2 tive to the rate in effect on such date.

3 For rates effective on and after October first, two thousand twenty-

14 (ii) Such accreditation agencies shall report data and information, in
15 a manner and form as determined by the department, pertaining to those
16 assisted living residences accredited by such agencies, those assisted

20 (iii) Notwithstanding the provisions of subparagraph one of this para-
21 graph, or any other provision of law, assisted living residences which
22 have obtained accreditation from a nationally recognized accreditation
23 organization approved by the department and which meet eligibility
24 criteria, as determined by the department, may, at the discretion of the
25 commissioner, be exempt from the department inspection required in this
26 subdivision for the duration they maintain their accreditation in good
27 standing. The operator of an adult care facility that obtains but subse-

17 4. The terms of this section shall apply equally to services provided
18 by home care aides who work on episodes of care as direct employees of
19 certified home health agencies, long term home health care programs, or
20 managed care plans, or as employees of licensed home care services agen-

13 other manner. Such written certification shall also verify that the
14 certified home health agency, long term home health care program, or
15 managed care plan has received from the licensed home care services
16 agency, [fiscal intermediary,] or other third party an annual statement
17 of wage parity hours and expenses on a form provided by the department
18 of labor accompanied by an independently-audited financial statement
19 verifying such expenses.

15 plan all information from the licensed home care services agency,
16 [fiscal intermediary] or other third party necessary to verify compli-

27 and in addition thereto the contract on which the violation has occurred
28 shall be forfeited; and no such person or corporation shall be entitled

1 to receive any sum nor shall any officer, agent or employee of the state
2 pay the same or authorize its payment from the funds under his or her

8 9. Nothing in this section should be construed as applicable to any
9 service provided by certified home health agencies, licensed home care
10 services agencies, long term home health care programs[,] or managed
11 care plans[, or fiscal intermediaries] except for all episodes of care
12 reimbursed in whole or in part by the New York Medicaid program.

13 10. No certified home health agency, managed care plan, or long term
14 home health care program shall be liable for recoupment of payments or
15 any other penalty under this section for services provided through a
16 licensed home care services agency, [fiscal intermediary,] or other
17 third party with which the certified home health agency, long term home
18 health care program, or managed care plan has a contract because the
19 licensed agency, [fiscal intermediary,] or other third party failed to
20 comply with the provisions of this section if the certified home health
21 agency, long term home health care program, or managed care plan has
22 reasonably and in good faith collected certifications and all informa-
23 tion required pursuant to this section and conducts the monitoring and
24 reporting required by this section.

28 bidder addressed such issues in a timely manner; and

1 (M) any other criteria deemed appropriate by the commissioner.

25 to this subdivision; and

26 (E) Upon award, the managed long term care plans that the commissioner

10 with such agencies.

11 (B) The commissioner may make awards under this subdivision, for each
12 product for which proposals were requested, to two or more managed long
13 term care plans in each geographic region defined by the commissioner in
14 the request for proposals for which at least two managed long term care
15 plans have submitted a proposal, and shall have discretion to offer more
16 contracts based on need for access.

17 (C) Managed long term care plans awarded under this subdivision shall
18 be entitled to enter into a contract with the department for the purpose
19 of providing health and long term care services to enrollees who are
20 eligible under title XIX of the federal social security act. Such
21 contracts shall run for a term to be determined by the commissioner,
22 which may be renewed or modified from time to time without a new request
23 for proposals, to ensure consistency with changes in federal and state

5 (E) Nothing in this paragraph or other provision of this section shall
6 be construed to limit in any way the ability of the department to issue

13 basis, including a lack of adequate and appropriate care, language and
14 cultural competence, or special needs services, the commissioner may
15 reissue a request for proposals as provided for under paragraph (a) of
16 this subdivision, provided however that such request may be limited to
17 the geographic or other basis of need that the request for proposals
18 seeks to address. Any awards made shall be subject to the requirements
19 of this section, including but not limited to the minimum and maximum
20 number of awards in a region.

21 [(d)] (c) (i) Effective April first, two thousand twenty, and expiring
22 [March thirty-first, two thousand twenty-seven] on the date the commis-

24 accordance with subparagraph (iv) of paragraph (a) of this subdivision,
25 the commissioner shall place a moratorium on the processing and approval
26 of applications seeking a certificate of authority as a managed long
27 term care plan pursuant to this section, including applications seeking
28 authorization to expand an existing managed long term care plan's

2 moratorium shall not apply to:

3 (A) applications submitted to the department prior to January first,
4 two thousand twenty;

5 (B) applications seeking approval to transfer ownership or control of
6 an existing managed long term care plan;

7 (C) applications demonstrating to the commissioner's satisfaction that
8 submission of the application for consideration would be appropriate to
9 address a serious concern with care delivery, such as a lack of adequate
10 access to managed long term care plans in a geographic area or a lack of
11 adequate and appropriate care, language and cultural competence, or
12 special needs services; and

13 (D) applications seeking to operate under the PACE (Program of All-In-

16 serve individuals dually eligible for services and benefits under titles
17 XVIII and XIX of the federal social security act in conjunction with an
18 affiliated Medicare Dual Eligible Special Needs Plan, based on the need
19 for such plans and the experience of applicants in serving dually eligi-

22 the public need for managed long term care plans that are not integrated

24 high quality and cost effective care for their membership, and based on
25 such assessment develop a process and conduct an orderly wind-down and
26 elimination of such plans, which shall coincide with the expiration of
27 the moratorium unless the commissioner determines that a longer wind-
28 down period is needed.

1 [(e) For the duration of the moratorium under paragraph (d) of this
2 subdivision] (d) From April first, two thousand twenty, until March
3 thirty-first, two thousand twenty-four, the commissioner shall estab-

6 cap) for each managed long term care plan, subject to subparagraphs (ii)
7 and (iii) of this paragraph, based on a percentage of each plan's
8 reported enrollment as of October first, two thousand twenty.

9 (i) The specific percentage of each plan's enrollment cap shall be
10 established by the commissioner based on: (A) the ability of individuals
11 eligible for such plans to access health and long term care services,
12 (B) plan quality of care scores, (C) historical plan disenrollment, (D)
13 the projected growth of individuals eligible for such plans in different
14 regions of the state, (E) historical plan enrollment of patients with
15 varying levels of need and acuity, and (F) other factors in the commis-
16 sioner's discretion to ensure compliance with federal requirements,
17 appropriate access to plan services, and choice by eligible individuals.

18 (ii) In the event that a plan exceeds its annual enrollment cap, the
19 commissioner is authorized under this paragraph to retain all or a
20 portion of the premium withheld based on the amount over which a plan
21 exceeds its enrollment cap. Penalties assessed pursuant to this subdivi-
22 sion shall be determined by regulation.

23 (iii) The commissioner may not establish an annual cap on total
24 enrollment under this paragraph for plans' lines of business operating
25 under the PACE (Program of All-Inclusive Care for the Elderly) model as
26 authorized by federal public law 105-33, subtitle I of title IV of the
27 Balanced Budget Act of 1997, or that serve individuals dually eligible
28 for services and benefits under titles XVIII and XIX of the federal

1 social security act in conjunction with an affiliated Medicare Dual
2 Eligible Special Needs Plan.

3 [(f) In implementing the provisions of paragraphs (d) and (e) of this
4 subdivision, the commissioner shall, to the extent practicable, consider
5 and select methodologies that seek to maximize continuity of care and
6 minimize disruption to the provider labor workforce, and shall, to the
7 extent practicable and consistent with the ratios set forth herein,
8 continue to support contracts between managed long term care plans and
9 licensed home care services agencies that are based on a commitment to
10 quality and value.]

3 by section 9 of part B of chapter 57 of the laws of 2019, paragraphs
4 (c) and (d) of subdivision 2 as amended and paragraph (e) of subdivision
5 2 as added by section 2 of part FFF of chapter 56 of the laws of 2020,
6 the opening paragraph of paragraph (a) of subdivision 6 and paragraph
7 (a) of subdivision 7 as amended by sections 3 and 4, respectively, of
8 part GG of chapter 56 of the laws of 2020, is amended to read as
9 follows:

10 § 280. Medicaid drug cap. 1. The legislature hereby finds and declares
11 that there is a significant public interest for the Medicaid program to
12 manage drug costs in a manner that ensures patient access while provid-
13 ing financial stability for the state and participating providers.
14 Since two thousand eleven, the state has taken significant steps to
15 contain costs in the Medicaid program by imposing a statutory limit on
16 annual growth. Drug expenditures, however, continually outpace other
17 cost components causing significant pressure on the state, providers,
18 and patient access operating under the Medicaid global cap. It is there-
19 fore intended that the department establish a [Medicaid drug cap as a
20 separate component within the Medicaid global cap] supplemental rebate
21 program as part of a focused and sustained effort to balance the growth
22 of drug expenditures with the growth of total Medicaid expenditures.

23 2. The commissioner shall [establish a year to year] review at least
24 annually the department of health state funds Medicaid drug [expenditure
25 growth target as follows:

26 (a) for state fiscal year two thousand seventeen--two thousand eigh-
27 teen, be limited to the ten-year rolling average of the medical compo-

1 nent of the consumer price index plus five percent and minus a pharmacy
2 savings target of fifty-five million dollars; and

3 (b) for state fiscal year two thousand eighteen--two thousand nine-
4 teen, be limited to the ten-year rolling average of the medical compo-
5 nent of the consumer price index plus four percent and minus a pharmacy
6 savings target of eighty-five million dollars;

7 (c) for state fiscal year two thousand nineteen--two thousand twenty,
8 be limited to the ten-year rolling average of the medical component of
9 the consumer price index plus four percent and minus a pharmacy savings
10 target of eighty-five million dollars;

11 (d) for state fiscal year two thousand twenty--two thousand twenty-
12 one, be limited to the ten-year rolling average of the medical component
13 of the consumer price index plus two percent; and

14 (e) for state fiscal year two thousand twenty-one--two thousand twen-
15 ty-two and fiscal years thereafter, be limited in accordance with subdi-
16 vision one of section ninety-one of part H of chapter fifty-nine of the
17 laws of two thousand eleven, as amended] expenditures to identify drugs,
18 including but not limited to, drugs in the eightieth percentile or high-
19 er of total spend, net of rebate or in the eightieth percentile or high-
20 er based on cost per claim, net of rebate.

21 3. (a) The [department and the division of the budget shall assess on
22 a quarterly basis the projected total amount to be expended in the year
23 on a cash basis by the Medicaid program for each drug, and the projected
24 annual amount of state funds Medicaid drug expenditures on a cash basis
25 for all drugs, which shall be a component of the projected department of
26 health state funds Medicaid expenditures calculated for purposes of
27 sections ninety-one and ninety-two of part H of chapter fifty-nine of
28 the laws of two thousand eleven. For purposes of this section, state

1 funds Medicaid drug expenditures include amounts expended for drugs in
2 both the Medicaid fee-for-service program and Medicaid managed care
3 programs, minus the amount of any drug rebates or supplemental drug
4 rebates received by the department, including rebates pursuant to subdi-
5 vision five of this section with respect to rebate targets. The depart-
6 ment and the division of the budget shall report in December of each
7 year, for the prior April through October, to the drug utilization
8 review board the projected state funds Medicaid drug expenditures
9 including the amounts, in aggregate thereof, attributable to the net
10 cost of: changes in the utilization of drugs by Medicaid recipients;
11 changes in the number of Medicaid recipients; changes to the cost of
12 brand name drugs and changes to the cost of generic drugs. The informa-
13 tion contained in the report shall not be publicly released in a manner
14 that allows for the identification of an individual drug or manufacturer
15 or that is likely to compromise the financial competitive, or proprie-
16 tary nature of the information.

17 (a) In the event the director of the budget determines, based on Medi-
18 caid drug expenditures for the previous quarter or other relevant infor-
19 mation, that the total department of health state funds Medicaid drug
20 expenditure is projected to exceed the annual growth limitation imposed
21 by subdivision two of this section, the] commissioner may identify and
22 refer drugs, including but not limited to, drugs in the eightieth
23 percentile or higher of total spend, net of rebate or in the eightieth
24 percentile or higher based on cost per claim, net of rebate, to the drug
25 utilization review board established by section three hundred sixty-
26 nine-bb of the social services law for a recommendation as to whether a
27 target supplemental Medicaid rebate should be paid by the manufacturer
28 of the drug to the department and the target amount of the rebate.

1 (b) If the department intends to refer a drug to the drug utilization
2 review board pursuant to paragraph (a) of this subdivision, the depart-
3 ment shall notify the manufacturer of such drug and shall attempt to
4 reach agreement with the manufacturer on a rebate for the drug prior to
5 referring the drug to the drug utilization review board for review.
6 Such rebate may be based on evidence-based research, including, but not
7 limited to, such research operated or conducted by or for other state
8 governments, the federal government, the governments of other nations,
9 and third party payers or multi-state coalitions, provided however that
10 the department shall account for the effectiveness of the drug in treat-
11 ing the conditions for which it is prescribed or in improving a
12 patient's health, quality of life, or overall health outcomes, and the
13 likelihood that use of the drug will reduce the need for other medical
14 care, including hospitalization.

15 (c) In the event that the commissioner and the manufacturer have
16 previously agreed to a supplemental rebate for a drug pursuant to para-
17 graph (b) of this subdivision or paragraph (e) of subdivision seven of
18 section three hundred sixty-seven-a of the social services law, the drug
19 shall not be referred to the drug utilization review board for any
20 further supplemental rebate for the duration of the previous rebate
21 agreement, provided however, the commissioner may refer a drug to the
22 drug utilization review board if the commissioner determines there are
23 significant and substantiated utilization or market changes, new
24 evidence-based research, or statutory or federal regulatory changes that
25 warrant additional rebates. In such cases, the department shall notify
26 the manufacturer and provide evidence of the changes or research that
27 would warrant additional rebates, and shall attempt to reach agreement

1 with the manufacturer on a rebate for the drug prior to referring the
2 drug to the drug utilization review board for review.

3 (d) The department shall consider a drug's actual cost to the state,
4 including current rebate amounts, prior to seeking an additional rebate
5 pursuant to paragraph (b) or (c) of this subdivision.

6 (e) [The commissioner shall be authorized to take the actions
7 described in this section only so long as total Medicaid drug expendi-
8 tures are projected to exceed the annual growth limitation imposed by
9 subdivision two of this section.] If the commissioner is unsuccessful in
10 entering into a rebate arrangement with the manufacturer of the drug
11 satisfactory to the department, the drug manufacturer shall, in that
12 event be required to provide to the department, on a standard reporting
13 form developed by the department, the following information:

14 (i) the actual cost of developing, manufacturing, producing (including
15 the cost per dose of production), and distributing the drug;

16 (ii) research and development costs of the drug, including payments to
17 predecessor entities conducting research and development, such as
18 biotechnology companies, universities and medical schools, and private
19 research institutions;

20 (iii) administrative, marketing, and advertising costs for the drug,
21 apportioned by marketing activities that are directed to consumers,
22 marketing activities that are directed to prescribers, and the total
23 cost of all marketing and advertising that is directed primarily to
24 consumers and prescribers in New York, including but not limited to
25 prescriber detailing, copayment discount programs, and direct-to-consum-
26 er marketing;

27 (iv) the extent of utilization of the drug;

1 (v) prices for the drug that are charged to purchasers outside the
2 United States;

3 (vi) prices charged to typical purchasers in the state, including but
4 not limited to pharmacies, pharmacy chains, pharmacy wholesalers, or
5 other direct purchasers;

6 (vii) the average rebates and discounts provided per payer type in the
7 state; and

8 (viii) the average profit margin of each drug over the prior five-year
9 period and the projected profit margin anticipated for such drug.

10 (f) All information disclosed pursuant to paragraph (e) of this subdi-
11 vision shall be considered confidential and shall not be disclosed by
12 the department in a form that identifies a specific manufacturer or
13 prices charged for drugs by such manufacturer.

14 4. In determining whether to recommend a target supplemental rebate
15 for a drug, the drug utilization review board shall consider the actual
16 cost of the drug to the Medicaid program, including federal and state
17 rebates, and may consider, among other things:

18 (a) the drug's impact on the Medicaid drug spending growth target and
19 the adequacy of capitation rates of participating Medicaid managed care
20 plans, and the drug's affordability and value to the Medicaid program;
21 or

22 (b) significant and unjustified increases in the price of the drug; or

23 (c) whether the drug may be priced disproportionately to its therapeu-
24 tic benefits.

25 5. (a) If the drug utilization review board recommends a target rebate
26 amount on a drug referred by the commissioner, the department shall
27 negotiate with the drug's manufacturer for a supplemental rebate to be
28 paid by the manufacturer in an amount not to exceed such target rebate

1 amount. [A rebate requirement shall apply beginning with the first day
2 of the state fiscal year during which the rebate was required without
3 regard to the date the department enters into the rebate agreement with
4 the manufacturer.]

