# **INTRODUCTION**

# INTRODUCTION

The DOB<sup>1</sup> publishes the Capital Program and Financing Plan (the “Plan”) twice a year, with the Executive Budget and the Enacted Budget. The Plan describes the State’s capital program for the period 2010-11 through 2014-15, the way it will be financed, and the impact on debt measures. The current Plan reflects the capital spending and debt issuances recommended in the 2010-11 Executive Budget.

The Plan is separated into five major sections as follows:

- **The Executive Summary** describes in brief the State’s capital and debt management initiatives, overall capital spending and projected levels of debt service costs, debt outstanding, new debt issuances, and debt retirements.
- **2010-11 Capital Program and Financing Plan** provides estimates of annual capital spending and debt by functional area and financing source. This section includes highlights of the proposed Capital Reduction Program that is expected to achieve \$1.8 billion in savings over five years. It also discusses several debt management initiatives recommended with the 2010-11 Executive Budget.
- **Five-Year Capital Plan** provides a summary of the multi-year impact of the 2010-11 Capital Program and Financing Plan, and describes agency capital goals, objectives, and capital maintenance efforts.
- **Debt Affordability** includes information related to the State’s actual and projected debt levels and debt service costs, as well as comparisons to objective affordability measures.
- **Detailed Data** explains various State debt limitations and provides detailed tables on capital projects financing, State-related debt and debt service costs.

## REPORTING ON STATE DEBT

The Plan provides information on State-supported debt and the broader measure of State-related debt:

**State-supported debt** includes general obligation debt approved directly by the voters and debt authorized by the Legislature and issued on behalf of the State by public authorities, where the State is contractually obligated to pay debt service, subject to appropriation.

**State-related debt** is a broader measure that includes State-supported debt, State-guaranteed debt, moral obligation financings and certain contingent-contractual obligation financings, where debt service is paid from non-State sources in the first instance, and State appropriations are available, but typically not expected to be needed, to make payments.

---

<sup>1</sup> Please see “Glossary of Acronyms” at the end of this document for the definitions of commonly used acronyms and abbreviations that appear in the text.

State debt is reported in the Plan on a cash basis and includes all debt issued by the State (including “blended component units” such as LGAC) for government activities and business-type activities as defined in the CAFR published by the State Comptroller.

State debt does not include debt that is issued by or on behalf of local governments and secured (in whole or in part) by State local assistance aid payments. For example, certain State aid paid to school districts or New York City has been pledged by those local entities to help finance debt service for locally-sponsored and locally-determined financings. Because this debt was not issued by the State (nor on behalf of the State), does not result in a State obligation to pay debt service, and is not considered State debt in the CAFR, it is not included in the Plan. Instead, this debt is accounted for in the respective financial statements of the local governments responsible for the issuance of such debt.

### **FOR MORE INFORMATION**

Additional information on the State’s debt portfolio is available on DOB’s public website ([www.budget.state.ny.us](http://www.budget.state.ny.us)). The Investor’s Guide section of the site contains detailed information on New York State bonds including: swap and variable rate capacity reports, variable rate trading activity, PIT revenue bond debt service and debt outstanding, swap performance reports, and the State’s bond issuance schedule.

**EXECUTIVE SUMMARY**

# EXECUTIVE SUMMARY

## CAPITAL AND DEBT MANAGEMENT INITIATIVES

The 2010-11 Executive Budget includes several reforms to enhance the State's capital and debt management practices, and generate savings for fiscal year 2010-11 and beyond. The initiatives include:

- Reducing planned capital projects financed with debt by \$1.8 billion over five years, beginning in 2010-11. This will save over \$130 million in annual debt service costs when fully implemented. First-year capital savings are estimated to total \$238 million. The Capital Reduction Program ensures that the State will maintain sufficient debt capacity under the Debt Reform caps over the Plan period, while providing for investment in public infrastructure, including investments in the State's roads and bridges. Without the Capital Reduction Program, projections show the State's cap on debt outstanding may have been exceeded by 2012-13.
- Continuing the use in 2010-11 of the cost-effective debt financing options authorized in the Federal Stimulus program. The State has successfully incorporated elements of the ARRA into its bond issuance practices during 2009-10. In particular, the State has used the BAB program and the QSCB program to save millions of dollars in debt service costs.
- Providing greater flexibility in administering the PIT revenue bond program by permitting DASNY and ESDC to issue PIT bonds for any authorized purpose. Similar legislation was enacted for the first time last year and has allowed the State to improve its scheduling and sizing of PIT bond sales, producing savings through efficiencies in bond pricings and lower administrative costs.
- Authorizing the issuance of PIT bonds for mental health purposes, consistent with the approach used in fiscal year 2009-10. This will enable the State to take advantage of the lower interest rates typically paid on PIT bonds compared to the State's Mental Health Facilities Revenue Bonds. Based on recent trading spreads, the use of PIT bonds would save an estimated \$20 to \$30 million in debt service costs based on planned bond issuances in 2010-11.
- Selling a minimum of 25 percent of new debt issuances on a competitive basis in 2010-11 (about \$1.5 billion), market conditions permitting, and enhancing performance monitoring of underwriters, bond counsel, remarketing agents, and others who provide services to the State.
- Advancing technical improvements to the debt service payment process for general obligation and service contract bonds, and consolidating all State-supported bond authorizations into a single provision of law to improve transparency.
- Continuing to reduce and realign the State's variable rate bond portfolio. Since February 2008, the State has reduced its variable rate bond exposure by \$3.9

## **EXECUTIVE SUMMARY**

---

billion, or 48 percent. The State is evaluating renewal options for \$2 billion of variable rate bonds that have liquidity facilities expiring in 2010-11.

- Permitting the State to transfer and spend up to \$250 million from the DRRF to address uncertain market conditions. This authorization will only be funded if resources become available, giving the State the flexibility to react to market conditions and apply additional resources to mitigate risks in the State's debt portfolio. This appropriation could be used to fund swap termination costs, capital projects that would otherwise be bond-financed, the defeasance of high cost debt, and other purposes.

## **CAPITAL PROJECTS SPENDING OVERVIEW**

The Plan reflects \$1.8 billion in savings over five years attributable to the Capital Reduction Program and limited spending for new capital initiatives. The State is employing stringent measures to reduce capital spending in response to the economic downturn, and to maintain sufficient capacity under its statutory debt cap. Capital projects spending consists of spending for existing commitments for core capital programs and economic development.

State capital projects spending is projected to total \$10.8 billion in 2010-11, including \$238 million in first-year savings achieved through the Capital Reduction Program. The \$10.8 billion consists of \$8.9 billion in spending that appears in the State's Financial Plan and \$1.9 billion in "off-budget" spending that is financed directly from bond proceeds.<sup>1</sup> Capital spending in 2010-11 will be financed with State-supported debt (\$5.9 billion, 54 percent), Federal aid (\$2.6 billion, 25 percent), and State cash resources (\$2.2 billion, 21 percent). Capital spending over the next five years is expected to average approximately \$9.8 billion annually, with the largest spending for transportation (51 percent), education/higher education (18 percent), and economic development (7 percent).

The projected \$10.8 billion in capital spending in 2010-11 represents a \$765 million (8 percent) increase over 2009-10. The most significant increases in dollar terms are for transportation (\$509 million) and SUNY (\$259 million). Capital spending in economic development is expected to decrease by \$47 million in 2010-11, and includes funding for previously authorized economic development projects.

## **DEBT OUTSTANDING**

State-related debt outstanding is projected to total \$57.5 billion in 2010-11, an increase of \$2.7 billion (4.8 percent) from 2009-10. The growth in debt outstanding in 2010-11 reflects \$5.9 billion in new debt issuances, offset by \$3.2 billion in debt retirements. The annual increase includes \$1.4 billion for education facilities, \$791 million for transportation, \$570 million for State facilities and equipment, \$336 million for economic development, and \$194 million for health and mental hygiene.

---

<sup>1</sup> Reflects capital projects payments made by authorities on behalf of the State directly from bond proceeds. This spending is pursuant to capital contracts held by the authorities and is not captured by the State's Central Accounting System.

Over the period of the Plan, State-related debt outstanding is projected to increase from \$54.8 billion in 2009-10 to \$58.1 billion in 2014-15, or an average increase of 1.2 percent annually.

### DEBT ISSUANCES

Debt issuances of \$5.9 billion to finance new capital projects are planned in 2010-11, a decrease of \$291 million (4.7 percent) from 2009-10. The bond issuances will finance capital commitments for education (\$2.0 billion), transportation (\$1.5 billion), State facilities and equipment (\$885 million), economic development (\$800 million), and health and mental hygiene (\$442 million).

Over the period of the Plan, new debt issuances are projected to total nearly \$23 billion. New issuances are for education facilities (\$7.9 billion), transportation infrastructure (\$6.6 billion), mental hygiene and healthcare facilities (\$3.2 billion), State facilities and equipment (\$2.6 billion), and other programs (\$2.6 billion).

### DEBT RETIREMENTS

The State expects to retire \$3.2 billion in debt in 2010-11, approximately \$200 million (6.6 percent) more than in 2009-10. Debt retirements are projected to increase to \$4.2 billion in 2014-15. The majority of the increase is for transportation (\$462 million), education (\$190 million), State facilities and equipment (\$151 million), health and mental hygiene (\$100 million), and deficit bonds secured by revenues from the payments to the State under the master settlement agreement with tobacco companies (\$91 million).

### DEBT SERVICE

State-related debt service is projected at \$6.4 billion in 2010-11, an increase of \$801 million (14.3 percent) from 2009-10. Over one-third of the annual increase is due to the “restructuring” of transportation debt in 2005 that provided immediate Financial Plan savings, but results in substantially higher debt service costs starting in 2010-11. State-related debt service is projected to increase from \$5.6 billion in 2009-10 to \$7.1 billion in 2014-15, an average rate of 5 percent annually. The majority of the increase is for transportation (\$552 million), consistent with program spending for State and local highways and a 2005 restructuring of Dedicated Highway bonds; education facilities (\$502 million); health and mental hygiene (\$223 million); State facilities and equipment (\$186 million); and economic development and housing (\$150 million).

State-supported debt service is projected at \$5.8 billion in 2010-11, an increase of \$844 million (17.1 percent) from 2009-10. The increase is primarily attributable to transportation (\$365 million, of which \$290 million results from the 2005 restructuring of Dedicated Highway bonds), education purposes (\$215 million), economic development and housing (\$176 million), and other program areas (\$88 million).

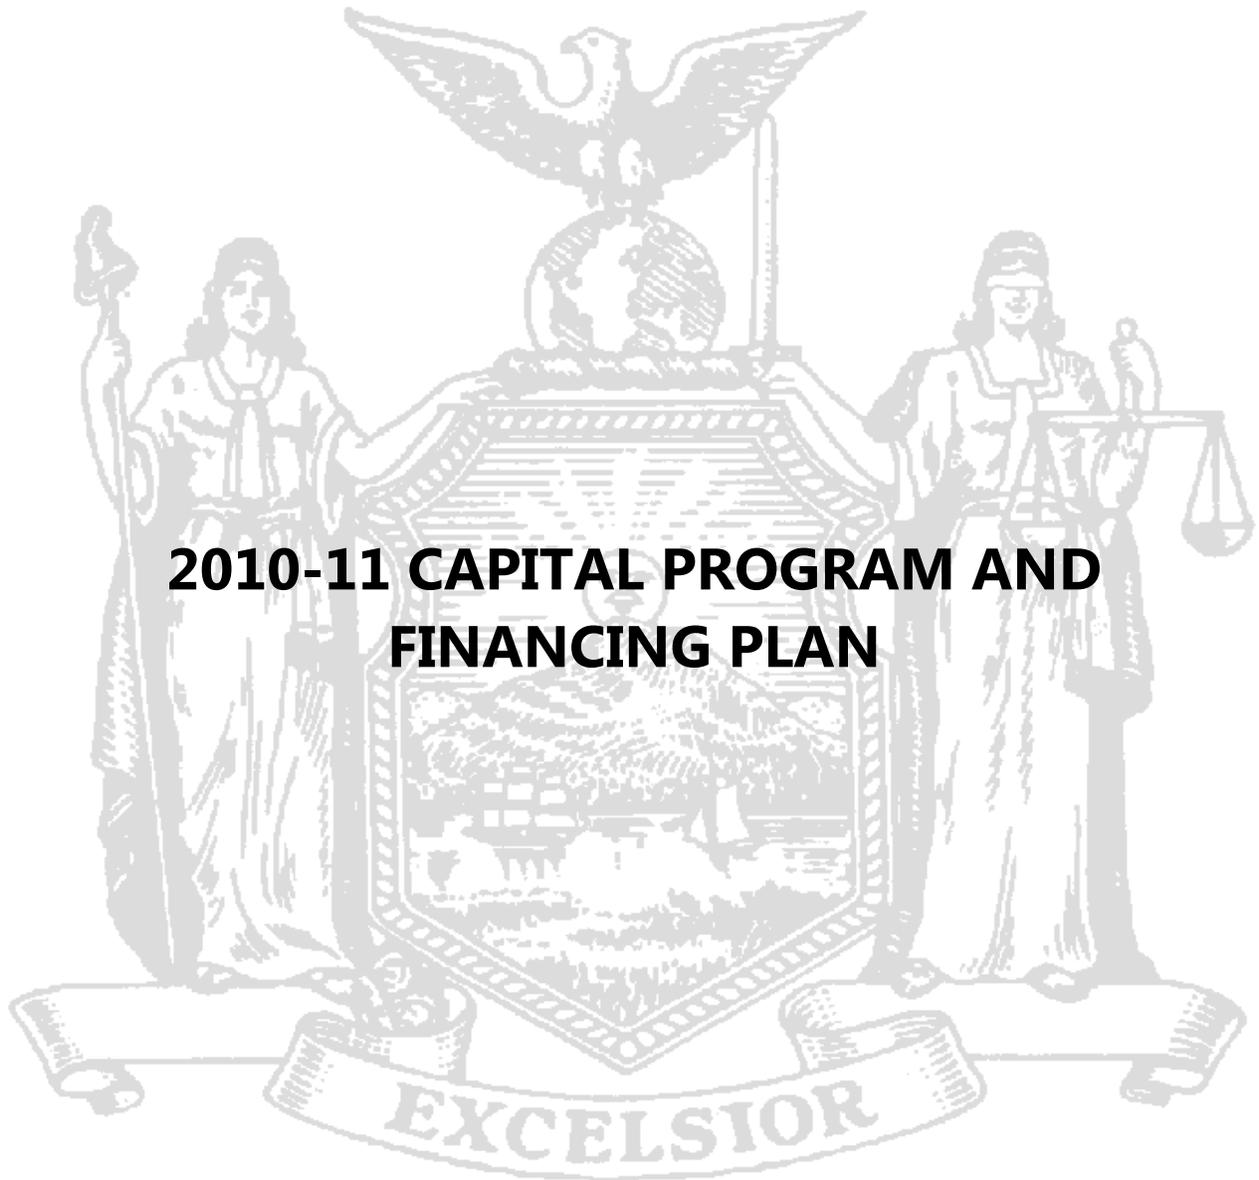

## **EXECUTIVE SUMMARY**

---

### **DEBT AFFORDABILITY MEASURES**

Overall debt affordability measures from 2009-10 through 2014-15 show:

- The State will be under the statutory debt cap in 2010-11, and has an estimated \$1.2 billion excess of debt capacity in 2012-13. In order to stay within statutory debt limits, the 2010-11 Executive Budget includes a Capital Reduction Program, which reduces bonded capital spending by \$1.8 billion over the Plan period.
- State-related debt service as a share of the All Funds Budget increases from 4.3 percent in 2009-10 to 5.0 percent in 2014-15. State-supported debt service under the Debt Reform cap is projected to equal about 1.9 percent of All Funds Receipts through the Plan period, below the cap of 5 percent.
- Capital spending financed by cash resources (“PAYGO”) is projected to finance 57 percent of overall capital spending by 2014-15, an increase from current levels of roughly 45 percent.
- State-related debt as a percentage of personal income is expected to increase slightly to 6.1 percent in 2010-11, and then start to decline over the remainder of the Plan period, settling at 5.1 percent in 2014-15.

**2010-11 CAPITAL PROGRAM AND  
FINANCING PLAN**

# CAPITAL PROGRAM AND FINANCING PLAN

## CAPITAL REDUCTION PROGRAM

The 2010-11 Executive Budget includes a Capital Reduction Program to maintain debt affordability. The Capital Reduction Program is expected to lower the level of capital spending financed with debt by \$1.8 billion over five years, while prioritizing key capital projects. This initiative, which will ensure sufficient debt capacity for future capital investments and reduce projected growth in the State's debt burden, will also result in over \$130 million in reduced annual debt service costs when fully implemented.

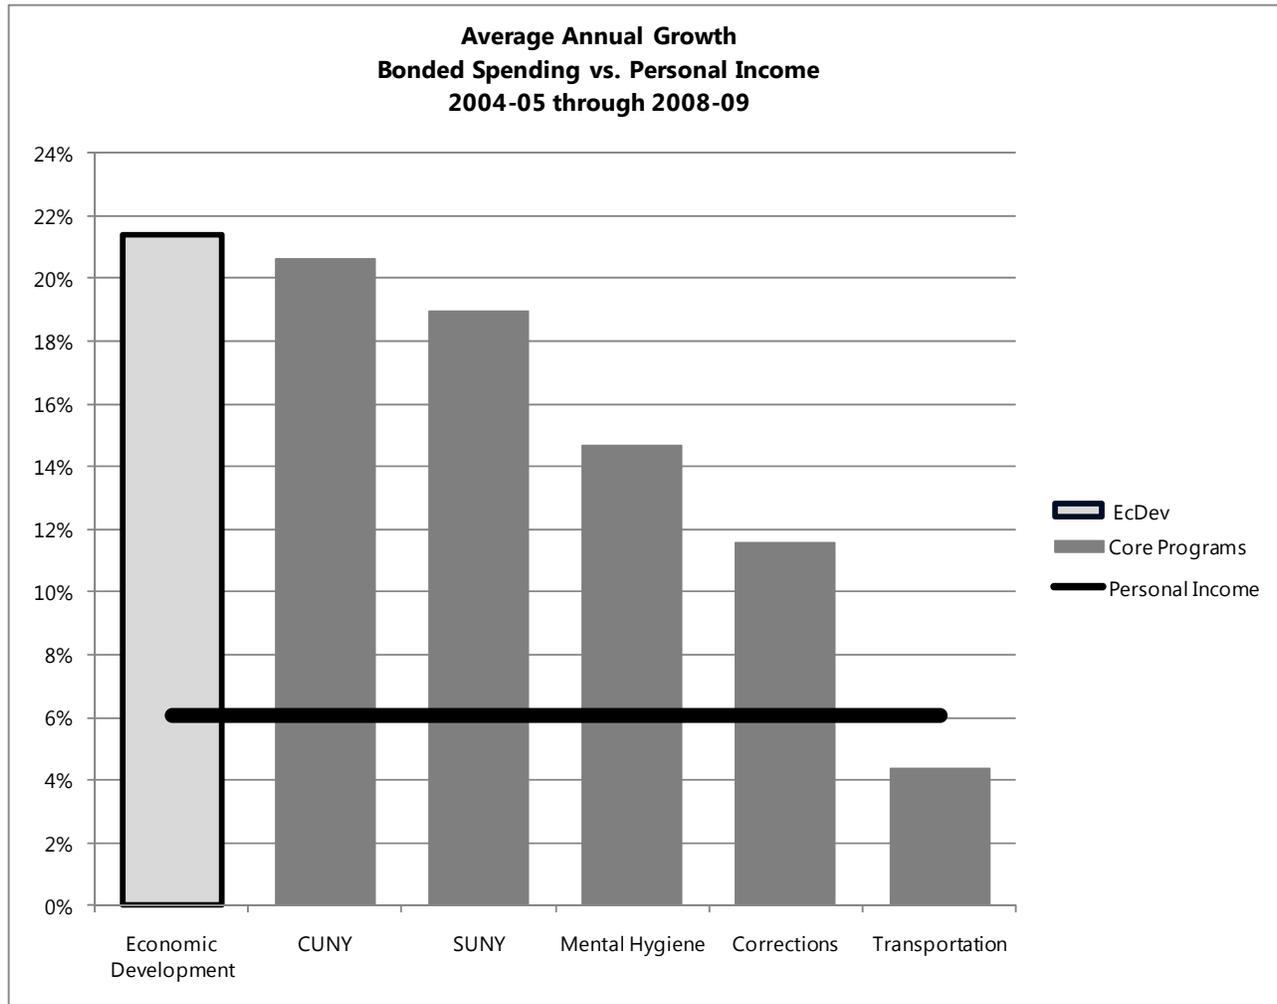

The Capital Reduction Program maintains critical investments in infrastructure and health and safety while deferring or eliminating lower priority projects. DHBTF support for the DOT Highway and Bridge program will not be reduced. Investments for other critical activities will continue to increase over the Plan period, but at a more sustainable level.

CAPITAL REDUCTION PROGRAM						
SPENDING DECREASES FROM CURRENT-SERVICES FORECAST BY FUNCTION						
2010-2011 THROUGH 2014-2015						
(thousands of dollars)						
Functional Area	2010-2011	2011-2012	2012-2013	2013-2014	2014-2015	Total*
Transportation	(\$10,478)	(\$12,480)	(\$11,333)	(\$10,608)	(\$10,383)	(\$55,282)
Parks and Environment	(\$27,900)	(\$10,200)	(\$6,000)	(\$42,800)	(\$47,200)	(\$134,100)
Economic Development & Gov't. Oversight	(\$48,165)	(\$65,220)	(\$93,160)	(\$64,220)	(\$48,165)	(\$318,930)
Health and Social Welfare	(\$6,664)	(\$10,403)	(\$15,353)	(\$7,012)	(\$6,798)	(\$46,230)
Education/Higher Education Programs	(\$72,516)	(\$107,300)	(\$157,691)	(\$190,615)	(\$207,291)	(\$735,413)
Public Protection	(\$13,535)	(\$28,529)	(\$33,695)	(\$43,998)	(\$42,657)	(\$162,414)
Mental Hygiene	(\$56,872)	(\$44,167)	(\$25,813)	(\$16,564)	(\$15,964)	(\$159,380)
General Government	(\$1,908)	(\$4,076)	(\$2,137)	(\$2,441)	(\$2,367)	(\$12,929)
<b>Total</b>	<b>(\$238,038)</b>	<b>(\$282,375)</b>	<b>(\$345,182)</b>	<b>(\$378,258)</b>	<b>(\$380,825)</b>	<b>(\$1,771,684)</b>
Estimated Debt Service Savings	(\$10,000)	(\$37,000)	(\$78,000)	(\$100,000)	(\$135,000)	(\$360,000)

\*Total includes \$147 million in capital reduction savings in 2009-2010.

## CAPITAL PROGRAM AND FINANCING PLAN

This action follows a period of tremendous growth in bonded spending for capital programs (see graph below). Economic development spending growth (21.3 percent) was more than three times that of personal income (6.1 percent), and faster than all core infrastructure programs. For nearly all core capital programs, double-digit spending growth far outpaced growth in personal income. Spending was more than three times the growth in personal income for CUNY (20.6 percent) and SUNY (18.9 percent), more than twice that for mental hygiene (14.6 percent), and nearly twice that for corrections (11.5 percent). If capital program spending growth were to continue, projections show that debt reform caps would likely have been exceeded in 2012-13.

