Introduction

Introduction

The Governor submitted his Executive Budget proposal for Fiscal Year (FY) 2019 to the Legislature on January 16, 2018. The Executive Budget Financial Plan set forth the multi-year forecast of receipts and projections based on the Governor's proposal. The State Constitution permits the Governor to submit amendments to the Executive Budget within 30 days of its constitutional submission date. The Governor submitted amendments to the Executive Budget for FY 2019 on February 15, 2018, as permitted by law.

This Executive Budget Financial Plan for FY 2019, as amended (the "Executive Budget" or "Financial Plan") updates and summarizes the State of New York's official Financial Plan projections for FY 2018 through FY 2022. The projections reflect the estimated impact of the Governor's Executive Budget proposal for FY 2019, as described herein. The State's FY 2019 will begin on April 1, 2018 and end on March 31, 2019.

The factors affecting the State's financial condition are complex. This Financial Plan contains forecasts, projections and estimates that are based on expectations and assumptions, which existed at the time they were prepared, and contains statements relating to future results and economic performance that are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Since many factors may materially affect fiscal and economic conditions in the State, the inclusion in this Financial Plan of forecasts, projections, and estimates should not be regarded as a representation that such forecasts, projections, and estimates will occur. The forward-looking statements contained herein are based on the State's expectations and are necessarily dependent upon assumptions, estimates and data that it believes are reasonable as of the date made, but that may be incorrect, incomplete or imprecise or not reflective of actual results. Forecasts, projections, and estimates are not intended as representations of fact or guarantees of results. The words "expects", "forecasts", "projects", "intends", "anticipates", "estimates", "assumes" and analogous expressions are intended to identify forward-looking statements in this Financial Plan. Any such statements inherently are subject to a variety of risks and uncertainties that could cause actual results to differ materially and adversely from those projected. Such risks and uncertainties include, among others, general economic and business conditions; changes in political, social, economic, and environmental conditions, including climate change and extreme weather events; impediments to the implementation of gap-closing actions; regulatory initiatives and compliance with governmental regulations; litigation; Federal tax law changes; actions by the Federal government to reduce or disallow expected aid, including Federal aid authorized or appropriated by Congress but subject to sequestration, administrative actions, or other actions that would reduce aid to the State; and various other events, conditions and circumstances, many of which are beyond the control of the State. These forward-looking statements are based on the State's expectations as of the date of this Financial Plan.

The Office of the State Comptroller (OSC) issued the State's Basic Financial Statements for FY 2017 and the Comptroller's Annual Report to the Legislature on State Funds Cash Basis of Accounting. Copies of these reports may be obtained by contacting the Office of the State Comptroller, 110 State Street, Albany, NY 12236 and on its website at www.osc.state.ny.us. The Basic Financial Statements for FY 2017 can also be accessed through the Electronic Municipal Market Access (EMMA) at www.emma.msrb.org.

Budgetary and Accounting Practices

Unless clearly noted otherwise, all financial information in this Financial Plan is presented on a cash basis of accounting.

The State's **General Fund** receives the majority of State taxes and all income not earmarked for a particular program or activity. State law requires the Governor to submit, and the Legislature to enact, a General Fund budget that is balanced. The General Fund is balanced using the cash basis of accounting. The State Constitution and State Finance Law do not provide a precise definition of budget balance. In practice, the General Fund is considered balanced if sufficient resources are, or are expected to be, available during the fiscal year for the State to: (a) make all planned payments, including Personal Income Tax (PIT) refunds, without the issuance of deficit notes or bonds, or extraordinary cash management actions, (b) restore the balances in the Tax Stabilization Reserve and Rainy Day Reserve to levels at or above the levels on deposit when the fiscal year began, and (c) maintain other reserves, as required by law. For purposes of calculating budget balance, the General Fund includes transfers to and from other funds.

The General Fund is the sole financing source for the School Tax Relief (STAR) fund, and is typically the financing source of last resort for the State's other major funds, which include the Health Care Reform Act (HCRA) funds, the Dedicated Highway and Bridge Trust Fund (DHBTF), the Lottery Fund, and the mental hygiene program and patient income accounts. Therefore, the General Fund projections account for any estimated funding shortfalls in these funds. Since the General Fund is the fund required by law to be balanced, the focus of the State's budgetary and gap-closing discussion in this Financial Plan is generally weighted toward the General Fund.

From time to time, the Division of the Budget (DOB) will informally designate unrestricted balances in the General Fund for specific policy goals (e.g., the payment of costs related to potential labor contracts covering prior contract periods). These amounts are typically identified with the phrase "reserved for," and are not held in distinct accounts within the General Fund and may be used for other purposes.

State Operating Funds is a broader measure of spending for operations (as distinct from capital purposes) that is funded with State resources. It includes financial activity in the General Fund, as well as State-funded special revenue funds and debt service funds (spending from capital project funds and Federal funds is excluded). As a significant amount of financial activity occurs in funds outside of the General Fund, State Operating Funds is, in DOB's view, a more comprehensive measure of State-funded activities for operating purposes that are funded with State resources (e.g., taxes, assessments, fees and tuition). The State Operating Funds perspective is intended to reduce certain distortions in operating activities that may be caused by, among other things, the State's complex fund structure, the transfer of money among funds, and the accounting of disbursements against appropriations in different funds. For example, the State funds its share of the Medicaid program from both the General Fund and HCRA funds, the latter being State Special Revenue Funds. The State Operating Funds perspective captures Medicaid disbursements from both of these fund types, giving a more complete accounting of State-funded Medicaid disbursements. For such reasons, the discussion of disbursement projections often emphasizes

the State Operating Funds perspective. The State's adherence to a 2 percent annual spending growth benchmark is calculated on the State Operating Funds basis.

As described later, the Financial Plan reflects some actions that have, or are intended to, affect the amount of annual spending that is accounted for in the State Operating Funds basis of reporting. These include realignment of certain operating costs to the capital budget to provide greater consistency in reporting across all agencies and a more accurate accounting of the overall capital budget; the payment of certain operating costs using available resources in accounts outside of the State Operating Funds basis of reporting; restructuring of the STAR program such that the spending for certain benefits is instead provided as a tax credit consistent with other State tax credits; appropriation of certain operating costs for the Department of Transportation (DOT) and the Department of Motor Vehicles (DMV) from the General Fund instead of the DHBTf, which would increase reported disbursements from State Operating Funds; and a proposal to amend the enabling statute for the Payroll Mobility Tax (PMT) to no longer require that the receipts due to the Metropolitan Transportation Authority (MTA) be appropriated by the State Legislature, which is intended to improve the credit quality of bonds that may be secured by the PMT by eliminating appropriation risk, and has the effect of lowering reported State Operating Funds receipts and disbursements. In general, if these and other transactions are not implemented as planned, annual spending growth in State Operating Funds would increase above current projections.

The State also reports disbursements and receipts activity for **All Governmental Funds** (All Funds), which includes spending from Capital Projects Funds and State and Federal operating funds, providing the most comprehensive view of the cash-basis financial operations of the State. The State accounts for receipts and disbursements by the fund in which the activity takes place (such as the General Fund), and the broad category or purpose of that activity (such as State Operations). The Financial Plan tables present State projections and results by fund and category.

Fund types of the State include: the General Fund; State Special Revenue Funds, which receive certain dedicated taxes, fees and other revenues used for a specified purpose; Federal Special Revenue Funds, which receive certain Federal grants; State and Federal Capital Projects Funds, which account for costs incurred in the construction, maintenance, and rehabilitation of roads, bridges, prisons, university facilities, and other infrastructure projects; and Debt Service Funds, which account for the payment of principal, interest, and related expenses for debt issued by the State and on the State's behalf by its public authorities.

State Finance Law also requires DOB to prepare a pro forma financial plan using, to the extent practicable, generally accepted accounting principles (GAAP). The GAAP-basis financial plan is informational only and is not used by DOB as a benchmark for managing State finances during the fiscal year, nor is it updated on a quarterly basis. The GAAP-basis financial plan follows, to the extent practicable, the accrual methodologies and fund accounting rules applied by OSC in preparation of the audited Basic Financial Statements, but there can be no assurance that the pro forma GAAP Financial Plan conforms to all GAAP principles.

Financial Plan projections for future years may show budget gaps or budget surpluses in the General Fund. Budget gaps represent the difference between: (a) projected General Fund disbursements, including transfers to other funds, needed to maintain current services levels and specific commitments, and (b) projected level of resources, including transfers from other funds, to pay for these disbursements. General Fund projections are based on a number of assumptions and are developed by the DOB in conjunction with other State agencies. Some projections are based on specific, known information (e.g., a statutory requirement to increase payments to a prescribed level), while others are based on more uncertain or speculative information (e.g., the pace at which a new program will enroll recipients). In general, the Financial Plan assumes that money appropriated in one State fiscal year will continue to be appropriated in future years, even for programs that were not created in permanent law and that the State has no obligation to fund. Funding levels for nearly all State programs are reviewed annually, taking into account the current and projected fiscal position of the State.

Financial Plan projections for FY 2020 and thereafter, reflect the savings that would be realized if the Governor continues to propose, and the Legislature continues to enact, balanced budgets that limit annual growth in State Operating Funds spending to no greater than 2 percent.¹ Total disbursements in the Financial Plan tables and narrative contained in this Financial Plan do not reflect these assumed savings, which are instead reflected on a distinct line and labeled as “Adherence to 2% Spending Benchmark.” Financial Plan projections are subject to many risks and uncertainties, as well as future budgetary decisions and other factors not known at this time. If the 2 percent State Operating Funds spending growth benchmark is not adhered to, projected budget gaps would be higher (or projected surpluses would be lower).

¹ Differences may occur from time to time between the State's Financial Plan and OSC's financial reports in the presentation and reporting of receipts and disbursements. For example, the Financial Plan may reflect a net expenditure amount while OSC may report the gross amount of the expenditure. If such differences in reporting between DOB and OSC occur, this could result in differences in the presentation and reporting of receipts and disbursements for discrete funds, as well as differences in the presentation and reporting for total receipts and disbursements under different fund perspectives (e.g., State Operating Funds and total All Governmental Funds).

Overview of the Financial Plan

Revisions to the Executive Budget Financial Plan

The Executive Budget Financial Plan projections set forth herein reflect the impact of the Governor's amendments. As described below, the Governor's amendments are intended to address the potential adverse economic impact of recent Federal tax law changes on New York, including the \$10,000 maximum limit on the deductibility of State and local taxes (SALT). Other amendments included in the 30-day submission have no material impact on the Financial Plan.

The amendments proposed in response to the Federal tax law changes include:

- **Employer Compensation Expense Tax (ECET) System.** Federal tax changes eliminated full State and local tax deductibility for individuals, but maintained it for businesses. Legislation is proposed as part of the 30-day submission that would permit employers to opt-in to a new ECET system, which is intended to mitigate an increase in the tax burden for employees affected by the SALT limit. When fully phased in, employers that opt-in to the ECET system would be subject to a 5 percent tax on all annual payroll expenses in excess of \$40,000 per employee. The ECET system would take effect on January 1, 2019. For employers who opt-in, the new tax would be phased in over three years (1.5 percent in the first year, 3 percent in the second year, and 5 percent in third year). The deadline for the first annual election for employers to opt-in to this alternative system will be on October 1, 2018, for the 2019 tax year (TY).

The ECET proposal is designed to be revenue neutral for the State. As ECET collections rise, PIT collections are expected to fall by a comparable amount. The Financial Plan does not include any estimates as employer opt-in rates will not be known until October 2018. DOB expects to include estimates as opt-in rates and other information becomes known.

- **Charitable Gifts Trust Fund.** Legislation submitted with the 30-day amendments proposes the creation of two new State-operated Charitable Gifts Trust Funds to accept donations for the purposes of improving health care and education in New York. Taxpayers who itemize deductions can claim charitable gifts as deductions on their Federal and State tax returns. In addition to the itemized deductions, any taxpayer making a donation to the two new State-operated funds will be eligible to claim a State tax credit equal to 85 percent of the donation amount for the tax year following the year the donation is made. In addition, the legislation would authorize school districts and other local governments to create charitable funds for education and health care. Donations to these funds would provide a reduction in local property tax bills (through a local credit) equal to a percentage of the donation.

The Executive Budget Financial Plan does not include any estimates for charitable contributions. Charitable giving is not expected to have a measurable impact on the Financial Plan in FY 2019. Donations made in TY 2018 are not expected to be disbursed for charitable purposes until FY 2020, and the cost of the State tax credit will not be incurred until TY 2019. However, changes in taxpayer behavior could affect the timing of PIT receipts. DOB expects to include estimates on charitable giving in future Financial Plan updates, once activity on donations can be observed.

- **Decoupling From Federal Tax Code.** The State tax code is closely aligned with the Federal tax code. This legislation decouples the State tax code from the Federal tax code, where necessary, to avoid more than \$1.5 billion in State tax increases brought solely by increases in Federal taxes. The decoupling provisions, which will increase the budget gaps in FY 2020 and beyond, include:
 - **Federal Cap on SALT.** The Federal law changes capped the itemized deduction for SALT at a maximum of \$10,000. The Executive Budget Financial Plan includes legislation to decouple from this cap so that New York taxpayers are not subject to a State tax increase from the flow through of this Federal cap to State income tax returns. This proposal is expected to reduce PIT receipts by \$441 million annually, beginning in FY 2020.
 - **Federal Changes and Eliminations to Certain Deductions.** The Executive Budget Financial Plan proposes to decouple from the Federal limits on other deductions. This proposal is expected to reduce PIT receipts by \$269 million annually, beginning FY 2020.
 - **Temporary Federal Medical Expense Deduction Increase.** Federal changes impose a two-year increase in the itemized medical expense deduction, thereby lowering taxpayer liability. The Executive proposes to decouple from this increase, which is expected to increase receipts by \$25 million in both FY 2020 and FY 2021.
 - **New York Single Filer Standard Deduction.** The Federal repeal of personal exemptions eliminates the ability of New York single-filer taxpayers to claim the standard deduction on their State tax returns under current State tax law. The Executive amendments include legislation to address this issue. Absent this legislation, New York taxpayers would have been subject to a \$840 million annual State tax increase beginning in FY 2020.²

² The Executive Budget Financial Plan shows no fiscal impact for this proposal, since the impact was not reflected in the initial Executive Budget Financial Plan.

- **Personal Income Tax Revenue Bonds (PIT Bonds).** The State finances a significant share of capital projects through the issuance of PIT bonds. As of January 15, 2018, New York State had \$34.8 billion of State PIT Revenue Bonds outstanding, all of which are secured by 25 percent of State PIT receipts, net of refunds. In FY 2019, the amount of PIT receipts pledged to the repayment of PIT bonds is estimated at \$12.3 billion. To strengthen coverage on PIT bonds in response to the ECET and charitable giving proposals, the 30-day amendments propose increasing the percentage of PIT receipts dedicated to the payment of PIT bonds from 25 percent to 50 percent, and dedicating 50 percent of ECET receipts to the payment of PIT bonds. The equal set-asides from the ECET and PIT will assure that the flow of taxes dedicated to PIT bonds will remain constant, regardless of the number of employers who choose to opt-in to the ECET system. The ECET and PIT are expected to offset one another, with increased collections in the ECET offset by a similar decrease in PIT. The increase in the set-aside is also expected to be more than sufficient to offset any reduction in PIT receipts that may occur from charitable giving to the new funds proposed with the Executive Budget, as amended. The proposed set-aside for PIT and ECET may be modified depending on the final shape of tax reform legislation approved with the FY 2019 Enacted Budget.

Overview of the Financial Plan

Financial Plan At-A-Glance: Key Measures

The following table provides certain Financial Plan information for FY 2017, FY 2018, and FY 2019.

FINANCIAL PLAN AT-A-GLANCE: KEY MEASURES (millions of dollars)					
	FY 2017 ¹	FY 2018		FY 2019	
	Results	Mid-Year Estimate	Current Estimate	Before Changes ³	Executive Amended
State Operating Funds Disbursements

State Workforce FTEs (Subject to Direct Executive Control) - All Funds	117,907	118,481	118,512	118,481	118,705

¹ Results as reported by the State Comptroller's Annual Report to the Legislature on State Funds Cash Basis of Accounting.

² FY 2019 Executive Proposal for General Fund, with and without transfers, excludes the reclassification of mental hygiene funds from Special Revenue Funds, and certain DOT and DMV operating expenses from the Dedicated Highway and Bridge Trust Fund, to the General Fund. See "Financial Plan Tables and Accompanying Notes" herein for specific reclassification amounts by financial plan category.

³ As reported in the FY 2018 Mid-Year Update. Before Executive proposals to balance the FY 2019 Budget.

⁴ Annual growth includes the planned transfer of Extraordinary Monetary Settlements from the General Fund to other funds.

⁵ All Funds disbursements are expected to exceed receipts (including other financing sources) in FY 2018 and FY 2019 with the difference funded from other available resources, including Extraordinary Monetary Settlements and GO bond proceeds to reimburse planned first-instance capital spending.

⁶ Represents capital spending that occurs outside the All Funds budget financed directly from State-supported bond proceeds held by public authorities.

Executive Summary

Current Fiscal Year

The State has received a surge in personal income tax payments as taxpayers responded to Federal tax law changes that, starting in tax year 2018, limit the allowable deduction of State and local income and real property taxes to a maximum of \$10,000 on Federal tax returns. DOB estimates that approximately \$1.9 billion in tax receipts were accelerated from tax year 2018 to 2017 due to this behavioral response. The acceleration is expected to result in an identical reduction in PIT receipts in FY 2019. Accordingly, the increase in cash in FY 2018 that DOB attributes to the acceleration of PIT receipts will be carried forward and used to offset the loss of PIT receipts in FY 2019.

DOB expects the Financial Plan for FY 2018 to remain in balance on a cash basis in the General Fund, exclusive of the impact of the accelerated tax receipts. The annual estimate for tax receipts is unchanged compared to the Mid-Year Update, with an increase to the annual estimate for PIT (exclusive of the amount attributed to acceleration) and real estate tax receipts offset by a reduction to the estimate for corporate tax receipts.

The annual estimate for General Fund disbursements, including transfers to other funds, has been reduced by \$350 million, reflecting operating results to date across several program areas, and the conservative estimation of expenses, offset in part by the expected prepayment of certain expenses due in FY 2019.

State Operating Funds disbursements are estimated at \$98.1 billion in FY 2018, consistent with the 2 percent annual spending growth benchmark. The calculation of State Operating Funds disbursements is consistent with the accounting of financial transactions in the FY 2018 Enacted Budget.

FY 2019 Financial Plan Summary

New York is navigating the most challenging fiscal environment since 2011. The FY 2019 Budget must close a General Fund budget gap estimated at \$4.4 billion.³ The projected budget gap, while unremarkable compared to those recorded during and after the last recession, is the largest since FY 2012 in both absolute dollars and as a percentage of tax receipts. The budget gaps for future years, before accounting for savings proposed in the Executive Budget, are estimated at \$6.4 billion in FY 2020, \$8.1 billion in FY 2021, and \$8.4 billion in FY 2022.

Several factors contribute to the size of the projected budget gaps, including persistent shortfalls in tax collections. Since the introduction of the FY 2017 Executive Budget two years ago, DOB has reduced its estimate of FY 2019 General Fund tax receipts six times, for a total reduction of \$4.2 billion.⁴ Similar reductions were also made to the tax receipts estimates for FY 2020 and beyond.

Beyond the projected budget gap, actions by the Federal government pose a heightened risk to State finances. The enactment of Federal tax law changes is currently projected to add \$1.1 trillion to the Federal deficit over the next five years,⁵ increasing the likelihood that Congress will seek material cuts in aid programs. Funding at risk includes, but is not limited to, health care subsidies required under the Affordable Care Act (ACA), and Disproportionate Share Hospital (DSH) aid. DOB is actively monitoring these risks.

FY 2019 Executive Budget

The Executive Budget would eliminate the estimated General Fund budget gap of \$4.4 billion in FY 2019 and reduce projected budget gap estimates to \$3.5 billion in FY 2020, \$5.2 billion in FY 2021, and \$5.1 billion in FY 2022. DOB estimates that if future Budgets hold spending growth to 2 percent annually in State Operating Funds, the General Fund would have a budget gap of \$812 million in FY 2020 and \$429 million in FY 2021, and a surplus in FY 2022. These calculations assume that all savings from the reductions in spending are made available to the General Fund.

The following table summarizes the multi-year impact of the Executive Budget Financial Plan on General Fund operations. It is followed by a discussion of significant proposals and revisions in each major Financial Plan category. The estimates assume that the Executive Budget proposal is adopted without modification.

³ FY 2018 Mid-Year Update, November 2017.

⁴ General Fund tax re-estimates before debt service from FY 2017 Executive Budget through the FY 2018 Mid-Year Update.

⁵ Joint Committee on Taxation, Macroeconomic Analysis of the Conference Agreement for H.R. 1, the "Tax Cuts and Jobs Act" (JCX- 69-17), December 22, 2017.

GENERAL FUND BUDGETARY BASIS SURPLUS/(GAP) PROJECTIONS FY 2019 EXECUTIVE BUDGET GAP-CLOSING PLAN (millions of dollars)				
	FY 2019	FY 2020	FY 2021	FY 2022
MID-YEAR BUDGET SURPLUS/(GAP) ESTIMATE¹	(4,443)	(6,385)	(8,053)	(8,413)
Spending Changes	2,672	1,465	1,472	1,820
Local Assistance	1,317	1,413	1,462	1,960
Agency Operations	446	67	(11)	(134)
Debt Management/Capital Projects	569	(15)	21	(6)
FY 2018 Payment of FY 2019 Expenses	340	0	0	0
Resource Changes	736	46	117	256
Revenue Actions	1,035	1,403	1,275	1,225
EXECUTIVE BUDGET SURPLUS/(GAP) ESTIMATE¹	0	(3,471)	(5,189)	(5,112)
Adherence to 2% Spending Benchmark²	0	2,659	4,760	5,640
EXECUTIVE BUDGET SURPLUS/(GAP)	0	(812)	(429)	528

¹ Before actions to adhere to the 2 percent benchmark.

² Savings estimated from limiting annual spending growth in future years to 2 percent (calculation based on current FY 2018 estimate). The Governor is expected to propose, and negotiate with the Legislature to enact, a Budget in each fiscal year that restricts State Operating Funds spending growth to 2 percent. The "Surplus/(Gap)" estimate assumes that all savings from holding spending growth to 2 percent are made available to the General Fund.

Spending Changes

The Executive Budget Financial Plan reduces spending in FY 2019 by \$2.7 billion, net of new initiatives and costs, compared to the FY 2019 baseline estimate.⁶ The reductions include spending re-estimates based on updated information, specific cost-containment proposals, and prepayment of FY 2019 expenses from excess resources expected to be available in FY 2018.

⁶ Published in the FY 2018 Mid-Year Update, November 2017.

Local Assistance

General Fund disbursements would be reduced by \$1.3 billion in FY 2019. Savings from the reductions, which consist of specific actions and re-estimates to the spending base, are expected to increase in value over the Financial Plan period.

School Aid and Medicaid are the State's largest local assistance programs, comprising over 45 percent of the State Operating Funds budget. The Executive Budget provides for the following:

- **School Aid.** The Executive Budget recommends \$26.4 billion in school aid for school year (SY) 2019, an increase of \$769 million (3 percent). The increase is double the 1.5 percent annual increase allowed under the updated personal income growth index for School Aid (but lower than the 3.9 percent index increase estimated in the Mid-Year Update).
- **Medicaid.** Spending under the Global Cap is expected to total \$18.9 billion in FY 2019, an increase of \$593 million, consistent with the statutory index of 3.2 percent. The Global Cap is expected to provide \$425 million in General Fund savings in FY 2019. Total Medicaid spending, including spending outside the Global Cap, is expected to increase to \$20.6 billion in FY 2019. The Financial Plan will continue to fund, outside the Global Cap, increases in the minimum wage for health care providers (\$703 million) in FY 2019. In addition, the State continues to provide substantial capital funding for improving and restructuring the State's health care delivery system. The FY 2019 Executive Budget recommends another \$425 million funded with bonds (\$300 million) and Extraordinary Monetary Settlements (\$125 million).
- Other General Fund savings in local assistance include targeted reforms to STAR, mental hygiene, human services, and education, and updated cost estimates for a range of State programs, which reflect in part the impact of cost containment and spending controls enacted in prior years.
- The most significant new initiative in the Executive Budget is the MTA Subway Action Plan. The State will provide \$254 million in operating aid to fully fund its half of the Action Plan that will address system failures, breakdowns, delays and deteriorating customer service, and position the system for future modernization. The Financial Plan assumes the operating aid will be funded from previously unallocated Extraordinary Monetary Settlements (\$194 million), and the accelerated transfer of Payroll Mobility Tax revenue to the MTA from eliminating the need for an annual appropriation (\$60 million). The Financial Plan also includes \$174 million in new capital funding for the MTA as part of the Action Plan.

Agency Operations

Measures to reduce operating costs for Executive agencies are expected to save \$446 million from the FY 2019 baseline estimate. The Budget proposes to hold agency spending flat with limited exceptions, such as Department of Health (DOH) costs attributable to the New York State of Health (NYSOH) marketplace and the Office of Children and Family Services (OCFS) cost attributable to the Raise the Age program. Agencies are expected to continue to use less costly forms of service deliveries, improve administrative practices, and pursue statewide solutions, including the utilization of Lean initiatives to streamline operations and management. The Budget also includes savings from the continued transition of individuals from mental hygiene institutions to appropriate community settings.

Debt Management/Capital Projects

Savings are expected from the sale of at least 50 percent of bonds on a competitive basis; refunding of bonds that meet DOB's savings criteria; and reimbursement of first-instance capital expenditures made in prior years with available bond proceeds. Savings from these measures are expected to be offset in part by new debt service on bonds issued to finance capital projects.

Prepayments

The Executive Budget Financial Plan assumes the payment in FY 2018 of \$340 million in costs due in FY 2019. Prepayments will be funded with resources that DOB expects to be available from operations. The level of prepayments may change, depending on FY 2018 operating results.

Resource Changes

- **FY 2018 Tax Acceleration.** DOB estimates that taxpayers accelerated approximately \$1.9 billion of PIT payments into FY 2018, in response to Federal tax law changes. The acceleration will result in an identical reduction in PIT receipts in FY 2019. Accordingly, the increase in cash in FY 2018 that DOB attributes to the acceleration of PIT receipts will be carried forward and used to offset the loss of PIT receipts in FY 2019. The amount available to be carried forward may be affected by tax experience through the end of FY 2018.
- **Tax Receipts Revisions.** The Financial Plan reflects revisions to tax receipts across most tax categories, including the proposed decoupling of the State's tax law from the Federal cap on the deductibility of SALT; other deduction changes, including the two-year medical expense deduction change; child tax credit changes; and a fix to the single filer standard deduction link to adjust for changes to the Federal standard deduction.
- **Use of Extraordinary Monetary Settlements.** The Executive Budget proposes the following uses for new settlements: \$194 million for the State's share of the MTA Subway Action Plan; \$125 million in "hard-dollar" capital for health care providers; and \$383 million for operating purposes.

Revenue Actions

- **Health Insurance Conversions (or comparable transactions).** The Financial Plan includes \$500 million annually over four years from conversions, acquisitions, or related transactions in which not-for-profit health insurers convert to corporations organized for pecuniary profit. DOB believes that such activity is likely in the current health insurance market.
- **Other Revenue Actions.** The Executive Budget also proposes several revenue actions including: a healthcare insurance windfall profit fee; a new opioid epidemic surcharge of 2 cents per milligram of active opioid ingredient in prescription drugs; discontinuation of the energy services sales tax exemption; deferral of most business credits for tax years 2018 through 2020, where such credits exceed \$2 million; requiring an internet fairness conformity tax; and improving cigar tax enforcement.

Cash Position

DOB estimates that the General Fund would end FY 2019 with a closing balance of \$5.1 billion, a decrease of \$4.0 billion from FY 2018, if the Executive Budget is adopted without modification. The decrease is due in part to the expected use of \$1.9 billion in cash received in FY 2018 from the acceleration of PIT payments to offset the corresponding loss of PIT receipts in FY 2019. The State's cash position also reflects the planned use of Extraordinary Monetary Settlements to fund activities appropriated from capital projects funds in the Dedicated Infrastructure Investment Fund (DIIF) (\$1.4 billion); the MTA Subway Action Plan (\$194 million); and general operations (\$383 million). The State's principal reserves are expected to remain unchanged from FY 2018.

DOB expects that the State will have sufficient liquidity in FY 2019 to make all planned payments as they become due, without having to temporarily borrow from the Short-Term Investment Pool (STIP). The State continues to reserve money on a quarterly basis for debt service payments financed with General Fund resources. Money to pay debt service on bonds secured by dedicated receipts, including PIT bonds and Sales Tax bonds, continues to be set aside as required by law and bond covenants.

Other Financial Plan Matters

Transportation Funding

The State collects the PMT on behalf of, and disburses the entire amount to, the MTA. The Executive Budget proposes amending the enabling statute to no longer require the PMT owed to the MTA to be appropriated annually by the State Legislature. The MTA will benefit from eliminating the appropriation process. First, PMT revenue that might be pledged to bondholders under any new credit structure will have reduced risk of non-appropriation, which is a desirable credit feature. In addition, PMT receipts will be received by the MTA without delays caused by the appropriation process. In FY 2019, this will provide a one-time benefit to the MTA of \$60 million. Consistent with this proposed law change, the Executive Budget Financial Plan will no longer include PMT receipts and related local assistance disbursements, beginning in FY 2019. PMT receipts are estimated at approximately \$1.5 billion in FY 2019.

The Executive Budget also proposes appropriating certain transportation operating costs from the General Fund instead of the DHBTF. These operating expenses are currently funded by a transfer from the General Fund to the DHBTF. The change, which will increase disbursements in State Operating Funds by nearly \$390 million in FY 2019, applies to operating costs related to snow and ice removal; bus, truck and rail inspection; and DMV regulatory activities. The increased operating spending in the General Fund would be offset by an identical reduction in the transfer to the DHBTF.

Managing Risks

The Executive Budget includes several measures to respond to potential risks, including the following:

- Legislation is proposed that would allow for across-the-board reductions to certain local assistance disbursements, if the annual estimate for tax receipts in FY 2019 is revised downward by \$500 million or more during the fiscal year. The legislation provides for a uniform reduction of up to 3 percent to local assistance appropriations and related cash disbursements in the General Fund and State Special Revenue Funds. Programs that are exempt from the across-the-board reductions include School Aid, Medicaid, and public assistance.

- State legislation proposed with the FY 2019 Executive Budget continues authorization for a process by which the State would manage significant reductions in Federal aid during FY 2019 should they arise. Specifically, the legislation allows the Budget Director to prepare a plan for consideration by the Legislature in the event that Federal policymakers (i) reduce Federal financial participation in Medicaid funding to New York State or its subdivisions by \$850 million or more; or (ii) reduce Federal financial participation or other Federal aid funding to New York State that affects the State Operating Funds financial plan by \$850 million or more, exclusive of any cuts to Medicaid. Each limit is triggered separately and is not additive. The plan prepared by the Budget Director must equally and proportionally reduce appropriations and cash disbursements in the General Fund and State special revenue funds. Upon receipt of the plan, the Legislature has 90 days to prepare its own corrective action plan, which may be adopted by concurrent resolution passed by both the Senate and Assembly, or the plan submitted by the Budget Director takes effect automatically.
- The FY 2019 Executive Budget also creates a new account to ensure the continued availability and expansion of funding for quality health services to New York State residents and to mitigate risks associated with the loss of Federal health care funds. This account will be initially populated with funds from any insurer conversion.

Annual Spending Growth

DOB estimates spending in State Operating Funds will grow at 1.9 percent from FY 2018 to FY 2019, consistent with the 2 percent spending growth benchmark. The table below illustrates major sources of annual change in State spending by major program, purpose and fund perspective.

STATE SPENDING MEASURES (millions of dollars)				
	FY 2018 Current	FY 2019 Proposed	Annual Change	
			\$	%
LOCAL ASSISTANCE	65,794	66,413	619	0.9%
School Aid (School Year Basis)	25,587	26,356	769	3.0%
DOH Medicaid ¹	19,107	20,340	1,233	6.5%
Transportation	5,026	3,962	(1,064)	-21.2%

Capital Projects (State and Federal Funds)	12,675	14,490	1,815	14.3%
Federal Operating Aid	53,636	53,718	82	0.2%
TOTAL ALL GOVERNMENTAL FUNDS	164,437	168,185	3,748	2.3%

¹ Includes the Essential Plan (EP), which is an insurance plan for individuals who are not eligible for Medicaid and who meet certain income threshold standards. The EP is not a Medicaid program, but State-funded support is managed within total DOH Medicaid Global Cap resources. In addition, total State share Medicaid funding excludes Master Settlement Agreement (MSA) payments to the State that will be deposited directly to the Medicaid Management Information System (MMIS) Escrow Fund to defray the cost of the State's takeover of Medicaid costs for counties and New York City.

² The FY 2018 Enacted Budget converts the New York City Personal Income Tax (PIT) rate reduction benefit to a nonrefundable State PIT credit. This change has no impact on STAR benefits received by homeowners; it will decrease reported disbursements for STAR and decrease reported PIT receipts by an identical amount. See "STAR Program" in "State Financial Plan Projections Fiscal Years 2019 Through 2022" herein.

