INTRODUCTION

INTRODUCTION

The DOB¹ publishes the Capital Program and Financing Plan twice a year, with the Executive Budget and the Enacted Budget. It describes the State's capital program for the period 2011-12 through 2015-16, the way it will be financed, and the impact on debt measures.

The Executive Budget Capital Program and Financing Plan (the "Executive Capital Plan" or "Plan") reflects capital spending and debt issuances recommended with the 2011-12 Executive Budget.

The Executive Capital Plan consists of five major sections as follows:

- **The Executive Summary** briefly describes the State's capital and debt management initiatives, overall capital spending and projected levels of debt service costs, debt outstanding, new debt issuances, and debt retirements.
- **2011-12 Capital Program and Financing Plan** provides estimates of annual capital spending and debt by functional area and financing source. This section discusses several debt management initiatives recommended with the 2011-12 budget.
- **Five-Year Capital Plan** provides a summary of the multi-year impact of the 2011-12 Capital Program and Financing Plan and describes agency capital goals, objectives, and capital maintenance efforts.
- **Debt Affordability** includes information related to the State's actual and projected debt levels and debt service costs, as well as comparisons to objective affordability measures.
- **Detailed Data** explains various State debt limitations and provides detailed tables on capital projects financing, State-related debt and debt service costs.

REPORTING ON STATE DEBT

The Plan provides information on State-supported debt and the broader measure of State-related debt:

State-supported debt represents obligations of the State that are paid from traditional State resources (i.e., tax revenue) and have a budgetary impact. It includes general obligation debt approved directly by the voters and debt authorized by the Legislature and issued on behalf of the State by public authorities, where the State is contractually obligated to pay debt service, subject to appropriation. The State's debt reform caps on debt outstanding and debt service apply to State-supported debt.

State-related debt is a broader measure that includes State-supported debt, State-guaranteed debt, moral obligation financings and certain contingent-contractual obligation financings, where

¹ Please see "Glossary of Acronyms" at the end of this document for the definitions of commonly used acronyms and abbreviations that appear in the text.

INTRODUCTION

debt service is paid from non-State sources in the first instance, and State appropriations are available, but typically not expected to be needed, to make payments.

State debt is reported in the Plan on a cash basis and includes all debt issued by the State (including “blended component units” such as LGAC) for government activities and business-type activities as defined in the CAFR.

State debt does not include debt that is issued by or on behalf of local governments and secured (in whole or in part) by State local assistance aid payments. For example, certain school districts and New York City have pledged State aid to help pay debt service for locally-sponsored and locally-determined financings. Because this debt was not issued by the State (nor on behalf of the State), does not result in a State obligation to pay debt service, and is not considered State debt in the CAFR, it is not included in the Plan. Instead, this debt is accounted for in the respective financial statements of the local governments responsible for the issuance of such debt.

FOR MORE INFORMATION

Additional information on the State’s debt portfolio is available on DOB’s public website (www.budget.state.ny.us). The Investor’s Guide section of the site contains detailed information on New York State bonds including: swap and variable rate capacity reports, variable rate trading activity, PIT revenue bond debt service and debt outstanding, swap performance reports, and the State’s bond issuance schedule. In addition, the State launched a website in November 2010 that is tailored to potential investors of New York State bonds. The public website (www.bonds.ny.gov) provides specific information on the types of credits that New York State offers as well as guidance to potential investors on the process for purchasing bonds, if interested.

EXECUTIVE SUMMARY

CAPITAL AND DEBT MANAGEMENT INITIATIVES

The 2011-12 Executive Budget includes statutory and administrative reforms to enhance the State's capital and debt management practices, and generate savings for fiscal year 2011-12 and beyond. The reforms include:

- Selling up to 50 percent of new debt issuances on a competitive basis in 2011-12 (approximately \$2.8 billion), market conditions permitting, and enhancing performance monitoring of underwriters, bond counsel, remarketing agents, and others who provide services to the State.
- Continuing to permit DASNY and ESDC to issue PIT bonds for any authorized purpose. Similar legislation was enacted for the last two years and has allowed the State to improve its scheduling and sizing of PIT bond sales, producing savings through efficiencies in bond pricings and lower administrative costs.
- Authorizing the issuance of PIT bonds for mental health purposes, depending on market conditions, consistent with the approach used in 2009-10 and 2010-11. This will enable the State to take advantage of the lower interest rates typically paid on PIT bonds compared to the State's Mental Health Facilities Revenue bonds.
- Permitting the State to transfer and spend up to \$250 million from the DRRF to address uncertain market conditions. This authorization will be funded if resources become available, giving the State the flexibility to react to market conditions and apply additional resources to mitigate risks in the State's debt portfolio. This appropriation could be used to defease high-cost debt, fund swap termination costs, pay cash for capital projects that would otherwise be bond-financed, and other purposes.

CAPITAL PROJECTS SPENDING OVERVIEW

Capital projects spending consists of existing commitments for core capital programs and economic development. State capital projects spending is projected to total \$10.2 billion in 2011-12. This includes \$8.4 billion in spending that appears in the State's Financial Plan and \$1.8 billion in "off-budget" spending that is financed directly from bond proceeds.¹ Capital spending in 2011-12 will be financed with State-supported debt (\$5.6 billion, 54 percent), Federal aid (\$2 billion, 20 percent), and State cash resources (\$2.6 billion, 26 percent). Capital spending over the next five years is expected to average approximately \$8.7 billion annually, with the largest spending for transportation (48 percent) and education/higher education (21 percent). Projected capital spending in 2011-12 will decrease by \$136 million (-1.3 percent) from 2010-11.

¹ Reflects capital projects payments made by authorities on behalf of the State directly from bond proceeds. This spending is pursuant to capital contracts held by the authorities and is not captured by the State's Central Accounting System.

DEBT OUTSTANDING

State-related debt outstanding is projected to total \$58.1 billion in 2011-12, an increase of \$1.7 billion (3.0 percent) from 2010-11. New debt issuances are expected to total \$5.5 billion in 2011-12, offset by \$3.8 billion in debt retirements. The annual increase includes \$1.2 billion for education facilities, \$292 million for transportation, \$104 million for State facilities and equipment, \$312 million for economic development, and \$377 million for health and mental hygiene.

Over the period of the Plan, State-related debt outstanding is projected to increase from \$56.4 billion in 2010-11 to \$58.3 billion in 2015-16, or an average increase of 0.6 percent annually. However, the Plan does not include the potential impact of new bond-financed capital commitments that may be approved in future years.

DEBT ISSUANCES

Debt issuances of \$5.5 billion are planned to finance new capital projects in 2011-12, an increase of \$400 million (7.8 percent) from 2010-11. The bond issuances will finance capital commitments for education (\$2.0 billion), transportation (\$1.4 billion), State facilities and equipment (\$487 million), economic development (\$815 million), health and mental hygiene (\$640 million), and the environment (\$230 million).

Over the period of the Plan, new debt issuances are projected to total \$22 billion. New issuances are for education facilities (\$8.1 billion), transportation infrastructure (\$6.2 billion), mental hygiene and healthcare facilities (\$3.3 billion), State facilities and equipment (\$2.2 billion), and environment (\$985 million).

DEBT RETIREMENTS

The State expects to retire \$3.8 billion of debt in 2011-12, approximately \$637 million (20 percent) more than in 2010-11. The majority of the increase is for transportation (\$346 million), education (\$156 million), State facilities and equipment (\$54 million), health and mental hygiene (\$23 million), and deficit bonds secured by revenues from the payments to the State under the master settlement agreement with tobacco companies (\$49 million). Debt retirements are projected to increase to \$4.2 billion in 2015-16.

DEBT SERVICE

State-related debt service is projected at \$6.6 billion in 2011-12, an increase of \$602 million (10 percent) from 2010-11. This includes the impact of the “restructuring” of transportation debt in 2005 that provided immediate Financial Plan savings, but resulted in substantially higher debt service costs starting in 2010-11. The majority of the increase is for transportation (\$65 million), consistent with program spending for State and local highways and the 2005 restructuring; education facilities (\$361 million); health and mental hygiene (\$57 million); State facilities and equipment (\$14 million); and economic development and housing (\$29 million). State-related

EXECUTIVE SUMMARY

debt service is projected to increase from \$6.0 billion in 2010-11 to \$7.2 billion in 2015-16, an average rate of 3.7 percent annually.

State-supported debt service is projected at \$6.0 billion in 2011-12, an increase of \$551 million (10 percent) from 2010-11. The increase is primarily attributable to education (\$361 million).

DEBT AFFORDABILITY MEASURES

Overall debt affordability measures from 2010-11 through 2015-16 show:

- State-supported debt outstanding is projected to remain under the statutory debt cap over the Plan period. Bond-financed capital commitments that may be authorized in future years are not factored into the projections.
- State-related debt service as a share of the All Funds Budget increases from 4.5 percent in 2010-11 to 4.8 percent in 2015-16. State-supported debt service under the Debt Reform cap is projected to equal about 3 percent of All Funds Receipts through the Plan period, below the cap of 5 percent.
- State-related debt outstanding as a percentage of personal income is expected to decrease from 6.0 percent in 2010-11 to 4.9 percent in 2015-16.

**2011-12 CAPITAL PROGRAM AND
FINANCING PLAN**

CAPITAL PROGRAM AND FINANCING PLAN

2011-12 CAPITAL PROJECTS SPENDING

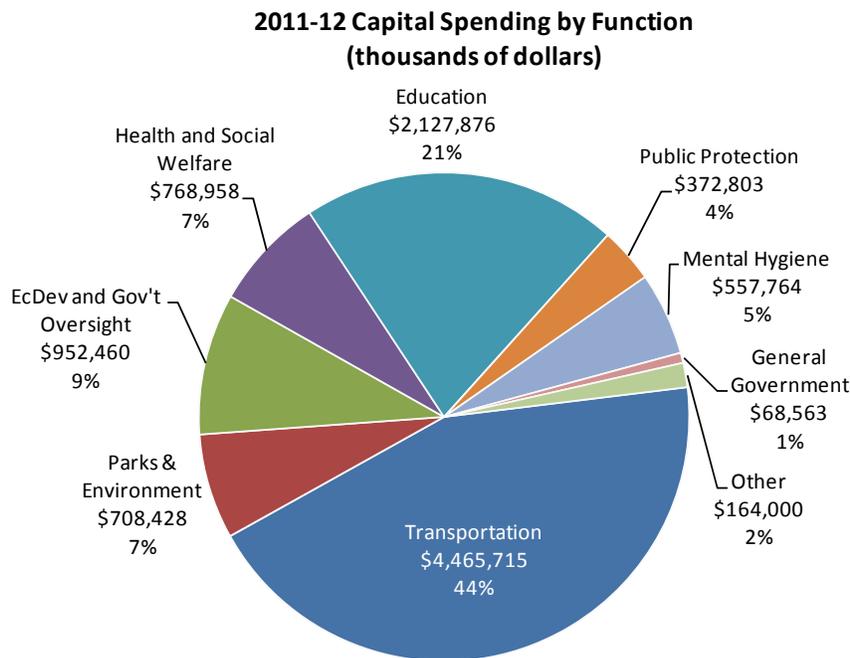

Spending on capital projects is projected to total \$10.2 billion in 2011-12, which includes \$1.8 billion in “off-budget spending” directly from bond proceeds held by public authorities. Overall, capital spending in 2011-12 is projected to decrease by \$136 million (-1 percent) from 2010-11.

⁽¹⁾ Represents spending which occurs directly from bond proceeds held by public authorities.

2011-12 CAPITAL PROGRAM AND FINANCING PLAN

The following sections summarize capital spending included in the 2011-12 Executive Budget and the related impact on State debt.

In 2011-12, transportation spending is projected to total \$4.5 billion, which represents 44 percent of total capital spending. Education and economic development comprise the next two largest shares at 21 percent and 9 percent, respectively. The remaining 26 percent is comprised of spending for the environment, mental hygiene, public protection and all other capital programs.

Spending for transportation is projected to decrease by \$166 million (-4 percent) in 2011-12, and largely reflects reductions in Federal ARRA and 2005 Transportation Bond Act spending.

Parks and environment spending will decrease by \$25 million (-3 percent) in 2011-12. The majority of spending for parks and the environment is for ongoing preservation and maintenance of various lands, facilities and other structures. Other efforts include projects to protect the State's water and air quality, Brownfield projects, hazardous waste site cleanups, and landfill closures.

Economic development and government oversight spending is projected to decline by \$298 million (-24 percent). This is primarily attributable to the phasing down of significant projects, including the GlobalFoundries facility. Ongoing projects include continued support of various economic development and regional initiatives including a statewide competitive grant program, specific downstate regional initiatives and upstate city-by-city projects.

2011-12 CAPITAL PROGRAM AND FINANCING PLAN

Spending for health and social welfare is projected to increase by \$307 million (67 percent). It reflects revised projections based on recent project activity levels for the \$1.65 billion HEAL NY program enacted in 2006-07.

Education spending is projected to decrease by \$118 million (-6 percent) in 2011-12. This is primarily due to timing-related reduced spending for CUNY capital projects, which were accelerated in the prior year.

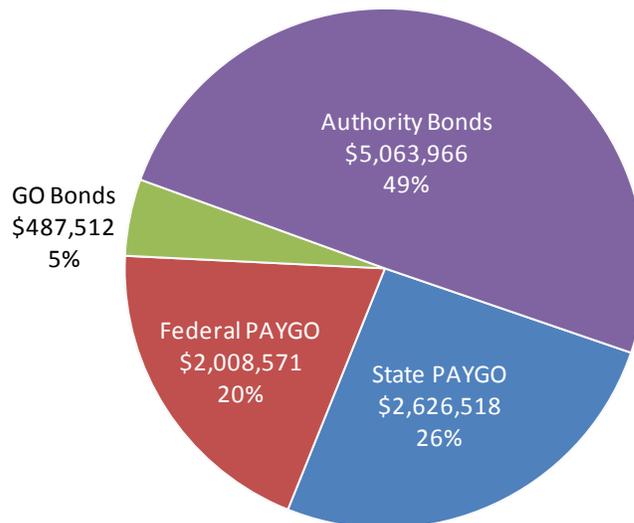

Spending increases of \$50 million (15 percent) for public protection primarily reflect the increased investment in the Division of Homeland Security and Emergency Services State Preparedness Training Center, the Division of State Police Troop G Headquarters and in preservation and improvement projects at correctional facilities.

Mental hygiene capital spending will increase by \$143 million (34 percent) for continued critical rehabilitation projects at State and not-for-profit facilities and continued development of community residences.

2011-12 CAPITAL PROGRAM AND FINANCING PLAN

FINANCING 2011-12 CAPITAL PROJECTS SPENDING

2011-12 Capital Spending by Financing Source
(thousands of dollars)

In 2011-12, the State will finance 54 percent of capital projects with long-term debt. Federal aid is expected to fund 20 percent of the State's 2011-12 capital spending, primarily for transportation. State cash resources will finance the remaining 26 percent of capital spending. Year-to-year, total PAYGO support is projected to increase by \$123 million, with State PAYGO increasing by \$147 million and Federal PAYGO support decreasing by \$24 million. Bond-financed spending is projected to increase to \$5.5 billion.

2011-12 DEBT ISSUANCES

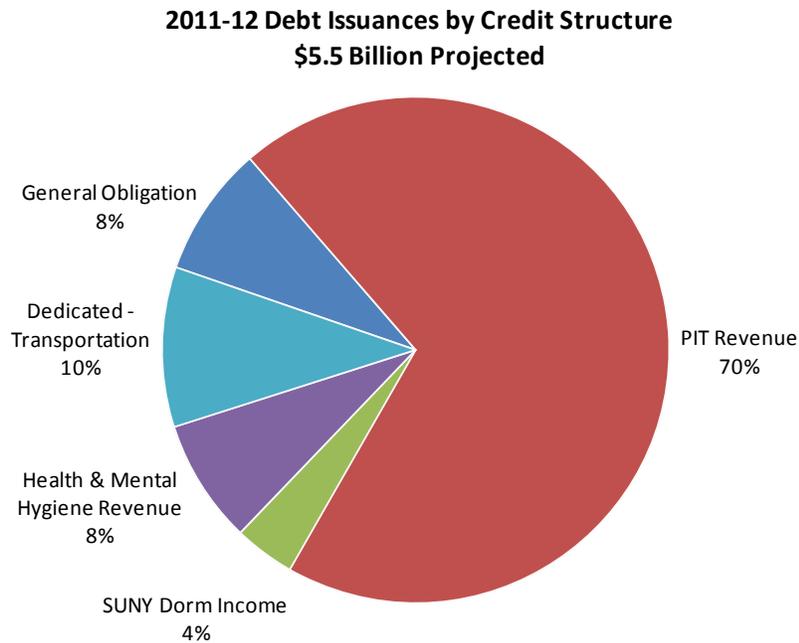

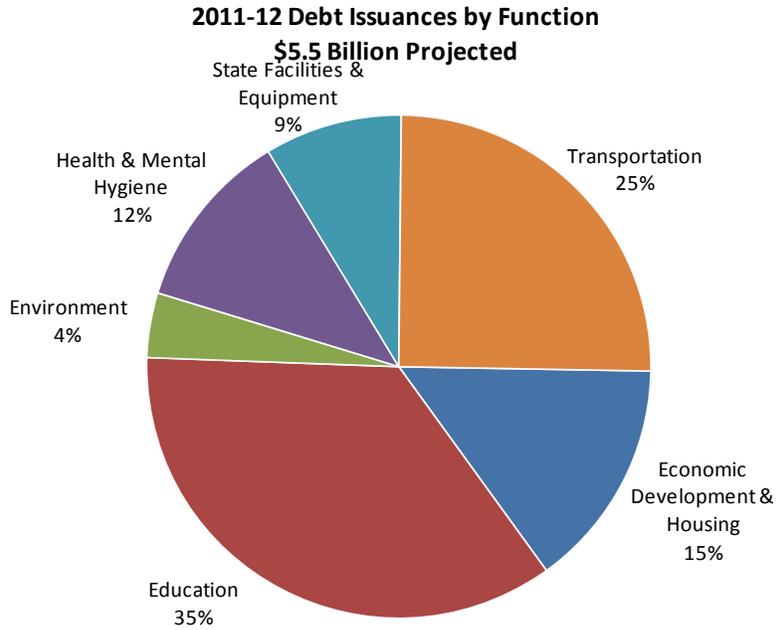

Debt issuances will finance capital investments authorized in the five-year transportation program, the five-year higher education capital plan, to protect the environment, to enhance the State's economic development, and maintain correctional and mental hygiene facilities.

The State expects to issue \$5.5 billion in debt during 2011-12 to finance existing and newly-enacted capital program initiatives. Consistent with recent experience, education, transportation, and economic development projects are projected to represent approximately 75 percent of new issuances.

The PIT credit has replaced all of the State's service contract bonding, and is projected to comprise more than two-thirds of all new State bond issuances. The remaining balance is divided between general obligation bonds and other revenue credits.

2011-12 CAPITAL PROGRAM AND FINANCING PLAN

The following pie charts provide a distribution of the projected debt issuances for new capital projects in 2011-12 by both functional area and financing program.

2011-12 CAPITAL PROGRAM AND FINANCING PLAN

2011-12 DEBT RETIREMENTS

Retirements represent the annual repayment of principal for State-related debt as of the payment date due to bondholders, rather than the actual date the State makes the cash payment. For example, if principal payments are due on April 1, the bonds are considered outstanding on March 31, even if the State is contractually obligated to make payments to the bond trustee prior to that date.

The rate at which State-related debt is retired or paid off has a significant impact on the State's ability to recycle debt capacity to finance its capital programs. The term of new money bonds will continue to be no greater than the useful lives of the projects financed. In addition, a maximum of ten-year terms will continue to be used for taxable programs.

