department of agriculture business and industrial guaranteed loans.
United States small business administration loan providers, credit
unions and community banks, in order to provide funding for those insti-
tutions' loans to small businesses, located within New York state, that
generate economic growth and job creation within New York state but that
are unable to obtain adequate credit or adequate terms for such credit.
As used in this section "small business" means a business that is resi-
dent in New York state, independently owned and operated, not dominant
in its field, and employs one hundred or fewer persons.

2. In order for a financial institution to be eligible to receive
program funds, it must have staff with sufficient expertise to analyze
small business applications for program loans, evaluate the creditwor-
thinness of small businesses, and regularly monitor program loans. The
institute shall review every program loan application in order to
determine, among other things, the feasibility of the proposed use of
the requested financing by the small business applicant, the likelihood
of repayment and the potential that the loan will generate economic
development and jobs within New York state. The corporation shall iden-
tify eligible financial institutions through one or more competitive
statewide or local request for proposal processes.

3. Program loans to small businesses shall be used for: (a) working
capital, provided that the term of the loan does not exceed five years;
(b) the acquisition and/or improvement of real property; (c) the acquis-
tion of machinery and equipment, provided that the term of the loan
does not exceed the shorter period of seven years or the useful life of
the equipment, property or improvement; and (d) the refinancing of debt
obligations. There shall be two categories of loans to small businesses:
a micro loan that shall have a principal amount that is less than twenty-
five thousand dollars and a regular loan that shall have a principal
amount not less than twenty-five thousand dollars. Prior to receiving
program funds, the institution must certify to the corporation that such
loan complies with this section and rules and regulations promulgated
for the program and that the institution has performed its obligations
pursuant to and is in compliance with this section, the program rules
and regulations and all agreements entered into between the corporation
and the institution. The program funds amount used by the institution to
fund a program applicant loan shall not be more than fifty percent of
the principal amount of such loan, and shall not be greater than one
hundred and twenty-five thousand dollars.

4. Program funds shall not be used for: (a) projects that would result
in the relocation of any business operation from one municipality within
the state to another, except under one of the following conditions: (i)
when a business is relocating within a municipality with a population of
at least one million where the governing body of such municipality
approves such relocation; or (ii) the financial institution notifies

pers, broadcasting or other news media; medical facilities, libraries,
community or civic centers; or public infrastructure improvements; and
(c) providing funds, directly or indirectly, for payment, distribution,
or as a loan, to owners, members, partners or shareholders of the appli-
cant business, except as ordinary income for services rendered.

5. With respect to its program loans, the financial institution may
charge application, commitment and loan guarantee fees pursuant to a
schedule of fees adopted by the institution and approved by the corpo-
ration.
6. Each program funds disbursement to a financial institution by the corporation shall constitute a loan to the institution. The term of the loan shall commence upon disbursement of the program funds by the corporation to the institution. The loan shall carry a low interest rate determined by the corporation based on then prevailing interest rates and the circumstances of the financial institution. As determined by the corporation, a portion of the loan may be used to fund the institution's administrative expenses with respect to the program and a portion of the loan may be forgivable. Notwithstanding the performance of the loans made by the institution using program funds, the financial institution shall remain liable to the corporation with respect to any unpaid amounts due from the institution pursuant to the terms of the corporation's loans to the institution.

7. Notwithstanding any provision of law to the contrary, the corporation may establish a program fund for program use and pay into such fund any funds available to the corporation from any source that are eligible for program use, including moneys appropriated by the state.

8. With respect to a financial institution's program loan applicants, no person who is a member of the board or other governing body, officer, employee, or member of a loan committee, or a family member of any such person of the institution shall participate in any decision on such application if such person is a party to or has a financial or personal interest in such loan. Any person who cannot participate in a loan application decision for such reasons shall not be counted as a member of the loan committee, board or other governing body for purposes of determining the number of members required for approval of such application.

