AID TO LOCALITIES BUDGET

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. a) The several amounts specified in this chapter for aid to localities, or so much thereof as shall be sufficient to accomplish the purposes designated by the appropriations, are hereby appropriated and authorized to be paid as hereinafter provided, to the respective public officers and for the several purposes specified.

b) Where applicable, appropriations made by this chapter for expenditures from federal grants for aid to localities may be allocated for spending from federal grants for any grant period beginning, during, or prior to, the state fiscal year beginning on April 1, 2020 except as otherwise noted.

c) The several amounts named herein, or so much thereof as shall be sufficient to accomplish the purpose designated, being the undisbursed and/or unexpended balances of the prior year's appropriations, are hereby reappropriated from the same funds and made available for the same purposes as the prior year's appropriations, unless herein amended, for the fiscal year beginning April 1, 2020. Certain reappropriations in this chapter are shown using abbreviated text, with three leader dots (an ellipsis) followed by three spaces (.... ) used to indicate where existing law that is being continued is not shown. However, unless a change is clearly indicated by the use of brackets [ ] for deletions and underscores for additions, the purposes, amounts, funding source and all other aspects pertinent to each item of appropriation shall be as last appropriated.

For the purpose of complying with the state finance law, the year, chapter and section of the last act reappropriating a former original appropriation or any part thereof is, unless otherwise indicated, chapter 53, section 1, of the laws of 2019.

d) No moneys appropriated by this chapter shall be available for payment until a certificate of approval has been issued by the director of the budget, who shall file such certificate with the department of audit and control, the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee.

e) Notwithstanding any provision of law to the contrary, if the financial plan required under sections twenty-two or twenty-three of the state finance law estimates that the general fund is reasonably anticipated to end the fiscal year with an imbalance of $500,000,000 or more,

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [ ] is old law to be omitted.
the director of the division of the budget shall prepare a plan that
shall be submitted to the legislature, which shall identify the general
fund and state special revenue fund appropriations contained herein and
related disbursements that may be reduced to eliminate the imbalance
identified in the general fund, provided, however, that the total
reduction in disbursements identified in such plan shall not exceed an
amount equal to 1.0 percent of estimated disbursements in total state
operating funds for fiscal year 2020-2021. The legislature shall have 30
days after such submission to either prepare its own plan, which may be
adopted by concurrent resolution passed by both houses and implemented
by the division of the budget, or if after 30 days the legislature fails
to adopt its own plan, the reductions to the general fund and state
special revenue fund appropriations contained herein and related
disbursements identified in the division of the budget plan will go into
effect automatically. To the extent the state is obligated to make
payment to any individual or entity pursuant to any appropriation
contained herein to which an adjustment or reduction is applied in
accordance with this section, such obligation shall be reduced commensu-
rate with any adjustments or reductions made by the director of the
budget and/or by the legislature. The following types of appropriations
shall be exempt from reduction in any plan prepared by the budget direc-
tor and/or any plan adopted by the legislature: (a) public assistance
payments for families and individuals and payments for eligible aged,
blind and disabled persons related to supplemental social security; (b)
any reductions that would violate federal law; (c) payments of debt
service and related expenses for which the state is constitutionally
obligated to pay debt service or is contractually obligated to pay debt
service, subject to an appropriation, including where the state has a
contingent contractual obligation; and (d) payments the state is obli-
gated to make pursuant to court orders or judgments.
f) Notwithstanding any provision of law to the contrary, for purposes
of any appropriation made by this chapter which authorizes spending in
an amount net of refunds, rebates, reimbursements, credits, repayments,
and/or disallowances, "refunds" shall mean funds received to the state
resulting from the overpayment of monies, "rebates" shall mean funds
received to the state resulting from a return of a full or partial
amount previously paid, as for goods or services, serving as a
reduction, discount or rebate to the original payment amount,
"reimbursements" shall mean funds received to the state as repayment in
an equivalent amount for goods or services, including but not limited to
personal service costs, incurred by the state in the first instance
being provided to a third party for their benefit and partially or in
full financed by such third party, "credit" shall mean monies made
available to the state that reduce the amount owed to a third party,
including but not limited to billing errors, rebates, and prior
overpayments, "repayment" shall mean the return of monies as pay back
for expenses incurred, and "disallowance" shall mean monies made
available to the state that were not allowed or accepted officially by
the intended recipient, based on a determination the payment is not
acceptable and/or valid. When the office of the state comptroller
receives any such refunds, rebates, reimbursements, credits, repayments,
and/or disallowances, he or she shall credit the refunded, rebated,
reimbursed, credited, repaid, and disallowed amount back to the original
appropriation and reduce expenditures in the year which such credit is
received regardless of the timing of the initial expenditure.
g) Notwithstanding any other provision of law to the contrary, if the
state or any agency thereof incurs any costs associated with
administering the rent regulation program in accordance with subdivision
(c) of section 8 of chapter 576 of the laws of 1974, as amended, for a
city having a population of one million or more, the director of the
budget may direct any other state agency or agencies making payments to
such city, or any department, agency, or instrumentality thereof, to
permanently reduce the amount of any other payment or payments owed to
such city or any department, agency, or instrumentality thereof pursuant
to any appropriation set forth in this chapter. Provided however, that such reduction shall be in an amount equal to the costs incurred by the state or agency thereof in accordance with subdivision (c) of section 8 of chapter 576 of the laws of 1974 and provided further that such direction shall be made in writing by the director of the budget. If the director of the budget makes such direction pursuant to the authority set forth herein, the impacted city shall not make the payments required by subdivision (c) of section 8 of chapter 576 of the laws of 1974, as amended, and the division of housing and community renewal shall notify such city in writing of what payment or payments will be reduced and the amount of such reduction. To the extent a city of one million or more or any department, agency, or instrumentality thereof is entitled to any cash disbursement authorized by any appropriation contained in this chapter, such entitlement shall be reduced commensurate with reductions in payments made in accordance with this part.

h) Notwithstanding any provision of law to the contrary, upon enactment of this chapter of the laws of 2020 containing the aid to localities budget bill for the state fiscal year 2020-2021, all appropriations and reappropriations contained in chapter 53 of the laws of 2019, which would otherwise lapse by operation of law on March 31, 2021 are hereby repealed.

i) The appropriations contained in this chapter shall be available for the fiscal year beginning on April 1, 2020 except as otherwise noted.

Notwithstanding any inconsistent provision of law, for general support for public schools for the 2020-21 state fiscal year, as provided herein.
Notwithstanding any provision of law to the contrary, for the 2020-21 school year, in lieu of aids payable pursuant to sections 701, 711, 751, 753, 1950 and subdivisions 4, 10, and 41 of section 3602 of the education law, each school district shall be entitled to receive an amount equal to the foundation aid payable in the 2020-21 school year, which shall equal the sum of adjusted foundation aid as defined herein plus the greater of tiers A through E as
defined herein plus the community schools
setaside increase, as defined herein.
For the purposes of this appropriation,
"foundation aid remaining" shall mean the
positive difference, if any, of (1) total
foundation aid computed pursuant to
subdivision 4 of section 3602 of the
education law less (2) the adjusted
foundation aid base as defined herein.
For the purposes of this appropriation:
(A) "Tier A" shall equal the product of the
foundation aid remaining multiplied by (A)
for a city school district in a city with
a population of one million or more,
0.26367, (B) for city school districts in
cities with populations greater than one
hundred and twenty-five thousand but less
than one million, 0.18, and (C) for all
other districts, 0.04.
(B) "Tier B" shall equal the product of the
foundation aid remaining multiplied by the
Tier B phase-in factor, where the "Tier B
phase-in factor" shall equal the product
of 0.09 multiplied by the Tier B scaled
factor, and where the "Tier B scaled
factor" shall equal the difference of one
less the squared product of the pupil
wealth ratio computed pursuant to
paragraph a of subdivision 3 of section
3602 of the education law multiplied by
0.64, provided that such difference shall
be no greater than 0.9 nor less than zero.
(C) "Tier C" shall equal, for school
districts with a modified free and
reduced-price lunch index of 1.5 or
greater, the product of public school
district enrollment as computed pursuant
to paragraph n of subdivision 1 of section
3602 of the education law for the base
year multiplied by the Tier C per pupil
amount, where "Tier C per pupil amount"
shall equal the product of (A) $148.18
multiplied by (B) the regional cost index
computed pursuant to subparagraph 2 of
paragraph a of subdivision 4 of section
3602 of the education law for such school
district multiplied by (C) the modified
free and reduced-price lunch index
multiplied by (D) the difference of two
less the product of 1.5 multiplied by the
combined wealth ratio for total foundation
aid computed pursuant to subparagraph 2 of
paragraph c of subdivision 3 of section
3602 of the education law, provided that
such difference shall be no greater than
0.9 nor less than zero, and where the
"modified free and reduced-price lunch
index" shall equal the quotient arrived at
when dividing the three year average free
and reduced price lunch percent for the
current year computed pursuant to
paragraph p of subdivision 1 of section
3602 of the education law of the school district by the statewide average of such percent excluding any city school district in a city with a population of one million or more.

(D) "Tier D" shall equal the product of the extraordinary needs count computed pursuant to paragraph s of subdivision 1 of section 3602 of the education law multiplied by the Tier D per pupil amount, where "Tier D per pupil amount" shall equal the product of (A) $205 multiplied by (B) the sum of one plus the sparsity factor computed pursuant to paragraph r of subdivision 1 of section 3602 of the education law multiplied by (C) the extraordinary needs index multiplied by (D) the tier D scaled factor, where the "extraordinary needs index" shall equal the quotient of the extraordinary needs percent for the district computed pursuant to paragraph w of subdivision 1 of section 3602 of the education law divided by the statewide average of such percent, and where the "tier D scaled factor" shall equal the difference of 1.37 less the squared product of the pupil wealth ratio computed pursuant to paragraph a of subdivision 3 of section 3602 of the education law multiplied by 1.24, provided that such tier D scaled factor shall not be less than zero nor more than one.