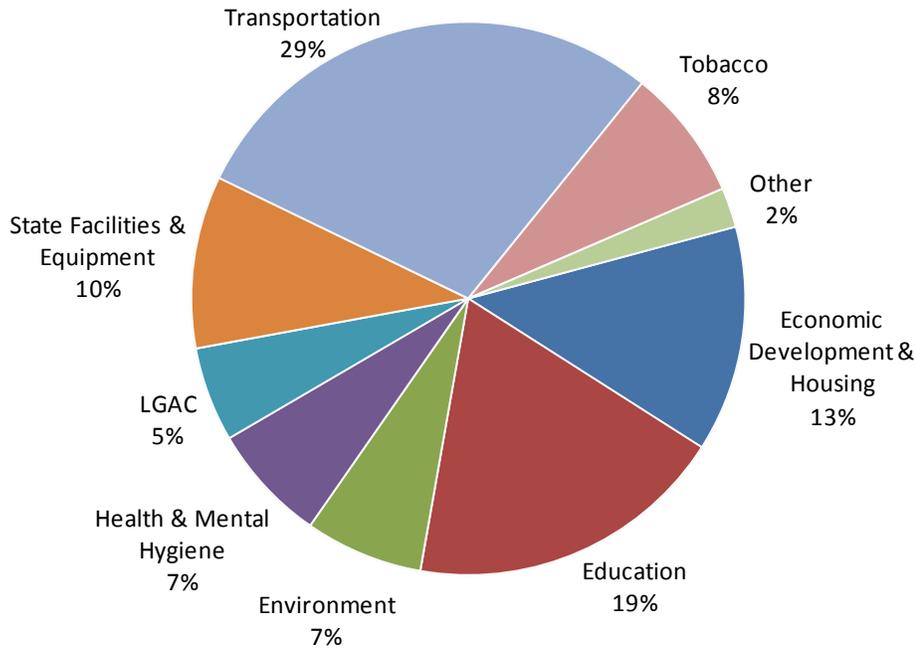

NEW YORK STATE - RAPIDITY OF PRINCIPAL RETIREMENT	
Period	Cumulative Percentage of Existing Debt Scheduled for Retirement as of 1/31/2011
5 years	31%
10 years	59%
15 years	78%
20 years	91%
25 years	97%
30 years	100%

Retirements of State-related debt are projected to average \$3.9 billion annually. Retirements will increase for many of the State's largest bonding programs, including those for transportation, SUNY, CUNY, DOCS, and mental hygiene.

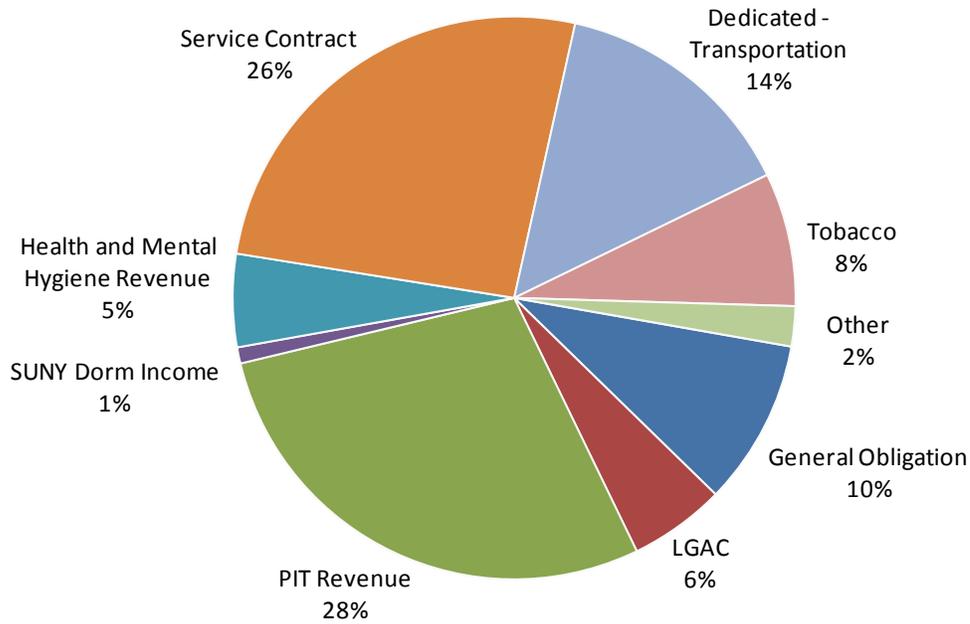

2011-12 CAPITAL PROGRAM AND FINANCING PLAN

The following pie charts provide a distribution of projected debt retirements by both functional area and financing program.

Debt Retirements by Function
\$3.8 Billion Projected in 2011-12 Budget

Debt Retirements by Credit Structure
\$3.8 Billion Projected in 2011-12 Budget

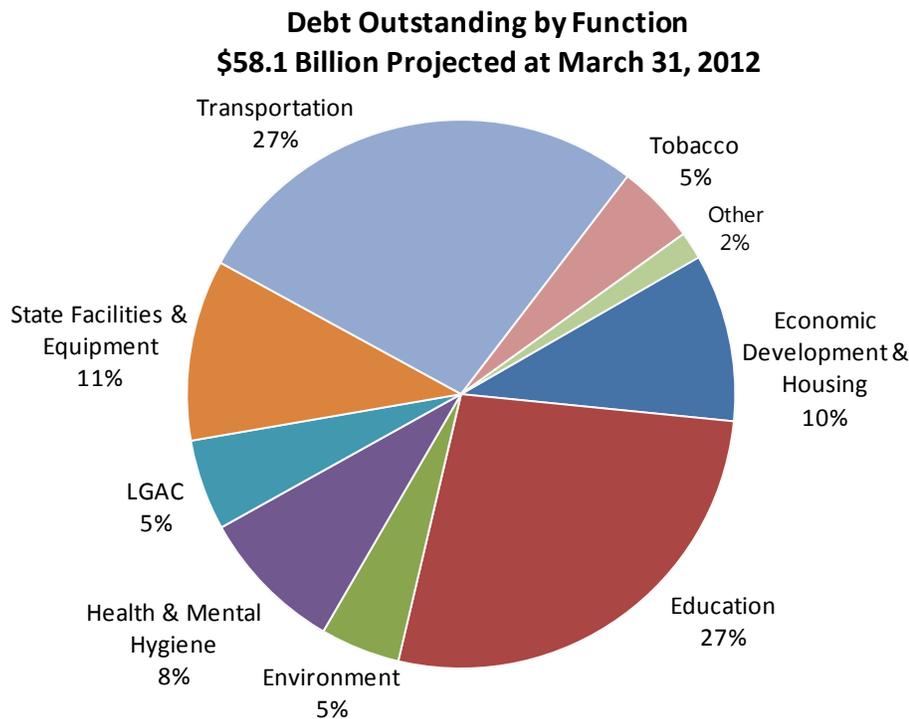

2011-12 CAPITAL PROGRAM AND FINANCING PLAN

2011-12 DEBT OUTSTANDING

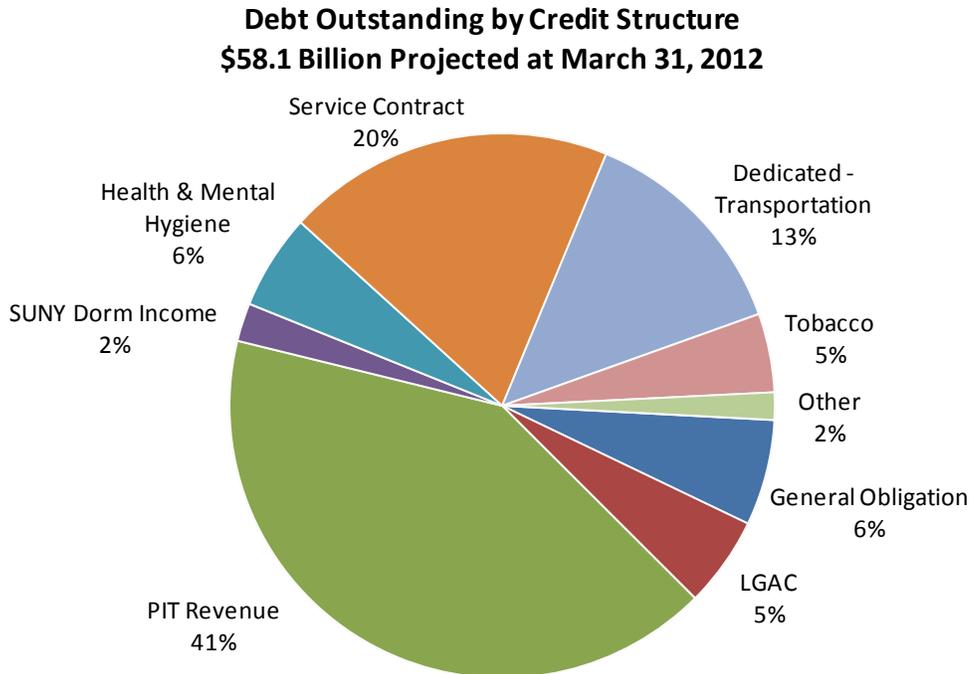

State-related debt outstanding is projected to grow from \$56.4 billion in 2010-11 to \$58.1 billion in 2011-12. Debt issuances during 2011-12 are expected to add about \$5.5 billion in new debt, while \$3.8 billion of State-related debt is expected to be retired during 2011-12.

The \$58.1 billion of State-related debt outstanding in 2011-12 consists of debt issued for each of the major programmatic areas as summarized below. The debt of LGAC (issued to eliminate short-term borrowing for cash flow purposes) and tobacco bonds (issued to help close the deficits in 2002-03 and 2003-04) are not allocable to any specific functional area since they served a statewide purpose.

2011-12 CAPITAL PROGRAM AND FINANCING PLAN

The following pie chart portrays the same level of debt outstanding, but allocates it by type of borrowing mechanism or credit structure, rather than by program. Analyses later in the Plan provide more detail on the components and types of State debt.

2011-12 DEBT SERVICE

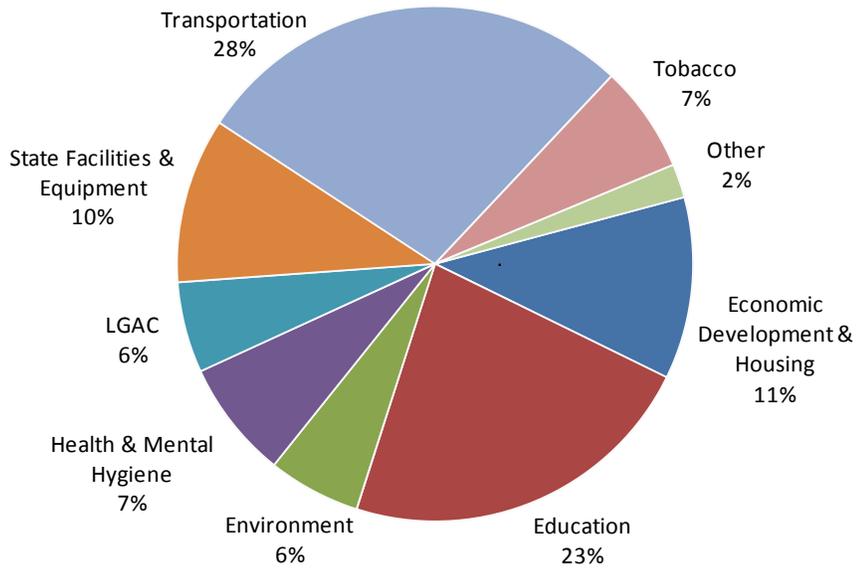

State-related debt service is projected to total \$6.6 billion in 2011-12. The State's debt service costs consist primarily of payments to meet obligations for bonds issued over the past 30 years, as well as new debt service costs that will result from bond issuances projected to occur during the forecast period. The vast majority – about \$6.4 billion – consists of debt service payments due on existing debt. The remainder of 2011-12 payments (\$266 million) is expected to result from new money debt issuances.

Significant bond-financed capital investments, primarily for transportation, education, economic development and corrections, drive most of the State's debt service costs. The majority of debt service costs are for bonds issued on the State's behalf by public authorities. As the State continues to issue bonds using the PIT credit, debt service for service contract bonds will decline, while the PIT revenue program debt service will increase.

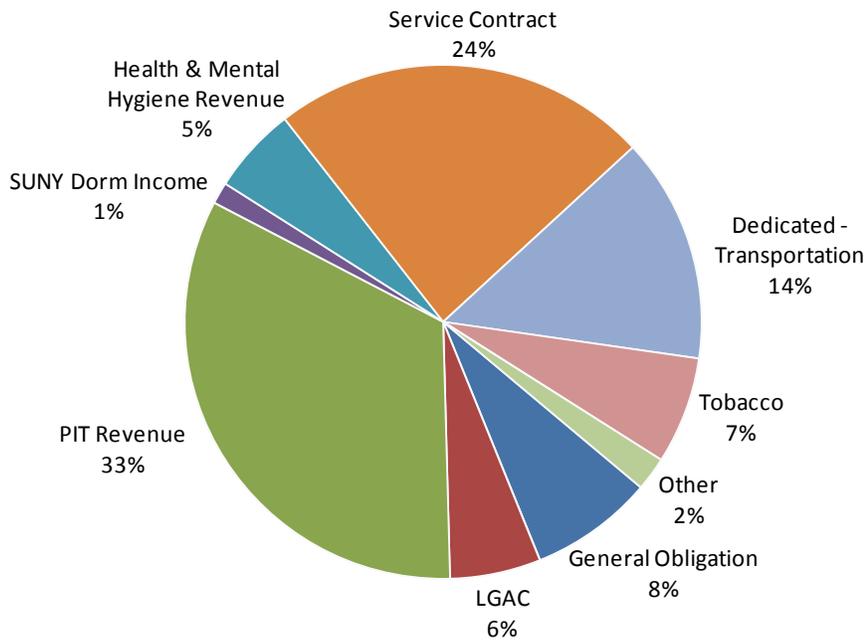

2011-12 CAPITAL PROGRAM AND FINANCING PLAN

The following pie charts summarize the major debt service costs by both functional area and financing program.

Debt Service by Function
\$6.6 Billion Projected in 2011-12 Budget

Debt Service by Credit Structure
\$6.6 Billion Projected in 2011-12 Budget

2011-12 CAPITAL PROGRAM AND FINANCING PLAN

DEBT INITIATIVES

As part of the 2011-12 Executive Budget, the State will be implementing initiatives, consistent with its efforts to prudently manage its debt. These initiatives will allow the State to reduce its cost of borrowing and improve transparency.

ISSUER FLEXIBILITY FOR PERSONAL INCOME TAX BONDS

The 2011-12 Executive Budget reauthorizes DASNY and ESDC to issue PIT bonds for any authorized purpose. This legislation was enacted for the first time in 2009-10 and has proven effective in managing the State's bond issuance calendar and reducing costs. Prior to this change, the State was required to sell bonds through five separate authorized issuers, creating coordination difficulties in scheduling bond sales and reimbursing capital spending on a timely basis.

AUTHORIZATION TO ISSUE PERSONAL INCOME TAX BONDS FOR THE MENTAL HEALTH PROGRAM

The 2011-12 Executive Budget reauthorizes the issuance of PIT bonds for mental health purposes, consistent with the approach used in 2009-10 and 2010-11. PIT bonds have been received well by investors, and carry the highest rating (AAA) from Standard & Poor's, as compared to the Mental Health bonds which carry a credit rating of AA-. Depending on market conditions, the State may finance all or a part of its capital needs for the Mental Health Facilities Program through the PIT program.

COMPETITIVE BOND SALES

Issuing bonds on a competitive basis is an effective way to (i) lower borrowing costs, (ii) provide an essential benchmark for bonds sold on a negotiated basis, and (iii) increase transparency related to the bond sale process. In the past the State has maintained a goal of issuing a minimum of 25 percent of new money issuances on a competitive basis. The State intends to increase its competitive goal to up to 50 percent of all bond sales in 2011-12.

2011-12 CAPITAL PROGRAM AND FINANCING PLAN

VARIABLE RATE BOND PORTFOLIO

Over the past two years, the State altered its variable rate and swaps portfolios significantly, in response to the financial crisis. Since February 2008, the State has reduced its variable rate bond portfolio by 66 percent to mitigate risk in the portfolio and reduce debt service costs. At the same time, the State adjusted its swap portfolio by terminating nearly \$4.5 billion of swaps. The swap portfolio has declined from \$6.9 billion at its peak (2006) to \$2.3 billion as of January 2011. A favorable interest rate environment allowed the State to transition into low cost fixed rate bonds, while limiting exposure to fixed rate swaps. At this point, the State has modest risk in its debt portfolio, given the limited exposure to swaps and unhedged variable rate bonds relative to the overall portfolio. A summary of the State's adjustments to its variable rate portfolio is shown in the following chart.

VARIABLE RATE PORTFOLIO			
OUTSTANDING AMOUNT			
(thousands of dollars)			
	ARS	VRDBs	Total
February 28, 2008	3,968,025	4,110,060	8,078,085
<u>Adjustments:</u>			
Cash Defeasance	(101,100)	0	(101,100)
Fixed Rate Refundings	(2,122,300)	(2,872,805)	(4,995,105)
Conversion ARS to VRDBs	(1,295,525)	1,295,525	0
Bond Amortization	(43,750)	(194,891)	(238,641)
Total Adjustments:	(3,562,675)	(1,772,171)	(5,334,846)
January 31, 2011	405,350	2,337,889	2,743,239

The State closely monitors the performance of its variable rate portfolio, and will continue to make adjustments as needed. In 2011-12, there are roughly \$1.3 billion of VRDBs in the State's variable rate portfolio with liquidity facilities that are due to expire. In addition, the State may convert the remaining \$405 million of outstanding ARS to fixed rate bonds if market conditions warrant.

⁽²⁾ Includes central allocation of certain administrative costs. Functional and agency tables do not include this allocation.						

FIVE-YEAR CAPITAL PLAN

Over the five years of the Executive Capital Plan, capital spending is projected to total \$43.5 billion, the majority of which will support transportation projects (48 percent) and education (21 percent).

TRANSPORTATION

Capital spending for transportation reflects the two-year DOT program (covering State fiscal years 2010-11 and 2011-12), which totals approximately \$7 billion, excluding Federal ARRA funds. This program includes \$3.8 billion for highway and bridge construction and maintenance contracts, \$1.3 billion for engineering and administrative costs, \$806 million for local aid, and \$581 million for maintenance and maintenance facilities. In addition to the last year of the DOT two-year capital plan, the Plan shows four more years of projections, a placeholder at essentially flat new investment levels.

The DOT capital plan will continue to be financed by State-supported DHBTF bonds, remaining resources from the Rebuild and Renew New York Transportation Bond Act, PAYGO resources supported by dedicated taxes and fees, and Federal aid. Not including ARRA, core Federal obligation authority available to DOT is projected to be over \$1.6 billion annually throughout the Plan.

Additional resources are required to fund the DOT plan. The 2011-12 Executive Budget includes cash transfers of \$522 million from the General Fund to the DHBTF to address estimated funding shortfalls in the DOT plan. Cash transfers are anticipated to be \$588 million in 2012-13, and increase in subsequent fiscal years.

FIVE-YEAR CAPITAL PLAN

The DOT capital plan also continues to assist localities in funding various local transportation projects. Funding for such programs, including CHIPs and the Marchiselli Program, is projected at \$403 million in 2011-12 and thereafter.

Spending for transportation is projected to decrease by \$166 million (-4 percent) from 2010-11 to 2011-12. Projections for the years after 2012-13 are based on an assumption of essentially flat commitment levels and will be adjusted when a subsequent transportation plan is authorized.

FIVE-YEAR CAPITAL PLAN

PARKS AND ENVIRONMENT

Parks and environment capital spending will continue to focus on the cleanup of environmental hazards. Spending in this category will decline over the Plan period as a result of the completion of voter-approved general obligation bonding authorizations.

