INTRODUCTION

Introduction

This Executive Budget Financial Plan for Fiscal Year (FY) 2015 (the “Executive Budget” or “Executive Budget Financial Plan”) includes updates and summarizes the State of New York’s official Financial Plan projections for FY 2014 through FY 2018. The Financial Plan projections reflect the estimated impact of the Governor’s Executive Budget proposal for FY 2015, as described herein. The State’s FY 2015 will begin on April 1, 2014 and end on March 31, 2015.

THE STATE BUDGET PROCESS

The requirements of the State budget process are set forth in Article VII of the State Constitution, the State Finance Law, and the Legislative Law. The annual budget process begins with the Governor’s submission of the Executive Budget to the Legislature each January, in preparation for the start of the fiscal year on April 1. (The submission date is February 1 in years following a gubernatorial election.) The General Fund must be balanced on a cash basis, as described below, and must be accompanied by bills that: (a) set forth all proposed appropriations and reappropriations, (b) provide for any new or modified revenue measures, and (c) make any other changes to existing law necessary to implement the Budget recommended by the Governor. The Division of the Budget (DOB) prepares a multi-year Financial Plan (“State Financial Plan” or the “Financial Plan”) as part of the Executive Budget. The State Financial Plan sets forth projected receipts and disbursements for the current fiscal year, the “budget” year (i.e., the upcoming fiscal year), and the three subsequent fiscal years (“outyears”).

In acting on the bills submitted by the Governor, the Legislature has certain powers to alter the recommended appropriations and proposed changes to existing law. The Legislature may strike or reduce an item of appropriation recommended by the Governor. The Legislature may add distinct new items of appropriation, provided such additions are stated separately. These additional items are then subject to line-item veto by the Governor. If the Governor vetoes an appropriation or a bill (or a portion thereof) related to the budget, these items can be reconsidered in accordance with the rules of each house of the Legislature. If, upon reconsideration, the items are approved by two-thirds of the members of each house, such items will become law notwithstanding the Governor’s veto.

Once the appropriation bills and other budget bills become law, DOB revises the State Financial Plan to reflect the Legislature’s actions, and begins the process of implementing the Enacted Budget. Throughout the fiscal year, DOB monitors actual receipts and disbursements, and may adjust the estimates and projections in the State Financial Plan. Adjustments may also be made to the State Financial Plan to reflect changes in the economic outlook, updated data on program activities, new actions taken by the Governor or the Legislature, and other factors. As required by the State Finance Law, DOB updates the State Financial Plan quarterly.

INTRODUCTION

Once the Budget is adopted for the fiscal year, the Legislature may enact one multi-purpose appropriation bill and additional single-purpose appropriation bills or revenue measures (including tax law changes) during any regular session or, if called into session for that purpose, any special session. In the event additional appropriation bills or revenue measures are disapproved by the Governor, the Legislature may override the Governor's veto upon the vote of two-thirds of the members of each house of the Legislature. The Governor may present deficiency appropriations to the Legislature in any fiscal year to supplement existing appropriations or to provide new appropriations for purposes not considered by the regular and supplemental appropriations.

BUDGET PROJECTIONS

The State Financial Plan projections for future years typically show a budget gap in the General Fund. The budget gap represents the difference between: (a) the projected General Fund disbursements, including transfers to other funds, needed to maintain current services levels and specific commitments, and (b) the expected level of resources to pay for them. The General Fund gap estimates are based on a number of assumptions and projections developed by the DOB in conjunction with other State agencies.¹ Some projections are based on specific, known information (e.g., a statutory requirement to increase payments to a prescribed level), while others are based on more uncertain or speculative information (e.g., the pace at which a new program will enroll recipients). In addition, the Financial Plan typically assumes that money appropriated in one fiscal year will continue to be appropriated in future years, even for programs that were not created in permanent law and that the State has no obligation to fund. Funding levels for nearly all State programs are made (or, in the case of two-year appropriations, reviewed) annually, taking into account the current and projected fiscal position of the State.

BUDGETARY/ACCOUNTING PRACTICES

The State's General Fund receives the majority of State taxes and all income not earmarked for a particular program or activity. State law requires the Governor to submit, and the Legislature to enact, a General Fund budget that is balanced on a cash basis of accounting. The State Constitution and State Finance Law do not provide a precise definition of budget balance. In practice, the General Fund is considered balanced if sufficient resources are, or are expected to be, available during the fiscal year for the State to: (a) make all planned payments, including Personal Income Tax (PIT) refunds, without the issuance of deficit notes or bonds or extraordinary cash management actions, (b) restore the balances in the Tax Stabilization Reserve and Rainy Day Reserve to levels at or above the levels on deposit when the fiscal year began, and (c) maintain other reserves, as required by law. For purposes of calculating budget balance, the General Fund includes transfers to and from other funds.

¹ See DOB's Economic, Revenue, and Spending Methodologies, November 2013, at www.budget.ny.gov.

The General Fund is the sole financing source for the School Tax Relief (STAR) Fund and is typically the financing source of last resort for the State's other major funds, which include the Health Care Reform Act (HCRA) funds, the Dedicated Highway and Bridge Trust Fund (DHBTF), and the Lottery Fund. Therefore, the General Fund projections account for any estimated funding shortfalls in these funds. Since the General Fund is the fund that is required to be balanced, the focus of the State's budgetary and gap-closing discussion is generally weighted toward the General Fund.

From time to time, DOB will informally designate unrestricted balances in the General Fund for specific financial management and policy goals (e.g., the payment of costs related to potential labor contracts covering prior contract periods). These amounts, typically identified with the phrase "reserved for," are not held in distinct accounts within the General Fund and may be used for other purposes.

State Operating Funds is a broader measure of spending for operations (as distinct from capital purposes) that is funded with State resources. This measure includes financial activity not only in the General Fund, but also in State-funded special revenue funds and debt service funds (both the General Fund and State Operating Funds exclude spending from Capital Projects Funds and Federal funds). DOB views State Operating Funds to be a more comprehensive measure of State-funded activities for operating purposes that are funded with State resources (i.e., taxes, assessments, fees, tuition) than the General Fund. The State Operating Funds perspective has the advantage of eliminating certain distortions in operating activities that may be caused by, among other things, the State's complex fund structure, the transfer of money among funds, and the accounting of disbursements against appropriations in different funds. For example, the State funds its share of the Medicaid program from both the General Fund and from State Special Revenue Funds, including HCRA funds. The State Operating Funds perspective captures Medicaid disbursements from both of these fund types, giving a more complete accounting of State-funded Medicaid disbursements. For such reasons, the State Financial Plan discussion of disbursement projections often emphasizes the State Operating Funds perspective.

The State also reports disbursements and receipts activity for All Governmental Funds ("All Funds"), which includes spending from Capital Projects Funds and State and Federal Operating Funds, providing the most comprehensive view of the cash-basis financial operations of the State. The State accounts for receipts and disbursements by the fund in which the activity takes place (such as the General Fund), and the broad category or purpose of that activity (such as State Operations). The Financial Plan tables sort State projections and results by fund and category.

Fund types of the State include: the General Fund; State Special Revenue Funds, which receive certain dedicated taxes, fees and other revenues that are used for a specified purpose; Federal Special Revenue Funds, which receive certain Federal grants; State and Federal Capital Projects

INTRODUCTION

Funds, which account for costs incurred in the construction and rehabilitation of roads, bridges, prisons, university facilities, and other infrastructure projects; and Debt Service Funds, which account for the payment of principal, interest and related expenses for debt issued by the State and its public authorities.

State Finance Law also requires DOB to prepare a *pro forma* financial plan using, to the extent practicable, Generally Accepted Accounting Principles (GAAP), although this requirement is for informational purposes. The GAAP-basis financial plan is not used by DOB as a benchmark for managing State finances during the fiscal year and is not updated on a quarterly basis. The GAAP-basis financial plan follows, to the extent practicable, the accrual methodologies and fund accounting rules applied by the Office of the State Comptroller (OSC) in preparation of the audited Basic Financial Statements. However, GAAP is a financial reporting regime, not a budgeting system.

RISKS AND UNCERTAINTIES

The factors affecting the State's financial condition are complex. This Executive Budget Financial Plan contains forecasts, projections, and estimates that are based on expectations and assumptions which existed at the time they were prepared. Since many factors may materially affect fiscal and economic conditions in the State, the inclusion in this Executive Budget Financial Plan of forecasts, projections, and estimates should not be regarded as a representation that such forecasts, projections, and estimates will occur. Forecasts, projections and estimates are not intended as representations of fact or guarantees of results. The words "expects," "forecasts," "projects," "intends," "anticipates," "estimates," and analogous expressions are intended to identify forward-looking statements in the Financial Plan. Any such statements inherently are subject to a variety of risks and uncertainties that could cause actual results to differ materially and adversely from those projected. Such risks and uncertainties include, among others, general economic and business conditions; changes in political, social, economic, and environmental conditions, including climate change and extreme weather events; impediments to the implementation of gap-closing actions; regulatory initiatives and compliance with governmental regulations; litigation; action by the Federal government to reduce or disallow expected aid; and various other events, conditions and circumstances, many of which are beyond the control of the State. These forward-looking statements speak only as of the date they were prepared.

FINANCIAL PLAN OVERVIEW

Financial Plan Overview

The following table provides certain Financial Plan information for FY 2013 through FY 2015.

FINANCIAL PLAN AT-A-GLANCE: KEY MEASURES (millions of dollars)

Including disbursements for these purposes, All Funds disbursements are expected to total \$142.1 billion in FY 2015, an increase of 0.9 percent.</p>					

EXECUTIVE SUMMARY

- In the current fiscal year (FY 2014), DOB estimates that the General Fund is on track to record a cash surplus of \$310 million. The estimated surplus reflects stronger than expected tax collections through mid-January 2014. The surplus is expected to be carried forward into FY 2015.
- The Executive Budget for FY 2015, which the Governor introduced on January 21, 2014, provides for balanced operations in the General Fund, as required by law.
- The Executive Budget continues the disciplined approach to fiscal matters that has defined the Governor's first three budgets. It proposes recurring savings through targeted reforms, as well as continuation of the spending controls and cost-containment put in place in prior years. Agency operations are generally expected to remain at current levels across the Financial Plan period. Reserve levels are expected to remain intact.
- The Budget again limits the annual growth in State Operating Funds spending to 2 percent or less, consistent with the spending benchmark adopted in FY 2012. In addition, the Governor is expected to propose, and the Legislature is expected to enact, balanced budgets in future years that continue to limit annual growth in State Operating Funds to no greater than 2 percent.
- The receipts forecast continues to provide conservative outyear projections based on a modest economic growth forecast.
- The combination of effective budget management and adherence to the 2 percent spending benchmark in each of the next four fiscal years would produce surpluses in future years, based on current projections.² The following chart shows the calculation of the surpluses that would be expected to occur.

² Before tax reduction plan proposed in FY 2015 Executive Budget.

ADHERENCE TO 2 PERCENT STATE OPERATING FUNDS SPENDING BENCHMARK -- SURPLUS CALCULATION (billions of dollars)						
	2014	2015	2016	2017	2018	Growth Rate
State Operating Funds Spending ⁽¹⁾	90.5	92.3	94.2	96.0	98.0	2.0%
Available Resources ⁽²⁾	90.5	92.8	95.5	98.3	100.7	2.7%
Surplus ⁽³⁾	0.0	0.5	1.4	2.2	2.7	

NOTE: Numbers do not add due to rounding.

¹ Spending calculation based on current FY 2014 estimate. Executive Budget proposes an annual increase of less than 2 percent in FY 2015. Surplus shown in table would be larger if 2 percent calculation was made from FY 2015 proposed level.

² Available resources before proposed tax reduction plan. Resources include State Operating Funds tax receipts, miscellaneous receipts, and net other financing sources, but exclude resources in dedicated funds (SRO and debt service) not available to the General Fund. Assumes FY 2014 surplus of \$310 million is carried forward into FY 2015.

³ Surplus that could be expected to occur under the spending and resource assumptions described above.

- The Executive Budget proposes a multi-year tax reduction plan for individuals and businesses, which has been sized to absorb the majority of the surplus that would otherwise occur between projected receipts, using current projections, and disbursements that grow at 2 percent annually over the Financial Plan period.
- The following table summarizes the multi-year impact on General Fund operations of the FY 2015 Executive Budget proposal, including the tax reduction plan, and adherence to the 2 percent spending benchmark in future years.

FINANCIAL PLAN OVERVIEW

GENERAL FUND BUDGETARY BASIS SURPLUS/(GAP) PROJECTIONS				
EXECUTIVE BUDGET GAP-CLOSING PLAN (millions of dollars)				
	FY 2015	FY 2016	FY 2017	FY 2018

BUDGET SURPLUS/(GAP) BEFORE TAX ACTIONS	486	1,389	2,247	2,707
Tax Actions	(486)	(1,644)	(2,082)	(2,124)
Tax Credit Timing		410		(410)
EXECUTIVE BUDGET SURPLUS/(GAP)	0	155	165	173

¹ Savings estimated from limiting annual spending growth in future years to 2 percent. Calculation based on current FY 2014 estimate. The Governor is expected to propose, and negotiate with the Legislature to enact, budgets in each fiscal year that hold State Operating Funds spending growth to 2 percent. Assumes all savings from holding spending growth to 2 percent are made available to the General Fund.

- Consistent with the Governor's approach in balancing his first three budgets, all of which emphasized spending restraint, the Executive Budget Financial Plan reduces spending in FY 2015 by nearly \$2 billion compared to prior projections. The savings are recurring and are expected to grow in value in subsequent years.
 - Agency Operations:** Since the Governor took office in January 2011, the costs of operating State agencies have been significantly reduced through ongoing State agency redesign and cost-control efforts. These efforts have included closures and consolidations of facilities to reduce excess capacity; strict controls on attrition and hiring; enterprise-wide consolidation of procurement, information technology, and workforce management functions; and a range of operational measures to improve efficiency. The FY 2015 Executive Budget holds spending for Executive agency operations constant over the Financial Plan period, with limited exceptions. This provides \$358 million in FY 2015 savings compared to prior projections. In addition, the State's projected costs for health insurance and pensions have been lowered based on updated information.

- **Local Assistance:** Reductions in State spending from prior projections are expected to generate \$1.6 billion in General Fund savings.³ Savings are expected from, among other things, the elimination of FY 2015 automatic health and human services “cost of living” increases, and updated cost estimates for a range of State programs, reflecting the impact of the spending controls and cost-containment enacted in prior years.

Medicaid and School Aid are the State’s largest aid programs, comprising over 40 percent of the State Operating Funds budget. Consistent with the intent of the reforms enacted in FY 2012, both programs are recommended to grow at comparable rates, excluding growth attributable to the Smart Schools bond act.

- **Debt Management:** Savings are expected through continued use of competitive bond sales, refundings, and consolidation of debt issuances.
- **Initiatives/Investments:** The Executive Budget proposes several new initiatives, the most significant of which is increased funding for a statewide Universal Full-Day Pre-Kindergarten program and increased after school programs both phased in over the next five years.

The Budget also proposes significant new capital initiatives. These include the Smart Schools general obligation bond act for education that would fund enhanced technology in schools (\$2 billion) and a capital program to modernize health care facilities (\$1.2 billion).

- **Resources:** The Budget includes use of the \$310 million surplus from FY 2014 to fund FY 2015 initiatives.
- **Tax Actions:** The Executive Budget proposes tax and assessment reductions that will provide property, business, and estate tax relief. Property tax relief consists of a residential property tax freeze credit, a residential real property tax credit, and a renter's credit. Business tax relief consists of an elimination of the tax rate on net income for corporate upstate manufacturers, a 20 percent real property tax credit for manufacturers, and corporate tax reform. The estate tax filing threshold will be increased, and the top rate decreased, over four years. Finally, the 18-a temporary utility assessment will be eliminated immediately for industrial customers and phased out more quickly for all remaining customers.

³ Local assistance includes payments for School Aid, STAR, Medicaid, public assistance, child welfare, local government assistance and a range of other purposes.

FINANCIAL PLAN OVERVIEW

ANNUAL SPENDING GROWTH

The Executive Budget proposal holds FY 2015 annual spending growth in State Operating Funds to 1.7 percent, below the 2 percent spending benchmark. All Funds spending, which includes spending from capital funds and Federal funds, is expected to increase by 1.3 percent from the level estimated for 2014, excluding extraordinary Federal aid related to Superstorm Sandy⁴ and the implementation of the Affordable Care Act (ACA).

TOTAL DISBURSEMENTS (millions of dollars)						
	FY 2013 Results	FY 2014 Current	Annual % Change	FY 2015 Proposed	Annual \$ Change	Annual % Change
STATE OPERATING FUNDS	88,844	90,498	1.9%	92,027	1,529	1.7%
General Fund (excluding other transfers)	52,166	52,941	1.5%	54,891	1,950	3.7%
Other State Funds	30,496	31,457	3.2%	31,405	(52)	-0.2%
Debt Service Funds	6,182	6,100	-1.3%	5,731	(369)	-6.0%
ALL GOVERNMENTAL FUNDS	132,520	135,350	2.1%	137,168	1,818	1.3%
State Operating Funds	88,844	90,498	1.9%	92,027	1,529	1.7%
Capital Projects Funds	7,539	7,992	6.0%	8,526	534	6.7%
Federal Operating Funds	36,137	36,860	2.0%	36,615	(245)	-0.7%
ALL GOVERNMENTAL FUNDS (INCL. EXTRAORDINARY FEDERAL AID)	133,097	140,865	5.8%	142,141	1,276	0.9%
Federal Disaster Aid for Superstorm Sandy	577	5,110	785.6%	2,406	(2,704)	-52.9%
Federal Affordable Care Act	0	405	--	2,567	2,162	533.8%
GENERAL FUND (INCLUDING TRANSFERS)	58,960	61,460	4.2%	63,563	2,103	3.4%
STATE FUNDS	94,523	96,624	2.2%	98,874	2,250	2.3%

⁴ In October 2012, Superstorm Sandy caused widespread flooding, power failures, and wind damage to public and private property in New York City, Long Island, and other downstate areas. Public infrastructure, including mass transit systems, public schools, and municipal buildings, sustained serious damage. The Executive Budget reflects Federal aid which will flow to local governments, public authorities, and not-for-profits over the next three years to continue the State's recovery from Superstorm Sandy. (See "Budget Risks and Uncertainties to the Financial Plan — Federal Actions" herein.)

¹ Department of Health Medicaid spending only (excludes other State agency spending and transfers). For display purposes, includes Medicaid operational spending that supports contracts related to the management of Medicaid and the costs of administrative takeover.

² "All Other" includes an adjustment for Medicaid operational costs to avoid distorting Financial Plan category totals, as well as local aid spending in a number of other programs, including education, parks and the environment, economic development, and public safety.

^{3,4} All Funds and Federal Operating Funds receipts and disbursements exclude Federal disaster aid for Superstorm Sandy (estimated at \$5.1 billion in FY 2014 and \$2.4 billion in FY 2015), and additional Federal aid under the Affordable Care Act (estimated at approximately \$400 million in FY 2014 and \$2.6 billion in FY 2015). Including disbursements for these purposes, All Funds disbursements are expected to total \$142.1 billion in FY 2015, an increase of 0.9 percent.

GENERAL FUND FINANCIAL PLAN

General Fund Financial Plan

CURRENT FISCAL YEAR UPDATE

DOB estimates that the General Fund will end the current fiscal year (FY 2014) with an operating surplus of \$310 million on a cash basis of accounting.⁵ The estimated surplus reflects stronger than expected tax receipts through Mid-January 2015. The surplus is expected to be carried forward into FY 2015, where it will be used to fund initiatives proposed with this Executive Budget.

General Fund receipts, including transfers from other funds, are expected to total \$61.96 billion, an increase of \$320 million from the estimate in the Mid-Year Update, before accounting for transactions to make the FY 2014 surplus available in FY 2015, as described in more detail below. The estimate for annual tax receipts has been increased by \$432 million, reflecting higher estimated personal income tax payments and estate tax payments to date, partially offset by declines in business and other tax receipts to date.⁶ In addition, higher costs for debt service on the State's PIT bonds results in a decrease in tax receipts transferred to the General Fund after payment of debt service. The increase in PIT debt service mainly reflects the refunding with PIT bonds of higher-cost debt that had been issued under older State bond programs, and is offset by lower transfers to the General debt service fund. The estimate for miscellaneous receipts has been lowered by \$55 million, based on a review of collections to date. Non-tax transfers have been reduced by \$57 million, based on a review of balances and expected needs.

The surplus for FY 2014 is expected to be made available through the payment of an additional \$310 million in tax refunds in the current fiscal year, which has the effect of reducing net tax collections in the current year and increasing them by the same amount in FY 2015. After accounting for these payments, General Fund receipts are expected to total \$61.65 billion in FY 2014, or \$10 million above the level estimated in the Mid-Year Update.

General Fund disbursements, including transfers to other funds, are expected to total \$61.46 billion, an increase of \$10 million. The modest increase is due to a number of factors. Estimated disbursements for local assistance have been increased by \$125 million, reflecting an increase in the share of Medicaid expenses that are expected to be paid from the General Fund instead of HCRA (due to lower expected receipts in HCRA), offset in part by lower than expected spending across a range of programs and activities. The estimate for State Operations, including fringe benefits, disbursements has been increased by \$68 million, due mainly to costs incurred by the State in the first instance related to Superstorm Sandy (these costs are expected to be reimbursed by the Federal government in FY 2015 and 2016) and

⁵ See "'Budget Risks and Uncertainties to the Financial Plan" herein.

⁶ Estimated General Fund tax receipts are affected by changes in the estimated level of debt service needed for PIT Revenue Bonds, Local Government Assistance Bonds, and Clean Air/Clean Water bonds.

GENERAL FUND FINANCIAL PLAN

increased overtime costs in the correctional system. Estimated transfers from other funds have been reduced, reflecting, among other things, savings from refundings, the timing and sizing of bond sales, and the financing mix for capital projects. The following table summarizes the revisions.

FY 2014 GENERAL FUND BUDGETARY BASIS SURPLUS/(GAP)

Carry-Forward Surplus to FY 2015	(310)
REVISED BUDGET SURPLUS/(GAP) ESTIMATE	<u><u>0</u></u>
¹ Includes transfers from other funds after revisions to estimated debt service costs. Excludes carry-forward of surplus to FY 2015.	

DOB estimates that the General Fund will end FY 2014 with a cash balance of \$1.8 billion, unchanged from the estimate in the Mid-Year Update. The balance consists of \$1.4 billion stabilization reserves, \$363 million designated for debt management purposes, \$68 million in the Community Projects Fund, \$45 million for the costs of labor settlements covering prior periods, and \$21 million in the Contingency Reserve Fund.

Risks to budget balance remain in the current fiscal year. For example, while tax receipts have exceeded expectations, collections are subject to significant volatility in the final quarter of the fiscal year. In addition, there can be no assurance that Federal aid for health care, mental hygiene, and other purposes will be received at the levels or on the timetable assumed in the Financial Plan. These and other risks and uncertainties are described more fully later in this Financial Plan. (see "Budget Risks and Uncertainties to the Financial Plan" herein.)

GENERAL FUND FINANCIAL PLAN

FY 2015 FINANCIAL PLAN

DOB estimates that the Executive Budget proposal for FY 2015 would, if enacted without modification, provide for balanced operations in the General Fund, as provided by law. The following table summarizes the projected annual changes in receipts, disbursements, and fund balances in the General Fund from FY 2014 to FY 2015.

GENERAL FUND FINANCIAL PLAN (millions of dollars)				
	FY 2014 Current	FY 2015 Proposed	Annual Change

RECEIPTS

General Fund receipts, including transfers from other funds, are expected to total \$63.5 billion in FY 2015, an annual increase of \$1.9 billion (3.0 percent). Tax collections, including transfers of tax receipts to the General Fund after payment of debt service, are expected to total \$58.6 billion, an increase of \$1.2 billion (2.1 percent).