5 (b) The supplemental rebate required by paragraph (a) of this subdivi-
6 sion shall apply to drugs dispensed to enrollees of managed care provid-
7 ers pursuant to section three hundred sixty-four-j of the social
8 services law and to drugs dispensed to Medicaid recipients who are not
9 enrollees of such providers.

10 (c) [If the drug utilization review board recommends a target rebate
11 amount for a drug and the department is unable to negotiate a rebate
12 from the manufacturer in an amount that is at least seventy-five percent
13 of the target rebate amount, the commissioner is authorized to waive the
14 provisions of paragraph (b) of subdivision three of section two hundred
15 seventy-three of this article and the provisions of subdivisions twen-
16 ty-five and twenty-five-a of section three hundred sixty-four-j of the
17 social services law with respect to such drug; however, this waiver
18 shall not be implemented in situations where it would prevent access by
19 a Medicaid recipient to a drug which is the only treatment for a partic-
20 ular disease or condition. Under no circumstances shall the commissioner
21 be authorized to waive such provisions with respect to more than two
22 drugs in a given time.

23 (d)] Where the department and a manufacturer enter into a rebate
24 agreement pursuant to this section, which may be in addition to existing
25 rebate agreements entered into by the manufacturer with respect to the
26 same drug, no additional rebates shall be required to be paid by the
27 manufacturer to a managed care provider or any of a managed care provid-

1 er's agents, including but not limited to any pharmacy benefit manager,
2 while the department is collecting the rebate pursuant to this section.

3 [(e)] (d) In formulating a recommendation concerning a target rebate
4 amount for a drug, the drug utilization review board may consider:

5 (i) publicly available information relevant to the pricing of the
6 drug;

7 (ii) information supplied by the department relevant to the pricing of
8 the drug;

9 (iii) information relating to value-based pricing provided, however,
10 if the department directly invites any third party to provide cost-ef-
11 fectiveness analysis or research related to value-based pricing, and the
12 department receives and considers such analysis or research for use by
13 the board, such third party shall disclose any funding sources. The
14 department shall, if reasonably possible, make publicly available the
15 following documents in its possession that it relies upon to provide
16 cost effectiveness analyses or research related to value-based pricing:

17 (A) descriptions of underlying methodologies; (B) assumptions and limi-
18 tations of research findings; and (C) if available, data that presents
19 results in a way that reflects different outcomes for affected subpopu-
20 lations;

21 (iv) the seriousness and prevalence of the disease or condition that
22 is treated by the drug;

23 (v) the extent of utilization of the drug;

24 (vi) the effectiveness of the drug in treating the conditions for
25 which it is prescribed, or in improving a patient's health, quality of
26 life, or overall health outcomes;

27 (vii) the likelihood that use of the drug will reduce the need for
28 other medical care, including hospitalization;

1 (viii) the average wholesale price, wholesale acquisition cost, retail
2 price of the drug, and the cost of the drug to the Medicaid program
3 minus rebates received by the state;

4 (ix) in the case of generic drugs, the number of pharmaceutical
5 manufacturers that produce the drug;

6 (x) whether there are pharmaceutical equivalents to the drug; and

7 (xi) information supplied by the manufacturer, if any, explaining the
8 relationship between the pricing of the drug and the cost of development
9 of the drug and/or the therapeutic benefit of the drug, or that is
10 otherwise pertinent to the manufacturer's pricing decision; any such
11 information, including the information on the standard reporting form
12 requirement in paragraph (e) of subdivision three of this section,
13 provided shall be considered confidential and shall not be disclosed by
14 the drug utilization review board in a form that identifies a specific
15 manufacturer or prices charged for drugs by such manufacturer.

16 6. [(a) If the drug utilization review board recommends a target
17 rebate amount or if the commissioner identifies a drug as a high cost
18 drug pursuant to subparagraph (vii) of paragraph (e) of subdivision 7 of
19 section three hundred sixty-seven-a of the social services law and the
20 department is unsuccessful in entering into a rebate arrangement with
21 the manufacturer of the drug satisfactory to the department, the drug
22 manufacturer shall in that event be required to provide to the depart-
23 ment, on a standard reporting form developed by the department, the
24 following information:

25 (i) the actual cost of developing, manufacturing, producing (including
26 the cost per dose of production), and distributing the drug;

27 (ii) research and development costs of the drug, including payments to
28 predecessor entities conducting research and development, such as

1 biotechnology companies, universities and medical schools, and private
2 research institutions;

3 (iii) administrative, marketing, and advertising costs for the drug,
4 apportioned by marketing activities that are directed to consumers,
5 marketing activities that are directed to prescribers, and the total
6 cost of all marketing and advertising that is directed primarily to
7 consumers and prescribers in New York, including but not limited to
8 prescriber detailing, copayment discount programs, and direct-to-consum-
9 er marketing;

10 (iv) the extent of utilization of the drug;

11 (v) prices for the drug that are charged to purchasers outside the
12 United States;

13 (vi) prices charged to typical purchasers in the state, including but
14 not limited to pharmacies, pharmacy chains, pharmacy wholesalers, or
15 other direct purchasers;

16 (vii) the average rebates and discounts provided per payer type in the
17 State; and

18 (viii) the average profit margin of each drug over the prior five-year
19 period and the projected profit margin anticipated for such drug.

20 (b) All information disclosed pursuant to paragraph (a) of this subdi-
21 vision shall be considered confidential and shall not be disclosed by
22 the department in a form that identifies a specific manufacturer or
23 prices charged for drugs by such manufacturer.

24 7.] (a) [If, after] After taking into account all rebates and supple-
25 mental rebates received by the department, including rebates received to
26 date pursuant to this section[, total Medicaid drug expenditures are
27 still projected to exceed the annual growth limitation imposed by subdi-
28 vision two of this section], the commissioner may: subject any drug of a

1 manufacturer referred to the drug utilization review board under this
2 section to prior approval in accordance with existing processes and
3 procedures when such manufacturer has not entered into a supplemental
4 rebate arrangement as required by this section; direct a managed care
5 plan to limit or reduce reimbursement for a drug provided by a medical
6 practitioner if the drug utilization review board recommends a target
7 rebate amount for such drug and the manufacturer has failed to enter
8 into a rebate arrangement required by this section; direct managed care
9 plans to remove from their Medicaid formularies any drugs of a manufac-
10 turer who has a drug that the drug utilization review board recommends a
11 target rebate amount for and the manufacturer has failed to enter into a
12 rebate arrangement required by this section; promote the use of cost
13 effective and clinically appropriate drugs other than those of a
14 manufacturer who has a drug that the drug utilization review board
15 recommends a target rebate amount and the manufacturer has failed to
16 enter into a rebate arrangement required by this section; allow manufac-
17 turers to accelerate rebate payments under existing rebate contracts;
18 and such other actions as authorized by law. [The commissioner shall
19 provide written notice to the legislature thirty days prior to taking
20 action pursuant to this paragraph, unless action is necessary in the
21 fourth quarter of a fiscal year to prevent total Medicaid drug expendi-
22 tures from exceeding the limitation imposed by subdivision two of this
23 section, in which case such notice to the legislature may be less than
24 thirty days.]

25 (b) The commissioner shall be authorized to take the actions described
26 in paragraph (a) of this subdivision [only so long as total Medicaid
27 drug expenditures are projected to exceed the annual growth limitation
28 imposed by subdivision two of this section]. In addition, no such

1 actions shall be deemed to supersede the provisions of paragraph (b) of
2 subdivision three of section two hundred seventy-three of this article
3 or the provisions of subdivisions twenty-five and twenty-five-a of
4 section three hundred sixty-four-j of the social services law[, except
5 as allowed by paragraph (c) of subdivision five of this section];
6 provided further that nothing in this section shall prevent access by a
7 Medicaid recipient to a drug which is the only treatment for a partic-
8 ular disease or condition.

9 [8.] 7. The commissioner, upon request of the chair of the drug utili-
10 zation review board, shall provide a report [by July first annually to
11 the drug utilization review board] on savings achieved through the drug
12 cap in the last fiscal year. Such report shall provide data on what
13 savings were achieved [through actions pursuant to subdivisions three,
14 five and seven of this section, respectively, and what savings were
15 achieved through other means] and how such savings were calculated and
16 implemented.

17 § 5. Paragraph (e) of subdivision 7 of section 367-a of the social
18 services law, as amended by section 1 of part GG of chapter 56 of the
19 laws of 2020, the opening paragraph as amended by section 24 of part B
20 of chapter 57 of the laws of 2023, is amended to read as follows:

21 (e) During the period from April first, two thousand fifteen through
22 March thirty-first, two thousand twenty-six, the commissioner may, in
23 lieu of a managed care provider or pharmacy benefit manager, negotiate
24 directly and enter into an arrangement with a pharmaceutical manufactur-
25 er for the provision of supplemental rebates relating to pharmaceutical
26 utilization by enrollees of managed care providers pursuant to section
27 three hundred sixty-four-j of this title and may also negotiate directly
28 and enter into such an agreement relating to pharmaceutical utilization

1 by medical assistance recipients not so enrolled. Such rebate arrange-
2 ments shall be limited to the following: antiretrovirals approved by the
3 FDA for the treatment of HIV/AIDS, accelerated approval drugs estab-
4 lished pursuant to subparagraph (ix) of this paragraph, opioid depend-
5 ence agents and opioid antagonists listed in a statewide formulary
6 established pursuant to subparagraph (vii) of this paragraph, hepatitis
7 C agents, high cost drugs as provided for in subparagraph (viii) of this
8 paragraph, gene therapies as provided for in subparagraph (ix) of this
9 paragraph, and any other class or drug designated by the commissioner
10 for which the pharmaceutical manufacturer has in effect a rebate
11 arrangement with the federal secretary of health and human services
12 pursuant to 42 U.S.C. § 1396r-8, and for which the state has established
13 standard clinical criteria. No agreement entered into pursuant to this
14 paragraph shall have an initial term or be extended beyond the expira-
15 tion or repeal of this paragraph.

16 (i) The manufacturer shall not enter into any rebate arrangements with
17 a managed care provider, or any of a managed care provider's agents,
18 including but not limited to any pharmacy benefit manager on the gene
19 therapy, drug, or drug classes subject to this paragraph when the state
20 has a rebate arrangement in place and standard clinical criteria are
21 imposed on the managed care provider.

22 (ii) The commissioner shall establish adequate rates of reimbursement
23 which shall take into account both the impact of the commissioner nego-
24 tiating such arrangements and any limitations imposed on the managed
25 care provider's ability to establish clinical criteria relating to the
26 utilization of such drugs. In developing the managed care provider's
27 reimbursement rate, the commissioner shall identify the amount of
28 reimbursement for such drugs as a separate and distinct component from

1 the reimbursement otherwise made for prescription drugs as prescribed by
2 this section.

3 (iii) [The commissioner shall submit a report to the temporary presi-
4 dent of the senate and the speaker of the assembly annually by December
5 thirty-first. The report shall analyze the adequacy of rates to managed
6 care providers for drug expenditures related to the classes under this
7 paragraph.

8 (iv)] Nothing in this paragraph shall be construed to require a phar-
9 maceutical manufacturer to enter into a rebate arrangement satisfactory
10 to the commissioner relating to pharmaceutical utilization by enrollees
11 of managed care providers pursuant to section three hundred sixty-four-j
12 of this title or relating to pharmaceutical utilization by medical
13 assistance recipients not so enrolled.

14 [(v)] (iv) All clinical criteria, including requirements for prior
15 approval, and all utilization review determinations established by the
16 state as described in this paragraph for the gene therapies, drugs, or
17 drug classes subject to this paragraph shall be developed using
18 evidence-based and peer-reviewed clinical review criteria in accordance
19 with article two-A of the public health law, as applicable.

20 [(vi)] (v) All prior authorization and utilization review determi-
21 nations related to the coverage of any drug subject to this paragraph
22 shall be subject to article forty-nine of the public health law, section
23 three hundred sixty-four-j of this title, and article forty-nine of the
24 insurance law, as applicable. Nothing in this paragraph shall diminish
25 any rights relating to access, prior authorization, or appeal relating
26 to any drug class or drug afforded to a recipient under any other
27 provision of law.

1 [(vii)] (vi) The department shall publish a statewide formulary of
2 opioid dependence agents and opioid antagonists, which shall include as
3 "preferred drugs" all drugs in such classes, which shall include all
4 subclasses of a given drug that have a different pharmacological route
5 of administration, provided that:

6 (A) for all drugs that are included as of the date of the enactment of
7 this subparagraph on a formulary of a managed care provider, as defined
8 in section three hundred sixty-four-j of this title, or in the Medicaid
9 fee-for-service preferred drug program pursuant to section two hundred
10 seventy-two of the public health law, the cost to the department for
11 such drug is equal to or less than the lowest cost paid for the drug by
12 any managed care provider or by the Medicaid fee-for-service program
13 after the application of any rebates, as of the date that the department
14 implements the statewide formulary established by this subparagraph.
15 Where there is a generic version of the drug approved by the Food and
16 Drug Administration as bioequivalent to a brand name drug pursuant to 21
17 U.S.C. § 355(j)(8)(B), the cost to the department for the brand and
18 generic versions shall be equal to or less than the lower of the two
19 maximum costs determined pursuant to the previous sentence; and

20 (B) for all drugs that are not included as of the date of the enact-
21 ment of this subparagraph on a formulary of a managed care provider, as
22 defined in section three hundred sixty-four-j of this title, or in the
23 Medicaid fee-for-service preferred drug program pursuant to section two
24 hundred seventy-two of the public health law, the department is able to
25 obtain the drug at a cost that is equal to or less than the lowest cost
26 to the department of other comparable drugs in the class, after the
27 application of any rebates. Where there is a generic version of the drug
28 approved by the Food and Drug Administration as bioequivalent to a brand

1 name drug pursuant to 21 U.S.C. § 355(j)(8)(B), the cost to the depart-
2 ment for the brand and generic versions shall be equal to or less than
3 the lower of the two maximum costs determined pursuant to the previous
4 sentence.

5 [(viii)] (vii) The commissioner may identify and refer high cost
6 drugs, as defined in clause (D) of this subparagraph, that are not
7 included as of the date of the enactment of this subparagraph on a
8 formulary of a managed care provider or covered by the Medicaid fee for
9 service of program to the drug utilization review board established by
10 section three hundred sixty-nine-bb of this article for a recommendation
11 as to whether a target supplemental Medicaid rebate should be paid by
12 the manufacturer of the drug to the department and the target amount of
13 the rebate.

14 (A) If the commissioner intends to refer a high cost drug to the drug
15 utilization review board pursuant to this subparagraph, the commissioner
16 shall notify the manufacturer of such drug and shall attempt to reach
17 agreement with the manufacturer on a rebate arrangement satisfactory to
18 the commissioner for the drug prior to referring the drug to the drug
19 utilization review board for review. Such arrangement may be based on
20 evidence based research, including, but not limited to, such research
21 operated or conducted by or for other state governments, the federal
22 government, the governments of other nations, and third party payers or
23 multi-state coalitions, provided however that the department shall
24 account for the effectiveness of the drug in treating the conditions for
25 which it is prescribed or in improving a patient's health, quality of
26 life, or overall health outcomes, and the likelihood that use of the
27 drug will reduce the need for other medical care, including hospitaliza-
28 tion.

1 (B) In the event that the commissioner and the manufacturer have
2 previously agreed to a rebate arrangement for a drug pursuant to this
3 paragraph, the drug shall not be referred to the drug utilization review
4 board for any further rebate agreement for the duration of the previous
5 rebate agreement, provided however, the commissioner may refer a drug to
6 the drug utilization review board if the commissioner determines there
7 are significant and substantiated utilization or market changes, new
8 evidence-based research, or statutory or federal regulatory changes that
9 warrant additional rebates. In such cases, the department shall notify
10 the manufacturer and provide evidence of the changes or research that
11 would warrant additional rebates, and shall attempt to reach agreement
12 with the manufacturer on a rebate for the drug prior to referring the
13 drug to the drug utilization review board for review.

14 (C) If the commissioner is unsuccessful in entering into a rebate
15 arrangement with the manufacturer of the drug satisfactory to the
16 department, the drug manufacturer shall in that event be required to
17 provide to the department, on a standard reporting form developed by the
18 department, the information as described in paragraph (e) of subdivision
19 [six] three of section two hundred eighty of the public health law. All
20 information disclosed pursuant to this clause shall be considered confi-
21 dential and shall not be disclosed by the department in a form that
22 identifies a specific manufacturer or prices charged for drugs by such
23 manufacturer.