(E) "Tier E" shall equal the greater of the due minimum or the difference of the due minimum less the hold harmless, where "due minimum" shall equal the product of the adjusted foundation aid base as defined herein multiplied by 0.0025, and where the "hold harmless" shall equal adjusted foundation aid as defined herein less the adjusted foundation aid base as defined herein.

such quotient for the school year five
years prior to the base year is greater
than or equal to the statewide average of
the difference of such quotients, and (2)
where the quotient arrived at when

count for the base year by public school
district enrollment for the base year is
greater than or equal to the statewide
average of such quotient, and (3) where
the combined wealth ratio for total
foundation aid computed pursuant to
subparagraph 2 of paragraph c of

Provided, however, no payments shall be barred or reduced where such payment is required as a result of a final audit of the state.

Notwithstanding any inconsistent provision of law, for all school districts, the apportionment of general support for public schools for the 2020-21 school year in excess of the amount apportioned to such school district in the 2019-20 school year shall be withheld until (i) such school district has submitted to the commissioner of education and the director of the budget a detailed statement of the total funding allocation for each school in the district for the 2020-21 school year, in a statewide uniform form developed by the director of the budget, in consultation with the commissioner of education, and (ii) the commissioner of
education and the director of the budget
issue a determination of compliance in
writing of such school district's
statement of total funding allocation as
required by subdivision 1 of section 3614
of the education law, provided that such
school districts shall submit such
statement to the commissioner of education
and the director of the budget on or
Provided further that such school districts
shall adhere to and complete the
prescribed form accurately and fully, and
shall make such statement publicly avail-

Provided further that the director of the
budget shall request in such form only
information that is known to, or may be
ascertained or estimated by, the district.
Provided further that each such local educa-
tional agency shall include in such state-
ment the approach used to allocate funds
to each school and that such statement
shall include but not be limited to sepa-
rate entries for each individual school,
demographic data for the school, per pupil
funding level, source of funds, and
uniform decision rules regarding allo-
cation of centralized spending to individ-
ual schools from all funding sources.
Provided further that within 45 days of
submission of such statement by a school
district, the commissioner of education
and director of the budget shall review
such statement and determine whether the
statement is complete and is in the format
required. If such statement is determined
to be complete and in the format required,
a written acknowledgement of such shall be
sent to the school district. If no deter-
mation is made by the commissioner of
education and the director of the budget
within 45 days of submission of the state-
ment, such statement shall be deemed
approved.
Should the commissioner of education or the
director of the budget request additional
information from the school district to
determine completeness, the district shall
submit such requested information to the
commissioner of education and the director
of the budget within 30 days of such
request and the commissioner of education
and director of the budget's deadline for
review and determination shall be extended
by 45 days from the date of submission of
the additional requested information. If
the commissioner of education or director
of the budget determine a school
district's spending statement to be
noncompliant, such school district shall be allowed to submit a revised spending statement at any time.

Provided further that if a school district fails to submit a statement that is complete and in the format required on or before September 4, 2020 or if the commissioner of education or director of the budget determine the school district's spending statement to be noncompliant, a written explanation shall be provided and the school district will have 30 days to cure.

If the school district does not cure within 30 days, at the joint direction of the director of the budget and the commissioner of education, the comptroller of the city in which such school district is situated, or if the city does not have an elected comptroller the chief financial officer of the city, or for school districts not located in a city, the chief financial officer of the town in which the majority of the school district is situated shall be authorized, at his or her discretion, to obtain appropriate information from the school district, and shall be authorized to complete such form and submit such statement to the director of the budget and the commissioner of education for approval.

Provided further that where the comptroller or chief financial officer exercises the authority to submit such form, such submission shall occur within 60 days following notification of the school district's failure to cure.

Provided further that nothing in the preceding paragraph shall preclude a school district from submitting a spending statement for approval by the director of the budget and the commissioner of education at any time.

Provided further that any apportionment withheld pursuant to this appropriation shall not have any effect on the base year calculation for use in the subsequent school year.

Notwithstanding any inconsistent provision of law, for the 2020-21 school year, any school district with an underfunded high-need school shall prioritize all such underfunded high-need schools among its individual schools, and shall submit to the commissioner on or before September 1, 2020 a report specifying how such district effectuated appropriate funding for the underfunded high-need schools. Provided further, on or before May 1, 2020, the director of the budget shall produce a list of underfunded high need schools, as defined herein. Provided, however, that
the director of the budget shall exclude
from this list schools within district 75
of the city school district of New York,

the statement required for such school
year pursuant to section 3614 of the
education law;
(4) "average student need index by school
type" shall mean the quotient arrived at
when dividing the sum of weighted student

(9) "significantly low funded school" shall mean a school within a school district that has per pupil expenditures less than the product of the average per pupil expenditures by school type within the school district multiplied by 0.95. Notwithstanding any inconsistent provision of law to the contrary, for the purposes of this appropriation and of calculating the allocable growth amount for the 2020-21 school year pursuant to paragraph gg of subdivision 1 of section 3602 of the education law, the allowable growth amount shall equal the product of the positive difference of the personal income growth index minus one, multiplied by the statewide total of the sum of (1) the apportionments due and owing during the base year to school districts and boards of cooperative educational services from the general support for public schools as computed based on an electronic data file used to produce the school aid computer listing produced by the commissioner of education in support of the enacted budget for the base year plus (2) the competitive awards amount for the base year. Provided that the personal income growth index shall equal the average of the quotients for each year in the period commencing with the state fiscal year nine years prior to the state fiscal year in which

calculating the allocable growth amount
shall be $50,000,000 for the 2020-21

and/or disallowances.
Notwithstanding any other law, rule or regu-
lation to the contrary, funds appropriated
herein may be suballocated to other
departments and agencies to accomplish the
intent of this appropriation subject to

which the school district's proposal would maximize the use of the
additional learning time through a comprehensive restructuring of
the school day and/or year, (ii) the extent to which the proposal
would provide additional learning time for students in grades six
through eight, and (iii) how the additional learning time would be
utilized, including, but not limited to, additional time spent on

determined by the United States department of labor for the 12-month
period preceding January first of the year two years prior to the
base year; provided, however, that in extraordinary cases the
commissioner may award a grant that exceeds the per pupil limit
described above; provided further, however, that no district shall
receive a grant in excess of the total actual grant expenditures
incurred by the district in the current school year as approved by the commissioner. Provided, further, that no school district shall receive more than forty percent of the total school-wide extended learning grant allocation.

Provided, further, that notwithstanding any provision of law to the contrary, the $7,500,000 appropriated herein available for community schools grants shall be awarded, based on a request for proposals (i) developed by the state council on children and families in coordination with the commissioner, (ii) approved by the director of the budget and (iii) issued by the commissioner, to school districts, or in a city with a population of one million or more an eligible entity, to improve student outcomes through the implementation of community schools programs that use school buildings as community hubs to deliver co-located or school-linked academic, health, mental health, nutrition, counseling, legal and/or other services to students and their families. Provided, further, that to assess proposal quality in order to award such funding, the commissioner shall take into account factors including, but not limited to: (i) the extent to which the school district's proposal would provide such community services through partnerships with local governments and non-profit organizations, (ii) the extent to which the proposal would provide for delivery of such services directly in school buildings, (iii) the extent to which the proposal articulates how such services would facilitate measurable improvement in student and family outcomes, (iv) the extent to which the proposal articulates and identifies how existing funding streams and programs would be used to provide such community services, and (v) the extent to which the proposal ensures the safety of all students, staff and community members in school buildings used as community hubs. Provided, however, that community schools grants appropriated herein shall be paid to school districts in installments upon successful implementation of each phase of a school district's approved proposal. Provided, further, that no school district shall receive more than forty percent of the total community schools grant allocation, and that each individual community school site shall be limited to a maximum grant of $500,000. Provided, further, that notwithstanding any provision of law to the contrary, the $5,500,000 appropriated herein available for a master teachers program shall support the award of stipends of $15,000 per annum over four years to individual high-performing teachers in math, science and related fields, and of related costs, administered by the state university of New York pursuant to a plan developed in consultation with the commissioner, who shall consult with appropriate state organizations representing K-12 public school teachers and approved by the director of the budget, to build a corps of outstanding math, science and related fields teachers in order to improve the quality of instruction at public secondary schools. Provided further that, notwithstanding any provision of law to the contrary, the $2,500,000 appropriated herein available for pathways in technology early college high school (P-TECH) program grants shall be awarded pursuant to a plan developed by the commissioner and approved by the director of the budget, provided that such plan shall include but not be limited to (i) assurances that K-12, higher education and private-sector partners commit to the required elements and responsibilities of a P-TECH program, (ii) provisions to ensure regional diversity of grant recipients, and (iii) priority for P-TECH programs serving students in academically challenged school districts; provided further that the commissioner shall make available the request for proposals for such program on or before