General Fund personal income tax receipts, including transfers after payment of debt service on State PIT Revenue Bonds, are expected to increase by \$1.3 billion (3.4 percent) from FY 2014. This primarily reflects increases in withholding and estimated payments attributable to the 2014 tax year, partially offset by an expected decline in extension payments attributable to Tax Year 2013.

General Fund user taxes and fees, including transfers after payment of debt service on New York Local Government Assistance Corporation (LGAC) and Sales Tax Revenue Bonds, are estimated to total \$12.3 billion in FY 2015, an increase of \$260 million (2.2 percent) from FY 2014, reflecting projected spending increases across a broad range of consumption categories.

General Fund business tax receipts are estimated at \$5.6 billion in FY 2015, a decrease of \$358 million (-6.0 percent) from FY 2014 results. The estimate reflects a decline in corporate franchise tax receipts resulting from the first year of repayment of deferred tax credits partly offset by growth in all other business taxes.

Other tax receipts in the General Fund are expected to total approximately \$1.2 billion in FY 2015, a decrease of \$46 million (-3.7 percent) from FY 2014. This mainly reflects a decline in expected estate tax receipts, the result of Executive Budget legislation that will cut the estate tax.

General Fund miscellaneous and Federal receipts are estimated at \$3.9 billion in FY 2015, an increase of \$604 million. The increase largely reflects the expected deposit of \$1 billion from the State Insurance Fund (SIF) reserve release in connection with Workers' Compensation law changes enacted in the FY 2014 budget.

Non-tax transfers to the General Fund are expected to total \$1 billion, an increase of \$50 million (4.9 percent), largely due to changes in accounting of certain receipts and resources expected to be made from available other fund balances.

General Fund receipts are affected by the deposit of dedicated taxes in other funds for debt service and other purposes, the transfer of balances between funds of the State, and other factors. For a more comprehensive discussion of the State's projections for tax receipts, miscellaneous receipts, and transfers, see "Multi-Year Financial Plan" herein.

DISBURSEMENTS

General Fund disbursements, including transfers to other funds, are expected to total \$63.6 billion in FY 2015, an increase of \$2.1 billion (3.4 percent) from FY 2014 estimates.

Local assistance grants are expected to total \$41.8 billion, an annual increase of \$1.4 billion (3.5 percent). Included within local assistance grants, General Fund disbursements are expected to increase by \$1 billion for School Aid⁷ and \$153 million for Medicaid. All other local assistance grants, which include, among other things, payments for a range of social services, public health, education, and general purpose aid programs, are expected to increase by \$235 million.

State operations disbursements in the General Fund are expected to total \$7.8 billion in FY 2015, an annual increase of \$186 million (2.5 percent). Personal service costs are expected to increase by \$175 million, mainly reflecting the consolidation of staff under the Information Technology (IT) Services that were previously reflected in non-General Fund accounts. Non-personal service costs are expected to increase by \$11 million in FY 2015, in large part due to increased support for indigent legal services and civil legal services.

General State Charges (GSCs) are expected to total \$5.3 billion in FY 2015, an annual increase of \$361 million (7.4 percent) from the current fiscal year. The State's annual pension payment is expected to increase by \$284 million, reflecting both growth in normal costs and repayment of amounts amortized in prior years. The State expects to continue to amortize pension costs in excess of the amortization thresholds established in law. In FY 2015, costs in excess of 13.5 percent of payroll for the Employees Retirement System (ERS) and 21.5 percent for the Police and Fire Retirement System (PFRS) are expected to be amortized.

General Fund transfers to other funds are expected to total \$8.7 billion in FY 2015, an increase of \$153 million from the current fiscal year. The growth includes increased support for capital projects and non-Medicaid Mental Hygiene services, partly offset by declines in the State share of Medicaid for Mental Hygiene and debt service due to the planned payment in FY 2014 of expenses due in FY 2015.

General Fund disbursements are affected by the level of financing sources available in other funds, transfers of balances between funds of the State, and other factors that may change from year to year. For a more comprehensive discussion of the State's disbursements projections by major activity, see "Multi-Year Financial Plan" herein.

⁷ School Aid is reported here on a State Fiscal Year basis.

CLOSING BALANCE FOR FY 2015

DOB projects that the State will end FY 2015 with a General Fund cash balance of \$1.7 billion, a decrease of \$60 million from the FY 2014 estimate. The Community Projects Fund, which finances discretionary grants allocated by the Legislature and Governor, is expected to decrease by \$68 million in FY 2015, reflecting disbursements from existing reappropriations. This is offset by an \$8 million increase in amounts set aside for the costs of prior-year labor agreements, as described below.

Balances in the State's principal "rainy day" reserve funds, the Tax Stabilization Reserve Fund and the Rainy Day Reserve Fund, are expected to remain unchanged in FY 2015. The combined balance of the two funds is equal to approximately 2.2 percent of estimated General Fund disbursements in FY 2015.

The Financial Plan continues to set aside money in the General Fund balance to cover the costs of potential retroactive labor settlements with unions that have not agreed to terms for prior contract periods. The amount identified is calculated based on the "pattern" settlement for FY 2008 through FY 2011 that was agreed to by the State's largest unions. The amounts are expected to be reduced as labor agreements for prior periods are reached with unsettled unions.

The Executive Budget continues to reserve \$363 million for debt management purposes in FY 2015, unchanged from the estimate for FY 2014.

FY 2015 DETAILED GAP CLOSING PLAN

The following table and narrative provides a summary of the proposed gap-closing plan.

FY 2015 EXECUTIVE BUDGET GENERAL FUND GAP-CLOSING PLAN

¹ Savings estimated from limiting annual spending growth in future years to 2 percent. The Governor is expected to propose, and negotiate with the Legislature to enact, budgets that hold State Operating Funds spending growth to 2 percent. Assumes all savings from holding spending growth are made available to the General Fund.

SPENDING CHANGES

AGENCY OPERATIONS

Operating costs for State agencies include salaries, wages, fringe benefits, and non-personal service costs (e.g., supplies, utilities). These costs have significantly declined over the past several years through ongoing State agency redesign and cost-control efforts. Reductions from the prior projections for agency operations contribute \$358 million to the General Fund gap-closing plan. Specifically:

- **Executive Agencies:** The Budget proposes to hold personal service and non-personal service spending flat with limited exceptions, such as costs attributable to NY State of Health marketplace and IT consolidation efforts. Agencies are expected to continue to utilize less costly forms of service deliveries, improve administrative practices and pursue statewide solutions, particularly at State-operated facilities in the areas of mental hygiene and public protection. The size of the Executive State workforce is projected at 119,153 Full-Time Equivalent (FTEs), a decline of 260 FTEs.
- **Independent Officials:** Spending for Judiciary personal service and non-personal service expenses is projected to grow by 2.8 percent to support mandated court operations, statutory salary increases, and additional Family Court Judges. Spending for the Department of Audit and Control is expected to grow by 1.4 percent to support additional pre-school special education audits. Spending for the Department of Law is expected to increase by 2 percent. Spending in future years is expected to remain at FY 2015 levels for all independent officials.
- **Fringe Benefits/Fixed Costs:** Estimates for the State's health insurance and pension costs have been revised downward to reflect the impact of the 2014 Empire Plan action, and revised pension contribution estimates. In addition, savings are expected from the proposed elimination of Medicare Part B reimbursements for high income retirees and a revised Workers' Compensation assessment method.

LOCAL ASSISTANCE

Local assistance spending includes financial aid to local governments and non-profit organizations, as well as entitlement payments to individuals. Reductions from the prior projections for local assistance spending are expected to generate \$1.6 billion in General Fund savings.⁸ Savings are expected from both targeted actions and continuation of prior-year cost containment actions.

- **Human Services Cost of Living Adjustment (COLA):** The Executive Budget defers the planned two percent annual human services COLA and maintains existing rates for other programs.
- **Mental Hygiene:** Program spending is reduced to reflect revised forecasts for community-based bed development and expansion; efforts to return individuals from more costly out-of-state placements; and continued efforts to expand community services to reduce institutional costs.
- **Healthcare:** Lower spending reflects a downward trend in reimbursement of claims submitted by local governments under the General Public Health Works (GPHW) program and utilizing other insurance for prenatal care services; increased access to commercial health insurance under the New York State of Health insurance marketplace; and lower Child Health Plus (CHP) costs expected pursuant to the transfer of rate-setting responsibilities from the Department of Financial Services (DFS) to the DOH to align with the programmatic oversight, consistent with the oversight of Medicaid Managed Care and Family Health Plus. In addition, projected spending under the Medicaid Global Cap has been adjusted in each year of the Financial Plan to reflect updated estimates of the medical component of the CPI index.
- **DOH Global Cap:** The Budget includes \$300 million in annual State-share Medicaid savings beginning in FY 2015 (growing to \$688 million in FY 2018) achieved through the shift of certain OPWDD-related Medicaid costs to DOH under the Medicaid Global Cap. Projected savings from the continuation of successful Medicaid Redesign Team (MRT) initiatives, improved cash management, and utilization of Federal resources associated with ACA are expected to fully accommodate this change in funding.
- **Education:** The Executive Budget proposes special education program reforms targeted to improve fiscal practices and service delivery. Estimated spending has also been revised downward based on revised school district data.

⁸ Local assistance includes payments for School Aid, STAR, Medicaid, public assistance, child welfare, local government assistance and a range of other purposes.

GENERAL FUND FINANCIAL PLAN

- **STAR:** The Budget proposes eliminating the income threshold inflation adjustment for enhanced STAR benefits. In addition, spending has been reduced to reflect a reduction in the estimated number of STAR exemption recipients. As part of the State's review of recipient data to ensure unlawful exemptions are excluded from State payments, existing STAR recipients were also required to re-register for their benefit by the end of calendar year 2013.
- **Social Services/Housing:** Lower spending is expected in several programs, including Child Welfare Services, Adult Protective Services and Domestic Violence, Public Assistance and Supplemental Security Income (SSI) benefits, based on updated claiming data and revised growth (caseload) assumptions, and savings from the State takeover of administering the SSI supplementation program.
- **All Other:** Spending reductions are expected to be achieved across multiple functions and program areas including: elimination of certain miscellaneous financial assistance to local governments; utilization of capital financing for eligible homeland security capital needs; revisions to disaster assistance aid; and elimination of certain legislative grants.

CAPITAL PROJECTS/DEBT MANAGEMENT

- **Capital/Debt Revisions:** Savings are expected to be achieved through a variety of debt-management actions, including continuing the use of competitive sales, refunding of higher-cost debt, as market conditions permit, and efficiencies from the consolidation of bond sales. In addition, projections reflect the impact of revised capital spending estimates and future bonding assumptions.
- **Metro Mass Transportation Operating Aid (MMTOA) Debt Service Offset:** The Budget proposes to offset General Fund support for the Metropolitan Transportation Authority (MTA) debt service costs by utilizing \$40 million in dedicated resources from the MMTOA account to the General Debt Service Fund, with \$20 million in resources available for the same purpose on an annual basis beginning in FY 2016.

INITIATIVES

- **School Aid/Education Aid Initiatives:** The Executive Budget provides an \$807 million increase in education aid for the 2014-15 school year, \$608 million of which is provided to school districts as formula-based School Aid. The State will provide \$300 million in funding for the universal pre-kindergarten program through FY 2016. In addition, the State will provide \$160 million to expand after school programs in FY 2016.
- **Roswell Park Cancer Institute (RPCI):** The Budget proposes \$25 million in additional State support to the RPCI to replace expiring capital grant funding and maintain total annual support at prior-year levels.
- **Debt Service for New Initiatives:** The Financial Plan reflects the costs of new capital initiatives, the most significant of which are the Smart Schools bond act and Health Care Facility Restructuring.
 - **Smart Schools Bond Act:** Reflects the estimated debt service costs associated with the proposed \$2.0 billion Smart Schools bond act. If approved by voters, the Smart Schools bond act will fund enhanced education technology in schools, with eligible projects including infrastructure improvements to bring high-speed broadband to schools and communities in their school district and the purchase of classroom technology for use by students. Additionally, Smart Schools will enable long-term investments in full day pre-kindergarten through the construction of new pre-kindergarten classroom space.
 - **Health Care Facility Restructuring:** Reflects the projected debt service impact of \$1.2 billion in capital projects initiatives that will improve the financial viability and efficiency of the State's health care delivery system. Funding would be targeted for long-term care, hospitals, primary care, and behavioral/substance abuse services. Priority projects will include those that: align hospital and nursing home bed capacity to regional needs, enable facility integration, merge and consolidate facilities, expand primary care and facilitate transformation to care management models.
- **Science, Technology, Engineering and Math (STEM) Scholarship:** The Budget includes a new full-tuition STEM scholarship for high school students who graduate in the top 10 percent of their class to any State University of New York (SUNY) or the City University of New York (CUNY) college or university if they pursue a STEM career and then work in New York for five years. The new STEM scholarship will encourage top-ranked students to pursue STEM related college degrees and build their careers here in New York in one of the fastest growing sectors of the economy.

GENERAL FUND FINANCIAL PLAN

- **Election Law Enforcement:** The Budget provides \$5.3 million for a new, independent Division of Election Law Enforcement to promote increased enforcement of and compliance with the State's campaign finance and election laws. In addition, legislation accompanying the Budget establishes a public campaign financing program as well as other reforms.

RESOURCES

- **Tax Receipts:** The estimate for annual tax receipts has been revised to reflect updated economic forecast data, and includes downward adjustments to business tax and cigarette tax collections, partly offset by upward changes to personal income and estate tax collections.
- **Miscellaneous Receipts:** The estimate for miscellaneous receipts has been revised based on a review of collections to date, the projected receipt of various banking and insurance related settlements and recoveries, and other transactions. In addition, resources will be made available through transfers from public authorities and the expected sale of surplus properties.
- **Extenders/Initiatives:** The Executive Budget proposes extending the following credits that impact the General Fund: Alternative Fuels Tax Exemptions; Non-Custodial Earned Income Tax Credit (EITC); and Commercial Production Tax Credit. In addition, the Budget proposes the authorization of a Professional and Business License Tax Clearance that will decrease tax avoidance by refusing to issue a professional or business license to an applicant who has outstanding tax liabilities.

TAX ACTIONS

The Executive Budget proposes a set of tax reductions valued at \$2 billion when fully phased in within three years. These proposals will simplify the tax code and reduce taxes and assessments by a net \$487 million in FY 2015 and \$1.6 billion in FY 2016.

- **Establish the Real Property Tax Freeze Personal Income Tax Credit.** The Executive Budget freezes property taxes for two years, subject to two conditions. In year one (FY 2015), the State will provide tax rebates (via a tax credit) only to homeowners, with qualifying incomes of \$500,000 or less, who live in a jurisdiction that stays within the 2 percent property tax cap.

In year two (FY 2016), the State will provide tax rebates (via a tax credit) only to homeowners who live in a locality that stays within the cap and also agrees to implement a shared services or administrative consolidation plan that will generate savings equal to 3 percent of the property tax levy. In FY 2016, the program will benefit 2.8 million homeowners for a total cost of \$976 million, yielding an average benefit of \$354. New York City homeowners will not be eligible, as the City is not subject to the cap.

- **Establish the Residential Real Property Personal Income Tax Credit.** The Executive Budget creates a refundable tax credit against the personal income tax to provide targeted real property tax relief based on an individual homeowner's ability to pay. The credit is available statewide, but in areas outside of New York City, only residents of jurisdictions that adhere to the property tax cap will qualify. When fully phased in, the program, valued at almost \$1 billion will benefit over 1.9 million homeowners yielding an average benefit of \$500.
- **Establish a Renter's Personal Income Tax Credit.** The Executive Budget creates a refundable credit. This tax relief is composed of a base credit that declines with qualifying incomes up to \$100,000 for married taxpayers who are filing jointly and have related dependents, taxpayers filing as head of household, and married seniors filing jointly. Single seniors with incomes up to \$50,000 would also qualify. Non-senior singles and married taxpayers without related dependents are ineligible. The base credit will be supplemented with an additional credit per federal exemption, where the value of the supplement also declines with income. When fully phased in the program will save \$400 million for approximately 1.3 million households.

GENERAL FUND FINANCIAL PLAN

- **Corporate Tax Reform.** The Executive Budget combines the corporate franchise and bank taxes to provide tax simplification and relief, and improve voluntary compliance. Further, the tax rate on net income is reduced from 7.1 percent to 6.5 percent, the lowest rate since 1968.
- **Establish a 20 Percent Real Property Tax Credit for Manufacturers.** The Executive Budget provides a refundable credit equal to 20 percent of property taxes paid by manufacturers who own property.
- **Eliminate the Net Income Tax on Upstate Manufacturers.** The Executive Budget lowers the tax rate on income for Upstate manufacturers from the current 5.9 percent to zero in 2014 and thereafter.
- **Eliminate 18-a Temporary Assessment for Industrial Customers, Accelerate Phase Out for All Others.** The temporary assessment is scheduled to be eliminated by March 2017, but the Executive Budget eliminates immediately the assessment on industrial customers and accelerates the phase-out for all other customers. The phase-out will save businesses and residents \$600 million over the next three years.
- **Reform the Estate Tax.** The Executive Budget increases the exclusion threshold of the estate tax from \$1 million to \$5.25 million over four years, then to eventual conformity with the Federal exemption amount beginning in 2019, and reduces the top rate from 16 to 10 percent over four years. These actions will be coupled with proposals that will require the value of gifts to be added back to the estate.
- **Streamline Corporate Audit Procedures.** Implement various initiatives which will increase audit efficiency and improve voluntary compliance.
- **Reform the Investment Tax Credit.** New York offers a tax credit to businesses for investments in buildings and tangible personal property including assets acquired by purchase, with a useful life of four years or more and used in production. This proposal will tighten eligibility criteria to more effectively target the State's investment toward originally intended and more productive uses. For example, a credit will no longer be allowed for assets acquired by purchase when a former owner has claimed the ITC for investments in those assets.

GENERAL FUND FINANCIAL PLAN

- **Repeal the Financial Services Investment Tax Credit.** This complex credit used by a narrow segment of the financial services industry is eliminated. For the last year for which data is available only 28 filers availed themselves of this credit.
- **Close the Resident Trust Loophole.** In general, a trust is a legal agreement that represents a place where assets from an estate are held. The trust provides certain tax and legal benefits not available if the assets are not placed in trust. Currently, New York conforms to Federal law, which results in New York personal income tax immunity for the trust grantor and the trust beneficiary. This proposal will decouple New York from Federal treatment of trusts and impose the personal income tax on the trust grantor.

BUDGET RISKS AND UNCERTAINTIES TO THE FINANCIAL PLAN

Budget Risks and Uncertainties to The Financial Plan

GENERAL

The Executive Budget is subject to many complex economic, social, financial, environmental and political risks and uncertainties, many of which are outside the ability of the State to control. DOB believes that the projections of receipts and disbursements in the Executive Budget are based on reasonable assumptions, but there can be no assurance that actual results will not differ materially and adversely from these projections. In certain fiscal years, actual receipts collections have fallen substantially below the levels forecast in the Financial Plan. In addition, the projections are based on the assumption that annual growth in State Operating Funds in future years is limited to 2 percent, and that all savings are made available to the General Fund.

The Executive Budget is based on numerous assumptions, including the condition of the State and national economies and the concomitant receipt of economically-sensitive tax receipts in the amounts projected. Other uncertainties and risks concerning the economic and receipts forecasts include the impact of: national and international events, ongoing financial instability in the Euro Zone; changes in consumer confidence, oil supplies and oil prices; Federal statutory and regulatory changes concerning financial sector activities; changes concerning financial sector bonus payouts, as well as any future legislation governing the structure of compensation; shifts in monetary policy affecting interest rates and the financial markets; financial and real estate market developments which may adversely affect bonus income and capital gains realizations; and household debt reduction on consumer spending and State tax collections.

Among other factors, the Financial Plan is subject to uncertainties and contingencies relating to: the extent, if any, to which wage increases for State employees exceed the annual wage costs assumed; changes in the size of the State's workforce; the realization of the projected rate of return for pension fund assets and current assumptions with respect to wages for State employees affecting the State's required pension fund contributions; the willingness and ability of the Federal government to provide the aid contemplated by the Executive Budget; the ability of the State to implement cost reduction initiatives, including reductions in State agency operations, and the success with which the State controls expenditures; and the ability of the State and its public authorities to market securities successfully in the public credit markets. Some of these specific issues are described in more detail herein. The projections and assumptions contained in the Financial Plan are subject to revisions which may involve substantial change. No assurance can be given that these estimates and projections, which include actions the State expects to be taken but which are not within the State's control, will be realized.

BUDGET RISKS AND UNCERTAINTIES TO THE FINANCIAL PLAN

There can be no assurance that the State's General Fund operating position will not change materially and adversely from current projections. If this were to occur, the State would be required to take additional gap-closing actions. Such actions may include, but are not limited to, additional reductions in State agency operations; delays or reductions in payments to local governments or other recipients of State aid; delays in or suspension of capital maintenance and construction; extraordinary financing of operating expenses; or other measures. In some cases, the ability of the State to implement such actions requires the approval of the Legislature and cannot be implemented solely by the action of the Governor.

The Executive Budget projections generally assume that School Aid and Medicaid disbursements will be limited to the growth in State personal income and the ten-year average growth in the Medicaid component of the Consumer Price Index (CPI), respectively. However, the FY 2014 Enacted Budget authorized spending for School Aid to increase in excess of the growth in personal income for School Year (SY) 2014. A proposal is included in the FY 2015 Executive Budget that would allow School Aid to grow at approximately 4 percent in SY 2015, in parity with Medicaid, but above the 3.1 percent growth in personal income that would otherwise be used to calculate School Aid increases. Spending for education above this level may occur if voters approve the Smart Schools bond act in November 2014.

State law grants the Governor certain powers to achieve the Medicaid savings assumed in the Executive Budget Financial Plan. However, there can be no assurance that these powers will be sufficient to limit the rate of annual growth in DOH State Funds Medicaid spending to the levels estimated in the Executive Budget Financial Plan. In addition, savings are dependent upon timely Federal approvals, revenue performance in the State's HCRA fund (which finances approximately one-third of the DOH State-share costs of Medicaid), and the participation of health care industry stakeholders.

The forecast contains specific transaction risks and other uncertainties including, but not limited to, the receipt of certain payments from public authorities; the receipt of miscellaneous revenues at the levels expected in the Executive Budget Financial Plan, including payments pursuant to the Tribal-State Compact that have failed to materialize in prior years, but which were received in the current year as part of an agreement between the State and certain tribal nations; and the achievement of cost-saving measures including, but not limited to, the transfer of available fund balances to the General Fund at the levels currently projected. Such risks and uncertainties, if they were to materialize, could have an adverse impact on the Executive Budget Financial Plan in the current year or future years.

BUDGET RISKS AND UNCERTAINTIES TO THE FINANCIAL PLAN

FEDERAL ISSUES

The State receives a substantial amount of Federal aid for health care, education, transportation, and other governmental purposes, as well as Federal funding to address response to and recovery from severe weather events. Any reduction in Federal funding levels could have a materially adverse impact on the Executive Budget Financial Plan. In addition, the Executive Budget Financial Plan may be adversely affected by other actions taken by the Federal government, including audits, disallowances, and changes to Federal participation rates or other Medicaid rules. Issues of particular concern are described below.

FEDERAL REIMBURSEMENT FOR STATE MENTAL HYGIENE SERVICES

Pursuant to discussions with the Federal government, the State has lowered Medicaid developmental disability center payment rates effective April 1, 2013. Full implementation of this change will reduce Federal funding to the State by approximately \$1.1 billion annually, beginning in FY 2014. The 2014 Enacted Budget included a plan to address the loss in Federal aid, including \$90 million in OPWDD savings associated with reduced administrative costs, enhanced audit recoveries and improved program efficiencies. The plan is subject to implementation risks and is dependent, in part, on the approval of the Federal government. In addition, as described below, the Federal Centers for Medicare and Medicaid Services (CMS) may seek to retroactively recover Federal funds paid to the State regarding this matter.