24 (D) For the purposes of this subparagraph, the term "high cost drug"
25 shall mean a brand name drug or biologic that has a launch wholesale
26 acquisition cost of thirty thousand dollars or more per year or course
27 of treatment, or a biosimilar drug that has a launch wholesale acquisi-
28 tion cost that is not at least fifteen percent lower than the referenced

1 brand biologic at the time the biosimilar is launched, or a generic drug
2 that has a wholesale acquisition cost of one hundred dollars or more for
3 a thirty day supply or recommended dosage approved for labeling by the
4 federal Food and Drug Administration, or a brand name drug or biologic
5 that has a wholesale acquisition cost increase of three thousand dollars
6 or more in any twelve-month period, or course of treatment if less than
7 twelve months.

8 [(ix)] (viii) For purposes of this paragraph, a "gene therapy" is a

25 half of the remaining fifty percent of the premium to the provider of
26 excess insurance coverage or equivalent excess coverage, and the remain-

11 professional medical conduct, as amended by section 4 of part F of chap-
12 ter 57 of the laws of 2023, is amended to read as follows:

13 § 40. The superintendent of financial services shall establish rates
14 for policies providing coverage for physicians and surgeons medical
15 malpractice for the periods commencing July 1, 1985 and ending June 30,
16 [2024] 2025; provided, however, that notwithstanding any other provision
17 of law, the superintendent shall not establish or approve any increase
18 in rates for the period commencing July 1, 2009 and ending June 30,
19 2010. The superintendent shall direct insurers to establish segregated
20 accounts for premiums, payments, reserves and investment income attrib-
21 utable to such premium periods and shall require periodic reports by the
22 insurers regarding claims and expenses attributable to such periods to
23 monitor whether such accounts will be sufficient to meet incurred claims
24 and expenses. On or after July 1, 1989, the superintendent shall impose
25 a surcharge on premiums to satisfy a projected deficiency that is
26 attributable to the premium levels established pursuant to this section
27 for such periods; provided, however, that such annual surcharge shall
28 not exceed eight percent of the established rate until July 1, [2024]

1 2025, at which time and thereafter such surcharge shall not exceed twen-
2 ty-five percent of the approved adequate rate, and that such annual
3 surcharges shall continue for such period of time as shall be sufficient
4 to satisfy such deficiency. The superintendent shall not impose such
5 surcharge during the period commencing July 1, 2009 and ending June 30,
6 2010. On and after July 1, 1989, the surcharge prescribed by this
7 section shall be retained by insurers to the extent that they insured
8 physicians and surgeons during the July 1, 1985 through June 30, [2024]
9 2025 policy periods; in the event and to the extent physicians and
10 surgeons were insured by another insurer during such periods, all or a
11 pro rata share of the surcharge, as the case may be, shall be remitted
12 to such other insurer in accordance with rules and regulations to be
13 promulgated by the superintendent. Surcharges collected from physicians
14 and surgeons who were not insured during such policy periods shall be
15 apportioned among all insurers in proportion to the premium written by
16 each insurer during such policy periods; if a physician or surgeon was
17 insured by an insurer subject to rates established by the superintendent
18 during such policy periods, and at any time thereafter a hospital,
19 health maintenance organization, employer or institution is responsible
20 for responding in damages for liability arising out of such physician's
21 or surgeon's practice of medicine, such responsible entity shall also
22 remit to such prior insurer the equivalent amount that would then be
23 collected as a surcharge if the physician or surgeon had continued to
24 remain insured by such prior insurer. In the event any insurer that
25 provided coverage during such policy periods is in liquidation, the
26 property/casualty insurance security fund shall receive the portion of
27 surcharges to which the insurer in liquidation would have been entitled.
28 The surcharges authorized herein shall be deemed to be income earned for

1 the purposes of section 2303 of the insurance law. The superintendent,
2 in establishing adequate rates and in determining any projected defi-
3 ciency pursuant to the requirements of this section and the insurance
4 law, shall give substantial weight, determined in his discretion and
5 judgment, to the prospective anticipated effect of any regulations
6 promulgated and laws enacted and the public benefit of stabilizing
7 malpractice rates and minimizing rate level fluctuation during the peri-

9 experience as to the efficacy of such laws and regulations affecting
10 medical, dental or podiatric malpractice enacted or promulgated in 1985,
11 1986, by this act and at any other time. Notwithstanding any provision
12 of the insurance law, rates already established and to be established by
13 the superintendent pursuant to this section are deemed adequate if such
14 rates would be adequate when taken together with the maximum authorized
15 annual surcharges to be imposed for a reasonable period of time whether
16 or not any such annual surcharge has been actually imposed as of the
17 establishment of such rates.

18 § 5. Section 5 and subdivisions (a) and (e) of section 6 of part J of

4 consortium or teaching general hospital rounded down to the nearest one
5 position. Such reduction shall be repeated until the dollar amount for
6 the total number of clinical research positions in the region does not
7 exceed the total amount appropriated for purposes of this paragraph. If
8 the repeated reduction of the total number of clinical research posi-

11 within the appropriation, the funding for each clinical research posi-
12 tion in that region shall be reduced proportionally in one thousand
13 dollar increments until the total dollar amount for the total number of
14 clinical research positions in that region does not exceed the total
15 amount reserved for that region within the appropriation. Any reduction
16 in funding will be effective for the duration of the award. No clinical

27 any bills until the hospital has rendered a decision on the application
28 in accordance with this paragraph.

1 (d) Such policies and procedures shall include clear, objective crite-
2 ria for determining a patient's ability to pay and for providing such
3 adjustments to payment requirements as are necessary. In addition to
4 adjustment mechanisms such as sliding fee schedules and discounts to
5 fixed standards, such policies and procedures shall also provide for the
6 use of installment plans for the payment of outstanding balances by
7 patients pursuant to the provisions of the hospital's financial assist-
8 ance policy. The monthly payment under such a plan shall not exceed
9 [ten] five percent of the gross monthly income of the patient[,
10 provided, however, that if patient assets are considered under such a
11 policy, then patient assets which are not excluded assets pursuant to
12 subparagraph (vi) of paragraph (b) of this subdivision may be considered
13 in addition to the limit on monthly payments]. The rate of interest
14 charged to the patient on the unpaid balance, if any, shall not exceed
15 [the rate for a ninety-day security issued by the United States Depart-
16 ment of Treasury, plus .5] two percent and no plan shall include an
17 accelerator or similar clause under which a higher rate of interest is
18 triggered upon a missed payment. If such policies and procedures include
19 a requirement of a deposit prior to non-emergent, medically-necessary
20 care, such deposit must be included as part of any financial aid consid-
21 eration. Such policies and procedures shall be applied consistently to
22 all eligible patients.

23 (e) Such policies and procedures shall permit patients to apply for
24 assistance [within at least ninety days of the date of discharge or date
25 of service and provide at least twenty days for patients to submit a
26 completed application] at any time during the collection process. Such
27 policies and procedures may require that patients seeking payment
28 adjustments provide appropriate financial information and documentation

1 in support of their application, provided, however, that such applica-
2 tion process shall not be unduly burdensome or complex. General hospi-
3 tals shall, upon request, assist patients in understanding the hospi-
4 tal's policies and procedures and in applying for payment adjustments.
5 Application forms shall be printed in the "primary languages" of
6 patients served by the general hospital. For the purposes of this para-
7 graph, "primary languages" shall include any language that is either (i)
8 used to communicate, during at least five percent of patient visits in a
9 year, by patients who cannot speak, read, write or understand the
10 English language at the level of proficiency necessary for effective
11 communication with health care providers, or (ii) spoken by non-English
12 speaking individuals comprising more than one percent of the primary
13 hospital service area population, as calculated using demographic infor-
14 mation available from the United States Bureau of the Census, supple-
15 mented by data from school systems. Decisions regarding such applica-
16 tions shall be made within thirty days of receipt of a completed
17 application. Such policies and procedures shall require that the hospi-
18 tal issue any denial/approval of such application in writing with infor-
19 mation on how to appeal the denial and shall require the hospital to
20 establish an appeals process under which it will evaluate the denial of
21 an application. Nothing in this subdivision shall be interpreted as
22 prohibiting a hospital from making the availability of financial assist-
23 ance contingent upon the patient first applying for coverage under title
24 XIX of the social security act (medicaid) or another insurance program
25 if, in the judgment of the hospital, the patient may be eligible for
26 medicaid or another insurance program, and upon the patient's cooper-
27 ation in following the hospital's financial assistance application
28 requirements, including the provision of information needed to make a

1 determination on the patient's application in accordance with the hospi-
2 tal's financial assistance policy.

3 (f) Such policies and procedures shall provide that patients with
4 incomes below [three] four hundred percent of the federal poverty level
5 are deemed presumptively eligible for payment adjustments and shall
6 conform to the requirements set forth in paragraph (b) of this subdivi-
7 sion, provided, however, that nothing in this subdivision shall be
8 interpreted as precluding hospitals from extending such payment adjust-
9 ments to other patients, either generally or on a case-by-case basis.
10 Such policies and procedures shall provide financial aid for emergency
11 hospital services, including emergency transfers pursuant to the federal
12 emergency medical treatment and active labor act (42 USC 1395dd), to
13 patients who reside in New York state and for medically necessary hospi-
14 tal services for patients who reside in the hospital's primary service
15 area as determined according to criteria established by the commission-
16 er. In developing such criteria, the commissioner shall consult with
17 representatives of the hospital industry, health care consumer advocates
18 and local public health officials. Such criteria shall be made available
19 to the public no less than thirty days prior to the date of implementa-
20 tion and shall, at a minimum:

21 (i) prohibit a hospital from developing or altering its primary
22 service area in a manner designed to avoid medically underserved commu-
23 nities or communities with high percentages of uninsured residents;

24 (ii) ensure that every geographic area of the state is included in at
25 least one general hospital's primary service area so that eligible
26 patients may access care and financial assistance; and

27 (iii) require the hospital to notify the commissioner upon making any
28 change to its primary service area, and to include a description of its

1 primary service area in the hospital's annual implementation report
2 filed pursuant to subdivision three of section twenty-eight hundred
3 three-1 of this article.

4 (g) Nothing in this subdivision shall be interpreted as precluding
5 hospitals from extending payment adjustments for medically necessary
6 non-emergency hospital services to patients outside of the hospital's
7 primary service area. For patients determined to be eligible for finan-
8 cial aid under the terms of a hospital's financial aid policy, such
9 policies and procedures shall prohibit any limitations on financial aid
10 for services based on the medical condition of the applicant, other than
11 typical limitations or exclusions based on medical necessity or the
12 clinical or therapeutic benefit of a procedure or treatment.

13 (h) Such policies and procedures shall prohibit the denial of admis-
14 sion or denial of treatment for services that are reasonably anticipated
15 to be medically necessary because the patient has an unpaid medical
16 bill. Such policies and procedures shall [not permit] prohibit the
17 forced sale or foreclosure of a patient's primary residence in order to
18 collect an outstanding medical bill and shall require the hospital to
19 refrain from sending an account to collection if the patient has submit-
20 ted a completed application for financial aid, including any required
21 supporting documentation, while the hospital determines the patient's
22 eligibility for such aid. Such policies and procedures shall prohibit
23 the sale of medical debt accumulated pursuant to this section to a third
24 party, unless the third party explicitly purchases such medical debt in
25 order to relieve the debt of the patient. Such policies and procedures
26 shall provide for written notification, which shall include notification
27 on a patient bill, to a patient not less than thirty days prior to the
28 referral of debts for collection and shall require that the collection

1 agency obtain the hospital's written consent prior to commencing a legal
2 action. Such policies and procedures shall prohibit a hospital from
3 commencing a legal action related to the recovery of medical debt or
4 unpaid bills against patients with incomes below four hundred percent of
5 the federal poverty level. In any legal action related to the recovery
6 of medical debt or unpaid bills by or on behalf of a hospital, the
7 complaint shall be accompanied by an affidavit by the hospital's chief
8 financial officer stating that based upon the hospital's reasonable
9 effort to determine the patient's income, the patient whom they are
10 taking legal action against does not have an income below four hundred
11 percent of the federal poverty level. Such policies and procedures shall
12 require all general hospital staff who interact with patients or have
13 responsibility for billing and collections to be trained in such poli-
14 cies and procedures, and require the implementation of a mechanism for
15 the general hospital to measure its compliance with such policies and
16 procedures. Such policies and procedures shall require that any
17 collection agency under contract with a general hospital for the
18 collection of debts follow the hospital's financial assistance policy,
19 including providing information to patients on how to apply for finan-
20 cial assistance where appropriate. Such policies and procedures shall
21 prohibit collections from a patient who is determined to be eligible for
22 medical assistance pursuant to title XIX of the federal social security
23 act at the time services were rendered and for which services medicaid
24 payment is available.

25 (i) Reports required to be submitted to the department by each general
26 hospital as a condition for participation in the pools, and which
27 contain, in accordance with applicable regulations, a certification from
28 an independent certified public accountant or independent licensed

1 public accountant or an attestation from a senior official of the hospi-
2 tal that the hospital is in compliance with conditions of participation
3 in the pools, shall also contain, for reporting periods on and after
4 January first, two thousand seven:

5 (i) a report on hospital costs incurred and uncollected amounts in
6 providing services to eligible patients without insurance[, including
7 the amount of care provided for a nominal payment amount,] during the
8 period covered by the report;

9 (ii) hospital costs incurred and uncollected amounts for deductibles
10 and coinsurance for eligible patients with insurance or other third-par-
11 ty payor coverage;

12 (iii) the number of patients, including their age, race, ethnicity,
13 gender and insurance status, organized according to United States postal
14 service zip code, who applied for financial assistance pursuant to the
15 hospital's financial assistance policy, and the number, organized
16 according to United States postal service zip code, whose applications
17 were approved and whose applications were denied;

18 (iv) the reimbursement received for indigent care from the pool estab-
19 lished pursuant to this section;

20 (v) the amount of funds that have been expended on charity care from
21 charitable bequests made or trusts established for the purpose of
22 providing financial assistance to patients who are eligible in accord-
23 ance with the terms of such bequests or trusts;

24 (vi) for hospitals located in social services districts in which the
25 district allows hospitals to assist patients with such applications, the
26 number of applications for eligibility under title XIX of the social
27 security act (medicaid) that the hospital assisted patients in complet-
28 ing and the number denied and approved; and

1 (vii) the hospital's financial losses resulting from services provided
2 under medicaid[; and

3 (viii) the number of liens placed on the primary residences of
4 patients through the collection process used by a hospital].

5 (j) Within ninety days of the effective date of this subdivision each
6 hospital shall submit to the commissioner a written report on its poli-
7 cies and procedures for financial assistance to patients which are used
8 by the hospital on the effective date of this subdivision. Such report
9 shall include copies of its policies and procedures, including material
10 which is distributed to patients, and a description of the hospital's
11 financial aid policies and procedures. Such description shall include
12 the income levels of patients on which eligibility is based, the finan-
13 cial aid eligible patients receive and the means of calculating such
14 aid, and the service area, if any, used by the hospital to determine
15 eligibility.

16 (k) In the event it is determined by the commissioner that the state
17 will be unable to secure all necessary federal approvals to include, as
18 part of the state's approved state plan under title nineteen of the
19 federal social security act, a requirement, as set forth in paragraph
20 [one] (a) of this subdivision, that compliance with this subdivision is
21 a condition of participation in pool distributions authorized pursuant
22 to this section and section twenty-eight hundred seven-w of this arti-
23 cle, then such condition of participation shall be deemed null and void
24 and, notwithstanding section twelve of this chapter, failure to comply
25 with the provisions of this subdivision by a hospital on and after the
26 date of such determination shall make such hospital liable for a civil
27 penalty not to exceed ten thousand dollars for each such violation. The

1 imposition of such civil penalties shall be subject to the provisions of
2 section twelve-a of this chapter.

3 (1) A hospital or its collection agent shall not commence a civil
4 action against a patient or delegate a collection activity to a debt
5 collector for nonpayment for at least one hundred eighty days after the
6 first post-service bill is issued and until a hospital has made reason-
7 able efforts to determine whether a patient qualifies for financial
8 assistance.

9 § 3. The public health law is amended by adding a new section 18-c to
10 read as follows:

11 § 18-c. Separate patient consent for treatment and payment for health
12 care services. Informed consent from a patient to provide any treatment,
13 procedure, examination or other direct health care services shall be
14 obtained separately from such patient's consent to pay for the services.
15 Consent to pay for any health care services by a patient shall not be
16 given prior to the patient receiving such services and discussing treat-
17 ment costs. For purposes of this section, "consent" means an action
18 which: (a) clearly and conspicuously communicates the individual's
19 authorization of an act or practice; (b) is made in the absence of any
20 mechanism in the user interface that has the purpose or substantial
21 effect of obscuring, subverting, or impairing decision-making or choice
22 to obtain consent; and (c) cannot be inferred from inaction.

