NOT APPROVED

DEPARTMENT OF TAXATION AND FINANCE

"Maintenance undistributed

Less expenditure savings to be apportioned  
among appropriations within various agency  
programs, including the Tax Policy and  
Analysis Program ..... (750,000)"

This item, to which I object and do not approve, is an unconstitutional attempt to effectuate a general reduction of the appropriation authority proposed in the Executive Budget without striking or reducing any particular item of appropriation. Accordingly, this item is disapproved.

STATE OF NEW YORK  
EXECUTIVE CHAMBER  
ALBANY 12224

TO THE SENATE:

I hereby transmit pursuant to the provisions of section 7 of Article IV and section 4 of Article VII of the Constitution, a statement of items to which I object and which I do not approve, contained in Senate Bill Number 6055--B, entitled:

NOT APPROVED

DEPARTMENT OF TRANSPORTATION

"For the payment of costs, including the payment of liabilities incurred prior to April 1, 2003, of preventive maintenance on state roads and bridges as defined in paragraph (a) of subdivision 1 of section 10-d of the highway law including personal services, nonpersonal services, fringe benefits and the contractual services provided by private firms. Such costs shall not include the costs of vehicles under 8,500 pounds without the prior approval of the director of the budget.

The items shown in the schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget (17040322) .....  
486,184,000 ..... (re. \$437,284,000)"

This item represents an unconstitutional alteration of an appropriation contained in the Executive Budget submission. It is identical to the appropriation proposed in the Executive Budget submission, except that the Legislature increased the dollar amount without separately stating its added spending, in violation of the Constitution. Accordingly, the item is objected to and not approved to the extent that it exceeds the amount originally recommended in the Executive Budget.

"Section 1. The commissioner of the division of criminal justice services shall conduct a study and provide a report to the legislature on the use of non-lethal weapons in law enforcement agencies including but not limited to the feasibility, effectiveness and usage of non-lethal weapons including stun guns, and comparison to other states where non-lethal weapons are used. Such report shall include but not be limit-

ed to the number and types of non-lethal weapons used in the criminal justice system; the number and types of occurrence, where a non-lethal weapon was used; and training provided to law enforcement agencies for use of non-lethal weapons. Such study will be provided to the chairs of the senate finance committee, assembly ways and means committee, senate codes and assembly codes committees by December 31, 2005. As used here in the term law enforcement agencies shall mean law enforcement agencies accredited pursuant to section 846-h of the executive law.

§ 2. This act shall take effect immediately."

The Legislature added appropriation authority to the Executive Budget to provide funding for this item. Having exercised my veto authority to disapprove the Legislature's added spending because of its adverse fiscal impact, it is necessary to disapprove this item to fully implement my action. Accordingly, this item is disapproved.

"DIVISION OF PROBATION AND CORRECTIONAL ALTERNATIVES

§ 36. Of the moneys appropriated in section 1 of a chapter of the laws of 2004 which enacts the public protection and general government budget to the division of probation and correctional alternatives, under the community corrections program, general fund / state operations,

state purposes account - 003, not less than two hundred two thousand dollars (\$202,000) shall be used to support restoration of funding for personal and nonpersonal service associated with administrative functions of the division of probation and correctional alternatives and notwithstanding any provision of law to the contrary, such administrative duties shall not be transferred to any state office, division or agency.

Moneys appropriated in section 1 of a chapter of the laws of 2004 which enacts the public protection and general government budget to the division of probation and correctional alternatives under the community corrections program from the general fund / aid to localities, local assistance account - 001, for:

(a) payment of state aid to counties and the city of New York for the operation of local probation departments, shall be expended, subject to the approval of the director of the budget. Notwithstanding any other provisions of law, the reimbursement rate for state aid to counties and the city of New York shall not exceed 46.5 percent of approved expenditures incurred by said counties and the city of New York and moneys shall be available to reimburse localities for services provided during the 2004 calendar year;

(b) services and expenses of the intensive supervision program;

(c) services and expenses related to programs that provide juvenile intensive supervision probation. The division of probation and correctional alternatives shall enter into agreements to provide for locally administered "juvenile intensive supervision programs" for youth adjudicated juvenile delinquents arising from a fact-finding pursuant to article 3 of the family court act whereupon such adjudication was for an offense other than a violent felony offense as described in paragraphs (a) and (b) of subdivision 1 of section 70.02 of the penal law and whereupon the court made a finding at the time of such adjudication that such youth suffered from an alcohol or drug dependency at the time of the offense. Such programs shall be characterized by caseloads of no more than one officer to fifteen families, officer training in family intervention techniques, youth supervision and delinquency prevention, and a minimum of five contacts during the initial three weeks of supervision. Where practicable, community services shall be required during the first six months of supervision. Where appropriate, such program shall include the referral of juveniles to available drug and alcohol treatment, mental health and other appropriate services during the first six months of supervision. Funds shall be available for up to one hundred percent of program costs incurred and awarded on a competitive basis to local probation departments, including existing juvenile intensive supervision programs. In no event shall any part of such funds be used to replace expenditures previously incurred for such services or programs;

(d) payment of state aid to counties and the city of New York for local alternatives to incarceration, pursuant to article 13-A of the executive law, notwithstanding any other provision of law, the total amount for state assistance shall be therein specified and state assistance for every participating county and the city of New York for approved programs shall be available in the same proportion of the appropriation as was received during the preceding fiscal year;

(e) payment to programs which serve as alternatives to incarceration;

(f) payment of state aid to counties and the city of New York for local alternatives to incarceration that provide alcohol and substance abuse treatment programs and services and other related interventions, pursuant to section 266 of article 13-A of the executive law and pursuant to a plan approved by the director of the budget;

(g) payment as assistance to localities to provide supervision and treatment for at-risk youth or offenders by public or not-for-profit agencies pursuant to a plan developed by the division of probation and correctional alternatives and the department of correctional services; and

(h) payment as assistance to localities to provide supervision and treatment of offenders by public or not-for-profit agencies pursuant to a plan developed by the division of probation and correctional alternatives and the department of correctional services and the division of parole. Eligible services shall include but not be limited to substance abuse assessments, treatment program placement, monitoring client compliance with treatment programs, outpatient and residential treatment, TASC program services, drug treatment alternatives to prison programs, up to one million two hundred eleven thousand dollars (\$1,211,000) to the division of parole for relapse prevention programs and high impact incarceration programs in the following counties: Monroe, Erie, Onondaga, Schenectady, Westchester, Suffolk, and Nassau. Funds shall be awarded on a competitive basis and shall be available for up to 100 percent of program costs incurred. In no event shall any part of such funds be used to replace expenditures previously incurred for such services."

"Section 1. Section 605 of the education law is amended by adding a new subdivision 13 to read as follows:

13. Regents licensed social worker loan forgiveness program. Regents loan forgiveness awards shall be awarded annually to licensed social

workers licensed pursuant to article one hundred fifty-four of this chapter and/or those persons who hold a bachelors of social work degree and who agree to practice social work in a critical human service area of New York state designated by the regents, in consultation with the commissioners of the offices of: alcoholism and substance abuse services, aging, health, mental health, and children and family services, and having a shortage of social workers. For purposes of this section, the term "critical human service area" shall mean an area designated by the regents in accordance with rules and regulations issued by the regents. Such areas shall include, but not be limited to, areas with health, mental health, substance abuse, aging, HIV/AIDS and child welfare concerns, or communities with multi-lingual needs. One hundred sixty awards shall be granted annually not to exceed five thousand dollars in the first two years of service, six thousand two hundred fifty dollars in the third year of service and eight thousand seven hundred fifty dollars in the fourth year of service. Of such one hundred sixty awards, one hundred twenty awards shall be granted annually to those persons who hold a masters of social work degree and forty awards shall be granted annually to those persons who hold a bachelors of social work degree. In any year where the number of persons eligible to receive awards in either degree category is less than the number of awards allotted, the remaining number of awards may be granted to the other degree category. There shall be a maximum total award not to exceed twenty-five thousand dollars per recipient. The awards shall be classified and allocated in accordance with regents rules.

a. Eligibility. In selecting and certifying scholarship recipients under this subdivision, priority shall be accorded to applicants in the following order:

(1) First, to any applicant who is a resident or permanent resident alien of New York state and a graduate of an institution of higher education approved or registered by the regents;

(2) Second, to any applicant who is completing a year of the service requirement and is reapplying for a subsequent award;

(3) Third, to any applicant providing services in a critical human service area as defined in this subdivision; and

(4) Fourth, to any applicant who is economically disadvantaged as defined by the regents.

In the event that there are more applicants who have the same priority than there are remaining scholarships, the regents shall distribute the remaining number of such scholarships by means of a lottery or other form of random selection.

b. Approval. The regents shall then forward approved applications to the president and shall notify unsuccessful applicants.

c. Entitlement. The president shall notify applicants of their award entitlement.

d. Agreement. The president shall, in consultation with the regents and with the applicant's employer, develop and secure from each successful applicant a written agreement to engage in such employment, as appropriate. Within such time as the regents shall by regulation provide, a recipient of an award shall have engaged in such employment as appropriate, for that number of months calculated by multiplying by twelve the number of annual payments received by the recipient. In no case shall the total number of months of service required be less than twelve. If a recipient fails to comply fully with such conditions, the president shall be entitled to receive from such recipient an amount to be determined by the formula:

$$A = \frac{2B(t-s)}{t}$$

in which "A" is the amount the president is entitled to recover; "B" is the sum of all payments made to the recipient and the interest on such amount which would be payable if at the times such awards were paid they were loans bearing interest at the maximum prevailing rate; "t" is the total number of months in the recipient's period of obligated services; and "s" is the number of months of service actually rendered by the recipient. Any amount which the president is entitled to recover under this paragraph shall be paid within the five-year period beginning on the date that the recipient failed to comply with this service condition. Nothing in the written agreement shall affect the terms of employment of the individual who shall negotiate, separate and apart from the program, his or her salary and other forms of employment with an agency, institution or a program in which he or she shall be employed.

Any obligation to comply with such provisions as outlined in this subdivision shall be cancelled upon the death of the recipient. The regents shall make regulations to provide for the waiver or suspension of any financial obligation which would involve extreme hardship.

e. Reports. A recipient of an award shall report annually to the New York state higher education services corporation, on forms prescribed by it, as to the performance of the required services, commencing with the calendar year in which the recipient begins such employment and continuing until the recipient shall have completed, or it is determined that he or she shall not be obligated to complete, the required services. If the recipient shall fail to file any report required hereunder within thirty days of written notice to the recipient, mailed to the address shown on the last application for an award or last report filed, which-

ever is later, the president may impose a fine of up to one thousand dollars. The president shall have the discretion to waive the filing of a report, excuse a delay in filing or a failure to file a report, or waive or reduce any fine imposed for good cause shown.