Provided, further, that notwithstanding any provision of law to the contrary, the $10,000,000 appropriated herein available for school-wide extended learning grants shall be awarded to school districts or school districts in collaboration with not-for-profit community-based organizations based on responses to a request for proposals for planning and implementation grants that is (i) developed by the commissioner; (ii) approved by the director of the budget; and (iii) issued by the commissioner. Provided, further, that such grants shall be awarded based on factors including, but not limited to, the following: (i) the school district's proposal to target the schools and students with the greatest need, and (ii) proposal quality. Provided, further, that to assess proposal quality in order to award implementation grant funding, the commissioner shall take into account factors including, but not limited to: (i) the extent to which the school district's proposal would maximize the use of the additional learning time through a comprehensive restructuring of the school day and/or year, (ii) the extent to which the proposal would provide additional learning time for students in grades six through eight, and (iii) how the additional learning time would be utilized, including, but not limited to, additional time spent on core academics. Provided, however, that no district shall be eligible to receive a school-wide extended learning grant unless its proposal would increase student learning time by at least 25 percent. Provided, further, that a school district's schoolwide extended learning implementation grant shall equal its average daily attendance in the school-wide extended learning program multiplied by the expected cost per pupil of the additional learning time; provided, further, that the expected cost per pupil of the additional learning time shall equal the greater of $1,500 or (A) the quotient of (i) the school district's approved operating expense, pursuant to paragraph t of subdivision 1 of section 3602 of the education law, for the year prior to the base year, divided by (ii) the district's public school district enrollment, pursuant to subparagraph (2) of paragraph n of such subdivision, for the year prior to the base year, multiplied by (B) 10 percent (0.10), multiplied by (C) the quotient of (i) the average of the national consumer price indexes determined by the United States department of labor for the 12-month period preceding January first of the base year, divided by (ii) the average of the national consumer price indexes determined by the United States department of labor for the 12-month period preceding January first of the year two years prior to the base year; provided, however, that in extraordinary cases the commissioner may award a grant that exceeds the per pupil limit
described above; provided further, however, that no district shall
receive a grant in excess of the total actual grant expenditures
incurred by the district in the current school year as approved by
the commissioner. Provided, further, that no school district shall
receive more than forty percent of the total school-wide extended
learning grant allocation.

Provided, further, that notwithstanding any provision of law to the
contrary, the $7,500,000 appropriated herein available for community

their families. In a city with a population of one million or more,
eligible entities shall mean the city school district of the city of
New York, or not-for-profit organizations, which shall include not-

(ii) measures of the need of students to be served by each of the
school districts, (iii) the school district’s proposal to target the
highest need schools and students, (iv) the sustainability of the
proposed community schools program, and (v) proposal quality.

Provided, further, that to assess proposal quality in order to award
such funding, the commissioner shall take into account factors
including, but not limited to: (i) the extent to which the school
district’s proposal would provide such community services through
partnerships with local governments and non-profit organizations,
(ii) the extent to which the proposal would provide for delivery of
such services directly in school buildings, (iii) the extent to
which the proposal articulates how such services would facilitate
measurable improvement in student and family outcomes, (iv) the
extent to which the proposal articulates and identifies how existing
funding streams and programs would be used to provide such community
services, and (v) the extent to which the proposal ensures the safety
of all students, staff and community members in school buildings
used as community hubs. Provided, however, that community schools
grants appropriated herein shall be paid to school districts in
installments upon successful implementation of each phase of a
school district’s approved proposal. Provided, further, that no
school district shall receive more than forty percent of the total
community schools grant allocation, and that each individual commu-

Provided, further, that priority shall be given to applicants in regions of the state where a similar program is not otherwise offered. Notwithstanding any provision of law to the contrary, upon approval of the director of the budget, such $5,500,000 of master teachers program funding may be sub-allocated, interchanged, transferred or otherwise made available to the state university of New York for the services and expenses of administering such program. Nothing herein shall be construed to limit the rights of labor organizations to collectively bargain terms and conditions pursuant to article 14 of the civil service law.

Provided, however, that a portion of the payments to early college high school programs awarded funding from this appropriation shall be awarded on a sliding scale based upon the number of college credits earned annually by participating students, consistent with guidelines established by the commissioner. Provided further that, notwithstanding any provision of law to the contrary, higher education partners participating in an early college high schools program, or the entity/entities responsible for setting tuition at the institution, shall be authorized to set a reduced rate of tuition and/or fees, or to waive tuition and/or fees entirely, for students enrolled in such early college high schools program with no reduction in other state, local or other support for such students earning college credit that such higher education partner would otherwise be eligible to receive.

available the request for proposals for such program on or before May fifteenth and the commissioner shall issue awards on or before August fifteenth; and provided further that a portion of the payments to P-TECH programs awarded funding from this appropriation shall be made on a sliding scale based upon the number of college credits earned annually by participating students, consistent with guidelines established by the commissioner. Provided further that, notwithstanding any provision of law to the contrary, of the amount appropriated herein available for teacher excellence fund grants shall be awarded to eligible school districts in the following amounts: $15,000,000 for pre-kindergarten grants, $2,500,000 for an expanded master teacher program, $1,500,000 of pathways in technology early college high school program grants, $1,500,000 for a school district teacher residency program, $1,500,000 for a New York state masters-in-education teacher incentive scholarship program, and $1,500,000 for QUALITYstarsNY; provided, however, the funds appropriated herein for pathways in technology early college high school program grants shall only be available for grants awarded for the 2017-18 school year and prior school years; provided, however, the funds appropriated herein for the expanded master teacher program shall only be available for expenses for the 2018-19 school year and prior school years; provided, however, the funds appropriated herein for QUALITYstarsNY shall only be available for expenses for the 2018-19 school year and prior school years; provided further that, notwithstanding any provision of law to the contrary, such $23,500,000, plus any other

to full-day and half-day pre-kindergarten programs for three-year-
old and four-year-old children shall be awarded, based on a request
for proposals developed by the commissioner and approved by the
director of the budget, to school districts to establish new full-

the purposes of this appropriation, an eligible child shall be a

further, that a school district's grant for three-year-old and four-

provide periodic opportunities for professional development for
successful applicants. Provided, further, that priority shall be
given to applicants in regions of the state where a similar program

the contrary, upon approval of the director of the budget, such
$2,500,000 of master teachers program funding may be suballocated,
interchanged, transferred or otherwise made available to the state
university of New York for the services and expenses of administer-

shall be made on a sliding scale based upon the number of college
credits earned annually by participating students, consistent with
guidelines established by the commissioner. Provided further that in
connection with such guidelines, the commissioner shall execute a

and/or fees entirely, for students enrolled in such P-TECH program
with no reduction in other state, local or other support for such
students earning college credit that such higher education partner
would otherwise be eligible to receive.

Provided, further, that notwithstanding any provision of law to the
contrary, the $1,500,000 appropriated herein available for a school

Local Assistance Account - 10000

Notwithstanding any inconsistent provision of law, the amount appropriated herein, shall be available under a foster care block grant for state reimbursement of eligible social services district expenditures for the provision and administration of foster care services including care, maintenance, supervision, and tuition; for supervision of foster children placed in federally funded job corps programs; for care, maintenance, supervision, and tuition for adjudicated juvenile delinquents placed in residential programs operated by authorized agencies and in out-of-state residential programs; and for the provision and administration of the kinship guardian assistance program including kinship guardianship assistance payments and payments for non-recurring guardianship expenses; except that, reimbursement from the amount appropriated herein shall not be available for tuition expenditures for foster children, including persons in need of supervision and adjudicated juvenile delinquents, made by a social services district located within a city having a population of one million or more.

Notwithstanding any other provision of law, a portion of the funds are available to reimburse social services districts for the change in the maximum state aid rates established by the office of children and family services for the 2020-21 rate year pursuant to section 398-a of the social services law and sections 4003 and 4405 of the education law to reflect the continuation of the cost of living adjustments that became effective April 1, 2008 for payments made to foster parents and for salary and fringe benefit costs and other
critical nonpersonal services costs for foster care programs as determined by the office. Social services districts must adjust the amount of payments made for care provided by congregate care and foster boarding home programs and to foster parents to reflect the cost of living adjustments in the manner specified by the office. Each authorized agency operating a congregate care or foster boarding home program in New York state for which the office sets a maximum state aid rate pursuant to section 398-a of the social services law or section 4003 or 4405 of the education law shall submit, at the time and in a manner to be determined by the office, a written certification, attesting that the funds received for the continuation of the cost of living adjustment to the maximum state aid rate that became effective April 1, 2008 for that program will be or were used solely in accordance with the requirements of the cost of living adjustment established by the office.

Notwithstanding any inconsistent provision of law, for the period commencing on April 1, 2020 and ending March 31, 2021 the commissioner shall not apply any cost of living adjustment for the purpose of establishing rates of payments, contracts or any other form of reimbursement.