Spending to support the State Superfund Program and the Brownfield Program for the remediation of hazardous waste and hazardous substances and for off-site contamination of Brownfield clean-up sites will average about \$94 million annually. This includes \$10 million annually to support PAYGO grants and the implementation of State Superfund and Brownfield Cleanup Programs.

Average annual spending of \$134 million from the EPF will finance a variety of critical environmental and recreational activities. RETT revenues, which have been dedicated to financing capital projects supported by the EPF, will continue at the 2010-11 level of \$119 million in 2011-12 and remain at that level in each subsequent year of the Plan. Additional revenues from wetland permit application, pesticide application, and water withdrawal fees totaling \$6 million will also be deposited into the EPF, as well as newly dedicated revenue totaling \$4 million from freshwater wetland, mineral resource, hazardous waste and electronic waste fees and \$5 million from interest and the sale and lease of surplus property.

Spending financed by the CW/CA Bond Act approved by the voters in 1996 will average \$50 million annually over the Plan period and will finance water quality improvement and landfill and recycling projects. Spending from the SPIF is projected to average over \$17 million annually over the Plan.

FIVE-YEAR CAPITAL PLAN

ECONOMIC DEVELOPMENT AND GOVERNMENT OVERSIGHT

Economic development and government oversight spending will support economic development projects and the preservation and improvement of State Fairground buildings.

The 2011-12 Executive Budget reprograms \$340 million in existing economic development capital resources for major regional initiatives. The reprogrammed funds will be used to provide over \$130 million in competitively determined economic development projects through the Regional Councils, support a \$100 million Economic Transformation Program that will assist areas of the State that are impacted correctional and youth facility closures, provide \$100 million for the MTA capital program and \$10 million to meet the State's existing commitment for the New York City Empowerment Zone.

The Executive Budget maintains over \$3.8 billion in capital funding for initiatives facilitating economic growth in New York. This includes \$1.4 billion for continued support of various economic development and regional initiatives, including high technology initiatives, a statewide competitive grant program administered by ESDC, specific downstate regional initiatives, and Upstate City-by-City projects. In addition, \$2.5 billion is provided for continued support of an international computer chip research and development center, capital improvements at Governor's Island, redevelopment at the Harriman Research and Technology Park, and specific economic development, cultural facilities, university development, environmental, and energy projects administered by ESDC and DASNY. This amount includes \$650 million for the construction of the GlobalFoundries facility in Upstate New York and \$300 million for the Restore NY Communities Initiative.

FIVE-YEAR CAPITAL PLAN

HEALTH AND SOCIAL WELFARE

Capital spending for health and social welfare supports: the preservation and maintenance of youth facilities operated by OCFS; HHAP grants administered by OTDA; and capital projects to protect the health and safety of patients at veterans homes and health care facilities operated by DOH.

The Executive Budget Capital Plan also includes \$1.07 billion in capital reappropriations for the continuation of the HEAL NY program which was enacted in 2006-07. The program supports targeted investments in health care infrastructure designed to enhance the efficient operation of health care facilities, close or restructure underutilized capacity and upgrade information and health care technologies. Program costs are projected to be financed through a combination of PAYGO and authority bonds.

FIVE-YEAR CAPITAL PLAN

EDUCATION

Education capital spending includes the costs of the five-year plans for SUNY, CUNY, SED and Higher Education Capital Matching Grants. Also included is continued spending for EXCEL, \$200 million in 2011-12 and \$111 million in 2012-13.

Furthermore, SED's Capital Construction Plan reflects savings of \$17 million associated with scaling back funding for SED's minor rehabilitation projects, consistent with the Department's priorities.

The ongoing five-year plans for SUNY and CUNY respond to the critical maintenance needs of the universities. The plans follow a period of extraordinary State investment in higher education capital funding. The \$1.35 billion in projected spending for SUNY in 2011-12 includes \$814 million for State-operated campuses, as well as \$74 million for community colleges. In addition, \$358 million is projected for SUNY's hospitals and residence hall programs, as well as \$103 million in spending for educational facilities projects supported by non-State funds (i.e., grants and donations). The \$490 million in projected spending for CUNY includes \$365 million for senior colleges, \$104 million for community colleges and \$21 million for operating costs at the Dormitory Authority, who administer a portion of the CUNY capital plan. Funded projects primarily encompass critical maintenance, health and safety, preservation and handicapped access projects. In addition, the CUNY plan includes the progression of ongoing projects at John Jay College, Fiterman Hall at the Borough of Manhattan Community College and the Advanced Science and Research Center at City College.

Projected spending for SED capital projects will total \$184 million over the five years and includes total new capital appropriations of \$87 million. Projected spending includes \$71 million for public library construction projects; \$60 million for the Cultural Education Storage Facility; \$25 million for infrastructure improvements and minor rehabilitation projects at the Rome School for the Deaf, Batavia School for the Blind, Cultural Education Center and the Education Building; \$14 million for the Statewide Longitudinal Data System to track student performance; and \$14 million for the Museum Gallery Renewal Project.

Education spending is projected to decrease by \$129 million (-6 percent) in 2011-12.

FIVE-YEAR CAPITAL PLAN

PUBLIC PROTECTION

Capital spending for public protection will continue to focus on preserving and maintaining infrastructure investments at correctional facilities, and facilities operated and maintained by the Division of Homeland Security and Emergency Services, Division of Military and Naval Affairs, and the Division of State Police.

Spending is projected to increase by \$50 million (15 percent) from 2010-11 to 2011-12, primarily reflecting high priority projects at correctional facilities, construction of Troop G Headquarters for the State Police and expansion of the State Preparedness Training Center for the Division of Homeland Security and Emergency Services.

FIVE-YEAR CAPITAL PLAN

MENTAL HYGIENE

Spending for mental hygiene capital projects will continue to support essential health and safety, rehabilitation and maintenance projects needed to preserve and maintain both institutional and community-based facilities operated and/or licensed by OMH, OPWDD, and OASAS.

Mental hygiene capital spending will increase by \$143 million (34 percent) over 2010-11 for continued critical rehabilitation projects at State facilities and the continued development of community residences, including new residential treatment opportunities to support adolescents, women with children, and veterans.

GENERAL GOVERNMENT

General government capital spending provides for the construction, rehabilitation, consolidation and renovation of State office buildings to maintain asset value, achieve space efficiencies and reduce operational costs. The spending increase of \$2.6 million (4 percent) in 2011-12 primarily reflects investments in technology facilities.

FIVE-YEAR CAPITAL PLAN

OTHER

This spending supports capital investments for the Judiciary, statewide equipment, systems development and upgrades, and capital spending financed with Federal funds for the World Trade Center site. Spending for these areas is projected to total \$653 million over the Plan period, an average of \$131 million annually.

FINANCING SOURCES OF CAPITAL PROJECTS SPENDING

The State issues bonds (both directly and through public authorities) and uses Federal and State PAYGO resources to finance capital spending. The amounts for All Governmental Funds spending includes both those capital projects disbursements that are reflected in the Comptroller's accounting system and those disbursements which would have formerly been made directly from bond proceeds which had been reflected only in the GAAP accounting statements. Of the 2011-12 capital spending, 55 percent is projected to be financed with authority-issued bonds and voter-approved general obligation bonds, and 45 percent is projected to be financed with State and Federal PAYGO resources.

AUTHORITY BOND FINANCING

Public authority bonds will be issued to support capital projects over the Executive Budget Capital Plan. Authority revenue credits include State PIT Revenue Bonds, DHBTF Bonds, SUNY Dormitory Facilities Revenue Bonds, Mental Health Facilities Improvement Revenue Bonds and DOH Revenue Bonds.

Authority bond-financed capital spending is reimbursed by the proceeds of bonds sold by State public authorities pursuant to contractual agreements with the State. Bond reimbursement is managed to provide the most efficient reimbursement possible. Factors affecting the timing of reimbursement of State expenditures include the availability of existing bond proceeds, bond market access, investment terms, and State cash flow considerations.

FIVE-YEAR CAPITAL PLAN

Over the Plan period, approximately 46 percent of total spending will be financed with authority bond proceeds. The State expects to continue to use State PIT Revenue Bonds as the financing vehicle for the vast majority of new bond-financed spending for non-transportation programs. Authority bond-financed spending across all non-transportation programs decreases from approximately \$4.9 billion in 2011-12 to about \$3.6 billion in 2015-16.

➤ **State PIT Revenue Bonds** will be issued to support multiple capital program areas, as summarized below:

- **Education:** supports SUNY and CUNY, EXCEL, NYSTAR, and the Higher Education Capital Matching Grant Program (2011-12 issuances of \$1.7 billion).
- **Environment:** supports the State Revolving Fund, the State Superfund Program, EPF, State Parks and other environmental projects (2011-12 issuance of \$181 million).
- **Transportation:** supports local transportation projects under the CHIPs program (2011-12 issuances of \$411 million).
- **Economic Development and Housing:** supports Housing, SIP, economic development projects for the Buffalo area, CEFAP, the Regional Economic Growth Program, the New York State Economic Development Program, high technology and other business investment programs, and recent economic development initiatives (2011-12 issuances of \$815 million).
- **Healthcare:** supports the program for capital and equipment grants to healthcare providers (2011-12 issuances of \$203 million).
- **State Facilities and Equipment:** supports correctional facilities, youth facilities, State office buildings, a new State Police Troop G headquarters, capital projects for DMNA and equipment bonds, including software development (2011-12 issuances of \$487 million).

The projected coverage ratios for the PIT program are displayed in the following table.

PROJECTED PIT REVENUE BOND COVERAGE RATIOS						
2010-11 THROUGH 2015-16						
(thousands of dollars)						
	2010-11	2011-12	2012-13	2013-14	2014-15	2015-16
Projected RBTF Receipts	8,975,300	9,627,500	9,706,050	10,255,500	10,699,550	11,062,050
Existing PIT Bonds Outstanding	20,985,835	19,964,370	18,955,600	17,986,100	17,023,120	16,086,725
Projected New PIT Bonds Outstanding	290,925	4,074,055	6,687,753	9,079,812	11,127,756	13,085,814
Projected Total PIT Bonds Outstanding	21,276,760	24,038,425	25,643,353	27,065,912	28,150,876	29,172,539
Projected Maximum Annual Debt Service	2,034,948	2,432,003	2,634,770	2,798,623	2,952,610	3,049,827
Projected PIT Coverage Ratio	4.4	4.0	3.7	3.7	3.6	3.6

FIVE-YEAR CAPITAL PLAN

Other 2011-12 spending will be financed by credits supported by dedicated streams of revenue, including transportation-related taxes and fees, student dormitory fees, and patient income receipts:

- **DHBTF Bonds**, which are issued by the TA and supported by transportation-related taxes and fees, will total \$562 million in 2011-12.
- **SUNY Dormitory Facilities Bonds**, which are issued by DASNY, are supported by dormitory fees and rents charged to students residing in housing facilities on campus. The bond issuance of \$214 million in 2011-12 will support the expansion and renovation of SUNY Dormitory Facilities.
- **Mental Health Facilities Improvement Bonds**, which are issued by DASNY and supported by patient revenues. The issuance of \$437 million in 2011-12 will support capital projects to preserve and maintain both State and community-based facilities operated and/or licensed by OMH, OPWDD, and OASAS. Under legislation authorized with the Executive Budget, these program needs may be financed with PIT bonds in 2011-12.

GENERAL OBLIGATION BOND FINANCING

General obligation bond financing of capital projects is accomplished through the issuance of full faith and credit bonds that have been authorized by the voters. General obligation financed spending (\$2.2 billion) accounts for approximately 4 percent of total spending over the Plan period. The Plan assumes the continued implementation of nine previously authorized bond acts (five for transportation and four for environmental and recreational programs). The bulk of projected general obligation bond-financed spending was authorized in the 2005 Rebuild and Renew New York Bond Act. Spending authorizations from the remaining eight bond acts will be virtually depleted by 2013.

In 2011-12, the State expects that \$461 million of general obligation bonds will be issued to fund projects financed primarily by the Rebuild and Renew New York Transportation Bond Act of 2005 and other transportation purposes (\$431 million), and the CW/CA and all other environmental bond acts (\$48 million).

STATE AND FEDERAL PAYGO SOURCES AND USES

State PAYGO resources include: General Fund taxes; other taxes and user fees set aside or dedicated for specific capital programs; repayments from local governments and public authorities for their share of projects; and transfers from other funds, including the General Fund. Over the five-year Plan period, State PAYGO resources of \$13.3 billion will support 30 percent of total spending. Federal PAYGO resources support spending financed by grants from the Federal Government, primarily for highways and bridges, drinking water and water pollution control facilities, public protection, and housing, and constitute \$7.9 billion or 18 percent of total spending over the Plan period.

Excluding transfers from the General Fund, but including transfers from the Capital Projects Fund and the Federal Capital Projects Fund of \$1.7 billion, approximately \$5.1 billion, or an average of over \$1 billion annually, of State PAYGO is disbursed by the DHBTF. The DHBTF receives revenue from the petroleum business tax, motor fuel tax, highway use tax, auto rental tax, motor vehicle and other transportation-related fees. Receipts deposited into the DHBTF are used to finance capital projects on a PAYGO basis, to pay operating expenses of transportation agencies and to pay debt service on DHBTF and CHIPs bonds.

Capital spending supported by General Fund receipts is classified as a transfer to the various Capital Projects Funds. The General Fund transfer, which is reflected in total State PAYGO spending, is projected at \$894 million in 2011-12 and will average \$1.2 billion annually over the Plan period. The General Fund transfer primarily finances non-bond eligible capital spending, including minor rehabilitation projects of facilities operated by OGS, DEC, Parks, and the Department of Mental Hygiene. The General Fund transfers also include an average of approximately \$613 million annually from 2011-12 to 2015-16 to the DHBTF.

State PAYGO resources, derived primarily from statutorily dedicated revenues that finance projects for environmental and recreational purposes, are projected to average approximately \$178 million annually. In addition to receipts that will be deposited annually into the Hazardous Waste Remedial Fund, the EPF will continue to receive annual deposits from RETTs for a total of \$595 million over the Plan period. In addition to RETT revenues, the EPF receives receipts from pesticide applicator fees, wetland permits, water withdrawal fees and other miscellaneous receipts totaling approximately \$15 million annually. These taxes and miscellaneous receipts will support PAYGO portions of projects advanced from the EPF.

The SPIF will finance about \$17 million annually in improvements to the State's park system from park fees and other miscellaneous revenues.

Federal grants account for 22 percent of total capital spending over the Plan period. The largest components of Federal PAYGO spending over the Plan period are for transportation (\$6.5 billion) and the environment (\$727 million). Federal PAYGO spending is projected to average \$1.6 billion per year, with an average \$1.3 billion annually spent on transportation.

AGENCY CAPITAL PROGRAM PLANS

AGENCY CAPITAL PROGRAM PLANS

The Agency Capital Program Plans section provides a narrative description of the capital investment recommendations of agencies for the 2011-12 through 2015-16 period. This section of the Plan is organized programmatically. Each program area begins with a functional overview, followed by each agency's narrative description which highlights accomplishments, new initiatives, and long-term financial requirements.

All State agencies and authorities with State-supported capital programs have capital maintenance systems. Agencies are required to develop five-year maintenance plans, which include an assessment of assets with a replacement value of at least \$5 million, and that reflect an asset's age, condition, condition goals, maintenance activities, and remaining useful life. In addition, every five years, agencies are required to perform an independent evaluation of their maintenance plans to ensure that the recommended maintenance activities are consistent with current capital needs.

The capital maintenance plan summaries are included in the agency narratives, since the maintenance plans are a critical part of an agency's Five-Year Capital Plan. The appropriations reflected in each agency's Five-Year Capital Plan reflect a needs-assessment, which will continue to be refined as an agency implements an asset maintenance system.

The tables contained in this section provide five years of appropriation, commitment and disbursement projections for each program. Commitment levels in these tables reflect the value of contracts expected to be entered into by each agency in a given year. Each agency narrative compares the Plan's recommended commitment levels with last year's levels. The reappropriation projections reflect the unexpended balance of the original appropriation, and any unused amounts continue to be shown until the project is completed.

This section also includes summary schedules of disbursements, which aggregate the information presented in the individual agency tables. These summary tables reflect projections of disbursements for capital projects, and eliminate transactions which simply move moneys from one fund to another. This adjustment provides comparability between the Plan's summary of disbursements and the State's Financial Plan. Detailed agency tables that appear later in this document display the recommended individual reappropriations and new appropriations for each agency, as well as the anticipated future appropriations through State fiscal year 2015-16. The recommended appropriations represent the estimated project cost for the various agencies and the respective comprehensive construction programs. Further information on these detailed tables is provided at the beginning of that section.

AGENCY CAPITAL PROGRAM PLANS

TRANSPORTATION

New York's diverse transportation system plays a crucial role in our economy. The State's over 240,000 lane miles of roads, 17,000 bridges, 4,000 railroad miles, 147 public use airports, 12 major ports, and more than 130 public transportation operators are among our most valuable resources. These important assets are managed and maintained by an integrated network of State agencies, public authorities, local governments and private entities.

The 2011-12 Executive Budget continues the two-year \$7 billion DOT capital program enacted in State fiscal year 2010-11, which balances preservation of core transportation infrastructure with fiscal necessity. Key financial factors, which continue to impact program levels include the lack of a new multi-year Federal transportation act to replace the Federal program that expired on September 30, 2009; the phase-out of the 2005 Transportation Bond Act as projects are completed; and dependence on the General Fund to support DHBTF. Despite these negative financial factors, the Executive Budget will maintain the State's core DHBTF investment in the highway and bridge construction program at 2010-11 levels. Through careful management, and by implementing operational efficiencies, DOT will utilize its capital funds to complete critical infrastructure projects that protect the health and safety of the travelling public and promote the economic vitality of the State.

The MTA capital program faces many of the same financial challenges that impact the DOT program: Federal funding uncertainty, phase out of the 2005 Bond Act and weakness in core revenue sources that support the capital program. Despite the May 2009 enactment of new revenue sources for the MTA (Chapter 25 of the Laws of 2009), funding remains inadequate to support a full five-year MTA capital program. Nonetheless, statute requires the MTA to initiate its capital planning on a five-year basis.

The CPRB is charged with review and approval of MTA capital plans, and is made up of four voting members appointed by the Governor with one member each recommended by the Senate, Assembly and Mayor of New York City. On December 30, 2009 the CPRB rejected a \$26 billion 2010-14 MTA Capital Plan. In accordance with the law, the MTA resubmitted a \$24 billion five-year capital plan in April of 2010. That plan was approved by the CPRB with the understanding that there were only two years of funding identified and that the Plan had a \$10 billion funding gap. The total five-year Capital Plan which includes bridges and tunnels (does not require CPRB approval as its plan is self funded) is \$26 billion.

DEPARTMENT OF TRANSPORTATION

The DOT is responsible for maintaining and rehabilitating the State's system of highways and bridges, which includes over 38,000 State highway lane miles and over 7,500 bridges. Private contractors perform all major construction and repair work, while DOT provides seasonal maintenance and repair. The Department also oversees and funds programs that help defray local capital expenses associated with road and bridge projects, including the State-funded CHIPs and Marchiselli programs and significant Federal aid spent on local infrastructure.