§ 2. Subdivision 8 of section 7704 of the education law, as amended by chapter 62 of the laws of 1989, is amended to read as follows:

(8) Fees: pay a fee of one hundred seventy dollars to the department for admission to a department conducted examination and for an initial license, a fee of eighty-five dollars for each reexamination, a fee of one hundred fifteen dollars for an initial license for persons not requiring admission to a department conducted examination, a fee of one hundred fifty-five dollars for each triennial registration period, and for additional authorization for the purposes of paragraphs four and five of subsection (l) of section three thousand two hundred twenty-one and subsection (i) of section four thousand three hundred three of the insurance law, eighty-five dollars. An additional surcharge in the amount of five dollars shall be paid with each triennial registration fee and shall be used for the marketing and evaluation of the regents licensed social worker loan forgiveness program established by section six hundred five of this chapter.

§ 3. Paragraph (g) of subdivision 1 of section 7704 of the education law, as added by chapter 420 of the laws of 2002, is amended to read as follows:

(g) Fees: pay a fee of one hundred fifteen dollars to the department for admission to a department conducted examination and for an initial license, and a fee of one hundred fifty-five dollars for each triennial registration period. An additional surcharge in the amount of five dollars shall be paid with each triennial registration fee and shall be used for the marketing and evaluation of the regents licensed social worker loan forgiveness program established by section six hundred five of this chapter.

§ 4. This act shall take effect immediately, provided that the amendments to subdivision 8 of section 7704 of the education law made by section two of this act shall be subject to the repeal of such subdivision pursuant to section 11 of chapter 420 of the laws of 2002, as amended, when upon such date the provisions of section three of this act shall take effect."

The Legislature added appropriation authority to the Executive Budget to provide funding for this item. Having exercised my veto authority to disapprove the Legislature's added spending because of its adverse fiscal impact, it is necessary to disapprove this item to fully implement my action. Accordingly, this item is disapproved.

"§ 50-a. Regional innovation and economic development strategies assessment program. The executive director of the New York state office of science, technology and academic research is hereby directed to design and implement a regional innovation and economic development strategies assessment program. The program will facilitate the development of regional economic development strategies for the New York state economy by identifying key economic activities in various regions of the state, as well as targeting comparative regional advantages, including but not exclusive to, industry sectors, workforce development, academic and research institutions, cultural amenities and attractions, technology and or communications infrastructure, and all other regional economic characteristics that demonstrate acute significance in helping the regional economies of New York compete globally. The program will provide emphasis to those industries or regional business activities that are innovative by nature in that they incorporate the use of emerg-

ing technology or otherwise- creative processes in their business operations.

§ 50-b. Within sixty days upon the enactment of the chapter of the laws of 2004 that enacts the transportation and economic development budget and provides a general fund appropriation of \$850,000 the New York state office of science, technology and academic research for the regional innovation and economic development strategies assessment program, the executive director of the New York state office of science, technology and academic research, in consultation with the chairman of the urban development corporation and the chancellor of the state university of New York, shall develop the criteria for the awarding of grants to one or more academic research institutions or other not-for-profit institutions for the development of regional economic development strategies. The executive director is hereby directed, should it be deemed necessary, to award separate grants of amounts that, in their entirety, shall not exceed \$850,000 to more than one academic research institution or other not-for-profit institutions for the purpose of assessing the New York state regional economies.

§ 50-c. All guidelines, rules and regulations of the regional innovation and economic development strategies assessment program awards, to be developed by the executive director in consultation with the chairman of the urban development corporation and the chancellor of the state university of New York, will be constructed with the purpose of identifying those characteristics, advantages and resources that facilitate global competitiveness within each region of the state of New York. Those recipients of regional innovation and economic development strategies assessment program awards are charged with identifying regional economic development strategies that facilitate job creation and retention and stress the use of technology or otherwise-innovative business activities as means for the regions of New York to increase economic competitiveness.

§ 50-d. The recipients of program awards shall publish their regional innovation and economic development strategies assessment within one year after the awarding of program grants by the executive director of the New York state office of science, technology and academic research. Such reports shall be forwarded to the governor, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee."

The Legislature added appropriation authority to the Executive Budget to provide funding for this item. Having exercised my veto authority to disapprove the Legislature's added spending because of its adverse fiscal impact, it is necessary to disapprove this item to fully implement my action. Accordingly, this item is disapproved.

"§ 56. Funds so appropriated in section 1 of the chapter of the laws of 2004 which enacts the education, labor and family assistance budget to the department of family assistance, office of children and family services under the family and children's services program from the special revenue funds-federal/aid to localities, federal health and human services fund - 265, (a) shall be available for aid to municipalities and for payments to the federal government for expenditures made pursuant to social services law and the state plan for individual and family grant program under the disaster relief act of 1974, for services and expenses of the temporary assistance for needy families block grant program and other eligible expenses pursuant to the federal social security act and the federal personal responsibility and work opportunity reconciliation act of 1996, and chapter 436 of the laws of 1997 enacting welfare reform. The amount of federal temporary assistance for needy families block grant funds so appropriated, or the maximum amount permitted by federal law, shall be available for transfer to the title xx social services block grant without requiring any other transfer of funds to any other block grant provided that the director of the budget does not determine that such use of funds can be expected to have the effect of increasing qualified state expenditures under paragraph 7 of subdivision (a) of section 409 of the federal social security act above the minimum applicable federal maintenance of effort requirement in which event the office shall transfer or suballocate amounts so appropriated to the office of temporary and disability assistance in such amounts as may be determined necessary by the director of the budget.

Notwithstanding any inconsistent provision of section 153 of the social services law, or any other inconsistent provision of law, of the \$122,000,000 so appropriated, \$86,410,788 shall be used to provide 100 percent reimbursement to local social services districts for eligible expenditures incurred on or after October 1, 2003 that are otherwise reimbursable on or after April 1, 2004 and which are claimed by March 31 of the year immediately following the end of that federal fiscal year, for eligible title xx child welfare services which shall include and be limited to preventive services provided pursuant to section 409-a of the social services law, child protective services, after-care services as defined in regulations of the department of family assistance and adoption administration and services, other than adoption subsidies provided pursuant to title nine of article six of the social services law and regulations of the department of family assistance provided to children or their families whose income is less than 200 percent of the official income poverty line (as defined by the federal office of management and budget, and revised annually in accordance with section 673 (2) of the federal omnibus budget reconciliation act of 1981) applicable to the family size involved. Notwithstanding any other inconsistent provision of law, all such disbursements against such \$86,410,788 shall reduce the amount appropriated in the office of children and family services general fund - aid to localities child welfare services appropriation by 65 percent of such amount, and the portion of such

general fund appropriation so affected shall have no further force or effect. Of the funds so appropriated, the office of children and family services shall allocate such funds based on a district-specific allocation plan that shall be developed by such office and submitted for approval by the director of the budget no later than 60 days following enactment of this act, based on each district's claims submitted for such costs and any other factors as identified in the allocation plan, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the 12 month period ending June 30, 2003 or any other 12 month period as determined by the office of children and family services and approved by the director of the budget; provided, however, that if the total amount of a social services district's claims for eligible services is less than the amount allocated to the district for such claims, such office may reallocate the unused funds to other social services districts with eligible claims that exceed their allocation; provided further, however, that if there are insufficient claims from all of the social services districts combined to result in a \$56,167,012 reduction in claims for services identified in this paragraph using either an alternative procedure or reallocation, the remaining funds shall be transferred or suballocated to the office of temporary and disability assistance subject to the approval of the director of the budget. Notwithstanding any other inconsistent provision of law, of the funds so appropriated \$32,589,212 shall be available to reimburse local social services districts for eligible title xx social services provided in accordance with the provisions of the federal social security act and of this act to children or their families whose income is less than 200 percent of the official income poverty line (as defined by the federal office of management and budget, and revised annually in accordance with section 673 (2) of the federal omnibus budget reconciliation act of 1981) applicable to the family size involved. Of the funds so appropriated, the office of children and family services shall allocate such funds based on a district-specific allocation plan that shall be developed by such office and submitted for approval by the director of the budget no later than 60 days following enactment of this chapter, based on each district's claims submitted for such costs and any other factors as identified in the allocation plan, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the 12 month period ending June 30, 2003 or any other 12 month period as determined by the office of children and family services and approved by the director of the budget; provided, however, that if the total amount of a social services district's claims for eligible services is less than the amount allocated to the district for such claims, the office may reallocate the unused funds to other social services districts with eligible claims that exceed their allocation, provided further, however, that if there are insufficient claims from all of the social services districts to use all of the funds then any remaining funds shall be transferred or suballocated to the office of temporary and disability assistance, subject to the approval of the director of the budget.

Notwithstanding any other inconsistent provision of law, of the funds so appropriated, \$3,000,000 shall be available, and to the extent permitted by federal law, may be directly transferred to the department of health for additional services and expenses provided to women, infants and children for persons in receipt of special supplemental program for women, infants and children whose income is less than 200 percent of the official income poverty line (as defined by the federal office of management and budget, and revised annually in accordance with section 673 (2) of the federal omnibus budget reconciliation act of 1981) applicable to the family size involved. Prior to the expenditure of funds so appropriated, the office of children and family services shall consult with the office of temporary and disability assistance to determine the availability of such funding and to request that the office of temporary and disability assistance take necessary steps to notify the department of health and human services of the transfer of funding for purposes contained in this paragraph.

The funds so appropriated are to be available for payment of state aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, such funds so appropriated shall be available to the office of children and family services net of disallowances, refunds, reimbursements, and credits.

Notwithstanding any inconsistent provision of law, the amount so appropriated may be increased or decreased by interchange with any other appropriation or with any other item or items within the amounts appropriated within the department of family assistance, office of temporary and disability assistance and office of children and family services federal funds - local assistance account with the approval of the director of the budget who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding any inconsistent provision of law, in lieu of payments authorized by the social services law, or payments of federal funds otherwise due to the local social services districts for programs provided under the federal social security act or the federal food stamp act, funds herein appropriated, in amounts certified by the state comptroller or the state commissioner of health as due from local social

services districts each month as their share of payments made pursuant to section 367-b of the social services law may be set aside by the state comptroller in an interest bearing account with such interest accruing to the credit of the locality in order to ensure the orderly and prompt payment of providers under section 367-b of the social services law pursuant to an estimate provided by the commissioner of health of each local social services district's share of payments made pursuant to section 367-b of the social services law;

(b) from the federal health, education and human services fund - 265 appropriating federal temporary assistance for needy families block grant funds, subject to the approval of the director of the budget, notwithstanding any inconsistent provision of law, shall be available for services and expenses of programs addressing prevention of adolescent pregnancy and/or out-of-wedlock pregnancy, provided that the director of the budget does not determine that such use of funds can be expected to have the effect of increasing qualified state expenditures under paragraph 7 of subdivision (a) of section 409 of the federal social security act above the minimum applicable federal maintenance of effort requirement in which event the office of children and family services shall transfer or suballocate amounts appropriated herein to the office of temporary and disability assistance in such amounts as may be determined necessary by the director of the budget.

Funds so appropriated shall be available pursuant to a plan prepared by such office and approved by the division of the budget to maintain service levels either through extension of current contracts or through award of new contracts through a competitive process to not-for-profit and voluntary agency providers.

