PART D

Section 1. Section 60.45 of the criminal procedure law is amended by adding a new subdivision 3 to read as follows:

3. (a) Where a person is subject to custodial interrogation by a public servant at a detention facility, the entire custodial interrogation, including the giving of any required advice of the rights of the individual being questioned, and the waiver of any rights by the individual, shall be recorded by an appropriate video recording device if the interrogation involves a class A-1 felony, except one defined in article two hundred twenty of the penal law; felony offenses defined in section 130.95 and 130.96 of the penal law; or a felony offense defined in article one hundred twenty-five or one hundred thirty of such law that is defined as a class B violent felony offense in section 70.02 of the penal law. For purposes of this paragraph, the term "detention facility" shall mean a police station, correctional facility, holding facility for prisoners, prosecutor's office or other facility where persons are held in detention in connection with criminal charges that have been or may be filed against them.

(b) No confession, admission or other statement shall be subject to a motion to suppress pursuant to subdivision three of section 710.20 of this chapter based solely upon the failure to video record such interrogation in a detention facility as defined in paragraph (a) of this subdivision. However, where the people offer into evidence a confession, admission or other statement made by a person in custody with respect to
his or her participation or lack of participation in an offense specified in paragraph (a) of this subdivision, that has not been video recorded, the court shall consider the failure to record as a factor, but not as the sole factor, in accordance with paragraph (c) of this subdivision in determining whether such confession, admission or other statement shall be admissible.

(c) Notwithstanding the requirement of paragraph (a) of this subdivision, upon a showing of good cause by the prosecutor, the custodial interrogation need not be recorded. Good cause shall include, but not be limited to:

(i) If electronic recording equipment malfunctions.

(ii) If electronic recording equipment is not available because it was otherwise being used.

(iii) If statements are made in response to questions that are routinely asked during arrest processing.

(iv) If the statement is spontaneously made by the suspect and not in response to police questioning.

(v) If the statement is made during an interrogation that is conducted when the interviewer is unaware that a qualifying offense has occurred.

(vi) If the statement is made at a location other than the "interview room" because the suspect cannot be brought to such room, e.g., the suspect is in a hospital or the suspect is out of state and that state is not governed by a law requiring the recordation of an interrogation.

(vii) If the statement is made after a suspect has refused to participate in the interrogation if it is recorded, and appropriate effort to document such refusal is made.
(viii) If such statement is not recorded as a result of an inadvertent
error or oversight, not the result of any intentional conduct by law
enforcement personnel.

(ix) If it is law enforcement's reasonable belief that such recording
would jeopardize the safety of any person or reveal the identity of a
confidential informant.

(x) If such statement is made at a location not equipped with a video
recording device and the reason for using that location is not to
subvert the intent of the law. For purposes of this section, the term
"location" shall include those locations specified in paragraph (b) of
subdivision four of section 305.2 of the family court act.

(d) In the event the court finds that the people have not shown good
cause for the non-recording of the confession, admission, or other
statement, but determines that a non-recorded confession, admission or
other statement is nevertheless admissible because it was voluntarily
made then, upon request of the defendant, the court must instruct the
jury that the people's failure to record the defendant's confession,
admission or other statement as required by this section may be weighed
as a factor, but not as the sole factor, in determining whether such
confession, admission or other statement was voluntarily made, or was
made at all.

(e) Video recording as required by this section shall be conducted in
accordance with standards established by rule of the division of crimi-
nal justice services.

§ 2. Subdivision 3 of section 344.2 of the family court act is renum-
bered subdivision 4 and a new subdivision 3 is added to read as follows:

3. Where a respondent is subject to custodial interrogation by a
public servant at a facility specified in subdivision four of section
305.2 of this article, the entire custodial interrogation, including the
giving of any required advice of the rights of the individual being
questioned, and the waiver of any rights by the individual, shall be
recorded and governed in accordance with the provisions of paragraphs
(a), (b), (c), (d) and (e) of subdivision three of section 60.45 of the
criminal procedure law.

§ 3. Section 60.25 of the criminal procedure law, subparagraph (ii) of
paragraph (a) of subdivision 1 as amended by chapter 479 of the laws of
1977, is amended to read as follows:
§ 60.25 Rules of evidence; identification by means of previous recogni-
tion, in absence of present identification.
1. In any criminal proceeding in which the defendant's commission of
an offense is in issue, testimony as provided in subdivision two may be
given by a witness when:
(a) Such witness testifies that:
(i) He or she observed the person claimed by the people to be the
defendant either at the time and place of the commission of the offense
or upon some other occasion relevant to the case; and
(ii) On a subsequent occasion he or she observed, under circumstances
consistent with such rights as an accused person may derive under the
constitution of this state or of the United States, a person or, where
the observation is made pursuant to a blind or blinded procedure as
defined in paragraph (c) of this subdivision, a pictorial, photographic,
electronic, filmed or video recorded reproduction of a person whom he or
she recognized as the same person whom he or she had observed on the
first or incriminating occasion; and
(iii) He or she is unable at the proceeding to state, on the basis of present recollection, whether or not the defendant is the person in question; and

(b) It is established that the defendant is in fact the person whom the witness observed and recognized or whose pictorial, photographic, electronic, filmed or video recorded reproduction the witness observed and recognized on the second occasion. Such fact may be established by testimony of another person or persons to whom the witness promptly declared his or her recognition on such occasion and by such pictorial, photographic, electronic, filmed or video recorded reproduction.

(c) For purposes of this section, a "blind or blinded procedure" is one in which the witness identifies a person in an array of pictorial, photographic, electronic, filmed or video recorded reproductions under circumstances where, at the time the identification is made, the public servant administering such procedure: (i) does not know which person in the array is the suspect, or (ii) does not know where the suspect is in the array viewed by the witness. The failure of a public servant to follow such a procedure shall be assessed solely for purposes of this article and shall result in the preclusion of testimony regarding the identification procedure as evidence in chief, but shall not constitute a legal basis to suppress evidence made pursuant to subdivision six of section 710.20 of this chapter. This article neither limits nor expands subdivision six of section 710.20 of this chapter.

2. Under circumstances prescribed in subdivision one of this section, such witness may testify at the criminal proceeding that the person whom he or she observed and recognized or whose pictorial, photographic, electronic, filmed or video recorded reproduction he or she observed and recognized on the second occasion is the same person whom he or she
observed on the first or incriminating occasion. Such testimony, together with the evidence that the defendant is in fact the person whom the witness observed and recognized or whose pictorial, photographic, electronic, filmed or video recorded reproduction he or she observed and recognized on the second occasion, constitutes evidence in chief.

§ 4. Section 60.30 of the criminal procedure law, as amended by chapter 479 of the laws of 1977, is amended to read as follows:

§ 60.30 Rules of evidence; identification by means of previous recognition, in addition to present identification.

In any criminal proceeding in which the defendant's commission of an offense is in issue, a witness who testifies that (a) he or she observed the person claimed by the people to be the defendant either at the time and place of the commission of the offense or upon some other occasion relevant to the case, and (b) on the basis of present recollection, the defendant is the person in question and (c) on a subsequent occasion he or she observed the defendant, or where the observation is made pursuant to a blind or blinded procedure, as defined in paragraph (c) of subdivision one of section 60.25 of this article, a pictorial, photographic, electronic, filmed or video recorded reproduction of the defendant, under circumstances consistent with such rights as an accused person may derive under the constitution of this state or of the United States, and then also recognized him or her or the pictorial, photographic, electronic, filmed or video recorded reproduction of him or her as the same person whom he or she had observed on the first or incriminating occasion, may, in addition to making an identification of the defendant at the criminal proceeding on the basis of present recollection as the person whom he or she observed on the first or incriminating occasion, also describe his or her previous recognition of the defendant and
testify that the person whom he or she observed or whose pictorial, photographic, electronic, filmed or video recorded reproduction he or she observed on such second occasion is the same person whom he or she had observed on the first or incriminating occasion. Such testimony and such pictorial, photographic, electronic, filmed or video recorded reproduction constitutes evidence in chief.

§ 5. Subdivision 6 of section 710.20 of the criminal procedure law, as amended by chapter 8 of the laws of 1976 and as renumbered by chapter 481 of the laws of 1983, is amended to read as follows:

6. Consists of potential testimony regarding an observation of the defendant either at the time or place of the commission of the offense or upon some other occasion relevant to the case, which potential testimony would not be admissible upon the prospective trial of such charge owing to an improperly made previous identification of the defendant or of a pictorial, photographic, electronic, filmed or video recorded reproduction of the defendant by the prospective witness. A claim that the previous identification of the defendant or of a pictorial, photographic, electronic, filmed or video recorded reproduction of the defendant by a prospective witness did not comply with paragraph (c) of subdivision one of section 60.25 of this chapter or with the protocol promulgated in accordance with subdivision twenty-one of section eight hundred thirty-seven of the executive law shall not constitute a legal basis to suppress evidence pursuant to this subdivision. A claim that a public servant failed to comply with paragraph (c) of subdivision one of section 60.25 of this chapter or of subdivision twenty-one of section eight hundred thirty-seven of the executive law shall neither expand nor limit the rights an accused person may derive under the constitution of this state or of the United States.
§ 6. Subdivision 1 of section 710.30 of the criminal procedure law, as separately amended by chapters 8 and 194 of the laws of 1976, is amended to read as follows:

1. Whenever the people intend to offer at a trial (a) evidence of a statement made by a defendant to a public servant, which statement if involuntarily made would render the evidence thereof suppressible upon motion pursuant to subdivision three of section 710.20, or (b) testimony regarding an observation of the defendant either at the time or place of the commission of the offense or upon some other occasion relevant to the case, to be given by a witness who has previously identified him or her or a pictorial, photographic, electronic, filmed or video recorded reproduction of him or her as such, they must serve upon the defendant a notice of such intention, specifying the evidence intended to be offered.

