RRR of chapter 59 of the laws of 2017, is amended to read as follows:
§ 4. An entity selected by an authorized state entity to enter into [a
design-build contract shall] an alternative project delivery contract
may be selected through a two-step method, as follows:
(a) Step one. Generation of a list of entities that have demonstrated
the general capability to perform the [design-build] alternative project
delivery contract. Such list shall consist of a specified number of
entities, as determined by an authorized state entity, and shall be
generated based upon the authorized state entity's review of responses
to a publicly advertised request for qualifications. The authorized
state entity's request for qualifications shall include a general
description of the project, the maximum number of entities to be
included on the list, the selection criteria to be used and the relative
weight of each criteria in generating the list. Such selection criteria
shall include the qualifications and experience of the [design and
construction team] entity or team of entities, organization, demon-
strated responsibility, ability of the team or of a member or members of
the team to comply with applicable requirements, including the
provisions of articles 145, 147 and 148 of the education law, past
record of compliance with the labor law, and such other qualifications
the authorized state entity deems appropriate which may include but are
not limited to project understanding, financial capability and record of
past performance. The authorized state entity shall evaluate and rate
all entities responding to the request for qualifications. Based upon such ratings, the authorized state entity shall list the entities that shall receive a request for proposals in accordance with subdivision (b) of this section. To the extent consistent with applicable federal law, the authorized state entity shall consider, when awarding any contract pursuant to this section, the participation of: (i) firms certified pursuant to article 15-A of the executive law as minority or women-owned businesses and the ability of other businesses under consideration to work with minority and women-owned businesses so as to promote and assist participation by such businesses; [and] (ii) small business concerns identified pursuant to subdivision (b) of section 139-g of the state finance law[.]; and (iii) firms certified pursuant to article 17-B of the executive law as service-disabled veteran-owned businesses and the ability of other businesses under consideration to work with service-disabled veteran-owned businesses so as to promote and assist participation by such businesses.

(b) Step two. Selection of the proposal which is the best value to the authorized state entity. The authorized state entity shall issue a request for proposals to the entities listed pursuant to subdivision (a) of this section. If such an entity consists of a team of separate entities, the entities that comprise such a team must remain unchanged from the entity as listed pursuant to subdivision (a) of this section unless otherwise approved by the authorized state entity. The request for proposals shall set forth the project's scope of work, and other requirements, as determined by the authorized state entity. The request for proposals shall specify the criteria to be used to evaluate the responses and the relative weight of each such criteria. Such criteria shall include the proposal's cost, the quality of the proposal's
solution, the qualifications and experience of the [design-build] entity, and other factors deemed pertinent by the authorized state entity, which may include, but shall not be limited to, the proposal's project implementation, ability to complete the work in a timely and satisfactory manner, maintenance costs of the completed project, maintenance of traffic approach, and community impact. Any contract awarded pursuant to this act shall be awarded to a responsive and responsible entity that submits the proposal, which, in consideration of these and other specified criteria deemed pertinent to the project, offers the best value to the authorized state entity, as determined by the authorized state entity. The request for proposals shall include a statement that entities shall designate in writing those portions of the proposal that contain trade secrets or other proprietary information that are to remain confidential; that the material designated as confidential shall be readily separable from the entity's proposal. Nothing herein shall be construed to prohibit the authorized entity from negotiating final contract terms and conditions including cost. All proposals submitted shall be scored according to the criteria listed in the request for proposals and such final scores shall be published on the authorized state entity's website.

§ 6. Section 7 of part F of chapter 60 of the laws of 2015, constituting the infrastructure investment act, is amended to read as follows:

§ 7. If otherwise applicable, capital projects undertaken by the authorized state entity pursuant to this act shall be subject to section 135 of the state finance law, section 101 of the general municipal law and section 222 of the labor law; provided, however, that an authorized entity may fulfill its obligations under section 135 of the state finance law or section 101 of the general municipal law by requiring the
contractor to prepare separate specifications in accordance with section 135 of the state finance law or section 101 of the general municipal law as the case may be.

Redemptions of refund value must be in legal tender, or a scrip or receipt from a reverse vending machine, provided that the scrip or receipt can be exchanged for legal tender for a period of not less than sixty days without requiring the purchase of other goods. If the scrip or receipt from a reverse vending machine expires, the expiration date must be indicated on such scrip or receipt, or the dealer must post a conspicuous sign indicating how many days a redeemer has to exchange the scrip or receipt for legal tender. If notification of an expiration is not provided, a dealer must redeem the full refund value indicated on any legible scrip or receipt. The use or presence of a reverse vending machine shall not relieve a dealer of any obligations imposed pursuant to this section. If a dealer utilizes a reverse vending machine to redeem containers, the dealer shall provide redemption of beverage containers when the reverse vending machine is full, broken, under repair or does not accept a type of beverage container sold or offered for sale by such dealer and may not limit the hours or days of redemption except as provided by subdivision three of this section.

3. [On or after June first, two thousand nine, a] A dealer whose primary business is the sale of food or beverages for consumption off-premises and whose place of business is less than ten thousand square feet in size may limit the number of empty beverage containers to be accepted for redemption at the dealer's place of business to no less
than seventy-two containers per visit, per redeemer, per day[, provided that:

(a) The dealer has a written agreement with a redemption center, be it either at a fixed physical location within the same county and within one-half mile of the dealer's place of business, or a mobile redemption center, operated by a redemption center, that is located within one-quarter mile of the dealer's place of business. The redemption center must have a written agreement with the dealer to accept containers on behalf of the dealer; and the redemption center's hours of operation must cover at least 9:00 a.m. through 7:00 p.m. daily or in the case of a mobile redemption center, the hours of operation must cover at least four consecutive hours between 8:00 a.m. and 8:00 p.m. daily. The dealer must post a conspicuous, permanent sign, meeting the size and color specifications set forth in subdivision two of this section, open to public view, identifying the location and hours of operation of the affiliated redemption center or mobile redemption center; and

(b) The dealer provides, at a minimum, a consecutive two hour period between 7:00 a.m. and 7:00 p.m. daily whereby the dealer will accept up to two hundred forty containers, per redeemer, per day, and posts a conspicuous, permanent sign, meeting the size and color specifications set forth in subdivision two of this section, open to public view, identifying those hours. The dealer may not change the hours of redemption without first posting a thirty day notice; and

(c) The dealer's primary business is the sale of food or beverages for consumption off-premises, and the dealer's place of business is less than ten thousand square feet in size].

1 empty beverage containers[, including containers processed in a reverse
2 vending machine,] from a redemption center, dealer or the operator of a
3 reverse vending machine, shall be a violation of this title.
4
7. A deposit initiator [on a brand] who initiates a deposit on a
5 beverage container shall accept from [a] any other deposit initiator or
6 distributor who [does] did not initiate [deposits] a deposit on that
7 [brand any empty] beverage [containers of that brand] any empty beverage
8 container accepted by the other deposit initiator or distributor from a
9 dealer or operator of a redemption center and shall reimburse the other
10 deposit initiator or distributor the refund value of each such beverage
11 container, as established by section 27-1005 of this title. In addition,
12 the deposit initiator shall reimburse such other deposit initiator or
13 distributor for each such beverage container the handling fee estab-
14 lished under subdivision six of this section that was paid by the
15 redeeming distributor or deposit initiator. Without limiting the rights
16 of the department or any person, firm or corporation under this subdivi-
17 sion or any other provision of this [section] title, a distributor shall
18 have a civil right of action to enforce this subdivision, including,
19 upon three days notice, the right to apply for temporary and preliminary
20 injunctive relief against continuing violations, and until arrangements
21 for collection and return of empty containers or reimbursement of [such]
22 the redeeming distributor for such deposits and handling fees are made.
23
8. It shall be the responsibility of the deposit initiator or distrib-
24 utor to provide to a dealer or redemption center a sufficient number of
25 bags, cartons, or other suitable containers, at no cost, for the packag-
26 ing, handling and pickup of empty beverage containers that are not
27 redeemed through a reverse vending machine. The bags, cartons, or
28 containers must be provided by the deposit initiator or distributor on a
schedule that allows the dealer or redemption center sufficient time to sort the empty beverage containers prior to pick up by the deposit initiator or distributor. In addition:

(a) When picking up empty beverage containers, a deposit initiator or distributor shall not require a dealer or redemption center to load their own bags, cartons or containers onto or into the deposit initiator's or distributor's vehicle or vehicles or provide the staff or equipment needed to do so. However, where pallets or skids, bags, cartons or containers are readily movable only by means of a forklift or similar equipment, a deposit initiator or distributor may require a dealer or redemption center to move or load such items at no cost using a forklift or similar equipment belonging to the dealer or redemption center.

(b) For empty containers not processed through a reverse vending machine, a dealer or redemption center may provide to a deposit initiator or a distributor a signed, written statement attesting to the count of the number of containers tendered for redemption. If such statement is provided, the deposit initiator or distributor shall pay the redemption center or dealer all applicable refunds and handling fees for the containers as indicated on such statement, unless discrepancies discovered during the course of an audit are documented by the deposit initiator or distributor and the reasons for the discrepancies are provided in writing to the redemption center or dealer. A deposit initiator or distributor [shall not] may require a redemption center or dealer's count of empty containers to be [counted] audited at a location other than the redemption center or dealer's place of business, if there is insuffi-
cient space to conduct an audit, or if an audit cannot be completed in a
safe, secure location protected from weather conditions. The dealer or
redemption center shall have the right to be present at [the count] an
audit conducted at a location other than the redemption center or deal-
er's place of business.

(c) A deposit initiator or distributor shall pick up empty beverage
containers from the dealer or redemption center at reasonable times and
intervals as determined in rules or regulations promulgated by the
department.

9. No person shall return or assist another to return to a dealer or
redemption center an empty beverage container for its refund value if
such container had previously been accepted for redemption by a dealer,
redemption center, [or] distributor, a deposit initiator who initiates
deposits on beverage containers of the same brand, or an agent of a
deposit initiator, or if such empty container was previously accepted by
a reverse vending machine.

10. A redeemer, dealer, distributor, deposit initiator or redemption
center shall not knowingly redeem an empty beverage container that was
not sold as a filled container in the state and on which a deposit was
never paid in New York state, and shall only pay deposits on the actual
number of empty beverage containers tendered and accepted for
redemption.

11. [Notwithstanding the provisions of subdivision two of section
27-1009 of this title, a deposit initiator or distributor shall accept
and redeem beverage containers as provided in this title, if the dealer
or operator of a redemption center shall have accepted and paid the
refund value of such beverage containers.] Once the refund value of an
empty beverage container has been paid by a deposit initiator who initi-
ates deposits on that type of beverage container, no person may knowing-
ly accept that empty beverage container from, or give or sell it to, any
person for the purpose of obtaining the refund value from any person.

12. No person shall [intentionally] program, tamper with, render inac-
curate, or circumvent the proper operation of a reverse vending machine
[to wrongfully elicit deposit monies when no valid, redeemable beverage
container has been placed in and properly processed by the reverse vend-
ing machine].

13. No person shall transport empty beverage containers from out of
state into New York state for the purpose of tendering such beverage
containers for redemption.

