-budget expense in the SFS.

Reporting on State Debt

The Capital Plan provides information on State-supported debt and the broader measure of State-related debt:

State-supported debt represents obligations of the State that are paid from traditional State resources (i.e., tax revenue) and have a budgetary impact. It includes both General Obligation debt approved directly by the voters, and debt authorized by the Legislature, acting on behalf of the people, and issued on behalf of the State by public authorities, where the State is contractually obligated to pay debt service, subject to appropriation. All debt authorized by the Legislature must be approved by PACB, and the board of the issuing authority, with the exception of General Obligation Bonds. The State's debt reform caps on debt outstanding and debt service apply to State-supported debt.

State-related debt is a broader measure that includes State-supported debt, State-guaranteed debt, moral obligation financings, and certain contingent-contractual obligation financings, where debt service is paid from non-State sources in the first instance, and State appropriations are available, but typically not expected to be needed, to make payments. The classification is made at the time of the original issuance.

State debt is reported in the Capital Plan on a cash basis and includes all debt issued by the State and public authorities acting on its behalf for government activities and business-type activities as defined in the CAFR.

State debt does not include debt that is issued by State public authorities for which the State has no financial obligation (i.e., "conduit debt"), or debt issued by or on behalf of local governments and secured (in whole or in part) by State local assistance aid payments. For example, certain school districts and NYC have pledged State aid to help pay debt service for locally sponsored and locally determined financings. Additionally, certain of the State's public authorities issue debt supported by non-State resources (i.e., NYSTA toll revenue bonds, TBTA or MTA revenue bonds, or DASNY dormitory facilities revenue bonds) or issue debt on behalf of private clients (i.e., DASNY hospital revenue bonds). Because this debt was not issued by, or on behalf of, the State, the State has no obligation to pay debt service, and it is not considered State debt in the CAFR, therefore it is not included in the Capital Plan. Instead, this debt is accounted for in the respective financial statements of the local governments responsible for the issuance of such debt.

For More Information

Additional information on the State's debt portfolio is available on DOB's public website ([New York State Division of the Budget](#)). The Investor's Guide section of the site contains detailed information on New York State bonds including: swap and variable rate capacity reports, PIT and Sales Tax Revenue Bond debt service and debt outstanding, credit ratings on New York State bonds, and the State's bond issuance schedule. In addition, the State's public website ([New York Bonds](#)) is tailored to potential investors of New York State bonds. The site provides specific information on the types of credits that New York State offers as well as the process for purchasing bonds.

¹ Debt service is adjusted for prepayments to reflect when payments are contractually due.

FY 2021 Capital Plan

Summary

The Capital Plan funds the capital activities of State agencies, increases support for new statewide initiatives, and maintains affordable levels of debt. Capital spending is projected to total \$15.0 billion in FY 2021. The Capital Plan includes new and continued investments for roadways, bridges, and transit systems; affordable and supportive housing units; economic development projects; health care facilities; and environmental protection projects. Additionally, the Capital Plan includes continued funding for State parks, and educational, mental health, and correctional facilities.

Debt issuances for five-year capital projections are sized to fit within the limits established by the State's statutory debt cap. With the proposed capital initiatives in the Capital Plan, DOB projects that the State's debt affordability measures will remain stable over the next five-year period.

Since the Governor took office in 2011, the State has been disciplined in its use of debt, while making significant investments in the State's infrastructure. From FY 2011 to FY 2020, debt outstanding has increased from \$55.7 billion to \$57.0 billion (projected), or an average of 0.3 percent annually. During the Governor's tenure, outstanding debt declined for five consecutive years, FY 2013 through FY 2017. This marks the first time in modern history that New York has achieved this result.

Executive Budget Capital Plan Highlights

\$175 Billion, Five-Year Infrastructure Plan

In May 2018, Governor Cuomo announced a plan to invest \$150 billion in the State's infrastructure between FY 2020 and FY 2024. Implementation of the new MTA and DOT plans are expected to increase the statewide plan to \$175 billion. The State's Capital Plan builds on the State share of the comprehensive statewide \$175 billion investment. When added to the previous \$100 billion infrastructure plan, undertaken prior to FY 2020, New York is on course to invest over one-quarter of a trillion dollars to upgrade and preserve aging infrastructure. The \$175 billion infrastructure plan includes funding for transportation and mass transit systems, affordable housing, economic and community development, schools, environmental and park facilities, and energy efficiency upgrades.

The \$175 billion infrastructure plan includes:

- \$87 billion for transportation, including mass transit, railroads, airports, highways, bridges, and tunnels across the State.
- \$35 billion for improving environmental facilities and parks, and the development of green energy.
- \$11 billion for economic and community development.
- \$9 billion to further the State's investment in the construction of high-quality, affordable housing.
- \$19 billion to help school districts build new and better school buildings.
- \$14 billion to improve and maintain SUNY and CUNY buildings, State health care facilities, and other capital assets.

Major Infrastructure Investments

Major new capital initiatives in the Executive Budget include new funding for the Restore Mother Nature Bond Act, DOT Capital Plan, and MTA 2020-24 Capital Plan.

- **Restore Mother Nature Bond Act.** The Capital Plan includes a \$3 billion environmental bond act focused on habitat restoration and flood reduction. The program will reduce flood risk and revitalize fish and wildlife habitats by connecting streams and waterways, right-sizing culverts and dams, restoring freshwater and tidal wetlands, reclaiming natural floodplains, upgrading fish hatcheries, preserving open space, and reducing contamination from agricultural and storm water runoff.
- **Transportation and Transit.** The Capital Plan provides \$11.9 billion for a new, two-year DOT Capital Plan for FYs 2021 and 2022 that will fund improvements to the State's roads, bridges, airports, rail facilities, ports and transit systems. Compared to the final two years of the last DOT Capital Plan, this represents an increase of \$3.0 billion, or 33 percent. As part of the plan, the State will also be investing \$100 million (\$20 million annually for 5 years) in electric buses for non-MTA transit systems.
- **MTA Capital Commitment.** The Capital Plan includes a new, \$3 billion appropriation for the State contribution to the \$51.5 billion 2020-2024 MTA Capital Plan. In addition, the Governor and Legislature approved new revenues in the FY 2020 Enacted Budget that are expected to support an additional \$25 billion of the MTA Capital Plan. This plan represents the largest MTA infrastructure investment in state history. It is expected to revitalize the subway system, modernize signal technology, increase accessibility, upgrade bus service, and invest in service improvements in LIRR and Metro North Railroad.

The Capital Plan also adds and/or continues funding for the following:

- **Resiliency Initiative.** The Capital Plan continues funding for the recently announced Lake Ontario Resiliency and Economic Development Initiative. In May 2019, \$300 million was committed to strengthening infrastructure and promoting natural solutions along Lake Ontario and St. Lawrence River waterfronts. The REDI Commission, a multi-agency task force, has designated 133 projects for grants which were announced in October 2019.
- **Higher Education.** SUNY and CUNY campuses continue to receive support for their capital assets in the Capital Plan. Since FY 2012, the State has provided over \$10 billion in capital appropriations to maintain and improve campus facilities, including \$800 million for the SUNY and CUNY 2020 programs. The FY 2021 Capital Plan continues to provide funding for SUNY and CUNY campuses by adding an additional \$1.5 billion in State capital support for maintenance and preservation of campus facilities, hospitals, and other initiatives.
- **ORDA Capital Improvements.** The Capital Plan includes \$147 million in new capital funding for ORDA, including \$135 million for a modernization plan to support improvements to the Olympic facilities and ski resorts. Funding of \$10 million is provided for maintenance and

energy efficiency upgrades, and \$2.5 million appropriated from the OPRHP budget as part of the New York Works initiative.

- **Affordable and Homeless Housing.** The Capital Plan continues the \$20 billion, comprehensive five-year investment in affordable housing, supportive housing and related services to provide New Yorkers with safe and secure housing. This investment is creating or preserving over 100,000 units of affordable housing and 6,000 units of supportive housing. Funding includes \$3.5 billion in capital resources, \$8.6 billion in State and Federal tax credits and other allocations, and \$8 billion to support the operation of shelters, supportive housing units, and rental subsidies. The FY 2021 Budget includes \$63 million in additional homeless housing capital funding to supplement the comprehensive housing plan.
- **Economic Development.** The Capital Plan provides nearly \$500 million in economic development grants across a number of programs, including REDC Round X, a fifth round of Downtown Revitalization grants, and support for investments in high technology, infrastructure, and manufacturing.
- **Elections Reforms.** The Capital Plan continues \$15 million in funding to support the purchase of Electronic Poll Books and includes an additional \$16 million to create an online voter registration system.
- **Empire Station.** The State has invested \$700 million to leverage a total of \$3 billion, from private sector and Federal partners, for the transformation of the James A. Farley Post Office building into the Moynihan Train Hall. Combined with renovations at the existing Penn Station, this will create a new Empire Station.
- **Parks 2020.** The State continues its multi-year capital investment of \$900 million to fund capital rehabilitation and improvement of State parks and historic sites. The Capital Plan includes \$110 million in New York Works capital funding to OPRHP.
- **Environmental Protection.** The Capital Plan contains \$300 million for the EPF, continuing the highest level of funding in State history, which was set in FY 2017. The expanded EPF will provide funding for: stewardship; agriculture programs; invasive species prevention and eradication; water quality improvement; municipal recycling; and an environmental justice agenda. Furthermore, this funding will establish new programs to help communities adapt to climate change through resiliency planning and infrastructure investments, and to reduce greenhouse gas emissions outside of the power sector.
- **Clean Water Infrastructure.** The Capital Plan continues a \$5.0 billion commitment for clean water by including a new installment of \$500 million to support drinking water infrastructure, wastewater infrastructure, and water quality protection.
- **Hazardous Waste Remediation.** The Capital Plan includes an additional \$100 million in authority for the State Superfund to remediate hazardous waste sites. This is part of a multi-year \$1 billion investment in the Superfund.

- **Health Care.** The Capital Plan continues capital investments intended to help health care providers transition into fiscally sustainable systems and to support capital projects, debt retirement, working capital and other non-capital projects. The total amount of capital support provided to health care providers is \$3.8 billion.
- **Smart Schools Bond Act.** The Smart Schools Bond Act of 2014 provides funding for education technologies, including infrastructure improvements, high-speed broadband internet access, and active learning technologies. Additionally, the Smart Schools Bond Act supports the State's long-term investments in full-day prekindergarten through the construction of new prekindergarten classrooms, the replacement of classroom trailers with permanent classroom spaces, and high-tech school safety programs.

Capital and Debt Management

The Capital Plan addresses several other issues in the capital and debt program area, specifically:

- As part of the FY 2021 Executive Budget, the State will take actions to ensure debt remains affordable and within the statutory debt limit throughout the five-year plan, including:
 1. Adding \$1.2 billion in new hard dollar resources to fund capital projects, rather than using debt. The Executive Budget assumes \$400 million of hard dollar capital annually from FY 2021 through FY 2023. This will reduce debt issuances on a dollar-for-dollar basis and save approximately \$2.0 billion in debt service.
 2. Implementing a Statewide Capital Efficiency Plan. Agencies will be implementing a capital efficiency plan that results in a 5 percent reduction in capital spending across the five-year capital plan. Agencies will need to prioritize their projects accordingly. The plan, similar to the ones executed in FY 2018 and FY 2019, will reduce bond-financed capital spending by approximately \$1.0 billion, saving an estimated \$1.6 billion in debt service. DOB expects to issue guidance to state agencies in the spring.
 3. Updating capital spending estimates to better reflect historical spending patterns and current-year results. This will reduce the State's borrowing needs by \$2.1 billion across the plan.
- Extending the ability to use the design-build procurement method. Design-build procurement allows design and construction services to be contracted by a single entity. State agencies and authorities with design-build authority have reduced costs by accelerating the completion dates for various projects. Currently, pursuant to the "Infrastructure Investment" act, the NYSTA, DOT, OPRHP, NYCHA, DEC and the State Bridge Authority, along with other specific projects (including the replacement of the Rikers Island Jail Complex and the reconstruction of the Brooklyn-Queens Expressway), are all authorized to utilize design-build as a procurement method. The Executive Budget makes the act permanent and also expands it to include DASNY, ESD, OGS, SUCF, ORDA, and the Battery Park City Authority.
- Making the "New York Buy American" act permanent. The FY 2021 Executive Budget makes the act, which expires in April 2020, permanent. The law requires DOT, MTA, NYSTA, OGS, SUCF, and DASNY to include a contract provision requiring the use of American-made structural steel and iron for all surface road and bridge projects with contracts worth more than \$1 million.

- Phasing out off-budget capital spending. A portion of spending in the State’s Capital Plan is paid directly from bond proceeds held at the State’s public authorities, primarily DASNY. This capital spending supports projects at CUNY, Mental Hygiene agencies, and certain economic development programs. While still accounted for in the State’s overall capital spending and debt metrics, this spending is reported as an off-budget expense. In an effort to streamline all State capital spending within the Capital Plan, the State is converting all such spending on-budget. This transition began in FY 2015 with the conversion of the local highway transportation program. The FY 2019 Enacted Budget included authorization that allowed for the conversion over time of all remaining capital spending that is currently recorded as an off-budget expense in the SFS. As of April 1, 2019, the State transitioned the SUNY Community College program, which improves transparency by capturing these capital disbursements on-budget in the Capital Plan. On April 1, 2020, the State plans to transition the Mental Hygiene agencies.
- Continuing to refund PIT and Sales Tax bonds when it makes economic sense to lower the State’s debt service costs. The State will pursue opportunities to efficiently refund its debt, taking advantage of low interest rates.
- Authorizing the transfer of up to \$500 million from DRRF that could be used to reduce the State’s debt burden, maintain bond capacity under the State’s debt caps, or meet other Financial Plan goals. Potential DRRF uses include paying down existing debt and cash financing capital projects that would otherwise be funded with debt.
- Continuing the State’s policy of selling at least 50 percent of new debt issuances on a competitive basis in FY 2021, market conditions permitting. The State issued \$4.2 billion, or 55 percent, of bonds to date on a competitive basis in FY 2020. Over the past five years, the State has issued 65 percent of its bonds competitively.

Uses of Monetary Settlements

Since FY 2015, DOB calculates that the State has received a total of nearly \$12.8 billion in Extraordinary Monetary Settlements for violations of State laws by major financial institutions and other entities. A total of \$8.1 billion has been appropriated from capital projects funds, as summarized in the following table.

APPROPRIATED USE OF MONETARY SETTLEMENTS (thousands of dollars)						
	FY 2016 Enacted Budget	FY 2017 Enacted Budget	FY 2018 Enacted Budget	FY 2019 Enacted Budget	FY 2020 Enacted Budget	Total

The Capital Plan reflects the allocation of monetary settlement funds to the following purposes which were identified in past budgets and are reappropriated in FY 2021:

- Thruway Stabilization (\$2.0 billion).** The \$2.0 billion investment will support both the Governor Mario M. Cuomo Bridge project and other transportation infrastructure needs for the rest of the Thruway system.
- Upstate Revitalization Program (\$1.7 billion).** In FY 2015, \$1.5 billion was awarded through URI to the three Upstate regions. An additional \$200 million (\$170 million from monetary settlements) was provided in 2016 to support projects in the remaining four eligible Upstate regions.

- **Health Care/Hospitals (\$725 million).** The Capital Plan provides \$680 million in grants to health care providers to facilitate mergers, consolidations, acquisitions, or other corporate restructuring activities. The Capital Plan also funds capital expenses of the RPCI (\$15.5 million); a community health care revolving loan (\$19.5 million); IT and other infrastructure costs associated with the inclusion of behavioral health sciences in the Medicaid Managed Care benefit package (\$10 million); and \$125 million to the health care facility transformation program.
- **Affordable and Homeless Housing (\$640 million).** Settlement funds will augment the multi-year investment in affordable housing services (\$590 million) and provide housing opportunities for individuals and families who are homeless or at risk of homelessness (\$50 million).
- **Broadband Initiative (\$500 million).** The \$500 million investment in the *New NY* Broadband Fund Program is intended to expand the availability and capacity of broadband across the State, and support development of other telecommunication infrastructure.
- **Buffalo Billion Phase II (\$400 million).** The Capital Plan reflects a continued investment of \$400 million from monetary settlement funds to support the second phase of the Buffalo Billion initiative, which totals \$500 million.
- **Life Sciences (\$320 million).** The Capital Plan reflects the commitment of \$320 million from monetary settlement funds to support the State's multi-year \$620 million Life Sciences Initiative. The State will provide \$220 million to support state-of-the-art laboratory space, equipment, and technology. Furthermore, \$100 million will be provided in investment capital for early stage life science firms, which is expected to be matched by private sector partners.
- **MTA Capital Plan (\$315 million).** The Capital Plan includes \$250 million for the MTA Penn Station Access project, which will open a new Metro-North link directly into Penn Station. The project is expected to provide enhanced system resiliency, improvement in regional mobility, and construction of four new Metro-North stations in the Bronx. Also, an additional \$65 million was provided to the MTA's 2015-2019 Capital Program, which was paid to the MTA in FY 2018.
- **Municipal Restructuring and Downtown Revitalization (\$270 million).** The Capital Plan includes \$20 million in funding for a municipal consolidation competition to encourage the reduction of costs through a competitive process to be administered by DOS. This funding is in addition to \$150 million for the first DRI and for municipal restructuring to assist and encourage local governments and school districts to implement shared services, cooperation agreements, mergers, and other actions that are intended to reduce operating costs and property tax burdens. The second DRI (\$100 million) funds housing, economic development, transportation, and community projects to attract and retain residents, visitors, and businesses to downtowns.

