Total ..... 103,000  
=====

and insert

"For services and expenses related to capital facilities; provided, however, not less than 80.46875 percent of the funds appropriated herein shall be used for services and expenses related to alterations and improvements to existing capital facilities for capital maintenance, including but not limited to capital design, construction, reconstruction, rehabilitation, and equipment; for health and safety, preservation of facilities, program improvement or program change, environmental protection, energy conservation, accreditation, facilities for the physically disabled, preventative maintenance and related projects, including costs incurred prior to April 1, 2015.

Provided further, however, that notwithstanding the provisions of article 5 of the general construction law or any other law or regulation to the contrary, for the purposes of this appropriation and to secure greater savings for the public and ensure quality workmanship on such projects as may be impacted, section 17 of part F of chapter 56 of the laws of 2011, constituting the infrastructure investment act ("Act"), is amended to remove the repealer contained therein to continue the Act in full force and effect as it existed on December 8, 2014, with the following amendments to sections two, three, four, eight, and seventeen of the Act: authorized state entities may also use the alternative delivery method referred to as design-build contracts for capital projects related to buildings as well as to any projects undertaken by an authorized state entity in agreement with another party; "authorized state entity" shall mean any state agency as such term is defined in section 160 of the state finance law and any state authority as such term is defined in section 2 of the public authorities law, the city university of New York, and the state university of New York; in addition to other laws notwithstanding, the Act also notwithstanding the provisions of sections 1678, 1680 and 1680-a of the public authorities law, sections 407-a and 6281 of the education law, sections 8 and 9 of the public buildings law, section 11 of chapter 795 of the laws of 1967, sections 8 and 9 of section 1 of chapter 359 of the laws of 1968 as amended, section 29 of chapter 337 of the laws of 1972, and section 21 of chapter 464 of the laws of 1972; an authorized state entity that requires a contractor to prepare separate specifications in accordance with section 135 of the state finance law shall be deemed to be in compliance with the provisions of such law; all capital projects using a design-build contract that are estimated to cost in excess of \$50 million, a project labor agreement, as defined in section 222 of the labor law, shall be included in the request for proposals for the capital project unless, based upon a feasibility study examining the potential cost saving and efficiencies of a project labor agreement, the authorized state entity cannot determine that a project labor agreement would result in labor cost savings of at least five percent and that its interest in obtaining the best work at the lowest possible price, preventing favoritism, fraud and corruption, and other considerations such as the impact of delay, the possibility of cost savings advantages, and any history of labor unrest, are best met by requiring a project labor agreement; and any contract awarded pursuant to the Act shall be deemed to be awarded pursuant to a competitive procurement for purposes of public authorities law section 2879-a.

Provided further, that no funding from the portion of this appropriation authorized pursuant to the preceding paragraphs shall be made available until a comprehensive system wide plan based on prioritized infrastructure improvement needs is developed by the city university construction fund and approved by the director of the budget.

Provided further however, notwithstanding the foregoing paragraphs, in order to complement and enhance the economic benefits that the city university of New York produces for the state, not less than 19.53125 percent of the funds

appropriated herein shall be for the regional economic development council initiative. Such funds shall be available for services and expenses, loans, and grants. Funding will be pursuant to a plan developed by the chief executive officer of the New York state urban development corporation and based in part on a competitive selection process among the regional economic development councils and will support initiatives based on anticipated economic development benefits. Such moneys will be awarded by the New York state urban development corporation at its discretion.

All or a portion of the funds appropriated herein may be suballocated or transferred to any department, agency, or public authority for the purposes set forth above, in accordance with the percentages of prescribed uses referenced above

Provided further, no funds appropriated herein may be made available unless the director of the budget has approved a plan that determines all proposed uses of the funds to be in the public interest (30031550)

