Notes:

- (1) - The 2010-11 enacted budget reduction is either 2 percent or 5 percent from 2009-10 Enacted Budget levels (i.e., prior to the 2009-10 Deficit Reduction Plan), depending on whether AIM was more than or less than 10 percent of the municipality's total revenues.
- (2) - The FMAP contingency reduction equals 1.1 percent of all payments scheduled to be made on or after September 16, 2010, as required pursuant to Chapter 313 of the Laws of 2010, which established the contingency plan to make up for the loss of about \$280 million in anticipated Federal Medical Assistance Percentages (FMAP) funding.
- (3) - Because the Village of Pike dissolved effective December 31, 2009, the former Village's AIM funding will now be paid to the Town of Pike.