AUDIT DISALLOWANCE

In addition to the rate reduction described above, on February 8, 2013, the U.S. Department of Health & Human Services Office of the Inspector General, at the direction of the Federal CMS, began a review to determine the allowability of Medicaid costs for services provided in prior years to the Medicaid population in New York State-Operated Intermediate Care Facilities for the Developmentally Disabled (ICF/DD). The initial review period includes claims for services provided from April 1, 2010 through March 31, 2011. As a result of this review, CMS may seek to recover Federal funds for any payments that it determines to have been in excess of Federal requirements. The State has attempted to address CMS concerns regarding its prospective payments to ICF/DDs with a State plan change effective April 1, 2013, and continues to have discussions with CMS to resolve the concerns related to the April 1, 2010 through March 31, 2011 period. As noted above, the changes begun in FY 2014 are expected to result in a reduction in Federal aid of an estimated \$1.1 billion annually beginning in FY 2014. A comparable amount of Federal aid is at risk for any prior period that may be pursued by CMS. Matters of this type are sometimes resolved with a prospective solution (as already commenced by the State), and the State is not aware of any similar attempts by the Federal

BUDGET RISKS AND UNCERTAINTIES TO THE FINANCIAL PLAN

government to retroactively recover Federal aid of this magnitude that was paid pursuant to an approved State plan. The State continues to seek CMS approval to proceed with the development of a sustainable system of service funding and delivery for individuals with developmental disabilities. However, there can be no assurance that Federal action in this matter will not result in materially adverse changes to the Executive Budget Financial Plan.

BUDGET CONTROL ACT

The Federal Budget Control Act (BCA) of 2011 imposed annual caps on Federal discretionary spending over a ten-year period and mandated an additional \$1.2 trillion in deficit reduction, which, if not enacted, would be achieved through the sequestration of funds in Federal Fiscal Year (FFY) 2013 and lowered discretionary spending caps in the following years. As the required deficit reduction was not achieved by the March 1, 2013 deadline, an across-the-board 5 percent reduction in FFY 2013 funding for Federal nondefense discretionary programs was implemented. In December 2013, the spending caps for FFY 2014 and 2015 were revised upward by the Bipartisan Budget Act (BBA) of 2013. While the BBA provided minor discretionary cap relief over two years, BCA caps in the remaining years were not addressed. Although specific funding levels will be determined through the annual congressional budget process if the lowered spending caps remain in place. DOB estimates that New York State and local governments could lose approximately \$5 billion in Federal funding over nine years, including reductions in Federal funding that passes through the State budget for school districts, as well as environmental, criminal justice and social services programs.

DEBT CEILING

In October 2013, an impasse in Congress caused a temporary Federal government shutdown and raised concern for a time that the Federal debt ceiling would not be raised in a timely manner. A Federal government default on payments, particularly if it persisted for a prolonged period, could have a materially adverse effect on the national and state economies, financial markets, and intergovernmental aid payments.

The specific effects on the Executive Budget Financial Plan of a Federal government payment default in the future are unknown and impossible to predict. However, data from past economic downturns suggest that the State's revenue loss could be substantial if the economy goes into a recession due to a Federal default.

A payment default by the United States may adversely affect the municipal bond market. Municipal issuers, as well as the State, could face higher borrowing costs and impaired market access. This would jeopardize planned capital investments in roads and bridges, higher education facilities, hazardous waste remediation, environmental projects, and economic

BUDGET RISKS AND UNCERTAINTIES TO THE FINANCIAL PLAN

development projects. Additionally, the market for and market value of outstanding municipal obligations, including municipal obligations of the State, could be adversely affected.

HEALTH INSURANCE COMPANY CONVERSIONS

State law permits a health insurance company to convert its organizational status from a not-for-profit to a for-profit corporation (a “health care conversion”), subject to a number of terms, conditions, and approvals. Under State law, the State is entitled to proceeds from the monetization of a health service corporation, from a not-for-profit to a for-profit corporation, and such proceeds must be used by the State for health-care related expenses. In recent years, the Financial Plan has counted on proceeds from conversions (\$175 million in FY 2014, and \$300 million annually in FY 2015, FY 2016, and FY 2017 in the FY 2014 Enacted Budget), which have not been realized. For planning purposes, the Executive Budget Financial Plan no longer counts on conversion proceeds.

STATUS OF CURRENT LABOR NEGOTIATIONS (CURRENT CONTRACT PERIOD)

The State has settled collective bargaining agreements for the contract period commencing in FY 2012 with 90 percent of the State workforce, and nearly the entire workforce subject to direct Executive control. Five-year agreements were reached with the Civil Service Employees Association (CSEA), the United University Professions (UUP), the New York State Correctional Officers and Police Benevolent Association (NYSCOPBA), and Council 82. Four-year agreements were reached with the Public Employees Federation (PEF) and the New York State Police Benevolent Association (NYSPBA).

The settled agreements yielded wage and benefit concessions in exchange for contingent employee job protection through the respective contract periods. Nevertheless, reductions in force may be authorized if the State’s fiscal circumstances change materially or unexpectedly, or if such reductions are associated with the closure or restructuring of facilities authorized by legislation or by a SAGE Commission determination.

The agreements have provided: two-year Deficit Reduction Plan (DRP) savings of \$300 million; no general salary increases for the three-year period FY 2012 through FY 2014; a two percent general salary increase in FY 2015; and a 2 percent general salary increase in FY 2016 for the employees with five-year agreements. Additionally, the agreements provided full-annual health benefit savings of \$230 million resulting from increases to employee/retiree premium shares, copays, out of network deductibles and coinsurance.

Two lump sum payments — \$775 in FY 2014 and \$225 in FY 2015 — were or will be paid to employees represented by CSEA, NYSPBA, NYSCOPBA and Council 82. PEF did not negotiate these lump sum payments, but covered employees will receive repayment for all DRP

BUDGET RISKS AND UNCERTAINTIES TO THE FINANCIAL PLAN

reductions over an extended time at the end of the contract term. The employees represented by unions which negotiated the lump sum payments will be repaid a portion of their DRP reductions over an extended term at the end of their respective contract terms. UUP employees may receive lump sum payments of similar value in the form of Chancellor's Power of SUNY Awards and Presidential Discretionary Awards.

The unions representing Graduate Students, State Police Troopers, Investigators and Commissioned/Non-Commissioned Officers, as well as employees represented by DC-37 (Housing) in the Division of Homes and Community Renewal, continue to have unsettled contracts for the current contract period. The Executive Budget Financial Plan does not include a General Fund reserve for this purpose.

LABOR SETTLEMENTS FOR PRIOR CONTRACT PERIODS

The Executive Budget Financial Plan continues to include a General Fund reserve to cover the costs of a pattern settlement for unsettled contracts prior to FY 2011. There is no assurance this reserve will fully fund these unsettled contracts. In addition, the State's ability to fund all future agreements in FY 2015 and beyond depends on the achievement of balanced budgets in those years.

BUDGET RISKS AND UNCERTAINTIES TO THE FINANCIAL PLAN

CURRENT CASH-FLOW PROJECTIONS

The State authorizes the General Fund to borrow resources temporarily from available funds in the Short Term Investment Pool (STIP) for up to four months, or to the end of the fiscal year, whichever period is shorter. The amount of resources that can be borrowed by the General Fund is limited to the available balances in STIP, as determined by the State Comptroller. Available balances include money in the State’s governmental funds and a relatively small amount of other moneys belonging to the State. Several accounts in Debt Service Funds and Capital Projects Funds that are part of All Governmental Funds are excluded from the balances deemed available in STIP. These excluded funds consist of bond proceeds and money obligated for debt service payments.

DOB expects that the State will have sufficient liquidity to make payments as they become due throughout the remainder of FY 2014 and FY 2015, but that the General Fund may, from time to time on a daily basis, need to borrow resources temporarily from other funds in STIP. The State continues to reserve money on a quarterly basis for debt service payments that are financed with General Fund resources. Money to pay debt service on bonds secured by dedicated receipts, including PIT bonds and Sales Tax bonds, continues to be set aside as required by law and bond covenants. The following table provides an estimate of month-end balances for FY 2015.

PROJECTED ALL FUNDS MONTH-END CASH BALANCES			
FY 2015			
(millions of dollars)			
	General Fund	Other Funds	All Funds
April	5,542	3,254	8,796
May	3,331	3,413	6,744
June	3,097	3,557	6,654
July	3,261	4,254	7,515
August	3,068	4,101	7,169
September	6,193	2,030	8,223
October	4,672	2,947	7,619
November	3,553	3,000	6,553
December	5,484	1,627	7,111
January	8,026	2,944	10,970
February	7,875	3,370	11,245
March	1,743	2,333	4,076

BUDGET RISKS AND UNCERTAINTIES TO THE FINANCIAL PLAN

PENSION AMORTIZATION

Under legislation enacted in August 2010, the State and local governments may amortize (defer paying) a portion of their annual pension costs beginning in FY 2011. Amortization temporarily reduces the pension costs that must be paid by public employers in a given fiscal year, but results in higher costs overall when repaid with interest.

The 2010 legislation enacted a formula to set an amortization threshold for each year. The amortization threshold (the “graded rate”) may increase or decrease in the direction of the actuarial contribution rate (the “normal rate”) by up to one percentage point annually. Pension contribution costs in excess of the graded rate may be amortized. Amortization is permitted in all years if the normal rate is greater than the graded rate. However, when the graded rate equals or exceeds the normal rate, amortization is not allowed.

In FY 2015, the graded contribution rates for the Employees’ Retirement System (ERS) and the Police and Fire Retirement System (PFRS) will be 13.5 percent and 21.5 percent, respectively. The Executive Budget Financial Plan assumes the State will continue to amortize its pension costs in FY 2015 at these rates.

Over the past four years, the normal rates and the amortization rates were as follows:

Fiscal Year (FY)	ERS Average Normal Rate	ERS Amortization Rate	PFRS Average Normal Rate	PFRS Amortization Rate
FY 2011	11.9	9.5	18.1	17.5
FY 2012	15.9	10.5	21.5	18.5
FY 2013	18.5	11.5	25.8	19.5
FY 2014	20.5	12.5	28.8	20.5

For both ERS and PFRS, DOB projects the FY 2016 graded rates will be equal to, or more than, the normal contribution rates. As such, continued amortization is not expected. Furthermore, DOB projects the graded rates will exceed the normal contribution rates in FY 2017 through FY 2020. In these years, contributions that exceed the normal contributions will be used to pay outstanding cost of prior year amortizations, as required by statute. These projections are based on projected market returns and numerous actuarial assumptions. The next five-year experience study conducted by the Retirement Systems’ Actuary is scheduled to take place in 2015 and could change these projections materially.

The State is required to begin repayment on each new amortization in the fiscal year immediately following the year in which the deferral was made. The full amount of the

BUDGET RISKS AND UNCERTAINTIES TO THE FINANCIAL PLAN

amortization, with interest, must be repaid within ten years, but the amount can be paid-off sooner. The annual interest rate on each new amortization is determined by the Office of the State Comptroller, and is fixed for the entire term of the deferral.

In FY 2013, the State made pension payments to the New York State & Local Retirement System (NYSLRS) of \$1.217 billion, of which \$674.1 million was amortized. In addition, the State's Office of Court Administration (OCA) made its pension payment of \$189.4 million, of which \$104.4 million was amortized. The total deferred amount — \$778.5 million — will be repaid with interest over the next ten years, beginning in FY 2014.

For amounts amortized in FY 2011, FY 2012, FY 2013, and FY 2014, the State Comptroller set interest rates of 5 percent, 3.75 percent, 3 percent, and 3.67 percent, respectively. The Executive Budget Financial Plan assumes that both the State and OCA will elect to amortize pension costs in future years, consistent with the provisions of the authorizing legislation, and repay such amounts at an interest cost assumed by DOB to be 3.67 percent (per annum) over ten years from the date of each deferred payment, consistent with the interest rate charged on the FY 2014 amortized amounts.

The following table, summarizes pension contributions and projections for GSCs and the Office of Court Administration over the period FY 2011 to FY 2028. The "Normal Costs" column shows the amount of the State's pension contribution prior to amortization. The "New Amortized Amounts / Payment on Prior Deferrals" column shows new amounts deferred or payments made on prior deferrals in each fiscal year. The "New Amortization Costs" column provide the aggregate cost of amortization in a given fiscal year (principal and interest on all prior deferrals). The "Total" column provides the State's pension contribution, net of amortization.

Consistent with these amortization assumptions, Part TT of Chapter 57 of the Laws of 2010 requires that: (a) the State make additional contributions in upcoming fiscal years, above the actuarially required contribution, and (b) once all outstanding amortizations are paid off, additional contributions be set aside as reserves for rate increases, to be invested by the State Comptroller and used to offset future rate increases.

BUDGET RISKS AND UNCERTAINTIES TO THE FINANCIAL PLAN

As noted above, DOB's most recent pension contribution rate forecast assumes that the normal contribution rate will equal the graded rate in FY 2016. Therefore, the State would not have the option to amortize any of its pension costs in 2016, or in the immediately succeeding fiscal years. In addition, this forecast assumes the State will make amortization payments on prior deferrals pursuant to the formula in statute. These payments are projected to occur in FY 2017 through FY 2021. Projections in the following table are based on certain DOB assumptions about actuarial factors on investment earnings and benefits to be paid, and while DOB believes such assumptions to be reasonable, actual results may vary from the projections provided in the following table, and such variances could be substantial.

EMPLOYEE RETIREMENT SYSTEM AND POLICE AND FIRE RETIREMENT SYSTEM ¹ PENSION CONTRIBUTIONS AND OUTYEAR PROJECTIONS (millions of dollars)				
Fiscal Year	Normal Costs ²	New Amortized Amounts/Payments on Prior Deferrals	Amortization Payment	Total
2011 Results	1,552.8	(249.6)	0.0	1,303.2
2012 Results	2,041.7	(562.9)	32.3	1,511.1
2013 Results	2,085.3	(778.5)	100.9	1,407.7
2014 Projected	2,507.8	(937.0)	192.1	1,762.9
2015 Projected	2,481.5	(742.6)	305.8	2,044.7
2016 Projected	1,730.4	0.0	395.8	2,126.2
2017 Projected	1,477.9	117.3	395.8	1,991.0
2018 Projected	1,355.8	171.9	364.1	1,891.8
2019 Projected	1,315.7	178.7	363.5	1,857.9

2021 Projected	1,389.1	3.6	207.2	1,599.9
2022 Projected	1,455.0	0.0	203.7	1,658.7
2023 Projected	1,523.7	0.0	203.7	1,727.4
2024 Projected	1,596.0	0.0	180.8	1,776.8
2025 Projected	1,671.1	0.0	90.1	1,761.2
2026 Projected	1,749.2	0.0	0.0	1,749.2
2027 Projected	1,830.6	0.0	0.0	1,830.6
2028 Projected	1,915.3	0.0	0.0	1,915.3

Source: NYS DOB.

¹Pension contribution values do not include pension costs related to the Optional Retirement Program and Teachers' Retirement System for SUNY and SED, whereas the projected pension disbursements in the Financial Plan tables presented in this Financial Plan include such pension disbursements.

²Include payments from amortization prior to FY 2011. Such prior amortization payments will end in FY 2017.

OTHER POST-EMPLOYMENT BENEFITS (OPEB)

State employees become eligible for post-employment benefits (i.e., health insurance) if they reach retirement while working for the State, are enrolled in the New York State Health Insurance Program (NYSHIP), or are enrolled in the State's opt-out program at the time they have reached retirement, and have at least ten years of eligible service for NYSHIP benefits. The cost of providing post-retirement health insurance is shared between the State and the retired employee. Contributions are established by law and may be amended by the Legislature. The State pays its share of costs on a Pay-As-You-Go (PAYGO) basis as required by law.

In accordance with the Governmental Accounting Standards Board (GASB) Statement 45, the State must perform an actuarial valuation every two years for purposes of calculating OPEB liabilities. As disclosed in Note 13 of the State's Basic Financial Statements for FY 2013, the Annual Required Contribution (ARC) represents the projected annual level of funding that, if set aside on an ongoing basis, is projected to cover projected normal costs each year and to amortize any unfunded liabilities of the plan over a period not to exceed 30 years. Amounts required but not actually set aside to pay for these benefits are accumulated, with interest, as part of the net OPEB obligation, after adjusting for amounts previously required.

As reported in the State's Basic Financial Statements for FY 2013, the projected unfunded actuarial accrued liability for FY 2013 is \$66.5 billion (\$54.3 billion for the State and \$12.2 billion for SUNY), a decline of \$5.5 billion from FY 2012 (\$5.4 billion for the State and \$0.1 billion for SUNY). The unfunded actuarial accrued liability for FY 2013 used an actuarial valuation of OPEB liabilities as of April 1, 2012 for the State and as of April 1, 2010 for SUNY. These valuations were determined using the Frozen Entry Age actuarial cost method, and are amortized over an open period of 30 years using the level percentage of projected payroll amortization method.

The actuarially determined annual OPEB cost for FY 2013 totaled \$3.4 billion (\$2.6 billion for the State and \$0.8 billion for SUNY), a decline of \$520 million from FY 2012 (\$490 million for the State and \$30 million for SUNY). The actuarially determined cost is calculated using the Frozen Entry Age actuarial cost method, allocating costs on a level basis over earnings. The actuarially determined cost was \$2.0 billion (\$1.4 billion for the State and \$0.6 billion for SUNY) greater than the cash payments for retiree costs made by the State in FY 2013. This difference between the State's PAYGO costs, and the actuarially determined required annual contribution under GASB Statement 45, reduced the State's net asset condition at the end of FY 2013 by \$2.0 billion.

BUDGET RISKS AND UNCERTAINTIES TO THE FINANCIAL PLAN

GASB does not require the additional costs to be funded on the State's budgetary (cash) basis, and no funding is assumed for this purpose in the Executive Budget Financial Plan. The State continues to finance these costs, along with all other employee health care expenses, on a PAYGO basis.

There is no provision in the Executive Budget Financial Plan to fund the actuarial required contribution for OPEB. If the State began making the actuarial required contribution, the additional cost above the PAYGO amounts would be lowered. The State's Health Insurance Council, which consists of the Governor's Office of Employee Relations (GOER), Civil Service and DOB, will continue to review this matter and seek input from the State Comptroller, the legislative fiscal committees and other outside parties. However, it is not expected that the State will alter its planned funding practices in light of existing fiscal conditions.

FINANCIAL SETTLEMENTS

The State periodically receives financial settlements that are deposited to the General Fund. Based on recent experience, the Executive Budget Financial Plan counts on settlement proceeds of approximately \$300 million in FY 2015, \$300 million in FY 2016, \$175 million in FY 2017, and \$125 million in FY 2018. There can be no assurance that State settlement proceeds in upcoming fiscal years will be received at the levels assumed in the Financial Plan.

LITIGATION

Litigation against the State may include potential challenges to the constitutionality of various actions. The State may also be affected by adverse decisions that are the result of various lawsuits. Such adverse decisions may not meet the materiality threshold to warrant individual description but, in the aggregate, could still adversely affect the Executive Budget Financial Plan.

UPDATE ON STORM RECOVERY

Within the last three years, New York State has sustained damage from three powerful storms that crippled entire regions. In August 2011, Hurricane Irene disrupted power and caused extensive flooding to various New York State counties. In September 2011, Tropical Storm Lee caused flooding in additional New York State counties and, in some cases, exacerbated the damage caused by Hurricane Irene two weeks earlier. Little more than one year later, on October 29, 2012, Superstorm Sandy struck the East Coast, causing widespread infrastructure damage and economic losses to the greater New York region. The frequency and intensity of these storms presents economic and financial risks to the State. State claims for reimbursement for the costs of the immediate response are in process, and both recovery and

BUDGET RISKS AND UNCERTAINTIES TO THE FINANCIAL PLAN

future mitigation efforts have begun, largely supported by Federal funds. In January 2013, the Federal government approved approximately \$60 billion in Federal disaster aid for general recovery, rebuilding and mitigation activity nationwide. New York anticipates receiving approximately one-half of this amount over the coming years for response, recovery, and mitigation costs. There can be no assurance that all anticipated Federal disaster aid described above will be provided to the State and its affected entities, or that such Federal disaster aid will be provided on the expected schedule.

CLIMATE CHANGE ADAPTATION

Climate change is expected to cause long-term threats to physical and biological systems. Potential hazards and risks related to climate change for the State include, among other things, rising sea levels, more severe coastal flooding and erosion hazards, and more intense storms. Storms in recent years, including Superstorm Sandy, Hurricane Irene, and Tropical Storm Lee, have demonstrated vulnerabilities in the State's infrastructure, including mass transit systems, power transmission and distribution systems, and other critical lifelines, to extreme weather events, including coastal flooding caused by storm surges. Significant long-term planning and investment by the Federal government, State, and municipalities is expected to be needed to adapt existing infrastructure to the risks posed by climate change.

FINANCIAL CONDITION OF NEW YORK STATE LOCALITIES

The fiscal demands on the State may be affected by the fiscal conditions of New York City and potentially other localities, which rely in part on State aid to balance their budgets and meet their cash requirements. Certain localities outside New York City, including cities, and counties, have experienced financial problems and have requested and received additional State assistance during the last several State fiscal years. In 2013, the Financial Restructuring Board for Local Governments was created to provide assistance to distressed local governments by performing comprehensive reviews and providing grants and loans as a condition of implementing recommended efficiency initiatives.

BOND MARKET

Implementation of the Executive Budget Financial Plan is dependent on the State's ability to market its bonds successfully. The State finances much of its capital spending in the first instance from the General Fund or STIP, which it then reimburses with proceeds from the sale of bonds. If the State cannot sell bonds at the levels (or on the timetable) expected in the capital plan, it can adversely affect the State's overall cash position and capital funding plan. The success of projected public sales will, among other things, be subject to prevailing market conditions. Future developments in the financial markets, including possible changes in Federal tax law relating to the taxation of interest on municipal bonds, as well as future developments

BUDGET RISKS AND UNCERTAINTIES TO THE FINANCIAL PLAN

concerning the State and public discussion of such developments, generally may affect the market for outstanding State-supported and State-related debt.

CAPITAL COMMITMENT PLAN

The State continues to implement the best practices put forth by the New York Works Task Force (“The Task Force”). The Task Force was formed in May 2012 to assist in the coordination of long-term capital planning among State agencies and public authorities. Consistent with the long-term planning goals of New York Works, DOB formulated 10-year capital commitment and disbursement projections for State agencies that have been updated as part of the FY 2015 Executive Capital Plan. The total commitment and disbursement levels permissible over the 10-year capital planning horizon reflect, among other things, projected capacity under the State's debt limit, anticipated levels of Federal aid, and the timing of capital activity based on known needs and historical patterns.

DEBT REFORM ACT LIMIT

The Debt Reform Act of 2000 restricts the issuance of State-supported debt to capital purposes only and limits such debt to a maximum term of 30 years. The Act limits the amount of new State-supported debt to 4 percent of State personal income and new State-supported debt service costs to 5 percent of All Funds receipts. The restrictions apply to all new State-supported debt issued since April 1, 2000. The cap on new State-supported debt outstanding began at 0.75 percent of personal income in FY 2001 and was fully phased-in at 4 percent of personal income during FY 2011, while the cap on new State-supported debt service costs began at 0.75 percent of All Funds receipts in FY 2001 and is fully phased in at 5 percent during FY 2014. The State was found to be in compliance with the statutory caps for the most recent calculation period (FY 2013).

Current projections reflect that debt outstanding and debt service will continue to remain below the limits imposed by the Act. Based on the most recent personal income and debt outstanding forecasts, the available room under the debt outstanding cap is expected to decline from \$3.2 billion in FY 2013 to \$106 million in FY 2017. This includes the estimated impact of the bond-financed portion of proposed increased capital commitment levels. Debt outstanding and debt service caps continue to include the existing SUNY Dormitory Facilities lease revenue bonds, which are backed by the State. Bonds issued under the new SUNY Dormitory Facilities Revenue credit implemented in 2013 are not included in the State's calculation of debt caps. Capital spending priorities and debt financing practices may be adjusted from time to time to preserve available debt capacity and stay within the statutory limits, as events warrant.