23 § 4. The general business law is amended by adding two new sections
24 349-g and 519-a to read as follows:

25 § 349-g. Restrictions on applications for and use of credit cards and
26 medical financial products. 1. For purposes of this section, the follow-
27 ing terms shall have the following meanings:

1 (a) "Medical financial products" shall mean medical credit cards and
2 third-party medical installment loans.

3 (b) "Health care provider" shall mean a health care professional
4 licensed, registered or certified pursuant to title eight of the educa-
5 tion law.

6 (c) "Provider offices" shall mean either of the following:

7 (i) An office of a health care provider in solo practice; or

8 (ii) An office in which services or goods are personally provided by
9 the health care provider or by employees in that office, or personally
10 by independent contractors in that office, in accordance with law.
11 Employees and independent contractors shall be licensed or certified
12 when licensure or certification is required by law.

13 2. It shall be prohibited for any individual to complete any portion
14 of an application for medical financial products for the patient or
15 otherwise arrange for or establish an application that is not completely
16 filled out by the patient.

17 § 519-a. Medical financial products; payment for health care services.

18 1. For purposes of this section, the following terms shall have the
19 following meanings:

20 (a) "Credit card" shall have the same meaning as in section five
21 hundred eleven of this article.

22 (b) "Medical credit card" means a credit card issued under an open-end
23 or closed-end plan offered specifically for the payment of health care
24 services, products, or devices provided to a person.

25 2. No health care provider shall require credit card pre-authorization
26 nor require the patient to have a credit card on file prior to providing
27 emergency or medically necessary medical services to such patient.

1 3. Health care providers shall notify all patients about the risks of
2 paying for medical services with a credit card. Such notification shall
3 highlight the fact that by using a credit card to pay for medical
4 services, the patient is forgoing state and federal protections that
5 regard medical debt. The commissioner of health shall have the authori-
6 ty and sole discretion to set requirements for the contents of such
7 notices.

8 § 5. This act shall take effect six months after it shall have become
9 a law.

16 § 8. This act shall take effect immediately and shall be deemed to
17 have been in full force and effect on and after April 1, 2022; provided,
18 however, that sections [one, two,] three[,] and four[, six and seven] of
19 this act shall expire and be deemed repealed [two years after it shall
20 have become a law] April 1, 2026.

21 § 2. Section 5 of chapter 21 of the laws of 2011 amending the educa-

4 repealed July 1, 2024]; provided, however, that the amendments to subdi-
5 vision 1 of section 6801 of the education law made by section one of
6 this act shall be subject to the expiration and reversion of such subdi-
7 vision pursuant to section 8 of chapter 563 of the laws of 2008, when
8 upon such date the provisions of section one-a of this act shall take
9 effect; provided, further, that effective immediately, the addition,
10 amendment and/or repeal of any rule or regulation necessary for the
11 implementation of this act on its effective date are authorized and
12 directed to be made and completed on or before such effective date.

13 § 3. This act shall take effect immediately and shall be deemed to
14 have been in full force and effect on and after April 1, 2024.

15 PART Q

16 Section 1. Section 6542 of the education law, as amended by chapter 48
17 of the laws of 2012, subdivisions 3 and 5 as amended by section 1 of
18 part T of chapter 57 of the laws of 2013, is amended to read as follows:

19 § 6542. Performance of medical services. 1. Notwithstanding any other
20 provision of law, a physician assistant may perform medical services,
21 but only when under the supervision of a physician and only when such

23 practice of such supervising physician unless otherwise permitted by
24 this section.

25 1-a. (a) A physician assistant may practice without the supervision of
26 a physician under the following circumstances:

18 (b) The department and the department of health are authorized to
19 promulgate and update regulations pursuant to this section.

20 2. [Supervision] Where supervision is required by this section, it
21 shall be continuous but shall not be construed as necessarily requiring
22 the physical presence of the supervising physician at the time and place
23 where such services are performed.

24 3. [No physician shall employ or supervise more than four physician
25 assistants in his or her private practice.

26 4.] Nothing in this article shall prohibit a hospital from employing

2 this section shall not apply to services performed in a hospital.

3 5. Notwithstanding any other provision of this article, nothing shall

21 unlicensed persons to administer immunizations, vaccines or other drugs.

22 [7] 6. Nothing in this article, or in article thirty-seven of the
23 public health law, shall be construed to authorize physician assistants
24 to perform those specific functions and duties specifically delegated by
25 law to those persons licensed as allied health professionals under the
26 public health law or this chapter.

2 amended by chapter 48 of the laws of 2012, is amended to read as
3 follows:

4 1. to promulgate regulations defining and restricting the duties
5 [which may be assigned to] of physician assistants [by their supervising

8 forty-two of the education law.;

9 § 3. Section 3702 of the public health law, as amended by chapter 48
10 of the laws of 2012, is amended to read as follows:

2 otherwise permitted by law.

3 § 8. Section 6908 of the education law is amended by adding a new
4 subdivision 3 to read as follows:

5 3. This article shall not be construed as prohibiting medication
6 related tasks provided by a certified medication aide working in a resi-

9 by the commissioner, in consultation with the commissioner of health.
10 The commissioner, in consultation with the commissioner of health, shall
11 adopt regulations governing certified medication aides that, at a mini-
12 mum, shall:

13 a. specify the medication-related tasks that may be performed by
14 certified medication aides pursuant to this subdivision. Such tasks
15 shall include the administration of medications which are routine and
16 pre-filled or otherwise packaged in a manner that promotes relative ease
17 of administration, provided that administration of medications by
18 injection, sterile procedures, and central line maintenance shall be
19 prohibited. Provided, however, such prohibition shall not apply to
20 injections of insulin or other injections for diabetes care, to
21 injections of low molecular weight heparin, and to pre-filled auto-in-

9 nurse competency in every medication-related task that such certified
10 medication aide is authorized to perform, a willingness to perform such
11 medication-related tasks, and the ability to effectively and efficiently

15 accident or other emergency, outside a hospital, doctor's office or any
16 other place having proper and necessary medical equipment, to a person
17 who is unconscious, ill or injured, shall not be liable for damages for
18 injuries alleged to have been sustained by such person or for damages
19 for the death of such person alleged to have occurred by reason of an

10 § 13. Section 6601 of the education law, as amended by chapter 576 of
11 the laws of 2001, is amended to read as follows:

12 § 6601. Definition of practice of dentistry. The practice of the
13 profession of dentistry is defined as diagnosing, treating, operating,
14 or prescribing for any disease, pain, injury, deformity, or physical
15 condition of the oral and maxillofacial area related to restoring and
16 maintaining dental health. The practice of dentistry includes the
17 prescribing and fabrication of dental prostheses and appliances. The
18 practice of dentistry may include performing physical evaluations in
19 conjunction with the provision of dental treatment, including the admin-
20 istration of vaccinations against influenza, SARS-CoV-2, Human papillo-
21 mavirus (HPV), and vaccinations related to a declared public health
22 emergency. The practice of dentistry may also include offering of HIV,
23 hepatitis C, and hemoglobin A1C screening or diagnostic tests.

24 § 14. Section 6605-b of the education law, as added by chapter 437 of
25 the laws of 2001 and subdivision 1 as amended by chapter 198 of the laws
26 of 2022, is amended to read as follows:

27 § 6605-b. Dental hygiene restricted local infiltration and block
28 anesthesia/nitrous oxide analgesia certificate. 1. A dental hygienist

1 shall not administer or monitor nitrous oxide analgesia or local infil-

3 dental hygiene restricted local infiltration and block
4 anesthesia/nitrous oxide analgesia certificate and except under the
5 personal supervision of a dentist and in accordance with regulations
6 promulgated by the commissioner. Personal supervision, for purposes of
7 this section, means that the supervising dentist remains in the dental
8 office where the local infiltration or block anesthesia or nitrous oxide
9 analgesia services are being performed, personally authorizes and
10 prescribes the use of local infiltration or block anesthesia or nitrous
11 oxide analgesia for the patient and, before dismissal of the patient,
12 personally examines the condition of the patient after the use of local
13 infiltration or block anesthesia or nitrous oxide analgesia is
14 completed. It is professional misconduct for a dentist to fail to
15 provide the supervision required by this section, and any dentist found
16 guilty of such misconduct under the procedures prescribed in section
17 sixty-five hundred ten of this title shall be subject to the penalties
18 prescribed in section sixty-five hundred eleven of this title.

19 2. The commissioner shall promulgate regulations establishing stand-
20 ards and procedures for the issuance of such certificate. Such standards
21 shall require completion of an educational program and/or course of
22 training or experience sufficient to ensure that a dental hygienist is
23 specifically trained in the administration and monitoring of nitrous
24 oxide analgesia and local infiltration or block anesthesia, the possible
25 effects of such use, and in the recognition of and response to possible
26 emergency situations.

27 3. The fee for a dental hygiene restricted local infiltration and
28 block anesthesia/nitrous oxide analgesia certificate shall be twenty-

1 five dollars and shall be paid on a triennial basis upon renewal of such
2 certificate. A certificate may be suspended or revoked in the same
3 manner as a license to practice dental hygiene.

4 § 15. Subdivision 1 of section 6606 of the education law, as amended
5 by chapter 239 of the laws of 2013, is amended to read as follows:

6 1. The practice of the profession of dental hygiene is defined as the
7 performance of dental services which shall include removing calcareous
8 deposits, accretions and stains from the exposed surfaces of the teeth
9 which begin at the epithelial attachment and applying topical agents
10 indicated for a complete dental prophylaxis, removing cement, placing or
11 removing rubber dam, removing sutures, placing matrix band, providing
12 patient education, applying topical medication, placing pre-fit ortho-
13 dontic bands, using light-cure composite material, taking cephalometric
14 radiographs, taking two-dimensional and three-dimensional photography of
15 dentition, adjusting removable appliances including nightguards, bleach-
16 ing trays, retainers and dentures, placing and exposing diagnostic
17 dental X-ray films, performing topical fluoride applications and topical
18 anesthetic applications, polishing teeth, taking medical history, chart-
19 ing caries, taking impressions for study casts, placing and removing
20 temporary restorations, administering and monitoring nitrous oxide
21 analgesia and administering and monitoring local infiltration and block
22 anesthesia, subject to certification in accordance with section sixty-
23 six hundred five-b of this article, and any other function in the defi-
24 nition of the practice of dentistry as may be delegated by a licensed
25 dentist in accordance with regulations promulgated by the commissioner.
26 The practice of dental hygiene may be conducted in the office of any
27 licensed dentist or in any appropriately equipped school or public
28 institution but must be done either under the supervision of a licensed

1 dentist or, in the case of a registered dental hygienist working for a
2 hospital as defined in article twenty-eight of the public health law[,]
3 or pursuant to a collaborative arrangement with a licensed and regis-
4 tered dentist [who has a formal relationship with the same hospital]
5 pursuant to section sixty-six hundred seven-a of this article and in
6 accordance with regulations promulgated by the department in consulta-
7 tion with the department of health. [Such collaborative arrangement
8 shall not obviate or supersede any law or regulation which requires
9 identified services to be performed under the personal supervision of a
10 dentist. When dental hygiene services are provided pursuant to a colla-
11 borative agreement, such dental hygienist shall instruct individuals to
12 visit a licensed dentist for comprehensive examination or treatment.]

13 § 16. The education law is amended by adding a new section 6607-a to
14 read as follows:

15 § 6607-a. Practice of collaborative practice dental hygiene and use of
16 title "registered dental hygienist, collaborative practice" (RDH-CP). 1.
17 The practice of the profession of dental hygiene, as defined under this
18 article, may be performed in collaboration with a licensed dentist
19 provided such services are performed in accordance with a written prac-
20 tice agreement and written practice protocols to be known as a collabo-
21 rative practice agreement. Under a collaborative practice agreement,
22 dental hygienists may perform all services which are designated in regu-
23 lation without prior evaluation of a dentist or medical professional and
24 may be performed without supervision in a collaborative practice
25 setting.

26 2. (a) The collaborative practice agreement shall include consider-
27 ation for medically compromised patients, specific medical conditions,
28 and age-and procedure-specific practice protocols, including, but not

1 limited to recommended intervals for the performance of dental hygiene
2 services and a periodicity in which an examination by a dentist should
3 occur.

4 (b) The collaborative agreement shall be:

5 (i) signed and maintained by the dentist, the dental hygienist, and
6 the facility, program, or organization;

7 (ii) reviewed annually by the collaborating dentist and dental hygien-
8 ist; and

9 (iii) made available to the department and other interested parties
10 upon request.

11 (c) Only one agreement between a collaborating dentist and registered
12 dental hygienist, collaborative practice (RDH-CP) may be in force at a
13 time.

14 3. Before performing any services authorized under this section, a
15 dental hygienist shall provide the patient with a written statement
16 advising the patient that the dental hygiene services provided are not a
17 substitute for a dental examination by a licensed dentist and instruct-
18 ing individuals to visit a licensed dentist for comprehensive examina-
19 tion or treatment. If the dental hygienist makes any referrals to the
20 patient for further dental procedures, the dental hygienist must fill
21 out a referral form and provide a copy of the form to the collaborating
22 dentist.

23 4. The collaborative practice dental hygienist may enter into a
24 contractual arrangement with any New York state licensed and registered
25 dentist, health care facility, program, and/or non-profit organization
26 to perform dental hygiene services in the following settings: dental
27 offices; long-term care facilities/skilled nursing facilities; public or
28 private schools; public health agencies/federally qualified health

1 centers; correctional facilities; public institutions/mental health
2 facilities; drug treatment facilities; and domestic violence shelters.

3 5. A collaborating dentist shall have collaborative agreements with no
4 more than six collaborative practice dental hygienists. The department
5 may grant exceptions to these limitations for public health settings on
6 a case-by-case basis.

7 6. A dental hygienist must make application to the department to prac-
8 tice as a registered dental hygienist, collaborative practice (RDH-CP)
9 and pay a fee set by the department. As a condition of collaborative
10 practice, the dental hygienist shall have been engaged in practice for
11 at least three years with a minimum of four thousand five hundred prac-
12 tice hours and shall complete an eight hour continuing education program
13 that includes instruction in medical emergency procedures, risk manage-
14 ment, dental hygiene jurisprudence and professional ethics.

15 § 17. This act shall take effect immediately and shall be deemed to
16 have been in full force and effect on and after April 1, 2024; provided,
17 however, that sections one through seven of this act shall take effect
18 one year after this act shall have become a law.

- 24 the "interstate medical licensure compact".
- 25 § 8861. Purpose. In order to strengthen access to health care, and in
- 26 recognition of the advances in the delivery of health care, the member
- 27 states of the interstate medical licensure compact have allied in common
- 28 purpose to develop a comprehensive process that complements the existing

1 licensing and regulatory authority of state medical boards, provides a
2 streamlined process that allows physicians to become licensed in multi-
3 ple states, thereby enhancing the portability of a medical license and
4 ensuring the safety of patients. The compact creates another pathway
5 for licensure and does not otherwise change a state's existing medical
6 practice act. The compact also adopts the prevailing standard for licen-
7 sure and affirms that the practice of medicine occurs where the patient
8 is located at the time of the physician-patient encounter, and there-
9 fore, requires the physician to be under the jurisdiction of the state
10 medical board where the patient is located. State medical boards that
11 participate in the compact retain the jurisdiction to impose an adverse
12 action against a license to practice medicine in that state issued to a
13 physician through the procedures in the compact.

14 § 8862. Definitions. In this compact:

14 terms and provisions of the compact.

15 2. A physician who does not meet the requirements of subdivision elev-
16 en of section eighty-eight hundred sixty-two of this article may obtain
17 a license to practice medicine in a member state if the individual

16 evaluate whether the physician is eligible for expedited licensure and
17 issue a letter of qualification, verifying or denying the physician's
18 eligibility, to the interstate commission.

19 (a) Static qualifications, which include verification of medical
20 education, graduate medical education, results of any medical or licens-

6 shall establish a database of all physicians licensed, or who have
7 applied for licensure, under section eighty-eight hundred sixty-five of
8 this article.

9 2. Notwithstanding any other provision of law, member boards shall
10 report to the interstate commission any public action or complaints
11 against a licensed physician who has applied or received an expedited
12 license through the compact.

13 3. Member boards shall report disciplinary or investigatory informa-
14 tion determined as necessary and proper by rule of the interstate
15 commission.