³ "All Other" includes a reconciliation between school year and State fiscal year spending for School Aid. On a State fiscal year basis, School Aid is estimated to total \$26.3 billion in FY 2019, an increase of \$581 million from FY 2018. It also includes the portion of the State's takeover of Medicaid costs for counties and New York City that will be funded from MSA payments deposited directly to the MMIS Escrow Fund (\$103 million in FY 2018 and \$329 million in FY 2019). Lastly, it includes spending for public health, other education, local government assistance, parks, environment, economic development, and public safety.

State Operating Funds — Summary of Annual Spending Change

Local Assistance

- Medicaid and School Aid are the State's largest local aid programs, comprising approximately 45 percent of State Operating Funds spending. In SY 2019, School Aid is expected to total \$26.4 billion, an increase of \$769 million (3 percent), including a \$338 million increase in Foundation Aid. Medicaid spending subject to the Global Cap will grow at the indexed rate of 3.2 percent⁷ to \$18.9 billion. In total, Medicaid funded from State resources will increase to \$19.5 billion, including the Essential Plan (EP),⁸ the takeover of local Medicaid costs, and other spending outside the Global Cap.
- In FY 2018, the bonds secured by annual payments under the Master Settlement Agreement (MSA) with tobacco manufacturers were retired, with no remaining debt service requirements to be paid on these bonds. Thus, DOB expects payments under the MSA of approximately \$103 million in FY 2018 and approximately \$329 million in FY 2019, with additional payments under the MSA to be available in the years beyond FY 2019. The FY 2018 Enacted Budget authorized and directed these payments be used to help defray costs of the State's takeover of Medicaid costs for counties and New York City. The State takeover, in which local Medicaid costs are capped permanently at 2015 calendar year levels, is expected to cost the State \$917 million in FY 2019 and \$1.1 billion in FY 2020. Consistent with State law, DOB expects MSA payments will be directly deposited to the Medicaid Management Information System (MMIS) Escrow Fund. The deposit mechanism has no impact on overall Medicaid spending funded with State resources, but does decrease reported State-supported Medicaid spending accounted for in State Operating Funds.
- In transportation, the Executive Budget proposes amending the enabling statute to no longer require the PMT owed to the MTA to be appropriated annually by the State Legislature. Consistent with this proposed law change, The Executive Budget Financial Plan will no longer include PMT receipts and related local assistance disbursements, beginning in FY 2019. PMT receipts and disbursements are estimated at approximately \$1.5 billion and \$1.4 billion, respectively, in FY 2019. The Executive Budget also proposes appropriating certain transportation operating costs from the General Fund instead of the DHBTf. These operating expenses are currently funded by a transfer from the General Fund to the DHBTf. This change will increase disbursements in State Operating Funds by nearly \$390 million in FY 2019.

⁷ The Medicaid Global Cap is a statutory limit on annual State-funded Medicaid expenditures, indexed to the Medical component of the Consumer Price Index (CPI). Total State-funded Medicaid expenditures also include certain program costs which are not subject to the indexed provisions of the Global Cap.

⁸ The EP is an insurance program authorized under the ACA for individuals who are not eligible for Medicaid and who meet certain income threshold standards. Approximately 90 percent of program expenses are subsidized with Federal funds. The EP is not a Medicaid program; however, the State Funds support is managed within total DOH Medicaid Global Cap resources.

- Local assistance spending reported in the Financial Plan is affected by the accounting treatment of State payments to the Sales Tax Asset Receivable Corporation (STARC). Pursuant to legislation enacted in FY 2017, New York City is remitting savings to the State from a 2014 refunding of STARC bonds, which are supported solely by the annual payment of State aid. The FY 2017 legislation specified that the money refunded from STARC could be received by the State as a miscellaneous receipt, or directed by the State to a State public authority to offset debt service costs on State-supported bonds. In the FY 2018 Enacted Budget, the Legislature provided that money recouped from the STARC refunding can be treated as an offset to State spending by adding specific language to the STARC appropriation. The Financial Plan reflects the offset to spending in the calculation of State Operating Funds spending in both FY 2018 and FY 2019. In FY 2017, the State accounted for the money as a miscellaneous receipt.
- STAR spending is affected by the conversion of STAR benefits to State PIT credits, in addition to program reestimates. The conversion of STAR benefits to PIT credits has no impact on the value of the STAR benefits received by taxpayers, but does decrease reported disbursements for STAR on a State Operating Funds basis of reporting and decreases the level of reported PIT receipts by an identical amount.
- Higher Education spending growth is mainly due to the second phase of the Excelsior Free Tuition Program, State support for the DREAM Act, increased funding for other scholarships, fringe benefit cost increases, and the timing of certain payments.

State Operations/Fringe Benefits

- Spending for Executive agency operations is expected to increase slightly in FY 2019, excluding the reclassification of certain DOT and DMV operating costs related to snow and ice removal; bus, truck and rail inspection; and DMV regulatory activities from the DHBTF to the General Fund.
- Operations spending for the university systems and elected officials is expected to increase by 3.5 percent and 2.5 percent, respectively.
- Spending growth for fringe benefits is mainly due to rising employee health care and prescription drug costs.

Debt Service

- Spending from debt service funds is expected to increase by 0.3 percent from 2018, which is a result of the payment of certain FY 2019 debt service costs in FY 2018.

General Fund Financial Plan

FY 2018 Financial Plan Update

DOB estimates that the Financial Plan provides for balanced operations in the General Fund in FY 2018. The following table summarizes the projected annual change from FY 2017 to FY 2018 in General Fund receipts, disbursements, and fund balances, with and without the impact of Extraordinary Monetary Settlements activity (for purposes other than operating relief and the funding set aside for potential costs of labor contracts).

GENERAL FUND FINANCIAL PLAN (millions of dollars)				
	FY 2017 Results	FY 2018 Current	Annual Change	
			Dollar	Percent
Opening Fund Balance (Excluding Extraordinary Monetary Settlements)	2,634	2,414	(220)	-8.4%
Total Receipts	65,641	70,630	4,989	7.6%
Taxes	62,264	67,288	5,024	8.1%
Miscellaneous Receipts/Federal Grants ¹	2,661	2,135	(526)	-19.8%
Transfers from Other Funds	716	1,207	491	68.6%
Total Disbursements	65,963	69,318	3,355	5.1%
Local Assistance	44,439	46,501	2,062	4.6%
State Operations	13,549	13,842	293	2.2%
Transfers to Other Funds ¹	7,975	8,975	1,000	12.5%
Net Change in Operations	(322)	1,312	1,634	507.5%
Deposit to/ Use Of Reserves ²	102	692	590	578.4%
Closing Fund Balance (Excluding Extraordinary Monetary Settlements) ²	2,414	4,418	2,004	83.0%
Extraordinary Monetary Settlements ¹				
Settlements on Hand as of April 1	6,300	5,335	(965)	-15.3%
New Settlements Received/Expected	1,317	838	(479)	-36.4%
Transfers/Uses ²	(2,282)	(1,424)	858	37.6%
Closing Balance (Extraordinary Monetary Settlements)	5,335	4,749	(586)	-11.0%
Closing Fund Balance (Including Extraordinary Monetary Settlements)	7,749	9,167	1,418	18.3%

¹ New settlements received reflect the gross value of Extraordinary Monetary Settlements paid to the State, and the uses of such funds are accounted for by purpose. However, the General Fund miscellaneous receipts and transfers to other funds only exclude the amount that is received by the General Fund and transferred to other funds. Thus, it does not include any amounts retained and used for General Fund operations or Department of Law operations.

² In FY 2017, \$102 million in Extraordinary Monetary Settlements were used for operations. In FY 2018, \$461 million in Extraordinary Monetary Settlements are expected to be used for operations, and \$76 million will fund an unbudgeted litigation payment. Another \$155 million will be retained in the General Fund to fund potential retroactive salary increases and is thus included in the General Fund closing balance.

The State expects to end FY 2018 with a General Fund cash balance of \$9.2 billion, an increase of \$1.4 billion from FY 2017 results. DOB intends to make transfers of Extraordinary Monetary Settlements on an as-needed basis each year as spending occurs from appropriations funded with the Extraordinary Monetary Settlements. Legislation approved in the FY 2017 Enacted Budget provides transfer authority from the General Fund to DIIF through FY 2021.

Receipts⁹

General Fund receipts, including transfers from other funds, are estimated to total \$70.6 billion in FY 2018, an increase of \$5.0 billion (7.6 percent) from FY 2017 results. Estimated tax collections, including transfers of tax receipts to the General Fund after payment of debt service, total \$67.3 billion in FY 2018, an increase of \$5.0 billion (8.1 percent) from FY 2017 results.

The PIT receipts, including transfers after payment of debt service on State PIT Revenue Bonds are estimated to total \$46.6 billion, an increase of \$3.8 billion (8.9 percent) from FY 2017. Roughly half of the increase is due to an acceleration of personal income tax payments due in calendar year 2018 as taxpayers responded to Federal tax law changes that cap at \$10,000, the allowable deduction of State and local income taxes starting in tax year 2018. Excluding this acceleration, PIT receipts are projected to grow \$1.9 billion (4.5 percent) mainly due to higher withholding and estimated payments attributable to the projected increase in wage and non-wage income. In addition, a decline in STAR Fund deposits associated with legislation included in the FY 2018 Enacted Budget increases General Fund tax receipts. These increases are partially offset by the first year of middle-income tax cuts enacted in FY 2017.

Consumption/use tax receipts, including transfers after payment of debt service on the Local Government Assistance Corporation (LGAC) and Sales Tax Revenue Bonds, are estimated to total \$13.2 billion in FY 2018, an increase of \$606 million (4.8 percent) from FY 2017, which mainly reflects projected growth in disposable income and taxable consumption.

Business tax receipts are estimated at \$5.1 billion in FY 2018, an increase of \$347 million (7.3 percent) from FY 2017 results. The growth is primarily attributable to a rebound in audit receipts and the phase out of prior year tax cuts.

Other tax receipts, including transfers after payment of debt service on Clean Water/Clean Air Bonds, are expected to total \$2.3 billion in FY 2018, an increase of \$248 million (12.1 percent) from FY 2017. This increase is mainly attributable to actual estate tax receipts through December 2017 that included two payments in excess of \$100 million.

Non-tax receipts and transfers are estimated at \$3.3 billion in FY 2018, a decrease of \$35 million from FY 2017, which largely reflects State Insurance Fund (SIF) reserves released in FY 2017 that do not recur in FY 2018.

General Fund receipts are affected by the deposit of dedicated taxes in other funds for debt service and other purposes, the transfer of balances among funds of the State, and other factors. For a more comprehensive discussion of the State's projections for tax receipts, miscellaneous receipts, and transfers, presented on a State Funds and All Funds basis, see "State Financial Plan Projections Fiscal Years 2018 Through 2022."

⁹ The reported activity by Financial Plan category excludes the impact of Extraordinary Monetary Settlements on receipts and disbursements.

Disbursements¹⁰

General Fund disbursements, including transfers to other funds, are expected to total \$69.3 billion in FY 2018, an increase of \$3.4 billion (5.1 percent) from FY 2017. General Fund disbursements reflect conservative estimates of disbursements in each financial category, a practice that provides a cushion for potential receipts shortfalls and other unanticipated costs.

Local assistance spending is estimated at \$46.5 billion in FY 2018, an increase of \$2.1 billion (4.6 percent) from FY 2017. The increase is primarily driven by School Aid (\$1.3 billion on a State fiscal year basis) and by Medicaid and the EP (\$914 million).

General Fund personal and non-personal service costs are expected to total \$8.2 billion in FY 2018, an increase of \$105 million (1.3 percent) from FY 2017. Operating costs for many agencies are charged to several funds outside the General Fund, and are thus affected by varying levels of offsets and accounting reclassifications. On a State Operating Funds basis, most executive agencies are expected to hold operations spending at FY 2017 levels.¹¹ The Financial Plan estimates for State Operations are affected by the reclassification to Capital Projects Funds of certain personnel expenses related to maintenance and preservation of State assets; the costs of approved labor settlements, as well as the potential costs of unsettled labor agreements with State unions; and expected savings from agency management plans.

General State Charges (GSCs), which account for fringe benefits and certain fixed costs, are projected to increase by \$188 million (3.4 percent) over FY 2017. Health insurance costs for State employees and retirees are projected to increase by \$260 million (7 percent), reflective of medical inflation and enrollment levels. The State's annual pension payment is projected to grow by \$14 million (0.6 percent).

General Fund transfers to other funds are projected to total \$9.0 billion in FY 2018, an increase of \$1.0 billion (12.5 percent) from FY 2017. Transfers for capital projects (excluding transfers funded with Extraordinary Monetary Settlements) are projected to increase by \$857 million, reflecting the timing of reimbursement from bond proceeds and planned disbursements from the DHBTF. Debt service transfers are expected to increase by \$113 million, mainly due to year-to-year differences in the amount of debt service paid in one fiscal year but due in the following fiscal year.

General Fund disbursements are affected by the level of financing sources available in other funds, transfers of balances between funds of the State, and other factors that may change from year to year. For a more comprehensive discussion of the State's disbursement projections by major activity, presented on a State Operating Funds basis, see "State Financial Plan Projections Fiscal Years 2018 through 2022."

¹⁰ The reported activity by Financial Plan category excludes the impact of Extraordinary Monetary Settlements on receipts and disbursements.

¹¹ Limited exceptions include DOH costs attributable to Medicaid administration, the EP program and increased State Police costs for additional security.

FY 2018 General Fund Revisions

The following table summarizes revisions to the FY 2018 General Funds projections since the Mid-Year Update. A summary of significant changes follows the table below.

SUMMARY OF REVISIONS TO MID-YEAR UPDATE GENERAL FUND BUDGETARY BASIS OF ACCOUNTING SAVINGS/(COSTS) (millions of dollars)	
	Current FY 2018
MID-YEAR UPDATE SURPLUS/(GAP)	0
Receipts Revisions¹	1,935
PIT Revisions	2,304
Accelerated Estimated Payments	1,905
Other PIT Revisions	399
Other Tax Changes	(399)
Credit Suisse Settlement Payment	135
Western Union Settlement Payment	60
Cigna Settlement Payment	2
Other Non-Tax Revisions	(167)
Disbursements Revisions	350
Local Assistance	251
Agency Operations	84
Debt Service Prepayment	(340)
Transfers to DIIF	183
All Other Transfers	172
Change in Extraordinary Monetary Settlements Reserve	(380)
Settlement Payments Received	(197)
DIIF Transfer Revision	(183)
Tax Collection Reserve	(1,905)
EXECUTIVE BUDGET SURPLUS/(GAP)	0
¹ Includes the impact of changes to estimated debt service and STAR that alter the amount of tax receipts that are transferred to the General Fund.	

Receipts Revisions

- **Tax Receipts.** PIT receipts to date are considerably higher than expected due to a surge in PIT payments for calendar year 2017 as taxpayers responded to Federal tax law changes that cap at \$10,000 the allowable deduction of State and local income taxes, starting in tax year 2018. DOB has increased PIT estimates upward by \$2.3 billion, of which \$1.9 billion is attributable to accelerated payments. An upward revision to the annual estimate for PIT (aside from the acceleration) and estate taxes is offset in full by a reduction to the estimate for corporate tax receipts.
- **Settlement Payments.** The State received a \$135 million civil monetary penalty payment from Credit Suisse pursuant to a consent order between the State Department of Financial Services (DFS) and Credit Suisse, and \$2 million from Cigna for a civil monetary penalty pursuant to a consent order between Cigna and DFS. In addition, the State received a \$60 million civil monetary penalty pursuant to a January 4, 2018 consent order between Western Union and DFS.
- **Other Non-Tax Revisions.** Certain miscellaneous receipts have been revised based on results to date and updated information. In addition, revisions to debt service reduce the amount of PIT receipts transferred to the General Fund.

Disbursements Revisions

- **Local Assistance.** Spending has been lowered to reflect revised spending patterns attributable to certain public assistance and education programs, as well as revised timelines for ongoing transformation and efforts to ensure the efficient use of State resources in the mental hygiene service delivery system.
- **Agency Operations.** Spending has been lowered to reflect revised estimates of agency fringe benefit spending, and the reimbursement of such payments to the General Fund, based on recent billing and payment activity.
- **Debt Service.** DOB currently expects to pay \$340 million of FY 2019 debt service expenses in FY 2018.

Closing Balance for FY 2018

DOB projects that the State will end FY 2018 with a General Fund cash balance of \$9.2 billion, an increase of \$1.4 billion from FY 2017. The estimated balance of Extraordinary Monetary Settlements at the close of FY 2018 is \$4.7 billion, a decrease of \$586 million from FY 2017. (See "Uses of Extraordinary Monetary Settlements" herein.)

The estimated General Fund cash balance, excluding Extraordinary Monetary Settlements, is \$4.4 billion at the close of FY 2018, or \$2.0 billion higher than FY 2017. The annual change in the balance reflects a \$1.9 billion increase to the undesignated fund balance which will be carried into FY 2019 to offset PIT estimated payment reductions due to FY 2018 accelerations.

TOTAL BALANCES (millions of dollars)			
	FY 2017 Results	FY 2018 Current	Annual Change

FY 2019 Financial Plan (Compared to FY 2018 Estimates)

The General Fund will be affected by two fund reclassifications beginning in FY 2019. The changes have no net impact on General Fund operations, but change the reporting of receipts and disbursements in total and among spending categories.

- **Mental Hygiene Fund Reclassification.** Spending from two State special revenue accounts, the Mental Hygiene Program Fund and Patient Income Account, is reclassified to the General Fund to improve reporting transparency by eliminating large transfers between funds. The reclassification moves local assistance and operations spending, as well as the supporting revenue, into the General Fund, and eliminates transfers from the General Fund to the two Mental Hygiene State special revenue accounts. In addition, roughly \$1.4 billion of fringe benefit spending associated with Mental Hygiene agencies will move from the respective agencies to the central GSCs budget. Approximately \$60 million in indirect costs will no longer be reported in statewide spending.
- **DOT/DMV Operating Cost Reclassification.** Certain DOT and DMV operating costs related to snow and ice removal, bus, truck and rail inspection, and DMV regulatory activities are reclassified from the DHBTF to the General Fund. In the General Fund, the increased operating spending is offset by an identical reduction in the transfer to the DHBTF. The reclassification will better align operating and capital functions with dedicated revenue sources.

The following table summarizes the projected annual change from FY 2018 to FY 2019 in General Fund receipts, disbursements, and fund balances, with and without the impact of Extraordinary Monetary Settlements. The table also excludes the impact of the reclassifications described above.

General Fund Financial Plan

GENERAL FUND FINANCIAL PLAN (millions of dollars)							
	FY 2018 Current	FY 2019 Proposed	MH Reclass	DOT/DMV Reclass	FY 2019 Adjusted	Adjusted Annual Change

Closing Fund Balance (Excluding Extraordinary Monetary Settlements) ²	4,418	2,474	0	0	2,474	(1,944)	-44.0%
Extraordinary Monetary Settlements ¹							
Settlements on Hand as of April ¹	5,335	4,749			4,749	(586)	-11.0%
New Settlements Received/Expected	838	0			0	(838)	-100.0%
Transfers/Uses ²	(1,424)	(2,103)			(2,103)	(679)	-47.7%
Closing Balance (Extraordinary Monetary Settlements)	4,749	2,646			2,646	(2,103)	-44.3%
Closing Fund Balance (Including Extraordinary Monetary Settlements)	9,167	5,120			5,120	(4,047)	-44.1%

¹ New settlements received reflect the gross value of Extraordinary Monetary Settlements paid to the State. The uses of such funds are accounted for by purpose. However, the General Fund miscellaneous receipts and transfers to other funds only exclude the amount that is received by the General Fund and transferred to other funds. Thus, it does not include any amounts retained and used for General Fund operations or Department of Law operations.

² In FY 2018, \$461 million in Extraordinary Monetary Settlements are expected to be used for operations and \$76 million will fund an unbudgeted litigation payment. Another \$155 million will be retained in the General Fund to fund potential retroactive salary increases and is thus included in the General Fund closing balance. In FY 2019, \$383 million in Extraordinary Monetary Settlements are expected to be used for operations.

As shown in the table above, the State expects to end FY 2019 with a General Fund cash balance of \$5.1 billion, a decrease of \$4 billion from FY 2018 estimates. DOB intends to make transfers of Extraordinary Monetary Settlements on an as-needed basis over a multi-year period as spending occurs from appropriations funded with the settlements.

Receipts¹²

General Fund receipts, including transfers from other funds, are projected to total \$70.2 billion in FY 2019, a decrease of \$445 million (0.6 percent) from FY 2018 estimates. The acceleration of PIT payments for calendar year 2018 results in a year-to-year decrease of \$3.8 billion. Excluding the accelerated payments, total receipts increase \$3.4 billion or 4.9 percent.

General Fund PIT receipts, including transfers after payment of debt service on State PIT Revenue Bonds are expected to total \$45.1 billion, an annual decline of \$1.5 billion. The decline is the result of the shift of an estimated \$1.9 billion of receipts from FY 2019 into FY 2018 due to Federal tax reform. Underlying PIT growth is consistent with forecasted economic growth.

General Fund consumption/use tax receipts, including transfers after payment of debt service on LGAC and Sales Tax Revenue Bonds, are estimated to total \$13.8 billion, an annual increase of \$511 million (3.9 percent), which reflects projected growth in employment and taxable consumption, as well as Executive Budget proposals.

General Fund business tax receipts are estimated at \$5.9 billion, an increase of \$761 million (14.9 percent). This growth is due to projected increases in corporate profits and Executive Budget proposals.

Other tax receipts to the General Fund are expected to total \$2.1 billion, a decrease of \$213 million (-9.3 percent), reflecting a return to an average number of estate tax payments exceeding \$25 million.

Non-tax receipts are estimated at \$3.4 billion, an increase of \$42 million.

General Fund receipts are affected by the deposit of dedicated taxes in other funds for debt service and other purposes, the transfer of balances between funds of the State, and other factors. For a more comprehensive discussion of the State's projections for tax receipts, miscellaneous receipts, and transfers, presented on a State Funds and All Funds basis, see "State Financial Plan Projections Fiscal Years 2018 Through 2022."

¹² The reported activity by Financial Plan category excludes the impact of (a) Extraordinary Monetary Settlements on receipts and disbursements and (b) the fund reclassifications for mental hygiene activity and the DHBTF that are proposed to take effect in FY 2019.

Disbursements¹³

General Fund disbursements, including transfers to other funds, are expected to total \$72.5 billion in FY 2019, an annual increase of \$3.2 billion (4.6 percent).

Local assistance grants are expected to total \$48.2 billion in FY 2019, an annual increase of \$1.7 billion (3.7 percent). The largest increases include \$682 million for School Aid (on a State fiscal year basis), \$479 million for Medicaid, \$194 million for the MTA Subway Action Plan, and \$228 million for Higher Education. The latter reflects continued support for student financial aid programs including the Excelsior Free Tuition Program, fringe benefit costs, and the timing of certain payments.

General Fund disbursements for agency operations, including fringe benefits and fixed costs are expected to total \$14.7 billion, an annual increase of \$820 million (5.9 percent). Personal and non-personal service costs increase \$399 million from the current year, reflecting increased personal service costs driven by settled and expected labor agreements. State employees, and retiree health insurance costs are expected to increase by \$315 million (7.9 percent), mainly due to negotiated rate increases reflecting medical inflation and current enrollment levels. The State's net costs for Workers' Compensation are expected to increase by \$150 million (46 percent), due to underlying growth in the average weekly wage for benefit calculations and medical costs (\$45 million), as well as a reduction in the use of offsetting revenue (\$105 million).

General Fund transfers to other funds are estimated to total \$9.6 billion, an increase of \$647 million. The increase is mainly due to transfers for capital projects (excluding transfers funded with Extraordinary Monetary Settlements) reflecting the timing of reimbursement from bond proceeds and planned disbursements from the DHBTF.

General Fund disbursements are affected by the level of financing sources available in other funds, transfers of balances between funds of the State, and other factors that may change from year to year. For a more comprehensive discussion of the State's disbursements projections by major activity, presented on a State Operating Funds basis, see "State Financial Plan Projections Fiscal Years 2018 through 2022."

¹³ The reported activity by Financial Plan category excludes the impact of (a) Extraordinary Monetary Settlements on receipts and disbursements and (b) the fund reclassifications for mental hygiene activity and the DHBTF that are proposed to take effect in FY 2019.

Closing Balance for FY 2019

DOB projects that the State will end FY 2019 with a General Fund cash balance of \$5.1 billion, a decrease of \$4.0 billion from the prior-year. The General Fund cash balance excluding Extraordinary Monetary Settlements is estimated at \$2.5 billion, or \$1.9 billion lower than the estimated closing balance at the end of FY 2018. The change is almost entirely due to the use of the \$1.9 billion in cash from PIT tax receipts accelerated into FY 2018, as well as the projected spending of resources in the Community Projects Fund.

Balances in the State's principal "rainy day" reserves, the Tax Stabilization Reserve and the Rainy Day Reserve, are expected to remain unchanged at \$1.8 billion.

The Executive Budget Financial Plan maintains a reserve of \$500 million for debt management purposes in FY 2019. DOB will decide on the use of these funds based on market conditions, Financial Plan needs, and other factors.

The balance from Extraordinary Monetary Settlements at the close of FY 2019 is expected to total \$2.6 billion, a decrease of \$2.1 billion from the estimated FY 2018 closing balance. The decrease reflects the planned use of settlements. (See "Uses of Extraordinary Monetary Settlements" herein.)

EXECUTIVE BUDGET SURPLUS/(GAP)	0	(812)	(429)	528

¹ Before actions to adhere to the 2 percent benchmark.

² Savings estimated from limiting annual spending growth in future years to 2 percent (calculation based on current FY 2018 estimate). The Governor is expected to propose, and negotiate with the Legislature to enact, a Budget in each fiscal year that restricts State Operating Funds spending growth to 2 percent. The "Surplus/(Gap)" estimate assumes that all savings from holding spending growth to 2 percent are made available to the General Fund.

Spending Changes

Local Assistance

Local assistance spending includes financial aid to local governments and nonprofit organizations, as well as entitlement payments to individuals. Reductions from the prior projections for local assistance spending are expected to generate \$1.3 billion in General Fund savings. Savings are expected from both targeted actions and continuation of prior-year cost containment.

- **Education.** A lower-than-projected increase in the Personal Income Growth Index (PIGI) results in reduced School Aid spending growth based upon the School Aid formula. The actual SY 2019 PIGI is 1.5 percent, compared to the previously estimated 3.9 percent, generating multi-year savings. The Financial Plan reflects a proposed total of \$26.4 billion in aid for the 2018-19 school year, increasing school aid by \$769 million, or 3 percent over the prior school year. This increase is double the amount of the 1.5 percent indexed formula.

In addition, updates to the School Aid database indicate a decline in SY 2018 aid compared with the FY 2018 Enacted Budget Financial Plan estimates. Similarly, grant-based awards for School Aid are spending more slowly than anticipated. Other education savings include the restructuring of aid to private colleges, as well as revisions to the methodology used to reimburse school districts for summer school special education tuition costs that will now use the wealth-equalized aid ratio, which is used to reimburse school districts for similar programs operated during the school year; and one-time audit recoveries for the preschool special education program expected in FY 2019.

The Executive Budget Financial Plan reflects proposed additional funding for several new initiatives to eliminate barriers to receiving school meals. In addition, funding for the Non-public School Health and Safety Equipment Program will be provided through the Capital Projects Funds.

- **Health Care.** Medicaid spending will include an additional \$425 million for non-DOH Medicaid expenses within the Global Cap. To achieve savings within the Global Cap to support these additional costs, DOH will continue to implement various Medicaid Redesign Team (MRT) actions to improve the efficiency and effective delivery of the statewide Medicaid program. These reforms include modifications to the Medicaid long-term care program to ensure access to long-term care services and support a growing aging population; continued controls on Medicaid pharmaceutical costs; incentives supporting the transition to value-based payment arrangements; additional program integrity efficiencies; the authorization of retail practices; a continuation of transportation reforms through targeted investments; and expansion of certain Medicaid services, including covered tele-health and community paramedicine.

Medicaid costs attributable to the minimum wage increase are projected to be higher than initially estimated, mainly due to higher-than-expected enrollment growth in the long-term care sector for home and personal care services. The Financial Plan reflects higher

Medicaid spending of \$125 million in FY 2019 growing to \$300 million by FY 2022. The Financial Plan also includes \$703 million to support the direct cost of FY 2019 minimum wage increases for health care workers who provide services reimbursed by Medicaid.

Other health care savings include initiatives to consolidate and reduce certain public health programs, providing increased flexibility to support ongoing public health programs or investments in new or emerging public health priorities; modifications to certain pharmacy benefit programs; reforms to increase reimbursements from third-party insurers and streamline the evaluation process for the Early Intervention (EI) program; and the elimination of the Cost of Living Adjustment (COLA) payments. The Financial Plan also includes savings from the one-time recoupment of \$35 million from NYC in FY 2019 for ineligible School Nurse expenses included in claims from calendar year 2015 through 2017.

- **Mental Hygiene.** Spending revisions reflect updated assumptions and revised timelines for ongoing transformation efforts to ensure efficient use of State resources in the mental hygiene service delivery system.
- **Human Services.** Savings reflect, among other things, expiration of State reimbursements to New York City for the Close to Home initiative; a cap on State-share reimbursement to New York City for child welfare spending, and reestimates to the disbursement estimates for other programs. Funding has been increased for higher projected public assistance caseload costs and to return child care subsidy funding to the prior level of \$806 million.
- **STAR.** The Executive Budget proposes freezing the exemption benefit, rather than allowing it to increase by up to 2 percent, and mandating enrollment in the Income Verification Program.
- **MTA Subway Action Plan.** The Financial Plan includes \$254 million in operating aid to fully fund the State's half of the MTA Subway Action Plan to address system failures, breakdowns, delays and deteriorating customer service, and to position the system for future modernization. State Operating aid will be provided to the MTA from \$194 million in Extraordinary Monetary Settlements and \$60 million from the accelerated transfer of PMT revenue. The Financial Plan also includes \$174 million in new capital funding for the MTA as part of the Action Plan.
- **All Other.** Savings are expected as a result of updated spending projections across program areas, including; elimination of the planned FY 2019 1.9 percent human services cost-of-living increase; updated enrollment data for the State University of New York (SUNY) Community Colleges that results in a reduction in projected Full-Time Equivalent (FTE) students; and continued utilization of JP Morgan Settlement and Mortgage Insurance Fund (MIF) resources to fund housing and homelessness programs.

Spending increases in the outyears mainly reflects expected matching funds that will be provided to local governments that achieve savings consistent with County-wide Shared Services Property Tax Savings Plans; and funding for the proposed DREAM Act that extends student financial assistance to undocumented immigrant students pursuing higher education in New York.

Agency Operations

Operating costs for State agencies include salaries, wages, fringe benefits, and non-personal service costs (e.g., supplies and utilities). Reductions from current-services projections for agency operations contribute \$446 million to the General Fund gap-closing plan.

- **Executive Agencies.** The Financial Plan holds agency spending flat, on a State Operating Funds basis, with limited exceptions, such as DOH costs attributable to the NYSOH marketplace and the EP program. State agencies are expected to continue to use less costly forms of service delivery, improve administrative practices, and pursue statewide solutions, including the utilization of Lean initiatives to streamline operations and management. The Plan also includes savings from the continued transition of individuals from mental hygiene institutions to appropriate community settings.

Spending increases in the later years of the Financial Plan are driven mainly by revised spending assumptions across multiple agencies to account for inflationary cost increases, additional administrative payroll in FY 2021, and higher Medicaid administration expenses to support the NYSOH insurance exchange as available Federal funding is assumed to expire.

Pension estimates reflect the planned payment of the full FY 2019 Employees' Retirement System (ERS)/Police and Fire Retirement System (PFRS) pension bill in April 2018, rather than on a monthly basis as previously assumed. Health insurance savings reflect elimination of the taxpayer-subsidized Income-Related Monthly Adjustment Amount (IRMAA) reimbursement for high income New York State Health Insurance Program (NYSHIP) enrollees, and from maintaining reimbursement of the standard Medicare Part B premium at \$134 per month.

The Budget also proposes reforming the interest charged on judgments against the State from as high as 9 percent to a fair-market interest rate. The current rate was established in 1982 when interest rates were at 12 percent to avoid unnecessary taxpayer costs. The recommended rate is in line with the interest rate applied to judgements in Federal courts, and would ensure that neither side in a lawsuit will be disadvantaged by an interest rate that is above or below what otherwise could be earned while cases are being adjudicated.

- **University Systems.** Savings reflect elimination of the SUNY hospital subsidy, which is reinvested to support capital infrastructure projects at SUNY's teaching hospitals.

- **Elected Officials.** The Financial Plan reflects the Judiciary’s request to increase operating support, including retroactive payment of collective bargaining agreements and expected cost increases for legal representation in Family Court support resulting from Raise the Age legislation and the Attorney for the Child program. The Budget reflects the Legislature’s request to increase operating costs, including increases for personal service costs and equipment.