14. a. Reverse vending machines shall be designed to prevent the frau-
dulent redemption of containers by utilizing the best available technol-
gy and provide an accurate report containing the following information:

   (i) the number of containers placed in the reverse vending machine
   over a predetermined time period;

   (ii) the product name of each beverage container placed in the reverse
   vending machine; and

   (iii) the material type and size of each beverage container placed in
   the reverse vending machine.

b. All reverse vending machines shall be audited by an independent
third-party auditor at least twice per year, but not within any four
consecutive months.

c. A reverse vending machine, any report provided from such machine,
and any audit of a reverse vending machine, are subject to inspection
and audit by the department. The department of taxation and finance is
authorized to audit any report from a reverse vending machine.
§ 4. Section 27-1009 of the environmental conservation law, as amended by section 4 of part F of chapter 58 of the laws of 2013, is amended to read as follows:

§ 27-1009. Refusal of acceptance.

1. A dealer or operator of a redemption center [may] shall refuse to accept from a redeemer, and a deposit initiator or distributor [may] shall refuse to accept from a dealer or operator of a redemption center any empty beverage container which does not state thereon a refund value as established by section 27-1005 and provided by section 27-1011 of this title.

2. A dealer [or], operator of a redemption center, distributor, or deposit initiator may also refuse to accept any broken bottle, any corroded, crushed or dismembered container, or any beverage container which [contains a significant amount of foreign material] is otherwise altered so that it is rendered unredeemable, as determined in rules and regulations to be promulgated by the commissioner. Such refusal must occur at the time the beverage container is tendered for redemption. Notwithstanding the foregoing, containers processed through a reverse vending machine authorized by a distributor or deposit initiator, as documented through reverse vending machine reconciliation statements or other reasonable documentation, shall be accepted by a distributor or deposit initiator.

§ 5. Paragraph b of subdivision 1 of section 27-1011 of the environmental conservation law, as amended by section 5 of part F of chapter 58 of the laws of 2013, is amended and a new subdivision 4 is added to read as follows:

b. Such embossing or permanent imprinting on the beverage container shall be the responsibility of the person, firm or corporation which
bottles, cans or otherwise fills or packages a beverage container or a
brand owner for whose exclusive account private label beverages are
bottled, canned or otherwise packaged; provided, however, that the duly
authorized agent of any such person, firm or corporation may indicate
such refund value by a label securely affixed on any beverage container
containing beverages imported into the United States. Private label
beverages shall be defined as beverages [purchased from a bottler] in
beverage containers bearing a brand name or trademark for sale [at
retail] or distribution, directly by the owner or licensee of such brand
name or trademark; or through [retail] dealers affiliated with such
owner or licensee by a cooperative [or], franchise, or other agreement.

4. No person shall sell in this state a drink container that indicates
a New York state refund value if the container is not a "beverage
container," as that term is defined by section 27-1003 of this title.

§ 6. Subdivision 1, paragraphs a and b of subdivision 4, subdivisions
8 and 12 of section 27-1012 of the environmental conservation law,
subdivision 1, paragraphs a and b of subdivision 4 and subdivision 8 as
added by section 8 of part SS of chapter 59 of the laws of 2009, and
subdivision 12 as amended by section 6 of part F of chapter 58 of the
laws of 2013, are amended to read as follows:

1. Each deposit initiator shall deposit in a refund value account an
amount equal to the refund value initiated under section 27-1005 of this
title which is received with respect to each beverage container sold by
such deposit initiator. Such deposit initiator shall hold the amounts in
the refund value account in trust for the state. A refund value account
shall be an interest-bearing account established in a banking institu-
tion located in this state, the deposits in which are insured by an
agency of the federal government. Deposits of such amounts into the
refund value account shall be made not less frequently than every [five] thirty business days. All interest, dividends and returns earned on the refund value account shall be paid directly into said account. The monies in such accounts shall be kept separate and apart from all other monies in the possession of the deposit initiator. The commissioner of taxation and finance may specify a system of accounts and records to be maintained with respect to accounts established under this subdivision.

a. Quarterly payments. An amount equal to eighty percent of the balance outstanding in the refund value account at the close of each quarter shall be paid to the commissioner of taxation and finance at the time the report provided for in subdivision three of this section is required to be filed. However, a deposit initiator who initiates deposits on beverage containers with a universal product code and label design that is unique to this state, or used only in this state and any other states that have a law substantially similar to this title, shall be entitled to pay an amount equal to only sixty percent of the balance outstanding in the refund value account attributable to such beverage containers at the close of each quarter to the commissioner of taxation and finance at the time the report provided for in subdivision three of this section is required to be filed. The commissioner of taxation and finance may require that the payments be made electronically. The remaining twenty percent of the balance outstanding at the close of each quarter shall be the monies of the deposit initiator and may be withdrawn from such account by the deposit initiator. If the provisions of this section with respect to such account have not been fully complied with, each deposit initiator shall pay to such commissioner at such time, in lieu of the amount described in the preceding sentence, an amount equal to the balance which would have been outstanding on such
date had such provisions been fully complied with. The commissioner of taxation and finance may require that the payments be made electronically.

b. Refund value account shortfall. In the event a deposit initiator pays out more in refund values than it collects in deposits of refund values during the course of a quarterly period as described in subdivision three of this section, the deposit initiator may apply to the commissioner of taxation and finance for a refund of the amount of such excess payment of refund values from sources other than the refund value account, in the manner as provided by the commissioner of taxation and finance. A deposit initiator must apply for a refund no later than twelve months after the due date for filing the quarterly report for the quarterly period for which the refund claim is made. No interest shall be payable for any refund paid pursuant to this paragraph. However, a deposit initiator who initiates deposits on beverage containers that do not have a universal product code and label design that is unique to this state or used only in this state and any other states that have a law substantially similar to this title shall not be entitled to a refund pursuant to this subdivision.

8. The commissioner of taxation and finance may require the maintenance of such accounts, records or documents relating to the sale of beverage containers, by any deposit initiator, [bottler] beverage manufacturer, distributor, dealer or redemption center as such commissioner may deem appropriate for the administration of this section. Such commissioner may make examinations, including the conduct of facility inspections during regular business hours, with respect to the accounts, records or documents required to be maintained under this subdivision. Such accounts, records and documents shall be preserved for a period of
three years, except that such commissioner may consent to their
destruction within that period or may require that they be kept longer.
Such accounts, records and documents may be kept within the meaning of
this subdivision when reproduced by any photographic, photostatic,
microfilm, micro-card, miniature photographic or other process which
actually reproduces the original accounts, records or documents.

12. a. Each deposit initiator shall provide a report to the department
describing all the types of beverage containers on which it initiates
deposits. The report shall include the product name, type of beverage,
size and composition of the beverage container, universal product code,
the ways in which the deposit initiator attempts to prevent the fraudu-
ment sale and redemption of brands of beverage containers it sells, and
any other information the department may require. Upon request, a depos-
it initiator shall also provide to the department a copy of the contain-
er label or a picture of any beverage container sold or offered for sale
in this state on which it initiates a deposit. Such information shall be
provided in a form as prescribed by the department. The department may
require that such forms be filed electronically.

b. A [bottler] beverage manufacturer may place on a beverage container
a universal product code or other distinctive marking that is specific
to the state or used only in the state and any other states with laws
substantially similar to this title as a means of preventing the sale or
redemption of beverage containers on which no deposit was initiated.

c. A [bottler] beverage manufacturer or deposit initiator shall notify
the department, in a form prescribed by the department, whenever a
beverage container or beverage container label is revised by altering
the universal product code, or whenever the container on which a
universal product code appears is changed in size, composition or glass
color, or whenever the container or container label on which a universal
product code appears is changed to include a universal product code that
is unique to the state or used only in the state and any other states
with laws substantially similar to this title.

d. The department may require the maintenance of such accounts,
records or documents relating to the sale and redemption of beverage
containers, by any deposit initiator, beverage manufacturer, distribu-
tor, dealer or redemption center as the department may deem appropriate
for the administration of this title. The department may make examina-
tions, including conducting facility inspections during regular busi-
ness hours, with respect to the accounts, records or documents required
to be maintained under this subdivision. Such accounts, records and
documents shall be preserved for a period of three years, except that
the department may consent to their destruction within that period or
may require that they be kept longer. Such accounts, records and docu-
ments may be kept within the meaning of this subdivision when reproduced
by any photographic, photostatic, microfilm, micro-card, miniature
photographic or other process which actually reproduces the original
accounts, records or documents.

beverage containers for which such person knows or should reasonably
know that no deposit was paid in New York state may be assessed [by the
department] a civil penalty of up to one hundred dollars for each
container or up to twenty-five thousand dollars for each such tender of
containers. At each location where a person tenders containers for
redemption, dealers and redemption centers must conspicuously display a
sign in letters that are at least one inch in height with the following

which a deposit was never paid in this state may be subject to a civil
penalty of up to one hundred dollars per container or up to twenty-five

In addition, the provisions of section 27-1005 of this title and subdivisions one, two, three, four, five, ten and eleven of section 27-1007 of this title may be enforced by a county, city, town or village and the local legislative body thereof may adopt local laws, ordinances or regulations consistent with this title providing for the enforcement of such provisions.

b. In addition, without limiting the rights of the department, or any person, firm or corporation under this subdivision or any other provision of this section, a dealer, owner or operator of a redemption center, distributor, or deposit initiator shall have a civil right of action to enforce the provisions of section 27-1009 of this title and subdivisions four, five, six, and eight of section 27-1007 of this title.

5-a. The [city of New York, Nassau county and Suffolk county] county district attorney offices of all counties in this state are entitled to retain [twenty-five] fifty percent of all monies collected as criminal,

6. (a) Any person who willfully violates or directs another to violate the requirements to collect or charge the refund value imposed by section 27-1005 or paragraph a of subdivision nine of section 27-1012 of this title on five thousand or more beverage containers in one or more separate transactions within one year shall be guilty of a class B misdemeanor.

(b) Any person, having previously been convicted of a violation of paragraph (a) of this section within the past three years, who willfully violates or directs another to violate the requirements to collect or charge the refund value imposed by section 27-1005 or paragraph a of subdivision nine of section 27-1012 of this title on five thousand or more beverage containers in one or more separate transactions within one year shall be guilty of a class A misdemeanor.

27-1005 or paragraph a of subdivision nine of section 27-1012 have not
been complied with, it shall be presumptive evidence that all such
containers in such person's possession are considered being possessed
with the intent to sell in New York state. It shall be an affirmative
defense to the above presumptive evidence clause that containers, as
described above, are not being possessed with the intent to sell in New
York state, as long as the entity maintains with the containers,
invoices, purchase orders, or other verifiable business records accepta-
able to the department, which clearly document that the containers are
intended for sale to customers outside of New York state.

7. A violation of this title, except as otherwise provided in this
section and section 27-1012 of this title, shall be a public nuisance.

8. All officers and employees, designated by the commissioner, and all

bears evidence of illegal sale or redemption, or it is possessed or
transported under circumstances making the possession or transportation
presumptive evidence of illegal sale or redemption.

9. If the defendant is held liable or found guilty in any prosecution,
civil or criminal, for a violation involving the illegal sale or intent
to sell beverages requiring a deposit or the illegal redemption of
returnable beverage containers in violation of any provisions of this
title, or if the defendant shall effect a civil compromise of any action
or cause of action in favor of the state arising out of such violation,
the defendant's interest in any and all beverages, beverage containers,
whether full or empty, and any vehicle or other conveyance used during
the commission of the violation of such provisions shall be forfeited to
the state.