9. The financial institution shall submit to the corporation annual reports stating: the number of program loans made; the amount of program funding used for loans; the use of loan proceeds by the borrower; the number of jobs created or retained; a description of the economic development generated; the status of each outstanding program loan; and such other information as the corporation may require.

The corporation may conduct audits of the financial institution in order to ensure compliance with the provisions of this section, any regulations promulgated with respect thereto and agreements between the institution and the corporation of all aspects of the use of program funds and program loan transactions. In the event that the corporation finds substantive noncompliance, the corporation may terminate the institution's participation in the program.

11. Upon termination of a financial institution's participation in the program, the institution shall return to the corporation, promptly after its demand therefor, all program fund proceeds held by the institution; and provide to the corporation, promptly after its demand therefor, an accounting of all program funds received by the institution, including all currently outstanding loans that were made using program funds. (c) Any professional mixed martial arts participant licensed under this chapter shall, as a condition of licensure, waive right of confidentiality of medical records relating to the diagnosis or treatment of any physical condition which relates to his or her ability to fight. All medical reports submitted to, and all medical records of the medical advisory board or the commission relative to the physical examination or condition of professional mixed martial arts participants shall be considered confidential, and shall be open to examination only to the commission or its authorized representative, to the licensed participant, manager or chief second upon written application to examine said records, or upon the order of a court of competent jurisdiction in an appropriate case.

10. Financial interest in professional mixed martial arts participants prohibited. No person or entity shall have, either directly or indirectly, any financial interest in a professional mixed martial arts participant competing on premises owned or leased by the person or entity, or in which such person or entity is otherwise interested except pursuant to the specific written authorization of the commission.

11. Payments not to be made before contests. No professional mixed martial arts participant shall be paid for services before the contest, and should it be determined by the commission that such participant did not give an honest exhibition of his skill, such service shall not be paid for.

12. Sham or collusive events. (a) Any person, including any corporation and the officers thereof, any physician, limited liability company, referee, judge, professional mixed martial arts participant, manager, trainer or chief second, who shall promote, conduct, give or participate in any sham or collusive professional mixed martial arts match or exhibition, shall be deprived of his, her, or its license by the commission.

(b) No licensed entity shall knowingly engage in a course of conduct in which professional mixed martial arts matches or exhibitions are arranged where one professional mixed martial arts participant has skills or experience significantly in excess of his or her opponent so that a mismatch results with the potential of physical harm to either participant. If such action occurs, the commission may intervene and prohibit such match or exhibition and may exercise its powers to discipline under subdivisions 13 and 14 of this section, provided that nothing in this subdivision shall authorize the commission to intervene or prohibit a professional mixed martial arts match or exhibition solely on the basis of the difference between respective participant's martial arts disciplines.
13. Imposition of penalties for violations. Any entity, licensed under
the provisions of this section, that shall knowingly violate any rule,
regulation, or order of the commission or any provision of this section,
in addition to any other penalty by law prescribed, shall be liable for
a civil penalty not exceeding ten thousand dollars for the first offense
and not exceeding twenty-five thousand dollars for the second and each
subsequent offense, to be imposed by the commission, to be sued for by
the attorney general in the name of the people of the state of New York
if directed by the commission. The amount of the penalty collected by
the commission or recovered in any such action, or paid to the commis-
sion upon a compromise as hereinafter provided, shall be transmitted by
the department of state into the state treasury and credited to the
general fund. The commission, for cause shown, may extend the time for
the payment of such penalty and, by compromise, may accept less than the
amount of such penalty as imposed in settlement thereof.

14. Revocation or suspension of licenses. (a) Any license issued under
the provisions of this section may be revoked or suspended by the
commission for the reason therein stated, that the licensee has, in the
judgment of the commission, been guilty of an act detrimental to the
interests of professional mixed martial arts generally or to the public
interest, convenience or necessity.

