# Introduction

The DOB<sup>1</sup> publishes the Capital Program and Financing Plan twice a year, with the Executive Budget and the Enacted Budget. It describes the State’s multi-year capital program, the way it will be financed, and the impact of debt on the State’s Financial Plan.

The Enacted Budget Capital Program and Financing Plan (the “Enacted Capital Plan” or the “Plan”) reflects capital spending and debt issuances in FY 2018 through FY 2022.

The Enacted Capital Plan consists of six major sections as follows:

- **The Executive Summary** summarizes the State’s capital initiatives, multi-year planning projections, debt issuance plans, limitations on State debt, overall capital spending, and projected levels of debt service costs, debt outstanding, new debt issuances, and debt retirements.
- **FY 2018 Capital Program and Financing Plan** provides estimates of annual capital spending and debt by program area and financing source.
- **Five-Year Capital Plan** provides a summary of the multi-year impact of the FY 2018 Capital Program and Financing Plan and describes agency capital goals, objectives, and capital maintenance efforts.
- **Debt Affordability** includes information related to the State’s actual and projected debt levels and debt service costs, as well as comparisons to objective affordability measures.
- **Detailed Data** explains various State debt limitations and provides detailed tables on capital projects financing, State-related debt, and debt service costs.
- **Agency Summary and Detail Tables** provide a summary of projected appropriations, commitments, and disbursements for each agency on both a comprehensive construction program and capital projects fund basis.

Terminology used throughout the Enacted Capital Plan includes “commitment(s),” meaning the amount an agency expects to place under contract for a given fiscal year; and “appropriation(s),” referring to the statutory authorization against which expenditures (liability) and disbursements (cash) may be made during a specific State fiscal year. In general, this legal authority allows State agencies to spend money. Agency appropriations, commitments, and disbursements data can be found in the Agency Summary and Detail Tables section.

Additionally, the Plan makes references to “off-budget” spending, which refers to capital spending that is occurring directly from bond proceeds held at public authorities. “Off-budget” spending still requires an enacted appropriation, bonding authorization, and PACB approval to occur. However, in an effort to streamline all State capital spending within the Plan, the State has begun to convert and/or phase out the practice of such spending. This conversion began in FY 2015 with the full conversion of local highway grants and is expected to continue over the Plan’s multi-year period.

---

<sup>1</sup> Please see “Glossary of Acronyms” at the end of this document for the definitions of commonly used acronyms and abbreviations that appear in the text.

## Reporting On State Debt

The Plan provides information on State-supported debt and the broader measure of State-related debt:

**State-supported debt** represents obligations of the State that are paid from traditional State resources (i.e., tax revenue) and have a budgetary impact. It includes both General Obligation debt approved directly by the voters, and debt authorized by the Legislature, acting on behalf of the people, and issued on behalf of the State by public authorities, where the State is contractually obligated to pay debt service, subject to appropriation. All debt authorized by the Legislature must be approved by the Public Authorities Control Board, and the board of the issuing authority, with the exception of General Obligation Bonds. The State's debt reform caps on debt outstanding and debt service apply to State-supported debt.

**State-related debt** is a broader measure that includes State-supported debt, State-guaranteed debt, moral obligation financings, and certain contingent-contractual obligation financings, where debt service is paid from non-State sources in the first instance, and State appropriations are available, but typically not expected to be needed, to make payments. The classification is made at the time of the original issuance.

State debt is reported in the Plan on a cash basis and includes all debt issued by the State and public authorities acting on its behalf for government activities and business-type activities as defined in the CAFR.

State debt does not include debt that is issued by State public authorities for which the State has no financial obligation (i.e., "conduit debt"), or debt issued by or on behalf of local governments and secured (in whole or in part) by State local assistance aid payments. For example, certain school districts and NYC have pledged State aid to help pay debt service for locally sponsored and locally determined financings. Additionally, certain of the State's public authorities issue debt supported by non-State resources (i.e., NYSTA toll revenue bonds, TBTA or MTA revenue bonds, or DASNY dormitory facilities revenue bonds) or issue debt on behalf of private clients (i.e., DASNY hospital revenue bonds). Because this debt was not issued by, or on behalf of, the State, the State has no obligation to pay debt service, and it is not considered State debt in the CAFR, therefore it is not included in the Plan. Instead, this debt is accounted for in the respective financial statements of the local governments responsible for the issuance of such debt.

## For More Information

Additional information on the State's debt portfolio is available on DOB's public website ([New York State Division of the Budget](#)). The Investor's Guide section of the site contains detailed information on New York State bonds including: swap and variable rate capacity reports, PIT and Sales Tax Revenue Bond debt service and debt outstanding, credit ratings on New York State bonds, and the State's bond issuance schedule. In addition, the State's public website ([New York Bonds](#)) is tailored to potential investors of New York State bonds. The site provides specific information on the types of credits that New York State offers as well as the process for purchasing bonds.

## FY 2018 Capital Plan

### Summary

The FY 2018 Enacted Budget Capital Plan funds the capital needs of State agencies, increases support for new statewide initiatives, and maintains affordable levels of debt. Capital spending is projected to total \$13.8 billion in FY 2018. The Plan includes new and continued investments for roadways, bridges, and transit systems; affordable and supportive housing units; economic development; health care; and environmental protection. Additionally, the Plan includes continued funding for State parks, and educational, mental health, and correctional facilities.

Debt issuances for five-year capital projections are sized to fit within the limits established by the State's statutory debt cap. With the proposed capital initiatives in the FY 2018 Enacted Budget Capital Plan, DOB projects that the State's debt affordability measures will remain stable over the next five-year period.

State-related debt outstanding declined for the fifth consecutive year from a high point of \$56.4 billion in FY 2012 to \$50.7 billion in FY 2017, its lowest point since FY 2008. Based on expected issuances and retirements, state-related debt outstanding is projected to increase in FY 2018 to \$52.3 billion.

### Capital and Debt Management

Capital and debt management practices expected to generate savings in FY 2018 include:

- **Effective Management of Statewide Capital Planning and Assets.** Capital planning is critical to water, sewer, transportation, sanitation, and other essential public services. It is an integral component of any economic development program and strategic plan. The Governor's New York Works Task Force helped centralize the State's capital planning to leverage and integrate the funding into economic development planning statewide.

The State continues to improve its capital planning process. In 2016, the State launched a diagnostic effort to assess the current capital planning process, evaluate project delivery, and catalog the State's capital assets. As a result of this effort, the State is collecting up-to-date project level data centrally for outcome tracking and decision-making. The new approach enables the State to better align capital spending with strategic priorities, more actively manage its portfolio of capital assets, and use outcome-based feedback and prioritization to ensure project selection best meets the needs of New York State. Improvements in project tracking will help the State deliver capital projects on-time and on-budget.

- Implement a Statewide Capital Efficiency Plan. Agencies will be implementing a capital efficiency plan that results in a 5 percent reduction to bond-financed capital spending across the five-year capital plan. Recognizing that most capital spending is under contract near term, the majority of 5 percent reductions are assumed to take effect in FY 2019 and each year thereafter. This will require agencies to administer their capital contracts in FY 2018 (and beyond) to meet these spending reductions. These reductions are needed to improve efficiency and maintain compliance with the State’s statutory debt cap, and have been reflected in the FY 2018 Enacted Budget.

The objective of the Efficiency Plan is not to eliminate projects, but to prioritize those that are essential. A project would be deemed essential if failure to complete it would:

1. Present an immediate, demonstrable threat to public health and safety;
2. Directly violate a court order or Federal, State, or local law; or
3. Result in a substantial reduction in Federal aid.

Bonded-capital spending is expected to be reduced by approximately \$1.5 billion across the five-year capital plan as a result of the Efficiency Plan.

- Extends authorization for use of the “design-build” procurement method for select State agencies and public authorities for an additional two years. The Budget also extends design-build authorization to UDC, ORDA, and OGS for specific projects, which include: Frontier Town; the Life Sciences Laboratory; Whiteface, Gore, and Belleayre projects, the Mt. Van Hoevenberg project; State Fair projects; and the State Police Forensic Laboratory.

Design-build procurement allows design and construction services to be contracted by a single entity, reducing potential cost increases due to misunderstandings between building designers and contractors. This legislation encourages innovation and creativity from the private sector in the engineering and construction of major infrastructure projects. State agencies and authorities with design-build authority have reduced costs by accelerating the completion dates for dozens of projects.

- Implement a consistent approach to recognize the costs for employees who maintain and preserve State assets in the capital budget. Agencies have been accounting for these costs differently for years, with some capturing the expenses in their capital budget, while others reflect them in their operating budgets. Beginning in FY 2018, 3,173 FTEs whose job duties are related to the maintenance, preservation, and operation of facilities (e.g., Plant Utilities Engineers, General Mechanics, Electricians, etc.) will be paid from capital projects funds. This spending reclassification is intended to provide a more consistent accounting of the total cost to maintain and operate the State’s capital assets. Accordingly, the FY 2018 Enacted Budget reflects \$227 million in personal service and related costs in the capital budget. The majority of spending and FTEs related to this reclassification are allocated to SUNY, as shown in the table below.

<b>RECLASSIFIED CAPITAL SPENDING IN FY 2018</b> (thousands of dollars)		
	<u>Amount</u>	<u>FTEs</u>
SUNY	125,337	1,863
DOCCS	40,258	458
OGS	25,645	328
Parks	15,592	237
All Other	19,809	287
<b>Total</b>	<b><u>226,641</u></b>	<b><u>3,173</u></b>

- Continue to refund bonds when it makes economic sense to lower the State’s debt service costs. The State will pursue opportunities to efficiently refund its debt, taking advantage of low interest rates.
- Authorization of the transfer and the ability to spend up to \$500 million from DRRF that could be used to reduce the State’s debt burden and maintain bond capacity under the State’s debt caps. Potential DRRF uses include paying down existing debt, and cash financing capital projects that would otherwise be funded with debt.
- Continue the State’s policy goal of selling at least 50 percent of new debt issuances on a competitive basis in FY 2018, market conditions permitting. The State issued \$3.6 billion, or 74 percent, of bonds on a competitive basis in FY 2017.