DEBT FINANCING CHANGES

SALES TAX REVENUE BONDS

Legislation adopted with the FY 2014 Enacted Budget created a new Sales Tax Revenue Bond Program which constitutes State-supported debt subject to the Debt Reform Act debt caps described above. The legislation created the Sales Tax Revenue Bond Tax Fund, a sub-fund within the General Debt Service Fund that provides for the payment of these bonds. The new Sales Tax Revenue Bonds are secured by the dedication of payments from this fund, which receives 1 percent of the State's 4 percent sales and use tax receipts. With a limited exception, upon the satisfaction of all of the obligations and liabilities of LGAC, the amount of sales tax receipts directed to this fund will increase to 2 percent. Tax receipts in excess of debt service requirements are transferred back to the State's General Fund.

The Sales Tax Revenue Bonds are used interchangeably with PIT bonds to finance most of the State's capital needs. Based on current projections and anticipated coverage requirements, the State expects to issue about \$1 billion of Sales Tax Revenue Bonds annually over the Financial Plan period. The first bonds for the Sales Tax Revenue Bond Program were issued in October 2013.

BUDGET RISKS AND UNCERTAINTIES TO THE FINANCIAL PLAN

SECURED HOSPITAL PROGRAM

Under the Secured Hospital Program, the State entered into service contracts to enable certain financially distressed not-for-profit hospitals to have tax-exempt debt issued on their behalf to pay for the cost of upgrading their primary health care facilities. In the event of shortfalls in revenues to pay debt service on the Secured Hospital bonds (which include hospital payments made under loan agreements between the Dormitory Authority of the State of New York (DASNY) and the hospitals and certain reserve funds held by the applicable trustees for the bonds) the service contracts obligate the State to pay debt service, subject to annual appropriations by the Legislature, on bonds issued by the New York State Medical Care Facilities Financing Agency and by DASNY through the Secured Hospital Program. As of January 1, 2014, there were approximately \$392 million of bonds outstanding for this program.

The financial condition of hospitals in the State's Secured Hospital Program continues to deteriorate. Of the six remaining hospitals in the program, two are experiencing significant operating losses that have impaired their ability to remain current on their loan agreements with DASNY. In relation to the Secured Hospital Program, the State expects to pay debt service costs of \$13 million in FY 2014, approximately \$30 million annually for FY 2015 through FY 2017, and \$17 million in FY 2018. These amounts are based on the actual experience to date of the participants in the program, and would cover the debt service costs for two hospitals that currently are not meeting the terms of their legal agreements with DASNY, as well as the debt service costs of a third hospital that is now closed. The State has estimated additional exposure of up to \$36 million annually, if all hospitals in the program failed to meet the terms of their agreement with DASNY and if available reserve funds were depleted.

SUNY DOWNSTATE HOSPITAL AND LONG ISLAND COLLEGE HOSPITAL

In May 2011, the New York State Supreme Court issued an order (the "May 2011 Order") that approved the transfer of real property and other assets of Long Island College Hospital (LICH) to a New York State not-for-profit corporation ("Holdings"), the sole member of which is SUNY. Subsequent to such transfer, Holdings leased the LICH hospital facility to SUNY Downstate Hospital ("Downstate Hospital"). In 2012, DASNY issued a portion of its tax exempt State Personal Income Tax Revenue Bonds ("PIT Bonds"), Series 2012D to refund approximately \$100 million in outstanding debt originally incurred by LICH.

To address the deteriorating financial condition of Downstate Hospital, which has been caused in part by the deteriorating financial position of LICH, legislation adopted with the FY 2014 Enacted Budget required the Chancellor of SUNY to submit to the Governor and the Legislature a multi-year sustainability plan for the Downstate Hospital. Specifically, the legislation required the sustainability plan to: a) set forth recommendations necessary to achieve financial stability for Downstate Hospital, and b) preserve the academic mission of Downstate Hospital's medical

BUDGET RISKS AND UNCERTAINTIES TO THE FINANCIAL PLAN

school. In accordance with this legislation, the Chancellor of SUNY submitted the sustainability plan for Downstate Hospital on May 31, 2013, and supplemented the plan with changes in a letter dated June 13, 2013. The supplemented plan was approved by both the Commissioner of Health and the Director of the Budget on June 13, 2013. Generally, the approved sustainability plan anticipates: a) a significant restructuring of health care service lines at University Hospital Brooklyn in order to achieve financial milestones assumed in the sustainability plan, and supported by State financial assistance from the State DOH; and, b) leveraging the LICH asset value to support the costs associated with Downstate Hospital exiting LICH operations, while accommodating continued health care services consistent with the needs of the community.

In 2013, the State Supreme Court Judge who issued the May 2011 Order issued, *sua sponte*, certain additional orders that could affect the validity of the May 2011 Order. Such orders issued in 2013 are under appeal and all proceedings before Judge Demarest are stayed pending such appeal. Further, SUNY, together with Holdings, has issued a request for proposals to provide healthcare services in or around the LICH facilities and to purchase the LICH real estate. The outcomes of such processes may require the expenditure of State funds or the defeasance of such PIT Bonds, in whole or in part. There can be no assurance that the resolution of the legal and financial issues surrounding LICH, including payment of outstanding liabilities, will not have a materially adverse impact on SUNY.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

Multi-Year Financial Plan Projections

INTRODUCTION

This section presents the State's updated multi-year Financial Plan for FY 2014 through FY 2018, with an emphasis on the FY 2015 projections. The projections reflect the impact of the Executive Budget proposal.

The State's cash-basis budgeting system, complex fund structure, and practice of earmarking certain tax receipts for specific purposes, complicate the discussion of the State's receipts and disbursements projections. Therefore, to minimize the distortions caused by these factors and, equally important, to highlight relevant aspects of the projections, DOB has adopted the following approaches in summarizing the projections:

- **Receipts:** The detailed discussion of tax receipts covers projections for both the General Fund and State Funds (including capital projects). The latter perspective reflects overall estimated tax receipts before their diversion among various funds and accounts, including tax receipts dedicated to capital projects funds (which fall outside of the General Fund and State Operating Funds accounting perspectives). DOB believes this presentation provides a clearer picture of projected receipts, trends and forecast assumptions, by factoring out the distorting effects of earmarking certain tax receipts.
- **Disbursements:** Over 40 percent of projected State-financed spending for operating purposes is accounted for outside of the General Fund and is primarily concentrated in the areas of health care, School Aid, higher education, transportation and mental hygiene. To provide a clearer picture of spending commitments, the multi-year projections and growth rates are presented, where appropriate, on both a General Fund and State Operating Funds basis.

In evaluating the State's multi-year operating forecast, it should be noted that the reliability of the estimates and projections as a predictor of the State's future financial position is likely to diminish the further removed such estimates and projections are from the date of this Executive Budget. Accordingly, in terms of outyear projections (FY 2016 through FY 2018), FY 2016 is the most relevant from a planning perspective.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

SUMMARY

DOB estimates that the Executive Budget, if enacted as proposed, would limit State Operating Funds⁹ spending to 1.7 percent and eliminate the General Fund budget gap of \$1.7 billion in FY 2015, fully finance proposed initiatives and tax cuts, and leave the future projected budget gaps at levels that are expected to be eliminated with adherence to the 2 percent spending benchmark.

The following tables present the Financial Plan multi-year projections for the General Fund and State Operating Funds, as well as reconciliation between the State Operating Funds projections and the General Fund budget gaps. The tables are followed by a summary of the multi-year receipts and disbursements forecasts.

⁹ State Operating Funds consists of the General Fund, State special revenue funds, and debt service funds.

ECONOMIC OUTLOOK

As 2014 begins, the national economy appears once again to be approaching an inflection point, finally producing the sustainable momentum that has been so elusive until now. Both the housing and labor markets have shown steady improvement, furthering the repair of household balance sheets. With households feeling wealthier and more certain about future job prospects, real household spending growth is expected to rise above the poor results to-date during the current expansion. At the same time, the euro-area's downward spiral appears to be abating. But even stagnation would represent an improvement over its recent past. Consistently stronger growth in both domestic and global demand is expected to stimulate private business investment, which has been virtually absent from this recovery despite flush corporate balance sheets. These forces are expected to more than compensate for ongoing weakness in the public sector that will continue to be a drag on growth, albeit a diminishing one, for some time. Real U.S. GDP is projected to grow 2.7 percent in 2014, following 1.9 percent growth in 2013.

Although the most recent data point toward a brighter outlook for 2014, the improvement implied by DOB's forecast does not represent a dramatic break from the recent past. A substantial degree of slack remains both in the U.S. and abroad, which is likely to keep inflation below the Federal Reserve's 2 percent target for much of this year. Thus, continued low inflation of 1.6 percent is projected for 2014, following a rate of 1.5 percent in 2013. The recent federal budget agreement signals a new tone coming out of Washington, but continued fiscal cooperation is required to keep the economy moving forward.

An improving labor market has given the Federal Reserve the confidence to begin the long road toward "normalization," while low inflation gives the central bank room to proceed slowly with that process. But no matter the pace, the pinch of higher long-term interest rates will be felt. Slack will also continue to put downward pressure on income growth, though we fully expect that pressure to diminish going forward. Europe's climb out of recession is likely to be slow and uneven. Recent research indicates that recoveries that follow financial crises are long and painful, particularly when combined with the collapse of a housing bubble. This recovery has sustained more than its share of negative events, ranging from weather and energy price shocks to true catastrophes like the Japanese earthquake and tsunami of 2011. While the economy's resiliency to such events is improving, substantial risks remain.

New York's private sector labor market continues to enjoy robust growth and was much stronger coming out of the recovery than that of the nation as a whole. Tourism continues to be a key source of strength, supporting leisure and hospitality's ongoing role as a leading sector. An accelerating national economy will continue to increase demand for New York's large business service sector. The State's real estate sector continues to be strong, particularly in New York City, supporting strong growth in construction jobs in 2014. Private sector job

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

growth of 1.5 percent is projected for 2014, representing a fourth consecutive year of above average growth.

Surging equity market growth during the latter part of 2013 is likely to have contributed to solid gains in non-wage income for last year, including taxable capital gains, while finance and insurance bonus growth of about 8 percent is projected for the State fiscal year in progress. However, both government and financial sector employment are expected to continue to fall through 2014, putting downward pressure on wage growth despite healthy growth in bonuses. State wage growth of 5.4 percent is projected for 2014, accompanied by total personal income growth of 5.2 percent. Note that these growth rates are elevated – particularly for wages – due to the shifting of income from the beginning of 2013 into the end of 2012, in anticipation of a federal rate hike for high-income earners. As this effect runs its course, wage and personal income growth are expected to slow to 4.6 percent and 4.9 percent, respectively, in 2015. Growth rates for both 2014 and 2015 remain below historical averages.

THE REVENUE SITUATION

Receipts in FY 2014 have been highlighted by:

- A better than expected tax year 2012 personal income tax settlement, mainly the result of capital gains and income shifted from 2013 and other future years into 2012 in anticipation of higher Federal tax rates beginning in 2013;
- December 2013 and January 2014 personal income tax estimated payments that exceeded expectations, likely the result of the surging stock market;
- Strong estate tax collections, also likely due in some degree to the increase in net worth generated by stock market gains;
- Robust sales tax collection growth resulting from Superstorm Sandy recovery spending;
- An uptick in real estate transfer tax collections growth, generally from improved conditions downstate; and
- Disappointing business tax results, mainly from the banking sector, whose profits suffered from fines and increased mortgage rates that reduced taxable income.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

Receipts in FY 2015 are expected to be characterized by:

- Personal income tax growth consistent with the estimated wage and personal income growth discussed above, but tempered by increased refunds generated by the payback of tax credits deferred in Tax Years 2010-2012, tax cuts proposed with this Budget;
- A return to trend taxable consumption growth after the above average growth experienced in FY 2014;
- Another decline in business tax receipts — due primarily to the aforementioned credit deferral payback;
- A decline in estate tax receipts generated by proposed tax cuts; and
- A slowdown in real estate transfer tax receipt growth consistent with long-term averages.

The following table displays growth rates for actual and base (i.e., absent law changes) tax receipts for FY 1991 through FY 2018. The forecast growth rates assume continued economic growth. Should a recession occur prior to FY 2018 one or more of these forecast growth rates could be much lower or negative.

All Funds FY 2014 tax receipts growth of 4.7 percent and FY 2015 growth of 2 percent are heavily influenced by timing factors. Growth in FY 2014 was driven up as a result of Superstorm Sandy recovery spending and the movement of realized capital gains and other non-wage income into Tax Year 2012 from future years in anticipation of higher federal tax rates in 2013. This manifested itself in a strong April 2013 personal income tax settlement. FY 2014 also marked the last year which contained higher revenue as the result of the tax credit deferral program. The slowdown in FY 2015 is the result of the first year of tax credit deferral payback, the non-recurring nature of Superstorm Sandy spending by consumers, and tax cuts proposed with this Budget.

FY 2014 OVERVIEW

- Total All Funds FY 2014 receipts are estimated to reach \$137.9 billion, an increase of \$4.7 billion (3.5 percent) from FY 2013. All Funds tax receipts are estimated to increase by \$3.1 billion, or 4.7 percent. The majority of the increase in tax receipts is attributable to growth in personal income tax collections.
- Total State Funds FY 2014 receipts are estimated to reach \$93.2 billion, an increase of \$2.9 billion (3.2 percent).

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

- Total General Fund FY 2014 receipts are estimated at \$61.7 billion, an increase of \$2.9 billion (4.9 percent). General Fund tax receipts are estimated to decrease by 1.8 percent primarily as a result of the dedication of former General Fund sales tax revenue to the new Sales Tax Bond Fund. General Fund miscellaneous receipts are estimated to decrease by 7.2 percent, reflecting trends in motor vehicle fees receipts, the dissolution of the Monroe Medicaid Sales Tax Intercept, and reductions in abandoned property.
- Base tax FY 2014 receipts growth, which nets out the impact of law changes, will increase by an estimated 5.1 percent after a base increase of 4.8 percent in FY 2013.

FY 2015 OVERVIEW

- Total FY 2015 All Funds receipts are projected to reach \$142.2 billion, an increase of \$4.3 billion (3.2 percent) from FY 2014 estimates. All Funds tax receipts are projected to grow by \$1.4 billion (2 percent). This increase is primarily attributable to continued positive economic growth.
- Total State Funds receipts are projected to be \$96 billion, an increase of \$2.8 billion (3.1 percent) from FY 2014 estimates.
- Total General Fund receipts are projected to be \$47.1 billion, an increase of \$1.9 billion, or 3 percent from FY 2014 estimates. General Fund tax receipts are projected to grow by 1.7 percent, while General Fund miscellaneous receipts are projected to increase by \$606 million (18.6 percent) as the result of increased license and fee and abandoned property receipts, and a motor vehicle fee accounting change. Federal grants revenues are projected to decline by \$2 million.
- After controlling for the impact of policy changes, base tax revenue growth is estimated to increase by 4.3 percent for FY 2015.

CHANGE FROM MID-YEAR UPDATE

REVISED ESTIMATES AND PROJECTIONS

- All funds FY 2014 receipts estimates have been reduced by \$162 million from the Mid-Year Update. The upward tax revision of \$90 million is due to stronger than expected personal income and other tax receipts partially offset by a negative business tax variance.
- All Funds miscellaneous receipts estimates in FY 2014 were revised downward by \$325 million from the Mid-Year Update, which largely reflects reduced receipts from HCRA financing sources, including no longer assuming proceeds associated with conversion of a health insurance company from a not-for-profit entity to a for-profit entity; and lower abandoned property receipts.
- All Funds Federal grant projections have been revised upward by \$73 million in FY 2014, reflecting year-to-date activity in Federal funds.
- General Fund FY 2014 receipts have been revised downward by \$12 million, reflecting a downward miscellaneous receipts revision partially offset by an upward tax revision.
- All Funds receipts estimates have been decreased by \$1.5 billion for FY 2015 from the Mid-Year Update. The downward tax revision of \$307 million is largely a full-year translation of base changes to corporate taxes made to FY 2014.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

- All Funds miscellaneous receipts projections in FY 2015 were revised upward by \$312 million which largely reflects revenues from licensing fees associated with commercial gaming, and increased bond proceeds to fund economic development projects.
- All Funds Federal grant projections have been revised downward by \$1.5 billion in FY 2015, which mainly reflects the impact of changes in Medicaid associated with the ACA.
- General Fund FY 2015 receipts have been revised upward by \$309 million. Miscellaneous receipts revisions related to motor vehicle fees trends and financial audit recoveries account for a large portion of the increase and were bolstered by a \$47 million increase in tax receipts.

PROPOSED LAW CHANGES

The FY 2015 Executive Budget includes changes to tax law that would:

- Provide tax relief proposals to continue improving New York's business climate and provide relief for over-burdened families;
- Simplify the tax code;
- Ensure that taxpayers remit the proper amount of tax; and
- Close unintended tax loopholes to improve the equity of the tax code.

The tax policy changes proposed with this Budget are reported in summary below and in detail in the tax by tax descriptions.

PERSONAL INCOME TAX

- Close the resident trust loophole;
- Repeal the personal income tax add-on minimum tax;
- Modify delivery of the family tax relief credit after tax year 2014;
- Increase personal income tax filing threshold;
- Establish the real property tax freeze personal income tax credit;
- Establish the residential real property personal income tax credit;
- Establish a renter's personal income tax credit;
- Extend the non-custodial earned income tax credit (EITC) for two years;
- Authorize a professional and business license tax clearance; and
- Eliminate the income threshold inflation adjustment for enhanced STAR.

USER TAXES AND FEES

- Repeal the boxing and wrestling exhibitions tax; and
- Extend the alternative fuels tax exemptions for two years.

BUSINESS TAXES

- Streamline corporate audit procedures (administrative);
- Reform the investment tax credit;
- Repeal the financial services investment tax credit;
- Repeal the franchise tax on agricultural cooperatives;
- START-UP NY technical amendment for section 186-e excise tax;
- Corporate tax reform;

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

- Establish a 20 percent real property tax credit for manufacturers;
- Eliminate the net income tax on upstate manufacturers;
- Enhance the youth works tax credit;
- Expand the low income housing credit;
- Extend the commercial production tax credit for two years;
- Extend and reform the Brownfields clean-up program; and
- Extend the alternative fuels tax exemptions for two years.

OTHER ACTIONS

- Repeal the boxing and wrestling exhibitions tax;
- Modify signature requirements on e-filed returns prepared by tax professionals;
- Align mobility and personal income tax filings for the self-employed;
- Reform the estate tax;
- Repeal Article 12 of the Tax Law;
- Extend Monticello Video Lottery Terminal rates for one year;
- Extend certain pari-mutuel tax rates and authorization for account wagering for one year; and
- Extend the Video Lottery gaming vendor's Capital Awards Program for one year.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

FY 2016, FY 2017, AND FY 2018 OVERVIEW

TOTAL RECEIPTS (millions of dollars)							
	FY 2015 Proposed	FY 2016 Projected	Annual \$ Change	FY 2017 Projected	Annual \$ Change	FY 2018 Projected	Annual \$ Change
General Fund	63,503	65,339	1,836	67,426	2,087	69,136	1,710
Taxes	43,205	45,408	2,203	47,296	1,888	48,893	1,597
State Funds	96,002	98,855	2,853	100,827	1,972	102,454	1,627
Taxes	70,794	74,077	3,283	77,148	3,071	79,740	2,592
All Funds	141,901	145,849	3,948	149,134	3,285	152,485	3,351
Taxes	70,794	74,077	3,283	77,148	3,071	79,740	2,592

Overall, tax receipts growth in the three fiscal years following FY 2015 is expected to remain in the range of 3.4 percent to 4.6 percent. This is consistent with projected trend economic growth in the New York economy during this period and the payback of deferred tax credits.

- Total All Funds FY 2016 receipts are projected to be \$145.8 billion, an increase of \$3.9 billion from the prior year. All Funds FY 2017 receipts are expected to increase by \$3.3 billion from FY 2016 projections. In FY 2018, receipts are expected to increase by \$3.4 billion from FY 2017 projections.
- Total State Funds receipts are projected to be \$98.9 billion in FY 2016, \$100.8 billion in FY 2017 and \$102.5 billion in FY 2018.
- Total General Fund receipts are projected to reach \$65.3 billion in FY 2016, \$67.4 billion in FY 2017 and \$69.1 billion in FY 2018.

BASE GROWTH

Base growth, adjusted for law changes, in tax receipts is estimated to be 5.1 percent in FY 2014 and 4.3 percent in FY 2015. Overall base growth in tax receipts is dependent on a multitude of factors.

In general, base tax receipts growth rates are determined by economic changes, including, but not limited to, changes in interest rates, prices, wages, employment, non-wage income, capital gains realizations, taxable consumption, corporate profits, household net worth, real estate prices, and gasoline prices. Federal law changes can influence taxpayer behavior, which also affect base tax receipts growth.

¹Excludes Transfers.

All Funds FY 2014 receipts are estimated to be \$42.8 billion, an increase of \$2.6 billion (6.5 percent) from FY 2013 results. This primarily reflects robust growth in extension (i.e., prior year estimated) payments for tax year 2012, strong growth in final returns, moderate growth in current year estimated payments for tax year 2013, and modest growth in withholding, partially offset by substantial growth in prior year refunds related to tax year 2012, current year refunds related to tax year 2013, and state-city offsets.

Withholding in FY 2014 is projected to be \$1.2 billion (3.8 percent) higher compared to the prior year. This reflects the net effect of modest wage growth, partially offset by lower withholding due to the first full fiscal year of inflation-indexed withholding tax tables. Total estimated payments are expected to increase \$2.5 billion (20.8 percent). Estimated payments for tax year 2013 (i.e., current year estimated) are projected to be \$547 million (6.1 percent) higher. Extension payments (i.e., prior year estimated) for tax year 2012 are projected to grow 62.2 percent (\$2 billion) compared to extensions for tax year 2011, due to the widespread acceleration of capital gains realizations into tax year 2012. This acceleration occurred in anticipation of higher Federal income tax rates in tax year 2013, attributable to the American Taxpayer Relief Act, in addition to the imposition of the 3.8 percent net investment income tax associated with the ACA. Delinquent collections and final return payments are projected to be \$74 million (6.4 percent) and \$230 million (10.7 percent) higher, respectively.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

The increase in total refunds of \$1.4 billion reflects a combination of strong growth in prior year refunds related to tax year 2012 of \$801 million (17.5 percent) due to greater than typical overpayment of extension payments for tax year 2012, a \$310 million (17.7 percent) increase in current year refunds related to tax year 2013, and 107.5 percent (\$332 million) growth in state-city offsets, stemming from the New York State income tax rate changes that took place between 2011 and 2012.

The following table summarizes, by component, actual receipts for FY 2013 and forecast amounts through FY 2017.

Net Receipts	40,227	42,846	44,131	46,704	49,340
*These components, collectively, are known as the "settlement" on the prior year's tax liability.					

All Funds FY 2015 receipts are projected to be \$44.1 billion, an increase of \$1.3 billion (3 percent) from FY 2014.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

This increase primarily reflects increases of \$1.9 billion (5.7 percent) in withholding, partially offset by the combination of a \$452 million (3.1 percent) decline in total estimated payments and a \$133 million (1.5 percent) increase in total refunds. The decline in total estimated payments results from a \$1 billion decrease in extension (i.e., prior year estimated) payments for tax year 2013, following an inflated tax year 2012 amount due to substantial extension overpayment following end-of-year accelerated capital gains realizations. The majority of the decline, however, is offset by a \$568 million increase in current estimated payments related to tax year 2014, partially reflecting \$75 million in revenue from closing the resident trust loophole.