Upon completion of a tentative tidal wetlands boundary map for a particular area, the commissioner or his or her designated hearing officer shall hold a public hearing in order to afford an opportunity for any person to propose additions or deletions from such map. The commissioner shall give notice of such hearing to each owner of record of all lands designated as such wetland as shown on such maps, and also to the chief administrative officer of each municipality within whose boundary any such wetland or portion thereof is located[, by certified mail, return receipt requested,] not less than thirty days prior to the date set for such hearing. The commissioner shall also cause notice of such hearing to be published [at least once], not [more than thirty days nor] fewer than [ten] thirty days before the date set for such hearing, in at least two newspapers having a general circulation in the area where such wetlands are located.

4. After considering the testimony given at such hearing and any other facts which may be deemed pertinent and after considering the rights of affected property owners and the policy and purposes of this act, the commissioner shall establish by order the final bounds of each such wetland. A copy of the order, together with a copy of the map depicting such final boundary lines, shall be filed in the office of the clerk of the county in which each such wetland is located. The commissioner shall simultaneously give notice of such order to each owner of all lands designated as such wetlands by mailing a copy of such order to such owner. The commissioner shall also simultaneously give notice of such order [by certified mail] to the chief administrative officer of each
municipality within whose boundary any such wetland or portion thereof
is located. The commissioner shall also cause a copy of such order to be
published in at least two newspapers having a general circulation in the
area where such wetlands are located.

§ 3. This act shall take effect immediately.

PART K

Section 1. Legislative intent. The legislature hereby finds that
consumers in the state do not have ready access to information about the
products they may use and the product ingredients they may be exposed to
every day. While the state has taken steps to ban certain product ingre-
dients known to be harmful to human health and the environment, more
must be done to give consumers real time access to product ingredient
information so consumers can make informed decisions about which
products to buy and use. Specifically, consumers should have the right
to know if a product contains a carcinogen, mutagen or endocrine disrup-
tors and other chemicals of concern, the state, as trustee of its
natural resources should have the means to identify substances which may
be discharged to the environment.

§ 2. Subdivision 1 of section 35-0103 of the environmental conserva-
tion law is amended to read as follows:

1. "[Household cleansing] Cleansing product" means any product,
including but not limited to soaps and detergents, containing a surfac-
tant as a wetting or dirt emulsifying agent and used primarily for
domestic [or], commercial, or industrial cleaning purposes, including
but not limited to, the cleansing of fabrics, dishes, food utensils and
household and commercial premises. [Household cleansing] Cleansing prod-
uct shall not mean foods, drugs, cosmetics, insecticides, fungicides and rodenticides or cleansing products used primarily in industrial manufactur- ing, production and assembling processes as provided by the commis- sioner by rule and regulation.

§ 3. Section 35-0107 of the environmental conservation law is amended to read as follows:

§ 35-0107. Powers and duties of commissioner.

1. The commissioner is hereby authorized to promulgate regulations requiring manufacturers of [household] cleansing products distributed, sold or offered for sale in this state, to furnish to the commissioner for the public record as herein provided information regarding such products in a form prescribed by the commissioner including the nature and extent of investigations and research performed by the manufacturer concerning the effects of such products on human health and the environ- ment. These reports shall be available to the public at the department of environmental conservation, except those portions the manufacturer determines, subject to the approval of the commissioner, would be, if disclosed, seriously prejudicial to the manufacturer's legitimate inter- est in trade secrets and economics of operation.

2. [No later than February 1, 1973 the commissioner shall prepare and submit a comprehensive report to the governor and legislature on the status of progress made in research and development to provide a safe and effective substitute for phosphates in household cleansing products.

3.] Whenever the commissioner finds, after investigation, that any ingredient of [household] cleansing products distributed, sold, offered or exposed for sale in this state, other than an ingredient for which limitations are set forth in subdivision 2 of section 35-0105, will or is likely to materially affect adversely human health or the environ-
ment, he may, after public hearing, restrict or limit by regulation the
use of such ingredient in such products.
§ 4. Article 37 of the environmental conservation law is amended by
adding a new title 9 to read as follows:

TITLE 9

CONSUMER PRODUCT DISCLOSURE

Section 37-0901. Short title.
§ 37-0901. Short title.
This title shall be known and may be cited as the "consumer chemical
awareness act".
§ 37-0903. Definitions.
§ 37-0903. Definitions.
As used in this title, the following terms shall mean:
1. "Consumer product" means any product sold or offered in the state,
including but not limited to (a) cleansing products as defined by
section 35-0103 of this chapter; (b) any product intended for use, or
that may be reasonably expected to be used, by children; (c) any other
such product that could, through normal use, expose the user to any
carcinogen, mutagen, endocrine disruptor or other chemicals of concern
identified by the department.
2. "Manufacturer" means any person, firm, association, partnership,
limited liability company, corporation, governmental entity, organiza-

§ 37-0911. Rules and regulations.

1. The department is authorized to promulgate such rules and regulations as it shall deem necessary to implement provisions of this title, and shall designate in such rules specific consumer products and chemicals of concern that trigger the labeling and disclosure requirements of this title taking into account factors such as levels of exposure and the feasibility of requiring labeling for such products.

2. Any regulations promulgated pursuant to section 37-0905 of this title shall specify the content of such label and shall at a minimum, direct consumers to where they can find additional information about the product and its ingredients.

§ 37-0913. Enforcement.

The provisions of this title shall be severable and if any phrase, clause, sentence or provision of this title, or the applicability thereof to any person or circumstance shall be held invalid, the remainder of this title and the application thereof shall not be affected thereby.

§ 5. The public health law is amended by adding a new article 48-A to read as follows:

ARTICLE 48-A

REGULATION OF PERSONAL CARE PRODUCTS

Section 4850. Declaration of legislative intent and findings.

4851. Definitions.

4852. Disclosure.

4853. Penalties.

4854. Severability.

§ 4850. Declaration of legislative intent and findings. There are tens of thousands of chemicals used commercially in the United States, and each year approximately 1,000 chemicals are added for commercial use. The majority of chemicals in commercial use in the United States, including those used as ingredients in personal care products, have never been fully tested for potential impacts on human health or the environment.

Some chemicals used in personal care products have been identified through scientific studies as being potential carcinogens, reproductive or developmental toxicants, or endocrine disruptors. Some have also been found through biomonitoring studies to be present in human blood, breast milk, or urine. These findings have led national and international agencies to develop lists of chemicals of concern based on the chemicals' potential to impact human health, and their presence in products that consumers use everyday.
Federal law requires personal care product labels to list ingredients. However, information concerning the potential health effects of exposure to these chemical ingredients is not widely available, chemicals used as fragrances or flavoring are exempt from labelling requirements, and personal care products sold for commercial use are not required to carry any ingredient labelling. At present, the only way to identify a product as containing a chemical of concern is to compare labeled product ingredients with chemical lists developed by many different agencies.

Furthermore, independent testing and laboratory analyses by other states have identified products that contain substances that could potentially cause harmful health effects but that are not identified as an ingredient on the product's label. Nevertheless, under the federal Food, Drug and Cosmetic Act (21 U.S.C. Sec. 301 et seq.), many personal care products and their ingredients are not subject to premarket safety testing, review, or approval before they are sold to the public.

Therefore, the legislature hereby finds and declares that the disclosures required under federal law of ingredients contained in personal care products fail to adequately educate and protect consumers. In order to empower consumers with the information needed to make well-informed decisions regarding products that their families are exposed to daily, it shall be the policy of the state to require the personal care product industry to more fully disclose the ingredients they use and, where applicable, identify ingredients that have been published as a chemical of concern on one or more lists identified by the commissioner. This will benefit consumers, encourage manufacturers to remove potentially harmful chemicals from their products, and encourage development of innovative methods including green chemistry to replace these ingredients with more environmentally-preferable alternatives.
§ 4851. Definitions. As used in this article, unless the context requires otherwise:

1. "Ingredient" shall mean all of the following:

   (a) An intentionally added ingredient present in any quantity in the personal care product;

   (b) A nonfunctional byproduct or nonfunctional contaminant, present in a personal care product in any quantity exceeding one-half of one percent (0.5%) of the content of the product by weight or other amount determined by the commissioner;

   (c) A nonfunctional byproduct present in a personal care product in any quantity not exceeding one-half of one percent (0.5%) of the content of the product by weight, provided such element or compound has been published as a chemical of concern on one or more lists identified by the commissioner;

   (d) A nonfunctional contaminant present in a personal care product in a quantity determined by the commissioner and not exceeding one-half of one percent (0.5%) of the content of the product by weight, provided such element or compound has been published as a chemical of concern on one or more lists identified by the commissioner.

2. "Intentionally added ingredient" shall mean any element or compound that a manufacturer has intentionally added to a personal care product, and which has a functional or technical effect in the finished product, including, but not limited to, the components of intentionally added fragrance, flavoring and colorants, and the intentional breakdown products of an added element or compound that also have a functional or technical effect on the finished product.

3. "Nonfunctional byproduct" shall mean any element or compound which has no functional or technical effect in the finished product which (a)
was intentionally added during the manufacturing process for a personal care product at any point in a product's, a raw material's or ingredient's supply chain or (b) was created for formed during the manufacturing process as an intentional or unintentional consequence of the manufacturing process at any point in a product's, a raw material's, or an ingredient's supply chain. This shall include, but is not limited to, an unreacted raw material, a breakdown product of an intentionally added ingredient, or a byproduct of the manufacturing process.

4. "Nonfunctional contaminant" shall mean any element or compound present in a personal care product as an unintentional consequence of manufacturing which has no functional or technical effect in the finished product. Nonfunctional contaminants include, but are not limited to, elements or compounds present in the environment as contaminants which were introduced into a product, a raw material, or a product ingredient as a result of the use of an environmental medium, such as a naturally occurring mineral, air, soil or water, in the manufacturing process at any point in a product's, a raw material's, or an ingredient's supply chain.

5. "Manufacturer" shall mean any person, firm, association, partnership, limited liability company, or corporation which produces, prepares, formulates, or compounds a personal care product, or whose brand name is affixed to such product. In the case of a personal care product imported into the United States, "manufacturer" shall mean the importer or first domestic distributor of the product if the entity that manufactures the product or whose brand name is affixed to the product does not have a presence in the United States.

6. "Personal care product" shall mean articles intended to be rubbed, poured, sprinkled, or sprayed on, introduced into, or otherwise applied
1 to the human body or any part thereof for cleansing, beautifying, 
2 promoting attractiveness, or altering the appearance, and articles 
3 intended for use as a component of any such articles; except that such 
4 term shall not include soap.
5
7. "Soap" shall mean articles comprised entirely of an alkali salt of 
6 fatty acids where the detergent properties of the article are due to the 
7 alkali-fatty acid compounds, and the article shall be labeled, sold, and 
8 represented only as a soap.

§ 4852. Disclosure. 1. Manufacturers of personal care products 
2 distributed, sold or offered for sale in this state, whether at retail 
3 or wholesale, for personal or commercial use, or distributed for promo-
4 tional purposes, shall furnish to the commissioner for public record and 
5 post on the manufacturer's website, in a manner prescribed by the 
6 commissioner that is readily accessible to the public and machine read-
7 able, such information regarding such products pursuant to rules and 
8 regulations promulgated by the commissioner. For each personal care 
9 product, such information shall include, but shall not be limited to:
10 (a) A list naming each ingredient, as defined in subdivision one of 
11 section forty-eight hundred fifty-one of this article, of the product in 
12 descending order of predominance by weight in the product, except that 
13 ingredients present at a weight below one percent (1%) may be listed 
14 following other ingredients without respect to the order of predominance 
15 by weight;
16 (b) The nature and extent of investigations and research performed by 
17 or for the manufacturer concerning the effects on human health and the 
18 environment of such product or such ingredients; and
(c) Where applicable, a statement disclosing that an ingredient is
published as a chemical of concern on one or more lists identified by
the commissioner.