TWO-YEAR PLAN UPDATE

The 2011-12 Executive Budget continues the two-year DOT capital plan enacted in State fiscal year 2010-11. Proposed 2011-12 program levels would preserve State investment in core transportation infrastructure and maintain essential services. Highlights of this updated two-year plan, which also reflects savings in agency operations, include:

- \$3.8 billion for State and local highway and bridge construction and preventive maintenance contracts (including 2005 Bond Act funds that remain available) -- \$1.8 billion in 2011-12;
- \$1.3 billion for engineering, project inspection, program management and Department administration -- \$658 million in 2011-12;
- \$806 million for local infrastructure under the CHIPS and Marchiselli programs -- \$403 million in 2011-12;
- \$581 million for DOT preventive maintenance, equipment and facilities -- \$279 million in 2011-12;
- \$140 million for right-of-way acquisition -- \$69 million in 2011-12;
- \$108 million for rail passenger and freight projects (including 2005 Bond Act and prior DHBTF funds that remain available) -- \$57 million in 2011-12;
- \$100 million for capital improvement of non-MTA transit systems (including 2005 Bond Act funds that remain available) -- \$50 million in 2011-12;
- \$33 million for canal infrastructure that remains available from 2005 Bond Act funds -- \$16 million in 2011-12; and
- \$29 million for aviation capital and matching funds for Federal aviation aid (including 2005 Bond Act funds that remain available) -- \$14 million in 2011-12.

In addition, the Executive Budget continues to make ARRA funds, and any additional ARRA awards, available through reappropriations.

The plan also incorporates reductions to improve agency operations, which contribute to reducing General Fund support of the DHBTF. General Fund transfers to the DHBTF are estimated at \$522 million in 2011-12, a decrease of \$114 million compared to estimates in the Mid-Year Financial Plan Update. However, even with this recurring savings, the subsidy will increase by an additional \$66 million in 2012-13 to \$588 million.

AGENCY CAPITAL PROGRAM PLANS

FIVE-YEAR VIEW

In addition to the second year of the DOT two-year capital plan, the State capital program plan exhibits four further years of projections, a placeholder at essentially flat new investment levels. Major components of this extended five year view include \$8.7 billion for highway and bridge construction and preventive maintenance contracts, \$3.4 billion for engineering, project inspection and program management, \$2.0 billion for local capital programs, and \$1.5 billion for DOT preventive maintenance activities, equipment and facilities. Additional funding is also provided for other transportation modes including non-MTA transit systems, aviation facilities, and rail initiatives.

Preventive maintenance and demand maintenance have increasingly become the primary focus of DOT activities. Since preventive activities extend the life of a road or bridge, they are cost-effective alternatives to major reconstruction. For highways, the goal of keeping water and other materials away from the base of the highway is accomplished through activities such as crack sealing, pothole repair, joint repair and drainage repair. Painting, washing, joint repair and maintaining drainage are key elements to extending the life of State bridges. In addition to maintenance activities supported through highway and bridge construction contracts, \$1.3 billion will be available for preventive and demand maintenance activities performed by State forces over the next five years.

During the five-year plan period, \$1.9 billion will be available from the DHBTF for snow and ice control activities. The Department's maintenance activities are supported by approximately 300 sites around the State which encompass 60 maintenance headquarters, 125 maintenance sub-headquarters, 34 bridge crew facilities and 3 special crew facilities (the vast majority of these sites also contain salt storage buildings). The average age of the infrastructure is 35 years. The total size of the infrastructure is approximately 4 million gross square feet.

The Department's maintenance facilities plan consists of an annual review of its overall needs and a prioritization of its projects. The program goal is to upgrade and repair its infrastructure based on evaluation of the condition, proposed use and corresponding health, safety and environmental concerns.

FINANCING THE PLAN

The five-year capital program plan for DOT and the operating expenses of DOT and DMV will be financed with approximately \$10.75 billion of State revenues during the next five years. These revenues will provide for pay-as-you-go capital and operating needs and for debt service payments on bonds issued by the State and the Thruway Authority. Federal aid will also support a significant portion of the plan.

The 2011-12 Executive Budget includes a cash transfer of \$522 million from the General Fund to the DHBTF to address a projected funding shortfall in 2011-12. Under current assumptions, this transfer is expected to increase to \$588 million for the 2012-13 fiscal year.

AGENCY CAPITAL PROGRAM PLANS

Significant portions of the State's transportation capital programs are supported by Federal aid. The most recently authorized Act, known as SAFETEA-LU, expired on September 30, 2009. A successor program has not been established and Federal support for the State's transportation programs continues at reduced levels through temporary funding measures passed by Congress. The Plan currently assumes that approximately \$1.6 billion will be available annually for DOT's highway and bridge capital program. To the extent that Federal aid varies from these assumptions, whether under a new Act or an additional economic stimulus proposal, the State's program will need to be adjusted accordingly.

Program levels after the two-year DOT plan period ending in State fiscal year 2011-12 reflect relatively flat placeholder assumptions. Future investment levels will be determined, in part, by the availability of Federal aid under a successor multi-year transportation act and the identification of new State or other resources to support program commitments.

DEPARTMENT OF MOTOR VEHICLES

The DMV issues drivers' licenses and vehicle registrations, promotes highway safety, and collects more than \$1.9 billion annually in revenues for the State and localities, of which more than \$800 million is dedicated to the DHBTF. Nearly \$189 million of the Department's cash expenses for 2011-12 will be covered by the DHBTF.

CANALS

The New York State Canal Corporation maintains, operates, develops and makes capital improvements to the 524-mile navigable waterway that includes 57 locks, numerous dams, lift bridges, reservoirs and water control structures. Canal revenues are deposited into the Canal System Development Fund and, in accordance with the State Constitution, are used exclusively for the canals. Maintenance on the canals is conducted on an ongoing basis to ensure that canal facilities operate properly and that public safety is maintained.

Funds from the 2005 Transportation Bond Act remain available for canal capital projects through reappropriations in the DOT budget. The majority of Canal Corporation funding is provided by the Thruway Authority.

AGENCY CAPITAL PROGRAM PLANS

PARKS AND ENVIRONMENT

DEC and OPRHP are the primary agencies responsible for preserving and protecting the State's extensive environmental, historic and cultural resources, as well as providing recreational opportunities for its citizens. Each agency is responsible for the development and maintenance of a wide array of capital facilities. This category also includes recommended capital projects funding for APA, EFC and the Hudson River Park Trust.

ADIRONDACK PARK AGENCY

The APA was established in 1971 to "ensure the optimum overall conservation, protection, development and use of the unique scenic, aesthetic, wildlife, recreational, open space, ecological and natural resources of the Adirondack Park." The Park itself was created in 1892, and contains six million acres of publicly and privately owned lands.

The Executive Budget recommends \$500,000 for the APA's capital gift account that would allow the agency to accept local and State grants and gifts for their operations and development.

DEPARTMENT OF ENVIRONMENTAL CONSERVATION

DEC is charged with protecting the State's natural resources. Department responsibilities include cleaning up solid and hazardous waste disposal sites, enforcing air and water quality standards, maintaining hundreds of flood and coastal erosion projects and stewardship of over four million acres of State land. The Department also provides safe opportunities for outdoor recreation, including hunting, fishing, camping, hiking and other activities. DEC manages hundreds of facilities including dams, boat launch sites, campgrounds, fish hatcheries, wildlife management areas and a ski area.

The DEC capital program enhances and maintains the infrastructure necessary to provide a safe environment. An estimated \$686 million in capital disbursements will support these activities in 2011-12. The DEC capital plan directs resources to projects to ensure compliance with health and safety requirements and State and Federal environmental mandates. In 2011-12, new Capital Projects Fund appropriations of \$17 million are recommended to address these needs, and to maintain and upgrade campgrounds, environmental centers and camps, fish hatcheries and other Department-owned buildings and facilities, maintain flood control structures, and fund shore protection projects for communities threatened by coastal erosion.

A key element of the DEC capital program is the EPF, a dedicated fund historically supported by revenues from the RETT and other sources. The Executive Budget includes new appropriations of \$134 million for 2011-12, a continuation of 2010-11 levels, to fund a host of critical environmental and recreational activities including: land acquisition; farmland protection; municipal waste reduction and recycling; waterfront revitalization projects; non-point source water pollution control; smart growth; municipal park projects; Hudson River Estuary Management; and water quality improvement projects. The capital program includes additional EPF appropriations of \$536 million through 2015-16 to continue funding for these important activities.

AGENCY CAPITAL PROGRAM PLANS

In conjunction with the continuation of EPF appropriation levels, the Executive Budget will maintain the RETT funds deposited into the EPF at \$119 million, while continuing to deposit revenues from other sources, such as the wetland application permit and pesticide applicator fees, in addition to newly dedicated fees for electronic and hazardous waste and fines for violations to freshwater wetlands and mineral resources laws.

The Department's capital plan also reflects the State Superfund and Brownfield program enacted in 2003. General Fund support of \$10 million is provided to DEC for State implementation of the Brownfield Cleanup Program and non-bondable costs of the State Superfund and Brownfield Cleanup programs. Appropriations provide for \$120 million in annual support to be bond-financed for the remediation of hazardous waste and hazardous substances and for off-site contamination at Brownfield Cleanup Program sites. The debt service on these bonds will be supported equally by the State and industry. These programs, which succeed the fully committed \$1.1 billion 1986 Environmental Quality Bond Act, will maintain stringent environmental and public health standards, while spurring redevelopment of contaminated sites.

The 2011-12 Executive Budget recommends new disbursements totaling \$50 million from the 1996 CW/CA Bond Act for projects to be administered by DEC. The CW/CA Bond Act funds such important activities as water quality improvement projects, landfill closure and recycling projects, Brownfield projects, safe drinking water projects, and air quality improvement projects. The total authorization of \$1.8 billion has been made available from the Bond Act.

In 2011-12, the level of contract commitments projected in the Department's capital plan is \$411 million. This is a \$9 million increase from levels in the 2010-11 Capital Plan in anticipation of additional Federal funds for the CWSRF. Future year commitments are consistent with appropriation levels recommended over the next five years.

The DEC capital maintenance plan will focus on preservation and preventive maintenance of its various lands, facilities and other structures. The Department manages a vast array of assets that vary in age, condition, and useful life, including: approximately 4.5 million acres of land, over 300 boat launching and fishing access sites, 102 flood control structures, 52 campgrounds, 12 fish hatcheries, four environmental education camps, two environmental education centers, one tree nursery, and the Belleayre Mountain Ski Center. The Department has recently developed a maintenance information management system to facilitate planning and preventive maintenance for these extensive resources.

ENVIRONMENTAL FACILITIES CORPORATION

The EFC is charged with helping local governments, State agencies and private industry comply with State and Federal environmental laws. EFC's responsibilities include administering the CWSRF and DWSRF, assisting New York businesses finance environmental projects through the Industrial Finance Program, and helping municipalities, State agencies and businesses comply with environmental laws and regulations through the Technical Advisory Services Program.

AGENCY CAPITAL PROGRAM PLANS

EFC, in conjunction with DEC, administers low-interest financings to recipients for water pollution control facilities via the CWSRF. As of June 30, 2010, the CWSRF has made financings totaling approximately \$15.3 billion to 511 recipients across the State since the program was initiated in 1990.

DWSRF is a program administered by EFC, in conjunction with DOH, that provides low-interest financings, including grants, to publicly and privately owned community water systems, and to nonprofit, non-community water systems for the construction of eligible safe drinking water projects. From its initiation in 1996 through June 30, 2010, the DWSRF has made financings totaling approximately \$2.7 billion, to 342 recipients across the State.

In February 2009, President Barack Obama signed into law the ARRA of 2009 that allocated \$520 million in new environmental funding to New York State: \$433 million for the CWSRF and \$87 million for the DWSRF. The ARRA funding supported 45 CWSRF projects, 16 DWSRF projects and 49 Green Innovation grants over and above EFC's conventional Federal funding. The ARRA projects will receive 50 percent of the project costs as a low-cost loan and the remaining 50 percent as principal forgiveness.

EFC's capital program also includes appropriations to finance costs related to the administration of the 1996 CW/CA Bond Act.

HUDSON RIVER PARK TRUST

The Trust is responsible for designing, developing, constructing, and maintaining the 550-acre Hudson River Park in New York City, which extends for five miles along the Hudson River waterfront from Battery Park City to 59th Street. During 2011-12, the Trust will continue to refine the framework and scope of the Hudson River Park, develop detailed cost estimates, explore alternative sources of funding, and continue to oversee project design and construction.

The Budget proposes \$3 million of new funding in the EPF to continue construction of the remaining segments of the Park.

OFFICE OF PARKS, RECREATION AND HISTORIC PRESERVATION

OPRHP operates 178 State parks and 35 historic sites that provide a place for visitors to relax and learn about New York's natural, historic, and recreational treasures. Approximately 55 million people visit the State parks each year.

The State's park system is one of the oldest and best developed in the nation, featuring 28 golf courses, 76 developed beaches, 53 water recreation facilities, and more than 5,000 buildings. Since more than half of the facilities at State parks are at least 50 years old, a primary component of the capital program is devoted to maintenance and rehabilitation.

For 2011-12, the capital plan supports nearly \$24 million in disbursements from various sources. New appropriations of \$29 million are recommended for capital projects from the SPIF, a dedicated fund consisting of revenues generated from day use and camping fees at the parks, as well as other miscellaneous revenues. Support is also provided for OPRHP's capital program from fiduciary funds and Federal resources. In addition, funding will be available from the EPF

AGENCY CAPITAL PROGRAM PLANS

and the 1996 CW/CA Bond Act to improve park facilities and protect the fragile natural resources at State parks. These funds are included in the DEC capital budget.

The OPRHP capital plan reflects the priority needs of the various parks and historic sites. A total of nearly \$119 million over the course of the Financial Plan period, mainly from SPIF, is planned to be spent on projects to improve health and safety and preserve facilities, and includes actions to:

- Maintain and restore historic sites;
- Rehabilitate park utility, sanitary and water systems;
- Improve selected roads and bridges;
- Upgrade public comfort stations and campground wash houses; and
- Maintain and improve park buildings, cabins and pool facilities.

The OPRHP capital maintenance plan for 2011-12 concentrates investments in preservation and protection of its many facilities. Physical assets consist of approximately 5,000 buildings which vary in age, condition, and useful life including: historic buildings, offices, cabins, comfort stations, maintenance/storage buildings, restaurants, visitor/nature centers, pump houses, and toll booths. Maintenance efforts in 2011-12 will focus on site restoration, roof repair and exterior construction projects.

The level of contract commitments projected in the OPRHP capital plan is \$35.5 million in 2011-12. Future year commitments reflect projected activity from both new appropriations and prior year appropriations.

ECONOMIC DEVELOPMENT AND GOVERNMENT OVERSIGHT

Economic Development and Government Oversight spending of \$2.6 billion is projected to average almost \$530 million annually over the Plan period and will support: economic development projects; the disposal of nuclear waste at the Western New York Nuclear Service Center at West Valley; and the preservation and improvement of State Fairground Buildings.

The 2011-12 Executive Budget would reprogram \$340 million in existing economic development capital resources to support the following new initiatives:

- \$130 million Regional Economic Development Councils initiative, to support new competitive economic development projects identified by the Regional Councils consistent with long-term economic development strategies.
- \$100 million Economic Transformation Program to provide economic development grants to communities impacted by the closure of correctional facilities.
- \$100 million would be ear-marked to support transportation projects of the MTA, and \$10 million to support the State's existing New York City Empowerment Zone Program.

These actions would break down the current compartmentalized approach to the allocation of economic development funding, and would enhance collaboration through a regional effort to identify projects on a competitive basis demonstrating the most economic benefits.

The Executive Budget also maintains over \$3.8 billion in capital funding for initiatives facilitating economic growth in New York. This includes \$1.4 billion for continued support of various economic development and regional initiatives, including high technology initiatives, a statewide competitive grant program administered by ESDC, specific downstate regional initiatives, and upstate city-by-city projects. In addition, \$2.5 billion is provided for continued support of an international computer chip research and development center, capital improvements at Governor's Island, redevelopment at the Harriman Research and Technology Park, and specific economic development, cultural facilities, university development, environmental, and energy projects administered by ESDC and DASNY. This amount includes \$650 million for the construction of the GlobalFoundries facility in Upstate New York and \$300 million for the Restore NY Communities Initiative.

AGENCY CAPITAL PROGRAM PLANS

DEPARTMENT OF AGRICULTURE AND MARKETS

The Department of Agriculture and Markets is responsible for operating the New York State Fair and maintaining its buildings and grounds. The Fairgrounds include 19 major buildings and 107 other structures, the majority of which have a useful life of greater than 10 years and are in good or fair overall condition.

<u>Capital Asset Group</u>	<u>Age Range</u>	<u>Condition</u>			<u>Total</u>
		<u>Good</u>	<u>Fair</u>	<u>Poor</u>	
Various State Fair Buildings	1 to 100 years	73	37	16	126

The 2011-12 Capital Plan includes a total of \$3 million in new appropriations to repair and rehabilitate the Fair's facilities to ensure a safe and enjoyable experience for all Fair patrons and participants, including a Special Revenue funds appropriation financed by revenues from public/private partnership agreements and year-round operation of the Fairgrounds. Capital disbursements will total approximately \$1.25 million, supported primarily by a transfer from the General Fund.

In addition, from reappropriations in 2011-12, the Plan includes \$11.8 million for the construction of a new Food Laboratory in the Capital Region.

The Department's capital maintenance plan for the next five years prioritizes those projects that will preserve, rehabilitate, and improve the Fairgrounds' buildings, land, and infrastructure for year-round use, and continue to protect the State's investment in the facility. In addition, the Fairgrounds' structures are upgraded continually to meet more stringent building code requirements, provide accessibility for the disabled, and ensure public safety.

ECONOMIC DEVELOPMENT

The 2011-12 Executive Budget would reprogram \$340 million in existing economic development capital resources for major regional initiatives. The reprogrammed funds will be used to provide over \$130 million in competitively determined economic development projects through the Regional Councils, support a \$100 million Economic Transformation Program that will assist areas of the State that are impacted by correctional and youth facility closure, provide \$100 million for the MTA capital program and \$10 million to meet the State's existing commitment for the New York City Empowerment Zone.

For 2011-12, the Plan focuses on support for existing programs that will encourage economic development. The Plan reflects spending of \$75 million authorized in 2010-11 for the \$50 million IBM semiconductor packaging center located at SUNY IT and Albany Nanotech, and \$25 million for equipment for this collaborative effort; and \$1.3 billion authorized in 2009-10 to support a targeted and comprehensive economic development plan with statewide initiatives and programs targeted to upstate. Specifically, funds were provided for various economic development and regional initiatives including a statewide competitive grant, specific downstate regional initiatives and upstate city-by-city projects. Programs are administered by ESDC and DASNY.

AGENCY CAPITAL PROGRAM PLANS

The Capital Plan includes spending from \$328 million for regional economic development projects authorized in 2008-09 and administered by ESDC, including: \$300 million for the development of an international computer chip research and development center; \$20 million to Governor's Island for projects that enhance heritage tourism attractions, and develop education, conference and cultural arts facilities; and \$8 million to the Harriman Research Technology Development Corporation for projects to transform Albany's State Office Campus into a world class research and technology park.

In addition, the Capital Plan contains spending from more than \$2.3 billion authorized in 2007-08 for specific economic development, cultural facilities, university development, environmental, and energy projects authorized in 2007-08 and administered by ESDC, DASNY, and other State entities, including \$650 million for the development of a semiconductor manufacturing facility and \$300 million for the RESTORE New York Communities initiative. The Capital Plan also continues the \$1.5 billion Centers of Excellence/Empire Opportunity Fund/Gen*NY*sis/RESTORE programs which are also administered by ESDC and DASNY. This initiative was established to foster collaboration between the academic research community and the business sector in order to develop and commercialize new products and technologies; to promote critical private sector investment in emerging high technology fields; and to create and expand technology related businesses and employment. In addition, the program also finances projects that create or retain jobs or increase business activity through the construction and rehabilitation of research and development facilities, incubators and industrial parks; downtown commercial revitalization; Brownfield redevelopment; and other investments.