(c) from the federal health, education and human services fund - 265 appropriating federal temporary assistance for needy families block grant funds, subject to the approval of the director of the budget, notwithstanding any inconsistent provision of law, shall be available for services and expenses related to the home visiting program, provided that the director of the budget does not determine that such use of funds can be expected to have the effect of increasing qualified state expenditures under paragraph 7 of subdivision (a) of section 409 of the federal social security act above the minimum applicable federal maintenance of effort requirement in which event the office of children and family services shall transfer or suballocate amounts appropriated herein to the office of temporary and disability assistance in such amounts as may be determined necessary by the director of the budget. Funds so appropriated shall be available pursuant to a plan approved by the division of the budget to maintain service levels either through extension or expansion of current contracts or through award of new contracts through a competitive process to not-for-profit and voluntary agency providers. Services funded through such appropriation shall be made available to families with children whose income is less than 200 percent of the official income poverty line (as defined by the federal office of management and budget, and revised annually in accordance with section 673 (2) of the federal omnibus budget reconciliation act of 1981) applicable to the family size involved;

(d) from the federal health, education and human services fund - 265 appropriating federal temporary assistance for needy families block grant funds, subject to the approval of the director of the budget, notwithstanding any inconsistent provision of law, without state or local financial participation, shall be available for services and expenses related to the advantage afterschool program, provided that the director of the budget does not determine that such use of funds can be expected to have the effect of increasing qualified state expenditures under paragraph 7 of subdivision (a) of section 409 of the federal social security act above the minimum applicable federal maintenance of effort requirement in which event the office of children and family services shall transfer or suballocate amounts so appropriated to the office of temporary and disability assistance in such amounts as may be determined necessary by the director of the budget.

Funds so appropriated shall be available for services and expenses of advantage after school programs in existence in state fiscal year 2002-03 and such programs shall be funded at the same level as in the state fiscal year 2002-03; and

(e) for services and expenses for the foster care and adoption assistance program, including related administrative expenses and for services and expenses for child welfare and family preservation and family support services provided pursuant to title IV-a, subparts 1 and 2 of title IV-b and title IV-e of the federal social security act including the federal share of costs incurred implementing the federal adoption and safe families act of 1997 (P.L. 105-89).

Notwithstanding any inconsistent provision of law, of the amount appropriated, the sum of \$500,000 shall be available from the John H. Chafee foster care independence program funds provided to the state under title IV-E of the federal social security act for the education to independence demonstration project, administered by the office of children and family services, to assist youth in foster care and/or former foster care youth make the transition to independence. As part of the demonstration project, such youth shall receive: room and board in a homelike residential setting; education, training and/or employment services; and intensive case management administered by a primary case-

worker.

Youth selected to participate in the project shall be between seventeen and twenty years of age, and permitted to continue in the project up to their twenty-second birthday or until the project ends, whichever is sooner. Eligible youth shall either be currently in foster care or have been in foster care on their eighteenth birthday and have been subsequently discharged; and shall have been accepted to or enrolled in an institution of higher learning, as defined pursuant to sections 101 and 102 of the federal higher education act, or a vocational program.

Youth participating in the project shall receive an education and training voucher, made available by the office of children and family services, out of the allotment for the education and training voucher program of the chafee foster care independence program under the federal foster care independence act of 1999. Youth participating in the education and training voucher program on their twenty-first birthday may continue to participate in the voucher program until their twenty-third birthday provided they otherwise meet the program eligibility requirements and sufficient funds remain available for such youth.

The office of children and family services shall award such funds through a competitive bid process, and shall allocate such funds pursuant to a plan or plans developed by such awardee or awardees and approved by the commissioner of the office of children and family services. Such awards shall be made no later than November 15, 2004. The successful awardee or awardees must be able to provide the required match for the federal funds awarded for the project. The award shall take into consideration in-kind contributions and other sources of funding.

The office of children and family services shall complete a report detailing the implementation of the demonstration project. Such report shall include the number of applications received and a description of the approved awardee or awardees project proposal, and the status of the project as of the end of the state fiscal year 2004-2005, and shall be submitted to the governor, speaker of the assembly and temporary president of the senate no later than June 1, 2005.

Notwithstanding any inconsistent provision of law, in lieu of payments authorized by the social services law, or payments of federal funds otherwise due to the local social services districts for programs provided under the federal social security act or the federal food stamp act, funds herein appropriated, in amounts certified by the state commissioner or the state commissioner of health as due from local social services districts each month as their share of payments made pursuant to section 367-b of the social services law, may be set aside by the state comptroller in an interest-bearing account with such interest accruing to the credit of the locality in order to ensure the orderly and prompt payment of providers under section 367-b of the social services law pursuant to an estimate provided by the commissioner of health of each local social services district's share of payments made pursuant to section 367-b of the social services law.

Funds so appropriated shall be available for aid to municipalities and for payments to the federal government for expenditures made pursuant to social services law and the state plan for individual and family grant program under the disaster relief act of 1974.

Such funds shall be available for payment of aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, such funds shall be available to the office of children and family services net of disallowances, refunds, reimbursements, and credits.

Notwithstanding any inconsistent provision of law, the amount so appropriated may be increased or decreased by interchange with any other appropriation or with any other item or items within the amounts appropriated within the department of family assistance, office of temporary and disability assistance and office of children and family services federal funds - local assistance account with the approval of the director of the budget who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee."

This item, to which I object and do not approve, represents an unconstitutional alteration of an appropriation contained in the Executive Budget submission and is therefore disapproved.

STATE OF NEW YORK  
EXECUTIVE CHAMBER  
ALBANY 12224

TO THE ASSEMBLY:

I hereby transmit pursuant to the provisions of section 7 of Article IV and section 4 of Article VII of the Constitution, a statement of items to which I object and which I do not approve, contained in Assembly Bill Number 11795, entitled:

## CHAPTER 411

### LINE VETO #217

"AN ACT in relation to implementing certain provisions of law which impact upon the expenditure of certain appropriations made by the chapter of the laws of 2004 which enacts the education, labor and family assistance budget"

Bill Page 72, line 3 through Bill Page 77 line 3, inclusive

#### NOT APPROVED

"§ 102. Of the amount appropriated in section 1 of the chapter of the laws of 2004 which enacts the education, labor and family assistance budget to the department of family assistance, office of temporary and disability assistance under the temporary and disability assistance program from the general fund/aid to localities, local assistance account - 001, for: (a) state reimbursement of social services district expenditures for temporary assistance programs, including but not limited to the family assistance, safety net and disability assistance programs established pursuant to chapter 436 of the laws of 1997 enacting comprehensive welfare reform and of its predecessor programs and for related expenditures authorized by social services law including but not necessarily limited to those for emergency assistance for families and for state reimbursement of expenditures of predecessor programs and for expenditures made pursuant to title 8 of article 5 of the social services law and for expenditures for additional state payments for eligible aged, blind, and disabled persons related to supplemental security income, up to \$500,000 may be transferred to the general fund - state purposes account of the office of temporary and disability assistance for costs associated with the state administration of the existing personal needs allowance for supplemental security income recipients in medicaid certified facilities. The amounts so appropriated shall be available for reimbursement of local district claims only to the extent that such claims are submitted within 24 months of the last day of the state fiscal year in which the expenditures were incurred, unless waived for good cause by the commissioner subject to the approval of the director of the budget and, unless waived by the commissioner and the director of the budget, with regard to additional reimbursement of maintenance and assistance costs for emergency assistance to families provided to or on behalf of family shelter residents during periods prior to February 1, 2003 while the family assistance eligibility of such cases was being determined, shall not be available to reimburse total cumulative gross costs in excess of \$16,000,000. Subject to the approval of the director of the budget, up to \$500,000 of the funds so appropriated without local financial participation may be used for payments to court appointed receivers in adult facilities and, subject to availability of federal funds therefor, for assistance to United States citizens repatriated from abroad pursuant to section 1113 of the Social Security Act.

Subject to the approval of the director of the budget, a portion of the funds so appropriated may be used to enter into a contract with a public or private organization to study funding and reimbursement issues presented by federal welfare reform including but not necessarily limited to those related to maintenance of effort, foster care and other child welfare services, child care, emergency assistance, definition of assistance, 15 percent limit on administration, time limits, work participation rate requirements, and opportunities for separate state programs. Such study shall develop options for state action in these areas including developing strategies to achieve state-local savings and expand program coverage within available resources, and shall be conducted in consultation with the department of labor, the office of

children and family services, and other involved state agencies.

Funds so appropriated shall be available for aid to municipalities and for payments to the federal government for expenditures made pursuant to the social services law and the state plan for individual and family grant program under the disaster relief act of 1974.

Notwithstanding any inconsistent provision of law, in lieu of payments authorized by the social services law, or payments of federal funds otherwise due to the local social services districts for programs provided under the federal social security act or the federal food stamp act, funds herein appropriated, in amounts certified by the state commissioner of the office of temporary and disability assistance or the state commissioner of health as due from local social services districts each month as their share of payments made pursuant to section 367-b of the social services law may be set aside by the state comptroller in an interest-bearing account with such interest accruing to the credit of the locality in order to ensure the orderly and prompt payment of providers under section 367-b of the social services law pursuant to an estimate provided by the commissioner of health of each local social services district's share of payments made pursuant to section 367-b of the social services law.

Such funds are to be available for payment of aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, such funds shall be available to the office of temporary and disability assistance, net of disallowances, refunds, reimbursements, and credits including, subject to the approval of the director of the budget, disallowances, refunds, reimbursements, and credits related to title IV-E of the social security act and including, but not limited to, additional federal funds resulting from any changes in federal cost allocation methodologies. Notwithstanding any inconsistent provision of law, the amount so appropriated may be increased or decreased by interchange with any other appropriation within the department of family assistance office of temporary and disability assistance and office of children and family services general fund - local assistance account with the approval of the director of the budget, who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Subject to the approval of the director of the budget, through and based on the availability of funding so appropriated, the commissioner of the office of temporary and disability assistance may provide each district with administrative reimbursement, in addition to that available under the temporary and disability assistance administration program, for eligible district administrative activities on behalf of public assistance households that have reached their five year limit on receipt of family assistance and, consequently, are receiving assistance through the safety net program. Such additional reimbursement, if authorized by such commissioner, commencing December 1, 2001, shall be in an amount equal to the lesser of 25 percent of gross district administrative costs for such cases based on approved cost allocation procedures, or 25 percent of the amount by which the district exceeds its cap governing state reimbursement of temporary and disability assistance administration.

Notwithstanding any inconsistent provision of law, except through interchange, funds so appropriated shall not be available to meet the state share of the costs of any program other than those of the office of temporary and disability assistance and, except as may be specifically provided in this section, shall not be available for state reimbursement of local administrative expenses for temporary and disability assistance or foodstamps, or for programmatic or administrative expenses for employment services. Such other programs shall include but not necessarily be limited to foster care services including expenditures for care, maintenance, supervision, tuition and independent living services; supervision of foster children placed in federally funded job corps programs; care, maintenance, supervision, tuition and independent living services for adjudicated juvenile delinquents and persons in need of supervision; child protective services; adult protective services; child care; and preventive services which may be eligible for federal reimbursement under emergency assistance for families or the temporary assistance for needy families block grant program. The state share of such costs unless otherwise determined by the director of the budget to be in the best fiscal interests of the state without diminishing gross expenditure for such purposes, shall be paid out of the general fund appropriation for each specific service in the appropriate agency where such state reimbursement is appropriated and shall be subject to the limitations set forth for such services in such appropriations.