§ 7. Section 343.3 of the family court act, as added by chapter 920 of the laws of 1982, is amended to read as follows:

§ 343.3. Rules of evidence; identification by means of previous recognition in absence of present identification. 1. In any juvenile delinquency proceeding in which the respondent's commission of a crime is in issue, testimony as provided in subdivision two may be given by a witness when:

(a) such witness testifies that:

(i) he or she observed the person claimed by the presentment agency to be the respondent either at the time and place of the commission of the crime or upon some other occasion relevant to the case; and

(ii) on a subsequent occasion he or she observed, under circumstances consistent with such rights as an accused person may derive under the constitution of this state or of the United States, a person, or, where
the observation is made pursuant to a blind or blinded procedure as defined herein, a pictorial, photographic, electronic, filmed or video recorded reproduction of a person whom he or she recognized as the same person whom he or she had observed on the first incriminating occasion; and

(iii) he or she is unable at the proceeding to state, on the basis of present recollection, whether or not the respondent is the person in question; and

(b) it is established that the respondent is in fact the person whom the witness observed and recognized or whose pictorial, photographic, electronic, filmed or video recorded reproduction the witness observed and recognized on the second occasion. Such fact may be established by testimony of another person or persons to whom the witness promptly declared his or her recognition on such occasion and by such pictorial, photographic, electronic, filmed or video recorded reproduction.

(c) For purposes of this section, a "blind or blinded procedure" is one in which the witness identifies a person in an array of pictorial, photographic, electronic, filmed or video recorded reproductions under circumstances where, at the time the identification is made, the public servant administering such procedure: (i) does not know which person in the array is the suspect, or (ii) does not know where the suspect is in the array viewed by the witness. The failure of a public servant to follow such a procedure shall be assessed solely for purposes of this article and shall result in the preclusion of testimony regarding the identification procedure as evidence in chief, but shall not constitute a legal basis to suppress evidence made pursuant to subdivision six of section 710.20 of the criminal procedure law. This article neither
limits not expands subdivision six of section 710.20 of the criminal
procedure law.

2. Under circumstances prescribed in subdivision one, such witness may
testify at the proceeding that the person whom he or she observed and
recognized or whose pictorial, photographic, electronic, filmed or video
recorded reproduction he or she observed and recognized on the second
occasion is the same person whom he or she observed on the first or
incriminating occasion. Such testimony, together with the evidence that
the respondent is in fact the person whom the witness observed and
recognized or whose pictorial, photographic, electronic, filmed or video
recorded reproduction he or she observed and recognized on the second
occasion, constitutes evidence in chief.

§ 8. Section 343.4 of the family court act, as added by chapter 920 of
the laws of 1982, is amended to read as follows:

§ 343.4. Rules of evidence; identification by means of previous recog-
nition, in addition to present identification. In any juvenile delin-
quency proceeding in which the respondent's commission of a crime is in
issue, a witness who testifies that: (a) he or she observed the person
claimed by the presentment agency to be the respondent either at the
time and place of the commission of the crime or upon some other occa-
sion relevant to the case, and (b) on the basis of present recollection,
the respondent is the person in question, and (c) on a subsequent occa-
sion he or she observed the respondent, or, where the observation is
made pursuant to a blind or blinded procedure, a pictorial, photographic,
electronic, filmed or video recorded reproduction of the respondent
under circumstances consistent with such rights as an accused person may
derive under the constitution of this state or of the United States, and
then also recognized him or her or the pictorial, photographic, elec-
tronic, filmed or video recorded reproduction of him or her as the same 
person whom he or she had observed on the first or incriminating occa-
sion, may, in addition to making an identification of the respondent at 
the delinquency proceeding on the basis of present recollection as the 
person whom he or she observed on the first or incriminating occasion, 
also describe his or her previous recognition of the respondent and 
testify that the person whom he or she observed or whose pictorial, 
photographic, electronic, filmed or video recorded reproduction he or 
she observed on such second occasion is the same person whom he or she 
had observed on the first or incriminating occasion. Such testimony and 
such pictorial, photographic, electronic, filmed or video recorded 
reproduction constitutes evidence in chief. For purposes of this 
section, a "blind or blinded procedure" shall be as defined in paragraph 
(c) of subdivision one of section 343.3 of this part.

§ 9. Section 837 of the executive law is amended by adding a new 
subdivision 21 to read as follows:

grounded in evidence-based principles for the administration of photo-

If a component is determined to be made in America, its entire cost may be used in calculating the cost of the United States content of an end product.

(g) "Manufactured in America", with respect to an end product that directly incorporates constituent components, means:

(i) the final assembly and/or manufacture of the end product (as applicable) takes place in the United States; and

(ii) more than sixty percent of the components of the end product, by cost, are of United States origin.

(b) No bidder or proposer on a state contract subject to this section shall be deemed to be the lowest responsive and responsible bidder or proposer unless: (i) the bidder or proposer complies with the provisions
required by subparagraph (i) of paragraph (a) of this subdivision; or
(ii) the executive determines in accordance with subdivision three of
this section that the provisions of this section shall not apply to the
subject procurement.

3. Exemptions. This section shall not apply in any case or category of
cases in which the executive, or his or her designee, finds in his or

(a) the best interests of the state will be served by exempting the
procurement from the requirements of this section based upon: (i) an
immediate or emergency need existing for the product or service; or (ii)

(h) the specified products are necessary for the operation of or repairs of critical infrastructure that is necessary to avoid a delay in the delivery of critical services that could compromise the public welfare.

1. Purpose. To advance special social and economic goals, selected providers shall have preferred source status for the purposes of procurement in accordance with the provisions of this section. Procurement from these providers shall be exempted from the competitive procurement provisions of section one hundred sixty-three of this article and other competitive procurement statutes. Such exemption shall apply to commodities produced, manufactured or assembled, including those repackaged when the labor and materials for such repackaging adds value to the commodity, to meet the form, function and utility required by state agencies, in New York state and, where so designated, services provided by those sources in accordance with this section.

2. Preferred status. Preferred status as prescribed in this section shall be accorded to:

a. Commodities produced by the correctional industries program of the department of corrections and community supervision and provided to the state pursuant to subdivision two of section one hundred eighty-four of the correction law and asbestos abatement services performed by the
correctional industries program of the department of corrections and community supervision;

sioner, in consultation with the commissioners of corrections and commu-
nity supervision, the office of children and family services, the office
of temporary and disability assistance, mental health and education,
shall prepare a list of all commodities and services that are available
and are being provided as of said date, for purchase by state agencies,
public benefit corporations or political subdivisions from those enti-
ties accorded preference or priority status under this section. Such
list may include references to catalogs and other descriptive literature
which are available directly from any provider accorded preferred status
under this section. The commissioner shall make this list available to
prospective vendors, state agencies, public benefit corporations, poli-
tical subdivisions and other interested parties. Thereafter, new or
substantially different commodities or services may only be made avail-
able by preferred sources for purchase by more than one state agency,
public benefit corporation or political subdivision after addition to
said list.

b. After January first, nineteen hundred ninety-six, upon the applica-

commissioner of the office of children and family services, the office
of temporary and disability assistance, the commissioner of mental
health or the commissioner of education, or a non-profit-making facili-

paragraph e of subdivision six of this section, the state procurement
council may recommend that the commissioner: (i) add commodities or
services to, or (ii) in order to insure that such list reflects current
production and/or availability of commodities and services, delete at
the request of a preferred source, commodities or services from, the
list established by paragraph a of this subdivision. The council may make a non-binding recommendation to the relevant preferred source to delete a commodity or service from such list. Additions may be made only for new services or commodities, or for services or commodities that are substantially different from those reflected on said list for that provider. The decision to recommend the addition of services or commodities shall be based upon a review of relevant factors as determined by the council including costs and benefits to be derived from such addition and shall include an analysis by the office of general services conducted pursuant to subdivision six of this section. Unless the state procurement council shall make a recommendation to the commissioner on any such application within one hundred twenty days of receipt thereof, such application shall be deemed recommended. In the event that the state procurement council shall deny any such application, the commissioner or non-profit-making facilitating agency which submitted such application may, within thirty days of such denial, appeal such denial to the commissioner of general services who shall review all materials submitted to the state procurement council with respect to such application and who may request such further information or material as is deemed necessary. Within sixty days of receipt of all information or materials deemed necessary, the commissioner shall render a written final decision on the application which shall be binding upon the applicant and upon the state procurement council.

c. The list maintained by the office of general services pursuant to paragraph a of this subdivision shall be revised as necessary to reflect the additions and deletions of commodities and services approved by the state procurement council.
4. Priority accorded preferred sources. Except as provided in the New York state printing and public documents law, priority among preferred sources shall be accorded as follows:

a. (i) When commodities are available, in the form, function and utility required by a state agency, public authority, commission, public benefit corporation or political subdivision, said commodities must be purchased first from the correctional industries program of the department of corrections and community supervision;

(ii) When commodities are available, in the form, function and utility required by, a state agency or political subdivision or public benefit corporation having their own purchasing agency, and such commodities are not available pursuant to subparagraph (i) of this paragraph, said commodities shall then be purchased from approved charitable non-profit-making agencies for the blind;

(iii) When commodities are available, in the form, function and utility required by, a state agency or political subdivision or public benefit corporation having their own purchasing agency, and such commodities are not available pursuant to subparagraphs (i) and (ii) of this paragraph, said commodities shall then be purchased from a qualified non-profit-making agency for other [severely] significantly disabled persons, [a qualified special employment program for mentally ill persons,] or a qualified veterans' workshop;

b. When services are available, in the form, function and utility required by, a state agency or political subdivision or public benefit corporation having their own purchasing agency, equal priority shall be accorded the services rendered and offered for sale by the correctional industries program of the department of corrections and community supervision, by qualified non-profit-making agencies for the blind and those
for the other [severely] significantly disabled, by qualified special
employment programs for mentally ill persons and by qualified veterans'
workshops. In the case of services:
(i) state agencies or political subdivisions or public benefit corpo-

efforts to provide a notification] provide a written scope of services
describing their requirements to those preferred sources, or to the
facilitating entity identified in paragraph e of subdivision six of this
section, which provide the required services as indicated on the offi-

to subdivision three of this section and identify the time frame within
which written questions may be submitted, the date answers to questions
will be provided, the date by which a written proposal must be submitted
and the estimated contract start date;
(ii) if[, within ten days of the notification required by subparagraph
of this paragraph,] one or more preferred sources or facilitating
entities identified in paragraph e of subdivision six of this section
submit a [notice of intent] written proposal to provide the service in
the form, function and utility required, said service shall be purchased
in accordance with this section. If more than one preferred source or
facilitating entity identified in paragraph e of subdivision six of this
section submits [notification of intent] a written proposal and meets
the requirements, costs shall be the determining factor for purchase
among the preferred sources;
(iii) if[, within ten days of the notification required by subpara-
graph (i) of this paragraph,] no preferred source or facilitating entity
identified in paragraph e of subdivision six of this section [indicates
intent to provide the service,] submits a written proposal within the
time frame identified pursuant to subparagraph (i) of this paragraph, then the service shall be procured in accordance with section one hundred sixty-three of this article. If, after such period, a preferred source elects to bid on the service, award shall be made in accordance with section one hundred sixty-three of this article or as otherwise provided by law.