- **Clean Water Infrastructure (\$250 million).** The Capital Plan continues the commitment of \$500 million for water quality capital projects, including \$250 million funded from monetary settlements. The investment continues supporting drinking water infrastructure, wastewater infrastructure, and source water protection.
- **Resiliency, Mitigation, Security, and Emergency Response (\$250 million).** The Capital Plan provides funding for the preparedness and response efforts related to severe weather events, as well as efforts to prevent, prepare for, and respond to acts of terrorism, other public safety and health emergencies, and natural and man-made disasters. Additionally, funding has been used for counter-terrorism efforts in New York City, including increased security and anti-terror exercises at nine MTA-operated bridges.
- **Transportation Capital Plan (\$200 million).** The Capital Plan provides funding for transportation infrastructure projects across the State.
- **Transformative Economic Development Projects (\$150 million).** The Capital Plan includes funds to promote economic development in Nassau and Suffolk counties.
- **EPF (\$120 million).** This \$120 million and other EPF resources provide dedicated funding to communities throughout New York State to improve the environment, respond to problems caused by climate change, and reduce greenhouse gas emissions.
- **Infrastructure Improvements (\$115 million).** The Capital Plan provides \$115 million in funding for infrastructure improvements to support transportation, upstate transit, rail, airport, port, and other projects.
- **Economic Development (\$85 million).** The Capital Plan includes \$85 million in funding for economic development with the intention of creating jobs, strengthening and diversifying economies, and generating economic opportunities across the State, including investments in infrastructure.
- **Southern Tier/Hudson Valley Farm Initiative (\$50 million).** The Capital Plan contains \$50 million in funding to help landowners in the Southern Tier and Hudson Valley maintain and develop farming, agricultural, and related businesses.
- **ESPRI (\$25 million).** The ESPRI is intended to bring together State and local governments, nonprofits, and community groups to design and implement coordinated solutions for addressing poverty in 16 municipalities: Albany, Binghamton, the Bronx, Buffalo, Elmira, Hempstead, Jamestown, Newburgh, Niagara Falls, Oneonta, Oswego, Rochester, Syracuse, Troy, Utica, and Watertown.
- **Non-MTA Transit (\$20 million).** These settlement funds will be directed by DOT toward upstate and downstate public transportation systems other than the MTA to defray the costs of capital projects or acquisitions.

Since 2015, the receipt of \$12.8 billion in monetary settlements has increased the State's cash on hand and improved its liquidity position. A large portion of the monetary settlements (\$8.1 billion) has been programmed for capital projects that are expected to spend over multiple years. This has provided the flexibility to temporarily use these cash resources to support capital spending and avoid issuing debt immediately, saving on interest costs. Accordingly, the budget assumes the use of a portion of monetary settlements for two different purposes:

1. Use \$1.3 billion to fund bond-financed capital disbursements. As shown in the table below, settlement resources were used to pay for \$1.3 billion of capital spending in FY 2017 to support higher education, transportation, and economic development. This \$1.3 billion advance from settlement funds has been repaid over a two-year period, as the State reimbursed this capital spending with bond proceeds in FY 2018 (\$800 million) and FY 2019 (\$500 million).
2. Meet initial capital funding requirements for the Javits Center expansion project. As shown in the following table, the Javits expansion will be supported by settlement fund balances in the first instance, beginning in FY 2018. Subsequently, these expenses will be reimbursed from bond proceeds in FYs 2020 and 2021.

Capital Projects Spending Overview

State capital projects spending is projected to total \$15.0 billion in FY 2021. This includes \$14.5 billion in spending that appears in the State's Financial Plan and \$563 million in off-budget spending that is currently being financed directly from bond proceeds. Capital spending in FY 2021 is expected to be financed with State-supported debt (\$8.8 billion, 59 percent); State cash resources (\$4.1 billion, 27 percent); and Federal aid (\$2.2 billion, 14 percent). Capital spending over the next five years is expected to average approximately \$13.3 billion annually. In FY 2021, capital spending is projected to increase by 7.5 percent as compared to FY 2020.

Statewide Capital Spending

Statewide capital spending for FY 2021 is estimated to total approximately \$36.4 billion, including \$15.0 billion of State spending and \$21.4 billion of public authority spending. The following table shows the capital spending projections for State agencies and public authorities in FY 2021. The entirety of State spending and majority of public authority spending is a part of the new statewide infrastructure plans. Public authority spending is funded from authority revenues for authority purposes and thus is not captured in the State budget. It is compiled based on several sources and assumptions. (The projections are for fiscal years ending in 2020, except where noted.) For more information on State capital spending, please refer to the Five-Year section of this report.

Debt Summary

Debt Outstanding

State-related debt outstanding is projected to total \$60.4 billion in FY 2021, an increase of \$3.4 billion (6 percent) from FY 2020. New debt issuances are expected to total \$7.7 billion in FY 2021, offset by \$4.3 billion in debt retirements. The annual increase in debt outstanding includes \$610 million for education facilities, \$898 million for transportation, \$488 million for health and mental hygiene, \$1.3 billion for economic development and housing, and \$505 million for environmental facilities.

Over the period of the Capital Plan, State-related debt outstanding is projected to increase from \$57.0 billion in FY 2020 to \$68.4 billion in FY 2025, or an average increase of 3.7 percent annually.

Debt Issuances

Debt issuances totaling \$7.7 billion are planned to finance new capital project spending in FY 2021, an increase of \$486 million (7 percent) from FY 2020. The bond issuances will finance capital commitments for education (\$1.3 billion), transportation (\$2.4 billion), economic development and housing (\$2.0 billion), health and mental hygiene (\$785 million), State facilities and equipment (\$417 million), and the environment (\$775 million).

Over the period of the Capital Plan, new debt issuances are projected to total \$32.2 billion. New issuances are expected for education facilities (\$5.5 billion), transportation infrastructure (\$10.2 billion), economic development and housing (\$8.2 billion), mental hygiene and health care facilities (\$3.3 billion), State facilities and equipment (\$1.7 billion), and the environment (\$3.2 billion).

Debt Retirements

The State expects to retire \$4.3 billion of debt in FY 2021, approximately \$849 million (24 percent) more than in FY 2020. Additional retirements beyond this level are possible through debt management actions, including the use of DRRF. Debt retirements are projected to average \$4.2 billion annually over the Capital Plan period.

Debt Service

State-related debt service is projected at \$6.1 billion in FY 2021, an increase of \$846 million (16 percent) from FY 2020. Debt service costs from new issuances have been offset by the prepayment of FY 2020 debt service in FY 2019. The State also anticipates a prepayment of \$450 million of FY 2021 debt service in FY 2020. Adjusting for prepayments, State-related debt service is projected at \$6.5 billion in FY 2021, an increase of \$249 million (4 percent) from FY 2020. Adjusted State-related debt service is projected to increase from \$6.3 billion in FY 2020 to \$7.7 billion in FY 2025, an average rate of 4.1 percent annually.

Debt Affordability Measures

Overall debt affordability measures from FY 2020 through FY 2025 show:

- State-supported debt outstanding is projected to remain under the statutory debt cap over the Capital Plan period, declining to an estimated low point of about \$28 million in excess capacity in FY 2024.
- State-related debt service adjusted for prepayments as a share of All Funds Receipts is projected to increase from 3.5 percent in FY 2020 to 4.0 percent in FY 2025.
- State-related debt outstanding as a percentage of personal income is expected to remain relatively constant from FY 2020 to FY 2025, decreasing from 4.1 to 4.0 percent.

Debt Reform Act Limit

The Debt Reform Act of 2000 (“Debt Reform Act”) restricts the issuance of State-supported debt funding to capital purposes only and limits the maximum term of bonds to 30 years. The Act limits the amount of new State-supported debt to 4 percent of State personal income, and new State-supported debt service costs to 5 percent of All Funds receipts. The restrictions apply to all new State-supported debt issued after April 1, 2000. DOB, as administrator of the Debt Reform Act, determined that the State was in compliance with the statutory caps in the most recent calculation period.

Current projections anticipate that debt outstanding and debt service will continue to remain below limits imposed by the Debt Reform Act. Based on the most recent personal income and debt outstanding forecasts, the available debt capacity under the debt outstanding cap is expected to decline from \$3.7 billion in FY 2020 to a low point of \$28 million in FY 2024. This includes the estimated impact of funding increased capital commitment levels with State bonds. The cost of debt issued after April 1, 2000 and estimated new issuances is projected at \$5.5 billion in FY 2021, or roughly \$3.3 billion below the statutory debt service limit.

¹ Total State-supported debt service is adjusted for prepayments.

The projected debt capacity under the debt outstanding cap depends on expected growth in State personal income. The State uses personal income estimates published by the Federal government, specifically the BEA, to calculate the cap on debt outstanding, as required by statute. The BEA revises these estimates on a quarterly basis and such revisions can be significant. The BEA increased its Calendar Year 2017 personal income estimate for New York by \$70 billion from March to October 2018, resulting in a \$2.8 billion increase in debt outstanding capacity. Notably, this material fluctuation in statutory debt capacity occurred between the end of FY 2018, when debt outstanding is measured, and the final compliance determination in October 2018. While, in this instance, the State benefitted from the significant increase in BEA’s estimate of New York State personal income, this volatility could have compromised the State’s ability to manage within its statutory debt cap had the personal income estimate been unexpectedly revised downward by a similar amount. Absent such swings in personal income estimates, the State traditionally has relied

on adjustments to capital spending priorities and debt financing practices to preserve available debt capacity and stay within the statutory limits.

Such volatility in New York State personal income estimates has prompted DOB to reexamine the manner in which BEA calculates personal income, in particular the apportionment of income among states. For Federal reporting purposes, BEA reassigns income from the state where it was earned to the state in which a person resides, for situations where a person lives and earns income in different states (the “residency adjustment”). The BEA residency adjustment has the effect of reducing reported New York State personal income because income earned in New York by nonresidents regularly exceeds income earned in other states by New York residents. The net residency adjustment reported by BEA decreased the measure of 2018 State personal income by \$77 billion at the time of the FY 2019 debt outstanding calculation. The State taxes all personal income earned in New York, regardless of place of residency. Therefore, including the BEA personal income residency adjustment in the debt cap calculation reduces alignment with the State tax base and understates the PIT revenues available to support State-supported debt. To date, in administering the debt reform cap, DOB has used State personal income, as reduced by the BEA residency adjustment, in debt outstanding cap calculations and projections which correspondingly reduces the State’s debt capacity under the Debt Reform Act.

FY 2021 Executive Budget – Debt Cap Changes

FY 2021 EXECUTIVE BUDGET CHANGE IN BOND-FINANCED CAPITAL (millions of dollars)							
	FY 2020 Current	FY 2021 Proposed	FY 2022 Projected	FY 2023 Projected	FY 2024 Projected	FY 2025 Projected	Total FY 2020-25
Capital Adds (Bond-Financed)	0	903	1,168	904	987	1,057	5,019
New Hard Dollar	0	(400)	(400)	(400)	0	0	(1,200)
Capital Efficiency Plan	0	(200)	(200)	(200)	(200)	(200)	(1,000)
Capital Re-Estimates	(410)	(115)	(110)	(244)	(471)	(766)	(2,116)
Increase / (Decrease) in Bond-Financed Capital	(410)	188	458	60	315	91	702

In the FY 2021 Executive Budget, the State added new bond-financed capital commitments of \$7.5 billion that are expected to drive \$5.0 billion in new debt over the five-year capital plan period. To accommodate these adds, the State will be implementing a plan to reduce its reliance on debt and remain within its statutory debt limit. Specific elements of the plan include:

1. Adding \$1.2 billion in new hard dollar resources to fund capital projects, rather than using debt. The Executive Budget assumes \$400 million of hard dollar capital annually from FY 2021 through FY 2023. This will reduce debt issuances on a dollar-for-dollar basis and save approximately \$2.0 billion in debt service.
2. Implementing a Statewide Capital Efficiency Plan. Agencies will be implementing a capital efficiency plan that results in a 5 percent reduction in capital spending across the five-year capital plan. Agencies will need to prioritize their projects accordingly. The plan, similar to ones executed in FY 2018 and FY 2019, will reduce bond-financed

capital spending by approximately \$1.0 billion, saving an estimated \$1.6 billion in debt service. DOB expects to issue guidance to state agencies in the spring.

The objective is not to eliminate projects, but to prioritize those that are essential and defer non-essential projects that will not affect an agency’s core mission. A project would be deemed essential if failure to complete it would:

- a. Present an immediate, demonstrable threat to public health and safety;
 - b. Directly violate a court order or Federal, State or local law; or
 - c. Result in substantial reduction in Federal aid.
3. Updating capital spending estimates to better reflect historical spending patterns and current-year results. This will reduce the State’s borrowing needs by \$2.1 billion across the plan.

The State's available debt capacity, as illustrated below, reflect the cumulative impact of the changes discussed above. In addition, debt capacity is impacted by personal income forecast adjustments, debt amortizations, and bond sale results. The State may adjust capital spending priorities and debt financing practices from time to time to preserve available debt capacity and stay within the statutory limits, as events warrant.

Capital Program and Financing Plan

FY 2021 Capital Projects Spending

The Capital Plan balances the need to preserve the State’s assets, invest in new initiatives, and maintain a plan that is affordable. The Capital Plan limits debt issuances to a level that is expected to allow the State to remain in compliance with its statutorily imposed debt limits and maintains sufficient capital spending for core capital projects. Also, the Capital Plan continues investments in transportation and transit infrastructure, affordable and homeless housing, economic development, environmental protection and infrastructure, and health care.

Spending on capital projects is projected to total \$15.0 billion in FY 2021, which currently includes \$563 million in off-budget spending. Overall, capital spending in FY 2021 is projected to increase by \$1.0 billion or 7.5 percent from FY 2020.

¹ Accommodates potential under-spending projected to occur as a result of normal timing related to the delivery of capital projects as well as the implementation of capital efficiency plans at State agencies and authorities.

² Represents spending which currently occurs directly from bond proceeds held by public authorities.

Capital Projects Appropriations

The Capital Plan includes \$20.5 billion in capital appropriation authority, which will be committed and spent over a multi-year period.

For a complete description of how these funds will be used, please refer to the Five-Year Capital Plan section of this report.

Annual Capital Spending Disbursements and Debt Impacts

The following sections summarize total capital spending from new and existing appropriations included in the Capital Plan and the related impact on State debt.

In FY 2021, transportation spending is projected to total \$5.9 billion, which represents 39 percent of total capital spending. Economic development spending accounts for 14 percent, higher education accounts for 10 percent, and spending related to parks and the environment represents 9 percent. The remaining 28 percent comprises spending for health care, mental hygiene, social welfare, public protection, education, general government, and the all other category, which includes Special Infrastructure Account investments such as the Thruway Stabilization Program.

Transportation spending is projected to increase by \$434 million (8 percent) from FY 2020 to FY 2021, which is attributable to continued spending from the existing DOT capital plan as well as the first year of spending from the newly proposed DOT capital plan.

Parks and environment spending is estimated to increase by \$102 million (9 percent) in FY 2021 reflecting increased spending for clean water grants, parks projects, and hazardous waste remediation. Year-to-year spending also reflects the first year of projected disbursements from the Restore Mother Nature Bond Act.

Economic development spending is projected to increase by \$658 million (44 percent). This reflects the continued investment in programs created to promote regional economic development, including spending from both phases of the Buffalo Billion program, the Life Sciences Initiative, the URI, and REDCs.

Spending for health care is projected to increase by \$125 million (19 percent) in FY 2021. The increase is due to spending from Health Care Restructuring Program grant awards; and the continued phase-in of spending related to the Health Care Facility Transformation Program.

Spending for social welfare is projected to increase by \$163 million (19 percent). This is the result of an anticipated increase in activity for the Affordable and Homeless Housing Capital Plan, as well as spending for emergency repair projects at NYCHA.

Education spending is projected to increase by \$40 million (8 percent) in FY 2021. The increase is primarily due to expected spending from the Smart Schools Bond Act.