2. Such manufacturers shall furnish information on or before July
first, two thousand twenty and every two years thereafter. In addition,
such manufacturers shall furnish such information prior to the sale of
any new personal care product, when the formulation of a currently
disclosed product is changed such that the predominance of the ingredi-
ents in such product is changed, when any list of chemicals of concern
identified by the commissioner pursuant to this article is changed to
include an ingredient present in a personal care product subject to this
article, or at such other times as may be required by the commissioner.

3. Such information shall be made available to the public by the
commissioner and manufacturer, in accordance with this section, with the
exception of those portions which the manufacturer determines, subject
to the approval of the commissioner, is related to a proprietary process
the disclosure of which would compromise the manufacturer's competitive
position. The commissioner shall not approve any exceptions under this
subdivision with respect to any ingredient published as a chemical of
concern on one or more lists identified by the commissioner.

§ 4853. Penalties. A manufacturer in violation of this article is
subject to a civil penalty not to exceed five thousand dollars for each
violation in the case of a first offense. Manufacturers who are repeat
violators are subject to a civil penalty not to exceed ten thousand
dollars for each repeat offense.

§ 4854. Severability. The provisions of this article shall be severa-
ble and if any phrase, clause, sentence or provision of this article, or
the applicability thereof to any person or circumstance shall be held
invalid, the remainder of this article and the application thereof shall not be affected thereby.

§ 6. This act shall take effect on the sixtieth day after it shall have become a law, provided, however, that any rule or regulation promulgated pursuant to this act shall not take effect prior to April 1, 2021; provided, however, that section five of this act shall take effect on January 1, 2020, provided that, effective immediately, the commissioner of health shall be authorized to promulgate any and all rules and regulations necessary to implement the provisions of section five on its effective date.

cer in accordance with this article and such regulations as may be
prescribed by the superintendent.

2. The licensing provisions of this article shall not apply to any exempt organization that is a student loan servicer; provided that such exempt organization notifies the superintendent that it is servicing student loans in this state and complies with sections seven hundred seventeen, seven hundred nineteen, seven hundred twenty-one, and seven hundred twenty-five of this article and any regulation applicable to student loan servicers promulgated by the superintendent.

§ 713. Application process to receive license to engage in the business of student loan servicing. 1. Upon the filing of an application for a license, if the superintendent shall find that the financial responsibility, experience, character, and general fitness of the applicant and, if applicable, the members, officers, partners, directors and principals of the applicant are such as to command the confidence of the community and to warrant belief that the business will be operated honestly, fairly, and efficiently within the purpose of this article, the superintendent shall thereupon issue a license in duplicate to engage in the business of servicing student loans described in section seven hundred ten of this article in accordance with the provisions of this article. If the superintendent shall not so find, the superintendent shall not issue a license, and the superintendent shall so notify the applicant. The superintendent shall transmit one copy of a license to the applicant and file another in the office of the department of financial services. Upon receipt of such license, a student loan servicer shall be authorized to engage in the business of servicing student loans in accordance with the provisions of this article. Such license shall remain in full force and effect until it is surrendered by the servicer or revoked or suspended as hereinafter provided.

2. The superintendent may refuse to issue a license pursuant to this article if he or she shall find that the applicant, or any person who is a director, officer, partner, agent, employee, member, or substantial stockholder of the applicant:
(a) has been convicted of a crime involving an activity which is a felony under this chapter or under article one hundred fifty-five, one hundred seventy-five, one hundred seventy-six, one hundred eighty, one hundred eighty-five, one hundred eighty-seven, one hundred ninety, two hundred, two hundred ten or four hundred seventy of the penal law or any comparable felony under the laws of any other state of the United States, provided that such crime would be a felony if committed and prosecuted under the laws of this state;

§ 714. Changes in officers and directors. Upon any change of any of the executive officers, directors, partners or members of any student loan servicer required to be licensed under section seven hundred eleven of this article, the student loan servicer shall submit to the superintendent the name, address, and occupation of each new officer, director, partner or member, and provide such other information as the superintendent may require.

Prior to any change of control, the person desirous of acquiring control of the business of a student loan servicer shall make written application to the superintendent and pay an investigation fee as prescribed pursuant to section eighteen-a of this chapter to the superintendent. The application shall contain such information as the superintendent, by rule or regulation, may prescribe as necessary or appropriate for the purpose of making the determination required by subdivision two of this section. This information shall include but not be limited to the information and other material required for a student loan servicer by subdivision one of section seven hundred twelve of this article.

2. The superintendent shall approve or disapprove the proposed change of control of a student loan servicer required to be licensed under section seven hundred eleven of this article in accordance with the provisions of section seven hundred thirteen of this article.

3. For a period of six months from the date of qualification thereof and for such additional period of time as the superintendent may prescribe, in writing, the provisions of subdivisions one and two of this section shall not apply to a transfer of control by operation of law to the legal representative, as hereinafter defined, of one who has control of a student loan servicer. Thereafter, such legal representative shall comply with the provisions of subdivisions one and two of this section. The provisions of subdivisions one and two of this section shall be applicable to an application made under such section by a legal
representative. The term "legal representative", for the purposes of this subdivision, shall mean one duly appointed by a court of competent jurisdiction to act as executor, administrator, trustee, committee, conservator or receiver, including one who succeeds a legal representative and one acting in an ancillary capacity thereto in accordance with the provisions of such court appointment.

4. As used in this section the term "control" means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a student loan servicer, whether through the ownership of voting stock of such student loan servicer, the ownership of voting stock of any person which possesses such power or otherwise. Control shall be presumed to exist if any person, directly or indirectly, owns, controls or holds with power to vote ten per centum or more of the voting stock of any student loan servicer or of any person which owns, controls or holds with power to vote ten per centum or more of the voting stock of any student loan servicer, but no person shall be deemed to control a student loan servicer solely by reason of being an officer or director of such student loan servicer. The superintendent may in his or her discretion, upon the application of a student loan servicer or any person who, directly or indirectly, owns, controls or holds with power to vote or seeks to own, control or hold with power to vote any voting stock of such student loan servicer, determine whether or not the ownership, control or holding of such voting stock constitutes or would constitute control of such student loan servicer for purposes of this section.

§ 716. Grounds for suspension or revocation of license. 1. After notice and hearing, the superintendent may revoke or suspend any license
to engage in the business of a student loan servicer issued pursuant to
this article if he or she shall find that:

(a) a servicer has violated any provision of this article, any rule or
regulation promulgated by the superintendent under and within the
authority of this article, or any other applicable law;

(b) any fact or condition exists which, if it had existed at the time
of the original application for such license, would have warranted the
superintendent refusing originally to issue such license;

(c) a servicer does not cooperate with an examination or investigation
by the superintendent;

(d) a servicer engages in fraud, intentional misrepresentation, or
gross negligence in servicing a student loan;

(e) the competence, experience, character, or general fitness of the
servicer, an individual controlling, directly or indirectly, ten percent
or more of the outstanding interests, or any person responsible for
servicing a student loan for the servicer indicates that it is not in
the public interest to permit the servicer to continue servicing student
loans;

(f) the servicer engages in an unsafe or unsound practice;

(g) the servicer is insolvent, suspends payment of its obligations, or
makes a general assignment for the benefit of its creditors; or

(h) a servicer has violated the laws of this state, any other state or
any federal law involving fraudulent or dishonest dealing, or a final
judgement has been entered against a student loan servicer in a civil
action upon grounds of fraud, misrepresentation or deceit.

2. The superintendent may, on good cause shown, or where there is a
substantial risk of public harm, suspend any license for a period not
exceeding thirty days, pending investigation. "Good cause", as used in
this subdivision, shall exist when a student loan servicer has defaulted
or is likely to default in performing its financial engagements or
engages in dishonest or inequitable practices which may cause substan-
tial harm to the persons afforded the protection of this article.

3. Except as provided in subdivision two of this section, no license
shall be revoked or suspended except after notice and hearing thereon.
Any order of suspension issued after notice and a hearing may include as
a condition of reinstatement that the student loan servicer make resti-
tution to consumers of fees or other charges which have been improperly
charged or collected, including but not limited to by allocating
payments contrary to a borrower's direction or in a manner that fails to
help a borrower avoid default, as determined by the superintendent. Any
hearing held pursuant to the provisions of this section shall be
noticed, conducted and administered in compliance with the state admin-
istrative procedure act.

4. Any student loan servicer may surrender any license by delivering
to the superintendent written notice that it thereby surrenders such
license, but such surrender shall not affect such servicer's civil or
criminal liability for acts committed prior to such surrender. If such
surrender is made after the issuance by the superintendent of a state-
ment of charges and notice of hearing, the superintendent may proceed
against the servicer as if such surrender had not taken place.

5. No revocation, suspension, or surrender of any license shall impair
or affect the obligation of any pre-existing lawful contract between the
student loan servicer and any person, including the department of finan-
cial services.

The superintendent shall file one copy of such order in the office of the department and shall forthwith serve the other copy upon the student loan servicer. Any such order may be reviewed in the manner provided by article seventy-eight of the civil practice law and rules.

§ 717. Books and records; reports and electronic filing. 1. Every servicer shall preserve such books, accounts, and records, for at least three years.

2. (a) Each student loan servicer, other than an exempt organization, shall annually, on or before a date to be determined by the superintendent, file a report with the superintendent giving such information as the superintendent may require concerning the business and operations during the preceding calendar year of such servicer under authority of this article. 2 servicer under the penalties of perjury and shall be in the form
3 prescribed by the superintendent.

6 other law to the contrary, the superintendent may require that any
7 submission or approval as may be required by the superintendent be made
8 or executed by electronic means if he or she deems it necessary to

3. Misapply payments to the outstanding balance of any student loan or to any related interest or fees;

7. Fail to respond within fifteen calendar days to communications from the department, or within such shorter, reasonable time as the department may request in his or her communication; or

8. Fail to provide a response within fifteen calendar days to a consumer complaint submitted to the servicer by the department. If necessary, a student loan servicer may request additional time up to a
maximum of forty-five calendar days, provided that such request is
accompanied by an explanation why such additional time is reasonable and
necessary.

§ 720. Servicing student loans without a license. 1. Whenever, in the
opinion of the superintendent, a person is engaged in the business of
servicing student loans, other than federal loans, either actually or
through subterfuge, without a license from the superintendent, the
superintendent may order that person to desist and refrain from engaging
in the business of servicing student loans in the state. If, within
thirty days after an order is served, a request for a hearing is filed
in writing and the hearing is not held within sixty days of the filing,
the order shall be rescinded.

2. This section does not apply to exempt organizations.

§ 721. Responsibilities. 1. If a student loan servicer regularly
reports information to a consumer reporting agency, the servicer shall
accurately report a borrower's payment performance to at least one
consumer reporting agency that compiles and maintains files on consumers
on a nationwide basis as defined in Section 603(p) of the federal Fair
Credit Reporting Act (15 U.S.C. Sec. 1681a(p)), upon acceptance as a
data furnisher by that consumer reporting agency.

2. (a) Except as provided in federal law or required by a student loan
agreement, a student loan servicer shall inquire of a borrower how to
apply a borrower's nonconforming payment. A borrower's direction on how
to apply a nonconforming payment shall remain in effect for any future
nonconforming payment during the term of a student loan until the
borrower provides different directions.
(b) For purposes of this subdivision, "nonconforming payment" shall mean a payment that is either more or less than the borrower's required student loan payment.