(iv) the state procurement council shall establish guidelines to assist the commissioner and state agencies, political subdivisions and public benefit corporations in developing the scope of services, setting reasonable time frames, issuing requests for information and determining the reasonableness of prices of services. Such guidelines shall be posted on the website of the office of general services.

[c. For the purposes of commodities and services produced by special employment programs operated by facilities approved or operated by the office of mental health, facilities within the office of mental health shall be exempt from the requirements of subparagraph (i) of paragraph a of this subdivision. When such requirements of the office of mental health cannot be met pursuant to subparagraph (ii) or (iii) of paragraph a of this subdivision, or paragraph b of this subdivision, the office of mental health may purchase commodities and services which are competitive in price and comparable in quality to those which could otherwise be obtained in accordance with this article, from special employment programs operated by facilities within the office of mental health or other programs approved by the office of mental health.]

community supervision shall be based upon costs as determined pursuant
to this subdivision, but shall not exceed a reasonable fair market price

price as used herein means the price at which a vendor of the same or
similar product or service who is regularly engaged in the business of
selling such product or service offers to sell such product or service

community supervision and the director of the budget.

b. A purchaser of any such product or service may, at any time prior
to or within thirty days of the time of sale, appeal the purchase price
in accordance with section one hundred eighty-six of the correction law,
on the basis that it unreasonably exceeds fair market price. Such an
appeal shall be decided by a majority vote of a three-member price
review board consisting of the director of the budget, the commissioner
of corrections and community supervision and the commissioner or their
representatives. The decision of the review board shall be final.

icantly disabled and veterans' workshops.

a. (i) Except with respect to the correctional industries program of

State agencies, political subdivisions, or public benefit corporations may issue a request for information to assist the commissioner in establishing prevailing market prices.

b. In determining and revising the prices of such commodities or services, consideration shall be given to the reasonable costs of labor, materials and overhead necessarily incurred by such preferred sources under efficient methods of procurement, production, performance and administration; however, the prices of such products and services shall be as close to prevailing market price as practicable, but in no event greater than fifteen percent above, the prevailing market prices among responsive offerors for the same or equivalent commodities or services.
c. Such qualified charitable non-profit-making agencies for the blind and other [severely] significantly disabled may make purchases of materials, equipment or supplies, except printed material, from centralized contracts for commodities in accordance with the conditions set by the office of general services; provided that the qualified charitable non-profit-making agency for the blind or other [severely] significantly disabled shall accept sole responsibility for any payment due the vendor.

d. operated or approved by the office of mental health serving mentally ill persons.]

f. The commissioner may request the state comptroller to conduct audits and examinations to be made of all records, books and data of any agency for the blind or the other [severely] significantly disabled, [any special employment program for mentally ill persons] or any veterans' workshops qualified under this section to determine the costs of manufacture or the rendering of services and the manner and efficiency of production and administration of such agency or special employment program or veterans' workshop with relation to any product or services purchased by a state agency or political subdivision or public benefit corporation and to furnish the results of such audit and examination to the commissioner for such action as he or she may deem appropriate under this section.

7. PART V

Section 1. Section 292 of the executive law is amended by adding a new subdivision 35 to read as follows:

35. The term "educational institution", when used in this article, shall mean:

(a) any education corporation or association which holds itself out to the public to be non-sectarian and exempt from taxation pursuant to the provisions of article four of the real property tax law; or

(b) any public school, including any school district, board of cooperative educational services, public college, or public university.

§ 2. Subdivision 4 of section 296 of the executive law, as amended by chapter 106 of the laws of 2003, is amended to read as follows:

4. It shall be an unlawful discriminatory practice for an [education corporation or association which holds itself out to the public to be non-sectarian and exempt from taxation pursuant to the provisions of article four of the real property tax law] educational institution to
1 deny the use of its facilities to any person otherwise qualified, or to
2 permit the harassment of any student or applicant, by reason of his
3 race, color, religion, disability, national origin, sexual orientation,
4 military status, sex, age or marital status, except that any such insti-
5 tution which establishes or maintains a policy of educating persons of

7 § 3. This act shall take effect immediately.

PART W

Section 1. The public authorities law is amended by adding a new
section 1680-s to read as follows:

§ 1680-s. New York State consolidated laboratory project act. 1. Short
title. This section shall be known and may be cited as the "New York
state consolidated laboratory project act".

2. Legislative findings and declarations. The legislature hereby finds
and declares as follows:

(a) Procurement findings and declarations. (i) Public works projects
in New York have typically been delivered using the traditional design-
bid-build project delivery method, under which separate contracts are
let for design on a qualifications basis and for construction on a
lowest responsible bidder basis.

(ii) Experience in New York and in a large number of other states has
successfully demonstrated that using alternative project delivery for
major public works can provide several advantages over design-bid-build
delivery. Alternative project delivery involves procuring a contract or
contracts under a competitive proposal process in which both price and
non-price factors such as technical, financial and commercial merit are
used to select the contractor or contractors. Alternative project delivery methods include the design-build delivery method, the construction manager build delivery method, and the construction manager-at-risk delivery method.

(iii) The potential advantages to the public of alternative project delivery generally include:

(A) Expediting project delivery;

(B) Improving project innovation, quality and efficiency;

(C) Reducing and guaranteeing design and construction costs;

(D) Permitting the selection of the highest qualified designer and builder team based on past performance and demonstrated capability;

(E) Increasing competition for design and construction services;

(F) Enhancing collaboration among the designer and builder; and

(G) Reducing change orders.

(b) Project findings and declarations. (i) Wadsworth Center is currently spread across five separate locations in the Capital District, creating inefficiencies and duplication of operational services. More than half of the laboratories were built in the 1930's and 1960's and are considered end-of-life. Independent facility assessments have established that the remediation of such facilities through renovation is not feasible, or cost-effective. Accordingly, such facilities must be replaced.

(ii) Consolidating such laboratories and related facilities will serve to: strengthen and advance public health and preparedness strategies throughout the state; replace antiquated facilities that are costly to operate and are a hindrance to scientific progress; result in a smaller overall footprint than the combined footprint of the existing facilities; establish a sustainable, modernized, and consolidated laboratory
campus; provide facilities with improved efficiency and reliability of operations and maintenance; promote economic and intellectual property development; and provide opportunities to generate savings from synergies and shared services with other agencies.

(iii) A new consolidated laboratory facility will provide a more modern and efficient work environment for public employees.

(iv) A new laboratory facility may provide opportunities to host private users that could complement the operations and work of the consolidated laboratory or enhance its economic benefits to the state.

(v) Utilization of an alternative project delivery method to be determined by DASNY, in consultation with the department, is appropriate for the development of a new consolidated laboratory facility and is in the best interests of the public.

3. Definitions. For the purposes of this act:

(a) "best value" shall mean the basis for awarding a project agreement to the offerer that optimizes the quality, cost, efficiency, price and performance criteria of the project. Such basis may include, but is not limited to:

(i) the quality of the offerer's performance on previous projects;

(ii) the timeliness of the offerer's performance on previous projects;

(iii) the level of customer satisfaction with the offerer's performance on previous projects;

(iv) the offerer's record of performing previous projects on budget and its ability to minimize cost overruns;

(v) the offerer's ability to incorporate innovative ideas and limit change orders;

(vi) the offerer's ability to prepare appropriate project plans;

(vii) the offerer's financial strength and technical capacities;
(viii) the individual qualifications of the offerer's key personnel;

and

(ix) the offerer's ability to assess and manage risk and minimize risk impact.

Such basis shall reflect, wherever possible, objective and quantifiable analysis.

(b) "Comptroller" shall mean the state comptroller.

c) "Construction manager-at-risk delivery method" shall mean a delivery method in which DASNY, in consultation with the department, contracts with an architect or engineer for design and construction phase services and contracts separately with a construction manager to provide consultation during the design phase of the project and to serve as the general contractor during the construction phase of the project.

d) "Construction manager build delivery method" shall mean a delivery method in which a construction manager (i) serves as part of a team in conjunction with DASNY and the department in the design phase of the project, (ii) under the oversight of DASNY, in consultation with the department, acts as the single source of responsibility to bid, select, and hold construction contracts on behalf of DASNY, acting in consultation the department, during the construction phase, and (iii) manages the construction phase of the project on behalf of DASNY or the department.

e) "Contractor" shall mean the entity that enters into the project agreement with DASNY, acting in consultation with the department.

(f) "DASNY" shall mean the dormitory authority of the state of New York.

g) "Department" shall mean the department of health.

(i) "Offerer" shall mean an entity that has submitted a proposal in response to a request for proposals issued by DASNY, in consultation with the department, pursuant to subparagraph (ii) of paragraph (a) of subdivision five of this section.

(j) "Project" shall mean the New York state consolidated laboratory project, consisting of the consolidation and/or co-location into a new laboratory campus of (i) the laboratory facilities and functions of the department located within the capital district region (defined as Albany, Rensselaer, Schenectady, or Saratoga counties), (ii) certain laboratory functions and facilities of other users that are consistent with the public health mission of the Wadsworth Center or complementary to the public laboratory function and not inconsistent with the purposes of this act, including but not limited to other state or local departments, agencies, institutions and public authorities, all as determined by the department to be appropriate, and (iii) parking and other facilities and functions ancillary to or supportive of the foregoing, which facilities and functions may or may not be dedicated to use solely in connection with the project.

(k) "Project agreement" shall mean a contract entered into pursuant to this act by DASNY, in consultation with the department, with a single entity for the design and construction of the project or for the construction management of the project, using the design-build delivery
method, the construction manager build delivery method, or the
construction manager-at-risk delivery method.