Within the amounts appropriated herein, state reimbursement to each social services district for services identified herein that are otherwise reimbursable by the state from April 1, 2020 through March 31, 2021 shall be limited to a district allocation, hereinafter referred to as the district's block grant allocation. Notwithstanding any other provision of law, such block grant allocation shall be based, in part, on each district's claims for such costs, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the 12 month period ending June 30, 2019 that are submitted on or before January 2, 2020 and, in part, on such other factors as determined by the office of children and family services and approved by the director of the budget. Any portion of a social services district's allocation from funds appropriated herein not claimed by such district during the state fiscal year may be used by such district for expenditures on preventive services provided pursuant to section 409-a of the social services law, independent living services and aftercare services provided pursuant to regulations of the department of family assistance.
assistance, claimed by such district
during the next state fiscal year up to
the amount remaining from the district's
foster care block grant allocation,
provided however, that any claims for such
services during the next state fiscal year
in excess of such amount shall be subject
to 62 percent state reimbursement exclu-
sive of any federal funds made available
for such purposes, in accordance with
directives of the department of family
assistance and subject to the approval of
the director of the budget. Any claims
submitted by a social services district
for reimbursement for a particular state
fiscal year for which the social services
district does not receive state or federal
reimbursement during that state fiscal
year may not be claimed against that
district's block grant apportionment for
the next state fiscal year.
The office of children and family services,
with the approval of the director of the
budget, may reduce a district's block
grant allocation by the state share
decrease related to federal retroactive
reimbursement for such foster care
services identified herein. The office,
with the approval of the director of the
budget, may reduce a district's block
grant allocation by the state share of
disallowances or sanctions taken against
the district pursuant to the social
services law or federal law.
Notwithstanding any other provision of law,
the state shall not be responsible for
reimbursing a social services district and
a district shall not seek state reimburse-
ment for any portion of any state disal-
lowance or sanction taken against the
social services district, or any federal
disallowance attributable to final federal
agency decisions or to settlement made, on
or after July 1, 1995, when such disallow-
ance or sanction results from the failure
of the social services district to comply
with federal or state requirements,
including, but not limited to, failure to
document eligibility for federal or state
funds in the case record; provided, howev-
er, if the office determines that any
federal disallowance for services provided
between January 1, 1999 and May 31, 1999
results solely from the late enactment of
the state legislation implementing the
federal adoption and safe families act,
the state shall be solely responsible for
the full amount of the disallowance or
sanction; provided, further, however, this
 provision shall be deemed to apply both
prospectively and retroactively regardless
of whether such sanctions or disallowances
are for services provided or claims made
prior to or after April 1, 2020.
Notwithstanding any other provision of law,
any federal disallowance resulting from a
federal title IV-E eligibility review or
audit that uses extrapolated statistic
techniques shall be passed along by the
state to any and all social services
districts that the office of children and
family services has determined have not
complied with the title IV-E eligibility
requirements or have not taken the neces-
sary actions to ensure compliance with
such requirements including, but not
limited to, failing to: assess and fully
document all the criteria and have readily
available all the necessary documents to
establish and continue title IV-E eligi-
bility for all title IV-E eligible chil-
dren within the required time frames;
claim title IV-E funding only for cases
that meet all of the title IV-E eligibil-
ity criteria; and fully implement the
social services payment system on or
before April 1, 2005 for all direct and
voluntary agency foster care services.
Notwithstanding any law to the contrary, the
office of children and family services
shall impose on social services districts
any federal disallowance issued against
the state as a result of a federal title
IV-E secondary eligibility review regard-
less of the date the children may have
entered foster care, the date the eligi-
bility or payment errors occurred, or the
filing date of any federal claims for
reimbursement; provided, however, that the
state shall be responsible for the disal-
lowed costs and expenditures related to
the placement of children in a facility
operated by the office of children and
family services, which shall be determined
in the same manner as the disallowed costs
and expenditures for social services
districts other than the city of New York.
In order to reimburse the federal govern-
ment for the full amount of any disallow-
ance imposed on the state by the federal
administration for children and families
within the timeframes necessary to avoid
any potential interest payments on such
amount, the office of children and family
services is authorized to immediately
offset funds otherwise due to each
district for a pro rata share of the total
disallowed costs based on the percentage
of applicable federal title IV-E claims
made by that district for the relevant
time period as compared to the total
applicable statewide title IV-E claims.
The amount of the offset against each district will be adjusted, if necessary, upon completion of the disallowance allocation process. The final allocation of the amount of any federal disallowance resulting from a title IV-E secondary eligibility review shall be allocated among the districts so that each district shall be responsible for the amount attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the federal sample and federal statistics. For all social services districts other than the city of New York, the error rate will be based on a review conducted by the district of a sample of children and/or cases determined by the office of children and family services and a re-review of a sub-sample by the office of those children and/or cases determined by the office. The office of children and family services will determine what is reasonable in establishing the size of the sample and sub-sample for each district. The office of children and family services shall notify each social services district of the sample of children and/or cases from the federal audit period that the social services district must review. Any child or case from the social services district that was included in the federal sample will automatically be included in the social services district's review sample and the determination made at the federal review regarding that child or case will govern for the purposes of the social services district's review. The social services district must complete and submit the results of its review to the office of children and family services within 60 days of receipt of the sample. The error rate for the district will be based on the findings of the district's review and the office of children and family services' re-review. If a social services district does not complete its review within 60 days of receiving the sample from the office of children and family services, the office of children and family services shall assign an error rate to the social services district based on the relative percentage of the district's applicable title IV-E claims for the relevant period as compared to applicable statewide title IV-E claims for that period and other
circumstances that the office of children and family services may consider in order to allocate 100 percent of the federal disallowance. The office of children and family services shall apply each social services district's error rate to the total amount of the district's applicable title IV-E claims including associated administrative expenses. The resulting dollar amounts for all of the social services districts will be summed to derive the total amount of title IV-E claims deemed to be in error statewide. To establish a disallowance percentage for each social services district, the amount of the district's title IV-E claims deemed to be in error will be divided by the amount of statewide title IV-E claims deemed to be in error. The resulting disallowance percentage for each district will be applied to the entire title IV-E extrapolated disallowance calculated by the federal review to determine the amount of the extrapolated disallowance for which the district is responsible. Each district will be credited for the amount already disallowed for any individual children or cases found to be in error during the federal review. The exclusive appeal rights for the review of the amount of the federal disallowance assigned to each social services district shall be pursuant to article 78 of the civil practice laws and rules; provided, however, that in any such action all of the social services districts shall be joined as necessary parties and the venue of any such action shall be in Rensselaer county. Any social services district that fails to complete its sample review in the required time frames shall have no right to appeal and shall not be a necessary party to any action brought by another social services district.

The money hereby appropriated is to be available for payment of state aid herefore accrued or hereafter to accrue to municipalities. Notwithstanding any provision of law to the contrary, the amounts appropriated herein shall be net of refunds, rebates, reimbursements, credits, repayments, and/or disallowances; provided, however, that notwithstanding any other provision of law, for a district to receive reimbursement for such services, the amount of funds that the district expends on such services from its flexible fund for family services allocation and any flexible fund for family services funds transferred at the district's request to the title XX social services block grant must, to the extent that families are eligible therefore, be equal to or greater than the district's portion of the $382,322,341 statewide
child welfare threshold amount, which
shall be established pursuant to a formula

disability assistance and the office of
children and family services and approved
by the director of the budget.

Notwithstanding any law to the contrary, the office shall be authorized to promulgate regulations permitting the office to impose fiscal sanctions in the event that the office finds non-compliance with regulations governing secure and nonsecure detention facilities and to establish cost standards related to reimbursement of secure and non-secure detention services.

Notwithstanding section 51 of the state finance law and any other provision of law to the contrary, the director of the budget may, upon the advice of the commissioner of the office of children and family services, authorize the transfer or interchange of moneys appropriated herein with any other local assistance - general fund appropriation within the office of children and family services except where transfer or interchange of appropriation is prohibited or otherwise restricted by law.

Notwithstanding any other provision of law, if a social services district fails to provide reimbursement to the office of children and family services pursuant to section 529 of the executive law within 60 days of receiving a bill for services under such section, or by the date certain set by such office for providing reimbursement, whichever is later, the offices of the department of family assistance are authorized to exercise the state's set-off rights by withholding any amounts due and owing to such district under this appropriation, up to such amounts due and owing to the state under section 529 of the executive law and transferring such funds to the miscellaneous special revenue fund youth facility per diem account (22186) (13922) ... 76,160,000 .................. (re. $50,139,000)

good cause pursuant to section 408 (a)
(10) of the social security act. Unless
otherwise approved by the commissioner of

providing shelter supplements for family assistance households at
local option, including eligible households containing a household

Funds appropriated herein shall also reimburse for family assistance

medically diagnosed HIV infection as defined by the AIDS institute
of the State department of health and who are homeless or facing
homelessness and for whom no viable and less costly alternative to
housing is available; provided, however, that funds appropriated
herein may only be used for such purposes if the cost of such
allowances are not eligible for reimbursement under medical

Notwithstanding section 153 of the social services law, or any other inconsistent provision of law, the office of temporary and disability assistance may withhold or deny reimbursement, in whole or in part, to any social services district that fails to develop or submit a homeless services plan subject to the approval of the office of temporary and disability assistance, fails to provide homeless services and outreach in accordance with its approved homeless services plan, or fails to develop or submit homeless services outcome reports, consistent with those requirements promulgated by the office of temporary and disability assistance. Each social services district must certify to the office of children and family services and the office of temporary and disability assistance, within 90 days of enactment of the budget but before August 15, 2016, the amount of funds it wishes to have transferred under this provision.