Higher education spending is projected to increase by \$96 million (7 percent) in FY 2021, which is related to the ongoing maintenance and preservation of SUNY and CUNY facilities and infrastructure.

Spending for public protection is projected to decrease by \$18 million (-3 percent) in FY 2021, which is attributable to lower projected spending at DMNA.

Mental hygiene capital spending is anticipated to decrease by \$15 million (-2 percent).

General governmental capital spending is projected to increase by \$162 million (44 percent), which is mainly attributable to OGS' maintenance and preservation of State-owned facilities and the development of a new IT systems.

Spending in the All Other category is projected to decrease by \$706 million (-92 percent). The continued spend-out of projects funded with monetary settlements in the SIA as well as an increase in timing related spending adjustments and the implementation of Capital Efficiency Plans at State agencies and authorities.

Financing FY 2021 Capital Projects Spending

In FY 2021, the State plans to finance 59 percent of capital projects spending with long-term bonds and 41 percent with cash and Federal aid. Most of the long-term bonds (90 percent) will be issued on behalf of the State through public authorities. All authority debt issued on behalf of the State is approved by the State legislature, acting on behalf of the people, and subject to approval by the PACB and the issuing authority's board of directors. Authority bonds, as defined in this Plan, do not include debt issued by authorities that are backed by non-State resources. State cash resources, including monetary settlements, will finance 27 percent of capital spending. Federal aid is expected to fund 14 percent of the State's FY 2021 capital spending, primarily for transportation. Year-to-year, total PAYGO support is projected to increase by \$87 million, with State PAYGO increasing by \$114 million and Federal PAYGO support decreasing by \$27 million. Bond-financed spending is projected to increase by \$956 billion, with Authority Bond spending increasing by \$494 million and General Obligation Bond spending increasing by \$462 million.

FY 2021 Debt Issuances

Debt issuances will finance capital investments for transportation, higher education, environmental protection, economic development, and the maintenance of correctional and mental hygiene facilities.

The State expects to issue \$7.7 billion in debt during FY 2021 to finance existing and newly-authorized capital program initiatives. Economic development and transportation projects are projected to represent approximately 58 percent of new issuances. The remaining balance is divided among education and housing, environmental facilities, health care and mental hygiene facilities, and State facilities. The State uses three credits — PIT Revenue Bonds, Sales Tax Revenue Bonds, and General Obligation Bonds — to finance capital projects.

The State plans to sell at least 50 percent of bonds on a competitive basis in FY 2021. Issuing bonds on a competitive basis is an effective way to (a) lower borrowing costs, (b) provide an essential benchmark for bonds sold on a negotiated basis, and (c) increase transparency related to the bond sale process. The State issued \$4.2 billion, or 55 percent, to date in debt on a competitive basis in FY 2020. These sales provided consistently low interest costs compared to market indices and provided lower issuance costs.

The \$7.7 billion of new issuances are expected to be sold through various bond sales scheduled for FY 2021:

- \$6.8 billion through the PIT Revenue Bond and Sales Tax Revenue Bond programs; and
- \$848 million of General Obligation Bonds.

The following pie charts provide a distribution of projected debt issuances for new capital projects in FY 2021 by both functional area and financing program.

FY 2021 Debt Issuances by Program
\$7.7 Billion Projected

FY 2021 Debt Issuances by Credit Structure
\$7.7 Billion Projected

FY 2021 Debt Retirements

Retirements represent the annual repayment of principal for State-related debt as of the payment date due to bondholders, rather than the actual date the State makes the cash payment. For example, if principal payments are due on April 1, the bonds are considered outstanding on March 31, even if the State is contractually obligated to make payments to the bond trustee prior to that date.

The rate at which State-related debt is retired or paid off has an impact on the State’s ability to recycle debt capacity to finance new capital projects. Relatively faster amortization frees up debt capacity, but increases debt service costs in the State operating budget. Over time the practice increases the State’s debt service burden at the expense of other purposes. Debt is structured based on the useful life of the projects being financed.

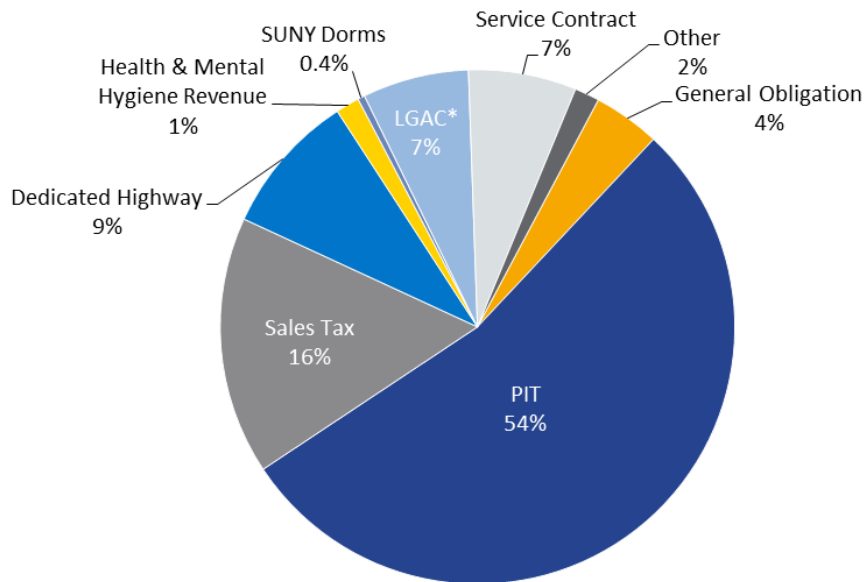

NEW YORK STATE - RAPIDITY OF PRINCIPAL RETIREMENT	
Period	Cumulative Percentage of Existing Debt Scheduled for Retirement as of 1/1/2020
5 years	29%
10 years	54%
15 years	73%
20 years	85%
25 years	94%
30 years	100%

Over the next five years, retirements of State-related debt are projected to average \$4.2 billion annually. The following pie charts provide a distribution of projected debt retirements by both functional area and financing program.

Debt Retirements by Program
\$4.3 Billion Projected in FY 2021 Budget

Debt Retirements by Credit Structure
4.3 Billion Projected in FY 2021 Budget

*The debt of LGAC was issued from 1991 - 1994 to eliminate short-term borrowing for cash flow purposes.

FY 2021 Debt Outstanding

State-related debt outstanding is projected to increase from \$57.0 billion in FY 2020 to \$60.4 billion in FY 2021. Debt issuances during FY 2021 are expected to add about \$7.7 billion in new debt, while \$4.3 billion of State-related debt is expected to be retired during FY 2021.

Projected State-related debt outstanding at the end of FY 2021 is summarized by major programmatic area and credit below.

Debt Outstanding by Credit Structure
\$60.4 Billion Projected at March 31, 2021

*The debt of LGAC was issued from 1991 - 1994 to eliminate short-term borrowing for cash flow purposes.

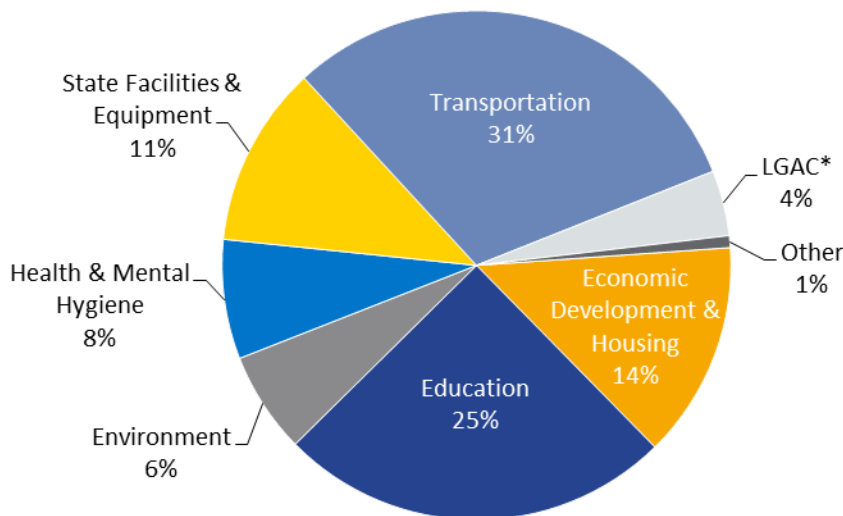

FY 2021 Debt Service

State-related debt service is projected to total \$6.1 billion in FY 2021. The State’s debt service costs consist primarily of payments to meet obligations for bonds issued over the past 30 years, as well as new debt service costs that will result from bond issuances projected to occur during the forecast period. The vast majority – about \$5.9 billion – consists of debt service payments due on existing debt. The remaining FY 2021 payments (\$204 million) are expected to result from new money debt issuances. These debt service payments reflect the amount that is expected to be paid in FY 2021 and are not adjusted for prepayments.

Bond-financed capital investments, primarily for transportation, education, and economic development, account for most of the State’s debt service costs. The majority of debt service costs are for bonds approved by the Legislature, on behalf of the people, and issued on the State’s behalf by public authorities. As the State issues bonds under the PIT and Sales Tax credit structures, debt service for service contract bonds will decline, while the PIT and Sales Tax Revenue Bond debt service will increase.

The following charts summarize debt service costs by both program area and financing program.

Debt Service by Program
\$6.1 Billion Projected in FY 2021 Budget

Debt Service by Credit Structure
\$6.1 Billion Projected in FY 2021 Budget

*The debt of LGAC was issued from 1991 - 1994 to eliminate short-term borrowing for cash flow purposes.

¹ Accommodates potential under-spending projected to occur as a result of normal timing related to the delivery of capital projects as well as the implementation of capital efficiency plans at State agencies and authorities.

² Represents spending which occurs directly from bond proceeds held by public authorities.

Over the five years of the Capital Plan, capital spending is projected to total \$66.6 billion, the majority of which will support transportation and transit projects (43 percent).

Five-Year Capital Spending by Function
(thousands of dollars)

Transportation

The Capital Plan expands investment in the State's transportation infrastructure. The FY 2021 Executive Budget includes funding to support a new, two-year DOT Capital Plan and the approved five-year MTA Capital Plan. Both plans represent increases over previous plans and invest funds to continue to improve the State's transportation system.

Building on prior DOT investments, the Executive Budget provides \$11.9 billion for a new, two-year DOT Capital Plan which will facilitate the improvement of New York State's roads, bridges, airports, rail facilities, ports, and transit systems. Compared to the final two years of the current DOT Capital Plan, this is an increase of \$3.0 billion, or 33 percent. The DOT Capital Plan includes funding from both State and Federal resources.

The Capital Plan proposes FY 2021 funding of \$478 million for the CHIPS and Marchiselli local highway and bridge programs: \$124.5 million for non-MTA transit systems, including \$20 million for the start of a five-year, \$100 million investment in electric buses; \$27.5 million for freight and passenger rail; and \$16.5 million for aviation. The Plan also commits \$100 million in local highway aid through the PAVE NY program and \$100 million to fund local bridge projects from the BRIDGE NY program.

The Executive Budget provides up to \$100 million for a second round of funding for the Upstate Airport Economic Development and Revitalization Initiative. This funding supports enhancements to safety and economic development, improves airport operations and access, and reduces environmental impact.

The MTA's \$51.5 billion 2020-2024 Capital Program was approved in 2019. This represents the largest investment in MTA infrastructure in State history, 70 percent larger than the previous program. The program will revitalize the subway system and prioritizes improvements to signal technology, increased accessibility, addressing quality of life concerns, investments in the LIRR and Metro North Railroad, and upgrading bus service.

This increased investment builds on a historic year for the MTA with the State's passing of key reforms and new dedicated funding streams. During 2019, the Governor and Legislature secured \$25 billion in financing to directly support the MTA's capital needs including \$15 billion from Central Business District Tolling and \$10 billion from a tax on high-end real estate sales and changes to the sales tax.

In addition, New York State has committed an additional \$3 billion investment, to be matched by New York City, to fund the MTA's 2020-2024 Capital Program. The program will increase accessibility by making 70 additional subway stations ADA-accessible so that stations serving over 60 percent of passengers will be fully accessible.

Transportation (Continued)

In addition to investments in new rolling stock (i.e., subway cars, train cars, and buses), the new MTA Capital Plan will advance several major construction projects. These include Phase 2 of the Second Avenue Subway, which will provide three new fully-accessible stations and a connection with Metro North Railroad. The Penn Station Access project is fully funded and will carry the New Haven line and East Bronx residents directly into Penn Station. Funds are provided for the final stage of the East Side Access project, which will soon bring the LIRR into Grand Central Station. The new program will also complete funding for the LIRR Third Track project, which adds 10 miles of mainline between Floral Park and Hicksville and provides capacity and shortening service disruptions for 41 percent of LIRR ridership.

Parks and Environment

Over the course of the Capital Plan, parks and environment capital spending will address clean water and wastewater infrastructure needs, ongoing improvements to parks and public lands, the continued cleanup of environmental hazards, and infrastructure rehabilitation.

The FY 2021 Capital Plan includes the proposed \$3 billion Restore Mother Nature Bond Act, which will support projects directed to habitat restoration and flood reduction. The program will improve water quality; reduce flood risk; revitalize fish and wildlife habitats by connecting streams and waterways, right-sizing culverts and dams, restoring freshwater and tidal wetlands, reclaiming natural floodplains, upgrading fish hatcheries, preserving open space, conserving forest areas, reducing contamination from agricultural and storm water runoff; and expanding the use of renewable energy.

The Capital Plan also continues funding the EPF with \$300 million in new appropriations. Annual spending from the EPF is projected to average \$269 million. The EPF finances a variety of environmental projects and is funded through several revenue sources including RETT and unredeemed deposits on certain types of cans, bottles, and containers. Additional miscellaneous environmental receipts to the EPF include: wetland permit applications, pesticide applications, and water withdrawal fees; freshwater wetland, mineral resource, hazardous waste, and electronic waste fees; and from interest and the sale and lease of surplus property.

Funding is maintained for the ten-year, \$1 billion State Superfund Program to remediate hazardous waste sites across the State, including \$10 million per year for the Environmental Restoration Program to address municipally-owned brownfields. The Executive Budget proposes a new round of \$500 million for clean water infrastructure grants. This new funding supports the State's \$5 billion investment in the development of clean drinking water and wastewater infrastructure, as well as source water protection.

The Capital Plan includes a new round of capital appropriations under the New York Works program, which provides \$55 million in new State funding to the DEC for flood control, air monitoring infrastructure, information technology, repair and maintenance of dams, stewardship of State lands, and the rehabilitation of fish hatcheries. New funding of \$110 million from the New York Works program is provided in the OPRHP budget for capital rehabilitation and improvement of State parks and historic sites, as well as \$2.5 million for improvements at facilities operated by ORDA.

DEC capital projects fund spending averages \$770 million annually to meet health and safety requirements; ensure compliance with State and Federal environmental mandates; maintain and upgrade campgrounds, environmental centers and camps, fish hatcheries, and other State-owned facilities; maintain flood control structures; fund wastewater and drinking water infrastructure; and fund shore protection projects for communities threatened by coastal erosion.

Spending from the SPIF for rehabilitation and improvements at parks and historic sites is projected to average \$127 million annually over the Plan, including an average of \$37 million per year supported by OPRHP user fees.

Economic Development

Economic development spending will support capital projects and programs that are integrated with regional strategies intended to create jobs, increase economic activity, and retain and attract businesses to the State.

The Capital Plan includes over \$380 million in new appropriations for regional economic development initiatives. The new funding provides: \$150 million for competitively determined economic development projects through the REDC; \$220 million for the New York Works Economic Development Fund; and \$8 million for Market New York projects.

The Capital Plan maintains over \$7.5 billion in reappropriated capital funding for various economic development and regional initiatives, including: URI; Transformative Investment; REDC and high technology initiatives; grants for communities affected by correctional and youth facility closures; statewide competitive grant programs; specific downstate regional initiatives; and upstate city-by-city projects. Funding is also included for cultural facilities, university development, and environmental and energy projects.

Health

The Capital Plan continues \$3.8 billion in capital investments to make infrastructure improvements and provide financial assistance to stabilize health care providers. This includes \$1.2 billion in capital support for health care providers to transition into fiscally sustainable systems and to support capital projects, debt retirement, working capital, alternative payment arrangements, and other non-capital needs statewide. Of this amount, \$5 million will be made available for regional perinatal care centers or other health providers to establish telehealth applications.

In addition to the continued health care capital investment for health care providers, five-year capital spending for health care includes projected grant disbursements from the \$1.2 billion Capital Restructuring Financing Program. Funding will continue for the Health Care Facility Transformation Program for: Kings County (\$700 million), Oneida County (\$300 million), and statewide (\$1.2 billion).