(1) "Related agreements" shall mean any leases, subleases, easements,
licenses, consulting agreements, architectural, engineering, design and
other professional services agreements or other agreements related to
the project or ancillary to the project agreement, provided that, in the
case of any lease or sublease (i) the term of such lease or sublease may
be up to but not longer than fifty years from the date of completion and
acceptance of the project, and (ii) upon the expiration or earlier
termination of any such lease or sublease title to the project and the
project site shall be vested in the state. Related agreements shall
include agreements with public corporations and utilities and such other
related agreements as DASNY or the department determines to be necessary
or convenient to facilitate the implementation of the project, in each
case on such terms and conditions as DASNY or the department may deter-
mine to be necessary or convenient for implementing the project.

Notwithstanding the provisions of sections one hundred thirty-five, one
hundred thirty-six, one hundred thirty-six-a, one hundred thirty-seven,
one hundred sixty-two and one hundred sixty-three of the state finance
law, section one hundred forty-two of the economic development law,
section two hundred twenty-four of the labor law, subdivision five of
section sixty-three of the executive law, sections sixteen hundred
eighty and twenty-eight hundred seventy-nine-a of this chapter, section
seventy-two hundred ten of the education law, subdivision six of section
eight of the public buildings law and the provisions of any other law to
the contrary (including, but not limited to, provisions of non-enumerat-
ed sections of the foregoing laws):
(a) Upon compliance with the procurement method described in subdivision five of this section and in conformity with the other requirements of this act, DASNY, in consultation with the department, may enter into a project agreement providing for the delivery of the project using the design-build method, the construction manager build method or the construction manager-at-risk method, in each case on such terms and conditions as DASNY, in consultation with the department, may determine in accordance with such procurement method. DASNY, in consultation with the department, may also enter into such amendments to the project agreement as it determines to be necessary or convenient for the project, and DASNY or the department may enter into such related agreements as they determine to be necessary or convenient for the project, including agreements for utility services or infrastructure, in each such instance without public auction or bidding or any other competitive procurement process and regardless of whether such agreements have resulted from the two-step procurement method described in subdivision five of this section.

(b) Nothing contained in this act shall limit the right of DASNY or the department to award contracts as otherwise provided by law, nor shall anything in this act limit or impair any existing rights, powers or authority of DASNY or the department.

(c) The procurement authorization provided in this act shall be subject to the prior or concurrent authorization of a budget for the project by the division of the budget.

5. Project procurement. (a) Procurement process. An entity selected by DASNY, in consultation with the department, to enter into a project agreement authorized by subdivision four of this section shall be selected through a two-step procurement process as follows:
(i) Pre-qualification of prospective contractors. DASNY, in consultation with the department, shall generate a list of qualified entities that have demonstrated the general capability to deliver the project and otherwise perform the requirements of a project agreement. Such list shall consist of a specified number of entities, as determined by DASNY, in consultation with the department, and shall be generated based upon the review by DASNY and the department of responses to a publicly advertised request for qualifications for the project. Such request for qualifications shall include a general description of the project and the selection criteria to qualify entities. Such selection criteria shall include such qualifications as DASNY and the department deem appropriate, which may include but are not limited to the general qualifications and experience of the members of the proposing team, the organization of the proposing team, demonstrated responsibility, the ability of the team or of a member or members of the team to comply with applicable project requirements, including if applicable the provisions of articles one hundred forty-five, one hundred forty-seven and one hundred forty-eight of the education law, past record of compliance with the labor law or any comparable law applicable in jurisdictions where such entity has conducted business (in each instance to the extent applicable), understanding of the project and its requirements, financial, management and technical capability, and record of past performance. DASNY and the department shall evaluate all entities responding to the request for qualifications. Based upon such evaluations, DASNY and the department may develop a list of the entities that shall receive a request for proposals in accordance with this subdivision. To the extent consistent with applicable law, DASNY and the department shall consider, when evaluating entities pursuant to this section: (A) such entities' records of
compliance with article fifteen-A of the executive law on other projects
or otherwise providing for the participation of firms certified pursuant
to article fifteen-A of the executive law as minority or women-owned
businesses (or any comparable law applicable in jurisdictions where such
entity has conducted business) and the ability of other businesses under
consideration to work with minority and women-owned businesses so as to
promote and assist participation by such businesses; (B) such entities'
utilization of small business concerns identified pursuant to subdivision (b) of section one hundred thirty-nine-g of the state finance law;
and (C) such entities' utilization of service-disabled veteran-owned
businesses pursuant to article seventeen-B of the executive law.

(ii) Solicitation and selection of the proposal which is the best
value to the state. DASNY, in consultation with the department, may
issue a request for proposals to the entities listed pursuant to subpara-
graph (i) of this paragraph. If such an entity consists of a team of
separate entities, the entities that comprise such a team and their lead
members must remain unchanged from the entity and team members listed
pursuant to subparagraph (i) of this paragraph unless otherwise approved
by DASNY, in consultation with the department. The request for proposals
may include the form of project agreement proposed by DASNY. The request
for proposals shall set forth the scope of work for the project and
other applicable requirements, as determined by DASNY, in consultation
with the department, and may but need not require (A) a lump sum price,
or (B) a fee for any preliminary services related to the project, which
may include design or other professional services, together with a
specific methodology for determining a guaranteed maximum price for the
balance of work that will be completed pursuant to the project agreement
following the completion of any such preliminary services. The request
for proposals shall also specify the criteria to be used to evaluate the responses, as determined by DASNY and the department, including the relative weight of such criteria. Such criteria shall include but are not limited to the proposal's cost, its technical merit, the qualifications and experience of the proposing entity and its team members, the entity's plan of project implementation, the entity's ability to complete the work in a timely and satisfactory manner, and the community impact of the proposal. Notwithstanding any other law to the contrary, DASNY and the department may conduct discussions individually on a commercially confidential basis with the pre-qualified entities prior to their submittal of proposals, and may conduct negotiations regarding project agreement terms and conditions, including cost, with one or more offerers following their submittal of a proposal.

(iii) Award of project agreement. A project agreement awarded pursuant to this act shall be awarded to a responsive and responsible entity that submits the proposal, which, in consideration of the criteria set forth in the request for proposals, offers the best value to the state, as determined by DASNY and the department, provided that:

(A) where a proposal provides for a guaranteed maximum price, DASNY and the department shall be entitled to monitor and audit all project costs. In establishing the schedule and process for determining a guaranteed maximum price, the project agreement shall:

(1) describe the scope of the work and the cost of performing such work;

(2) provide for a detailed line item cost breakdown;

(3) provide for a list of all drawings, specifications and other information on which the guaranteed maximum price is based;
(4) provide for the dates for substantial and final completion on which the guaranteed maximum price is based; and

(5) provide for a schedule of unit prices;

(B) where a proposal provides for a lump sum where the contractor agrees to accept a set dollar amount for a project agreement that comprises a single bid, the proposal need not provide a cost breakdown for all costs, such as for equipment, labor, or materials, or the contractor's profit for completing all items of work comprising the project;

(C) a proposal may include both lump sum and guaranteed maximum price provisions and may provide for project-related services on a fee-for-service basis; and

(D) to the extent consistent with applicable law, DASNY and the department shall consider, when awarding a project agreement pursuant to this section: (1) the participation of firms certified pursuant to article fifteen-A of the executive law as minority or women-owned businesses and the ability of other businesses under consideration to work with minority and women-owned businesses so as to promote and assist participation by such businesses; (2) the participation of firms certified pursuant to article seventeen-B of the executive law as service-disabled veteran-owned businesses and the ability of other businesses under consideration to work with service-disabled veteran-owned businesses so as to promote and assist participation by such businesses; and (3) such entities' utilization of small business concerns identified pursuant to subdivision (b) of section one hundred thirty-nine-g of the state finance law.

(iv) Exigent circumstances. In the event that, at any time, the department determines and communicates to the temporary president of the

If the business accepted to locate in a tax-free NY area creates more net new jobs than for which it is allocated personal income tax benefits, the personal income tax benefits it is allocated shall be provided to those individuals employed in those net new jobs based on the employees' dates of hiring.

§ 8. Subdivisions 1, 2, 3 and 4 of section 435 of the economic development law, subdivisions 1, 2 and 3 as added by section 1 of part A of chapter 68 of the laws of 2013 and subdivision 4 as amended by section 2 of part B of chapter 60 of the laws of 2015, are amended to read as follows:

1. The president or chief executive officer of any state university campus, community college or city university campus seeking to sponsor a tax-free NY area and have some of its eligible land specified under subdivision one of section four hundred thirty-two of this article be designated as a tax-free NY area must submit a plan to the commissioner that specifies the land or space the campus or college wants to include, describes the type of business or businesses that may locate on that land or in that space, explains how those types of businesses align with or further the academic mission of the campus or college and how partic-
ipation by those types of businesses in the [START-UP NY] excelsior business program would have positive community and economic benefits, and describes the process the campus or college will follow to select participating businesses. At least thirty days prior to submitting such plan, the campus or college must provide the municipality or municipalities in which the proposed tax-free NY area is located, local economic development entities, the applicable campus or college faculty senate, union representatives and the campus student government with a copy of the plan. In addition, if the plan of the campus or college includes land or space located outside of the campus boundaries, the campus or college must consult with the municipality or municipalities in which such land or space is located prior to including such space or land in its proposed tax-free NY area and shall give preference to underutilized properties. Before approving or rejecting the plan submitted by a state university campus, community college or city university campus, the commissioner shall consult with the chancellor of the applicable university system or his or her designee.