MEDICAL ASSISTANCE ADMINISTRATION PROGRAM ............... 1,434,400,000

General Fund
Local Assistance Account - 10000

For reimbursement of local administrative expenses for medical assistance programs and for state administration of medical assistance programs, notwithstanding section 153 of the social services law, to include the performance of eligibility and enrollment determinations by the state or third-party entities designated by the state to perform such services. Notwithstanding any provision of law to the contrary, subject to the approval of the director of budget, up to $23,000,000 of the amount appropriated herein shall be available for the purpose of providing payments to local social services districts for medical assistance adminis-
tration claims that exceed an administra-
tive ceiling established by the commis-
sioner of health.
Notwithstanding any inconsistent provision
of law and subject to the approval of the
director of budget, moneys hereby appro-
priated may be increased or decreased by
transfer or interchange between these
appropriated amounts and appropriations of
the medical assistance administration
program, the medical assistance program,
and the office of health insurance
programs. Funding authority from this
account used for state administration of
the medical assistance program may be
transferred to state operations appropri-
ations within the aforementioned programs
at amounts agreed upon by the commissioner
of health, and the New York state division
of the budget.
Notwithstanding section 40 of the state
finance law or any provision of law to the
contrary, subject to federal approval, the
department of health state funds medicaid
spending, excluding payments for medical
services provided at state facilities
operated by the office of mental health,
the office for people with developmental
disabilities and the office of addiction
services and supports and further
excluding any payments which are not
appropriated within the department of
health, in the aggregate, for the period
April 1, 2020 through March 31, 2021,
shall not exceed $23,606,772,000 except as
provided below provided, however, such
aggregate limits may be adjusted by the
director of the budget to account for any
changes in the New York state federal
medical assistance percentage amount
established pursuant to the federal social
security act, increases in provider
revenues, reductions in local social
services district payments for medical
assistance administration, minimum wage
increases, and beginning April 1, 2012 the
operational costs of the New York state
medical indemnity fund, pursuant to
chapter 59 of the laws of 2011, and state
costs or savings from the essential plan
program. Such projections may be adjusted
by the director of the budget to account
for increased or expedited department of
health state funds medicaid expenditures
as a result of a natural or other type of
disaster, including a governmental
declaration of emergency.
Provided further however, that
notwithstanding any provision of law to
the contrary, if, on or before April 1,
2020, the legislature fails to achieve
$2,500,000,000 in aggregate savings from
the appropriations enacted as part of any
chapters of the laws of 2020 making
appropriaions for aid to localities
and/or state operations for the department
of health state funds medicaid spending,
excluding payments for medical services
provided at state facilities operated by
the office of mental health, the office
for people with developmental disabilities
and the office of addiction services and
supports and further excluding any
payments which are not appropriated within
the department of health, uniform across
the board reductions shall be applied to
such appropriations to achieve
$2,500,000,000 in aggregate savings from
such appropriations. Provided however,
that any such uniform reductions may be
increased or decreased at the discretion
of the director of the budget to conform
with federal rules and regulations. To the
extent any individual or entity is
otherwise entitled to any cash
disbursement authorized by one or more of
such appropriations or reappropriations
for the department of health state funds
medicaid spending, excluding payments for
medical services provided at state
facilities operated by the office of
mental health, the office for people with
developmental disabilities and the office
of addiction services and supports and
further excluding any payments which are
not appropriated within the department of
health, such entitlement shall be
superseded and reduced commensurate with
any such across the board reductions.
The director of the budget, in consultation
with the commissioner of health, shall
assess on a monthly basis known and
projected medicaid expenditures by
category of service and by geographic
region, as determined by the commissioner
of health, incurred both prior to and
subsequent to such assessment for each
such period, and if the director of the
budget determines that such expenditures
are expected to cause medicaid spending
for such period to exceed the aggregate
limit specified herein for such period,
the state medicaid director, in
consultation with the director of the
budget and the commissioner of health,
shall develop a medicaid savings
allocation plan to limit such spending to
the aggregate limit specified herein for
such period.
Such medicaid savings allocation plan shall
be designed, to reduce the expenditures
authorized by the appropriations herein in
compliance with the following guidelines:
(1) reductions shall be made in compliance
with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments there-to or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.
(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected over-spending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for...

notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

The money hereby appropriated is available for payment of aid heretofore accrued or hereafter accrued to municipalities, and to providers of medical services pursuant to section 367-b of the social services law, and

Notwithstanding any provision of law to the contrary, the amounts appropriated herein shall be net of refunds, rebates, reimbursements, credits, repayments, and/or disallowances.

Notwithstanding any other provision of law, the money hereby appropriated may be increased or decreased by interchange, with any appropriation of the department of health, and may be increased or decreased by transfer or suballocation between these appropriated amounts and appropriations of the office of mental health, the office for people with developmental disabilities, the office of addiction services and supports, the department of family assistance office of temporary and disability assistance, the department of corrections and community supervision, the office of information technology services, the state university

and family services with the approval of
the director of the budget, who shall file
such approval with the department of audit
and control and copies thereof with the
chairman of the senate finance committee

Notwithstanding and provision of law to the
contrary, the director of the budget, in
consultation with the commissioner of

year 2020-2021 to limit such spending to
the aggregate limit specified herein, or
reduce the aggregate limit specified
herein to provide a reduction to the
state's financial plan. Reductions shall
be made in a manner that complies with the
state medicaid plan approved by the
federal centers for medicare and medicaid
services, provided, however, that the
commissioner of health is authorized to
submit any state plan amendment or seek
other federal approval to implement the
provisions of the medicaid payment
reduction plan.

Notwithstanding any inconsistent provision
of law, in lieu of payments authorized by
the social services law, or payments of
federal funds otherwise due to the local
social services districts for programs
provided under the federal social security
act or the federal food stamp act, funds
herein appropriated, in amounts certified
by the state commissioner of temporary and
disability assistance or the state commis-
ioner of health as due from local social
services districts each month as their
share of payments made pursuant to section
367-b of the social services law may be
set aside by the state comptroller in an
interest-bearing account in order to
ensure the orderly and prompt payment of
providers under section 367-b of the
social services law pursuant to an esti-
mate provided by the commissioner of
health of each local social services
district's share of payments made pursuant
to section 367-b of the social services
law.

General Fund
Local Assistance Account - 10000

For the medical assistance program, including administrative expenses, for local social services districts, and for medical care rates for authorized child care agencies.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health,
the office for people with developmental
disabilities and the office of addiction
services and supports and further
excluding any payments which are not
appropriated within the department of
health, in the aggregate, for the period
April 1, 2020 through March 31, 2021,
shall not exceed $23,606,772,000 except as
provided below provided, however,
such aggregate limits may be adjusted by
the director of the budget to account for
any changes in the New York state federal
medical assistance percentage amount
established pursuant to the federal social
security act, increases in provider reven-
ues, reductions in local social services
district payments for medical assistance
administration, minimum wage increases,
and beginning April 1, 2012 the
operational costs of the New York state
medical indemnity fund, pursuant to
chapter 59 of the laws of 2011, and
state costs or savings from the
essential plan program. Such
projections may be adjusted by the direc-
tor of the budget to account for increased
or expedited department of health state
funds medicaid expenditures as a result of
a natural or other type of disaster,
including a governmental declaration of
emergency.
Provided further however, that
notwithstanding any provision of law to
the contrary, if, on or before April 1, 2020, the legislature fails to achieve
$2,500,000,000 in aggregate savings from
the appropriations enacted as part of any
chapters of the laws of 2020 making
appropriations for aid to localities
and/or state operations for the department
of health state funds medicaid spending,
excluding payments for medical services
provided at state facilities operated by
the office of mental health, the office
for people with developmental disabilities
and the office of addiction services and
supports and further excluding any
payments which are not appropriated within
the department of health, uniform across
the board reductions shall be applied to
such appropriations to achieve
$2,500,000,000 in aggregate savings from
such appropriations. Provided however,
that any such uniform reductions may be
increased or decreased at the discretion
of the director of the budget to conform
with federal rules and regulations. To the
extent any individual or entity is
otherwise entitled to any cash
disbursement authorized by one or more of
such appropriations or reappropriations
for the department of health state funds
medicaid spending, excluding payments for
medical services provided at state
facilities operated by the office of
mental health, the office for people with
developmental disabilities and the office
of addiction services and supports and
further excluding any payments which are
not appropriated within the department of
health, such entitlement shall be
superseded and reduced commensurate with
any such across the board reductions.
The director of the budget, in consultation
with the commissioner of health,
shall assess on a monthly basis known
and projected medicaid expenditures by
category of service and by geographic
region, as defined by the commissioner,
curated both prior to and subsequent to
such assessment for each such period, and
if the director of the budget determines
that such expenditures are expected to
cause medicaid spending for such period to
exceed the aggregate limit specified here-
in for such period, the state medicaid
director, in consultation with the direc-
tor of the budget and the commissioner of
health, shall develop a medicaid savings
allocation plan to limit such spending to
the aggregate limit specified herein for
such period.
Such medicaid savings allocation plan shall
be designed, to reduce the expenditures
authorized by the appropriations herein in
compliance with the following guidelines:
(1) reductions shall be made in compliance
with applicable federal law, including the
provisions of the Patient Protection and
Affordable Care Act, Public Law No. 111-
148, and the Health Care and Education
Reconciliation Act of 2010, Public Law No.
111-152 (collectively "Affordable Care
Act") and any subsequent amendments there-
to or regulations promulgated thereunder;
(2) reductions shall be made in a manner
that complies with the state medicaid plan
approved by the federal centers for medi-
care and medicaid services, provided,
however, that the commissioner of health
is authorized to submit any state plan
amendment or seek other federal approval,
including waiver authority, to implement
the provisions of the medicaid savings
allocation plan that meets the other
criteria set forth herein; (3) reductions
shall be made in a manner that maximizes
federal financial participation, to the
extent practicable, including any federal
financial participation that is available
or is reasonably expected to become avail-
able, in the discretion of the commissioner,
under the Affordable Care Act; (4)
reductions shall be made uniformly among

categories of services and geographic
regions of the state, to the extent prac-
ticable, and shall be made uniformly with-
in a category of service, to the extent
practicable, except where the commissioner
determines that there are sufficient
grounds for non-uniformity, including but
not limited to: the extent to which
specific categories of services contrib-
uted to department of health medicaid
state funds spending in excess of the
limits specified herein; the need to main-
tain safety net services in underserved
communities; or the potential benefits of
pursuing innovative payment models contem-
plated by the Affordable Care Act, in
which case such grounds shall be set forth
in the medicaid savings allocation plan;
and (5) reductions shall be made in a
manner that does not unnecessarily create
administrative burdens to medicaid appli-
cants and recipients or providers.
The commissioner shall seek the input of the
legislature, as well as organizations
representing health care providers,
consumers, businesses, workers, health
insurers, and others with relevant exper-
tise, in developing such medicaid savings
allocation plan, to the extent that all or
part of such plan, in the discretion of
the commissioner, is likely to have a
material impact on the overall medicaid
program, particular categories of service
or particular geographic regions of the
state.
(a) The commissioner shall post the medicaid
savings allocation plan on the department
of health’s website and shall provide
written copies of such plan to the chairs
of the senate finance and the assembly
ways and means committees at least 30 days
before the date on which implementation is
expected to begin.
(b) The commissioner may revise the medicaid
savings allocation plan subsequent to the
provisions of notice and prior to imple-
mentation but needs to provide a new
notice pursuant to subparagraph (i) of
this paragraph only if the commissioner
determines, in his or her discretion, that
such revisions materially alter the plan.
Notwithstanding the provisions of paragraphs
(a) and (b) of this subdivision, the
commissioner need not seek the input
described in paragraph (a) of this subdi-
vision or provide notice pursuant to para-
graph (b) of this subdivision if, in the
discretion of the commissioner, expedited
development and implementation of a medi-
caid savings allocation plan is necessary
due to a public health emergency.
For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