Of the amount so appropriated, up to \$1,000,000 may, subject to the approval of the director of the budget, be used for payments to tier II homeless family shelters operated pursuant to part 900 of title 18 of the codes, rules and regulations of the state to support emergency or unforeseen expenditures for major capital items. Provided, however, that such shelters shall immediately act to secure loans or other revenue necessary to refund such payments to the state.

Notwithstanding any inconsistent provisions of law, funds so appropriated shall be used by the office to reimburse 50 percent of the non-federal share of approved expenditures made by social services districts on

or after April 1, 1996, after first deducting therefrom any federal funds received or to be received on account thereof, for emergency shelter, transportation, or nutrition payments which the district determines are necessary to establish or maintain independent living arrangements among persons who have been medically diagnosed as having acquired immunodeficiency syndrome (AIDS) or HIV-related illness and who are homeless or are faced with homelessness and for whom no viable and less costly alternative housing is available; provided, however, that funds so appropriated may only be used for such purposes if the cost of such allowances are not eligible for reimbursement under medical assistance or other programs.

Of the amounts so appropriated, subject to the approval of the director of the budget, up to \$1,000,000 may be transferred to the general fund state operations state purposes account of the temporary and disability assistance program and/or to the department of labor to support the cost of public assistance and food stamp case notifications and case record imaging.

Subject to the approval of the director of the budget, a portion of the funds so appropriated, as may be matched by available federal funds, may be used by the commissioner of the office of temporary and disability assistance to support the cost of translating, modifying, printing and distributing forms, notices, and other materials as required to address complaints filed with federal agencies, litigation or an order of a court of competent jurisdiction pending final adjudication of litigation.

Of the amount so appropriated, up to \$500,000 may be used for contractor costs associated with audits of personal needs allowance payments and of the administration of personal needs allowances in residential drug and alcohol treatment facilities, subject to the approval of an expenditure plan by the director of the budget.

The office of temporary and disability assistance is authorized to expend a portion of the funds so appropriated to reimburse social services districts for 50 percent of the non-federal cost of residential shelters for victims of domestic violence in accordance with section 131-u of the social services law.

Notwithstanding any inconsistent provision of law to the contrary, to the extent that payments for residential services for victims of domestic violence are made from such appropriation, such payment shall only be made in accordance with standards of payment established by the office of children and family services or its predecessor under provisions of chapter 838 of the laws of 1987 and approved by the director of the budget for victims of domestic violence where such services are provided by residential programs for victims of domestic violence operated by not-for-profit corporations or the city of New York.

Notwithstanding section 153-f of the social services law, or any other inconsistent provision of law, after deducting the amount of federal funds properly received or to be received by each social services district on account of expenditures made by such district pursuant to subdivision 3-c of section 131-a of the social services law, funds so appropriated may be used by the office of temporary and disability assistance to reimburse 50 percent of any such local expenditures not fully reimbursed under section 153-f of the social services law prior to April 1, 1992.

Notwithstanding any inconsistent provision of law, except as provided for in chapter 81 of the laws of 1995, funds so appropriated may not be used to reimburse social services districts for more than 50 percent of the non-federal share of expenditures related to state charges. This prohibition shall apply to all such reimbursement without regard to the date on which expenditures were made or services provided.

The goal for collection of child support payments pursuant to part d of title IV of the federal social security act as required to be specified by subdivision 5 of section 111-b of the social services law shall be \$136,400,000 for the year beginning April 1, 2004.

Notwithstanding any inconsistent provision of law, in the event the federal government reduces or suspends its financial participation or requires repayment or permits reinvestment for any period beginning after September 30, 1989 for incorrect issuance of benefits provided under the former AFDC program, state reimbursement otherwise payable to social services districts under such appropriation shall be reduced in an amount equal to 100 percent of such federal reduction unless the commissioner of the office of temporary and disability assistance, subject to the approval of the director of the budget, determines that such reduction in federal reimbursement is equally attributable to actions of the state and of social services districts in which case state reimbursement otherwise payable to social services districts shall be reduced by an amount equal to 50 percent of such federal reduction. Such reduction in reimbursement will be allocated among local districts to the degree possible based on fault. If such commissioner determines that such allocation based on fault is not possible, the office of temporary and disability assistance will reduce reimbursement otherwise payable to social services districts under this appropriation proportionately based on the AFDC costs authorized by each district for the period covered by each reduction in federal participation.

Subject to the approval of the director of the budget and subject to availability of federal funds for such purpose, funds so appropriated

may be used to provide the state match for a federally approved state-initiated evaluation of welfare reform pursuant to section 413 of the social security act as added by the personal responsibility and work opportunity reconciliation act of 1996.

Funds so appropriated, as matched by federal and local funds in accordance with section 153 of the social services law, may be used to provide rent supplements at local option to family assistance households and to cases that include a child in receipt of safety net assistance in order to prevent eviction and address homelessness in accordance with social services district plans approved by the office of temporary and disability assistance and the director of the budget, provided, however, that such supplements shall not be part of the standard of need pursuant to section 131-a of the social services law.

Funds so appropriated shall also be used to reimburse one-half of the non-federal share of the cost of rent supplements that shall be made, using standards and procedures applied to families intervening in the Jiggetts litigation, to cases that include a child in receipt of safety net assistance where such supplements are necessary to prevent eviction and when such supplement is required pursuant to an order of a court of competent jurisdiction pending final adjudication of litigation.

Notwithstanding section 153 of the social services law, or any other inconsistent provision of law, state reimbursement to each social services district provided through funds so appropriated may be reduced by an amount equal to that portion of the non-federal share of eligible expenditures for the welfare-to-work program authorized by title V of the federal balanced budget act of 1997 made by the district or the local workforce investment board or boards located in the district that exceeds not less than 25 percent of the approved maximum federal program allocation for such district or local workforce investment board or boards. The reduction in state reimbursement to social services districts shall be based upon local welfare-to-work program plans, which include local budget estimates, approved by the department of labor. In the event that a local workforce investment area encompasses two or more social services districts, such reduction in reimbursement shall be assigned proportionately to each district based on an allocation plan developed by the local workforce investment boards in such districts, or by such social services districts if an approved waiver has been implemented relating to the use of an alternate administering agency under title V of the federal balanced budget act of 1997, and approved by the office of temporary and disability assistance and the commissioner of labor. State funds so appropriated shall be suballocated to the department of labor in an amount equal to the actual or, subject to reconciliation, estimated reductions in reimbursement required by such appropriation related to the welfare-to-work program, in accordance with a district specific schedule developed by the department of labor and approved by the director of the budget, and such state funds shall be used by the department of labor, in combination with other state and federal funds appropriated therefor, to provide funding to local workforce investment boards or their subcontractors, or to social services districts, for eligible expenditures under such welfare-to-work program; and (b) services and expenses related to innovative programs for public assistance recipients who are not eligible for funding under the temporary assistance for needy families block grant and who are unable to obtain or retain employment due to mental or physical disability. Notwithstanding any inconsistent provision of law, subject to the approval of the director of the budget, funds so appropriated shall be available for the extension of programs awarded in state fiscal year 2000-01 to social services districts with a population less than two million for additional costs associated with providing innovative services to such public assistance recipients including, but not limited to case management and transportation."

This item, to which I object and do not approve, represents an unconstitutional alteration of an appropriation contained in the Executive Budget submission and is therefore disapproved.

STATE OF NEW YORK  
EXECUTIVE CHAMBER  
ALBANY 12224

TO THE ASSEMBLY:

I hereby transmit pursuant to the provisions of section 7 of Article IV and section 4 of Article VII of the Constitution, a statement of items to which I object and which I do not approve, contained in Assembly Bill Number 11795, entitled:

## CHAPTER 411

### LINE VETO #218

"AN ACT in relation to implementing certain provisions of law which impact upon the expenditure of certain appropriations made by the chapter of the laws of 2004 which enacts the education, labor and family assistance budget"

Bill Page 77, line 19 through Bill Page 93 line 3, inclusive

#### NOT APPROVED

"§ 104. Moneys appropriated in section 1 of the chapter of the laws of 2004 which enacts the education, labor and family assistance budget to the department of family assistance, office of temporary and disability assistance under the temporary and disability assistance program from the special revenue funds - federal / aid to localities, federal health and human services fund - 265, for services and expenses under the temporary assistance for needy families block grant, including but not limited to the family assistance program, emergency assistance to families program, safety net program and their predecessors, and other eligible temporary and disability assistance expenses, including state and local administrative expenses pursuant to the federal social security act and federal personal responsibility and work opportunity reconciliation act of 1996, and chapter 436 of the laws of 1997 enacting comprehensive welfare reform, shall be used only for services and expenses eligible for state financial participation through the office of temporary and disability assistance under provisions of the social services law and appropriations to such office; provided that the director of the budget does not determine that such use of funds can be expected to have the effect of increasing qualified state expenditures under paragraph 7 of subdivision (a) of section 409 of the federal social security act above the minimum applicable federal maintenance of effort requirement, for services and expenses authorized by the provisions of such appropriation to be provided without state or local financial participation; and for other services and expenses, including transfer to other state agencies or federal block grants, as specifically authorized by law. Notwithstanding any inconsistent provision of law, such reimbursement from such appropriation shall be available only for costs that have been incurred on or after December 2, 1996 unless the federal government specifically provides additional reimbursement for costs incurred prior to such date through grant awards other than those for programs operated under the federal temporary assistance for needy families program block grant and, for reimbursement of costs for federal fiscal years commencing October 1, 1996 and ending September 30, 2003, funds so appropriated shall not be used to provide the state or social services districts with federal reimbursement in addition to that received prior to April 1, 2004 that would increase the rate of federal financial participation in TANF-related costs subject to state-local matching, including those related to the calculation or payment of maintenance of effort liabilities.

Funds so appropriated, as matched by state and local funds in accordance with section 153 of the social services law, may be used to provide rent supplements at local option to family assistance households and to cases that include a child in receipt of safety net assistance in order to prevent eviction and address homelessness in accordance with social services district plans approved by the office of temporary and disability assistance and the director of the budget, provided, however, that such supplements shall not be part of the standard of need pursuant to section 131-a of the social services law.

Notwithstanding any inconsistent provision of law, in lieu of payments

authorized by the social services law, or payments of federal funds otherwise due to the local social services districts for programs provided under the federal social security act or the federal food stamp act, funds so appropriated, in amounts certified by the state commissioner of the office of temporary and disability assistance or the state commissioner of health as due from local social services districts each month as their share of payments made pursuant to section 367-b of the social services law may be set aside by the state comptroller in an interest-bearing account with such interest accruing to the credit of the locality in order to ensure the orderly and prompt payment of providers under section 367-b of the social services law pursuant to an estimate provided by the commissioner of health of each local social services district's share of payments made pursuant to section 367-b of the social services law.