Debt Management/Capital Projects

The Executive Budget Financial Plan reflects FY 2019 debt service savings from the planned payment of \$340 million of FY 2019 expenses in FY 2018, as well as expected refundings, continued use of competitive bond sales, and other debt management actions. The use of available bond proceeds to reimburse first-instance capital spending from prior year results in a downward revision to transfers needed to fund capital projects.

Resource Changes

- **Taxpayer Acceleration of PIT Payments into FY 2018.** The State received a surge in PIT payments during calendar year 2017 as taxpayers responded to Federal tax law changes that cap at \$10,000 the allowable deduction of State and local income taxes, starting in tax year 2018. DOB estimates that approximately \$1.9 billion in accelerated tax receipts were due to this behavioral response. The increase in cash in FY 2018 that DOB attributes to the acceleration of PIT receipts will be carried forward and used to offset the corresponding loss of PIT receipts in FY 2019.
- **Tax Receipts Revisions.** The Financial Plan reflects revisions to tax receipts across most tax categories, including the proposed decoupling of the State’s tax law from the Federal cap on the deductibility of SALT; other deduction changes, including the two-year medical expense deduction change; child tax credit changes; and a fix to the single filer standard deduction link to adjust for changes to the Federal standard deduction.
- **Use of Extraordinary Monetary Settlements.** The Executive Budget proposes the following uses for new settlements: \$194 million for the State’s share of the MTA Subway Action Plan; \$125 million in “hard-dollar” capital for health care providers; and \$383 million for operating purposes.
- **Other Resource Changes.** These include updated estimates of various miscellaneous receipts and transfers from other funds, including Federal Emergency Management Agency (FEMA) reimbursements expected in FY 2019. In addition, the Budget proposes a new \$120 safety inspection fee for privately operated for-hire/for-profit passenger carriers, and a modern rate structure for Right-of-Way fees that will require fees for the placement of fiber optic cables and wireless towers on State-owned highways.

Revenue Actions

- **Health Insurance Conversions (or comparable transactions).** The Financial Plan includes \$500 million annually over four years from conversions, acquisitions, or related transactions in which not-for-profit health insurers convert to corporations organized for pecuniary profit. DOB believes that such activity is likely in the current health insurance market.
- **Impose a Healthcare Insurance Windfall Profit Fee.** The Federal tax plan gives health care companies a 40 percent cut in their taxes while also transferring health care costs to the State. The Executive Budget imposes a 14 percent surcharge on health insurer gains to recapture \$140 million of those corporate tax savings and reinvest it in vital health care services for New Yorkers.
- **Establish an Opioid Epidemic Surcharge.** New York State, like much of the country, is battling an opioid epidemic. The Executive Budget imposes a new surcharge of 2 cents per milligram of active opioid ingredient on prescription drugs, directing all proceeds to the Opioid Prevention, Treatment and Recovery Fund. This new fund will support ongoing prevention, treatment, and recovery services.
- **Discontinue the Energy Services Sales Tax Exemption.** The Executive Budget eliminates the sales tax exemption on non-residential transmission and distribution of gas or electricity when purchased from an Energy Service Company (ESCO). Enacted in the early 2000s to incentivize consumer choice, this exemption is no longer necessary now that ESCOs are established entities (New York City eliminated this tax exemption in 2009).
- **Defer Business-Related Tax-Credit Claims.** Taxpayers must defer using most business credits for tax years 2018 through 2020, where such credits exceed \$2 million. They can begin to use deferred nonrefundable credits starting in 2021, and may use 50 percent of their refundable credits in 2021, 75 percent of the remaining credit in 2022, and the balance in 2023.
- **Internet Fairness Conformity Tax.** Online providers such as Amazon and eBay supply a marketplace for third-party sellers to sell their products to consumers. Currently, such third-party sellers are required to collect sales tax from New York residents if the seller is located in New York. Many marketplace providers agree to collect the tax for the third-party seller in this instance. The Executive Budget requires a marketplace provider to collect the tax when it facilitates the sale to State residents, whether the seller is located within, or outside, New York.
- **Improve Cigar Tax Enforcement.** The Executive Budget changes the definition of “wholesale price” to the invoiced price for which a manufacturer or distributor sells tobacco products to a New York State registered tobacco distributor. The current definition of “wholesale price” is the result of litigation and has resulted in revenue losses as it relies on the industry to determine the tax on its own products through a pricing survey.

- **Other Actions.** The Budget includes other tax credits/extensions, enforcement initiatives and tax code reforms. These include a two-year extending the Hire a Vet Tax Credit to 2020; an increase in the vending machine sales tax exemption for food and drink purchases priced at \$1.50 or less, to \$2.00 or less; and a health tax of 10 cents per fluid milliliter on vapor products at the distributor level, equalizing the tax treatment of tobacco products and the equivalent products used in e-cigarettes.

Cash Flow

State Finance Law authorizes the General Fund to borrow money temporarily from available funds held in STIP. Money may be borrowed for up to four months, or until the end of the fiscal year, whichever period is shorter. The State last used this authorization in April 2011 when the General Fund needed to borrow funds from STIP for a period of five days. The amount of resources that can be borrowed by the General Fund is limited to available balances in STIP, as determined by the State Comptroller. Available balances include money in the State's governmental funds and a relatively small amount of other money belonging to the State. Several accounts in Debt Service Funds and Capital Projects Funds that are part of All Governmental Funds are excluded from the balances deemed available in STIP. These excluded funds consist of bond proceeds and money set aside for debt service payments.

DOB expects that the State will have sufficient liquidity in FY 2019 to make all planned payments as they become due without having to temporarily borrow from STIP. The State continues to reserve money on a quarterly basis for debt service payments that are financed with General Fund resources. Money to pay debt service on bonds secured by dedicated receipts, including PIT bonds and Sales Tax bonds, continues to be set aside as required by law and bond covenants.

March	5,120	2,379	7,499

Extraordinary Monetary Settlements

From the beginning of FY 2015 through FY 2018, DOB estimates that the State will have received a total of \$10.7 billion in Extraordinary Monetary Settlements for violations of State laws by major financial and other institutions. The following table lists the Extraordinary Monetary Settlements by firm and amount.

SUMMARY OF RECEIPTS OF EXTRAORDINARY MONETARY SETTLEMENTS BETWEEN REGULATORS AND FINANCIAL INSTITUTIONS (millions of dollars)					
	FY 2015	FY 2016	FY 2017	FY 2018	Total
Extraordinary Monetary Settlements	4,942	3,605	1,317	838	10,702
BNP Paribas	2,243	1,348	0	350	3,941
Department of Financial Services (DFS)	2,243	0	0	350	2,593
Asset Forfeiture (DANY)	0	1,348	0	0	1,348
Deutsche Bank	0	800	444	0	1,244

Cigna	0	0	0	2	2
Western Union	0	0	0	60	60
Other Settlements	7	0	(7)	33	33

Since the last Financial Plan update, the State has received two settlement payments. Pursuant to a November 13, 2017 consent order between the DFS and Credit Suisse, a \$135 million civil monetary penalty payment was executed. The order pertains to Credit Suisse's failure to comply with laws and regulations designed to combat improper, unsafe, and unsound conduct in the foreign exchange trading business.

Cigna paid a \$2 million civil monetary penalty pursuant to a November 14, 2017 consent order between Cigna and DFS. This consent order pertains to Cigna's violation of laws and regulations by selling stop-loss and fully-insured health insurance policies out-of-state to New York-based small groups with employees in the State.

In addition, the State received a \$60 million civil monetary penalty pursuant to a January 4, 2018 consent order between Western Union and the DFS.

Uses of Extraordinary Monetary Settlements

A total of \$10 billion in Extraordinary Monetary Settlements has been allocated in prior budgets and plans. The FY 2019 Executive Budget Financial Plan includes a plan to allocate the remaining \$702 million.

GENERAL FUND SUMMARY OF RECEIPTS AND USE/TRANSFER OF FUNDS FROM EXTRAORDINARY MONETARY SETTLEMENTS BETWEEN REGULATORS AND FINANCIAL INSTITUTIONS (millions of dollars)									
	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023

A total of \$7.8 billion has been, or is expected to be, used to finance various spending from capital appropriations, including operating activities associated with the maintenance, protection, preservation, and operation of capital assets. Another \$2.9 billion has been, or is expected to be, used for other purposes, including resolution of Office for People with Developmental Disabilities (OPWDD) Federal disallowances in FY 2016, retroactive labor costs, General Fund operations, one-time litigation payments to CSX Transportation, Inc. (CSX), and costs of the Department of Law's Litigation Services Bureau.

The Financial Plan reflects use of previously unallocated Extraordinary Monetary Settlements to support:

- **General Fund Operations (\$383 million).** Consistent with prior years, the Financial Plan reflects the use of funds not appropriated for other purposes.
- **MTA Subsidy (\$194 million).** Additional support will be provided to the MTA for operations in FY 2019.
- **Health Care Capital Grants (\$125 million).** An additional \$425 million will be provided to the Health Care Facility Transformation Program, of which \$125 million will be funded from Extraordinary Monetary Settlements.

Other Matters Affecting the Financial Plan

General

The Financial Plan is subject to complex economic, social, financial, political, and environmental risks and uncertainties, many of which are outside the ability of the State to control. DOB believes that the projections of receipts and disbursements in the Financial Plan are based on reasonable assumptions, but there can be no assurance that actual results will not differ materially and adversely from these projections. For instance, actual receipts collections have fallen substantially below the levels forecasted in certain fiscal years. In addition, projections in future years are based on the assumption that annual growth in State Operating Funds spending will be limited to 2 percent, and that all savings that result from the 2 percent spending growth benchmark will be made available to the General Fund.

DOB routinely executes cash management actions to manage the State's large and complex budget. These actions are intended for a variety of purposes that include improving the State's cash flow, managing resources within and across State fiscal years, assisting in the adherence to spending targets, and better positioning the State to address future risks and unanticipated costs, such as economic downturns, unexpected revenue deterioration, and unplanned expenditures. As such, the State regularly makes certain payments above those initially planned, to maintain budget flexibility. All payments made above the planned amount are reflected in the year they occur, and adhere to the limit of the State's 2 percent spending growth benchmark.

The Financial Plan is based on numerous assumptions, including the condition of the State and national economies, and the concomitant collection of economically sensitive tax receipts in the amounts projected. Other uncertainties and risks concerning the economic conditions and receipts forecasts include the impacts of: national and international events; ongoing financial risks in the Euro-zone; changes in consumer confidence, oil supplies and oil prices; major terrorist events, hostilities or war; climate change and extreme weather events; Federal statutory and regulatory changes concerning financial sector activities; Federal tax law and other programmatic purposes; changes concerning financial sector bonus payouts, as well as any future legislation governing the structure of compensation; shifts in monetary policy affecting interest rates and the financial markets; financial and real estate market developments which may adversely affect bonus income and capital gains realizations; the effect of household debt on consumer spending and State tax collections; and the outcomes of litigation and other claims affecting the State.

The Financial Plan is subject to various uncertainties and contingencies relating to: wage and benefit increases for State employees that exceed projected annual costs; changes in the size of the State's workforce; the realization of the projected rate of return for pension fund assets and current assumptions with respect to wages for State employees affecting the State's required pension fund contributions; the willingness and ability of the Federal government to provide the aid expected in the Financial Plan; the ability of the State to implement cost reduction initiatives, including reductions in State agency operations, and the success with which the State controls expenditures; and the ability of the State and its public authorities to market securities successfully in the public credit markets. Some of these issues are described in more detail herein. The projections and assumptions contained in the Financial Plan are subject to revisions which may result in substantial change. No assurance can be given that these estimates and projections, which depend in part upon actions the State expects to be taken but which are not within the State's control, will be realized.

Budget Risks and Uncertainties

There can be no assurance that the State's financial position will not change materially and adversely from current projections. If this were to occur, the State would be required to take gap-closing actions. Such actions may include, but are not limited to: reductions in State agency operations; delays or reductions in payments to local governments or other recipients of State aid; delays in or suspension of capital maintenance and construction; extraordinary financing of operating expenses; use of non-recurring resources; or other measures. In some cases, the ability of the State to implement such actions requires the approval of the Legislature and cannot be implemented solely by action of the Governor.

The Financial Plan projections for the outyears generally assume that School Aid and Medicaid disbursements will be limited to the annual growth in New York State personal income, and the ten-year average growth of the medical component of the CPI, respectively. However, since FY 2014, the State has annually authorized School Aid spending to increase above the personal income growth index. In SY 2019, the Executive Budget Financial Plan reflects a 3.0 percent School Aid increase, compared to the 1.5 percent growth in the index. In SY 2020, School Aid is projected to increase by 3.6 percent, based on currently projected personal income growth.

State law grants the Commissioner of Health certain powers and authority to maintain Medicaid spending levels assumed in the Financial Plan. Over the past six years, DOH State Funds Medicaid spending levels have remained at or below indexed levels without requiring the Commissioner to exercise this authority. However, Medicaid program spending is sensitive to several factors including fluctuations in economic conditions, which may increase caseload, and changes in Federal aid, which could affect State health care spending. The Commissioner's powers are intended to limit the rate of annual growth in DOH State Funds Medicaid spending to the levels estimated for the current fiscal year, through actions which may include reducing rates to providers. These actions may be dependent upon timely Federal approvals and other elements of the program that govern implementation. It should further be noted that the Medicaid Cap, which is indexed to historical CPI Medical trends, applies to State Operating Funds and, therefore, General Fund spending remains sensitive to revenue performance in the State's HCRA fund. The HCRA fund finances approximately one-quarter of the DOH State-share costs of Medicaid.

The Financial Plan forecast contains specific transaction risks and other uncertainties including, but not limited to: receipt of certain payments from public authorities; receipt of certain revenue sharing payments under the Tribal-State compact, including payments from the Seneca Nation¹⁴; receipt of miscellaneous revenues at the levels expected in the Financial Plan, and achievement of cost-saving measures including, but not limited to, transfer of available fund balances to the General Fund at levels currently projected. Such risks and uncertainties, if they were to materialize, could adversely impact the Financial Plan in current and/or future years.

The Financial Plan also includes actions that affect the spending reported in the State Operating Funds basis of reporting, including (i) the realignment of certain operating costs to the capital

¹⁴ The Seneca Nation has withheld payments to the State that were expected in June, September, and December 2017. The State and Seneca Nation are currently in the arbitration process. The Financial Plan assumes successful resolution by March 2018.

budget to provide consistency in reporting across all agencies and a more accurate accounting of the overall capital budget; (ii) the payment of certain operating costs using available resources in accounts outside of the State Operating Funds basis of reporting; and (iii) the restructuring of the STAR program such that the spending for certain benefits is instead provided in the form of a tax credit for consistency with the reporting of other State tax credits. If these and other transactions are not implemented as planned, annual spending growth in State Operating Funds would increase above current estimates.

In developing the Financial Plan, DOB attempts to mitigate the financial risks from receipts volatility, litigation, and unexpected costs, with an emphasis on the General Fund. It does this by, among other things, exercising caution when calculating total General Fund disbursements, and managing the accumulation of financial resources that can be used to offset new costs (including, but not limited to, fund balances not needed in a particular year, acceleration of tax refunds above the level budgeted in a given year, and prepayment of expenses). There can be no assurance that such resources will be sufficient to address risks that may materialize in any given fiscal year.

Federal Issues

The State receives a substantial amount of Federal aid for health care, education, transportation, and other governmental purposes, as well as Federal funding to respond to, and recover from, severe weather events and other disasters. Many of the policies that drive this Federal aid are subject to change under the Trump Administration and the current Congress. Current Federal aid projections, and the assumptions on which they rely, are subject to revision in future financial updates as a result of changes in Federal policy.

The Federal government may enact budgetary changes or take other actions that adversely affect State finances. State legislation proposed with the FY 2019 Executive Budget continues authorization for a process by which the State would manage significant reductions in Federal aid during FYs 2019 and 2020 should they arise. Specifically, the legislation allows the Budget Director to prepare a plan for consideration by the Legislature in the event that the Federal government (i) reduces Federal financial participation in Medicaid funding to New York State or its subdivisions by \$850 million or more; or (ii) reduces Federal financial participation or other Federal aid funding to New York State that affects the State Operating Funds financial plan by \$850 million or more, exclusive of any cuts to Medicaid. Each limit is triggered separately and is not additive. The plan prepared by the Budget Director must equally and proportionally reduce appropriations and cash disbursements in the General Fund and State special revenue funds. Upon receipt of the plan, the Legislature has 90 days to prepare its own corrective action plan, which may be adopted by concurrent resolution passed by both houses, or the plan submitted by the Budget Director takes effect automatically.

In addition, the Financial Plan may also be adversely affected by other Federal government actions, including audits, disallowances, and changes to Federal participation rates or other Medicaid rules. For instance, the Financial Plan includes reimbursement to the Federal government of \$100 million annually through FY 2027 pursuant to a March 2015 agreement between the State and the Centers for Medicare and Medicaid Services (CMS). The agreement resolved a pending disallowance for FY 2011 and all related payment disputes for State-operated services prior to April 1, 2013, including

home and community-based waiver services. Pursuant to the agreement, the State must adjust the Federal/State share of future Medicaid costs to reimburse the Federal government. The State used \$850 million in Extraordinary Monetary Settlement payments, previously set aside for financial risks, to finance the initial repayment amount in FY 2016.

Responding to the New Federal Tax Law

On December 22, 2017, President Trump signed into law the Tax Cuts and Jobs Act of 2017 (H.R. 1, P.L. 115-97), making major changes to the Federal Internal Revenue Code, most of which are effective in the 2018 tax year. The new Federal tax law makes extensive changes to Federal personal income taxes, corporate income taxes, and estate taxes, and the deductibility of various taxes and interest costs.

The State's income tax system interacts with the Federal system in numerous ways. The Federal changes will have significant flow-through effects on state tax burdens and revenues. Given the far-reaching nature of the Federal law, the Department of Taxation and Finance has undertaken extensive analysis in consideration of how best to respond and has outlined options for State tax reform in response to the Federal legislation. The Executive Budget amendments include proposed changes to the State tax code. The primary objectives of the amendments are to promote fairness for New York's taxpayers in light of the Federal legislation; enhance the competitiveness of New York's economy; and maintain New York's revenue base.

In addition, the new Federal tax law eliminates the tax-exempt advance refunding of municipal bonds, thereby limiting the ability of the State and debt-issuing public authorities to realize savings in favorable market conditions. Since FY 2015, advance refundings have saved New York State approximately \$1.1 billion.

Current Federal Aid

President Trump has proposed significant cuts to mandatory and discretionary domestic programs in Federal Fiscal Years (FFYs) 2018 and 2019 which are under consideration by Congress. If the proposed cuts are adopted, it could reduce Federal aid to New York by billions of dollars.

Currently, the Federal government is operating under a continuing resolution for FFY 2018 that keeps the Federal government operating through March 23, 2018.

The Budget Control Act (BCA) of 2011, which temporarily raised the debt limit, established discretionary spending caps on the Federal government through FFY 2021, and under certain conditions institutes automatic spending cuts for certain Federal funds on which the State relies. Discretionary Federal funding to the State could be reduced if these caps are not adjusted, suspended or eliminated. On February 9, 2018, the Federal government enacted legislation increasing the spending caps for FFY 2018 and 2019, lessening the potential for significant spending cuts in discretionary domestic programs through FFY 2019.

Other Matters Affecting the Financial Plan

Medicaid DSH Payments

Provisions within the Medicaid statute allow for a capped amount of payments to hospitals that treat a disproportionate number of Medicaid recipients. Changes made initially in the Patient Protection and Affordable Care Act (and subsequently delayed by other intervening laws) to reduce the aggregate amount of Federal reimbursements for DSH payments came into effect with the start of FFY 2018, beginning October 1, 2017, but have since been delayed to FFY 2020 (beginning October 1, 2019) by Federal legislation enacted on February 9, 2018. The legislation also accelerates full implementation of the DSH cuts to begin in FFY 2021, in contrast to the previous multi-year phase-in.

DOB estimates that when the changes do take effect, New York will see the largest reduction among all states costing the State billions of dollars in lost Federal DSH payments when fully phased in. DOB continues to monitor Federal Medicaid DSH payment policies.

Federal Health Care Policy

In 2017, the Federal government attempted to end the Basic Health Program (EP in New York State), the Patient Protection and ACA's Medicaid expansion, and to shift a larger share of growth in Medicaid costs to states by imposing per capita caps on Medicaid spending in lieu of Medicaid's current open-ended entitlement. If these bills had been enacted into law, these policies would have had a substantial adverse impact on the Financial Plan.

President Trump has also taken unilateral Executive action to withhold Cost Sharing Reduction (CSR) payments, threatening low-cost health insurance coverage for income eligible recipients when purchasing Qualified Health Plan (QHP) or EP coverage through the NYSOH, New York's official health plan marketplace. The Executive Budget Financial Plan assumes the continuation of these programs, but also establishes a statutory reserve to address the potential loss of Federal funding and authorizes program modifications, if necessary, to preserve vital services in the event of Federal reductions.

Federal funding for the Children's Health Insurance Program (CHIP) has been reauthorized through FFY 2027, however, it remains possible that other Federal changes could affect the State's health care policies.

Excise Tax on High-Cost Employer-Sponsored Health Coverage ("Cadillac Tax")

The Excise Tax on High-Cost Employer Sponsored Health Coverage (26 USC 4980I) is a 40 percent excise tax assessed on the portion of the premium for an employer-sponsored health insurance plan that exceeds a certain annual limit. The provision was initially included in the Patient Protection and ACA to offset mandatory spending increases but has since been altered by intervening laws that delay the implementation of the tax until 2022.

Regulations from the Internal Revenue Service have yet to be published and at this point it is unclear if or how the tax will be changed as a result of ongoing health care and tax reform discussions. As such, DOB has no current estimate as to the potential Financial Plan impact from this Federal excise tax.

MRT Medicaid Waiver

The Federal CMS and the State have an agreement authorizing up to \$8 billion in new Federal funding over several years to transform New York's health care system and ensure access to quality care for all Medicaid beneficiaries. This funding, provided through an amendment to the State's Partnership Plan 1115 Medicaid waiver, is divided among the Interim Access Assurance Fund (IAAF), the Delivery System Reform Incentive Payment (DSRIP) Program, Health Homes, and various other Medicaid redesign initiatives.

Since January 1, 2014, in accordance with provisions of the ACA, the State has been eligible for enhanced Federal Medical Assistance Percentage (FMAP) funding associated with childless adults. The DOH continues to work with the CMS and to refine eligibility data systems to draw the appropriate amount of enhanced FMAP funding. This reconciliation may result in a modification of payments to the State and local governments.

Federal Debt Limit

On February 9, 2018, the Federal government enacted legislation suspending the Federal debt limit through March 1, 2019, forestalling the possibility of a default by the Federal government until at least that time. A Federal government default on payments, particularly for a prolonged period, could have a materially adverse effect on the national and the State economies, financial markets, and intergovernmental aid payments. The specific effects on the Financial Plan of a future Federal government default are unknown and impossible to predict. However, data from past economic downturns suggest that the State's revenue loss could be substantial if the economy goes into a recession due to a Federal default.

A payment default by the United States may adversely affect the municipal bond market. Municipal issuers, as well as the State, could face higher borrowing costs and impaired market access. This would jeopardize planned capital investments in transportation infrastructure, higher education facilities, hazardous waste remediation, environmental projects, and economic development projects. Additionally, the market for and market value of outstanding municipal obligations, including municipal obligations of the State, could be adversely affected.

Current Labor Negotiations and Agreements (Current Contract Period)

The State has multi-year labor agreements in place with several unions, while negotiations are underway with other unions. The Civil Service Employees Association (CSEA) and DC-37 (Rent Regulation) employees have a five-year labor contract that provides annual salary increases of 2 percent for FYs 2017 through 2021 and additional compensation changes, offset by benefit design changes within NYSHIP and reductions in overtime costs.

Employees represented by the Public Employees Federation (PEF) and the Graduate Student Employees Union (GSEU), as well as Management/Confidential (M/C) employees, have a three-year collective bargaining agreement providing 2 percent annual salary increases in FYs 2017 through 2019.

Members of the Police Benevolent Association of the New York State Troopers (NYSTPBA) and the New York State Police Investigators Association (NYSPIA) have a multi-year collective bargaining agreement that provides a 2 percent general salary increase for each of FY 2015 and FY 2016, and a 1.5 percent general salary increase for each of FY 2017 and FY 2018. Negotiations on the next contract with NYSTPBA commenced in January and are anticipated with NYSPIA later in the year.

The State is in negotiations with all other employee unions whose contracts concluded in FY 2016, including United University Professions (UUP), Council 82 and the New York State Correctional Officers and Police Benevolent Association (NYSCOPBA) following the March 2017 membership rejection of a tentative agreement on a five-year labor contract through FY 2021.¹⁵ Negotiations also continue with the Police Benevolent Association of New York State (PBANYS), whose contract expired at the end of FY 2015.

The Judiciary has reached agreement with all 12 unions represented within its workforce. The contract periods vary from FY 2018 to FY 2020 for CSEA, FY 2012 to FY 2019 for Court Officers Benevolent Association of Nassau County (COBANC), FY 2012 to FY 2021 for the NYS Supreme Court Officers Association, the NYS Court Officers Association and the Court Clerks Association, and FY 2017 to FY 2019 for seven other unions. The Financial Plan reflects no changes to the Judiciary cash estimates in the current year.

On June 27, 2016, the City University of New York (CUNY) Board of Trustees approved collective bargaining agreements between CUNY and unions representing almost all of the University's faculty and staff. For CUNY senior colleges, these agreements are estimated to cost approximately \$250 million for retroactive payments and \$150 million in ongoing annual costs. At the request of CUNY, the State advanced its planned payment of approximately \$250 million State support for CUNY senior colleges from October 2016 to June 2017, to make resources available for retroactive payments in the academic year ending June 2017.

¹⁵ The five-year agreement with NYSCOPBA that was not ratified would have provided for annual 2 percent general salary increases through FY 2021, and differentials typically received within the law enforcement community (e.g., Hazardous Duty Pay), the costs of which were offset by benefit design changes within NYSHIP and reductions in overtime costs.

Pension Contributions

Overview

The State makes annual contributions to the New York State and Local Retirement System (NYSLRS) for employees in ERS and PFRS. This section discusses contributions from the State, including the Judiciary, to the NYSLRS, which account for the majority of the State's pension costs.¹⁶ All projections are based on projected market returns and numerous actuarial assumptions which, if unrealized, could change these projections materially.

During FY 2016, the NYSLRS updated its actuarial assumptions based on the results of the 2015 five-year experience study. In September 2015, the System announced that employer contribution rates would decrease for FY 2017 and the assumed rate of return would be lowered from 7.5 percent to 7 percent. The salary scale assumptions were also changed – for ERS the scale was reduced from 4.8 percent to 3.8 percent and for PFRS the scale was reduced from 5.4 percent to 4.5 percent.

FY 2019 Projections

The preliminary FY 2019 ERS/PFRS pension liability of \$2.3 billion is impacted by the FY 2017 investment return of 11.5 percent, which was above the Comptroller's assumed rate of return (7 percent). The estimate also reflects the impact of past investment performance and growth in the number of lower cost Tier 6 members. As a result, the average contribution rate for ERS will decrease from 15.3 percent of payroll to 14.9, and the average contribution rate for PFRS will decrease from 24.4 percent of payroll to 23.5 percent.¹⁷

The pension liability also reflects changes to military service credit provisions found in Section 1000 of the Retirement and Social Security Law (RSSL) enacted during the 2016 legislative session (Chapter 41 of the Laws of 2016). All veterans who are members of NYSLRS may, upon application, receive extra service credit for up to three years of military duty if such veterans (i) were honorably discharged, (ii) have achieved five years of credited service in a public retirement system, and (iii) agree to pay the employee share of such additional pension credit. Costs to the State for employees in ERS will be incurred at the time each member purchases credit, as documented by OSC at the end of each calendar year, while costs for employees in PFRS will be distributed across PFRS employers and billed on a two-year lag (e.g. FY 2017 costs will first be billed in FY 2019). Additionally, Section 25 of the RSSL requires the State to pay the ERS employer contributions associated with this credit on behalf of local governments. The State is also permitted to amortize the cost of past service credits newly incurred in a given fiscal year; however, the State does not anticipate choosing this option as there would be an interest rate of 7 percent applied to this amortization. The ERS cost to the State (including the costs covered for local ERS) was \$52 million in FY 2018 based on actual credit purchased through December 31, 2017. DOB currently estimates ERS costs of \$55 million in FY 2019; and \$39 million in FY 2020. Additionally,

¹⁶ The State's aggregate pension costs also include costs for State employees in the Teachers' Retirement System (TRS) for both SUNY and the State Education Department (SED), the Optional Retirement Program (ORP) for both SUNY and SED, and the New York State Voluntary Defined Contribution Plan (VDC).

¹⁷ Average contribution rates include the Group Life Insurance Program (GLIP), and thus differ from the system average normal rates reported in the pension amortization section.

the State expects ongoing costs of \$7 million beginning in FY 2021 as new cohorts of veterans become eligible to purchase the credit.

Outyear Projections

Pension estimates for FY 2020 and beyond, as projected by DOB, reflect growth in normal costs primarily based on the expectation that collective bargaining will result in continued salary increases and that investment returns will be below the actuarially assumed 7 percent rate of return in the near-to-mid-term.

Pension Amortization

Under legislation enacted in August 2010, the State and local governments may amortize (defer paying) a portion of their annual pension costs. Amortization temporarily reduces the pension costs that must be paid by public employers in a given fiscal year, but results in higher costs overall when repaid with interest.

The State and local governments are required to begin repayment on each new amortization in the fiscal year immediately following the year in which the amortization was initiated. The full amount of each amortization must be repaid within ten years at a fixed interest rate determined by OSC. Legislation included in the FY 2017 Enacted Budget authorized the State to prepay a portion of remaining principal associated with an amortization, and then pay a lower re-calculated interest installment in any subsequent year for which the principal has been prepaid. This option does not allow the State to delay the original ten-year repayment schedule, nor does it allow for the interest rate initially applied to the amortization amount to be modified.

The portion of an employer's annual pension costs that may be amortized is determined by comparing the employer's amortization-eligible contributions as a percentage of employee salaries (i.e., the normal rate¹⁸) to a system-wide amortization threshold (i.e., the graded rate). Graded rates are determined for ERS and PFRS according to a formula enacted in the 2010 legislation and generally move toward their system's average normal rate by up to one percentage point per year. When an employer's normal rate is greater than the system-wide graded rate, the employer can elect to amortize the difference. However, when the normal rate of an employer that previously amortized is less than the system-wide graded rate, the employer is required to pay the graded rate. Additional contributions are first used to pay off existing amortizations and are then deposited into a reserve account to offset future increases in contribution rates. Chapter 48 of the Laws of 2017 changed the graded rate computation to provide an employer specific graded rate based on the employer's own tier and plan demographics.

The State has not amortized its pension costs (including the Office of Court Administration (OCA)) since FY 2016.

¹⁸ For the purpose of this discussion, the "normal rate" refers to all amortization-eligible costs (i.e. normal and administrative costs, as well as certain employer-provided options such as sick leave credit) divided by salary base.

Other Matters Affecting the Financial Plan

The amortization threshold is projected to equal the normal rate in upcoming fiscal years. The following table reflects projected pension contributions and amortizations exclusively for Executive branch and Judiciary employers participating in ERS and PFRS.

EMPLOYEE RETIREMENT SYSTEM AND POLICE AND FIRE RETIREMENT SYSTEM IMPACTS OF AMORTIZATION ON PENSION CONTRIBUTIONS (millions of dollars)									
Statewide Pension Payments ¹					Rates for Determining (Amortization Amount) / Excess Contributions				
Fiscal Year	Normal Costs ²	(Amortized) / Excess Contributions	Amortization Payments	Total Statewide Pension Payments	Interest Rate on Amortization Amount (%) ³	System Average Normal Rate ⁴		Amortization Threshold (Graded Rate)	
						ERS (%)	PFRS (%)	ERS (%)	PFRS (%)
2011	1,543.2	(249.6)	0.0	1,293.6	5.0	11.5	18.1	9.5	17.5
2012	2,037.6	(562.9)	32.3	1,507.0	3.8	15.9	21.6	10.5	18.5
2013	2,076.1	(778.5)	100.8	1,398.4	3.0	18.5	25.7	11.5	19.5

2016	1,972.1	(356.1)	389.9	2,005.9	3.2	17.7	24.7	14.5	22.5
2017	1,788.6	0.0	432.1	2,220.7	2.3	15.1	24.3	15.1	23.5
2018 Est.	1,803.4	0.0	432.1	2,235.5	2.8	14.9	24.3	14.9	24.3
2019 Est.	1,866.7	0.0	432.1	2,298.8	0.0	14.4	23.5	14.4	23.5
-----Projected by DOB ⁵ -----									
2020	1,921.4	0.0	432.1	2,353.5	0.0	15.2	24.0	15.2	24.0
2021	2,080.3	0.0	432.1	2,512.4	0.0	16.2	25.0	16.2	25.0
2022	2,272.5	0.0	399.8	2,672.3	0.0	17.2	26.0	17.2	26.0
2023	2,436.7	0.0	331.3	2,768.0	0.0	17.9	25.8	17.9	25.8
2024	2,460.1	0.0	240.1	2,700.2	0.0	17.7	25.4	17.7	25.4
2025	2,483.7	0.0	126.4	2,610.1	0.0	17.5	25.0	17.5	25.0
2026	2,507.2	0.0	42.2	2,549.4	0.0	17.3	24.6	17.3	24.6

¹ Pension contribution values in this table do not include pension costs related to the ORP, VDC, and TRS for SUNY and SED, whereas the projected pension costs in other Financial Plan tables include such pension disbursements.