16 4. Member boards may report any non-public complaint, disciplinary, or
17 investigatory information not required by subdivision three of this
18 section to the interstate commission.

19 5. Member boards shall share complaint or disciplinary information
20 about a physician upon request of another member board.

21 6. All information provided to the interstate commission or distrib-
22 uted by member boards shall be confidential, filed under seal, and used
23 only for investigatory or disciplinary matters.

24 7. The interstate commission is authorized to develop rules for
25 mandated or discretionary sharing of information by member boards.

26 § 8869. Joint investigations. 1. Licensure and disciplinary records of
27 physicians are deemed investigative.

1 2. In addition to the authority granted to a member board by its
2 respective medical practice act or other applicable state law, a member
3 board may participate with other member boards in joint investigations
4 of physicians licensed by the member boards.

5 3. A subpoena issued by a member state shall be enforceable in other
6 member states.

7 4. Member boards may share any investigative, litigation, or compli-
8 ance materials in furtherance of any joint or individual investigation
9 initiated under the compact.

10 5. Any member state may investigate actual or alleged violations of
11 the statutes authorizing the practice of medicine in any other member
12 state in which a physician holds a license to practice medicine.

13 § 8870. Disciplinary actions. 1. Any disciplinary action taken by any
14 member board against a physician licensed through the compact shall be
15 deemed unprofessional conduct which may be subject to discipline by
16 other member boards, in addition to any violation of the medical prac-
17 tice act or regulations in that state.

18 2. If a license granted to a physician by the member board in the
19 state of principal license is revoked, surrendered or relinquished in
20 lieu of discipline, or suspended, then all licenses issued to the physi-
21 cian by member boards shall automatically be placed, without further
22 action necessary by any member board, on the same status. If the member
23 board in the state of principal license subsequently reinstates the
24 physician's license, a license issued to the physician by any other
25 member board shall remain encumbered until that respective member board
26 takes action to reinstate the license in a manner consistent with the
27 medical practice act of that state.

1 3. If disciplinary action is taken against a physician by a member
2 board not in the state of principal license, any other member board may
3 deem the action conclusive as to matter of law and fact decided, and:

4 (a) impose the same or lesser sanction or sanctions against the physi-
5 cian so long as such sanctions are consistent with the medical practice
6 act of that state; or

7 (b) pursue separate disciplinary action against the physician under
8 its respective medical practice act, regardless of the action taken in
9 other member states.

10 4. If a license granted to a physician by a member board is revoked,
11 surrendered, or relinquished in lieu of discipline, or suspended, then
12 any license or licenses issued to the physician by any other member
13 board or boards shall be suspended, automatically and immediately with-
14 out further action necessary by the other member board or boards, for
15 ninety days upon entry of the order by the disciplining board, to permit
16 the member board or boards to investigate the basis for the action under
17 the medical practice act of that state. A member board may terminate the
18 automatic suspension of the license it issued prior to the completion of
19 the ninety day suspension period in a manner consistent with the medical
20 practice act of that state.

21 § 8871. Interstate medical licensure compact commission. 1. The member
22 states hereby create the "interstate medical licensure compact commis-
23 sion".

24 2. The purpose of the interstate commission is the administration of
25 the interstate medical licensure compact, which is a discretionary state
26 function.

27 3. The interstate commission shall be a body corporate and joint agen-
28 cy of the member states and shall have all the responsibilities, powers,

1 and duties set forth in the compact, and such additional powers as may
2 be conferred upon it by a subsequent concurrent action of the respective
3 legislatures of the member states in accordance with the terms of the
4 compact.

5 4. The interstate commission shall consist of two voting represen-
6 tatives appointed by each member state who shall serve as commissioners.
7 In states where allopathic and osteopathic physicians are regulated by
8 separate member boards, or if the licensing and disciplinary authority
9 is split between multiple member boards within a member state, the
10 member state shall appoint one representative from each member board. A
11 commissioner shall be a or an:

12 (a) Allopathic or osteopathic physician appointed to a member board;
13 (b) Executive director, executive secretary, or similar executive of a
14 member board; or
15 (c) Member of the public appointed to a member board.

16 5. The interstate commission shall meet at least once each calendar
17 year. A portion of this meeting shall be a business meeting to address
18 such matters as may properly come before the commission, including the
19 election of officers. The chairperson may call additional meetings and
20 shall call for a meeting upon the request of a majority of the member
21 states.

22 6. The bylaws may provide for meetings of the interstate commission to
23 be conducted by telecommunication or electronic communication.

24 7. Each commissioner participating at a meeting of the interstate
25 commission is entitled to one vote. A majority of commissioners shall
26 constitute a quorum for the transaction of business, unless a larger
27 quorum is required by the bylaws of the interstate commission. A commis-
28 sioner shall not delegate a vote to another commissioner. In the absence

1 of its commissioner, a member state may delegate voting authority for a
2 specified meeting to another person from that state who shall meet the
3 requirements of subdivision four of this section.

4 8. The interstate commission shall provide public notice of all meet-
5 ings and all meetings shall be open to the public. The interstate
6 commission may close a meeting, in full or in portion, where it deter-
7 mines by a two-thirds vote of the commissioners present that an open
8 meeting would be likely to:

9 (a) Relate solely to the internal personnel practices and procedures
10 of the interstate commission;

11 (b) Discuss matters specifically exempted from disclosure by federal
12 statute;

13 (c) Discuss trade secrets, commercial, or financial information that
14 is privileged or confidential;

15 (d) Involve accusing a person of a crime, or formally censuring a
16 person;

17 (e) Discuss information of a personal nature where disclosure would
18 constitute a clearly unwarranted invasion of personal privacy;

19 (f) Discuss investigative records compiled for law enforcement
20 purposes; or

21 (g) Specifically relate to the participation in a civil action or
22 other legal proceeding.

23 9. The interstate commission shall keep minutes which shall fully
24 describe all matters discussed in a meeting and shall provide a full and
25 accurate summary of actions taken, including record of any roll call
26 votes.

1 10. The interstate commission shall make its information and official
2 records, to the extent not otherwise designated in the compact or by its
3 rules, available to the public for inspection.

4 11. The interstate commission shall establish an executive committee,
5 which shall include officers, members, and others as determined by the
6 bylaws. The executive committee shall have the power to act on behalf of
7 the interstate commission, with the exception of rulemaking, during
8 periods when the interstate commission is not in session. When acting on
9 behalf of the interstate commission, the executive committee shall over-
10 see the administration of the compact including enforcement and compli-
11 ance with the provisions of the compact, its bylaws and rules, and other
12 such duties as necessary.

13 12. The interstate commission shall establish other committees for
14 governance and administration of the compact.

15 § 8872. Powers and duties of the interstate commission. The interstate
16 commission shall have the duty and power to:

17 1. Oversee and maintain the administration of the compact;

18 2. Promulgate rules which shall be binding to the extent and in the
19 manner provided for in the compact;

20 3. Issue, upon the request of a member state or member board, advisory
21 opinions concerning the meaning or interpretation of the compact, its
22 bylaws, rules, and actions;

23 4. Enforce compliance with compact provisions, the rules promulgated
24 by the interstate commission, and the bylaws, using all necessary and
25 proper means, including but not limited to the use of judicial process;

26 5. Establish and appoint committees including, but not limited to, an
27 executive committee as required by section eighty-eight hundred seven-

1 ty-one of this article, which shall have the power to act on behalf of
2 the interstate commission in carrying out its powers and duties;

3 6. Pay, or provide for the payment of the expenses related to the
4 establishment, organization, and ongoing activities of the interstate
5 commission;

6 7. Establish and maintain one or more offices;

7 8. Borrow, accept, hire, or contract for services of personnel;

8 9. Purchase and maintain insurance and bonds;

9 10. Employ an executive director who shall have such powers to employ,
10 select or appoint employees, agents, or consultants, and to determine
11 their qualifications, define their duties, and fix their compensation;

12 11. Establish personnel policies and programs relating to conflicts of
13 interest, rates of compensation, and qualifications of personnel;

14 12. Accept donations and grants of money, equipment, supplies, materi-
15 als and services, and to receive, utilize, and dispose of it in a manner
16 consistent with the conflict of interest policies established by the
17 interstate commission;

18 13. Lease, purchase, accept contributions or donations of, or other-
19 wise to own, hold, improve, or use, any property, real, personal, or
20 mixed;

21 14. Sell, convey, mortgage, pledge, lease, exchange, abandon, or
22 otherwise dispose of any property, real, personal, or mixed;

23 15. Establish a budget and make expenditures;

24 16. Adopt a seal and bylaws governing the management and operation of
25 the interstate commission;

26 17. Report annually to the legislatures and governors of the member
27 states concerning the activities of the interstate commission during the
28 preceding year. Such reports shall also include reports of financial

1 audits and any recommendations that may have been adopted by the inter-
2 state commission;

3 18. Coordinate education, training, and public awareness regarding the
4 compact, its implementation, and its operation;

5 19. Maintain records in accordance with the bylaws;

6 20. Seek and obtain trademarks, copyrights, and patents; and

7 21. Perform such functions as may be necessary or appropriate to
8 achieve the purposes of the compact.

9 § 8873. Finance powers. 1. The interstate commission may levy on and
10 collect an annual assessment from each member state to cover the cost of
11 the operations and activities of the interstate commission and its
12 staff. The total assessment must be sufficient to cover the annual budg-
13 et approved each year for which revenue is not provided by other sourc-
14 es. The aggregate annual assessment amount shall be allocated upon a
15 formula to be determined by the interstate commission, which shall
16 promulgate a rule binding upon all member states.

17 2. The interstate commission shall not incur obligations of any kind
18 prior to securing the funds adequate to meet the same.

19 3. The interstate commission shall not pledge the credit of any of the
20 member states, except by, and with the authority of, the member state.

21 4. The interstate commission shall be subject to a yearly financial
22 audit conducted by a certified or licensed public accountant and the
23 report of the audit shall be included in the annual report of the inter-
24 state commission.

25 § 8874. Organization and operation of the interstate commission. 1.
26 The interstate commission shall, by a majority of commissioners present
27 and voting, adopt bylaws to govern its conduct as may be necessary or

1 appropriate to carry out the purposes of the compact within twelve
2 months of the first interstate commission meeting.

3 2. The interstate commission shall elect or appoint annually from
4 among its commissioners a chairperson, a vice-chairperson, and a treas-
5 urer, each of whom shall have such authority and duties as may be speci-
6 fied in the bylaws. The chairperson, or in the chairperson's absence or
7 disability, the vice-chairperson, shall preside at all meetings of the
8 interstate commission.

9 3. Officers selected pursuant to subdivision two of this section shall
10 serve without remuneration from the interstate commission.

11 4. The officers and employees of the interstate commission shall be
12 immune from suit and liability, either personally or in their official
13 capacity, for a claim for damage to or loss of property or personal
14 injury or other civil liability caused or arising out of, or relating
15 to, an actual or alleged act, error, or omission that occurred, or that
16 such person had a reasonable basis for believing occurred, within the
17 scope of interstate commission employment, duties, or responsibilities;
18 provided that such person shall not be protected from suit or liability
19 for damage, loss, injury, or liability caused by the intentional or
20 willful and wanton misconduct of such person.

21 (a) The liability of the executive director and employees of the
22 interstate commission or representatives of the interstate commission,
23 acting within the scope of such person's employment or duties for acts,
24 errors, or omissions occurring within such person's state, may not
25 exceed the limits of liability set forth under the constitution and laws
26 of that state for state officials, employees, and agents. The interstate
27 commission is considered to be an instrumentality of the states for the
28 purposes of any such action. Nothing in this paragraph shall be

1 construed to protect such person from suit or liability for damage,
2 loss, injury, or liability caused by the intentional or willful and
3 wanton misconduct of such person.

4 (b) The interstate commission shall defend the executive director, its
5 employees, and subject to the approval of the attorney general or other
6 appropriate legal counsel of the member state represented by an inter-
7 state commission representative, shall defend such interstate commission
8 representative in any civil action seeking to impose liability arising
9 out of an actual or alleged act, error or omission that occurred within
10 the scope of interstate commission employment, duties or responsibil-
11 ities, or that the defendant had a reasonable basis for believing
12 occurred within the scope of interstate commission employment, duties,
13 or responsibilities, provided that the actual or alleged act, error, or
14 omission did not result from intentional or willful and wanton miscon-
15 duct on the part of such person.

16 (c) To the extent not covered by the state involved, member state, or
17 the interstate commission, the representatives or employees of the
18 interstate commission shall be held harmless in the amount of a settle-
19 ment or judgment, including attorney's fees and costs, obtained against
20 such persons arising out of an actual or alleged act, error, or omission
21 that occurred within the scope of interstate commission employment,
22 duties, or responsibilities, or that such persons had a reasonable basis
23 for believing occurred within the scope of interstate commission employ-
24 ment, duties, or responsibilities, provided that the actual or alleged
25 act, error, or omission did not result from intentional or willful and
26 wanton misconduct on the part of such persons.

27 § 8875. Rulemaking functions of the interstate commission. 1. The
28 interstate commission shall promulgate reasonable rules in order to

1 effectively and efficiently achieve the purposes of the compact.
2 Notwithstanding the foregoing, in the event the interstate commission
3 exercises its rulemaking authority in a manner that is beyond the scope
4 of the purposes of the compact, or the powers granted hereunder, then
5 such an action by the interstate commission shall be invalid and have no
6 force or effect.

7 2. Rules deemed appropriate for the operations of the interstate
8 commission shall be made pursuant to a rulemaking process that substan-
9 tially conforms to the federal Model State Administrative Procedure Act
10 of 2010, and subsequent amendments thereto.

11 3. Not later than thirty days after a rule is promulgated, any person
12 may file a petition for judicial review of the rule in the United States
13 District Court for the District of Columbia or the federal district
14 where the interstate commission has its principal offices, provided that
15 the filing of such a petition shall not stay or otherwise prevent the
16 rule from becoming effective unless the court finds that the petitioner
17 has a substantial likelihood of success. The court shall give deference
18 to the actions of the interstate commission consistent with applicable
19 law and shall not find the rule to be unlawful if the rule represents a
20 reasonable exercise of the authority granted to the interstate commis-
21 sion.

22 § 8876. Oversight of interstate compact. 1. The executive, legisla-
23 tive, and judicial branches of state government in each member state
24 shall enforce the compact and shall take all actions necessary and
25 appropriate to effectuate the compact's purposes and intent. The
26 provisions of the compact and the rules promulgated hereunder shall have
27 standing as statutory law but shall not override existing state authori-
28 ty to regulate the practice of medicine.

1 2. All courts shall take judicial notice of the compact and the rules
2 in any judicial or administrative proceeding in a member state pertain-
3 ing to the subject matter of the compact which may affect the powers,
4 responsibilities or actions of the interstate commission.

5 3. The interstate commission shall be entitled to receive all service
6 of process in any such proceeding, and shall have standing to intervene
7 in the proceeding for all purposes. Failure to provide service of proc-
8 ess to the interstate commission shall render a judgment or order void
9 as to the interstate commission, the compact, or promulgated rules.

10 § 8877. Enforcement of interstate compact. 1. The interstate commis-
11 sion, in the reasonable exercise of its discretion, shall enforce the
12 provisions and rules of the compact.

13 2. The interstate commission may, by majority vote of the commission-
14 ers, initiate legal action in the United States District Court for the
15 District of Columbia, or, at the discretion of the interstate commis-
16 sion, in the federal district where the interstate commission has its
17 principal offices, to enforce compliance with the provisions of the
18 compact, and its promulgated rules and bylaws, against a member state in
19 default. The relief sought may include both injunctive relief and
20 damages. In the event judicial enforcement is necessary, the prevailing
21 party shall be awarded all costs of such litigation including reasonable
22 attorney's fees.

23 3. The remedies herein shall not be the exclusive remedies of the
24 interstate commission. The interstate commission may avail itself of
25 any other remedies available under state law or the regulation of a
26 profession.

27 § 8878. Default procedures. 1. The grounds for default include, but
28 are not limited to, failure of a member state to perform such obli-

1 gations or responsibilities imposed upon it by the compact, or the rules
2 and bylaws of the interstate commission promulgated under the compact.

3 2. If the interstate commission determines that a member state has
4 defaulted in the performance of its obligations or responsibilities
5 under the compact, or the bylaws or promulgated rules, the interstate
6 commission shall:

7 (a) Provide written notice to the defaulting state and other member
8 states, of the nature of the default, the means of curing the default,
9 and any action taken by the interstate commission. The interstate
10 commission shall specify the conditions by which the defaulting state
11 must cure its default; and

12 (b) Provide remedial training and specific technical assistance
13 regarding the default.