"For services and expenses related to capital facilities; provided, however, not less than 88.8888889 percent of the funds appropriated herein shall be used for services and expenses related to alterations and improvements to existing capital facilities for capital maintenance, including but not limited to services and expenses, service agreements or service contracts and memoranda of understanding; for capital design including the cost of services provided by private firms, including preparation of designs, plans, specifications and estimates; facility reconstruction, rehabilitation, equipment; for health and safety improvements and upgrades to preserve or enhance facility functioning; for program improvements or program change; to support improvements in technology, research, environmental protection, energy and resource conservation, and accreditation; to finance costs attributable to executive order 88, ADA and code compliance needs, claims, emergencies and remediation of environmental hazards; to ensure the functionality of major building systems such as fire alarms and sprinklers, electrical, mechanical, plumbing, heating/cooling systems and supporting infrastructure, including underground utilities; and to provide for facilities for the disabled and related projects including costs incurred prior to April 1, 2015.

Provided further, however, that notwithstanding the provisions of article 5 of the general construction law or any other law or regulation to the contrary, for the purposes of this appropriation and to secure greater savings for the public and ensure quality workmanship on such projects as may be impacted, section 17 of part F of chapter 56 of the laws of 2011, constituting the infrastructure investment act ("Act"), is amended to remove the repealer contained therein to continue the Act in full force and effect as it existed on December 8, 2014, with the following amendments to sections two, three, four, eight, and seventeen of the Act: authorized state entities may also use the alternative delivery method referred to as design-build contracts for capital projects related to buildings as well as to any projects undertaken by an authorized state entity in agreement with another party; "authorized state entity" shall mean any state agency as such term is defined in section 160 of the state finance law and any state authority as such term is defined in section 2 of the public authorities law, the city university of New York, and the state university of New York; in addition to other laws notwithstanding, the Act also notwithstanding the provisions of sections 1678, 1680 and 1680-a of the public authorities law, sections 407-a and 6281 of the education law, sections 8 and 9 of the public buildings law, section 11 of chapter 795 of the laws of 1967, sections 8 and 9 of section 1 of chapter 359 of the laws of 1968 as amended, section 29 of chapter 337 of

the laws of 1972, and section 21 of chapter 464 of the laws of 1972; an authorized state entity that requires a contractor to prepare separate specifications in accordance with section 135 of the state finance law shall be deemed to be in compliance with the provisions of such law; all capital projects using a design-build contract that are estimated to cost in excess of \$50 million, a project labor agreement, as defined in section 222 of the labor law, shall be included in the request for proposals for the capital project unless, based upon a feasibility study examining the potential cost saving and efficiencies of a project labor agreement, the authorized state entity cannot determine that a project labor agreement would result in labor cost savings of at least five percent and that its interest in obtaining the best work at the lowest possible price, preventing favoritism, fraud and corruption, and other considerations such as the impact of delay, the possibility of cost savings advantages, and any history of labor unrest, are best met by requiring a project labor agreement; and any contract awarded pursuant to the Act shall be deemed to be awarded pursuant to a competitive procurement for purposes of public authorities law section 2879-a.

Provided further, that no funding from the portion of this appropriation authorized pursuant to the preceding paragraphs shall be made available until a comprehensive system wide plan based on prioritized infrastructure improvement needs is developed by the state university construction fund and approved by the director of the budget.

Provided further however, notwithstanding the foregoing paragraphs, in order to complement and enhance the economic benefits that the state university of New York produces for the state, not less than 11.11111111 percent of the funds appropriated herein shall be for the regional economic development council initiative. Such funds shall be available for services and expenses, loans, and grants. Funding will be pursuant to a plan developed by the chief executive officer of the New York state urban development corporation and based in part on a competitive selection process among the regional economic development councils and will support initiatives based on anticipated economic development benefits. Such moneys will be awarded by the New York state urban development corporation at its discretion.

All or a portion of the funds appropriated herein may be suballocated or transferred to any department, agency, or public authority for the purposes set forth above, in accordance with the percentages of prescribed uses referenced above

Provided further, no funds appropriated herein may be made available unless the director of the budget has approved a plan that determines all proposed uses of the funds to be in the public interest (28F11503) ..... 225,000,000"

"For purposes of section 385 of the public authorities law, payments made from the 15.316 percent of the funds appropriated in the following capital projects appropriation, identified by reference number 17A31522, for the costs of state highways, parkways, bridges, the New York State Thruway, Indian reservation roads, and facilities for which the responsibility is vested with the state department of transportation, as well as payments made from the funds appropriated in the following capital projects appropriation, identified by reference number 17A41522, for the costs of the acquisition of property, shall be deemed to be disbursements made for activities authorized pursuant to the provisions of section 89-b of the state finance law.