² Normal costs include payments from amortizations prior to FY 2011, which ended in FY 2016 as a result of early repayments.

³ Interest rates are determined by the Comptroller based on the market rate of return on comparable taxed fixed income investments (e.g., Ten-Year Treasuries). The interest rate is fixed for the duration of the ten-year repayment period.

⁴ The system average normal rate represents system-wide amortization-eligible costs (i.e. normal and administrative costs, as well as the cost of certain employer options) as a percentage of the system's total salary base. The normal rate does not include the following costs, which are not eligible for amortization: Group Life Insurance Program (GLIP) contributions, deficiency contributions, previous amortizations, incentive costs, administrative costs, costs of new legislation in some cases, and prior-year adjustments. "(Amortized) / Excess Contributions" are calculated for each employer in the system using employer-specific normal rates, which may differ from the system average.

⁵ Outyear projections are prepared by DOB. The retirement system does not prepare, or make available, outyear projections of pension costs.

The “Normal Costs” column shows the State’s underlying pension cost in each fiscal year, before the effects of amortization. The “(Amortized) / Excess Contributions” column shows amounts amortized. The “Amortization Payments” column provides the amount paid in principal and interest towards the outstanding balance on prior-year amortizations. The “Total Statewide Pension Payments” column provides the State’s actual or planned pension contribution, inclusive of amortization. The “Interest Rate on Amortization Amount (%)” column provides the interest rate at which the State will repay the amortized contribution, as determined by OSC. The remaining columns provide information on the normal rate and graded rate, which are used to determine the maximum allowed “(Amortized)” amount or the mandatory “Excess Contributions” amount for a given fiscal year.

Other Post-Employment Benefits (OPEB)

State employees become eligible for post-employment benefits (e.g., health insurance) if they reach retirement while working for the State, are enrolled in NYSHIP, or are enrolled in the NYSHIP opt-out program, at the time they reach retirement, and have at least ten years of eligible service. The cost of providing post-retirement health insurance is shared between the State and the retired employee. Contributions are established by law and may be amended by the Legislature. The State pays its share of costs on a Pay-As-You-Go (PAYGO) basis as required by law.

In accordance with the Governmental Accounting Standards Board (GASB) Statement 45, the State must perform an actuarial valuation every two years for purposes of calculating OPEB liabilities. As disclosed in Note 13 of the State’s Basic Financial Statements for FY 2017, the State’s Annual Required Contribution (ARC) represents the annual level of funding that, if set aside on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded liabilities of the plan over a period not to exceed 30 years. Amounts required but not actually set aside to pay for these benefits are accumulated, with interest, as part of the net OPEB obligation, after adjusting for amounts previously required.

As reported in the State’s Basic Financial Statements for FY 2017, the unfunded actuarial accrued liability for FY 2017 is \$87.3 billion (\$72.8 billion for the State and \$14.4 billion for SUNY), an increase of \$9.4 billion from FY 2016 (attributable entirely to the State). The unfunded actuarial accrued liability for FY 2017 used an actuarial valuation of OPEB liabilities as of April 1, 2016 for the State and April 1, 2014 for SUNY. These valuations were determined using the Frozen Entry Age actuarial cost method, and are amortized over an open period of 30 years using the level percentage of projected payroll amortization method. A significant portion of the annual growth in the State’s unfunded actuarial accrued liability has been driven by the reduction of the discount rate from 3.155 to 2.637 percent, calculated as the average STIP rate for the past 20 years at the time of valuation. The decline in the discount rate increases the present value of the projected benefit obligation.

The actuarially determined annual OPEB cost for FY 2017 totaled \$4.2 billion (\$3.2 billion for the State and \$923 million for SUNY), a decline of \$7 million from FY 2016 (\$4 million for the State and \$3 million for SUNY). The actuarially-determined cost is calculated using the Frozen Entry Age actuarial cost method, allocating costs on a level basis over earnings. The actuarially determined cost was \$2.4 billion (\$1.795 billion for the State and \$639 million for SUNY) greater than the PAYGO required cash payments for retiree costs made by the State in FY 2017. This difference between the State's PAYGO costs, and the actuarially determined ARC under GASB Statement 45, reduced the State's net asset condition at the end of FY 2017 by \$2.4 billion.

GASB has no authority to require the additional costs to be funded on the State's budgetary (cash) basis, and no additional funding is assumed for this purpose in the Financial Plan. The State continues to fund these costs, along with all other employee health care expenses, on a PAYGO basis.

There is no provision in the Financial Plan to fund the ARC for OPEB. If the State began making a contribution, the additional cost above the PAYGO amounts would be lowered. However, it is not expected that the State will alter its current PAYGO funding practice.

The FY 2018 Enacted Budget included legislation creating a Retiree Health Benefit Trust Fund (the "Trust Fund") that authorizes the State to reserve money for the payment of health benefits of retired employees and their dependents. Under the legislation, the State may deposit, in any given fiscal year, up to 0.5 percent of total then-current unfunded actuarial accrued OPEB liability (currently \$72.8 billion for the State and \$14.4 billion for SUNY). The Financial Plan does not include any deposits to the Trust Fund.

The provisions of GASB Statement 75 (Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions), which amends GASB Statement 45 and GASB Statement 57, is expected to be incorporated into the State's FY 2019 financial statements. The FY 2019 statements are expected to be issued in July 2019. The GASB Statement alters the actuarial methods used to calculate OPEB liabilities, standardizes asset smoothing and discount rates, and requires the unfunded net OPEB obligation to be reported by the State in its Statement of Net Position. Reporting the unfunded OPEB liability on the Statement of Net Position, rather than as a note disclosure, is expected to significantly increase the State's total long-term liabilities and show the State in a negative net position.

GASB Statement 75 is not expected to alter the Financial Plan cash PAYGO projections for health insurance costs, as the DOB methodology for forecasting these costs over a multi-year period already incorporates factors and considerations consistent with the new actuarial methods and calculations required by the GASB Statement.

Litigation

Litigation against the State may include potential challenges to the constitutionality of various actions. The State may also be affected by adverse decisions that are the result of various lawsuits. Such adverse decisions may not meet the materiality threshold to warrant individual description but, in the aggregate, could still adversely affect the Financial Plan.

Climate Change Adaptation

Climate change poses long-term threats to physical and biological systems. Potential hazards and risks related to climate change for the State include, among other things, rising sea levels, more severe coastal flooding and erosion hazards, and more intense storms. Storms in recent years, including Superstorm Sandy, Hurricane Irene, and Tropical Storm Lee, have demonstrated vulnerabilities in the State's infrastructure (including mass transit systems, power transmission and distribution systems, and other critical lifelines) to extreme weather events including coastal flooding caused by storm surges. Climate change risks, if they materialize, can adversely impact the Financial Plan in current or future years. Significant long-term planning and investment by the Federal government, State, municipalities, and public utilities are expected to be needed to adapt existing infrastructure to climate change risks.

Participants in financial markets are acknowledging climate change risks. In June 2017, an industry-led Task Force on Climate-related Financial Disclosure convened by the Financial Stability Board (an international body which monitors the global financial system) published recommendations stating that climate risk affects most market sectors and that climate-related risk should be publicly disclosed to investors in annual financial filings.¹⁹ In November 2017, Moody's Investors Service issued guidance to state and local governments that climate change is forecast to heighten exposure to economic losses, placing potential pressure on credit ratings. The Moody's report identified rising sea levels and the effect on coastal infrastructure as the primary climate risk for the northeastern US region, including the State. These risks are heightened by population concentration in coastal counties.

The State continues to recover from the damage sustained during three powerful storms that crippled entire regions. In August 2011, Hurricane Irene disrupted power and caused extensive flooding to various State counties. In September 2011, Tropical Storm Lee caused flooding in additional State counties and, in some cases, exacerbated the damage caused by Hurricane Irene two weeks earlier. On October 29, 2012, Superstorm Sandy struck the East Coast, causing widespread infrastructure damage and economic losses to the greater New York region. The frequency and intensity of these storms present economic and financial risks to the State. Reimbursement claims for costs of the immediate response, recovery, and future mitigation efforts continue, largely supported by Federal funds. In January 2013, the Federal government approved approximately \$60 billion in Federal disaster aid for general recovery, rebuilding, and mitigation activity nationwide. It is anticipated that the State, MTA, and State localities may receive approximately one-half of this amount for response, recovery, and mitigation costs. To date, a total of \$17 billion has been committed to repairing impacted homes and businesses, restoring community services, and mitigating future storm risks across the State. There can be no assurance that all anticipated Federal disaster aid described above will be provided to the State and its affected entities over the coming years.

¹⁹ For further context to the June 2017 disclosure recommendations, the Financial Stability Board was asked by an international coalition of G20 Finance Ministers and Central Bank Governors to address concerns that undisclosed climate risk could destabilize global financial markets.

Cybersecurity

New York State government, like many other large public and private entities, relies on a large and complex technology environment to conduct its operations. As a recipient and provider of personal, private, or sensitive information, the State and its public corporations and municipalities face multiple cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. Entities or individuals may attempt to gain unauthorized access to the State's digital systems for the purposes of misappropriating assets or information or causing operational disruption and damage. To mitigate the risk of business operations impact and/or damage from cyber incidents or cyber-attacks, the State invests in multiple forms of cybersecurity and operational controls. The State's Enterprise Information Security Office (EISO) within the State's Information Technology Services (ITS) maintains a cyber command center hotline and related procedures for cyber incident reporting and response, distributes real-time advisories and alerts, provides managed security services, and implements statewide information security training and exercises for State and local government. While controls are routinely reviewed and tested, no assurances can be given that such security and operational control measures will be completely successful to guard against cyber threats and attacks. The results of any such attack could impact business operations and/or damage State digital networks and systems and the costs of remedying any such damage could be substantial.

The State has also adopted regulations designed to protect the financial services industry from cyberattacks. Banks, insurance companies and other covered entities regulated by DFS are, unless eligible for limited exemptions, required to: (i) maintain a cyber security program, create written cybersecurity policies and perform risk assessments, (ii) designate a Chief Information Security Officer with responsibility to oversee the cybersecurity program, (iii) annually certify compliance with the cybersecurity regulations, and (iv) report to DFS cybersecurity events that have a reasonable likelihood of materially harming any material part of the entity's normal operation(s) or of which notice is required to any government body, self-regulatory agency, or supervisory body.

Financial Condition of New York State Localities

The State's localities rely in part on State aid to balance their budgets and meet their cash requirements. As such, unanticipated financial need among localities can adversely affect the State's Updated Financial Plan. Certain localities outside New York City, including cities and counties, have experienced financial problems and have requested and received additional State assistance during the last several State fiscal years. In 2013, the Financial Restructuring Board for Local Governments was created to provide assistance to distressed local governments. The Board performs comprehensive reviews and provides grants and loans as a condition of implementing recommended efficiency initiatives. For additional details on the Restructuring Board, please visit www.frb.ny.gov.

Bond Market

Successful implementation of the Financial Plan is dependent on the State's ability to market bonds. The State finances much of its capital spending in the first instance from the General Fund or the STIP, which it then reimburses with proceeds from the sale of bonds. If the State cannot sell bonds at the levels (or on the timetable) expected in the capital plan, the State's overall cash position and capital funding plan may be adversely affected. The success of projected public sales will be subject to prevailing market conditions, among other things. Future developments in the financial markets, including possible changes in Federal tax law relating to the taxation of interest on municipal bonds, as well as future developments concerning the State and public discussion of such developments generally, may affect the market for outstanding State-supported and State-related debt. The Tax Cuts and Jobs Act, signed by President Trump on December 22, 2017, adversely impacts the State and its public authorities by removing certain refunding opportunities for Federal tax exempt financing, including advance refundings for debt service savings when interest rates are favorable.

Debt Reform Act Limit

The Debt Reform Act of 2000 ("Debt Reform Act") restricts the issuance of State-supported debt to capital purposes only, and for a maximum term of 30 years. The Debt Reform Act limits the amount of new State-supported debt to 4 percent of State personal income, and new State-supported debt service costs to 5 percent of All Funds receipts. The restrictions apply to all new State-supported debt issued since April 1, 2000. DOB, as administrator of the Act, determined that the State was in compliance with the statutory caps in the most recent calculation period (FY 2017).

Current projections anticipate that debt outstanding and debt service will continue to remain below the limits imposed by the Debt Reform Act. Based on the most recent personal income and debt outstanding forecasts, the availability under the debt outstanding cap is expected to decline from \$3.9 billion in FY 2018 to about \$61 million in FY 2021. This includes the estimated impact of the bond-financed portion of increased capital commitment levels. In addition, the projected availability under the debt cap is dependent on expected growth for State personal income. Debt outstanding and debt service caps continue to include the existing SUNY Dormitory Facilities lease revenue bonds, which are backed by a general obligation pledge of SUNY. Bonds issued under the new SUNY Dormitory Facilities Revenue credit (which are not backed by a general obligation pledge of SUNY) are not included in the State's calculation of debt caps. Capital spending priorities and debt financing practices may be adjusted from time to time to preserve available debt capacity and stay within the statutory limits, as events warrant.

Other Matters Affecting the Financial Plan

DEBT OUTSTANDING SUBJECT TO CAP (millions of dollars)							
Year	Personal Income	Cap %	Cap \$	Debt Outstanding Since April 1, 2000	\$ Remaining Capacity	Debt as a % of PI	% Remaining Capacity

FY 2020	167,620	5.00%	8,381	5,392	2,989	3.22%	1.78%
FY 2021	169,771	5.00%	8,489	5,748	2,740	3.39%	1.61%
FY 2022	175,001	5.00%	8,750	6,036	2,714	3.45%	1.55%
FY 2023	174,578	5.00%	8,729	6,467	2,262	3.70%	1.30%

TOTAL STATE-SUPPORTED DEBT (millions of dollars)	
Debt Outstanding Prior to April 1, 2000	Total State-Supported Debt Outstanding
6,605	51,605
5,773	54,878
4,832	57,627
3,325	58,680
2,688	60,461
2,085	62,240

TOTAL STATE-SUPPORTED DEBT SERVICE (millions of dollars)	
Debt Service Prior to April 1, 2000	Total State-Supported Debt Service
1,129	5,606
752	5,610
1,549	6,941
1,410	7,158
1,033	7,070
803	7,270

Changes in the State's available debt capacity, as illustrated below, reflect the impact of several factors. These include a reduction to the personal income forecast due almost entirely to income revisions by the Bureau of Economic Analysis (BEA). In recent quarters, BEA has made sizeable revisions to prior-year income levels, which in turn changes the base on which DOB calculates income going forward. The substantial reduction to personal income makes it necessary to make capital spending reductions in order to stay within the debt cap in future years. The spending reductions are expected to be managed within anticipated underspending on capital projects throughout the plan period. Additional reductions to capital spending are assumed from the FY 2019 Statewide Efficiency Plan, which assumes a capital spending reduction on bond-financed capital spending starting in FY 2020. Debt capacity amounts continue to assume that SUNY Dormitory Facilities lease revenue bonds will be refunded into the new SUNY Dormitory Facilities Revenue Bond credit within one year of their call dates.

DEBT CAPACITY (millions of dollars)						
	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023

FY 2019 Executive Budget Financial Plan	3,884	1,693	252	61	79	221

Secured Hospital Program

Under the Secured Hospital Program, the State entered into service contracts to enable certain financially distressed not-for-profit hospitals to have tax-exempt debt issued on their behalf, to pay for upgrading their primary health care facilities. Revenues pledged to pay debt service on the bonds include hospital payments made under loan agreements between the Dormitory Authority of the State of New York (DASNY) and the hospitals and certain reserve funds held by the applicable trustees for the bonds. In the event of revenue shortfalls to pay debt service on the Secured Hospital bonds, the service contracts obligate the State to pay debt service, subject to annual appropriations by the Legislature, on bonds issued by DASNY through the Secured Hospital Program. As of December 31, 2017, there were approximately \$220 million of bonds outstanding for this program.

Three of the four remaining hospitals in the State's Secured Hospital Program are in poor financial condition. In relation to the Secured Hospital Program, the State's contingent contractual obligation was invoked to pay debt service for the first time in FY 2014. Since then the State has paid \$85 million for debt service costs. DASNY also estimates the State will pay debt service costs of approximately \$26 million in FY 2019, \$28 million annually in FY 2020 and FY 2021, \$22 million in FY 2022, and \$17 million in FY 2023. These amounts are based on the actual experience to date of the participants in the program, and would cover the debt service costs for one hospital whose debt service obligation was discharged in bankruptcy but is paying rent which offsets a portion of the debt service, a second hospital which closed in 2010, and a third hospital that is currently delinquent in its payments. The State has estimated additional exposure of up to \$9 million annually, if all hospitals in the Program failed to meet the terms of their agreements with DASNY and if available reserve funds were depleted.

SUNY Downstate Hospital and the Long Island College Hospital (LICH)

In May 2011, the New York State Supreme Court issued an order that approved the transfer of real property and other assets of LICH to a New York State not-for-profit corporation ("Holdings"), the sole member of which is SUNY. Subsequent to such transfer, Holdings leased the LICH hospital facility to SUNY University Hospital at Brooklyn. In 2012, DASNY issued tax exempt State PIT Revenue Bonds ("PIT Bonds"), to refund approximately \$120 million in outstanding debt originally incurred by LICH and assumed by Holdings.

Pursuant to a court-approved settlement in 2014, SUNY, together with Holdings, issued a request for proposals (RFP) seeking a qualified party to provide or arrange to provide health care services at LICH and to purchase the LICH property.

In accordance with the settlement, Holdings has entered into a purchase and sale agreement with the Fortis Property Group (FPG) Cobble Hill Acquisitions, LLC (the "Purchaser"), an affiliate of Fortis Property Group, LLC ("Fortis") (also party to the agreement), which proposes to purchase the LICH property, and with NYU Hospitals Center, which proposes to provide both interim and long-term health care services. The Fortis affiliate plans to develop a mixed-use project. The agreement was approved by the Offices of the Attorney General and the State Comptroller, and the sale of all or substantially all of the assets of Holdings was approved by the State Supreme Court in Kings County. The initial closing was held as of September 1, 2015, and on September 3, 2015 sale proceeds of approximately \$120 million were transferred to the trustee for the PIT Bonds, which were paid and legally defeased from such proceeds. Titles to 17 of the 20 properties were conveyed to the special purpose entities formed by the Purchaser to hold title.

The next closing, when title to the New Medical Site (NMS) portion of the LICH property is to be conveyed to NYU Hospitals Center (the NMS Closing), is anticipated to occur within 30 days after all buildings on the NMS are fully demolished and all environmental issues remediated by the Purchaser. In its efforts to complete the demolitions and environmental remediation, the Purchaser is addressing issues raised by adjoining property owners and community groups. These challenges have delayed, and may continue to delay, demolition and environmental remediation.

As the NMS Closing did not occur on or before June 30, 2016, NYU Hospitals Center has the right to terminate its obligations under the purchase and sale agreement upon 30 days prior notice to Purchaser and Holdings. There can be no assurance that NYU Hospitals Center will not exercise its right to terminate. If NYU Hospitals Center terminates its obligations under the purchase and sale agreement, it has the contractual right to close its interim emergency department services immediately, but that right would be subject to obtaining regulatory approval for the closure. Also, if NYU Hospitals Center terminates its obligations under the purchase and sale agreement, the Purchaser has the ability under the purchase and sale agreement to continue with the final closing if, among other things, the Purchaser can identify a replacement provider with a confirming letter of interest to provide certain of the health care services expected to be provided by NYU Hospitals Center.

Other Matters Affecting the Financial Plan

To date, Holdings has received no indication that NYU Hospitals Center intends to terminate its obligations under the purchase and sale agreement. As an alternative to termination, in light of the delays, each of Holdings and NYU Hospitals Center has the contractual right at any time to take over and complete the demolition and environmental remediation at the Purchaser's sole cost and expense. If Holdings elects to take over the demolition and environmental remediation, it may do so directly or through a designee (i.e., a contractor).

The final closing is anticipated to occur within 36 months after the NMS Closing. At the final closing, titles to the two remaining portions of the LICH properties will be conveyed to special purpose entities of Fortis, and Holdings will receive the balance of the purchase price, \$120 million less the remaining down payment. The final closing is conditioned upon completion of the New Medical Building by NYU Hospitals Center and relocation of the emergency department to the New Medical Building.

There can be no assurance that the resolution of legal, financial, and regulatory issues surrounding LICH, including the payment of outstanding liabilities, will not have a materially adverse impact on SUNY.

State Financial Plan Projections Fiscal Years 2018 Through 2022

Introduction

This section presents the State's multi-year Financial Plan projections for receipts and disbursements, reflecting the impact of forecast revisions in FY 2018 through FY 2022, with an emphasis on the FY 2019 projections.

The State's cash-basis budgeting system, complex fund structure, and practice of earmarking certain tax receipts for specific purposes complicate the discussion of the State's receipts and disbursements projections. Therefore, to minimize the distortions caused by these factors and, equally important, to highlight relevant aspects of the projections, DOB has adopted the following approaches in summarizing the projections:

- **Receipts.** The detailed discussion of tax receipts covers projections for both the General Fund and State Funds (including capital projects). The State Funds perspective reflects estimated tax receipts before distribution to various funds and accounts, including tax receipts dedicated to capital projects funds (which fall outside of the General Fund and State Operating Funds accounting perspectives). DOB believes this presentation provides a clearer picture of projected receipts, trends, and forecast assumptions, by factoring out the distorting effects of earmarking tax receipts for specific purposes.
- **Disbursements.** Roughly 30 percent of projected State-financed spending for operating purposes (excluding transfers) is accounted for outside of the General Fund, concentrated primarily in the areas of health care, School Aid, higher education, and transportation. To provide a clear picture of spending commitments, the multi-year projections and growth rates are presented, where appropriate, on both a General Fund and State Operating Funds basis.

In evaluating the State's multi-year operating forecast, it should be noted that the reliability of the estimates and projections as a predictor of the State's future financial position is likely to diminish the further removed such estimates and projections are from the date of the Financial Plan. Accordingly, in terms of outyear projections, the first "outyear" of the FY 2019 budget, FY 2020, is the most relevant from a planning perspective.

State Financial Plan Projections Fiscal Years 2018 Through 2022

Summary

The Financial Plan projects 2 percent annual growth in State Operating Funds, consistent with the expectation of adherence with a 2 percent spending growth benchmark.

The projections for FY 2020 and thereafter set forth in the Financial Plan reflect the savings that DOB estimates would be realized if the Governor continues to propose, and the Legislature continues to enact, balanced budgets in future years that limit annual growth in State Operating Funds spending to no greater than 2 percent. The calculations are developed using the State Operating Funds accounting perspective, as it is currently reflected in the Financial Plan. From time to time, the State has approved legislation that has affected the spending reflected in State Operating Funds.

Estimated savings are labeled on a distinct line in the Financial Plan tables as “Adherence to 2% Spending Benchmark.” The total disbursements in the Financial Plan tables do not assume these savings. Such savings are expected to be developed and proposed in future budgets. If the State exceeds the 2 percent State Operating Funds spending benchmark in FY 2020, FY 2021, and/or FY 2022, the projected operating position could decline.

The following tables present the Financial Plan multi-year projections for the General Fund and State Operating Funds, as well as reconciliation between the State Operating Funds projections and the General Fund budget gaps. The tables are followed by a summary of the multi-year receipts and disbursements forecasts.

General Fund Projections

Economic Backdrop

The National Economy

As anticipated in the Executive Budget forecast, the U.S. economy posted another quarter of above trend growth of 2.6 percent in the fourth quarter of 2017. The economy has continued to rebound from a protracted national and global slowdown, as well as the summer's severe storms. Consumer spending continues to be fueled by a strong labor market, with wages finally starting to show improvement as well, due in part to rising minimum wages both here in New York and in many other states around the country. In addition, improving global growth and energy prices that continue to hover near \$60 per barrel will likely be sufficient to keep real U.S. Gross Domestic Product (GDP) growth for 2018 and 2019 above the average 2.2 percent growth that has persisted over the entire life of the expansion to date. The Tax Cuts and Jobs Act (TCJA) is also expected to contribute to growth over the remainder of this year and next. DOB estimates real U.S. GDP growth of 2.6 percent for 2018 on an annual average basis, representing an upward revision of 0.1 percent from the Executive Budget estimate.

With the early February release of the January employment report, the Bureau of Labor Statistics (BLS) published its annual benchmark revision, which resulted in an upward revision to the average monthly private sector job gain for 2017 to 180,000, just above the 2016 average of 178,000. Moreover, the national labor market posted another strong employment report in January, adding 196,000 private sector jobs. As a result, DOB's current outlook for the labor market is marginally stronger than the Executive Budget estimate, with average monthly gains of 160,000 now projected for 2018. However, DOB continues to expect employment growth to slow as the expansion matures. Total nonagricultural employment growth of 1.4 percent is projected for 2018, decelerating from the 1.6 percent growth experienced in 2017. Although the conventional unemployment rate has fallen to 4.1 percent, its lowest level in 17 years, broader measures of underemployment, including the percentage of the workforce working part-time, remain elevated, an

State Financial Plan Projections Fiscal Years 2018 Through 2022

indication that some labor market slack remains and that there is room for the unemployment rate to go down further.

Consistent with a tightening labor market, the outlook for wage and personal income is virtually unchanged from January. DOB continues to project wage growth of 3.7 percent for 2018, following growth of 3.1 percent for 2017. Overall personal income growth of 3.9 percent is estimated for 2018, following growth of 3.1 percent for 2017. In addition to stronger growth in pre-tax income, after-tax disposable income is expected to be lifted by income tax cuts. Based on the analysis by the nonpartisan Joint Committee on Taxation (JCT), the direct benefit of TCJA to U.S. households is estimated to total \$187 billion in 2018 and \$259 billion in 2019. However, there are several reasons why the benefits from the TCJA are expected to only marginally boost consumer spending. The personal income tax cuts were made temporary to conform with congressional “Pay-As-You-Go” budget rules and are largely directed toward wealthy households who have the largest marginal propensity to save. Moreover, the millions of employees approaching retirement are expected to add to their savings in preparation. As a result, consumer spending is only expected to increase by \$50 billion in 2018. After adjusting for increased imports, this additional spending is estimated to increase real GDP growth by about one tenth of a percentage point in both 2018 and 2019.

U.S. ECONOMIC INDICATORS (Percent change from prior calendar year)			
	2017 (Actual)	2018 (Forecast)	2019 (Forecast)
Real U.S. Gross Domestic Product	2.3	2.6	2.5
Consumer Price Index (CPI)	2.1	2.3	2.2
Personal Income	3.1	3.9	4.2
Nonagricultural Employment	1.6	1.4	1.3
Source: Moody's Analytics; DOB staff estimates.			

The TCJA's business tax cuts are expected to lift after-tax earnings but only modestly lift investment spending. Research indicates that business investment is largely demand driven. Hence, without substantial evidence that U.S. households will significantly increase their spending plans, businesses are unlikely to risk additional capital. In addition, evidence from the 2004 repatriation holiday indicates that firms are more likely to allocate the preponderance of their tax cut proceeds toward dividend payouts and stock buybacks rather than toward investment. Moreover, the positive impact of the tax reductions is likely to be mitigated by rising long-term interest rates. On balance, real growth in business fixed investment has been revised up by 0.1 percentage point to 5.5 percent for 2018, following growth of 4.7 percent for 2017 and a decline of 0.6 percent for 2016.

DOB's forecast for nonresidential business fixed investment represents a substantial improvement relative to its recent performance, aided by increasing global demand for U.S. exports and expanded energy sector production. With the global economy entering a long-awaited period of

synchronized growth, and the dollar remaining well below its most recent peak, export demand has been steadily increasing, significantly outperforming the Executive Budget forecast for the fourth quarter of 2017. As a result, real export growth for 2018 has been revised up to 5.2 percent for 2018, following growth of 3.4 percent for 2017 and a decline of 0.3 percent for 2016.

As reflected in the Executive Budget forecast, disruptions from Hurricane Harvey and Irma drove gasoline prices higher and boosted headline inflation in the second half of 2017. However, the impact of the storms on inflation was expected to be transitory, with consumer price inflation expected to accelerate only modestly to 2.3 percent in 2018, one-tenth of a percentage point above the Executive Budget forecast. Medical price inflation is expected to advance to 2.7 percent in 2018, following growth of 2.5 percent in 2017, still tame by historical standards. DOB continues to expect that with inflation finally reaching the Federal Reserve's goal of 2 percent, the effective federal funds rate will rise from its 1.0 percent annual average in 2017 to 1.8 percent in 2018 and 2.3 percent in 2019. These projections are consistent with three short-term rate hikes by the FOMC in 2018, and two more rate hikes in 2019.

Long-term interest rates have increased significantly since the Executive Budget forecast. The ten-year Treasury yield has been flirting with 2.9 percent, a level that has not been breached since early 2014. Higher long-term interest rates help to steepen the yield curve and improve banking sector profits, but it represents a risk to the continued recovery of the housing market. Moreover, the TCJA eliminates the interest deduction on home equity debt and mortgage debt in excess of \$750,000, and limits the combined deduction for state and local income and property taxes to \$10,000, all of which could negatively affect the housing market. DOB now estimates real growth in residential fixed investment of 3.8 percent for 2018, representing a downward revision from the Executive Budget forecast.

Although the amended Executive Budget forecast represents a modest upward revision from a month ago, there are many risks to the forecast. Since the middle of January, equity market volatility has re-emerged after remaining at bay for virtually all of last year. The S&P 500 stock index lost 10.2 percent of its value during the brief period between January 26 and February 8, although it has regained about 100 points as of this writing. Although a healthy correction, it may represent a harbinger of the turbulence to come as the global economy makes the transition away from low interest rates and bloated central bank balance sheets. Moreover, anxiety surrounding the long-term impact of the TCJA on federal budget deficits and the national debt also appears to have permeated the investor mindset. Lower and more volatile equity prices can result in lower household spending both through the wealth effect and as a signal that rough waters are ahead.

On the positive side, stronger consumer spending and business investment than projected will result in stronger growth in employment, wages, and the overall economy. Stronger global growth than expected could have a similar impact, although that effect could be mitigated by trade wars, should they emerge in a substantial way. Additionally, a stronger housing market than projected could also result in stronger employment and income growth than currently projected, although substantially higher interest rates than expected could have the opposite effect.

State Financial Plan Projections Fiscal Years 2018 Through 2022

The New York State Economy

New York State's private sector labor market appears to be stabilizing after a period of deceleration that started at the end of 2015 and continued through the first half of 2017. This period of slower job growth coincided with slowdowns in both national and global growth that appear to have turned around during last year's second quarter. State private sector job growth of 1.3 percent is projected for 2018, following estimated growth of 1.4 percent in 2017. Both estimates are virtually unchanged from the Executive Budget forecast.

Although the TCJA is expected to positively affect finance sector after-tax profits, recent equity market volatility could result in a lower volume of financial market activity if the volatility causes some investors to withdraw from trading altogether, which in turn could result in lower revenue growth for this year. On balance, DOB's estimate of finance and insurance sector bonus growth for FY 2019 remains virtually unchanged from the Executive Budget forecast of 4.4 percent, following 4.3 percent growth for FY 2018, which contains the bonus season now in progress. FY 2019 growth in underlying non-bonus wages is projected at 4.1 percent, following an estimated 3.6 percent for FY 2018. Total State wage growth of 4.2 percent is projected for FY 2019, up from a downwardly revised to 3.5 percent for FY 2018.

NEW YORK STATE ECONOMIC INDICATORS (Percent change from prior State fiscal year)			
	FY 2017 (Actual)	FY 2018 (Estimated)	FY 2019 (Forecast)
Personal Income	2.7	3.4	4.4
Wages	3.8	3.5	4.2
Nonagricultural Employment	1.4	1.2	1.1
Source: Moody's Analytics; New York State Department of Labor; DOB staff estimates.			

Although the State's private-sector labor market appears to be stabilizing, there are many risks to the forecast. All the risks to the U.S. forecast apply to the State forecast as well, although as the nation's financial capital, both the volume of financial market activity and the volatility in equity markets pose a particularly large degree of uncertainty for New York. The uncertainty surrounding the macroeconomic outlook for the national and global economies is amplified in the financial markets, as demonstrated by recent events. Weaker and/or more volatile markets than anticipated could result in weaker bonus growth and, hence, weaker wage growth overall, in addition to lower taxable capital gains realizations. In contrast, stronger equity markets, along with stronger national and global growth, could result in stronger employment and wage growth than is reflected in this forecast.