Funds so appropriated shall be available for aid to municipalities and for payments to the federal government for expenditures made pursuant to social services law and the state plan for individual and family grant program under the disaster relief act of 1974.

Such funds are to be available for payment of aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, such funds shall be available to the department of family assistance net of disallowances, refunds, reimbursements, and credits including, but not limited to, additional federal funds resulting from any changes in federal cost allocation methodologies.

With regard to additional reimbursement of local district maintenance and assistance costs for emergency assistance to families provided to or on behalf of family shelter residents during periods prior to February 1, 2003 while the family assistance eligibility of such cases was being determined, funds so appropriated shall not be available to reimburse total cumulative gross costs in excess of \$16,000,000 unless waived by the commissioner and the director of the budget.

Notwithstanding any inconsistent provision of law, the amount so appropriated may be increased or decreased by interchange with any other appropriation within the department of family assistance, office of temporary and disability assistance and office of children and family services federal fund - local assistance account with the approval of the director of the budget, who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding any inconsistent provision of law, funds so appropriated shall be used to reimburse social services district expenditures only to the extent that such reimbursement does not reduce combined state-local liabilities below the minimum applicable percentage of the federal maintenance of effort spending requirement in the state fiscal year commencing April 1, 2004 as such amount is separately calculated by the commissioner, and approved by the director of the budget, for the six month periods of April 1, 2004 through September 30, 2004 and October 1, 2004 through March 31, 2005; provided, however, that state and local expenditures for child welfare services may, subject to the approval of the director of the budget, be applied to the maintenance of effort spending requirement only to the extent necessary to meet the minimum applicable percentage of such requirement.

Notwithstanding any inconsistent provision of law and through amounts so appropriated, reductions in additional local financial participation pursuant to approved "new local expenditure" plans authorized by chapter 53 of the laws of 2000 and chapter 382 of the laws of 2001, as reappropriated by a section of the chapter of the laws of 2004 which enacts the education, labor and family assistance budget that reappropriates monies from chapter 185 of the laws of 2001, as amended, shall be limited as follows: such reductions in additional local financial participation shall be limited to a total of \$67,000,000 in New York city, inclusive of amounts that may have been approved or credited in state fiscal years prior to 2002-03, and shall be limited in other social services districts to amounts that have accrued under local plans approved prior to April 1, 2002, and have been credited prior to October 1, 2002.

Notwithstanding section 153 of the social services law, or any other inconsistent provision of law, the commissioner of the office of temporary and disability assistance, subject to the approval of the director of the budget, may reimburse social services districts through funds so appropriated in accordance with a plan that limits the proportion of each district's family assistance caseload that may be exempted from the five year limit on assistance required by paragraph (7) of subdivision (a) of section 408 of the federal social security act to ensure that such exemptions are available equitably in social services districts throughout the state. In developing such plan, the commissioner of the office of temporary and disability assistance may consider district population, family assistance caseload, incidence of hardship as defined in paragraph (a) of subdivision 2 of section 350 of the social services law, or other factors that he or she deems appropriate.

Funds so appropriated, subject to the approval of the director of the budget and in accordance with a memorandum of understanding between the office of temporary and disability assistance and the department of labor consistent with federal law and regulations, may be transferred or suballocated to the department of labor for services and expenses

related to employment services for public assistance recipients. Subject to the approval of the director of the budget, funds transferred or suballocated to the department of labor may be used by the department directly or, in accordance with a memorandum of understanding, by other state agencies through direct charging of the department's appropriations as approved by the department of labor.

Of the amounts so appropriated, up to \$41,325,000, notwithstanding section 153 of the social services law and subject to the approval of the director of the budget, may be made available, without state or local financial participation, for services to individuals and families eligible for public assistance or other benefits under the temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level, provided that such services to eligible persons not in receipt of public assistance shall not constitute "assistance" under applicable federal regulations and provided further that the office, the department of labor and social services districts may opt to use funds made available from the \$41,325,000, to provide services pursuant to purposes three or four of the personal responsibility and work opportunity reconciliation act of 1996 as set forth in section 401 of the federal social security act without regard to household income. Services provided by a social services district pursuant to such purposes three or four shall be in accordance with a local plan which shall include, but not necessarily be limited to, a description of services to be provided, the amount of funding to be used, and the total number of individuals estimated to be served, including the estimated number of public assistance recipients separately identified, approved by the director of the budget and the commissioner or the commissioner of the department of labor if such plan is signed by the responsible local official and assigns the district sole financial responsibility in the event that such use of funds results in any federal audit disallowance or fiscal sanction including those set forth in section 409 of the federal social security act. Of the \$41,325,000, subject to the approval of the director of the budget, notwithstanding any inconsistent provision of law, up to \$4,500,000 shall be available for services and expenses of existing transitional opportunities program offices.

A portion of the \$41,325,000 so appropriated shall be transferred or suballocated to the department of labor and may be used to support priority state-administered services including those provided through the INVEST program and the built on pride apprenticeship, preapprenticeship and self-sufficiency training program. The remainder of the \$41,325,000 shall be jointly allocated by the office of temporary and disability assistance and the department of labor to social services districts, transferred or suballocated to the department of labor or other state agencies, or retained by the office of temporary and disability assistance to provide a continuum of supportive and transitional services to help participants move from welfare to work, avoid welfare dependency, or strengthen work skills. Specific services may include, but not necessarily be limited to: specialized self-sufficiency case management and job training services through social services districts to help eligible persons secure and retain employment; transportation services to and from employment or other allowable activities; domestic violence screening and service referral; domestic violence training; screening, assessment, optional testing and treatment for substance abuse including related workforce preparation services; periodic incentives for excellence in academic achievement or community service; services and expenses of transitional opportunities program offices; services to augment employer-based programs that assist youth at-risk of not graduating from high school; performance-based job placement services through contracts with for profit or non-profit agencies; job specific training opportunities and job placement; youth enterprise services, through memorandum of understanding between the office of children and family services and the department of labor, for eligible youth who have been released from residential facilities; and state agency administration, including contracts through the office with outside auditors to ensure compliance with federal requirements.

Funds so appropriated shall be allocated to eligible programs and services in accordance with a plan developed jointly, and updated quarterly, by the commissioner of the office of temporary and disability assistance and the commissioner of the department of labor and approved by the director of the budget. Such plan shall base funding allocations on need as evidenced by recent expenditure and service delivery levels taking into account the distribution of funds, the need to help welfare recipients achieve self-sufficiency, and the need to serve those who are the most difficult to employ. As a condition of expending funds so appropriated, affected social services districts and the commissioner of the office of temporary and disability assistance or the commissioner of the department of labor shall certify that allocated funds will not be used to supplant other sources of funding. At the request of social services districts, a portion of the funds so appropriated may be retained by the office of temporary and disability assistance or the department of labor to provide centralized administrative services, including but not limited to issuing requests for proposals, entering into and processing contracts, and providing vendor payments.

Notwithstanding any inconsistent provision of law to the contrary,

subject to the approval of the director of the budget, a portion of the amount so appropriated may be used for administrative costs and chargeable to grants, including personal service costs of the office of court administration or other state agencies for activities in support of TANF services block grant programs. Such reimbursement may be available through transfer or suballocation.

Of the amounts so appropriated, subject to the approval of the director of the budget, notwithstanding any inconsistent provision of law, up to \$2,000,000 shall be transferred or suballocated to the department of health without state or local financial participation for additional services and expenses provided to women, infants, and children eligible for the special supplemental food program for women, infants and children and eligible for public assistance or other benefits under the federal temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level, provided that such services to eligible persons not in receipt of public assistance shall not constitute "assistance" under applicable federal regulations.

Of the amount so appropriated, up to \$1,000,000, plus funds necessary for associated fringe benefit and indirect costs, without state or local financial participation may be transferred to the state operations budget of the office and the department of labor to carry out activities necessary for the state to comply with federal data reporting, case tracking and financial management requirements as necessary to avoid federal fiscal sanctions. Such amount shall be divided between the office of temporary and disability assistance and the department of labor by the director of the budget based on need provided, however, that not less than \$150,000 shall be allocated to the office of financial management in the office of temporary and disability assistance provided that such office shall use a portion of such funds to timely furnish recent statewide and district specific expenditure data to social services districts that can be used by each district as a basis for estimating its share of the TANF maintenance of effort spending requirement.

Notwithstanding any inconsistent provision of law, if determined necessary by the director of the budget to maintain adequate federal support for other temporary and disability assistance programs, such director may limit such federal reimbursement to social services districts for emergency assistance for families or its successor program under federal welfare reform at levels that are not less than federal reimbursement for emergency assistance for families provided to social services districts during federal fiscal year 1994-95. In calculating such a limit, such director may exclude payments made in settlement of claims for such reimbursement for costs incurred prior to October 1, 1994.

Of the amounts so appropriated, up to \$181,000,000 shall be available to reimburse local social services districts for the costs of child welfare services, other than juvenile justice services, provided to children eligible for emergency assistance to families. Of the \$181,000,000, up to \$140,000,000 shall be allocated by the office of children and family services to social services districts for 100 percent of each district's eligible costs based on a district-specific allocation schedule that shall be developed by such office, and submitted for the approval of the director of the budget no later than 60 days following enactment of this chapter, based on each district's claims submitted for such costs and any other factors as identified in the allocation plan, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the year ending June 30, 2003 or any other 12 month period as determined by the office of children and family services and approved by the director of the budget, and that excludes eligible foster care and foster care administration costs. Notwithstanding any inconsistent provision of law, each district's eligible child protective services administrative costs shall be reimbursed from the district's allocation of these funds before reimbursement shall be available for other eligible costs. Notwithstanding the above limitations on reimbursement, and in the event that the federal government requires, through cost allocation methodology or otherwise, that such additional costs be reimbursed under title IV-A of the federal social security act, the commissioner of the office of temporary and disability assistance shall reduce the rate of federal reimbursement for such costs in each social services district such that total federal reimbursement does not increase from levels that would have been available to the district in absence of such federal requirement. Notwithstanding any inconsistent provision of law, of the \$181,000,000 so appropriated, up to \$41,000,000 shall be used to provide state reimbursement to social services districts with a population in excess of 2,000,000 persons for 100 percent of such a district's first eligible expenditures that occurred on or after October 1, 2003, or subject to the approval of the director of the budget, any other period on or after January 1, 1997 solely for tuition costs for foster care children who are eligible for emergency assistance for families; and provided further, however that the portion of the general fund appropriation available to such district for reimbursement in the office of children and family services general fund - aid to localities foster care block grant appropriation authorized pursuant to this chapter shall be reduced

by \$20,500,000 and the portion of such general fund appropriation so affected shall have no further force or effect for the purpose of reimbursing expenditures and disbursements by such social services district. Notwithstanding any inconsistent provision of law, funds so appropriated may not be used to reimburse localities for costs disallowed under title IV-E of the social security act.