14 3. If the defaulting state fails to cure the default, the defaulting
15 state shall be terminated from the compact upon an affirmative vote of a
16 majority of the commissioners and all rights, privileges, and benefits
17 conferred by the compact shall terminate on the effective date of termi-
18 nation. A cure of the default does not relieve the offending state of
19 obligations or liabilities incurred during the period of the default.

20 4. Termination of membership in the compact shall be imposed only
21 after all other means of securing compliance have been exhausted. Notice
22 of intent to terminate shall be given by the interstate commission to
23 the governor, the majority and minority leaders of the defaulting
24 state's legislature, and each of the member states.

25 5. The interstate commission shall establish rules and procedures to
26 address licenses and physicians that are materially impacted by the
27 termination of a member state, or the withdrawal of a member state.

1 6. The member state which has been terminated is responsible for all
2 dues, obligations, and liabilities incurred through the effective date
3 of termination including obligations, the performance of which extends
4 beyond the effective date of termination.

5 7. The interstate commission shall not bear any costs relating to any
6 state that has been found to be in default or which has been terminated
7 from the compact, unless otherwise mutually agreed upon in writing
8 between the interstate commission and the defaulting state.

9 8. The defaulting state may appeal the action of the interstate
10 commission by petitioning the United States District Court for the
11 District of Columbia or the federal district where the interstate
12 commission has its principal offices. The prevailing party shall be
13 awarded all costs of such litigation including reasonable attorney's
14 fees.

15 § 8879. Dispute resolution. 1. The interstate commission shall
16 attempt, upon the request of a member state, to resolve disputes which
17 are subject to the compact and which may arise among member states or
18 member boards.

19 2. The interstate commission shall promulgate rules providing for both
20 mediation and binding dispute resolution as appropriate.

21 § 8880. Member states, effective date and amendment. 1. Any state is
22 eligible to become a member state of the compact.

23 2. The compact shall become effective and binding upon legislative
24 enactment of the compact into law by no less than seven states. There-
25 after, it shall become effective and binding on a state upon enactment
26 of the compact into law by that state.

1 3. The governors of non-member states, or their designees, shall be
2 invited to participate in the activities of the interstate commission on
3 a non-voting basis prior to adoption of the compact by all states.

4 4. The interstate commission may propose amendments to the compact for
5 enactment by the member states. No amendment shall become effective and
6 binding upon the interstate commission and the member states unless and
7 until it is enacted into law by unanimous consent of the member states.

8 § 8881. Withdrawal. 1. Once effective, the compact shall continue in
9 force and remain binding upon each and every member state; provided that
10 a member state may withdraw from the compact by specifically repealing
11 the statute which enacted the compact into law.

12 2. Withdrawal from the compact shall be by the enactment of a statute
13 repealing the same, but shall not take effect until one year after the
14 effective date of such statute and until written notice of the with-
15 drawal has been given by the withdrawing state to the governor of each
16 other member state.

17 3. The withdrawing state shall immediately notify the chairperson of
18 the interstate commission in writing upon the introduction of legis-
19 lation repealing the compact in the withdrawing state.

20 4. The interstate commission shall notify the other member states of
21 the withdrawing state's intent to withdraw within sixty days of its
22 receipt of notice provided under subdivision three of this section.

23 5. The withdrawing state is responsible for all dues, obligations and
24 liabilities incurred through the effective date of withdrawal, including
25 obligations, the performance of which extend beyond the effective date
26 of withdrawal.

1 6. Reinstatement following withdrawal of a member state shall occur
2 upon the withdrawing state reenacting the compact or upon such later
3 date as determined by the interstate commission.

4 7. The interstate commission is authorized to develop rules to address
5 the impact of the withdrawal of a member state on licenses granted in
6 other member states to physicians who designated the withdrawing member
7 state as the state of principal license.

8 § 8882. Dissolution. 1. The compact shall dissolve effective upon the
9 date of the withdrawal or default of the member state which reduces the
10 membership in the compact to one member state.

11 2. Upon the dissolution of the compact, the compact becomes null and
12 void and shall be of no further force or effect, and the business and
13 affairs of the interstate commission shall be concluded and surplus
14 funds shall be distributed in accordance with the bylaws.

15 § 8883. Severability and construction. 1. The provisions of the
16 compact shall be severable, and if any phrase, clause, sentence, or
17 provision is deemed unenforceable, the remaining provisions of the
18 compact shall be enforceable.

19 2. The provisions of the compact shall be liberally construed to
20 effectuate its purposes.

21 3. Nothing in the compact shall be construed to prohibit the applica-
22 bility of other interstate compacts to which the states are members.

23 § 8884. Binding effect of compact and other laws. 1. Nothing contained
24 in this article shall prevent the enforcement of any other law of a
25 member state that is not inconsistent with the compact.

26 2. All laws in a member state in conflict with the compact are super-
27 seded to the extent of the conflict.

1 3. All lawful actions of the interstate commission, including all
2 rules and bylaws promulgated by the commission, are binding upon the
3 member states.

4 4. All agreements between the interstate commission and the member
5 states are binding in accordance with their terms.

6 5. In the event any provision of the compact exceeds the constitu-
7 tional limits imposed on the legislature of any member state, such
8 provision shall be ineffective to the extent of the conflict with the
9 constitutional provision in question in that member state.

10 § 2. Article 170 of the education law is renumbered article 171 and a
11 new article 170 is added to title 8 of the education law to read as
12 follows:

13 ARTICLE 170

14 NURSE LICENSURE COMPACT

15 Section 8900. Nurse licensure compact.

16 8901. Findings and declaration of purpose.

17 8902. Definitions.

18 8903. General provisions and jurisdiction.

19 8904. Applications for licensure in a party state.

20 8905. Additional authorities invested in party state licensing
21 boards.

22 8906. Coordinated licensure information system and exchange of
23 information.

24 8907. Establishment of the interstate commission of nurse licen-
25 sure compact administrators.

26 8908. Rulemaking.

27 8909. Oversight, dispute resolution and enforcement.

28 8910. Effective date, withdrawal and amendment.

1 8911. Construction and severability.

2 § 8900. Nurse licensure compact. The nurse license compact as set
3 forth in the article is hereby adopted and entered into with all party
4 states joining therein.

5 § 8901. Findings and declaration of purpose 1. Findings. The party
6 states find that:

7 a. The health and safety of the public are affected by the degree of
8 compliance with and the effectiveness of enforcement activities related
9 to state nurse licensure laws;

10 b. Violations of nurse licensure and other laws regulating the prac-
11 tice of nursing may result in injury or harm to the public;

12 c. The expanded mobility of nurses and the use of advanced communi-
13 cation technologies as part of our nation's health care delivery system
14 require greater coordination and cooperation among states in the areas
15 of nurse licensure and regulation;

16 d. New practice modalities and technology make compliance with indi-
17 vidual state nurse licensure laws difficult and complex;

18 e. The current system of duplicative licensure for nurses practicing
19 in multiple states is cumbersome and redundant for both nurses and
20 states; and

21 f. Uniformity of nurse licensure requirements throughout the states
22 promotes public safety and public health benefits.

23 2. Declaration of purpose. The general purposes of this compact are
24 to:

25 a. Facilitate the states' responsibility to protect the public's
26 health and safety;

27 b. Ensure and encourage the cooperation of party states in the areas
28 of nurse licensure and regulation;

1 c. Facilitate the exchange of information between party states in the
2 areas of nurse regulation, investigation and adverse actions;

3 d. Promote compliance with the laws governing the practice of nursing
4 in each jurisdiction;

5 e. Invest all party states with the authority to hold a nurse account-
6 able for meeting all state practice laws in the state in which the
7 patient is located at the time care is rendered through the mutual
8 recognition of party state licenses;

9 f. Decrease redundancies in the consideration and issuance of nurse
10 licenses; and

11 g. Provide opportunities for interstate practice by nurses who meet
12 uniform licensure requirements.

13 § 8902. Definitions. 1. Definitions. As used in this compact:

14 a. "Adverse action" means any administrative, civil, equitable or

17 against an individual's license or multistate licensure privilege such
18 as revocation, suspension, probation, monitoring of the licensee, limi-

6 to respond, if required by state law, has reason to believe is not
7 groundless and, if proved true, would indicate more than a minor infrac-
8 tion; or

9 2. Investigative information that indicates that the nurse represents
10 an immediate threat to public health and safety regardless of whether
11 the nurse has been notified and had an opportunity to respond.

13 tion on, the full and unrestricted practice of nursing imposed by a
14 licensing board.

15 g. "Home state" means the party state which is the nurse's primary
16 state of residence.

17 h. "Licensing board" means a party state's regulatory body responsible
18 for issuing nurse licenses.

19 i. "Multistate license" means a license to practice as a registered
20 nurse (RN) or as a licensed practical/vocational nurse (LPN/VN), which
21 is issued by a home state licensing board, and which authorizes the
22 licensed nurse to practice in all party states under a multistate licen-
23 sure privilege.

24 j. "Multistate licensure privilege" means a legal authorization asso-
25 ciated with a multistate license permitting the practice of nursing as
26 either a RN or a LPN/VN in a remote state.

27 k. "Nurse" means RN or LPN/VN, as those terms are defined by each
28 party state's practice laws.

1 l. "Party state" means any state that has adopted this compact.

2 m. "Remote state" means a party state, other than the home state.

8 and the District of Columbia.

9 p. "State practice laws" means a party state's laws, rules and regu-

13 and retain a license, except for qualifications or requirements of the
14 home state.

15 § 8903. General provisions and jurisdiction. 1. General provisions and
16 jurisdiction. a. A multistate license to practice registered or licensed
17 practical/vocational nursing issued by a home state to a resident in
18 that state will be recognized by each party state as authorizing a nurse
19 to practice as a registered nurse (RN) or as a licensed
20 practical/vocational nurse (LPN/VN), under a multistate licensure privi-
21 lege, in each party state.

22 b. A state shall implement procedures for considering the criminal
23 history records of applicants for an initial multistate license or
24 licensure by endorsement. Such procedures shall include the submission
25 of fingerprints or other biometric-based information by applicants for
26 the purpose of obtaining an applicant's criminal history record informa-
27 tion from the federal bureau of investigation and the agency responsible
28 for retaining that state's criminal records.

1 c. Each party state shall require its licensing board to authorize an
2 applicant to obtain or retain a multistate license in the home state
3 only if the applicant:

4 i. Meets the home state's qualifications for licensure or renewal of
5 licensure, and complies with all other applicable state laws;

6 ii. (1) Has graduated or is eligible to graduate from a licensing
7 board-approved RN or LPN/VN prelicensure education program; or
8 (2) Has graduated from a foreign RN or LPN/VN prelicensure education
9 program that has been: (A) approved by the authorized accrediting body
10 in the applicable country, and (B) verified by an independent creden-
11 tials review agency to be comparable to a licensing board-approved prel-
12 icensure education program;

13 iii. Has, if a graduate of a foreign prelicensure education program
14 not taught in English or if English is not the individual's native
15 language, successfully passed an English proficiency examination that
16 includes the components of reading, speaking, writing and listening;

17 iv. Has successfully passed an NCLEX-RN or NCLEX-PN examination or
18 recognized predecessor, as applicable;

19 v. Is eligible for or holds an active, unencumbered license;

20 vi. Has submitted, in connection with an application for initial
21 licensure or licensure by endorsement, fingerprints or other biometric
22 data for the purpose of obtaining criminal history record information
23 from the federal bureau of investigation and the agency responsible for
24 retaining that state's criminal records;

25 vii. Has not been convicted or found guilty, or has entered into an
26 agreed disposition, of a felony offense under applicable state or feder-

3 nursing as determined on a case-by-case basis;

4 ix. Is not currently enrolled in an alternative program;

5 x. Is subject to self-disclosure requirements regarding current
6 participation in an alternative program; and

7 xi. Has a valid United States social security number.

8 d. All party states shall be authorized, in accordance with existing
9 state due process law, to take adverse action against a nurse's multi-
10 state licensure privilege such as revocation, suspension, probation or
11 any other action that affects a nurse's authorization to practice under
12 a multistate licensure privilege, including cease and desist actions. If
13 a party state takes such action, it shall promptly notify the adminis-
14 trator of the coordinated licensure information system. The administra-
15 tor of the coordinated licensure information system shall promptly noti-
16 fy the home state of any such actions by remote states.

17 e. A nurse practicing in a party state shall comply with the state
18 practice laws of the state in which the client is located at the time
19 service is provided. The practice of nursing is not limited to patient
20 care but shall include all nursing practice as defined by the state
21 practice laws of the party state in which the client is located. The
22 practice of nursing in a party state under a multistate licensure privi-
23 lege will subject a nurse to the jurisdiction of the licensing board,
24 the courts and the laws of the party state in which the client is
25 located at the time service is provided.

26 f. Individuals not residing in a party state shall continue to be able
27 to apply for a party state's single-state license as provided under the
28 laws of each party state. However, the single-state license granted to

1 these individuals will not be recognized as granting the privilege to
2 practice nursing in any other party state. Nothing in this compact shall
3 affect the requirements established by a party state for the issuance of
4 a single-state license.

5 g. Any nurse holding a home state multistate license, on the effective
6 date of this compact, may retain and renew the multistate license issued
7 by the nurse's then-current home state, provided that:

8 i. A nurse, who changes primary state of residence after this
9 compact's effective date, shall meet all applicable requirements set
10 forth in this article to obtain a multistate license from a new home
11 state.

12 ii. A nurse who fails to satisfy the multistate licensure requirements
13 set forth in this article due to a disqualifying event occurring after
14 this compact's effective date shall be ineligible to retain or renew a
15 multistate license, and the nurse's multistate license shall be revoked
16 or deactivated in accordance with applicable rules adopted by the
17 commission.

18 § 8904. Applications for licensure in a party state. 1. Applications
19 for licensure in a party state. a. Upon application for a multistate
20 license, the licensing board in the issuing party state shall ascertain,
21 through the coordinated licensure information system, whether the appli-
22 cant has ever held, or is the holder of, a license issued by any other
23 state, whether there are any encumbrances on any license or multistate
24 licensure privilege held by the applicant, whether any adverse action
25 has been taken against any license or multistate licensure privilege
26 held by the applicant and whether the applicant is currently participat-
27 ing in an alternative program.

1 b. A nurse may hold a multistate license, issued by the home state, in
2 only one party state at a time.

3 c. If a nurse changes primary state of residence by moving between two
4 party states, the nurse must apply for licensure in the new home state,
5 and the multistate license issued by the prior home state will be deac-
6 tivated in accordance with applicable rules adopted by the commission.

7 i. The nurse may apply for licensure in advance of a change in primary
8 state of residence.

9 ii. A multistate license shall not be issued by the new home state
10 until the nurse provides satisfactory evidence of a change in primary
11 state of residence to the new home state and satisfies all applicable
12 requirements to obtain a multistate license from the new home state.

13 d. If a nurse changes primary state of residence by moving from a
14 party state to a non-party state, the multistate license issued by the
15 prior home state will convert to a single-state license, valid only in
16 the former home state.

17 § 8905. Additional authorities invested in party state licensing
18 boards. 1. Licensing board authority. In addition to the other powers
19 conferred by state law, a licensing board shall have the authority to:

20 a. Take adverse action against a nurse's multistate licensure privi-
21 lege to practice within that party state.

22 i. Only the home state shall have the power to take adverse action
23 against a nurse's license issued by the home state.

24 ii. For purposes of taking adverse action, the home state licensing
25 board shall give the same priority and effect to reported conduct
26 received from a remote state as it would if such conduct had occurred
27 within the home state. In so doing, the home state shall apply its own
28 state laws to determine appropriate action.

1 b. Issue cease and desist orders or impose an encumbrance on a nurse's
2 authority to practice within that party state.

3 c. Complete any pending investigations of a nurse who changes primary
4 state of residence during the course of such investigations. The licens-
5 ing board shall also have the authority to take appropriate action or
6 actions and shall promptly report the conclusions of such investigations
7 to the administrator of the coordinated licensure information system.
8 The administrator of the coordinated licensure information system shall
9 promptly notify the new home state of any such actions.

10 d. Issue subpoenas for both hearings and investigations that require
11 the attendance and testimony of witnesses, as well as the production of
12 evidence. Subpoenas issued by a licensing board in a party state for the
13 attendance and testimony of witnesses or the production of evidence from
14 another party state shall be enforced in the latter state by any court
15 of competent jurisdiction, according to the practice and procedure of
16 that court applicable to subpoenas issued in proceedings pending before
17 it. The issuing authority shall pay any witness fees, travel expenses,
18 mileage and other fees required by the service statutes of the state in
19 which the witnesses or evidence are located.