## Enacted Capital Initiatives

The FY 2018 Enacted Capital Plan includes the following initiatives:

- **Clean Water Infrastructure Act:** The Enacted Budget includes \$2.5 billion to finance water quality capital projects to ensure continued access to clean water. The investment will be directed to drinking water infrastructure, wastewater infrastructure, and source water protection. Funding will prioritize community based planning at the regional and watershed level, and encourage consolidation and sharing of water and waste water services.
- **Health Care:** The Enacted Budget includes \$500 million in new health care capital grants, which will be funded with State bonds and monetary settlements (\$300 million and \$200 million, respectively). These grants are intended to facilitate mergers, consolidation, acquisition, and other corporate restructuring activities.
- **JFK Master Plan:** The Budget begins implementation of the Governor's Airport Advisory Panel recommendations, which include improvements to the interchange between the Grand Central Parkway and Van Wyck Expressway. The Enacted Budget includes initial funding of \$564 million towards \$1.5 billion in spending by DOT to improve the roadways leading to JFK.
- **Bruckner-Sheridan Interchange:** The Enacted Budget includes initial funding of \$700 million towards the \$1.8 billion project to reconstruct the Bruckner-Sheridan Interchange. The project will de-designate Sheridan Expressway as an interstate and replace it with a boulevard design, and will also provide direct access to the Hunts Point Market.
- **Hudson River Valley Greenway and Erie Canalway Trails:** The FY 2018 Enacted Budget includes \$200 million to complete the Hudson River Valley Greenway and Erie Canalway trails by 2020 to create the Empire State Trail. The capital investment will develop nearly 350 new trail miles, ultimately creating a 750-mile multi-use trail network, which would make it the nation's longest multi-use trail network
- **State Fair Modernization:** Following a \$70 million commitment in 2015, the Enacted Budget includes an additional \$50 million capital commitment to launch the next phase of the State Fair modernization. Capital improvements include a multi-use, hybrid building to host events, a gondola to transport visitors and concertgoers between the Fairgrounds and Onondaga County's Lakeview Amphitheater, parking improvements, and a new on-ramp to Interstate 690.

- **Economic Development:** The Enacted Budget continues to provide statewide economic development grants, including \$700 million towards the new Pennsylvania Station-Farley Complex, \$320 million for the State's Life Sciences initiative, \$400 million towards the second phase of the Buffalo Billion investment development plan, \$208 million for strategic investments for SUNY Polytechnic, and \$108 million for the Kingsbridge Armory project, and other regionally significant projects. Additionally, the Plan maintains \$150 million for a seventh round of Regional Economic Development Council grants, \$110 million for a new round of the NYSUNY 2020 and NYCUNY 2020 grants, and \$385 million for projects within the State and Municipal Facilities Program.

The FY 2018 Enacted Budget continues to support the following initiatives:

- **Transportation and Transit:** The FY 2018 Enacted Budget includes incremental appropriations that support the \$27 billion multi-year capital plan to preserve and upgrade roads, bridges, and other transportation infrastructure. The plan is comprised of over \$25 billion for statewide DOT projects, including BRIDGE NY, PAVE NY, Extreme Weather Infrastructure Hardening, and \$2.0 billion in Thruway Stabilization funding that will support capital improvements on the Thruway system, including the New NY Bridge.
- **MTA Capital Commitment:** The Enacted Budget also reflects continued, and incremental, State funding for the MTA's \$27 billion multi-year capital plan funded from multiple sources, including \$8.4 billion of State funding. The Budget includes the third year of capital appropriations totaling \$1.5 billion for the State's contribution to the MTA capital plan.
- **Affordable and Homeless Housing:** The Enacted Budget provides funding to support the \$20 billion five-year investment in affordable housing to ensure New Yorkers who are homeless or at risk of homelessness have safe and secure housing. The program will create or preserve 100,000 new affordable housing and 6,000 supportive housing units.
- **Environmental Protection:** The Plan contains \$300 million for the EPF, continuing the highest level of funding in State history, which was set in FY 2017. The expanded EPF will provide funding for stewardship, agriculture programs, invasive species prevention and eradication, water quality improvement, municipal recycling, and an environmental justice agenda. Furthermore, this funding will establish new programs to help communities adapt to climate change through resiliency planning and capital projects, and to reduce greenhouse gas emissions outside of the power sector.

## Uses of Monetary Settlements

The State has received a total of \$9.9 billion in monetary settlements with banks, insurance companies, and automakers. A total of \$7.7 billion has been appropriated from capital projects funds, as summarized in the following table.

APPROPRIATED USE OF MONETARY SETTLEMENTS (thousands of dollars)				
	FY 2016 Enacted Budget	FY 2017 Enacted Budget	FY 2018 Enacted Budget	Three-Year Total
	<b>4,550,000</b>	<b>1,960,000</b>	<b>1,205,000</b>	<b>7,715,000</b>
Thruway Stabilization Program	1,285,000	700,000	0	1,985,000

Roswell Park Cancer Institute	15,500	0	0	15,500
Behavioral Health Care Grants	10,000	0	0	10,000

The Enacted Budget Financial Plan reflects the allocation of an additional \$1.2 billion in unbudgeted monetary settlements to support the following measures within the Capital Plan:

- **Buffalo Billion Phase II (\$400 million):** The Enacted Budget Financial Plan reflects an additional investment of \$400 million from monetary settlement funds to support the second phase of the Buffalo Billion initiative, which totals \$500 million.
- **Life Sciences (\$320 million):** The Enacted Budget Financial Plan reflects the commitment of \$320 million from monetary settlement funds to support the State's multi-year \$620 million Life Sciences Initiative. The State will provide \$220 million to support state-of-the-art laboratory space, equipment, and technology. Furthermore, \$100 million will be provided in investment capital for early stage life science firms, which is expected to be matched by private sector partners.
- **Health Care Capital Grants (\$200 million):** The Budget includes a \$500 million increase to the health care facility transformation program, of which \$200 million will be funded from monetary settlements.
- **Security and Emergency Response Preparedness (\$100 million):** The Enacted Budget Financial Plan reflects the commitment of \$100 million over the next two years to continue counter-terrorism efforts in New York City including increased security and anti-terror exercises at nine MTA-operated bridges and tunnels and to sustain the increased deployment of National Guard at transportation hubs that began in September 2014.
- **Downtown Revitalization (\$100 million):** The Enacted Budget Financial Plan reflects an additional \$100 million for the Downtown Revitalization Initiative to fund housing, economic development, transportation, and community projects to attract and retain residents, visitors, and businesses to downtowns. The existing program provides \$100 million to ten communities currently experiencing population loss and/or economic decline.
- **MTA Capital Plan (\$65 million):** The Enacted Budget Financial Plan reflects the commitment of an additional \$65 million to the MTA's 2015-2019 Capital Program. These new resources must be paid to the Authority before December 31, 2018.
- **Non MTA Transit (\$20 million):** The Enacted Budget Financial Plan invests an additional \$20 million in funds from monetary settlements toward DOT's mass transit capital program. Funds will be directed by the Department toward upstate and downstate public transportation systems other than the MTA to defray the costs of capital projects or acquisitions.

The following purposes were identified in past budgets and are expected to continue to be funded with monetary settlement funds reappropriated in FY 2018:

- **Thruway Stabilization (\$2.0 billion):** The \$2.0 billion investment will support both the New NY Bridge project and other transportation infrastructure needs for the rest of the Thruway system.
- **Upstate Revitalization Program (\$1.7 billion):** Awarded \$1.5 billion in 2015 to the three Upstate regions selected as URI best plan awardees. An additional \$200 million (\$170 million from monetary settlements) was provided in 2016 to support projects in the remaining four eligible Upstate regions.
- **Affordable and Homeless Housing (\$640 million):** Settlement funds will augment the multi-year investment in affordable housing services, and provide housing opportunities for individuals and families who are homeless or at risk of homelessness. Funds will be invested over five years to create new housing opportunities for individuals and families in need of supportive services, as well as to assist vulnerable populations in securing stable housing.
- **Broadband Initiative (\$500 million):** Funds the New NY Broadband Fund Program to expand the availability and capacity of broadband across the State, or development of other telecommunication infrastructure. This program is intended to expand the creation of high-speed networks and promote broadband adoption.
- **Health Care/Hospitals (\$400 million): Provides \$355 million in grants to health care providers to facilitate mergers, consolidation, acquisition, or other significant corporate restructuring activities.** The Plan also funds capital expenses of the Roswell Park Cancer Institute (\$15.5 million); a community health care revolving loan (\$19.5 million); and IT and other infrastructure costs associated with the inclusion of behavioral health sciences in the Medicaid Managed Care benefit package (\$10 million).
- **Penn Station Access (\$250 million):** The MTA Penn Station Access project, which will open a new Metro-North link directly into Penn Station, is expected to provide enhanced system resiliency, improvement in regional mobility, and construction of four new Metro-North stations in the Bronx.
- **Transportation Capital Plan (\$200 million):** Provides funding for transportation infrastructure projects across the State.
- **Municipal Restructuring and Consolidation Competition (\$170 million):** Includes \$20 million in funding for a municipal consolidation competition to encourage the reduction of costs through a competitive process to be administered by the DOS. This funding is in addition to \$150 million for the first Downtown Revitalization Initiative and for municipal restructuring to assist and encourage local governments and school districts to implement shared services, cooperation agreements, mergers, and other actions that are intended to reduce operating costs and property tax burdens.

- **Resiliency, Mitigation, Security, and Emergency Response (\$150 million):** Provides funding for operating purposes such as preparedness and response efforts related to severe weather events, as well as efforts to prevent, prepare for, and respond to acts of terrorism, other public safety and health emergencies, and natural and man-made disasters.
- **Transformative Economic Development Projects (\$150 million):** Includes funds to promote economic development in Nassau and Suffolk counties.
- **Infrastructure Improvements (\$115 million):** Funding for infrastructure improvements to support transportation, upstate transit, rail, airport, port, and other projects.
- **Economic Development (\$85 million):** Funding for economic development with the intention of creating jobs, strengthening and diversifying economies, and generating economic opportunities across the State, including investments in infrastructure.
- **Southern Tier/Hudson Valley Farm Initiative (\$50 million):** Funding to help landowners in the Southern Tier and Hudson Valley maintain and develop farming, agricultural, and related businesses.
- **Empire State Poverty Reduction Initiative (\$25 million):** The ESPRI will bring together State and local government, nonprofits, and community groups to design and implement coordinated solutions for addressing poverty in 16 municipalities: Albany, Binghamton, the Bronx, Buffalo, Elmira, Hempstead, Jamestown, Newburgh, Niagara Falls, Oneonta, Oswego, Rochester, Syracuse, Troy, Utica, and Watertown.
- **Environmental Protection Fund (\$120 million):** This \$120 million and other EPF resources would provide dedicated funding to communities throughout New York State to improve the environment, responds to problems caused by climate change, and reduce greenhouse gas emissions.