The Capital Plan continues \$355 million in additional health care capital funding reappropriated from the Special Infrastructure Account to support essential health care facility transformations. This builds on the \$1.6 billion in HEAL NY grants, which started in FY 2006. Including FY 2020 investments, health care providers will have received \$6.9 billion in capital support over the last fourteen years.

The Capital Plan funds construction of a life sciences public health laboratory to be built on the Harriman state office campus in Albany. State support for this initiative totals \$750 million.

The Capital Plan continues support for programs established in FY 2015 including SHIN-NY, the APD, and other health care IT initiatives. Additionally, the capital program supports maintenance and improvements of laboratories and institutions operated by DOH, RPCI, and the Federal Safe Drinking Water Program. Costs are projected to be financed through a combination of PAYGO and authority bonds.

Overall, spending for health care capital projects is projected to increase by \$122 million in FY 2021, primarily due to the implementation of the Brooklyn and Oneida programs.

Social Welfare

Capital spending for social welfare supports HHAP grants administered by OTDA, the preservation and maintenance of youth facilities operated by OCFS, and programs administered by HCR to create and preserve affordable housing units across the State.

The Capital Plan increases the existing multi-year investment in affordable and supportive housing, as well as services for the homeless.

The NICIP, administered by DASNY, provides grants for infrastructure investments in not-for-profit entities for the purposes of improving the quality, efficiency, and accessibility of eligible not-for-profit human services organizations.

Education

Education capital spending includes the costs of the Smart Schools General Obligation Bond Act, funding for the SED capital plan, and the EXCEL program.

Current estimates in the Capital Plan project that the State will spend approximately \$1.8 billion over the upcoming five-year period for SED's capital projects. This projection includes: \$1.4 billion for the Smart Schools Bond Act; \$17 million for Smart Schools special education and nonpublic school projects; \$90 million for public library construction projects; \$55 million for the Cultural Education Storage Facility; \$75 million for nonpublic school health and safety equipment purchases; \$34 million for safety and security upgrades at nonpublic schools, day care, community centers, and residential and day camps; \$25 million for health and safety projects at the State-supported schools for the blind and deaf; \$22 million to support personal service and other costs associated with staff whose duties are related to the maintenance, preservation and operation of SED facilities; \$17 million for infrastructure improvements and minor rehabilitation projects at the Rome School for the Deaf, Batavia School for the Blind, the Cultural Education Center, and the Education Building; \$13 million for the New York State Museum Gallery Renewal; \$8 million for the Statewide Longitudinal Data System to track student performance; and \$47 million for EXCEL.

The Capital Plan expands SED's capital budget by providing an additional \$62 million in new capital appropriations to support: construction projects at local libraries (\$14 million), the development of an electronic licensing system for the Office of the Professions (\$25 million), maintenance projects at SED's State-owned facilities (\$3 million), nonpublic school health and safety equipment purchases (\$15 million), and personal service and other costs associated with staff whose duties are related to the maintenance, preservation and operation of SED facilities (\$4 million).

Overall spending for education capital projects is projected to increase by \$40 million in FY 2021, largely due to the Smart Schools Bond Act.

Higher Education

Higher education capital spending includes the costs of SUNY and CUNY capital plans as well as funding for private colleges and universities through the HECap Program.

The Capital Plan supports the State's capital investment in public higher education by providing SUNY and CUNY with more than \$7.2 billion in new appropriations during the upcoming five-year period. New capital funding will allow the university systems to maintain existing capital infrastructure in a state of good repair, as well as advance new capital investments.

The Capital Plan includes a \$4.2 billion five-year capital maintenance plan (\$2.8 billion for SUNY and \$1.4 billion for CUNY) to support infrastructure improvements at State-operated and senior college campuses. For FY 2021, the Capital Plan provides nearly \$1.5 billion in new bonded spending authority which includes: \$550 million for SUNY State-operated campuses; \$284 million for CUNY senior colleges; \$400 million (\$200 million for SUNY and \$200 million for CUNY) for the State share of a new 2:1 capital matching program, \$150 million for SUNY hospitals; and \$110 million (\$46 million for SUNY and \$64 million for CUNY) to support capital projects at community college campuses.

The Capital Plan estimates \$1.5 billion in FY 2021 disbursements for higher education capital expenses. SUNY is projected to spend \$1.1 billion of this total, which includes \$635 million associated with the State-operated campuses and hospitals, \$86 million for community colleges, \$73 million for educational facility projects supported by non-State funds (i.e., grants and donations), \$75 million for dormitory related projects, \$30 million for the SUCF and maintenance projects, and \$187 million for staff whose job duties are related to the maintenance, preservation, and operation of facilities. CUNY is projected to spend \$413 million in FY 2021 for capital projects, including \$375 million for senior colleges and community colleges, as well as \$38 million for operating costs and maintenance projects supported by the General Fund. Additionally, the HECap Program is expected to disburse \$14 million during FY 2021 in support of private college and university projects.

Overall spending for higher education capital projects is projected to increase by \$82 million on a year to year basis in FY 2021.

Public Protection

Capital spending for public protection will continue to focus primarily on preserving and maintaining infrastructure at correctional facilities, and facilities operated and maintained by DHSES, DMNA, and DSP.

Overall spending will decrease by approximately \$18 million from FY 2020 to FY 2021, due to the timing of disbursements for DMNA and DOCCS capital projects, which is slightly offset by new capital grants in DCJS for securing communities against hate crimes.

Mental Hygiene

The Capital Plan continues to support health and safety, rehabilitation, and maintenance projects needed to preserve and maintain institutional and community-based facilities operated and/or licensed by OMH, OPWDD, and OASAS.

Specifically, the Capital Plan supports projects for OPWDD’s residential and day programs to meet fire safety standards and the development of new community-based settings for OPWDD. The Capital Plan provides resources to OASAS to renovate and maintain community-based residential and non-residential services, as well as State-operated inpatient and residential services. Furthermore, the Capital Plan provides for improvements to OMH's inpatient campuses, and provides for funding for community residential sites, various mental health-related general hospital projects, and a number of non-residential community programs.

General Government

General government capital spending includes construction, rehabilitation, consolidation, and renovation of State office buildings to maintain asset value, achieve space efficiencies, reduce operational costs, and reduce costs associated with State information technology projects.

Spending for OGS will continue to support State facilities capital projects. Spending for ITS will be used to continue the State's technology consolidation and improvement efforts, as prioritized through the IT governance process. Spending for State Board of Elections was increased to support the build-out of an Online Voter Registration system. Spending for the Workers' Compensation Board will support the acquisition and development of technology, including equipment, software, and services. Additionally, spending for DOS supports DRI grants.

Other

Spending for agencies in the All Other category supports capital investments for the SIA; State and Municipal Facilities capital; statewide equipment, systems development and upgrades; the Arts and Cultural Facilities program; Hudson River Greenway; Lake Ontario Resiliency and Economic Development program; Consolidated Capital Projects Program; capital spending financed with Federal funds for the World Trade Center site; and capital projects for the Judiciary, the Department of Law, and OSC. Additionally, All Other spending includes a spending adjustment to accommodate potential under-spending projected to occur as a result of normal timing related to the delivery of capital projects as well as the implementation of capital efficiency plans at State agencies and authorities.

State and Municipal Facilities

The Capital Plan retains \$2 billion in reappropriations for the State and Municipal Facilities Program. Entities eligible to receive grants under this program include: State agencies, local governments (e.g., counties, cities, towns, and villages), MTA, SUNY and CUNY senior and community colleges, private not-for-profit colleges and universities, public school districts, public housing authorities, public libraries, fire districts, and other entities.

Similar to other State funded grant programs, non-State entities receiving funds through the State and Municipal Facilities Program must be qualified for eligibility through the NYS Grants Gateway, which includes a vetting process to determine organizational integrity, capacity to administer grants, and legal compliance. Additionally, the program administrator (DASNY) performs an independent review and certification process to assess a potential grantee's: (i) grant history, (ii) institutional and employee integrity, (iii) compliance with all NYS laws and regulations, and (iv) fiscal responsibility and resources.

State Equipment

The Capital Plan includes a new \$100 million appropriation to acquire or modernize State equipment. This centralized approach to equipment acquisition allows the State to allocate additional capital funding based on an enterprise-wide assessment of agency needs. Equipment purchases may include the acquisition and/or modernization of information systems, health and safety equipment, heavy equipment and machinery, security systems, and laboratory equipment.

Arts and Cultural Facilities

The Capital Plan retains \$20 million to support capital grants to nonprofit arts and cultural organizations. These programs will be focused on improving the quality, efficiency, and accessibility of arts and cultural organizations that will benefit all New Yorkers.

Other (Continued)

Hudson River Greenway

The Hudson River Valley Greenway Communities Council will continue to fund the development of the Empire State Trail. When completed by the end of 2020, the trail network is expected to run from NYC, through the Hudson Valley and the Adirondacks, to the Canadian border, and along the Erie Canal from Albany to Buffalo. This will create the largest multi-use trail network in the nation.

Lake Ontario Resiliency and Economic Development Initiative

The Capital Plan includes \$100 million to support the 2019 REDI, which was created in response to the extended pattern of flooding along the shores of Lake Ontario and the St. Lawrence River. REDI intends to address the immediate and long-term resiliency needs of these areas while also enhancing economic development opportunities and the health of the lake, and the Lake Ontario Business Resiliency Program supports this purpose.

Consolidated Capital Project Program

The capital plan includes \$300 million in consolidated reappropriations to support investments in environmental, economic development, arts and cultural, community development, and high technology projects that encourage and foster the creation and retention of jobs, public benefits to the State of New York.

Special Infrastructure Account

The SIA will continue to support a wide range of projects throughout the State. The Capital Plan does not include any new appropriations to the SIA, however, it does retain \$1.8 billion in capital reappropriations.

Financing Sources of Capital Projects Spending

The State issues bonds (both directly and through public authorities) and uses Federal and State PAYGO resources to finance capital spending. All bonds issued through public authorities on behalf of the State are approved by the Legislature, on behalf of the people. Since 1976, all State-related debt, except General Obligation Bonds, has been subject to more rigorous approval processes, including PACB and authority boards. The amounts for All Governmental Funds spending include both those capital project disbursements that are reflected in the Comptroller's accounting system and those disbursements which would have formerly been made directly from bond proceeds which had been reflected only in GAAP accounting statements. Of the FY 2021 capital spending, 59 percent is projected to be financed with authority-issued bonds and General Obligation Bonds, and 41 percent is projected to be financed with State and Federal PAYGO resources.

Authority Bond Financing

The State's PIT Revenue Bonds and Sales Tax Revenue Bonds, the State's principal vehicles for financing capital projects, are currently issued by two public authorities, DASNY and ESD, on behalf of the State. Other State-supported bonds, excluding GO Bonds, have been issued by public authorities in prior years.

Authority bond-financed capital spending is reimbursed by the proceeds of bonds sold by State public authorities pursuant to contractual agreements with the State. Bond reimbursement is managed to provide the most efficient reimbursement possible. Factors affecting the timing of reimbursement of State expenditures include the availability of existing bond proceeds, bond market access, investment terms, and State cash flow considerations.

Over the Capital Plan period, approximately 53 percent of total spending will be financed with authority bond proceeds. The State expects to use State PIT and Sales Tax Revenue Bonds as the financing vehicles for the vast majority of bond-financed spending.

- **State PIT and Sales Tax Revenue Bonds** will be issued for the following purposes:
 - **Education.** SUNY and CUNY, EXCEL, SED, and HECap (FY 2021 issuances of \$1.3 billion).
 - **Environment.** Clean Water Infrastructure Act, State Revolving Fund, State Superfund Program, EPF, State Parks, and other environmental projects (FY 2021 issuances of \$775 million).
 - **Transportation.** State and local transportation infrastructure, including the CHIPS program, and projects at the MTA (FY 2021 issuances of \$2.4 billion).

- **Economic Development and Housing.** Housing, Penn Station-Farley Complex, economic development projects for the Buffalo area, REDCs, and other recent economic development initiatives (FY 2021 issuances of \$2.0 billion).
- **Health Care.** Health Care Facilities Transformation Program, as well as capital projects to preserve and maintain both State and community-based facilities operated and/or licensed by OMH, OPWDD, and OASAS (FY 2021 issuances of \$785 million).
- **State Facilities and Equipment:** Correctional facilities, youth facilities, State office buildings, OCFS, DHSES, and State Police capital (FY 2021 issuances of \$417 million).

The estimated debt service coverage ratios for PIT and Sales Tax Revenue Bonds are shown below. The enactment of the Federal Tax Cuts and Jobs Act of 2017 resulted in the creation of the ECEP and Charitable Gifts Trust Fund in the FY 2019 Enacted Budget. Concurrently, the FY 2019 Enacted Budget also increased the percentage of PIT receipts dedicated to the payment of PIT bonds from 25 to 50 percent, and dedicated 50 percent of ECEP receipts to the payment of PIT bonds in order to preserve the coverage of the PIT Revenue Bond program.

Donations to the Charitable Gifts Trust Fund could reduce State PIT receipts by nearly one dollar for every dollar donated. To address this risk, the State increased the amount of PIT receipts deposited into the Revenue Bond Tax Fund from 25 percent to 50 percent.

The factors that may influence donation activity are complex and include, but are not limited to, possible statements, actions, or interpretive guidance by the IRS or other governmental actors relating to the deductibility of such donations; the liquidity position, risk tolerance, and knowledge of individual taxpayers; advice or guidance of tax advisors or other professionals; changes in general economic conditions; adoption of similar trusts in other states; and tax reciprocity agreements among states. While DOB believes that these factors can be expected to constrain donation activity, there can be no assurance that, under conditions of maximum participation, the amount of annual charitable gifts will not reduce the level of PIT receipts deposited into the Revenue Bond Tax Fund below the levels projected in February 2018. If that were to occur, it is DOB's expectation that changes to the tax law would be recommended to further increase the percentage of PIT receipts deposited into the Revenue Bond Tax Fund.

The following table entitled, “Projected PIT Revenue Bond Coverage Ratios – FY 2020 through FY 2025,” does not reflect any estimate of charitable donations or the impact of such charitable donations on the amount of PIT receipts deposited into the Revenue Bond Tax Fund. As a result, the coverage ratios shown in the table may be materially and adversely affected by such donations.

PROJECTED PIT REVENUE BOND COVERAGE RATIOS						
FY 2020 THROUGH 2025						
(thousands of dollars)						
	FY 2020 Current	FY 2021 Proposed	FY 2022 Projected	FY 2023 Projected	FY 2024 Projected	FY 2025 Projected
Projected RBTF Receipts	26,508,026	28,406,595	29,749,004	31,033,027	32,414,399	33,291,091

Projected Sales Tax Coverage Ratio	3.1	3.0	3.1	3.0	3.0	2.9

General Obligation Bond Financing

The State finances a portion of its capital projects with General Obligation Bonds. In FY 2021, the State expects that \$848 million of General Obligation Bonds will be issued to fund projects authorized pursuant to the Smart Schools Bond Act, Rebuild and Renew New York Transportation Bond Act of 2005 and other transportation purposes, and the Restore Mother Nature Act of 2020 and all other environmental bond acts.

General Obligation Bonds must be approved directly by the voters at a general election. Only one General Obligation offering, limited to a single work or purpose, may be voted on in a general election. General Obligation bond-financed spending (\$2.4 billion) accounts for approximately 4 percent of total spending over the Capital Plan period. The Capital Plan assumes the continued implementation of ten previously authorized bond acts (five for transportation, four for environmental and recreational programs, and one for education). The Executive Budget proposes a new \$3 billion Restore Mother Nature Bond Act of 2020. The purpose of the act is to restore, preserve, and improve natural habitats throughout the State and mitigate against future damage to the environment.

State and Federal PAYGO Sources and Uses

State PAYGO resources include: General Fund taxes; other taxes and user fees set aside or dedicated for specific capital programs; repayments from local governments and public authorities for their share of projects; and transfers from other funds, including monetary settlements from the General Fund. Over the five-year Plan period, State PAYGO resources of \$17.5 billion will support 26 percent of total spending. Federal PAYGO resources support spending financed by grants from the Federal Government, primarily for highways and bridges, drinking water and water pollution control facilities, public protection, and housing, and constitute \$11.0 billion or 17 percent of total spending over the Capital Plan period.

The DHBTf receives revenue from motor vehicle fees, the petroleum business tax, the motor fuel tax, the highway use tax, the auto rental tax, utilities taxes, and miscellaneous transportation-related fees. Receipts deposited into the DHBTf are used to pay debt service on transportation bonds, finance capital projects on a PAYGO basis, and pay certain operating expenses of transportation agencies.