The increase in total refunds of \$133 million reflects \$400 million in additional credit attributable to new legislation (Real Property Tax Freeze credit), \$410 million in credits for the first year of payments related to the Family Tax Relief credit, and \$75 million due to the first repayment of previously deferred tax credits, largely offset by declines of \$227 million (4.2 percent), \$310 million (15.1 percent), and \$143 million (22.3 percent) in prior year refunds related to tax year 2013, current year refunds related to tax year 2014, and state-city offsets, respectively. Payments from final returns are expected to decrease \$62 million (2.6 percent), while delinquent collections are projected to increase by \$44 million (3.6 percent) compared to the prior year.

General Fund income tax receipts are net of deposits to the STAR Fund, which provide property tax relief, and the RBTF, which supports debt service payments on State personal income tax revenue bonds. General Fund FY 2014 receipts of \$28.7 billion are expected to increase by \$1.9 billion (6.9 percent) from the prior year, mainly reflecting the increase in All Funds receipts noted above. The RBTF deposit is estimated to be \$10.7 billion while the STAR transfer is estimated to be \$3.4 billion.

General Fund income tax FY 2015 receipts of \$29.7 billion are projected to increase by \$924 million (3.2 percent). The RBTF deposit is projected to be \$11 billion while the STAR transfer is projected to be \$3.4 billion.

¹Excludes Transfers

Compared to the Mid-Year Update, FY 2014 All Funds income tax receipts are revised upward by \$303 million. The increase reflects upward revisions in withholding (\$94 million), total estimated payments (\$839 million), and final returns (\$67 million), partially offset by a \$683 million upward revision of total refunds and a \$14 million downward revision in delinquent receipts. The increase in withholding reflects a slightly improved bonus income outlook while the increase in current year estimated payments reflects stronger than expected performance in equity markets in 2013. Increased refunds reflect adjustments for substantial growth in prior year refunds related to tax year 2012 (\$315 million), current year refunds related to tax year 2013 (\$310 million) and state-city offset transfers (\$143 million) to the City from the State, partially offset by smaller-than-expected prior year refund inventory (\$85 million).

Compared to the Mid-Year Update, FY 2015 All Funds income tax receipts are revised upward by \$132 million, reflecting \$458 million in revenue-increasing re-estimates, partially offset by a \$325 million total revenue reduction from legislation proposed with this Budget. The non-legislative re-estimate largely reflects a \$465 million upward revision in total estimated payments and a \$310 million downward revision in total refunds, partially offset by a \$350 million downward revision in withholding due to a lower wage forecast. Other reestimates include a \$40 million upward revision in final returns and a \$7 million reduction in delinquent receipts. The adjustment to total refunds results from \$485 million in lower prior year refunds related to tax year 2013, related to a reestimation of the cost of deferred tax credit repayments, as well as the increase in current year refunds that will be paid between January and March 2014, partially offset by a \$175 million increase in the state-city offset. Legislative proposals include a revenue gain of \$75 million from closing the resident trust loophole and a \$400 million revenue reduction attributable to the Real Property Tax Freeze credit.

¹Excludes Transfers.

All Funds income tax FY 2016 receipts of \$46.7 billion are projected to increase \$2.6 billion (5.8 percent) from the prior year. Gross receipts are projected to increase 7.4 percent (\$3.9 billion), reflecting withholding that is projected to grow by \$2.2 billion (6.3 percent) and total estimated payments that are projected to grow by \$1.5 billion (10.3 percent). The increase in withholding reflects moderate wage growth. The increase in estimated payments includes an additional \$150 million compared to the prior year from closing the resident trust loophole. Payments from final returns are expected to increase \$162 million (7 percent). Delinquencies are projected to increase \$50 million (4 percent) from the prior year. Total refunds are projected to increase by \$1.3 billion (15.1 percent) from the prior year, primarily the result of an additional \$576 million compared to the prior year in advanced credit payment attributable to the Real Property Tax Freeze credit, an additional \$200 million in prior year refunds from the Residential Real Property Tax credit, and another \$200 million in prior year refunds from the Renter credit.

General Fund income tax FY 2016 receipts of \$31.6 billion are projected to increase by \$1.9 billion (6.4 percent). RBTF deposits are projected to be \$11.7 billion and the STAR transfer is projected to be \$3.5 billion.

All Funds income tax receipts are projected to be \$49.3 billion in FY 2017 and \$51.3 billion in FY 2018. General Fund receipts are projected at \$33.4 billion and \$34.9 billion, respectively.

¹Excludes Transfers.

All Funds user taxes and fees FY 2014 receipts are estimated to be \$15.1 billion, an increase of \$492 million (3.4 percent) from the prior year. Sales tax receipts are expected to increase by \$606 million (5.1 percent) from the prior year. Contributing factors to a sales tax base growth (i.e., absent law changes) of 4.8 percent are estimated strong growth in vehicle sales, construction, utility expenditures, wholesale trade and food services. Cigarette and tobacco tax collections are estimated to decrease by \$130 million (8.4 percent) due to lower consumption of cigarettes as well as increased refunds associated with a change in the way the wholesale cigar tax is administered.

General Fund user taxes and fees FY 2014 receipts are estimated to total \$6.5 billion, a decrease of \$2.6 billion (28.4 percent) from the prior year. This decrease reflects the General Fund share of sales tax revenues being reduced from 75 percent to 50 percent. Absent this law change, General Fund sales tax receipts would increase by over \$400 million. Also, cigarette and tobacco taxes are estimated to fall \$59 million (13.3 percent), consistent with All Funds changes.

All Funds user taxes and fees FY 2015 receipts are projected to be nearly \$15.5 billion, an increase of \$373 million (2.5 percent) from the prior year. The increase in sales tax receipts of \$393 million (3.1 percent) reflects sales tax base growth of 3.6 percent. Cigarette and tobacco tax receipts are projected to decline as a result of larger than trend declines in stamp sales, slightly offset by the non-recurrence of prior year cigar tax refunds. The increase in taxicab surcharge receipts reflects a projected increase in the number of vehicles that will now be collecting the surcharge.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

General Fund user taxes and fees FY 2015 receipts are projected to total \$6.7 billion, an increase of \$189 million (2.9 percent) from the prior year. This increase largely reflects the projected increases in All Funds sales tax receipts discussed above.

¹Excludes Transfers.

All Funds user taxes and fees FY 2014 receipts are revised down by \$9 million from the Mid-Year Update as a result of weaker than expected to-date cigarette and tobacco tax collections and the aforementioned increase in refunds due to the change in the way the cigar tax is applied (\$70 million), offset by an increase in sales tax collections (\$65 million). All Funds FY 2015 user taxes and fees are revised down by \$194 million due to anticipated lower sales tax collections (\$98 million) and weaker than expected to-date cigarette and tobacco collections (\$92 million). General Fund user taxes and fees are estimated to follow a similar trend as All Funds.

Petroleum Business Tax	1,140	1,185	45	3.9%	1,169	(16)	-1.4%

All Funds business tax FY 2014 receipts are estimated at \$8.2 billion, a decrease of \$279 million (3.3 percent) from the prior year. This decrease is mainly driven by bank tax receipts. Liability year 2013 payments are weak compared to the previous year with an expected decline of 25 percent. Partially offsetting the decrease in the bank tax are higher corporate franchise tax receipts. This is mainly driven by higher estimated audit receipts (\$429 million). Corporation and utilities tax and insurance tax receipts are also estimated to be lower than the previous year.

All Funds corporate franchise tax FY 2014 receipts are estimated to be \$3.6 billion, an increase of \$552 million (18.3 percent) from FY 2013. The year-to-year increase is mainly attributable to higher audit receipts. Non-audit receipts are estimated to increase \$123 million from the prior year as the increase in gross receipts is larger than the increase in cash refunds expected to be paid.

All Funds corporation and utilities tax FY 2014 receipts are estimated to be \$794 million, a decrease of \$101 million (11.3 percent) from FY 2013. The main driver for the year-to-year decrease is a large telecommunications refund paid in October and lower audit receipts. Gross receipts for FY 2014 are estimated to decline slightly from FY 2013 as the telecommunications sector continues to erode from consumers continuing to shift to internet based communication tools from landline telecommunications.

All Funds insurance tax FY 2014 receipts are estimated to be \$1.5 billion, a decrease of \$52 million (3.4 percent) from FY 2013. This decrease is driven by the State's transition of the medical portion of the Empire Plan to self-insurance, effective January 1, 2013. This results in

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

lower 2013 liability since the State no longer remits the insurance tax as part of a premium payment.

All Funds bank tax FY 2014 receipts are estimated to be \$1.2 billion, a decrease of \$723 million (37.8 percent) from FY 2013. This decrease is mainly attributable to weak liability year 2013 payments from commercial banks and lower audit receipts. Throughout calendar year 2013 banks have reduced their estimated liability and accompanying estimated payments. Additionally, audits are expected to decline \$249 million as fewer large cases are settled.

All Funds petroleum business tax FY 2014 receipts are estimated to be \$1.2 billion, an increase of \$45 million (3.9 percent) from FY 2013. This increase is mainly due to the 5 percent increase in the PBT index effective January 2013 offset by a 0.8 percent decrease effective January 2014. Motor and diesel fuel taxable consumption are projected to grow compared to the prior fiscal year.

General Fund business tax FY 2014 receipts of nearly \$6 billion are estimated to decrease by \$265 million (4.2 percent) from FY 2013. Business tax receipts deposited to the General Fund reflect the All Funds trends discussed above.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

All Funds business tax FY 2015 receipts of roughly \$7.9 billion are projected to decrease by \$333 million (4.1 percent) from the prior year. Corporation franchise tax FY 2015 receipts are projected to decrease by \$650 million (18.3 percent) from FY 2014, driven by lower audit receipts (\$178 million) and an increase in refunds attributable to the first year of the credit deferral payback to taxpayers.

Corporation and utilities taxes are projected to increase by \$20 million (2.5 percent). Gross receipts for FY 2015 are expected to show minimal growth compared to FY 2014. Lower refunds and lower audit receipts basically offset.

Insurance taxes are projected to increase \$84 million (5.8 percent). The year-to-year increase reflects underlying growth in premiums, partially offset by the transition of additional portions of the Empire Plan to self-insurance, effective January 1, 2014.

Bank tax receipts are projected to increase by \$229 million (19.3 percent) from the previous year. Tax year 2014 liability payments are expected to rebound from the low levels seen in 2013. Additionally, audit receipts are expected to be higher than the previous year.

The projected petroleum business tax decrease of \$16 million (1.4 percent) is due to a decrease in the petroleum business tax rate index of 0.8 percent effective in January 2014 and the projected decrease in the petroleum business tax rate index of 4 percent, effective in January 2015. Motor and diesel fuel taxable consumption are projected to grow compared to the prior fiscal year.

General Fund business tax FY 2015 receipts of \$5.6 billion are projected to decrease \$358 million (6 percent) from the prior year. Business tax receipts deposited to the General Fund reflect the All Funds trends discussed above.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

Compared to the Mid-Year Update, FY 2014 All Funds business tax receipts are estimated to decrease \$425 million. Higher corporate franchise tax receipts partially offset lower insurance tax and bank tax receipts. Higher corporate franchise tax audit receipts partially offset lower 2013 liability year payments in the bank and insurance taxes.

All Funds business tax FY 2015 receipts are projected to be \$299 million below the Mid-Year Update estimates. Higher corporate franchise tax receipts partially offset lower insurance, bank and petroleum business taxes. Higher corporate franchise tax receipts reflect \$71 million in FY 2015 Executive Budget proposals as well as a positive adjustment to the credit deferral payback. Lower bank and insurance tax receipts reflect the downward revisions to FY 2014. The downward revision of \$56 million to the petroleum business tax mainly reflects a 0.8 percent decrease in the petroleum business tax rate index effective in January 2014 and the projected 4 percent decrease in the petroleum business tax rate index in January 2015.

Petroleum Business Tax	1,169	1,138	(31)	1,149	11	1,158	9

All Funds business tax FY 2016, FY 2017 and FY 2018 receipts reflect trend growth that is determined, in part, by the expected level of corporate profits, the expected profitability of banks, the change in taxable insurance premiums, residential energy expenditures and the consumption of telecommunications services. Business tax receipts are estimated to decline to \$8.1 billion (3.6 percent) in FY 2016, increase to \$8.2 billion (0.6 percent) in FY 2017, and increase to \$8.4 billion (2.9 percent) in FY 2018. General Fund business tax receipts projections reflect the factors outlined above, and are projected to increase to \$5.9 billion (4.3 percent) in FY 2016, remain at \$5.9 billion (0.3 percent) in FY 2017, and increase to \$6 billion (3.1 percent) in FY 2018.

¹Excludes Transfers.

All Funds other tax FY 2014 receipts are estimated to be \$2.1 billion, an increase of \$263 million (14.7 percent) from FY 2013 receipts, reflecting an increase of \$206 million (20.3 percent) in the estate tax, as a result of increase in the number of large payments and an increase of \$59 million (7.8 percent) in real estate transfer tax receipts, driven by strong growth in the New York City real estate market.

General Fund other tax receipts are expected to total \$1.2 billion in FY 2014, an increase of \$204 million (19.7 percent), due to increases in the estate tax.

All Funds other tax FY 2015 receipts are projected to be \$2.1 billion, a decrease of \$6 million (0.3 percent) from FY 2014 reflecting growth in real estate transfer tax collections off-set by lower estate tax collections. A significant portion (\$33 million) of the estimated decline in estate tax receipts is due to Executive Budget legislation that would reform the estate tax.

General Fund other tax receipts are expected to total \$1.2 billion in FY 2015, a decrease of \$46 million (3.7 percent), which is attributable to a projected decrease in estate tax receipts due to fewer large payments and the Executive Budget proposal.

¹Excludes Transfers.

All Funds other taxes FY 2016, FY 2017 and FY 2018 receipts reflect growth driven by two major economic variables, household net worth (estate tax) and the value of real property transfers (real estate transfer tax), offset by reductions in estate tax receipts due to the impact of the aforementioned Executive Budget legislation. All Funds other taxes receipts are estimated to decrease to \$1.9 billion (4.8 percent) in FY 2016, decrease to \$1.8 billion (7.5 percent) in FY 2017, and decrease to just over \$1.6 billion (9.9 percent) in FY 2018. General Fund other taxes receipts will reflect decreases due to the estate tax changes noted above, and are projected to decrease to \$1.1 billion (11.6 percent) in FY 2016, decrease by \$201 million (19.1 percent) in FY 2017, and decrease by \$249 million (29.2 percent) in FY 2018.

Federal Grants	42,843	47,506	4,663	10.9%	45,792	(1,714)	-3.6%

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

All Funds miscellaneous receipts include monies received from HCRA financing sources, SUNY tuition and patient income, lottery receipts for education, assessments on regulated industries, and a variety of fees and licenses.

All Funds miscellaneous receipts are estimated to decline in FY 2014, from \$24.0 billion in FY 2013 to \$23.9 billion in FY 2014, and then increase \$1.5 billion in FY 2015 to \$25.3 billion. The slight annual decline in FY 2014 is mainly due to fluctuations in the level of receipts for unclaimed and abandoned property. The FY 2015 All Funds annual increase is primarily due to the expected deposit of \$1 billion from the State Insurance Fund reserve release in connection with Workers' Compensation law changes in the FY 2014 budget, as well as variations in the level of receipts for health care surcharges and other HCRA resources, licensing fees associated with commercial gaming, bond proceeds, atypical fines and the phase-out of the temporary utility assessment.

Aid from the Federal government helps pay for a variety of programs including Medicaid, temporary and disability assistance, mental hygiene, school aid, public health, and other activities. Annual changes to Federal grants generally correspond to changes in Federally-reimbursed spending. Accordingly, DOB typically projects Federal reimbursements will be received in the State fiscal year in which spending occurs, but due to the variable timing of Federal grant receipts, actual results often differ from the plan.

All Funds Federal grants are expected to grow by \$4.7 billion in FY 2014 and then decline by \$1.7 billion in FY 2015. The annual changes are mainly due to the timing of Federal disaster assistance aid, and the impact on spending associated with the ACA.

Miscellaneous Receipts	24,175	23,850	(325)	-1.3%	25,003	25,315	312	1.2%
Federal Grants	47,433	47,506	73	0.2%	47,262	45,792	(1,470)	-3.1%

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

Since the prior estimates, All Funds miscellaneous receipts estimates have been revised downward in FY 2014 to reflect changes in HCRA resource assumptions and lower abandoned property receipts. In FY 2015, miscellaneous receipts have been increased to account for revenues from licensing fees associated with commercial gaming, and increased bond proceeds expected to fund economic development projects.

Estimated Federal grants have been increased slightly in FY 2014 to reflect activity to date, and reduced by \$1.5 billion in FY 2015 to reflect changes in Medicaid associated with the ACA.

MISCELLANEOUS RECEIPTS AND FEDERAL GRANTS (millions of dollars)							
	FY 2015 Proposed	FY 2016 Projected	Annual \$ Change	FY 2017 Projected	Annual \$ Change	FY 2018 Projected	Annual \$ Change
GENERAL FUND	3,857	3,072	(785)	2,646	(426)	2,149	(497)
Miscellaneous Receipts	3,857	3,072	(785)	2,646	(426)	2,149	(497)
Federal Grants	0	0	0	0	0	0	0
STATE FUNDS	25,208	24,778	(430)	23,679	(1,099)	22,714	(965)
Miscellaneous Receipts	25,129	24,699	(430)	23,600	(1,099)	22,635	(965)
Federal Grants	79	79	0	79	0	79	0
ALL FUNDS	71,107	71,772	665	71,986	214	72,745	759
Miscellaneous Receipts	25,315	24,885	(430)	23,786	(1,099)	22,821	(965)
Federal Grants	45,792	46,887	1,095	48,200	1,313	49,924	1,724

All Funds miscellaneous receipts are projected to decrease annually from FY 2015 through FY 2018. The declines are mainly attributable to reduced transfers from SIF, the phase-out of the temporary utility assessment, and bond proceeds available to fund capital improvement projects.

All Funds Federal grants are expected to grow to \$49.9 billion by FY 2018. This growth is mainly driven by growth in Medicaid spending associated with continued implementation of ACA.

DISBURSEMENTS

Total disbursements in FY 2015 are estimated at \$63.6 billion in the General Fund and \$92.0 billion in State Operating Funds. Over the multi-year Financial Plan, State Operating Funds spending projections assume Medicaid and School Aid will grow at their statutorily-indexed rates.

The multi-year disbursements projections take into account various factors, including agency staffing levels, program caseloads, inflation, and funding formulas contained in State and Federal law. Factors that affect spending estimates vary by program. For example, public assistance spending is based primarily on anticipated caseloads that are estimated by analyzing historical trends and projected economic conditions. Projections account for the timing of payments, since not all of the amounts appropriated in the Budget are disbursed in the same fiscal year. Consistent with past years, the aggregate spending projections (i.e., the sum of all projected spending by individual agencies) in Special Revenue Funds have been adjusted downward in all fiscal years based on typical spending patterns and the observed variance between estimated and actual results over time.

Medicaid, education, pension costs, employee and retiree health benefits, and debt service are significant drivers of annual spending growth.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

LOCAL ASSISTANCE GRANTS

Local Assistance spending includes payments to local governments, school districts, health care providers, and other entities, as well as financial assistance to, or on behalf of, individuals, families and not-for-profit organizations. State-funded local assistance spending is estimated at \$60.8 billion in FY 2015 and accounts for nearly 70 percent of total State Operating Funds spending. Education and health care spending account for approximately two-thirds of local assistance spending.

Selected assumptions used in preparing the spending projections for the State's major local aid programs and activities are summarized in the following table.

FORECAST FOR SELECTED PROGRAM MEASURES AFFECTING OPERATING ACTIVITIES

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

EDUCATION

SCHOOL AID

School Aid helps support elementary and secondary education for New York pupils enrolled in 674 major school districts throughout the State. State funding is provided to districts based on statutory aid formulas and through reimbursement of categorical expenses such as universal pre-kindergarten and bilingual education. State funding for schools assists districts in meeting locally defined needs, supports the construction of school facilities, and finances school transportation for nearly three million students statewide.

SCHOOL YEAR (JULY 1 — JUNE 30)

Education aid is expected to total \$21.9 billion in SY 2015, an increase of \$807 million from SY 2014. In addition, the Executive Budget also maintains the two-year appropriation that continues Education Law provisions. School Aid is projected to increase by an additional \$853 million in SY 2016 and \$1.07 billion in SY 2017. School Aid is projected to reach an annual total of \$25.0 billion in SY 2018.

SCHOOL AID AND EDUCATION AID- SCHOOL YEAR BASIS (JULY 1 - JUNE 30)									
(millions of dollars)									
	<u>SY 2014</u>	<u>SY 2015</u>	<u>Change</u>	<u>SY 2016</u>	<u>Change</u>	<u>SY 2017</u>	<u>Change</u>	<u>SY 2018</u>	<u>Change</u>
Total	21,075	21,882	807	22,735	853	23,804	1,069	24,994	1,190

State Fiscal Year

The State finances School Aid from General Fund receipts and from Lottery Fund receipts, including video lottery terminals (VLTs), which are accounted for and disbursed from a dedicated account. Because the State fiscal year begins on April 1, the State typically pays approximately 70 percent of the annual school year commitment during the State fiscal year in which it is enacted, and pays the remaining 30 percent in the first three months of the following State fiscal year.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

The table below summarizes the multi-year projected funding levels on a State fiscal year basis.

SCHOOL AID AND EDUCATION AID - STATE FISCAL YEAR BASIS (millions of dollars)									
	FY 2014 Current	FY 2015 Proposed	Change	FY 2016 Projected	Change	FY 2017 Projected	Change	FY 2018 Projected	Change
TOTAL STATE OPERATING FUNDS	20,420	21,469	5.1%	22,630	5.4%	23,617	4.4%	24,806	5.0%
General Fund Local Assistance	17,239	18,253	5.9%	19,241	5.4%	20,300	5.5%	21,459	5.7%
Core Lottery Aid	2,235	2,220	-0.7%	2,252	1.4%	2,210	-1.9%	2,200	-0.5%
VLT Lottery Aid	937	944	0.7%	977	3.5%	918	-6.0%	886	-3.5%
Commerical Gaming - VLT Offset	0	0	N/A	0	N/A	29	N/A	61	110.3%
Commerical Gaming	0	0	N/A	160	N/A	160	0.0%	200	25.0%
Prior Year General Fund/Lottery Resources	9	52	477.8%	0	N/A	0	0.0%	0	0.0%

State spending for School Aid is projected to total \$21.5 billion in FY 2015. In future years, receipts available to finance this category of aid from core lottery sales are projected to remain stable. Beginning in FY 2016, School Aid spending will be supplemented by commercial gaming revenues. In addition to State aid, school districts receive approximately \$3 billion annually in Federal categorical aid.

OTHER EDUCATION FUNDING

In addition to School Aid, the State provides funding and support for various other education-related initiatives. These include: special education services; pre-kindergarten through grade 12 education programs; cultural education; higher and professional education programs; and adult career and continuing education services.

In special education, New York State provides a full spectrum of services to over 400,000 students from ages 3 to 21. Major programs under the Office of Pre-kindergarten through Grade 12 address specialized student needs or reimburse school districts for education-related services, including the school breakfast and lunch programs, and other educational grant programs. Higher and professional education programs monitor the quality and availability of postsecondary education programs and regulate the licensing and oversight of 50 professions. Adult career and continuing education services focuses on the education and employment needs of New York State's adult citizens, including ensuring that such individuals have access to a "one-stop" source for all their employment needs and that they are made aware of the full range of services available in other agencies.