20 e. Obtain and submit, for each nurse licensure applicant, fingerprint
21 or other biometric-based information to the federal bureau of investi-
22 gation for criminal background checks, receive the results of the feder-
23 al bureau of investigation record search on criminal background checks
24 and use the results in making licensure decisions.

25 f. If otherwise permitted by state law, recover from the affected
26 nurse the costs of investigations and disposition of cases resulting
27 from any adverse action taken against that nurse.

1 g. Take adverse action based on the factual findings of the remote
2 state, provided that the licensing board follows its own procedures for
3 taking such adverse action.

4 2. Adverse actions. a. If adverse action is taken by the home state
5 against a nurse's multistate license, the nurse's multistate licensure
6 privilege to practice in all other party states shall be deactivated
7 until all encumbrances have been removed from the multistate license.
8 All home state disciplinary orders that impose adverse action against a
9 nurse's multistate license shall include a statement that the nurse's
10 multistate licensure privilege is deactivated in all party states during
11 the pendency of the order.

12 b. Nothing in this compact shall override a party state's decision
13 that participation in an alternative program may be used in lieu of
14 adverse action. The home state licensing board shall deactivate the
15 multistate licensure privilege under the multistate license of any nurse
16 for the duration of the nurse's participation in an alternative program.

17 § 8906. Coordinated licensure information system and exchange of
18 information. 1. Coordinated licensure information system and exchange
19 of information. a. All party states shall participate in a coordinated
20 licensure information system of all licensed registered nurses (RNs) and
21 licensed practical/vocational nurses (LPNs/VNs). This system will
22 include information on the licensure and disciplinary history of each
23 nurse, as submitted by party states, to assist in the coordination of
24 nurse licensure and enforcement efforts.

25 b. The commission, in consultation with the administrator of the coor-
26 dated licensure information system, shall formulate necessary and
27 proper procedures for the identification, collection and exchange of
28 information under this compact.

1 c. All licensing boards shall promptly report to the coordinated
2 licensure information system any adverse action, any current significant
3 investigative information, denials of applications with the reasons for
4 such denials and nurse participation in alternative programs known to
5 the licensing board regardless of whether such participation is deemed
6 nonpublic or confidential under state law.

7 d. Current significant investigative information and participation in
8 nonpublic or confidential alternative programs shall be transmitted
9 through the coordinated licensure information system only to party state
10 licensing boards.

11 e. Notwithstanding any other provision of law, all party state licens-
12 ing boards contributing information to the coordinated licensure infor-
13 mation system may designate information that may not be shared with
14 non-party states or disclosed to other entities or individuals without
15 the express permission of the contributing state.

16 f. Any personally identifiable information obtained from the coordi-
17 nated licensure information system by a party state licensing board
18 shall not be shared with non-party states or disclosed to other entities
19 or individuals except to the extent permitted by the laws of the party
20 state contributing the information.

21 g. Any information contributed to the coordinated licensure informa-
22 tion system that is subsequently required to be expunged by the laws of
23 the party state contributing that information shall also be expunged
24 from the coordinated licensure information system.

25 h. The compact administrator of each party state shall furnish a
26 uniform data set to the compact administrator of each other party state,
27 which shall include, at a minimum:

28 i. Identifying information;

1 ii. Licensure data;
2 iii. Information related to alternative program participation; and
3 iv. Other information that may facilitate the administration of this
4 compact, as determined by commission rules.

5 i. The compact administrator of a party state shall provide all inves-
6 tigative documents and information requested by another party state.

7 § 8907. Establishment of the interstate commission of nurse licensure
8 compact administrators. 1. Commission of nurse licensure compact admin-
9 istrators. The party states hereby create and establish a joint public
10 entity known as the interstate commission of nurse licensure compact
11 administrators. The commission is an instrumentality of the party
12 states.

13 2. Venue. Venue is proper, and judicial proceedings by or against the
14 commission shall be brought solely and exclusively, in a court of compe-
15 tent jurisdiction where the principal office of the commission is
16 located. The commission may waive venue and jurisdictional defenses to
17 the extent it adopts or consents to participate in alternative dispute
18 resolution proceedings.

19 3. Sovereign immunity. Nothing in this compact shall be construed to
20 be a waiver of sovereign immunity.

21 4. Membership, voting and meetings. a. Each party state shall have and
22 be limited to one administrator. The head of the state licensing board
23 or designee shall be the administrator of this compact for each party
24 state. Any administrator may be removed or suspended from office as
25 provided by the law of the state from which the administrator is
26 appointed. Any vacancy occurring in the commission shall be filled in
27 accordance with the laws of the party state in which the vacancy exists.

1 b. Each administrator shall be entitled to one vote with regard to the
2 promulgation of rules and creation of bylaws and shall otherwise have an
3 opportunity to participate in the business and affairs of the commis-
4 sion. An administrator shall vote in person or by such other means as
5 provided in the bylaws. The bylaws may provide for an administrator's
6 participation in meetings by telephone or other means of communication.

7 c. The commission shall meet at least once during each calendar year.
8 Additional meetings shall be held as set forth in the bylaws or rules of
9 the commission.

10 d. All meetings shall be open to the public, and public notice of
11 meetings shall be given in the same manner as required under the rule-
12 making provisions in section eighty-nine hundred eight of this article.

13 5. Closed meetings. a. The commission may convene in a closed, nonpub-
14 lic meeting if the commission shall discuss:

15 i. Noncompliance of a party state with its obligations under this
16 compact;

17 ii. The employment, compensation, discipline or other personnel
18 matters, practices or procedures related to specific employees or other
19 matters related to the commission's internal personnel practices and
20 procedures;

21 iii. Current, threatened or reasonably anticipated litigation;

22 iv. Negotiation of contracts for the purchase or sale of goods,
23 services or real estate;

24 v. Accusing any person of a crime or formally censuring any person;

25 vi. Disclosure of trade secrets or commercial or financial information
26 that is privileged or confidential;

27 vii. Disclosure of information of a personal nature where disclosure
28 would constitute a clearly unwarranted invasion of personal privacy;

1 viii. Disclosure of investigatory records compiled for law enforcement
2 purposes;

3 ix. Disclosure of information related to any reports prepared by or on
4 behalf of the commission for the purpose of investigation of compliance
5 with this compact; or

6 x. Matters specifically exempted from disclosure by federal or state
7 statute.

8 b. If a meeting, or portion of a meeting, is closed pursuant to this
9 paragraph the commission's legal counsel or designee shall certify that
10 the meeting may be closed and shall reference each relevant exempting
11 provision. The commission shall keep minutes that fully and clearly
12 describe all matters discussed in a meeting and shall provide a full and
13 accurate summary of actions taken, and the reasons therefor, including a
14 description of the views expressed. All documents considered in
15 connection with an action shall be identified in such minutes. All
16 minutes and documents of a closed meeting shall remain under seal,
17 subject to release by a majority vote of the commission or order of a
18 court of competent jurisdiction.

19 c. The commission shall, by a majority vote of the administrators,
20 prescribe bylaws or rules to govern its conduct as may be necessary or
21 appropriate to carry out the purposes and exercise the powers of this
22 compact, including but not limited to:

23 i. Establishing the fiscal year of the commission;

24 ii. Providing reasonable standards and procedures:

25 (1) For the establishment and meetings of other committees; and

26 (2) Governing any general or specific delegation of any authority or
27 function of the commission;

1 iii. Providing reasonable procedures for calling and conducting meet-

4 interested parties, with enumerated exceptions designed to protect the
5 public's interest, the privacy of individuals, and proprietary informa-
6 tion, including trade secrets. The commission may meet in closed session
7 only after a majority of the administrators vote to close a meeting in

9 public a copy of the vote to close the meeting revealing the vote of
10 each administrator, with no proxy votes allowed;

11 iv. Establishing the titles, duties and authority and reasonable
12 procedures for the election of the officers of the commission;

13 v. Providing reasonable standards and procedures for the establishment
14 of the personnel policies and programs of the commission. Notwithstand-

16 bylaws shall exclusively govern the personnel policies and programs of
17 the commission; and

18 vi. Providing a mechanism for winding up the operations of the commis-
19 sion and the equitable disposition of any surplus funds that may exist
20 after the termination of this compact after the payment or reserving of
21 all of its debts and obligations.

22 6. General provisions. a. The commission shall publish its bylaws and
23 rules, and any amendments thereto, in a convenient form on the website
24 of the commission.

5 force and effect of law and shall be binding in all party states;

7 the commission, provided that the standing of any licensing board to sue
8 or be sued under applicable law shall not be affected;

9 c. To purchase and maintain insurance and bonds;

10 d. To borrow, accept or contract for services of personnel, including,
11 but not limited to, employees of a party state or nonprofit organiza-

14 compacts related to the regulation of nursing, including but not limited
15 to sharing administrative or staff expenses, office space or other
16 resources;

17 f. To hire employees, elect or appoint officers, fix compensation,
18 define duties, grant such individuals appropriate authority to carry out
19 the purposes of this compact, and to establish the commission's person-

21 tions of personnel and other related personnel matters;

22 g. To accept any and all appropriate donations, grants and gifts of
23 money, equipment, supplies, materials and services, and to receive,

25 sion shall avoid any appearance of impropriety or conflict of interest;

26 h. To lease, purchase, accept appropriate gifts or donations of, or
27 otherwise to own, hold, improve or use, any property, whether real,

20 b. The commission may also levy on and collect an annual assessment
21 from each party state to cover the cost of its operations, activities
22 and staff in its annual budget as approved each year. The aggregate
23 annual assessment amount, if any, shall be allocated based upon a formu-
24 la to be determined by the commission, which shall promulgate a rule
25 that is binding upon all party states.

26 c. The commission shall not incur obligations of any kind prior to
27 securing the funds adequate to meet the same; nor shall the commission

16 that the person against whom the claim is made had a reasonable basis
17 for believing occurred, within the scope of the commission's employment,

22 b. The commission shall defend any administrator, officer, executive
23 director, employee or representative of the commission in any civil

10 ten comments.

11 c. Prior to adoption of a proposed rule, the commission shall allow
12 persons to submit written data, facts, opinions and arguments, which
13 shall be made available to the public.

14 3. Public hearings on rules. a. The commission shall grant an opportu-
15 nity for a public hearing before it adopts a rule or amendment.

16 b. The commission shall publish the place, time and date of the sched-
17 uled public hearing.

18 i. Hearings shall be conducted in a manner providing each person who
19 wishes to comment a fair and reasonable opportunity to comment orally or
20 in writing. All hearings will be recorded, and a copy will be made
21 available upon request.

22 ii. Nothing in this section shall be construed as requiring a separate
23 hearing on each rule. Rules may be grouped for the convenience of the
24 commission at hearings required by this section.

25 c. If no one appears at the public hearing, the commission may proceed
26 with promulgation of the proposed rule.

1 d. Following the scheduled hearing date, or by the close of business
2 on the scheduled hearing date if the hearing was not held, the commis-
3 sion shall consider all written and oral comments received.

4 4. Voting on rules. The commission shall, by majority vote of all
5 administrators, take final action on the proposed rule and shall deter-
6 mine the effective date of the rule, if any, based on the rulemaking
7 record and the full text of the rule.

8 5. Emergency rules. Upon determination that an emergency exists, the
9 commission may consider and adopt an emergency rule without prior
10 notice, opportunity for comment or hearing, provided that the usual
11 rulemaking procedures provided in this compact and in this section shall
12 be retroactively applied to the rule as soon as reasonably possible, in
13 no event later than ninety days after the effective date of the rule.
14 For the purposes of this provision, an emergency rule is one that must
15 be adopted immediately in order to:

16 a. Meet an imminent threat to public health, safety or welfare;

17 b. Prevent a loss of the commission or party state funds; or

18 c. Meet a deadline for the promulgation of an administrative rule that
19 is required by federal law or rule.

20 6. Revisions. The commission may direct revisions to a previously
21 adopted rule or amendment for purposes of correcting typographical
22 errors, errors in format, errors in consistency or grammatical errors.
23 Public notice of any revisions shall be posted on the website of the
24 commission. The revision shall be subject to challenge by any person for
25 a period of thirty days after posting. The revision may be challenged
26 only on grounds that the revision results in a material change to a
27 rule. A challenge shall be made in writing, and delivered to the
28 commission, prior to the end of the notice period. If no challenge is

1 made, the revision will take effect without further action. If the
2 revision is challenged, the revision may not take effect without the
3 approval of the commission.

4 § 8909. Oversight, dispute resolution and enforcement. 1. Oversight.

5 a. Each party state shall enforce this compact and take all actions
6 necessary and appropriate to effectuate this compact's purposes and
7 intent.

8 b. The commission shall be entitled to receive service of process in
9 any proceeding that may affect the powers, responsibilities or actions
10 of the commission, and shall have standing to intervene in such a
11 proceeding for all purposes. Failure to provide service of process in
12 such proceeding to the commission shall render a judgment or order void
13 as to the commission, this compact or promulgated rules.

14 2. Default, technical assistance and termination. a. If the commission
15 determines that a party state has defaulted in the performance of its
16 obligations or responsibilities under this compact or the promulgated
17 rules, the commission shall:

18 i. Provide written notice to the defaulting state and other party
19 states of the nature of the default, the proposed means of curing the
20 default or any other action to be taken by the commission; and

21 ii. Provide remedial training and specific technical assistance
22 regarding the default.

23 b. If a state in default fails to cure the default, the defaulting
24 state's membership in this compact may be terminated upon an affirmative
25 vote of a majority of the administrators, and all rights, privileges and
26 benefits conferred by this compact may be terminated on the effective
27 date of termination. A cure of the default does not relieve the offend-

1 ing state of obligations or liabilities incurred during the period of
2 default.

3 c. Termination of membership in this compact shall be imposed only
4 after all other means of securing compliance have been exhausted. Notice
5 of intent to suspend or terminate shall be given by the commission to
6 the governor of the defaulting state and to the executive officer of the
7 defaulting state's licensing board and each of the party states.

8 d. A state whose membership in this compact has been terminated is
9 responsible for all assessments, obligations and liabilities incurred
10 through the effective date of termination, including obligations that
11 extend beyond the effective date of termination.

12 e. The commission shall not bear any costs related to a state that is
13 found to be in default or whose membership in this compact has been
14 terminated unless agreed upon in writing between the commission and the
15 defaulting state.

16 f. The defaulting state may appeal the action of the commission by
17 petitioning the U.S. District Court for the District of Columbia or the
18 federal district in which the commission has its principal offices. The
19 prevailing party shall be awarded all costs of such litigation, includ-
20 ing reasonable attorneys' fees.

21 3. Dispute resolution. a. Upon request by a party state, the commis-
22 sion shall attempt to resolve disputes related to the compact that arise
23 among party states and between party and non-party states.

24 b. The commission shall promulgate a rule providing for both mediation
25 and binding dispute resolution for disputes, as appropriate.

26 c. In the event the commission cannot resolve disputes among party
27 states arising under this compact:

1 i. The party states may submit the issues in dispute to an arbitration
2 panel, which will be comprised of individuals appointed by the compact
3 administrator in each of the affected party states, and an individual
4 mutually agreed upon by the compact administrators of all the party
5 states involved in the dispute.

6 ii. The decision of a majority of the arbitrators shall be final and
7 binding.

8 4. Enforcement. a. The commission, in the reasonable exercise of its
9 discretion, shall enforce the provisions and rules of this compact.

10 b. By majority vote, the commission may initiate legal action in the
11 U.S. District Court for the District of Columbia or the federal
12 district in which the commission has its principal offices against a
13 party state that is in default to enforce compliance with the provisions
14 of this compact and its promulgated rules and bylaws. The relief sought
15 may include both injunctive relief and damages. In the event judicial
16 enforcement is necessary, the prevailing party shall be awarded all
17 costs of such litigation, including reasonable attorneys' fees.

18 c. The remedies herein shall not be the exclusive remedies of the
19 commission. The commission may pursue any other remedies available under
20 federal or state law.

21 § 8910. Effective date, withdrawal and amendment. 1. Effective date.

22 a. This compact shall become effective and binding on the earlier of
23 the date of legislative enactment of this compact into law by no less
24 than twenty-six states or the effective date of the chapter of the laws
25 of two thousand twenty-four that enacted this compact. Thereafter, the
26 compact shall become effective and binding as to any other compacting
27 state upon enactment of the compact into law by that state. All party
28 states to this compact, that also were parties to the prior nurse licen-

1 sure compact, superseded by this compact, (herein referred to as "prior
2 compact"), shall be deemed to have withdrawn from said prior compact
3 within six months after the effective date of this compact.

4 b. Each party state to this compact shall continue to recognize a
5 nurse's multistate licensure privilege to practice in that party state
6 issued under the prior compact until such party state has withdrawn from
7 the prior compact.