State Financial Plan Projections Fiscal Years 2018 Through 2022

Receipts

Updated Financial Plan receipts results and projections include a variety of taxes, fees and assessments, charges for State-provided services, Federal grants, and other miscellaneous receipts, as well as collection of a payroll tax on businesses in the MTA region. The multi-year tax and miscellaneous receipts estimates are prepared by DOB with the assistance of the Department of Taxation and Finance (DTF) and other agencies which collect State receipts, and are predicated on economic analysis and forecasts.

Overall base growth (i.e. absent law changes) in tax receipts is dependent on many factors. In general, base tax receipts growth rates are determined by economic changes including, but not limited to, changes in interest rates, prices, wages, employment, non-wage income, capital gains realizations, taxable consumption, corporate profits, household net worth, real estate prices and gasoline prices. Federal law changes can influence taxpayer behavior, which often alters base tax receipts. State taxes account for approximately half of total All Funds receipts.

The projections of Federal receipts generally correspond to the anticipated spending levels of a variety of programs including Medicaid, public assistance, mental hygiene, education, public health, and other activities, including extraordinary aid.

Where noted, certain tables in the following section display General Fund tax receipts that exclude amounts transferred to the General Fund in excess of amounts needed for certain debt service obligations (e.g., PIT receipts in excess of the amount transferred for debt service on revenue bonds).

Overview of the Receipts Forecast

All Funds receipts in FY 2018 are projected to total \$164.6 billion, 5.2 percent above FY 2017 results.

State Financial Plan Projections Fiscal Years 2018 Through 2022

State tax receipts are projected to increase 6.2 percent in FY 2018, with increases across all tax categories. Refer to the Personal Income Tax section herein for additional explanation of the atypical growth rate pattern for FY 2018 and FY 2019.

Consistent with the projected growth in the State economy over the multi-year Updated Financial Plan period beyond FY 2018, all tax categories are projected to exhibit underlying annual outyear growth.

After controlling for the impact of tax law changes, base tax revenue increased 0.2 percent in FY 2017, and is projected to increase by 6.1 percent in FY 2018 and decrease by 2.6 percent in FY 2019.

¹Excludes Transfers.

All Funds PIT receipts for FY 2018 are estimated to total \$50.9 billion, an increase of \$3.4 billion (7.1 percent) from FY 2017 results. This increase is driven by growth in withholding and estimated payments for tax year 2017. Growth in these categories is partially offset by declines in final returns and extension payments attributable to the 2016 tax year, in addition to an increase in total refunds.

The following table summarizes, by component, actual receipts for FY 2017 and forecast amounts through FY 2022.

¹These components, collectively, are known as the "settlement" on the prior year's tax liability.

Withholding in FY 2018 is estimated to be \$1.9 billion (5.2 percent) higher than FY 2017 results, driven by moderate wage growth partially associated with improved bonus growth. Extension payments related to tax year 2016 are expected to decline by \$604 million (14.9 percent), primarily due to declines in capital gains resulting, in part, from taxpayer uncertainty regarding potential tax year 2017 Federal tax rate cuts. Estimated payments for tax year 2017 are projected to increase by \$3.4 billion (30.8 percent), driven by a combination of 9.9 percent growth in nonwage income and taxpayer behavior, stemming from the Federal Tax Cuts and Jobs Act of 2017 and expiration of the Federal 10-year window to repatriate foreign hedge fund earnings. FY 2018 final return payments and delinquencies are projected to decline by \$147 million (5.7 percent) and \$7 million (0.5 percent), respectively.

The projected growth in total refunds of \$1.2 billion (13.1 percent) includes increases of \$1.1 billion (21.9 percent) in prior tax year (2016) refunds, \$26 million (5.5 percent) in previous tax year (2015 and earlier) refunds, and \$11 million (1.6 percent) in advanced credit payments related to tax year 2017, partially offset by a \$3 million (0.4 percent) decline in the state-city offset.

State Financial Plan Projections

Fiscal Years 2018 Through 2022

General Fund PIT receipts are net of deposits to the STAR Fund, which provides property tax relief, and the Revenue Bond Tax Fund (RBTF), which supports debt service payments on State PIT revenue bonds. General Fund PIT receipts for FY 2018 of \$35.6 billion are projected to increase by \$3.1 billion (9.5 percent) from FY 2017 results, mainly reflecting the increase in All Funds receipts noted above. RBTF deposits are projected to be \$12.7 billion and the STAR transfer is projected to be \$2.6 billion.

All Funds PIT receipts for FY 2019 of \$49.2 billion are projected to decrease by \$1.7 billion (3.3 percent) from FY 2018 estimates. Gross PIT receipts are projected to decrease 1.2 percent, reflecting withholding that is projected to grow by \$1.9 billion (4.7 percent), offset by estimated payments related to tax year 2018 that are projected to decline by \$1.5 billion (10.8 percent), extension payments related to tax year 2017 that are projected to decrease by \$1.3 billion (36.6 percent). The decline in extension payments reflects taxpayer behavior related the Federal Tax Cuts and Jobs Act of 2017, which caused taxpayers to accelerate New York State tax liability payments into December 2017 to take advantage of the final year of uncapped state and local tax deductions. Final returns are expected to increase by \$158 million (6.5 percent) and delinquencies are projected to increase \$74 million (5.2 percent) from the prior year. Total refunds are projected to increase by \$965 million (9.5 percent) from the prior year, primarily due to the property tax relief credit enacted in 2015 and the recent conversions of New York City STAR benefits into State tax credits.

General Fund PIT receipts for FY 2019 of \$22.2 billion are projected to decrease by \$13.4 billion (37.6 percent) reflecting proposed legislation that doubles RBTF deposits from the current 25 percent of net PIT receipts to 50 percent of net PIT receipts. As a result, RBTF deposits in FY 2019 are projected to nearly double to \$24.6 billion. The FY 2019 STAR transfer is projected to be \$2.4 billion.

All Funds PIT receipts for FY 2020 of \$53.2 billion are projected to increase by \$4 billion (8 percent) from FY 2019 estimates. Gross PIT receipts are projected to increase 8.1 percent, reflecting withholding that is projected to grow by \$1.2 billion (3 percent) and total estimated payments that are projected to grow by \$3.4 billion (23.1 percent), partially offset by a projected increase in total refunds of \$942 million (8.5 percent).

The relatively low withholding growth rate reflects the expiration of the FY 2018 Enacted Budget two-year high-income surcharge extension, scheduled to sunset after tax year 2019. The strong growth in total estimated payments is primarily driven by a projected increase of \$2.4 billion (111.1 percent) in extensions for tax year 2018, driven by an unwinding of the aforementioned New York State tax liability payment acceleration as taxpayers revert to estimated payment timing that falls in line with historical norms. Estimated payments related to tax year 2019 are projected to grow by \$1 billion (8 percent) and final returns are expected to increase by \$149 million (5.7 percent). Delinquencies are projected to increase \$64 million (4.3 percent) from the prior year.

General Fund PIT receipts for FY 2020 of \$24.3 billion are projected to increase by \$2.1 billion (9.3 percent). RBTF deposits are projected to be \$26.6 billion, and the STAR transfer is projected to be \$2.3 billion.

All Funds PIT receipts in FY 2021 are projected to increase by \$1.6 billion to \$54.8 billion, while General Fund PIT receipts are projected to total \$25.1 billion. This projected modest growth is driven by the scheduled expiration of the high-income surcharge rate extension beginning in tax year 2020, combined with continued phase-in of the FY 2017 Enacted Budget middle income tax cuts.

Projections for FY 2020 and FY 2021 account for the impacts of completely decoupling from the Federal Tax Cuts and Jobs Act (TCJA).

Consumption/Use Taxes

¹Excludes Transfers.

All Funds consumption/use tax receipts for FY 2018 are projected to total nearly \$16.8 billion, a \$542 million (3.3 percent) increase from FY 2017 results. Sales tax receipts are projected to increase \$641 million (4.6 percent) from the prior year, reflecting base growth (i.e., absent law changes) of 4.6 percent. This base growth stems from projected disposable income and consumption growth. Cigarette and tobacco tax collections are projected to decrease by \$59 million (4.8 percent), reflecting a trend decline in taxable cigarette consumption. Highway use tax (HUT) collections are projected to decrease by \$42 million (30.4 percent) due to a \$44 million increase in refund payments resulting from the Independent Owner Operator Drivers Association v. New York Department of Taxation and Finance court decision. Motor fuel tax collections are projected to decrease by \$4 million (0.8 percent), reflecting higher refunds, which are partially offset by slight growth in both taxable motor fuel and diesel fuel consumption. Taxicab surcharge receipts are estimated to decline by \$5 million (7.8 percent) resulting from consumers choosing alternative transportation services not subject to the surcharge. Auto rental tax receipts are projected to increase by \$6 million (4.7 percent).

General Fund sales tax receipts are net of deposits to the Local Government Assistance Tax Fund (25 percent), and the Sales Tax Revenue Bond Fund (25 percent), which support debt service payments on bonds issued under LGAC and State Sales Tax Revenue Bond programs. Receipts in

State Financial Plan Projections

Fiscal Years 2018 Through 2022

excess of the debt service requirements of the funds and the local assistance payments to New York City, or its assignee, are transferred back to the General Fund.

General Fund consumption/use tax receipts for FY 2018 are projected to total nearly \$7.4 billion, a \$285 million (4 percent) increase from FY 2017 results. This increase largely reflects the All Funds sales and use tax and cigarette and tobacco tax trends, noted above.

All Funds consumption/use tax receipts for FY 2019 are projected to total nearly \$17.7 billion, a \$910 million (5.4 percent) increase from FY 2018 estimates. The projected \$756 million (5.2 percent) increase in sales tax receipts reflects sales tax base growth of 3.3 percent related to the projected slower growth in both the consumption of taxable goods and disposable income. Sales tax cash growth is boosted by Executive Budget proposals to provide for taxation of Internet-based purchases and repeal of an outdated exemption. HUT receipts are projected to increase \$46 million (47.9 percent) as long-term trend levels are resumed following the previous year's refund increases noted above. A continued trend decline in taxable cigarette consumption is also projected, but is partially offset by proposals to improve cigar tax enforcement and impose a health tax on vapor products. The proposed opioid epidemic surcharge would generate \$127 million in FY 2019.

General Fund consumption/use tax receipts are projected to be nearly \$7.8 billion in FY 2019, a \$366 million (5 percent) increase from FY 2018. The projected increase largely reflects the All Funds sales and use tax and cigarette and tobacco tax trends, noted above.

All Funds consumption/use tax receipts for FY 2020 are projected to be nearly \$18.4 billion, a \$716 million (4.1 percent) increase from FY 2019. The projected increase reflects sales tax base growth of 3.9 percent, the tobacco tax proposals noted above, and the first fully effective year of the opioid epidemic surcharge and is slightly offset by a trend decline in taxable cigarette consumption. FY 2020 General Fund consumption/use tax receipts are projected to increase to nearly \$8.1 billion, a \$335 million (4.3 percent) increase from FY 2019 projections.

All Funds consumption/use tax receipts are projected to increase to \$18.9 billion (3 percent growth) in FY 2021, largely representing base growth in sales tax receipts which are slightly offset by a continued trend decline in taxable cigarette consumption. General Fund consumption/use tax receipts are projected to increase to nearly \$8.4 billion (3.4 percent growth) in FY 2021, reflecting the All Funds sales and use tax and cigarette and tobacco tax trends, noted above.

Bank Tax	337	445	32.0%	122	-72.6%	60	-50.8%	0	-100.0%	0	0.0%
Petroleum Business Tax	0	0	0.0%	0	0.0%	0	0.0%	0	0.0%	0	0.0%

All Funds business tax receipts for FY 2018 are projected to total over \$7.3 billion, an increase of \$367 million (5.3 percent) from FY 2017 results. The estimate reflects increases for all business taxes apart from a \$27 million decline in the petroleum business tax (PBT).

Corporation franchise tax receipts are projected to increase \$120 million (3.8 percent) in FY 2018, reflecting higher audits and minimal growth in gross receipts. FY 2017 results were negatively impacted by a cut in the business income tax rate from 7.1 to 6.5 percent as well as a shortfall in cash remittances on tax year 2015 final returns. This lack of March 2017 cash remittances indicated taxpayers significantly overpaid on 2015 liability during previous quarterly estimated payment events. Taxpayers made much lower estimated payments in December 2017 than expected, possibly indicating their estimated 2017 liability has declined from earlier in the year. It is also possible taxpayers overpaid on 2016 liability reducing the need to remit cash during 2017. This will not be known until taxpayers file their 2016 final returns. Audit receipts are projected to increase in FY 2018 (by \$115 million) as a greater number of large cases are expected to be closed.

Corporation and utilities tax receipts are projected to increase \$17 million (2.4 percent) in FY 2018. Higher audits received from telecommunication companies are partially offset by weakness in 2017 liability payments from both telecommunication and utility taxpayers.

Insurance tax receipts for FY 2018 are projected to increase \$141 million (8.9 percent) from FY 2017. Projected growth in tax year 2017 liability as well as lower expected credit claims for assessments paid to the Life Insurance Company Guaranty Corporation (LICGC) account for the year-over-year increase. The LICGC exists to protect policyholders from the insolvency of their life insurers. This is the second year of refund claims for the credit for assessments paid earlier.

Receipts from the repealed bank tax (all from prior liability periods) are projected to increase by \$116 million in FY 2018, stemming from higher audit receipts (additional \$60 million) and smaller prior period adjustments.

State Financial Plan Projections

Fiscal Years 2018 Through 2022

PBT receipts are projected to decline \$27 million (2.4 percent) in FY 2018, primarily due to the 5 percent decrease in the PBT rate index effective January 1, 2017, partially offset by the projected 5 percent increase in the PBT rate index effective January 1, 2018.

General Fund business tax receipts for FY 2018 of \$5.1 billion are projected to increase \$347 million (7.3 percent) from FY 2017 results, reflecting the All Funds trends discussed above.

All Funds business tax receipts for FY 2019 of nearly \$8.3 billion are projected to increase by \$912 million (12.4 percent) from FY 2018 estimates. The corporation franchise tax receipts increase of \$1.1 billion (33.9 percent) reflects projected growth in corporate profits, higher audits, and progress toward completion of corporate reform regulations by the Department of Taxation and Finance. FY 2019 also includes \$60 million resulting from taxable interest associated with the Federal (TCJA) repatriated earnings provision and \$20 million from other TCJA flow-through impacts. The corporation and utilities tax receipts decline of \$27 million (3.7 percent) is primarily attributable to higher FY 2018 audits related to telecommunication companies that are not expected to recur.

Insurance tax receipts for FY 2019 of \$1.9 billion are projected to increase \$147 million (8.5 percent) from current year estimates. Projected growth in insurance tax premiums combined with lower expected LICGC credit claims contribute to this year-over-year growth. Receipts from the repealed bank tax are projected to decrease by \$362 million (71.7 percent) in FY 2019, due to lower projected audit receipts. PBT receipts are projected to increase \$39 million (3.6 percent) in FY 2019, primarily due to a 5 percent increase in the PBT rate index effective January 1, 2018, paired with a projected 5 percent increase in the PBT rate index effective January 1, 2019.

General Fund business tax receipts for FY 2019 of \$5.9 billion are projected to increase \$761 million (14.9 percent) from current year estimates, reflecting the All Funds trends discussed above.

All Funds business tax receipts for FY 2020 of \$8.9 billion are projected to increase by \$655 million (7.9 percent), and General Fund business tax receipts are projected to increase to over \$6.4 billion (9.8 percent growth) from FY 2019 projections. The increase is primarily reflective of growth in corporation franchise tax receipts driven by higher gross receipts and lower refunds. Increases in projected corporation and utilities tax, insurance tax, and PBT receipts are partially offset by a decline in projected bank tax receipts. The projection includes \$61 million in TCJA flow-through impacts.

All Funds business tax receipts for FY 2021 reflect projected trends in corporate profits, taxable insurance premiums, electric utility consumption and prices, the consumption of taxable telecommunications services, and automobile fuel consumption and fuel prices. In FY 2021, All Funds business tax receipts are projected to increase to \$9.1 billion (2.3 percent growth), and General Fund business tax receipts are projected to increase to \$6.6 billion (2.6 percent growth). The projection includes \$52 million in TCJA flow-through impacts.

¹ Excludes Transfers.											

¹Excludes Transfers.

All Funds other tax receipts for FY 2018 are estimated to total nearly \$2.5 billion, an increase of \$243 million (10.9 percent) from FY 2017 results. This is primarily due to an estimated \$223 million (20.4 percent) increase in estate tax receipts which is a result of two unusually large payments of greater than \$100 million that are partially offset by the continued phase-in of the increased filing threshold. Real estate transfer tax receipts are expected to grow at a tepid 1.9 percent due to weak growth in the Manhattan luxury market and declines in transaction volume and sales prices in the New York City commercial real estate market.

General Fund other tax receipts are estimated to be above \$1.3 billion in FY 2018, an increase of \$222 million (20 percent) from FY 2017 results, reflecting the estate tax receipts increase noted above.

All Funds other tax receipts for FY 2019 are projected to be under \$2.3 billion, a \$216 million (8.7 percent) decrease from FY 2018 estimates. The \$281 million (21.4 percent) projected decline in estate tax receipts reflects a return to a historical number and average payment value of super-large (i.e., over \$25 million) payments, as well as the continuation of the phase-in of the increased filing threshold. Real estate transfer tax receipts are projected to increase by \$65 million (5.7 percent), reflecting projected growth in housing starts and housing prices.

General Fund other tax receipts for FY 2019 are projected to be below \$1.1 billion, declining \$281 million (21.1 percent) from FY 2018 estimates owing to the projected decline in estate tax receipts noted above.

All Funds other tax receipts for FY 2020 are projected to be just under \$2.4 billion, a \$116 million (5.1 percent) increase from FY 2019 projections. Estate tax receipts are projected to increase by \$59 million (5.7 percent) in FY 2020, reflecting projected growth in household net worth. The

State Financial Plan Projections

Fiscal Years 2018 Through 2022

\$57 million (4.7 percent) projected increase in real estate transfer tax receipts in FY 2020 reflects projected growth in housing starts and prices.

General Fund other tax receipts for FY 2020 are projected to total just over \$1.1 billion, an increase of \$59 million (5.6 percent), resulting from the projected increase in estate tax receipts noted above.

All Funds other tax receipts for FY 2021 reflect projected trend growth in household net worth, housing starts, and housing prices. All Funds other tax receipts are projected to be nearly \$2.5 billion (4.1 percent growth) in FY 2021.

General Fund other tax receipts are projected to be slightly below \$1.2 billion (5.7 percent growth) in FY 2021.

Miscellaneous Receipts

All Funds miscellaneous receipts include moneys received from HCRA financing sources, SUNY tuition and patient income, lottery receipts for education, assessments on regulated industries, Tribal-State compact revenue, Extraordinary Monetary Settlements and a variety of fees. As such, miscellaneous receipts are driven in part by year-to-year variations in health care surcharges and other HCRA resources, bond proceeds, tuition income revenue and other miscellaneous receipts.

General Fund	3,813	2,946	-22.7%	2,019	-31.5%	2,028	0.4%	2,001	-1.3%	1,882	-5.9%
Special Revenue Funds	17,686	17,121	-3.2%	17,712	3.5%	17,162	-3.1%	17,020	-0.8%	17,123	0.6%
Capital Projects Funds	4,637	7,292	57.3%	7,703	5.6%	6,497	-15.7%	5,735	-11.7%	6,167	7.5%
Debt Service Funds	458	470	2.6%	465	-1.1%	469	0.9%	469	0.0%	468	-0.2%

All Funds miscellaneous receipts are projected to total \$27.8 billion in FY 2018, an increase of 4.6 percent from FY 2017 results. This increase is primarily due to higher bond financed capital spending on a year-over-year basis. Bond-financed capital expenses are paid from the General Fund (or Short-Term Investment Pool) in the first instance and subsequently reimbursed with authority bond proceeds, at which time they are captured as miscellaneous receipts.

All Funds miscellaneous receipts are projected to remain constant from FY 2018 to FY 2019, and are projected to decline annually thereafter, reflecting the impact of Extraordinary Monetary Settlements received in FY 2018, and a decrease in bond proceeds reimbursements in later years, which subsequently corresponds to the spending out of bond-financed capital projects.

Federal Grants

FEDERAL GRANTS (millions of dollars)											
	FY 2017 Results	FY 2018 Current	Change	FY 2019 Proposed	Change	FY 2020 Projected	Change	FY 2021 Projected	Change	FY 2022 Projected	Change

Debt Service Funds	73	73	0.0%	73	0.0%	73	0.0%	73	0.0%	71	-2.7%

Aid from the Federal government helps to pay for a variety of programs including Medicaid, public assistance, mental hygiene, school aid, public health, transportation, and other activities. Annual changes to Federal grants generally correspond to changes in federally-reimbursed spending. Accordingly, DOB typically projects Federal reimbursements will be received in the State fiscal year in which spending occurs, but due to the variable timing of Federal grant receipts, actual results often differ from the projections.

All Funds Federal grants projections primarily reflect the continuation of growth in Federal Medicaid spending related to Federal health care transformation initiatives, partly offset by the projected phase-down of Federal disaster assistance aid. All Federal receipts are subject to Congressional authorization, appropriations and budget action.

With the Trump administration and the current Congress, many of the policies that drive Federal aid may be subject to change. At this time it is not possible to assess the potential fiscal impact of policies that may be proposed and adopted by the Trump administration and current Congress. If Federal funding to the State were reduced, this could have a materially adverse impact on the Updated Financial Plan. The FY 2018 Enacted Budget includes authorization to develop a mitigation plan to offset the impact of significant Federal funding reductions.

Disbursements

Total disbursements in FY 2019 are estimated at \$75.2 billion in the State's General Fund (including transfers) and \$100.0 billion in total State Operating Funds. School Aid, Medicaid, pensions, debt service, and health benefits are significant drivers of annual spending growth, as further described in this section.

The multi-year disbursements projections take into account various factors including statutorily-indexed rates, agency staffing levels, program caseloads, inflation, and funding formulas contained in State and Federal law. Factors that affect spending estimates vary by program. For example, public assistance spending is based primarily on anticipated caseloads that are estimated by analyzing historical trends and projected economic conditions. Projections also account for the timing of payments, since not all of the amounts appropriated pursuant to an enacted budget are disbursed in the same fiscal year. Consistent with past years, the aggregate spending projections (i.e., the sum of all projected spending by individual agencies) in State Special Revenue Funds have been adjusted downward in all fiscal years, based on typical spending patterns and the observed variance between estimated and actual results over time. A corresponding downward adjustment is also made to miscellaneous receipts.

Local Assistance Grants

Local Assistance spending includes payments to local governments, school districts, health care providers, and other entities, as well as financial assistance to, or on behalf of, individuals, families and not-for-profit organizations. Local assistance spending in State Operating Funds is estimated at \$66 billion in FY 2019, approximately two-thirds of total State Operating Funds spending. Education and health care spending account for nearly three-quarters of State Operating Funds local assistance spending.

Certain major factors considered in preparing the spending projections for the State's major local assistance programs and activities are summarized below.

FORECAST FOR SELECTED PROGRAM MEASURES AFFECTING OPERATING ACTIVITIES (millions of dollars)

¹ Reflects the total State cost of taking over the local share of Medicaid growth, which was initially capped at approximately 3 percent annually, then phased-out completely as of calendar year 2015. A portion of the State takeover costs are funded from Master Settlement Agreement resources.

State Financial Plan Projections Fiscal Years 2018 Through 2022

Education

School Aid

School Aid helps support elementary and secondary education for New York pupils enrolled in the 674 major school districts throughout the State. State funding is provided to districts based on statutory aid formulas and through reimbursement of categorical expenses, such as prekindergarten programs, education of homeless children, and bilingual education. State funding for schools assists districts in meeting locally defined needs, supports the construction of school facilities, and finances school transportation for nearly three million students statewide.

School Year (July 1 — June 30)

School Aid is expected to total \$26.4 billion in SY 2019, an annual increase of \$769 million (3.0 percent), including a \$338 million Foundation Aid increase and a \$64 million Fiscal Stabilization Fund. A Community Schools set-aside of \$200 million within Foundation Aid, a \$50 million increase from the prior year, provides funds intended to facilitate the transformation of schools into community hubs. In addition, another \$317 million supports increased reimbursement in expense-based and categorical aid programs such as transportation, Boards of Cooperative Educational Services (BOCES), school construction, and other miscellaneous aid categories.

The Financial Plan provides \$50 million for new competitive grant programs, highlighted by a \$15 million investment to expand prekindergarten programs for three- and four-year-old students in high-need school districts, and \$10 million to expand the Empire State After-School Program, helping to keep young people safe and engaged during after school hours. The State provides over \$800 million in recurring annual support for three- and four-year old prekindergarten programs, including \$340 million for the Statewide Universal Full-Day Prekindergarten programs.

School Aid is projected to increase by an additional \$949 million (3.6 percent) in SY 2020.

			3.0%		3.6%		4.3%		4.5%

¹School year values reflected in table do not include aid for Statewide Universal Full-Day Prekindergarten programs.

State Fiscal Year

The State finances School Aid from General Fund, commercial gaming and Lottery Fund receipts, including video lottery terminals (VLTs). Commercial gaming and Lottery Fund receipts are accounted for and disbursed from dedicated accounts. Because the State fiscal year begins on April 1, the State typically pays approximately 70 percent of the annual school year commitment during the State fiscal year in which the related budget is enacted, and pays the remaining 30 percent in the first three months of the following State fiscal year.

The table below summarizes the projected sources of School Aid spending on a State fiscal year basis.

SCHOOL AID - STATE FISCAL YEAR BASIS (millions of dollars)									
	FY 2018 Current	FY 2019 Proposed	Change	FY 2020 Projected	Change	FY 2021 Projected	Change	FY 2022 Projected	Change
TOTAL STATE OPERATING FUNDS	25,738	26,319	2.3%	27,274	3.6%	28,360	4.0%	29,610	4.4%
General Fund Local Assistance	22,246	22,928	3.1%	23,854	4.0%	24,937	4.5%	26,187	5.0%
Medicaid	50	50	0.0%	50	0.0%	50	0.0%	50	0.0%
Core Lottery Aid	2,395	2,294	-4.2%	2,288	-0.3%	2,291	0.1%	2,291	0.0%
VLT Lottery Aid	955	907	-5.0%	934	3.0%	934	0.0%	934	0.0%
Commercial Gaming - VLT Offset	11	0	-100.0%	0	0.0%	0	0.0%	0	0.0%
Commercial Gaming	81	140	72.8%	148	5.7%	148	0.0%	148	0.0%

State fiscal year spending for School Aid is projected to total \$26.3 billion in FY 2019, a 2.3 percent increase over FY 2018. Over the multi-year Financial Plan, the share of School Aid spending projected to be financed by the General Fund is expected to increase as core lottery, video lottery and commercial gaming revenues are expected to remain largely flat beginning in FY 2020. In addition to State aid, school districts currently receive more than \$3 billion annually in Federal aid.

State aid payments for School Aid are supplemented by commercial gaming revenues shared with the State by commercial gaming facilities. These receipts are expected to increase in FY 2020 by \$8 million but remain flat thereafter. Between December 2014 and August 2016, four casino resorts were recommended by the State's Gaming Facility Location Board and approved by the State Gaming Commission. The approved casinos have since opened and are in operation. In the event that casino revenue resources do not materialize at the level expected, or as timely as expected, then the additional School Aid projected to be funded from casino revenue resources must be paid from the General Fund.

State Financial Plan Projections Fiscal Years 2018 Through 2022

Other Education Funding

In addition to School Aid, the State provides funding and support for various other education-related programs. These include: special education services; programs administered by the Office of Prekindergarten through Grade 12 Education; cultural education; higher and professional education programs; and adult career and continuing education services.

OTHER EDUCATION (millions of dollars)									
	FY 2018 Current	FY 2019 Proposed	Change	FY 2020 Projected	Change	FY 2021 Projected	Change	FY 2022 Projected	Change
TOTAL STATE OPERATING FUNDS	2,247	2,194	-2.4%	2,092	-4.6%	2,190	4.7%	2,291	4.6%
Special Education	1,336	1,316	-1.5%	1,372	4.3%	1,448	5.5%	1,537	6.1%
All Other Education	911	878	-3.6%	720	-18.0%	742	3.1%	754	1.6%

The State helps fund special education services for approximately 500,000 students with disabilities, from ages 3 to 21. Major programs under the Office of Prekindergarten through Grade 12 address specialized student needs or reimburse school districts for education-related services, including the school breakfast and lunch programs, after-school programs and other educational grant programs. Cultural education includes aid for operating expenses of the major cultural institutions, State Archives, State Library, and State Museum, as well as support for the Office of Educational Television and Public Broadcasting. Higher and professional education programs monitor the quality and availability of post-secondary education programs, and license and regulate over 50 professions. Adult career and continuing education services focus on the education and employment needs of the State's adult citizens, ensuring that such individuals have access to a one-stop source for all their employment needs, and are made aware of the full range of services available in other agencies.

The decrease in the projected FY 2019 Special Education spending is attributable to the Executive's proposal to align State reimbursement to school districts for Summer School Special Education tuition and education costs with the wealth-equalized aid ratio used to reimburse schools for similar programs operated during the school year, as well as one-time audit recoveries for the preschool special education program. Outyear growth for Special Education is attributable to increased State reimbursement to special education providers for minimum wage costs and projected enrollment and cost growth in preschool and summer school special education programs.

The projected FY 2019 and FY 2020 decrease in All Other Education spending primarily reflects the discontinuation or reduction of one-time aid and grants, and the discontinuation of reimbursement for charter school supplemental basic tuition for New York City, respectively.

School Tax Relief Program

The STAR program provides school tax relief to taxpayers by exempting the first \$30,000 of every eligible homeowner's property value from the local school tax levy. Lower-income senior citizens receive a \$66,800 exemption in FY 2019. The DTF oversees local property assessment administration, and is responsible for establishing STAR property tax exemption amounts.

The three components of STAR and their approximate shares of projected FY 2019 program costs are: the basic school property tax exemption or credit for homeowners with incomes under \$500,000 (53 percent); enhanced school property tax exemption or credit for senior citizen homeowners with incomes under \$86,300 (28 percent); and a credit for income-eligible resident New York City personal income taxpayers (19 percent). The FY 2018 Enacted Budget included the conversion of the New York City PIT rate reduction benefit into a PIT tax credit, which will reduce and eventually eliminate it as a component of State Operating Funds spending. This change will have no impact on the value of the STAR benefit received by taxpayers.

STAR property tax exemption spending reflects reimbursements made to school districts to offset a reduction in the amount of property tax revenue collected from STAR-eligible homeowners. In FY 2017, the STAR exemption program began a gradual shift from a spending program into an advance refundable PIT credit program, with this change applying to first-time homebuyers and to homeowners who move. Likewise, this change will have no impact on the value of the STAR benefit received by homeowners.

SCHOOL TAX RELIEF (STAR) - REVENUE REDUCTION RESULTING FROM STAR ACTIONS (millions of dollars)								
	FY 2018 Current	FY 2019 Proposed	Change	FY 2020 Projected	Change	FY 2021 Projected	Change	FY 2022 Projected

Personal Income Tax Credit	(284)	(626)	-120.4%	(640)	-2.2%	(656)	-2.5%	(673)
FY 2017 Overpayment ¹	(58)	0	100.0%	0	0.0%	0	0.0%	0

¹ Conversion of the NYC Rate Reduction Benefit to Personal Income Credit pertains to 2017 tax year. As such, it was retroactively made effective to January 1, 2017.

Much of the spending decline projected for FY 2019 is attributable to the timing of the New York City rate reduction benefit payout, upon conversion to a PIT credit. STAR actions enacted with the FY 2017 Enacted Budget will result in reduced revenues in addition to the spending changes noted above. Projected revenue reductions will increase over the course of the Financial Plan as STAR actions are implemented, in particular those driven by the conversion of the New York City PIT rate reduction benefit.

State Financial Plan Projections Fiscal Years 2018 Through 2022

Higher Education

Local assistance for higher education spending includes funding for CUNY, SUNY, and the Higher Education Services Corporation (HESC).

HIGHER EDUCATION (millions of dollars)									
	FY 2018 Current	FY 2019 Proposed	Change	FY 2020 Projected	Change	FY 2021 Projected	Change	FY 2022 Projected	Change

Community College	477	464	-2.7%	465	0.2%	465	0.0%	465	0.0%
Other/Cornell	5	4	-20.0%	4	0.0%	4	0.0%	4	0.0%

SUNY and CUNY administer 47 four-year colleges and graduate schools with a total enrollment of 404,000 full- and part-time students. SUNY and CUNY also operate 37 community colleges, serving 320,000 students. State funds support a significant portion of SUNY and CUNY operations. In addition to the spending reflected in the above table, the State also provides more than \$1.0 billion for SUNY state-operated campuses operations through a General Fund transfer and fully supports the fringe benefits costs of SUNY employees at state-operated campuses totaling nearly \$2.0 billion. The State also pays debt service for bond-financed capital projects of the university systems. State debt service payments for capital projects at SUNY and CUNY are estimated at \$1.2 billion in FY 2019, an increase of \$35 million from FY 2018 levels.

HESC is New York State's student financial aid agency and oversees numerous State-funded financial aid programs, including the Excelsior Scholarship, Tuition Assistance Program (TAP), and 23 other scholarship and loan forgiveness programs. Together, these programs provide financial aid to approximately 400,000 students.