OTHER EDUCATION (millions of dollars)									
	FY 2014 Current	FY 2015 Proposed	Change	FY 2016 Projected	Change	FY 2017 Projected	Change	FY 2018 Projected	Change
TOTAL STATE OPERATING FUNDS	2,032	2,052	1.0%	2,160	5.3%	2,299	6.4%	2,424	5.4%
Special Education	1,418	1,489	5.0%	1,594	7.1%	1,724	8.2%	1,841	6.8%
All Other Education	614	563	-8.3%	566	0.5%	575	1.6%	583	1.4%

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

Special education growth is primarily driven by an increase in program costs and enrollment for preschool special education and the summer school special education programs. To reform special education programs, the Executive Budget advances targeted reforms to improve fiscal practice and service delivery. The decrease in other education spending for FY 2015 relative to FY 2014 is driven primarily by one-time costs associated with targeted aid and grants in FY 2014.

SCHOOL TAX RELIEF PROGRAM

The STAR program provides school tax relief to taxpayers by exempting the first \$30,000 of every eligible homeowner's property value from the local school tax levy. Lower-income senior citizens will receive a \$64,200 exemption in FY 2015.

The three components of STAR and their approximate shares in FY 2015 are: the basic school property tax exemption for homeowners with income under \$500,000 (56 percent); the enhanced school property tax exemption for senior citizen homeowners with incomes under \$81,900 (26 percent); and a flat refundable credit and rate reduction for income-eligible resident New York City personal income taxpayers (18 percent).

Spending for the STAR property tax exemption reflects reimbursements made to school districts to offset the reduction in property tax revenues. The annual increase in a qualifying homeowner's STAR exemption benefit is limited to 2 percent. New York City personal income taxpayers with annual incomes over \$500,000 have a reduced benefit.

SCHOOL TAX RELIEF (STAR) (millions of dollars)									
	FY 2014 Current	FY 2015 Proposed	Change	FY 2016 Projected	Change	FY 2017 Projected	Change	FY 2018 Projected	Change
TOTAL STATE OPERATING FUNDS	3,389	3,429	1.2%	3,473	1.3%	3,568	2.7%	3,605	1.0%
Basic Exemption	1,896	1,905	0.5%	1,915	0.5%	1,963	2.5%	1,973	0.5%
Enhanced (Seniors)	882	905	2.6%	920	1.7%	947	2.9%	954	0.7%
New York City PIT	611	619	1.3%	638	3.1%	658	3.1%	678	3.0%

The spending growth is primarily a reflection of the number of STAR exemption recipients that will participate in the program.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

HIGHER EDUCATION

Local assistance for higher education spending includes funding for CUNY, SUNY and the Higher Education Services Corporation (HESC).

The State provides assistance for CUNY's senior college operations, and works in conjunction with New York City to support CUNY's community colleges. The CUNY system is the largest urban public university system in the nation. Funding for SUNY supports 30 community colleges across multiple campuses. The State also provides a sizeable benefit to CUNY and SUNY through the debt service it pays on bond-financed capital projects at the universities. State debt service payments for capital projects at SUNY and CUNY are expected to total about \$1.2 billion in FY 2015 (this is not reflected in the annual spending totals for the universities). HESC administers the Tuition Assistance Program (TAP) that provides awards to income-eligible students. It also provides centralized processing for other student financial aid programs, and offers prospective students information and guidance on how to finance a college education. The financial aid programs that the Corporation administers are funded by the State and the Federal government.

Note: State support for SUNY four-year institutions is funded through State operations rather than local assistance.

Annual growth by CUNY reflects the net impact of enrollment changes at community colleges, additional fringe benefit costs, and the timing of aid payments across State fiscal years. Growth in HESC reflects the rising cost of higher education tuition and the consequent demand for increased tuition assistance. SUNY local assistance reflects an increase in community college aid, which fully annualizes in the outyears.

HEALTH CARE

Local assistance for health care-related spending includes Medicaid, statewide public health programs and a variety of mental hygiene programs. The DOH works with the local health departments and social services departments, including NYC, to coordinate and administer statewide health insurance programs and activities. The majority of government-financed health care programs are included under the DOH, but many programs are supported through multi-agency efforts.

MEDICAID

Medicaid is a means-tested program that finances health care services for low-income individuals and long-term care services for the elderly and disabled, primarily through payments to health care providers. The Medicaid program is financed jointly by the State, the Federal government, and local governments. Eligible services include inpatient hospital care, outpatient hospital services, clinics, nursing homes, managed care, prescription drugs, home care, Family Health Plus (FHP)¹⁰ and services provided in a variety of community-based settings (including mental health, substance abuse treatment, developmental disabilities services, school-based services and foster care services). The State share of Medicaid spending is budgeted and expended principally through the DOH, but State share Medicaid spending also appears in the Financial Plan estimates for mental hygiene agencies, child welfare programs and the Department of Corrections and Community Supervision.

Chapter 59 of the Laws of 2011 limits the year-to-year growth in State funds Medicaid spending to the ten-year average change in the medical component of the CPI. The statutory provisions of the Medicaid spending cap also allows for flexibility in adjusting Medicaid projections to meet unanticipated costs resulting from the event of a natural or other type of disaster. The FY 2015 Executive Budget reflects the continuation of the Medicaid spending cap through FY 2016, and the Financial Plan assumes that statutory authority will be extended in subsequent years. Based on updated data, allowable growth under the cap has been revised downward from 3.9 percent to 3.8 percent for FY 2015. The FY 2015 Executive Budget Financial Plan also includes a forecast beginning in FY 2016 using the NYS DOB medical CPI projection. This would lower the indexed Medicaid growth to 3.6 percent in FY 2016; 3.4 percent in FY 2017; and 3.3 percent in FY 2018. In total, the updated forecast will result in Financial Plan savings of \$16 million in FY 2015; \$64 million in FY 2016; \$146 million in FY 2017; and \$255 million in FY 2018.

¹⁰ The FY 2014 Enacted Budget eliminated the FHP program effective January 1, 2015. The majority of the population receiving health care benefits through FHP will begin receiving more robust health care benefits through the Medicaid program, pursuant to new Medicaid eligibility thresholds and increased Federal payments pursuant to the ACA. The remaining FHP population, those above Medicaid levels, will be eligible for Federal tax credits in the New York State of Health insurance benefit exchange and the State will pay remaining out-of-pocket costs for these individuals up to previous FHP levels.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

TOTAL STATE-SHARE MEDICAID DISBURSEMENTS¹

Annual % Change - Total State Share		2.9%	4.8%	2.4%	4.2%
<p>¹ Medicaid services growth is indexed to the 10-year average of CPI Medical, currently 3.8 percent. Financial Plan spending is adjusted for the inclusion of Medicaid State Operations spending (formerly outside the Medicaid Cap), which is supporting expanded functions pursuant to the phased-in takeover of local administrative responsibilities, and the decision of Monroe County to participate in the Medicaid local cap program, rather than continuing the sales tax intercept option. Finally, the State Share of Medicaid is adjusted for increased Federal Financial Participation beginning in January 2014.</p> <p>² Increased State Operations costs beginning in FY 2014 reflects the transfer of the Office of Health Insurance Programs to Medicaid from Public Health without new spending.</p>					

The State share of DOH Medicaid spending is comprised of the General Fund, HCRA, provider assessment revenue, and indigent care payments. The following table provides information on the financing sources for State Medicaid spending (more information on HCRA can be found in the section entitled "HCRA Financial Plan"). Reflected in the total State share of Medicaid are increased annual statewide savings associated with the shifting of certain OPWDD-related Medicaid costs to DOH under the Medicaid Global Cap. It is expected that DOH, which has already begun implementing a savings plan designed to mitigate the impact of reduced Federal revenue associated with the reimbursement of Medicaid costs at State-operated facilities providing developmental disability services, will be able to absorb these additional costs without impact to the Financial Plan by generating savings from the continuation of successful MRT initiatives; improvements in cash management; and the utilization of Federal resources associated with the ACA.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

¹ Does not include Medicaid spending in other State agencies, transfers, or the local government share of total Medicaid program spending.

Factors affecting the level of Medicaid spending growth that must be managed within the cap include Medicaid enrollment, costs of provider health care services (particularly in managed care) and levels of utilization. The number of Medicaid recipients is expected to exceed 5.8 million at the end of FY 2015, an increase of 6.3 percent from the FY 2014 caseload of 5.5 million, a result mainly attributable to expanded eligibility pursuant to the ACA. Under the provisions of the ACA, the Federal government is expected to finance a greater share of Medicaid costs, the impact of which is expected to lower future growth in the State share of Medicaid costs beginning in January 2014.

PUBLIC HEALTH/AGING PROGRAMS

Public Health includes the CHP program that finances health insurance coverage for children of low-income families up to the age of 19, the GPHW program that reimburses local health departments for the cost of providing certain public health services, the Elderly Pharmaceutical Insurance Coverage (EPIC) program that provides prescription drug insurance to low-income seniors, and the Early Intervention (EI) program that pays for services to infants and toddlers under the age of three with disabilities or developmental delays.

The State Office for the Aging promotes and administers programs and services for New Yorkers 60 years of age and older. The Office primarily oversees community-based services (including in-home services and nutrition assistance) provided through a network of county Area Agencies on Aging and local providers.

Many public health programs, such as EI and GPHW programs, are run by county health departments and reimbursed by the State for a share of program costs. The State spending projections do not include the county share of public health funding. In addition, a significant portion of HCRA spending is included under the Public Health budget.

Spending growth in the CHP program through FY 2015 largely reflects costs associated with the expectation of additional caseload growth under the ACA. As CHP enrollment increases, initial costs to the State are incurred; however, these costs are expected to decrease beginning in FY 2016 when enhanced Federal participation rates become effective. The FY 2015 Executive Budget also plans on further reduced costs associated with CHP based on a proposal to transfer the rate-setting responsibilities associated with the CHP program from the DFS to DOH, thereby aligning the rate-setting methodology for the CHP program with other DOH managed care programs. This proposal would include freezing existing rates for one year, resulting in Financial Plan savings of \$17 million in FY 2015; \$13 million in 2016; and \$8 million in FYs 2017 and 2018.

Based on actual claims in 2012 and estimated claims for 2013, GPHW costs for FY 2014 are estimated at \$178 million, a decline of nearly \$70 million over FY 2013 reimbursement levels. The projected disbursements from FY 2014 through FY 2018 reflect modest growth and include annualizing savings from leverage, other insurance for prenatal care services currently supported through GPHW .

The projected multiyear spending for the EPIC program reflects both disbursements and revenue related to enrollment changes, prescription drug medication, increase in generic drug claims, and rebates received from drug manufacturers.

The Executive Budget also includes an additional \$25 million HCRA subsidy for the RPCI from FYs 2015 to 2018, which is intended to offset the expiration of capital grant awards in order to maintain the current level of State funding for the RPCI.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

The Federal-State Health Reform Partnership (F-SHRP) program, which is Federal funding provided to the State on a time-limited basis through a Federal waiver under terms and conditions aimed at improving the delivery of health care services, is expected to expire at the end of FY 2014.

HEALTH CARE REFORM ACT FINANCIAL PLAN

HCRA was established in 1996 to help finance a portion of State health care activities. Extensions and modifications to HCRA have financed new health care programs, including FHP (medical assistance for those ineligible for Medicaid) and CHP. HCRA has also provided additional financing for the health care industry, including investments in worker recruitment and retention, and the Health Care Efficiency and Affordability Law for New Yorkers (HEAL NY) program for capital improvements to health care facilities. HCRA authorization is expected to be extended three years, through FY 2017, pursuant to legislation included in the FY 2015 Executive Budget.

HCRA is expected to remain in balance over the multi-year projection period. Under the current HCRA appropriation structure, spending reductions will occur if resources are insufficient to meet spending levels. These spending reductions could potentially affect core HCRA programs. Conversely, any unanticipated balances in HCRA are expected to finance Medicaid costs that would otherwise be paid for by the General Fund.

HCRA receipts include surcharges and assessments on hospital revenues, a “covered lives” assessment paid by insurance carriers, and a portion of cigarette tax revenues. Total HCRA revenues are estimated to grow by approximately 1.8 percent on an annual basis during the Financial Plan period.

In addition to FHP, CHP, and HEAL NY, HCRA helps fund Medicaid, EPIC, physician excess medical malpractice insurance, and Indigent Care payments, which provide funding to hospitals serving a disproportionate share of individuals without health insurance.

The FY 2015 Executive Budget includes proposals which would lower costs associated with certain programs financed with HCRA revenue, most notably from a proposal to transfer the rate-setting responsibilities associated with the CHP program from DFS to DOH; and the recognition of new HCRA surcharge revenue dedicated to finance costs associated with the New York State of Health insurance marketplace, which will increase access to public and private insurance options for certain programs currently supported by the State, providing a net Financial Plan benefit.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

The Executive Budget also includes initiatives to provide financing from increased covered lives assessment revenue for capital costs associated with the implementation of the new All-Payer Claims Database (APCD) and Statewide Health Information Network for New York (SHIN-NY), which is expected to improve information capabilities and increase efficiency associated with health insurance claiming; as well as increased annual funding for RPCI from HCRA to offset the expiration of other capital grant award funding.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

MENTAL HYGIENE

The Department of Mental Hygiene is comprised of three independent agencies: The Office for People with Developmental Disabilities (OPWDD), the Office of Mental Health (OMH), and the Office of Alcoholism and Substance Abuse Services (OASAS). Services are administered to adults with serious and persistent mental illness; children with serious emotional disturbances; individuals with developmental disabilities and their families; persons with chemical dependencies; and individuals with compulsive gambling problems. These agencies provide services directly to their patients through State-operated facilities and indirectly through community service providers. The costs associated with providing these services are funded by reimbursement from Medicaid, Medicare, third-party insurance and State funding. Patient care revenues are pledged first to the payment of debt service on outstanding mental hygiene bonds, which are issued to finance improvements to infrastructure at mental hygiene facilities throughout the State, with the remaining revenue used to support State operating costs.

Legislation enacted in FY 2013 established the Justice Center for the Protection of People with Special Needs, which has the primary responsibility for tracking, investigating and pursuing serious abuse/neglect complaints at facilities and provider settings operated, certified, or licensed by six State agencies. The activities of the Commission on Quality of Care and Advocacy for Persons with Disabilities (CQCAPD) were subsumed by the Justice Center when it became operational on June 30, 2013. Additionally, the Federal Protection and Advocacy designation held by CQCAPD was transferred to an independent entity that directly receives Federal funding for that purpose.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

Local assistance spending in mental hygiene accounts for nearly half of total mental hygiene spending from State Operating Funds, and is projected to grow by an average rate of 6.2 percent annually. The main factor driving this level of growth is the phase-down of the Mental Hygiene Stabilization Fund, whereby certain OPWDD-related Medicaid costs are shifted to DOH under the Medicaid Global Cap. When adjusting for the phase-down of the Mental Hygiene Stabilization Fund, local program spending is expected to increase by an average annual rate of 4.8 percent, and is mainly attributable to increases in the projected State share of Medicaid costs and projected expansion of the various mental hygiene service systems, including costs associated with developing new OPWDD residential and non-residential services; the New York/New York III Supportive Housing agreement; a planned 2.5 percent annual COLA; and community beds that are currently under development for adult home and nursing home residents with mental illness. Additional outyear spending is assumed in Financial Plan estimates for costs associated with efforts to move individuals to the least restrictive setting possible, as well as several chemical dependence treatment and prevention initiatives for individuals receiving services through OASAS.

The FY 2015 Executive Budget includes \$745 million in annual State-share Medicaid savings beginning in FY 2015 (an increase of \$30 million from FY 2014), declining to \$688 million by FY 2018, associated with the Mental Hygiene Stabilization Fund, a statewide savings plan which shifts certain OPWDD-related Medicaid costs to DOH under the Medicaid Global Cap. It is expected that DOH, which has already begun implementing a savings plan designed to mitigate the impact of reduced Federal revenue associated with the reimbursement of Medicaid costs at State-operated mental hygiene facilities, will be able to assume these additional costs without impact to the Financial Plan by generating savings from the continuation of successful MRT initiatives; improving cash management; and utilizing Federal resources associated with the ACA. In total, the Mental Hygiene Stabilization Fund is expected to provide statewide Medicaid savings of \$730 million in FY 2014; \$745 million in FY 2015; \$715 million in FY 2016; \$905 million in FY 2017; and \$688 million in FY 2018.

The Executive Budget also proposes to defer the FY 2015 statutorily-indexed cost-of-living increase for human services agencies, resulting in annual savings of \$76 million.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

SOCIAL SERVICES

The Office of Temporary and Disability Assistance (OTDA) local assistance programs provide cash benefits and supportive services to low-income families. The State's three main programs include Family Assistance, Safety Net Assistance and the Supplemental Security Income (SSI). The Family Assistance program, which is financed by the Federal government, provides time-limited cash assistance to eligible families. The Safety Net Assistance program, financed by the State and local districts, provides cash assistance for single adults, childless couples, and families that have exhausted their five-year limit on Family Assistance imposed by Federal law. The State SSI Supplementation program provides a supplement to the Federal SSI benefit for the elderly, visually handicapped, and disabled.

TEMPORARY AND DISABILITY ASSISTANCE (millions of dollars)									
	FY 2014 Current	FY 2015 Proposed	Change	FY 2016 Projected	Change	FY 2017 Projected	Change	FY 2018 Projected	Change
TOTAL STATE OPERATING FUNDS	1,377	1,226	-11.0%	1,250	2.0%	1,261	0.9%	1,272	0.9%
SSI	751	653	-13.0%	676	3.5%	686	1.5%	695	1.3%
Public Assistance Benefits	502	459	-8.6%	459	0.0%	459	0.0%	459	0.0%
Welfare Initiatives	19	9	-52.6%	9	0.0%	9	0.0%	9	0.0%
All Other	105	105	0.0%	106	1.0%	107	0.9%	109	1.9%

The decline in OTDA spending from FY 2014 is driven by savings generated from the State taking over responsibility for administration of the State's SSI Supplementation program from the Federal government. This proposal was enacted in FY 2013 but due to the October 1, 2014 effective date of this proposal, savings were not expected until FY 2015. The decline in OTDA spending also reflects revisions to the State's projected costs for public assistance. The average public assistance caseload is projected to total 564,167 recipients in FY 2015, a decrease of 2.8 percent from FY 2014 levels. Approximately 249,131 families are expected to receive benefits through the Family Assistance program in FY 2015, a decrease of 3.6 percent from FY 2014. In the Safety Net program an average of 120,186 families are expected to be helped in FY 2015, a decrease of 4.2 percent from FY 2014. The caseload for single adults/childless couples supported through the Safety Net program is projected at 194,850 in FY 2015, a decrease of 0.8 percent from FY 2014.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

The Office for Children and Family Services (OCFS) provides funding for foster care, adoption, child protective services, preventive services, delinquency prevention, and child care. OCFS oversees the State's system of family support and child welfare services administered by social services departments and community-based organizations. Specifically, child welfare services, which are financed jointly by the Federal government, the State, and local districts, are structured to encourage local governments to invest in preventive services intended to reduce out-of-home placement of children. In addition, the Child Care Block Grant, which is also financed by a combination of Federal, State and local sources, supports child care subsidies for public assistance and low-income families. The youth facilities program serves youth directed by family or criminal courts to be placed in residential facilities.

All Other	81	76	-6.2%	77	1.3%	93	20.8%	117	25.8%

The OCFS spending growth in FY 2015 is primarily driven by an increase in General Fund spending on Day Care, which is necessary in order to keep spending on this program constant after a projected decrease in Federal funding. The spending growth also reflects increases in Youth Programs associated with the implementation of the Close to Home initiative. These increases are partially offset by a decrease in spending on Child Welfare Services, due to lower estimated claims. In addition, the Committees on Special Education growth is based on the 5-year historical average of 4.5 percent pursuant to caseload changes and rate increases for both in-state and out-of-state placements.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

TRANSPORTATION

In FY 2015, the DOT will provide \$4.8 billion in local assistance to support the operating costs of the statewide mass transit systems, financed from dedicated taxes and fees. The MTA, due to the size and scope of its transit system, receives the majority of the statewide mass transit operating aid. Additionally, the MTA receives operating support from the Mobility Tax and MTA Aid Trust Fund, authorized in May 2009 to collect regional taxes and fees imposed within the Metropolitan Commuter Transportation District (MCTD). The State collects these taxes and fees on behalf of, and disburses the entire amount to, the MTA to support the transit system. Pursuant to legislation enacted in December 2011 to eliminate the MTA payroll tax for all elementary and secondary schools and small business operators within the MCTD, the General Fund provides additional annual support to the MTA as compensation for the loss of revenue.

TRANSPORTATION (millions of dollars)

All Other	2	1	-50.0%	1	0.0%	0	-100.0%	0	0.0%

Operating aid to the MTA and other transit systems is expected to increase in FY 2015 by 2.0 percent, reflecting the impact of timing associated with the availability of funding resources and growth assumed in the current receipts forecast.

The FY 2015 Executive Budget proposes to offset General Fund support for MTA-related debt service costs by transferring \$40 million in dedicated resources from the MMTOA account to the General Debt Service Fund, with the expectation that \$20 million in MMTOA resources will be available for the same purpose on an annual basis beginning in FY 2016.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

LOCAL GOVERNMENT ASSISTANCE

Direct aid to local governments includes the Aid and Incentives for Municipalities (AIM) program, which was created in FY 2006 to consolidate various unrestricted local aid funding streams; Miscellaneous Financial Assistance for certain counties, towns, and villages; and efficiency-based incentive grants provided to local governments.

LOCAL GOVERNMENT ASSISTANCE (millions of dollars)									
	FY 2014 Current	FY 2015 Proposed	Annual % Change	FY 2016 Projected	Annual % Change	FY 2017 Projected	Annual % Change	FY 2018 Projected	Annual % Change
TOTAL STATE OPERATING FUNDS	764	764	0.0%	776	1.6%	788	1.5%	793	0.6%
AIM:									
Big Four Cities	429	429	0.0%	429	0.0%	429	0.0%	429	0.0%
Other Cities	218	218	0.0%	218	0.0%	218	0.0%	218	0.0%
Towns and Villages	68	68	0.0%	68	0.0%	68	0.0%	68	0.0%
Restructuring/Efficiency	11	19	72.7%	34	78.9%	46	35.3%	51	10.9%
All Other Local Aid	38	30	-21.1%	27	-10.0%	27	0.0%	27	0.0%

Spending for AIM efficiency incentive grants increases over the multi-year period reflects the anticipated awards from the Financial Restructuring Board for Local Governments.

ALL OTHER LOCAL ASSISTANCE SPENDING

Other local assistance programs and activities include criminal justice, economic development, aging, and housing. Spending in these areas is not expected to change materially over the Financial Plan period.

AGENCY OPERATIONS

Agency operating costs include personal service, non-personal service, and GSCs. Personal service costs include the salaries of State employees of the Executive, Legislative, and Judicial branches; as well as the salaries of temporary/seasonal employees. Non-personal service costs reflect the cost of operating State agencies, including real estate rental, utilities, contractual payments (i.e., consultants, information technology, and professional business services), supplies and materials, equipment, and telephone service. GSCs reflect the costs of fringe benefits (i.e., pensions, health insurance) provided to State employees and retirees of the Executive, Legislative and Judicial branches, and certain fixed costs paid by the State, such as taxes on public lands and litigations. Certain agency operations of Transportation and Motor Vehicles are included in the capital projects fund type and are not reflected in the State Operating Funds personal service or non-personal service totals.

Approximately 94 percent of the State workforce is unionized. The largest unions include CSEA, which represents office support staff and administrative personnel, machine operators, skilled trade workers, and therapeutic and custodial care staff; PEF, which represents professional and technical personnel (i.e., attorneys, nurses, accountants, engineers, social workers, and institution teachers); UUP, which represents faculty and non-teaching professional staff within the State University system; and NYSCOPBA, which represents security personnel (correction officers, safety and security officers). The table below displays the actual workforce numbers in FY 2013 by major union.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

Selected assumptions used in preparing the spending projections for the State's major programs and activities are summarized in the following table.