2. The president or chief executive officer of any private college or university or of any state university campus, community college or city university campus seeking to sponsor a tax-free NY area and have some of its eligible land specified under subdivision two of section four hundred thirty-two of this article be designated as a tax-free NY area must submit a plan to the commissioner that specifies the land or space the college or university wants to include, describes the type of business or businesses that may locate on that land or in that space, explains how those types of businesses align with or further the academic mission of the college or university and how participation by those types of businesses in the [START-UP NY] excelsior business program
would have positive community and economic benefits, and describes the process the campus or college will follow to select participating businesses. In addition, if the plan of the campus or college includes land or space located outside of the campus boundaries, the campus or college must consult with the municipality or municipalities in which such land or space is located prior to including such space or land in its proposed tax-free NY area and shall notify local economic development entities. The commissioner shall forward the plan submitted under this subdivision to the [START-UP NY] excelsior business approval board. In evaluating such plans, the board shall examine the merits of each proposal, including but not limited to, compliance with the provisions of this article, reasonableness of the economic and fiscal assumptions contained in the application and in any supporting documentation and potential of the proposed project to create new jobs, and, except for proposals for designation of eligible land under paragraph (c) of subdivision two of section four hundred thirty-two of this article, shall prioritize for acceptance and inclusion into the [START-UP NY] excelsior business program plans for tax-free NY areas in counties that contain a city with a population of one hundred thousand or more without a university center as defined in subdivision seven of section three hundred fifty of the education law on the effective date of this article. No preference shall be given based on the time of submission of the plan, provided that any submission deadlines established by the board are met. In addition, the board shall give preference to private colleges or universities that include underutilized properties within their proposed tax-free NY areas. The board by a majority vote shall approve or reject each plan forwarded to it by the commissioner.
3. A campus, university or college may amend its approved plan, provided that the campus, university or college may not violate the terms of any lease with a business located in the approved tax-free NY area. In addition, if a business located in a tax-free NY area does not have a lease with a campus, university or college, and such business is terminated from the [START-UP NY] excelsior business program pursuant to paragraph (b) of subdivision four of section four hundred thirty-six of this article, and subsequently does not relocate outside of the tax-free NY area, a campus, university or college may amend its approved plan to allocate an amount of vacant land or space equal to the amount of space occupied by the business that is terminated. The amendment must be approved pursuant to the procedures and requirements set forth in subdivision one or two of this section, whichever is applicable, provided, however, that a college or university which has obtained the approval of the excelsior business approval board for a plan pursuant to subdivision two of this section may amend the land and space designated under such plan pursuant to the procedures described in subdivision one of this section.

4. The [START-UP NY] excelsior business approval board, by majority vote, shall designate correctional facilities described in subdivision fourteen of section four hundred thirty-one of this article, [START-UP NY] excelsior business airport facilities described in subdivision fifteen of section four hundred thirty-one of this article and up to twenty strategic state assets as tax-free NY areas. Each shall be affiliated with a state university campus, city university campus, community college, or private college or university and such designation shall require the support of the affiliated campus, college or university. Each strategic state asset and [START-UP NY] excelsior business airport
facility, other than a correctional facility, may not exceed a maximum of two hundred thousand square feet of vacant land or vacant building space designated as a tax-free NY area. Designation of strategic state assets, correctional facilities described in subdivision fourteen of section four hundred thirty-one of this article, and [START-UP NY] excelsior business airport facilities described in subdivision fifteen of section four hundred thirty-one of this article as tax-free NY areas shall not count against any square footage limitations in section four hundred thirty-two of this article.

§ 9. Section 436 of the economic development law, as added by section 1 of part A of chapter 68 of the laws of 2013, is amended to read as follows:

§ 436. Businesses locating in tax-free NY areas. 1. A campus, university or college that has sponsored a tax-free NY area (including any strategic state asset affiliated with the campus, university or college) shall solicit and accept applications from businesses to locate in such area that are consistent with the plan of such campus, university or college or strategic state asset that has been approved pursuant to section four hundred thirty-five of this article. Any business that wants to locate in a tax-free NY area must submit an application to the campus, university or college which is sponsoring the tax-free NY area by December thirty-first, two thousand twenty. Prior to such date, the commissioner shall prepare an evaluation on the effectiveness of the [START-UP NY] excelsior business program and deliver it to the governor and the legislature to determine continued eligibility for application submissions.

2. (a) The sponsoring campus, university or college shall provide the application and all supporting documentation of any business it decides
to accept into its tax-free NY area to the commissioner for review. Such
application shall be in a form prescribed by the commissioner and shall
contain all information the commissioner determines is necessary to
properly evaluate the business's application, including, but not limited
to, the name, address, and employer identification number of the busi-
ness; a description of the land or space the business will use, the
terms of the lease agreement, if applicable, between the sponsoring
campus, university or college and the business, and whether or not the
land or space being used by the business is being transferred or sublet
to the business from some other business. The application must include a
certification by the business that it meets the eligibility criteria
specified in section four hundred thirty-three of this article and will
align with or further the academic mission of the sponsoring campus,
college or university, and that the business's participation in the
[START-UP NY] excelsior business program will have positive community
and economic benefits. The application must also describe whether or
not the business competes with other businesses in the same community
but outside the tax-free NY area. In addition, the application must
include a description of how the business plans to recruit employees
from the local workforce.

(b) The commissioner shall review such application and documentation
within sixty days and may reject such application upon a determination
that the business does not meet the eligibility criteria in section four
hundred thirty-three of this article, has submitted an incomplete appli-
cation, has failed to comply with subdivision three of this section, or
has failed to demonstrate that the business's participation in the
[START-UP NY] excelsior business program will have positive community
and economic benefits, which shall be evaluated based on factors includ-
ing but not limited to whether or not the business competes with other businesses in the same community but outside the tax-free NY area as prohibited by section four hundred forty of this article. If the commissioner rejects such application, it shall provide notice of such rejection to the sponsoring campus, university or college and business. If the commissioner does not reject such application within sixty days, such business is accepted to locate in such tax-free NY area, and the application of such business shall constitute a contract between such business and the sponsoring campus, university or college. The sponsoring campus, university or college must provide accepted businesses with documentation of their acceptances in such form as prescribed by the commissioner of taxation and finance which will be used to demonstrate such business's eligibility for the tax benefits specified in section thirty-nine of the tax law.

(c) If a state university campus proposes to enter into a lease with a business for eligible land in a tax-free NY area with a term greater than forty years, including any options to renew, or for eligible land in a tax-free NY area of one million or more square feet, the state university campus, at the same time as the application is provided to the commissioner, also must submit the lease for review to the [START-UP NY] excelsior business approval board. If the board does not disapprove of the lease terms within thirty days, the lease is deemed approved. If the board disapproves the lease terms, the state university campus must submit modified lease terms to the commissioner for review. The commissioner's sixty day review period is suspended while the board is reviewing the lease and during the time it takes for the state university campus to modify the lease terms.
(d) Except as otherwise provided in this article, proprietary information or supporting documentation submitted by a business to a sponsoring campus, university or college shall only be utilized for the purpose of evaluating such business's application or compliance with the provisions of this article and shall not be otherwise disclosed. Any person who willfully discloses such information to a third party for any other purpose whatsoever shall be guilty of a misdemeanor.

3. The business submitting the application, as part of the application, must:

(b) agree to allow the department of labor to share its tax and employer information with the department and the sponsoring campus, university or college;

(c) allow the department and its agents and the sponsoring campus, university or college access to any and all books and records the department or sponsoring campus, university or college may require to monitor compliance;

(d) [include performance benchmarks, including the number of net new jobs that must be created, the schedule for creating those jobs, and details on job titles and expected salaries. The application must specify the consequences for failure to meet such benchmarks, as determined by the business and the sponsoring campus, university or college: (i)] agree that the failure of the business to meet the requirements of subdivision one of section four hundred thirty-three of this article shall result in the suspension of such business's participation in the [START-UP NY] excelsior business program for one or more tax years as
specified in such application; (ii) termination of such business's participation in the START-UP NY program; and/or (iii) proportional recovery of tax benefits awarded under the START-UP NY program as specified in section thirty-nine of the tax law] and that the business's participation in the excelsior business program shall be terminated in the event that it does not create and maintain at least one net new job within five years of the date that such business locates to a tax-free NY area;

(g) certify, under penalty of perjury, that it is in substantial compliance with all environmental, worker protection, and local, state, and federal tax laws, and that it satisfies all the eligibility requirements to participate in the [START-UP NY] excelsior business program.

4. (a) At the conclusion of the lease term of a lease by the sponsoring campus, university or college to a business of land or space in a tax-free NY area owned by the sponsoring campus, university or college, the leased land or space and any improvements thereon shall revert to
the sponsoring campus, university or college, unless the lease is
renewed.

(b) If, at any time, the sponsoring campus, university or college or
the commissioner determines that a business no longer satisfies any of
the eligibility criteria specified in section four hundred thirty-three
of this article, the sponsoring campus, university or college shall
recommend to the commissioner that the commissioner terminate or the
commissioner on his or her own initiative shall immediately terminate
such business's participation in the [START-UP NY] excelsior business
program. Such business shall be notified of such termination by a method
which allows for verification of receipt of such termination notice. A
copy of such termination notice shall be sent to the commissioner of
taxation and finance. Upon such termination, such business shall not be
eligible for the tax benefits specified in section thirty-nine of the
tax law for that or any future taxable year, calendar quarter or sales
tax quarter, although employees of such business may continue to claim
the tax benefit for their wages during the remainder of that taxable
year. Further, such lease or contract between the sponsoring campus,
university or college and such business shall be rescinded, effective on
the thirtieth day after the commissioner mailed such termination notice
to such business and the land or space and any improvements thereon

The commissioner may terminate the participation of the business in the excelsior business program in the event that the commissioner determines that the significant change in organizational structure of the business will substantially modify the conditions of the business' participation in the excelsior business program.

The tax-free area allocation factor shall be the percentage representing the business's economic presence in the tax-free NY area or areas in which the business was approved to locate pursuant to article twenty-one of the economic development law. This percentage shall be computed by:
(1) ascertaining the percentage that the average value of the business's real and tangible personal property, whether owned or rented to it, in the tax-free NY areas in which the business was approved to locate during the period covered by the taxpayer's report or return bears to the average value of the business's real and tangible personal property, whether owned or rented to it, within the state during such period; provided that the term "value of the business's real and tangible personal property" shall have the same meaning as such term has in paragraph (a) of subdivision two of section two hundred nine-B of this chapter; and

(2) ascertaining the percentage that the total wages, salaries and other personal service compensation, similarly computed, during such period of employees, except general executive officers, employed at each of the business's locations in the tax-free NY areas in which it was approved to locate, bears to the total wages, salaries and other personal service compensation, similarly computed, during such period, of all the business's employees within the state, except general executive officers; and

The tax factor shall be, in the case of article twenty-two of this chapter, the tax determined for the taxable year under subsections (a) through (d) of section six hundred one of such article after the deduction of any other credits allowable under such article, other than the excelsior jobs program credits allowed under subsection (qq) of section six hundred six of this chapter.

