

Consulting Service Contracts

Chapter 10 of the Laws of 2006 requires the Division of the Budget (DOB) to collect and report information related to employees working under State agency consulting service contracts. Pursuant to the law, reported spending figures include labor-related contract costs such as overhead, travel and fringe benefits, and in some cases, other non-personal service expenses. Accordingly, contract costs cannot be interpreted as representing only the compensation paid to contract employees. The DOB Executive Budget Consulting Service Contracts Report is presented in the following tables.

All Funds Comparison

	2014-15	2015-16	Amount Change	Percent Change
Est. Appropriations	\$776,722,986	\$728,851,045	(\$47,871,941)	-6.2%
Est. Reappropriations	\$884,157,788	\$844,569,937	(\$39,587,851)	-4.5%
Est. Disbursements	\$863,941,103	\$790,186,766	(\$73,754,337)	-8.5%
Est. Consultant FTEs	8,031	7,236	(795)	-9.9%

In recent years consultant spending has been significantly impacted by two key events:

- In SFY 2012-13, changes in SUNY’s hospital network resulted in the Downstate Medical Center absorbing the Long Island College Hospital (LICH) through a contractual arrangement. According to the merger, LICH staff were taken on by SUNY as consultants (1,600 contract FTEs).
- In SFY 2013-14, the Division of Homeland Security and Emergency Services utilized Disaster Assistance appropriations to expedite and support Superstorm Sandy Recovery efforts. Funding was utilized to engage 334 consultant FTEs from *Adjusters International (AI)*, to provide assessments for infrastructure damages caused by the storm (a required component of the FEMA program which reimburses State and local governments for disaster related costs).

Despite recent challenges, data reported by State agencies reflects a spending decrease of nearly \$74 million (8.5%) in SFY 2015-16. Indeed, this is consistent with a longer term multiyear trend of decreased spending. Major factors influencing the significant decline in consultant spending include:

- Governor Cuomo’s Executive Order No. 10 of 2011 (prohibited State agencies from renewing expired single source contracts for personal service unless a contractor agreed to a 10 percent reduction);
- Reduced contractor rates resulting from strategic sourcing;
- Statewide consolidation of information technology functions; and
- Execution of SUNY Downstate Medical Center's plan to exit operation of the Long Island College Hospital (\$130 million for 1,600 consultant FTEs).