The Capital Plan also includes reappropriations for previously authorized environmental, higher education, cultural, and economic development projects. This includes \$39 million for the Technology and Development Program authorized in 2005-06, \$34 million for the Regional Economic Development Program authorized in 2005-06, \$81 million for the New York State Economic Development Program authorized in 2004-05, \$60 million for the CEFAP authorized in 1997-98, \$106 million for the Strategic Investment Program authorized in 2000-01, and \$23 million for economic development projects in the Buffalo area authorized in 2000-01.

ENERGY RESEARCH AND DEVELOPMENT AUTHORITY

ERDA owns and manages the Western New York Nuclear Service Center at West Valley in Cattaraugus County, the site of a former nuclear fuel reprocessing facility and an inactive low-level radioactive waste disposal area.

The Capital Plan includes \$73.7 million in appropriations over the five-year period, reflecting ERDA's continuing role in a joint Federal-State Demonstration Project to treat and dispose of liquid nuclear waste at the Center and decommission the reprocessing facility. The Plan also includes ERDA's ongoing maintenance costs at the disposal area to ensure its compliance with environmental laws. The 2011-12 commitment and disbursement level for ongoing work at West Valley is \$14.8 million, a decrease of \$4.4 million from 2010-11 levels. ERDA's costs are largely dictated by a Federal match requirement, and are expected to decrease in 2011-12 as a result of decreased spending by the Federal government.

The Western New York Nuclear Service Center is approximately 41 years of age, in good condition, with a remaining useful life that will extend to the conclusion of the decommissioning of the site. The maintenance goal at the site is to preserve the facility in a state of good repair.

DIVISION OF HOUSING AND COMMUNITY RENEWAL

The State's housing capital programs provide grants, low-interest loans and technical assistance to facilitate construction and preservation of the State's low- and moderate-income housing stock. State capital funds are combined with Federal funds, low-cost mortgages and available private sector investments to finance activities that, absent the State's involvement, would not be financially feasible.

In addition to developing and maintaining low-cost housing, the housing capital programs foster economic growth across the State by creating additional construction jobs and encouraging new private sector investment in distressed areas.

The State's housing capital appropriations are made to DHCR, the State agency charged with coordinating the State's housing policies and programs. The individual housing programs are implemented through three public benefit corporations: HTFC, AHC, and HFA. DHCR staff perform the administrative functions generally associated with low- and moderate-income housing programs, and also oversee the State's involvement in Federal capital programs.

AGENCY CAPITAL PROGRAM PLANS

The Capital Plan recommends \$74.2 million in appropriations in 2011-12 to fund five housing capital programs:

- \$29 million to the Low-Income Housing Trust Fund Program, which provides grants of up to \$125,000 per unit to construct or renovate low-income apartment projects;
- \$25 million to the Affordable Home Ownership Development Program, which provides grants of up to \$40,000 per unit to construct or renovate homes for low- and moderate-income families;
- \$12.8 million to the Public Housing Modernization Program, which subsidizes repairs at 74 State-supervised public housing projects across the State. A total of \$400,000 will be reserved for capital activities aimed at reducing illegal drug activities at these projects;
- \$7 million for the Homes for Working Families Program, which combines State funds with other available public and private sector moneys, Federal Low Income Tax Credit proceeds and non-State supported bond funds to construct affordable rental housing for low- and moderate-income households; and
- \$400,000 for the Housing Opportunities for the Elderly Program, which provides grants to low-income elderly homeowners for emergency home repairs.

State housing funds are committed in the year in which funds are appropriated. Requests for funding from the State's various housing programs are reviewed and evaluated on an annual basis by program staff. These applications are submitted by private and not-for-profit sponsors of proposed low- and moderate-income housing projects. The applications are scored and ranked on a competitive basis and the review process culminates in award notifications for the most effective projects in meeting the State's housing needs.

In addition to State-funded programs, HTFC also awards and disburses Federal moneys pursuant to the U.S. Department of Housing and Urban Development's HOME program. This program provides grants to not-for-profit groups and local governments to partially fund the construction or rehabilitation of low- and moderate-income housing.

The 2011-12 Executive Budget reflects the reappropriation of \$100 million of one-time housing capital funding provided for housing development projects in 2008-09.

HEALTH AND SOCIAL WELFARE

OFFICE OF CHILDREN AND FAMILY SERVICES

The OCFS Capital Plan reflects the State’s continued commitment to providing safe and functional housing and programming to youth in its facilities. Consistent with population trends, OCFS will close and downsize facilities. The OCFS Capital Plan reflects cost avoidances resulting from this “right-sizing” effort.

The OCFS capital planning process will continue to identify improvements to its remaining facilities to increase security and meet health and safety standards. The agency’s capital program focuses on the need to properly maintain its youth facilities and initiate modifications to accommodate program changes. This year’s Capital Plan includes funding for facility preservation, environmental protection, health and safety, and security improvements.

Section 529 of the Social Services Law requires OCFS to maintain the community house within the Tonawanda Indian Reservation. This year’s plan continues to provide funding for this purpose.

The OCFS capital program is funded from the Capital Projects Fund, the Youth Facilities Improvement Fund, and the Miscellaneous Capital Projects Fund. Disbursements from the Youth Facilities Improvement Fund are reimbursed with bond proceeds.

OCFS’s Five-Year Capital Plan calls for disbursements of approximately \$105 million. The Plan will support capital maintenance and improvement activities, including \$42 million for facility rehabilitation and security enhancements, \$24 million for health and safety purposes, \$25 million for environmental compliance projects and \$14 million for design and construction fees, administration and Tonawanda capital improvements.

In 2010-11, the OCFS capital program will include additional security projects, health and safety related repairs, environmental compliance work and physical plant rehabilitation projects aimed at preserving the useful life of its facilities and infrastructure. Most of OCFS’s youth facilities are more than 30 years old, indicating the need for repair and/or improvement. The following chart provides information regarding age and condition of OCFS youth facilities by security level.

<u>Capital Asset Group</u>	<u>Age Range</u>	<u>Condition</u>			<u>Total</u>
		<u>Good</u>	<u>Fair</u>	<u>Poor</u>	
Secure Facilities	25 to 50 years	4	1	0	5
Limited Secure Facilities	10 to 55+ years	4	3	0	7
Newer Non-Secure Facilities	10 to 15 years	5	0	0	5
Older Non-Secure Facilities	40 to 100 years	1	4	0	5
Group Homes	75 to 80 years	0	1	0	1
Total		14	9	0	23

AGENCY CAPITAL PROGRAM PLANS

OFFICE OF TEMPORARY AND DISABILITY ASSISTANCE

OTDA administers the HHAP which provides grants to not-for-profit corporations and municipalities to expand and improve the supply of permanent, transitional, and emergency housing for homeless persons. To date, \$729 million in HHAP funding has supported approximately 570 capital projects statewide, creating approximately 13,800 housing units for the homeless. An additional \$30 million in 2010-11 funding is projected to support approximately 500 new units of housing. HHAP also links its projects to other State and Federal funding sources to deliver appropriate support services to help tenants move towards greater self-sufficiency and economic stability.

The Plan provides \$30 million for HHAP, including up to \$5 million for the development of housing for persons with HIV or AIDS.

DEPARTMENT OF HEALTH

The focus of DOH's capital program is to promote the efficient operation of health care facilities statewide, protect the health and safety of its patients, employees and visitors and maintain the Wadsworth Center for Laboratories and Research. A key component of the Department's capital program is the investment of \$1.7 billion to finance HEAL NY. The HEAL NY program supports health care projects to upgrade information systems and technology, enhance the efficiency of facility operations and support facility improvements, reconfiguration and consolidation. HEAL NY was also used to implement the recommendations of the Commission on Health Care Facilities in the 21st Century, which were released in November 2006. Originally a \$1 billion program, the 2009-10 budget included a new investment of \$650 million to ensure that funding would be available for health care reform and restructuring initiatives.

Another integral part of the DOH capital program is to maintain and improve its capital assets which include five health care facilities: Helen Hayes Hospital in West Haverstraw and the Oxford, St. Albans, Batavia, and Montrose veterans' nursing homes. DOH also maintains the Wadsworth Center for Laboratories and Research, which is comprised of three laboratories located in Albany County.

In January 1999, pursuant to State statute and an operating agreement between the two parties, responsibility for operation of the Roswell Park Cancer Institute was transferred from the Department to the Roswell Park Cancer Institute Corporation. The Corporation is now responsible for the ongoing maintenance of Roswell's capital assets.

Over the next five years, DOH's capital program includes \$452 million in new appropriations, including \$40 million to support capital improvements at Wadsworth Center for Laboratories and Research facilities, \$38 million for maintenance and improvements of existing facilities, and \$374 million for the Federal Safe Drinking Water Fund.

AGENCY CAPITAL PROGRAM PLANS

The Department’s capital program is financed by the State’s General Fund, HCRA, DASNY bond proceeds and Federal funds. Total disbursements are estimated at \$1.4 billion over the five-year Plan period – including \$881 million for the HEAL NY Program (\$489 million for non-bondable projects and \$392 million which will be bond financed); \$418 million from Federal funds for Safe Drinking Water projects; and \$68 million from the General Fund for the laboratories and institutions. Debt service and non-bondable project costs for the HEAL NY program will be financed from HCRA. Debt service on outstanding institutional DASNY bonds will continue to be supported by patient care revenues.

For 2011-12, DOH’s capital program includes both ongoing and new projects to address major capital needs with estimated total disbursements of \$703 million. Planned projects will avert potentially more costly future capital expenditures while minimizing interruptions in clinical care services and laboratory functions. In addition, the Department will continue its participation in implementing the Safe Drinking Water Program, which will be financed through a \$75 million Federal appropriation in 2011-12.

The Department’s goals are to ensure a safe environment, preserve infrastructure and related equipment and to promote energy efficiency. The Capital Asset Maintenance Plan preserves the useful life of DOH’s facilities.

The following table identifies the capital asset group, age and condition of DOH’s facilities:

<u>Capital Asset Group</u>	<u>Age Range</u>	<u>Condition</u>			
		<u>% Good</u>	<u>% Fair</u>	<u>% Poor</u>	<u>% Total</u>
Helen Hayes Hospital	28 to 78 years	65	20	15	100
Wadsworth Center for Laboratories and Research	5 to 50 years				
<i>Griffin Laboratory</i>		30	45	25	100
<i>David Axelrod Institute</i>		100	0	0	100
<i>Biggs Laboratory</i>		0	70	30	100
Veteran’s Nursing Homes					
<i>Oxford</i>	1 year	100	0	0	100
<i>St. Albans</i>	19 years	60	30	10	100
<i>Batavia</i>	12 to 16 years	85	10	5	100
<i>Montrose</i>	10 years	95	2	3	100

AGENCY CAPITAL PROGRAM PLANS

EDUCATION

Capital planning is vital to the teaching, research and public service missions of both SUNY and CUNY. Capital plans ensure that facilities are appropriately designed and developed to meet both current and future needs, while providing a safe and healthy environment for students, faculty and staff.

The 2008-09 Enacted Budget included \$6.0 billion in appropriation authority for the first year of a five-year capital plan for SUNY and CUNY. This plan was responsive to recommendations from the Commission on Higher Education, which called for significant investment in the infrastructure of both universities to address a backlog of deferred maintenance and advance strategic initiatives that progress core educational goals. Both the 2009-10 and 2010-11 budgets continued this investment, providing an additional \$1.67 billion for critical maintenance projects at both university systems. The 2011-12 Executive Budget preserves high priority strategic initiative funding, continues investment for critical maintenance projects and includes new appropriations to advance SUNY's self-funded residence hall capital program, and provide the State's 50 percent match for community college projects that have secured local sponsor support.

STATE UNIVERSITY OF NEW YORK

SUNY is the largest public university system in the nation, with 29 State-operated campuses, five statutory colleges and 30 community colleges serving nearly 468,000 students. The goal of SUNY's capital program is to both provide and preserve the physical infrastructure needed for the education of students.

SUNY State-operated campuses include approximately 2,314 buildings, encompassing classrooms, dormitories, libraries, research laboratories, athletic and recreation facilities and hospitals. Currently, 73 percent of SUNY's facilities exceed 30 years of age. To address this situation, the first three years of the five-year capital plan have provided \$1.65 billion of critical maintenance funding to address the renovation, rehabilitation and repair needs of these facilities and reduce the amount of deferred maintenance throughout the system.

SUNY's State-operated campus capital planning process starts with building condition surveys and the development of facility master plans for each campus to identify both new construction and rehabilitation projects. These plans are further developed into a system-wide, five-year University Master Capital Plan, approved by the SUNY Board of Trustees. The Trustees' capital budget request is, in large part, based on priority projects from the Master Plan.

Capital priorities at SUNY's 30 community colleges include major rehabilitation as well as targeted new construction at various campuses to accommodate evolving academic needs. Community college master plans are developed by the same process as those of the State-operated campuses, and are then submitted to the local Boards of Trustees. The approved master plans inform the SUNY Board of Trustees' capital budget request, and projects which receive local sponsor matching support are advanced for State funding.

AGENCY CAPITAL PROGRAM PLANS

The 2011-12 Executive Budget continues the State's commitment to preserve and maintain SUNY's educational facilities infrastructure by appropriating the fourth of five annual \$550 million installments for critical maintenance, which will enable the University to focus on various needs including:

- Preservation and rehabilitation needs;
- Remediation of code violations;
- The meeting of accreditation standards;
- Access for the disabled; and
- Preserving the integrity of SUNY's capital plan.

The 2011-12 Executive Budget also includes \$31.5 million for the State's 50 percent share of capital funding for community college campuses that have secured local sponsor support for their respective capital projects. In addition, the 2011-12 Executive Budget provides \$421 million for SUNY's residence hall capital program, which is supported from revenue generated from room rental fees.

For 2011-12, SUNY contract commitments are expected to reach over \$940 million. This reflects activity levels consistent with the awarding of construction contracts for State-operated educational facilities and hospitals as well as the State's 50 percent share to match local sponsor support for community colleges. Total disbursements for the State-operated campuses, community colleges, and SUNY hospitals are estimated to be \$1.0 billion in 2011-12, and are expected to decrease to \$952 million in 2015-16.

CITY UNIVERSITY OF NEW YORK

The City University of New York is the nation's largest urban public university. Its physical plant is comprised of 11 senior colleges, 6 community colleges, a graduate center, graduate school of journalism, law school and Central Administration. CUNY serves approximately 263,000 full-time and part-time students in nearly 26 million gross square feet of leased and owned space.

CUNY's capital planning process begins with the development of a facility master plan for each campus, which details existing and anticipated facilities necessary to accommodate projected campus enrollment needs. The facility master plans provide the framework for development of the University's capital budget request.

CUNY's rehabilitation projects are identified through building condition surveys, conducted jointly by DASNY and CUNY. New construction projects generally reflect the CUNY Board of Trustees' policy to replace leased and temporary facilities with new, University-owned structures.

AGENCY CAPITAL PROGRAM PLANS

Major projects at CUNY senior and community colleges are supported through bonds issued by DASNY. The State pays the full debt service on senior college projects, while the debt service for community colleges is shared with the City of New York. Minor rehabilitation projects for health and safety and preservation purposes are primarily supported by State General Fund appropriations.

The 2011-12 Executive Budget includes the fourth of five annual \$284 million appropriations for projects encompassing critical maintenance, health and safety, preservation and handicapped access projects as the plan's main components. The Executive Budget also includes \$31.2 million for community college capital projects that have received funding from the City of New York. Furthermore, the 2011-12 Executive Budget includes \$21 million in appropriation authority to account for operating expenses at DASNY, for services rendered in association with CUNY's capital plan. This spending is added in conjunction with an equal reduction to the State's general debt service appropriation -- from which the operating costs had been previously expended.

For 2011-12 contract commitments are projected to reach \$464 million, reflecting the awarding of construction contracts for CUNY facilities. Total disbursements for the senior and community colleges are expected to be \$469 million in 2011-12, and are anticipated to increase to \$525 million in 2015-16.

HIGHER EDUCATION FACILITIES CAPITAL MATCHING GRANTS PROGRAM

The 2005-06 Budget included a new \$150 million higher education facilities capital matching grant program for private colleges in New York. Under this program, \$150 million will be awarded to private colleges based on enrollment and relative student financial need as measured by total awards provided through the Tuition Assistance Program. This program generally requires a three-to-one (non-State-to-State) match by institutions.

Under this program, grants are awarded by the Higher Education Capital Matching Grant Board consisting of three members (one appointed directly by the Governor with the remaining members appointed upon the recommendation of the President of the Senate and the Speaker of the Assembly) serving one year terms. Grants may be used for the design, construction or acquisition of new facilities, rehabilitation and repair of existing facilities or for any projects for targeted priorities including economic development/high technology (including wet labs), critical academic facilities and urban renewal/historic preservation. To date, 123 capital projects have been approved, generating over \$126 million in capital matching grants from the State.

This program, once fully implemented, will leverage over \$450 million in external funds to match the State's \$150 million investment, thereby providing for a combined capital program totaling \$600 million. The State's share of the program will be financed through the issuance of bonds.

The 2011-12 Executive Budget continues \$150 million in reappropriation authority for both approved grants and those yet to be determined by the Board and extends the program to allow for full implementation.

STATE EDUCATION DEPARTMENT

SED's capital construction plan focuses on the operation of 24 State-owned buildings, including: the Batavia School for the Blind; the Rome School for the Deaf; three Native American schools located on the Onondaga, St. Regis and Tuscarora reservations; the Education Building Annex; the Cultural Education Center (which houses the State Museum, State Library and State Archives); and the New York State Records Center.

SED's 2011-12 Capital Plan includes a \$3 million hard-dollar appropriation for various minor rehabilitation projects to maintain SED's facilities in a safe operating condition. SED will use these funds for various health and safety and critical infrastructure projects at the 24 State-owned buildings. In addition, the Plan includes a \$14 million bonded appropriation for public library construction grants. This program provides up to 50 percent of the cost of acquisition, repair, and construction at public libraries, including roof repair and bathroom renovations.

For the fiscal year 2011-12, the total projected level of contract commitments is \$40 million. This includes projects funded with prior-year appropriations. This Capital Plan will enable SED to maintain and preserve existing facilities, and protect the health and safety of staff, students and the general public.

The Capital Plan continues to show the spending associated with the EXCEL program. The bond proceeds for this program are administered by DASNY.

PUBLIC PROTECTION

DEPARTMENT OF CORRECTIONAL SERVICES

The primary focus of the 2011-12 capital projects recommendation for the Department is to preserve and maintain the State's existing prison infrastructure which is comprised of 65 correctional facilities, two facilities for parole violators and two separate support buildings. The capital program ensures that all housing, medical, program, and support capacity remains functional, safe, and secure.

To meet the future needs of the prison system, the Department's capital program includes new appropriations of \$1.63 billion over the next five years, and \$655.3 million in reappropriations. Due to the current economic climate, only the most critical maintenance projects, projects related to legislative mandates and projects resulting in cost savings will move forward.

Construction on a 63,000 square foot centralized pharmacy dispensing center, that will serve 35 correctional facilities and result in operational savings, is scheduled to be completed in 2011-12. The Department is also continuing the installation of closed circuit television cameras throughout women's facilities as required by the Federal Prison Rape Elimination Act.

Energy conservation projects will continue to be a major focus during the 2011-12 fiscal year. These projects include upgrades to heating and lighting systems, water conservation measures, more energy efficient windows and insulation, and various other upgrades. The

AGENCY CAPITAL PROGRAM PLANS

Department is also undertaking various other energy efficiency projects statewide, including window replacements, siding replacements, upgrades to heating systems, and electronic water controls.

Over the last six years, the Department, in cooperation with OMH, has been enhancing mental health services and expanding mental health treatment capacity within the prison system to comply with legislative mandates and legal settlements. A 100-bed RMHU at the Marcy correctional facility opened in 2009, and an RMHU at Five Points correctional facility is currently under construction.