(b) Without otherwise limiting the discretion of the commission as
provided in this section, the commission may suspend or revoke a license
or refuse to renew or issue a license, if it shall find that the appli-

(2) is associating or consorting with any person who has or persons who
have been convicted of a crime or crimes in any jurisdiction or juris-

which shall have been approved or adopted by the commission, or has been
guilty of or engaged in similar, related or like practices; or (5) has
not acted in the best interest of mixed martial arts. All determi-
nations to issue, renew, suspend or revoke a license shall be made in
accordance with subdivision 16 of section 296 of the executive law and
article 23-A of the correction law as applicable.

(c) No participant may, under any circumstances, compete or appear in
a professional mixed martial arts match or exhibition within ninety days
of having suffered a knockout or technical knockout in any such match or
exhibition without clearance by the commission, or within ninety days of
being rendered unconscious in any such match or exhibition where there
is evidence of head trauma as determined by the attending commission
physician and shall undergo such examinations as required under para-
graph (b) of subdivision 20 of this section. The professional mixed
martial arts participant shall be considered suspended from professional
mixed martial arts matches or exhibitions by the commission and shall
forfeit his license to the commission during such period and such
license shall not be returned to the participant until the participant
has met all requirements, medical and otherwise, for reinstatement of
such license. All such suspensions shall be recorded in the partic-
ipant's license by a commission official.

(d) The commission may at any time suspend, revoke or deny a partic-
ipant's license or temporary working permit for medical reasons.
(e) Notwithstanding any other provision of law, if any other state shall revoke a licensee's license to compete or appear in a professional mixed martial arts match or exhibition in that state based on a knowing and intentional engagement in any prohibited practices of such state, the commission may act to revoke any license to compete or appear in a professional mixed martial arts match or exhibition issued to such licensee pursuant to the provisions of this section.

(f) The commission may suspend any license it has issued by a dated notice to that effect to the suspended licensee, mailed or delivered to the licensee, and specifying the effective date and term of the suspension, provided however that the commission representative in charge of a contest or exhibition may then and there temporarily suspend any license issued by the commission without such notice. In the event of a temporary suspension, the commission shall mail or deliver the notice to the suspended licensee within three business days after the temporary suspension. In either case such suspension may be without any advance hearing. Upon the receipt of such notice of suspension, the suspended licensee may apply to the commission for a hearing on the matter to determine whether such suspension should be rescinded. Such application for a hearing must be in writing and must be received by the commission within thirty days after the date of notice of suspension. The commission shall have the authority to revoke any license issued by it. Before any license is so revoked, the licensee will be offered the opportunity at a hearing held by or on behalf of the commission to show cause why the license should not be revoked. The commission shall offer the opportunity for a hearing to an affected person before taking any final action negatively affecting such person's individual privileges or property granted by a license duly issued by the commission or a contract approved by and filed with the commission. In all such hearings, licensees and other witnesses shall testify under oath or affirmation, which may be administered by any commissioner or authorized representative of the commission actually present. The commission shall be the sole judge of the relevancy and competency of testimony and other evidence, the credibility of witnesses, and the sufficiency of evidence. Hearings may be conducted by representatives of the commission in the discretion of the commission. In such cases, the commission representatives conducting the hearing shall submit findings of fact and recommendations to the commission, which shall not be binding on the commission.

15. Advertising matter to state admission price. It shall be the duty of every entity promoting or conducting a professional mixed martial arts match or exhibition subject to the provisions of this section to cause to be inserted in each show card, bill, poster, newspaper advertisement of any professional mixed martial arts match or exhibition given by it, the price of admission thereto. permitted to attend as a spectator; provided, however, that a person
under the age of sixteen shall be permitted to attend as a spectator if
accompanied by a parent or guardian.