In order to complement and enhance the economic benefits that the Department of Transportation construction program produces for upstate regions, not less than 18.531 percent of the funds appropriated in the following capital projects appropriation, identified by reference number 17A31522, shall be for the upstate revitalization initiative. Such upstate revitalization funds shall be for services and expenses, loans, grants, workforce development, business and tourism plan development, costs associated with program administration, and the payment of personal

services, nonpersonal services and contract services provided by private firms to support economic development projects, including the payment of liabilities incurred prior to April 1, 2015. Funding shall only be made available pursuant to a plan developed by the chief executive officer of the New York state urban development corporation which shall prescribe a competitive selection process among the regional economic development councils that awards funds to the regional plans that best support job creation and retention, leverage private sector investment and produce economic development benefits. Such moneys will be awarded by the New York state urban development corporation at its discretion.

In order to improve the technological connectivity of the state in a manner coordinated and consistent with improvement of transportation connectivity, not less than 18.531 percent of the funds appropriated in the following capital projects appropriation, identified by reference number 17A31522, shall be for the New NY broadband initiative, to support the development of infrastructure to bring high-speed internet access to underserved regions throughout the state, and to support the development of other telecommunications infrastructure.

In order to provide for transportation improvements on the State's transportation system and to minimize impacts on New York State Thruway Authority tolls, not less than 47.622 percent of the funds appropriated in the following capital projects appropriation, identified by reference number 17A31522, shall be for the Thruway stabilization program, for the payment of costs related to the New NY bridge and bridge-related transportation improvements, and for other costs of the thruway authority including, but not limited to, its core capital program. Costs may include, but not be limited to, construction, reconstruction, reconditioning and preservation, including work appurtenant and ancillary thereto, may include the acquisition of property, and may include engineering services, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; appraisals, surveys, testing and environmental impact statements; personal services, nonpersonal services, fringe and indirect costs and the services provided by private firms.

Funds appropriated in the following capital projects appropriation, identified by reference number 17A31522, may be used for the payment of liabilities incurred prior to April 1, 2015 and may be suballocated or transferred to any department, agency, or public authority for the purposes set forth above, in accordance with the percentages of prescribed uses referenced above.

No funds may be made available from the following capital projects appropriation, identified by reference number 17A31522, unless the director of the budget has approved a plan that determines all proposed uses of the funds to be in the public interest.

Provided, however, that notwithstanding the provisions of article 5 of the general construction law or any other law or regulation to the contrary, for the purposes of this appropriation and to secure greater savings for the public and ensure quality workmanship on such projects as may be impacted, section 17 of part F of chapter 56 of the laws of 2011, constituting the infrastructure investment act ("Act"), is amended to remove the repealer contained therein to continue the Act in full force and effect as it existed on December 8, 2014, with the following amendments to sections two, three, four, eight, and seventeen of the Act: authorized state entities may also use the alternative delivery method referred to as design-build contracts for capital projects related to buildings as well as to any projects undertaken by an authorized state entity in agreement with another party; "authorized state entity" shall mean any state agency as such term is defined in section 160 of the state finance law and any state authority as such term is defined in section 2 of the public authorities law, including the department of transportation and the thruway authority; in addition to other laws notwithstanding, the Act