The director of the budget, in consultation
with the commissioner of health, shall
assess on a monthly basis known and
projected medicaid expenditures by
category of service and by geographic
region, as determined by the commissioner
of health, incurred both prior to and
subsequent to such assessment for each
such period, and if the director of the

are expected to cause medicaid spending
for such period to exceed the aggregate
limit specified herein for such period,
the state medicaid director, in consulta-

the commissioner of health, shall develop
a medicaid savings allocation plan to
limit such spending to the aggregate limit
specified herein for such period.
Such medicaid savings allocation plan shall

authorized by the appropriations herein in
compliance with the following guidelines:
(1) reductions shall be made in compliance
with applicable federal law, including the
provisions of the Patient Protection and

including waiver authority, to implement
the provisions of the medicaid savings

er, under the Affordable Care Act; (4)
reductions shall be made uniformly among
categories of services and geographic
regions of the state, to the extent pract-
icable, and shall be made uniformly with-
in a category of service, to the extent
practicable, except where the commissioner
determines that there are sufficient
grounds for non-uniformity, including but
not limited to: the extent to which
specific categories of services contrib-
uted to department of health medicaid
state funds spending in excess of the
limits specified herein; the need to main-
tain safety net services in underserved
communities; or the potential benefits of
pursuing innovative payment models contem-

which case such grounds shall be set forth
in the medicaid savings allocation plan;
and (5) reductions shall be made in a
manner that does not unnecessarily create

The commissioner shall seek the input of the
legislature, as well as organizations
representing health care providers,
consumers, businesses, workers, health
insurers, and others with relevant exper-

part of such plan, in the discretion of
the commissioner, is likely to have a
material impact on the overall medicaid
program, particular categories of service
or particular geographic regions of the
state.

(a) The commissioner shall post the medicaid
savings allocation plan on the department
of health’s website and shall provide
written copies of such plan to the chairs

(b) The commissioner may revise the medicaid
savings allocation plan subsequent to the
provisions of notice and prior to imple-
mentation but needs to provide a new
notice pursuant to subparagraph (i) of
this paragraph only if the commissioner
determines, in his or her discretion, that
such revisions materially alter the plan.
Notwithstanding the provisions of paragraphs
(a) and (b) of this subdivision, the
commissioner need not seek the input
described in paragraph (a) of this subdi-
vision or provide notice pursuant to para-
graph (b) of this subdivision if, in the
discretion of the commissioner, expedited

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline

Notwithstanding any provision of law to the contrary, the director of the budget, in consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds medicaid spending by $248,000,000 for state fiscal year 2020-2021 to limit such spending to the aggregate limit specified herein, or reduce the aggregate limit specified herein to provide a reduction to the state's financial plan. Reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval to implement the provisions of the medicaid payment reduction plan.

For the purpose of making payments to providers of medical care pursuant to section 367-b of the social services law, and for payment of state aid to municipalities where payment systems through fiscal intermediaries are not operational, to reimburse such providers for costs attributable to the provision of care to patients eligible for medical assistance. ing a governmental declaration of emergen-
cy.
Provided further however, that notwithstanding any provision of law to the contrary, if, on or before April 1, 2020, the legislature fails to achieve $2,500,000,000 in aggregate savings from the appropriations enacted as part of any chapters of the laws of 2020 making appropriations for aid to localities and/or state operations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, uniform across the board reductions shall be applied to such appropriations to achieve $2,500,000,000 in aggregate savings from such appropriations. Provided however, that any such uniform reductions may be increased or decreased at the discretion of the director of the budget to conform with federal rules and regulations. To the extent any individual or entity is otherwise entitled to any cash disbursement authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be superseded and reduced commensurate with any such across the board reductions.

The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.
Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines:

(1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder;

(2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of
the commissioner, is likely to have a
material impact on the overall medicaid
program, particular categories of service
or particular geographic regions of the
state.
(a) The commissioner shall post the medicaid
savings allocation plan on the department
of health’s website and shall provide
written copies of such plan to the chairs
of the senate finance and the assembly
ways and means committees at least 30 days
before the date on which implementation is
expected to begin.
(b) The commissioner may revise the medicaid
savings allocation plan subsequent to the
provisions of notice and prior to imple-
mentation but needs to provide a new
notice pursuant to subparagraph (i) of
this paragraph only if the commissioner
determines, in his or her discretion, that
such revisions materially alter the plan.
Notwithstanding the provisions of paragraphs
(a) and (b) of this subdivision, the
commissioner need not seek the input
described in paragraph (a) of this subdi-
vision or provide notice pursuant to para-
graph (b) of this subdivision if, in the
discretion of the commissioner, expedited
development and implementation of a medi-
caid savings allocation plan is necessary
due to a public health emergency.
For purposes of this section, a public
health emergency is defined as: (i) a
disaster, natural or otherwise, that
significantly increases the immediate need
for health care personnel in an area of
the state; (ii) an event or condition that
creates a widespread risk of exposure to a
serious communicable disease, or the
potential for such widespread risk of
exposure; or (iii) any other event or
condition determined by the commissioner
to constitute an imminent threat to public
health.
Nothing in this paragraph shall be deemed to
prevent all or part of such medicaid
savings allocation plan from taking effect
retroactively to the extent permitted by
the federal centers for medicare and medi-
caid services.
In accordance with the medicaid savings
allocation plan, the commissioner of the
department of health shall reduce depart-
ment of health state funds medicaid spend-
ing by the amount of the projected over-
spending through, actions including, but
not limited to modifying or suspending
reimbursement methods, including but not
limited to all fees, premium levels and
rates of payment, notwithstanding any
provision of law that sets a specific
amount or methodology for any such

medicaid program benefits; seeking all
necessary federal approvals, including,
but not limited to waivers, waiver amend-

notice, approval or certification of rate
requirements, notwithstanding any
provision of law, rule or regulation to
the contrary, including but not limited to
sections 2807 and 3614 of the public
health law, section 18 of chapter 2 of the
laws of 1988, and 18 NYCRR 505.14(h).
The department of health shall prepare a
monthly report that sets forth: (a) known
and projected department of health medi-
caid expenditures as described in subdivi-
sion (1) of this section, and factors that
could result in medicaid disbursements for
the relevant state fiscal year to exceed
the projected department of health state
funds disbursements in the enacted budget
financial plan pursuant to subdivision 3
of section 23 of the state finance law,
including spending increases or decreases
due to: enrollment fluctuations, rate
changes, utilization changes, MRT invest-
ments, and shift of beneficiaries to
managed care; and variations in offline
medicaid payments; and (b) the actions
taken to implement any medicaid savings
allocation plan implemented pursuant to
subdivision (4) of this section, including
information concerning the impact of such
actions on each category of service and
each geographic region of the state. Each
such monthly report shall be provided to
the chairs of the senate finance and the
assembly ways and means committees and
shall be posted on the department of
health's website in a timely manner.

For the purpose of making payments, the
money hereby appropriated is available for
payment of aid heretofore accrued or here-
after accrued, to providers of medical
care pursuant to section 367-b of the
social services law, and for payment of
state aid to municipalities and the feder-
al government where payment systems
through fiscal intermediaries are not
operational, to reimburse such providers
for costs attributable to the provision of
care to patients eligible for medical
assistance. Notwithstanding any inconsist-
ent provision of law, the moneys hereby
appropriated may be increased or decreased
by interchange or transfer with any appro-
priation of the department of health with
the approval of the director of the budg-
et, who shall file such approval with the
department of audit and control and copies
thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee. Notwithstanding any provision of law to the contrary, the director of the budget, in consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds medicaid spending by $248,000,000 for state fiscal year 2020-2021 to limit such spending to the aggregate limit specified herein, or reduce the aggregate limit specified herein to provide a reduction to the state's financial plan. Reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval to implement the provisions of the medicaid payment reduction plan. For services and expenses of the medical assistance program.

reappropriation for this item covering

Notwithstanding section 40 of the state
finance law or any provision of law to the
contrary, subject to federal approval,
derpartment of health state funds medicaid
spending, excluding payments for medical
services provided at state facilities
operated by the office of mental health,
the office for people with developmental
disabilities and the office of addiction
services and supports and further
excluding any payments which are not
appropriated within the department of
health, in the aggregate, for the period
April 1, 2020 through March 31, 2021,
shall not exceed $23,606,772,000 except as
provided below provided, however, such
aggregate limits may be adjusted by the
director of the budget to account for any
changes in the New York state federal
medical assistance percentage amount
established pursuant to the federal social
security act, increases in provider reven-
ues reductions in local social services
district payments for medical assistance
administration, minimum wage increases and
beginning April 1, 2012 the operational
costs of the New York state medical indem-
ity fund, pursuant to chapter 59 of the
laws of 2011, and state costs or savings
from the essential plan. Such projections
may be adjusted by the director of the
budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

Provided further however, that notwithstanding any provision of law to the contrary, if, on or before April 1, 2020, the legislature fails to achieve $2,500,000,000 in aggregate savings from the appropriations enacted as part of any chapters of the laws of 2020 making appropriations for aid to localities and/or state operations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, uniform across the board reductions shall be applied to such appropriations to achieve $2,500,000,000 in aggregate savings from such appropriations. Provided however, that any such uniform reductions may be increased or decreased at the discretion of the director of the budget to conform with federal rules and regulations. To the extent any individual or entity is otherwise entitled to any cash disbursement authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be superseded and reduced commensurate with any such across the board reductions.

