

# **BANKING DEPARTMENT**

## **MISSION**

The Banking Department is charged with protecting the public interest and promoting a desirable business climate by regulating and supervising approximately 2,700 State-chartered banking institutions, and licensees with total assets of approximately \$2.35 trillion. In carrying out this responsibility, the Department approves acquisitions, branch expansions, mergers and other forms of consolidation. It levies fines, orders cessation of unsound financial practices, and replaces management as needed. In addition, the Department is authorized to take possession of failing institutions and to operate or liquidate them for the benefit of depositors and creditors. In exercising this oversight, the Banking Department maintains the highest standards to assure the continued safety and soundness of, and the full public confidence in, the institutions supervised. By dealing decisively with institutions that are not in compliance with banking laws and regulations, or cases of malfeasance, the Department promotes a desirable business climate for all financial institutions operating in New York State.

## **ORGANIZATION AND STAFFING**

The Superintendent of Banks, appointed by the Governor, directs the Department. The Superintendent is also the Chair of the 17-member Banking Board, a quasi-legislative body which regulates the conduct of banking in the State. Members of the Board are appointed by the Governor with the consent of the Senate. They receive travel reimbursement but are not otherwise compensated. The Department maintains offices in Albany, New York City, and Syracuse.

## **BUDGET HIGHLIGHTS**

The Executive Budget recommends **\$107 million All Funds** (\$107 million Special Revenue Funds) for the Banking Department, approximately \$200,000 less than last year's level. The Executive Budget recommends a staffing level of **555 FTEs** for the Banking Department, reflecting no change from the 2009-10 Budget.

The Banking Department's operations are primarily funded through assessments charged to regulated financial institutions and organizations. The remainder of the Department's operating budget is derived from fees such as investigation fees paid by entities applying for licensure or State charter. Of the recommended \$107 million, the Department's operating budget totals \$93 million and the remaining \$14 million is an appropriation to support the State Transmitter of Money Insurance Fund which protects moneys that New Yorkers electronically transfer via commercial third parties.

## **PROGRAM HIGHLIGHTS**

To ensure the safety and soundness of banking institutions, the Department monitors these institutions to identify problems and works with management to promptly solve them. This responsibility is carried out through annual on-site examinations of most State-chartered institutions, the regular review of institutional financial reports and periodic site visits.

## BANKING

To ensure that State-chartered banking institutions are complying with State laws and regulations and that no individuals are unfairly denied credit, Department employees conduct consumer compliance examinations and resolve consumer complaints. Other staff monitors whether institutions are helping to meet the credit and banking needs of local communities as required by various State laws.

The Department's investigation and prosecution of criminal banking activities protects the public and provides support to institutions that abide by applicable laws and regulations. Lastly, the Department continues to review its internal programs, policies and procedures in order to respond to the changing financial services environment and to promote a strong and healthy financial services industry.

Additionally, the Department is actively engaged with supervised institutions and the regulatory community to bring about subprime lending reform. Pursuant to legislation signed by Governor Paterson in 2008, the Department oversees protections of at risk homeowners. The Holocaust Claims Processing Office, established in 1997, assists Holocaust survivors and their heirs in their search for assets that are held by banks, insurance companies and other institutions. The 2010-11 Executive Budget includes \$1 million in Federal funds in support of this office.