Higher Education spending is projected to increase by \$228 million, or 8.1 percent, from FY 2018 to FY 2019. This change in spending largely reflects the launch of the second phase of the Excelsior Free Tuition Program, State support for the DREAM Act, increased funding for other scholarships, fringe benefit increases at CUNY, and the timing of certain payments during academic year 2018. Along with other sources of tuition assistance, the Excelsior Scholarship will allow approximately 53 percent of full-time SUNY and CUNY in-state students to attend college tuition-free when fully phased in.

Health Care

Local assistance for health care related spending includes Medicaid, statewide public health programs and a variety of mental hygiene programs. The State DOH works with local health departments and social services departments, including those located in New York City, to coordinate and administer statewide health insurance programs and activities. The majority of government-financed health care programs are included under DOH, but a number of programs are also supported through multi-agency efforts.

DOH is also engaged in a multi-year initiative to implement DSRIP program through an approved Federal waiver amendment to reinvest \$8 billion in Federal savings generated by the MRT reforms. The DSRIP program will promote community-level collaborations and focus on system reform, with a specific goal to achieve 25 percent reduction in avoidable hospital use over five years. The Financial Plan reflects the impact of the DSRIP program through additional Federal funds disbursements of nearly \$8 billion through FY 2021. A portion of DSRIP program funding flows through the SUNY hospital system and other State-operated health care facilities.

Medicaid

Medicaid is a means-tested program that finances health care services for low-income individuals and long-term care services for the elderly and disabled, primarily through payments to health care providers. The Medicaid program is financed jointly by the State, Federal government, and local governments. Eligible services include inpatient hospital care, outpatient hospital services, clinics, nursing homes, managed care, prescription drugs, home care and services provided in a variety of community-based settings (including mental health, substance abuse treatment, developmental disabilities services, school-based services and foster care services).

In FY 2012, legislation was enacted to limit the year-to-year growth in DOH State funds Medicaid spending to the ten-year rolling average of the medical component of the CPI. The statutory provisions of the Medicaid spending cap (or “Global Cap”) also allow for flexibility in adjusting Medicaid projections to meet unanticipated costs resulting from a disaster. Certain authorizations exist which allow the Governor to take actions to reduce Medicaid spending in order to maintain spending within the Global Cap limit.

The FY 2019 Executive Budget reflects the continuation of the “Global Cap” through FY 2022, and the projections assume that statutory authority will be extended in subsequent years. Allowable Growth under the cap for medical services is 3.2 percent in FY 2019. Reflecting updated projections for the medical CPI growth, DOB currently forecasts allowable cap growth at 3.1 percent in FY 2020, FY 2021, and FY 2022.

State Financial Plan Projections Fiscal Years 2018 Through 2022

MEDICAID GLOBAL CAP FORECAST (millions of dollars)					
	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022
Global Medicaid Cap¹	18,270	18,863	19,446	20,048	20,667
Annual % Change		3.2%	3.1%	3.1%	3.1%
¹ Under the Global Cap, forecasted Medicaid services growth is indexed to the 10-year average of the medical component of the CPI.					

The indexed provisions of the Global Cap apply to a majority of the State share of Medicaid spending that is budgeted and expended principally through DOH. However, the Global Cap is adjusted for State costs associated with the takeover of local Medicaid growth and the multi-year assumption of local Medicaid administration, increased Federal Financial Participation (FFP) pursuant to the ACA that became effective in January 2014, as well as the statewide minimum wage increases authorized in the FY 2017 Enacted Budget. State share Medicaid spending also appears in the Financial Plan estimates for other State agencies, including the mental hygiene agencies, child welfare programs, and education aid.

¹ DOH spending in the Financial Plan includes certain items that are excluded from the indexed provisions of the Medicaid Global Cap. This includes administrative costs, such as the takeover of local administrative responsibilities; the decision of Monroe County to participate in the Medicaid local cap program, rather than continuing the sales tax intercept option; increased Federal Financial Participation that became effective in January 2014; and minimum wage increases.

² Tobacco MSA proceeds will be deposited directly to the MMIS Escrow Fund to cover total State share support for Medicaid.

³ The FY 2019 Executive Budget reclassifies all spending from two State special revenue accounts, the Mental Hygiene Program Fund and the Patient Income Account, to the General Fund in order to conform cash basis reporting with GAAP accounting. Effective FY 2019, approximately \$1.4 billion in spending associated with Mental Hygiene agencies' fringe benefits will now be centrally accounted for in the General Fund General State Charges Budget. On a statewide basis, transactions related to the Mental Hygiene reclassification are technical in nature and have no impact on programmatic spending across the Mental Hygiene agencies.

⁴ The EP is not a Medicaid program; however, State-funded resources for the EP are managed under the Medicaid Global Cap.

The State share of DOH Medicaid spending is financed by a combination of the General Fund, HCRA resources, indigent care support, provider assessment revenue, and tobacco settlement proceeds. The following table provides information on the financing sources for State Medicaid spending (More information on HCRA can be found in the section entitled "HCRA Financial Plan").

State Financial Plan Projections Fiscal Years 2018 Through 2022

DEPARTMENT OF HEALTH MEDICAID ¹ (millions of dollars)									
	FY 2018 Current	FY 2019 Proposed	Change	FY 2020 Projected	Change	FY 2021 Projected	Change	FY 2022 Projected	Change

¹ The EP is not a Medicaid program; however, State funded resources for EP are managed under the Medicaid Global Cap.
² The DOH Medicaid budget includes resources to fund a portion of Medicaid-related Mental Hygiene program costs under the Global Cap.
³ As of County Year (CY) 2015 the full share of local Medicaid services growth has been financed with State resources.
⁴ MSA payments will be deposited directly to the MMIS Escrow Fund to cover a portion of the State's share of local Medicaid growth.
⁵ The Local Share of Medicaid is paid by the Local Social Service Districts (counties), and is not included in the State's All Governmental Funds disbursement totals.
⁶ Fluctuation in the local share of Medicaid is related to certain supplemental payments made by local districts. Local Medicaid services payments are capped at CY 2015 levels.
⁷ The FY 2019 Executive Budget reclassifies all spending from two State special revenue accounts, the Mental Hygiene Program Fund and the Patient Income Account, to the General Fund in order to conform cash basis reporting with GAAP accounting. Effective FY 2019, approximately \$1.4 billion in spending associated with Mental Hygiene agencies' fringe benefits will now be centrally accounted for in the General Fund General State Charges Budget. On a statewide basis, transactions related to the Mental Hygiene reclassification are technical in nature and have no impact on programmatic spending across the Mental Hygiene agencies.

The FY 2019 Executive Budget Financial Plan includes \$425 million in annual savings through the shift of the additional OPWDD related Medicaid expenses to the Global Cap. To achieve savings within the Global Cap necessary to support these additional costs, DOH will continue to implement various MRT actions to improve the efficiency and effectiveness in delivery of the statewide Medicaid program. These reforms represent modifications to the Medicaid long-term care program to ensure access to long-term care services and support for a growing aging population; continued controls on Medicaid pharmaceutical costs; incentives supporting the transition to value-based payment arrangements; additional program integrity efficiencies; the authorization of retail practices; a continuation of transportation reforms with targeted investments; and an expansion of certain Medicaid services, including covered telehealth and community paramedicine.

Total HCRA receipts are forecasted to grow 16 percent in FY 2019 as a result of anticipated health insurer conversion proceeds, the healthcare insurance windfall profit fee and continued growth in health care utilization levels.

State Financial Plan Projections Fiscal Years 2018 Through 2022

The gap-closing plan for FY 2019 anticipates \$500 million in proceeds from conversions or similar transactions to fund health care expenditures that otherwise would be funded by the General Fund. Beginning in FY 2019, the State expects \$750 million in public assets to be deposited annually in HCRA of which \$500 million will be used to support Medicaid costs. The remaining \$250 million will be reserved for a newly established Health Care Shortfall Account to ensure the continued availability and expansion of funding for quality health services to New York State residents, and mitigate risks associated with the loss of Federal health care funds.

With the retirement of the State's tobacco securitization bonds on June 1, 2017, MSA payments will be used to fund a portion of the non-Federal share of annual Medicaid growth formerly borne by local governments, which the State now pays on behalf of local governments. The use of MSA payments will not affect total funding for the Medicaid program, but is expected to provide financial relief through lower annual General Fund Medicaid disbursements. The table below displays the adjusted funding shares.

FUNDING SOURCES FOR STATE MEDICAID CONTRIBUTIONS (millions of dollars)					
	FY 2018 Current	FY 2019 Proposed	FY 2020 Projected	FY 2021 Projected	FY 2022 Projected

On a statewide basis, transactions related to the Mental Hygiene reclassification are technical in nature and have no impact on programmatic spending across the Mental Hygiene agencies.

State Financial Plan Projections

Fiscal Years 2018 Through 2022

The FY 2019 Executive Budget Financial Plan includes additional General Fund support to alleviate costs associated with the regionally-based, multi-year increase in the statewide minimum wage, including the impact of legislation (Chapter 56 of the Laws of 2016) which ensures that rates for the total compensation for home health care workers in New York City, and Westchester, Nassau, and Suffolk counties will be increased commensurate with the schedule of statutory minimum wage increases.²⁰ The impact of these minimum wage initiatives is projected to increase annual Medicaid spending above statutory Global Cap limits by \$703 million in FY 2019; \$1.0 billion in FY 2020; \$1.1 billion in FY 2021; and \$1.2 billion in FY 2022.

Fluctuation in enrollment, costs of provider health care services, and health care utilization levels are among the factors that drive higher Medicaid spending within the Global Cap. The number of Medicaid recipients is expected to reach about 6.2 million by the end of FY 2019, a slight increase from FY 2018. This moderate increase is in part driven by an increase in elderly enrollees in the Medicaid program.

The ability to offset rising costs within the Medicaid Global Cap exists through the Medicaid integrity and efficiency initiative, which was authorized in the FY 2017 Enacted Budget. Upon election by a local service district to participate in this initiative, DOH and such local service district may formulate a plan to achieve new audit recoveries, efficiencies and other cost avoidance measures to provide savings. Financial Plan savings associated with the Medicaid program are realized through the Mental Hygiene Global Cap Adjustment, which finances certain OPWDD related Medicaid costs financed under the Global Cap, as noted above.

The current presidential administration has proposed significant cuts to mandatory and discretionary programs in FFY 2018 which are still under consideration by Congress. It is not possible at this time to assess the potential fiscal impact of policies that may be adopted. The Executive Budget continues the provision in the FY 2018 Enacted Budget, allowing for the management of reductions of \$850 million or more in Federal funding for the State's Medicaid program during FY 2019. Management of such reduction levels would occur only through actions within the State's Medicaid program. Furthermore, the Health Care Shortfall Account will include resources to assist in addressing the loss of Federal funds as necessary, subject to a plan developed by the Commissioner of Health and approved by the Director of the Budget.

²⁰ Home health care workers in New York City and certain counties receive a benefit portion of total compensation in addition to their wage-based compensation rate levels (\$4.09 for New York City; \$3.22 for Westchester, Nassau, and Suffolk counties), resulting in total compensation which otherwise would have exceeded minimum wage levels and therefore was not factored into previous cost analysis. The impact of this legislation, however, effectively exempts the benefit portion of total compensation from the minimum wage calculation and ensures that home health care workers in these counties will receive incremental growth in wage compensation commensurate to the new minimum wage schedule.

Essential Plan (EP)

The EP is a health insurance program which receives Federal subsidies authorized through the ACA. The FY 2015 Enacted Budget authorized the State to participate in the EP, which includes health insurance coverage for certain legally residing immigrants previously receiving State-only Medicaid coverage. Individuals who meet the EP eligibility standards are enrolled through the NYSOH insurance exchange, with the cost of insurance premiums subsidized by the State and Federal governments.

ESSENTIAL PLAN (millions of dollars)									
	FY 2018 Current	FY 2019 Proposed	Change	FY 2020 Projected	Change	FY 2021 Projected	Change	FY 2022 Projected	Change
TOTAL ALL FUNDS SPENDING	3,770	3,889	3.2%	3,909	0.5%	3,921	0.3%	3,922	0.0%
State Operating Funds	96	102	6.3%	98	-3.9%	93	-5.1%	87	-6.5%
Local Assistance	0	0	0.0%	0	0.0%	0	0.0%	0	0.0%
State Operations	96	102	6.3%	98	-3.9%	93	-5.1%	87	-6.5%
Federal Operating Funds	3,674	3,787	3.1%	3,811	0.6%	3,828	0.4%	3,835	0.2%

FY 2019 EP program spending has been revised downward since the FY 2018 Enacted Budget Financial Plan to reflect a mix of factors, including stabilizing enrollment trends. In addition, growth in the marketplace premium index for the Federal reimbursement rate is outpacing growth in the premium index for the State reimbursement rate, thus contributing to the anticipation of a greater share of base program expenses being funded from Federal resources. The change in the premium index will eliminate EP program costs for the State, allowing for the local assistance program to be fully federally financed.

State savings associated with the EP local assistance program are managed within the total available resources of the Medicaid Global Cap. This includes a portion of the spending associated with increasing EP enrollment in part, reflecting the transition of certain individuals from the Medicaid program to the EP program based on changes in income levels.

The current presidential administration has proposed significant cuts to mandatory and discretionary programs in FFY 2018 which are still under consideration by Congress, including fully eliminating the EP. In FY 2018, the President took unilateral Executive action to withhold CSR payments, putting low-cost health insurance coverage for income eligible recipients at risk. Despite the Federal withholding of CSR payments, which amount to 25 percent of the Federal funding for the EP, the Executive Budget continues to support the EP program. In order to offset this loss of funding, the State will utilize EP Medical Loss Ratio (MLR) remittances, reduce reimbursement rates to plans, and accelerate trust fund monies to maximize Federal benefits.

It is not possible at this time to assess the potential fiscal impact of long-term policies that may be adopted. The FY 2019 Executive Budget includes authorization to develop a mitigation plan to offset the impact of significant Federal funding reductions.

State Financial Plan Projections Fiscal Years 2018 Through 2022

Public Health/Aging Programs

Public Health includes the Child Health Plus (CHP) program that finances health insurance coverage for children of low-income families, up to the age of 19; the General Public Health Work (GPHW) program that reimburses local health departments for the cost of providing certain public health services; the Elderly Pharmaceutical Insurance Coverage (EPIC) program that provides prescription drug insurance to seniors; and the EI program that pays for services to infants and toddlers under the age of three with disabilities or developmental delays. Many public health programs, such as the EI and GPHW programs, are run by county health departments that are reimbursed by the State for a share of program costs. State spending projections do not include the county share of public health costs. In addition, a significant portion of HCRA spending is included under the Public Health budget.

The State Office for the Aging (SOFA) promotes and administers programs and services for New York residents 60 years of age and older. SOFA primarily oversees community-based services (including in-home services and nutrition assistance) provided through a network of county Area Agencies on Aging (AAA) and local providers.

PUBLIC HEALTH AND AGING (millions of dollars)									
	FY 2018 Current	FY 2019 Proposed	Change	FY 2020 Projected	Change	FY 2021 Projected	Change	FY 2022 Projected	Change
TOTAL STATE OPERATING FUNDS	1,634	1,569	-4.0%	1,743	11.1%	1,858	6.6%	1,868	0.5%
Public Health	1,511	1,449	-4.1%	1,618	11.7%	1,728	6.8%	1,732	0.2%
Child Health Plus	256	297	16.0%	414	39.4%	539	30.2%	539	0.0%
General Public Health Work	195	155	-20.5%	204	31.6%	208	2.0%	212	1.9%
EPIC	126	125	-0.8%	131	4.8%	128	-2.3%	128	0.0%
Early Intervention	175	170	-2.9%	161	-5.3%	153	-5.0%	153	0.0%
HCRA Program	387	337	-12.9%	362	7.4%	352	-2.8%	352	0.0%
All Other	372	365	-1.9%	346	-5.2%	348	0.6%	348	0.0%
Aging	123	120	-2.4%	125	4.2%	130	4.0%	136	4.6%

The FY 2019 Executive Budget Financial Plan includes an initiative to consolidate 30 public health appropriations that are duplicative and supported by four different funding pools into the General Fund. This consolidation will provide DOH with the flexibility to address emerging threats to public health while achieving a 20 percent spending reduction. Currently, DOH separately administers multiple public health awareness and prevention programs for a variety of priorities, including disease prevention, maternal and child health, public health workforce support, and programs that serve the health care needs of individuals. These programs range in size, have different contract periods, and allow for limited coordination to address public health needs or improve health outcomes.

State Financial Plan Projections Fiscal Years 2018 Through 2022

The Financial Plan reflects a proposal to discontinue cost of living payments to certain DOH providers. This action will result in savings of \$19.9 million in FY 2019 and \$45.4 million in FY 2020. The proposal to reform the EI program by better defining health insurer requirements and streamlining the evaluation process is projected to result in State savings of \$3.2 million in FY 2019 and \$11.9 million in FY 2020 and will provide fiscal relief to counties without impacting service levels. Reforms include decreasing the time from referral to the provision of services for children referred to EI with a previously diagnosed condition, maximizing appeals of insurer payment denials, requiring insurers to consider the Individual Family Service Plan (IFSP) when conducting medical necessity reviews, and increasing provider rates. Partially dedicated funding related to Roswell Park Cancer Institute (RPCI) will now be supported by Capital funding.

The Financial Plan reflects SOFA savings realized by eliminating the planned 1.9 percent increase in the Human Services Cost of Living increase, resulting in \$4 million in annual savings for FY 2019 through FY 2022.

State Financial Plan Projections Fiscal Years 2018 Through 2022

HCRA Financial Plan

HCRA was established in 1996 to help fund a portion of State health care activities. Extensions and modifications to HCRA have financed new health care programs, including Family Health Plus (FHP) and CHP. HCRA has also provided additional funding for the health care industry, including investments in worker recruitment and retention, and the Doctors Across New York program. HCRA authorization is extended through FY 2020, pursuant to legislation included in the FY 2018 Enacted Budget.

HCRA receipts include surcharges and assessments on hospital revenues, a “covered lives” assessment paid by insurance carriers, and a portion of cigarette tax revenues. In total, HCRA resources are used to fund roughly 25 percent of the State share of Medicaid, as well as CHP, EPIC, Physician Excess Medical Malpractice Insurance, and Indigent Care payments (the latter of which provides funding to hospitals serving a disproportionate share of individuals without health insurance).

ANNUAL OPERATING SURPLUS/(DEFICIT)	(12)	250	250	250	250
CLOSING BALANCE	0	250	500	750	1,000

¹ NYSOH spending will be financed with available HCRA resources through the Medicaid program.

Total HCRA receipts are forecasted to grow 16 percent in FY 2019 as a result of anticipated health insurer conversion proceeds, the healthcare insurance windfall profit fee, and continued growth in health care utilization levels. Annual growth beyond FY 2020 plateaus with the expiration of the extension of the covered lives reconciliation suspension, where revenue collection will revert to the statutorily set levels in FY 2021. Similarly, declines for cigarette tax collections, which are attributable to lower taxable consumption, amplify the downward trend in HCRA receipts in the outyears.

The gap-closing plan for FY 2019 anticipates \$500 million in proceeds from conversions or similar transactions to fund health care expenditures that otherwise would be funded by the General Fund. Beginning in FY 2019, the State expects \$750 million in public assets to be deposited annually in HCRA of which \$500 million will be used to support Medicaid costs. The remaining \$250 million will be reserved for a newly established Health Care Shortfall Account to ensure the continued

State Financial Plan Projections

Fiscal Years 2018 Through 2022

availability and expansion of funding for quality health services to New York State residents, and mitigate risks associated with the loss of Federal health care funds.

The Executive Budget also proposes establishing a healthcare insurance windfall profit fee. The Federal tax plan gives health care companies a 40 percent tax cut while also transferring health care costs to the State. The Executive Budget imposes a 14 percent surcharge on health insurer gains to capture \$140 million of those corporate tax savings and reinvest it in vital health care services for New Yorkers.

DOH's proposal to consolidate certain public health programs results in the shift of approximately \$28 million of HCRA-funded programs to the General Fund, which will then be combined with other existing public health programs to generate net Financial Plan savings of \$9 million annually through the creation of more flexible and efficient health care funding access. Additionally, \$15 million in funding for the RPCI will be shifted over into the Capital Projects Fund. Funding for the QHP portion of the NYSOH health benefit exchange will shift to HCRA from the Medicaid budget.

The FY 2019 Executive Budget includes a proposal to provide Financial Plan savings of \$7 million annually by eliminating the Empire Clinical Research Investigator Program (ECRIP), which does not fund direct services. The savings are offset by increased support for Stem Cell awards of \$7 million in FY 2019.

Excluding the reserve for the newly created Health Care Shortfall Account, HCRA is expected to remain in balance over the multi-year projection period. Under the current HCRA appropriation structure, spending reductions will occur if resources are insufficient to meet spending levels. Any potential spending reductions could affect General Fund Medicaid funding or HCRA programs. Conversely, any unanticipated balances or excess resources in HCRA are expected to fund Medicaid costs that would otherwise be paid from the General Fund.

Mental Hygiene

The Department of Mental Hygiene is comprised of OPWDD, Office of Mental Health (OMH), Office of Alcoholism and Substance Abuse Services (OASAS), the Developmental Disabilities Planning Council (DDPC), and the Justice Center for the Protection of People with Special Needs (Justice Center). Services are administered to more than one million individuals, including adults with serious mental illness; children with serious emotional disturbances; individuals with developmental disabilities and their families; persons with chemical dependencies; and individuals with compulsive gambling problems.

These agencies provide services directly to their clients through State-operated facilities, and indirectly through community service providers. The costs associated with providing these services are supported by reimbursement from Medicaid, Medicare, third-party insurance and State funding. Patient care revenues are pledged first to the payment of debt service on outstanding mental hygiene bonds, which were issued to finance infrastructure improvements at State mental hygiene facilities, with the remaining revenue used to support State operating costs.

Global Cap Adjustment ¹	(1,269)	(1,761)	-38.8%	(1,761)	0.0%	(1,761)	0.0%	(1,761)	0.0%

¹ Includes the DOH Global Cap Adjustment (\$1.1 billion in FY 2017 and \$1.2 billion in FYs 2018-2021), and other offsets and recoupment actions to reduce net expenses.

Local assistance accounts for approximately 45 percent of total mental hygiene spending from State Operating Funds, and is projected to grow by an average rate of 7.3 percent annually. The main factors driving this level of growth are expansions of community mental health services; enhancements in community-based employment and residential opportunities for individuals with disabilities; and new or increased funding for not-for-profit providers for growth in employee wages related to minimum wage increases.

State Financial Plan Projections

Fiscal Years 2018 Through 2022

The FY 2019 Executive Budget includes approximately \$293 million in increased local assistance funding for the mental hygiene agencies. The 8.0 percent increase is largely related to \$132 million to support the 6.5 percent increase for direct care professionals and 3.25 percent for clinical staff employed by not-for-profit organizations delivering services on behalf of OPWDD, OMH and OASAS, and \$44 million to support the minimum wage and related fringe benefit increases associated with the movement to a \$15 an hour living wage. Other increases include community investments in OPWDD and OMH, as individuals are transitioned from State-operated services to community-integrated settings; new service investments in the OPWDD system, and funding in OASAS to address the heroin and opioid crisis.

In addition to investments in salaries for the not-for-profit workforce, there is a \$60 million annualized State-share investment in new OPWDD program services. Partly offsetting the cost of these investments are savings associated with ongoing service delivery transformation and efforts to ensure the efficient use of State resources.

The Financial Plan reflects the continued expansion of community-based services and provides \$10 million in enhanced support for existing OMH housing programs. The Plan also reflects continued support for OASAS program expansion begun in FY 2018 to address the opioid crisis. These include increased Residential Treatment capacity, expansion of outpatient Opioid Treatment Programs, Family Support Navigators, Certified Peer Recovery Advocates, and other evidence-based programs.

The additional funding increase is offset by technical adjustments to the Medicaid Global Cap, as a greater share of OPWDD-related spending will be financed from Global Cap resources. These technical adjustments have no impact on service delivery or operations of OMH, OPWDD, OASAS or the Justice Center.

Social Services

Office of Temporary and Disability Assistance (OTDA)

OTDA local assistance programs provide cash benefits and supportive services to low-income families. The State's three main programs include Family Assistance, Safety Net Assistance and Supplemental Security Income (SSI). The Family Assistance program, funded by the Federal government, provides time-limited cash assistance to eligible families. The Safety Net Assistance program, financed by the State and local districts, provides cash assistance for single adults, childless couples, and families that have exhausted their five-year limit on Family Assistance imposed by Federal law. The State SSI Supplementation program provides a supplement to the Federal SSI benefit for the elderly, visually handicapped, and disabled.

TEMPORARY AND DISABILITY ASSISTANCE (millions of dollars)									
	FY 2018 Current	FY 2019 Proposed	Change	FY 2020 Projected	Change	FY 2021 Projected	Change	FY 2022 Projected	Change
TOTAL STATE OPERATING FUNDS	1,249	1,278	2.3%	1,355	6.0%	1,358	0.2%	1,362	0.3%
SSI	658	661	0.5%	663	0.3%	667	0.6%	667	0.0%
Public Assistance Benefits	476	505	6.1%	545	7.9%	541	-0.7%	541	0.0%
Public Assistance Initiatives	16	9	-43.8%	33	266.7%	33	0.0%	33	0.0%
All Other	99	103	4.0%	114	10.7%	117	2.6%	121	3.4%

DOB's caseload models project a total of 543,894 public assistance recipients in FY 2019. Approximately 214,749 families are expected to receive benefits through the Family Assistance program in FY 2019, a decrease of 1.4 percent from FY 2018. The Safety Net caseload for families is projected at 119,575 in FY 2019, a decrease of 1.1 percent from FY 2018. The caseload for single adults/childless couples supported through the Safety Net program is projected at 209,570 in FY 2019, an increase of 1.3 percent from FY 2018.

SSI spending is projected to increase gradually over the course of the multi-year Financial Plan as caseload is expected to grow. Public assistance benefits will increase in FY 2019 and FY 2020 due to a variety of factors including the expansion of NYC HIV/AIDS Services Administration (HASA) benefits to all public assistance recipients living in NYC and increased costs associated with litigation proceedings that will increase Safety Net Assistance expenditures. Other spending growth includes increased spending on homeless services and prevention and a new program to prevent unaccompanied refugee children from joining the MS-13 gang on Long Island. Growth is expected to be more gradual in the outyears.

State Financial Plan Projections Fiscal Years 2018 Through 2022

Office of Children and Family Services (OCFS)

OCFS provides funding for foster care, adoption, child protective services, preventive services, delinquency prevention, and child care. OCFS oversees the State's system of family support and child welfare services administered by local social services departments and community-based organizations. Specifically, child welfare services, which are financed jointly by the Federal government, the State, and local districts, are structured to encourage local governments to invest in preventive services for reducing out-of-home placement of children. In addition, the Child Care Block Grant, which is also financed by a combination of Federal, State and local sources, supports child care subsidies for public assistance and low-income families.

CHILDREN AND FAMILY SERVICES (millions of dollars)									
	FY 2018 Current	FY 2019 Proposed	Change	FY 2020 Projected	Change	FY 2021 Projected	Change	FY 2022 Projected	Change
TOTAL STATE OPERATING FUNDS	1,652	1,606	-2.8%	1,660	3.4%	1,683	1.4%	1,718	2.1%
Child Welfare Service	472	465	-1.5%	474	1.9%	484	2.1%	484	0.0%
Foster Care Block Grant	384	384	0.0%	393	2.3%	403	2.5%	414	2.7%
Adoption	149	148	-0.7%	148	0.0%	149	0.7%	149	0.0%
Day Care	253	269	6.3%	270	0.4%	271	0.4%	271	0.0%
Youth Programs	147	111	-24.5%	124	11.7%	117	-5.6%	117	0.0%
Medicaid	86	85	-1.2%	89	4.7%	93	4.5%	97	4.3%
Committees on Special Education	26	22	-15.4%	24	9.1%	25	4.2%	27	8.0%
Adult Protective/Domestic Violence	43	45	4.7%	48	6.7%	51	6.3%	54	5.9%
All Other	92	77	-16.3%	90	16.9%	90	0.0%	105	16.7%

OCFS State Operating Funds spending is projected to decrease from FY 2018 to FY 2019 due to the impact of several factors including capping the 62 percent State share of child welfare reimbursement to NYC at the estimated FY 2018 level; allowing the expiration of provisions authorizing State reimbursement to NYC for Close to Home costs which provide juvenile justice services to NYC youth adjudicated in the court system as juvenile delinquents; and the planned elimination of the human services COLA in FY 2019. Such decreases are partially offset by increasing the funding for child care subsidies back to FY 2017 levels.

Increased spending in the outyears is primarily due to implementation of the "Raise the Age" initiative, which will increase the age of criminal responsibility from 16 to 18, and planned spending increases consistent with anticipated program growth. These increases are partly offset by a reduction in the costs attributable to the Pay for Success program based upon program participation and spending to date.

Transportation

In FY 2019, mass transit systems will receive almost \$5.4 billion in operating aid, including over \$1.4 billion to the MTA (not included in the table below). This aid is funded mainly from various dedicated taxes and fees. The MTA, the nation's largest transit and commuter rail system, receives the majority of the mass transit aid - totaling \$4.8 billion in FY 2019.

The MTA receives additional, exclusive operating support from the MTA Financial Assistance Fund, authorized in May 2009 to collect regional taxes and fees imposed within the Metropolitan Commuter Transportation District (MCTD). Currently, the State collects these taxes and fees on behalf of, and disburses the entire amount to, the MTA. Pursuant to legislation enacted in December 2011, the MTA payroll tax was eliminated for all elementary and secondary schools and small business operators within the MCTD. The General Fund provides additional annual support to the MTA, subject to appropriation, to partially offset this revenue loss.

TRANSPORTATION (millions of dollars)									
	FY 2018 Current	FY 2019 Proposed	Change	FY 2020 Projected	Change	FY 2021 Projected	Change	FY 2022 Projected	Change

MTA Aid Trust	298	302	1.3%	307	1.7%	305	-0.7%	307	0.7%
Dedicated Mass Transit	673	683	1.5%	696	1.9%	746	7.2%	876	17.4%
AMTAP	70	251	258.6%	57	-77.3%	57	0.0%	57	0.0%
All Other	2	0	-100.0%	0	0.0%	0	0.0%	0	0.0%

Projected operating aid to the MTA and other transit systems reflects the current receipts forecast and timing associated with the availability of resources. The Financial Plan includes revised spending estimates for transit assistance in each year to reflect the most recent revenue forecast assumptions.

The Executive Budget includes legislation directing the Mobility Tax collections to be remitted directly to the MTA. This will eliminate the pass through of this tax and ensure more timely receipt by the MTA, which provides a one-time benefit of \$60 million for the MTA. Beginning in FY 2019, the Financial Plan will no longer include new tax receipts or their associated local assistance payments. Combining on-budget (\$402 million) and off-budget (\$1.4 billion) spending, the MTA will receive over \$1.8 billion of Mobility Tax resources in FY 2019.

In addition, the Financial Plan includes General Fund support toward the MTA's operating budget, providing \$194 million, which in combination with the \$60 million noted above will fund 50 percent of the Subway Action Plan's immediate operating need.

State Financial Plan Projections Fiscal Years 2018 Through 2022

Local Government Assistance

Direct aid to local governments includes the Aid and Incentives for Municipalities (AIM) program, which was created in FY 2006 to consolidate various unrestricted local aid funding streams; miscellaneous financial assistance for certain counties, towns, and villages; and efficiency-based incentive grants provided to local governments.

LOCAL GOVERNMENT ASSISTANCE - AIM PROGRAM (millions of dollars)									
	FY 2018	FY 2019		FY 2020		FY 2021		FY 2022	
	Current	Proposed	Change	Projected	Change	Projected	Change	Projected	Change
TOTAL STATE OPERATING FUNDS	722	724	0.3%	763	5.4%	763	0.0%	763	0.0%
Big Four Cities	429	429	0.0%	429	0.0%	429	0.0%	429	0.0%
Other Cities	218	218	0.0%	218	0.0%	218	0.0%	218	0.0%
Towns and Villages	68	68	0.0%	68	0.0%	68	0.0%	68	0.0%
Restructuring/Efficiency	7	9	28.6%	48	433.3%	48	0.0%	48	0.0%

State Operating Funds spending for the various efficiency and restructuring grants within the AIM program is projected to grow modestly from FY 2018 to FY 2019, due to revisions in the timing of spending. Additional increases in the outyears reflect potential awards from the Financial Restructuring Board for Local Governments.

Agency Operations

Agency operating costs consist of Personal Service (PS), Non-Personal Service (NPS), and GSCs. PS includes the salaries of State employees of the Executive, Legislative, and Judicial branches, as well as the salaries of temporary/seasonal employees. NPS includes real estate rentals, utilities, contractual payments (i.e., consultants, IT, and professional business services), supplies and materials, equipment, and telephone service. GSCs, which are discussed separately, reflect the cost of fringe benefits (i.e., pensions, health insurance) provided to State employees and retirees of the Executive, Legislative and Judicial branches, and certain fixed costs paid by the State, such as taxes on public lands and litigations. Certain agency operating costs of the DOT and DMV are included in the capital projects fund type and are not reflected in State Operating Funds. The PS estimates reflect current negotiated collective bargaining agreements.