## Monetary Settlements - Cash Flow Management

Since 2015, the receipt of \$9.9 billion in monetary settlements has increased the State's cash on hand and improved its liquidity position. A large portion, \$7.7 billion, of the monetary settlements have been programmed for capital projects that are expected to spend over multiple years. This has provided the flexibility to use these cash resources temporarily to support capital spending and avoid issuing debt immediately, saving on interest costs. Accordingly, the Enacted Budget continues to assume that monetary settlements will temporarily be used for two different purposes:

1. Use \$1.3 billion to fund bond-financed capital disbursements. As shown in the table below, settlement resources were used to pay for \$1.3 billion of capital spending in FY 2017 to support higher education, transportation, and economic development. This \$1.3 billion advance from settlement funds will be repaid when the State reimburses this capital spending with bond proceeds in FY 2018. This will allow the settlement funds to be made available for the projects appropriated from DIIF. In addition, \$500 million of settlement resources will be utilized to support capital spending in FY 2018 with repayment projected in FY 2019.
2. Meet initial capital funding requirements for the Javits expansion project. As shown in the table below, the spending for the Javits expansion will be supported by settlement fund balances in the first instance, beginning in FY 2019. Subsequently, these expenses will be reimbursed from bond proceeds that are planned to be issued in FYs 2020 and 2021.

## Statewide Capital Spending

Statewide capital spending for FY 2018 is estimated to total approximately \$25.8 billion, including \$13.8 billion of State spending and \$12.0 billion of public authority spending. The following table shows the capital spending projections for State agencies and public authorities in FY 2018. Public authority spending is funded from authority revenues and for authority purposes and thus are not captured in the State budget. It is compiled based on several sources and assumptions. (The projections are for fiscal years ending in 2018, except where noted.) For more information on capital spending, please refer to the Five-Year and Agency Capital Plans sections of this report.

<sup>1</sup> These agencies have both state and authority disbursements.
<sup>2</sup> Thruway Authority has both state and authority disbursements. On the state side they are captured in the Special Infrastructure agency.
<sup>3</sup> Authority numbers are self-reported. Excludes conduit financing entities: DASNY, EFC and ESD.
<sup>4</sup> MTA authority disbursement number is for FY 2017.

<sup>1</sup> These agencies have both state and authority disbursements.
<sup>2</sup> Thruway Authority has both state and authority disbursements. On the state side they are captured in the Special Infrastructure agency.
<sup>3</sup> Accommodates potential under spending projected to occur as a result of normal timing related to the delivery of capital projects and will not hinder the advancement of scheduled capital projects.

## Capital Projects Spending Overview

State capital projects spending is projected to total \$13.8 billion in FY 2018. This includes \$13.1 billion in spending that appears in the State's Financial Plan and \$683 million in "off-budget" spending that is financed directly from bond proceeds. Capital spending in FY 2018 is expected to be financed with State-supported debt (\$7.2 billion, 52 percent); State cash resources (\$4.7 billion, 34 percent); and Federal aid (\$1.8 billion, 14 percent). Capital spending over the next five years is expected to average approximately \$13.8 billion annually. In FY 2018, capital spending is projected to increase by 28 percent as compared to FY 2017.

## Debt Outstanding

State-related debt outstanding is projected to total \$52.3 billion in FY 2018, an increase of \$1.6 billion (3.2 percent) from FY 2017. New debt issuances are expected to total \$6.2 billion in FY 2018, offset by \$4.4 billion in debt retirements. The annual increase in debt outstanding includes \$501 million for education facilities, \$862 million for transportation, \$445 million for health and mental hygiene, \$409 million for economic development and housing, and \$386 million for environmental facilities.

Over the period of the Plan, State-related debt outstanding is projected to increase from \$50.7 billion in FY 2017 to \$62.4 billion in FY 2022, or an average increase of 4.2 percent annually.

## Debt Issuances

Debt issuances totaling \$6.2 billion are planned to finance new capital project spending in FY 2018, an increase of \$3.2 billion (103 percent) from FY 2017. The bond issuances will finance capital commitments for education (\$1.5 billion), transportation (\$1.9 billion), economic development (\$1.1 billion), health and mental hygiene (\$786 million), State facilities and equipment (\$397 million), and the environment (\$584 million).

Over the period of the Plan, new debt issuances are projected to total \$33.7 billion. New issuances are expected for education facilities (\$8.1 billion), transportation infrastructure (\$10.3 billion), economic development (\$5.8 billion), mental hygiene and health care facilities (\$4.2 billion), State facilities and equipment (\$2.1 billion), and the environment (\$3.2 billion).

## Debt Retirements

The State expects to retire \$4.4 billion of debt in FY 2018, approximately \$99 million (2.3 percent) more than in FY 2017. Additional retirements beyond this level are possible through debt management actions, including the use of DRRF. Debt retirements are projected to average \$4.3 billion annually over the plan period.

## Debt Service

State-related debt service is projected at \$6.1 billion in FY 2018, a decrease of \$283 million (4.5 percent) from FY 2017. This is due, in large part, to debt prepayments and refunding savings captured in FY 2017. State-supported debt service, which is the better measure of State resources needed to pay annual debt service, is projected at \$5.3 billion in FY 2018, a decrease of \$180 million (3.3 percent) from FY 2017. State-related debt service is projected to increase from \$6.3 billion in FY 2017 to \$7.3 billion in FY 2022, an average rate of 2.9 percent annually.

## Debt Affordability Measures

Overall debt affordability measures from FY 2017 through FY 2022 show:

- State-supported debt outstanding is projected to remain under the statutory debt cap over the Plan period, declining to an estimated low point of about \$82 million in excess capacity in FY 2021.
- State-related debt service as a share of All Funds Receipts is projected to increase from 4.1 percent in FY 2017 to 4.3 percent in FY 2022.
- State-related debt outstanding as a percentage of personal income is expected to remain relatively constant from FY 2017 to FY 2022, in the range of 4.2 to 4.3 percent.

## Debt Reform Act Limit

The Debt Reform Act of 2000 (“Debt Reform Act”) restricts the issuance of State-supported debt to capital purposes only, and for a maximum term of 30 years. The Act limits the amount of new State-supported debt to 4 percent of State personal income, and new State-supported debt service costs to 5 percent of All Funds receipts. The restrictions apply to all new State-supported debt issued since April 1, 2000. The cap on new State-supported debt outstanding began at 0.75 percent of personal income in FY 2001, and was fully phased in at 4 percent of personal income during FY 2011. The cap on new State-supported debt service costs began at 0.75 percent of All Funds receipts in FY 2001, and was fully phased in at 5 percent during FY 2014. DOB, as the administrator of the Act, certified that the State was in compliance with the statutory caps in the most recent calculation period (FY 2016).

The DOB projects that debt outstanding and debt service will continue to remain below the limits imposed by the Debt Reform Act. Based on the most recent personal income and debt outstanding forecasts, the available room under the debt outstanding cap is expected to decline from \$6.2 billion in FY 2017 to about \$82 million in FY 2021. This includes the estimated impact of the bond-financed portion of increased capital commitment levels. In addition, the projected room under the debt cap is dependent on expected growth for State personal income. Debt outstanding and debt service caps continue to include the existing SUNY Dormitory Facilities lease revenue bonds, which are backed by a general obligation pledge of SUNY. Bonds issued under the new SUNY Dormitory Facilities Revenue credit, which are not backed by a general obligation pledge of SUNY and have no recourse to the State, are not included in the State’s calculation of debt caps. Capital spending priorities and debt financing practices may be adjusted from time to time to preserve available debt capacity and stay within the statutory limits, as events warrant.

FY 2021	170,599	5.00%	8,530	6,208	2,322	3.64%	1.36%	1,166	7,373
FY 2022	170,770	5.00%	8,538	6,524	2,015	3.82%	1.18%	739	7,263

The State's available debt capacity under its statutory debt cap reflects the impact of several factors in the Enacted Budget. These include a reduction to the personal income forecast, additional capital commitments approved in the Enacted Budget, and revised estimates for bond-financed capital spending, including potential underspending projected to occur as a result of normal timing related to the delivery of capital projects. Debt capacity amounts continue to assume that SUNY Dormitory Facilities lease revenue bonds will be refunded into the new SUNY Dormitory Facilities Revenue Bond credit within one year of their call dates, and are adjusted to reflect refunding results to date. The impact on the debt cap is shown in the following chart.

<b>DEBT OUTSTANDING SUBJECT TO CAP REMAINING CAPACITY SUMMARY</b>

# Capital Program and Financing Plan

## FY 2018 Capital Projects Spending

The Enacted Capital Plan balances the need to preserve the State’s assets, invest in new initiatives, and maintain a plan that is affordable. The Plan limits debt issuances to a level that allows the State to remain in compliance with its statutorily imposed debt limits and maintains sufficient capital spending for core capital projects. Also, the Plan continues investments in transportation and transit infrastructure, affordable and homeless housing, economic development, environmental protection and infrastructure, and health care.

Spending on capital projects is projected to total \$13.8 billion in FY 2018, which includes \$683 million in “off-budget” spending. Overall, capital spending in FY 2018 is projected to increase by \$3.0 billion or 28 percent from FY 2017.

<sup>(2)</sup> All Other includes a timing adjustment that accommodates potential under spending projected to occur as a result of normal timing related to the delivery of capital projects and will not hinder the advancement of scheduled capital projects.

