THE LEGISLATURE

The New York State Constitution vests the State's law-making power in a two-house Legislature composed of a 62-member Senate and a 150-member Assembly. Each representative is elected for two-year terms, with all 212 being elected every two years. The Legislature convenes annually on the first Wednesday after the first Monday in January and remains in session until it concludes its business.

The Legislature has many powers set by the State Constitution. These responsibilities include:

- the ability to propose laws;
- the power to override a gubernatorial veto if two-thirds of the Senate and Assembly vote to do so;
- the reapportionment of legislative and congressional districts every ten years after the national census;
- the confirmation by the Senate of gubernatorial appointments of non-elected state officials and court judges;
- the proposition of amendments to the State Constitution;
- voting on ratification of proposed amendments to the Federal Constitution; and
- the creation, regulation and, in some limited cases, abolition of local governments.

Subject to the limitations and prohibitions imposed by the Federal Constitution, certain Federal statutes and treaties, and the State Constitution, the law-making powers of the Legislature are practically unlimited. The principal purposes of bills considered by the Legislature are to:

- enact or amend laws relating to the government of the State and its various subdivisions;
- appropriate funds for the operation of the various agencies and functions of State government and for State aid to local governments, and to provide adequate revenue-producing sources for these purposes;
- provide for and regulate the operation of a judicial system, including the practices and procedures for the system;
- define acts or omissions that constitute crimes, and to provide penalties for these crimes;
- promote the public welfare, including the care of the State's indigent, mentally ill, unemployed, etc.; and
- correct, clarify, amend or repeal obsolete, conflicting, uncertain or invalidated statutes.

In addition to the Senate and Assembly, the Legislature's Budget authorizes funding for several other components, which support the operations of the two houses, including:

- part of the Lieutenant Governor's office;
- fiscal committees operating in each house; and
- joint entities, including the Legislative Ethics Committee, Legislative Library, Legislative Health Services, Legislative Messenger Service, Legislative Bill Drafting Commission and the Legislative Task Force on Demographic Research and Reapportionment.

Each of these Legislative components will be discussed in separate sections below.

SENATE

The Senate is composed of 62 Members elected for two-year terms from districts around the state. Each Senator represents approximately 306,000 constituents. The Senate conducts its legislative business through the operation of 31 Standing Committees.

The Senate elects from among its Members for a two-year term a Temporary President who directs and guides the business of the Senate, appoints Members to Senate Standing Committees, and appoints the Senate's staff. The Temporary President serves as the presiding officer in the absence of the Lieutenant Governor or may delegate this duty to another Member. In addition, the Temporary President serves as the Majority Leader of the majority party, while the minority party of the Senate chooses a Minority Leader from among its membership.

Senate Members have staff to assist them in carrying out their legislative duties, delivering constituent services and, where applicable, in fulfilling their responsibilities as committee chairs or leaders of the Senate. Members are also provided with office space both in Albany and the district, as well as office equipment, furnishings and supplies, in order to serve their constituents. Travel expenses for approved official Senate business are reimbursable. The Majority and Minority Leaders each have staff to provide counsel, policy analysis, program development and Washington, D.C. representation. The Temporary President, through the Secretary of the Senate, employs staff to operate the Senate Chamber during session and to handle the legislative process during the remainder of the year, furnish research and computer services, and provide administrative services such as personnel, fiscal, maintenance, and printing services for the Senate. The Temporary President also has staff to deliver communications services for the Senate. Finally, the Senate operates a program for college students which includes a Session Assistant program for undergraduates and a Student Fellows program for post-graduates who wish to learn about and experience the legislative process by working with Senate Members.

In addition to the Senate's General Fund appropriation, a Special Revenue Fund (Senate Recyclable Materials, Information Services and Conference Fund) has been established to collect revenues from the sale of recyclable materials, distribution of documents, materials and computerized information, and fees charged for conferences sponsored by the Senate. These revenues may be used to pay for waste disposal, production and distribution of Senate documents, materials and computerized information, and Bequests Fund has also been established to receive non-state grants which may be used to pay for services and expenses related to the restoration of the Senate Chamber.

BUDGET HIGHLIGHTS

The recommended appropriation for the Senate of \$84,486,352 for FY 2006-07 represents an increase of \$2,460,768 (3.0%) above the amount appropriated for FY 2005-06. This modest budget increase follows an overall increase of \$212,423 (0.3%) over the prior four fiscal years.

As detailed in the Table below, the Senate has seen its budget increase by \$5,819,851 or 7.4 percent from the \$78,666,501 appropriated in FY 2000-01. Over the same six year period, the consumer price index has increased by 21.2 percent. This is consistent with a sixteen year trend that has seen the Senate's budget grow at less than one-third of the overall rate of inflation.

In the past ten years, the Senate has reduced its staff by 424 employees or 23.2 percent, eliminated its Washington, D.C. and New York City office leases, closed many district offices, and reduced the number of district-wide mailings allowed each Member. The Senate continued to tightly control its non-personal service expenses by restraining the purchasing of office supplies and furnishings, severely restricting travel, delaying essential equipment upgrades and reducing expenditures in other ways while the costs of these have continued to rise, often above the rate of inflation.

ASSEMBLY

The Assembly is composed of 150 members elected for two-year terms from districts around the state. Each Member of Assembly represents approximately 127,000 constituents. The Assembly conducts its legislative business through the operation of 38 standing committees.

The Assembly elects from among its members a Speaker who directs and guides the business of the Assembly, and appoints members to Assembly Standing Committees and Assembly leadership positions. The Speaker serves as the presiding officer of the Assembly. The minority party of the Assembly chooses a Minority Leader from their membership.

Each Member of Assembly is entitled to employ staff to assist them in carrying out their legislative duties and, where applicable, their responsibilities as Committee Chairs or leadership. Members are also provided with office space both in Albany and the district, as well as office equipment, furnishings and supplies, in order to serve their constituents. The State Constitution provides for reimbursement to Assembly Members for travel to the Capitol from their district, and Members and staff are also eligible for reimbursement of other travel related to legislative business. The Speaker of the Assembly and the Assembly Minority Leader employ staff to provide counsel, legislative program development and policy analysis. The Assembly also employs staff to serve the needs of the house, including the operation of the Assembly Chamber during session, the management of the legislative process, and research, communications and administrative services. The Assembly also administers an Intern Program to provide opportunities to undergraduate and graduate college students to learn about the legislative process while utilizing their skills to assist the Assembly Members in fulfilling their constitutional responsibilities.

In addition to the Assembly's General Fund appropriation, a Special Revenue Fund (Assembly Recyclable Materials, Information Services and Conference Fund) has been established to collect revenues from the sale of recyclable materials, distribution of documents, materials and computerized information, and fees charged for conferences sponsored by the Assembly. These revenues may be used to pay for waste disposal, production and distribution of Assembly documents, materials and computerized information, and expenses related to conferences sponsored by the Assembly.