FORECAST OF SELECTED PROGRAM MEASURES AFFECTING PERSONAL SERVICE AND FRINGE BENEFITS						
	FY 2013 Results	Forecast				
		FY 2014 Updated	FY 2015 Projected	FY 2016 Projected	FY 2017 Projected	FY 2018 Projected
Negotiated Base Salary Increases ¹						
CSEA/NYSCOPBA/Council 82/UUP	0	0	2%	2%	TBD	TBD
PEF / NYSPBA	0	0	2%	TBD	TBD	TBD

¹ Reflects current collective bargaining agreements with settled unions. Does not reflect potential impact of future negotiated labor agreements.
² Reflects workforce that is Subject to Direct Executive Control.
³ As Percent of Salary.

Beginning in FY 2015, the majority of state agencies will be expected to hold personal service and non-personal service spending either at or below FY 2014 levels. As appropriate, agencies will need to establish new spending guidelines as well as maintain existing cost-control efforts to offset costs related to increasing operational expenses, including collective bargaining agreements which include 2 percent salary increases in FY 2015 and FY 2016 (for some unions), applicable lump sum payments of \$225, and repayment of a portion of the deficit reduction adjustment made to employee salaries.

Gaming, Health Care, and SUNY are the primary areas expected to experience limited programmatic growth over the ensuing four years. The nominal growth in Gaming is attributable to the November 2013 referendum related to casino development. Increases in Health Care operational costs are primarily driven by the State's participation in NY State of Health, the State's insurance marketplace program as mandated by ACA. Beginning in FY 2015, program costs for NY State of Health will be partially offset by Federal grants; however, DOH must fully absorb the start-up costs by FY 2016. SUNY spending is driven by tuition funding and reflects anticipated operational needs.

The only additional exceptions to no growth are technical in nature and reflect funding reclassifications or administrative reconciliations. For example, growth in Temporary and Disability Assistance reflects the reclassification of local assistance contracts to agency operation spending; while the consolidation of state agency IT functions into one central agency, Information Technology Services, drives a higher cost in FY 2015 compared to FY 2014.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

Furthermore, the State's workforce is paid on a bi-weekly basis, weekly pay cycles that alternate between Administrative and Institutional payrolls. There are typically 26 pay periods in a fiscal year. In FY 2016, employees in the Mental Hygiene and DOCCS facilities will have one additional institutional payroll.

In FY 2015, \$12.6 million or 13.7 percent of the State Operating Funds Budget is projected to be spent on personal service costs and supports roughly 98,500 FTE employees under direct Executive control and another 15,100 employees of the Legislature and Judiciary. Roughly 75 percent of all personal service spending occurs in four areas: the State University of New York, the Mental Hygiene agencies, the Department of Corrections and Community Supervision, and Judiciary.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

GENERAL STATE CHARGES

Fringe benefit payments, many of which are mandated by statute or collective bargaining agreements, include employer contributions for pensions, Social Security, health insurance, workers' compensation, unemployment insurance and dental and vision benefits. The majority of employee fringe benefit costs are paid centrally from statewide appropriations. However, certain agencies, including the Judiciary and SUNY, directly pay all or a portion of their employees' fringe benefit costs from their respective budgets. Employee fringe benefits paid through GSCs are paid from the General Fund in the first instance, and then partially reimbursed by revenue collected from fringe benefit assessments on Federal funds and other special revenue accounts. The largest General Fund reimbursement comes from the mental hygiene agencies.

GSCs also include certain fixed costs such as State taxes paid to local governments for certain State-owned lands, and payments related to lawsuits against the State and its public officers.

GENERAL STATE CHARGES (millions of dollars)									
	FY 2014 Current	FY 2015 Proposed	Change	FY 2016 Projected	Change	FY 2017 Projected	Change	FY 2018 Projected	Change
TOTAL STATE OPERATING FUNDS	6,976	7,367	5.6%	7,591	3.0%	7,745	2.0%	7,892	1.9%
Fringe Benefits	6,585	6,966	5.8%	7,193	3.3%	7,360	2.3%	7,499	1.9%
Health Insurance	3,247	3,355	3.3%	3,555	6.0%	3,769	6.0%	3,997	6.0%
Employee Health Insurance	1,787	1,846	3.3%	1,956	6.0%	2,074	6.0%	2,199	6.0%
Retiree Health Insurance	1,460	1,509	3.4%	1,599	6.0%	1,695	6.0%	1,798	6.1%
Pensions	1,960	2,244	14.5%	2,325	3.6%	2,190	-5.8%	2,091	-4.5%
Social Security	962	990	2.9%	1,010	2.0%	1,031	2.1%	1,049	1.7%
All Other Fringe	416	377	-9.4%	303	-19.6%	370	22.1%	362	-2.2%
Fixed Costs	391	401	2.6%	398	-0.7%	385	-3.3%	393	2.1%

GSCs are projected to increase at an average annual rate of 3.2 percent over the Financial Plan period. This is primarily due to projected growth in health insurance and pension costs. Social security remains relatively stable and will move in tandem with the State's personal service assumptions.

Fixed Costs will remain at approximately \$395 million over the multi-year plan. The declines in FY 2016 and FY 2017 reflect the fulfillment of certain litigation payments against the State.

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

TRANSFERS TO OTHER FUNDS (GENERAL FUND BASIS)

General Fund transfers help finance the State's share of Medicaid costs for State-operated mental hygiene facilities, debt service for bonds that do not have dedicated revenues, SUNY operating costs, certain capital initiatives, and a range of other activities.

GENERAL FUND TRANSFERS TO OTHER FUNDS (millions of dollars)

Public Transportation Systems	12	12	12	12	12
Correctional Industries	10	12	11	11	11
All Other	218	275	263	277	278

A significant portion of the capital and operating expenses of DOT and the Department of Motor Vehicles (DMV) are funded from DHBTF. The Fund receives various dedicated tax and fee revenues, including the petroleum business tax, motor fuel tax, and highway use taxes. The Financial Plan includes transfers from the General Fund that effectively subsidize the expenses of the DHBTF. The subsidy is required because the cumulative expenses of the fund – capital and operating expenses of DOT and DMV, debt service on certain transportation bonds – exceed current and projected revenue deposits and bond proceeds.

General Fund transfers to other funds are expected to total \$8.7 billion in FY 2015, a \$153 million increase from FY 2014. This increase reflects higher transfers for capital projects due to the reduced availability of revenue in 2015; and higher costs for operating mental hygiene

MULTI-YEAR FINANCIAL PLAN PROJECTIONS

facilities in lieu of reduced Federal revenue. These higher transfers are offset by reduced debt service transfers due to the prepayment of FY 2015 expenses in 2014.

DEBT SERVICE

The State pays debt service on all outstanding State-supported bonds. These include General Obligation Bonds, for which the State is constitutionally obligated to pay debt service, as well as bonds issued by State public authorities (i.e., Empire State Development, DASNY, and the Thruway Authority, subject to an appropriation). Depending on the credit structure, debt service is financed by transfers from the General Fund, dedicated taxes and fees, and other resources, such as patient income revenues.

DEBT SERVICE SPENDING PROJECTIONS				
(millions of dollars)				
	FY 2014	FY 2015	Annual	Percent
	Current	Proposed	Change	Change
General Fund	1,628	1,119	(509)	-31.3%
Other State Support	4,433	4,569	136	3.1%
State Operating Funds	6,061	5,688	(373)	-6.2%
Capital Projects Funds	0	0	0	0.0%
Total All Funds	6,061	5,688	(373)	-6.2%

Total debt service is projected at \$5.7 billion in FY 2015, of which \$1.1 billion is paid from the General Fund through transfers, and \$4.6 billion from other State funds. The General Fund transfer finances debt service payments on general obligation and service contract bonds. Debt service is paid directly from other State funds for the State's revenue bonds, including PIT and Sales Tax bonds, DHBTF bonds, and mental health facilities bonds.

Executive Budget estimates for debt service spending have been revised to reflect a number of factors, including actual bond sale results to date, assumed debt management savings of \$85 million in FY 2015, and increased debt service costs associated with proposed additional capital commitment levels. Also, FY 2014 spending estimates continue to assume the prepayment of \$318 million of debt service that is due during FY 2015.

YEAR-TO-DATE OPERATING RESULTS

Year-To-Date Operating Results

This section provides a summary of operating results through the first nine months of the fiscal year (April 2013 through December 2013) compared to (1) the initial projections set forth in the FY 2014 Enacted Budget; (2) the revised projections of the Mid-Year Update to the Financial Plan; and (3) results through December 2012.

GENERAL FUND RESULTS

The State ended the month of December 2013 with a closing balance of \$5.9 billion in the General Fund, \$2.0 billion higher than projected in the Enacted Budget Financial Plan (and \$140 million higher than the revised projections of the Mid-Year Update). The higher balance is largely due to lower than planned spending (\$1.4 billion), particularly in education.

YEAR-TO-DATE OPERATING RESULTS

RECEIPTS

Through December 2013, General Fund receipts, including transfers from other funds, were \$669 million higher than the FY 2014 Enacted Budget Financial Plan projections, mainly reflecting higher non-tax revenue, with \$353 million in higher miscellaneous receipts and \$375 million in higher transfers from other funds.

Tax receipts were \$59 million lower than initially planned largely due to lower gross collections from the insurance and bank taxes (\$535 million) caused by the weakness in 2013 liability payments. This was offset in part by higher user receipts (\$189 million), due to increases in taxable purchases caused partially by Superstorm Sandy recovery spending, and higher other taxes (\$268 million), based on strong real estate prices and estate tax receipts.

Higher than anticipated miscellaneous receipts include unanticipated settlement payments from the Bank of Tokyo-Mitsubishi UFJ (BTMU) (\$250 million) and the Royal Bank of Scotland (\$50 million) for their violation of banking laws concerning interactions with countries subject to international sanctions; and from Deloitte Financial Advisory Services (\$10 million) for its violation of banking laws during its consulting work at Standard Chartered Bank. These additional receipts are partly offset by lower abandoned property collections (\$96 million).

Transfers were higher than initially estimated due to the additional revenue generated by the settlements between New York State and the Saint Regis Mohawk Tribe and the Seneca Nation of Indians (\$230 million); and earlier than planned utilization of Federal revenues (\$115 million).

In the Mid-Year Update, the projection for General Fund receipts through December 2013 was revised upward by \$873 million to account for the strong performance across most tax receipt categories during the first half of the fiscal year; the receipt of the unanticipated bank settlement payments; the tribal-state compact revenue agreements; and the accelerated utilization of Federal funding. In addition, business tax receipts were lowered to reflect the loss of revenue associated with Empire Zone tax refunds, the Long Island Power Authority restructuring, and the weakness in 2013 liability payments.

In comparison to the Mid-Year estimate, General Fund revenue collections through December were \$204 million lower than planned, driven mainly by lower overall tax collections, including lower PIT receipts (\$224 million) from higher than expected refunds and lower business taxes (\$357 million) due to weakness in insurance and bank tax collections. These lower revenue collections were partly offset by higher receipts in other taxes (\$143 million) as a result of the continued strength associated with real estate tax activity and higher than expected estate tax receipts.

SPENDING

Through December 2013, General Fund disbursements, including transfers to other funds, were \$1.4 billion lower than initial projections due most significantly to lower spending in local assistance programs (\$989 million).

The variance in local assistance spending is primarily attributable to lower spending in education (\$841 million). This is primarily due to less than expected School Aid disbursements through December (which do not impact annual disbursement estimates), and \$238 million in pre-school special education payments that were processed in January instead of December. The lower spending in higher education (\$84 million) reflects SUNY community college payments that are now expected to disburse later in the fiscal year.

Non-personal service costs (\$146 million) were lower across a number of agencies, including DOH (\$54 million); OTDA (\$41 million); Judiciary (\$26 million); and the Department of Taxation and Finance (DTF) (\$18 million); partly due to the ongoing consolidation of certain technology functions to the State's ITS agency. The DOH variance also reflects lower spending for administrative Medicaid costs due to lower contractual services and other costs associated with the State takeover of local administrative duties. Higher spending for GSCs reflects lower than assumed escrow payments (\$34 million); earlier than planned payments for worker's compensation (\$37 million); and higher than assumed litigant payments (\$35 million).

General Fund transfers were \$429 million below initial projections due to lower transfers for the support of capital projects (\$295 million) and lower non-Medicaid support for operational costs at mental hygiene facilities (\$115 million). The lower capital projects transfer reflects underspending in areas such as the HEAL NY and the environmental conservation capital programs. The variance in mental hygiene transfers is a function of timing associated with the submission of claims for payment.

In the Mid-Year Update, the projection for General Fund spending through December 2013 was reduced by \$1.0 billion, largely driven by adjustments in education (\$383 million) and transfers to other funds (\$468 million). The education spending adjustment primarily reflects the timing of the payments to school districts. General Fund transfers were lowered through December 2013 mainly to reflect reduced support for capital projects costs (\$317 million) that resulted from slower spending in the areas of health care and economic development; and lower non-Medicaid support for mental hygiene costs (\$115 million) based on updated cashflow needs. Health care costs were also adjusted downward (\$144 million) to reflect both the timing of available HCRA resources to support Medicaid costs and lower public health spending for the GPHW program due to fewer than anticipated claim submissions.

In comparison to these revised projections, General Fund spending through December 2013 was \$344 million lower than planned, largely due to lower school aid payments (\$193 million)

YEAR-TO-DATE OPERATING RESULTS

and pre-school claims that were processed in January rather than December (\$273 million) and SUNY community college (\$116 million) payments. Partly offsetting the overall under-spending was higher than planned spending for health care (\$116 million) due to the timing of Medicaid and public health payments; and higher spending for GSCs (\$79 million) as a result of a higher than expected health insurance and worker's compensation payments.

STATE OPERATING FUNDS RESULTS

The State ended December 2013 with a closing balance of \$8.1 billion in State Operating Funds, \$2.2 billion above the Enacted Budget estimate (\$49 million below the revised estimate). The higher balance is mainly due to lower local assistance spending (\$1.3 billion), primarily in education and health care.

Change in Operations	1,603	3,826	3,777	2,174	(49)
Closing Balance	5,962	8,185	8,136	2,174	(49)

RECEIPTS

Through December 2013, total receipts in State Operating Funds were \$487 million higher than initial projections, reflecting the net impact of higher non-tax revenue (\$681 million) and lower tax collections (\$194 million).

Consistent with the General Fund results, the State Operating Funds tax receipts variance reflects higher user and estate tax receipts, offset by lower business tax receipts. In addition, there were \$120 million in lower business tax revenues dedicated for transit aid due to the general weakness in statewide banking and insurance tax collections.

Higher non-tax receipts are based on the aforementioned banking institution financial settlement payments and the revenue associated with the settlement of tribal-state compact agreements. Partly offsetting the overall higher miscellaneous receipts collections was lower HCRA revenue attributable to the impact of MRT initiatives on reducing costs throughout the State's health care industry; and lower SUNY miscellaneous receipts.

In the Mid-Year Update, DOB revised the projection for State Operating Funds receipts through December 2013 upward by \$901 million to reflect higher miscellaneous receipts (\$582 million) and taxes (\$319 million). The revisions to miscellaneous receipts include the receipt of the financial settlement payments (\$260 million), the tribal-state compact revenues (\$490 million), and SUNY debt service reimbursements (\$147 million); partly offset by reductions in the SUNY Dormitory Income Reimbursement Fund (\$235 million); HCRA revenue (\$89 million); and receipts dedicated for the transit operating funds (\$42 million). Updated tax projections are mainly consistent with the General Fund adjustments, but also include lowered projections for taxes dedicated to the transit operating funds (\$43 million) to account for the overall weakness in statewide business tax collections.

Compared to these revised estimates, total State Operating Funds receipts were \$414 million lower than planned due to lower taxes (\$513 million) and higher miscellaneous receipts (\$99 million). The tax variance is consistent with the variances noted in the General Fund. The lower miscellaneous receipts reflects lower SUNY receipts.

YEAR-TO-DATE OPERATING RESULTS

SPENDING

State Operating Funds spending was \$1.3 billion below planned levels due to lower spending in local assistance (\$1.3 billion), mainly in the areas of education and health care.

In addition to the \$900 million in education and higher education variance noted in the General Fund operating results, the State Operating Fund spending variance also reflects lower spending in the F-SHRP program (\$104 million) due to slower than anticipated project costs; lower spending in various HCRA-supported programs, including Medicaid (\$91 million) and EPIC (\$43 million), due to lack of available resources; and lower spending in transit operating costs (\$64 million) as a result of fewer available resources in certain dedicated revenues, including business taxes.

In the Mid-Year Update, the projection for State Operating Funds spending through December 2013 was revised downward by \$633 million, consistent with the adjustments described in the General Fund. Compared to the revised projections, spending was \$676 million lower than planned. In addition to the General Fund explanations described above, this variance reflects lower health care costs (\$73 million) due to continued under-spending for the F-SHRP program and reduced Medicaid support from the provider assessment account in the month of December due to the timing concerning available resources. This variance also reflects lower transportation costs (\$48 million) due largely to the reversal of a previous accounting adjustment which shifted spending between Financial Plan categories; and lower spending across multiple local assistance program areas (\$118 million), including the STAR program.

As compared to initial projections, other financing sources were \$378 million higher, largely as a result of the lower General Fund transfer to support capital projects (\$295 million) and the accelerated utilization of Federal funding (\$115 million). Compared to revised projections, other financing sources were \$311 million lower, mainly as a result of timing associated with the Federal reimbursement of mental hygiene costs (\$241 million).

YEAR-TO-DATE OPERATING RESULTS

ALL GOVERNMENTAL FUNDS RESULTS

All Governmental Funds ended December 2013 with a closing balance of \$7.1 billion, \$2.4 billion above the Enacted Budget (\$320 million higher than the revised estimate). The higher balance is comprised of lower than projected spending (\$3.6 billion), partly offset by lower available resources (\$1.2 billion).

YEAR-TO-DATE OPERATING RESULTS

RECEIPTS

Through December 2013, total receipts in All Funds were \$1.2 billion lower than initial projections, reflecting the combined impact of lower Federal Aid (\$1.8 billion); lower tax collections (\$223 million); and higher miscellaneous receipts (\$767 million).

In addition to the tax collection and miscellaneous receipts variances noted earlier, other significant variances include higher than planned miscellaneous receipts for capital (\$104 million) due to the timing of bond reimbursements associated with certain economic development and environmental programs; and lower than anticipated Federal grants (\$1.8 billion), which is roughly commensurate to the spending variances described below.

SPENDING

In addition to the General Fund and State Operating Funds spending variances described earlier, the most notable variances are attributable to lower Federal spending (\$2.1 billion) due to a combination of lower spending in areas such as disaster assistance (\$2.2 billion), reflecting the uncertain nature of timing associated with storm recovery costs; and health care (\$696 million) due to timing associated with the impact of ACA relative to initial assumptions. Partly offsetting the overall lower Federal spending was higher costs for Temporary Assistance for Needy Families (TANF) (\$507 million), reflecting the receipt of additional Federal funding above the base grant award; and higher Federal education costs (\$255 million), due to the acceleration of Title I and Federal Race to the Top funds designed to implement education reforms.

Lower capital spending (\$166 million) was driven mainly by slower than anticipated spending across a number of programs, most notably for projects in the health care and economic development sectors.

Closing Balance	(754)	(761)	(797)	(43)	(36)

RECEIPTS

Through December 2013, total receipts in Capital Projects Funds were \$188 million higher than initial projections, reflecting higher miscellaneous receipts (\$104 million) and higher Federal grants (\$114 million). Higher miscellaneous receipts were driven by earlier than planned bond reimbursements for spending in the hazardous waste remedial and State park infrastructure funds; while higher Federal grants is roughly commensurate to increased Federal capital spending, primarily for DOT-related expenses.

YEAR-TO-DATE OPERATING RESULTS

SPENDING

Through December 2013, capital projects spending was \$166 million lower than initial projections, a reflection of lower than estimated parks and environment spending due to slower than planned project expenses and lower than anticipated economic development spending; offset by higher than anticipated federally-funded costs of transportation projects.

Compared to the revised projections, total receipts and disbursements were mainly aligned with expectations.

ALL GOVERNMENTAL FUNDS ANNUAL CHANGE

The All Governmental Funds balance through December 2013 was \$7.1 billion, or \$655 million higher than the prior year. The growth in the fund balance in the current year is attributable to a higher opening balance (\$516 million) and increased receipts (\$5.2 billion), offset by increased spending (\$5.0 billion).

YEAR-TO-DATE OPERATING RESULTS

RECEIPTS

All Funds tax receipts through December 2013 are \$2.6 billion higher than the prior year, with 79 percent of the growth attributable to higher PIT collections (\$2.0 billion). This was due in part to strong extension payment growth in the April 2013 settlement, the result of taxpayer accelerations of income into the 2012 tax year to avoid increased 2013 Federal tax rates. The surging 2013 stock market also led to strong estimated payment growth in December. Other growth in tax receipts includes higher user tax collections (\$496 million) associated with recurring and non-recurring taxable purchases such as auto sales, entertainment activities, and expenses for post-Sandy repair work; and higher other taxes (\$291 million), which is attributable to growth in real estate transfer tax liability (particularly in New York City) and growth in estate tax receipts, both in terms of volume and average amount. Decreased business tax receipts (\$244 million) were driven by lower gross collections for insurance and bank taxes due to reduced 2013 liability payments. Growth in miscellaneous receipts are mainly attributable to the additional tribal-state revenues pursuant to the recently settled compact agreements (\$435 million); increased SUNY receipts (\$332 million); and Lottery revenue (\$97 million) due to higher draw games sales and increased VLT activity throughout the State. These receipts are offset by the loss of Medicaid payments from Monroe County (\$120 million) which entered the State's Medicaid local cap program in February 2013. The remaining growth in receipts is in Federal grants (\$1.6 billion) and is generally a result of increased Federal program spending, as described in greater detail below.

SPENDING

Nearly half of the \$5.0 billion annual increase in All Funds spending through December 2013 is attributable to higher Federal spending (\$2.4 billion), mainly in the areas of health care (\$814 million) due to the delayed approval of Federal rate packages in 2013; disaster assistance (\$641 million) associated with Sandy-related storm recovery activities; public assistance programs (\$481 million) as a result of additional spending beyond the base TANF grant award; and education (\$323 million) where payments assumed for FY 2013 were not paid until the early part of FY 2014.

State Operating Funds spending has increased by \$2.1 billion through December 2013 compared to the prior year, comprised of a \$617 million increase in local assistance; a \$1.7 billion increase in operational costs; and a \$247 million decrease in debt service.

Growth in local assistance spending includes higher Medicaid spending (\$907 million) due to artificially suppressed spending during the first half of the prior year as a result of delayed Federal approval of certain rate increases; increased transit aid spending (\$319 million) based on the timing of available resources; and increased higher education spending (\$164 million) as a result of budgeted growth and the timing of certain payments.

YEAR-TO-DATE OPERATING RESULTS

Agency operations spending growth includes higher personal service costs (\$224 million) due to increased compensation and overtime payments; and higher non-personal service costs (\$362 million) due to increased spending by SUNY as a result of the expansion of services being provided at campuses and teaching hospitals. The GSC increase from the prior year (\$1.1 billion) reflects the monthly payment of the State's pension costs instead of one payment in the final month of the fiscal year - a change in practice which generates additional interest savings.

The debt service annual change reflects increased debt service costs, offset by declines for FY 2013 pre-payments and FY 2014 SUNY dormitory debt service costs migrating to a new non-State credit structure.

Capital projects spending has increased by \$540 million from the prior year, which is a result of budgeted growth, particularly for DOT-related costs in the DHBTF, and the timing of certain transactions relative to the prior year.

FISCAL IMPACT ON LOCAL GOVERNMENTS

Fiscal Impact On Local Governments

This section presents the estimated fiscal impact of changes proposed in the FY 2015 Executive Budget on New York’s municipalities as required by State Finance Law. To supplement this narrative, charts detailing the local government impact are provided in the “Financial Plan Tables” section of this report.