## CAPITAL PROGRAM AND FINANCING PLAN

### 2010-11 CAPITAL PROJECTS SPENDING

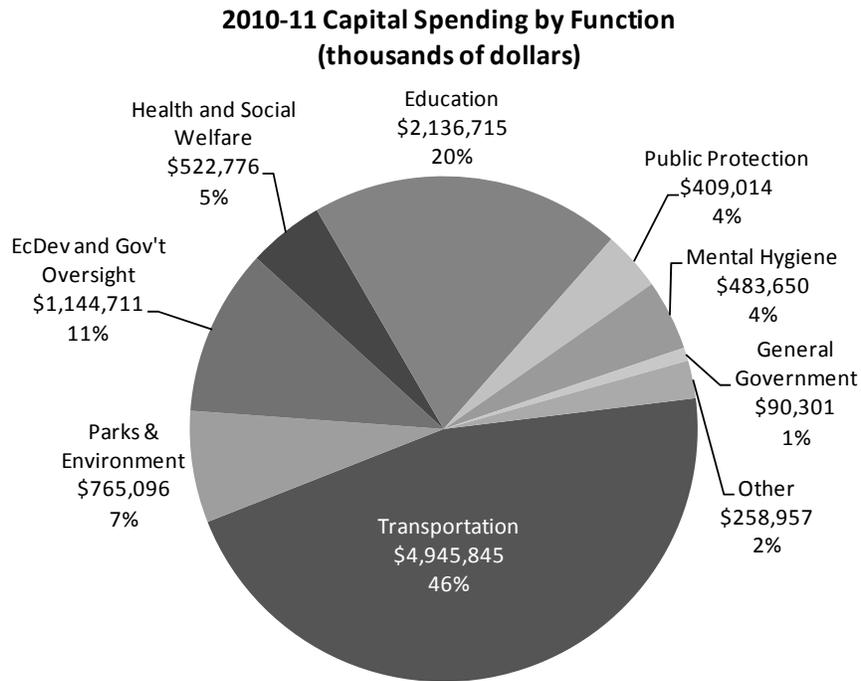

Spending on capital projects is projected to total \$10.8 billion in 2010-11, which includes \$1.9 billion in “off-budget spending” directly from bond proceeds held by public authorities. Overall capital spending in 2010-11 is projected to grow by \$765 million or 8 percent over 2009-10. This is primarily attributable to increases in capital spending for transportation (\$509 million) and SUNY (\$259 million).

CAPITAL SPENDING BY FUNCTION AND FINANCING SOURCE CAPITAL PROGRAM AND FINANCING PLAN 2009-10 AND 2010-11 (thousands of dollars)

<sup>(1)</sup> Represents spending which occurs directly from bond proceeds held by public authorities.

Even with the Capital Reduction Program, the State continues to dedicate significant resources to maintain its capital assets. Despite the current fiscal situation, investments in the State’s infrastructure, higher education, and economic development remain a priority. The following sections summarize the capital spending included in the 2010-11 Executive Budget and the related impact on State debt.

## CAPITAL PROGRAM AND FINANCING PLAN

In 2010-11, transportation spending is projected to total \$4.9 billion, which represents 46 percent of total capital spending. Education and economic development comprise the next two largest shares at 20 percent and 11 percent, respectively. The remaining 23 percent is comprised of spending for the environment, mental hygiene, public protection and all other capital programs.

Spending for transportation is projected to increase by \$509 million (11 percent) in 2010-11 and largely reflects spending on construction projects obligated in 2009-10 under the ARRA. The Capital Reduction Program will result in \$10 million in savings in 2010-11, which reflects changes to the Multi-Modal and Industrial Access Programs.

Parks and environment spending will decrease by \$61 million (7 percent) in 2010-11. The majority of spending for parks and the environment is for ongoing preservation and maintenance of various lands, facilities and other structures. Other efforts include projects to protect the State's water and air quality, Brownfields projects, hazardous waste site cleanups, and landfill closures. The implementation of the Capital Reduction Program will achieve \$28 million in savings in 2010-11.

Economic development and government oversight spending is projected to decrease by \$47 million or 4 percent. The decrease is due to the \$48 million in savings resulting from the implementation of the Capital Reduction Program. Ongoing projects include continued support of various economic development and regional initiatives including a statewide competitive grant program, specific downstate regional initiatives and upstate city-by-city projects.

## **CAPITAL PROGRAM AND FINANCING PLAN**

---

Spending for health and social welfare is projected to increase by \$133 million (34 percent). It reflects revised projections based on recent project activity levels for the \$1.7 billion HEAL NY program enacted in 2005-06. Additionally, the implementation of the Capital Reduction Program will achieve nearly \$7 million in savings in 2010-11 by delaying or eliminating non-essential capital projects.

Education spending is projected to increase by \$71 million (3 percent) in 2010-11. SUNY is largely responsible for the increase (\$259 million), reflecting the continued implementation of SUNY's current capital plan. This increase is offset by \$103 million in reductions in other areas, and the projected completion of the \$2.6 billion EXCEL program. Additionally, \$73 million in savings from previously planned capital spending will be achieved in 2010-11 by the implementation of the Capital Reduction Program.

Spending increases of \$31 million (8 percent) for public protection primarily reflect the increased investment in the Division of Homeland Security and Emergency Services State Preparedness Training Center, the Division of State Police Troop G Headquarters and the Division of Military and Naval Affairs historic 369<sup>th</sup> Regimental Armory. While these high-priority projects move forward, lower priority projects in all of the public protection agencies will be delayed or eliminated to reduce spending as part of the Capital Reduction Program. The implementation of the Capital Reduction Program will result in \$14 million in savings in 2010-11.

Mental hygiene capital spending will increase by \$37 million (8 percent) for continued critical rehabilitation projects at State and not-for-profit facilities and continued development of community residences in OMRDD (\$19 million) and OMH (\$18 million). Implementation of the Capital Reduction Program will achieve \$57 million in savings in 2010-11.

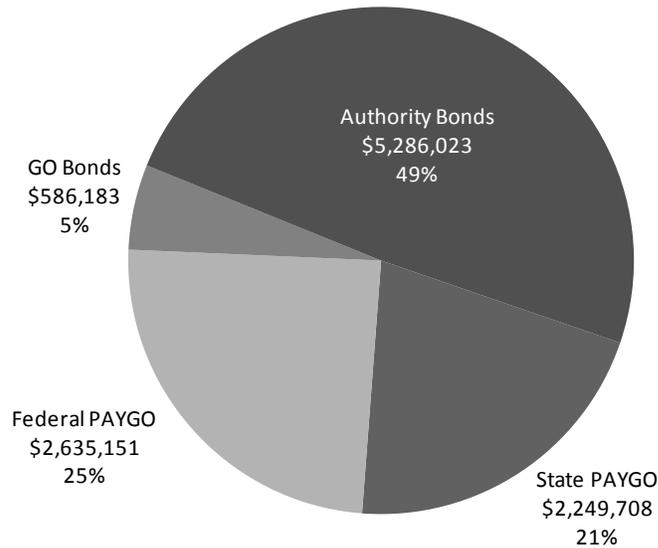

General government spending increases of \$17 million (22 percent) in 2010-11 primarily reflect increased spending for CIO/OFT to continue efforts to establish a consolidated data center, partially offset by the conclusion of DOS's wireless E-911 service project. As a result of the Capital Reduction Program, general government spending will be reduced by \$2 million in 2010-11.

Other capital spending, including the Judiciary, statewide equipment, and capital spending financed with Federal funds for the World Trade Center site, is projected to increase \$75 million (41 percent). This spending increase is largely due to a \$70 million increase in spending for the State Installment Purchase Program, which includes funds used to support the State Financial System Project, and to purchase and replace State equipment when necessary.

# CAPITAL PROGRAM AND FINANCING PLAN

## FINANCING 2010-11 CAPITAL PROJECTS SPENDING

2010-11 Capital Spending by Financing Source  
(thousands of dollars)

In 2010-11, the State will finance 54 percent of capital projects with long-term debt. Federal aid is expected to fund 25 percent of the State's 2010-11 capital spending, primarily in transportation. State cash resources will finance the remaining 21 percent of capital spending. Year-to-year, total PAYGO support is projected to increase by \$531 million, with State PAYGO increasing by \$414 million and Federal PAYGO support by \$117 million. Bond-financed spending is projected to increase to \$5.9 billion.

## 2010-11 DEBT ISSUANCES

Debt issuances will finance capital investments authorized in the five-year transportation program, the five-year Higher Educational Facilities Plan, to protect the environment, to enhance the State's economic development, and to preserve correctional and mental hygiene facilities.

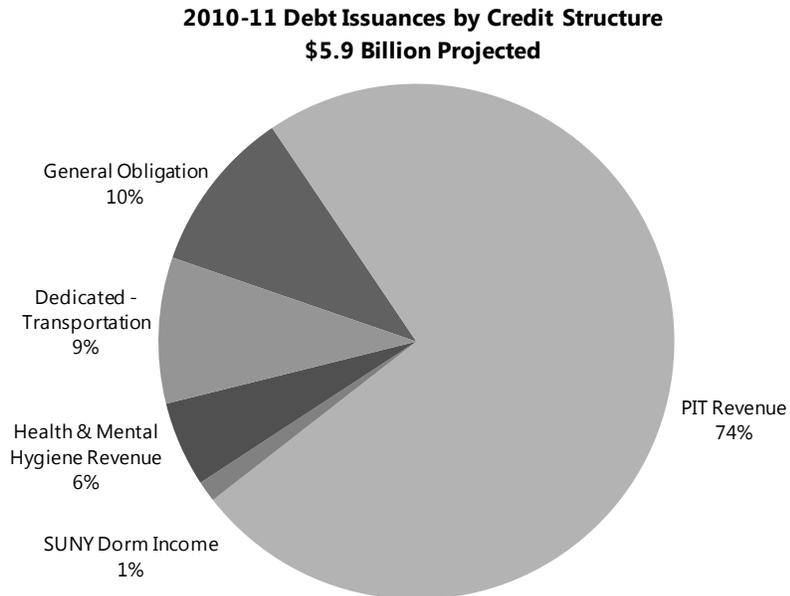

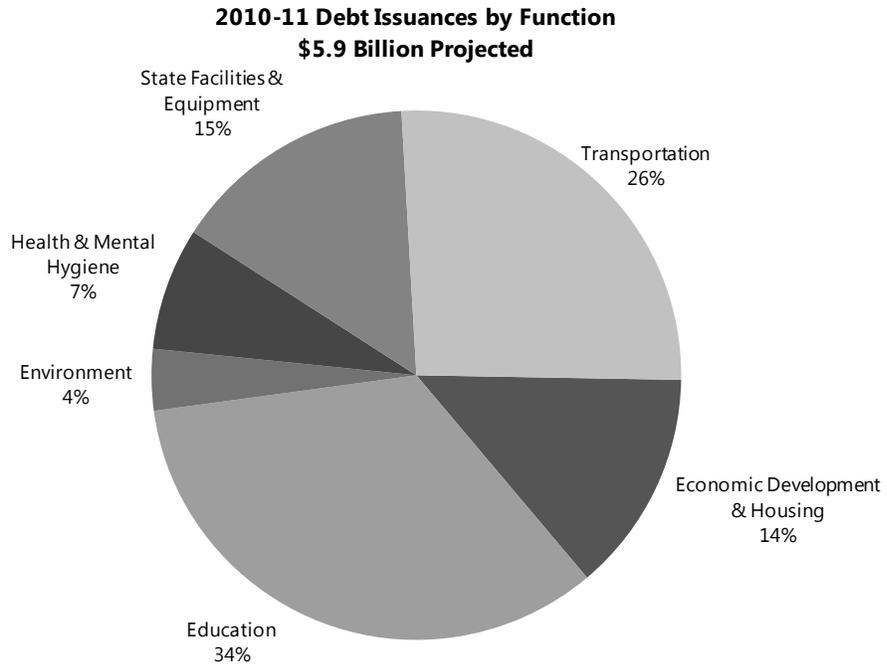

The State expects to issue up to \$5.9 billion in debt during 2010-11 to finance existing and newly-enacted capital program initiatives. Consistent with recent experience, education (including higher education and EXCEL), transportation, and economic development projects are projected to represent approximately 74 percent of new issuances.

For the Plan period, the PIT credit has replaced all of the State's service contract bonding, and is projected to comprise about three-quarters of all new State bond issuances. The remaining quarter is divided between general obligation bonds and other revenue credits.

# CAPITAL PROGRAM AND FINANCING PLAN

---

The following pie charts provide a distribution of the projected debt issuances for new capital projects in 2010-11 by both functional area and financing program.

# CAPITAL PROGRAM AND FINANCING PLAN

## 2010-11 DEBT RETIREMENTS

Retirements represent the annual repayment of principal for State-related debt as of the payment date due to bondholders, rather than the actual date the State makes the cash payment. For example, if principal payments are due on April 1, the bonds are considered outstanding on March 31, even if the State is contractually obligated to make payments to the bond trustee prior to that date.

The rate at which State-related debt is retired or paid off has a significant impact on the State's ability to generate bond capacity to finance its capital programs. The term of new money bonds will continue to be no greater than the useful lives of the projects financed. In addition, a maximum of ten-year terms will continue to be used for taxable programs, except in the case of BABs, which are discussed later in this section.

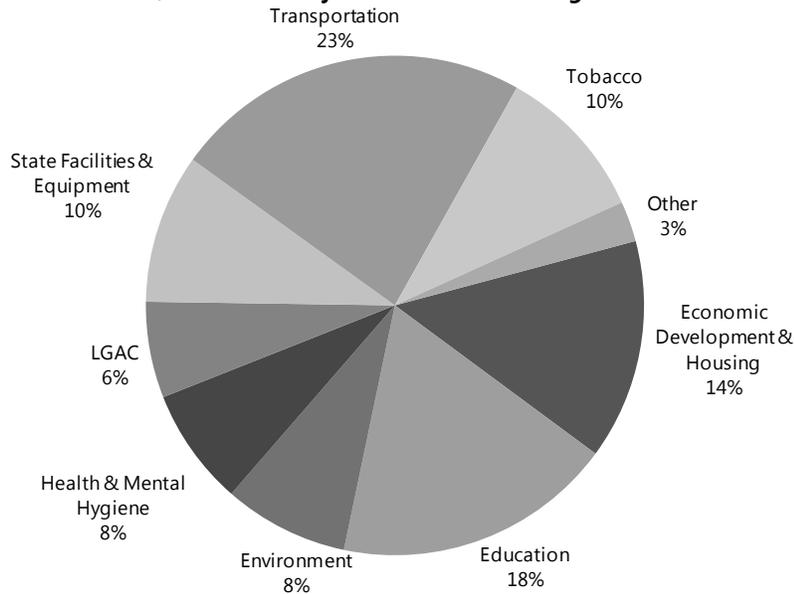

NEW YORK STATE - RAPIDITY OF PRINCIPAL RETIREMENT	
Period	Cumulative Percentage of Existing Debt Scheduled for Retirement as of 12/31/09
5 years	30%
10 years	58%
15 years	78%
20 years	91%
25 years	97%
30 years	100%

Retirements of State-related debt are projected to average \$3.9 billion annually. Retirements will increase for many of the State's largest bonding programs, including those for transportation, SUNY, CUNY, DOCS, and mental hygiene.

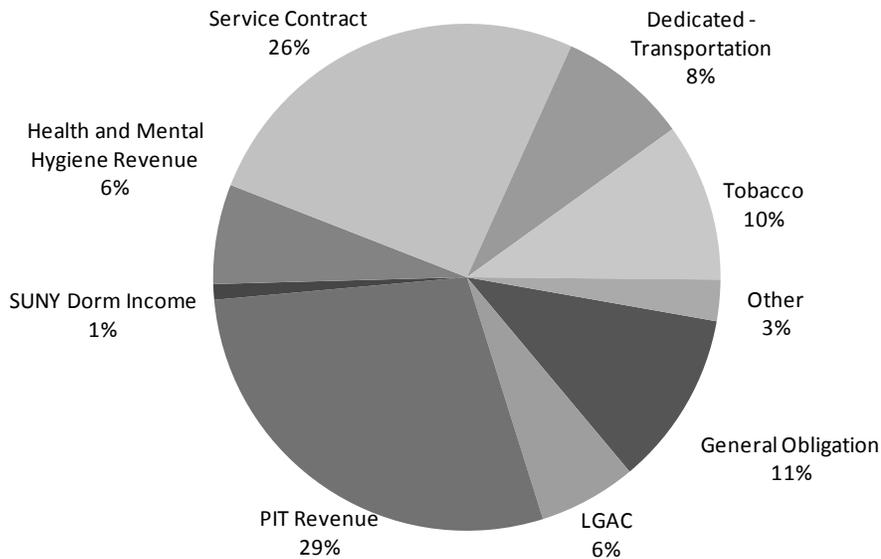

The following pie charts provide a distribution of projected debt retirements by both functional area and financing program.

# CAPITAL PROGRAM AND FINANCING PLAN

**Debt Retirements by Function**  
**\$3.2 Billion Projected in 2010-11 Budget**

**Debt Retirements by Credit Structure**  
**\$3.2 Billion Projected in 2010-11 Budget**

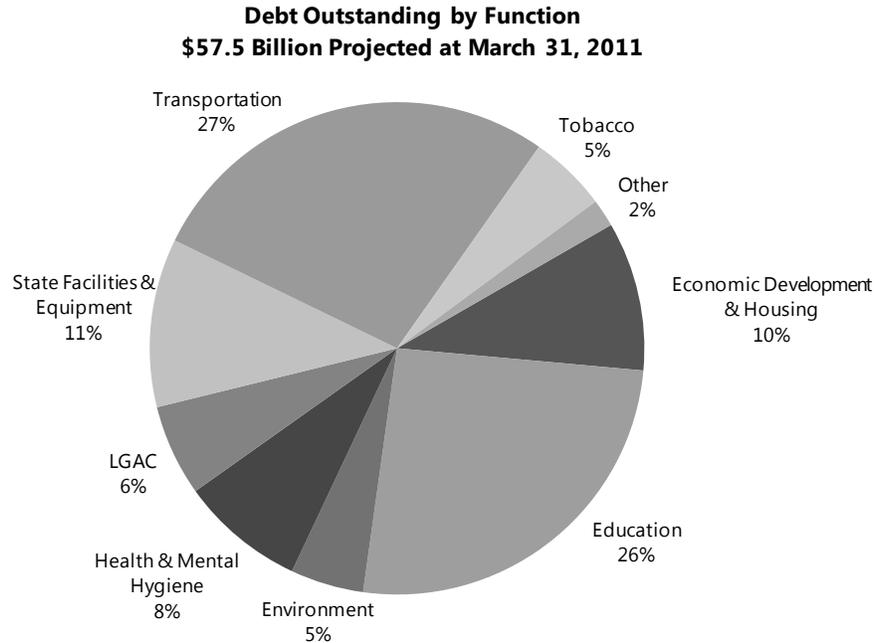

## 2010-11 DEBT OUTSTANDING

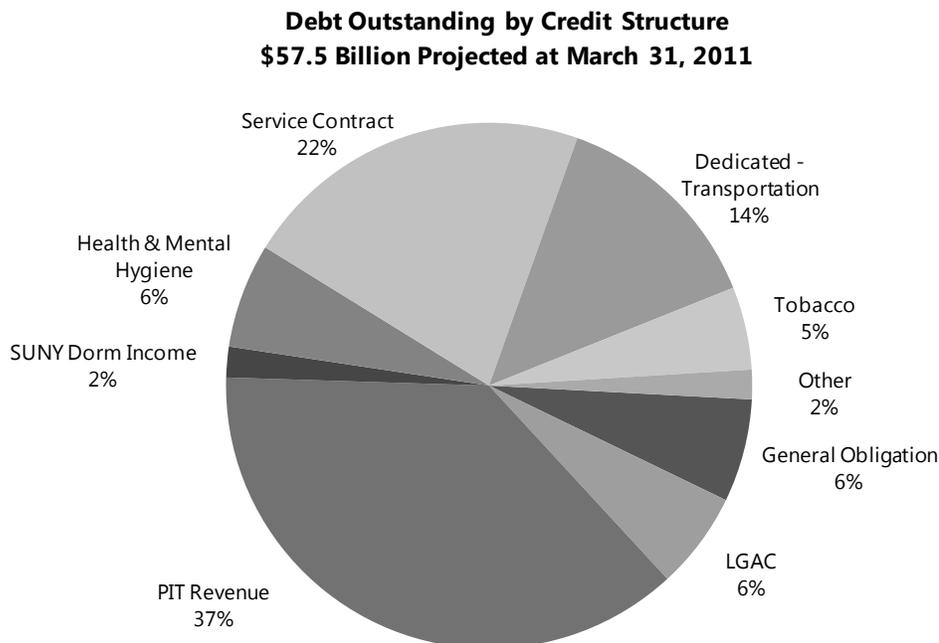

State-related debt outstanding is projected to grow to \$57.5 billion in 2010-11 from \$54.8 billion in 2009-10. Debt issuances during 2010-11 are expected to add about \$5.9 billion in new debt, while \$3.2 billion of State-related debt is expected to be retired during 2010-11.

## CAPITAL PROGRAM AND FINANCING PLAN

The \$57.5 billion of State-related debt outstanding in 2010-11 consists of debt issued for each of the major programmatic areas as summarized below. The debt of LGAC (issued to eliminate seasonal borrowing) and tobacco bonds (issued to help close the deficits in 2002-03 and 2003-04) are not allocable to any specific functional area since they served a statewide purpose.

The following pie chart portrays the same level of debt outstanding, but allocates it by type of borrowing mechanism or credit structure, rather than by program. Analyses later in the Plan provide more detail on the components and types of State debt.