also notwithstanding the provisions of sections 1678, 1680 and 1680-a of the public authorities law, sections 407-a and 6281 of the education law, sections 8 and 9 of the public buildings law, section 11 of chapter 795 of the laws of 1967, sections 8 and 9 of section 1 of chapter 359 of the laws of 1968 as amended, section 29 of chapter 337 of the laws of 1972, and section 21 of chapter 464 of the laws of 1972; an authorized state entity that requires a contractor to prepare separate specifications in accordance with section 135 of the state finance law shall be deemed to be in compliance with the provisions of such law; for all capital projects using a design-build contract that are estimated to cost in excess of \$50 million, a project labor agreement, as defined in section 222 of the labor law, shall be included in the request for proposals for the capital project unless, based upon a feasibility study examining the potential cost saving and efficiencies of a project labor agreement, the authorized state entity cannot determine that a project labor agreement would result in labor cost savings of at least five percent and that its interest in obtaining the best work at the lowest possible price, preventing favoritism, fraud and corruption, and other considerations such as the impact of delay, the possibility of cost savings advantages, and any history of labor unrest, are best met by requiring a project labor agreement; and any contract awarded pursuant to the Act shall be deemed to be awarded pursuant to a competitive procurement for purposes of public authorities law section 2879-a."

".

In order to complement and enhance the economic benefits that the consolidated local street and highway improvement program produces for upstate regions, not less than 34.409 percent of the funds appropriated herein shall be for the upstate revitalization initiative. Such upstate revitalization funds shall be for services and expenses, loans, grants, workforce development, business and tourism plan development, costs associated with program administration, and the payment of personal services, nonpersonal services and contract services provided by private firms to support economic development projects, including the payment of liabilities incurred prior to April 1, 2015. Funding shall only be made available pursuant to a plan developed by the chief executive officer of the New York state urban development corporation which shall prescribe a competitive selection process among the regional economic development councils that awards funds from all upstate revitalization appropriations to the three regional plans that best support job creation and retention, leverage private sector investment and produce economic development benefits. Such moneys will be awarded by the New York state urban development corporation at its discretion.

In order to complement and enhance the financial and budgetary benefits that the consolidated local street and highway improvement program produces for local governments, not less than 10.323 percent of the funds appropriated herein shall be for municipal restructuring, for payments to local governments and school districts for capital and other expenses related to the implementation of local government and school district shared services, cooperation agreements, mergers, and other actions that reduce operational costs and related property tax burdens on a permanent basis, as selected through an application process developed by the secretary of state, provided, however, that school districts' expenditures of the funds appropriated herein shall not be eligible for aid under any provision of the education law; and for payments of grants, awards, and aid provided through the local government efficiency grant program, the citizen empowerment tax credit, local government citizens reorganization empowerment grant program, and the local government performance and efficiency program, as authorized by section 54 of the state finance law.

In order to complement and enhance the improvements to the state's readiness and resiliency that is provided by the consolidated local street and highway improvement program, not less than 10.323 percent of the funds appropriated herein shall be used to prepare for, prevent, deter, or respond to acts of terrorism; natural or man-made disasters, including severe weather events; risks to public safety, health, and/or other emergencies.

In order to complement and enhance the economic benefits that the consolidated local street and highway improvement program provides for rural communities, and notwithstanding Section 163 of the state finance

law or any other law to the contrary, not less than 3.441 percent of the funds appropriated herein shall be for services and expenses of the southern tier agricultural industry enhancement and hudson valley farmland protection programs, including but not limited to grants or payments to farm owners and related industries, not for profit conservation organizations and local governments, to protect, maintain, develop and grow farm, agricultural and related industries located in the southern tier and hudson valley, as defined by the commissioner of agriculture and markets.

In order to complement and enhance the preservation and improvement of the state's infrastructure that is provided by the consolidated local street and highway improvement program, not less than 7.913 percent of the funds appropriated herein shall be for infrastructure improvements, to support transportation, upstate transit, rail, airport, port and other infrastructure improvements or economic development projects.

In order to complement and enhance the economic benefits that the consolidated local street and highway improvement program produces for the state, not less than 3.441 percent of the funds appropriated herein shall be for the regional economic development council initiative. Funds appropriated herein shall be available for services and expenses, loans, and grants. Funding will be pursuant to a plan developed by the chief executive officer of the New York state urban development corporation and based in part on a competitive selection process among the regional economic development councils and will support initiatives based on anticipated economic development benefits. Such moneys will be awarded by the New York state urban development corporation at its discretion.