Capital spending supported by General Fund receipts is funded with a transfer to various Capital Projects Funds. The General Fund is projected to transfer, on average, \$2.5 billion annually over the Capital Plan period to finance capital spending on projects administered by DOT, OGS, DEC, OPRHP, DOCCS, the Department of Mental Hygiene, and other State agencies. Furthermore, the General Fund is expected to transfer an average of \$396 million annually from FY 2021 to FY 2025 to the DHBTF. Capital transfers also include, on average, \$436 million annually from the General Fund to the DIIF and the Capital Projects Fund from monetary settlements.

State PAYGO resources, derived primarily from statutorily dedicated revenues that finance projects for environmental and recreational purposes, are projected to average approximately \$378 million annually. In addition to receipts that will be deposited annually into the Hazardous Waste Remedial Fund, the EPF will continue to receive annual deposits from the RETTs for a total of \$595 million over the Capital Plan period. In addition to RETT revenues, over the Capital Plan period, the EPF is expected to receive \$115 million from unclaimed deposits from the Bottle Bill and a \$345 million from General Fund transfers. The EPF also receives receipts from pesticide applicator fees, wetland permits, water withdrawal fees and other miscellaneous receipts totaling approximately \$12 million annually. These taxes and miscellaneous receipts will support PAYGO portions of projects advanced from the EPF.

The SPIF will finance about \$37 million annually in improvements to the State's park system from park fees and other miscellaneous revenues.

Federal grants support 17 percent of total capital spending over the Capital Plan period. The largest components of Federal PAYGO spending over the Capital Plan period are for transportation (\$9.4 billion) and the environment (\$838 million). Federal PAYGO spending is projected to average \$2.2 billion per year, with an average \$1.9 billion annually spent on transportation.

Agency Capital Program Plans

The Agency Capital Program Plans section provides a narrative description of the capital investment recommendations of agencies for the FY 2021 through FY 2025 period. This section of the Plan is organized programmatically. Each program area begins with a functional overview, followed by each agency's narrative description.

Transportation

New York's diverse transportation system plays a crucial role in our economy. The State's over 240,000 lane miles of roads, 17,500 bridges, 4,100 railroad miles, 137 public use airports, 12 major ports, and approximately 130 public transportation operators are among our most valuable resources. These public assets are managed and maintained by an integrated network of State agencies, public authorities, local governments, and private entities.

Department of Transportation

The DOT is responsible for maintaining and rehabilitating the State's system of highways and bridges, which includes approximately 44,500 State highway lane miles and nearly 7,900 bridges. Private contractors perform major construction and repair work, while DOT provides seasonal maintenance and repair. The Department also oversees and funds programs that help defray local capital expenses associated with road and bridge projects, including the State-funded CHIPS and Marchiselli programs and Federal aid spent on local infrastructure.

The Executive Budget provides \$6.0 billion of funding for the first year of the new, two-year DOT Capital Plan beginning in FY 2021. These funds will be used to facilitate capital improvement of highways, bridges, rail, aviation infrastructure, non-MTA transit, and DOT facilities. The FY 2021 plan also includes \$100 million for repair and replacement of local bridges under the BRIDGE NY program and \$100 million for local road construction under the PAVE NY program. Funding for local highway and bridge projects under the CHIPS and Marchiselli programs is maintained at \$478 million. Other core appropriations include \$10 million for rail investments, \$44 million for Amtrak service subsidies, and \$4 million for aviation projects. The New York Works program will provide additional funding for rail improvements (\$17.5 million) and aviation projects (\$12.5 million). Non-MTA transit capital aid increases from \$104.5 million in FY 2020 to \$124.5 million in FY 2021, including an additional \$20 million for the electrification of buses, the first year of a new five-year, \$100 million program to aid local transit agencies.

The Executive Budget provides up to \$100 million for a second round of funding for the Upstate Airport Economic Development and Revitalization. This funding supports enhancements to safety and economic development, improves airport operations and access, and reduces environmental impact.

Preventive maintenance and demand maintenance remain a primary focus at DOT. Preventive activities extend the life of a road or bridge and are cost-effective alternatives to major reconstruction. For highways, the goal of keeping water and other materials away from the base of the highway is accomplished through activities such as crack sealing, pothole repair, joint repair, and drainage repair. Painting, washing, joint repair, and maintaining drainage are key elements to

extending the life of State bridges. In addition to maintenance activities supported through highway and bridge construction contracts, the Executive Budget calls for more than \$365 million in non-winter preventive and demand maintenance activities, equipment, and facilities in FY 2021.

The Department's maintenance activities are supported by approximately 250 sites around the State, which encompass 59 maintenance headquarters, 155 maintenance sub-headquarters, 16 bridge crew facilities, and 10 special crew facilities. The average age of the infrastructure is 41 years and the total size of this infrastructure is approximately 4 million gross square feet.

The Department's maintenance facilities plan consists of an annual review of overall needs and a prioritization of projects. The program goal is to upgrade and repair DOT's infrastructure based on evaluation of the condition; proposed use and corresponding health; safety and environmental concerns. The FY 2021 Executive Budget provides over \$32 million for DOT maintenance facilities.

DOT Financing

The State Capital Plan for DOT and the operating expenses of DOT and DMV will be financed with more than \$10.9 billion of State revenues dedicated to the DHBTF during the next five years (including \$66 million of annual statutory General Fund deposits to the DHBTF). These revenues will be used for PAYGO capital, operating needs, and debt service payments on bonds issued by public authorities on behalf of the State. State-supported bond proceeds finance DOT spending on eligible capital projects through both the DHBTF and the State Capital Projects Fund.

DOT's transportation plan relies upon Federal aid to support more than forty percent of new obligations. The Federal FAST Act, which provides funding for funding for surface transportation, is set to expire on September 30, 2020. Thus, the shorter two-year Capital Plan is proposed due to Federal funding uncertainty.

The Executive Budget includes a cash transfer of \$476 million from the General Fund to the DHBTF to address a projected funding shortfall in FY 2021. Under current assumptions, this transfer is expected to total approximately \$2 billion over the five-year period.

Metropolitan Transportation Authority

The Executive Budget contains the Governor's commitment of \$3 billion in State resources toward funding the MTA's \$51.5 billion 2020-2024 Capital Plan, which provides for improvement of capital facilities operated by the New York City Transit Authority, Long Island Rail Road, Metro-North Railroad, MTA Bus Company, and various system-wide initiatives.

The new \$3 billion State commitment is in addition to \$25 billion in funding secured in the last legislative session, including Central Business District Tolling which will generate \$15 billion and taxes on high-end real estate sales and changes to the State sales tax, which provides an additional \$10 billion.

This budget also contains \$7.9 billion of reappropriations, including the remaining \$7.3 billion of the Governor's total \$8.6 billion multi-year commitment toward funding the MTA's 2015-2019 Capital Plan.

Agency Capital Program Plans

Department of Motor Vehicles

The DMV issues drivers' licenses and vehicle registrations, promotes highway safety, and collects more than \$2 billion annually in revenues for the State and localities. From these revenues, approximately \$805 million supports the DHBTF. Over \$238 million of the Department's cash expenses for FY 2021 will be covered by the DHBTF.

New York Power Authority

The Executive Budget includes \$44 million in reappropriations for improvements and completion of the Erie Canalway segment of the Empire State Trail. Upon its completion in December 2020, the Empire State Trail will be the largest multi-use trail network in the nation.

The Capital Plan also includes \$4 million in reappropriations from the Canal System Development Fund for canal maintenance.

Parks and Environment

DEC and OPRHP are the primary agencies responsible for preserving and protecting the State's environmental, historic, and cultural resources, as well as providing recreational opportunities for its citizens. Each agency is responsible for the development and maintenance of a wide array of capital facilities.

Department of Environmental Conservation

The DEC is charged with protecting and preserving the State's natural resources. DEC responsibilities include: cleaning up solid and hazardous waste disposal sites; enforcing air and water quality standards; maintaining flood and coastal erosion projects; and the ongoing stewardship of approximately five million acres of State land. DEC provides opportunities for outdoor recreation, such as: hunting, fishing, camping, hiking, and manages hundreds of facilities including dams, boat launch sites, campgrounds, fish hatcheries, and wildlife management areas.

The DEC capital program enhances and maintains the infrastructure necessary to provide a safe environment. An estimated \$1 billion in capital disbursements will support these activities in FY 2021. New core State Capital Projects Fund appropriations of \$74 million are recommended in FY 2021 to meet health and safety requirements; ensure compliance with State and Federal environmental mandates; maintain and upgrade campgrounds, environmental centers, camps, fish hatcheries, and other DEC-owned buildings and facilities; maintain flood control structures; fund wastewater infrastructure oversight; and fund shore protection projects for communities threatened by coastal erosion.

The FY 2021 Executive Budget includes a proposed \$3 billion Restore Mother Nature Bond Act which will support the nation's most aggressive program for significant habitat restoration and flood reduction. The program will improve water quality, reduce flood risk and revitalize fish and wildlife habitats by connecting streams and waterways, right-sizing culverts and dams, restoring freshwater and tidal wetlands, reclaiming natural floodplains, restocking shellfish populations, upgrading fish hatcheries, preserving open space, conserving more forest areas, reducing contamination from agricultural and storm water runoff, and expanding renewable energy.

The FY 2021 Executive Budget includes a new \$500 million appropriation for clean water infrastructure, continuing the State's commitment to fund an additional \$2.5 billion for drinking water infrastructure, wastewater infrastructure and water quality protection. Through re-appropriations, the Executive Budget continues funding for the \$2.5 billion Clean Water Infrastructure Act of 2017. These resources are being utilized to improve municipal drinking water and wastewater treatment infrastructure, replace lead service lines, make open space investments, and expedite the cleanup of hazardous waste that may be impacting drinking water.

The Executive Budget includes over \$55 million in new capital funding under the New York Works program to fund capital infrastructure projects statewide, spur the creation of jobs, and leverage private sector and Federal investment. This funding will be used to continue a variety of capital needs, which include: creating new public access projects to connect hunters, anglers, bird

watchers, and other outdoor enthusiasts to un-tapped State-owned lands; providing for air monitoring infrastructure and information technology investments; and completing health and safety repairs for dams, State lands, fish hatcheries, and other State infrastructure.

A key element of the DEC capital program is the EPF, a dedicated fund supported by revenues from the RETT and other sources. The Executive Budget includes new appropriations of \$300 million for FY 2021 to fund a variety of environmental projects including: land acquisition; farmland protection; municipal waste reduction and recycling; waterfront revitalization projects; non-point source water pollution control; smart growth; municipal park projects; Hudson River Estuary Management; and water quality improvement projects. Reflecting Governor Cuomo's commitment to combat climate change and reduce greenhouse gas emissions, the EPF also includes a climate change mitigation and adaptation account which will provide funding for adaptive infrastructure, greenhouse gas management, and resiliency planning programs. The capital program includes additional EPF appropriations of \$1.5 billion through FY 2025 to continue funding for these purposes.

To provide the revenues to support these EPF appropriation levels, the Executive Budget will maintain the RETT funds deposited into the EPF at \$119 million, while continuing to deposit revenues from other sources, such as unclaimed beverage deposits, the wetland application permit, pesticide applicator fees, electronic and hazardous waste fees, and fines for violations to freshwater wetlands and mineral resources laws. Additionally, the EPF will receive a transfer in FY 2021 totaling \$28 million from the General Fund.

The Executive Budget includes a \$100 million appropriation for the ten-year, \$1 billion Superfund Program, including up to \$10 million for the Environmental Restoration Program, to address municipally-owned sites. The Executive Budget also includes \$6 million for implementation of the Brownfield Cleanup Program.

The DEC capital maintenance plan focuses on preservation and preventive maintenance of its various lands, facilities, and other structures. DEC manages a vast array of assets that vary in age, condition, and useful life, including: approximately five million acres of land, over 308 boat launching and fishing access sites, 102 flood control structures, 53 campgrounds, 12 fish hatcheries, four environmental education camps, two environmental education centers, and one tree nursery. DEC has recently developed a maintenance information management system to facilitate planning and preventive maintenance for these resources.

Office of Parks, Recreation and Historic Preservation

The OPRHP operates 181 State parks and 35 historic sites that provide places for visitors to relax and learn about New York's natural, historic, and recreational treasures. Approximately 74 million people visit the State parks each year.

The State's park system is one of the oldest in the nation, featuring 26 golf courses, 36 swimming pools, 63 beaches, 40 boat launch sites, and more than 5,000 buildings and 2,000 miles of trails.

Since more than half of the facilities at State parks are at least 50 years old, a primary component of the capital program is devoted to maintenance and rehabilitation.

For FY 2021, the OPRHP Capital Plan supports approximately \$170 million in disbursements from various sources. Total new appropriations of \$45 million are recommended for capital projects from the State Park Infrastructure Fund (SPIF), a dedicated fund consisting of revenues generated from day use and camping fees at the parks and other miscellaneous revenues. In addition to these appropriations, the plan includes \$110 million in New York Works funding to address ongoing capital rehabilitation and improvement needs at State parks and historic sites. NY Works funding will also provide \$2.5 million for improvements at facilities operated by the ORDA. OPRHP's capital program is also supported by fiduciary funds, federal funds, and the Environmental Protection Fund (EPF) as included in the DEC capital budget.

The OPRHP capital plan reflects the priority needs of the various parks and historic sites. Capital disbursements of \$878 million over the course of the Five-Year Plan will support projects that improve the overall health and safety of the park system, while preserving park infrastructure and facilities. Such projects include initiatives that maintain and restore historic sites; rehabilitate park utility, sanitary and water systems; improve roads and bridges; upgrade public comfort stations and campground wash houses; and maintain and improve park buildings, cabins, and pool facilities.

The OPRHP capital maintenance plan for FY 2021 concentrates investments in the rehabilitation and maintenance of its many facilities. Physical assets consist of approximately 5,000 buildings which vary in age, condition, and useful life including: historic buildings, offices, cabins, comfort stations, maintenance and storage buildings, restaurants, visitor and nature centers, pump houses, and toll booths. Maintenance efforts in FY 2021 will focus on site restoration, roof repair, and exterior construction projects.

Economic Development

Economic Development spending is projected to average nearly \$1.3 billion annually over the Plan period. The projects supported by this funding aim to create jobs and increase economic activity in the State. Funding will provide continued support for initiatives including the REDCs, Market New York, and Upstate Revitalization. In addition, technology research and development encourage private investment in advanced science and technology and fund a Life Sciences cluster in New York State.

Economic Development

The FY 2021 Executive Budget includes over \$380 million in new appropriation authority for the following initiatives:

- \$150 million for a new round of funding of the REDCs initiative in order to support competitive economic development projects identified by the Regional Councils that further advance each region's long-term economic development strategies. The Plan also includes a \$150 million recurring annual commitment for the Regional Councils in FY 2021 and beyond.
- \$8 million to support Market New York projects.
- \$220 million to the New York Works Economic Development Fund as part of the New York Works initiative. This Fund will provide capital grants to support projects that create or retain jobs, or fund infrastructure investments necessary to attract or expand businesses.
- \$147 million for ORDA, including \$134 million to support improvements to the Olympic facilities and ski resorts. An additional \$10 million is provided for maintenance and energy efficiency upgrades, and \$2.5 million is appropriated from the OPRHP budget.

Department of Agriculture and Markets

The Department of Agriculture and Markets is responsible for operating the New York State Fair and the State Food Laboratory. The State Fairgrounds include 20 major buildings and 60 other structures, the majority of which have useful lives of greater than ten years and are in good or fair overall condition.

<u>Capital Asset Group</u>	<u>Age Range</u>	<u>Excellent</u>	<u>Condition</u>			<u>Total</u>
			<u>Good</u>	<u>Fair</u>	<u>Poor</u>	
Various State Fair Buildings	1 to 119 years	1	47	23	9	80

The Department's Capital Plan for the next five years prioritizes projects that preserve, rehabilitate, and improve the Fairgrounds' buildings, land, and infrastructure for year-round use. In addition, the Fairgrounds' structures are upgraded annually to meet more stringent building code requirements, provide accessibility for the people with disabilities, and ensure public safety.

The FY 2021 Capital Plan includes \$5 million in appropriations to continue the repair and rehabilitation of the Fair's facilities to allow for year-round operation of the Fairgrounds, and to expand the footprint of the Fair's operations where necessary. New capital appropriations for FY 2021 include \$10 million for improvements to the Fairgrounds, including electrical upgrades to temporary structures. By the beginning of the 2020 Fair, a second main gate will be constructed on the west end of the Fairgrounds to accommodate the 175,000 people who enter through the west end each year. Capital disbursements in FY 2021 are expected to total approximately \$25 million.

Over the last several years, the State has invested \$120 million to upgrade and transform the historic Fairgrounds into a multi-use entertainment facility. The State has expanded the Fair by 60 acres; added a new expo center and Main Gate; built an RV park for the Fair and its year-round facilities; and created large, open spaces that accommodate expanded programming and large events year-round.