The Capital Asset Maintenance Plan is designed to preserve the useful life of the prison infrastructure. In evaluating assets, the Department has established a rating system to identify the condition of its physical plant, as a tool for prioritizing essential rehabilitation projects. The following table identifies the capital asset group, age and condition of the Department's assets:

<u>Capital Asset Group</u>	<u>Age Range</u>	<u>Condition</u>			<u>Total</u>
		<u>Good</u>	<u>Fair</u>	<u>Poor</u>	
Minimum Security	18 to 105 years	8	3	1	12
Medium Security	19 to 121 years	20	17	0	37
Maximum Security	10 to 193 years	5	12	0	17
Support	75 to 90 years	1	1	0	2
Total		34	33	1	68

DIVISION OF STATE POLICE

The mission of DSP, the only full-service law enforcement agency with statewide jurisdiction, is to serve, protect, and defend the people of the State of New York. DSP operates from more than 200 facilities across the State consisting of Troop Headquarters, Zone Headquarters, and stations, which serve as hubs for the operations of State Police uniformed, investigative and civilian staff. DSP central command and the agency's administrative functions are housed at Division Headquarters in Albany. Agency activities are also conducted at specialized facilities such as the State Police Training Academy and the Forensic Investigation Center.

The Five-Year Capital Plan includes approximately \$176 million in total new appropriations and reappropriations, and nearly \$126 million in projected disbursements for DSP. A significant portion of the projected disbursements will be for construction of a Troop G Headquarters, for which appropriations have already been made. The plan supports continued improvements at Troop Headquarters to accommodate the consolidation of dispatch operations from multiple sites into a single site in each region, for on-going construction of evidence storage facilities at various Troop Headquarters, and for environmental remediation of contaminated facilities.

AGENCY CAPITAL PROGRAM PLANS

The DSP Capital Plan focuses on the maintenance and improvement of the Division’s State-owned facilities, ensuring that agency employees are provided with an environment which facilitates the safe and effective performance of their duties. Continued maintenance efforts have extended the useful life of these facilities, the conditions of which are detailed in the following table:

<u>Capital Asset Group</u>	<u>Age Range</u>	<u>Condition</u>			<u>Total</u>
		<u>Good</u>	<u>Fair</u>	<u>Poor</u>	
Forensic Investigation Center	12 years	0	1	0	1
Troop Headquarters	30 to 50 years	4	4	1	9
Zone Headquarters	36 to 59 years	0	2	1	3
Stations	11 to 40 years	2	0	1	3
Satellite Station	50 years	0	1	0	1
Civil Defense Bunker	50 years	0	0	1	1
Total		6	8	4	18

DIVISION OF MILITARY AND NAVAL AFFAIRS

DMNA operates more than 5.4 million square feet of facilities on behalf of the New York National Guard. Of this total, 3.3 million square feet supports the stationing of New York National Guard units in armories and readiness centers while another 2.1 million square feet supports the maintenance, supply and logistical requirements of the assigned units.

The highlight of the Division’s Capital Plan is the continuation of the Federal Military Construction Program. Under this program, the Federal government funds between 75 and 100 percent of the cost of replacing or expanding National Guard armories and equipment maintenance facilities across New York State. The Division received \$7 million in ARRA Sustainment, Restoration and Modernization funding for seven projects located throughout the State and will conclude that initiative in 2011-12. In 2011-12, DMNA will also initiate design of a 100 percent federally funded equipment maintenance and repair facility located in the Hudson Valley Region (at an estimated cost of \$32 million), as well as a 75 percent federally funded total rehabilitation of the historic 369th Regimental Armory (at an estimated cost of \$35 million). Finally, DMNA will pursue up to \$4 million in Federal funding for minor military construction projects, including an aviation fuel facility in Rochester and a helicopter runway modernization project in Ronkonkoma.

The Division’s traditional capital program will continue its emphasis on maintenance and repair programs, technology upgrades, and energy efficiency projects. Approximately \$3 million in eligible capital projects will again be supported with bond proceeds.

AGENCY CAPITAL PROGRAM PLANS

DIVISION OF HOMELAND SECURITY AND EMERGENCY SERVICES

The 2011-12 Executive Budget includes \$37 million in capital re-appropriations to support the continued improvement and expansion of the SPTC site in Oriskany. The former Office of Homeland Security established the SPTC in 2006 at the site of the former Oneida County Airport and operates it under a lease agreement with Oneida County. The training center complex currently consists of 6 buildings on 720 acres of real property, and provides training and support to State and local first responder agencies. The SPTC is one of only two training centers in New York State that is accredited by the Commission on Accreditation for Law Enforcement Agencies.

The multi-year development plan for the SPTC provides for: the continued construction and renovation of classrooms and instructional spaces in existing buildings; rehabilitation of the facility's front entrance, roadways and parking lots; upgrades and improvements to the existing Emergency Vehicle Operations Course on and around the former airport runways; and the design and construction of new "Cityscape" Simulation and Weapons Training complexes. When fully operational, this training center will be a centrally located, state-of-the-art training facility that serves and strengthens the capabilities of State and local law enforcement, fire services, emergency medical services, and emergency management operations.

MENTAL HYGIENE

The Department of Mental Hygiene capital program is administered through the three agencies within the Department – OMH, OPWDD, and OASAS.

Capital projects for all mental hygiene agencies are supported by the General Fund and bonds issued by the DASNY, although OPWDD’s non-profit sector primarily accesses private financing for its development purposes. These financing mechanisms support the maintenance and rehabilitation of facilities operated by both the State and not-for-profit agencies, as well as the development of new community services.

OFFICE OF MENTAL HEALTH

OMH provides high quality services to an inpatient population of approximately 4,900 persons on campuses consisting of adult, children and youth, forensic and research facilities. In addition, the Agency helps fund the capital construction of hundreds of community residential sites, various mental health-related general hospital projects, including psychiatric inpatient and specialized emergency rooms, and a number of non-residential community programs.

State Operations

In support of OMH’s mission, the Five-Year Capital Plan includes a total of \$1.1 billion in new and future appropriations and \$1.6 billion in disbursements for OMH State-operated institutions that will continue to fund projects necessary to meet health and life safety codes, Joint Commission accreditation standards, current Federal Medicaid certification requirements, and other projects that remediate environmental deficiencies, improve energy efficiency, preserve long-term facilities and consolidate campus facilities.

New 2011-12 appropriations of \$208 million, reappropriations of \$1.2 billion and \$321 million in disbursements for OMH State-operated institutions support essential rehabilitation projects that preserve patient and staff health and safety, and ensure compliance with facility accreditation standards.

OMH’s capital maintenance plan ensures that the investments in the OMH infrastructure are preserved, both to realize maximum useful building life and to prevent costly repairs in the future. A recent assessment report identifies OMH’s capital assets by group, age, and condition:

<u>Capital Asset Group</u>	<u>Age Range</u>	<u>Condition</u>			<u>Total</u>
		<u>Good</u>	<u>Fair</u>	<u>Poor</u>	
Residential/Hospital Buildings	1 to 100+ years	70	39	1	110
Psychiatric Rehabilitation Buildings	1 to 100+ years	38	37	7	82
Administrative Support Buildings	1 to 100+ years	139	90	12	241
	Total	247	166	20	433*

*Excludes 658 leased, sold, proposed or demolished buildings; as well as 166 vacant buildings.

AGENCY CAPITAL PROGRAM PLANS

Aid to Localities

For OMH community programs, the Five-Year Capital Plan includes \$63 million in new and future appropriations and \$500 million in disbursements to support ongoing development. New 2011-12 appropriations of \$13 million and reappropriations of \$758 million will make funds available for the completion of nearly 9,000 residential beds currently under development, for the preservation and maintenance of the community infrastructure, a total of \$57 million in disbursements, including \$6 million financed from the General Fund, is recommended for 2011-12. Additionally, certain community residential pipeline beds will be converted to lower cost alternatives, thereby reducing aid to localities bonded projects by \$20 million.

OFFICE FOR PEOPLE WITH DEVELOPMENTAL DISABILITIES

OPWDD offers services in a variety of settings, ranging from homes and small facilities to campus-based centers. The Five-Year Capital Plan for OPWDD focuses on serving individuals in the most appropriate settings and keeping all programs safe for both individuals and staff.

In support of this goal, the Capital Plan recommends a total of approximately \$834 million in new and future appropriations, and over \$631 million in disbursements over the five-year period. For 2011-12, the Capital Plan recommends new appropriations of some \$152 million and reappropriations of \$380 million, as well as disbursements of approximately \$119 million to fund the following:

- Prior year investments to expand available community residential opportunities to support the deinstitutionalization of individuals residing in Developmental Centers;
- Projects necessary to maintain health and safety standards for new and existing facilities, including those related to improving fire safety systems, as well as to ensure conformance with all Federal and State certification standards;
- Minor rehabilitation projects for existing State- and voluntary-operated community facilities;
- Environmental modifications to existing State- and voluntary-operated residential and day program space to improve accessibility for individuals with disabilities; and,
- Improvements to centers serving special populations in need of intensive treatment.

AGENCY CAPITAL PROGRAM PLANS

The majority of the OPWDD Capital Plan (89 percent) is dedicated to ensuring both quality care for individuals in State facilities, as well as continued Federal certification of those programs. The remainder of the plan supports similar activities in the not-for-profit sector. Based on a recent assessment of OPWDD facilities by DASNY and agency staff, the following table identifies the capital asset group, age, and condition of OPWDD assets:

<u>Capital Asset Group</u>	<u>Age Range</u>	<u>Condition</u>			<u>Total</u>
		<u>Good</u>	<u>Fair</u>	<u>Poor</u>	
Institutional	1 to 75 years	80	177	98*	355
Community	1 to 55 years	1,008	53**	0	1,106
	Total	1,088	230	98	1,416

*89 buildings are vacant and classified as programmatically obsolete, meaning they are not scheduled for short- or long-term use.

**According to agency estimates, at any point in time approximately 5 percent of State-operated community homes require minor maintenance work and are, therefore, rated as fair.

The Capital Plan for OPWDD will be financed through a mix of current resources and bond proceeds. Over the five years, 39 percent of the Plan will be financed with Capital Projects Fund appropriations. It should be noted, however, that bonded appropriations do not generally support community development activities of not-for-profit providers or NYS-CARES. The majority of not-for-profit community development is accomplished through private financing rather than the use of State-supported bonds.

OFFICE OF ALCOHOLISM AND SUBSTANCE ABUSE SERVICES

OASAS supports a network of providers offering a continuum of services to treat and prevent chemical dependency and problem gambling. While the majority of this system is operated by voluntary not-for-profit organizations, the State operates institutional facilities known as ATCs.

The Five-Year Capital Plan recommends a total of nearly \$492 million in new and future appropriations and over \$591 million in disbursements over the next five years to support projects throughout the system, including new capital development for such high priority populations as adolescents, chemically dependent women with children and veterans. However, the vast majority of projects focus primarily on ensuring the health and safety of the system's clients, and the preservation of both State and not-for-profit facilities.

For 2011-12, the Capital Plan includes almost \$98 million in total new appropriations, more than \$456 million in reappropriations, and over \$61 million in disbursements to:

- Further renovate and maintain approximately 450 residential and community-based programs that have aging physical plants;
- Fund critical maintenance projects at the State ATCs, including a \$15 million capital renovation project at Kingsboro ATC;
- Support the continued development of 226 pipeline community beds primarily for high priority populations including adolescents, women with children, and veterans; and

AGENCY CAPITAL PROGRAM PLANS

- Continue to develop, over several years, 120 new Community Residential and/or Supportive Living beds outside New York City and Long Island for persons receiving chemical dependence outpatient treatment services.

While OASAS is responsible for all ATC maintenance, all but one are considered fixed assets of other agencies. The following table presents the age and condition of the single OASAS capital asset:

<u>Capital Asset Group</u>	<u>Age Range</u>	<u>Condition</u>		
		<u>Good</u>	<u>Fair</u>	<u>Poor</u>
Kingsboro ATC	10 years			X

GENERAL GOVERNMENT

OFFICE OF GENERAL SERVICES

OGS is responsible for the operation, maintenance, and renovation of 132 buildings located throughout the State. The estimated replacement value of these 132 buildings is more than \$6.2 billion. The 2011-12 Executive Budget emphasizes investments in maintenance and rehabilitation projects aimed at reducing building emergencies and preserving State assets for the future. Projects for 2011-12 include essential utility upgrades at the Empire State Plaza and rehabilitation of the parking facilities at the A.C. Powell State Office Building in New York City and at the Binghamton State Office Building. The Office continues to undertake critical repairs and upgrades including, replacing aging electrical systems and continuing with the statewide initiative to rehabilitate elevators, fire alarm systems and roofs.

Given the current fiscal climate, the Office has decided to suspend certain non-critical improvement projects. OGS has put in place the necessary measures to ensure the safety of State employees and citizens until these projects are resumed and completed. In addition, various sustainability projects have also been suspended.

The Office's preventive maintenance program concentrates on projects intended to maximize the life expectancy of the State's essential capital assets. To accomplish this task, a facility condition assessment system has been developed which assesses the architectural, structural, mechanical, electrical and site components of each facility. This system identifies resource requirements and assures maintenance adequacy, while allowing managers to define, develop and prioritize cost estimates for capital repairs and replacement projects.

The preventive maintenance program is focused on maximizing the useful life of facilities, improving the reliability of systems and equipment, and providing the means for determining equipment management and replacement needs. According to industry standards, the average building is constructed to last a minimum of 40 years, while parking lots can last more than 25 years with routine maintenance. However, many of the assets managed by OGS, such as the State Capitol and the Empire State Plaza, are historically significant structures, and their useful life can be considered indefinite. Over the long-term, maintenance efforts will continue to enhance these facilities by improving their appearance and upgrading their overall conditions as capital assets.

In evaluating the assets in its portfolio, OGS has established the following rating categories: good (shows normal wear and tear), fair (requires considerable maintenance and minor rehabilitation to prevent deterioration), and poor (displays definite deterioration and may have unusable portions). According to the most recent assessment of assets, 37 percent of the Office's buildings are rated in good condition, indicating success in the areas of preventive maintenance and capital improvement, while 44 percent are rated in fair condition. There are 26 sites now rated as poor. The average age of office and support buildings is 38 years.

AGENCY CAPITAL PROGRAM PLANS

The following table identifies the capital asset group, age and condition of the Office's assets.

<u>Capital Asset Group</u>	<u>Age Range</u>	<u>Condition</u>			<u>Total</u>
		<u>Good</u>	<u>Fair</u>	<u>Poor</u>	
Empire State Plaza and Downtown Operations	To 120 years	9	27	3	39
Upstate and Campus Region	To 70 years	10	20	20	50
Lease/Purchase	To 50 years	5	1	0	6
Downstate Region	To 70 years	3	5	3	11
Parking Services	To 40 years	22	4	0	26
Total		49	57	26	132

DEPARTMENT OF STATE

The 2011-12 Executive Budget recommends \$3 million in capital reappropriations related to the identification of Brownfield Opportunity Areas and the development of plans associated with their economic revitalization.

OFFICE FOR TECHNOLOGY

The 2011-12 Executive Budget includes a \$1.1 million reappropriation to complete a prior program supporting the expansion of broadband in New York. No further broadband appropriations are proposed for the Office of Technology. The reappropriation of \$99.1 million funding for a statewide data center is continued.

OTHER

JUDICIARY

The 2011-12 Judiciary plan continues to make substantial investments in court facilities from \$59 million in reappropriations. The plan reflects an estimate of \$16 million in spending in 2011-12, for ongoing renovations to the Court of Appeals Centennial Hall Annex in Albany and the design and construction of a court officer training facility in Brooklyn. The training facility will replace the Judiciary's inadequate facility in lower Manhattan and reduce travel and lodging expenses by providing housing for court officer recruits. The Brooklyn court officer training facility project is funded by authority bonds issued by DASNY.

WORLD TRADE CENTER

The 2011-12 World Trade Center budget includes Federal reappropriations of \$295 million to reconstruct Route 9A and otherwise facilitate the continuation of New York State and New York City efforts to revitalize the World Trade Center property and lower Manhattan.

STATEWIDE EQUIPMENT

Statewide equipment represents spending for major equipment purchases and information systems research, development, and upgrades across all State agencies.

ROOSEVELT ISLAND OPERATING CORPORATION

The RIOC was created by the New York State Legislature in 1984. Its mandate is to manage, develop and operate the 147 acre Roosevelt Island, located in New York City's East River, in the borough of Manhattan.

RIOC has promoted the development of a mixed-use, residential and commercial community that is home to more than 12,000 residents. The island has six historic landmarks, several parks, sports facilities, an aerial tramway, playgrounds and a waterfront promenade.

RIOC continues to develop and maintain utilities, public promenades and commercial opportunities on the island to support private development. The RIOC Board of Directors recently approved the planning and design of the Franklin Delano Roosevelt Four Freedoms Park to be located at the southernmost tip of Roosevelt Island and to be supported by funding from the State, New York City and the Franklin and Eleanor Roosevelt Institute. The 2009-10 Budget included \$4 million as the State's commitment to phase one of this effort. The 2011-12 Executive Budget reflects a reappropriation of \$1 million.

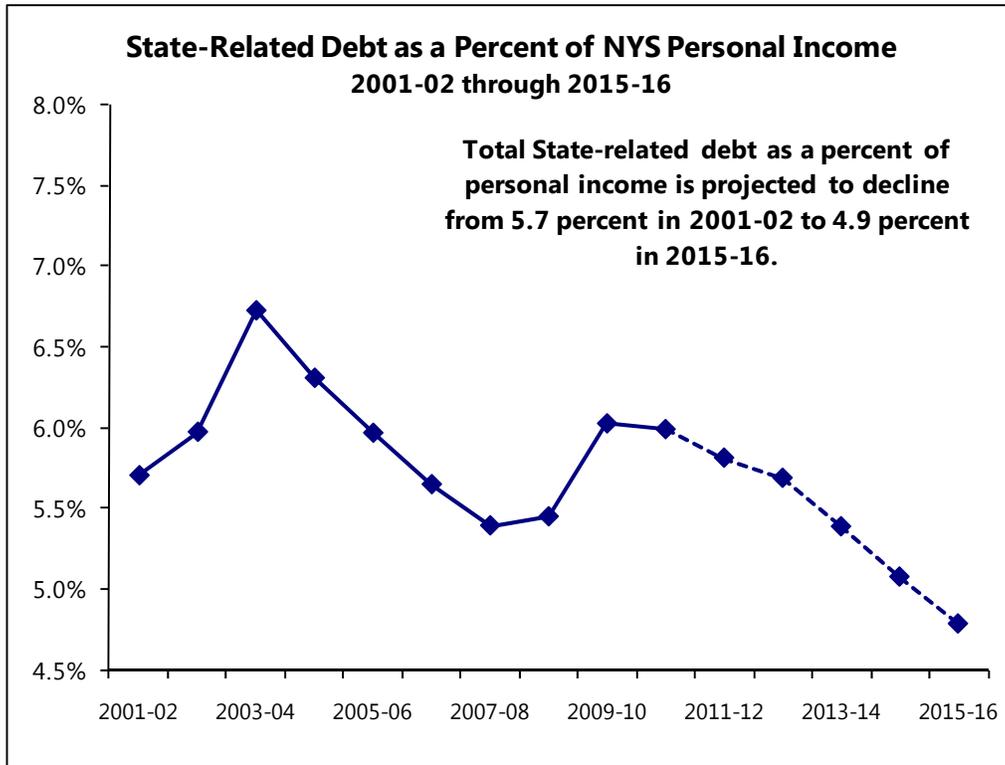

DEBT AFFORDABILITY

DEBT AFFORDABILITY

State debt levels, as measured by common benchmarks, are summarized below. All measures reflect the total level of State-related debt issued for all State purposes as described in the “Introduction” section of this Plan. The projections do not include the potential impact of new bonded capital commitments that may be approved in future years.