Amounts so appropriated shall, subject to the approval of the director of the division of the budget, be used to reimburse social services districts for one hundred percent of the expenditures for foster care made on and after October 1, 2003 provided to children eligible for emergency assistance for families, other than juvenile justice services and other than tuition costs for foster care children who are eligible for emergency assistance for families and are in the custody of the commissioner of any local social services district with a population in excess of 2,000,000 persons and, subject to the approval of the director of the budget, the commissioner of children and family services, in consultation with the commissioner of labor and the commissioner of temporary and disability assistance, may exclude foster care and foster care administration costs incurred on behalf of children in foster care placements who are at least 19 years of age, provided that such reimbursement shall be paid only after first deducting the amount of reimbursement each district shall receive in accordance with an allocation made by the commissioner of the office of children and family services of the first \$140,000,000 in federal funds so appropriated for eligible child welfare services provided however that such deduction shall be accomplished without reducing any state and local expenditures for child welfare services provided to children eligible for emergency assistance for families and made by local social services districts prior to October 1, 2003, and that the office of children and family services shall require that, as a condition of local receipt of federal reimbursement pursuant to this provision, funds appropriated herein that are in addition to the first \$140,000,000 shall be used to first reimburse 100 percent of the eligible foster care costs incurred by each social services district on behalf of children eligible for emergency assistance for families. This provision shall not reduce any social services district's allocation as authorized by the office of children and family services general fund - aid to localities foster care block grant established pursuant to this act. Notwithstanding section 153 of the social services law and any other inconsistent provision of the social services law or this act, the commissioner of the office of temporary and disability assistance, upon consultation with the commissioner of the office of children and family services and subject to the approval of the director of the budget, shall reduce federal financial participation in the cost of eligible temporary and disability assistance expenses, including but not limited to, the family assistance program, the emergency assistance for families program and their administration paid to social services districts by the amount of federal financial participation received by each district for foster care pursuant to this provision that is in addition to the first \$140,000,000 for child welfare services and shall require each district to be responsible for 100 percent of the additional non-federal cost that results from such reduction in federal financial participation in an amount not to exceed the actual amount of federal temporary assistance to needy families funds for foster care provided to children eligible for emergency assistance for families pursuant to such appropriation. The commissioner of the office of temporary and disability assistance may require each social services district to make necessary adjustments in claims for eligible temporary and disability assistance expenses to effectuate the reduction in federal financial participation required in this section. Notwithstanding section 153 of the social services law and any other inconsistent provision of the social services law or this act, the commissioner of the office of temporary and disability assistance may not reduce federal financial participation in local administrative expenses for a social services district until the reduction in federal financial participation in all other expenditures for such public assistance programs has been reduced by 95 percent of estimated expenditures otherwise eligible for federal financial participation unless otherwise waived by such commissioner.

Of the amounts so appropriated, up to \$105,000,000 shall be available to reimburse local social services districts for 100 percent of the costs of expenditures for care, maintenance, supervision, and tuition for juvenile delinquents and persons in need of supervision who are placed in residential programs operated by authorized agencies and who are eligible for emergency assistance to families in the manner the state was authorized to fund such costs under part A of title IV of the social security act as such part was in effect on September 30, 1995. Such expenditures shall constitute good cause pursuant to section 408 (a) (10) of the social security act. Allocation of such funds shall be based on a district-specific allocation plan that shall be developed by the office of children and family services and submitted for approval to the director of the budget no later than 60 days following enactment of this chapter, and shall be based on each district's claims submitted for such costs adjusted by the applicable cost allocation methodology and net of any retroactive payments for federal fiscal year ending September 30, 2003 or any other 12 month period as determined by the office of

children and family services and approved by the director of the budget. Notwithstanding any other inconsistent provision of law, upon their occurrence, expenditures by and disbursements to a social services district made from the \$105,000,000 shall reduce the amount appropriated in the general fund - aid to localities budget in the office of children and family services to support state costs in the office of children and family services general fund - aid to localities foster care block grant appropriation provided pursuant to this act by 50 percent of the amount of such expenditures and disbursements, and the portion of such general fund appropriation so affected shall have no further force or effect for the purpose of reimbursing expenditures and disbursements by such social services district; provided, however, that any disbursements that exceed the amount of funds remaining in a social services district foster care block grant allocation authorized pursuant to this act shall result in a reduction in any other general fund - aid to localities appropriation available to the district. Unless otherwise approved by the commissioner of the office of children and family services with the approval of the director of the budget, these funds may be used only for eligible expenditures made from October 1, 2003 through September 30, 2004.

Of the amounts so appropriated, up to \$12,000,000 shall be available for 100 percent of the expenditures by the office of children and family services for care, maintenance, supervision, and tuition costs for juvenile delinquents who are placed in residential programs operated by the office of children and family services and who are eligible for emergency assistance to families in the manner the state was authorized to fund such costs under part A of title IV of the social security act as such part was in effect on September 30, 1995.

Notwithstanding any inconsistent provision of law, funds so appropriated may not be used to reimburse localities for costs disallowed under title IV-E of the social security act.

Of the amounts so appropriated, notwithstanding any inconsistent provision of law, up to \$950,000 shall be made available subject to the approval of the director of the budget, without state or local financial participation, through transfer or suballocation to the office of children and family services for pilot community-based programs for services to youth who are placed with the office of children and family services pursuant to purposes three or four of the personal responsibility and work opportunity reconciliation act of 1996 as set forth in section 401 of the federal social security act without regard to household income. Such services may include, but not be limited to, non-medical multi-systemic therapy and/or family functional therapy.

Of the amount so appropriated, up to \$5,950,000 may be transferred or suballocated, subject to the approval of the director of the budget, to the office of children and family services for new or expanded services and expenses, without state or local financial participation, to initiate program modifications and/or to provide services, which may include but not be limited to substance abuse and mental health counseling, to divert youth at risk of placement in detention programs including, to the extent permitted by federal law, expenses for local interagency teams to review and recommend alternatives to detention for juvenile delinquents and persons in need of supervision, reduce the length of placement of youth receiving detention services, and/or to provide preventive and other supportive services to persons 16 and 17 years old who are alleged or determined to be in need of supervision consistent with purpose 3 of section 401 of the personal responsibility and work opportunities reconciliation act of 1996. A portion of the funds shall be allocated to each social services district based on a district-specific allocation plan that shall be developed by the office of children and family services and submitted for approval to the director of the budget to reimburse the district for eligible activities provided in accordance with a plan submitted within 45 days of the date the office of temporary and disability assistance allocates such funds to the districts by the applicable county executive or the mayor of the city of New York and approved by the office of children and family services. If the total amount of a social services district's claims for eligible activities is less than the amount allocated to the district for such claims, the office of temporary and disability assistance may reallocate the unused funds to other social services districts with eligible claims that exceed their allocations.

Of the amounts so appropriated, subject to the approval of the director of the budget, notwithstanding any other inconsistent provision of law, \$11,600,000 without state or local financial participation may be transferred to the department of health for programs of community health education and outreach and community-based adolescent pregnancy prevention, to address the needs of both adults and adolescents eligible for such services under the federal temporary assistance for needy families block grant, for the purpose of preventing unintended pregnancies.

Of the amounts so appropriated, notwithstanding any other inconsistent provision of law, up to \$3,500,000 without state or local financial participation may be transferred or suballocated to the department of health, through a memorandum of understanding between the department of health and the office of temporary and disability assistance approved by the director of the budget, for services provided by school based health centers that are eligible under federal law, including, but not limited to, health education and non-medical counseling services, to youth

eligible for such services under the state plan for the federal temporary assistance for needy families block grant, provided that such services to eligible youth not in receipt of public assistance shall not constitute "assistance" under applicable federal regulations. The commissioner of health shall distribute such funds to eligible school based health center providers approved by the department of health prior to December 31, 2003, based upon the ratio of the number of pupils eligible for the free and reduced price lunch program enrolled in the schools to the total number of pupils eligible for the free and reduced lunch program for all schools with eligible school based health centers. These distributions will be based on data for the most current year available and such methodology shall be applied against the total amount so appropriated. All school based health center providers approved prior to December 31, 2003 shall receive no less than \$30,000. No school based health center provider shall receive more than \$150,000. For new school based health center providers approved by the Department of Health after December 31, 2003 and before April 1, 2004, the allocation shall be \$10,000. These allocations shall be deducted from the total available appropriation prior to applying the above methodology. The free and reduced price lunch program shall mean such program as defined in the education law. Eligible school based health center shall mean a clinic licensed under article 28 of the public health law, which provides primary care services within an elementary or secondary public school setting.

Of the amounts so appropriated, subject to the approval of the director of the budget, up to \$12,350,000 without state or local financial participation may be made available through transfer or suballocation to the department of health for additional services and expenses of the hunger prevention and nutrition assistance program for individuals and families eligible for public assistance or other benefits under the state plan for the temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level, including: additional capacity and services for underserved communities and populations including those served by small food pantries; enhanced nutritional quality by accessing diversified food resources including from local farms and farmers' markets; and outreach and referral to other programs designed to reduce dependence on emergency food, provided that such services to eligible persons not in receipt of public assistance shall not constitute "assistance" under applicable federal regulations. A portion of the \$12,350,000 so appropriated may be made available through transfer or suballocation to the department of health to reimburse personal and nonpersonal service costs incurred by the department of health in administering the provision of such services to such eligible individuals and families.

Subject to the approval of the director of the budget, the amounts so appropriated may be suballocated to other federal special revenue funds to the extent permitted by federal law.

Of the amounts so appropriated, notwithstanding any inconsistent provision of law, subject to the approval of the director of the budget, up to \$4,000,000 may be transferred or suballocated to other state agencies and used pursuant to a memorandum of understanding to provide, without state or local financial participation, services as an alternative to incarceration for eligible individuals and families under the state plan for the temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level, provided that such services to eligible persons not in receipt of public assistance shall not constitute "assistance" under applicable federal regulations.

Of the amounts so appropriated, and notwithstanding any inconsistent provision of law, up to \$1,900,000 without state or local financial participation may be made available subject to the approval of an expenditure plan by the director of the budget for transfer or suballocation to the office of children and family services for eligible services and expenses of improving the quality of child welfare services that may include, but not be limited to demonstration projects to test models for new or targeted expansion of services beyond the level currently funded by local social services districts, for eligible activities under the state plan for the federal temporary assistance for needy families block grant pursuant to purposes three or four of the personal responsibility and work opportunity reconciliation act of 1996 as set forth in section 401 of the federal social security act without regard to household income.

Notwithstanding any inconsistent provision of law, of the amounts so appropriated, up to \$6,000,000 without state or local financial participation, subject to plans developed, as appropriate, by social services districts and non-residential domestic violence service providers and approved by the commissioner of temporary and disability assistance and the director of the budget, shall be made available to reimburse social services districts for additional direct costs associated with domestic violence screening and referral to counseling and related services for eligible individuals and families under the state plan for the temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level, provided that such services to eligible persons not in receipt of public assistance shall not constitute "assistance" under applicable federal regulations. Of the

\$6,000,000, up to \$3,000,000 shall be available through transfer or suballocation to the office of children and family services for the provision of non-residential domestic violence services. Local social services districts are encouraged to collaborate with non-profit providers in the provision of such services. Provided, however, that funds made available for services, other than non-residential domestic violence services, which a local social services district has not obligated by February 1, 2005 may, at such local district option, be used by such district for other services eligible under the temporary assistance for needy families block grant including, but not limited to, supportive, transitional and employment services to help participants move from welfare to work, avoid welfare dependency, or strengthen work skills.

