

NEW YORK STATE PUBLIC AUTHORITIES CONTROL BOARD

R E S O L U T I O N No. 25-EF-938

APPROVING SPECIFIED PROJECTS OF THE ENVIRONMENTAL FACILITIES CORPORATION (Drinking Water State Revolving Fund - Direct and Market- Rate Financing Projects)

WHEREAS, the New York State Public Authorities Control Board ("PACB"), created pursuant to Chapter 38, Laws of 1976, as amended, is empowered by section 51 of the Public Authorities Law to receive applications from designated public benefit corporations, including the Environmental Facilities Corporation ("EFC"), for approval of the acquisition, construction or financing of any project by any such public benefit corporation; and

WHEREAS, EFC submits from time to time applications (the "Applications") to PACB for approval of financings (the "Financings") as authorized in an EFC resolution duly adopted by EFC's Board of Directors; and

WHEREAS, pursuant to Chapter 413 of the Laws of 1996, as amended (the "DWSRF Act"), the Drinking Water State Revolving Fund ("DWSRF") was established in the custody of EFC; and

WHEREAS, the DWSRF Act authorizes EFC to provide financial assistance to recipients for the purpose of financing or refinancing certain eligible water supply facilities; and

WHEREAS, such financial assistance may include financings to recipients from monies on deposit in the DWSRF, which financings will be made at interest rates at or below "market rates" as defined in

regulations promulgated pursuant to the DWSRF Act (including at a zero percent rate of interest); and

WHEREAS, with respect to market-rate financings, such financial assistance may include financings to recipients for which EFC will guarantee the payment of each market-rate financing from monies and assets held in the DWSRF, and which shall bear interest at the rate or rates as determined by EFC; and

WHEREAS, EFC has received an application from each applicant listed in **Exhibit A** for financial assistance under the DWSRF Act, for the purpose of financing or refinancing the planning, design, construction and/or installation of certain water supply facilities, by the applicant; and

WHEREAS, each project proposed to be financed or refinanced (the "Project") constitutes an "eligible project" within the meaning of the DWSRF Act; and

WHEREAS, each Financing will be made pursuant to a financing agreement to be entered into between EFC and the respective applicant (the "Finance Agreement") to evidence certain covenants and agreements of each applicant relating to its Financing; and

WHEREAS, each applicant's obligation to repay its Financing will be evidenced by general obligation or revenue bonds or notes of the applicant (the "Recipient Bonds or Notes") issued to EFC to secure payment of principal (and interest, as applicable) on such Financing in a manner consistent with this resolution and in compliance with

applicable law, including but not limited to the Local Finance Law; and

WHEREAS, the Recipient Bonds or Notes will be secured by an irrevocable pledge of the faith and credit, or revenue, of the applicant issuing such Recipient Bonds or Notes; and

WHEREAS, the obligation of EFC to make each Financing under the respective Finance Agreement is not a general obligation of, does not constitute an indebtedness of or a charge against the general credit of, and does not give rise to any pecuniary liability of EFC, other than with respect to amounts available for such purpose within the CWSRF; nor does such obligation to advance the Financing give rise to any liability or obligation of the State of New York; and

WHEREAS, each Financing will be funded (a) with Federal grant money available under the Safe Drinking Water Act through Federal capitalization grant agreements, the Infrastructure Investment and Jobs Act, Pub. L. No. 117-58 (2021) and related State matching funds to the extent State appropriations are available for the Federal grant money and State matching funds, and (b) if such State appropriations are not available, with monies available for such purpose in the DWSRF; and (c) monies derived from the Corporation's bond proceeds; and

WHEREAS, each Financing shall be made subject to the following conditions: (i) the cumulative term of any Financing for a project shall not exceed the period of probable usefulness, as defined by law;

(ii) each Financing shall bear interest at a rate determined by EFC in accordance with the DWSRF Act and the regulations promulgated thereunder; (and (iii) there shall be funds available for the Financing in the DWSRF; and

WHEREAS, pursuant to the related Finance Agreement, each applicant shall not be entitled to reimbursement of project costs that may be in excess of available monies in the DWSRF or available through the Corporation's bond proceeds; and in the event no such monies are available, the applicant shall be obligated to complete its project in accordance with the Finance Agreement between EFC and such applicant; and

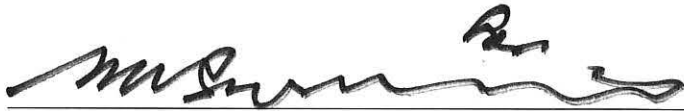

WHEREAS, a copy of each Application has been filed with the Comptroller, and the Comptroller has had the opportunity to comment.

NOW THEREFORE BE IT RESOLVED, that PACB approves financing by EFC for each project identified in **Exhibit A**, and that this resolution amends, restates, and supersedes all prior resolutions, solely with respect to the projects referenced herein, in accordance with section 51 of the Public Authorities Law:

This resolution shall become effective immediately.

Blake G. Washington, Chair
Public Authorities Control Board

Steven Otis, Member of the Board

Leroy Comrie, Member of the Board

25-EF-938

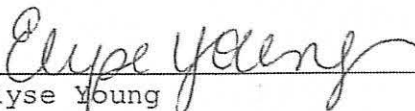

Date: July 23, 2025

CERTIFICATION

STATE OF NEW YORK
COUNTY OF ALBANY ss.