STATE DEBT AS A PERCENT OF PERSONAL INCOME

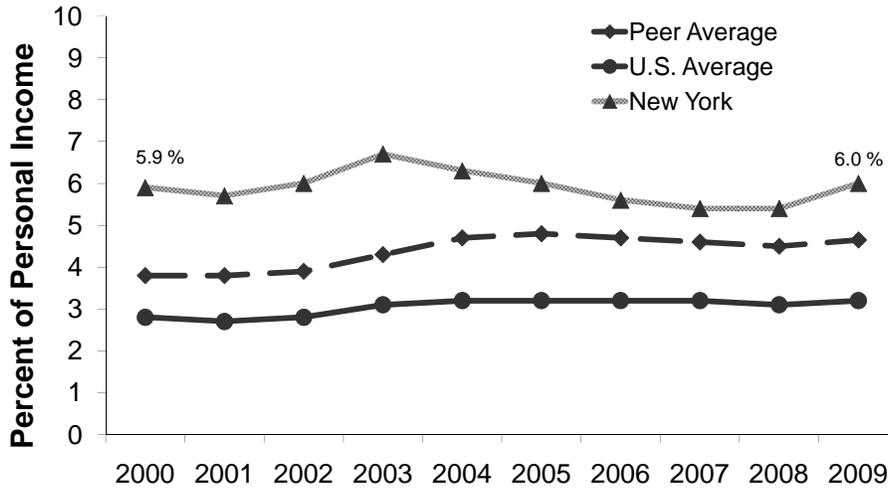

The State debt projections from 2010-11 to 2015-16 reflect a 0.6 percent average annual increase in debt levels and a 4.8 percent average annual increase in statewide personal income. As a result, debt as a percentage of personal income is expected to decline over the five-year Plan period, settling at 4.9 percent in 2015-16.

Over a longer time horizon, State-related debt outstanding as a percentage of personal income is projected to drop from 5.7 percent in 2001-02 to 4.9 percent in 2015-16, not including the potential impact of future bonded capital commitments. For a two-year period, State-related debt outstanding spiked as the State issued \$4.6 billion in tobacco bonds to help close deficits in 2002-03 and 2003-04.

DEBT AFFORDABILITY

New York's Debt as a Percent of Personal Income Compared to Other States

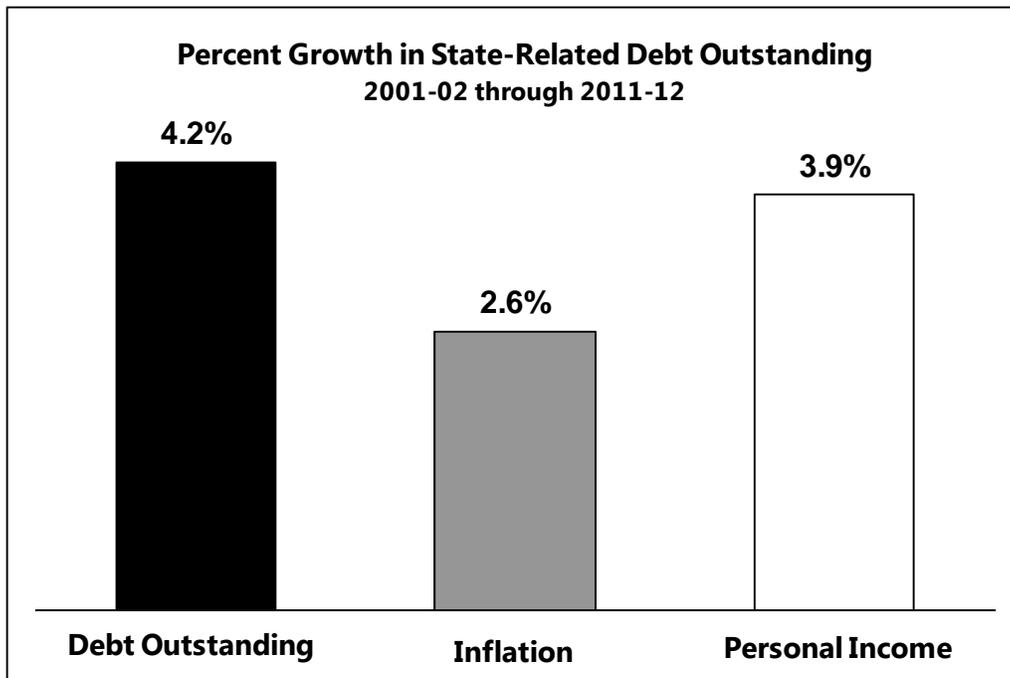

Note: Data points represent debt at the calendar year-end as a percent of the previous year's personal income.

Source: Moody's Investors Service, Inc. for peer states.

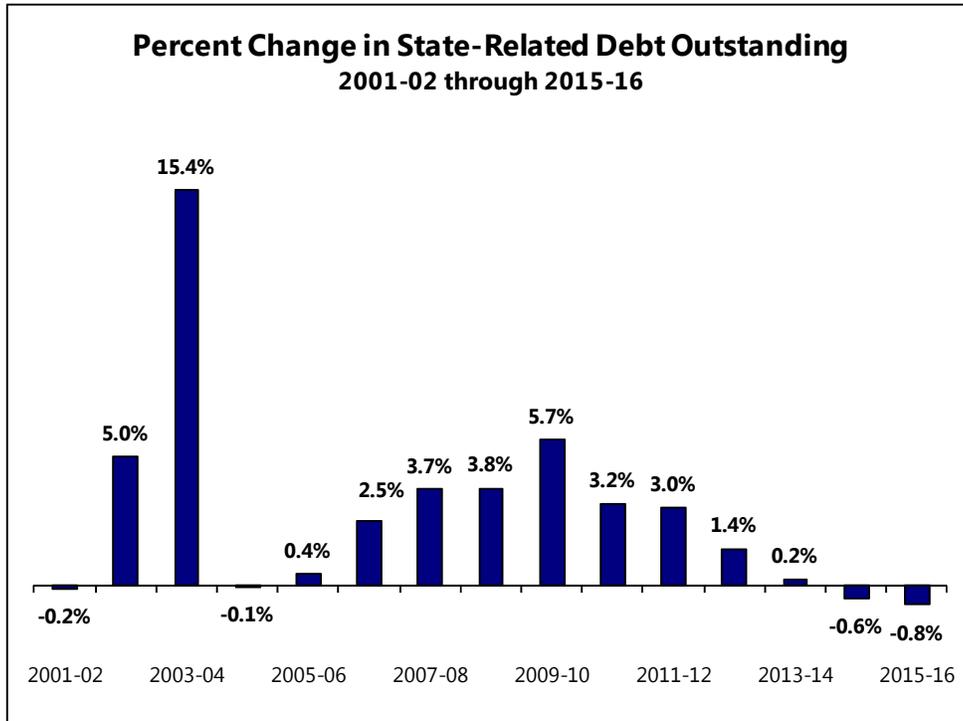

Peer states include: MA, CA, NJ, IL, FL, PA, OH, MI, TX, CT.

STATE DEBT OUTSTANDING

The 4.2 percent average growth in State-related debt from 2001-02 to 2011-12 is greater than the average annual growth in inflation and personal income.

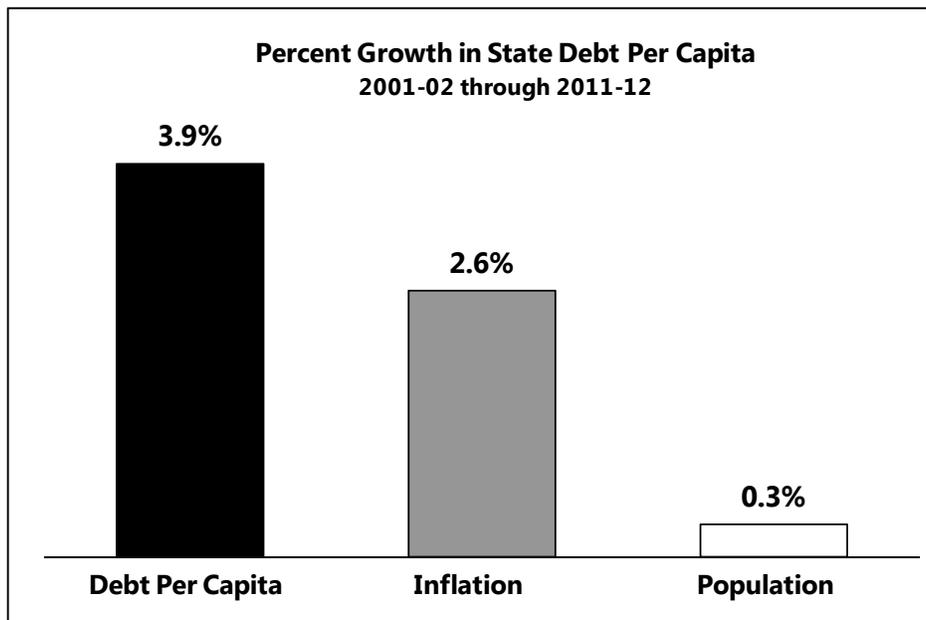

The above-average increase in State debt in 2002-03 and 2003-04 as shown in the following chart is related primarily to the issuance of tobacco bonds. The overall average increase from 2001-02 to 2015-16 (including tobacco bonds) is 3.0 percent.

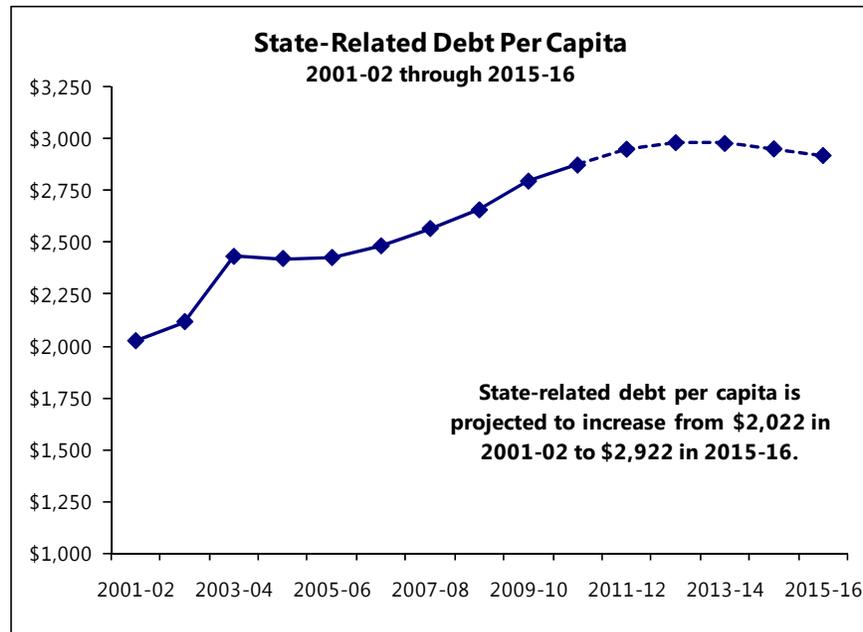

STATE DEBT PER CAPITA

The average annual growth in debt per capita is greater than the growth in inflation over the past ten years, but less in the growth in State revenues.

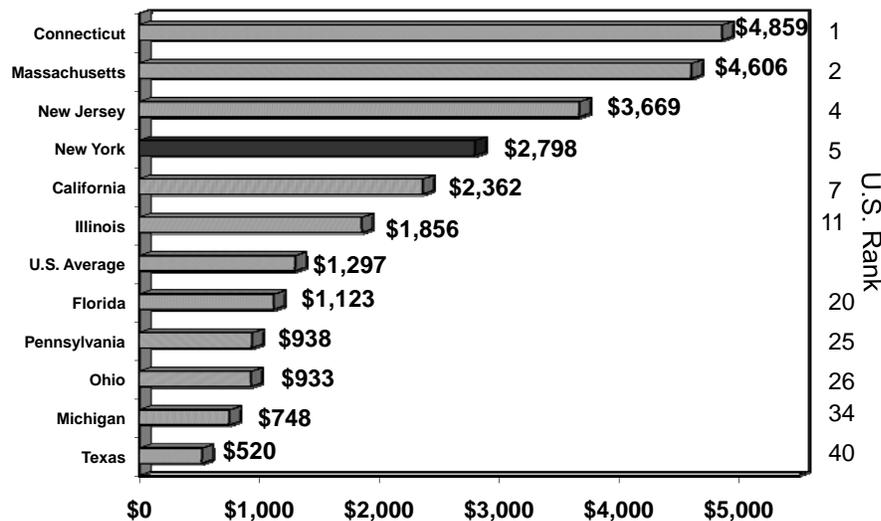

DEBT AFFORDABILITY

State-related debt per capita is projected to increase from \$2,022 in 2001-02 to \$2,922 in 2015-16, an average annual increase of 2.7 percent. The State's population of 19.6 million is projected to grow slightly over the Plan period. Thus, the projected increase over the Capital Plan period results primarily from the issuance of new debt to fund new State capital projects.

2009 Total Per Capita State Debt New York and Peer State Rankings

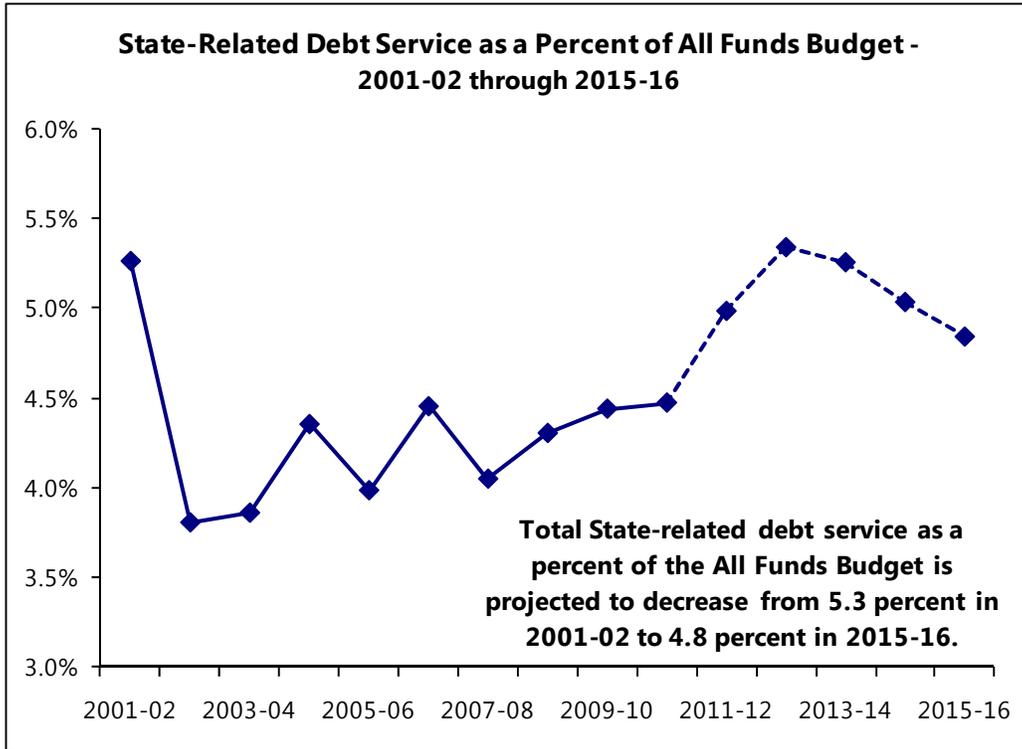

Source: Moody's Investors Service, Inc. for peer states.

As shown in the previous chart, New York's debt per capita in 2009 of \$2,798 ranked fifth highest in the nation. Connecticut, Massachusetts, Hawaii and New Jersey have higher debt per capita ratios than New York.

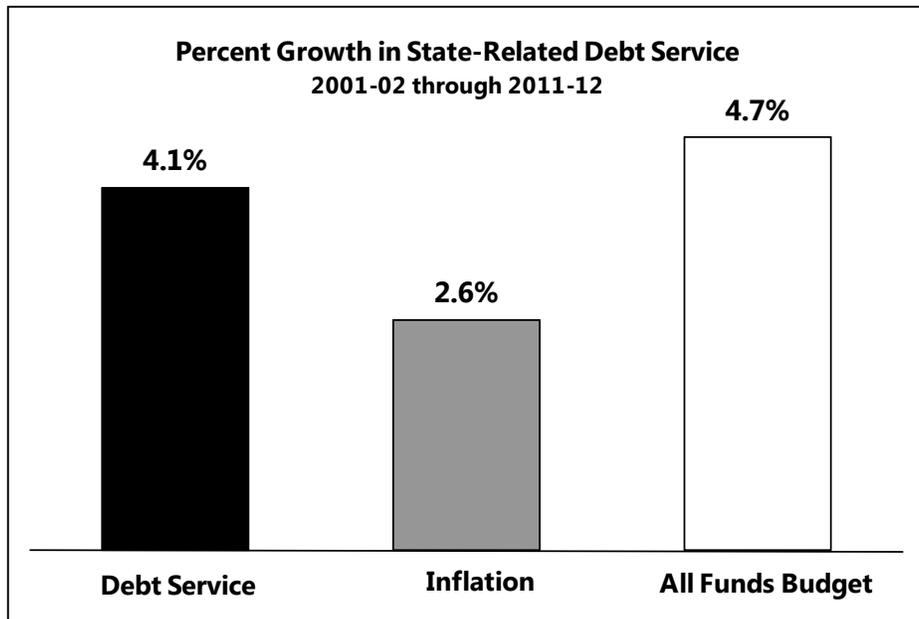

DEBT SERVICE

From 2010-11 through 2015-16, debt service costs are projected to increase by an average of 3.7 percent annually, while All Funds receipts are projected to grow by 2.1 percent annually. Thus, debt service costs are projected to grow to about 4.8 percent of the All Funds budget.

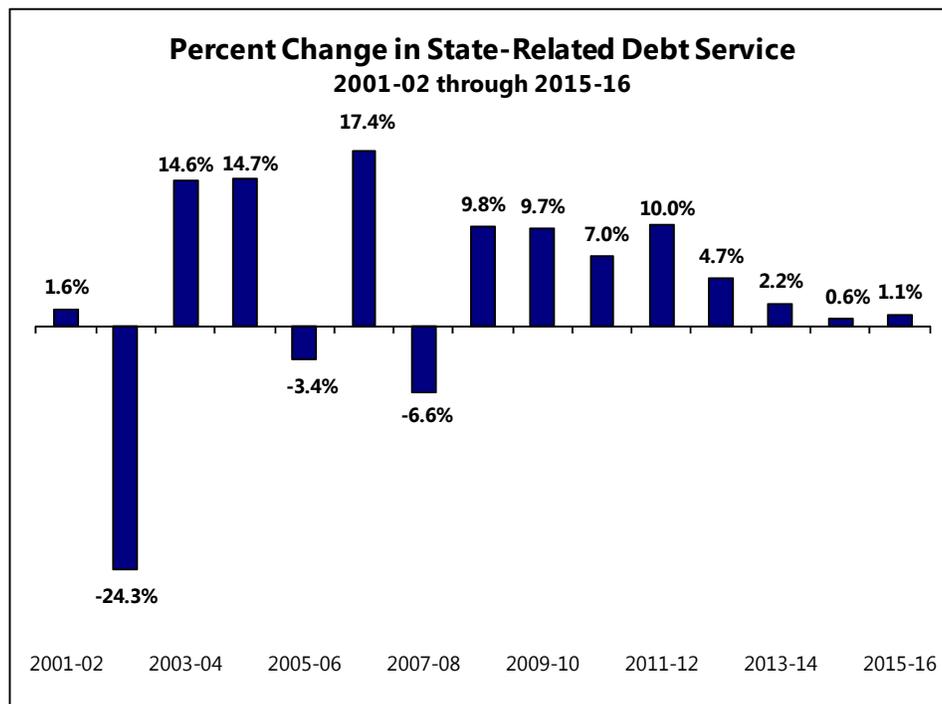

State-related debt service as a percentage of the All Funds Budget is projected to decrease from 5.3 percent in 2001-02 to 4.8 percent at the end of 2015-16. The sharp decline in 2002-03 and 2003-04 resulted from two factors: (i) the use of \$1 billion in surplus moneys to refund high-cost debt which artificially increased debt service costs in the prior years and (ii) a series of refundings which took advantage of historically low interest rates. Due to the post-September 11 State deficits, most of the refundings were structured to provide maximum debt service savings over a three-to-five-year period. Beginning in 2004-05, debt service costs rise again, due primarily to the end of the aforementioned refinancing savings, the restructuring of the Dedicated Highway Program, the issuance of tobacco bonds with a relatively short expected amortization period of 16 years, the onset of the Transportation Bond Act of 2005, and bond-financed economic development projects. In addition, the current economic downturn has weakened the growth of State receipts.