<sup>(3)</sup> Represents spending which occurs directly from bond proceeds held by public authorities.

## Capital Projects Appropriations

The Enacted Budget includes \$20.2 billion in capital appropriation authority, all of which will be committed and spent over a multi-year period.

For a complete description of how these funds will be used, please refer to the Five-Year Capital Plan section of this report.

<b>FY 2018 ENACTED BUDGET CAPITAL APPROPRIATIONS (thousands of dollars)</b>

## Annual Capital Spending Disbursements and Debt Impacts

The following sections summarize total capital spending from new and existing appropriations included in the FY 2018 Enacted Budget and the related impact on State debt.

In FY 2018, transportation spending is projected to total \$6.1 billion, which represents 45 percent of total capital spending. Economic development spending, accounts for 13 percent and higher education accounts for 10 percent. Spending for parks and the environment represents 7 percent and health care represents 4 percent. The remaining 21 percent is comprised of spending for mental hygiene, social welfare, public protection, education, general government, and all other, which includes Special Infrastructure Account investments, such as the Thruway Stabilization Program.

Transportation spending is projected to increase by \$785 million (15 percent) in FY 2018 due to the continued implementation of the multi-year DOT and MTA capital plans.

Parks and environment spending is estimated to increase by \$177 million (21 percent) in FY 2018 reflecting spending from the proposed \$2.5 billion Clean Water Infrastructure Act, the continuation of a \$300 million EPF, as well as spending from the State Superfund and SPIF.

Economic development and government oversight spending is projected to increase by \$686 million (66 percent). This spending reflects the continued implementation of programs created to promote regional economic development including spending from both phases of the Buffalo Billion program, the Life Sciences Initiative, the Upstate Revitalization Initiative, Regional Economic Development Councils, and SUNY and CUNY 2020 Challenge Grants.

Spending for health care is projected to increase by \$447 million (422 percent) in FY 2018. The increase is due to anticipated grant awards for the Health Care Restructuring Program, expected in FY 2018; and the phase-in of spending related to the Health Care Facility Transformation Program, including spending from \$500 million in new health care grants enacted in FY 2018.

Spending for social welfare is projected to increase by \$205 million (98 percent) due primarily, to the implementation of the Affordable and Homeless Housing Program.

Education spending is projected to increase by \$574 million (819 percent) in FY 2018. The increase is due to spending from the Smart Schools Bond Act, which was approved in November 2014.

Higher education spending is projected to increase by \$118 million (10 percent). This growth is primarily driven by additional maintenance investments in senior and community college projects.

Spending for public protection is projected to increase by \$126 million (27 percent) in FY 2018, which is largely attributable to spending on correctional facilities.

Mental hygiene capital spending is anticipated to increase by \$151 million (37 percent). The increase is primarily related to improvements at OMH's inpatient campuses, the construction of community residential sites, various mental health-related general hospital projects, and non-residential community programs.

General governmental capital spending is projected to increase by \$138 million (75 percent), which is mainly attributable to the construction of a cogeneration plant being undertaken by OGS, as well as ITS equipment purchases.

Spending for agencies in the All Other category is projected to decrease by \$361 million (44 percent). The decrease is related to a timing adjustment attributable to capital projects spending in FY 2018 and is partially offset by higher year-to-year spending on Special Infrastructure Account investments, including a contribution to the ongoing construction of the New NY Bridge and other capital projects for the State Thruway.

## Financing FY 2018 Capital Projects Spending

In FY 2018, the State plans to finance 52 percent of capital projects spending with long-term bonds and 48 percent with cash and Federal aid. Most of the long-term bonds will be issued on behalf of the State through public authorities (45 percent) and the remainder of which will be issued as General Obligation Bonds (7 percent). Authority bonds do not include debt issued by authorities that are backed by their own non-State resources or on behalf of private clients. State cash resources, including monetary settlements, will finance 34 percent of capital spending. Federal aid is expected to fund 14 percent of the State's FY 2018 capital spending, primarily for transportation. Year-to-year, total PAYGO support is projected to increase \$812 million, with State PAYGO increasing by \$1.3 billion and Federal PAYGO support decreasing by \$477 million. Bond-financed spending is projected to increase by \$2.2 billion, with Authority Bond spending increasing by \$1.3 billion and General Obligation Bond spending increasing by \$930 million.

## FY 2018 Debt Issuances

Debt issuances will finance capital investments for transportation, higher education, to protect the environment, to enhance the State's economic development, and to maintain correctional and mental hygiene facilities.

The State expects to issue \$6.2 billion in debt during FY 2018 to finance existing and newly-authorized capital program initiatives. Education and transportation projects are projected to represent approximately 55 percent of new issuances. The remaining balance is divided among economic development and housing, environmental facilities, health care and mental hygiene facilities, and State facilities. The State has transitioned to using only three credits — PIT Revenue Bonds, Sales Tax Revenue Bonds, and General Obligation Bonds.

The State plans to sell at least 50 percent of bonds on a competitive basis in FY 2018, while continuing to maintain a significant presence — roughly \$3.1 billion, excluding refundings — in the negotiated market. Issuing bonds on a competitive basis is an effective way to (i) lower borrowing costs, (ii) provide an essential benchmark for bonds sold on a negotiated basis, and (iii) increase transparency related to the bond sale process. The State issued \$3.6 billion, or 74 percent, in debt on a competitive basis in FY 2017. These sales provided consistently low interest costs compared to market indices and provided lower issuance costs.

The \$6.2 billion in new issuances are expected to be sold through various bond sales scheduled for FY 2018:

- \$3.9 billion through the AAA-rated PIT Revenue Bond program;
- \$1.3 billion through the AAA-rated Sales Tax Revenue Bond program; and
- \$1.0 billion of AA+-rated General Obligation Bonds.

The following pie charts provide a distribution of the projected debt issuances for new capital projects in FY 2018 by both functional area and financing program.

**FY 2018 Debt Issuances by Program**  
\$6.2 Billion Projected

**FY 2018 Debt Issuances by Credit Structure**  
\$6.2 Billion Projected

## FY 2018 Debt Retirements

Retirements represent the annual repayment of principal for State-related debt as of the payment date due to bondholders, rather than the actual date the State makes the cash payment. For example, if principal payments are due on April 1, the bonds are considered outstanding on March 31, even if the State is contractually obligated to make payments to the bond trustee prior to that date.

The rate at which State-related debt is retired or paid off has an impact on the State’s ability to recycle debt capacity to finance new capital projects. Relatively faster amortization frees up debt capacity, but increases debt service costs in the State operating budget. Over time the practice increases the State’s debt service burden at the expense of other purposes. Debt is structured based on the useful life of the projects being financed.

<b>NEW YORK STATE - RAPIDITY OF PRINCIPAL RETIREMENT</b>	
<b>Period</b>	<b>Cumulative Percentage of Existing Debt Scheduled for Retirement as of 3/31/2017</b>
5 years	35%
10 years	62%
15 years	81%
20 years	92%
25 years	99%
30 years	100%

Over the next five years, retirements of State-related debt are projected to average \$4.3 billion annually. Final debt retirements for tobacco bonds will occur in FY 2018 as the bonds will be paid off in June 2017.

The following pie charts provide a distribution of projected debt retirements by both functional area and financing program.

**Debt Retirements by Program**  
\$4.4 Billion Projected in FY 2018 Budget

**Debt Retirements by Credit Structure**  
\$4.4 Billion Projected in FY 2018 Budget

\*The debt of LGAC was issued to eliminate short-term borrowing for cash flow purposes.  
Tobacco bonds were issued to help close deficits in FYs 2003 and 2004 and will be paid off in FY 2018.

## FY 2018 Debt Outstanding

State-related debt outstanding is projected to increase from \$50.7 billion in FY 2017 to \$52.3 billion in FY 2018. Debt issuances during FY 2018 are expected to add about \$6.2 billion in new debt, while \$4.4 billion of State-related debt is expected to be retired during FY 2018. In addition to expected retirements in FY 2018, State-related debt outstanding will decline by an additional \$226 million due to a refunding of SUNY Dormitory Facilities lease revenue bonds into the new SUNY Dormitory Facilities Revenue bond credit in April 2017 (the latter credit has no State recourse).

The \$52.3 billion of State-related debt projected to be outstanding at the end of FY 2018 is summarized by major programmatic area and credit below.

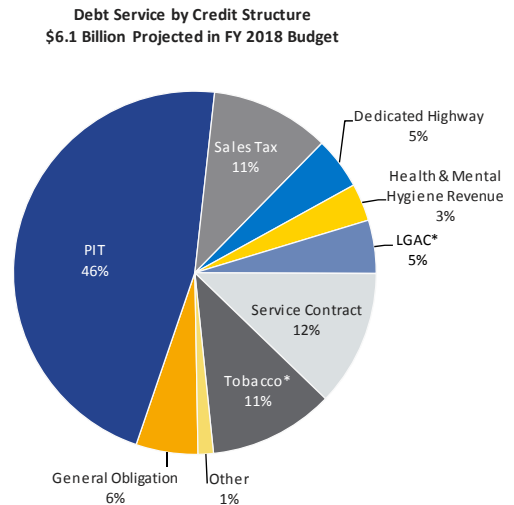

\*The debt of LGAC was issued to eliminate short-term borrowing for cash flow purposes. Tobacco bonds were issued to help close deficits in FYs 2003 and 2004 and will be paid off in FY 2018.

## FY 2018 Debt Service

State-related debt service is projected to total \$6.1 billion in FY 2018. The State’s debt service costs consist primarily of payments to meet obligations for bonds issued over the past 30 years, as well as new debt service costs that will result from bond issuances projected to occur during the forecast period. The vast majority – about \$6.0 billion – consists of debt service payments due on existing debt. The remainder of FY 2018 payments (\$155 million) is expected to result from new money debt issuances.

Significant bond-financed capital investments, primarily for transportation, education, and economic development, drive most of the State’s debt service costs. The majority of debt service costs are for bonds approved by the Legislature, on behalf of the people, and issued on the State’s behalf by public authorities. As the State issues bonds under the PIT and Sales Tax credit structures, debt service for service contract bonds will decline, while the PIT and Sales Tax Revenue Bond debt service will increase.