Use of funds appropriated herein may include the payment of liabilities incurred prior to April 1, 2015. All or a portion of the funds appropriated herein may be suballocated or transferred to any department, agency, or public authority for the purposes set forth above, in accordance with the percentages of prescribed uses referenced above.

No funds appropriated herein may be made available unless the director of the budget has approved a plan that determines all proposed uses of the funds to be in the public interest."

"Provided, that notwithstanding any law, rule, regulation or any memorandum of understanding to the contrary:

(A) no contract or grant agreement requested by a legislative sponsor as that term is defined below shall be executed on or after July 15, 2015, unless all of the following additional conditions are satisfied:

(1) each legislative sponsor of such contract or grant agreement submits a written declaration to the director of the division of the budget, signed and attested to by such sponsor under the penalty of perjury, that

(a) the requested contract or grant agreement is for a lawful purpose and that all funds expended pursuant to the terms of the contract or grant agreement are intended to be used and will be used solely and directly for the public purpose or purposes specified in the contract or grant agreement, and

(b) the legislative sponsor, the legislative sponsor's spouse, the natural or adopted descendants of the legislative sponsor or of the legislative sponsor's spouse, any sibling of the legislative sponsor or of the legislative sponsor's spouse, any person sharing the home of any of the foregoing, or any staff member, employee, or agent of the legislative sponsor has (i) no financial interest, direct or indirect, in connection with the requested contract or grant agreement, (ii) not received and will not receive any financial benefit, either directly or indirectly from the contractor or grantee that is a party to the requested contract or grant agreement and (iii) no known conflicts of interest as set forth in section 74 of the public officers law in connection with the requested contract or grant agreement, and

(c) the legislative sponsor has filed a written statement with the joint commission on public ethics containing the following information for the calendar year beginning January 1, 2015 , in a manner and form consistent with section 73-a of the public officers law, the accuracy of which has been attested by such legislative sponsor:

- (I) if the legislative sponsor practices law, is licensed by the department of state as a real estate broker or agent or practices a profession licensed by the department of education, or works as a member or employee of a firm required to register pursuant to section one-e of the legislative law as a lobbyist, a description of the services rendered for which compensation was paid including a general description of the principle subject areas of matters undertaken by such individual or principle duties performed and the source of such income or compensation described with particularity, and
- (II) if the legislative sponsor personally provides services to any person or entity, or works as a member or employee of a partnership or corporation that provides such services (referred to hereinafter as a "firm"), for each client or customer from whom the legislative sponsor or his or her firm received payment for such services in excess of \$5,000, and for each client or customer who was referred to the firm by the legislative sponsor from whom the legislative sponsor or the firm received payment in excess of \$5,000, information specifying: (i) each such client or customer; (ii) the services actually provided by such legislative sponsor or firm to each such client or customer and the fee received; and if applicable, (iii) whether such services were rendered in direct connection with:
- (I) A proposed bill or resolution in the senate or assembly;
  - (II) A contract in an amount totaling \$50,000 or more from the state of any state agency for services, materials, or property;
  - (III) A grant of \$25,000 or more from the state or any state agency;
  - (IV) A grant obtained through a legislative initiative; or
  - (V) A case, proceeding, application or other matter that is not a ministerial matter before a state agency.

For purposes of this appropriation, "referred to the firm" shall have the same meaning as described in Section 73-a of the public officers law. Information is not required about clients or customers receiving medical or dental services, mental health services, residential real estate brokering services, or insurance brokering services from the legislative member or his or her firm. The legislative member need not identify any client to whom he or she or his or her firm provided legal representation with respect to investigation or prosecution by law enforcement authorities, bankruptcy, surrogate court and estate planning work, or domestic relations matters.

- (2) the assembly has, for each requested contract or grant agreement, posted on its public facing website for a period of at least 30 days commencing from the date of such request: (a) the legal name of the proposed contract or grant recipient, including the assembly district in which such recipient resides and a description of the project(s) such contract or grant will be used for; (b) the names of all legislative sponsors, including each sponsor's district; (c) the amount of funding requested; (d) the proposed administering state agency or public authority; and (e) the signed and attested declaration referred to in clause (1) above
- (B) expenditures shall only be made from this reappropriation to pay for obligations incurred under an executed contract or grant agreement meeting the requirements set forth in clause (A) (1) above if assembly has satisfied all of the requirements set forth in clause (A) (2) above.
- (C) The term "legislative sponsor" shall mean a member of the assembly that submits or advocates for, either verbally or in writing, a request for a contract or grant agreement to either the speaker of the assembly, the chair of the assembly ways and means committee, or the director of the division of the budget."