The Budget also includes \$28 million of re-appropriated capital funding for the Local Fair Infrastructure Grant Program and the Companion Animal Capital Grant Program, \$8 million of re-appropriations from the Special Infrastructure Account to preserve farmland and enhance agriculture.

Energy Research and Development Authority

The Executive Capital Plan includes \$91 million in appropriations over the next five years for the Western New York Nuclear Service Center. This reflects NYSERDA's continuing role in a joint Federal-State Demonstration Project to treat and dispose of liquid nuclear waste in compliance with environmental laws.

FY 2021 disbursements for work at West Valley are expected to total approximately \$18 million. NYSERDA's costs are largely dictated by a Federal match requirement and will increase in FY 2021 as a result of increased spending by the Federal government.

The Western New York Nuclear Service Center is approximately 50 years of age and remains in good condition, with a useful life that will extend past the decommissioning of the site. The maintenance goal at the site is to preserve the facility in a state of good repair.

The Executive Capital Plan also includes \$10 million in reappropriations for the Cleaner, Greener Communities Program, which provides grant funding to public and private entities to create more sustainable communities throughout New York. The program encourages communities to create public-private partnerships in an effort to develop regional sustainable growth strategies in the areas of: emissions control; energy efficiency; renewable energy; low-carbon transportation; and other carbon reduction technologies.

Health

Department of Health

The focus of DOH's capital program is to promote the efficient operation of health care facilities statewide, protect the health and safety of its patients, employees, and visitors, and maintain the Wadsworth Center for Laboratories and Research. The capital program includes the continuation of the \$1.2 billion Capital Restructuring Financing Program, \$2.2 billion in Health Care Facility Transformation Programs, and \$355 million for the Essential Health Care Provider Program, available through the New York State Special Infrastructure Account.

The capital program contains \$50 million to continue investments in information technology. This includes \$10 million in funding to support health care information technology projects, \$30 million for the SHIN-NY, and \$10 million for the APD. SHIN-NY will continue to establish a statewide, interconnected network of electronic health records to improve the quality of patient care, reduce health care costs, and deliver more effective, collaborative care. The APD will serve as the repository for a wide variety of health care data to aid in the management, evaluation, and analysis of the NYS health care system.

The Budget continues to support \$750 million for construction of a life sciences public health laboratory and collaborative partnerships.

The DOH capital program also supports the ongoing maintenance and improvement of its capital assets, which include five health care facilities: Helen Hayes Hospital in West Haverstraw; and the Oxford, St. Albans, Batavia, and Montrose veterans' nursing homes. DOH also maintains the Wadsworth Center for Laboratories and Research, which is comprised of five separate facilities located in Albany County. Additional capital funding will be made available to support RPCI, a Public Benefit Corporation, to offset a reduction in operational support. The total annual capital-funded State subsidy to RPCI is maintained at \$51 million.

The Department's capital program is financed by the State's General Fund, HCRA, related account balances, authority bond proceeds, and Federal funds. Total disbursements are estimated at \$3.7 billion over the five-year Plan period – including \$1.9 billion for the Health Care Facility Transformation Programs, and \$855 million for the Capital Restructuring Financing Program. FY 2021 funding for other capital programs includes \$30 million supported by HCRA for SHIN-NY, \$10 million from the General Fund for maintenance projects at the laboratories, \$6 million from the General Fund for institutions, \$10 million supported by HCRA for the APD, \$10 million for Health Care IT initiatives from related program account balances, \$51 million supported by HCRA for RPCI, and \$77 million for the Federal Safe Drinking Water program. Debt service on outstanding institutional DASNY bonds will continue to be supported by patient care revenues.

Agency Capital Program Plans

For FY 2021, DOH’s capital program includes both ongoing and new projects to address capital needs with estimated total disbursements of \$786 million. Planned projects will avert potentially more costly future capital expenditures while minimizing interruptions in health care services and laboratory functions. In addition, the Department will continue its participation in implementing the Safe Drinking Water Program, which will be financed through a \$77 million Federal Capital appropriations in FY 2021.

The Department’s goals are to ensure a safe environment, preserve infrastructure and related equipment, and to promote energy efficiency. The Capital Asset Maintenance Plan assists in preserving the useful life of DOH’s facilities.

The following table identifies the capital asset group, age and condition of DOH’s facilities.

<u>Capital Asset Group</u>	<u>Age Range</u>	<u>Condition</u>			
		<u>% Good</u>	<u>% Fair</u>	<u>% Poor</u>	<u>% Total</u>
Helen Hayes Hospital	35 to 91 years	58	22	20	100
Wadsworth Center for Laboratories and Research	14 to 87 years				
Griffin Laboratory		20	45	35	100
David Axelrod Institute		90	10	0	100
Biggs Laboratory		0	50	50	100
Veteran’s Nursing Homes					
Oxford	9 years	61	25	14	100
St. Albans	25 years	70	18	12	100
Batavia	24 years	54	24	22	100
Montrose	17 years	74	19	7	100

Social Welfare

Office of Children and Family Services

The OCFS Capital Plan supports safe and functional housing and programming for youth in its facilities.

The OCFS capital planning process will continue facility improvements that increase security and uphold health and safety standards. The agency’s capital program focuses on the need to maintain its youth facilities and initiate modifications to accommodate program changes.

OCFS’s five-year Capital Plan totals approximately \$121 million. The plan will support capital maintenance and improvement activities, including facility rehabilitation and security enhancements, health and safety purposes, environmental compliance projects, design and construction fees, administration, Tonawanda capital improvements, and maintenance and operations.

OCFS is currently undertaking capital projects to improve the condition and useful life of its youth facilities. In FY 2021, the OCFS capital program will continue additional health and safety repairs, physical plant rehabilitation projects, security projects, and environmental compliance work. The following chart provides information regarding age and condition of OCFS youth facilities by security level.

<u>Capital Asset Group*</u>	<u>Age Range</u>	<u>Condition</u>			
		<u>Good</u>	<u>Fair</u>	<u>Poor</u>	<u>Total</u>
Secure Facilities	18 to 50 years	1	2	1	4
Limited Secure Facilities	13 to 55+ years	1	5	0	6
Non-Secure Facilities	19 years	0	2	0	2
Harriet Tubman RC	23	1	0	0	1
	Total	3	9	1	13

*Does not include 23 vacant or decommissioned buildings under OCFS jurisdiction.

Section 529 of the Social Services Law requires OCFS to maintain the community house within the Tonawanda Indian Reservation. This year’s Plan continues to provide funding for this purpose.

Homes and Community Renewal

The State’s housing capital programs provide grants, low-interest loans, and technical assistance to facilitate the construction and preservation of the State’s affordable housing stock. State capital funds are combined with Federal funds, State and Federal tax credits, low-cost mortgages, and available private sector investments to finance activities that, absent the State’s involvement, would not be financially feasible.

In addition to developing and maintaining low-cost housing, the housing capital programs foster economic growth across the State by creating construction jobs and encouraging new private sector investment in distressed areas.

The State's housing capital appropriations are made to HCR, the State agency charged with coordinating the State's housing policies and programs. The individual housing programs are implemented through three public benefit corporations: HTFC, AHC, and HFA. HCR staff perform administrative functions, including the annual review and evaluation of requests for funding, and ongoing compliance reviews for awarded projects. Applications submitted by sponsors of proposed affordable housing projects are scored and ranked on a competitive basis and the review process culminates in award notifications for the projects that are most effective in meeting the State's housing needs. During the application review process, HCR considers the Regional Economic Development Councils' determinations as to whether the proposed project aligns with regional priorities.

The Capital Plan recommends a total of \$102 million in HCR appropriations in FY 2021 to fund eight housing capital programs.

The recommended FY 2021 commitment level of \$853 million reflects \$102 million for HCR's traditional base capital programs, and \$751 million appropriated in FY 2017, FY 2018, and FY 2019 as part of the multi-year \$2.5 billion capital component of the Affordable Housing and Homelessness Plan that will facilitate the preservation or creation of affordable and supportive housing across the State.

The HCR Capital Plan includes funding for the following programs in FY 2021 as part of the continued \$20 billion, comprehensive multi-year investment in affordable housing, supportive housing and related services:

- \$44 million for the Low-Income Housing Trust Fund Program, which provides grants of up to \$125,000 per unit to construct or renovate low- and moderate-income single and multi-family housing projects;
- \$26 million for the Affordable Home Ownership Development Program, which provides grants of up to \$40,000 per unit to construct or renovate homes for low- and moderate-income individuals and families;
- \$6 million for the Public Housing Modernization Program, which subsidizes repairs at State-supervised public housing projects across the State;
- \$14 million for the Homes for Working Families Program, which combines State funds with other available public and private sector moneys, Federal Low Income Tax Credit proceeds and non-State supported bond funds to construct affordable rental housing for low- and moderate-income households;

- \$1 million for the Housing Opportunities for the Elderly Program, which provides grants to low-income elderly homeowners for emergency home repairs;
- \$1 million for the Access to Home Program, which provides funding for home adaptations for individuals with disabilities, enabling them to continue to live in their own residences and avoid institutional care; and
- \$4 million for the New York Main Street Program, which provides assistance to communities for the revitalization of historic downtowns, mixed-use neighborhood commercial districts, and village centers.

\$5 million for the Manufactured Home Advantage Program to fund loans and grants for the acquisition, demolition, or replacement and/or repair of mobile or manufactured homes and mobile/manufactured home parks.

The following programs are supported within the \$2.5 billion allocation for the Affordable Housing and Homeless Plan:

- \$950 million for development or operation of 6,000 Supportive Housing units across the State over the next five years;
- \$472 million for new construction or adaptive reuse of affordable rental housing for households earning between 60 and 130 percent of AMI;
- \$125 million for the development or rehabilitation of affordable housing targeted to low-income seniors, aged 60 or above;
- \$45 million for the Rural and Urban Community Investment Fund Program;
- \$150 million for new construction, adaptive reuse, or reconstruction of affordable middle-income rental housing for households that earn up to 130 percent of AMI;
- \$146 million for the rehabilitation of multi-family rental housing currently under an affordable regulatory agreement with DHCR or another State, Federal, or local housing agency;
- \$75 million to preserve and improve Mitchell Lama properties in the State;
- \$125 million for the rehabilitation and/or demolition and replacement through new construction of multi-family rental housing currently owned by public housing authorities outside of NYC;
- \$63 million for rehabilitation and/or demolition and replacement through new construction of smaller buildings with 5 to 40 units;
- \$42 million for promoting home ownership among families of low and moderate income and stimulating the development, stabilization, and preservation of communities;

- \$13 million for mobile and manufactured home programs;
- \$10 million for stimulating reinvestment in properties located within mixed-used commercial districts located in urban, small town, and rural areas of the State;
- \$200 million for State-approved projects and other improvements related to housing developments owned or operated by NYCHA; and
- \$100 million for NYC Affordable Housing for the preservation, restoration or creation of affordable housing units in NYC. All units must be affordable to households earning up to 60 percent of AMI.

Office of Temporary and Disability Assistance

OTDA administers the HHAP, which provides grants to not-for-profit corporations and municipalities to expand and improve the supply of permanent, transitional, and emergency housing for homeless persons. In FY 2021, the Plan will provide \$126 million for HHAP, an increase of \$63 million, including up to \$5 million dedicated to the development of housing for persons with HIV or AIDS and \$5 million dedicated to the development of housing for homeless veterans. To date, over \$1.1 billion in HHAP funding has supported 764 capital projects statewide, creating over 21,000 housing units for the homeless. HHAP also links its projects to other State and Federal funding sources to deliver appropriate support services to help tenants move towards greater self-sufficiency and economic stability.

Nonprofit Infrastructure

The NICIP was authorized as part of the FY 2016 Budget. The program is supported by \$120 million in bonded capital appropriations.

NICIP makes targeted investments in capital projects that aim to improve the quality, efficiency, and accessibility of nonprofit human services organizations. Targeted investments include: renovations or expansions of existing space used for direct program services; technology upgrades to improve electronic records, data analysis, and/or confidentiality; modifications to provide for sustainable, efficient spaces that would result in overall energy and cost savings; and accessibility renovations. The NICIP grants are administered by DASNY.

In FY 2017, an RFA was designed with input from State agencies that fund nonprofit human services providers through State contracts, State-authorized payments, and State payment rates. Following the issuance of the RFA, \$100 million in capital improvement projects was awarded to 237 nonprofit human services organizations across the state. In FY 2018, an additional \$20 million was awarded to 32 nonprofit organizations.

The FY 2021 Executive Budget includes a total reappropriation of \$70 million for NICIP.

Education

State Education Department

SED is tasked with overseeing public elementary and secondary education programs in a manner that achieves educational excellence, equity, and cost-effectiveness. State funding for capital infrastructure supports SED's 24 State-owned buildings, including: the Batavia School for the Blind; the Rome School for the Deaf; three Native American schools located on the Onondaga, St. Regis, and Tuscarora reservations; the Education Building Annex; the Cultural Education Center (which houses the State Museum, State Library, and State Archives); and the New York State Records Center.

The FY 2021 Executive Budget authorizes \$62 million in new appropriations to support: nonpublic school health and safety equipment purchases (\$15 million), construction projects at local libraries (\$14 million), the development of an electronic licensing system for the Office of the Professions (\$25 million), personal service and other costs associated with staff whose duties are related to the maintenance, preservation and operation of SED facilities (\$4 million), and maintenance projects at SED's State-owned facilities (\$3 million). The State's public library construction grant program provides local libraries with incentives to compete for a share of State funds. The program provides up to 90 percent matching grants for local library capital projects, including infrastructure improvements and program enhancements.

Finally, SED's capital plan continues to support the EXCEL program, which provides grants to school districts for certain types of school construction projects.

School Aid

A \$2 billion Smart Schools Bond Act was approved in November 2014. The Bond Act funds education technology in schools, including infrastructure improvements to bring high-speed broadband to schools and their communities and the purchase of classroom technology for use by students. Additionally, Smart Schools will enable long-term investments in full-day pre-kindergarten through the construction of new pre-kindergarten classroom space, the replacement of classroom trailers with permanent space, and high-tech school safety improvements.

Higher Education

New York State supports its higher education infrastructure through an array of programs offered at various state agencies and private sector systems. Capital investments in higher education include funding and support for SUNY, CUNY, and the HECap Program. These capital investments ensure that facilities are designed and developed to meet both current and future needs of the systems, while providing a safe and healthy environment for the State's students, faculty, and staff.

State University of New York

SUNY is one of the largest public university systems in the nation with 29 State-operated campuses, five statutory colleges, and 30 community colleges, which together serve 433,000 students annually. SUNY's State-operated and community college campuses consist of more than 2,800 facilities including classrooms, dormitories, libraries, research laboratories, athletic and recreation facilities, and hospitals. System-wide, SUNY's physical infrastructure spans more than 100 million gross square feet.

The FY 2021 Executive Budget advances a \$2.8 billion five-year capital maintenance plan for SUNY State-operated campuses. This is in addition to more than \$2.0 billion in maintenance funding provided over the previous five years. The FY 2021 Executive Budget also includes \$46 million in new appropriations for community college capital projects, \$150 million in new appropriation authority for capital projects at SUNY hospitals, and \$75 million for dormitory related projects.

The FY 2021 Executive Budget continues support for SUNY capital programs by reappropriating more than \$3.5 billion in authority for SUNY's State-operated and community college campuses. The Budget also includes \$25 million for the operating costs of the SUCF, which is the public benefit corporation that serves as the construction agent for academic, hospital, and student service facilities under SUNY's jurisdiction. Consistent with the University Master Capital Plan, SUCF oversees design, construction, acquisition, reconstruction, and rehabilitation or improvement of SUNY's facilities.

The FY 2021 Executive Budget also includes \$400 million (\$200 million for SUNY and \$200 million for CUNY) for the State share of a new 2:1 capital matching program to support new construction and/or major renovations of academic buildings at SUNY State-operated and statutory colleges and CUNY senior colleges. The capital match requires that for every \$2 dollars invested by the State, campuses contribute \$1 dollar toward project costs.

Finally, the Budget also includes \$187 million to support personal service and other costs associated with staff whose duties are related to the maintenance, preservation, and operation of SUNY facilities.

City University of New York

CUNY is the nation's largest urban public university system and is comprised of 11 senior colleges, 7 community colleges, a graduate center, a graduate school of journalism, a law school, and a

central administration facility. CUNY serves approximately 275,000 full-time and part-time students. CUNY's physical infrastructure includes 300 facilities and spans 28 million gross square feet.

The FY 2021 Executive Budget advances a \$1.4 billion five-year capital maintenance plan for CUNY senior colleges. This is in addition to more than \$1.0 billion in maintenance funding provided over the previous five years. The FY 2021 Executive Budget includes \$64 million in new appropriations for community college capital projects, which represents the State's 50 percent share of projects that have local sponsor support from the City of New York.