Of the amounts so appropriated, notwithstanding any inconsistent provision of law, subject to the approval of the director of the budget, up to \$2,500,000 may be available, without state or local financial participation, for eligible costs related to screening, assessment, optional testing and treatment for substance abuse problems for eligible individuals and families under the state plan for the temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level, provided that such services to eligible persons not in receipt of public assistance shall not constitute "assistance" under applicable federal regulations. These funds may be spent pursuant to a plan, developed by the social services district with the local government unit and approved by the department of family assistance, the department of labor and the director of the budget to reimburse social services districts for additional direct costs associated with screening, testing, and assessment for substance abuse pursuant to chapter 436 of the laws of 1997 enacting comprehensive welfare reform and to provide services including but not limited to addiction treatment, day care and workforce preparation services, for such eligible individuals and families. Provided however, that of the funds so appropriated to local social services districts, if a local social services district has not obligated its allocation by February 1, 2005, such district may, at its option use such remaining allocation for other services eligible under the temporary assistance for needy families block grant including, but not limited to, supportive, transitional and employment services to help participants move from welfare to work, avoid welfare dependency, or strengthen work skills.

Of the amounts so appropriated, notwithstanding any inconsistent provision of law, up to \$18,000,000, including an amount not to exceed \$100,000 for state agencies' program administration, subject to the approval of the director of the budget, shall be available for transfer or suballocation to the office of children and family services, for extension of current contracts for preventive services beyond the level currently funded by social services districts to eligible individuals and families under the state plan for the federal temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level, including but not limited to: intensive case management and related services for families with children at risk of foster care placement due to the presence of alcohol and/or substance abuse in the household; family preservation services, centers and programs; foster care diversion demonstrations; and nonprofit provider collaborations with family treatment courts.

Notwithstanding any inconsistent provision of law, of the amounts so appropriated, up to \$1,150,000, without state or local financial participation, shall be available through transfer or suballocation to the office of children and family services, to not-for-profit and voluntary agencies providing support services to the caretaker relative of a minor child when such services are provided to eligible individuals and families under the state plan for the federal temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level.

Of the amounts so appropriated, notwithstanding any inconsistent provision of law, up to \$4,000,000, without state or local financial participation, shall be made available for additional services and expenses of the homelessness intervention program for eligible individuals and families, including non-custodial parents, under the state plan for the federal temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level. These funds shall be available to not-for-profit organizations designed to provide services to prevent homelessness or to secure permanent housing, including but not limited to landlord/tenant conflict resolution, legal services, outreach and referral for other eligible services and benefits to stabilize households, and relocation assistance.

Of the amounts so appropriated, subject to the approval of the director of the budget, notwithstanding any inconsistent provision of law, \$5,000,000 shall be available, without state or local financial participation, to the department of labor for the continuation of current contracts for a wage subsidy demonstration program for eligible individuals and families under the state plan for the federal temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level. Eligible not-for-profit community based organizations in social services districts shall administer a program that enables employers to offer subsidized employment, including but not limited to, expanded supportive transitional work activities for

such eligible individuals and families consistent with the provisions of section 336-e and section 336-f of the social services law, as applicable. Provided that, of the \$5,000,000, not less than \$3,300,000 shall be for programs in social services districts with a population in excess of two million. The department shall give preference to proposals that include provisions for job retention, case management and job placement services. Participation in the program by such eligible individuals and families shall be limited to one year. Participating employers shall make reasonable efforts to retain individuals served by the program.

Of the amounts so appropriated, subject to the approval of the director of the budget, notwithstanding any inconsistent provision of law, \$1,000,000 shall be made available without state or local financial participation to the department of labor, in accordance with a memorandum of understanding between the state education department and the department of labor, for programs including but not limited to, workplace literacy instruction and inter-generational education models, designed to increase the literacy and work preparedness of eligible individuals and families under the state plan for the federal temporary assistance to needy families block grant whose incomes do not exceed 200 percent of the federal poverty level, provided, that such funds may be awarded to applicants without prior experience operating literacy programs.

Of the amounts so appropriated, subject to the approval of the director of the budget, notwithstanding any inconsistent provision of law, up to \$1,750,000 shall be available without state or local financial participation for transfer or suballocation to the department of labor, in accordance with a memorandum of understanding between the state education department and the department of labor, for English as a second language instruction for eligible individuals and families under the state plan for the federal temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level. Such monies may be awarded to applicants without prior experience operating English as a second language instruction programs, and shall be used for programs operated by not-for-profit organizations that operate in a geographic area with a high concentration of individuals and families eligible for services under the federal temporary assistance for needy families block grant and that provide such services and programs in a manner that appropriately addresses the specific linguistic and cultural needs of the participants. To the extent feasible, preference shall be given to applicants who will certify that a portion of their curriculum will address language skill needs of non-English speaking workers as they relate to workplace safety issues.

Of the amounts so appropriated, subject to the approval of the director of the budget, notwithstanding any inconsistent provision of law, up to \$2,000,000 shall be available for transfer or suballocation to the department of labor, in accordance with a memorandum of understanding between the state education department, office of vocational and education department services for individuals with disabilities (VESID) and the department of labor, for work activities for eligible individuals and families under the state plan for the federal temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level, and to provide comprehensive, intensive services to assist such individuals with disabilities in achieving employment. To the extent allowable, such allocation shall be used for work activities that can be credited toward the participation rate requirements set forth in the federal personal responsibility and work opportunities reconciliation act of 1996.

Of the amounts so appropriated, notwithstanding any inconsistent provision of law and subject to the approval of the director of the budget, \$500,000 shall fund the continuation of two demonstration projects to assist individuals and families, who are eligible for benefits under the state plan for the federal temporary assistance for needy families block grant, whose incomes do not exceed 200 percent of the federal poverty level, in moving out of poverty through the pursuit of higher education; provided however, that unless the eligible individual or family is in receipt of public assistance, participation in such projects would not constitute "assistance" under federal TANF regulations. Projects shall include intensive, long-term case management and statistically-based outcome assessments. Such allocation shall be made available for the continuation of one project at a private, secular, liberal arts institution of higher education located in central New York that has evidence of a prior commitment to establishing such a program including having held a conference on the project, the receipt of financial commitment for a not-for-profit foundation, and an established working relationship with regional social services agencies, the local business community and other public and/or private institutions of higher education, and for the continuation of one project at an education and work consortium having developed programs that moved significant numbers of people from welfare to permanent employment, and with the receipt of financial commitment from a not-for-profit foundation, and an established working relationship with regional social services agencies, the local business community and other public and/or private institutions of higher education. The consortium shall consist of three institutions of higher education with one of the institutions being a CUNY institution, one a New York City based institution, and one based

in Westchester County. The department is hereby authorized and shall extend contracts in effect during fiscal year 2003-2004 for such demonstration projects at no additional costs within amounts appropriated and unexpended by contractors heretofore and hereafter.

Of the amounts so appropriated, notwithstanding any inconsistent provision of law, up to \$2,500,000, without state or local financial participation, shall be made available for the services and expenses related to a supportive housing program for families and for young adults age 18 to 25, who are eligible for benefits under the state plan for the federal temporary assistance for needy families block grant, whose incomes do not exceed 200 percent of the federal poverty level and, unless in receipt of public assistance, whose participation in such a program would not constitute "assistance" under federal TANF regulations. Such supportive housing program shall be designed to enhance the employability, self-sufficiency, and/or family stability of residents, and prevent out-of-wedlock pregnancies among young adult residents. Eligible families shall include: homeless families; families at risk of exceeding, and those that have exceeded, their TANF assistance time limit; families with multiple barriers to employment and housing stability; families at risk for foster care placement; and those that are reunited after placements. Eligible young adults shall include: young adults aging out of the foster care system; runaway and homeless youths; and youth subject to criminal charges who are at risk for incarceration.

Of the amounts so appropriated, subject to the approval of the director of the budget, notwithstanding any inconsistent provision of law, \$8,500,000 shall be made available without state or local financial participation, through the transfer or suballocation to the department of labor, in accordance with a memorandum of understanding between the department of labor and the state university of New York, for services and expenses related to the ongoing operation of technology assisted learning programs at the educational opportunity centers. Provided, however, that funds so appropriated shall be used to provide basic educational skills, job readiness training, and occupational training to program participants who are eligible individuals and families under the state plan for the federal temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level.

Of the amounts so appropriated, notwithstanding any inconsistent provision of law, up to \$1,000,000 shall be made available for services and expenses of a program, pursuant to section 35 of the social services law but without state or local financial participation, providing legal representation of individuals whose federal disability benefits have been denied or may be discontinued, and who are eligible for benefits under the state plan for the federal temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level, provided that such services to eligible persons not in receipt of public assistance shall not constitute "assistance" under applicable federal regulations.

Of the amounts so appropriated, notwithstanding any inconsistent provision of law, up to \$500,000 without state or local financial participation, shall be made available, in social services districts with a population in excess of two million, to support programs that meet the emergency needs of homeless individuals and families and those at risk of becoming homeless who are eligible for benefits under the state plan for the temporary assistance for needy families block grant and whose incomes do not exceed 200 percent of the federal poverty level, provided that such services to eligible persons not in receipt of public assistance shall not constitute "assistance" under applicable federal regulations. Such programs shall have demonstrated experience in providing services to meet the emergency needs of homeless individuals and families and those at risk of becoming homeless, including crisis intervention services, eviction prevention services, mobile emergency feeding services, and summer youth services.

Notwithstanding any inconsistent provision of law, of the amounts so appropriated, the sum of \$3,000,000, without state or local financial participation, shall be available to provide literacy training and English as a second language instruction to individuals and families who, upon determination of eligibility for such services, are in receipt of public assistance and are eligible for services under the temporary assistance for needy families block grant who lack a literacy level equivalent to the ninth month of the eighth grade or have English language proficiency equal to a score of 34 or less on the NYS PLACE test or an equivalent score on a comparable test. Providers shall include community colleges or, in counties outside of New York City, may also include BOCES or local school districts that have experience operating state or federally funded literacy and/or English proficiency programs. These providers may provide services directly or subcontract to organizations similarly experienced.

Of the amounts so appropriated, notwithstanding any inconsistent provision of law, up to \$1,100,000, shall be available through transfer or suballocation to the department of labor, to the New York State American Federation of Labor - Congress of Industrial Organizations (NYS AFL-CIO) Workforce Development Institute for the development of an after school-pilot program. The NYS AFL-CIO's Workforce Development Institute

shall develop a plan to operate a pilot program to administer after-school programs within several locations in New York State serving working families eligible for services under the state plan for the federal temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level. The plan will identify innovative approaches to after-school service delivery, access needs by geographic areas, and prioritize services based on the Workforce Development Institute's determination of the probability of successful outcomes and the potential for replicating the model in other areas of New York State. This pilot project will be administered by the Workforce Development Institute.