Approximately 94 percent of the State workforce is unionized. The largest unions include CSEA, which represents office support staff and administrative personnel, machine operators, skilled trade workers, and therapeutic and custodial care staff; PEF, which represents professional and technical personnel (attorneys, nurses, accountants, engineers, social workers, and institution teachers); UUP, which represents faculty and nonteaching professional staff within the State University system; and NYSCOPBA, which represents security personnel (correction officers, safety and security officers).

The following table presents information on salary base and employee benefits that affects spending projections for agency operations.

FORECAST OF SELECTED PROGRAM MEASURES AFFECTING PERSONAL SERVICE AND FRINGE BENEFITS					
	FY 2018 Current	Forecast			
		FY 2019 Projected	FY 2020 Projected	FY 2021 Projected	FY 2022 Projected

¹ Reflects current collective bargaining agreements with settled unions. Does not reflect potential impact of future negotiated labor agreements. ² Contracts contain "reopener" language which allows these unions to reopen negotiations if any other State bargaining unit receives a general salary increase exceeding 1.5 percent in FY 2017 and in FY 2018. ³ Reflects workforce that is subject to direct Executive control. ⁴ Before amortization contribution rate reflects normal and administrative costs, contributions for the Group Life Insurance Plan (GLIP), and Chapter 41 of 2016 veterans' pension credit legislation. ⁵ After amortization contribution rate additionally includes new amortization, if any, and payments on prior amortizations.					

State Financial Plan Projections

Fiscal Years 2018 Through 2022

Operating costs for PS/NPS are projected to increase over the Financial Plan period, from \$18.7 billion in FY 2018 to \$20.4 billion in FY 2022. Most executive agencies are expected to hold spending at FY 2018 levels. Increases in the outyears of the Financial Plan are driven mainly by juvenile justice reform, anticipated labor agreements, growing SUNY operating costs, and an additional administrative payroll in FY 2021.

Non-Personal Service	5,709	5,950	5,871	5,930	5,994

¹ Reflects consolidation of IT costs from other agencies within ITS, which does not change total governmental spending.

² Includes the estimated potential and settled cost for executive agencies and excludes the value of a settlement with UUP.

The most significant changes to spending for agency operations include:

- **Mental Hygiene.** As a result of the Mental Hygiene Fund Reclassification, spending will decline due to the elimination of indirect costs previously charged to the Special Revenue Fund. Additional savings are achieved through attrition and other management efficiencies.
- **State Police.** The modest decline in spending reflects the reclassification of certain personal service spending, offset by a new class of 225 recruits in July 2017 and added resources to combat MS-13 gang activities.
- **Public Health.** Increased spending starting in FY 2019 is mainly attributable to shifting the QHP component of NYSOH administrative costs out of the Global Medicaid Cap into HCRA as well as additional funding to support Stem Cell research.
- **Transportation.** Reflects the reclassification of certain DOT and DMV operating costs related to snow and ice removal; bus, truck and rail inspection; and DMV regulatory activities from the Dedicated Highway and Bridge Trust Fund to the General Fund.
- **Tax and Finance.** The Executive Budget has proposed to achieve savings through a modification to the accounting treatment which more appropriately matches spending and the associated reimbursement whereby revenue collected from tax billings will be treated as an offset to State spending.
- **Children and Family Services.** Increases reflect additional funding in OCFS to support raising the age of criminal responsibility from 16 to 18 by October 1, 2019.
- **Gaming.** Decreases reflect a change in the accounting structure related to advertising costs, so that direct payments are made to the vendors from a third party instead of through the Gaming Commission.
- **State University.** SUNY spending reflects anticipated operating needs at SUNY campuses and affiliated hospitals, which are cumulatively supported by campus revenues, hospital revenues, and State funding.
- **CUNY.** The Executive Budget shifts certain CUNY state operations costs supported by NYC from a Special Revenue Fund to a Fiduciary fund, consistent with the accounting treatment of similar charges.
- **Judiciary.** The Financial Plan includes additional funding for collective bargaining agreements settled in FY 2018 with all 12 unions represented within its workforce.

State Financial Plan Projections Fiscal Years 2018 Through 2022

- **Potential and Settled Labor Agreements.** Spending reflects negotiated settlement agreements with PEF, which have been extended to unrepresented M/C employees, the five-year settlement with CSEA, DC-37 (Rent Regulation Unit), and parity, with remaining unsettled unions assumed to follow the PEF model.
- **Agency Financial Management Plans.** All Executive agencies have been directed to implement cost-control measures on a recurring basis, starting in FY 2018.

Workforce

In FY 2019, \$13.4 billion or 13.4 percent of the State Operating Funds budget is projected to be spent on PS costs. This funding supports roughly 97,000 FTE employees under direct Executive control; individuals employed by SUNY and CUNY (46,038) and Independent Agencies (18,184); employees paid on a non-annual salaried basis; and overtime pay. Roughly 60 percent of all Executive agency PS spending occurs in the mental hygiene agencies and Department of Corrections and Community Supervision (DOCCS).

STATE OPERATING FUNDS FY 2019 FTEs ¹ AND PERSONAL SERVICE SPENDING BY AGENCY (millions of dollars)

Total	13,429	161,561

¹ FTEs represent the number of annual-salaried full-time filled positions (e.g., one FTE may represent a single employee serving at 100 percent full-time, or a combination of employees serving at less than full-time that, when combined, equal a full-time position). The reported FTEs do not include non-annual salaried positions, such as positions filled on an hourly, per-diem or seasonal basis.

² CUNY employees are funded primarily through an agency trust fund that supports an additional 13,166 FTEs, which are excluded from this table.

³ Legislative employees are nonannual salaried and are excluded from this table, with the exception of the Lieutenant Governor, who serves as President of the Senate.

State Financial Plan Projections Fiscal Years 2018 Through 2022

General State Charges

The State provides a variety of fringe benefits to its current and former employees, including health insurance, pensions, the Social Security payroll tax, workers' compensation coverage, unemployment insurance, survivors' benefits, and dental and vision benefits (some of which are provided through union-specific Employee Benefit Funds). GSCs also pays for certain statewide fixed costs, including taxes on State-owned lands, payments in lieu of taxes (City of Albany) and judgments / settlements in the Court of Claims. The majority of these payments are mandated by statute or collective bargaining agreements.

Employee fringe benefits paid through GSCs are financed from the General Fund in the first instance, and then partially reimbursed by revenue collected from agency fringe benefit assessments. Commencing in FY 2019, there are two fund reclassifications that will impact fringe benefit collections from other agencies. These changes have no impact on a State operating funds basis, and are financial plan neutral. First, the mental hygiene spending in the Mental Hygiene Program Fund and the Patient Income Fund (\$1.4 billion) will be accounted for in the General Fund. Similarly, DOT and DMV spending related to snow and ice removal, bus, truck and rail inspection and regulatory activities in the DHBTF will be accounted for in the General Fund (\$107 million).

GSC spending is projected to increase at an average annual rate of 6.4 percent over the multi-year Financial Plan period (\$560 million) and by 7.2 percent in FY 2019 (\$572 million). This growth is primarily attributable to the health insurance and workers' compensation programs, offset by relatively stable spending for pensions and social security, and reductions in other fringe benefits and fixed costs.

Growth in the health insurance program of \$314 million (7.9 percent) is reflective of medical inflation at current enrollment levels. Workers' compensation costs are increasing by \$150 million due to underlying growth in the average weekly wage used in benefit calculations and medical costs (\$45 million / 8.5 percent), as well as a reduction in the use of offsetting reserve funds (\$105 million). Overall pension costs are projected to remain relatively stable due to improved investment returns and ongoing savings from the Tier 5 and Tier 6 pension reforms. Social Security spending is also relatively stable due to steady workforce levels.

State Financial Plan Projections Fiscal Years 2018 Through 2022

GENERAL STATE CHARGES (millions of dollars)

Growth in GSC spending in FY 2019 has been partly offset by gap-closing savings of approximately \$71 million included in the Executive Budget Financial Plan.

The savings primarily consist of \$62 million in pension interest savings achieved by paying the majority of the State pension bill in April 2018, rather than on a monthly basis as previously assumed. Over the multi-year Financial Plan period, outyear pension costs reflect expected investment performance, projected growth in salary base, and assumptions about future normal and administrative costs. Pension costs also reflect repayment of prior-year amortization, costs for Chapter 41 of 2016 (veteran's pension credit legislation), and other adjustments.

NYSHIP costs have increased by approximately 12 percent over the past three fiscal years -- from \$3.06 billion in FY 2015 to \$3.43 billion in FY 2017. The Executive Budget includes two proposals to help restrain this growth.

The first proposal would eliminate the taxpayer subsidy for high-income state retirees who pay Medicare Part B IRMAA. This regressive subsidy, which provides retirees with earning over \$85,000 per year greater State taxpayer subsidies than lower income retirees, would be eliminated effective January 1, 2018. The reimbursement of these costs, which were originally intended by the Federal government as a means for wealthier retirees to pay a fair share of Medicare costs, would no longer be provided in Calendar Year (CY) 2019. Eliminating this subsidy will save taxpayers \$11 million annually (\$2.7 million in FY 2019 due to the lag in reimbursement).

State Financial Plan Projections

Fiscal Years 2018 Through 2022

The second proposal would establish a floor for state reimbursement of the Medicare Part B standard premium. In CY 2017, New York taxpayers reimbursed the standard premium for new and existing retirees at amounts ranging from \$109 to \$134 monthly. The cost of this reimbursement increased from \$194 million in CY 2017 to \$242 million in CY 2018, an increase of \$48 million. This proposal establishes State reimbursement at an amount of up to \$134 per month, consistent with CY 2018 Federal program costs. Any future increases in reimbursement above this level would be subject to the annual budget process. This proposal is cost neutral in FY 2019, but saves \$11 million on a full annual basis if subsequent budgets do not authorize funding increases.

The Executive Budget also proposes to establish interest rates paid on court judgements by public and private entities at a variable market-based interest rate equal to the average one-year constant maturity treasury yield. This is the same rate utilized by the Federal court system. The current fixed rate of as much as 9 percent annually was established in 1982 when interest rates were at 12 percent to avoid unnecessary taxpayer costs. Payment of a prevailing market rate will help ensure that neither side in a lawsuit will be disadvantaged by an interest rate that is above or below what otherwise could be earned while cases are being adjudicated. It will provide mandate relief for local governments and lower State taxpayer costs by \$6 million.

Transfers to Other Funds (General Fund Basis)

General Fund transfers help finance the State's share of Medicaid costs for mental hygiene facilities (FY 2018 only), debt service for bonds that do not have dedicated revenues, SUNY operating costs, certain capital initiatives, and a range of other activities.

GENERAL FUND TRANSFERS TO OTHER FUNDS (millions of dollars)

¹ The Mental Hygiene Program Fund and the Patient Income Fund will be appropriated in the General Fund beginning in FY 2019; thus transfers are no longer necessary.

² Represents the temporary use of Extraordinary Monetary Settlement fund balances to pay for capital projects in the first instance. These advances will be repaid in the following year when the State reimburses the capital spending from bond proceeds.

State Financial Plan Projections Fiscal Years 2018 Through 2022

A significant portion of the capital and operating expenses of DOT and DMV are funded from DHBTF, which receives various dedicated tax and fee revenues, including statutory allocations of PBT, motor fuel tax, and Highway Use Tax (HUT). The Financial Plan includes transfers from the General Fund that effectively subsidize DHBTF expenses, as the cumulative expenses of the fund (DOT and DMV capital and operating expenses, and certain debt service on transportation bonds) exceed current and projected revenue deposits and bond proceeds. This transfer is significantly reduced in FY 2019 and beyond as certain DOT and DMV operating costs related to snow and ice removal; bus, truck and rail inspection; and DMV regulatory activities have been reclassified from the Dedicated Highway and Bridge Trust Fund to the General Fund.

General Fund transfers to other funds are expected to total \$6.2 billion in FY 2019, a \$3.5 billion decrease from FY 2018. The change is primarily driven by the consolidation of certain Mental Hygiene Special Revenue Funds into the General Fund, eliminating the need to transfer General Fund monies to finance the State's share of Medicaid costs for mental hygiene activity augmented by an increase in transfers appropriated from DIIF and the capital projects fund in FY 2019, including temporary loans and planned repayment of funds related to debt management actions (\$837 million).

Debt Service

The State pays debt service on all outstanding State-supported bonds. These include General Obligation bonds, for which the State is constitutionally obligated to pay debt service, as well as certain bonds issued by State public authorities, such as Empire State Development (ESD), DASNY, and the New York State Thruway Authority (NYSTA), the payment obligation on which is subject to appropriation. Depending on the credit structure, debt service is financed by transfers from the General Fund, dedicated taxes and fees, and other resources such as patient income revenues.

DEBT SERVICE SPENDING PROJECTIONS (millions of dollars)									
	FY 2018 Current	FY 2019 Proposed	Change	FY 2020 Projected	Change	FY 2021 Projected	Change	FY 2022 Projected	Change
General Fund	1,037	837	-19.3%	969	15.8%	1,029	6.2%	908	-11.8%
Other State Support	4,584	4,799	4.7%	6,000	25.0%	6,157	2.6%	6,184	0.4%
State Operating/All Funds Total	5,621	5,636	0.3%	6,969	23.7%	7,186	3.1%	7,092	-1.3%

Total State Operating/All Funds debt service is projected at \$5.6 billion in FY 2019, of which approximately \$837 million is paid from the General Fund via transfers, and \$4.8 billion from other State funds supported by dedicated tax receipts. The General Fund transfer finances debt service payments on General Obligation and service contract bonds. Debt service for the State's revenue bonds is paid directly from other dedicated State funds, subject to appropriation, including PIT and Sales Tax bonds, DHBTF bonds, and mental health facilities bonds.

Financial Plan estimates for debt service spending have been revised to reflect a number of factors, including bond sale results to date, refunding savings, and the adjustment of debt issuances to align with projected bond-financed capital spending.

FY 2018 Year-To-Date Operating Results

This section provides a summary of operating results for April 2017 through December 2017 compared to: (1) results for the same time period of the prior fiscal year (April 2016 through December 2016); (2) the projections set forth in the FY 2018 Enacted Budget Financial Plan (“initial estimates”); and (3) the FY 2018 Mid-Year Update (“revised estimates”). The focus of the discussion on spending is on a State Operating Funds basis.

Results Compared to Prior Year - All Governmental Funds

Comparing 2017 to 2016, for the period of April through December, All Funds receipts increased by nearly \$6.9 billion, comprised of growth of roughly \$3 billion in Federal aid, \$2.3 billion in miscellaneous receipts, and \$1.6 billion in tax receipts. Disbursements during the same period of time compared to the prior year increased by \$5.2 billion, mainly due to the increase in disbursement of Federal operating aid by \$3.9 billion. The All Funds closing balance at the end of December 2017 was \$878 million higher than the December 2016 closing balance, as receipts outpaced spending.

¹ Includes the Essential Plan

Receipts

For April through December 2017, All Funds tax receipts were \$1.6 billion (3.1 percent) higher than for the same period in 2016. PIT, the largest contributor to the growth, was \$1.2 billion (3.5 percent) higher due to a \$1.5 billion increase in withholding and a \$1.4 billion increase in tax year 2017 estimated payments, partially offset by a \$1.1 billion increase in tax year 2016 refunds and a \$605 million decline in extension payments. The increase in estimated payments of \$1.4 billion appears to be a response to the recently passed Federal Tax Law Bill. Refunds increased due to a change in the administrative refund cap that pushed refunds from the first quarter of calendar year 2017 into April 2017.

All other taxes were \$482 million (2.4 percent) higher, mainly due to sales tax collections reflective of higher audit receipts. In addition, estate tax collections were higher due to two large payments exceeding \$100 million in the April to December 2017 period.

Miscellaneous receipts were \$2.3 billion (12.4 percent) higher in the current year, mainly due to the timing of bond proceed reimbursements, including a December 2017 bond sale (\$1.7 billion).

Federal grants were \$3 billion (7.5 percent) higher, consistent with growth in Federal operating aid disbursements.

Spending

From April through December 2017, State Operating Funds spending totaled \$67.7 billion, an increase of \$712 million (1.1 percent) compared to the same period last year. As described below, the Enacted Budget Financial Plan anticipated substantial increases in spending through December 2017 compared to the same period in FY 2016, but actual results were lower than expected due mainly to the timing of certain payments.

Growth in Medicaid (\$389 million) and School Aid (\$757 million), was nearly offset by lower spending in other local assistance programs (\$1.1 billion). Medicaid spending growth was driven by increased claims for monthly managed care and long-term care programs, and by increased State remittance of Federal Medicare payments. School Aid spending was higher due to increased funding provided to school districts based on aid formulas.

All other local assistance spending declined compared to the same period last year, mainly due to the conversion of the NYC STAR benefit to a tax credit, as well as slower than expected payments for social services and timing associated with the quarterly transfer of OPWDD-related Medicaid costs from DOH to OPWDD.

Executive agency operational spending increased by \$42 million (0.6 percent) compared to the prior year. University Systems spending increased for SUNY hospital operations. Spending growth for elected officials includes retroactive salary payments to Judiciary employees made pursuant to collective bargaining contracts settled in FY 2018 and higher than projected non-personal service spending.

FY 2018 Year-To-Date Operating Results

Higher fringe benefits spending included planned cost increases for pensions and the State's share of employee health insurance. The increase in debt service spending year over year through December reflects the impact of prepayments, which resulted in lower debt service payments during April through December 2016.

Outside of State Operating Funds, Capital Projects spending increased by \$591 million, primarily due to expenses for the Moynihan Station construction project (\$275 million), continued implementation of the Housing Capital Plan (\$149 million), and mental hygiene projects (\$141 million).

Federal operating aid grew by \$3.9 billion, with higher spending for Medicaid (\$3.2 billion), the EP (\$663 million), Education (\$465 million), and Public Health/CHP (\$363 million). This was partially offset by a timing-related decrease in spending for social services, including public assistance benefits, for Temporary Assistance for Needy Families (TANF)-funded child care and local district administrative costs (\$587 million), and Division of Homeland Security and Emergency Services (DHSES) (\$131 million).

FY 2018 Year-To-Date Operating Results

Results Compared to Plan

All Governmental Funds Results

The State ended December 2017 with a closing balance of \$13.9 billion in All Funds, \$4.2 billion higher than the initial estimate and \$2.7 billion higher than the revised estimate. Receipts were about \$2 billion higher compared to both the initial and revised estimates. Spending was \$2.3 billion lower than both the initial estimate and \$711 million lower than the revised estimate. The explanation of variances that follows the table below is focused on the comparison to the Enacted Budget estimates.

¹ Includes the Essential Plan

Receipts

Through December 2017, total tax receipts were \$167 million above the initial estimate. Higher PIT collections (\$137 million) were affected by a surge in December 2017 estimated payments that appears to be in response to the Federal tax law changes effective January 1, 2018 that imposed a \$10,000 cap on SALT deductions. These increased collections were partially offset by weaker than projected withholding collections in the third quarter of FY 2018.

Sales tax collections were lower than estimated due to weaker consumer spending growth. Business tax collections exceeded estimates mainly in insurance and bank taxes, partly offset by the timing of corporate franchise tax refunds. Estate tax collections exceeded initial estimates due to the receipt of two large estate tax payments.

Miscellaneous receipts were \$1.1 billion higher than estimated, and include the receipt of Extraordinary Monetary Settlement payments from BNP Paribas, S.A., New York Branch (BNPP) (\$350 million), Habib Bank (\$225 million), and Credit Suisse (\$135 million), as well as higher than estimated SUNY receipts (\$121 million).

Compared to the revised estimates, total tax receipts were \$640 million higher than planned, which mainly reflects higher PIT collections including the surge in estimated payments discussed above.

Variances in Federal grants are largely driven by Federal spending, as described below, as well as the timing of reimbursement for program costs initially financed by the State.

Spending

Compared to the initial projections, State Operating Funds disbursements were \$916 million (1.3 percent) lower than planned.

Local assistance spending was \$1.2 billion lower than planned. The most notable variances include:

- Social Services (\$586 million lower): driven by the timing of payments for several OCFS programs including child care (\$137 million), Child Welfare Services (\$123 million), youth programs (\$56 million), Foster Care Block Grant (\$42 million); and public assistance benefit payments (\$167 million).
- School Aid (\$351 million lower): attributable largely to slower than expected payments for General Aid (\$119 million) and Excess Cost Aid (\$120 million) and lower than anticipated TRS bills paid on behalf of school districts (\$111 million).
- Mental Hygiene (\$224 million lower); reflects timing associated with the transfers of OPWDD-related Medicaid costs from DOT to OPWDD that were expected to be made in December 2017, but are now expected to occur in January 2018; as well as delayed disbursements of other mental hygiene payments that are still expected to be paid this fiscal year.

- STAR (\$170 million lower): mainly due to the timing of the conversion of the NYC PIT rate reduction benefit.
- DOH Medicaid (\$578 million higher): largely attributable to increased claims (\$906 million) and the delayed deposit of MSA Tobacco Settlement receipts to partly offset the payment of local government Medicaid growth (\$103 million). The higher spending is partly offset by lower EP spending due to the Federal government funding a greater share of the program, resulting in a decreased State contribution.
- All other (\$311 million lower): primarily reflects the timing of education payments for several claims-based programs, including pre-school programs (\$191 million), special education programs (\$62 million) and other programs (\$59 million).

State Operations spending was \$323 million higher than estimated. Personal service spending for DOCCS, State Police, and OPWDD was higher than planned, reflecting increased costs associated with retroactive salary payments. In addition, higher Judiciary spending includes retroactive salary payments made pursuant to settled contracts (\$29 million). Non-personal service spending was lower than planned with the most significant variances occurring in DOCCS, Gaming, Tax and Finance and the Office of General Services (OGS).

Higher fringe benefits and fixed costs (\$116 million) reflect the timing of reimbursements of fringe benefit costs by agencies operating outside of the General Fund, as well as workers' compensation payments.

Debt service spending was \$61 million lower than planned due to savings generated from the July 2017 PIT revenue bond issuance by DASNY, which facilitated the refunding of certain State-supported debt.

Lower capital spending of \$2.1 billion includes slower than expected spending for DOT projects (\$629 million), timing of disbursements to the MTA (\$511 million), Environmental Conservation (\$259 million), ESD (\$238 million), and School Aid (\$145 million).

Higher Federal aid spending of \$661 million is mainly due to the timing of approval of certain Medicaid rate packages and claims (\$660 million), higher than expected claims and enrollment in the CHP program (\$352 million), and DHSES storm relief (\$195 million). This higher spending is partly offset by lower spending for School Aid (\$328 million) attributable to the timing of school district claims for various Federal education programs and Social Services spending including public assistance benefit payments (\$152 million) and TANF-funded Child Care (\$185 million).

Compared to the revised estimates, the spending variances are generally consistent with the initial estimates as described above with the exception of capital spending, which varied to a lesser degree compared to plan due to timing revisions reflected in subsequent updates to the Financial Plan.

Results Compared to Plan - General Fund

The General Fund closing balance at the end of December 2017 was \$2.6 billion higher than the initial estimate, driven by lower spending (\$1.4 billion) and higher receipts (\$1.2 billion). Higher receipts include the unplanned receipts of Extraordinary Monetary Settlements.

GENERAL FUND OPERATING RESULTS COMPARED TO PLAN APRIL THROUGH DECEMBER 2017 (millions of dollars)							
	Enacted Plan	Revised Plan	Results	Above/(Below) Variance			
				Enacted Plan		Revised Plan	
				\$	%	\$	%
OPENING BALANCE	7,749	7,749	7,749	0	0.0%	0	0.0%
Total Receipts	50,140	50,502	51,384	1,244	2.5%	882	1.7%

SUNY Operations Transfer	1,016	1,022	1,015	(1)	-0.1%	(7)	-0.7%
All Other Transfers	3,338	3,346	3,405	67	2.0%	59	1.8%
Change in Operations	(236)	950	2,396	2,632	1115.2%	1,446	152.2%
CLOSING BALANCE	7,513	8,699	10,145	2,632	35.0%	1,446	16.6%

¹ Includes transfers from other funds after debt service.

General Fund tax collections were \$329 million above the initial estimate, mainly driven by PIT receipts. Higher miscellaneous receipts include \$798 million in Extraordinary Monetary Settlements and higher STARC receipts that are expected to offset spending.

Through December 2017, General Fund disbursements, including transfers to other funds, were \$1.4 billion and \$564 million below the Enacted Budget Financial Plan and Mid-Year Update to the Financial Plan projections, respectively. The causes of lower local assistance and higher agency operations spending are consistent with the State Operating Funds variances summarized above.

Certain General Fund transfers did not occur as planned and are now expected in future months, including transfers to support capital spending which are expected to be subsequently reimbursed with bond proceeds.

Fiscal Impact on Local Governments

Fiscal Impact on Local Governments

The Executive Budget Five-Year Financial Plan included a summary of the estimated fiscal impact on municipalities supplemented with detailed tables. The tables are again included in this Financial Plan update to reflect Executive amendments.

Included in the 30 day amendments is funding for local boards of election to establish early voting and same-day voter registration. This proposal would remove an impact on counties previously reflected in the Executive Budget analysis. With this change, the estimated positive impact on municipalities is \$41.9 million in local fiscal years ending in 2018 and \$968.0 million in local fiscal years ending in 2019.

Financial Plan Tables and Accompanying Notes

The notes to the Financial Plan tables herein should be read in conjunction with the tables that follow.

Note 1 — Basis of Accounting

Pursuant to law, all Financial Plan tables presented herein are prepared on the cash basis of accounting, unless otherwise noted. Under the cash basis of accounting, revenues are recognized when received, and spending is recorded when cash is disbursed.

Note 2 — Fund Types and Perspectives

The State records its transactions in the following fund types:

Governmental Funds

General Fund - This is the major operating fund of the State. It receives all State income not earmarked for a particular program or activity and not specified by law to be deposited in another fund. State income for Financial Plan purposes consists of moneys (taxes, fees, and miscellaneous receipts including certain repayments of State advances) deposited to the credit of the General Fund or transferred from other funds during the fiscal year.

Special Revenue - These funds account for State receipts from specific revenue sources and are legally restricted to disbursement for specified purposes. This governmental fund type is divided into two classifications: (1) State Special Revenue Funds; and (2) Federal Special Revenue Funds. An example of a State Special Revenue Fund is the Conservation Fund which finances a number of State environmental programs. An example of a Federal Special Revenue Fund is the Health and Human Services Fund which finances various social services programs, including Medicaid and public assistance. Although any earmarked revenue fund is treated as a Special Revenue Fund for cash-basis budgeting and reporting purposes, some are combined with the General Fund for purposes of reporting on the basis of GAAP.

Debt Service - All tax-financed State debt service on long-term debt and payments on certain lease-purchase or other contractual obligations are paid from Debt Service funds. These account for the accumulation of money for, and the payment of principal and interest on, general long-term debt. Lease-purchase payments for Health and Mental Hygiene facilities under contractual agreements with public authorities are also paid from funds classified as Debt Service funds. Debt service on highway bonds supported by dedicated highway revenues is also reflected in this fund type. Sources of revenue for this fund type include transfers from the General Fund, dedicated taxes, and other revenues.

Capital Projects - These funds finance a variety of capital construction costs including: (i) planning, land acquisition, design, construction, construction management and supervision, and equipment costs; (ii) highway, parkway and rail preservation projects; (iii) outdoor recreation and environmental conservation projects; (iv) buildings and other capital facilities required by various State departments and agencies; (v) payments to local governments to help finance their capital

programs, including highway, parkway, bridge, mass transportation, aviation, economic development, port development, community college, community and State mental health, outdoor recreation, State-assisted housing, and environmental quality; and (vi) advances for capital construction costs reimbursable by public authorities, instrumentalities of the State, the Federal government or local governments. Sources of revenue for this fund type include transfers from other State funds, including the General Fund and Special Revenue Funds, dedicated taxes and other revenues, reimbursement of advances, bond proceeds, and Federal capital grants.

State Operating Funds

The State Funds operating budget is a broader measure of spending for operations (as distinct from capital purposes) that is funded with State resources. It is comprised of the General Fund and other State-supported activities financed by dedicated revenues in State Special Revenue funds, as well as Debt Service funds accounting for the payment of debt service on all tax-financed State long-term debt.

Proprietary Funds

Internal Service Funds - Account for the financing of goods or services supplied by one State agency to another State agency or other governmental entities on a cost-reimbursement basis.

Enterprise Funds - Account for operations that are similar to private business enterprises.

The Internal Service funds and Enterprise funds are treated as Proprietary funds for cash-basis budgeting and reporting purposes, and are combined with the General Fund for purposes of reporting on a GAAP basis.

Fiduciary Funds

Private-Purpose Trust Funds - Account for all trust arrangements under which principal and income benefit individuals, private organizations, or other governments.

Pension Trust Fund - Account for the cash-basis results of operations for the administrative portion of the State's Common Retirement Fund. It does not reflect investment activity, balances, or other assets available to this Fund. In addition, pension contributions and payments to retirees are excluded since these payments are not required to be appropriated.

Agency Funds - Account for funds held by the State in a purely custodial capacity. Cash is held temporarily until disbursements are made to individuals, private organizations, or other governments.

Note 3 — Disbursement Descriptions

The State's Financial Plan and reporting include only those payments made pursuant to an appropriation and paid from funds available in the State Treasury. All State spending is classified in one of the following categories:

Local Assistance Grants - Include payments to counties, cities, towns, villages, school districts and other local entities, as well as certain financial assistance to, or on behalf of, individuals and nonprofit organizations. Certain disbursements from capital projects funds, including payments to local government units and public authorities, are recorded as local assistance.

PS - Includes the payment of salaries and compensation for State employees.

NPS - Includes payments for operational costs, such as miscellaneous contractual obligations, supplies and materials, travel, rentals and repairs, utilities, postage and shipping, printing, and telephone.

GSCs - Includes costs mandated by statute, collective bargaining agreements or court order. Charges in this category can be further subdivided into the following:

Fringe Benefits. Contributions to pension systems, the employer's share of Social Security contributions, employer contributions toward the cost of health insurance, workers' compensation and unemployment insurance, and contributions to union employee benefit funds which provide vision care and other services.

Fixed Costs. For State PILOT programs, as well as payments for local assessments on State-owned land, judgments against the State pursuant to the Court of Claims Act, defenses by private counsel or alternatively payments on behalf of State officers and employees in civil judicial proceedings.

Debt Service - Includes payments made for tax-financed State debt service on long-term debt; contractual-obligation and lease-purchase arrangements with several public authorities and municipalities; and lease-purchase payments for Health and Mental Hygiene facilities.

Capital Projects - Includes payments made for the acquisition or construction of the State's capital facilities. Included in this category are planning, land acquisition, design, construction, engineering services, and equipment costs; highway, parkway and rail preservation projects; and outdoor recreation and environmental conservation projects. Advances are made for capital construction costs reimbursable by public authorities, the Federal or local governments, or from the proceeds of State bond and note sales.

Bond Proceeds - Includes the proceeds of General Obligation Bonds and short-term notes issued in the form of commercial paper or Bond Anticipation Notes (BANs), and are stated net of notes redeemed from the proceeds of long-term bonds or reissued notes.

Operating Transfers - Constitutes legally authorized transfers from a fund receiving revenues, to a fund through which disbursements will ultimately be made.

Note 4 — Reservations of General Fund Balance

Funds of the General Fund may be legally segregated for specific future use or informally reserved for specified purposes. The following funds of the General Fund are established in law:

Tax Stabilization Reserve - Created to provide a reserve to finance a cash-basis operating deficit in the General Fund at the end of the fiscal year, and to make temporary loans to the General Fund during the year. Annual deposits may not exceed 0.2 percent of General Fund spending, and the balance may not exceed 2 percent of General Fund spending. These amounts may be borrowed by the General Fund temporarily and repaid within the same fiscal year. They may also be borrowed to cover an operating deficit at year end, but these loans must be repaid within six years in no fewer than three annual installments.

Rainy Day Reserve - Created pursuant to law to account for funds set aside for use during economic downturns or in response to a catastrophic event, as defined in the law. The economic downturn clause is triggered after five consecutive months of decline in the State's composite index of business cycle indicators. The reserve may have a maximum balance equal to 5 percent of projected General Fund spending during the fiscal year immediately following the then-current fiscal year.

Contingency Reserve - Created pursuant to law to provide a reserve to fund extraordinary needs arising from litigation against the State. These amounts may be used for payment of judgments against the State where the amount is in excess of \$25 million and such payments are not previously appropriated, or emergency payments relating to natural or physical disasters, or to make payments for the enhancement of the State's economy.

Community Projects - Created pursuant to law to finance discretionary, usually local, projects ("member items") sponsored by individual legislators and the Governor. In previous years, the Budget included lump sum appropriations for the Governor, Senate and the Assembly, to be designated for various grants, awards and contracts with local governments, not-for-profit organizations and community groups. The FY 2019 Budget includes no new appropriations.