The Executive Budget continues support of CUNY's capital programs by reappropriating nearly \$2.5 billion in authority for CUNY senior and community college campuses.

The FY 2021 Executive Budget also includes \$400 million (\$200 million for CUNY and \$200 million for SUNY) for the State share of a new 2:1 capital matching program to support new construction and/or major renovations of academic buildings at CUNY senior colleges and SUNY State-operated and statutory colleges. The capital match requires that for every \$2 dollars invested by the State, campuses contribute \$1 dollar toward project costs.

Finally, the FY 2021 Executive Budget includes \$37 million in appropriation authority to account for operating expenses at DASNY and the CUCF. Both authorities share the responsibility of overseeing the design, construction, acquisition, reconstruction, and rehabilitation or improvement of CUNY's facilities.

Higher Education Facilities Capital Matching Grants Program

The HECap Program was initiated in 2006 to support capital projects at the State's various independent colleges. These grants were allocated to private colleges based on enrollment and relative student financial need as measured by total awards provided through the Tuition Assistance Program. This program requires a three-to-one (non-State-to-State) match by institutions. In FY 2016 a competitive process was established to fully award unused grant funds from the initial program. To date, \$150 million in competitive funding has been awarded.

Grants are awarded by the HECap Board, which consists of three members (one appointed directly by the Governor, with the remaining members appointed upon the recommendation of the President of the Senate and the Speaker of the Assembly). Grants may be used for the design, construction or acquisition of new facilities; rehabilitation and repair of existing facilities; or for targeted priorities including economic development, technology, academic facilities, urban renewal, and historic preservation.

The FY 2021 Executive Budget includes \$148 million in reappropriations for HECap.

Public Protection

Department of Corrections and Community Supervision

The primary focus of the FY 2021 capital budget for DOCCS is to preserve and maintain the State's existing prison infrastructure, which is comprised of 52 correctional facilities and three separate support buildings. The capital program ensures that all housing, medical, program, and support capacity remains functional, safe, and secure.

To meet the future needs of the prison system, DOCCS's capital program includes new appropriations of approximately \$2.0 billion over the next five years, and \$834 million in reappropriations, which will address the following: maintenance; health and safety of inmates and staff; and improved operations and potential cost savings.

DOCCS has initiated projects at nine facilities (Bedford Hills, Collins, Cayuga, Fishkill, Gouverneur, Greene, Orleans, Southport, and Upstate) for the creation of residential rehabilitation units as part of its efforts to address policy changes in special housing units.

There is continuing rehabilitation of existing medical facilities and provisions of new facilities statewide to ensure adequate medical care for all inmates. Projects are currently under construction at Marcy and Taconic.

The Albany Training Academy expansion project is currently under construction to provide additional recruit housing, parking, classrooms, and a gymnasium. The project will reduce expenditures for recruit housing while providing additional training space and necessary site improvements.

In an effort to enhance security at DOCCS facilities (with a focus on maximum security prisons) and assist in the Department's compliance with the Federal Prison Rape Elimination Act, the Department will continue to install CCTV systems. Projects at Attica, Clinton, Five Points, Upstate, Taconic, and Edgecombe Correctional Facilities have been completed; with two under construction at Bedford Hills and Southport. In FY21 DOCCS will initiate the design and construction of CCTV projects at various maximum security correctional facilities in addition to installing civilian personal alarm systems.

The Capital Asset Maintenance Plan is designed to preserve the useful life of the prison infrastructure. In evaluating assets, the Department has established a rating system to identify the condition of its physical plant, as a tool for prioritizing rehabilitation projects. The following table identifies the capital asset group, age and condition of the Department's assets.

<u>Capital Asset Group</u>	<u>Age Range</u>	<u>Condition</u>			
		<u>Good</u>	<u>Fair</u>	<u>Poor</u>	<u>Total</u>
Minimum Security	18 to 105 years	4	1	0	5
Medium Security	19 to 155 years	20	9	0	29
Maximum Security	10 to 200 years	10	7	0	17
Drug Treatment Center	155 years	0	1	0	1
Support	75 to 90 years	<u>2</u>	<u>1</u>	<u>0</u>	<u>3</u>
	Total	36	19	0	55

Between 2009 and 2020, twenty DOCCS facilities have closed in response to a continuing decline in offender population and to align bed space consistent with security classification needs, most recently Livingston and Lincoln Correctional Facilities. At the time of their respective closures, these facilities were decommissioned to preserve the State assets; with some facilities sold, others transferred to various municipalities and others await sale.

Division of Criminal Justice Services

The FY 2021 Executive Budget includes \$25 million in new capital project appropriations for DCJS to provide funding for safety and security projects at not-for-profit organizations at risk of hate crimes or attacks because of their ideology, beliefs, or mission.

Division of State Police

The DSP staff operate out of more than 200 facilities across the state. These include Troop Headquarters, Zone Headquarters, stations, and specialized facilities such as the State Police Training Academy and the Forensic Investigation Center. The agency's central command and administrative functions are housed at Division Headquarters in Albany.

Over the next five years, DSP's capital program reflects continued funding for ongoing repair and expansion of facilities, replacement and repair of equipment, and the maintenance and operation of facilities totaling \$643 million, including appropriations for the Federal Equitable Sharing Program.

Division of Military and Naval Affairs

DMNA operates more than five million square feet of facilities on behalf of the New York National Guard. Of this total, 2.9 million square feet supports the stationing of National Guard units in armories and Readiness Centers, while another 2.1 million square feet supports the maintenance, supply, and logistical requirements of the assigned units. DMNA's FY 2021 capital program includes new appropriations of \$225 million over the next five years, and \$254 million in reappropriations.

DMNA's capital plan continues support of the Federal Military Construction Program, which aids the State in the renovation, replacement, or expansion of National Guard armories, training centers, and equipment maintenance facilities across New York State. The Plan contains funding

for a \$121 million multi-year renovation and reprogramming project at the Jamaica Armory in Queens; DMNA will also receive \$91 million in federal funding for this project. The budget also continues funding for a multi-year \$55 million renovation and improvement project at the 369th Regimental Armory in Harlem, which is undergoing project closeout.

Division of Homeland Security and Emergency Services

The FY 2021 Executive Budget includes \$25 million in new appropriations to support current grants awarded from the Statewide Interoperable Communications Program, and \$3 million in new appropriations to support preventive maintenance projects at DHSES training facilities.

Additionally, the Budget also contains \$542 million in reappropriations, which include:

- \$8 million to complete enhancements at the State Preparedness Training Center in Oriskany;
- \$76 million for interoperable communications projects;
- \$8 million to complete maintenance projects at the Academy of Fire Science in Montour Falls; and
- \$450 million for disaster recovery projects. These funds will continue to be utilized to advance capital funding for State agency projects resulting from Superstorm Sandy, while awaiting FEMA Public Assistance reimbursement.

Mental Hygiene

The Department of Mental Hygiene capital program is administered through the three agencies within the Department – OMH, OPWDD, and OASAS.

Capital projects for all mental hygiene agencies are supported by either the General Fund or State bonds, although OPWDD’s not-for-profit sector primarily accesses private financing for its development purposes. These financing mechanisms support the maintenance and rehabilitation of facilities operated by both the State and not-for-profit agencies, as well as the development of new community services.

Office of Mental Health

OMH provides services to an inpatient population of approximately 3,600 persons on campuses consisting of adults, children, and youth; and in support of these programs operates forensic and research facilities. In addition, OMH helps fund the capital construction of hundreds of community residential sites; various mental health-related general hospital projects, including psychiatric inpatient and specialized emergency rooms; and a number of non-residential community programs.

OMH Institutional Facilities

In support of OMH’s mission, the Five-Year Capital Plan includes a total of \$1.9 billion in new and future appropriations and projects \$1.6 billion in disbursements for OMH State-operated institutions. Capital projects at these facilities are necessary to meet health and life safety codes; Joint Commission accreditation standards; current Federal Medicaid certification requirements; and remediate environmental deficiencies, improve energy efficiency, preserve long-term facilities, and consolidate campus facilities.

FY 2021 appropriations of \$462 million and reappropriations of \$2.5 billion support rehabilitation projects focused on patient and staff health and safety.

OMH’s capital maintenance plan ensures that their infrastructure is preserved, both to maximize useful building life and to prevent costly repairs in the future. A recent assessment report identifies OMH’s capital assets, which range in age to over 100 years old, by group and condition.

<u>Capital Asset Group</u>	<u>Condition</u>			<u>Total</u>
	<u>Good</u>	<u>Fair</u>	<u>Poor</u>	
Residential/Hospital Buildings	78	37	1	116
Psychiatric Rehabilitation Buildings	42	35	2	79
Administrative Support Buildings	144	83	15	242
Total	264	155	18	437*

*Excludes 710 leased, sold, or demolished buildings and other structures, and 161 vacant buildings.

OMH Community Facilities

For OMH community programs, the Five-Year Capital Plan includes \$124 million in new and future appropriations and projects \$262 million in disbursements to support ongoing development. New FY 2021 appropriations of \$73 million and reappropriations of \$603 million will be used for the completion of approximately 1,500 residential beds currently under development and for the preservation and maintenance of the community infrastructure.

Office for People With Developmental Disabilities

OPWDD offers services to individuals with developmental disabilities in a variety of settings, ranging from homes and small facilities to campus-based centers. The Five-Year Capital Plan for OPWDD focuses on serving individuals in the most appropriate setting and keeping all programs safe for both individuals and staff.

In support of this goal, the Capital Plan recommends a total of approximately \$1.16 billion in new and future appropriations, and project over \$648 million in disbursements over the five-year period. For FY 2021, the Capital Plan proposes new appropriations of \$109 million and reappropriations of \$557 million to fund the following:

- Projects necessary to maintain health and safety standards for new and existing facilities, as well as to ensure conformance with all Federal and State certification standards;
- Minor rehabilitation projects for existing State and voluntary-operated community facilities;
- Environmental modifications to improve accessibility for individuals with disabilities; and
- The development of housing capacity to ensure the availability of safe and accessible independent living opportunities for individuals with intellectual and/or developmental disabilities.

The majority of the OPWDD Capital Plan is dedicated to ensuring quality care for individuals in State facilities, as well as continuing Federal certification of those programs. The remainder of the plan supports similar activities in the not-for-profit sector. Based on a recent assessment of OPWDD facilities by DASNY and OPWDD staff, the following table identifies the capital assets, which range in age up to 80 years old, by group and condition.

<u>Capital Asset Group</u>	<u>Condition</u>			<u>Total</u>
	<u>Good</u>	<u>Fair</u>	<u>Poor</u>	
Institutional	93	178	0	271*
Community	1,120	63	0	1,183
Total	1,213	241	0	1,454*

*There are an additional 80 buildings not scheduled for use that are excluded from the institutional total.

OPWDD's Capital Plan will be financed by the General Fund and State bonds.

Office of Addiction Services and Supports

OASAS operates and oversees a comprehensive system of care for individuals struggling with gambling problems and SUDs. This continuum of care includes prevention, treatment, and recovery services, and is provided through a network of community organizations and 12 State-operated ATCs.

The FY 2021 Executive Capital Plan assumes \$581 million in new and future appropriations over the five year plan, as well as \$416 million in disbursements for OASAS to support health and safety and preserve State and not-for-profit facilities.

For FY 2021, the Executive Capital Plan includes \$90 million in total new appropriations, \$609 million in reappropriations, and approximately \$104 million of project spending. These funds will be used to:

- Provide up to 350 Part 822 OTP slots statewide under the 2019 Request for Applications. To date, 100 OTP slots have been awarded to Chautauqua County;
- Implement up to 40 new Medically Supervised Withdrawal and Stabilization beds in Tompkins and Saratoga Counties under the 2018 Requests for Applications;
- Continue establishment of new Medically Supervised Withdrawal and Stabilization beds statewide under the 2017 Request for Applications;
- Establish a residential services project in Broome County to add 50 beds;
- Add, maintain, and further renovate OASAS-funded community-based programs that provide residential, inpatient, outpatient, crisis, and other services to individuals struggling with SUDs;
- Support maintenance projects at the State's 12 ATCs, including the ongoing ATC Master Plan; and
- Begin Phase VII of the ATC Capital Maintenance Plan, to support safety improvements at ATCs.

While OASAS is responsible for the maintenance of all 12 ATCs, 11 are co-located with other State agencies. The Kingsboro ATC is the only stand-alone OASAS facility.

Some of the accomplishments of the OASAS Capital Program, include:

- Establishment of Medically Supervised Withdrawal and Stabilization beds in Franklin, Genesee, and Monroe Counties;
- Further implementation of Phase VI of the ATC Capital Maintenance Master Plan, as well as the start of Phase VII;

Agency Capital Program Plans

- Approval to begin new voluntary capital projects for renovations, residential service beds, and OTP slots in Genesee, Jefferson, Kings, Rensselaer, and Richmond Counties;
- Completion of voluntary capital projects in Cattaraugus, Chautauqua, Erie, Orange, New York, and Schenectady Counties; and
- Continued implementation of a project to bring all ATCs into compliance with current code standards for fire protection and carbon monoxide systems.

General Government

Office of General Services

OGS' Real Property Management and Facilities Group is responsible for the operation and maintenance of 58 major State office buildings and related structures; as well as 118 ancillary structures, including parking facilities. OGS operates two office complexes in Albany — the Nelson A. Rockefeller Empire State Plaza and the Harriman State Office Building Campus. Both complexes are supported by central utility infrastructures including heating and cooling plants, as well as high voltage electrical systems.

The focus of the OGS capital plan is the preservation of aging buildings and infrastructure, optimization of the State's real estate, and improving system and equipment management. This is accomplished through various preservation, rehabilitation, and improvement projects. Smaller preventative maintenance projects are performed regularly to reduce more expensive emergency projects and, in some cases, delay or avoid larger rehabilitation projects.

Major initiatives for FY 2021 include:

- Addressing infrastructure needs at the Empire State Plaza, including LED lighting upgrades across the complex and replacing the steam-driven water chiller with an energy-efficient and environmentally-friendly electric design;
- Continued funding that allows the Enterprise Real Estate Center to manage office space utilization for state-owned and leased real estate; and
- Continuation of the Harriman Strategic Action Plan, which includes the renovation of the 8th and 9th floors of Building 8, and infrastructure projects to upgrade and repair the electric, water, steam, sewer, and waste systems throughout the Campus.

Department of State

The FY 2021 Executive Budget recommends \$5 million in capital reappropriations related to the identification of Brownfield Opportunity Areas and the development of plans associated with their economic revitalization. Additionally, the Budget includes \$289 million in reappropriations for the second, third, and fourth rounds of the DRI grants and \$100 million in new funding for a fifth round of DRI grants.

Workers' Compensation Board

The FY 2021 Executive Budget includes \$68 million in capital reappropriations for the modernization of the operations of the Workers' Compensation Board. Ongoing modernization efforts include the acquisition and development of technology, including equipment, software, and services, to improve the delivery of benefits to injured workers and their employers.

Information Technology

The IT Strategic Governance Process is used to evaluate proposed projects across State government to eliminate duplicative efforts, link development to enterprise technologies, and prioritize projects for funding. Projects that are approved through this process are eligible for IT Innovation Capital funding. The Capital Plan projects a total of \$163 million in disbursements for FY 2021 to fund several projects, including:

- Systems to support the consolidation of administrative and human resource functions;
- Replacement of outdated health and human services legacy systems; and
- Modernization of several agency legacy systems, including those for DCS, DTF, and DMV.

The IT Innovation Capital Fund achieved several accomplishments during FY 2020, including:

- ITS successfully developed a portal and corresponding application to allow real estate approval management companies to register online;
- The Integrated Eligibility System program piloted a mobile application for service applicants/recipients in Chemung, Livingston, Broome, St. Lawrence and Clinton counties to upload and retrieve verification documents;
- ITS and DMV implemented several new system enhancements, including Customer Facing Devices in DMV District and County Offices to improve efficiency and streamline customer services; and,
- ITS and DCS implemented a robust Test Management System and successfully completed an online test pilot.

Other

Judiciary

The FY 2021 Executive Budget includes \$25 million in new capital project appropriations to support new and continued investments for technology, equipment associated with facility renovations, records management projects, and security infrastructure to support the work of the courts. Of the \$25 million, \$20 million is allocated for technology equipment, software, and services; \$3 million is allocated for the acquisition of x-ray machines, magnetometers, security cameras, and door access cameras; \$1 million is allocated for digital scanning, shelving, and filing systems; and \$1 million is allocated for general facility renovations and upgrades.

Department of Law

The FY 2021 Executive Budget recommends a new \$6 million capital appropriation and \$4 million in reappropriations related to on-going technology developments, including: application replacements and upgrades; and equipment refreshes. Law is working to implement a new case management system, and the consolidation and upgrade of their data center.