Of the amounts so appropriated, notwithstanding any inconsistent provision of law, up to \$1,125,000, shall be available through transfer or suballocation to the department of labor, to the Building and Construction Trades Council of Nassau and Suffolk Counties to continue the welfare to work program for individuals and families eligible for services under the state plan for the federal temporary assistance for needy families block grant, whose incomes do not exceed 200 percent of the federal poverty level, providing apprenticeship recruitment and transition as currently administered through the New York State Department of Labor.

Of the amounts so appropriated, notwithstanding any inconsistent provision of law, up to \$700,000 shall be made available without state or local financial participation through transfer or suballocation to the department of labor, in accordance with a memorandum of understanding between the department of labor and the state university of New York, for services and expenses of a program at the education opportunity centers for a statewide professional organization of physicians open to membership from all recognized specialties implementing a work program for individuals and families who are eligible for services under the state plan for the federal temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level, who will perform entry-level tasks including, but not limited to, entering survey data and other data. Such program shall include, but not be limited to, on-the-job training, literacy, life skills, job readiness skills, transportation for employed participants, and mentoring. Such allocation shall be used for work activities that can be credited toward the participation rate requirements set forth in the federal personal responsibility and work opportunities reconciliation act of 1996. Entire administration cost of this program shall not exceed fifteen percent of the funds so appropriated.

The office is hereby authorized to extend current contracts at no additional costs within amounts appropriated and unexpended by contractors heretofore and hereafter for contracts in effect during fiscal year 2003-04.

Notwithstanding any inconsistent provision of law, a portion of the funds so appropriated may be used by the department of family assistance and the department of labor, subject to the approval of the director of the budget, for a New York works compliance fund program. In the event that federal temporary assistance for needy families block grant funds remain available after reimbursing other eligible expenditures authorized or required by this chapter, such additional funding may be made available to the office of temporary and disability assistance, the department of labor, and/or the office of children and family services subject to the approval of the director of the budget, either immediately or, through carry forward, during subsequent state fiscal years, to meet the cost of employment services, child care through transfer to the federal block grant fund - 265, federal day care account in the office of children and family services, computer systems, training or program operations provided that the director of the budget does not determine that such use of funds can be expected to have the effect of increasing qualified state expenditures under paragraph 7 of subdivision (a) of section 409 of the federal social security act above the minimum applicable federal maintenance of effort requirement."

This item, to which I object and do not approve, represents an unconstitutional alteration of an appropriation contained in the Executive Budget submission and is therefore disapproved.

STATE OF NEW YORK  
EXECUTIVE CHAMBER  
ALBANY 12224

TO THE ASSEMBLY:

I hereby transmit pursuant to the provisions of section 7 of Article IV and section 4 of Article VII of the Constitution, a statement of items to which I object and which I do not approve, contained in Assembly Bill Number 11795, entitled:

## CHAPTER 411

### LINE VETO #219

"AN ACT in relation to implementing certain provisions of law which impact upon the expenditure of certain appropriations made by the chapter of the laws of 2004 which enacts the education, labor and family assistance budget"

Bill Page 97, line 16 through Bill Page 100 line 16, inclusive

#### NOT APPROVED

"§ 117. Notwithstanding any inconsistent provision of law, moneys appropriated in section 1 of the chapter of the laws of 2004 which enacts the education, labor and family assistance budget to the department of labor under the employment and training program from the special revenue funds - federal/aid to localities, federal health and human services fund - 265, for services and expenses of the temporary assistance for needy families block grant and other eligible expenses, including state and local administrative expenses pursuant to the federal social security act and federal personal responsibility and work opportunity reconciliation act of 1996, and chapter 436 of the laws of 1997 enacting comprehensive welfare reform shall be made, provided that the director of the budget does not determine that such use of funds can be expected to have the effect of increasing qualified state expenditures under paragraph 7 of subdivision (a) of section 409 of the federal social security act above the minimum applicable federal maintenance of effort requirement, for services and expenses authorized by the provisions of such appropriation to be provided without state or local financial participation; and for other services and expenses, including transfer to other state agencies or federal block grants, as specifically authorized by law. Notwithstanding any inconsistent provision of law, such reimbursement from such appropriation shall be available only for costs that have been incurred on or after December 2, 1996 unless the federal government specifically provides additional reimbursement for costs incurred prior to such date through grant awards other than those for programs operated under the federal temporary assistance for needy families program block grant and, for reimbursement of costs for federal fiscal years commencing October 1, 1996 and ending September 30, 2005, funds so appropriated shall not be used to provide the state or social services districts with federal reimbursement in addition to that received prior to April 1, 2004 that would increase the rate of federal financial participation in TANF-related costs subject to state-local matching, including those related to the calculation or payment of maintenance of effort liabilities.

Funds so appropriated shall be available for aid to municipalities and for payments to the federal government for expenditures made pursuant to social services law and the state plan for individual and family grant program under the disaster relief act of 1974.

Such funds are to be available for payment of aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, such funds shall be available to the department net of disallowances, refunds, reimbursements, and credits including, but not limited to, additional federal funds resulting from any changes in federal cost allocation methodologies.

Notwithstanding any inconsistent provision of law, funds so appropriated shall be used to reimburse social services district expenditures only to the extent that such reimbursement does not reduce combined state-local liabilities below the minimum applicable percentage of the federal maintenance of effort spending requirement as separately calculated by the commissioner of labor, and approved by the director of the

budget, for the six month periods of April 1, 2004 through September 30, 2004 and October 1, 2004 through March 31, 2005.

Funds so appropriated, subject to the approval of the director of the budget and in accordance with a memorandum of understanding between the office of temporary and disability assistance and the department of labor consistent with federal law and regulations, may be transferred or suballocated to the office of temporary and disability assistance for services and expenses related to employment services for public assistance recipients. Subject to the approval of the director of the budget, funds transferred or suballocated to the office of temporary and disability assistance may be used by the office of temporary and disability assistance directly or, in accordance with a memorandum of understanding, by other state agencies through direct charging of the office of temporary and disability assistance appropriations as approved by the office of temporary and disability assistance.

Subject to the approval of the director of the budget and the commissioner of labor, a portion of the amounts so appropriated may be used by the department of labor or transferred or suballocated to the office of temporary and disability assistance for payment of expenditures or obligations incurred by the office of temporary and disability assistance, such department or social services districts for job placement and retention initiatives, employment services costs, or program operations.

Of the amounts so appropriated, subject to the approval of the director of the budget and notwithstanding any inconsistent provision of law, \$15,000,000 shall be made available without state or local financial participation for formula allocations to local workforce investment areas based on the federal job training partnership act and workforce investment act youth formulas, for the purpose of operating summer 2004 youth programs providing full wage subsidy paid summer employment and associated supportive services to eligible individuals with families under the state plan for the temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level, provided that such services to eligible persons not in receipt of public assistance shall not constitute "assistance" under applicable federal regulations, and provided further that no more than 15 percent of the funds made available may be used for program administration.

Notwithstanding any inconsistent provision of law, of the amounts so appropriated, subject to the approval of the director of the budget, up to \$5,000,000 without state or local financial participation, shall be made available for the provision of transportation services to eligible individuals and families under the state plan for the temporary assistance for needy families block grant whose incomes do not exceed 200 percent of the federal poverty level, for the purpose of transportation to and from employment or other allowable activities; provided however, that unless the eligible individual or family is in receipt of public assistance, receipt of such transportation services may not constitute assistance under federal regulations governing the temporary assistance for needy families block grant. Such amount shall be made available for distribution to social services districts to assist such eligible individuals and families in accessing and securing transportation to and from work activities in accordance with project plans submitted by such districts, or used directly or in consultation with the department of transportation to provide such services. Such funds may be provided to employers for expenses related to the provision of transportation to and from work activities for eligible individuals. Of the \$5,000,000, subject to the approval of the director of the budget, notwithstanding any inconsistent provision of law, up to \$2,125,000 shall be available to the Rochester-Genesee Regional Transportation Authority for the implementation of programs, or the provision of additional transportation services to such eligible individuals and families, for the purpose of transportation to and from employment or other allowable work activities. Of the \$5,000,000, subject to the approval of the director of the budget, notwithstanding any inconsistent provision of law, up to \$250,000 shall be available to the Utica Transit Authority for the implementation of programs, or the provision of additional transportation services to such eligible individuals and families, for the purpose of transportation to and from employment or other allowable activities. Of the \$5,000,000, subject to the approval of the director of the budget, notwithstanding any inconsistent provision of law, up to \$500,000 shall be available for the continuation of the current contracts for wheels for work demonstration programs to assist such eligible individuals and families to procure, repair, finance, and/or insure vehicles needed for transportation to and from employment or allowable work activities to attain or maintain self-sufficiency. The department of labor is hereby authorized and shall extend contracts in effect during fiscal year 2003-2004 for wheels for work demonstration programs at no additional costs within amounts appropriated and unexpended by contractors heretofore and hereafter.

Of the amounts appropriate therein, subject to the approval of the director of the budget, notwithstanding any inconsistent provision of law, up to \$2,000,000 may be available, without state or local financial participation, for services and expenses related to the creation or continuation of displaced homemaker services. Such funds may be used to provide displaced homemaker services to eligible individuals and fami-

lies whose incomes do not exceed 200 percent of the federal poverty level, provided that such services to eligible persons not in receipt of public assistance shall not constitute "assistance" under applicable federal regulations, and may be used for state agency contractors, aid to social services districts, or transfer or suballocation to the office of temporary and disability assistance.

Notwithstanding any inconsistent provision of law, subject to the approval of the commissioner of labor and the director of the budget, up to \$22,053,000 of the funds so appropriated may be used without local financial participation for costs associated with the BRIDGE and EDGE programs, provided however, that, unless otherwise determined by the director of the budget, the rate of state financial participation shall be the same rates as required in the month immediately preceding December 1996. Funds made available therein shall be used for services to individuals and families who, upon determination of eligibility for such programs, are receiving public assistance benefits under the state plan for the temporary assistance for needy families block grant or whose public assistance case includes a dependent child under the age of 18 or under the age of 19 if the child is attending secondary school and is in receipt of safety net assistance; provided, however, that BRIDGE and EDGE programs may allocate up to 80 percent of such funds to individuals and families not in receipt of public assistance but eligible for other TANF benefits whose incomes do not exceed 200 percent of the federal poverty level, provided that such services to eligible persons not in receipt of public assistance shall not constitute "assistance" under applicable federal regulations.

Of the amount so appropriated, up to \$9,500,000 without state or local financial participation shall be used for personal and nonpersonal service costs incurred by the department of labor for providing employment services to eligible applicants for and recipients of public assistance or individuals and families eligible for other benefits under the temporary assistance to needy families block grant whose incomes do not exceed 200 percent of the federal poverty level, provided that such services to eligible persons not in receipt of public assistance shall not constitute "assistance" under applicable federal regulations."

This item, to which I object and do not approve, represents an unconstitutional alteration of an appropriation contained in the Executive Budget submission and is therefore disapproved.