# CAPITAL PROGRAM AND FINANCING PLAN

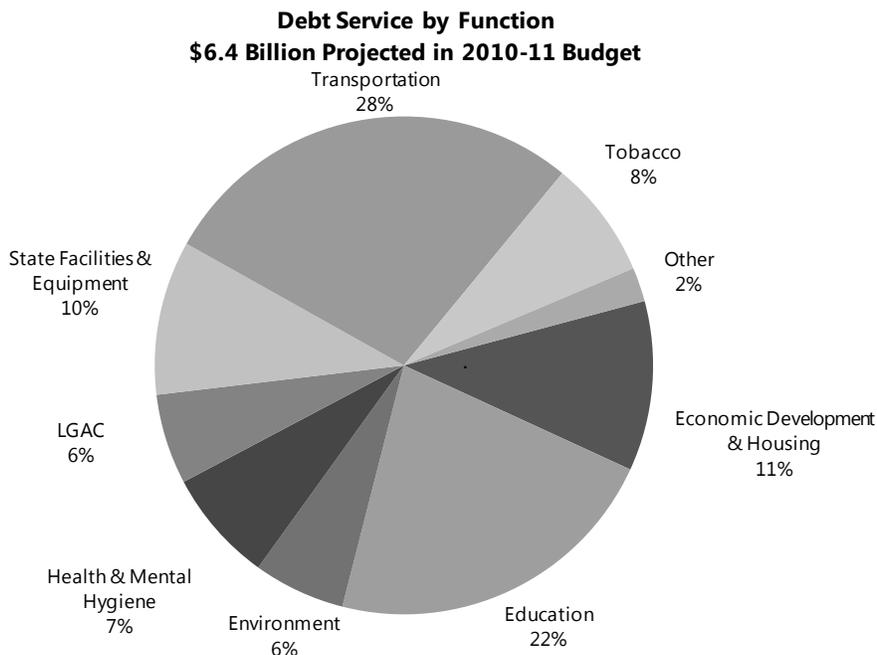

---

## 2010-11 DEBT SERVICE

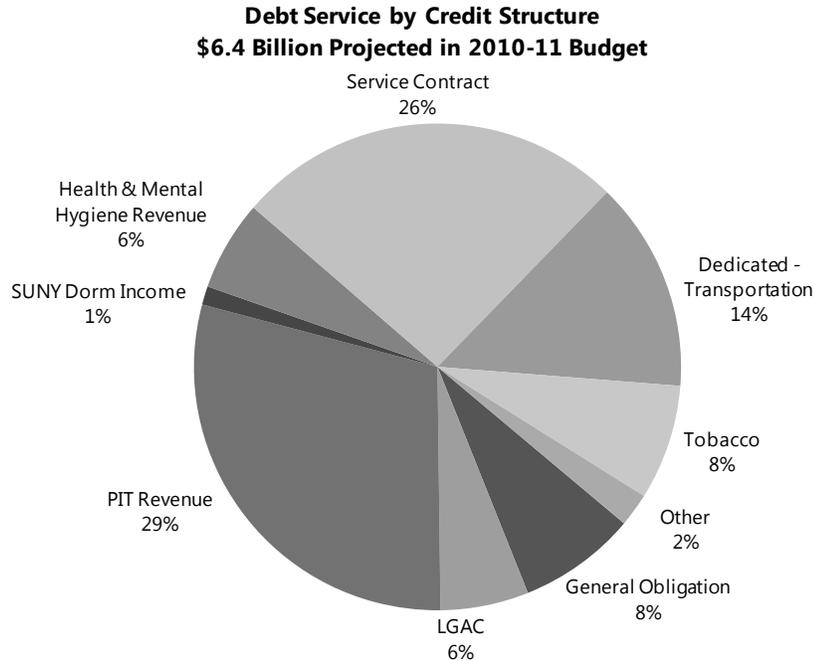

State-related debt service is projected to total \$6.4 billion in 2010-11. The State's debt service costs consist primarily of payments to meet obligations for bonds issued over the past 30 years, as well as new debt service costs that will result from bond issuances projected to occur during the forecast period. The majority – about \$6.1 billion – consists of debt service payments due on existing debt. The remainder of 2010-11 payments (\$276 million) is expected to result from new money debt issuances.

Significant bond-financed capital investments, primarily for transportation, education, economic development and corrections, drive most of the State's debt service costs. The majority of debt service costs are for bonds issued on the State's behalf by public authorities. As the State continues to issue bonds using the PIT credit, debt service for service contract bonds will decline, while the PIT revenue program debt service will increase.

The following pie charts summarize the major debt service costs by both functional area and financing program.

# CAPITAL PROGRAM AND FINANCING PLAN

## DEBT INITIATIVES

As part of the 2010-11 Executive Budget, the State will be implementing several new initiatives, consistent with its efforts to prudently manage its \$55 billion debt portfolio. These initiatives will allow the State to (i) reduce its cost of borrowing, (ii) respond to the unpredictable credit market conditions, (iii) enhance its cash management capabilities and (iv) improve transparency.

## ARRA FEDERAL STIMULUS BONDING PROVISIONS

The ARRA provided state and local governments several financing options to help lower borrowing costs, including BABs and QSCBs. In 2009-10 the State used the BABs program to issue \$1.6 billion in taxable bonds with a 35 percent interest rate subsidy from the Treasury Department in place of traditional tax-exempt bonds. This will result in approximately \$300 million in savings over the life of the transactions. It is anticipated that the State will continue to issue bonds using the BABs program in 2010-11, as market conditions warrant.

The State also used the QSCB bond program for qualified school construction projects. QSCB investors receive a Federal tax credit instead of periodic interest payments, resulting in a nearly interest-free loan. The Treasury Department allocated \$192 million of QSCB capacity to New York State for 2009. The State subsequently sold \$58 million in bonds for EXCEL projects, which resulted in savings of approximately \$20 million. The State intends to sell the balance of the 2009 allocation during the 2010-11 fiscal year.

## **CAPITAL PROGRAM AND FINANCING PLAN**

---

### **ISSUER FLEXIBILITY FOR PERSONAL INCOME TAX BONDS**

The 2010-11 Executive Budget includes legislation that reauthorizes DASNY and ESDC to issue PIT bonds for any authorized purpose. This legislation was enacted for the first time in 2009-10 and has proven effective in managing the State's bond issuance calendar and reducing costs. Prior to this change, the State was forced to sell bonds through five separate authorized issuers, creating coordination difficulties in scheduling bond sales and reimbursing capital spending on a timely basis.

PIT issuer flexibility provides several advantages, enabling the State to:

- Improve the scheduling and sizing of PIT bond sales, producing savings through efficiencies in bond pricings and lower administrative costs. In 2009-10, State PIT bond sales will average \$783 million, compared to \$528 million in 2008-09. These larger transactions have enabled the State to create economies of scale and better execute its financing plan. Also, the larger sale size has been beneficial to BAB transactions, because taxable investors prefer larger bond maturities.
- Facilitate cash flow management. The State finances some capital projects by borrowing money in the first instance from the General Fund (or STIP) and subsequently repaying it with proceeds from a bond sale. With PIT issuer flexibility, the State has been able to reimburse for capital project spending closer to the date the money is spent. Through December of 2009, General Fund advances for capital projects spending totaled \$272 million, \$344 million less than the prior fiscal year.
- Enhance refunding opportunities. PIT issuer flexibility will allow the State to consolidate refunding transactions across authorities, resulting in reduced issuance costs and increased savings.

The State will continue to use a measured approach in implementing PIT issuer flexibility to ensure no disruption in the financing of the State's capital projects.

### **AUTHORIZATION TO ISSUE PERSONAL INCOME TAX BONDS FOR THE MENTAL HEALTH PROGRAM**

The 2010-11 Executive Budget includes legislation to reauthorize the issuance of PIT bonds for mental health purposes, consistent with the approach used in fiscal year 2009-10. PIT bonds are viewed as a stronger credit by the rating agencies, and carry the highest rating (AAA) from Standard & Poor's, as compared to the Mental Health bonds which carry a credit rating of AA-. Over the past two years, credit spreads between highly rated credits like PIT and lower rated credits like Mental Health have been volatile. The credit spread (interest rate differential) between these bonds peaked in March 2009 at 120 basis points for a 20-year bond and has since returned to more traditional levels.

Depending on market conditions, the State intends to finance all or a part of its capital needs for the Mental Health Facilities Program through the PIT program, as well as

## **CAPITAL PROGRAM AND FINANCING PLAN**

---

potentially address expiring liquidity facilities on variable rate bonds in the 2010-11 fiscal year.

### **OTHER INITIATIVES**

#### **Debt Service Payment Process**

Legislation is being advanced to make technical improvements to the process for reserving money in advance of debt service payments on general obligation and service contract bonds not backed by specific dedicated revenues. The proposed legislation formalizes the existing process for setting aside money for debt service well in advance of payments. This is consistent with the process used for the State's revenue-backed credits (i.e., PIT bond program).

#### **Bond Cap Consolidation**

Consolidating all State-supported bond authorizations into a single provision of law would ensure greater public knowledge about existing and proposed new bond authorizations, and ensure that all State debt authorizations and practices are conducted on a consistent and streamlined basis.

#### **Competitive Bond Sales**

The volatility in the marketplace made it difficult over the past two years for the State to maintain its plan to issue a minimum of 25 percent of new money bond sales on a competitive basis. The State's highly demanded general obligation credit provided a good opportunity to return to the competitive market in November 2009 for the first time since the turmoil in the credit markets began. The State successfully sold \$350 million of GO refunding bonds through a competitive sale. Eight firms submitted bids with the winning bid resulting in a favorable cost of funds with a TIC of 2.93 percent.

The State continues to believe that competitive bond sales can (i) achieve lower borrowing costs, (ii) provide an essential benchmark for bonds sold on a negotiated basis and (iii) increase transparency related to the bond sale process. The State plans to sell at least 25 percent of its planned 2010-11 new money issuances on a competitive basis, if market conditions warrant.

## CAPITAL PROGRAM AND FINANCING PLAN

### VARIABLE RATE BOND PORTFOLIO ADJUSTMENTS

In response to the problems in the credit market, the State has made significant adjustments to its variable rate bond portfolio to mitigate risks and reduce costs. Since February 2008, the State has reduced its variable rate bond exposure by \$3.9 billion, or 48 percent. The adjustments were accomplished using a combination of fixed rate bonds and better performing variable rate bonds. The following chart reflects the changes in the variable rate portfolio from February 2008 through December 2009.

<b>VARIABLE RATE PORTFOLIO OUTSTANDING AMOUNT (thousands of dollars)</b>			
	<b>ARS</b>	<b>VRDBs</b>	<b>Total</b>
<b>February 28, 2008</b>	<b>3,968,025</b>	<b>4,110,060</b>	<b>8,078,085</b>
<u>Adjustments:</u>			
Cash Defeasance	(101,100)		(101,100)
Fixed Rate Refundings	(1,945,300)	(1,649,305)	(3,594,605)
Conversion ARS to VRDBs	(1,295,525)	1,295,525	0
Bond Amortization	(26,800)	(151,571)	(178,371)
Total Adjustments:	(3,368,725)	(505,351)	(3,874,076)
<b>December 31, 2009</b>	<b>599,300</b>	<b>3,604,709</b>	<b>4,204,009</b>

The State closely monitors the performance of its variable rate bond portfolio. Interest rates have declined substantially since the beginning of 2008 with variable rate bonds resetting on average at 0.31 percent in the second half of 2009. This is primarily attributable to favorable market conditions, as liquidity and demand have returned to the short-term credit market, and the State's approach to eliminate bonds that were negatively affected by bond insurance and weak liquidity banks. The following chart illustrates the semiannual performance in the State's variable rate portfolio since February 2008.

<b>VARIABLE RATE PORTFOLIO INTEREST RATE BY PRODUCT</b>				
	<b>06/30/08</b>	<b>12/31/08</b>	<b>06/30/09</b>	<b>12/31/09</b>
VRDB Interest Rate <sup>1</sup>	4.21	4.05	0.68	0.40
ARS Interest Rate <sup>1</sup>	2.90	3.11	0.95	0.29
<b>Average</b>	<b>3.52</b>	<b>3.39</b>	<b>0.90</b>	<b>0.31</b>

<sup>1</sup> Does not include ongoing fees related to variable rate bonds (i.e., liquidity, remarketing, broker-dealer fees, auction agent fees, etc.).

The State will continue to make adjustments to its variable rate portfolio, as needed. The State is assessing options for addressing \$2 billion of liquidity facilities that will expire in 2010-11. The State expects to use a balanced approach that includes refunding VRDBs with fixed rate bonds and renewing existing facilities.

**FIVE-YEAR CAPITAL PLAN**

<sup>(1)</sup> Represents spending which occurs directly from bond proceeds held by public authorities.

<sup>(2)</sup> Includes central allocation of certain administrative costs. Functional and agency tables do not include this allocation.

Over the five years of the Executive Budget Capital Plan, capital spending is projected to total \$48.8 billion, the majority of which will support transportation projects (51 percent) and education (18 percent).

**Five-Year Capital Spending by Function  
(thousands of dollars)**

**TRANSPORTATION**

Capital spending for transportation reflects the new two-year (2010-11 and 2011-12) DOT program, which totals approximately \$7 billion, excluding Federal ARRA funds. This program includes over \$3.6 billion for highway and bridge construction and maintenance contracts, \$1.5 billion for engineering and administrative costs, \$806 million for local aid, and \$618 million for maintenance and maintenance facilities, including snow and ice control activities. In addition to the two years of the proposed DOT capital plan, the Plan shows three more years of projections, a placeholder at essentially flat new investment levels. The Capital Reduction Program will result in \$50 million in savings over the five-year Plan period, reflecting changes to the Multi-Modal and Industrial Access Programs.

The DOT capital plan will continue to be financed by State-supported DHBTF bonds, remaining resources from the Rebuild and Renew New York Transportation Bond Act, PAYGO resources supported by dedicated taxes and fees, and Federal aid. Not including ARRA, core Federal obligation authority available to DOT is projected to be over \$1.6 billion annually throughout the Plan.

Additional resources are required to fund the DOT plan. The 2010-11 Executive Budget includes cash transfers of up to \$695 million from the General Fund to the DHBTF to address estimated funding shortfalls in the DOT plan. Cash transfers are anticipated to be \$785 million in 2011-12, and increase in subsequent fiscal years.

The DOT capital plan also continues to assist localities in funding various local transportation projects. Funding for such programs, including CHIPS and the Marchiselli Program, is projected at \$403 million in 2010-11 and thereafter.

## FIVE-YEAR CAPITAL PLAN

Spending for transportation is projected to increase by \$509 million or by 11 percent from 2009-10 to 2010-11. Projections for the years after 2011-12 are based on an assumption of essentially flat commitment levels and will be adjusted when a subsequent transportation plan is authorized.

## PARKS AND ENVIRONMENT

Parks and environment capital spending will continue to focus on the cleanup of environmental hazards. Spending in this category will decline over the Plan period as a result of the completion of voter-approved general obligation bonding authorizations. Implementation of the Capital Reduction Program for parks and the environment will achieve \$134 million in savings over the five-year Plan period.

As a result of the Capital Reduction Program, spending totaling \$20 million for the Superfund program will be reduced beginning in 2010-11. This action reflects revisions to estimated spending based on historical trends.

Spending to support the State Superfund Program and the Brownfields Program for the remediation of hazardous waste and hazardous substances and for off-site contamination of Brownfield clean-up sites will average about \$129 million annually. This includes \$12 million annually to support PAYGO grants and the implementation of State Superfund and Brownfield Cleanup Programs.

Average annual spending of \$143 million from the EPF will finance a variety of critical environmental and recreational activities. RETT revenues, which have been dedicated to financing capital projects supported by the EPF, will decrease from \$199 million in 2009-10 to \$132 million in 2010-11 and remain at that level in each subsequent year of the Plan. Additional revenues from wetland application, pesticide application, and water withdrawal fees totaling \$6 million will also be deposited into the EPF.

Spending financed by the CW/CA Bond Act approved by the voters in 1996 will average \$50 million annually over the Plan period and will finance water quality

## FIVE-YEAR CAPITAL PLAN

improvement and landfill and recycling projects. Spending from the SPIF is projected to average over \$28 million annually over the Plan.

### ECONOMIC DEVELOPMENT AND GOVERNMENT OVERSIGHT

Economic development and government oversight spending will support economic development projects, the disposal of nuclear waste at the Western New York Nuclear Service Center at West Valley, and the preservation and improvement of State Fairground Buildings.

The Capital Reduction Program will achieve \$319 million in reduced spending over the Plan period. The savings actions will include aligning economic development spending to actual project needs, requiring implementing agencies to carefully manage the pace of project commitments and spending, and eliminating funding for dormant projects.

The Executive Budget maintains over \$3.8 billion in capital funding for initiatives facilitating economic growth in New York. This includes \$1.4 billion for continued support of various economic development and regional initiatives, including high technology initiatives, a statewide competitive grant program administered by JDC, specific downstate regional initiatives, and upstate city-by-city projects. In addition, \$2.5 billion is provided for continued support of an international computer chip research and development center, capital improvements at Governor's Island, redevelopment at the Harriman Research and Technology Park, and specific economic development, cultural facilities, university development, environmental, and energy projects administered by JDC and DASNY. This amount includes \$650 million for the construction of the GlobalFoundries facility in Upstate New York and \$300 million for the Restore NY Communities Initiative.

## HEALTH AND SOCIAL WELFARE

Capital spending for health and social welfare supports: the preservation and maintenance of youth facilities operated by OCFS; HHAP grants administered by OTDA; and capital projects to protect the health and safety of patients at veterans homes and health care facilities operated by DOH, including the new veterans nursing home at Oxford. The Capital Reduction Program will reduce health and social welfare by \$46 million over the Plan period.

The Executive Budget Capital Plan also includes \$325 million in new capital appropriations for the continuation of the HEAL NY program which was enacted in 2005-06. The program supports targeted investments in the health care infrastructure designed to enhance the efficient operation of health care facilities, close or restructure underutilized capacity and upgrade information and health care technologies. Program costs are projected to be financed through a combination of PAYGO and authority bonds.

### EDUCATION

Education capital spending includes the costs of the five-year plans for SUNY, CUNY, and SED. Also included is continued spending for EXCEL, \$211 million in 2010-11 and \$200 million in 2011-12. Higher education spending also includes the State's 50 percent share of funding for the SUNY and CUNY Community College programs and the self-supported capital spending for SUNY's dormitories and hospitals. Implementation of the Capital Reduction Program for SUNY, CUNY and SED will achieve \$735 million in savings (\$467 million, \$256 million and \$13 million, respectively) over the five-year Plan period.

In order to successfully implement recurring savings over a five-year period for SUNY and CUNY without jeopardizing essential health and safety projects, initiatives at both universities will be prioritized and either delayed, reduced in scale, or eliminated. Furthermore, as a result of the Capital Reduction Program, spending totaling \$13 million for the expansion of the State Records Center, located on the Harriman State Office Campus, will be eliminated beginning in 2010-11. The Capital Reduction Program eliminates funding for this project, which does not meet the State's criteria for health and safety or critical infrastructure. SED will be able to meet its records overflow needs by continuing to lease space at the Riverview Center in Menands at an annual cost of less than \$200,000.

The ongoing five-year plans for SUNY and CUNY respond to the critical maintenance needs and strategic initiatives of the universities. The \$1.2 billion in projected spending for SUNY in 2010-11 includes \$866 million for State-operated campuses, as well as \$53 million for community colleges. In addition, \$208 million is projected for self-supporting capital projects for SUNY's hospitals and residence hall programs, as well as \$84 million in spending for educational facilities projects supported by non-State funds (i.e., grants and donations). The \$623 million in projected spending for CUNY includes \$563 million for senior colleges and \$60 million for community colleges. Funded projects primarily encompass critical maintenance, health and safety, preservation and handicapped access projects. In addition, the CUNY plan includes the progression of ongoing projects at John Jay College, and the initiation of renovations to Fiterman Hall at the Borough of Manhattan Community College.

## FIVE-YEAR CAPITAL PLAN

Projected spending for SED projects will total \$186 million over the five years and includes total new capital appropriations of \$104 million for SED projects. This includes \$70 million for public library construction projects and \$34 million for critical rehabilitation projects at various SED facilities, including the Rome School for the Deaf and the Batavia School for the Blind.

Education spending is projected to increase by \$71 million (3 percent) in 2010-11. This reflects increases of \$259 million for SUNY and \$10 million for SED, offset by a year-to-year decrease in expected spending for the EXCEL program and reductions of \$103 million in other areas. Spending for the EXCEL program is expected to be completed by the end of 2011-12.

## PUBLIC PROTECTION

Capital spending for public protection will continue to focus on preserving and maintaining infrastructure investments at existing correctional facilities, and facilities operated and maintained by the Division of Homeland Security and Emergency Services, DMNA and DSP.

Spending is projected to increase by \$31 million (8 percent) from 2009-10 to 2010-11, primarily reflecting the continuation of critical projects by DSP, DMNA and the Division of Homeland Security and Emergency Services. Approximately \$22 million of this increase is paid for through Federal PAYGO financing. The implementation of the Capital Reduction Program for public protection will achieve \$162 million in savings over the five-year Plan period.

DOCS will be responsible for achieving \$153 million in savings over the five-year Plan period under the Capital Reduction Program. This action reflects the delay of renovations to several DMNA armories and DSP evidence storage facilities, and will not affect the projects related to health and safety and will be achieved mainly by eliminating or delaying lower priority projects.

### MENTAL HYGIENE

Spending for mental hygiene capital projects will continue to support essential health and safety, rehabilitation and maintenance projects needed to preserve and maintain both institutional and community-based facilities operated and/or licensed by OMH, OMRDD, and OASAS.

Mental hygiene capital spending will increase \$37 million (8 percent) from 2009-10 to 2010-11 for continued critical rehabilitation projects at State facilities and the continued development of community residences, including new residential treatment opportunities in support of Rockefeller Drug Law reform. Implementation of the Capital Reduction Program will achieve \$159 million in savings over the five-year Plan period. This action reflects a delay in noncritical spending associated with the maintenance of facilities.

## FIVE-YEAR CAPITAL PLAN

### GENERAL GOVERNMENT

General government capital spending is provided for the construction, rehabilitation, consolidation and renovation of State office buildings to maintain asset value, achieve space efficiencies and reduce operational costs. In addition to maintaining existing facilities, spending will continue to support the renovation of the State Capitol and the Empire State Plaza. The Executive Budget also provides funds for renovation of the Legislative Office Building hearing rooms.

General government spending increases of \$17 million (22 percent) in 2010-11 primarily reflect increased spending for CIO/OFT to continue efforts to establish a consolidated data center, partially offset by the anticipated conclusion of DOS's wireless E-911 service project.

As a result of the Capital Reduction Program, general government spending will be reduced by \$13 million over five years.

### OTHER

This spending supports capital investments for the Judiciary, statewide equipment, systems development and upgrades, and capital spending financed with Federal funds for the World Trade Center site. Spending for these areas is projected to total \$834 million over the Plan period, an average of about \$167 million annually.

## FIVE-YEAR CAPITAL PLAN

### FINANCING SOURCES OF CAPITAL PROJECTS SPENDING

The State uses Federal and State PAYGO resources and issues bonds (both directly and through public authorities) to finance capital spending. The amounts for All Governmental Funds spending includes both those capital projects disbursements that are reflected in the Comptroller's accounting system and those disbursements which would have formerly been made directly from bond proceeds which had been reflected only in the GAAP accounting statements.

As shown in the following chart, 45 percent of the 2010-11 capital spending is projected to be financed with State and Federal PAYGO resources, while 55 percent is projected to be financed with authority-issued bond proceeds and voter-approved general obligation bonds. By the conclusion of the five-year Executive Budget Capital Plan period 57 percent of total capital spending is expected to be financed by State and Federal PAYGO sources.

**Pay-As-You-Go and Bond-Financed Capital Disbursements**

### STATE AND FEDERAL PAYGO SOURCES AND USES

State PAYGO resources include: General Fund taxes; other taxes and user fees set aside or dedicated for specific capital programs; repayments from local governments and public authorities for their share of projects; and transfers from other funds, including the General Fund. Over the five-year Plan period, State PAYGO resources of \$12.4 billion will support 25 percent of total spending. Federal PAYGO resources support spending financed by grants from the Federal Government, primarily for highways and bridges, drinking water and water pollution control facilities, public protection, and housing, and constitute \$12.7 billion or 26 percent of total spending over the Plan period.