19. Regulation of conduct of matches or exhibitions. (a) Except for
championship matches, which shall not be more than five rounds, no
professional mixed martial arts match or exhibition shall be more than
three rounds in length. No participant shall be allowed to participate
in more than three matches or exhibitions or compete for more than sixty
minutes within seventy-two consecutive hours. No participant shall be
allowed to compete in any such match or exhibition without wearing a
mouthguard and a protective groin cup. At each professional mixed
martial arts match or exhibition, there shall be in attendance a duly
licensed referee who shall direct and control the same. Before starting
such contest the referee shall ascertain from each participant the name
of his or her manager or chief second, and shall hold such manager or
chief second responsible for the conduct of his or her assistant seconds
during the progress of the match or exhibition. The commission shall
have the power in its discretion to declare forfeited any prize, remun-
eration or purse, or any part thereof, belonging to the participants or
one of them, or the share thereof of any manager or chief second if in
its judgment, such participant or participants are not honestly compet-
ing or the participant or manager or chief second of a participant, as
the case may be, has committed an act in the premises in violation of
any rule, regulation, or order of the commission or provision of this
section. The amount so forfeited shall be paid within forty-eight hours
to the commission. There shall also be in attendance, three duly
licensed judges who shall at the termination of each such professional
mixed martial arts match or exhibition render their decision. The
winner of such match or exhibition shall be determined in accordance
with a scoring system prescribed by the commission. Provided, however,
that a participant may terminate the contest by signalling to the refer-
ee that such participant submits to the opponent.

(b) The commission may by rule, regulation or order, require the pres-
ence of any medical equipment and personnel at each professional mixed
martial arts match or exhibition as is necessary or beneficial for the
safety and protection of the participants; and may also require the
presence of an ambulance or other apparatus at the site of any such
match or exhibition or the promulgation of an emergency medical plan in
lieu thereof.

(c) The commission shall prescribe by rule or regulation the responsi-

after a professional mixed martial arts match or exhibition in order to
promote the safety of the participants at all times.

exhibition history including the dates, location, and decision of such
matches or exhibitions; and (3) the participant's medical history,

relates to his or her ability to fight, and a record of all medical
suspensions.

20. Examination by physician; cost. (a) All participants must be exam-

ring and each such physician shall immediately file with the commission
a written report of such examination. The cost of any such examination,
as prescribed by a schedule of fees established by the commission, shall
be paid by the person or entity conducting the match or exhibition to
the commission, which shall then pay the fee covering such cost to the
examining physician, in accordance with the rules of the commission.

(b) Any professional mixed martial arts participant licensed or
permitted under this section rendered unconscious or suffering head
trauma as determined by the attending physician shall be immediately
examined by the attending commission physician and shall be required to
undergo neurological and neuropsychological examinations by a neurolo-
gist including but not limited to a computed tomography or medically
equivalent procedure. Any participant so injured shall not appear in any
match or exhibition until results of such examinations are reviewed by
the commission. The results of all such examinations herein required
shall become a part of the participant's permanent medical records as
maintained by the commission and shall be used by the commission to
determine whether a participant shall be permitted to appear in any
future professional mixed martial arts match or exhibition. The costs
of all such examinations called for in this paragraph shall be assumed
by the person or entity or promoter if such examinations are performed
by a physician approved by the commission.

(c) In addition to any other examination provided for in this section,
the commission may at any time require a licensed or permitted partic-
ipant to undergo a physical examination, including any neurological or
neuropsychological test or procedure. The cost of an exam pursuant to
this paragraph shall be assumed by the state.

21. Physician to be in attendance; powers of such physician. (a) It
shall be the duty of every entity licensed to conduct a professional
mixed martial arts match or exhibition, to have in attendance at such
match or exhibition at least one physician designated by the commission
as the rules shall provide. The commission may establish a schedule of
fees to be paid by the licensee to cover the cost of such attendance.
Such fees shall be paid to the commission, which shall then pay such
fees to the physicians entitled thereto, in accordance with the rules of
the commission.