World Trade Center

The FY 2021 Executive Budget includes \$148 million in reappropriations for the World Trade Center to continue the reconstruction of Route 9A and facilitate State and NYC efforts to revitalize lower Manhattan.

Audit and Control

The FY 2021 Executive Budget recommends \$10 million in new capital related to IT equipment upgrades and enhancements and system modernizations. In addition, \$5 million in reappropriations related to the upgrade of the State's payroll system (PayServ). This includes the replacement of legacy equipment and an upgrade to applications which support PayServ.

Hudson River Valley Greenway

The Capital Plan includes \$20 million in reappropriations for improvements and completion of the Hudson River Valley Greenway segment of the Empire State Trail. Upon its completion in December 2020, the Trail will be recognized as the largest multi-use trail network in the nation.

Debt Overview

State debt levels, as measured by common benchmarks, are summarized below. All measures reflect the total level of State-related debt issued for all State purposes as described in the “Introduction” section of this Plan.

State Debt as a Percent of Personal Income

The State debt projections from FY 2021 to FY 2025 reflect a 3.1 percent average annual increase in debt levels and a 4.2 percent average annual increase in statewide personal income. As a result, debt as a percentage of personal income is expected to remain relatively consistent over the five-year Plan period, settling at 4.0 percent in FY 2025.

Over a longer time horizon, State-related debt outstanding as a percentage of personal income is projected to drop from 5.9 percent in FY 2011 to 4.0 percent in FY 2025. This decline can be largely attributed to the rapid retirement of State debt, including tobacco bonds. State-related debt outstanding declined for five consecutive years from a high point of \$56.4 billion in FY 2012 to \$50.7 billion in FY 2017, its lowest point since FY 2008. Debt has subsequently increased through FY 2020 to \$57.0 billion. However, from FY 2011 through FY 2020, debt as a percent of personal income dropped from 5.9 percent to 4.1 percent. Over that period, personal income grew at 4.3 percent annually, while state debt increased by 0.3 percent.

State Debt Outstanding

The 0.8 percent average growth in State-related debt from FY 2011 to FY 2021 is less than the average annual growth in inflation and personal income.

The overall average increase in debt outstanding from FY 2011 to FY 2025 (including tobacco bonds) is 1.5 percent.

State Debt Per Capita

The average annual growth in debt per capita is less than the growth in inflation over the past ten years, while population has remained steady over the same time period.

State-related debt per capita is projected to increase from \$2,873 in FY 2011 to \$3,517 in FY 2025, an average annual increase of 1.5 percent. The State’s population of almost 19.5 million is projected to remain relatively consistent over the Capital Plan period. Thus, the projected increase in debt per capita over the Capital Plan period results primarily from the issuance of new debt to fund new State capital projects.

As shown in the previous chart, New York’s debt per capita in FY 2019 of \$2,739 ranked seventh highest in the nation. Connecticut, Massachusetts, Hawaii, New Jersey, Delaware, and Illinois have higher debt per capita ratios than New York.

Debt Service

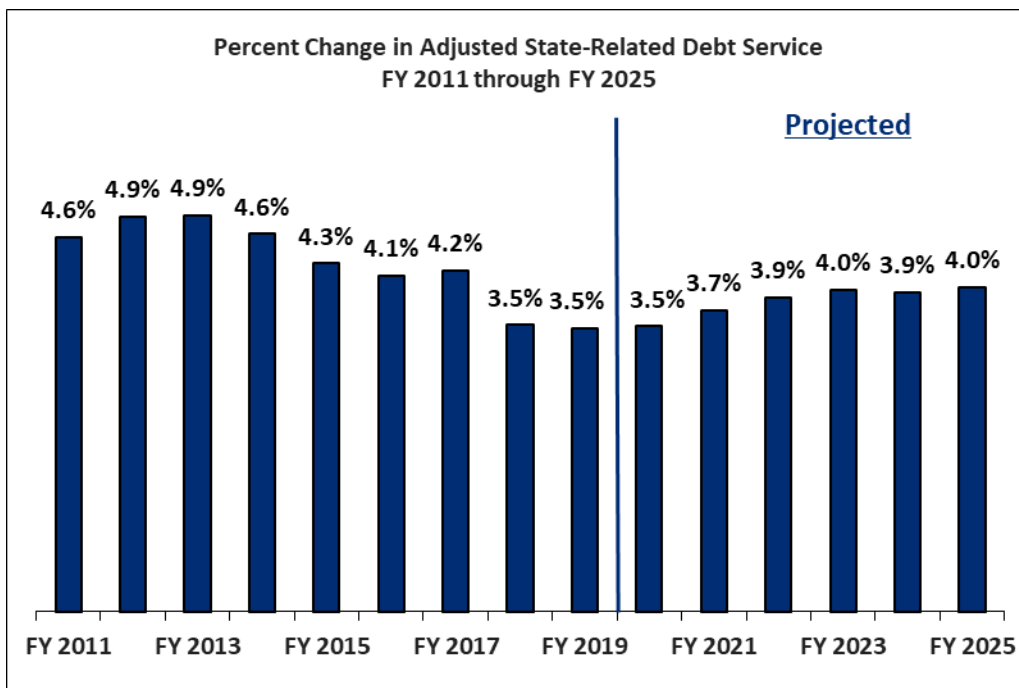

From FY 2021 through FY 2025 after adjusting for debt service prepayments, debt service costs are projected to increase by an average of 4.2 percent annually, while All Funds receipts are projected to grow by 2.4 percent annually. Thus, debt service costs are projected to be about 4.0 percent of the All Funds budget in FY 2025.

Adjusting for prepayments, State-related debt service as a percentage of the All Funds Budget is projected to decrease from 4.6 percent in FY 2011 to 4.0 percent at the end of FY 2025. Since FY 2011, debt service has grown due to the issuance of bonds to finance the State’s capital needs.

The 0.6 percent average annual rate of growth in adjusted debt service from FY 2011 through FY 2021 is lower than the growth in inflation of 1.7 percent and the 2.8 percent growth in State revenue during that same time period.

Debt service growth after adjusting for prepayments is projected to average roughly 4.2 percent in the forecast period due to continued support for the State’s capital program.

The table below provides the detailed data to support previous graphs.

DEBT AFFORDABILITY MEASURES											
(in millions)											
Fiscal Year	Population	Personal Income	All Funds	State-Related Debt Outstanding				State-Related Debt Service

Detailed Data

Interest Rate Exchange Agreements and Variable Rate Exposure

Article 5-D of the State Finance Law authorizes the use of a limited amount of variable rate obligations and interest rate exchange agreements (“swaps”). The statute was implemented as a debt management tool to lower debt service costs, diversify the State’s debt portfolio and to better match variable rate debt exposure to variable rate earnings on the State’s short-term investments. Issuers of State-supported bonds may enter into variable rate debt instruments that result in a maximum net variable rate exposure of 15 percent of State-supported debt. Issuers may also enter into interest rate exchange agreements in a total notional amount that does not exceed 15 percent of State-supported debt, subject to various criteria established in the statute to reduce risk.

Interest Rate Exchange Agreements (Swaps)

The following table shows the amount of outstanding interest rate exchange agreements which are subject to the statutory cap. Overall, the State’s swap exposure is expected to decline from 2.2 percent in FY 2020 to 0.8 percent in FY 2025.

INTEREST RATE EXCHANGE CAP (millions of dollars)						
	FY 2020 Current	FY 2021 Proposed	FY 2022 Projected	FY 2023 Projected	FY 2024 Projected	FY 2025 Projected
Interest Rate Exchange Cap	8,517	9,033	9,412	9,715	10,041	10,249
Notional Amounts of Interest Rate Exchange Agreements	1,277	1,062	927	794	650	526
Percent of Interest Rate Exchange Agreements to Debt Outstanding	2.2%	1.8%	1.5%	1.2%	1.0%	0.8%

Currently the State’s swaps portfolio is comprised of synthetic fixed rate swaps. A synthetic fixed swap includes two separate transactions: (i) a variable rate bond is sold to bondholders, and (ii) an interest rate exchange agreement between the State and a counterparty is executed. The interest rate exchange agreement results in the State paying a fixed interest rate (i.e., synthetic fixed rate) to the counterparty and the counterparty agrees to pay the State a variable rate (65 percent of LIBOR for all State swaps). The variable rate the State pays to bondholders and the variable rate the State is receiving from the counterparty offset each other, leaving the State with the synthetic fixed rate payment. The synthetic fixed rate was less than the fixed rate the State would have paid to issue traditional fixed rate bonds at that time.

In July 2017, it was announced that LIBOR would be phased out by 2021. The State is evaluating its options to transition its swaps prior to that time.

The State has no plans to increase its swap exposure.

Variable Rate Exposure

The State’s net variable rate exposure (including a policy reserve) is projected to average 0.6 percent of outstanding debt from FY 2020 through FY 2025. The debt that is counted against the variable rate cap represents the State’s unhedged variable rate bonds. The variable rate bonds that are issued in connection with a swap are not included in the variable rate cap.

The State’s current policy is to count 35 percent of the notional amount of outstanding 65 percent of the LIBOR fixed rate swaps in its variable rate exposure. This policy reserve accounts for the potential that tax policy or market conditions could result in significant differences between payments owed on the bonds and the amount received by the State under its 65 percent of LIBOR swaps, and that the factors affecting such payments can be consistent with variable rate exposure.

VARIABLE RATE EXPOSURE (millions of dollars)						
	FY 2020 Current	FY 2021 Proposed	FY 2022 Projected	FY 2023 Projected	FY 2024 Projected	FY 2025 Projected
Variable Rate Exposure Cap	8,517	9,033	9,412	9,715	10,041	10,249
Current Unhedged Variable Rate Obligations	97	90	90	90	90	85
Additional Planned Variable Rate Exposure	0	0	0	0	0	0
Total Net Variable Rate Exposure	97	90	90	90	90	85
Net Variable Rate Exposure to Debt Outstanding	0.2%	0.1%	0.1%	0.1%	0.1%	0.1%
Current Policy Reserve for LIBOR Swaps	447	372	324	278	228	184
Net Variable Rate Exposure (with Policy Reserve)	544	462	414	368	317	269
Net Variable Rate Exposure (with Policy Reserve) to Debt Outstanding	1.0%	0.8%	0.7%	0.6%	0.5%	0.4%

Bond Caps

Bond caps provide the legal authorizations to issue bonds to finance a portion of the State’s Capital Plan. Bond caps can finance a single year’s appropriations or can be for multi-year periods. As the bond cap for a particular programmatic purpose is reached, subsequent legislative changes are required to raise the statutory caps to the level necessary to meet the bondable capital needs. A total of \$10.3 billion of increased bond authorizations are included in the Capital Plan. The following table details the bond cap authorizations for all State-supported debt, including legislative actions included in the Capital Plan.

State Debt Detail

The tables that follow provide a comprehensive listing of all current and projected State debt outstanding, debt service costs, debt retirements, and new debt issuances.

State-related debt levels reported in the tables are cash-basis amounts that are consistent with the GAAP basis debt levels reported in the CAFR. Thus, it reflects all debt issued by the State (including blended component units) for Government activities and Business-type activities as defined in the CAFR.

The tables do not include debt that is issued by, or on behalf of, local governments that may be funded in part by State local assistance aid payments. However, such debt is reflected in the respective financial statements of the local governments responsible for the issuance of such debt.

DHBTF Detail

This section is provided to comply with the requirements of the amendment to Section 22-c of the State Finance Law as added by Chapter 62 of the Laws of 2006 and amended by Chapter 61 of the Laws of 2006 and Chapter 59 of the Laws of 2009.

The following table provides projected receipt, disbursement, and transfer amounts for the DHBTF. Projected spending from this Fund, including DMV, will total \$10.0 billion over the next five fiscal years, which represents nearly half of the total transportation-related spending for capital projects estimated during that period. Projected negative fund closing balances are caused by timing differences between disbursements and receipts.

¹Includes \$65.993 million annual transfer in permanent statute.

²Does not include possible transfers from State Capital Projects Fund or Dedicated Infrastructure Investment Fund.

The DHBTF had a financing gap, or deficit, of \$730 million in FY 2020, and \$658 million is projected in FY 2021. Gaps increase further in the outyears, for a total gap of \$3.4 billion from FY 2021 through FY 2025. This deficit is reflected in the preceding table as being funded by revenues transferred from the General Fund. These projections are based upon estimates of revenues, bond proceeds, transfers, debt service, and program disbursements. These gap estimates are the result of an imbalance in the DHBTF between projected revenues and expenditures.

The table below provides DHBTF bond coverage ratios for prior periods.

DEDICATED HIGHWAY AND BRIDGE TRUST FUND BOND COVERAGE RATIOS FOR PRIOR PERIODS				
<u>FY 2017</u>	<u>FY 2018</u>	<u>FY 2019</u>	<u>FY 2020</u>	<u>FY 2021</u>
4.0	4.5	4.8	4.9	18.9

The table below provides recent DHBTF appropriations for debt service.

<u>Executive FY 2019</u>	<u>Executive FY 2020</u>	<u>Executive FY 2021</u>
\$280,300,000	\$500,500,000	\$200,500,000

Increasing Opportunity for Minority and Women-Owned Business Enterprises

The New York State Department of Transportation's Purchasing Bureau, which has a dedicated M/WBE compliance unit, aggressively promotes the use of M/WBE firms by our internal customers for those commodities and services costing less than \$200,000. As part of the outreach process, the Department provides all prospective vendors with an updated version in both paper and electronic form of the publication "How to do Business with the New York State Department of Transportation." Only M/WBEs certified by ESD's M/WBEs are used to fulfill goals on 100 percent State funded projects and/or goods and services.

The Department is one of four agencies in New York that are authorized to certify businesses as DBEs, which is a Federal (USDOT) certification program. The other three certifying agencies are the MTA, NFTA, and PANYNJ. A memorandum of agreement with ESD has been signed that expedites the review and approval process for DBEs to become certified as M/WBEs.

The Department establishes annual goals for M/WBE participation for construction contracts, professional service agreements (including civil engineering), and for the procurement of goods and services. The Department reviews these goals and takes appropriate measures to help ensure attainment, including the removal of barriers to participating in NYSDOT contracts. These goals are based on projected opportunities and the availability of certified M/WBEs in relation to the projected areas of opportunity.

The Department established a “Diversity Procurement Team” to explore ways to broaden the participation of M/WBEs in NYSDOT’s contracting and investigate innovative approaches to improving the number of M/WBEs working on NYSDOT’s contracts.

The Department submits its Annual Goal Plan to the director of the State Division of Minority and Women Business Development.

The Department partners regularly with Federal, State, and local agencies, as well as industry/professional associations and community-based organizations to conduct outreach to the M/WBE community regarding contract opportunities and the Department's contracting methods (i.e., lowest responsible bidder, best value, discretionary purchasing, etc.). These organizations include: the Federal Highway Administration, ESD, PANYNJ, the Association of General Contractors, General Contracting Association, and the Association of Minority Enterprises of New York.

The Office of Civil Rights has conducted, and will continue to conduct, D/M/WBE outreach and business networking events that will focus on upcoming Department contracting opportunities in an effort to encourage and increase D/M/WBE participation.

The Department will also continue to implement targeted supportive services to DBEs using Federal funds. Since most DBEs are also certified M/WBEs, these supportive services will benefit firms in both contracting programs. The Governor remains committed to expanding M/WBE participation in State contracting, and has now set a 30 percent M/WBE utilization goal. Furthermore, the Department is developing a pilot Mentor/Protégé program as a strategy for DBEs to increase their contracting opportunities.

Additionally, the Department will summarize its program efforts and results to both the Federal Highway Administration and ESD in the plans and reports required by those agencies.

URI	Upstate Revitalization Initiative
USDOT	United States Department of Transportation
VLT	Video Lottery Terminal

Agency Summary and Detail Tables

Agency Summary and Detail Tables

The following tables provide a summary of projected appropriations, commitments, and disbursements for each agency on both a comprehensive construction program and capital projects fund basis. Immediately following the agency summary table are detailed projected disbursements for each fiscal year, beginning in FY 2021, by individual appropriation on a comprehensive construction program basis. The disbursements on these tables reflect projected spending from reappropriations and new appropriations effective for State FY 2021 and beyond, as well as appropriations anticipated to be recommended in future State fiscal years from FY 2022 through FY 2025. All amounts are in thousands of dollars.

Reappropriations and appropriations in the Executive Budget represent the estimated costs for the various agencies and the respective comprehensive construction programs. Each of the reappropriations, new appropriations, and future appropriations are identified by a reference number, as required by section 22-c of the State Finance Law. These individual eight-character reference numbers are included at the end of the text for each Executive appropriation, and the fifth and sixth characters identify the State fiscal year in which it was originally enacted. Reference numbers for new appropriations for FY 2021 will display 19 as the fifth and sixth characters.