Approximately \$3.2 billion, or an average of over \$640 million annually, of State PAYGO financing is in the DHBTf. The DHBTf receives revenue from the petroleum

## **FIVE-YEAR CAPITAL PLAN**

---

business tax, motor fuel tax, highway use tax, auto rental tax, motor vehicle and other transportation-related fees. Receipts deposited into the DHBTF are used to finance capital projects on a PAYGO basis, to pay operating expenses of transportation agencies and to pay debt service on DHBTF and CHIPs bonds.

Capital spending supported by General Fund receipts is classified as a transfer to the various Capital Projects Funds. The General Fund transfer, which is reflected in total State PAYGO spending, is projected at \$1.1 billion in 2010-11 and will average \$1.5 billion annually over the Plan period. The General Fund transfer primarily finances non-bond eligible capital spending, including minor rehabilitation projects of facilities operated by OGS, DEC, Parks, and the Department of Mental Hygiene. The General Fund transfers also include \$5 million to the Hazardous Waste Remedial Fund to support the State Superfund program and an average of approximately \$866 million annually from 2010-11 to 2014-15 to the DHBTF.

State PAYGO resources, derived from statutorily dedicated revenues that finance projects for environmental and recreational purposes, are projected to average approximately \$204 million annually. In addition to receipts that will be deposited annually into the Hazardous Waste Remedial Fund, the EPF will continue to receive annual deposits from RETTs for a total of \$662 million over the Plan period. In addition to RETT revenues, the EPF receives receipts from pesticide applicator fees, wetland permits, water withdrawal fees and other miscellaneous receipts (approximately \$11 million annually) that will also be deposited into the EPF. These taxes and miscellaneous receipts will support PAYGO portions of projects advanced from the EPF.

The SPIF will finance about \$28 million annually in improvements to the State's park system from park fees and other miscellaneous revenues.

Federal grants account for 26 percent of total capital spending over the Plan period. The largest components of Federal PAYGO spending over the Plan period are for transportation (\$11.1 billion) and the environment (\$761 million). Federal PAYGO spending is projected to average over \$2.5 billion per year, with an average \$2.2 billion annually spent on transportation. In addition, \$446 million will be spent over the life of the Plan for the Federal share of DOH Safe Drinking Water projects.

### **GENERAL OBLIGATION BOND FINANCING**

General obligation bond financing of capital projects is accomplished through the issuance of full faith and credit bonds that have been authorized by the voters. General obligation financed spending (\$2.2 billion) accounts for approximately 4 percent of total spending over the Plan period. The Plan assumes the continued implementation of nine previously authorized bond acts (five for transportation and four for environmental and recreational programs). The bulk of projected general obligation bond financed spending was authorized in the 2005 Rebuild and Renew New York Bond Act. Spending authorizations from the remaining eight bond acts will be virtually depleted by 2013.

In 2010-11, the State expects that \$606 million of general obligation bonds will be issued to fund projects financed primarily by the Rebuild and Renew New York

## **FIVE-YEAR CAPITAL PLAN**

---

Transportation Bond Act of 2005 and other transportation purposes (\$549 million), and the CW/CA and all other environmental bond acts (\$57 million).

### **AUTHORITY BOND FINANCING**

In addition to State general obligation bonds, public authority bonds will be issued to support capital projects over the Executive Budget Capital Plan. Authority revenue credits include State PIT Revenue Bonds, DHBTF Bonds, SUNY Dormitory Facilities Revenue Bonds, Mental Health Facilities Improvement Revenue Bonds and DOH Revenue Bonds.

Authority bond-financed capital spending is reimbursed by the proceeds of bonds sold by State public authorities pursuant to contractual agreements with the State. Bond reimbursement is managed to provide the most efficient reimbursement possible. Factors affecting the timing of reimbursement of State expenditures include the availability of existing bond proceeds, bond market access, investment terms, and State cash flow considerations.

Over the Plan period, approximately 44 percent of total spending will be financed with authority bond proceeds. The State expects to continue to use State PIT Revenue Bonds as the financing vehicle for the vast majority of new bond-financed spending for non-transportation programs. Authority bond-financed spending across all non-transportation programs decreases from approximately \$4.3 billion in 2010-11 to about \$2.6 billion in 2014-15.

- **State PIT Revenue Bonds** will be issued to support multiple capital program areas, as summarized below:
  - **Education:** supports SUNY and CUNY, EXCEL, NYSTAR, and the Higher Education Capital Matching Grant Program (2010-11 issuances of \$1.9 billion).
  - **Environment:** supports the State Revolving Fund, the State Superfund Program, EPF, State Parks, West Valley and other environmental projects (2010-11 issuance of \$164 million).
  - **Transportation:** supports local transportation projects under the CHIPs program (2010-11 issuances of \$454 million).
  - **Economic Development and Housing:** supports Housing, SIP, economic development projects for the Buffalo area, AMD, CEFAP, the Regional Economic Growth Program, the New York State Economic Development Program, high technology and other business investment programs, and recent economic development initiatives (2010-11 issuances of \$800 million).
  - **Healthcare:** supports the program for capital and equipment grants to healthcare providers (2010-11 issuances of \$127 million).

## FIVE-YEAR CAPITAL PLAN

- **State Facilities and Equipment:** supports correctional facilities, youth facilities, State office buildings, a new State Police headquarters, capital projects for DMNA and equipment bonds, including software development (2010-11 issuances of \$885 million).

The projected coverage ratios for the PIT program are displayed in the following table.

<b>PROJECTED PIT REVENUE BOND COVERAGE RATIOS</b>						
2009-10 THROUGH 2014-15 (thousands of dollars)						
	<b>2009-10</b>	<b>2010-11</b>	<b>2011-12</b>	<b>2012-13</b>	<b>2013-14</b>	<b>2014-15</b>
Projected RBTF Receipts	8,809,025	9,286,050	9,808,450	9,720,525	10,259,750	11,037,800
Existing PIT Bonds Outstanding (as of 01/15/10)	17,597,575	16,743,530	15,895,620	15,064,250	14,258,510	13,465,850
Projected New PIT Bonds Outstanding	430,497	4,718,829	8,011,369	10,186,463	12,050,790	13,874,327
Projected Total PIT Bonds Outstanding	18,028,072	21,462,359	23,906,989	25,250,713	26,309,300	27,340,177
Projected Maximum Annual Debt Service	1,744,614	2,110,871	2,398,859	2,567,072	2,707,917	2,810,124
Projected PIT Coverage Ratio	5.0	4.4	4.1	3.8	3.8	3.9

Other 2010-11 spending will be financed by credits supported by dedicated streams of revenue, including transportation-related taxes and fees, student dormitory fees, and patient income receipts:

- **DHBTF Bonds**, which are issued by the TA and supported by transportation-related taxes and fees, will total \$540 million in 2010-11.
- **SUNY Dormitory Facilities Bonds**, which are issued by DASNY, are supported by dormitory fees and rents charged to students residing in housing facilities on campus. The bond issuance of \$78 million in 2010-11 will support the expansion and renovation of SUNY Dormitory Facilities under the SUNY multi-year capital investment programs enacted in 2009-10.
- **Mental Health Facilities Improvement Bonds** are issued by DASNY and supported by patient revenues. This issuance of \$315 million in 2010-11 will support capital projects to preserve and maintain both State and community-based facilities operated and/or licensed by OMH, OMRDD, and OASAS. Under legislation proposed with the Executive Budget, these program needs may be financed with PIT bonds in 2010-11.

**AGENCY CAPITAL PROGRAM PLANS**

# AGENCY CAPITAL PROGRAM PLANS

The Agency Capital Program Plans section provides a narrative description of the capital investment recommendations of agencies for the 2010-11 through 2014-15 period. This section of the Plan is organized programmatically. Each program area begins with a functional overview, followed by each agency's narrative description which highlights accomplishments, new initiatives, and long-term financial requirements.

All State agencies and authorities with State-supported capital programs have capital maintenance systems. Agencies are required to develop five-year maintenance plans, which include an assessment of assets with a replacement value of at least \$5 million, and that reflect an asset's age, condition, condition goals, maintenance activities, and remaining useful life. In addition, every five years, agencies are required to perform an independent evaluation of their maintenance plans to ensure that the recommended maintenance activities are consistent with current capital needs.

The capital maintenance plan summaries are included in the agency narratives, since the maintenance plans are a critical part of an agency's Five-Year Capital Plan. The appropriations reflected in each agency's Five-Year Capital Plan reflect a needs-assessment, which will continue to be refined as an agency implements an asset maintenance system.

The tables contained in this section provide five years of appropriation, commitment and disbursement projections for each program. Commitment levels in these tables reflect the value of contracts expected to be entered into by each agency in a given year. Each agency narrative compares the Plan's recommended commitment levels with last year's levels. The reappropriation projections reflect the unexpended balance of the original appropriation, and any unused amounts continue to be shown until the project is completed.

This section also includes summary schedules of disbursements, which aggregate the information presented in the individual agency tables. These summary tables reflect projections of disbursements for capital projects, and eliminate transactions which simply move moneys from one fund to another. This adjustment provides comparability between the Plan's summary of disbursements and the State's Financial Plan. Detailed agency tables that appear later in this document display the recommended individual reappropriations and new appropriations for each agency, as well as the anticipated future appropriations through State fiscal year 2014-15. The recommended appropriations represent the estimated project cost for the various agencies and the respective comprehensive construction programs. Further information on these detailed tables is provided at the beginning of that section.

## **AGENCY CAPITAL PROGRAM PLANS**

---

### **TRANSPORTATION**

New York's diverse transportation system plays a crucial role in our economy. The State's over 240,000 lane miles of roads, 17,000 bridges, 4,000 railroad miles, 147 public use airports, 12 major ports, and more than 130 public transportation operators are among our most valuable resources. These important assets are managed and maintained by an integrated network of State agencies, public authorities, local governments and private entities.

The 2010-11 Executive Budget proposes a two-year \$7 billion DOT capital program that balances preservation of core transportation infrastructure with fiscal necessity. Key financial factors impacting program levels include the lack of a new multi-year Federal transportation act to replace the Federal program that expired on September 30, 2009; the phase-out of the 2005 Transportation Bond Act as projects are completed; and increasing dependence on the General Fund to support DHBTF, primarily driven by a debt restructuring completed in 2005. Despite these negative financial factors, the Executive Budget will maintain the State's core DHBTF investment in the highway and bridge construction program at 2009-10 levels. Through careful management, and by implementing operational efficiencies, DOT will utilize its capital funds to complete critical infrastructure projects that protect the health and safety of the travelling public and promote the economic vitality of the State.

The MTA capital program faces many of the same financial challenges that impact the DOT program: Federal funding uncertainty, phase out of the 2005 Bond Act and weakness in core revenue sources that support the capital program. Despite the May 2009 enactment of new revenue sources for the MTA (Chapter 25 of the Laws of 2009), funding remains inadequate to support a full five-year MTA capital program. Nonetheless, statute requires the MTA to initiate its capital planning on a five-year basis. Accordingly, on October 1, 2009 the MTA submitted a five-year \$25.5 billion capital plan to the CPRB. The CPRB is charged with review and approval of MTA capital plans, and is made up of four voting members appointed by the Governor with one member each recommended by the Senate, Assembly and Mayor of New York City. The proposed plan was disapproved by CPRB without prejudice, on December 30, 2009, due to fact that adequate funding is available for only the first two years of the full five-year period.

### **DEPARTMENT OF TRANSPORTATION**

The DOT is responsible for maintaining and rehabilitating the State's system of highways and bridges, which includes over 38,000 State highway lane miles and over 7,500 bridges. Private contractors perform all major construction and repair work, while DOT provides seasonal maintenance and repair. The Department also oversees and funds programs that help defray local capital expenses associated with road and bridge projects, including the State-funded CHIPs and Marchiselli programs and significant Federal aid spent on local facilities.

## AGENCY CAPITAL PROGRAM PLANS

---

### Two-Year Plan

The 2009-10 Budget completed the State's most recent five-year transportation program, which resulted in significant transportation improvements throughout the State. In light of the State's fiscal condition and the lack of a successor multi-year Federal transportation act, the 2010-11 Executive Budget proposes a two-year DOT capital plan that preserves State investment in core transportation infrastructure and maintains essential services. Highlights of this two-year plan include:

- \$3.6 billion for State and local highway and bridge construction and preventive maintenance contracts (including 2005 Bond Act funds that remain available) -- \$1.8 billion in 2010-11;
- \$1.5 billion for engineering, project inspection, program management and Department administration -- \$708 million in 2010-11;
- \$806 million for local infrastructure under the CHIPS and Marchiselli programs -- \$403 million in 2010-11;
- \$618 million for DOT preventive maintenance, equipment and facilities -- \$302 million in 2010-11;
- \$140 million for right-of-way acquisition -- \$71 million in 2010-11;
- \$120 million for rail passenger and freight projects (including 2005 Bond Act and prior DHBTF funds that remain available) -- \$52 million in 2010-11;
- \$100 million for capital improvement of non-MTA transit systems (including 2005 Bond Act funds that remain available) -- \$50 million in 2010-11;
- \$33 million for canal infrastructure that remains available from 2005 Bond Act funds -- \$16 million in 2010-11; and
- \$29 million for aviation capital and matching funds for Federal aviation aid (including 2005 Bond Act funds that remain available) -- \$14 million in 2010-11.

In addition, significant construction activity for highway and bridge projects funded by the ARRA is expected to continue in 2010-11 from projects initiated in 2009-10. The Executive Budget continues to make these funds, and any additional ARRA awards, available through reappropriations.

The plan also incorporates operational efficiencies and across-the-board savings actions that contribute to reducing General Fund support of the DHBTF. General Fund transfers to the DHBTF are estimated at \$695 million in 2010-11, a decrease of \$71 million compared to estimates in the Mid-Year Financial Plan Update. However, even with this savings, the subsidy will increase by \$335 million over 2009-10.

## **AGENCY CAPITAL PROGRAM PLANS**

---

### **Five-Year View**

In addition to the two years of the proposed DOT capital plan, the State capital program plan exhibits three further years of projections, a placeholder at essentially flat new investment levels. Major components of this extended five year view include \$8.8 billion for highway and bridge construction and preventive maintenance contracts, \$3.9 billion for engineering, project inspection and program management, \$2.0 billion for local capital programs, and \$1.6 billion for DOT preventive maintenance activities, equipment and facilities. Additional funding is also provided for other transportation modes including non-MTA transit systems, aviation facilities, and rail initiatives.

Preventive maintenance and demand maintenance have increasingly become the primary focus of DOT activities. Since preventive activities extend the life of a road or bridge, they are cost-effective alternatives to major reconstruction. For highways, the goal of keeping water and other materials away from the base of the highway is accomplished through activities such as crack sealing, pothole repair, joint repair and drainage repair. Painting, washing, joint repair and maintaining drainage are key elements to extending the life of State bridges. In addition to maintenance activities supported through highway and bridge construction contracts, \$1.5 billion will be available for preventive and demand maintenance activities performed by State forces over the next five years.

During the five-year plan period, \$2.2 billion will be available from the DHBTF for snow and ice control activities. This includes funding for costs associated with the return of Interstate 84 maintenance and operational responsibilities to DOT. The Department's maintenance activities are supported by approximately 300 sites around the State which encompass 60 maintenance headquarters, 125 maintenance sub-headquarters, 34 bridge crew facilities and 3 special crew facilities (the vast majority of these sites also contain salt storage buildings). The average age of the infrastructure is 35 years. The total size of the infrastructure is approximately four million gross square feet.

The Department's maintenance facilities plan consists of an annual review of its overall needs and a prioritization of its projects. The program goal is to upgrade and repair its infrastructure based on evaluation of the condition, proposed use and corresponding health, safety and environmental concerns.

### **Financing the Plan**

The five-year capital program plan for DOT and the operating expenses of DOT and DMV will be financed with approximately \$10.4 billion of State revenues during the next five years. These revenues will provide for pay-as-you-go capital and operating needs and for debt service payments on bonds issued by the State and the Thruway Authority. Federal aid will also support a significant portion of the plan.

The 2010-11 Executive Budget includes a cash transfer of \$695 million from the General Fund to the DHBTF to address a projected funding shortfall in 2010-11. Under current assumptions, this transfer is expected to increase to \$785 million for the 2011-12 fiscal year.

## **AGENCY CAPITAL PROGRAM PLANS**

---

Significant portions of the State's transportation capital programs are supported by Federal aid. The most recently authorized Act, known as SAFETEA-LU, expired on September 30, 2009. A successor program has not been established and Federal support for the State's transportation programs continues at reduced levels through temporary funding measures passed by Congress. The Plan currently assumes that approximately \$1.6 billion will be available annually for DOT's highway and bridge capital program. To the extent that Federal aid varies from these assumptions, whether under a new Act or an additional economic stimulus proposal, the State's program will need to be adjusted accordingly.

Program levels after the proposed two-year DOT plan period reflect relatively flat placeholder assumptions. Future investment levels will be determined, in part, by the availability of Federal aid under a successor multi-year transportation act and the identification of new State or other resources to support program commitments. The Governor has made clear that any new program must be needs-based, less reliant on bonding, and follow the enactment of a new Federal program.

### **DEPARTMENT OF MOTOR VEHICLES**

The DMV issues drivers' licenses and vehicle registrations, promotes highway safety, and collects more than \$1.7 billion annually in revenues for the State and localities, of which more than \$600 million is dedicated to the DHBTF. The DOT two-year plan recommends funding nearly \$450 million of the Department's transportation-related cash expenses from the DHBTF.

### **CANALS**

The New York State Canal Corporation maintains, operates, develops and makes capital improvements to the 524-mile navigable waterway that includes 57 locks, numerous dams, reservoirs and water control structures. Canal revenues are deposited into the Canal System Development Fund and, in accordance with the State Constitution, are used exclusively for the canals. Maintenance on the canals is conducted on an ongoing basis to ensure that canal facilities operate properly and that public safety is maintained.

Funds from the 2005 Transportation Bond Act remain available for canal capital projects through reappropriations in the DOT budget. The majority of Canal Corporation funding is provided by the Thruway Authority.

## **AGENCY CAPITAL PROGRAM PLANS**

---

### **PARKS AND ENVIRONMENT**

DEC and OPRHP are the primary agencies responsible for preserving and protecting the State's extensive environmental, historic and cultural resources, as well as providing recreational opportunities for its citizens. Each agency is responsible for the development and maintenance of a wide array of capital facilities. This category also includes recommended capital projects funding for APA, EFC and the Hudson River Park Trust.

#### **ADIRONDACK PARK AGENCY**

The APA was established in 1971 to "ensure the optimum overall conservation, protection, development and use of the unique scenic, aesthetic, wildlife, recreational, open space, ecological and natural resources of the Adirondack Park." The Park itself was created in 1892, and contains six million acres of publicly and privately owned lands.

The Executive Budget recommends \$500,000 for the APA to create a capital gift account that would allow the agency to accept local and State grants and gifts for their operations and development.

#### **DEPARTMENT OF ENVIRONMENTAL CONSERVATION**

DEC is charged with protecting the State's natural resources. Department responsibilities include cleaning up solid and hazardous waste disposal sites, enforcing air and water quality standards, maintaining hundreds of flood and coastal erosion projects and stewardship of over four million acres of State land. The Department also provides safe opportunities for outdoor recreation, including hunting, fishing, camping, hiking and other activities. DEC manages hundreds of facilities including dams, boat launch sites, campgrounds, fish hatcheries, wildlife management areas and a ski area.

The DEC capital program enhances and maintains the infrastructure necessary to provide a safe environment. An estimated \$712 million in capital disbursements will support these activities in 2010-11. The DEC capital plan directs resources to projects to ensure compliance with health and safety requirements and State and Federal environmental mandates. In 2010-11, new Capital Projects Fund appropriations of \$17 million are recommended to address these needs, and to maintain and upgrade campgrounds, environmental centers and camps, fish hatcheries and other Department-owned buildings and facilities, maintain flood control structures, and fund shore protection projects for communities threatened by coastal erosion. Recommendations also include \$5 million for the remediation of Onondaga Lake.

A key element of the DEC capital program is the EPF, a dedicated fund historically supported by revenues from the RETT and other sources. The Executive Budget includes new appropriations of \$143 million for 2010-11, a reduction of \$69 million from 2009-10, to fund a host of critical environmental and recreational activities including: municipal waste reduction and recycling; waterfront revitalization projects; non-point source water pollution control; smart growth; municipal park projects; Hudson River Estuary Management; and water quality improvement projects. The capital program

## **AGENCY CAPITAL PROGRAM PLANS**

---

includes additional EPF appropriations of \$572 million through 2014-15 will continue funding for these important activities.

In conjunction with the lower EPF appropriation level, the Executive Budget will reduce the funds deposited into the EPF from the RETT by \$67 million from 2009-10, to \$132 million, while continuing to deposit revenues from other sources, such as the wetland application permit and pesticide applicator fees, enacted in the 2009-10 Budget.

The Department's capital plan also reflects the State Superfund and Brownfields program enacted in 2003. General Fund support of \$12 million is provided to DEC for technical assistance grants, State implementation of the Brownfield Cleanup Program and non-bondable costs of the State Superfund and Brownfield Cleanup programs. Appropriations provide for \$120 million in annual support to be bond-financed for the remediation of hazardous waste and hazardous substances and for off-site contamination at Brownfield Cleanup Program sites. The debt service on these bonds will be supported equally by the State and industry. These programs, which succeed the fully committed \$1.1 billion 1986 Environmental Quality Bond Act, will maintain stringent environmental and public health standards, while spurring redevelopment of contaminated sites.

The 2010-11 Executive Budget recommends new disbursements totaling \$50 million from the 1996 CW/CA Bond Act for projects to be administered by DEC. The CW/CA Bond Act funds such important activities as water quality improvement projects, landfill closure and recycling projects, Brownfields projects, safe drinking water projects, and air quality improvement projects. The total authorization of \$1.8 billion has been made available from the Bond Act.

In 2010-11, the level of contract commitments projected in the Department's capital plan is \$402 million. This is a \$102 million decrease from levels in the 2009-10 Capital Plan due to ARRA funding. Future year commitments are consistent with appropriation levels recommended over the next five years.

The DEC capital maintenance plan will focus on preservation and preventive maintenance of its various lands, facilities and other structures. The Department manages a vast array of assets that vary in age, condition, and useful life, including: approximately 4.4 million acres of land, over 300 boat launching and fishing access sites, 102 flood control structures, 52 campgrounds, 12 fish hatcheries, four environmental education camps, four environmental education centers, one tree nursery, and the Belleayre Mountain Ski Center. The Department has recently developed a maintenance information management system to facilitate planning and preventive maintenance for these extensive resources.

### **ENVIRONMENTAL FACILITIES CORPORATION**

The EFC is charged with helping local governments, State agencies and private industry comply with State and Federal environmental laws. EFC's responsibilities include administering the CWSRF and DWSRF, assisting New York businesses finance environmental projects through the Industrial Finance Program, and helping municipalities, State agencies and businesses comply with environmental laws and

## **AGENCY CAPITAL PROGRAM PLANS**

---

regulations through the Technical Advisory Services Program, the Financial Assistance to Business Program and the Pipeline for Jobs program.