(A) Where the taxpayer is a sole proprietor of a business located in [a] one or more tax-free NY [area] areas, the taxpayer's tax factor shall be that portion of the amount determined in paragraph one of this subdivision that is attributable to the income of the business at its location in the tax-free NY [area] areas in which it was approved to locate. Such attribution shall be made in accordance with the ratio of the taxpayer's income from such business allocated within the state, entering into New York adjusted gross income, to the taxpayer's New York adjusted gross income, or in accordance with such other methods as the commissioner may prescribe as providing an apportionment that reasonably reflects the portion of the taxpayer's tax attributable to the income of such business. In no event may the ratio so determined exceed 1.0. The income
from such business allocated within the state shall be determined as if
the sole proprietor was a non-resident.

(B)(i) Where the taxpayer is a member of a partnership that is a busi-
ness located in [a] one or more tax-free NY [area] areas, the taxpayer's
tax factor shall be that portion of the amount determined in paragraph
one of this subdivision that is attributable to the income of the part-
nership. Such attribution shall be made in accordance with the ratio of
the partner's income from the partnership allocated within the state to
the partner's entire income, or in accordance with such other methods as
the commissioner may prescribe as providing an apportionment that
reasonably reflects the portion of the partner's tax attributable to the
income of the partnership. In no event may the ratio so determined
exceed 1.0. The income from the partnership allocated within the state
shall be determined as if any of the partners was a non-resident.

(ii) For purposes of article nine-A of this chapter, the term "part-
ner's income from the partnership" means partnership items of income,
gain, loss and deduction, and New York modifications thereto, entering
into business income and the term "partner's entire income" means busi-

determined in paragraph one of this subdivision that is attributable to
the income of the S corporation. Such attribution shall be made in accordance with the ratio of the shareholder's income from the S corporation allocated within the state, entering into New York adjusted gross income, to the shareholder's New York adjusted gross income, or in accordance with such other methods as the commissioner may prescribe as providing an apportionment that reasonably reflects the portion of the shareholder's tax attributable to the income of such business. The income of the S corporation allocated within the state shall be determined by multiplying the income of the S corporation by a business allocation factor that shall be determined in clause (ii) of this subparagraph. In no event may the ratio so determined exceed 1.0.

(ii) The business allocation factor for purposes of this subparagraph shall be computed by adding together the property factor specified in subclause (I) of this clause, the wage factor specified in subclause (II) of this clause and the apportionment factor determined under section two hundred ten-A of this chapter and dividing by three.

(I) The property factor shall be determined by ascertaining the percentage that the average value of the business's real and tangible personal property, whether owned or rented to it, within the state during the period covered by the taxpayer's report or return bears to the average value of the business's real and tangible personal property, whether owned or rented to it, within and without the state during such period; provided that the term "value of the business's real and tangible personal property" shall have the same meaning as such term has in paragraph (a) of subdivision two of section two hundred nine-B of this chapter.

sation, similarly computed, during such period of employees, except
general executive officers, employed at the business's location or
locations within the state, bears to the total wages, salaries and other
personal service compensation, similarly computed, during such period,
of all the business's employees within and without the state, except
general executive officers.

located in [a] one or more tax-free NY [area] areas and is required or
permitted to make a return or report on a combined basis under article
nine-A of this chapter, the taxpayer's tax factor shall be the amount
determined in paragraph one of this subdivision that is attributable to
the income of such business. Such attribution shall be made in accord-
ance with the ratio of the business's income allocated within the state
to the combined group's income, or in accordance with such other methods
as the commissioner may prescribe as providing an apportionment that
reasonably reflects the portion of the combined group's tax attributable
to the income of such business. In no event may the ratio so determined
exceed 1.0.

(B) The term "income of the business located in [a] one or more tax-
free NY [area] areas" means business income calculated as if the taxpay-
er was filing separately and the term "combined group's income" means
business income as shown on the combined report, allocated within the
state.

(4) If a business is generating or receiving income from a line of
business or intangible property that was previously conducted, created
or developed by the business or a related person, as that term is
defined in section four hundred thirty-one of the economic development
law, the tax factor specified in this subdivision shall be adjusted to
disregard such income. However, if the income being generated or received is from the expansion of a line of business or intangible property that the business previously conducted, created or developed in a limited, prototypical fashion, the taxpayer may request that the commissioner exercise his or her discretion to not disregard such income. Such request must be made in the manner determined by the commissioner and must be made by the due date of the taxpayer's return, determined with regard to extensions.

Notwithstanding paragraph (a) of subdivision four of section seventy-two of this article, the
state comptroller shall retain any balance of moneys in the debt

(c) Any interest or other income or earnings resulting from the investment of assets of the trust shall accrue to and become part of the assets of the trust.

6. In accordance with paragraph (b) of subdivision five of this section, the commissioner of taxation and finance shall develop, in consultation with the state health insurance council, a written investment policy for selecting investment options in a manner consistent with the investment options prescribed in section ninety-eight of this article so that the commissioner may be able to invest fund monies in accordance with such policy. or expense suffered by the trust in the absence of bad faith, willful
misconduct or intentional wrongdoing. The commissioner shall be consid-

Annually on or before each June 30th, such agency shall certify to the state comptroller its determination of the amounts received in the mental health services fund as a result of the investment of monies deposited therein that will or may have to be rebated to the federal government pursuant to the provisions of the internal revenue code of 1986, as amended.

debt of the state, and the state shall not be liable thereon, nor shall
they be payable out of any funds other than those appropriated by the
state to the corporation for debt service and related expenses pursuant
to any service contracts executed pursuant to subdivision (b) of this
section, and such bonds and notes shall contain on the face thereof a

§ 34. Subdivision 1 of section 386-b of the public authorities law, as amended by section 39 of part UU of chapter 54 of the laws of 2016, is amended to read as follows:

1. Notwithstanding any other provision of law to the contrary, the authority, the dormitory authority and the urban development corporation are hereby authorized to issue bonds or notes in one or more series for the purpose of financing peace bridge projects and capital costs of state and local highways, parkways, bridges, the New York state thruway, Indian reservation roads, and facilities, and transportation infrastructure projects including aviation projects, non-MTA mass transit projects, and rail service preservation projects, including work appurtenant and ancillary thereto. The aggregate principal amount of bonds authorized to be issued pursuant to this section shall not exceed three billion [sixty-five million dollars $3,065,000,000] nine hundred fifty-four million dollars $3,954,000,000, excluding bonds issued to fund one or more debt service reserve funds, to pay costs of issuance of such bonds, and to refund or otherwise repay such bonds or notes previously issued. Such bonds and notes of the authority, the dormitory authority and the urban development corporation shall not be a debt of the state, and the state shall not be liable thereon, nor shall they be payable out of any funds other than those appropriated by the state to the authority, the dormitory authority and the urban development corporation for principal, interest, and related expenses pursuant to a service contract and such bonds and notes shall contain on the face thereof a statement to such effect. Except for purposes of complying with the internal revenue code, any interest income earned on bond proceeds shall only be used to pay debt service on such bonds.
§ 35. Paragraph (c) of subdivision 19 of section 1680 of the public
authorities law, as amended by section 40 of part UU of chapter 54 of
the laws of 2016, is amended to read as follows:

(c) Subject to the provisions of chapter fifty-nine of the laws of two
thousand, the dormitory authority shall not issue any bonds for state
university educational facilities purposes if the principal amount of
bonds to be issued when added to the aggregate principal amount of bonds
issued by the dormitory authority on and after July first, nineteen
hundred eighty-eight for state university educational facilities will
exceed [eleven] twelve billion [six] three hundred [sixty-three] forty-
three million dollars; provided, however, that bonds issued or to be
issued shall be excluded from such limitation if: (1) such bonds are
issued to refund state university construction bonds and state universi-

ty construction notes previously issued by the housing finance agency;
or (2) such bonds are issued to refund bonds of the authority or other
obligations issued for state university educational facilities purposes
and the present value of the aggregate debt service on the refunding
bonds does not exceed the present value of the aggregate debt service on
the bonds refunded thereby; provided, further that upon certification by
the director of the budget that the issuance of refunding bonds or other
obligations issued between April first, nineteen hundred ninety-two and
March thirty-first, nineteen hundred ninety-three will generate long
term economic benefits to the state, as assessed on a present value
basis, such issuance will be deemed to have met the present value test
noted above. For purposes of this subdivision, the present value of the
aggregate debt service of the refunding bonds and the aggregate debt
service of the bonds refunded, shall be calculated by utilizing the true
interest cost of the refunding bonds, which shall be that rate arrived
at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding bonds from the payment dates thereof to the date of issue of the refunding bonds to the purchase price of the refunding bonds, including interest accrued thereon prior to the issuance thereof. The maturity of such bonds, other than bonds issued to refund outstanding bonds, shall not exceed the weighted average economic life, as certified by the state university construction fund, of the facilities in connection with which the bonds are issued, and in any case not later than the earlier of thirty years or the expiration of the term of any lease, sublease or other agreement relating thereto; provided that no note, including renewals thereof, shall mature later than five years after the date of issuance of such note. The legislature reserves the right to amend or repeal such limit, and the state of New York, the dormitory authority, the state university of New York, and the state university construction fund are prohibited from covenanting or making any other agreements with or for the benefit of bondholders which might in any way affect such right.

§ 36. Paragraph (c) of subdivision 14 of section 1680 of the public authorities law, as amended by section 41 of part UU of chapter 54 of the laws of 2016, is amended to read as follows:

(c) Subject to the provisions of chapter fifty-nine of the laws of two thousand, (i) the dormitory authority shall not deliver a series of bonds for city university community college facilities, except to refund or to be substituted for or in lieu of other bonds in relation to city university community college facilities pursuant to a resolution of the dormitory authority adopted before July first, nineteen hundred eighty-five or any resolution supplemental thereto, if the principal amount of
bonds so to be issued when added to all principal amounts of bonds
previously issued by the dormitory authority for city university commu-
nity college facilities, except to refund or to be substituted in lieu
of other bonds in relation to city university community college facili-
ties will exceed the sum of four hundred twenty-five million dollars and
(ii) the dormitory authority shall not deliver a series of bonds issued
for city university facilities, including community college facilities,
pursuant to a resolution of the dormitory authority adopted on or after
July first, nineteen hundred eighty-five, except to refund or to be
substituted for or in lieu of other bonds in relation to city university
facilities and except for bonds issued pursuant to a resolution supple-
mental to a resolution of the dormitory authority adopted prior to July
first, nineteen hundred eighty-five, if the principal amount of bonds so
to be issued when added to the principal amount of bonds previously
issued pursuant to any such resolution, except bonds issued to refund or
to be substituted for or in lieu of other bonds in relation to city
university facilities, will exceed seven billion [five] nine hundred
[eighty-eight] eighty-one million [four] nine hundred [eleven] sixty-
eight thousand dollars. The legislature reserves the right to amend or
repeal such limit, and the state of New York, the dormitory authority,
the city university, and the fund are prohibited from covenanting or
making any other agreements with or for the benefit of bondholders which
might in any way affect such right.