The following pie charts summarize the major debt service costs by both program area and financing program.

\*The debt of LGAC was issued to eliminate short-term borrowing for cash flow purposes.  
Tobacco bonds were issued to help close deficits in FYs 2003 and 2004 and will be paid off in FY 2018.

# Five-Year Capital Plan

Over the five years of the Enacted Capital Plan, capital spending is projected to total \$69.2 billion, the majority of which will support transportation and transit projects (40 percent).

## Transportation

The Enacted Budget continues to implement the largest State transportation plan ever approved, with over \$55 billion of transportation investments statewide, including \$27 billion for the State DOT and Thruway programs and \$27 billion for the MTA program. The plan aligns capital programming for DOT and MTA over a 5-year period (FY 2016 - FY 2020) and includes additional commitments for priority projects and programs that extend over a sixth year.

The Enacted Budget reflects the third year of a \$27 billion State Transportation Capital Plan that will improve New York State's roads, bridges, airports, rail facilities, ports and transit systems. The Plan total includes DOT funding from State and Federal resources as well as Thruway Stabilization funding. It also includes \$4 billion for capital investments for DOT in FY 2021.

The transportation plan provides annual funding of \$478 million for the CHIPS and Marchiselli local highway and bridge programs, \$85 million for non-MTA transit systems, \$28 million for freight and passenger rail, and \$17 million for aviation. The plan also provides an additional \$100 million in highway aid through the PAVE NY program, and \$100 million to fund local bridge projects from the BRIDGE NY program each year. The Enacted Budget adds to this planned funding in FY 2018 with \$130 million for projects of regional and community importance, \$65 million for winter recovery for local roads and bridges, \$20 million for non-MTA transit, and \$10 million for aviation.

The Budget provides \$564 million of new State bonded resources to improve access to and from the John F. Kennedy International Airport. This funding will support capacity improvements to the Kew Gardens interchange between the Grand Central Parkway, Union Turnpike, Jackie Robinson Parkway and the Van Wyck Expressway, and the expansion of the Van Wyck Expressway. In addition, the budget includes projects that will explore options to transform I-81 in Syracuse, build a new Amtrak station in Schenectady, replace the Scajaquada Expressway in Buffalo and the Kosciuszko Bridge (Phase II) in Brooklyn and Queens, begin the reconstruction of the Bruckner-Sheridan Interchange in the Bronx, and revitalize the Route 32/Route 17 Interchange near Woodbury Common Premium Outlets.

The Enacted Budget includes \$8.4 billion in State funding for the MTA's 2015-2019 capital plan, which provides for improvement of capital facilities operated by the New York City Transit Authority, Long Island Rail Road, Metro-North Railroad, MTA Bus, and other system-wide initiatives. Spending will also continue from the \$770 million FY 2013 appropriation for the MTA's 2010-2014 capital plan and from the \$1.5 billion dedicated to the MTA's 2005-2009 plan from the 2005 Transportation Bond Act.

## Transportation (Continued)

The Enacted Capital Plan also includes funds to support the operations of DOT and DMV.

The DOT capital program will continue to be financed by State-supported bonds, PAYGO resources supported by dedicated taxes, fees, and settlement funds provided through the Special Infrastructure Account, and substantial amounts of Federal aid. The FY 2018 Enacted Budget also requires cash transfers of approximately \$696 million from the General Fund to support the DHBTf. Over \$300 million of engineering costs each year are disbursed in the first instance from State sources but are later reimbursed by Federal PAYGO funds. In the financing sources table following, these costs are reflected as State PAYGO spending.

TRANSPORTATION CAPITAL SPENDING BY AGENCY AND FINANCING SOURCE						
FY 2017 THROUGH FY 2022						
(thousands of dollars)

## Parks and Environment

Over the course of the Plan, parks and environment capital spending will address water infrastructure needs, the cleanup of environmental hazards, and infrastructure rehabilitation.

The Enacted Budget continues funding the Environmental Protection Fund with a \$300 million appropriation. The Enacted Budget also includes a new \$2.5 billion appropriation for clean water, drinking water, and source water protection initiatives. Funding is maintained for the 10-year, \$1 billion State Superfund Program to remediate hazardous waste and hazardous substance sites across the State, and a \$100 million appropriation is included for the Environmental Restoration Program in order to address municipally-owned brownfields.

The Enacted Budget includes a new round of capital appropriations under the New York Works program to provide \$70 million in new State funding to DEC for flood control, air monitoring infrastructure, information technology, and repair and maintenance of dams, State lands, and fish hatcheries. New funding of \$120 million from New York Works is provided in the OPRHP budget for capital rehabilitation and improvement of State parks and historic sites, as well as \$3 million for improvements at facilities operated by ORDA.

Over the Plan, core DEC Capital Projects Fund spending - including spending from bonded sources - averages \$405 million annually to meet health and safety requirements; ensure compliance with State and Federal environmental mandates; maintain and upgrade campgrounds, environmental centers and camps, fish hatcheries, and other Department-owned buildings and facilities; maintain flood control structures; fund wastewater and drinking water infrastructure; and fund shore protection projects for communities threatened by coastal erosion, including \$151 million over three years to support the South Shore Staten Island Army Corp of Engineers Project.

Spending from the SPIF for rehabilitation and improvements at parks and historic sites is projected to average \$121 million annually over the five-year Plan, including an average of \$26 million per year supported by OPRHP user fees.

Annual spending from the EPF, which will grow over the five-year Plan as a result of the previous year's increased EPF appropriation levels, is projected to average \$240 million annually. The EPF finances a variety of environmental and recreational activities and is funded through several revenue sources. RETT revenues of \$119 million per year and Bottle Bill revenues of \$23 million per year will continue for each year of the plan. Additional receipts to the EPF include: \$5 million from wetland permit applications, pesticide applications, and water withdrawal fees; \$2 million from freshwater wetland, mineral resource, hazardous waste, and electronic waste fees; and \$5 million from interest and the sale and lease of surplus property.

Spending financed by the CW/CA Bond Act (approved in 1996) will average \$3 million annually over the Plan period and will finance water quality improvement and landfill and recycling projects.

## Economic Development and Government Oversight

Economic development and government oversight spending will support economic development capital projects and programs that are integrated with regional strategies to create jobs, increase economic activity, and retain and attract businesses to the State.

The FY 2018 Enacted Budget includes over \$2.5 billion in new appropriations for regional economic development initiatives. The new funding provides \$400 million towards the \$500 million of Buffalo Billion Phase II; \$320 million for a \$620 million Life Sciences Initiative; \$700 million for the development of Moynihan Station; \$150 million for competitively determined economic development projects through the Regional Councils; \$108 million for the redevelopment of the Kingsbridge Armory; \$33 million for the New York Power Electronics Manufacturing Consortium; \$110 million for a new round of NYSUNY 2020 and NYCUNY 2020 grants, \$55 million for each university system; \$150 million for a life sciences laboratory public health initiative; \$5 million for the Clarkson-Trudeau Partnership to grow the biotech industry in the North Country; \$200 million for the New York Works Economic Development Fund; \$8 million for Market New York projects; \$10 million for the Cultural, Arts and Public Spaces fund; \$70 million for the restore New York's communities initiative; \$65 million for renovations to major LIRR stations; \$20 million for heavy equipment for snow and ice control on state highways; \$38 million for ORDA ski facility improvements; and \$208 million for SUNY Polytechnic.

The Enacted Budget maintains over \$5.7 billion in reappropriated capital funding for initiatives facilitating economic growth in New York. This includes funding for various economic development and regional initiatives, including Upstate Revitalization, Transformative Investment, Regional Council and high technology initiatives, grants for communities affected by correctional and youth facility closures, statewide competitive grant programs, specific downstate regional initiatives, and upstate city-by-city projects. Funding is also included for cultural facilities, university development, environmental, and energy projects.

## Health

The Enacted Capital Plan includes \$3.3 billion in capital investments to make infrastructure improvements and provide additional tools to stabilize health care providers, including \$500 million to support capital projects and corporate restructuring activities for health care institutions. Of this investment, \$50 million of this funding will be reserved for Montefiore Medical Center, and a minimum of \$105 million will be made available to community based providers (i.e., clinics, home care, primary care providers).

In addition to the new \$500 million health care capital investment for health care institutions, five-year capital spending for health care includes projected grant disbursements from the \$1.2 billion Capital Restructuring Financing Program. Funding will continue for the Health Care Facility Transformation Program of \$700 million for Kings County, \$300 million for Oneida County, and \$200 million to be allocated statewide.

The Budget continues \$355 million in additional health care capital funding reappropriated from the Special Infrastructure Account to support essential health care facility transformations. In addition to more recent capital funding, the State provided \$1.6 billion in HEAL NY grants, beginning in FY 2006. Including the FY 2018 investments, hospitals will have received \$6.4 billion in capital support over the last eleven years.

The Budget includes \$150 million to support a life sciences laboratory public health initiative, which will develop life science research, innovation, and infrastructure through a joint effort between ESD and DOH.

The FY 2018 Enacted Budget provides an additional three years of support for programs established in FY 2015 including SHIN-NY, the APD, and other health care IT initiatives. DOH's capital program also supports maintenance and improvements of laboratories and institutions operated by the Department, Roswell Park Cancer Institute, and the Federal Safe Drinking Water Program. Costs are projected to be financed through a combination of PAYGO and authority bonds.

## Health (Continued)

Overall, spending for health care capital projects is projected to increase by \$447 million in FY 2018, primarily due to the implementation of the Capital Restructuring Financing Program and the Health Care Facility Transformation Program.

## Social Welfare

Capital spending for social welfare supports the preservation and maintenance of youth facilities operated by OCFS, HHAP grants administered by OTDA, and programs administered by HCR to create and preserve affordable housing units across the State.

The FY 2018 Enacted Budget continues a multi-year investment in affordable housing and housing opportunities, as well as services for the homeless.

The Nonprofit Infrastructure Capital Investment Program, administered by DASNY, will provide grants to make targeted investments in capital projects that will improve the quality, efficiency, and accessibility of eligible nonprofit human services organizations.

## Education

Education capital spending includes the costs of the Smart Schools General Obligation Bond Act, which was approved in November 2014, funding for the SED capital plan, and the EXCEL program.