3. (a) If the sale, assignment, or other transfer of the servicing of a student loan results in a change in the identity of the person to whom the borrower is required to send subsequent payments or direct any communications concerning the student loan, a student loan servicer shall transfer all information regarding a borrower, a borrower's account, and a borrower's student loan, including but not limited to the borrower's repayment status and any borrower benefits associated with the borrower's student loan, to the new student loan servicer servicing the borrower's student loan within forty-five days.

(b) A student loan servicer shall adopt policies and procedures to verify that it has received all information regarding a borrower, a borrower's account, and a borrower's student loan, including but not limited to the borrower's repayment status and any borrower benefits associated with the borrower's student loan, when the servicer obtains the right to service a student loan.

4. If a student loan servicer sells, assigns, or otherwise transfers the servicing of a student loan to a new servicer, the sale, assignment or other transfer shall be completed at least seven days before the borrower's next payment is due.

5. (a) A student loan servicer that sells, assigns, or otherwise transfers the servicing of a student loan shall require as a condition of such sale, assignment or other transfer that the new student loan servicer shall honor all borrower benefits originally represented as being available to a borrower during the repayment of the student loan and the possibility of such benefits, including any benefits that were
represented as being available but for which the borrower had not yet qualified.

(b) A student loan servicer that obtains the right to service a student loan shall honor all borrower benefits originally represented as being available to a borrower during the repayment of the student loan and the possibility of such benefits, including any benefits that were represented as being available but for which the borrower had not yet qualified.

6. A student loan servicer shall respond within thirty days after receipt to a written inquiry from a borrower or a borrower's representative.

7. A student loan servicer shall preserve records of each student loan and all communications with borrowers for not less than two years following the final payment on such student loan or the sale, assignment or other transfer of the servicing of such student loan, whichever occurs first, or such longer period as may be required by any other provision of law.

§ 722. Examinations. 1. The superintendent may at any time, and as often as he or she may determine, either personally or by a person duly designated by the superintendent, investigate the business and examine the books, accounts, records, and files used therein of every student loan servicer. For that purpose the superintendent and his or her duly designated representative shall have free access to the offices and places of business, books, accounts, papers, records, files, safes and vaults of all such servicers. The superintendent and any person duly designated by him or her shall have authority to require the attendance of and to examine under oath all persons whose testimony he or she may require relative to such business.
2. No person subject to investigation or examination under this section may knowingly withhold, abstract, remove, mutilate, destroy or secrete any books, records, computer records or other information.

3. The expenses incurred in making any examination pursuant to this section shall be assessed against and paid by the student loan servicer so examined, except that travelling and subsistence expenses so incurred shall be charged against and paid by servicers in such proportions as the superintendent shall deem just and reasonable, and such proportionate charges shall be added to the assessment of the other expenses incurred upon each examination. Upon written notice by the superintendent of the total amount of such assessment, the servicer shall become liable for and shall pay such assessment to the superintendent.

4. In any hearing in which a department employee acting under authority of this chapter is available for cross-examination, any official written report, worksheet, other related papers, or duly certified copy thereof, compiled, prepared, drafted, or otherwise made by said department employee, after being duly authenticated by said employee, may be admitted as competent evidence upon the oath of said employee that said worksheet, investigative report, or other related documents were prepared as a result of an examination of the books and records of a servicer or other person, conducted pursuant to the authority of this chapter.

5. Unless it is an exempt organization, affiliates of a student loan servicer are subject to examination by the superintendent on the same terms as the servicer, but only when reports from, or examination of, a servicer provides evidence of unlawful activity between a servicer and affiliate benefitting, affecting, or arising from the activities regulated by this article.
6. This section shall not apply to exempt organizations. To the extent
the superintendent is authorized by any other law to make an examination
into the affairs of any exempt organization, this subdivision shall not
be construed to limit in any way the superintendent's authority, regard-
ing the subjects of such an examination, or otherwise.

§ 723. Penalties for violation of this article. 1. In addition to such
penalties as may otherwise be applicable by law, including but not
limited to the penalties available under section forty-four of this
chapter, the superintendent may, after notice and hearing, require any
person found violating the provisions of this article or the rules or
regulations promulgated hereunder to pay to the people of this state a
penalty for each violation of the article or any regulation or policy
promulgated hereunder a sum not to exceed the greater of (i) ten thou-
sand dollars for each offense; (ii) a multiple of two times the aggre-
gate damages attributable to the violation; or (iii) a multiple of two
times the aggregate economic gain attributable to the violation.

2. Nothing in this article shall limit any statutory or common-law
right of any person to bring any action in any court for any act, or the
right of the state to punish any person for any violation of any law.

§ 724. Severability of provisions. If any provision of this article,
or the application of such provision to any person or circumstance,
shall be held invalid, illegal or unenforceable, the remainder of the
article, and the application of such provision to persons or circum-

unenforceable, shall not be affected thereby.

§ 725. Compliance with other laws. 1. Student loan servicers shall
engage in the business of servicing student loans in conformity with the
provisions of the financial services law, this chapter, such rules and

As determined by the department, the social cost of carbon may be based on marginal greenhouse gas abatement costs or on the global economic, environmental, and social impacts of emitting a marginal ton of greenhouse gas emissions into the atmosphere, utilizing a range of appropriate discount rates, including a rate of zero.

3. In developing the social cost of carbon, the department shall consider prior or existing estimates of the social cost of carbon issued or adopted by the federal government, appropriate international bodies, or other appropriate and reputable scientific organizations.

§ 10. This act shall take effect immediately.

2. The director shall promulgate rules and regulations [pursuant to] based on the [goals established in subdivision one of this section] findings of the most recent disparity study that provide measures and procedures to ensure that certified minority and women-owned businesses shall be given the opportunity for maximum feasible participation in the performance of state contracts and to assist in the agency's identification of those state contracts for which minority and women-owned certified businesses may best bid to actively and affirmatively promote and assist their participation in the performance of state contracts [so as to facilitate the agency's achievement of the maximum feasible portion of the goals for state contracts to such businesses].

2-a. The director shall promulgate rules and regulations that will accomplish the following:

(a) provide for the certification and decertification of minority and women-owned business enterprises for all agencies through a single process that meets applicable requirements;

(b) require that each contract solicitation document accompanying each solicitation set forth the expected degree of minority and women-owned business enterprise participation based, in part, on:
(i) the potential subcontract opportunities available in the prime procurement contract; [and]
(ii) the availability[, as contained within the study,] of certified minority and women-owned business enterprises to respond competitively to the potential subcontract opportunities as reflected in the division's directory of certified minority and women-owned business enterprises; and
(iii) the findings of the disparity study;
(c) require that each agency provide a current list of certified minority business enterprises to each prospective contractor or direct them to the division's directory of certified minority and women-owned business enterprises for such purpose;
(d) allow a contractor that is a certified minority-owned or women-owned business enterprise to use the work it performs to meet requirements for use of certified minority-owned or women-owned business enterprises as subcontractors;
(e) establish criteria for agencies to credit the participation of minority and women-owned business enterprises towards the achievement of the minority and women-owned business enterprise participation goals on a state contract based on the commercially useful function provided by each minority and women-owned business enterprise on the contract;
(f) provide for joint ventures, which a bidder may count toward meeting its minority and women-owned business enterprise participation;
(f) consistent with subdivision six of this section, provide for circumstances under which an agency or state-funded entity may waive obligations of the contractor relating to minority and women-owned business enterprise participation;
[(g)] (h) require that an agency or state-funded entity verify that minority and women-owned business enterprises listed in a successful bid are actually participating to the extent listed in the project for which the bid was submitted;

[(h)] (i) provide for the collection of statistical data by each agency or state-funded entity concerning actual minority and women-owned business enterprise participation; [and

(i)] (j) require each agency to consult the most current disparity study when calculating [agency-wide and contract specific] participation goals pursuant to this article; and

(k) provide for the periodic collection of reports from state-funded entities in such form and at such time as the director shall require.

3. Solely for the purpose of providing the opportunity for meaningful participation by certified businesses in the performance of state contracts as provided in this section, state contracts shall include leases of real property by a state agency to a lessee where: the terms of such leases provide for the construction, demolition, replacement, major repair or renovation of real property and improvements thereon by such lessee; and the cost of such construction, demolition, replacement, major repair or renovation of real property and improvements thereon shall exceed the sum of one hundred thousand dollars. Reports to the director pursuant to section three hundred fifteen of this article shall include activities with respect to all such state contracts. Contracting agencies shall include or require to be included with respect to state contracts for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon, such provisions as may be necessary to effectuate the provisions of this section in every bid specification and state contract, including, but
not limited to: (a) provisions requiring contractors to make a good faith effort to solicit active participation by enterprises identified in the directory of certified businesses [provided to the contracting agency by the office]; (b) requiring the parties to agree as a condition of entering into such contract, to be bound by the provisions of section three hundred sixteen of this article; and (c) requiring the contractor to include the provisions set forth in paragraphs (a) and (b) of this subdivision in every subcontract in a manner that the provisions will be binding upon each subcontractor as to work in connection with such contract. Provided, however, that no such provisions shall be binding upon contractors or subcontractors in the performance of work or the provision of services that are unrelated, separate or distinct from the state contract as expressed by its terms, and nothing in this section shall authorize the director or any contracting agency to impose any requirement on a contractor or subcontractor except with respect to a state contract.

4. In the implementation of this section, the contracting agency shall (a) consult the findings contained within the disparity study evidencing relevant industry specific [availability of certified businesses] disparities in the utilization of minority and women-owned businesses relative to their availability; (b) implement a program that will enable the agency to evaluate each contract to determine the [appropriateness of the] appropriate goal [pursuant to subdivision one of this section] for participation by minority-owned business enterprises and women-owned business enterprises; (c) consider where practicable, the severability of construction projects and other bundled contracts; and
(d) consider compliance with the requirements of any federal law concerning opportunities for minority and women-owned business enterprises which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of any such law duplicate or conflict with the provisions hereof and if such duplication or conflict exists, the contracting agency shall waive the applicability of this section to the extent of such duplication or conflict.

5. (a) Contracting agencies shall administer the rules and regulations promulgated by the director in a good faith effort to meet achieve the maximum feasible portion of the agency's goals participation by minority and women owned business enterprises adopted pursuant to this article and the regulations of the director. Such rules and regulations:

- shall require a contractor to submit a utilization plan after bids are opened, when bids are required, but prior to the award of a state contract;
- shall require the contracting agency to review the utilization plan submitted by the contractor and to post the utilization plan and any waivers of compliance issued pursuant to subdivision six of this section on the website of the contracting agency within a reasonable period of time as established by the director;
- shall require the contracting agency to notify the contractor in writing within a period of time specified by the director as to any deficiencies contained in the contractor's utilization plan;
- shall require remedy thereof within a period of time specified by the director;
- shall require the contractor to submit periodic compliance reports relating to the operation and implementation of any utilization plan;
- shall not allow any automatic waivers but shall allow a contractor to apply for a partial or total waiver of the minority and women-owned business enterprise participation.
requirements pursuant to subdivisions six and seven of this section;
shall allow a contractor to file a complaint with the director pursuant
to subdivision eight of this section in the event a contracting agency
has failed or refused to issue a waiver of the minority and women-owned
business enterprise participation requirements or has denied such
request for a waiver; and shall allow a contracting agency to file a
complaint with the director pursuant to subdivision nine of this section
in the event a contractor is failing or has failed to comply with the
minority and women-owned business enterprise participation requirements
set forth in the state contract where no waiver has been granted.