EFC, in conjunction with DEC, administers low-interest financings to recipients for water pollution control facilities via the CWSRF. As of June 30, 2009, the CWSRF has made 1,607 financings for approximately \$14.1 billion to 489 recipients across the State since the program was initiated in 1990.

DWSRF is a program administered by EFC, in conjunction with DOH, that provides low-interest financings, including grants, to publicly and privately owned community water systems, and to nonprofit, non-community water systems for the construction of eligible safe drinking water projects. From its initiation in 1996 through June 30, 2009, the DWSRF has made 568 financings, 67 State Assistance Payments and 127 Federal Assistance Payments, worth approximately \$2.6 billion, to 334 recipients across the State.

In February 2009, President Barack Obama signed the ARRA that allocated \$520 million in new environmental funding to New York State: \$433 million for the CWSRF and \$87 million for the DWSRF. EFC is combining conventional State revolving fund resources with the ARRA allocations to provide benefits to as many eligible projects as possible. Projects that qualify for ARRA funding will receive 50 percent of the project costs as a low-cost loan and the remaining 50 percent as principal forgiveness.

In addition to appropriations to finance costs related to the administration of the 1996 CW/CA Bond Act, the EFC capital program includes the reappropriation of \$1 million for the Pipeline for Jobs program. This program was created to provide recipients with financial assistance for the planning, design and construction of eligible projects that are intended to create, improve or extend water supply facilities for economic development.

### **HUDSON RIVER PARK TRUST**

The Trust is responsible for designing, developing, constructing, and maintaining the 550-acre Hudson River Park in New York City, which extends for five miles along the Hudson River waterfront from Battery Park City to 59th Street. During 2010-11, the Trust will continue to refine the framework and scope of the Hudson River Park, develop detailed cost estimates, explore alternative sources of funding, and continue to oversee project design and construction.

The Budget proposes \$3 million of new funding in the EPF to continue construction of the remaining segments of the Park.

### **OFFICE OF PARKS, RECREATION AND HISTORIC PRESERVATION**

OPRHP operates 179 State parks and 35 historic sites that provide a place for visitors to relax and learn about New York's natural, historic, and recreational treasures. Nearly 55 million people visit the State parks each year.

## AGENCY CAPITAL PROGRAM PLANS

---

The State's park system is one of the oldest and best developed in the nation, featuring 28 golf courses, 76 developed beaches, 53 water recreation facilities, and more than 5,000 buildings. Since more than half of the facilities at State parks are at least 50 years old, a primary component of the capital program is devoted to maintenance and rehabilitation.

For 2010-11, the capital plan supports more than \$44 million in disbursements from various sources. New appropriations of \$29 million are recommended for capital projects from the SPIF, a dedicated fund consisting of revenues generated from day use and camping fees at the parks, as well as other miscellaneous revenues. Support is also provided for OPRHP's capital program from fiduciary funds and Federal resources. In addition, funding will be available from the Environmental Protection Fund and the 1996 CW/CA Bond Act to improve park facilities and protect the fragile natural resources at State parks. These funds are included in the DEC capital budget.

The OPRHP capital plan reflects the priority needs of the various parks and historic sites. A total of nearly \$181 million over the course of the Financial Plan period, mainly from SPIF, is planned to be spent on projects to improve health and safety and preserve facilities, and includes actions to:

- Maintain and restore historic sites;
- Rehabilitate park utility, sanitary and water systems;
- Improve selected roads and bridges;
- Upgrade public comfort stations and campground wash houses; and
- Maintain and improve park buildings, cabins and pool facilities.

The OPHRP capital maintenance plan for 2010-11 concentrates investments in preservation and protection of its many facilities. Physical assets consist of approximately 5,000 buildings which vary in age, condition, and useful life including: historic buildings, offices, cabins, comfort stations, maintenance/storage buildings, restaurants, visitor/nature centers, pump houses, and toll booths. Maintenance efforts in 2010-11 will focus on site restoration, roof repair and exterior construction projects.

The level of contract commitments projected in the OPRHP capital plan is \$36 million in 2010-11. Future year commitments reflect projected activity from both new appropriations and prior year appropriations.

## AGENCY CAPITAL PROGRAM PLANS

---

### ECONOMIC DEVELOPMENT AND GOVERNMENT OVERSIGHT

Economic Development and Government Oversight spending of \$3.0 billion is projected to average almost \$597 million annually over the Plan period and will support: economic development projects; the disposal of nuclear waste at the Western New York Nuclear Service Center at West Valley; and the preservation and improvement of State Fairground Buildings.

The Executive Budget maintains over \$3.8 billion in capital funding for initiatives facilitating economic growth in New York. This includes \$1.4 billion for continued support of various economic development and regional initiatives, including high technology initiatives, a statewide competitive grant program administered by JDC, specific downstate regional initiatives, and upstate city-by-city projects. In addition, \$2.5 billion is provided for continued support of an international computer chip research and development center, capital improvements at Governor's Island, redevelopment at the Harriman Research and Technology Park, and specific economic development, cultural facilities, university development, environmental, and energy projects administered by JDC and DASNY. This amount includes \$650 million for the construction of the GlobalFoundries facility in Upstate New York and \$300 million for the Restore NY Communities Initiative.

### DEPARTMENT OF AGRICULTURE AND MARKETS

The Department of Agriculture and Markets, in conjunction with the Industrial Exhibit Authority, is responsible for operating the New York State Fair and maintaining its buildings and grounds. The Fairgrounds include 19 major buildings and 107 other structures, the majority of which have a useful life of greater than 10 years and are in good or fair overall condition.

Capital Asset Group	Age Range	Condition			Total
		Good	Fair	Poor	
Various State Fair Buildings	1 to 99 years	70	38	18	126

The 2010-11 Capital Plan includes a total of \$4 million in new appropriations to repair and rehabilitate the Fair's facilities to ensure a safe and enjoyable experience for all Fair patrons and participants, including a Special Revenue funds appropriation financed by revenues from public/private partnership agreements and year-round operation of the Fairgrounds. Capital disbursements will total approximately \$2 million, supported by a transfer from the General Fund.

In addition, from reappropriations in 2010-11, the Capital Plan includes \$100,000 in disbursements for the Fredonia Vineyard Laboratory and \$10 million for the construction of a new Food Laboratory in the Capital Region.

The Department's capital maintenance plan for the next five years prioritizes those projects that will preserve, rehabilitate, and improve the Fairgrounds' buildings, land, and infrastructure for year-round use, and continue to protect the State's investment in the

## **AGENCY CAPITAL PROGRAM PLANS**

---

facility. In addition, the Fairgrounds' structures are upgraded continually to meet more stringent building code requirements, provide accessibility for the disabled, and ensure public safety.

### **ECONOMIC DEVELOPMENT AND FOUNDATION FOR SCIENCE, TECHNOLOGY AND INNOVATION**

For 2010-11, the Plan focuses on support for existing programs that will encourage economic development. The Plan reflects spending of \$75 million authorized in 2009-10 for the \$50 million IBM semiconductor packaging center located at SUNY IT and Albany Nanotech, and \$25 million for equipment for this collaborative effort; and \$1.3 billion authorized in 2008-09 to support a targeted and comprehensive economic development plan with statewide initiatives and programs targeted to upstate. Specifically, funds were provided for various economic development and regional initiatives including a statewide competitive grant, specific downstate regional initiatives and upstate city-by-city projects. Programs are administered by JDC, formerly ESDC, and DASNY.

The Capital Plan includes spending from \$328 million for regional economic development projects authorized in 2007-08 and administered by JDC, including: \$300 million for the development of an international computer chip research and development center; \$20 million to Governor's Island for projects that enhance heritage tourism attractions, and develop education, conference and cultural arts facilities; and \$8 million to the Harriman Research Technology Development Corporation for projects to transform Albany's State Office Campus into a world class research and technology park.

In addition, the Capital Plan contains spending from more than \$2.3 billion authorized in 2006-07 for specific economic development, cultural facilities, university development, environmental, and energy projects authorized in 2006-07 and administered by JDC, DASNY, and other State entities, including \$650 million for the development of a semiconductor manufacturing facility and \$300 million for the RESTORE New York Communities initiative. The Capital Plan also continues the \$1.5 billion Centers of Excellence/Empire Opportunity Fund/Gen\*NY\*sis/ RESTORE programs which are also administered by JDC and DASNY. This initiative was established to foster collaboration between the academic research community and the business sector in order to develop and commercialize new products and technologies; to promote critical private sector investment in emerging high technology fields; and to create and expand technology related businesses and employment. In addition, the program also finances projects that create or retain jobs or increase business activity through the construction and rehabilitation of research and development facilities, incubators and industrial parks; downtown commercial revitalization; Brownfield redevelopment; and other investments.

The Capital Plan also includes reappropriations for previously authorized environmental, higher education, cultural, and economic development projects. This includes \$99 million for the Technology and Development Program authorized in 2005-06, \$20 million for the Regional Economic Development Program authorized in 2005-06, \$181 million for the New York State Economic Development Program authorized in 2005-06, \$425 million for the CEFAP authorized in 1997-98, \$112 million for the

## **AGENCY CAPITAL PROGRAM PLANS**

---

Strategic Investment Program authorized in 2000-01, \$12 million for related infrastructure improvements associated with the construction of a new baseball stadium in the Bronx authorized in 2005-06, \$27 million for economic development projects in the Buffalo area authorized in 2000-01, and \$15 million for the New York State Foundation for Science, Technology and Innovation Capital Facilities Program authorized in 1999-2000.

### **ENERGY RESEARCH AND DEVELOPMENT AUTHORITY**

ERDA owns and manages the Western New York Nuclear Service Center at West Valley in Cattaraugus County, the site of a former nuclear fuel reprocessing facility and an inactive low-level radioactive waste disposal area.

The Capital Plan includes \$78 million in appropriations over the five-year period, reflecting ERDA's continuing role in a joint Federal-State Demonstration Project to treat and dispose of liquid nuclear waste at the Center and decommission the reprocessing facility. The Plan also includes ERDA's ongoing maintenance costs at the disposal area to ensure its compliance with environmental laws. The 2010-11 commitment and disbursement level for ongoing work at West Valley is \$19 million, an increase of \$6 million over 2009-10 levels. ERDA's costs are largely dictated by a Federal match requirement, and are expected to increase in 2010-11 as a result of increased spending by the Federal government.

The Western New York Service Center is approximately 40 years of age, in good condition, with a remaining useful life that will extend to the conclusion of the decommissioning of the site. The maintenance goal at the site is to preserve the facility in a state of good repair.

## **AGENCY CAPITAL PROGRAM PLANS**

---

### **DIVISION OF HOUSING AND COMMUNITY RENEWAL**

The State's housing capital programs provide grants, low-interest loans and technical assistance to facilitate construction and preservation of the State's low- and moderate-income housing stock. State capital funds are combined with Federal funds, low-cost mortgages and available private sector investments to finance activities that, absent the State's involvement, would not be financially feasible.

In addition to developing and maintaining low-cost housing, the housing capital programs foster economic growth across the State by creating additional construction jobs and encouraging new private sector investment in distressed areas.

The State's housing capital appropriations are made to DHCR, the State agency charged with coordinating the State's housing policies and programs. The individual housing programs are implemented through four public benefit corporations: the HTFC, AHC, HHAC, and HFA. DHCR staff perform the administrative functions generally associated with low-income housing programs, as well as oversee the State's involvement in Federal capital programs. HFA staff provide administrative support for the State programs that generally target moderate-income households.

The Capital Plan recommends \$104 million in appropriations in 2010-11 to fund six housing capital programs:

- \$29 million to the Low-Income Housing Trust Fund program to provide grants of up to \$100,000 per unit to construct or renovate low-income apartment projects;
- \$25 million to the AHC, which provides grants of up to \$40,000 per unit to low- and moderate-income households to assist in the acquisition or renovation of their homes;
- \$13 million to the Public Housing Modernization Program to subsidize repairs at 74 State-supervised public housing projects across the State. A total of \$400,000 from this appropriation will be reserved to fund capital activities aimed at reducing illegal drug activities at these projects;
- \$7 million for the Homes for Working Families program to continue this award-winning initiative which combines State funds with other available public and private sector moneys, Federal Low-Income Tax Credit proceeds and non-State supported bond funds to construct affordable rental housing for low- and moderate-income households;
- \$400,000 for the Housing Opportunities for the Elderly Program, which provides grants to low-income elderly homeowners for emergency home repairs; and
- \$30 million to the HHAP, funded from OTDA, to not-for-profit corporations and municipalities to expand and improve the supply of permanent transitional and emergency housing for homeless persons.

## **AGENCY CAPITAL PROGRAM PLANS**

---

The 2010-11 Executive Budget reflects the reappropriation of \$100 million of one-time housing capital funding provided for housing development projects in 2008-09 and continuation of recurring capital funding levels.

In addition to State-funded programs, HTFC also awards and disburses Federal moneys pursuant to the U.S. Department of Housing and Urban Development's HOME program. This program provides grants to not-for-profit groups and local governments to partially fund the construction or rehabilitation of low- and moderate-income housing.

The 2010-11 Capital Plan contemplates the commitment of State housing funds in the year in which funds are appropriated. Requests for funding from the State's various housing programs are reviewed and evaluated on an annual basis by program staff. These applications are submitted by private and not-for-profit sponsors of proposed low- and moderate-income housing projects. The applications are scored and ranked on a competitive basis and the review process culminates in award notifications for the most effective projects in meeting the State's housing needs.

## **HEALTH AND SOCIAL WELFARE**

### **OFFICE OF CHILDREN AND FAMILY SERVICES**

By the end of 2010-11, OCFS will operate 23 residential youth facilities (includes two campus sites with multiple facilities) and five non-residential programs which serve approximately 1,209 youth, ages 7 to 21. OCFS facilities operate at a variety of security levels, ranging from secure centers, primarily housing juvenile offenders who were tried as adults, to community-based residences. The OCFS Capital Plan reflects the State's continued commitment to providing safe and functional housing and programming to the youth in its facilities.

To improve operational efficiencies and eliminate significant excess capacity in its facilities, OCFS will close one residential facility and downsize an additional two residential facilities, effective January 19, 2011. The OCFS Capital Plan reflects cost avoidances resulting from this "right-sizing" effort.

The OCFS capital planning process will continue to identify improvements to its remaining facilities to increase security and meet health and safety standards. The agency's capital program focuses on the need to properly maintain its youth facilities and initiate modifications to accommodate program changes. This year's Capital Plan includes funding for facility preservation, environmental protection, health and safety, and security improvements.

Section 529 of the Social Services Law requires OCFS to maintain the community house within the Tonawanda Indian Reservation. This year's plan continues to provide funding for this purpose.

The OCFS capital program is funded from the Capital Projects Fund, the Youth Facilities Improvement Fund, and the Miscellaneous Capital Projects Fund.

## AGENCY CAPITAL PROGRAM PLANS

Disbursements from the Youth Facilities Improvement Fund are reimbursed with bond proceeds.

OCFS's Five-Year Capital Plan calls for disbursements of approximately \$107 million. The Plan will support capital maintenance and improvement activities, including \$50 million for facility rehabilitation and security enhancements, \$19 million for health and safety purposes, and \$18 million for environmental compliance projects. The Capital Plan also projects \$20 million for security improvement projects in 2010-11, which is consistent with 2009-10 projected levels for such projects.

In 2010-11, the OCFS capital program will include additional security projects, health and safety related repairs, environmental compliance work and physical plant rehabilitation projects aimed at preserving the useful life of its facilities and infrastructure. Most of OCFS's youth facilities are more than 30 years old, indicating the need for repair and/or improvement. The following chart provides information regarding age and condition of OCFS youth facilities by security level.

Capital Asset Group	Age Range	Condition			Total
		Good	Fair	Poor	
Secure Facilities	25 to 50 years	4	1	0	5
Limited Secure Facilities	10 to 55+ years	4	3	0	7
Newer Non-Secure Facilities	10 to 15 years	5	0	0	5
Older Non-Secure Facilities	40 to 100 years	1	4	0	5
Group Homes	75 to 80 years	0	1		1
	<b>Total</b>	14	9	0	23

### OFFICE OF TEMPORARY AND DISABILITY ASSISTANCE

OTDA administers the HHAP which provides grants to not-for-profit corporations and municipalities to expand and improve the supply of permanent, transitional, and emergency housing for homeless persons. To date, \$729 million in HHAP funding has supported approximately 570 capital projects statewide, creating approximately 13,800 housing units for the homeless. HHAP also links its projects to other State and Federal funding sources to deliver appropriate support services to help tenants move towards greater self-sufficiency and economic stability.

The Plan provides \$30 million for HHAP, including up to \$5 million for the development of housing for persons with HIV or AIDS.

### DEPARTMENT OF HEALTH

The focus of DOH's capital program is to promote the efficient operation of health care facilities statewide, protect the health and safety of its patients, employees and visitors and maintain the Wadsworth Center for Laboratories and Research. A key component of the Department's capital program is the investment of \$1.7 billion to finance HEAL NY. Established in 2005-06, HEAL NY supports health care projects to upgrade information systems and technology, enhance the efficiency of facility operations and support facility improvements, reconfiguration and consolidation. HEAL NY was also used to implement the recommendations of the Commission on Health Care Facilities in the 21st Century, which were released in November 2006. Originally a \$1 billion program, the 2009-10 budget included a new investment of \$650 million to extend

## **AGENCY CAPITAL PROGRAM PLANS**

---

HEAL NY for two years to ensure that funding would be available for health care reform and restructuring initiatives.

Another integral part of the DOH capital program is to maintain and improve its capital assets which include five health care facilities: Helen Hayes Hospital in West Haverstraw and the Oxford, St. Albans, Batavia, and Montrose veterans' nursing homes. DOH also maintains the Wadsworth Center for Laboratories and Research, which is comprised of three laboratories located in Albany County.

In January 1999, pursuant to State statute and an operating agreement between the two parties, responsibility for operation of the Roswell Park Cancer Institute was transferred from the Department to the Roswell Park Cancer Institute Corporation. The Corporation is now responsible for the ongoing maintenance of Roswell's capital assets.

Over the next five years, the DOH's capital program includes \$925 million in new appropriations, including \$325 million for the HEAL NY Program and \$48 million to support capital improvements at Wadsworth Center for Laboratories and Research facilities, \$38 million for maintenance and improvements of existing facilities, and \$514 million for the Federal Safe Drinking Water Fund.

The Department's capital program is financed by the State's General Fund, HCRA, DASNY bond proceeds and Federal funds. Total disbursements are estimated at \$2 billion over the five-year Plan period – including \$1.2 billion for the HEAL NY Program (\$673 million for non-bondable projects and \$489 million which will be bond financed); \$446 million from Federal funds for Safe Drinking Water projects; and \$68 million from the General Fund for the laboratories and institutions. Debt service and non-bondable project costs for the HEAL NY program will be financed from HCRA. Debt service on outstanding institutional DASNY bonds will continue to be supported by patient care revenues.

For 2010-11 DOH's capital program includes both ongoing and new projects to address major capital needs with estimated total disbursements of \$465 million. Planned projects will avert potentially more costly future capital expenditures while minimizing interruptions in clinical care services and laboratory functions. In addition, the Department will continue its participation in implementing the Safe Drinking Water Program, which will be financed through an \$89 million Federal appropriation in 2010-11.

The Department's goals are to ensure a safe environment, preserve infrastructure and related equipment and to promote energy efficiency. The Capital Asset Maintenance Plan preserves the useful life of DOH's facilities.

The following table identifies the capital asset group, age and condition of DOH's facilities:

## AGENCY CAPITAL PROGRAM PLANS

Capital Asset Group	Age Range	Condition			
		% Good	% Fair	% Poor	% Total
Helen Hayes Hospital	27 to 77 years	70	20	10	100
Wadsworth Center for Laboratories and Research	5 to 50 years				
<i>Griffin Laboratory</i>		30	45	25	100
<i>David Axelrod Institute</i>		100	0	0	100
<i>Biggs Laboratory</i>		0	70	30	100
Veteran's Nursing Homes					
<i>Oxford</i>	1 to 90 years	100	0	0	100
<i>St. Albans</i>	18 years	60	25	15	100
<i>Batavia</i>	11 to 15 years	90	10	0	100
<i>Montrose</i>	9 years	90	8	2	100

## EDUCATION

Capital planning is vital to the teaching, research and public service missions of both SUNY and CUNY. Capital plans ensure that facilities are appropriately designed and developed to meet both current and future needs, while providing a safe and healthy environment for students, faculty and staff.

The 2008-09 Enacted Budget included a \$6.0 billion multi-year capital plan for SUNY and CUNY. This plan was responsive to recommendations from the Commission on Higher Education, which called for significant investment in the infrastructure of both universities to address a backlog of deferred maintenance and advance strategic initiatives that progress core educational goals. The 2009-10 Enacted Budget continued the investment, providing \$834 million for critical maintenance projects at both university systems. The 2010-11 Executive Budget preserves high priority strategic initiative funding and continues investment for critical maintenance projects.

### STATE UNIVERSITY OF NEW YORK

SUNY is the largest public university system in the nation, with 29 State-operated campuses, five statutory colleges and 30 community colleges serving nearly 465,000 students. The goal of SUNY's capital program is to both provide and preserve the physical infrastructure needed for the education of students.

SUNY State-operated campuses include approximately 2,308 buildings, encompassing classrooms, dormitories, libraries, research laboratories, athletic and recreation facilities and hospitals. Currently, 70 percent of SUNY's facilities exceed 30 years of age. To address this situation, the first two years of the five-year capital plan have provided \$1.1 billion of critical maintenance funding to address the renovation, rehabilitation and repair needs of these facilities and reduce the amount of deferred maintenance throughout the system.

SUNY's State-operated campus capital planning process starts with building condition surveys and the development of facility master plans for each campus to identify both new construction and rehabilitation projects. These plans are further developed into a system-wide, five-year University Master Capital Plan, approved by the

## **AGENCY CAPITAL PROGRAM PLANS**

---

SUNY Board of Trustees. The Trustees' capital budget request is, in large part, based on priority projects from the Master Plan.

Capital priorities at SUNY's 30 community colleges include major rehabilitation as well as targeted new construction at various campuses to accommodate evolving academic needs. Community college master plans are developed by the same process as those of the State-operated campuses, and are then submitted to the local Boards of Trustees. The approved master plans inform the SUNY Board of Trustees' capital budget request, and projects which receive local sponsor matching support are advanced for State funding.

The 2010-11 Executive Budget continues the State's commitment to preserve and maintain SUNY's educational facilities infrastructure by appropriating the third of five annual \$550 million installments for critical maintenance, which will enable the University to focus on various needs including:

- Preservation and rehabilitation needs;
- Remediation of code violations;
- The meeting of accreditation standards;
- Access for the disabled; and
- Preserving the integrity of SUNY's capital plan.

The 2010-11 Executive Budget also includes \$22 million for the State's 50 percent share of capital funding for community college campuses that have secured local sponsor support for their respective capital projects.