(c) the legislative sponsor has filed a written statement with the joint commission on public ethics containing the following information for the calendar year beginning January 1, 2015, in a manner and form consistent with section 73-a of the public officers law, the accuracy of which has been attested by such legislative sponsor:

(I) if the legislative sponsor practices law, is licensed by the department of state as a real estate broker or agent or practices a profession licensed by the department of education, or works as a member or employee of a firm required to register pursuant to section one-e of the legislative law as a lobbyist, a description of the services rendered for which compensation was paid including a general description of the principle subject areas of matters undertaken by such individual or principle duties performed and the source of such income or compensation described with particularity, and

(II) if the legislative sponsor personally provides services to any person or entity, or works as a member or employee of a partnership or corporation that provides such services (referred to hereinafter as a "firm"), for each client or customer from whom the legislative sponsor or his or her firm received payment for such services in excess of \$5,000, and for each client or customer who was referred to the firm by the legislative sponsor from whom the legislative sponsor or the firm received payment in excess of \$5,000, information specifying: (i) each such client or customer; (ii) the services actually provided by such legislative sponsor or firm to each such client or customer and the fee received; and if applicable, (iii) whether such services were rendered in direct connection with:

(I) A proposed bill or resolution in the senate or assembly;

(II) A contract in an amount totaling \$50,000 or more from the state of any state agency for services, materials, or property;

- (III) A grant of \$25,000 or more from the state or any state agency;
- (IV) A grant obtained through a legislative initiative; or
- (V) A case, proceeding, application or other matter that is not a ministerial matter before a state agency.

For purposes of this appropriation, "referred to the firm" shall have the same meaning as described in Section 73-a of the public officers law. Information is not required about clients or customers receiving medical or dental services, mental health services, residential real estate brokering services, or insurance brokering services from the legislative member or his or her firm. The legislative member need not identify any client to whom he or she or his or her firm provided legal representation with respect to investigation or prosecution by law enforcement authorities, bankruptcy, surrogate court and estate planning work, or domestic relations matters.

- (2) the senate has, for each requested contract or grant agreement, posted on its public facing website for a period of at least 30 days commencing from the date of such request: (a) the legal name of the proposed contract or grant recipient, including the senate district in which such recipient resides and a description of the project(s) such contract or grant will be used for; (b) the names of all legislative sponsors, including each sponsor's district; (c) the amount of funding requested; (d) the proposed administering state agency or public authority; and (e) the signed and attested declaration referred to in clause (1) above
- (B) expenditures shall only be made from this reappropriation to pay for obligations incurred under an executed contract or grant agreement meeting the requirements set forth in clause (A) (1) above if the senate has satisfied all of the requirements set forth in clause (A) (2) above.
- (C) The term "legislative sponsor" shall mean a member of the senate that submits or advocates for, either verbally or in writing, a request for a contract or grant agreement to either the temporary president and majority leader of the senate, the chair of the senate finance committee, or the director of the division of the budget."

"Provided, that notwithstanding any law, rule, regulation or any memorandum of understanding to the contrary:

(A) no contract or grant agreement requested by a legislative sponsor as that term is defined below shall be executed on or after July 15, 2015, unless all of the following additional conditions are satisfied:

(1) each legislative sponsor of such contract or grant agreement submits a written declaration to the director of the division of the budget, signed and attested to by such sponsor under the penalty of perjury, that

(a) the requested contract or grant agreement is for a lawful purpose and that all funds expended pursuant to the terms of the contract or grant agreement are intended to be used and will be used solely and directly for the public purpose or purposes specified in the contract or grant agreement, and