MAJOR ACTIONS AFFECTING LOCAL GOVERNMENTS

- **Freezing Property Taxes.** The Executive Budget includes a two-year freeze on property taxes for homeowners in school districts and local governments that stay within the property tax cap. To ensure that officials are working together to eliminate waste and duplication, local governments and school districts will be required to develop regional efficiency plans in order for their residents to receive the second year of the tax freeze. When fully implemented, local governments and school districts could provide property tax relief of up to \$1 billion.
- **Smart Schools.** The Executive Budget recommends a \$2 billion general obligation bond act, to be brought before voters in November 2014. Bond proceeds will fund enhanced education technology in schools, with eligible projects including infrastructure improvements to bring high-speed broadband to schools and communities in their school district and the purchase of classroom technology for use by students. Additionally, Smart Schools will enable long-term investments in full-day pre-kindergarten through the construction of new pre-kindergarten classroom space.
- **Reforming Preschool Special Education.** Because of the reforms enacted last year, counties are now able to keep all recoveries from local audits of preschool special education providers (instead of 40.5 percent). To further address significant program expense growth and improve service delivery, the Executive Budget includes targeted reforms to the Special Education Itinerant Teacher (SEIT) services component of preschool special education. These reforms include: limiting reimbursement to services delivered, establishing regional rates, and empowering New York City to negotiate rates with providers.

FISCAL IMPACT ON LOCAL GOVERNMENTS

- **Transforming Information Technology Operations.** As part of Governor Cuomo's ongoing initiatives to improve efficiencies and reduce costs, the State has invested in consolidating information technology and implementing shared services. The Executive Budget will include provisions for accessing the data center and other IT services by local governments. Specifically, the end user computing and collaboration tools used by State agencies will be offered to localities. Local governments will be able to control or save costs for by avoiding the need to procure, operate and maintain their own independent systems. In the future, application solutions in the areas of Health and Human Services, Real Estate, and Public Safety will be deployed statewide and maintained centrally to support local government business processes.
- **Improving Local Public Safety.** The Division of Homeland Security and Emergency Services (DHSES) is assisting counties in developing a single public safety communications network that will allow all of the State's emergency responders to seamlessly communicate with each other. DHSES has already awarded \$200 million in grants to counties, and will invest another \$75 million toward this initiative in FY 2015. In addition, the State will invest \$10 million over the next three years in the New York State Protection Cloud, a technology sharing initiative for State and local law enforcement. By making a single solution available to all law enforcement agencies, the State will increase local crime-fighting capabilities, eliminate barriers to effective information sharing, and support coordinated responses across jurisdictions.

LOCAL YEAR 2015 FISCAL SUMMARY

- Executive Budget actions, in total, will result in a positive local impact of over \$638 million for local fiscal years ending in 2015 — the first full-annual local fiscal year affected by the FY 2015 Executive Budget. The fiscal summary of the impact on local governments for local fiscal year 2015 is as follows:
- **School Districts:** School districts outside of New York City will realize a \$377 million positive impact for their 2014-15 school year, entirely from a school aid increase, exclusive of potential of funding from the Smart Schools bond act, if approved by voters in November 2014.
- **New York City:** A \$263 million positive impact is estimated for New York City primarily due to \$231 million in additional aid for New York City schools, exclusive of potential of funding from the Smart Schools bond act, if approved by voters in November 2014. Revenue proposals total \$37.6 million, including \$37.5 million in additional personal income tax revenue through closing the resident trust loophole, \$0.3 million by replacing the boxing and wrestling tax with the sales tax on admissions, and \$0.5 million in personal income tax revenue from requiring tax clearances to obtain professional or

FISCAL IMPACT ON LOCAL GOVERNMENTS

business licenses. This new revenue would be partially offset by a loss of sales tax from a two-year extension of the alternative fuels tax exemption (\$1.2 million). New York City would also benefit from \$2.8 million in savings generated from preschool special education reforms, and an additional \$2.2 million in increased transit assistance for NYCDOT and Staten Island Ferry. This overall positive impact will be partially offset by the implementation of a fair hearings chargeback (\$10 million).

- **Counties:** County governments will experience a \$0.5 million net increase in financial support from the Executive Budget in 2015, primarily due to \$2.8 million in increased transit assistance for downstate county transit systems and reforms to preschool special education that will also generate \$2.3 million in savings. These impacts will be mostly offset by the elimination of miscellaneous financial assistance to Madison & Oneida counties (\$3.0 million) if payments commence from the new Oneida Indian Nation gaming compact during the State's FY 2015, and by an estimated \$1.6 million reduction in sales tax revenues primarily due to the two year extension of the alternative fuels tax exemption.
- **Other Municipalities:** Other cities, towns and villages will experience an overall \$1.9 million negative impact in local fiscal years ending in 2015, mostly due to the \$1.5 million elimination of village per capita aid; as well as \$0.3 million less in sales tax revenues because of a two year extension of the alternative fuels tax exemption and the elimination of miscellaneous financial assistance to four newly created villages (\$0.1 million).

**FINANCIAL PLAN
TABLES AND
ACCOMPANYING
NOTES**

Financial Plan Tables and Accompanying Notes

The notes to the Financial Plan tables herein should be read in conjunction with the tables that follow.

NOTE 1 — BASIS OF ACCOUNTING

Pursuant to law, all Financial Plan tables presented herein are prepared on the cash basis of accounting, unless otherwise noted. Under the cash basis of accounting, revenues are recognized when received, and spending is recorded when cash is disbursed.

NOTE 2 — FUND TYPES AND PERSPECTIVES

The State records its transactions in the following fund types:

Governmental Funds

General Fund - This is the major operating fund of the State. It receives all State income not earmarked for a particular program or activity and not specified by law to be deposited in another fund. State income for Financial Plan purposes consists of moneys (taxes, fees, and miscellaneous receipts including certain repayments of State advances) deposited to the credit of the General Fund or transferred from other funds during the fiscal year.

Special Revenue - These funds account for State receipts from specific revenue sources and are legally restricted to disbursement for specified purposes. This governmental fund type is divided into two classifications: (1) State Special Revenue Funds and (2) Federal Special Revenue Funds. An example of a State Special Revenue Fund is the Conservation Fund which finances a number of State environmental programs. An example of a Federal Special Revenue Fund is the Health and Human Services Fund. Although any earmarked revenue fund is treated as a Special Revenue Fund for cash-basis budgeting and reporting purposes, some are combined with the General Fund for purposes of reporting on the basis of GAAP.

Debt Service - All tax-financed State debt service on long-term debt and payments on certain lease-purchase or other contractual obligations are paid from Debt Service funds. These account for the accumulation of money for, and the payment of principal and interest on, general long-term debt. Lease-purchase payments for Health and Mental Hygiene facilities under contractual agreements with public authorities are also paid from funds classified as Debt Service funds. Debt service on highway bonds supported by dedicated highway revenues is also reflected in this fund type. Sources of revenue for this fund type include transfers from the General Fund, dedicated taxes, and other revenues.

Capital Projects - These funds finance a variety of capital construction costs including: (1) planning, land acquisition, design, construction, construction management and supervision, and equipment costs; (2) highway, parkway and rail preservation projects; outdoor recreation and environmental conservation projects, and buildings and other capital facilities required by various State departments and agencies; (3) payments to local governments to help finance their capital programs, including highway, parkway, bridge, mass transportation, aviation, economic development, port development, community college, community and State mental health, outdoor recreation, State-assisted housing, and environmental quality; and (4) advances for capital construction costs reimbursable by public authorities, instrumentalities of the State, the Federal government or local governments. Sources of revenue for this fund type include transfers from other State funds including the General Fund, dedicated taxes and other revenues, reimbursement of advances, bond proceeds, and Federal capital grants.

State Operating Funds

The State Funds operating budget comprises the General Fund and other State-supported activities financed by dedicated revenues in State Special Revenue funds, as well as Debt Service funds accounting for the payment of debt service on all tax-financed State long-term debt. All capital spending, regardless of financing source, is included in the Capital budget.

Proprietary Funds

Internal Service Funds - Account for the financing of goods or services supplied by one State agency to other State agencies or governmental units on a cost-reimbursement basis.

Enterprise Funds - Account for operations that are similar to private business enterprises.

The Internal Service funds and Enterprise funds are treated as Proprietary funds for cash-basis budgeting and reporting purposes, and are combined with the General Fund for purposes of reporting on a GAAP basis.

Fiduciary Funds

Private-Purpose Trust Funds - Account for all trust arrangements under which principal and income benefit individuals, private organizations, or other governments.

Pension Trust Fund - Accounts for the cash-basis results of operations for the administrative portion of the State's Common Retirement Fund. It does not reflect investment activity, balances, or other assets available to this Fund. In addition, pension contributions and payments to retirees are excluded since these payments are not required to be appropriated.

Agency Funds - Account for funds held by the State in a purely custodial capacity. Cash is held temporarily until disbursements are made to individuals, private organizations, or other governments.

NOTE 3 — DISBURSEMENT DESCRIPTIONS

The State's Financial Plan and reporting includes only those payments made pursuant to an appropriation and paid from funds available in the State Treasury. All State spending is classified in one of the following categories:

Local Assistance Grants - Include payments to counties, cities, towns, villages, school districts and other local entities, as well as certain financial assistance to, or on behalf of, individuals and nonprofit organizations.

Personal Service - Includes the payment of salaries and compensation for State employees.

Non-Personal Service - Includes payments for miscellaneous contractual obligations, supplies and materials, travel, rentals and repairs, utilities, postage and shipping, printing, telephone, and other operating costs.

General State Charges - Include costs mandated by statute, collective bargaining agreements or court order. Charges in this category can be further subdivided into the following:

Fringe Benefits: Contributions to pension systems, the employer's share of Social Security contributions, employer contributions toward the cost of health insurance, workers compensation and unemployment insurance, and contributions to union employee benefit funds which provide vision care and other services.

Fixed Costs: For State payments in lieu of taxes, as well as payments for local assessments on State-owned land, judgments against the State pursuant to the Court of Claims Act, defenses by private counsel or alternatively payments on behalf of State officers and employees in civil judicial proceedings.

Debt Service - Includes payments made for tax-financed State debt service on long-term debt; contractual-obligation and lease-purchase arrangements with several public authorities and municipalities; and lease-purchase payments for Health and Mental Hygiene facilities.

Capital Projects - Include payments made for the acquisition or construction of the State's capital facilities. Included in this category are planning, land acquisition, design, construction, engineering services, and equipment costs attributable to highway, parkway and rail preservation projects; outdoor recreation and environmental conservation projects; payments to local government units and public authorities to help finance highways, parkways, bridges,

mass transportation, aviation, economic development, port development, community colleges, community and State mental hygiene buildings, outdoor recreational parks, correctional and State-assisted housing as well as environmental quality projects. Advances are made for capital construction costs reimbursable by public authorities, the Federal or local governments, or from the proceeds of State bond and note sales.

Bond Proceeds - Includes the proceeds of General Obligation Bonds and short-term notes issued in the form of commercial paper or Bond Anticipation Notes (BANs) and are stated net of notes redeemed from the proceeds of long-term bonds or reissued notes.

Operating Transfers - Constitutes legally authorized transfers from a fund receiving revenues, to a fund through which disbursements will ultimately be made.

NOTE 4 — RESERVATIONS OF GENERAL FUND BALANCE

Fund balance may be legally segregated for specific future use or set aside informally for specified purposes. The following terms are used in the reporting of reservations of balances in the General Fund:

Tax Stabilization Reserve Fund - Created pursuant to law in order to provide a reserve to finance a cash-basis operating deficit in the General Fund at the end of the fiscal year, and to make temporary loans to the General Fund during the year. Annual deposits may not exceed 0.2 percent of General Fund spending and the balance may not exceed 2.0 percent of General Fund spending. These amounts may be borrowed by the General Fund temporarily and repaid within the same fiscal year. They may also be borrowed to cover an operating deficit at year end, but these loans must be repaid within six years in no less than three annual installments.

Rainy Day Reserve Fund - Created pursuant to law, to account for funds set aside for use during economic downturns or in response to a catastrophic event, as defined in the law. The economic downturn clause is triggered after five consecutive months of decline in the State's composite index of business cycle indicators. The reserve may have a maximum balance equal to 3 percent of projected General Fund spending during the fiscal year immediately following the then-current fiscal year.

Contingency Reserve Fund - Created pursuant to law to provide a reserve to fund extraordinary needs arising from litigation against the State. These amounts may be used for payment of judgments against the State where the amount is in excess of \$25 million and such payments are not previously appropriated, or emergency payments relating to natural or physical disasters, or to make payments for the enhancement of the State's economy.

Community Projects Fund - Created pursuant to law to finance discretionary, usually local, projects ("member items") sponsored by individual legislators and the Governor. The Enacted State Budget has typically included lump sum appropriations for the Governor, Senate and the Assembly, to be designated for various grants, awards and contracts with local governments, not-for-profit organizations and community groups. The FY 2015 Executive Budget includes no new appropriations and only spend-down of prior appropriations is included.

Debt Reduction Reserve Fund - Created pursuant to law to reduce the State's debt burden. DRRF receives moneys credited or transferred to it from the General Fund or any other designated sources. Subject to appropriation, DRRF's authorized purposes include i) the payment of principal, interest, or related expenses, ii) retiring or defeasing existing State-supported debt obligations, including accrued interest, and iii) the funding of capital projects, equipment, or similar expenses that would otherwise be financed with debt.

Undesignated Fund Balance - From time to time, DOB will informally designate unrestricted balances in the General Fund for specific policy goals. These amounts are typically identified with the phrase "reserved for."

Prior-Year Labor Agreements - Due to the nature of the timing of labor agreements, DOB will informally reserve balances for possible prior year costs for unions without current contracts.

NOTE 5 — SPENDING ADJUSTMENTS

Certain Special Revenue accounts formerly reported in the Financial Plan as Federal Operating Funds have been reclassified to State Operating Funds. The State changed this reporting with the FY 2012 Executive Budget. This change has the effect of increasing the reported disbursements from State Operating Funds, and reducing reported disbursements from Federal Operating Funds by an equal amount. Accordingly, there is no impact on the State's reported All Governmental Funds spending totals.

NOTE 6 — ITEMS AFFECTING ANNUAL COMPARABILITY

American Recovery and Reinvestment Act of 2009 (ARRA) - On February 17, 2009, President Obama signed into law the ARRA of 2009. This Act contains provisions for direct Federal aid for fiscal relief, consisting of increases in the Federal matching rate for eligible State Medicaid expenditures, and funds provided through the State Fiscal Stabilization Fund to restore proposed reductions in education, higher education, and to maintain essential government services. Primary ARRA-related support ended in FY 2012.

Superstorm Sandy - In October 2012, Superstorm Sandy caused widespread flooding, power failures, and wind damage to public and private property in New York City, Long Island, and other downstate areas. Public infrastructure, including mass transit systems, public schools, and municipal buildings, sustained serious damage. The Executive Budget reflects Federal aid which will flow to local governments, public authorities, and not-for-profits over the next three years to continue the State's recovery from Superstorm Sandy.

Mergers - State agency mergers in recent years impacting the Financial Plan tables include the following:

- New York State Gaming Commission was created and made effective on February 1, 2013. The Commission merged the functions and responsibilities of the former Division of the Lottery and the former Racing and Wagering Board. As such, spending for FY 2013 has been reflected in the former agencies, while projections for FY 2014 and forward reflect the impact of the agency merger.
- The activities of the Commission on Quality of Care and Advocacy for Persons with Disabilities were subsumed by the New York State Justice Center for the Protection of People with Special Needs when it became operational on June 30, 2013.
- Division of Parole merged with the Department of Correctional Services to become the new Department of Corrections and Community Supervision.
- Consumer Protection Board merged into Department of State.
- Foundation for Science, Technology, and Innovation merged into the Department of Economic Development.
- Banking and Insurance Departments merged into a new agency known as the Department of Financial Services.

NOTE 7 — STATE FUNDING OF SUNY OPERATING SUPPORT

As part of the FY 2013 Budget, the State changed the process through which SUNY receives the State share of its operating support, from direct General Fund spending to General Fund transfers. SUNY's special revenue tuition offset account, which was traditionally used to offset the State's direct General Fund spending for SUNY operations, now reflects all spending for the university operations, effective with the academic year that began in July 2012. All General Fund support for SUNY operations is now transferred by the General Fund to this special revenue account, supplementing tuition revenue also being received by this account, and from which all university operations are funded.

NOTE 8 — OFF-BUDGET TRANSACTIONS

Represent certain capital spending that is not reported in cash spending results, but is reported in the State's GAAP Financial Statements. This spending is related to programs which are financed directly from bond proceeds that are on deposit at various public authorities, rather than from a loan from STIP or the General Fund.

NOTE 9 — GENERAL FUND/ HCRA COMBINED GAP

The current HCRA authorization expires on March 31, 2014. The FY 2015 Budget includes legislation that extends authorization through FY 2017. HCRA is projected to remain balanced through FY 2018. However, any unaddressed shortfall would need to be financed by the General Fund or reduction in HCRA programs.

NOTE 10 — METROPOLITAN TRANSPORTATION AUTHORITY FINANCIAL ASSISTANCE FUND

The Metropolitan Commuter Transportation Mobility Tax (Mobility Tax) is imposed on certain employers and self-employed individuals engaging in business within the Metropolitan Commuter Transportation District. This revenue source is collected by the State on behalf of, and disbursed in its entirety to, MTA. Due to requirements of the enabling legislation, the tax is reflected in the State's Special Revenue Funds, increasing estimated receipts and disbursements.

Additional funding to support the total aid provided to the MTA is provided through a transfer from the General Fund, pursuant to December 2011 tax reform legislation which exempts school districts and small businesses operating within the Metropolitan Commuter Transportation District from the provisions of the Mobility Tax.

NOTE 11 — CHANGES TO THE MEDICAID PROGRAM

Since January 2006, the State has paid the entire non-Federal share of the FHP program and any annual Medicaid increases above a fixed level that would have otherwise been paid for by Local Social Services Districts. These statutory indexing provisions were amended through legislation included in the FY 2013 Enacted Budget to implement a three-year phased-takeover of the Local Social Services Districts' share of all growth above the previous year's enacted levels beginning on April 1, 2013 for County Year 2013, with the State assuming all growth in County Year 2015.

NOTE 12 — STATEWIDE CASH FLOW ADMINISTRATION

OSC invests General Fund moneys, bond proceeds, and other funds not immediately required to make payments through STIP, which is comprised of joint custody funds (Governmental Funds, Internal Service Funds, Enterprise Funds and Private Purpose Trust Funds), as well as several sole custody funds including the Tobacco Settlement Fund.

OSC is authorized to make short-term loans from STIP to cover temporary cash shortfalls in certain funds and accounts, including the General Fund, resulting from the timing of receipts and disbursements. The Legislature authorizes the funds and accounts that may receive loans each year, based on legislation submitted with the Executive Budget. Loans may be granted only for amounts that the Director of the Budget certifies are "receivable on account" or can be repaid from the current operating receipts of the fund (i.e., loans cannot be granted in expectation of future revenue enhancements).

NOTE 13 — TRANSFER ELIMINATIONS

The Special Revenue Funds and Capital Projects Funds include transfers of resources between Federal and State accounts within each fund. In some instances, Federal aid that is initially deposited into a Federal account is transferred to State accounts where the aid is used to support the programs for which it is intended to fund. To avoid recording spending twice, initially as the transfer of resources to another account and subsequently when payments are made, these transfers are eliminated in these funds. The transfer eliminations are consistent with the State Comptroller's accounting practices shown in Exhibit A of the Comptroller's Annual Report to the Legislature.

NOTE 14 — OUTSTANDING TEMPORARY LOANS SUMMARY

The total outstanding loan balance as of March 31, 2013 was \$1.8 billion, comprised of advances for bond-reimbursable capital spending pending the receipt of bond proceeds (\$972 million), activities that are financed initially by the State pending Federal receipt (\$323 million), State Special Revenue Funds (\$419 million), and Proprietary Funds (\$79 million).

FINANCIAL PLAN TABLES AND ACCOMPANYING NOTES

The total loan balance typically increases throughout the State fiscal year, reaching its peak between the second and third quarters. The spike mainly reflects the payment of lottery aid for education, which is financed in large part by a loan that is repaid over the course of the year as lottery revenues are received.

Note 15 — Pension Amortization

The Financial Plan projections assume that the State and OCA will amortize pension costs above a certain percentage of payroll, as authorized by legislation enacted in FY 2011. Amortization (deferment of payment) temporarily reduces the pension costs that must be paid by the State in a given fiscal year, but results in higher costs overall when repaid with interest. Consistent with the authorizing legislation, the interest cost is calculated by OSC. In FY 2014, the interest rate charged on the deferred amounts will be 3.67 percent. Outyear repayments of amortizations in the following table assume that 3.67 percent interest will continue to be charged. The FY 2016 amortization threshold (the “graded rate”) is projected to equal the normal rate. Therefore, no amortizations are projected in FY 2016. In FY 2017 and FY 2018 the graded rate will exceed the normal rate. This will result in additional contributions that will be used to pre-pay outstanding amortizations.

STATE PENSION COSTS AND AMORTIZATION SAVINGS (millions of dollars)								
	FY 2011	FY 2012	FY 2013	FY 2014	FY 2015	FY 2016	FY 2017	FY 2018
AMORTIZATION THRESHOLDS								
ERS (%)	9.5	10.5	11.5	12.5	13.5	14.2	13.2	12.2
PFRS (%)	17.5	18.5	19.5	20.5	21.5	20.8	19.8	18.8
PENSION (NET COST)								
Gross Pension Costs	1,633	2,141	2,192	2,618	2,594	1,909	1,677	1,555
Amortization Savings	(250)	(563)	(779)	(937)	(743)	0	117	172
Repayment of Amortization (incl. FY 2005 and FY 2006)	87	119	188	279	393	416	396	364

Note 16 — 2 Percent Spending Benchmark

The line on the Financial Plan tables labeled “Adherence to 2 percent State Operating Funds Spending Benchmark” is the estimated savings that would be realized by limiting annual spending growth in future years to 2 percent. The Governor is expected to propose, and negotiate with the Legislature to enact, budgets that hold State Operating Funds spending growth to 2 percent. The General Fund operating projections assume that all savings from adhering to 2 percent spending growth are made available to the General Fund.

Reflects certain capital spending that is not reported in actual cash spending results, but is reported in the State's GAAP Financial Statements. This spending is related to programs which are financed directly from bond proceeds that are on deposit at various public authorities rather than from a short-term loan from the Short-Term Investment Pool or cash from the General Fund.

NOTE 1: Cash disbursements can vary from available appropriations for a particular financial plan category due to intra-year transfers or suballocation, changes in the amount and timing of carry-out spending across years, and the use of agency appropriation interchange authorization. Appropriation amounts include new appropriation authority, reappropriations, and other appropriation amendments, but does not include carry-in authority from prior years which is subject to lapse.

NOTE 2: Not reflected in this table are the portions of Local Assistance appropriation authority that extend beyond the fiscal year repressed by this table, for School Aid and Medicaid 2-year appropriation structure.

NOTE 3: Special statewide appropriation authority is available to all State agencies to meet funding needs during emergencies, and for the Federal Government's share of costs resulting from natural or man-made natural disasters in advance of the availability of Federal reimbursement.

NOTE 1: Cash disbursements can vary from available appropriations for a particular financial plan category due to intra-year transfers or suballocation, changes in the amount and timing of carry-out spending across years, and the use of agency appropriation interchange authorization. Appropriation amounts include new appropriation authority, reappropriations, and other appropriation amendments, but does not include carry-in authority from prior years which is subject to lapse.

NOTE 2: Not reflected in this table are the portions of Local Assistance appropriation authority that extend beyond the fiscal year repressed by this table, for School Aid and Medicaid 2-year appropriation structure.

NOTE 3: Special statewide appropriation authority is available to all State agencies to meet funding needs during emergencies, and for the Federal Government's share of costs resulting from natural or man-made natural disasters in advance of the availability of Federal reimbursement.