Current estimates project the State will spend approximately \$2.2 billion over the upcoming five-year period for SED's capital projects. This projection includes \$1.9 billion for the Smart Schools Bond Act; \$5 million for Smart Schools special education projects; \$85 million for public library construction projects; \$51 million for the Cultural Education Storage Facility; \$25 million for technology at non-public schools; \$25 million for safety and security upgrades at non-public schools, day care and community centers; \$17 million for infrastructure improvements and minor rehabilitation projects at the Rome School for the Deaf, Batavia School for the Blind, the Cultural Education Center, and the Education Building; \$11 million for the Statewide Longitudinal Data System to track student performance; \$13.5 million for the Museum Gallery Renewal Project; \$2 million for SED data systems, including state aid, facilities planning and special education providers; and \$83 million for EXCEL.

The FY 2018 Enacted Budget expands SED's capital budget by providing an additional \$79 million in new capital appropriations to support technology projects at non-public schools (\$25 million), safety and security upgrades at non-public schools, day care and community centers (\$25 million), construction projects at local libraries (\$24 million), maintenance projects at SED's State-owned facilities (\$3 million), and SED data systems, including state aid, facilities planning, and special education providers (\$2 million).

Overall spending for education capital projects is projected to increase by \$574 million in FY 2018, primarily due to the Smart Schools Bond Act.

## Higher Education

Higher education capital spending includes the costs of SUNY and CUNY capital plans as well as funding for private colleges and universities through the HECap Program.

The FY 2018 Enacted Budget expands the State's capital investment in public higher education by providing SUNY and CUNY with more than \$5.2 billion in new appropriations during the upcoming five-year period. New capital funding will allow the university systems to maintain existing capital infrastructure in a state of good repair as well as advance priority projects.

The FY 2018 Enacted Budget includes a \$4.3 billion five-year capital maintenance plan (\$2.9 billion SUNY and \$1.4 billion CUNY) to support infrastructure improvements at State-operated and senior college campuses. For FY 2018, the Enacted Budget provides \$1.1 billion in new bonded spending authority which includes: \$550 million for SUNY State-operated campuses; \$100 million for SUNY hospitals; \$284 million for CUNY senior colleges; and \$135 million (\$55 million for SUNY and \$80 million for CUNY) in new authority to support capital projects at community college campuses.

The FY 2018 Enacted Budget also includes \$110 million in new capital appropriations through ESD to launch another round of NYSUNY 2020 and NYCUNY 2020 grants, \$55 million for each university system. These new grants will continue to be awarded through a competitive process. The initiative will give priority to campus plans that: use technology, including the expansion of on-line learning, to improve academic success and job opportunities for students; leverage economic and academic opportunities through the Excelsior Early Stage Business Program; and provide experiential learning opportunities that connect students to the workforce.

The Enacted Capital Plan assumes nearly \$1.4 billion in FY 2018 disbursements for higher education capital expenses. SUNY is projected to spend \$930 million of this total, which includes \$525 million associated with the State-operated campuses and hospitals, \$90 million for community colleges, \$110 million in spending for educational facility projects supported by non-State funds (i.e., grants and donations), \$50 million for dormitory related projects, \$30 million for the State University Construction Fund and smaller maintenance projects, and \$125 million for staff whose job duties are related to the maintenance, preservation, and operation of facilities. CUNY is projected to spend \$420 million in FY 2018 for capital projects, including \$385 million for senior colleges and community colleges, as well as \$35 million for operating costs and smaller maintenance projects supported by the General Fund. The HECap Program, which has received \$90 million in new authority since FY 2015, is expected to disburse \$5 million during FY 2018 in support of private college and university projects.

Overall spending for higher education capital projects is projected to increase by \$118 million (9.5 percent) on a year-to-year basis in FY 2018.

## Public Protection

Capital spending for public protection will continue to focus primarily on preserving and maintaining infrastructure at correctional facilities, and facilities operated and maintained by DHSES, DMNA, and DSP.

Spending increases by \$126 million from FY 2017 to FY 2018, which is largely attributable to the maintenance and operation of facilities including personal service. Additional increases in State Police are for the repair and maintenance of equipment, while DOCCS continues to make investments related to the NYCLU SHU settlement and various camera projects at maximum security facilities.

## Mental Hygiene

The Enacted Budget Capital Plan will continue to support health and safety, and rehabilitation and maintenance projects needed to preserve and maintain institutional and community-based facilities operated and/or licensed by OMH, OPWDD, and OASAS.

Specifically, the Plan will support enhancements in OPWDD’s existing residential and day programs to meet fire safety standards and the development of new community-integrated opportunities, which enable OPWDD to transition individuals to community-based settings. Additionally, the plan also provides resources for residential treatment options for adolescents, women with children, and veterans through the OASAS system. Furthermore, the plan will provide for improvements to OMH's inpatient campuses, as well as to assist in the construction of community residential sites, various mental health-related general hospital projects, and a number of non-residential community programs.

## General Government

General government capital spending includes construction, rehabilitation, consolidation, and renovation of State office buildings to maintain asset value, achieve space efficiencies, and reduce operational costs as well as costs associated with State information technology projects.

Spending for OGS will continue to support State facilities capital projects. The Innovative Technology Fund, established within ITS, will be used to continue the State's consolidation efforts. The State's IT Governance Process will prioritize projects for this funding. Spending for the Workers' Compensation Board is for the acquisition and development of technology including equipment, software, and services.

## Other

Spending for agencies in the All Other category supports capital investments for the Special Infrastructure Account; State and Municipal Facilities capital; statewide equipment, systems development and upgrades; the Arts and Cultural Facilities program; Hudson River Greenway; capital spending financed with Federal funds for the World Trade Center site; and capital projects for the Judiciary, the Department of Law, and OSC. Additionally, All Other spending includes a timing adjustment in FY 2018. The adjustment does not hinder the advancement of any specific projects; it accommodates for normal underspending related to the delivery of projects

## Special Infrastructure Account

The Enacted Budget includes \$200 million to be appropriated to the Special Infrastructure Account to fund the continuation of counterterrorism and security measures in NYC (\$100 million), as well as a second round of Downtown Revitalization Initiative grants (\$100 million).

## State and Municipal Facilities

The Enacted Budget includes a \$385 million appropriation for State and Municipal Facilities. Eligible entities include:

- State agencies;
- Local governments (e.g., counties, cities, towns, and villages);
- The MTA;
- SUNY and CUNY senior and community colleges;
- Private not-for-profit colleges and universities;
- Public school districts;
- Public housing authorities;
- Public libraries; and
- Fire districts.

## Arts and Cultural Facilities

Included in the Enacted Budget is \$10 million for capital grants to nonprofit arts and cultural organizations. These programs will be focused on improving the quality, efficiency, and accessibility of arts and cultural organizations that will benefit all New Yorkers.

## Hudson River Greenway

To fund a portion of the development of the Empire State Trail, \$123 million is appropriated to Hudson River Valley Greenway Communities Council. When complete, the trail network will stretch from New York City, through the Hudson Valley and the Adirondacks to the Canadian border, and along the Erie Canal from Albany to Buffalo. This will create the largest multi-use trail network in the nation.

## Financing Sources of Capital Projects Spending

The State issues bonds (both directly and through public authorities) and uses Federal and State PAYGO resources to finance capital spending. All bonds issued through public authorities on behalf of the State are approved by the Legislature, on behalf of the people. Since 1976, all State-related debt, except GO Bonds, have been subject to more rigorous approval processes including PACB and authority boards. The amounts for All Governmental Funds spending include both those capital project disbursements that are reflected in the Comptroller's accounting system and those disbursements which would have formerly been made directly from bond proceeds which had been reflected only in GAAP accounting statements. Of the FY 2018 capital spending, 52 percent is projected to be financed with authority-issued bonds and General Obligation Bonds, and 48 percent is projected to be financed with State and Federal PAYGO resources.

### Authority Bond Financing

Public authority bonds will be issued to fund capital projects included in the Enacted Capital Plan. Authority revenue credits include State PIT Revenue Bonds and Sales Tax Revenue Bonds.

Authority bond-financed capital spending is reimbursed by the proceeds of bonds sold by State public authorities pursuant to contractual agreements with the State. Bond reimbursement is managed to provide the most efficient reimbursement possible. Factors affecting the timing of reimbursement of State expenditures include the availability of existing bond proceeds, bond market access, investment terms, and State cash flow considerations.

Over the Plan period, approximately 51 percent of total spending will be financed with authority bond proceeds. The State expects to use State PIT and Sales Tax Revenue Bonds as the financing vehicles for the vast majority of bond-financed spending.

- **State PIT and Sales Tax Revenue Bonds** will be issued for the following purposes:
  - **Education:** SUNY and CUNY, EXCEL, NYSTAR, and HECap (FY 2018 issuances of \$929 million).
  - **Environment:** Clean Water Infrastructure Act, State Revolving Fund, the State Superfund Program, EPF, State Parks and other environmental projects (FY 2018 issuance of \$577 million).
  - **Transportation:** State and local transportation infrastructure, including the CHIPS program, and projects at the MTA (FY 2018 issuances of \$1.5 billion).
  - **Economic Development and Housing:** Housing, the Penn Station-Farley Complex, economic development projects for the Buffalo area, the Regional Economic Development Councils, and other recent economic development initiatives (FY 2018 issuances of \$1.1 billion).

# Five-Year Capital Plan

- **Health Care:** Health Care Facilities Transformation Program, as well as capital projects to preserve and maintain both State and community-based facilities operated and/or licensed by OMH, OPWDD, and OASAS (FY 2018 issuances of \$786 million).
- **State Facilities and Equipment:** Correctional facilities, youth facilities, State office buildings, and State Police capital (FY 2018 issuances of \$397 million).

The estimated debt service coverage ratios for PIT and Sales Tax Revenue Bonds are shown below.