(b) the legislative sponsor, the legislative sponsor's spouse, the natural or adopted descendants of the legislative sponsor or of the legislative sponsor's spouse, any sibling of the legislative sponsor or of the legislative sponsor's spouse, any person sharing the home of any of the foregoing, or any staff member, employee, or agent of the legislative sponsor has (i) no financial interest, direct or indirect, in connection with the requested contract or grant agreement, (ii) not received and will not receive any financial benefit, either directly or indirectly from the contractor or grantee that is a party to the requested contract or grant agreement and (iii) no known conflicts of interest as set forth in section 74 of the public officers law in connection with the requested contract or grant agreement, and

(c) the legislative sponsor has filed a written statement with the joint commission on public ethics containing the following information for the calendar year beginning January 1, 2015, in a manner and form consistent with section 73-a of the public officers law, the accuracy of which has been attested by such legislative sponsor:

(I) if the legislative sponsor practices law, is licensed by the department of state as a real estate broker or agent or practices a profession licensed by the department of education, or works as a member or employee of a firm required to register pursuant to section one-e of the legislative law as a lobbyist, a description of the services rendered for which compensation was paid including a general description of the principle subject areas of matters undertaken by such individual or principle duties performed and the source of such income or compensation described with particularity, and

(II) if the legislative sponsor personally provides services to any person or entity, or works as a member or employee of a partnership or corporation that provides such services (referred to hereinafter as a "firm"), for each client or customer from whom the legislative sponsor or his or her firm received payment for such services in excess of \$5,000, and for each

client or customer who was referred to the firm by the legislative sponsor from whom the legislative sponsor or the firm received payment in excess of \$5,000, information specifying: (i) each such client or customer; (ii) the services actually provided by such legislative sponsor or firm to each such client or customer and the fee received; and if applicable, (iii) whether such services were rendered in direct connection with:

(I) A proposed bill or resolution in the senate or assembly;

(II) A contract in an amount totaling \$50,000 or more from the state of any state agency for services, materials, or property;

(III) A grant of \$25,000 or more from the state or any state agency;

(IV) A grant obtained through a legislative initiative; or

(V) A case, proceeding, application or other matter that is not a ministerial matter before a state agency.

For purposes of this appropriation, "referred to the firm" shall have the same meaning as described in Section 73-a of the public officers law.

Information is not required about clients or customers receiving medical or dental services, mental health services, residential real estate brokering services, or insurance brokering services from the legislative member or his or her firm. The legislative member need not identify any client to whom he or she or his or her firm provided legal representation with respect to investigation or prosecution by law enforcement authorities, bankruptcy, surrogate court and estate planning work, or domestic relations matters.

(2) the respective house of the legislature has, for each requested contract or grant agreement, posted on its public facing website for a period of at least 30 days commencing from the date of such request: (a) the legal name of the proposed contract or grant recipient, including the legislative district in which such recipient resides and a description of the project(s) such contract or grant will be used for; (b) the names of all legislative sponsors, including each sponsor's district; (c) the amount of funding requested; (d) the proposed administering state agency or public authority; and (e) the signed and attested declaration referred to in clause (1) above

(B) expenditures shall only be made from this reappropriation to pay for obligations incurred under an executed contract or grant agreement meeting the requirements set forth in clause (A) (1) above if the respective house of the legislature has satisfied all of the requirements set forth in clause (A) (2) above.

(C) The term "legislative sponsor" shall mean a member of the legislature that submits or advocates for, either verbally or in writing, a request for a contract or grant agreement to either the speaker of the assembly, the chair of the assembly ways and means committee, the temporary president and majority leader of the senate, or the chair of the senate finance committee, or the director of the division of the budget,

The foregoing requirements set forth in clauses (A), (B) and (C) above are defined as the "legislative ethics disclosure and legislative sponsor contract, grant agreement and expenditure requirements."