I, Elyse Young, Secretary of the New York State Public Authorities Control Board, do hereby certify that at a meeting of such Board, held on July 23, 2025, the attached resolution was duly adopted by the unanimous vote of the Members of the Board. The resolution attached is a true copy of the resolution and the certification of the determination made by such resolution and of the signatures thereto of each of the Members of the Board or their duly appointed representatives, the original of which is on file in my office. As of the date of this certification, such resolution has not been modified, superseded, amended or repealed and remains in full force and effect.

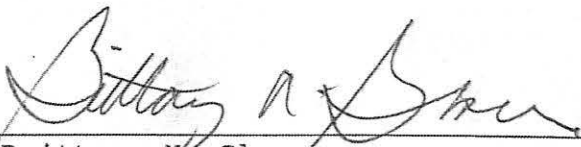

In witness thereof I have hereunto set my hand this 23rd day of July 2025.

Elyse Young
Secretary

STATE OF NEW YORK
COUNTY OF ALBANY ss.

On this 23rd day of July 2025, before me personally came Elyse Young to me known, who, being by me duly sworn, did depose and say that she is the Secretary of the New York State Public Authorities Control Board, that she executed the foregoing certification and that the contents thereof are true.

Exhibit A
DWSRF Financings

| <u>Project Number</u> | <u>Applicant</u> | <u>County</u> | <u>Maximum Principal Amount</u> | <u>Interest Rate (not to exceed)</u> |
|-----------------------|-----------------------|---------------|---|--|
| 18358 | Village of Andover | Allegany | \$2,900,000 | 6% |

Project Description

The project includes development of a new groundwater well to provide needed source redundancy and replace an existing spring source that has been determined to be Groundwater Under the Direct Influence of Surface Water (GWUDI) and is therefore in violation of the Surface Water Treatment Rule (SWTR). If well development is not successful, then a new water filtration plant for the GWUDI spring source will be installed to provide source redundancy. This project also includes replacement of aged/deteriorated water mains throughout the system including asbestos cement water mains, safety and security upgrades at the existing well treatment building, a new booster pump station, a new telemetry/SCADA system to allow remote monitoring and control of the water system, and new water meters. The project scope is further defined by the engineering report dated June 2020 by the engineering firm Barton and Loguidice and endorsed on October 29, 2020 by the New York State Department of Health.

| <u>Project Number</u> | <u>Applicant</u> | <u>County</u> | <u>Maximum Principal Amount</u> | <u>Interest Rate (not to exceed)</u> |
|-----------------------|-----------------------|---------------|---|--|
| 18772 | Town of Chautauqua | Chautauqua | \$2,829,600 | 6% |

Project Description

This project includes development of two new groundwater wells and a new treatment plant to replace the existing surface water source and treatment plant, and installation of approximately 14,000 linear feet of transmission and distribution water mains to extend the water district and serve 345 new EDUs that are currently dependent on private wells. The project is defined by the engineering report entitled "Chautauqua Water District No. 2 Water Supply Project" dated June 2022 by the engineering firm Ramboll American Engineering Solutions, as may be updated, amended, supplemented, and approved by the New York State Department of Health.

| <u>Project Number</u> | <u>Applicant</u> | <u>County</u> | <u>Maximum Principal</u> | <u>Interest Rate</u> |
|-----------------------|------------------|---------------|------------------------------|--------------------------|
|-----------------------|------------------|---------------|------------------------------|--------------------------|

| | | | <u>Amount</u> | <u>(not to exceed)</u> |
|-------|----------------|------------|---------------|------------------------|
| 19525 | Town of Clymer | Chautauqua | \$5,500,000 | 6% |

Project Description

This project includes development and installation of a new ground water well to provide additional source capacity, replacement of approximately 26,000 linear feet of watermain, valves, hydrants and appurtenances and a new 200,000-gallon water storage tank to replace a deteriorated tank. The project is defined by the engineering report entitled "Preliminary Engineering Report - Water System Evaluation" dated June 2023 by the engineering firm Barton & Loguidice, as may be updated, amended, supplemented, and approved by the New York State Department of Health.

| <u>Project Number</u> | <u>Applicant</u> | <u>County</u> | <u>Maximum Principal Amount</u> | <u>Interest Rate (not to exceed)</u> |
|-----------------------|---------------------------|---------------|---|--|
| 19521 | Village of Port Leyden | Lewis | \$3,031,000 | 6% |

Project Description

This project consists of replacement of approximately 18,000 linear feet of water main and associated appurtenances, replacement of water meters, and water treatment plant upgrades. The project scope is further defined by the engineering report entitled "Preliminary Engineering Report - Water System Improvements Project" dated June 2023, revised January 2024, by Barton & Loguidice as may be updated, amended, supplemented, and approved by the New York State Department of Health.

| <u>Project Number</u> | <u>Applicant</u> | <u>County</u> | <u>Maximum Principal Amount</u> | <u>Interest Rate (not to exceed)</u> |
|-----------------------|-------------------|---------------|---|--|
| 19277 | City of Rochester | Monroe | \$14,000,000 | 6% |

Project Description

This project includes replacement of 3,269 lead service lines throughout the City, which is approximately 14% of the total lead and galvanized service lines in the water system. The project is defined by the engineering report entitled "Engineering Report for Lead Service Line Replacement Program", dated May 2022, by Ramboll Americas Engineering Solutions, Inc. & CDM Smith, and the Addendum 1 to the Engineering Report For Lead Service Line Replacement Program, dated March 2024, by the City of Rochester Water Bureau, as may be updated, amended, supplemented, and approved by the New York State Department of Health.