The director of the budget, in consultation with the commissioner of health, shall assess on monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified here-in for such period, the state medicaid director, in consultation with the direc-

tor of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period. Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments there-to or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers,
consumers, businesses, workers, health
insurers, and others with relevant experi-
tise, in developing such medicaid savings
allocation plan, to the extent that all or
part of such plan, in the discretion of
the commissioner, is likely to have a
material impact on the overall medicaid
program, particular categories of service
or particular geographic regions of the
state.
(a) The commissioner shall post the medicaid
savings allocation plan on the department
of health's website and shall provide
written copies of such plan to the chairs
of the senate finance and the assembly
ways and means committees at least 30 days
before the date on which implementation is
expected to begin.
(b) The commissioner may revise the medicaid
savings allocation plan subsequent to the
provisions of notice and prior to imple-
mentation but needs to provide a new
notice pursuant to subparagraph (i) of
this paragraph only if the commissioner
determines, in his or her discretion, that
such revisions materially alter the plan.
Notwithstanding the provisions of paragraphs
(a) and (b) of this subdivision, the
commissioner need not seek the input
described in paragraph (a) of this subdi-
vision or provide notice pursuant to para-
graph (b) of this subdivision if, in the
discretion of the commissioner, expedited
development and implementation of a medi-
caid savings allocation plan is necessary
due to a public health emergency.
For purposes of this section, a public
health emergency is defined as: (i) a
disaster, natural or otherwise, that
significantly increases the immediate need
for health care personnel in an area of
the state; (ii) an event or condition that
creates a widespread risk of exposure to a
serious communicable disease, or the
potential for such widespread risk of
exposure; or (iii) any other event or
condition determined by the commissioner
to constitute an imminent threat to public
health.
Nothing in this paragraph shall be deemed to
prevent all or part of such medicaid
savings allocation plan from taking effect
retroactively to the extent permitted by
the federal centers for medicare and medi-
caid services.
In accordance with the medicaid savings
allocation plan, the commissioner of the
department of health shall reduce depart-
ment of health state funds medicaid spend-
ing by the amount of the projected over-
spending through, actions including, but
not limited to modifying or suspending
reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

Notwithstanding any provision of law to the contrary, the director of the budget, in consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds medicaid spending by $248,000,000 for state fiscal year 2020-2021 and to limit such spending to the aggregate limit specified herein, or reduce the aggregate limit specified herein to provide a reduction to the state's financial plan. Reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to
submit any state plan amendment or seek
other federal approval to implement the
provisions of the medicaid payment
reduction plan.
For the purpose of making payments to
providers of medical care pursuant to
section 367-b of the social services law,
and for payment of state aid to munici-
palities and the federal government where
payment systems through fiscal interme-
diaries are not operational, to reimburse
the provision of care to patients eligible

MEDICAL ASSISTANCE ADMINISTRATION PROGRAM

General Fund

Local Assistance Account - 10000

The appropriation made by chapter 53, section 1, of the laws of 2019, is hereby amended and reappropriated to read:

For reimbursement of local administrative expenses for medical assistance programs and for state administration of medical assistance programs, notwithstanding section 153 of the social services law, to include the performance of eligibility and enrollment determinations by the state or third-party entities designated by the state to perform such services.

Notwithstanding any provision of law to the contrary, subject to the approval of the director of budget, up to $23,000,000 of the amount appropriated herein shall be available for the purpose of providing payments to local social services districts for medical assistance administration claims that exceed an administrative ceiling established by the commissioner of health.

Notwithstanding any inconsistent provision of law and subject to the approval of the director of budget, moneys hereby appropriated may be increased or decreased by transfer or interchange between these appropriated amounts and appropriations of the medical assistance administration program, the medical assistance program, and the office of health insurance programs. Funding authority from this account used for state administration of the medical assistance program may be transferred to state operations appropriations within the aforementioned programs at amounts agreed upon by the commissioner of health, and the New York state division of the budget.

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 50 percent for the period April 1, 2019 to March 31, 2020; and the remaining amount for the period April 1, 2020 to [March 31] September 15, 2021.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of [alcoholism and substance abuse] addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2019 through March 31, 2020, shall not exceed $22,251,148,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2020 through [March 31] September 15, 2021, shall not exceed [$23,256,018,000] $23,606,772,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2019
through [March 31] September 15, 2021 exceed [$45,507,166,000]
$45,857,920,000 provided, however, such aggregate limits may be
adjusted by the director of the budget to account for any changes in
the New York state federal medical assistance percentage amount
established pursuant to the federal social security act, increases
in provider revenues, reductions in local social services district
payments for medical assistance administration, minimum wage
increases and beginning April 1, 2012 the operational costs of the
New York state medical indemnity fund, pursuant to chapter 59 of the
laws of 2011, and state costs or savings from the essential plan
program. Such projections may be adjusted by the director of the
budget to account for increased or expedited department of health
state funds medicaid expenditures as a result of a natural or other
type of disaster, including a governmental declaration of emergency.
Provided further however, that notwithstanding any provision of law to
the contrary, if, on or before April 1, 2020, the legislature fails
to achieve $2,500,000,000 in aggregate savings from the
appropriations enacted as part of any chapters of the laws of 2020
making appropriations for aid to localities and/or state operations
for the department of health state funds medicaid spending,
excluding payments for medical services provided at state facilities
operated by the office of mental health, the office for people with
developmental disabilities and the office of addiction services and
supports and further excluding any payments which are not
appropriated within the department of health, uniform across the
board reductions shall be applied to such appropriations to achieve
$2,500,000,000 in aggregate savings from such appropriations.
Provided however, that any such uniform reductions may be increased
or decreased at the discretion of the director of the budget to
conform with federal rules and regulations. To the extent any
individual or entity is otherwise entitled to any cash disbursement
authorized by one or more of such appropriations or reappropriations
for the department of health state funds medicaid spending,
excluding payments for medical services provided at state facilities
operated by the office of mental health, the office for people with
developmental disabilities and the office of addiction services and
supports and further excluding any payments which are not
appropriated within the department of health, such entitlement shall
be superseded and reduced commensurate with any such across the
board reductions.
The director of the budget, in consultation with the commissioner of
health, shall assess on a monthly basis known and projected medicaid
expenditures by category of service and by geographic region, as
determined by the commissioner of health, incurred both prior to and
subsequent to such assessment for each such period, and if the
director of the budget determines that such expenditures are
expected to cause medicaid spending for such period to exceed the
aggregate limit specified herein for such period, the state medicaid
director, in consultation with the director of the budget and the
commissioner of health, shall develop a medicaid savings allocation
plan to limit such spending to the aggregate limit specified herein
for such period.
Such medicaid savings allocation plan shall be designed, to reduce the
expenditures authorized by the appropriations herein in compliance
with the following guidelines: (1) reductions shall be made in
compliance with applicable federal law, including the provisions of
the Patient Protection and Affordable Care Act, Public Law No. 111-
148, and the Health Care and Education Reconciliation Act of 2010,
Public Law No. 111-152 (collectively "Affordable Care Act") and any
subsequent amendments thereto or regulations promulgated thereunder;
(2) reductions shall be made in a manner that complies with the
state medicaid plan approved by the federal centers for medicare and
medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as:
(i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of

The department of health shall prepare a monthly report that sets
forth: (a) known and projected department of health medicaid
expenditures as described in subdivision (1) of this section, and
factors that could result in medicaid disbursements for the relevant
state fiscal year to exceed the projected department of health state
funds disbursements in the enacted budget financial plan pursuant to
subdivision 3 of section 23 of the state finance law, including
spending increases or decreases due to: enrollment fluctuations,
rate changes, utilization changes, MRT investments, and shift of
beneficiaries to managed care; and variations in offline medicaid
payments; and (b) the actions taken to implement any medicaid
savings allocation plan implemented pursuant to subdivision (4) of
this section, including information concerning the impact of such
actions on each category of service and each geographic region of
the state. Each such monthly report shall be provided to the chairs
of the senate finance and the assembly ways and means committees and
shall be posted on the department of health's website in a timely
manner.

heretofore accrued or hereafter accrued to municipalities, and to

Notwithstanding any provision of law to the contrary, the amounts
appropriated herein shall be net of refunds, rebates,
reimbursements, credits, repayments, and/or disallowances.