(b) The rules and regulations promulgated pursuant to this subdivision
regarding a utilization plan shall provide that where enterprises have
been identified within a utilization plan, a contractor shall attempt,
in good faith, to utilize such enterprise at least to the extent indi-
cated. A contracting agency may require a contractor to indicate, within
a utilization plan, what measures and procedures he or she intends to
take to comply with the provisions of this article, but may not require,
as a condition of award of, or compliance with, a contract that a
contractor utilize a particular enterprise in performance of the
contract.

(c) Without limiting other grounds for the disqualification of bids or
proposals on the basis of non-responsibility, a contracting agency may
disqualify the bid or proposal of a contractor as being non-responsible
for failure to remedy notified deficiencies contained in the contrac-
tor's utilization plan within a period of time specified in regulations
promulgated by the director after receiving notification of such defi-
ciencies from the contracting agency. Where failure to remedy any noti-
fied deficiency in the utilization plan is a ground for disqualifica-
tion, that issue and all other grounds for disqualification shall be stated in writing by the contracting agency. Where the contracting agency states that a failure to remedy any notified deficiency in the utilization plan is a ground for disqualification the contractor shall be entitled to an administrative hearing, on a record, involving all grounds stated by the contracting agency. Such hearing shall be conducted by the appropriate authority of the contracting agency to review the determination of disqualification. A final administrative determination made following such hearing shall be reviewable in a proceeding commenced under article seventy-eight of the civil practice law and rules, provided that such proceeding is commenced within thirty days of the notice given by certified mail return receipt requested rendering such final administrative determination. Such proceeding shall be commenced in the supreme court, appellate division, third department and such proceeding shall be preferred over all other civil causes except election causes, and shall be heard and determined in preference to all other civil business pending therein, except election matters, irrespective of position on the calendar. Appeals taken to the court of appeals of the state of New York shall be subject to the same preference.

6. Where it appears that a contractor cannot, after a good faith effort, comply with the minority and women-owned business enterprise participation requirements set forth in a particular state contract, a contractor may file a written application with the contracting agency requesting a partial or total waiver of such requirements setting forth the reasons for such contractor's inability to meet any or all of the participation requirements together with an explanation of the efforts undertaken by the contractor to obtain the required minority and women-
owned business enterprise participation. In implementing the provisions
of this section, the contracting agency shall consider the number and
types of minority and women-owned business enterprises located available to provide goals or services required under the contract in the
region in which the state contract is to be performed, the total dollar
value of the state contract, the scope of work to be performed and the
project size and term. If, based on such considerations, the contracting
agency determines there is not a reasonable availability of contractors
on the list of certified business to furnish services for the project,
it shall issue a waiver of compliance to the contractor. In making such
determination, the contracting agency shall first consider the avail-
ability of other business enterprises located in the region and shall
thereafter consider the financial ability of minority and women-owned
businesses located outside the region in which the contract is to be
performed to perform the state contract.

7. For purposes of determining a contractor's good faith effort to
comply with the requirements of this section or to be entitled to a
waiver therefrom the contracting agency shall consider, among other
things:

(a) whether the contractor has advertised in general circulation
media, trade association publications, and minority-focus and women-fo-
cus media or other forms of advertisement and, in such event, (i) wheth-
er or not certified minority or women-owned businesses which have been
solicited by the contractor exhibited interest in submitting proposals
for a particular project by communication or other form of contract with
the contractor or attending a pre-bid conference, if any, scheduled by
the state agency awarding the state contract with certified minority and
women-owned business enterprises; and
(ii) whether certified businesses which have been solicited by the contractor have responded in a timely fashion to the contractor's solicitations for timely competitive bid quotations prior to the contracting agency's bid date; and

(b) whether the contractor provided timely written notification of subcontracting opportunities on the state contract to appropriate certified businesses that appear in the directory of certified businesses prepared pursuant to paragraph (f) of subdivision three of section three hundred eleven of this article; and

(c) whether the contractor can reasonably structure the amount of work to be performed under subcontracts in order to increase the likelihood of participation by certified businesses.

8. In the event that a contracting agency fails or refuses to issue a waiver to a contractor as requested within twenty days after having made application therefor pursuant to subdivision six of this section or if the contracting agency denies such application, in whole or in part, the contractor may file a complaint with the director pursuant to section three hundred sixteen of this article setting forth the facts and circumstances giving rise to the contractor's complaint together with a demand for relief. The contractor shall serve a copy of such complaint upon the contracting agency by personal service or by certified mail, return receipt requested. The contracting agency shall be afforded an opportunity to respond to such complaint in writing.

9. If, after the review of a contractor's minority and women-owned business utilization plan or review of a periodic compliance report and after such contractor has been afforded an opportunity to respond to a notice of deficiency issued by the contracting agency in connection therewith, it appears that a contractor is failing or refus-
ing to comply with the minority and women-owned business participation
requirements as set forth in the state contract and where no waiver from
such requirements has been granted, the contracting agency may file a
written complaint with the director pursuant to section three hundred
sixteen of this article setting forth the facts and circumstances giving
rise to the contracting agency's complaint together with a demand for
relief. The contracting agency shall serve a copy of such complaint
upon the contractor by personal service or by certified mail, return
receipt requested. The contractor shall be afforded an opportunity to
respond to such complaint in writing.

laws of 1988, subdivision 2-a as amended by chapter 175 of the laws of
2010, subdivision 2-b as added by chapter 409 of the laws of 2018,

the laws of 2014, is amended to read as follows:
§ 314. Statewide certification program. 1. The director shall promul-
gate rules and regulations providing for the establishment of a state-
wide certification program including rules and regulations governing the
approval, denial or revocation of any such certification including revo-
cations for felony convictions for fraudulently misrepresenting the
status of minority or women-owned business enterprises. Such rules shall
set forth the maximum personal net worth of a minority group member or
woman who may be relied upon to certify a business as a minority-owned
business enterprise or women-owned business enterprise, and may estab-
lish different maximum levels of personal net worth for minority group
members and women on an industry-by-industry basis for such industries
as the director shall determine. Such rules and regulations shall
include, but not be limited to, such matters as may be required to
ensure that the established procedures thereunder shall at least be in compliance with the code of fair procedure set forth in section seventy-three of the civil rights law and consistent with the provisions of article twenty-three of the correction law.

2. For the purposes of this article, the office shall be responsible for verifying businesses as being owned, operated, and controlled by minority group members or women and for certifying such verified businesses. The director shall prepare a directory of certified businesses for use by contracting agencies and contractors in carrying out the provisions of this article. The director shall periodically update the directory.

2-a. (a) The director shall establish a procedure enabling the office to accept New York municipal corporation certification verification for minority and women-owned business enterprise applicants in lieu of requiring the applicant to complete the state certification process. The director shall promulgate rules and regulations to set forth criteria for the acceptance of municipal corporation certification. All eligible municipal corporation certifications shall require business enterprises seeking certification to meet the following standards:

(i) have at least fifty-one percent ownership by a minority or a women-owned enterprise and be owned by United States citizens or permanent resident aliens;

(ii) be an enterprise in which the minority and/or women-ownership interest is real, substantial and continuing;

(iii) be an enterprise in which the minority and/or women-ownership has and exercises the authority to control independently the day-to-day business decisions of the enterprise;

(v) be subject to a physical site inspection to verify the fifty-one percent ownership requirement;

(vi) be owned by an individual or individuals, whose ownership, control and operation are relied upon for certification, with a personal net worth that does not exceed three million five hundred thousand dollars or such other amount as the director shall set forth in regulations, as adjusted annually for inflation according to the consumer price index; and

(vii) be an enterprise that is a small business pursuant to subdivision twenty of section three hundred ten of this article.

(b) The director shall work with all municipal corporations that have a municipal minority and women-owned business enterprise program to develop standards to accept state certification to meet the municipal corporation minority and women-owned business enterprise certification standards.

(c) The director shall establish a procedure enabling the division to accept federal certification verification for minority and women-owned business enterprise applicants, provided said standards comport with those required by the state minority and women-owned business program, in lieu of requiring the applicant to complete the state certification process. The director shall promulgate rules and regulations to set forth criteria for the acceptance of federal certification.

2-b. The director shall establish a procedure enabling an applicant who was a military service member to prove his or her race or ethnicity, date of birth, place of birth and verification of address for purposes of certification of the applicant's business as a minority-owned business by submission of the DD Form 214 issued to the applicant by the United States department of defense upon such applicant's retirement,
separation, or discharge from active duty in the armed forces of the United States, provided the DD Form 214 contains such information, in lieu of requiring the applicant to otherwise prove his or her race or ethnicity. The director shall promulgate rules and regulations to set forth criteria for the acceptance of the DD Form 214 by the office.

2.c. (a) Each business applying for minority or women-owned business enterprise certification pursuant to this section must agree to allow:

(i) the department of taxation and finance to share its tax information with the division; and (ii) the department of labor to share its tax and employer information with the division.

(b) Such information provided pursuant to paragraph (a) of this subdivision shall be kept confidential by the division in the same manner and under the same condition as such information is kept by the department of taxation and finance or the department of labor.

3. Following application for certification pursuant to this section, the director shall provide the applicant with written notice of the status of the application, including notice of any outstanding deficiencies[, within thirty days]. Within [sixty] thirty days of submission of a final completed application, the director shall provide the applicant with written notice of a determination by the office approving or denying such certification and, in the event of a denial a statement setting forth the reasons for such denial. Upon a determination denying or revoking certification, the business enterprise for which certification has been so denied or revoked shall, upon written request made within thirty days from receipt of notice of such determination, be entitled to a hearing before an independent hearing officer designated for such purpose by the director. In the event that a request for a hearing is not made within such thirty day period, such determination shall be
1 deemed to be final. The independent hearing officer shall conduct a
2 hearing and upon the conclusion of such hearing, issue a written recom-
3 mendation to the director to affirm, reverse or modify such determi-
4 nation of the director. Such written recommendation shall be issued to
5 the parties. The director, within thirty days, by order, must accept,
6 reject or modify such recommendation of the hearing officer and set
7 forth in writing the reasons therefor. The director shall serve a copy
8 of such order and reasons therefor upon the business enterprise by
9 personal service or by certified mail return receipt requested. The
10 order of the director shall be subject to review pursuant to article
11 seventy-eight of the civil practice law and rules.
12
13 4. The director may, after performing an availability analysis and
14 upon a finding that industry-specific factors coupled with personal net
15 worth or small business eligibility requirements pursuant to subdivi-
16 sions nineteen and twenty of section three hundred ten of this article,
17 respectively, have led to the significant exclusion of businesses owned
18 by minority group members or women in that industry, grant provisional
19 MWBE certification status to applicants from that designated industry,
20 provided, however, that all other eligibility requirements pursuant to
21 subdivision seven or fifteen of section three hundred ten of this arti-
22 cle, as applicable, are satisfied. Any industry-based determination made
23 under this section by the director shall be made widely available to the
24 public and posted on the division's website.
25
26 5. With the exception of provisional MWBE certification, as provided
27 for in subdivision twenty-three of section three hundred ten of this
28 article, all minority and women-owned business enterprise certifications
29 shall be valid for a period of three years.
§ 7. Section 315 of the executive law, as added by chapter 261 of the laws of 1988, subdivision 3 as amended and subdivisions 4, 5, 6, and 7 as added by chapter 175 of the laws of 2010, is amended to read as follows:

§ 315. Responsibilities of contracting agencies. 1. agency shall document numerical evidence demonstrating that the applica-

state contract subject to workforce participation goals pursuant to this
section shall agree to make a good faith effort to achieve such work-

(a) A contractor that certifies that it will make a good faith effort
to achieve a workforce participation goal shall provide with its
response to the applicable invitation for bids, request for proposals,
or other solicitation:

(i) A certification stating that the contractor will make a good faith
effort to achieve the applicable workforce participation goal and will
contractually require any subcontractors to the contractor to make a
good faith effort to achieve the applicable workforce participation goal
in any subcontracted work, which certification shall acknowledge that

and women as employees to the contractor, or, if the state agency has
specifically indicated that such documentation is not required as part

(iv) Such other information as the contracting state agency shall require.