§ 37. Subdivision 10-a of section 1680 of the public authorities law,
as amended by section 42 of part UU of chapter 54 of the laws of 2016,
is amended to read as follows:

10-a. Subject to the provisions of chapter fifty-nine of the laws of
two thousand, but notwithstanding any other provision of the law to the
contrary, the maximum amount of bonds and notes to be issued after March
thirty-first, two thousand two, on behalf of the state, in relation to
any locally sponsored community college, shall be [eight] nine hundred
[sixty-one] fourteen million [four] five hundred [fifty-four] ninety
thousand dollars. Such amount shall be exclusive of bonds and notes
issued to fund any reserve fund or funds, costs of issuance and to
refund any outstanding bonds and notes, issued on behalf of the state,
relating to a locally sponsored community college.
§ 38. Subdivision 1 of section 17 of part D of chapter 389 of the laws
of 1997, relating to the financing of the correctional facilities
improvement fund and the youth facility improvement fund, as amended by
section 43 of part UU of chapter 54 of the laws of 2016, is amended to
read as follows:
1. Subject to the provisions of chapter 59 of the laws of 2000, but
notwithstanding the provisions of section 18 of section 1 of chapter 174
of the laws of 1968, the New York state urban development corporation is
hereby authorized to issue bonds, notes and other obligations in an
aggregate principal amount not to exceed six hundred [forty-seven]
eighty-two million [sixty-five] nine hundred fifteen thousand dollars
[($647,065,000)] ($682,915,000), which authorization increases the
aggregate principal amount of bonds, notes and other obligations author-
ized by section 40 of chapter 309 of the laws of 1996, and shall include
all bonds, notes and other obligations issued pursuant to chapter 211 of
the laws of 1990, as amended or supplemented. The proceeds of such
bonds, notes or other obligations shall be paid to the state, for depos-
it in the youth facilities improvement fund, to pay for all or any
portion of the amount or amounts paid by the state from appropriations
or reappropriations made to the office of children and family services
from the youth facilities improvement fund for capital projects. The aggregate amount of bonds, notes and other obligations authorized to be issued pursuant to this section shall exclude bonds, notes or other obligations issued to refund or otherwise repay bonds, notes or other obligations theretofore issued, the proceeds of which were paid to the state for all or a portion of the amounts expended by the state from appropriations or reappropriations made to the office of children and family services; provided, however, that upon any such refunding or repayment the total aggregate principal amount of outstanding bonds, notes or other obligations may be greater than six hundred forty-seven million sixty-five nine hundred fifteen thousand dollars [($647,065,000) ($682,915,000)], only if the present value of the aggregate debt service of the refunding or repayment bonds, notes or other obligations to be issued shall not exceed the present value of the aggregate debt service of the bonds, notes or other obligations so to be refunded or repaid. For the purposes hereof, the present value of the aggregate debt service of the refunding or repayment bonds, notes or other obligations and of the aggregate debt service of the bonds, notes or other obligations so refunded or repaid, shall be calculated by utilizing the effective interest rate of the refunding or repayment bonds, notes or other obligations, which shall be that rate arrived at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding or repayment bonds, notes or other obligations from the payment dates thereof to the date of issue of the refunding or repayment bonds, notes or other obligations and to the price bid including estimated accrued interest or proceeds received by the corporation including estimated accrued interest from the sale thereof.
§ 39. Paragraph b of subdivision 2 of section 9-a of section 1 of chapter 392 of the laws of 1973, constituting the New York state medical care facilities finance agency act, as amended by section 44 of part UU of chapter 54 of the laws of 2016, is amended to read as follows:
b. The agency shall have power and is hereby authorized from time to time to issue negotiable bonds and notes in conformity with applicable provisions of the uniform commercial code in such principal amount as, in the opinion of the agency, shall be necessary, after taking into account other moneys which may be available for the purpose, to provide sufficient funds to the facilities development corporation, or any successor agency, for the financing or refinancing of or for the design, construction, acquisition, reconstruction, rehabilitation or improvement of mental health services facilities pursuant to paragraph a of this subdivision, the payment of interest on mental health services improvement bonds and mental health services improvement notes issued for such purposes, the establishment of reserves to secure such bonds and notes, the cost or premium of bond insurance or the costs of any financial mechanisms which may be used to reduce the debt service that would be payable by the agency on its mental health services facilities improvement bonds and notes and all other expenditures of the agency incident to and necessary or convenient to providing the facilities development corporation, or any successor agency, with funds for the financing or refinancing of or for any such design, construction, acquisition, reconstruction, rehabilitation or improvement and for the refunding of mental hygiene improvement bonds issued pursuant to section 47-b of the private housing finance law; provided, however, that the agency shall not issue mental health services facilities improvement bonds and mental health services facilities improvement notes in an aggregate principal amount
exceeding eight billion [twenty-one] three hundred seventy-two million
eight hundred fifteen thousand dollars, excluding mental health services
facilities improvement bonds and mental health services facilities
improvement notes issued to refund outstanding mental health services
facilities improvement bonds and mental health services facilities
improvement notes; provided, however, that upon any such refunding or
repayment of mental health services facilities improvement bonds and/or
mental health services facilities improvement notes the total aggregate
principal amount of outstanding mental health services facilities
improvement bonds and mental health facilities improvement notes may be
greater than eight billion [twenty-one] three hundred seventy-two
million eight hundred fifteen thousand dollars only if, except as here-
inafter provided with respect to mental health services facilities bonds

hygiene improvement bonds authorized to be issued pursuant to the
provisions of section 47-b of the private housing finance law, the pres-
ent value of the aggregate debt service of the refunding or repayment
bonds to be issued shall not exceed the present value of the aggregate
debt service of the bonds to be refunded or repaid. For purposes hereof,
the present values of the aggregate debt service of the refunding or
repayment bonds, notes or other obligations and of the aggregate debt
service of the bonds, notes or other obligations so refunded or repaid,
shall be calculated by utilizing the effective interest rate of the
refunding or repayment bonds, notes or other obligations, which shall be
that rate arrived at by doubling the semi-annual interest rate
(compounded semi-annually) necessary to discount the debt service
payments on the refunding or repayment bonds, notes or other obligations
from the payment dates thereof to the date of issue of the refunding or
restitution bonds, notes or other obligations and to the price bid includ-
ing estimated accrued interest or proceeds received by the authority
including estimated accrued interest from the sale thereof. Such bonds,
other than bonds issued to refund outstanding bonds, shall be scheduled
to mature over a term not to exceed the average useful life, as certi-
fied by the facilities development corporation, of the projects for
which the bonds are issued, and in any case shall not exceed thirty
years and the maximum maturity of notes or any renewals thereof shall
not exceed five years from the date of the original issue of such notes.
Notwithstanding the provisions of this section, the agency shall have
the power and is hereby authorized to issue mental health services
facilities improvement bonds and/or mental health services facilities
improvement notes to refund outstanding mental hygiene improvement bonds
authorized to be issued pursuant to the provisions of section 47-b of
the private housing finance law and the amount of bonds issued or
outstanding for such purposes shall not be included for purposes of
determining the amount of bonds issued pursuant to this section. The
director of the budget shall allocate the aggregate principal authorized
to be issued by the agency among the office of mental health, office for
people with developmental disabilities, and the office of alcoholism and
substance abuse services, in consultation with their respective commis-
sioners to finance bondable appropriations previously approved by the
legislature.

2. Such bonds, or the portion thereof at any time issued, shall be made payable (a) in equal annual principal installments or (b) in annual installments of principal and interest which result in substantially level or declining debt service payments, over the life of the bonds, the first of which annual installments shall be payable not more than one year from the date of issue and the last of which shall be payable at such time as the comptroller may determine but not more than forty years or state fiscal years after the date of issue, not more than fifty years after the date of issue in the case of housing bonds, and not more than twenty-five years in the case of urban renewal bonds. Where bonds are payable pursuant to paragraph (b) of this subdivision, except for the year or state fiscal year of initial issuance if less than a full year of debt service is to become due in that year or state fiscal year, either (i) the greatest aggregate amount of debt service payable in any
A year or state fiscal year shall not differ from the lowest aggregate amount of debt service payable in any other year or state fiscal year by more than five percent or (ii) the aggregate amount of debt service in each year or state fiscal year shall be less than the aggregate amount of debt service in the immediately preceding year or state fiscal year. For purposes of this subdivision, debt service shall include all principal, redemption price, sinking fund installments or contributions, and interest scheduled to become due. For purposes of determining whether debt service is level or declining on bonds issued with a variable rate of interest pursuant to paragraph b of subdivision four of this section, the comptroller shall assume a market rate of interest as of the date of issuance. Where the comptroller determines that interest on any bonds shall be compounded and payable at maturity, such bonds shall be payable only in accordance with paragraph (b) of this subdivision unless accrued interest is contributed to a sinking fund in accordance with subdivision three of section twelve of article seven of the state constitution. In no case shall any bonds or portion thereof be issued for a period longer than the probable life of the work or purpose, or part thereof, to which the proceeds of the bonds are to be applied, or in the alternative, the weighted average period of the probable life of the works or purposes to which the proceeds of the bonds are to be applied taking into consideration the respective amounts of bonds issued for each work or purpose, as may be determined under section sixty-one of this [chapter] article and in accordance with the certificate of the commissioner of general services, and/or the commissioner of transportation, state architect, state commissioner of housing and urban renewal, or other authority, as the case may be, having charge by law of the acquisition, construction, work or improvement for which the debt was authorized. Such certificate
shall be filed in the office of the state comptroller and shall state
the group, or, where the probable lives of two or more separable parts
of the work or purposes are different, the groups, specified in such
section, for which the amount or amounts, shall be provided by the issuance and sale of bonds. Weighted average period of probable life shall
be determined by computing the sum of the products derived from multiplying the dollar value of the portion of the debt contracted for each
work or purpose (or class of works or purposes) by the probable life of
such work or purpose (or class of works or purposes) and dividing the
resulting sum by the dollar value of the entire debt after taking into
consideration any original issue discount. Any costs of issuance
financed with bond proceeds shall be prorated among the various works or
purposes. Such bonds, or the portion thereof at any time sold, shall be
of such denominations, subject to the foregoing provisions, as the state
comptroller may determine. Notwithstanding the foregoing provisions of
this subdivision, the comptroller may issue all or a portion of such
bonds as serial debt, term debt or a combination thereof, maturing as
required by this subdivision, provided that the comptroller shall have
provided for the retirement each year or state fiscal year, or otherwise
have provided for the payment of, through sinking fund installment
payments or otherwise, a portion of such term bonds in an amount meeting
the requirements of paragraph (a) or (b) of this subdivision or shall
have established a sinking fund and provided for contributions thereto
as provided in subdivision eight of this section and section twelve of
article seven of the state constitution.

