STATE EDUCATION DEPARTMENT

General Support for Public Schools (GSPS)

A deficiency of $100 million is needed for the 2009-10 SFY to account for the planned $300 million VLT development rights sale ($200 million was already included in the enacted Deficit Reduction Plan). This will require an additional $100 million in VLT Lottery funding, and a commensurate reduction in the general fund General Support for Public Schools (GSPS) appropriation.