PROJECTED PIT REVENUE BOND COVERAGE RATIOS					
FY 2018 THROUGH 2022					
(thousands of dollars)					
	<u>FY 2018</u>	<u>FY 2019</u>	<u>FY 2020</u>	<u>FY 2021</u>	<u>FY 2022</u>
Projected RBTF Receipts	12,345,732	12,968,345	13,479,638	13,866,650	13,960,244
Projected New PIT Bonds Issuances	3,962,316	6,184,519	5,448,640	4,705,444	4,219,288
Projected Total PIT Bonds Outstanding	34,123,461	38,390,957	41,588,327	43,781,196	45,367,818
Projected Maximum Annual Debt Service	3,575,896	4,117,724	4,616,050	5,036,262	5,274,646
Projected PIT Coverage Ratio	3.5	3.1	2.9	2.8	2.6

PROJECTED SALES TAX REVENUE BOND COVERAGE RATIOS					
FY 2018 THROUGH 2022					
(thousands of dollars)					
	<u>FY 2018</u>	<u>FY 2019</u>	<u>FY 2020</u>	<u>FY 2021</u>	<u>FY 2022</u>
Projected Sales Tax Receipts	3,410,250	3,550,500	3,688,500	3,830,500	3,974,250
Projected New Sales Tax Bonds Issuances	1,288,078	1,326,720	1,366,521	1,407,517	1,449,743
Projected Total Sales Tax Bonds Outstanding	5,932,147	6,834,052	7,873,793	8,723,774	9,727,596
Projected Maximum Annual Debt Service	697,762	810,282	934,303	1,065,221	1,009,449
Projected Sales Tax Coverage Ratio	4.9	4.4	3.9	3.6	3.9

## General Obligation Bond Financing

The State finances a portion of its capital projects with General Obligation Bonds. In FY 2018, the State expects that \$990 million of General Obligation Bonds will be issued to fund projects authorized pursuant to the Smart Schools Bond Act (\$575 million), Rebuild and Renew New York Transportation Bond Act of 2005 and other transportation purposes (\$408 million), and CW/CA and all other environmental bond acts (\$7 million).

General Obligation bond financing of capital projects is accomplished through the issuance of full faith and credit bonds that have been authorized directly by the voters under a State constitutional requirement dating from 1846. General Obligation bond-financed spending (\$2.4 billion) accounts for approximately 3 percent of total spending over the Plan period. The Plan assumes the continued implementation of ten previously authorized bond acts (five for transportation, four for environmental and recreational programs, and one for education). The \$2 billion Smart Schools General Obligation Bond Act was approved in November 2014. Proceeds will enhance education technology in schools, with eligible projects including infrastructure improvements to bring high-speed broadband to schools and communities, and the purchase of classroom technology for use by students. Additionally, Smart Schools will enable long-term investments in full-day pre-kindergarten through the construction of new pre-kindergarten classroom space. The bulk of the remaining projected General Obligation bond-financed spending was authorized in the 2005 Rebuild and Renew New York Bond Act. Spending authorizations from the remaining eight bond acts will be virtually depleted by FY 2018.

## State and Federal PAYGO Sources and Uses

State PAYGO resources include: General Fund taxes; other taxes and user fees set aside or dedicated for specific capital programs; repayments from local governments and public authorities for their share of projects; and transfers from other funds, including monetary settlements from the General Fund. Over the five-year Plan period, State PAYGO resources of \$22.1 billion will support 32 percent of total spending. Of the total, approximately \$5.3 billion will be used to support the operating expenses of DOT and DMV. Federal PAYGO resources support spending financed by grants from the Federal Government, primarily for highways and bridges, drinking water and water pollution control facilities, public protection, and housing, and constitute \$9.1 billion or 13 percent of total spending over the Plan period.

Including \$4.2 billion of spending funded by transfers from the General Fund to the DHBTF, \$1.9 billion of spending funded by transfers from the Federal Capital Projects Fund to the DHBTF, and \$2.9 billion of spending funded by DHBTF revenues, a total of \$9 billion (an average of \$1.8 billion annually) of State PAYGO is expected to be disbursed by the DHBTF. The DHBTF receives revenue from motor vehicle fees, the petroleum business tax, the motor fuel tax, the highway use tax, the auto rental tax, utilities taxes, and miscellaneous transportation-related fees. Receipts deposited into the DHBTF are used to pay debt service on transportation bonds, finance capital projects on a PAYGO basis, and pay operating expenses of transportation agencies.

Capital spending supported by General Fund receipts is funded with a transfer to the various Capital Projects Funds. The General Fund is projected to transfer, on average, \$1.4 billion annually over the Plan period to finance capital spending on projects administered by DOT, OGS, DEC, OPRHP, DOCCS, the Department of Mental Hygiene, and other State agencies. Furthermore, the General Fund transfers an average of \$833 million annually from FY 2018 to FY 2022 to the DHBTF. Capital transfers also include, on average, \$1.2 billion annually from the General Fund to the DIIF and the Capital Projects Fund from monetary settlements. Finally, the Capital Projects Fund expects to receive \$303 million in transfers from various SRO's to support spending related to mass transit, health care, and the salaries and fringe benefits for employees who maintain and preserve State assets.

State PAYGO resources, derived primarily from statutorily dedicated revenues that finance projects for environmental and recreational purposes, are projected to average approximately \$310 million annually for these purposes. In addition to receipts that will be deposited annually into the Hazardous Waste Remedial Fund, the EPF will continue to receive annual deposits from the RETTs for a total of \$595 million over the Plan period. In addition to RETT revenues, the EPF will receive a recurring deposit of \$23 million from unclaimed deposits from the Bottle Bill and a \$28 million annual General Fund transfer. The EPF also receives receipts from pesticide applicator fees, wetland permits, water withdrawal fees and other miscellaneous receipts totaling approximately \$12 million annually. These taxes and miscellaneous receipts will support PAYGO portions of projects advanced from the EPF.

The SPIF will finance about \$26 million annually in improvements to the State's park system from park fees and other miscellaneous revenues.

Federal grants account for 13 percent of total capital spending over the Plan period. The largest components of Federal PAYGO spending over the Plan period are for transportation (\$7.7 billion) and the environment (\$838 million). Federal PAYGO spending is projected to average \$1.8 billion per year, with an average \$1.5 billion annually spent on transportation.

# Debt Affordability

State debt levels, as measured by common benchmarks, are summarized below. All measures reflect the total level of State-related debt issued for all State purposes as described in the “Introduction” section of this Plan.

## State Debt as a Percent of Personal Income

The State debt projections from FY 2018 to FY 2022 reflect a 4.5 percent average annual increase in debt levels and a 4.5 percent average annual increase in statewide personal income. As a result, debt as a percentage of personal income is expected to remain relatively consistent over the five-year Plan period, settling at 4.2 percent in FY 2022.

Over a longer time horizon, State-related debt outstanding as a percentage of personal income is projected to drop from 5.4 percent in FY 2008 to 4.2 percent in FY 2022. This decline can be largely attributed to the rapid retirement of State debt, including tobacco bonds. State-related debt outstanding declined for the fifth consecutive year from a high point of \$56.4 billion in FY 2012 to \$50.7 billion in FY 2017, its lowest point since FY 2008.

## New York's Debt as a Percent of Personal Income Compared to Other States

Note: Data points represent debt at the calendar year-end as a percent of the previous year's personal income.

Source: Moody's Investors Service, Inc. for peer states.

Peer states include: MA, CA, NJ, IL, FL, PA, OH, MI, TX, CT.

## State Debt Outstanding

The 0.5 percent average growth in State-related debt from FY 2008 to FY 2018 is less than the average annual growth in inflation and personal income.

The overall average increase in debt outstanding from FY 2008 to FY 2022 (including tobacco bonds) is 1.6 percent.

## State Debt Per Capita

The average annual growth in debt per capita is less than the growth in inflation over the past ten years.

State-related debt per capita is projected to increase from \$2,568 in FY 2008 to \$3,157 in FY 2022, an average annual increase of 1.5 percent. The State's population of almost 20 million is projected to remain relatively consistent over the Plan period. Thus, the projected increase in debt per capita over the Plan period results primarily from the issuance of new debt to fund new State capital projects.

### 2016 Total Per Capita State Debt New York and Peer State Rankings

Source: Moody's Investors Service, Inc. for peer states.

As shown in the previous chart, New York’s debt per capita in FY 2016 of \$2,632 ranked sixth highest in the nation. Connecticut, Massachusetts, Hawaii, New Jersey, and Washington have higher debt per capita ratios than New York.

## Debt Service

From FY 2017 through FY 2022, debt service costs are projected to increase by an average of 2.9 percent annually, while All Funds receipts are projected to grow by 1.8 percent annually. Thus, debt service costs are projected to be about 4.3 percent of the All Funds budget in FY 2022.

State-related debt service as a percentage of the All Funds Budget is projected to increase from 4.0 percent in FY 2008 to 4.3 percent at the end of FY 2022. Since FY 2008, debt service has grown steadily due to the issuance of bonds to finance the State’s capital needs. Declines in debt service ratios in FY 2018 are related to debt service prepayments and savings expected from refundings.

The 2.6 percent average annual rate of growth in debt service from FY 2008 through FY 2018 is higher than the growth in inflation of 1.7 percent, but lower than the 3.4 percent growth in State revenue during that same time period.

Debt service growth is projected to average roughly 4.9 percent in the forecast period due to debt service prepayments, and continued support for the State’s capital program.

The table below provides the detailed data to support previous graphs.

DEBT AFFORDABILITY MEASURES										
(in millions)										
Fiscal Year	Population	Personal Income	All Funds	State-Related Debt Outstanding			State-Related Debt Service			
				Total Debt	% Change	Debt to PI	Debt Per Capita	Total Debt Service	% Change	% All Funds

# Detailed Data

## Interest Rate Exchange Agreements and Variable Rate Exposure

Article 5-D of the State Finance Law authorizes the use of a limited amount of variable rate obligations and interest rate exchange agreements (“swaps”). The statute was implemented as a debt management tool to lower debt service costs, diversify the State’s debt portfolio and to better match variable rate debt exposure to variable rate earnings on the State’s short-term investments. Issuers of State-supported bonds may enter into variable rate debt instruments that result in a maximum net variable rate exposure of 15 percent of State-supported debt. Issuers may also enter into interest rate exchange agreements in a total notional amount that does not exceed 15 percent of State-supported debt, subject to various criteria established in the statute to reduce risk.