8 2. Withdrawal. a. Any party state may withdraw from this compact by
9 enacting a statute repealing the same. A party state's withdrawal shall
10 not take effect until six months after enactment of the repealing stat-
11 ute.

12 b. A party state's withdrawal or termination shall not affect the
13 continuing requirement of the withdrawing or terminated state's licens-
14 ing board to report adverse actions and significant investigations
15 occurring prior to the effective date of such withdrawal or termination.

16 c. Nothing contained in this compact shall be construed to invalidate
17 or prevent any nurse licensure agreement or other cooperative arrange-
18 ment between a party state and a non-party state that is made in accord-
19 ance with the other provisions of this compact.

20 3. Amendment. a. This compact may be amended by the party states. No
21 amendment to this compact shall become effective and binding upon the
22 party states unless and until it is enacted into the laws of all party
23 states.

24 b. Representatives of non-party states to this compact shall be
25 invited to participate in the activities of the commission, on a nonvot-
26 ing basis, prior to the adoption of this compact by all states.

27 § 8911. Construction and severability. 1. Construction and severabil-
28 ity. This compact shall be liberally construed so as to effectuate the

1 purposes thereof. The provisions of this compact shall be severable, and
2 if any phrase, clause, sentence or provision of this compact is declared
3 to be contrary to the constitution of any party state or of the United
4 States, or if the applicability thereof to any government, agency,
5 person or circumstance is held to be invalid, the validity of the
6 remainder of this compact and the applicability thereof to any govern-
7 ment, agency, person or circumstance shall not be affected thereby. If
8 this compact shall be held to be contrary to the constitution of any
9 party state, this compact shall remain in full force and effect as to
10 the remaining party states and in full force and effect as to the party
11 state affected as to all severable matters.

12 § 3. This act shall take effect immediately and shall be deemed to
13 have been in full force and effect on and after April 1, 2024.

14 PART S

15 Section 1. The public health law is amended by adding a new section
16 2825-i to read as follows:

17 § 2825-i. Healthcare safety net transformation program. 1. A statewide
18 healthcare safety net transformation program shall be established within
19 the department for the purpose of supporting the transformation of safe-
20 ty net hospitals to improve access, equity, quality, and outcomes while
21 increasing the financial sustainability of safety net hospitals. Such
22 program may provide or utilize new or existing capital funding, or oper-
23 ating subsidies, or both. A safety net hospital and a partner organiza-
24 tion may jointly apply for this program.

25 2. The commissioner shall enter an agreement with the president of the
26 dormitory authority of the state of New York pursuant to section sixteen

1 hundred eighty-r of the public authorities law, as required, which shall
2 apply to this agreement, subject to the approval of the director of the
3 division of the budget, for the purposes of the distribution and admin-
4 istration of available funds pursuant to such agreement and made avail-
5 able pursuant to this section and subject to appropriation. Such funds
6 may be awarded and distributed by the department to safety net hospi-
7 tals, or a partner organization, in the form of grants. To qualify as a
8 safety net hospital for purposes of this section, a hospital shall:

9 (a) be either a public hospital, a rural emergency hospital, critical
10 access hospital or sole community hospital;

11 (b) have at least thirty percent of its inpatient discharges made up
12 of medical assistance program eligible individuals, uninsured individ-
13 uals or medical assistance program dually eligible individuals and at
14 least thirty-five percent of its outpatient visits made up of medical
15 assistance program eligible individuals, uninsured individuals or
16 medical assistance program dually-eligible individuals;

17 (c) serve at least thirty percent of the residents of a county or a
18 multi-county area who are medical assistance program eligible individ-
19 uals, uninsured individuals or medical assistance program dually-eligi-
20 ble individuals; or

21 (d) in the discretion of the commissioner, serve a significant popu-
22 lation of medical assistance program eligible individuals, uninsured
23 individuals or medical assistance program dually-eligible individuals.

24 3. Partner organizations may include, but are not limited to, health
25 systems, hospitals, health plans, residential health care facilities,
26 physician groups, community-based organization, or other healthcare
27 entities who can serve as partners in the transformation of the safety
28 net hospital. The commissioner shall have the discretion to deem any

1 organization a partner organization upon a finding that deeming so will
2 advance the goals of this section.

3 4. Notwithstanding any law to the contrary, and in accordance with
4 article four of the state finance law, the comptroller is hereby author-
5 ized and directed to transfer, upon request of the director of budget,
6 on or before March thirty-first, two thousand twenty-five, up to five
7 hundred million dollars to the department from amounts appropriated to
8 administer the programs established in sections twenty-eight hundred
9 twenty-five-g and twenty-eight hundred twenty-five-h of this article to
10 support this program. Notwithstanding section one hundred sixty-three
11 of the state finance law, sections one hundred forty-two and one hundred
12 forty-three of the economic development law or any inconsistent
13 provisions of law to the contrary, awards may be provided without a
14 competitive bid or request for proposal process to safety net hospitals
15 or partner organizations for purposes of increasing access, equity,
16 quality, outcomes, and long-term financial sustainability of such safety
17 net hospitals.

18 5. Notwithstanding any provision of law to the contrary, the commis-
19 sioner is authorized to waive any regulatory requirements to allow
20 applicants to more effectively or efficiently implement projects awarded
21 through the healthcare safety net transformation program, provided,
22 however, that regulations pertaining to patient safety, patient auton-
23 omy, patient privacy, patient rights, due process, scope of practice,
24 professional licensure, environmental protections, provider reimburse-
25 ment methodologies, or occupational standards and employee rights may
26 not be waived, nor shall any regulations be waived if such waiver would
27 risk patient safety. Such waiver shall not exceed the life of the
28 project or such shorter time periods as the commissioner may determine.

1 Any regulatory relief granted pursuant to this subdivision shall be
2 specifically described and requested within each project application and
3 be reviewed by the commissioner. The waiver of any regulatory require-
4 ments shall be made in the sole discretion of the commissioner.

5 6. Qualifying safety net hospitals and their designated partner organ-
6 ization or organizations shall provide, as part of the application,
7 which shall be in a manner as prescribed by the commissioner, a trans-
8 formation plan that includes at least a five-year strategic and opera-
9 tional plan outlining the roles and responsibilities of each entity and
10 specifically state any regulatory flexibility which may be required to
11 implement such plan. The transformation plan shall also include a time-
12 line of key metrics and goals related to improved access, equity, quali-
13 ty, outcomes, and increased financial sustainability of the safety net
14 hospital. The request for level and type of support shall be specific
15 and detailed in the application. Continued support shall be contingent
16 upon the implementation of the approved plan and key milestones. Appli-
17 cations may include a range of collaboration models, including but not
18 be limited to merger, acquisition, a management services contract, or a
19 clinical integration.

20 7. The release of any funding will be contingent upon compliance with
21 the transformation plan and a determination that acceptable progress has
22 been made with such plan. If key milestones and goals are not met, addi-
23 tional financial resources may be withheld and redirected, upon the
24 recommendation of the commissioner and approval by the director of budg-
25 et.

26 § 2. This act shall take effect immediately and shall be deemed to
27 have been in full force and effect on and after April 1, 2024.

25 reported by the person in charge of the laboratory or the person making
26 such examination to the local or state health official to whom the

2 read as follows:

3 § 2172. HCV infection; duty to report. In addition to reporting that a
4 hepatitis C virus (HCV) clinical laboratory test is reactive/positive as
5 required by section twenty-one hundred two of this article, any permit-
6 ted clinical laboratory, as defined in section five hundred seventy-one
7 of this chapter, performing such tests shall also, upon determination

13 chapter 60 of the laws of 2014, is amended to read as follows:

14 § 2781. HIV related testing. 1. Except as provided in section three
15 thousand one hundred twenty-one of the civil practice law and rules, or
16 unless otherwise specifically authorized or required by a state or
17 federal law, no person shall order the performance of an HIV related
18 test without first, at a minimum, [orally advising] providing notice by
19 means readily accessible in multiple languages to the protected individ-
20 ual, or, when the protected individual lacks capacity to consent, a
21 person authorized to consent to health care for such individual, that an
22 HIV-related test is being performed, or over the objection of such indi-
23 vidual or authorized persons. Such [advisement and objection, when
24 applicable] notice may be provided orally, in writing, by prominently
25 displayed signage, or by electronic means or other appropriate form of
26 communication. Such notice shall include information that HIV testing is
27 voluntary. A refusal of an HIV related test shall be noted in the indi-
28 vidual's record.

1 2. A person ordering the performance of an HIV related test shall
2 provide either directly or through a representative to the subject of an
3 HIV related test or, if the subject lacks capacity to consent, to a
4 person authorized pursuant to law to consent to health care for the
5 subject, an explanation that:

6 (a) HIV causes AIDS and can be transmitted through sexual activities
7 and needle-sharing, by pregnant women to their fetuses, and through
8 breastfeeding infants;

9 (b) there is treatment for HIV that can help an individual stay heal-
10 thy;

11 (c) individuals with HIV or AIDS can adopt safe practices to protect
12 uninfected and infected people in their lives from becoming infected or
13 multiply infected with HIV;

14 (d) testing is voluntary and can be done anonymously at a public test-
15 ing center;

16 (e) the law protects the confidentiality of HIV related test results;

20 lated test is performed, and that no test shall be performed over his or
21 her objection.

22 Protocols shall be in place to ensure compliance with this section.

23 4. [A person authorized pursuant to law to order the performance of an
24 HIV related test shall provide directly or through a representative to
25 the person seeking such test, an opportunity to remain anonymous through
26 use of a coded system with no linking of individual identity to the test
27 request or results.] A health care provider who is not authorized by the
28 commissioner to provide HIV related tests on an anonymous basis shall

1 refer a person who requests an anonymous test to a test site which does
2 provide anonymous testing. The provisions of this subdivision shall not
3 apply to a health care provider ordering the performance of an HIV
4 related test on an individual proposed for insurance coverage.

5 5. At the time of communicating the test result to the subject of the
6 test, a person ordering the performance of an HIV related test shall,
7 directly or through a representative:

8 (a) in the case of a test indicating evidence of HIV infection,
9 provide the subject of the test or, if the subject lacks capacity to

16 HIV infection;

17 (iv) to inform such person of available medical treatments; [and]

18 (v) regarding the need to notify his or her contacts; and

22 provide (in a manner which may consist of oral or written reference to
23 information previously provided) the subject of the test, or if the
24 subject lacks capacity to consent, the person authorized pursuant to law
25 to consent to health care for the subject, with information:

26 (i) concerning the risks of participating in high risk sexual or
27 needle-sharing behavior; and

1 (ii) regarding pre- and post-exposure prophylaxis medications avail-
2 able to prevent HIV infection.

3 5-a. With the consent of the subject of a test indicating evidence of
4 HIV infection or, if the subject lacks capacity to consent, with the
5 consent of the person authorized pursuant to law to consent to health
6 care for the subject, the person who ordered the performance of the HIV
7 related test, or such person's representative, shall provide or arrange
8 with a health care provider for an appointment for follow-up medical
9 care for HIV for such subject.

10 6. The provisions of this section shall not apply to the performance
11 of an HIV related test:

13 procuring, processing, distributing or use of a human body or a human
14 body part, including organs, tissues, eyes, bones, arteries, blood,
15 semen, or other body fluids, for use in medical research or therapy, or
16 for transplantation to individuals provided, however, that where the
17 test results are communicated to the subject, post-test counseling, as
18 described in subdivision five of this section, shall nonetheless be
19 required; or

20 (b) for the purpose of research if the testing is performed in a
21 manner by which the identity of the test subject is not known and may
22 not be retrieved by the researcher; or

23 (c) on a deceased person, when such test is conducted to determine the
24 cause of death or for epidemiological purposes; or

25 (d) conducted pursuant to section twenty-five hundred-f of this chap-
26 ter; or

27 (e) in situations involving occupational exposures which create a
28 significant risk of contracting or transmitting HIV infection, as

1 defined in regulations of the department and pursuant to protocols
2 adopted by the department,

3 (i) provided that:

4 (A) the person who is the source of the occupational exposure is
5 deceased, comatose or is determined by his or her attending health care
6 professional to lack mental capacity to consent to an HIV related test
7 and is not reasonably expected to recover in time for the exposed person
8 to receive appropriate medical treatment, as determined by the exposed
9 person's attending health care professional who would order or provide
10 such treatment;

11 (B) there is no person available or reasonably likely to become avail-
12 able who has the legal authority to consent to the HIV related test on
13 behalf of the source person in time for the exposed person to receive
14 appropriate medical treatment; and

15 (C) the exposed person will benefit medically by knowing the source
16 person's HIV test results, as determined by the exposed person's health
17 care professional and documented in the exposed person's medical record;

18 (ii) in which case

19 (A) a provider shall order an anonymous HIV test of the source person;
20 and

21 (B) the results of such anonymous test, but not the identity of the
22 source person, shall be disclosed only to the attending health care
23 professional of the exposed person solely for the purpose of assisting
24 the exposed person in making appropriate decisions regarding post-expo-
25 sure medical treatment; and

26 (C) the results of the test shall not be disclosed to the source
27 person or placed in the source person's medical record.

1 7. In the event that an HIV related test is ordered by a physician or
2 certified nurse practitioner pursuant to the provisions of the education
3 law providing for non-patient specific regimens, then for the purposes
4 of this section the individual administering the test shall be deemed to
5 be the individual ordering the test.

6 § 5. Subdivision 4 of section 6909 of the education law is amended by
7 adding a new paragraph (m) to read as follows:

8 (m) undertaking the collection of specimens necessary to test to
9 determine the presence of the hepatitis B virus.

10 § 6. Subdivision 6 of section 6527 of the education law is amended by
11 adding a new paragraph (m) to read as follows:

12 (m) undertaking the collection of specimens necessary to test to
13 determine the presence of the hepatitis B virus.

14 § 7. Section 6801 of the education law is amended by adding a new
15 subdivision 10 to read as follows:

16 10. a. A licensed pharmacist may execute a non-patient specific order
17 for the dispensing of HIV Pre-exposure Prophylaxis (PrEP) prescribed or
18 ordered by the commissioner of health, a physician licensed in this
19 state or a nurse practitioner certified in this state pursuant to rules
20 and regulations promulgated by the commissioner.

21 b. Prior to dispensing HIV PrEP to a patient, and at a minimum of
22 every twelve months for each returning patient, the pharmacist shall:

23 (i) ensure that the patient is HIV negative, as documented by a nega-
24 tive HIV test result obtained within the previous seven days from an HIV
25 antigen/antibody test or antibody-only test or from a rapid, point-of-
26 care fingerstick blood test approved by the federal food and drug admin-
27 istration. If the patient does not provide evidence of a negative HIV
28 test in accordance with this paragraph, the pharmacist may recommend or

1 prescribe an HIV test. If the patient tests positive for HIV infection,
2 the pharmacist shall direct the patient to a licensed physician and
3 provide the patient with a list of health care service providers and
4 clinics within the county where the pharmacist is located or adjacent
5 counties;

6 (ii) provide the patient with a self-screening risk assessment ques-
7 tionnaire, developed by the commissioner of health in consultation with
8 the commissioner, to be reviewed by the pharmacist to identify any known
9 risk factors and assist the patient's selection of an appropriate PrEP
10 medication; and

11 (iii) provide the patient with a fact sheet, developed by the commis-
12 sioner of health, that includes but is not limited to, the clinical
13 considerations and recommendations for use of PrEP, the appropriate
14 method for using PrEP, information on the importance of follow-up health
15 care, health care referral information, and the ability of the patient
16 to opt out of practitioner reporting requirements.

17 c. No pharmacist shall dispense PrEP under this subdivision without
18 receiving training in accordance with regulations promulgated by the
19 commissioner of health in consultation with the commissioner.

20 d. A pharmacist shall notify the patient's primary health care practi-
21 tioner, unless the patient opts out of such notification, within seven-
22 ty-two hours of dispensing PrEP, that PrEP has been dispensed. If the
23 patient does not have a primary health care practitioner, or is unable
24 to provide contact information for their primary health care practition-
25 er, the pharmacist shall provide the patient with a written record of

1 conditions and ensure the well-being of individuals in need of urgent
2 medical care.

3 3. Ensuring that every county within New York state has the necessary

7 4. It is imperative to standardize the approach to medical emergency
8 response and dispatch services to enhance the quality of care, maximize
9 efficiency, and improve outcomes for patients experiencing medical emer-
10 gencies.

11 5. The designation of medical emergency response and emergency medical
12 dispatch as essential services will ensure a uniform, effective, and
13 coordinated response to medical emergencies across the state.

14 6. This article aims to establish a framework for the provision, oper-
15 ation, and regulation of medical emergency response and dispatch
16 services, thereby safeguarding the health and safety of New York state's
17 residents and visitors.