DEBT AFFORDABILITY

The 4.1 percent average annual rate of growth in debt service from 2001-02 through 2011-12 is higher than inflation of 2.6 percent, but lower than the 4.7 percent growth in State revenue (after tax cuts) during that same time period.

Debt service growth is projected to average roughly 2.2 percent in the forecast period due to fewer refunding opportunities, the Dedicated Highway debt restructuring, continued support for education and economic development capital programs, and continued implementation of the Transportation Bond Act of 2005.

The following table provides the detailed data to support previous graphs.

DETAILED DATA

DETAILED DATA

STATUTORY DEBT LIMITATIONS

THE DEBT REFORM ACT OF 2000

The Debt Reform Act of 2000 restricts debt to capital purposes only, and imposed phased-in caps that limit new debt outstanding to 4 percent of personal income and new debt service costs to 5 percent of total governmental funds receipts. The limits apply to all new State-supported debt issued on and after April 1, 2000. The cap on debt outstanding was fully phased-in during 2010-11, while the cap on debt service costs will be fully phased-in during 2013-14.

Current projections estimate that debt outstanding and debt service costs will continue to remain below the limits imposed by the Act throughout the next several years. However, the State is continuing through a period of declining debt capacity. Available cap room, in regards to debt outstanding, is expected to decline from 0.44 percent (\$4.1 billion) in 2010-11 to only 0.07 percent (\$734 million) in 2012-13, a decrease of 82 percent or \$3.4 billion.

DETAILED DATA

INTEREST RATE EXCHANGE AGREEMENTS AND VARIABLE RATE EXPOSURE

Article 5-D of the State Finance Law authorizes the use of a limited amount of variable rate obligations and interest rate exchange agreements (“swaps”). The statute was implemented as a debt management tool to lower debt service costs, diversify the State’s debt portfolio and to better match variable rate debt exposure to variable rate earnings on the State’s short-term investments. Issuers of State-supported bonds (“Authorized Issuers”) may enter into variable rate debt instruments that result in a maximum net variable rate exposure of 20 percent of State-supported debt. Issuers may also enter into interest rate exchange agreements in a total notional amount that does not exceed 20 percent of State-supported debt, subject to various criteria established in the statute to reduce risk.

INTEREST RATE EXCHANGE AGREEMENTS (SWAPS)

The following table shows the amount of outstanding interest rate exchange agreements which are subject to the statutory cap. Overall, the State’s swap exposure is expected to decline from 4.3 percent in 2010-11 to 3.6 percent in 2015-16.

	Interest Rate Exchange Caps (millions of dollars)					
	2010-11	2011-12	2012-13	2013-14	2014-15	2015-16
Interest Rate Exchange Cap	10,479	10,896	11,139	11,245	11,266	11,262
Notional Amounts of Interest Rate Exchange Agreements	2,253	2,248	2,234	2,202	2,115	2,008
Percent of Interest Rate Exchange Agreements to Debt Outstanding	4.3%	4.1%	4.0%	3.9%	3.8%	3.6%

Given the current dislocations in the underlying variable rate markets and recent experience with the existing portfolio of swaps, the State has no plans to increase its swap exposure, and may take further actions to reduce swap exposures commensurate with variable rate restructuring efforts.

VARIABLE RATE EXPOSURE

The State’s net variable rate exposure (including a policy reserve) is projected to average 3.5 percent of outstanding debt from 2010-11 through 2015-16. The State has no plans to issue additional variable rate debt at this time, and expects to reduce existing variable rate exposure. In addition, the State will continue to evaluate potential structures for convertible bonds approaching in 2012 and 2013.

DETAILED DATA

	Variable Rate Exposure (millions of dollars)					
	2010-11	2011-12	2012-13	2013-14	2014-15	2015-16
Variable Rate Exposure Cap	10,479	10,896	11,139	11,245	11,266	11,262
Current Unhedged Variable Rate Obligations	465	445	426	405	384	361
Convertible Bonds	0	0	979	1,238	1,196	1,147
Synthetic Variable Rate Swaps	0	0	0	0	0	0
Total Net Variable Rate Exposure	465	445	1,405	1,643	1,579	1,508
Net Variable Rate Exposure to Debt Outstanding	0.9%	0.8%	2.5%	2.9%	2.8%	2.7%
Current Policy Reserve for LIBOR Swaps	789	787	782	771	740	703
Net Variable Rate Exposure (with Policy Reserve)	1,253	1,232	2,186	2,414	2,320	2,211
Net Variable Rate Exposure (with Policy Reserve) to Debt Outstanding	2.4%	2.3%	3.9%	4.3%	4.1%	3.9%

The State's current policy is to count 35 percent of the notional amount of outstanding 65 percent of LIBOR fixed rate swaps in its variable rate exposure. This policy reserve accounts for the potential that tax policy or market conditions could result in significant differences between payments owed on the bonds and the amount received by the State under its 65 percent of LIBOR swaps, and that the factors affecting such payments can be consistent with variable rate exposure.

DETAILED DATA

BOND AUTHORIZATIONS

Bond caps provide the legal authorizations to issue bonds to finance a portion of the State's Capital Plan. Bond caps can finance a single year's appropriations or can be for multi-year periods. As the bond cap for a particular programmatic purpose is reached, subsequent legislative changes are required to raise the statutory caps to the level necessary to meet the bondable capital needs. A total of \$1.3 billion of increased bond authorizations are included in the 2011-12 Executive Budget. The following table details the bond cap authorizations for all State-supported debt, including legislative actions authorized in the 2011-12 Executive Budget.

DETAILED DATA

STATE DEBT DETAIL

The tables that follow provide a comprehensive listing of all current and projected State debt outstanding, debt service costs, debt retirements, and new debt issuances.

State-related debt levels reported in the tables are cash-basis amounts that are consistent with the GAAP-basis debt levels reported in the CAFR. Thus, it reflects all debt issued by the State (including blended component units) for Government activities and Business-type activities as defined in the CAFR.

The tables do not include debt that is issued by, or on behalf of, local governments that may be funded in part by State local assistance aid payments. However, such debt is reflected in the respective financial statements of the local governments responsible for the issuance of such debt.

**AGENCY SUMMARY AND
DETAIL TABLES**

AGENCY SUMMARY AND DETAIL TABLES

The following tables provide a summary of projected appropriations, commitments and disbursements for each agency on both a comprehensive construction program and capital projects fund basis. Immediately following the agency summary table are detailed projected disbursements for each fiscal year, beginning in 2011-12, by individual appropriation on a comprehensive construction program basis. The disbursements on these tables reflect projected spending from reappropriations and new appropriations effective for State fiscal year 2011-12 and beyond, as well as appropriations anticipated to be recommended in future State fiscal years from 2012-13 through 2015-16. All amounts are in thousands of dollars.

The program totals for these comprehensive construction programs will match these same totals on the agency summary tables which were provided in previous sections of the Plan. For example, the program sub-total of \$104 million for DOT's Aviation program on the reappropriations table for fiscal year 2011-12 in this section provides the components that are included in the summary of the 2011-12 appropriations listed for the Aviation program appropriations on the summary table for DOT in the Detailed Data Section. Similarly, the program sub-total of \$16 million for DOT's Aviation program on the projected disbursements table for fiscal year 2011-12 in this section provides the components that are included in the summary of the disbursements that are listed for the Aviation program appropriations on the summary table for DOT in the Detailed Data Section.

The Enacted reappropriations and appropriations represent the estimated costs for the various agencies and the respective comprehensive construction programs. Each of the reappropriations, new appropriations, and future appropriations are identified by a reference number, as required by section 22-c of the State Finance Law. These individual eight-character reference numbers are included at the end of the text for each Executive appropriation, and the fifth and sixth characters identify the State fiscal year in which it was originally enacted. Reference numbers for new appropriations for State fiscal year 2011-12 will display the 11 as the fifth and sixth characters.

AGENCY SUMMARY AND DETAIL TABLES

DEDICATED HIGHWAY AND BRIDGE TRUST FUND DETAIL

This section is provided to comply with the requirements of the amendment to Section 22-c of the State Finance Law as added by Chapter 62 of the Laws of 2006 and amended by Chapter 61 of the Laws of 2006 and Chapter 59 of the Laws of 2009.

The following table provides projected receipt, disbursement, and transfer amounts for the DHBTF. Projected spending from this Fund, including the Department of Motor Vehicles, will total \$10.9 billion over the next five fiscal years, which represents over half of the total transportation-related spending for capital projects estimated during that period. Projected negative fund closing balances are caused by temporary timing differences between disbursements and receipts.

AGENCY SUMMARY AND DETAIL TABLES

DEDICATED HIGHWAY AND BRIDGE TRUST FUND PREPARED ON THE CASH BASIS OF ACCOUNTING CAPITAL PROGRAM AND FINANCING PLAN 2009-10 THROUGH 2015-16 (thousands of dollars)							
	Actual 2009-10	Estimated 2010-11	Estimated 2011-12	Estimated 2012-13	Estimated 2013-14	Estimated 2014-15	Estimated 2015-16
Opening Balance	(34,721)	(8,825)	(30,000)	(29,999)	(29,998)	(29,997)	(29,996)
Receipts:

Closing Balance (2)	(8,825)	(30,000)	(29,999)	(29,998)	(29,997)	(29,996)	(29,995)

(1) Transfers from the General Fund are the result of an imbalance in the DHBTF between projected revenues and expenditures.
(2) Projected negative fund closing balances are caused by temporary timing differences between disbursements and receipts.

AGENCY SUMMARY AND DETAIL TABLES

The DHBTF is projected to have a financing gap, or deficit, of \$522 million in 2011-12, and \$588 million in 2012-13. Gaps increase further in the outyears, for a total gap of \$3.1 billion from 2011-12 through 2015-16. This deficit is reflected in the preceding table as being funded by revenues transferred from the General Fund. These projections are based upon estimates of revenues, bond proceeds, transfers, debt service, and program disbursements from the proposed two-year State Transportation Plan, as well as programmatic assumptions for a successor plan. These gap estimates are the result of an imbalance in the DHBTF between projected revenues and expenditures.

The table below provides DHBTF bond coverage ratios for prior periods.

DEDICATED HIGHWAY AND BRIDGE TRUST FUND BOND COVERAGE RATIOS FOR PRIOR PERIODS				
<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>	<u>2009-10</u>	<u>2010-11 (est.)</u>
2.7	2.4	2.3	2.2	2.2

The table below provides recent DHBTF appropriations for debt service.

DEDICATED HIGHWAY AND BRIDGE TRUST FUND DEBT SERVICE APPROPRIATIONS		
<u>Enacted</u> <u>2009-10</u>	<u>Enacted</u> <u>2010-11</u>	<u>Proposed</u> <u>2011-12</u>
\$615,200,000	\$920,200,000	\$960,250,000

Increasing Opportunity for Minority and Women-Owned Business Enterprises

The New York State Department of Transportation's Office of Civil Rights has primary oversight responsibility for all Civil Rights and M/WBE related program functions. This includes oversight of the Department's Purchasing Unit within the Office of Contracts and Accounting. This Office has adopted practices which promote flexibility in choosing those M/WBE firms with which it conducts business. The Purchasing Unit aggressively promotes the use of M/WBE firms by our internal customers for those commodities and services costing less than \$200,000 (the new discretionary limit for purchasing from small businesses without formal competitive process). As part of the outreach process, the Department provides all prospective vendors with an updated version in both paper and electronic form of the publication "How to do Business with the New York State Department of Transportation." Only M/WBEs certified by ESDC's Division of Minority and Women Business Development are used to fulfill goals on 100 percent State-funded projects and/or goods and services.

The Department is one of four agencies in New York that are authorized to certify businesses as DBEs, which is a Federal (USDOT) certification program. The other three certifying agencies are the MTA, NFTA, and PANYNJ. A memorandum of agreement with ESDC has been signed that expedites the review and approval process for DBEs to become certified as M/WBEs.

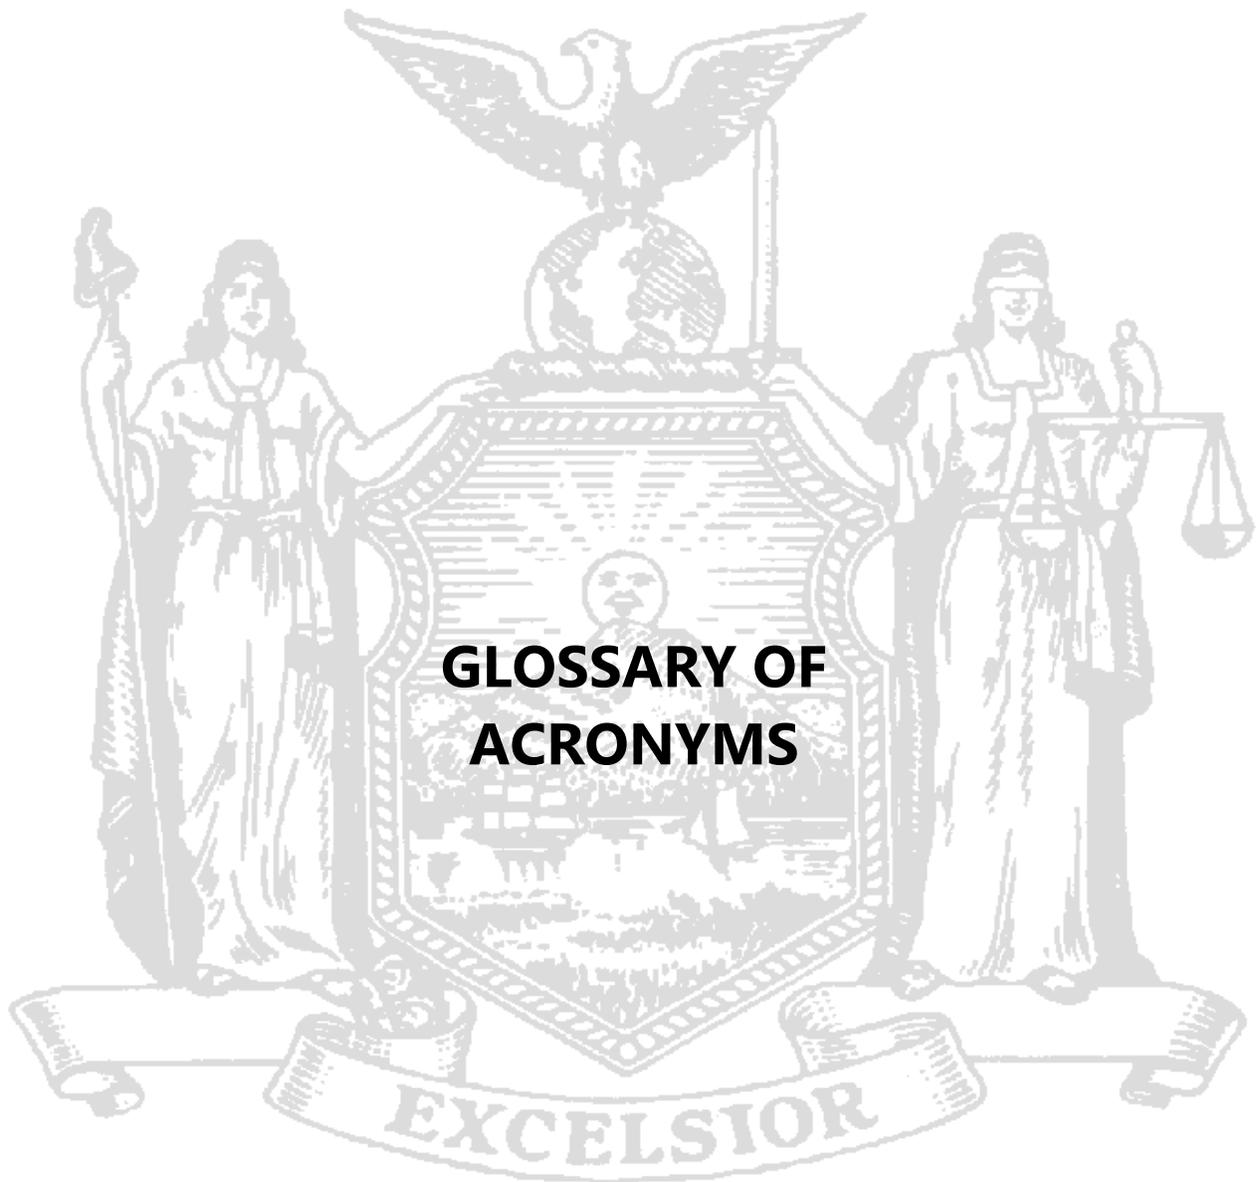

AGENCY SUMMARY AND DETAIL TABLES

The Department establishes annual goals for M/WBE participation for construction contracts, professional service agreements (including civil engineering), and for the procurement of goods and services. The Department reviews these goals and takes appropriate measures to help ensure attainment, including the removal of barriers to participating in NYSDOT contracts. These goals are based on projected opportunities and the availability of certified M/WBEs in relation to the projected areas of opportunity. The Department submits its Annual Goal Plan to the director of the State Division of Minority and Women Business Development.

The Department partners regularly with Federal, State, and local agencies, as well as industry/professional associations and community based organizations to conduct outreach to the M/WBE community regarding contract opportunities and the Department's contracting methods (i.e., lowest responsible bidder, best value, discretionary purchasing, etc.). These organizations include: the Federal Highway Administration, Empire State Development Corporation; the Port Authority of New York and New Jersey; the Association of General Contractors, General Contracting Association, and the Association of Minority Enterprises of New York.

The Office of Civil Rights has conducted, and will continue to conduct, D/M/WBE outreach and business networking events that will focus on upcoming Department contracting opportunities in an effort to encourage and increase D/M/WBE participation. The Department will also continue to implement targeted supportive services to DBEs using Federal funds. Since most DBEs are also certified M/WBEs, these supportive services will benefit firms in both contracting programs. Furthermore, the Department is developing a pilot Mentor/Protégé program as a strategy for DBEs to increase their contracting opportunities.

Additionally, the Department will summarize its program efforts and results to both the Federal Highway Administration and the Empire State Development Corporation in the plans and reports required by those agencies.

**GLOSSARY OF
ACRONYMS**

GLOSSARY OF ACRONYMS

AHC	Affordable Housing Corporation
AMD	Advanced Micro Devices
APA	Adirondack Park Agency
ARRA	American Recovery and Reinvestment Act
ARS	Auction Rate Securities
ATC	Addiction Treatment Center
CAFR	Comprehensive Annual Financial Report
CEFAP	Community Enhancement Facilities Assistance Program
CHIPs	Consolidated Highway Improvement Programs
CPRB	Capital Project Review Board
CUNY	City University of New York
CW/CA	Clean Water/Clean Air
CWSRF	Clean Water State Revolving Fund