### Interest Rate Exchange Agreements (Swaps)

The following table shows the amount of outstanding interest rate exchange agreements which are subject to the statutory cap. Overall, the State’s swap exposure is expected to decline from 3.4 percent in FY 2017 to 1.5 percent in FY 2022.

INTEREST RATE EXCHANGE CAP (millions of dollars)						
	<u>FY 2017</u>	<u>FY 2018</u>	<u>FY 2019</u>	<u>FY 2020</u>	<u>FY 2021</u>	<u>FY 2022</u>
Interest Rate Exchange Cap	7,443	7,796	8,420	8,889	9,114	9,346
Notional Amounts of Interest Rate Exchange Agreements	1,682	1,547	1,457	1,325	1,072	928
Percent of Interest Rate Exchange Agreements to Debt Outstanding	3.4%	3.0%	2.6%	2.2%	1.8%	1.5%

Currently the State’s swaps portfolio is comprised of synthetic fixed rate swaps. A synthetic fixed swap includes two separate transactions: (i) a variable rate bond is sold to bondholders, and (ii) an interest rate exchange agreement between the State and a counterparty is executed. The interest rate exchange agreement results in the State paying a fixed interest rate (i.e., synthetic fixed rate) to the counterparty and the counterparty agrees to pay the State a variable rate (65 percent of LIBOR for all State swaps). The variable rate the State pays to bondholders and the variable rate the State is receiving from the counterparty offset each other, leaving the State with the synthetic fixed rate payment. The synthetic fixed rate was less than the fixed rate the State would have paid to issue traditional fixed rate bonds at that time.

The State has no plans to increase its swap exposure.

## Variable Rate Exposure

The State's net variable rate exposure (including a policy reserve) is projected to average 1.1 percent of outstanding debt from FY 2017 through FY 2022. The debt that is counted against the variable rate cap represents the State's unhedged variable rate bonds. The variable rate bonds that are issued in connection with a swap are not included in the variable rate cap.

The State's current policy is to count 35 percent of the notional amount of outstanding 65 percent of the LIBOR fixed rate swaps in its variable rate exposure. This policy reserve accounts for the potential that tax policy or market conditions could result in significant differences between payments owed on the bonds and the amount received by the State under its 65 percent of LIBOR swaps, and that the factors affecting such payments can be consistent with variable rate exposure.

VARIABLE RATE EXPOSURE (millions of dollars)						
	<u>FY 2017</u>	<u>FY 2018</u>	<u>FY 2019</u>	<u>FY 2020</u>	<u>FY 2021</u>	<u>FY 2022</u>
Variable Rate Exposure Cap	7,443	7,796	8,420	8,889	9,114	9,346
Current Unhedged Variable Rate Obligations	173	161	150	140	121	112

Net Variable Rate Exposure to Debt Outstanding	0.3%	0.3%	0.3%	0.2%	0.2%	0.2%
Current Policy Reserve for LIBOR Swaps	589	541	510	464	375	325
Net Variable Rate Exposure (with Policy Reserve)	761	702	660	604	496	437
Net Variable Rate Exposure (with Policy Reserve) to Debt Outstanding	1.5%	1.4%	1.2%	1.0%	0.8%	0.7%

## Bond Authorizations

Bond caps provide the legal authorizations to issue bonds to finance a portion of the State's Capital Plan. Bond caps can finance a single year's appropriations or can be for multi-year periods. As the bond cap for a particular programmatic purpose is reached, subsequent legislative changes are required to raise the statutory caps to the level necessary to meet the bondable capital needs. A total of \$10.5 billion of increased bond authorizations are included in the FY 2018 Enacted Budget. The following table details the bond cap authorizations for all State-supported debt, including legislative actions included in the FY 2018 Enacted Budget.

## State Debt Detail

The tables that follow provide a comprehensive listing of all current and projected State debt outstanding, debt service costs, debt retirements, and new debt issuances.

State-related debt levels reported in the tables are cash-basis amounts that are consistent with the GAAP basis debt levels reported in the CAFR. Thus, it reflects all debt issued by the State (including blended component units) for Government activities and Business-type activities as defined in the CAFR.

The tables do not include debt that is issued by, or on behalf of, local governments that may be funded in part by State local assistance aid payments. However, such debt is reflected in the respective financial statements of the local governments responsible for the issuance of such debt.

# Agency Summary and Detail Tables

## Agency Summary and Detail Tables

The following tables provide a summary of projected appropriations, commitments, and disbursements for each agency on both a comprehensive construction program and capital projects fund basis. Immediately following the agency summary table are detailed projected disbursements for each fiscal year, beginning in FY 2018, by individual appropriation on a comprehensive construction program basis. The disbursements on these tables reflect projected spending from reappropriations and new appropriations effective for State FY 2018 and beyond, as well as appropriations anticipated to be recommended in future State fiscal years from FY 2019 through FY 2022. All amounts are in thousands of dollars.

The Enacted reappropriations and appropriations represent the estimated costs for the various agencies and the respective comprehensive construction programs. Each of the reappropriations, new appropriations, and future appropriations are identified by a reference number, as required by section 22-c of the State Finance Law. These individual eight-character reference numbers are included at the end of the text for each Enacted appropriation, and the fifth and sixth characters identify the State fiscal year in which it was originally enacted. Reference numbers for new appropriations for FY 2018 will display 17 as the fifth and sixth characters.

## Dedicated Highway and Bridge Trust Fund Detail

This section is provided to comply with the requirements of the amendment to Section 22-c of the State Finance Law as added by Chapter 62 of the Laws of 2006 and amended by Chapter 61 of the Laws of 2006 and Chapter 59 of the Laws of 2009.

The following table provides projected receipt, disbursement, and transfer amounts for the DHBTf. Projected spending from this Fund, including DMV, will total \$11.4 billion over the next five fiscal years, which represents nearly half of the total transportation-related spending for capital projects estimated during that period. Projected negative fund closing balances are caused by timing differences between disbursements and receipts.

<sup>1</sup>Includes \$65.993 million annual transfer in permanent statute.

<sup>2</sup>Does not include possible transfers from State Capital Projects Fund or Dedicated Infrastructure Investment Fund.

The DHBTF had a financing gap, or deficit, of \$496 million in FY 2017, and \$630 million is projected in FY 2018. Gaps increase further in the outyears, for a total gap of \$3.8 billion from FY 2018 through FY 2022. This deficit is reflected in the preceding table as being funded by revenues transferred from the General Fund. These projections are based upon estimates of revenues, bond proceeds, transfers, debt service, and program disbursements. These gap estimates are the result of an imbalance in the DHBTF between projected revenues and expenditures.

The table below provides DHBTF bond coverage ratios for prior periods.

DEDICATED HIGHWAY AND BRIDGE TRUST FUND BOND COVERAGE RATIOS FOR PRIOR PERIODS				
<u>FY 2013</u>	<u>FY 2014</u>	<u>FY 2015</u>	<u>FY 2016</u>	<u>FY 2017</u>
2.3	2.7	2.8	4.0	4.0

The table below provides recent DHBTF appropriations for debt service.

DEDICATED HIGHWAY AND BRIDGE TRUST FUND DEBT SERVICE APPROPRIATIONS		
<u>Enacted FY 2016</u>	<u>Enacted FY 2017</u>	<u>Enacted FY 2018</u>
\$780,300,000	\$370,300,000	\$320,300,000

## Increasing Opportunity for Minority and Women-Owned Business Enterprises

The New York State Department of Transportation's Office of Civil Rights has primary oversight responsibility for all Civil Rights and the M/WBE related program functions. This includes oversight of the Department's Purchasing Unit within the Office of Contracts and Accounting. This Office has adopted practices which promote flexibility in choosing those M/WBE firms with which it conducts business. The Purchasing Unit aggressively promotes the use of M/WBE firms by our internal customers for those commodities and services costing less than \$200,000. As part of the outreach process, the Department provides all prospective vendors with an updated version in both paper and electronic form of the publication "How to do Business with the New York State Department of Transportation." Only M/WBEs certified by ESD's M/WBEs are used to fulfill goals on 100 percent State funded projects and/or goods and services.

The Department is one of four agencies in New York that are authorized to certify businesses as DBEs, which is a Federal (USDOT) certification program. The other three certifying agencies are the MTA, NFTA, and PANYNJ. A memorandum of agreement with ESD has been signed that expedites the review and approval process for DBEs to become certified as M/WBEs.

The Department establishes annual goals for M/WBE participation for construction contracts, professional service agreements (including civil engineering), and for the procurement of goods and services. The Department reviews these goals and takes appropriate measures to help ensure attainment, including the removal of barriers to participating in NYSDOT contracts. These goals are based on projected opportunities and the availability of certified M/WBEs in relation to the projected areas of opportunity.

The Department established a “Diversity Procurement Team” to explore ways to broaden the participation of M/WBEs in NYSDOT’s contracting and investigate innovative approaches to improving the number of M/WBEs working on NYSDOT’s contracts.

The Department submits its Annual Goal Plan to the director of the State Division of Minority and Women Business Development.

The Department partners regularly with Federal, State, and local agencies, as well as industry/professional associations and community based organizations to conduct outreach to the M/WBE community regarding contract opportunities and the Department’s contracting methods (i.e., lowest responsible bidder, best value, discretionary purchasing, etc.). These organizations include: the Federal Highway Administration, ESD, PANYNJ, the Association of General Contractors, General Contracting Association, and the Association of Minority Enterprises of New York.

The Office of Civil Rights has conducted, and will continue to conduct, D/M/WBE outreach and business networking events that will focus on upcoming Department contracting opportunities in an effort to encourage and increase D/M/WBE participation.

The Department will also continue to implement targeted supportive services to DBEs using Federal funds. Since most DBEs are also certified M/WBEs, these supportive services will benefit firms in both contracting programs. The Governor remains committed to expanding MWBE participation in State contracting, and has now set a 30 percent MWBE utilization goal. Furthermore, the Department is developing a pilot Mentor/Protégé program as a strategy for DBEs to increase their contracting opportunities.

Additionally, the Department will summarize its program efforts and results to both the Federal Highway Administration and ESD in the plans and reports required by those agencies.