(b) A contractor that requests a waiver of a workforce participation goal shall provide with its response to the applicable invitation for bids, request for proposals, or other solicitation:

(i) Numerical evidence setting forth why the achievement of the workforce participation goal is not practical, feasible, or appropriate in light of the trades, professions, and occupations required to perform the work of the state contract;

(ii) Documentation of the contractor's efforts, and any efforts by subcontractors to the contractor, to promote the inclusion of minority group members and women in trades, professions, and occupations required in the performance of the state contract;

(v) A list of all subcontractors anticipated to perform work on the state contract and the level of anticipated participation by minority group members and women as employees to each subcontractor; and

(vi) Any other relevant information evidencing that the contractor's achievement of the workforce participation goal would not be practical, feasible, or appropriate.

4. A state agency shall not award a state contract to a contractor unless the contractor has (i) certified that it will make a good faith effort to achieve the applicable workforce participation goal and provided documentation of the workforce anticipated to perform the work of the state contract or (ii) submitted a waiver request which the state agency deems to reflect the maximum feasible participation of minority group members and women in each of the trades, professions, and occupations required in performance of the work of the state contract.

(a) In the event that a contractor submits a certification or waiver request that is accepted by the state agency, the state agency shall establish in the state contract the expected level of participation by minority group members and women in each of the trades, professions, and occupations required in performance of the work of the state contract, require that the contractor make good faith efforts to achieve such workforce participation goals, require that the contractor require any subcontractors to make a good faith effort to achieve the applicable workforce participation goal in any subcontracted work, and indicate that the failure of the contractor or any of its subcontractors to make a good faith effort to achieve the workforce participation goal may result in the contractor or subcontractor being deemed a non-compliant contractor.
(b) In the event that a contractor fails to submit a certification, waiver request, or any other information required by the state agency, or the state agency determines that a contractor's waiver request does not demonstrate that the applicable workforce participation goal is impractical, unfeasible, or inappropriate, the state agency shall notify the contractor of the deficiency in writing and provide the contractor five business days to remedy the noticed deficiency. A state agency shall reject any bid or proposal of a contractor that fails to timely respond to a notice of deficiency or to provide documentation remedying the deficiency to the satisfaction of the state agency.

(i) Where failure to remedy any notified deficiency in the workforce utilization plan is a ground for disqualification, that issue and all other grounds for disqualification shall be stated in writing by the contracting state agency. The contractor shall be entitled to an administrative hearing, on the record, involving all grounds stated by the contracting state agency in its notice of the contractor's disqualification. Such hearing shall be conducted by the appropriate authority of the contracting agency to review the determination of disqualification. A final administrative determination made following such hearing shall be reviewable in a proceeding commenced under article seventy-eight of the civil practice law and rules, provided that such proceeding is commenced within thirty days of the notice given by certified mail return receipt requested rendering such final administrative determination. Such proceeding shall be commenced in the supreme court, appellate division, third department and such proceeding shall be preferred over all other civil causes except election causes, and shall be heard and determined in preference to all other civil business pending therein, except election matters, irrespective of position on the calendar.
Appeals taken to the court of appeals of the state of New York shall be subject to the same preference.

§ 823. Reporting. 1. State contracts shall require contractors to submit, and to require any subcontractors to submit, to the contracting state agency reports documenting the hours worked by employees of the contractor and any subcontractors in the performance of the work of the state contract. Such reports shall be submitted no less frequently than monthly for state contracts for construction and quarterly for all other state contracts. Such reports shall identify the race, ethnicity, gender, and trade, profession, or occupation of each employee performing work on a state contract.

2. State agencies shall submit periodic reports to the director, or the designee of the director, concerning the participation of minority group members and women in state contracts let by such agencies and such state agencies' compliance with this article. Such reports shall be submitted at such time, and include such information, as the director shall require in regulations. State agencies shall make available their facilities, books, and records for inspection, upon reasonable notice, by the director or the director's designee.

3. The department shall provide such assistance as the director shall require in carrying out the requirements of this section.

§ 824. Enforcement. 1. Where it appears that a contractor cannot, after a good faith effort, meet the workforce participation goals set forth in a particular state contract, a contractor may file a written application with the contracting state agency requesting a partial or total waiver of such requirements. Such request shall set forth the reasons for such contractor's inability to meet the workforce participation goal, specifically describe the reasons for any deviations from
the anticipated workforce participation goal set forth in the contractor's bid or proposal leading to the award of the state contract, and
describe the efforts by the contractor and any subcontractors to achieve
the maximum feasible participation of minority group members and women
in the performance of the work of the state contract. Where the contractor's inability to achieve the workforce participation goal on a state contract is attributable to the failure of one or more subcontractors to make good faith efforts to achieve the maximum feasible participation of minority group members and women in the performance of the work of the state contract, the contractor shall identify such subcontractor or subcontractors to the contracting state agency.

2. A state agency shall grant a request for a waiver of workforce participation goals on a state contract where:
   (a) The contractor demonstrates that the contractor and its subcontractors made good faith efforts to achieve the workforce participation goal on the state contract, and that insufficient minority group members or women were available in the trades, professions, and occupations required to perform the work of the state contract; or
   (b) The contractor contractually required each of its subcontractors to make a good faith effort to achieve the maximum feasible participation of minority group members and women in the performance of the subcontracted work, periodically monitored such subcontractors' deployment of minority group members and women in the performance of the subcontracted work, provided notice to such subcontractors of any deficiencies in their deployment of minority group members and women in the performance of such subcontracted work, and could not achieve the workforce participation goal for one or more trades, professions, or occupations without the good faith efforts of such subcontractors.
3. Where a state agency denies a contractor's request for a waiver of workforce participation goals pursuant to this section, the state agency shall recommend to the director and the department that the contractor be deemed a non-compliant contractor.

4. Where a state agency grants a request for a waiver of workforce participation goals pursuant to this section based on one or more subcontractors' failure to make good faith efforts to achieve the maximum feasible participation of minority group members and women in the performance of the subcontracted work, the state agency shall recommend to the director and the department that the subcontractor be deemed a non-compliant contractor.

5. Upon receipt of a recommendation from a state agency that a contractor or subcontractor should be deemed a non-compliant contractor, the director shall, with the assistance of the department, review the facts and circumstances forming the basis of the recommendation and issue a determination as to whether or not the contractor or subcontractor should be deemed a non-compliant contractor and, if so, the duration of such status as a non-compliant contractor. In determining the duration of a contractor's or subcontractor's status as a non-compliant contractor, the director shall consider:

   (i) whether the contractor or subcontractor has previously been deemed a non-compliant contractor;

   (ii) the number of hours of expected participation by minority group members and women lost as a result of the contractor's or subcontractor's failure to make good faith efforts to include minority group members or women in the performance of one or more state contracts; and

   (iii) whether the contractor or subcontractor has offered to provide employment opportunities, training, or other remedial benefits to minor-
ity group members or women in relevant trades, professions, or occupations.

6. A contractor or subcontractor deemed a non-compliant contractor by the director may request an administrative hearing before an independent hearing officer to appeal the determination of the director. The decision of the hearing officer shall be final and may only be vacated or modified as provided in article seventy-eight of the civil practice law and rules upon an application made within the time provided by such article.

7. Upon a final determination that a contractor or subcontractor is a non-compliant contractor, the director shall list the contractor or subcontractor as such on its website and indicate the term of such contractor's or subcontractor's status as a non-compliant contractor. A non-compliant contractor shall be ineligible to participate as a contractor or subcontractor on any state contract.

§ 825. Powers and responsibilities of the division. 1. The director shall post to the website of the division on or before October first of each year the aspirational goals for the utilization of minority group members and women in certain trades, professions and/or occupations as required pursuant to section eight hundred twenty-two of this article.

2. ARTICLE 44-C

CONGESTION TOLLING PROGRAM

Section 1701. Legislative findings and declaration.

1702. Short title.

1703. Definitions.

1704. Establishment of congestion tolling program.

1705. Disposition of revenue and penalties.

1706. Reporting.

§ 1701. Legislative findings and declaration. The ongoing failures of the tracks, signals, switches and other transportation infrastructure throughout the subway system in the city of New York continue to pose an imminent threat and have a vast and deleterious impact on the health, safety, and livelihood of commuters, tourists, resident New Yorkers, as well as business and commerce in the metropolitan commuter transportation district, which is the recognized economic engine of the state of New York, and thereby have adversely affected the economy of the state of New York. Temporary actions have been taken to address the safety of subway riders short term including an emergency declaration and increased capital funding for the subways in the most recently adopted state budget. The legislature, however, determines that a long-term and sustainable solution is necessary in order to ensure stable and reliable funding to repair and revitalize this significantly important mass transit asset.
The legislature further finds and declares that traffic congestion in the city of New York ranks second worst among cities in the United States and third worst among cities in the world, and results in significant cost to the New York metropolitan area economy and in turn the state's economy at estimates exceeding one hundred million dollars over the next five years. Travel speeds in the city of New York's central business district have dropped more than seventeen percent in two thousand sixteen to an average of 6.8 miles per hour and in Midtown Manhattan, the most congested area of the city—the area from fifty-ninth street to thirty-fifth street and from ninth avenue to the east river—the average vehicular speed is 4.7 miles per hour. Congestion in these areas is crippling and impacts the everyday lives of residents, commuters, taxi and for-hire vehicle traffic, bus transit and emergency services.

These issues have been recognized by both the Fix NYC Advisory Panel and the MTA Sustainability Advisory Workgroup as significant impediments to everyday New Yorkers.

In order to ensure a safe and efficient mass transit system within the city of New York and to protect the public health and safety of New York's residents, a program to establish fees for vehicles entering or remaining in the most congested area of the state is found to be necessary and to be a matter of substantial state concern.

§ 1702. Short title. This act shall be known as and may be cited as "the congestion tolling program".

§ 1703. Definitions. For the purposes of this article, unless the context otherwise requires:

§ 1704-a. Congestion toll. 1. The Triborough bridge and tunnel authority shall have the power, subject to agreements with its bondholders, to charge tolls and fees for vehicles entering or remaining in the congestion tolling zone at any time and shall have the power, subject to agreements with bondholders, to make rules and regulations for the collection of congestion tolls and the establishment of fees. For purposes of establishing a congestion tolling program, the Triborough bridge and tunnel authority shall, at minimum, ensure that annual revenues and fees collected under such program, less costs of operation of the same, provide for revenues into the congestion tolling fund, established pursuant to section twelve hundred seventy-j of the public authorities law, necessary to fund fifteen billion dollars for capital projects.