For 2010-11, SUNY contract commitments are expected to reach over \$1.0 billion. This reflects activity levels consistent with the awarding of construction contracts for State-operated educational facilities and hospitals as well as the State's 50 percent share to match local sponsor support for community colleges. Total disbursements for the State-operated campuses, community colleges, and SUNY hospitals are estimated to be \$1.0 billion in 2010-11, and are expected to decrease to \$910 million in 2014-15.

### **CITY UNIVERSITY OF NEW YORK**

The City University of New York is the nation's largest urban public university. Its physical plant is comprised of 11 senior colleges, 6 community colleges, a graduate center, graduate school of journalism, law school and Central Administration. CUNY serves more than 259,000 full-time and part-time students in over 26 million gross square feet of leased and owned space.

CUNY's capital planning process begins with the development of a facility master plan for each campus, which details existing and anticipated facilities necessary to

## **AGENCY CAPITAL PROGRAM PLANS**

---

accommodate projected campus enrollment needs. The facility master plans provide the framework for development of the University's capital budget request.

CUNY's rehabilitation projects are identified through building condition surveys, conducted jointly by DASNY and CUNY. New construction projects generally reflect the CUNY Board of Trustees' policy to replace leased and temporary facilities with new, University-owned structures.

Major projects at CUNY senior and community colleges are supported through bonds issued by DASNY. The State pays the full debt service on senior college projects, while the debt service for community colleges is shared with the City of New York. Minor rehabilitation projects for health and safety and preservation purposes are primarily supported by State General Fund appropriations.

The 2010-11 Executive Budget includes the third of five annual \$284 million appropriations for projects encompassing critical maintenance, health and safety, preservation and handicapped access projects as the plan's main components. The Executive Budget also includes \$35 million for community college capital projects that have received funding from the City of New York.

For 2010-11 contract commitments are projected to reach \$762 million, reflecting the awarding of construction contracts for CUNY facilities. Total disbursements for the senior and community colleges are expected to be \$623 million in 2010-11, and are anticipated to decrease to \$531 million in 2014-15.

### **HIGHER EDUCATION FACILITIES CAPITAL MATCHING GRANTS PROGRAM**

The 2005-06 Budget included a new \$150 million higher education facilities capital matching grant program for private colleges in New York. Under this program, \$150 million will be awarded to private colleges based on enrollment and relative student financial need as measured by total awards provided through the Tuition Assistance Program. This program generally requires a three-to-one (non-State-to-State) match by institutions.

Under this program, grants are awarded by the Higher Education Capital Matching Grant Board consisting of three members (one appointed directly by the Governor with the remaining members appointed upon the recommendation of the President of the Senate and the Speaker of the Assembly) serving one year terms. Grants may be used for the design, construction or acquisition of new facilities, rehabilitation and repair of existing facilities or for any projects for targeted priorities including economic development/high technology (including wet labs), critical academic facilities and urban renewal/historic preservation. To date, 123 capital projects have been approved, generating over \$126 million in capital matching grants from the State.

This program, once fully implemented, will leverage over \$450 million in external funds to match the State's \$150 million investment, thereby providing for a combined capital program totaling \$600 million. The State's share of the program will be financed through the issuance of bonds.

## **AGENCY CAPITAL PROGRAM PLANS**

---

The 2010-11 Executive Budget continues \$150 million in reappropriation authority for both approved grants and those yet to be determined by the Board and extends the program to allow for full implementation.

### **STATE EDUCATION DEPARTMENT**

SED's capital construction plan focuses on the operation of 24 State-owned buildings, including: the Batavia School for the Blind; the Rome School for the Deaf; three Native American schools located on the Onondaga, St. Regis and Tuscarora reservations; the Education Building Annex; the Cultural Education Center (which houses the State Museum, State Library and State Archives); and the New York State Records Center; as well as funding for public library construction.

SED's 2010-11 Capital Plan includes a total of \$14 million for bonded capital projects. The entire amount is appropriated for public library construction, including facility renovation and rehabilitation.

SED's 2010-11 Capital Plan also includes a \$7 million hard-dollar appropriation for various minor rehabilitation projects to maintain SED's facilities in a safe operating condition. SED will use these funds for various health and safety and critical infrastructure projects, including upgrading elevators in the Education Building, replacing boilers at the Onondaga Nation Elementary School, and installing concrete pavement and other exterior renovations at the School for the Deaf in Rome.

For the fiscal year 2010-11, the total projected level of contract commitments is \$43 million. This includes projects funded with prior-year appropriations.

This Capital Plan will enable SED to maintain and preserve existing facilities, and protect the health and safety of staff, students and the general public

The Capital Plan continues to show the spending associated with the EXCEL program. The bond proceeds for this program are administered by DASNY.

## **PUBLIC PROTECTION**

### **DEPARTMENT OF CORRECTIONAL SERVICES**

As in past years, the primary focus of the 2010-11 capital projects recommendation is to preserve and maintain the State's existing prison infrastructure which is comprised of 67 correctional facilities, the Willard Drug Treatment Campus and two separate support buildings. The capital program ensures that all housing, medical, program, and support capacity remains functional, safe, and secure.

To meet the future needs of the prison system, the Department's capital program includes new appropriations of \$1.6 billion over the next five years, and \$588 million in reappropriations. Due to the current economic climate, only the most critical

## **AGENCY CAPITAL PROGRAM PLANS**

---

maintenance projects, projects related to legislative mandates and projects resulting in cost savings will move forward.

DOCS plans to close four facilities in 2011 -- two minimum security prisons, a shock facility, and a medium security prison. These closures will allow the State to avoid substantial capital investments in these facilities, saving an estimated \$22 million in maintenance costs over the next five years.

During 2010-11 the Department will be constructing a 63,000 square foot centralized pharmacy dispensing center that will serve 35 correctional facilities, thereby achieving operational savings. DOCS is also installing closed circuit television cameras throughout women's facilities as required by the Federal Prison Rape Elimination Act.

Energy conservation projects will continue to be a major focus during the 2010-11 fiscal year. The Department is currently funding energy efficiency projects at Lakeview, Albion and Orleans correctional facilities. These projects include upgrades to heating and lighting systems, water conservation measures, more energy efficient windows and insulation, and various other upgrades. DOCS is also undertaking various other energy efficiency projects statewide, including window replacements, siding replacements, upgrades to heating systems, and electronic water controls.

For the last five years, DOCS, in cooperation with OMH, has been enhancing mental health services and expanding mental health treatment capacity within the prison system to comply with legislative mandates and legal settlements. A 100-bed Residential RMHU at the Marcy correctional facility opened in 2009, and an RMHU at Five Points correctional facility is currently under construction.

The Capital Asset Maintenance Plan is designed to preserve the useful life of the prison infrastructure. In evaluating assets, the Department has established a rating system to identify the condition of its physical plant, as a tool for prioritizing essential rehabilitation projects. The following table identifies the capital asset group, age and condition of the Department's assets:

<b>Capital Asset Group</b>	<b>Age Range</b>	<b>Condition</b>			<b>Total</b>
		<b>Good</b>	<b>Fair</b>	<b>Poor</b>	
Minimum Security	17 to 104 years	9	4	1	14
Medium Security	18 to 120 years	20	17	0	37
Maximum Security	9 to 192 years	5	12	0	17
Support	74 to 89 years	1	1	0	2
	<b>Total</b>	35	34	1	70

### **DIVISION OF STATE POLICE**

The mission of the DSP, the only full-service law enforcement agency with statewide jurisdiction, is to serve, protect and defend the people of the State of New York. State Police employees strive to fulfill this mission each day, operating from more than 200 facilities across the State. These facilities, consisting of Troop Headquarters, Zone Headquarters, and Stations, are hubs for the activities of State Police uniformed, investigative and civilian staff. The central command and the agency's administrative functions are housed at Division Headquarters in Albany. Agency activities are also

## AGENCY CAPITAL PROGRAM PLANS

conducted at specialized facilities such as the State Police Training Academy and the Forensic Investigation Center.

The Five-Year Capital Plan includes approximately \$174 million in total new appropriations and reappropriations, and nearly \$125 million in projected disbursements for DSP. A major portion of the projected disbursements will be for construction of a Troop G Headquarters, for which appropriations have already been made. The Plan includes new funding for facility improvements at Troop Headquarters to accommodate the consolidation of dispatch operations from multiple sites into a single site in each region, for construction of evidence storage facilities at various Troop Headquarters, and for environmental remediation of contaminated facilities.

The DSP Capital Plan focuses on the maintenance and improvement of the Division's State-owned facilities, ensuring that agency employees are provided with an environment which facilitates the safe and effective performance of their duties. Continued maintenance efforts have extended the useful life of these facilities, the conditions of which are detailed in the following table:

Capital Asset Group	Age Range	Condition			Total
		Good	Fair	Poor	
Forensic Investigation Center	14 years		1	0	1
Troop Headquarters	30 to 50 years	4	4	1	9
Zone Headquarters	35 to 58 years	0	2	1	3
Stations	10 to 39 years	2	0	1	3
Satellite Station	50 years	0	1	0	1
Civil Defense Bunker	50 years	0	0	1	1
	<b>Total</b>	6	8	4	18

## DIVISION OF MILITARY AND NAVAL AFFAIRS

DMNA operates more than 5.4 million square feet of facilities on behalf of the New York National Guard. Of this total, 3.3 million square feet supports the stationing of New York National Guard units in armories and readiness centers while another 2.1 million square feet supports the maintenance, supply and logistical requirements of the assigned units.

The highlight of the Division's Capital Plan is the continuation of the Federal Military Construction Program, which began in 2002-03. Under this program, the Federal government funds between 75 and 100 percent of the cost of replacing or expanding National Guard armories and equipment maintenance facilities across the New York State. In 2009-10, the Division received \$7 million in ARRA Sustainment, Restoration and Modernization funding, which was used to award seven projects located throughout the state. In 2010-11, DMNA will complete the Camp Smith Readiness Center, a \$27 million project toward which the Federal government has contributed \$21 million. Located on the 1,600 acre Camp Smith Training Site, the 85,000 Square Foot Readiness Center will provide state of the art training facilities for more than 400 soldiers occupying the facility. The Division will also complete the Queensbury Field Maintenance Shop, a 100 percent federally funded, \$4 million 13,000 square foot facility needed to repair vehicles and other military equipment. Further, in 2010-11, DMNA expects to begin design on a 100 percent federally funded equipment maintenance and repair facility located in the Hudson Valley Region (at an estimated cost of \$32 million),

## **AGENCY CAPITAL PROGRAM PLANS**

---

as well as a 75 percent federally funded total rehabilitation of the historic 369<sup>th</sup> Regimental Armory (at an estimated cost of \$35 million). Finally, DMNA will pursue up to \$4 million in Federal funding for minor military construction projects, including a strategic aviation fuel facility in Rochester and a helicopter runway modernization project in Ronkonkoma.

The Division's traditional capital program will continue its emphasis on maintenance and repair programs, technology upgrades, and energy efficiency projects. Approximately \$3 million in eligible capital projects will again be supported with bond proceeds.

### **DIVISION OF HOMELAND SECURITY AND EMERGENCY SERVICES**

The 2010-11 Executive Budget includes \$42 million in capital appropriations to expand the current SPTC site in Oriskany, Oneida County, with the purpose of serving first responders across the State. The Office of Homeland Security established the SPTC in 2006 at the site of the former Oneida County Airport and operates it under a lease agreement with Oneida County, the property owner. The Training Center complex currently consists of 6 buildings on 720 acres of real property, and provides training and support to State and local first responder agencies. The SPTC is one of only two training centers in New York State that is accredited by the Commission on Accreditation for Law Enforcement Agencies.

The multi-year development plan for the SPTC provides for: the continued construction and renovation of classrooms and instructional spaces in existing buildings; rehabilitation of the facility's front entrance, roadways and parking lots; upgrades and improvements to the existing Emergency Vehicle Operations Course on and around the former airport runways; and the design and construction of new "Cityscape" Simulation and Weapons Training complexes. When fully operational, this training center will be a centrally located, state-of-the-art training facility that serves and strengthens the capabilities of State and local law enforcement, fire services, emergency medical services, and emergency management operations.

## **MENTAL HYGIENE**

The Department of Mental Hygiene capital program is administered through the three agencies within the Department – OMH, OMRDD, and OASAS.

Capital projects for all mental hygiene agencies are supported by the General Fund and bonds issued by DASNY, although OMRDD's non-profit sector primarily accesses private financing for its development purposes. These financing mechanisms support the maintenance and rehabilitation of facilities operated by both the State and not-for-profit agencies, as well as the development of new community services.

### **OFFICE OF MENTAL HEALTH**

OMH provides high quality services to an inpatient population of approximately 5,100 persons on 21 separate, active campuses containing 27 institutions: 16 adult, six

## **AGENCY CAPITAL PROGRAM PLANS**

---

children and youth, three forensic and two research facilities. In addition, OMH helps fund the capital construction of hundreds of community residential sites, various mental health-related general hospital projects, including psychiatric inpatient and specialized emergency rooms, and a number of non-residential community programs.

### **State Operations**

In support of OMH's mission, the Five-Year Capital Plan includes a total of \$1.1 billion in new and future appropriations and \$1.5 billion in disbursements for OMH State-operated institutions that will continue to fund projects necessary to meet health and life safety codes, Joint Commission accreditation standards, current Federal Medicaid certification requirements, and other projects that remediate environmental deficiencies, improve energy efficiency, preserve long-term facilities and consolidate campus facilities.

New 2010-11 appropriations of \$222 million, reappropriations of \$1.1 billion and \$268 million in disbursements for OMH State-operated institutions support essential rehabilitation projects that preserve patient and staff health and safety, and ensure compliance with facility accreditation standards.

OMH's capital maintenance plan ensures that the investments in the OMH infrastructure are preserved, both to realize maximum useful building life and to prevent costly repairs in the future. A recent assessment report identifies OMH's capital assets by group, age, and condition:

Capital Asset Group	Age Range	Condition			Total
		Good	Fair	Poor	
Residential/Hospital Buildings	1 to 100+ years	71	43	1	115
Psychiatric Rehabilitation Buildings	1 to 100+ years	43	40	7	90
Administrative Support Buildings	1 to 100+ years	134	104	13	251
	<b>Total</b>	248	187	21	456*

\*Excludes 774 sold, proposed, demolished or vacant buildings and those with non-OMH tenants.

### **Aid to Localities**

For OMH community programs, the Five-Year Capital Plan includes \$63 million in new and future appropriations and \$526 million in disbursements to support ongoing development. New 2010-11 appropriations of \$13 million and reappropriations of \$802 million will make funds available for the completion of nearly 9,000 residential beds currently under development, for the preservation and maintenance of the community infrastructure, a total of \$81 million in disbursements, including \$6 million financed from the General Fund, is recommended for 2010-11.

## **OFFICE OF MENTAL RETARDATION AND DEVELOPMENTAL DISABILITIES**

OMRDD offers services in a variety of settings, ranging from homes and small facilities to campus-based centers. The Five-Year Capital Plan for OMRDD focuses on

## AGENCY CAPITAL PROGRAM PLANS

serving individuals in the most appropriate settings and keeping all programs safe for both individuals and staff.

In support of this goal, the Capital Plan recommends a total of approximately \$799 million in new and future appropriations, and over \$621 million in disbursements over the five-year period. For 2010-11, the Capital Plan recommends new appropriations of some \$140 million and reappropriations of \$310 million, as well as disbursements of approximately \$118 million to fund the following:

- Prior year investments to expand available community residential opportunities to support the deinstitutionalization of individuals residing in Developmental Centers;
- Projects necessary to maintain health and safety standards for new and existing facilities, including those related to improving fire safety systems, as well as to ensure conformance with all Federal and State certification standards;
- Minor rehabilitation projects for existing State- and voluntary-operated community facilities;
- Environmental modifications to existing State- and voluntary-operated residential and day program space to improve accessibility for individuals with disabilities; and
- Improvements to centers serving special populations in need of intensive treatment.

The majority of the OMRDD Capital Plan (88 percent) is dedicated to ensuring both quality care for individuals in State facilities, as well as continued Federal certification of those programs. The remainder of the plan supports similar activities in the not-for-profit sector. Based on a recent assessment of OMRDD facilities by DASNY and agency staff, the following table identifies the capital asset group, age, and condition of OMRDD assets:

Capital Asset Group	Age Range	Condition			Total
		Good	Fair	Poor	
Institutional	1 to 75 years	80	178	97*	355
Community	1 to 55 years	1,049	55**	0	1,104
	<b>Total</b>	1,129	233	97	1,459

\*88 buildings are vacant and classified as programmatically obsolete, meaning they are not scheduled for short- or long-term use.

\*\*According to agency estimates, at any point in time approximately 5 percent of State-operated community homes require minor maintenance work and are, therefore, rated as fair.

The Capital Plan for OMRDD will be financed through a mix of current resources and bond proceeds. Over the five years, 40 percent of the Plan will be financed with Capital Projects Fund appropriations. It should be noted, however, that bonded appropriations do not generally support community development activities of not-for-profit providers or NYS-CARES. The majority of not-for-profit community development is accomplished through private financing rather than the use of State-supported bonds.

## **AGENCY CAPITAL PROGRAM PLANS**

---

### **OFFICE OF ALCOHOLISM AND SUBSTANCE ABUSE SERVICES**

OASAS supports a network of providers offering a continuum of services to treat and prevent chemical dependency and problem gambling. While the majority of this system is operated by voluntary not-for-profit organizations, the State operates 12 institutional facilities known as ATCs.

The Five-Year Capital Plan recommends a total of nearly \$508 million in new and future appropriations and over \$626 million in disbursements over the next five years to support projects throughout the system, including new capital development for such high priority populations as adolescents, chemically dependent women with children, veterans, and those diverted to treatment from the criminal justice system. These projects focus primarily on ensuring the health and safety of the system's clients, and the preservation of both State and not-for-profit facilities.

For 2010-11, the Capital Plan includes almost \$109 million in total new appropriations, more than \$391 million in reappropriations, and over \$94 million in disbursements to:

- Continue to develop, over several years, 120 new Community Residential and/or Supportive Living beds outside New York City and Long Island for persons receiving chemical dependence outpatient treatment services;
- Further renovate and maintain approximately 450 residential and community-based programs that have aging physical plants;
- Fund critical maintenance projects at each of the 12 State ATCs, including a \$15 million capital renovation project at Kingsboro ATC;
- Support the continued development of 309 pipeline community beds primarily for high priority populations including adolescents, women with children, and veterans, including 100 beds to enhance community-based treatment opportunities on Long Island; and
- Renovate existing program space to support the development of at least 100 Residential Treatment beds to accommodate increased demand for treatment services due to Drug Law Reform, as needed. In total, the Executive Budget supports the operation of 621 residential treatment beds to fully serve the projected number of individuals diverted to chemical dependence treatment.

While OASAS is responsible for all ATC maintenance, 11 of the 12 ATCs are considered fixed assets of other agencies – 10 are located on the grounds of OMH Psychiatric Centers, and one facility is located at the DOCS Willard Drug Treatment Campus. The following table presents the age and condition of the single OASAS capital asset.

# AGENCY CAPITAL PROGRAM PLANS

Capital Asset Group	Age Range	Condition		
		Good	Fair	Poor
Kingsboro ATC	10 years			X

## GENERAL GOVERNMENT

### OFFICE OF GENERAL SERVICES

The OGS is responsible for the operation, maintenance, and renovation of 132 buildings located throughout the State. The estimated replacement value of these 132 buildings is over \$6.2 billion. The 2010-11 Executive Budget emphasizes investments in the Office's asset management program, which includes preservation of facilities and preventive maintenance components aimed at reducing the number of emergencies and avoiding costly out-year projects. Maintenance activities are undertaken by in-house staff and outside contractors to protect existing capital assets and prevent further deterioration of the infrastructure. The asset management program for 2010-11 will fund high priority projects that will preserve the integrity of buildings and maintain a safe and healthy environment for the State's employees and the public. The Office will also have the flexibility to address critical infrastructure needs, while addressing significant customer-tenant issues.

The Office continues to make significant capital investments in its facilities. Examples include rehabilitating the Empire State Plaza, the parking facilities at the A.C. Powell State Office Building in NYC and the Binghamton State Office Building. The Office continues to undertake critical repairs including a statewide initiative to rehabilitate elevators, fire alarm systems and roofs. OGS also plans to initiate several sustainability projects which provide a dual benefit by improving the life expectancy of a facility while reducing the energy requirements.

Given the current fiscal climate, the Office has decided to suspend certain non-critical improvement projects. Preservation of facilities reductions include: delayed repairs to the Empire State Plaza platform and bus loop, as well as various masonry projects throughout the Plaza; postponed replacement of an elevator at the Corning Tower; and deferred rehabilitation of the Cultural Education Center's roof and marble façade. OGS has put in place the necessary measures to ensure the safety of State employees and citizens until these projects are resumed and completed.

The OGS preventive maintenance program plan concentrates on projects intended to maximize the life expectancy of the State's essential capital assets. To accomplish this, the Office has developed a facility condition assessment system that assesses the architectural, structural, mechanical, electrical and site components of each facility. This system identifies resource requirements and assures maintenance adequacy while allowing managers to define, develop and prioritize cost estimates for capital repairs and replacement projects.

The preventive maintenance program plan is focused on the goals of maximizing the useful life of facilities, improving the reliability of systems and equipment, and providing the means for determining equipment management and replacement needs. According to

## AGENCY CAPITAL PROGRAM PLANS

industry standards, the average building is constructed to last a minimum of 40 years, while parking lots can last more than 25 years with routine maintenance. However, since many of the assets managed by the Office, such as the State Capitol and the Empire State Plaza, are historically significant structures, their useful life can be considered indefinite. Over the long-term, maintenance efforts will continue to enhance these facilities by improving their appearance and upgrading their overall conditions as capital assets.

In evaluating its assets, the Office has established the following rating categories: good (shows normal wear and tear), fair (requires considerable maintenance and minor rehabilitation to prevent deterioration), and poor (displays definite deterioration and may have unusable portions). According to the most recent assessment of assets, 64 percent of the Office's buildings are rated in good condition, while 23 percent are rated in fair condition. There are 17 sites now rated as poor. The average age of office and support buildings is 38 years.

The following table identifies the capital asset group, age and condition of the Office's assets.

Capital Asset Group	Age Range	Condition			Total
		Good	Fair	Poor	
Empire State Plaza and Downtown Operations	To 120 years	39	0	0	39

	<b>Total</b>	84	31	17	132

## DEPARTMENT OF STATE

The 2010-11 Executive Budget recommends \$3 million in capital appropriations and \$3 million in capital reappropriations to administer grants to localities related to the identification of Brownfield Opportunity Areas and the development of plans associated with their economic revitalization.

## OFFICE FOR TECHNOLOGY

### Universal Broadband Access Initiative

The 2010-11 Executive Budget includes a \$10 million reappropriation to support the Universal Broadband Initiative, the intent of which is to ensure that every New Yorker has access to affordable, high-speed broadband service. Pursuant to a competitive process, \$3 million from this appropriation was awarded in 2009-10 in the form of State broadband access grants. Contracts with awardees have been executed and disbursement of funds, on a reimbursement basis, are expected to begin in 2009-10. The remaining funding will support the development of infrastructure, the purchase of equipment, and the award of grants aimed at increasing access to underserved areas, making broadband services affordable for all persons and businesses, and improving digital literacy throughout the State.