**NEW YORK STATE SPECIAL INFRASTRUCTURE ACCOUNT**

Pages 725-728, Lines - All, Strike out

For the comprehensive construction programs, purposes and projects as herein specified in accordance with the following:

APPROPRIATIONS REAPPROPRIATIONS

Capital Projects Funds - Other .....	3,050,000,000	0
	-----	-----
All Funds .....	3,050,000,000	0
	=====	=====

NEW YORK STATE SPECIAL INFRASTRUCTURE ACCOUNT (CCP) ..... 3,050,000,000

Capital Projects Funds - Other  
 Dedicated Infrastructure Investment Fund  
 Special Infrastructure Account  
 Special Infrastructure Purpose

For services and expenses, loans, grants, and costs associated with program administration, of projects and purposes authorized by section 93-b of the state finance law to receive funding from the dedicated infrastructure investment fund - special infrastructure account, including the payment of liabilities incurred prior to April 1, 2015; provided however, that loans or grants under this appropriation to a private corporation, association or enterprise shall only be made or given by a public corporation or authority. All or a portion of the funds appropriated hereby may be suballocated or transferred to any department, agency, or public authority, according to the following:

New NY broadband initiative, to support the development of infrastructure to bring high-speed internet access to underserved regions throughout the state, and to support the development of other telecommunications infrastructure (930115SP) .. 500,000,000

Municipal restructuring, for payments to local governments and school districts for capital and other expenses related to the implementation of local government and school district shared services, cooperation agreements, mergers, and other actions that reduce operational costs and related property tax burdens on a permanent basis, as selected through an application process developed by the secretary of state, provided, however, that school districts' expenditures of the funds appropriated herein shall not be eligible for aid under any provision of the education law; and for payments of grants, awards, and aid provided through the local government efficiency grant program, the citizen empowerment tax credit, local government citizens reorganization empowerment grant program, and the local government performance and efficiency program, as authorized by section 54 of the state finance law (930215SP) ..... 150,000,000

Grants to essential health care providers shall be available upon determination of the commissioner of health without a competitive bid or request for proposal

process to support debt retirement and capital projects or non-capital projects that facilitate health care transformation, including mergers, consolidation, acquisition or other significant corporate restructuring activities intended to create a financially sustainable system of care that promotes a patient-centered model of health care delivery. Grants shall not be available to support general operating expenses. For purposes of this appropriation, an essential health care provider is a hospital or hospital system that, in the discretion of the commissioner of health, offers health services within a defined and isolated geographic region where such services would otherwise be unavailable to the population of such region (930315SP)..... 400,000,000

To prepare for, prevent, deter, or respond to acts of terrorism; natural or man-made disasters, including severe weather events; risks to public safety, health, and/or other emergencies (930415SP) ..... 150,000,000

Penn station access, for the payment of costs of the metropolitan transportation authority or metro-north commuter railroad company for capital projects to link the metro-north commuter railroad directly to Penn Station and to improve transportation access along its corridor, including construction of new stations in the Bronx, including but not limited to planning and design, acquisition, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, for commuter railroad facilities and related equipment (930515SP) ..... 250,000,000

Thruway stabilization program, for the payment of costs related to the New NY bridge and bridge-related transportation improvements, and for other costs of the thruway authority including, but not limited to, its core capital program. Costs may include, but not be limited to, construction, reconstruction, reconditioning and preservation, including work appurtenant and ancillary thereto, may include the acquisition of property, and may include engineering services, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; appraisals, surveys, testing and environmental impact statements; personal services, nonpersonal services, fringe and indirect costs and the services provided by private firms (930615SP) ..... 1,285,000,000

Transit-oriented development, including but not limited to, the development of structured parking facilities at Nassau hub and Ronkonkoma hub (930715SP) ..... 150,000,000

Infrastructure improvements, to support transportation, upstate transit, rail, airport, port and other infrastructure improvements or economic development projects (930815SP) ..... 115,000,000

Notwithstanding any law to the contrary, for services and expenses of the southern tier and hudson valley farm and agricultural industry enhancement program, including payments to farm owners in a manner and amount as determined by the chief executive officer of the New York state urban development corporation in consultation with the commissioner of agriculture and markets, to maintain, develop and grow farm, agricultural and related industries located in the southern tier and hudson valley, as defined by the commissioner of agriculture and markets (930915SP) ..... 50,000,000