§ 1705. Disposition of revenue and penalties. The Triborough bridge and tunnel authority shall establish and collect congestion tolls and fees and other charges as provided in subdivision twelve-a of section five hundred fifty-three of the public authorities law.

PART DD

Section 1. Short title. This act shall be known and may be cited as
the "Gateway Development Commission Act".
§ 2. Gateway Development Commission. 1. Legislative findings and
intent. The legislature finds and declares: that the states of New
Jersey and New York and their respective citizens share a common concern
to preserve the functionality and strengthen the resiliency of long-dis-
tance and commuter rail infrastructure between New Jersey and New York,
including passenger rail infrastructure owned, controlled or utilized by
the National Railroad Passenger Corporation, also known as "Amtrak";
that the two states and their respective citizens share the benefits of
existing interstate passenger rail infrastructure between the two
states, including the existing North River tunnel; that interstate
passenger rail service and infrastructure is vital to the economies of
New Jersey and New York; that, because of the passage of time and damage
caused by natural disasters, both states recognize the existing inter-
state passenger rail infrastructure, including the existing North River
tunnel, is at risk of system failures that could result in prolonged
service disruptions that would severely damage the economies of the two
states and many other participants in the economy of the northeast
corridor; that both states recognize the urgent need to undertake
projects necessary to create passenger rail capacity under the Hudson
River, rehabilitate passenger rail infrastructure, maintain current
levels of long-distance and commuter rail service between the two states
and provide additional reliability, safety and security; that the citi-
zens of both states will share the benefits of expanded capacity and
rehabilitated passenger rail infrastructure between the two states; and
that there has been a long history of cooperation among state and local
governmental entities, Amtrak and various private organizations and
individuals in the two states to ensure the preservation of a variety of
passenger rail service options. The legislature therefore determines
that there is a need to endorse and formalize that bi-state cooperative
effort to help ensure that the functionality of long-distance and commu-
ter rail infrastructure between New Jersey and New York and thence
throughout the northeast corridor, is preserved and maintained for the
benefit of the economy of New Jersey and New York and for the well-being
of present and future generations of citizens in both states; and that
the creation of a bi-state commission that shall be a body corporate and
political established by the states of New Jersey and New York, acting in
the public interest and exercising essential governmental functions, is
an appropriate means to accomplish these very important goals. It is the
intention of the legislature that the commission so created constitute
an institution which has been established by the states to effectuate a
public purpose and is therefore eligible to apply for transportation
assistance from the United States government, including the agencies
thereof.

2. Definitions. Except where different meanings are expressly speci-
fied in subsequent provisions of this section, the following terms shall
have the following meanings:

(a) "Act" shall mean the Gateway Development Commission act.
(b) "Amtrak" shall mean National Railroad Passenger Corporation, a corporation organized under 49 U.S.C. § 24101 et. Seq. and the laws of the District of Columbia.

shall include the following:

(b) coordinate activities of governmental entities, Amtrak and private
entities providing assistance to the project or otherwise regulating the
project, with a view to achieving full funding, and encourage and enable
such parties to participate in the effectuation of the project;

(c) act as a coordinating agency to arrange for cooperation among the
federal government, the states of New Jersey and New York, any local
government thereof, any agency, instrumentality, department, commission
or authority of any one or more of the foregoing, any bi-state agency,

any one or more of them (including by contract among the parties), for
and in connection with the facilitation of the project for any of the
purposes of this act, and to enter into an agreement or agreements (and from time to time to enter into agreements amending or supplementing the same) with the federal government, the states of New Jersey and New York, any local government thereof, any agency, instrumentality, department, commission or authority of any one or more of the foregoing, any bi-state agency, Amtrak, any individual or private firm, entity or corporation, or with any one or more of them, for or relating to such purposes, including but not limited to agreements with respect to financial assistance, loans, grants or any other funding as may be available for the project. The commission is hereby intended to qualify for, authorized, and empowered to apply for and accept, financial assistance, loans, grants or any other funding for such purposes under federal, state or local laws, and to make application directly to the appropriate officials or agencies for the application for and receipt of federal, state or local assistance, loans, grants or any other funding in aid of any of the purposes of this act;

and the agencies thereof; and
(f) facilitate the project by making and enforcing such rules and
regulations and establishing, levying and collecting such tolls, fees,
rates, charges and rentals in connection with the project or any portion
thereof, as it may deem necessary or appropriate, which said tolls,
fees, rates, charges and rentals shall not be established at rates
intended to be greater than necessary to meet the expenses of the
financing, construction, asset management and optimization thereof, and
to provide for the payment of, with interest upon, and the amortization
and retirement of bonds or other securities or obligations issued or
incurred for project purposes, including establishment of prudent
reserves, and provided that such tolls, fees, rates, charges and rentals
do not conflict with applicable federal law and the laws of the states
of New Jersey and New York.

4. Board of commissioners. (a) The commission shall act through a
vote of its three commissioners: one of which will be directly appointed
by the commissioner of the New York state department of transportation;
one of which will be directly appointed by the board of directors of the
New Jersey transit corporation; and one of which will be directly
appointed by Amtrak. The commissioner appointed by Amtrak will serve to
represent Amtrak's interest, as owner-operator or user of the northeast
corridor, in the work to be undertaken by the commission.

(b) The commission's initial commissioners shall be the individuals
serving as trustees of the Gateway Program Development Corporation, a
New Jersey non-profit corporation, at the time of the effective date of
this act. The Gateway Program Development Corporation trustees
appointed by New Jersey and New York shall each serve an initial term as
commissioners of the commission expiring on December 31, 2019. The Gateway Program Development Corporation trustee appointed by Amtrak shall serve an initial term as commissioner of the commission expiring on December 31, 2021. Aside from the commission's initial commissioners, all other commissioners shall serve for a term of three years.

(c) At the conclusion of a commissioner's term, including an initial commissioner's term, the commissioner may be reappointed for a successive three year term at the pleasure of the party who originally appointed that commissioner, or in the case of the initial commissioners, the party who originally appointed that individual as a trustee of the Gateway Program Development Corporation. A commissioner shall automatically continue to serve following the expiration of his term until a successor is appointed in accordance with paragraph (a) of this subdivision and seated.

(d) In the event that a commissioner ceases to serve before the stated expiration of his term, the party that originally appointed the commissioner may appoint a replacement to serve out the remainder of the replaced commissioner's term and thereafter, the vacancy shall be filled as provided for in paragraph (a) of this subdivision.

(e) Commissioners shall serve without compensation, but the commission may, within the limits of funds appropriated or otherwise made available to it, reimburse commissioners for actual expenses necessarily incurred in the discharge of their official duties.

(f) The commissioner from the state of New Jersey and the commissioner from state of New York shall be indemnified by the state of New Jersey and the state of New York, respectively, to the same extent as such state indemnifies a public officer for any claim or judgment arising out of such public officer's official duties.
5. Organization of the commission; meetings. (a) The commissioners shall select a chairperson. The chairperson shall be elected from the representatives of New Jersey and New York, and shall hold office for one year. The initial chairperson shall be the commissioner who was serving as chairperson of the board of trustees of the Gateway Program Development Corporation whose term as chairperson shall continue until the earlier to occur of (i) the date on which such commissioner's term as the Gateway Program Development Corporation chairperson would have expired; or (ii) the date on which that commissioner is otherwise terminated as a commissioner. Thereafter, the commissioner appointed by the state which did not appoint the initial chairperson shall succeed as chairperson. The chairpersonship shall be alternated between the two states. The commissioner appointed by Amtrak shall serve as vice-chairperson.

(b) The commission shall meet regularly as it may determine. Meetings of the commission shall be held at such times and places as the chairperson of the commission deems appropriate, but to the maximum extent practicable and feasible, meetings shall be held on an alternating basis in New Jersey and New York.

(c) The powers of the commission may be exercised by the commissioners at a meeting duly called and held where a quorum of all three commissioners are present; provided, however, that in the event a vacancy remains for ninety days, the powers of the commission may be exercised by the commissioners at a meeting duly called and held where all remaining commissioners are present. Action may be taken and motions and resolutions adopted by the commission at any meeting thereof by unanimous affirmative vote of the commissioners. The commissioners shall
adopt bylaws providing for attendance protocols, voting procedures and
other matters related to the conduct of the business of the commission.
(d) The commission may request the assistance and services of such
employees and agents as it may require and as may be made available to
it for the purpose of carrying out its duties under this act, which
agents may include private consultants and persons employed by or acting
as a consultant for the federal government, the states of New Jersey and
New York or any local government thereof, any agency, instrumentality,
department, commission or authority of any one or more of the foregoing,
any bi-state agency, or of Amtrak, and each such government and enumerated
party is authorized to provide any such assistance and services to
the commission.
(e) The commission may, within the limits of funds appropriated or
otherwise made available to it for those purposes, employ such profes-
sional, technical, clerical staff and consultants and incur such
expenses as it may deem necessary or appropriate in order to perform its
duties.
(f) The legislature finds and declares that the right of the public to
be present at meetings of the commission, and to witness the deliber-
ation, policy formulation, and decision making of the commission, is
vital to the enhancement and proper functioning of the democratic proc-
ess, and that secrecy in public affairs undermines the faith of the
public in government and the public's effectiveness in fulfilling its
role in a democratic society; and declares it to be the public policy of
this state to ensure the right of its citizens to have adequate advance
notice of and the right to attend all meetings of the commission at
which any public business is acted upon in any way, except only in those
circumstances where the public interest would be clearly endangered, the
relevant matters are made confidential by federal or state law, or the
personal privacy of individuals would be clearly in danger of unwar-
ranted invasion.

(g) The commission shall adopt and promulgate appropriate bylaws,
rules and regulations concerning the right of the public to be present
at meetings of the commission and to obtain records of the commission's
activities or public business. Any rules or regulations adopted here-
under shall become a part of the minutes of the commission and be posted
on its website.

6. Duties of the commission. The duties of the commission shall be to
use its efforts to accomplish, at such times as it is appropriate to do
so, the following actions, provided that the commission shall not be in
dereliction of its duties so long as it acts in good faith to accomplish

forth above and, until expenditure is required, to hold and invest funds

further the purposes of this act.

contracts and agreements and other documents and instruments which the

that the commission would be subject to the jurisdiction of the federal
surface transportation board;

Mercer county, New Jersey and New York county, New York, it being under-

provided that the Gateway Development Commission shall notify the legis-

contest in the manner and time provided shall be deemed an admission of
liability and that a default judgment may be entered thereon.

(iv) The notice of liability shall be prepared and mailed by the agen-

authorized by such city to prepare and mail such notification of
violation.

11. Adjudication of the liability imposed upon owners by this section
shall be by the New York city parking violations bureau.

12. If an owner of a vehicle receives a notice of liability pursuant
to this subdivision for any time period during which such vehicle was

be sent by first class mail to the parking violations bureau of such
city.

14. If the owner liable for a violation was not the operator of the vehicle at the time of the violation, the owner may maintain an action for indemnification against the operator.

A manual or automatic record of electronic communications prepared in the ordinary course of business shall be adequate record of electronic notice.

7. Any public authority that operates a cashless tolling facility shall maintain a website and toll-free phone number for any person to receive updated information on any tolls or fees which are outstanding. Such website and phone number shall be included on any toll bill or notice of violation sent by or on behalf of a public authority.

8. Any public authority which operates a cashless tolling facility shall establish procedures for owners to dispute any tolls and violation fees incurred in connection with toll bills. Such procedures shall be prominently displayed on such public authority's toll bills, notices of violation and website.