## **AGENCY CAPITAL PROGRAM PLANS**

---

### **New Consolidated Data Center**

The 2010-11 Executive Budget includes a \$99 million reappropriation for the design and construction of a consolidated data center which could replace the four separate locations the State currently operates in and around Albany. These data center facilities serve nearly thirty state agencies and offices, supporting critical State systems on a 24/7 basis. Replacement of these current facilities with a consolidated Data Center building would ensure that the OFT can cost-effectively provide uninterrupted service, respond to customer demands, and accommodate mainframe growth as well as the consolidation of agency servers. The State continues to consider options and, in light of the fiscal climate, seeks to identify the most cost-effective approach, yielding the greatest long-term benefits.

## **OTHER**

### **JUDICIARY**

The 2010-11 Judiciary request continues to make substantial investments in court facilities from \$65 million in reappropriations. The request reflects an estimate of \$18 million in spending in 2010-11, for ongoing renovations to the Court of Appeals Centennial Hall Annex in Albany and the design and construction of a court officer training facility in Brooklyn. The training facility will replace the Judiciary's inadequate facility in lower Manhattan and reduce travel and lodging expenses by providing housing for court officer recruits. These projects are funded by authority bonds issued by DASNY.

### **WORLD TRADE CENTER**

The 2010-11 World Trade Center budget includes Federal reappropriations of \$350 million to reconstruct Route 9A and otherwise facilitate the continuation of New York State and New York City efforts to revitalize the World Trade Center property and lower Manhattan.

### **STATEWIDE EQUIPMENT**

Statewide equipment represents spending for major equipment purchases and information systems research, development, and upgrades across all State agencies.

### **ROOSEVELT ISLAND OPERATING CORPORATION**

The RIOC was created by the New York State Legislature in 1984. Its mandate is to manage, develop and operate the 147 acre Roosevelt Island, located in New York City's East River, in the borough of Manhattan.

RIOC has promoted the development of a mixed-use, residential and commercial community that is home to more than 12,000 residents. The island has six historic landmarks, several parks, sports facilities, an aerial tramway, playgrounds and a waterfront promenade.

## **AGENCY CAPITAL PROGRAM PLANS**

---

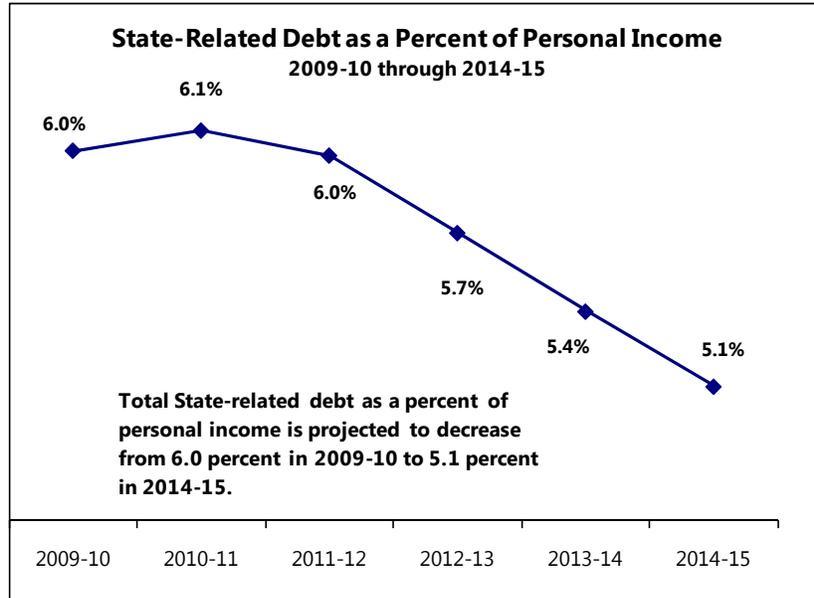

RIOC continues to develop and maintain utilities, public promenades and commercial opportunities on the island to support private development. The RIOC Board of Directors recently approved the planning and design of the Franklin Delano Roosevelt Four Freedoms Park to be located at the southernmost tip of Roosevelt Island and to be supported by funding from New York State, New York City and the Franklin and Eleanor Roosevelt Institute. The 2009-10 Budget included \$4 million as the State's commitment to phase one of this effort. The 2010-11 Executive Budget reflects the reappropriation of these funds.

**DEBT AFFORDABILITY**

# DEBT AFFORDABILITY

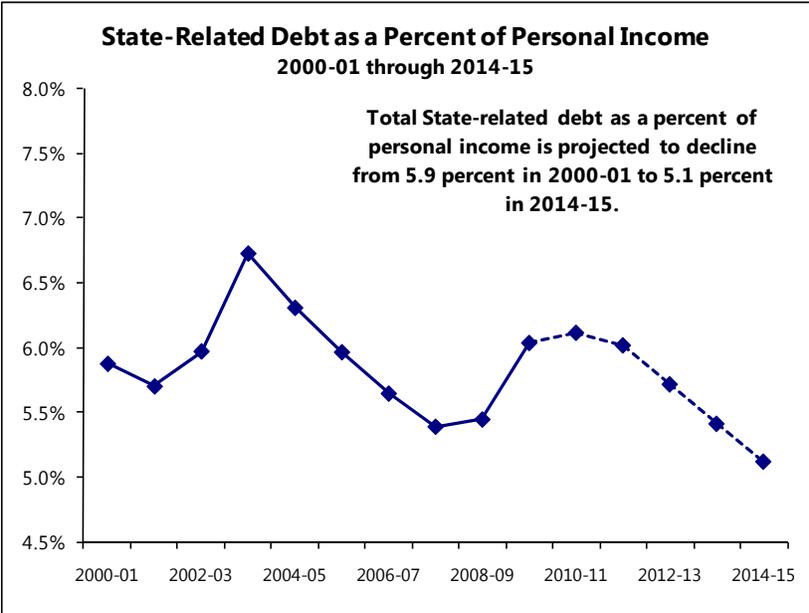

State debt levels, as measured by common benchmarks, are summarized below. All measures reflect the total level of State-related debt issued for all State purposes as described in the “Introduction” section of this Executive Budget Capital Plan.

The State debt projections from 2009-10 to 2014-15 reflect a 1.2 percent average annual increase in debt levels and a 4.6 percent average annual increase in statewide personal income. As a result, debt as a percentage of personal income is expected to increase slightly to 6.1 percent over the next year and then start to decline over the remaining five-year Plan period, settling at 5.1 percent in 2014-15. However, the projections do not include the potential impact of new bonded capital commitments that may be approved in future years, especially in the area of transportation.

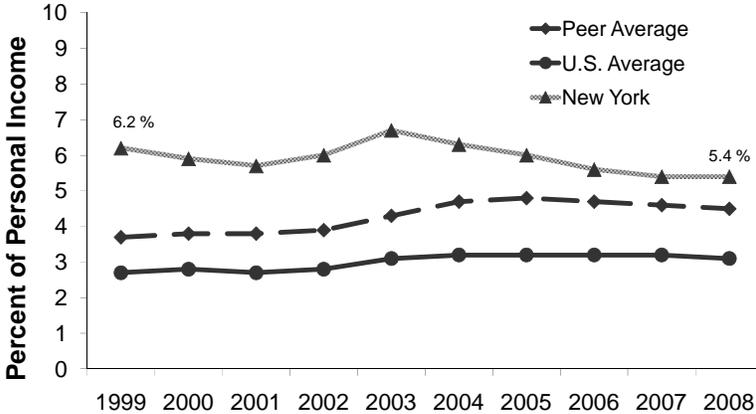

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

**STATE DEBT AS A PERCENT OF PERSONAL INCOME**

State-related debt outstanding as a percentage of personal income is projected to drop from 5.9 percent in 2000-01 to 5.1 percent in 2014-15 before the potential impact of future bonded capital commitments. Much of the decline that occurred from 2000-01 through 2002-03 resulted from the elimination of the State’s moral obligation on some \$4.2 billion of New York City MAC bonds. For a two-year period beginning in 2001-02, State-related debt outstanding increased as the State issued \$4.6 billion in tobacco bonds to help close deficits in 2002-03 and 2003-04. Debt outstanding as a percentage of personal income is projected to decline from 6.1 percent in 2010-11 to 5.1 percent in 2014-15.

**New York's Debt as a Percent of Personal Income Compared to Other States**

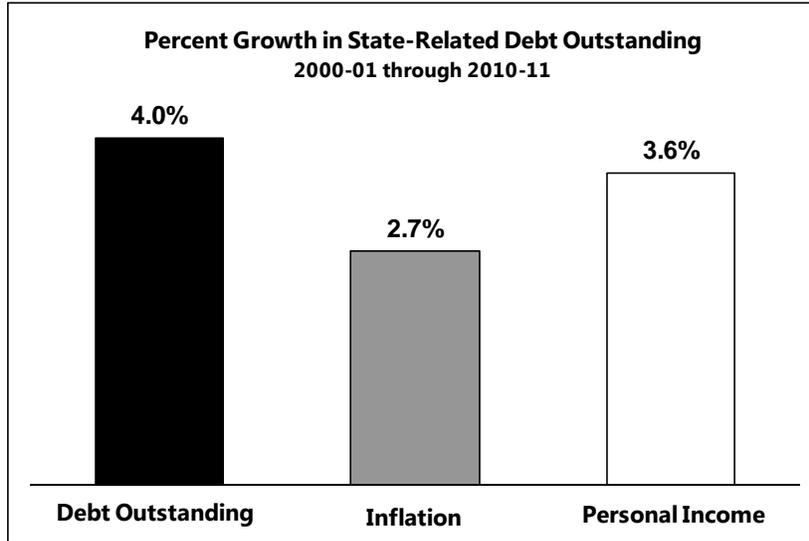

Note: Data points represent debt at the calendar year-end as a percent of the previous year's personal income.

 Peer states include: MA, CA, NJ, IL, FL, PA, OH, MI, TX, CT.

# DEBT AFFORDABILITY

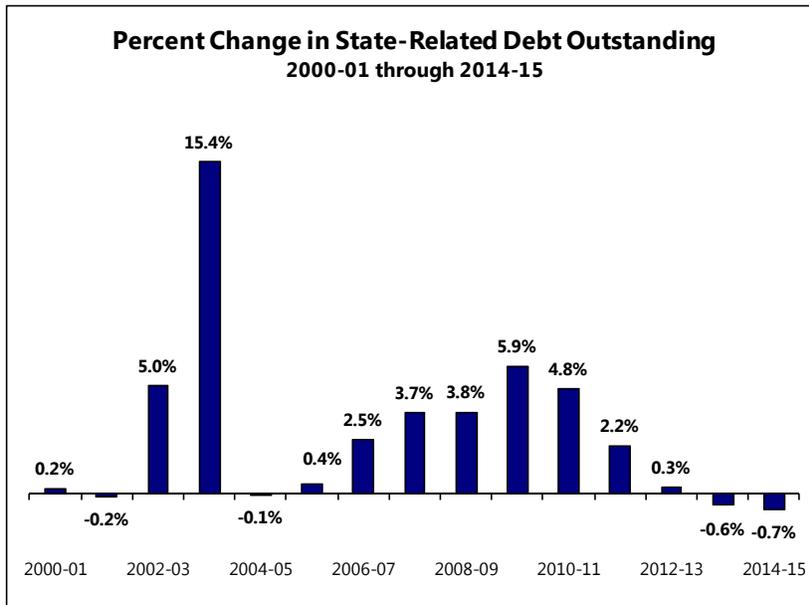

---

## STATE DEBT OUTSTANDING

The 4.0 percent average growth in State-related debt from 2000-01 to 2010-11 is greater than the average annual growth in inflation and personal income.

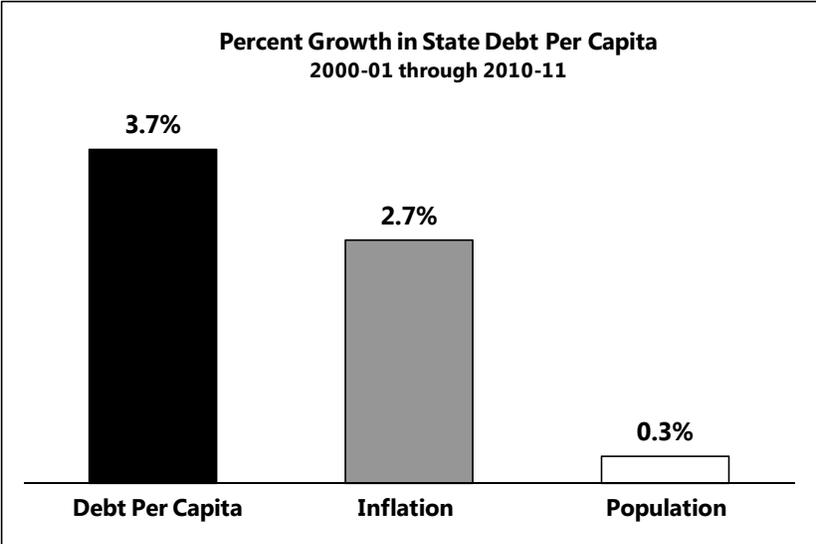

The above-average increase in State debt in 2002-03 and 2003-04 is related primarily to the issuance of tobacco bonds. The overall average increase from 2000-01 to 2014-15 (including tobacco bonds) is 3.0 percent.

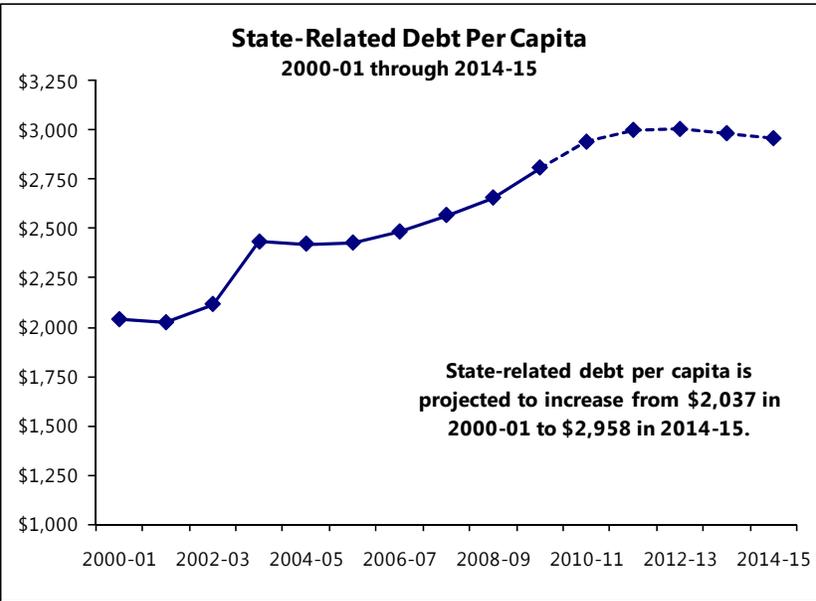

**STATE DEBT PER CAPITA**

The average annual growth in debt per capita is slightly above the growth in inflation over the past ten years.

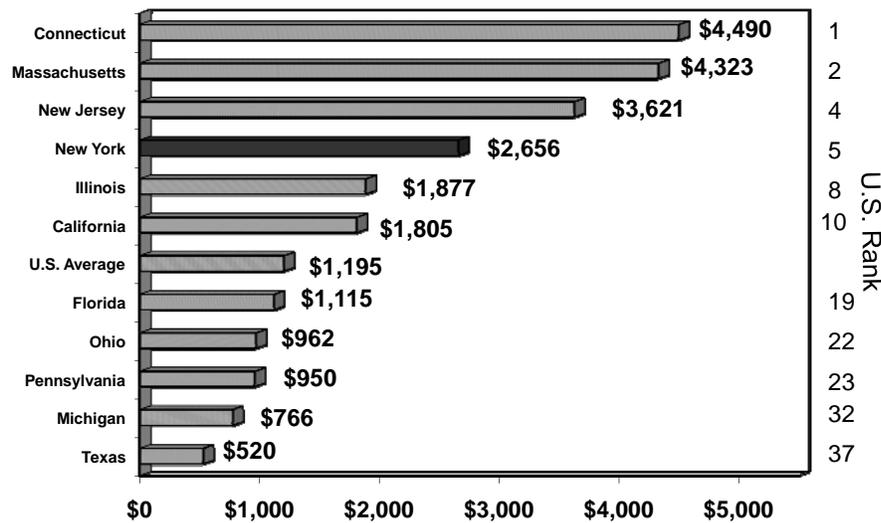

State-related debt per capita is projected to increase from \$2,037 in 2000-01 to \$2,958 in 2014-15, an average annual increase of 2.7 percent. The State’s population of 19.6 million is projected to remain relatively stable. Thus, the projected increase over the Capital Plan period results primarily from the issuance of new debt to fund new State capital projects, primarily for transportation, economic development and higher education projects.

## DEBT AFFORDABILITY

### 2008 Total Per Capita State Debt New York and Peer State Rankings

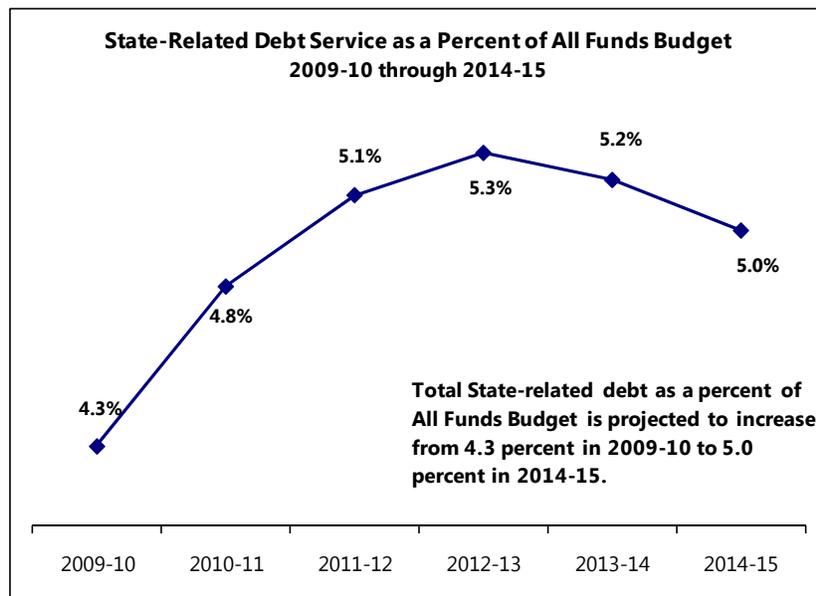

Source: Moody's Investors Service, Inc. for peer states. Calendar year 2009 information was not available at the time of publication.

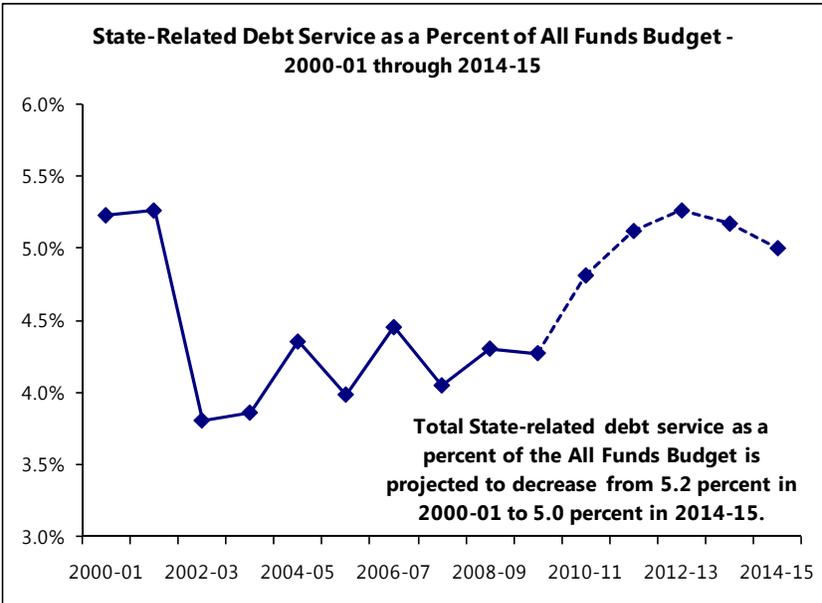

As shown in the previous chart, New York's debt per capita in 2008 of \$2,656 ranks fourth highest in the nation. Connecticut, Massachusetts, and New Jersey have higher debt per capita ratios than New York.

## DEBT SERVICE

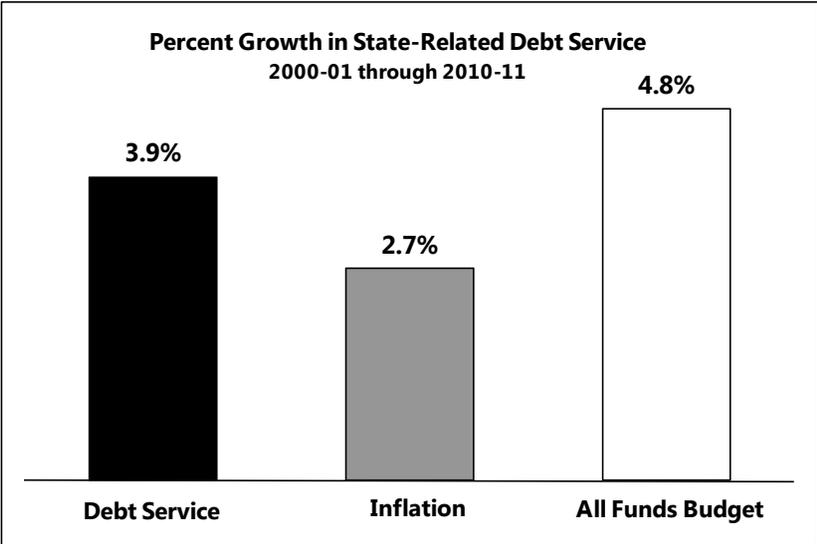

From 2009-10 through 2014-15, debt service costs are projected to increase by an average of 5.0 percent annually, while net All Funds receipts are projected to grow by 1.7 percent annually. Thus, debt service costs are projected to grow to about 5.0 percent of the All Funds budget.