(b) The physician shall terminate any professional mixed martial arts
match or exhibition if in the opinion of such physician any participant
has received severe punishment or is in danger of serious physical inju-
ry. In the event of any serious physical injury, such physician shall
immediately render any emergency treatment necessary, recommend further
treatment or hospitalization if required, and fully report the entire
matter to the commission within twenty-four hours and if necessary,
subsequently thereafter. Such physician may also require that the
injured participant and his or her manager or chief second remain in the
ring or on the premises or report to a hospital after the contest for
such period of time as such physician deems advisable.
(c) Such physician may enter the ring at any time during a professional mixed martial arts match or exhibition and may terminate the match or exhibition if in his or her opinion the same is necessary to prevent severe punishment or serious physical injury to a participant.

22. Bond. Before a license shall be granted to a person or entity to conduct a professional mixed martial arts match or exhibition, the applicant shall execute and file with the state comptroller a bond in an amount to be determined by the commission, to be approved as to form and sufficiency of sureties thereon by the comptroller, conditioned for the faithful performance by such entity of the provisions of this section and the rules and regulations of the commission, and upon the filing and approval of such bond the state comptroller shall issue to such applicant a certificate of such filing and approval, which shall be by such applicant filed in the office of the commission with its application for license, and no such license shall be issued until such certificate shall be filed. In case of default in such performance, the commission may impose upon the delinquent a penalty in the sum of not more than one thousand dollars for each offense, which may be recovered by the attorney general in the name of the people of the state of New York in the same manner as other penalties are recovered by law; any amount so recovered shall be paid into the general fund of the state.

The commission may, in its discretion, increase the amount of such minimum limits.

(b) The failure to pay premiums on such insurance as is required by paragraph (a) of this subdivision shall be cause for the suspension or revocation of the license of such defaulting promoter.

25. Notice of contest; collection of tax. (a) Every person or entity holding any professional mixed martial arts match or exhibition for which an admission fee is charged or received or which is to be broadcast or for which a participant receives consideration of any kind, shall notify the athletic commission ten days in advance of the holding of such contest. All tickets of admission to any such match or exhibition shall be procured from a printer duly authorized by the state athletic commission to print such tickets and shall bear clearly upon
the face thereof the purchase price and location of same. An entity
failing to fully comply with this section shall be subject to a penalty
of five hundred dollars to be collected by and paid to the department of
state, as well as any penalty imposed by the tax law. A person or entity
is prohibited from operating any matches or exhibitions until all penal-
ties due pursuant to this subdivision and all taxes, interest and penal-
ties due pursuant to articles 19, 28 and 29 of the tax law have been
paid.
(b) The athletic commission shall provide the commissioner of taxation
and finance with such information and technical assistance as may be
necessary for the proper administration of any tax administered by such
commissioner.
26. Regulation of judges. (a) Judges for any professional mixed
martial arts match or exhibition under the jurisdiction of the commis-
sion shall be selected by the commission from a list of qualified
licensed judges maintained by the commission.
(b) Any professional mixed martial arts participant, manager or chief
second may protest the assignment of a judge to a professional mixed
martial arts match or exhibition and the protesting professional mixed
martial arts participant, manager or chief second may be heard by the
commission or its designee if such protest is timely. If the protest is
untimely it shall be summarily rejected.
(c) Each person seeking to be licensed as a judge by the commission

program as approved by the commission and shall have passed a written
examination approved by the commission covering aspects of professional
mixed martial arts including, but not limited to, the rules of the

aid. The commission shall establish continuing education programs to
keep licensees current on areas of required knowledge.
(d) Each person seeking a license to be a professional mixed martial
arts judge in this state shall be required to fill out a financial ques-

judge's financial situation on a questionnaire to be promulgated by the
commission. Such questionnaire shall be in a form and manner approved by
the commission and shall provide information as to areas of actual or
potential conflicts of interest as well as appearances of such
conflicts, including financial responsibility. Within forty-eight hours
of any professional mixed martial arts match or exhibition, each mixed
martial arts judge shall file with the commission a financial disclosure
statement in such form and manner as shall be acceptable to the commis-
sion.
(e) Only a person licensed by the commission may judge a professional
mixed martial arts match or exhibition.