The following funds of the General Fund are reserved for specified or undesignated purposes:

Debt Management - Reserved for i) the payment of principal, interest, or related expenses; ii) retiring or defeasing existing State-supported debt obligations, including accrued interest; and iii) the funding of capital projects, equipment, or similar expenses that would otherwise be financed with debt.

Undesignated Fund Balance - From time to time, DOB will informally designate unrestricted balances in the General Fund for specific purposes. These amounts are typically identified with the phrase "reserved for." For example, due to the nature of the timing of labor agreements, DOB will informally reserve balances for possible prior-year costs for unions without current contracts.

Extraordinary Monetary Settlements - Includes the balance of Extraordinary Monetary Settlements after planned uses.

Note 5 — Items Affecting Annual Comparability

Superstorm Sandy - In October 2012, Superstorm Sandy caused widespread flooding, power failures, and wind damage to public and private property in New York City, Long Island, and other downstate areas. Public infrastructure, including mass transit systems, public schools, and municipal buildings sustained serious damage. The Financial Plan reflects Federal aid which will flow to local governments, public authorities, and not-for-profits over the multi-year Plan to continue the State's recovery from Superstorm Sandy.

Federal Health Care Transformation

- **ACA** - The ACA, which became effective January 1, 2014, is intended to provide access to health insurance coverage to ensure appropriate access to care, and to restrain escalating health care costs. The Financial Plan reflects the impact of the ACA in a number of ways including, but not limited to, the benefit of lower costs associated with the State share of Medicaid as a result of enhanced Federal funding provided for Medicaid costs and program expansion. In addition, beginning in FY 2016, DOH assumed new costs associated with operating the NYSOH insurance exchange, which is the State's single point of access insurance marketplace in accordance with the ACA, and has begun implementing a new information system designed to improve health insurance claiming.
- **Federal DSRIP** - On April 14, 2014, Governor Andrew M. Cuomo announced that terms and conditions were finalized between the State and Federal governments, allowing the State to reinvest \$8 billion in Federal savings generated by MRT reforms. The waiver amendment will address critical health care issues statewide and allow for comprehensive reform through a DSRIP program. The DSRIP program will promote community-level collaborations and focus on system reform, specifically a goal to achieve a 25 percent reduction in avoidable hospital use over five years, and clinical and population health improvements. The DSRIP program expires in FY 2021.
- **EP** - The EP is a health insurance program authorized through the ACA. The FY 2016 Enacted Budget authorized the State's option to participate in the EP. In April 2015, the State began phasing-in certain legally residing immigrants who were receiving State-only Medicaid coverage. Individuals who meet the eligibility standards of the EP are enrolled through the NYSOH insurance exchange, with the cost of insurance premiums subsidized by the State and Federal governments.

Note 6 — State Funding of SUNY Operating Support

Effective with the 2013 academic year that began in July 2012, all General Fund support for SUNY operations is transferred from the General Fund to the State University Income special revenue fund, from which all university operations are funded.

Note 7 — Off-Budget Transactions

These represent certain capital spending that is not reported in cash spending results, but is reported in the State's GAAP Financial Statements. This spending is related to programs which are financed directly from bond proceeds on deposit at various public authorities, rather than from a STIP or General Fund loan.

Note 8 — General Fund/HCRA Combined Gap

Current HCRA authorization ends April 1, 2020. HCRA is projected to remain balanced through FY 2022. Any unforeseen shortfall would need to be financed by the General Fund or HCRA programs.

Note 9 — MTA Financial Assistance Fund

The Metropolitan Commuter Transportation Mobility Tax is imposed on certain employers and self-employed individuals engaging in business within the MCTD. Currently, the State collects these taxes and fees on behalf of, and disburses the entire amount to, the MTA. The Executive Budget includes Legislation directing the Mobility Tax collections to be remitted directly to the MTA. This will eliminate the pass through of this tax and ensure more timely receipt by the MTA. The State Financial Plan will no longer include new tax receipts or their associated local assistance payments beginning in FY 2019.

Additional funding to support the MTA is provided through a transfer from the General Fund, pursuant to December 2011 tax reform legislation which exempts school districts and small businesses operating within the MCTD from the provisions of the Mobility Tax.

Note 10 — Changes to the Medicaid Program

Since January 2006, the State has paid any annual Medicaid increases above a fixed level that otherwise would have been paid by Local Social Services Districts. The statutory indexing provisions were amended through legislation to implement a three-year phased-takeover of the Local Social Services Districts' share of all growth above the previous year's enacted levels beginning on April 1, 2013 for County Year 2013, with the State assuming all growth in County Year 2015.

Note 11 — Statewide Cash Flow Administration

OSC invests General Fund moneys, bond proceeds, and other funds not immediately required to make payments through STIP, which is comprised of joint custody funds (Governmental Funds, Internal Service Funds, Enterprise Funds and Private Purpose Trust Funds), as well as several sole custody funds including the Tobacco Settlement Fund.

OSC is authorized to make short-term loans from STIP to cover temporary cash shortfalls in certain funds and accounts, including the General Fund, resulting from the timing of receipts and disbursements. The Legislature authorizes the funds and accounts that may receive loans each year, based on legislation submitted annually. Loans may be granted only for amounts that the Director of the Budget certifies are “receivable on account” or can be repaid from the current operating receipts of the fund (i.e., loans cannot be granted in expectation of future revenue enhancements).

The General Fund is authorized to borrow resources temporarily from STIP for up to four months, or to the end of the fiscal year, whichever period is shorter. The State last used this authorization in April 2011 when the General Fund needed to temporarily borrow a minimal amount of funds from STIP for a period of five days. The amount of resources that can be borrowed by the General Fund is limited to the available balances in STIP, as determined by the State Comptroller. Available balances include money in the State’s governmental funds and a relatively small amount of other money belonging to the State. Several accounts in Debt Service Funds and Capital Projects Funds that are part of All Governmental Funds are excluded from the balances deemed available in STIP. These excluded funds consist of bond proceeds and money obligated for debt service payments.

Note 12 — Transfer Eliminations

The Special Revenue Funds and Capital Projects Funds include transfers of resources between Federal and State accounts within each fund. In some instances, Federal aid that is initially deposited into a Federal account is transferred to State accounts where the aid is used to support the programs it is intended to fund. To avoid recording spending twice, initially as the transfer of resources to another account and subsequently when payments are made, these transfers are eliminated in these funds. The transfer eliminations are consistent with the State Comptroller’s accounting practices shown in Exhibit A of the Comptroller’s Annual Report to the Legislature.

Note 13 — Temporary Loans Summary

The total outstanding loan balance as of March 31, 2017 was \$2.8 billion, comprised of activities that are financed initially by the advances for bond-reimbursable capital spending pending the receipt of bond proceeds, State pending Federal receipt, State Special Revenue Funds, and Proprietary Funds. The loan balance as of March 31, 2016 was \$2.7 billion.

The total loan balance typically increases throughout the State fiscal year, reaching its peak between the second and third quarters. The spike mainly reflects the payment of lottery aid for education, which is financed in large part by a loan that is repaid over the course of the year as lottery revenues are received.

TEMPORARY LOANS OUTSTANDING (millions of dollars)			
	March 31		Annual
	2016	2017	Change
Total Loans Outstanding	2,748	2,759	11
State Special Revenue Funds	345	298	(47)
Federal Funds	1,258	980	(278)
Capital Funds	966	1,246	280
Proprietary Funds	179	235	56

Note 14 — 2 Percent Spending Benchmark

The line on the Financial Plan tables labeled “Adherence to 2% Spending Benchmark” is the estimated savings that would be realized by limiting annual spending growth in future years to 2 percent. The current Administration is expected to propose, and negotiate with the Legislature to enact, Budgets that hold State Operating Funds spending growth to 2 percent. The General Fund operating projections assume that all savings from adhering to 2 percent spending growth are made available to the General Fund.

Note 15 - List of Extraordinary Monetary Settlements Received/Expected

From the beginning of FY 2015, the State received or is currently expecting the following Extraordinary Monetary Settlements:

- BNPP paid nearly \$3.6 billion pursuant to (i) a June 29, 2014 consent order between the DFS and BNPP and (ii) a June 30, 2014 plea agreement between BNPP and the New York County District Attorney (DANY) in connection with conduct by BNPP which violated U.S. national security and foreign policy and raised serious safety and soundness concerns for regulators. BNPP's conduct included obstructing governmental administration, failing to report crimes and misconduct, offering false instruments for filing, and falsifying business records.
- BNP Paribas S.A. and BNP Paribas S.A., New York Branch (collectively "BNPP") paid a \$350 million civil monetary penalty pursuant to a May 24, 2017 consent order between BNPP and the New York State DFS. This consent order pertains to BNPP's significant and material failure with respect to implementing effective controls over its Foreign Exchange trading business.
- Credit Suisse AG paid a \$715 million civil monetary penalty pursuant to a May 18, 2014 consent order between DFS and Credit Suisse AG. This consent order pertained to Credit Suisse AG's decades-long operation of an illegal cross-border banking business whereby Credit Suisse AG knowingly and willfully (i) aided thousands of U.S. clients in opening and maintaining undeclared accounts, and (ii) concealed offshore assets and income from the Internal Revenue Service and New York authorities.
- Credit Suisse Securities (USA) LLC paid the State \$30 million pursuant to a settlement agreement between the Office of the Attorney General and Credit Suisse Securities, to settle investigations into false statements and omissions made in connection with the marketing of dark pools and other high-speed electronic equities trading services.
- Credit Suisse AG and Credit Suisse AG, New York Branch (together, "Credit Suisse") paid a \$135 million civil monetary penalty pursuant to a November 13, 2017 consent order between Credit Suisse and the New York State DFS. This consent order pertains to Credit Suisse's failure to comply with laws and regulations designed to combat improper, unsafe, and unsound conduct in the foreign exchange trading business.
- Commerzbank AG New York Branch and Commerzbank AG (collectively "Commerzbank") paid a \$610 million civil monetary penalty pursuant to a March 12, 2015 consent order between Commerzbank and DFS. This consent order pertained to Commerzbank's transactions on behalf of Iran, Sudan, and a Japanese corporation which engaged in accounting fraud in violation of New York State Banking Law and regulations. Additionally, Commerzbank AG paid \$81.7 million in fines and forfeiture payments pursuant to a Deferred Prosecution Agreement between Commerzbank, the New York County District Attorney's Office and the United States Department of Justice. This Deferred Prosecution Agreement

pertained to Commerzbank's actions in moving more than \$250 million through the U.S. financial system primarily on behalf of Iranian and Sudanese customers in violation of U.S. sanctions, by concealing the illegal nature of these transactions and deceiving U.S. banks that processed the illegal wire payments.

- Deutsche Bank AG and Deutsche Bank AG New York Branch (collectively "Deutsche Bank") paid a \$600 million civil monetary penalty in accordance with an April 23, 2015 consent order between Deutsche Bank and DFS. This consent order pertained to Deutsche Bank's manipulation of benchmark interest rates, including (i) the London Interbank Offered Rate, (ii) the Euro Interbank Offered Rate and (iii) the Euroyen Tokyo Interbank Offered Rate, in violation of New York State Banking Law and regulations.
- Deutsche Bank paid an additional \$200 million civil monetary penalty pursuant to a November 3, 2015 consent order between DFS and Deutsche Bank. This consent order pertained to Deutsche Bank's use of non-transparent methods and practices to conduct more than 27,200 U.S. dollar clearing transactions, valued at over \$10.86 billion, on behalf of Iranian, Libyan, Syrian, Burmese, and Sudanese financial institutions and other entities subject to U.S. economic sanctions, including entities on the Specially Designated Nationals List of the U.S. Treasury Department's Office of Foreign Assets Control.
- In January 2017, Deutsche Bank Securities Inc. ("Deutsche Bank") paid a \$18.5 million monetary penalty in accordance with a 2016 settlement agreement between Deutsche Bank and the Office of the Attorney General of the State of New York. This settlement agreement pertained to Deutsche Bank's material misstatements and omissions in various written materials disseminated to clients and potential clients with respect to Deutsche bank's routing technology.
- On February 7, 2017, the State received a \$425 million fine from Deutsche Bank AG and Deutsche Bank AG New York Branch (collectively "Deutsche Bank") in accordance with a consent order with DFS. The consent order addresses compliance deficiencies at Deutsche Bank that allowed bank traders and offshore entities to improperly and covertly transfer more than \$10 billion out of Russia through security trading schemes known as "mirror trades."
- Barclays paid \$635 million, which included (i) a \$485 million civil monetary penalty in accordance with a May 2015 consent order between Barclays and DFS, and (ii) a \$150 million civil monetary penalty in accordance with a November 2015 consent order between Barclays and DFS. The May 2015 consent order pertained to Barclays' attempted manipulation of benchmark foreign exchange rates and other manipulative conduct in violation of New York State Banking Law and regulations. The November 2015 consent order pertained to Barclays' automated electronic foreign exchange trading misconduct.
- Barclays Capital Inc. paid the State \$35 million pursuant to a settlement agreement between the Office of the Attorney General and Barclays Capital Inc. to settle investigations into false statements and omissions made in connection with the marketing of their dark pools and other high-speed electronic equities trading services.

- Credit Agricole paid \$459 million, which included (i) a \$385 million civil monetary penalty pursuant to an October 2015 consent order between DFS and Credit Agricole, and (ii) an asset forfeiture of \$74 million pursuant to a deferred prosecution agreement with the New York County District Attorney's office. Both the consent order and deferred prosecution agreement pertained to Credit Agricole's processing billions of dollars of payments on behalf of certain sanctioned parties.
- The Bank of Tokyo-Mitsubishi UFJ, Ltd. (BTMU) paid a \$315 million civil monetary penalty pursuant to a November 18, 2014 consent order between DFS and BTMU. This consent order pertained to BTMU's wrongful actions in misleading DFS concerning BTMU's U.S. dollar clearing services conducted on behalf of sanctioned Sudanese, Iranian, and Burmese parties. Previously, BTMU paid a \$250 million civil monetary penalty pursuant to a June 19, 2013 consent order between DFS and BTMU. Such consent order pertained to BTMU's unlawful clearance through the New York Branch and other New York-based financial institutions of approximately 28,000 U.S. dollar payments, valued at approximately \$100 billion, on behalf of certain sanctioned parties.
- Bank of America (BofA) paid \$300 million pursuant to an August 18, 2014 settlement agreement to remediate harms related to BofA's violations of State law in connection with the packaging, origination, marketing, sale, structuring, arrangement, and issuance of residential mortgage-backed securities and collateralized debt obligations. The settlement agreement is the result of investigations by Federal and State entities into BofA Corporation, Bank of America, N.A., and BofA Mortgage Securities, as well as their current and former subsidiaries and affiliates.
- Standard Chartered Bank, New York Branch (SCB NY) paid \$300 million pursuant to an August 19, 2014 consent order between the DFS and SCB NY for failure to fully comply with a September 21, 2012 consent order between the parties. The August 19, 2014 consent order pertained to SCB NY's use of ineffective risk management systems for the identification and management of compliance risks related to compliance with the Bank Security Act (BSA) and anti-money laundering (AML) laws, rules, and regulations. Such risks included U.S. dollar clearing for clients of SCB United Arab Emirates and SCB Hong Kong, among others.
- Morgan Stanley paid \$150 million pursuant to a 2016 settlement agreement between the Office of the Attorney General and Morgan Stanley. This settlement agreement pertained to harms to the State allegedly resulting from Morgan Stanley's creation, packaging, marketing, underwriting, sale, structuring, arrangement, and issuance of residential mortgage-backed securities in 2006 and 2007.
- Bank Leumi paid a \$130 million civil monetary penalty pursuant to a December 22, 2014 consent order between DFS and Bank Leumi. This consent order pertained to Bank Leumi's (i) knowing and willful operation of a wrongful cross-border banking business which assisted U.S. clients in concealing offshore assets and evading U.S. tax obligations, and (ii) misleading DFS about Bank Leumi's improper activities.

- Ocwen Financial (Ocwen) paid a \$100 million civil monetary penalty and another \$50 million as restitution to current and former Ocwen borrowers pursuant to a December 19, 2014 consent order between DFS and Ocwen. This consent order pertained to, among other things, numerous and significant violations of a 2011 agreement between Ocwen and DFS which required Ocwen to adhere to certain servicing practices in the best interest of borrowers and investors. The \$100 million payment is to be used by the State for housing, foreclosure relief, and community redevelopment programs supporting New York's housing recovery. The \$50 million restitution payment will be used to make \$10,000 payments to current and former Ocwen borrowers in New York whose homes were foreclosed upon by Ocwen between January 1, 2009 and December 19, 2014. The balance of the \$50 million will then be distributed equally among borrowers who had foreclosure actions filed against them by Ocwen between January 1, 2009 and December 19, 2014, but in which Ocwen did not complete such foreclosure action.
- Citigroup Inc. ("Citigroup") paid \$92 million pursuant to a July 2014 settlement agreement to remediate harms to the State resulting from the packaging, marketing, sale, structuring, arrangement, and issuance of residential mortgage-backed securities and collateralized debt obligations. The settlement agreement is the result of investigations by Federal and State entities into Citigroup.
- Goldman Sachs Group, Inc. and Goldman Sachs and Co. (collectively "Goldman") paid a \$50 million civil monetary penalty pursuant to an October 2015 consent order between DFS and Goldman. This consent order pertained to Goldman's failure to implement and maintain adequate policies and procedures relating to post-employment restrictions of former government employees.
- Goldman Sachs Group, Inc. as well as its current and former subsidiaries (collectively "Goldman Sachs"), paid the State \$190 million pursuant to an April 2016 settlement agreement between the Office of the Attorney General and Goldman. This settlement agreement pertained to the marketing, structuring, arrangement, underwriting, issuance, and sale of residential mortgage-backed securities by Goldman in 2006 and 2007.
- American Life Insurance Company (ALICO), Delaware American Life Insurance Company (DelAm), and MetLife, Inc. (MetLife) (collectively "MetLife Parties") paid \$50 million as a civil fine pursuant to a March 31, 2014 consent order between DFS and MetLife Parties. This consent order pertained to a DFS investigation into whether ALICO and DelAm conducted an insurance business in New York without a New York license, and aided other insurers in conducting businesses in New York without a New York license.
- American International Group, Inc. (AIG) paid a \$35 million civil monetary penalty pursuant to an October 31, 2014 consent order between DFS and AIG. This consent order pertained to a DFS investigation which uncovered former subsidiaries ALICO and DelAm (i) solicited insurance business in New York without a license and (ii) made intentional misrepresentations and omissions to DFS concerning such activities.

- PricewaterhouseCoopers LLP (PwC) paid \$25 million pursuant to an August 14, 2014 settlement agreement between DFS and PwC to (i) resolve the DFS's investigation of PwC's actions in performing certain consulting services for the Tokyo Branch of The Bank of Tokyo-Mitsubishi UFJ, Ltd. in 2007 and 2008, and (ii) establish the basis for a constructive relationship between the parties that will better protect investors and the public.
- AXA Equitable Life Insurance Company (AXA) paid a \$20 million civil fine pursuant to a March 17, 2014 consent order between DFS and AXA. The consent order pertained to whether AXA properly informed DFS regarding the implementation of its "AXA Tactical Manager" strategy.
- Promontory Financial Group, LLC (Promontory) paid the State \$15 million pursuant to an August 18, 2015 agreement between DFS and Promontory. This agreement pertained to Promontory's performance of regulatory compliance work for Standard Chartered Bank wherein Promontory failed to meet DFS's requirements for consultants performing such regulatory compliance work.
- New Day Financial LLC Fulton, Maryland (New Day) paid a \$1 million civil monetary penalty pursuant to a November 18, 2015 consent order between the DFS and New Day. The consent order pertained to New Day's violation of the Nationwide Multistate Licensing System and Registry Rules of Conduct and New York Mortgage Banking laws.
- The NYS Attorney General announced that Volkswagen AG, Audi and Porsche Affiliates (collectively, "Volkswagen") paid the State \$32 million in monetary recoveries in accordance with a series of proposed settlement agreements between the Office of the Attorney General (amongst others) and Volkswagen. This settlement agreement pertains to Volkswagen's violations of emissions standards and state consumer protection laws. Additionally, the State will receive, and the Department of Environmental Conservation (DEC) will administer, approximately \$128 million for air quality improvement programs in New York.
- Volkswagen AG, Audi AG, Volkswagen Group of America, Inc. (d/b/a Volkswagen of America, Inc. or Audi of America, Inc.), Audi of America, L.L.C., and Volkswagen Group of America Chattanooga Operations LLC (collectively "Volkswagen"), will pay \$157.4 million pursuant to a March 29, 2017, Second Partial Settlement Agreement between Volkswagen and Dr. Ing. h.c. F. Porsche AG and Porsche Cars North America, Inc. (together, "Porsche") (Volkswagen and Porsche together, "Defendants") and the Attorneys General of the States of Connecticut, Delaware, Maine, New York, Oregon, Rhode Island, Vermont, and Washington, and the Commonwealths of Massachusetts and Pennsylvania. The Second Partial Settlement Agreement resolves any claims or potential claims against Defendants for their use of "Defeat Devices" in certain vehicles made pursuant to (a) Federal, state and/or local environmental laws, rules and/or regulations, including but not limited to, laws, rules and/or regulations regarding (i) mobile source emissions, (ii) certification, (iii) reporting of information, inspection and maintenance of vehicles, and/or (iv) anti-tampering provisions, and (b) with the exception of Vermont, claims that could be brought for injunctive relief and/or restitution or other monetary payments to consumers under

applicable consumer protection, unfair trade, or deceptive acts and practices laws, rules and/or regulations, as well as common law and equitable claims to the extent not previously resolved under the First Partial Settlement Agreement. New York State has been allocated \$32.5 million of the \$157.4 million settlement to be paid by Volkswagen and may, consistent with State law and at its sole discretion, use all or a portion of its allocation for any environmentally beneficial purpose.

- Mega International Commercial Bank Co., LTD. and Mega International Commercial Bank Co. LTD. – New York Branch (collectively “Mega Bank”) paid the State a \$180 million monetary penalty in accordance with an August 19, 2016 consent order between DFS and Mega Bank. This consent order pertains to Mega Bank’s failure to maintain effective complaint and compliance programs, its failure to report the discovery of certain misconduct, and for other violations of New York Banking Law.
- Agricultural Bank of China Limited and Agricultural Bank of China, New York Branch (collectively “Agricultural Bank of China”) paid the State a \$215 million civil monetary penalty pursuant to a consent order between the NYS DFS and Agricultural Bank of China. This consent order pertained to Agricultural Bank of China’s serious and persistent compliance failures which indicate a fundamental lack of recognition of the need for a rigorous compliance infrastructure, and inadequate attention to the state of compliance.
- PHH Mortgage and PHH Homes Loans, LLC (collectively “PHH Mortgage”) paid a \$28 million penalty in accordance with a 2016 consent order between PHH Mortgage and DFS. This consent order pertained to PHH Mortgage’s failure to (i) maintain books, accounts, records, and files in an appropriate manner, (ii) adequately and accurately disclose certain fees, and (iii) comply with other laws and regulations.
- Intesa Sanpaola S.p.A. and Intesa Sanpaola S.p.A. New York Branch (collectively “Intesa Bank”) paid the State a \$235 million civil monetary penalty pursuant to a consent order between the NYS DFS and Intesa Bank. This consent order pertains to compliance failures by Intesa Bank in 2005-06 and over the past several years, and Intesa Bank’s use of non-transparent practices from 2002-2006 to process payments on behalf of Iranian clients and other entities.
- Habib Bank Limited and Habib Bank Limited, New York Branch (together “Habib Bank”) paid a \$225 million civil monetary penalty pursuant to a September 7, 2017 consent order between Habib Bank and DFS. This consent order pertains to Habib Bank’s failure to comply with laws and regulations designed to combat money laundering, terrorist financing, and other illicit financial transactions.
- Cigna Health and Life Insurance Company (“Cigna”) paid a \$2 million civil penalty pursuant to a November 14, 2017 consent order between Cigna and DFS. This consent order pertains to Cigna’s violation of laws and regulations by selling stop-loss and fully-insured health insurance policies out-of-state to New York based small groups with employees in the State.

- Western Union Financial Services, Inc. (“Western Union”) paid a \$60 million civil monetary penalty pursuant to a January 4, 2018 consent order between Western Union and DFS. This consent order pertains to Western Union’s willful failure to comply with laws and regulations designed to combat money laundering and other illicit financial transactions.

Note 16 – List of Settlement Uses (Prior to FY 2019 Executive Budget)

The following purposes were identified in past budgets and are expected to continue to be funded with Extraordinary Monetary Settlement funds reappropriated in FY 2019:

- **Thruway Stabilization (\$2.0 billion).** The \$2.0 billion investment will support both the New NY Bridge project and other transportation infrastructure needs for the rest of the Thruway system.
- **Upstate Revitalization Program (\$1.7 billion).** Awarded \$1.5 billion in 2015 to the three Upstate regions selected as URI best plan awardees. An additional \$200 million (\$170 million from Extraordinary Monetary Settlements) was provided in 2016 to support projects in the remaining four eligible Upstate regions.
- **Affordable and Homeless Housing (\$640 million).** Settlement funds will augment the multi-year investment in affordable housing services (\$590 million), and provide housing opportunities for individuals and families who are homeless or at risk of homelessness (\$50 million). Funds will be invested over five years to create new housing opportunities for individuals and families in need of supportive services, as well as to assist vulnerable populations in securing stable housing.
- **Health Care/Hospitals (\$600 million).** Provides \$555 million in grants to health care providers to facilitate mergers, consolidation, acquisition, or other significant corporate restructuring activities. The Plan also funds capital expenses of the RPCI (\$15.5 million); a community health care revolving loan (\$19.5 million); and IT and other infrastructure costs associated with the inclusion of behavioral health sciences in the Medicaid Managed Care benefit package (\$10 million).
- **Broadband Initiative (\$500 million).** Funds the New NY Broadband Fund Program to expand the availability and capacity of broadband across the State, or development of other telecommunication infrastructure. This program is intended to expand the creation of high-speed networks and promote broadband adoption.
- **Buffalo Billion Phase II (\$400 million).** The Executive Budget Financial Plan reflects an additional investment of \$400 million from Extraordinary Monetary Settlement funds to support the second phase of the Buffalo Billion initiative, which totals \$500 million.

- **Life Sciences (\$320 million).** The Executive Budget Financial Plan reflects the commitment of \$320 million from Extraordinary Monetary Settlement funds to support the State's multi-year \$620 million Life Sciences Initiative. The State will provide \$220 million to support state-of-the-art laboratory space, equipment, and technology. Furthermore, \$100 million will be provided in investment capital for early stage life science firms, which is expected to be matched by private sector partners.
- **MTA Capital Plan (\$315 million).** Includes \$250 million for the MTA Penn Station Access project, which will open a new Metro-North link directly into Penn Station. The project is expected to provide enhanced system resiliency, improvement in regional mobility, and construction of four new Metro-North stations in the Bronx. An additional \$65 million paid in FY 2018 was also provided for the MTA's 2015-2019 Capital Program.
- **Resiliency, Mitigation, Security, and Emergency Response (\$250 million).** Provides funding for the preparedness and response efforts related to severe weather events, as well as efforts to prevent, prepare for, and respond to acts of terrorism, other public safety and health emergencies, and natural and man-made disasters. Additionally, funding has been used for counter-terrorism efforts in New York City, including increased security and anti-terror exercises at nine MTA-operated bridges.
- **Transportation Capital Plan (\$200 million).** Provides funding for transportation infrastructure projects across the State.
- **Municipal Restructuring and Consolidation Competition (\$170 million).** Includes \$20 million in funding for a municipal consolidation competition to encourage the reduction of costs through a competitive process to be administered by the Department of State (DOS). This funding is in addition to \$150 million for the first Downtown Revitalization Initiative and for municipal restructuring to assist and encourage local governments and school districts to implement shared services, cooperation agreements, mergers, and other actions that are intended to reduce operating costs and property tax burdens.
- **Transformative Economic Development Projects (\$150 million).** Includes funds to promote economic development in Nassau and Suffolk counties.
- **Environmental Protection Fund (EPF) (\$120 million).** This \$120 million and other EPF resources provide dedicated funding to communities throughout New York State to improve the environment, responds to problems caused by climate change, and reduce greenhouse gas emissions.
- **Infrastructure Improvements (\$115 million).** Funding for infrastructure improvements to support transportation, upstate transit, rail, airport, port, and other projects.
- **Downtown Revitalization Round Two (\$100 million).** The Downtown Revitalization Initiative funds housing, economic development, transportation, and community projects to attract and retain residents, visitors, and businesses to downtowns.

Financial Plan Tables and Accompanying Notes

- **Economic Development (\$85 million).** Funding for economic development with the intention of creating jobs, strengthening and diversifying economies, and generating economic opportunities across the State, including investments in infrastructure.
- **Southern Tier/Hudson Valley Farm Initiative (\$50 million).** Funding to help landowners in the Southern Tier and Hudson Valley maintain and develop farming, agricultural, and related businesses.
- **Empire State Poverty Reduction Initiative (ESPRI) (\$25 million).** The ESPRI will bring together State and local government, nonprofits, and community groups to design and implement coordinated solutions for addressing poverty in 16 municipalities: Albany, Binghamton, the Bronx, Buffalo, Elmira, Hempstead, Jamestown, Newburgh, Niagara Falls, Oneonta, Oswego, Rochester, Syracuse, Troy, Utica, and Watertown.
- **Non-MTA Transit (\$20 million).** Funds will be directed by the DOT toward upstate and downstate public transportation systems other than the MTA to defray the costs of capital projects or acquisitions.

Extraordinary Monetary Settlements - Cash Flow Management

Since 2015, the receipt of \$10.7 billion in Extraordinary Monetary Settlements has increased the State's cash on hand and improved its liquidity position. A large portion, \$7.8 billion, of the Extraordinary Monetary Settlements have been programmed for capital projects that are expected to spend over multiple years. This has provided the flexibility to use these cash resources temporarily to support capital spending and avoid issuing debt immediately, saving on interest costs. Accordingly, the Executive Budget continues to assume that Extraordinary Monetary Settlements will temporarily be used for two different purposes:

1. Use \$1.3 billion to fund bond-financed capital disbursements. As shown in the table below, settlement resources were used to pay for \$1.3 billion of capital spending in FY 2018 to support higher education, transportation, and economic development. This \$1.3 billion advance from settlement funds will be repaid when the State reimburses this capital spending with bond proceeds in FY 2018 (\$800 million) and FY 2019 (\$500 million).
2. Meet initial capital funding requirements for the Javits expansion project. As shown in the table below, spending for the Javits expansion will be supported by settlement fund balances in the first instance, beginning in FY 2018. Subsequently, these expenses will be reimbursed from bond proceeds from planned issuances in FYs 2020 and 2021.

ALLOCATION OF MONETARY SETTLEMENTS TO CAPITAL PROJECTS FUNDS (millions of dollars)									
	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023	Total

Note: To conform the budgeting of mental hygiene program operations with Generally Accepted Accounting Principles (GAAP), the FY 2019 Executive Budget shifts FTEs from Special Revenue funds to the General Fund. This technical change does not impact overall FTE levels; however, the shift is presented as a budget year adjustment on a cash basis (3/31/18 to 3/31/19) and as a current year shift on an appropriation basis (current actuals to 3/31/18).

Note: To conform the budgeting of mental hygiene program operations with Generally Accepted Accounting Principles (GAAP), the FY 2019 Executive Budget shifts FTEs from Special Revenue funds to the General Fund. This technical change does not impact overall FTE levels; however, the shift is presented as a budget year adjustment on a cash basis (3/31/18 to 3/31/19) and as a current year shift on an appropriation basis (current actuals to 3/31/18).

Note: To conform the budgeting of mental hygiene program operations with Generally Accepted Accounting Principles (GAAP), the FY 2019 Executive Budget shifts FTEs from Special Revenue funds to the General Fund. This technical change does not impact overall FTE levels; however, the shift is presented as a budget year adjustment on a cash basis (3/31/18 to 3/31/19) and as a current year shift on an appropriation basis (current actuals to 3/31/18).

Workforce Impact Summary

NOTE 1: Cash disbursements can vary from the level of appropriation authority due to intra-year transfers or suballocation, changes in the amount/timing of carry-out spending, and the use of agency appropriation interchange authorization. Appropriation amounts include new authority, reappropriations, and other amendments, but do not include carry-in authority from prior years which is subject to lapse.

NOTE 2: Special statewide appropriation authority is available to all State agencies to meet funding needs during emergencies, and for the Federal Government's share of costs resulting from natural or man-made natural disasters in advance of the availability of Federal reimbursement.

NOTE 3: The State maintains two-year Medicaid appropriations along with authorization for Medicaid spending outside of DOH.

NOTE 1: Cash disbursements can vary from the level of appropriation authority due to intra-year transfers or suballocation, changes in the amount/timing of carry-out spending, and the use of agency appropriation interchange authorization. Appropriation amounts include new authority, reappropriations, and other amendments, but do not include carry-in authority from prior years which is subject to lapse.

NOTE 2: Special statewide appropriation authority is available to all State agencies to meet funding needs during emergencies, and for the Federal Government's share of costs resulting from natural or man-made natural disasters in advance of the availability of Federal reimbursement.

NOTE 3: The State maintains two-year Medicaid appropriations along with authorization for Medicaid spending outside of DOH.