6. Except with respect to bonds issued in the manner provided in para-
graph (c) of subdivision seven of this section, all bonds of the state
of New York which the comptroller of the state of New York is authorized
to issue and sell, shall be executed in the name of the state of New
York by the manual or facsimile signature of the state comptroller and
his seal (or a facsimile thereof) shall be thereunto affixed, imprinted,
engraved or otherwise reproduced. In case the state comptroller who
shall have signed and sealed any of the bonds shall cease to hold the
office of state comptroller before the bonds so signed and sealed shall
have been actually countersigned and delivered by the fiscal agent or
trustee, such bonds may, nevertheless, be countersigned and delivered as
herein provided, and may be issued as if the state comptroller who
signed and sealed such bonds had not ceased to hold such office. Any
bond of a series may be signed and sealed on behalf of the state of New
York by such person as at the actual time of the execution of such bond
shall hold the office of comptroller of the state of New York, although
at the date of the bonds of such series such person may not have held
such office. The coupons to be attached to the coupon bonds of each
series shall be signed by the facsimile signature of the state comp-
troller of the state of New York or by any person who shall have held
the office of state comptroller of the state of New York on or after the
date of the bonds of such series, notwithstanding that such person may
not have been such state comptroller at the date of any such bond or may
have ceased to be such state comptroller at the date when any such bond
shall be actually countersigned and delivered. The bonds of each series
shall be countersigned with the manual signature of an authorized
employee of the fiscal agent or trustee of the state of New York. No
bond and no coupon thereunto appertaining shall be valid or obligatory
for any purpose until such manual countersignature of an authorized
employee of the fiscal agent or trustee of the state of New York shall
have been duly affixed to such bond.
§ 50. Sections 58, 59 and 60 of the state finance law are REPEALED.

§ 51. Section 62 of the state finance law, as amended by chapter 219 of the laws of 1999, is amended to read as follows:

§ 62. Replacement of lost certificates. The comptroller, who may act through his duly authorized fiscal agent or trustee appointed pursuant to section sixty-five of this article, may issue to the lawful owner of any certificate or bond issued by him in behalf of this state, which he or such duly authorized fiscal agent or trustee is satisfied, by due proof filed in his office or with such duly authorized fiscal agent or trustee, has been lost or casually destroyed, a new certificate or bond, corresponding in date, number and amount with the certificate or bond so lost or destroyed, and expressing on its face that it is a renewed certificate or bond. No such renewed certificate or bond shall be issued unless sufficient security is given to satisfy the lawful claim of any person to the original certificate or bond, or to any interest therein. The comptroller shall report annually to the legislature the number and amount of all renewed certificates or bonds so issued. If the renewed certificate is issued by the state's duly authorized fiscal agent or trustee and such agent or trustee agrees to be responsible for any loss suffered as a result of unauthorized payment, the security shall be provided to and approved by the fiscal agent or trustee and no additional approval by the comptroller or the attorney general shall be required.

§ 52. Section 65 of the state finance law, as amended by chapter 459 of the laws of 1948, subdivision 1 as amended by chapter 219 of the laws of 1999, is amended to read as follows:

§ 65. Appointment of fiscal agent or trustee; powers and duties. 1. Notwithstanding any other provisions of this chapter, the comptroller,
on behalf of the state, may contract from time to time for a period or periods not exceeding ten years each, except in the case of a bank or trust company agreeing to act as issuing, paying and/or tender agent with respect to a particular issue of variable interest rate bonds in which case the comptroller, on behalf of the state, may contract for a period not to exceed the term of such particular issue of bonds, with one or more banks or trust companies located in the city of New York, to act as fiscal agent, trustee, or agents of the state, and for the maintenance of an office for the registration, conversion, reconversion and transfer of the bonds and notes of the state, including the preparation and substitution of new bonds and notes, for the payment of the principal thereof and interest thereon, [and] for related services, and to otherwise effectuate the powers and duties of a fiscal agent or trustee on behalf of the state in all such respects as may be determined by the comptroller for such bonds and notes, and for the payment by the state of such compensation therefor as the comptroller may determine. Any such fiscal agent or trustee may, where authorized pursuant to the terms of its contract, accept delivery of obligations purchased by the state and of securities deposited with the state pursuant to sections one hundred five and one hundred six of this chapter and hold the same in safekeeping, make delivery to purchasers of obligations sold by the state, and accept deposit of such proceeds of sale without securing the same. Any such contract may also provide that such fiscal agent or trustee may, upon the written instruction of the comptroller, deposit any obligations or securities which it receives pursuant to such contract, in an account with a federal reserve bank, to be held in such account in the form of entries on the books of the federal reserve bank, and to be transferred in the event of any assignment, sale, redemption, maturity or other
disposition of such obligations or securities, by entries on the books of the federal reserve bank. Any such bank or trust company shall be responsible to the people of this state for the faithful and safe conduct of the business of said office, for the fidelity and integrity of its officers and agents employed in such office, and for all loss or damage which may result from any failure to discharge their duties, and for any improper and incorrect discharge of those duties, and shall save the state free and harmless from any and all loss or damage occasioned by or incurred in the performance of such services. Any such contract may be terminated by the comptroller at any time. In the event of any change in any office maintained pursuant to any such contract, the comptroller shall give public notice thereof in such form as he may determine appropriate.

2. The comptroller shall prescribe rules and regulations for the registration, conversion, reconversion and transfer of the bonds and notes of the state, including the preparation and substitution of new bonds, for the payment of the principal thereof and interest thereon, and for other authorized services to be performed by such fiscal agent or trustee. Such rules and regulations, and all amendments thereof, shall be prepared in duplicate, one copy of which shall be filed in the office of the department of audit and control and the other in the office of the department of state. A copy thereof may be filed as a public record in such other offices as the comptroller may determine. Such rules and regulations shall be obligatory on all persons having any interests in bonds and notes of the state heretofore or hereafter issued.

§ 53. The state finance law is amended by adding a new article 5-G to read as follows:
ARTICLE 5-G

PRIVATE SALE APPROVALS

Section 69-p. Private sale approvals.

§ 69-p. Private sale approvals. Notwithstanding any other provision of law to the contrary, wherever any issuer of bonds, notes, or other obligations, as authorized in the state finance law, the public authorities law, the local finance law, the general municipal law, the private housing finance law, the arts and cultural affairs law, the racing, pari-mutual wagering and breeding law, or unconsolidated law, shall have a requirement that such bonds, notes, or other obligations shall not be sold at private sale unless such sale and the terms thereof have been approved by the state comptroller, such issuer shall only be required to seek or secure the approval from the state comptroller of the interest rates, yields, and prices of such bonds, notes or other obligations, and their costs of issuance. If the state comptroller shall not have provided a decision on such approval by no later than noon eastern standard time on the next business day following the final pricing activity of each such private sale, then the sale and the terms thereof shall be deemed to be approved.

§ 54. Subdivision 2 of section 365 of the public authorities law, as separately amended by sections 349 and 381 of chapter 190 of the laws of 1990, is amended to read as follows:

2. The notes and bonds shall be authorized by resolution of the board, shall bear such date or dates and mature at such time or times, in the case of notes and any renewals thereof within five years after their respective dates and in the case of bonds not exceeding forty years from their respective dates, as such resolution or resolutions may provide. The notes and bonds shall bear interest at such rate or rates, be in
such denominations, be in such form, either coupon or registered, carry
such registration privileges, be executed in such manner, be payable in
such medium of payment, at such place or places, and be subject to such
terms of redemption as such resolution or resolutions may provide. Bonds
and notes shall be sold by the authority, at public or private sale, at
such price or prices as the authority may determine. Bonds and notes of
the authority shall not be sold by the authority at private sale unless
such sale and the terms thereof have been approved in writing by the
comptroller, where such sale is not to the comptroller, or by the direc-
tor of the budget, where such sale is to the comptroller. [Bonds and
notes sold at public sale shall be sold by the comptroller, as agent of
the authority, in such manner as the authority, with the approval of the
comptroller, shall determine.]

§ 55. This act shall take effect immediately and shall be deemed to
have been in full force and effect on and after April 1, 2017; provided,
however, that the provisions of sections one, two, three, four, five,
six, seven, eight, thirteen, fourteen, fifteen, sixteen, seventeen,
eighteen, nineteen, twenty, twenty-one, and twenty-two of this act shall
expire March 31, 2018 when upon such date the provisions of such
sections shall be deemed repealed.

§ 2. Severability clause. If any clause, sentence, paragraph, subdivi-
sion, section or part of this act shall be adjudged by any court of
competent jurisdiction to be invalid, such judgment shall not affect,
impair, or invalidate the remainder thereof, but shall be confined in
its operation to the clause, sentence, paragraph, subdivision, section
or part thereof directly involved in the controversy in which such judg-
ment shall have been rendered. It is hereby declared to be the intent of
the legislature that this act would have been enacted even if such
invalid provisions had not been included herein.

§ 3. This act shall take effect immediately provided, however, that
the applicable effective date of Parts A through Z of this act shall be
as specifically set forth in the last section of such Parts.