**DEBT AFFORDABILITY**

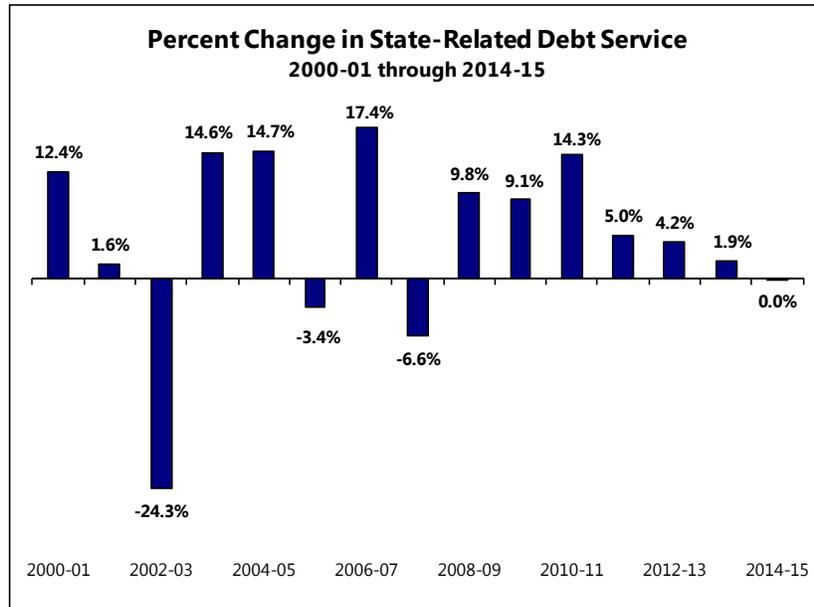

State-related debt service as a percentage of the All Funds Budget is projected to decrease slightly from 5.2 percent in 2000-01 to 5.0 percent at the end of 2014-15. The sharp decline in 2002-03 and 2003-04 resulted from two factors: (i) the use of \$1 billion in surplus moneys to eliminate high-cost debt which artificially increased debt service costs in the prior years and (ii) a series of refundings which took advantage of historically low interest rates. Due to the post-September 11 State deficits, most of the refundings were structured to provide maximum debt service savings over a three-to-five-year period. Beginning in 2004-05, debt service costs rise again, due primarily to the end of the aforementioned refinancing savings, the restructuring of the Dedicated Highway Program, the issuance of tobacco bonds with a relatively short amortization period of 16 years, the onset of the Transportation Bond Act of 2005, and bond-financed economic development projects. In addition, the current economic downturn is expected to weaken growth for State receipts levels.

## DEBT AFFORDABILITY

The 3.9 percent average annual rate of growth in debt service from 2000-01 through 2010-11 is higher than inflation of 2.7 percent, but lower than the 4.8 percent growth in State revenue (after tax cuts) during that same time period.

Debt service growth is projected to average roughly 5.0 percent in the forecast period due to fewer refunding opportunities, the Dedicated Highway debt restructuring, continued support for education and economic development capital programs, and continued implementation of the Transportation Bond Act of 2005.

The table below provides the detailed data to support previous graphs.

DEBT AFFORDABILITY MEASURES										
(in millions)

**DETAILED DATA**

# DETAILED DATA

## STATUTORY DEBT LIMITATIONS

### THE DEBT REFORM ACT OF 2000

The Debt Reform Act of 2000 restricts debt to capital purposes only, and imposed phased-in caps that limit new debt outstanding to 4 percent of personal income and new debt service costs to 5 percent of total governmental funds receipts. The limits apply to all new State-supported debt issued on and after April 1, 2000. The cap on debt outstanding will be fully phased-in during 2010-11, while the cap on debt service costs will be fully phased-in during 2013-14.

Current projections estimate that debt outstanding and debt service costs will continue to remain below the limits imposed by the Act throughout the next several years. However, the State has entered into a period of declining debt capacity as the phase-in of the caps that were established in 2000 is completed. Available cap room, in regards to debt outstanding, is expected to decline from 0.68 percent (\$6.2 billion) in 2009-10 to only 0.12 percent (\$1.2 billion) in 2012-13, a decrease of 80 percent or \$5 billion. The available room under the cap is primarily due to the State's Capital Reduction Program.

<b>New Debt Outstanding</b> (millions of dollars)					
<u>Year</u>	<u>Personal Income</u>	<u>Cap %</u>	<u>Actual/Recommended %</u>	<u>\$ (Above)/Below</u>	<u>% (Above)/Below</u>
2009-10	908,178	3.98%	3.30%	6,189	0.68%
2010-11	939,937	4.00%	3.67%	3,145	0.33%
2011-12	976,161	4.00%	3.87%	1,282	0.13%
2012-13	1,030,202	4.00%	3.88%	1,227	0.12%

2014-15	142,634	5.00%	3.09%	2,721	1.91%

**INTEREST RATE EXCHANGE AGREEMENTS AND VARIABLE RATE EXPOSURE**

Article 5-D of the State Finance Law authorizes the use of a limited amount of variable rate obligations and interest rate exchange agreements (“swaps”). The statute was implemented as a debt management tool to lower debt service costs, diversify the State’s debt portfolio and to better match variable rate debt exposure to variable rate earnings on the State’s short-term investments. Issuers of State-supported bonds (“Authorized Issuers”) may enter into variable rate debt instruments that result in a maximum net variable rate exposure of 20 percent of State-supported debt. Issuers may also enter into interest rate exchange agreements in a total notional amount that does not exceed 20 percent of State-supported debt, subject to various criteria established in the statute to reduce risk.

**INTEREST RATE EXCHANGE AGREEMENTS (SWAPS)**

The following table shows the amount of outstanding interest rate exchange agreements which are subject to the statutory cap. Overall, the State’s swap exposure is expected to decline from 6.0 percent in 2009-10 to 4.9 percent in 2014-15.

<b>INTEREST RATE EXCHANGE CAP</b>						
(millions of dollars)						
	<b>2009-10</b>	<b>2010-11</b>	<b>2011-12</b>	<b>2012-13</b>	<b>2013-14</b>	<b>2014-15</b>
Interest Rate Exchange Cap	10,090	10,703	11,044	11,167	11,196	11,212
Notional Amounts of Interest Rate Exchange Agreements	3,004	2,982	2,961	2,926	2,867	2,749
Percent of Interest Rate Exchange Agreements to Debt Outstanding	6.0%	5.6%	5.4%	5.2%	5.1%	4.9%

Given the current dislocations in the underlying variable rate markets and recent experience with the existing portfolio of swaps, the State has no plans to increase its swap exposure, and may take further actions to reduce swap exposures commensurate with variable rate restructuring efforts.

**VARIABLE RATE EXPOSURE**

The State’s net variable rate exposure (including a policy reserve) is projected to average 5.3 percent of outstanding debt from 2009-10 through 2014-15. The State has no plans to issue additional variable rate debt at this time, and expects to reduce existing variable rate exposure. In addition, the State will continue to evaluate potential funding structures for convertible bonds approaching in 2011 through 2013.

## DETAILED DATA

VARIABLE RATE EXPOSURE						
	<b>2009-10</b>	<b>2010-11</b>	<b>2011-12</b>	<b>2012-13</b>	<b>2013-14</b>	<b>2014-15</b>
Variable Rate Exposure Cap	10,090	10,703	11,044	11,167	11,196	11,212
Current Unhedged Variable Rate Obligations	1,175	1,116	1,066	1,013	957	898
Convertible Bonds	0	514	430	1,305	1,451	1,289
Synthetic Variable Rate Swaps	82	61	39	16	5	0
<b>Total Net Variable Rate Exposure</b>	<b>1,257</b>	<b>1,692</b>	<b>1,535</b>	<b>2,335</b>	<b>2,413</b>	<b>2,187</b>
<b>Net Variable Rate Exposure to Debt Outstanding</b>	<b>2.5%</b>	<b>3.2%</b>	<b>2.8%</b>	<b>4.2%</b>	<b>4.3%</b>	<b>3.9%</b>
Current Policy Reserve for LIBOR Swaps	1,051	1,044	1,036	1,024	1,003	962
<b>Net Variable Rate Exposure (with Policy Reserve)</b>	<b>2,308</b>	<b>2,735</b>	<b>2,571</b>	<b>3,359</b>	<b>3,416</b>	<b>3,149</b>
<b>Net Variable Rate Exposure (with Policy Reserve) to Debt Outstanding</b>	<b>4.6%</b>	<b>5.1%</b>	<b>4.7%</b>	<b>6.0%</b>	<b>6.1%</b>	<b>5.6%</b>

The State's current policy is to count 35 percent of the notional amount of outstanding 65 percent of LIBOR fixed rate swaps in its variable rate exposure. This policy reserve accounts for the potential that tax policy or market conditions could result in significant differences between payments owed on the bonds and the amount received by the State under its 65 percent of LIBOR swaps, and that the factors affecting such payments can be consistent with variable rate exposure.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

**BOND AUTHORIZATIONS**

Bond caps provide the legal authorizations to issue bonds to finance a portion of the State’s Capital Plan. Bond caps can finance a single year’s appropriations or can be for multi-year periods. As the bond cap for a particular programmatic purpose is reached, subsequent legislative changes are required to raise the statutory caps to the level necessary to meet the bondable capital needs. The following table details the bond cap authorizations for all State-supported debt, including legislative actions proposed with the 2010-11 Executive Budget.

A total of \$1.1 billion of increased bond authorizations are recommended with the 2010-11 Executive Budget. The 2010-11 Executive Budget recommends consolidating all State-supported bond authorizations into a single section of law and simplifies them into six broad capital financing categories.

State-Related Bond Caps 2010-11 Executive Budget (in thousands)

## **DETAILED DATA**

---

### **STATE DEBT DETAIL**

The tables that follow provide a comprehensive listing of all current and projected State debt outstanding, debt service costs, debt retirements, and new debt issuances.

State-related debt levels reported in the tables are cash-basis amounts that are consistent with the GAAP-basis debt levels reported in the CAFR. Thus, it reflects all debt issued by the State (including blended component units) for Government activities and Business-type activities as defined in the CAFR.

The tables do not include debt that is issued by, or on behalf of, local governments that may be funded in part by State local assistance aid payments. However, such debt is reflected in the respective financial statements of the local governments responsible for the issuance of such debt.

**AGENCY SUMMARY AND  
DETAIL TABLES**

## **AGENCY SUMMARY AND DETAIL TABLES**

The following tables provide a summary of projected appropriations, commitments and disbursements for each agency on both a comprehensive construction program and capital projects fund basis. Immediately following the agency summary table are detailed projected disbursements for each fiscal year, beginning in 2010-11, by individual appropriation on a comprehensive construction program basis. The disbursements on these tables reflect projected spending from reappropriations and new appropriations effective for State fiscal year 2010-11 and beyond, as well as appropriations anticipated to be recommended in future State fiscal years from 2011-12 through 2014-15. All amounts are in thousands of dollars.

The program totals for these comprehensive construction programs will match these same totals on the agency summary tables which were provided previously in the Capital Program Plan. For example, the program sub-total of \$104 million for DOT's Aviation program on the reappropriations table for fiscal year 2010-11 in this section provides the components that are included in the summary of the 2010-11 appropriations listed for the Aviation program appropriations on the summary table for DOT in the Detailed Data Section. Similarly, the program sub-total of \$30 million for DOT's Aviation program on the projected disbursements table for fiscal year 2010-11 in this section provides the components that are included in the summary of the disbursements that are listed for the Aviation program appropriations on the summary table for DOT in the Detailed Data Section.

The Enacted reappropriations and appropriations represent the estimated costs for the various agencies and the respective comprehensive construction programs. Each of the reappropriations, new appropriations, and future appropriations are identified by a reference number, as required by section 22-c of the State Finance Law. These individual eight-character reference numbers are included at the end of the text for each enacted appropriation, and the fifth and sixth characters identify the State fiscal year in which it was originally enacted. Reference numbers for new appropriations for State fiscal year 2010-11 will display the 10 as the fifth and sixth characters. As a further example, an appropriation enacted in State fiscal year 2001-02 would display those characters as 01.

The estimates reflect various methodologies that are employed to develop accurate bottom-line disbursement projections. For large capital programs with numerous projects (such as DOT and DEC), the highest level of accuracy is obtained by conducting analysis at the fund and program level rather than by individual appropriation. This allows analysts to integrate statistical trends and categorical spending patterns across numerous appropriations, to account for situational project aberrations and to gain overall accuracy. Therefore, for these large programs, the line-by-line appropriation estimates should be viewed as a means to populate reliable bottom-line fund/program totals, rather than as individually focused estimates.

## **AGENCY SUMMARY AND DETAIL TABLES**

---

### **DEDICATED HIGHWAY AND BRIDGE TRUST FUND DETAIL**

This section is provided to comply with the requirements of the amendment to Section 22-c of the State Finance Law as added by Chapter 62 of the Laws of 2006 and amended by Chapter 61 of the Laws of 2006 and Chapter 59 of the Laws of 2009.

The following table provides projected receipt, disbursement, and transfer amounts for the DHBTF. Projected spending from this Fund, including the Department of Motor Vehicles, will total \$12 billion over the next five fiscal years, which represents over half of the total transportation-related spending for capital projects estimated during that period. Projected negative fund closing balances are caused by temporary timing differences between disbursements and receipts.

## AGENCY SUMMARY AND DETAIL TABLES

The DHBTF is projected to have a financing gap, or deficit, of \$695 million in 2010-11, and \$785 million in 2011-12. Gaps increase further in the outyears, for a total gap of \$4.3 billion from 2010-11 through 2014-15. This deficit is reflected in the preceding table as being funded by revenues transferred from the General Fund. These projections are based upon estimates of revenues, bond proceeds, transfers, debt service, and program disbursements from the proposed two-year State Transportation Plan, as well as programmatic assumptions for a successor plan. These gap estimates are the result of an imbalance in the DHBTF between projected revenues and expenditures.

The table below provides DHBTF bond coverage ratios for prior periods.

DEDICATED HIGHWAY AND BRIDGE TRUST FUND BOND COVERAGE RATIOS FOR PRIOR PERIODS				
<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>	<u>2009-10</u>
2.7	2.7	2.4	2.3	2.3

The table below provides recent DHBTF appropriations for debt service.

DEDICATED HIGHWAY AND BRIDGE TRUST FUND DEBT SERVICE APPROPRIATIONS		
<u>Enacted 2008-09</u>	<u>Enacted 2009-10</u>	<u>Proposed 2010-11</u>
\$580,200,000	\$615,200,000	\$920,200,000

### Increasing Opportunity for Minority and Women-Owned Business Enterprises

The New York State Department of Transportation's Office of Civil Rights has primary oversight responsibility for all civil rights and Minority and Women Business Enterprise (M/WBE) related program functions. This includes oversight of the Department's Purchasing Unit within the Office of Contracts and Accounting, which has adopted practices which promote flexibility in choosing those M/WBE firms with which they do business. This means reliable, reputable and responsible M/WBE firms are often selected for their quality, service and business pride, rather than relying solely upon lowest bid as the method of vendor selection. The Purchasing Unit aggressively markets partnering with M/WBE firms to our internal customers for those needs costing less than \$100,000 (the new discretionary limit for non-competitive purchases from M/WBEs). As part of the outreach process, the Department provides all prospective vendors with an updated version in both paper and electronic form of the publication "How to do Business with the New York State Department of Transportation". Only M/WBEs certified by the Empire State Development Corporation Division of Minority and Women Business Development will be used to fulfill goals on 100 percent State-funded projects and/or the procurement of goods and services.

The Department is one of four agencies in New York who have authority to certify businesses as DBEs, which is a Federal certification program (the other three being MTA, NFTA, and PANYNJ). A memorandum of agreement with ESDC has been signed

## **AGENCY SUMMARY AND DETAIL TABLES**

---

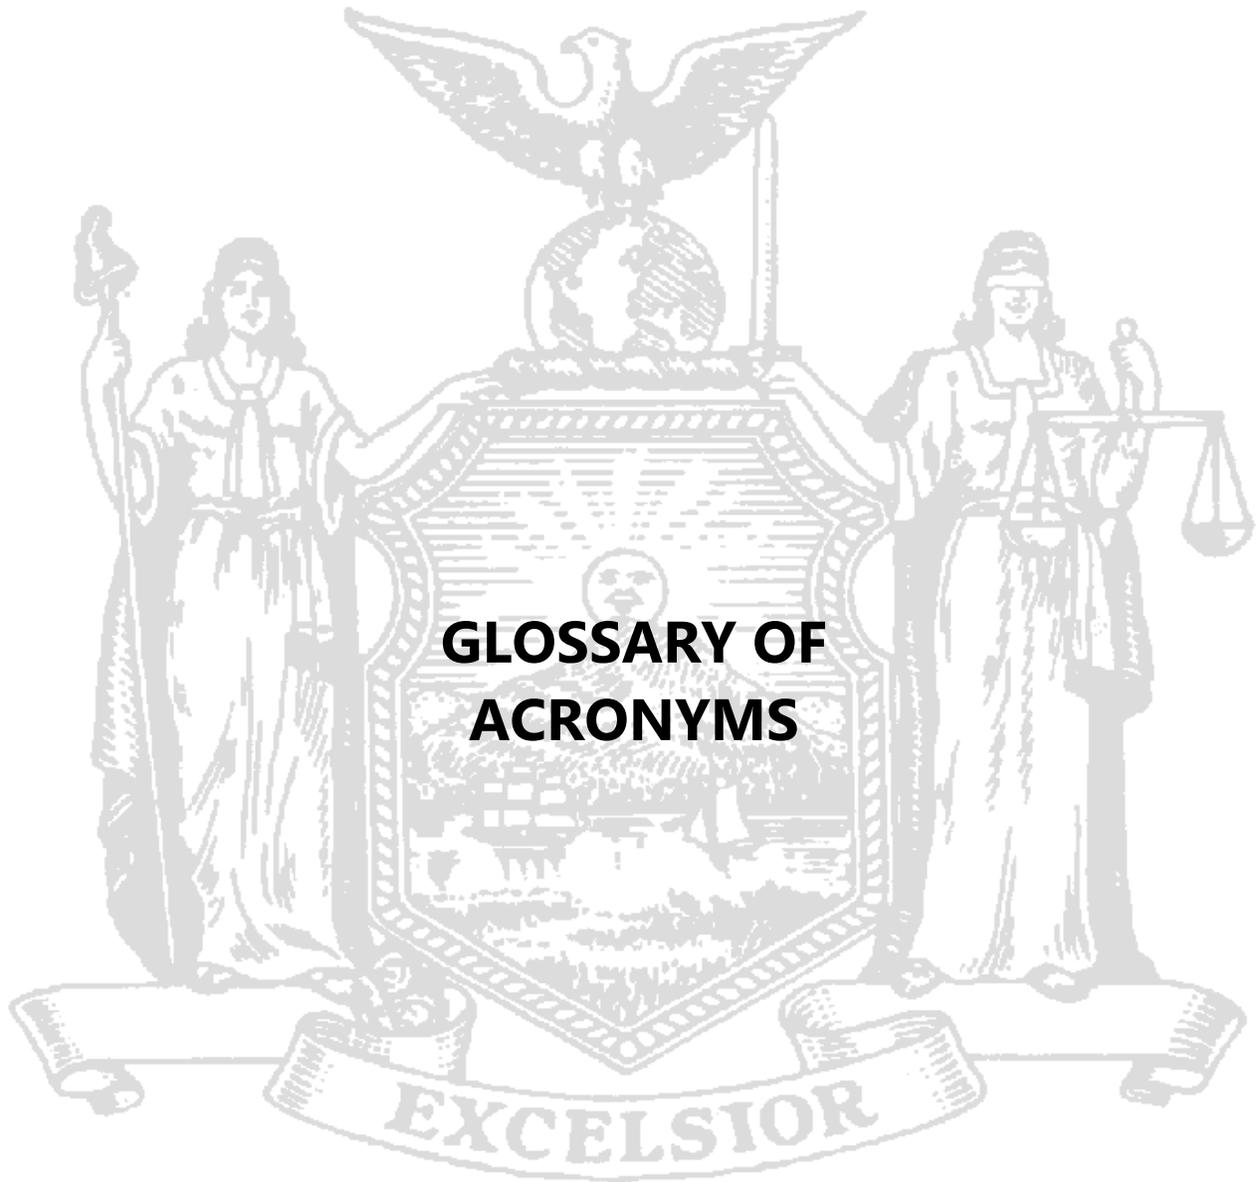

which expedites the review and approval process for DBEs to become certified as M/WBEs.

The Department establishes annual goals for M/WBE participation for construction contracts, professional services agreements (including civil engineering), and for the general procurement of goods and services. The Department reviews these goals and takes appropriate measures to ensure attainment and/ or remove artificial barriers to such attainment. These goals are based on projected opportunity, historical utilization levels, and available certified M/WBEs in relation to the projected areas of opportunity. The current goals are established at 8 percent MBE and 6 percent WBE.

The Department partners regularly with Federal, State, and local agencies, as well as industry/professional associations and community based organizations to conduct outreach to the M/WBE community regarding contract opportunities and the Department's various contracting processes (i.e., lowest responsible bidder, best value, discretionary purchasing, etc.). These partnerships include: the Federal Highway Administration, Empire State Development Corporation; the Port Authority of New York and New Jersey; the Small Business Administration; and, the Association of Minority Enterprises of New York.

The Office of Civil Rights has conducted, and will continue to conduct, D/M/WBE outreach and business networking events that will focus on upcoming Department contracting opportunities in an effort to increase and encourage D/M/WBE participation. The Department will also implement targeted supportive services to DBEs using Federal funds. Most DBEs are also certified M/WBEs; therefore, recipients will become more marketable in both contracting programs. The Department is also considering a Mentor/Protégé or incubator program.

Additionally, the Department will summarize its program efforts and results to both the Federal Highway Administration and the Empire State Development Corporation in the plans and reports required by those agencies.

**GLOSSARY OF  
ACRONYMS**

## GLOSSARY OF ACRONYMS

AHC	Affordable Housing Corporation
AMD	Advanced Micro Devices
APA	Adirondack Park Agency
ARRA	American Recovery and Reinvestment Act
ARS	Auction Rate Securities
ATC	Addiction Treatment Center
BABs	Build America Bonds
CAFR	Comprehensive Annual Financial Report
CEFAP	Community Enhancement Facilities Assistance Program
CHIPs	Consolidated Highway Improvement Programs
CPRB	Capital Program Review Board
CUNY	City University of New York
CW/CA	Clean Water/Clean Air
CWSRF	Clean Water State Revolving Fund
DASNY	Dormitory Authority of the State of New York
DBE	Disadvantaged Business Enterprise
DEC	New York State Department of Environmental Conservation
DHBTF	Dedicated Highway and Bridge Trust Fund
DHCR	New York State Division of Housing and Community Renewal
DMNA	New York State Division of Military and Naval Affairs
DMV	New York State Department of Motor Vehicles
DOB	New York State Division of the Budget
DOCS	New York State Department of Correctional Services
DOH	New York State Department of Health
DOS	New York State Department of State
DOT	New York State Department of Transportation
DRRF	Debt Reduction Reserve Fund
DSP	New York State Division of State Police
DWSRF	Drinking Water State Revolving Fund
EFC	Environmental Facilities Corporation
EPF	Environmental Protection Fund
ERDA	Energy Research and Development Authority
ESDC	Empire State Development Corporation
EXCEL	Expanding our Children's Education and Learning
GAAP	Generally Accepted Accounting Principles
Ge*NY*sis	Generating Employment Through New York Science
GO	General Obligation
HCRA	Health Care Reform Act
HEAL NY	Health Care Efficiency and Affordability Law for New Yorkers

## **GLOSSARY OF ACRONYMS**

---

HFA	Housing Finance Agency
HHAC	Homeless Housing Assistance Corporation
HHAP	Homeless Housing Assistance Program
HTFC	Housing Trust Fund Corporation
JDC	New York State Job Development Corporation