Notwithstanding any other provision of law, the money hereby
appropriated may be increased or decreased by interchange, with any
appropriation of the department of health, and may be increased or

MEDICAL ASSISTANCE PROGRAM

General Fund
Local Assistance Account - 10000

The appropriation made by chapter 53, section 1, of the laws of 2019,
is hereby amended and reapportioned to read:
For the medical assistance program, including administrative expenses,
for local social services districts, and for medical care rates for
authorized child care agencies.
Notwithstanding section 40 of the state finance law or any other law
to the contrary, all medical assistance appropriations made from
this account shall remain in full force and effect in accordance, in
the aggregate, with the following schedule: not more than 49 percent
for the period April 1, 2019 to March 31, 2020; and the remaining
amount for the period April 1, 2020 to [March 31] September 15,
2021.
Notwithstanding section 40 of the state finance law or any provision
of law to the contrary, subject to federal approval, department of
health state funds medicaid spending, excluding payments for medical
services provided at state facilities operated by the office of
mental health, the office for people with developmental disabilities
and the office of [alcoholism and substance abuse] addiction
services and supports and further excluding any payments which are
not appropriated within the department of health, in the aggregate,
for the period April 1, 2019 through March 31, 2020, shall not
exceed $22,251,148,000 except as provided below and state share
medicaid spending, in the aggregate, for the period April 1, 2020
through [March 31] September 15, 2021, shall not exceed
[$23,256,018,000] $23,606,772,000, but in no event shall department
of health state funds medicaid spending for the period April 1, 2019
through [March 31] September 15, 2021 exceed [$45,507,166,000]
$45,857,920,000 provided, however, such aggregate limits may be
adjusted by the director of the budget to account for any changes in
the New York state federal medical assistance percentage amount
established pursuant to the federal social security act, increases
in provider revenues, reductions in local social services district
payments for medical assistance administration, minimum wage
increases and beginning April 1, 2012 the operational costs of the
New York state medical indemnity fund, pursuant to chapter 59 of the
laws of 2011, and state costs or savings from the essential plan
program. Such projections may be adjusted by the director of the
budget to account for increased or expedited department of health
state funds medicaid expenditures as a result of a natural or other
type of disaster, including a governmental declaration of emergency.

Provided further however, that notwithstanding any provision of law to
the contrary, if, on or before April 1, 2020, the legislature fails
to achieve $2,500,000,000 in aggregate savings from the
appropriations enacted as part of any chapters of the laws of 2020
making appropriations for aid to localities and/or state operations
for the department of health state funds medicaid spending,
excluding payments for medical services provided at state facilities
operated by the office of mental health, the office for people with
developmental disabilities and the office of addiction services and
supports and further excluding any payments which are not
appropriated within the department of health, uniform across the
board reductions shall be applied to such appropriations to achieve
$2,500,000,000 in aggregate savings from such appropriations.
Provided however, that any such uniform reductions may be increased
or decreased at the discretion of the director of the budget to
conform with federal rules and regulations. To the extent any
individual or entity is otherwise entitled to any cash disbursement
authorized by one or more of such appropriations or reappropriations
for the department of health state funds medicaid spending,
excluding payments for medical services provided at state facilities
operated by the office of mental health, the office for people with
developmental disabilities and the office of addiction services and
supports and further excluding any payments which are not
appropriated within the department of health, such entitlement shall
be superseded and reduced commensurate with any such across the
board reductions.

The director of the budget, in consultation with the commissioner of
health, shall assess on a monthly basis known and projected medicaid
expenditures by category of service and by geographic region, as
defined by the commissioner, incurred both prior to and subsequent
to such assessment for each such period, and if the director of the
budget determines that such expenditures are expected to cause
medicaid spending for such period to exceed the aggregate limit
specified herein for such period, the state medicaid director, in
consultation with the director of the budget and the commissioner of
health, shall develop a medicaid savings allocation plan to limit
such spending to the aggregate limit specified herein for such
period.

Such medicaid savings allocation plan shall be designed, to reduce the
expenditures authorized by the appropriations herein in compliance
with the following guidelines: (1) reductions shall be made in
compliance with applicable federal law, including the provisions of
the Patient Protection and Affordable Care Act, Public Law No. 111-
148, and the Health Care and Education Reconciliation Act of 2010,
Public Law No. 111-152 (collectively "Affordable Care Act") and any
subsequent amendments thereto or regulations promulgated thereunder;
(2) reductions shall be made in a manner that complies with the
state medicaid plan approved by the federal centers for medicare and
medicaid services, provided, however, that the commissioner of
health is authorized to submit any state plan amendment or seek
other federal approval, including waiver authority, to implement the
provisions of the medicaid savings allocation plan that meets the
other criteria set forth herein; (3) reductions shall be made in a
manner that maximizes federal financial participation, to the extent
practicable, including any federal financial participation that is
available or is reasonably expected to become available, in the
discretion of the commissioner, under the Affordable Care Act; (4)
reductions shall be made uniformly among categories of services and
geographic regions of the state, to the extent practicable, and
shall be made uniformly within a category of service, to the extent
practicable, except where the commissioner determines that there are
sufficient grounds for non-uniformity, including but not limited to:
the extent to which specific categories of services contributed to
department of health medicaid state funds spending in excess of the
limits specified herein; the need to maintain safety net services in
underserved communities; or the potential benefits of pursuing
innovative payment models contemplated by the Affordable Care Act,
in which case such grounds shall be set forth in the medicaid
savings allocation plan; and (5) reductions shall be made in a
manner that does not unnecessarily create administrative burdens to
medicaid applicants and recipients or providers.
The commissioner shall seek the input of the legislature, as well as
organizations representing health care providers, consumers,
businesses, workers, health insurers, and others with relevant
expertise, in developing such medicaid savings allocation plan, to
the extent that all or part of such plan, in the discretion of the
commissioner, is likely to have a material impact on the overall
medicaid program, particular categories of service or particular
geographic regions of the state.
(a) The commissioner shall post the medicaid savings allocation plan
on the department of health's website and shall provide written
copies of such plan to the chairs of the senate finance and the
assembly ways and means committees at least 30 days before the date
on which implementation is expected to begin.
(b) The commissioner may revise the medicaid savings allocation plan
subsequent to the provisions of notice and prior to implementation
but needs to provide a new notice pursuant to subparagraph (i) of
this paragraph only if the commissioner determines, in his or her
discretion, that such revisions materially alter the plan.
Notwithstanding the provisions of paragraphs (a) and (b) of this
subdivision, the commissioner need not seek the input described in
paragraph (a) of this subdivision or provide notice pursuant to
paragraph (b) of this subdivision if, in the discretion of the
commissioner, expedited development and implementation of a medicaid
savings allocation plan is necessary due to a public health
emergency.
For purposes of this section, a public health emergency is defined as:
(i) a disaster, natural or otherwise, that significantly increases
the immediate need for health care personnel in an area of the
state; (ii) an event or condition that creates a widespread risk of
exposure to a serious communicable disease, or the potential for
such widespread risk of exposure; or (iii) any other event or
condition determined by the commissioner to constitute an imminent
threat to public health.
Nothing in this paragraph shall be deemed to prevent all or part of
such medicaid savings allocation plan from taking effect
retroactively to the extent permitted by the federal centers for
medicare and medicaid services.
In accordance with the medicaid savings allocation plan, the
commissioner of the department of health shall reduce department of
health state funds medicaid spending by the amount of the projected
overspending through, actions including, but not limited to
modifying or suspending reimbursement methods, including but not
limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying or discontinuing medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

The money hereby appropriated is to be available for payment of aid heretofore accrued or hereafter accrued to municipalities, and to providers of medical services pursuant to section 367-b of the social services law, and for payment of state aid to municipalities and to providers of family care where payment systems through the fiscal intermediaries are not operational[, and shall be available to the department net of disallowances, refunds, reimbursements, and credits]. Notwithstanding any provision of law to the contrary, the amounts appropriated herein shall be net of refunds, rebates, reimbursements, credits, repayments, and/or disallowances.

Provided however, that any such uniform reductions may be increased
or decreased at the discretion of the director of the budget to conform with federal rules and regulations. To the extent any individual or entity is otherwise entitled to any cash disbursement authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be superseded and reduced commensurate with any such across the board reductions.

The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the
commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as:

(i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs

of the senate finance and the assembly ways and means committees and
shall be posted on the department of health's website in a timely
manner.
Notwithstanding any provision of law to the contrary, the director of
the budget, in consultation with the commissioner of health, may use
a payment reduction plan to make across-the-board reductions to the
department of health state funds medicaid spending by $190,200,000
for [each of] the state fiscal year[s] 2019-2020 and $248,000,000 in
2020-2021 to limit such spending to the aggregate limits specified
herein, or reduce the aggregate limits specified herein to provide a
reduction to the State's Financial Plan. Reductions shall be made in
a manner that complies with the state medicaid plan approved by the
federal centers for medicare and medicaid services, provided,
however, that the commissioner of health is authorized to submit any
state plan amendment or seek other federal approval to implement the
provisions of the medicaid payment reduction plan.
For the purpose of making payments to providers of medical care
pursuant to section 367-b of the social services law, and for
payment of state aid to municipalities where payment systems through
fiscal intermediaries are not operational, to reimburse such
providers for costs attributable to the provision of care to
patients eligible for medical assistance. Payments from this
appropriation to general hospitals related to indigent care pursuant
to article 28 of the public health law respectively, when combined
with federal funds for services and expenses for the medical
assistance program pursuant to title XIX of the federal social
security act or its successor program, shall equal the amount of the
funds received related to health care reform act allowances and
surcharges pursuant to article 28 of the public health law and
deposited to this account less any such amounts withheld pursuant to
subdivision 21 of section 2807-c of the public health law.
Notwithstanding any inconsistent provision of law, the moneys hereby
appropriated may be increased or decreased by interchange or
transfer with any appropriation of the department of health with the
approval of the director of the budget, who shall file such approval
with the department of audit and control and copies thereof with the
chairman of the senate finance committee and the chairman of the
assembly ways and means committee.
Notwithstanding any provision of law to the contrary, the portion of
this appropriation covering fiscal year 2019-20 shall supersede and
replace any duplicative (i) reappropriation for this item covering
fiscal year 2019-20, and (ii) appropriation for this item covering
fiscal year 2019-20 set forth in chapter 53 of the laws of 2018

The appropriation made by chapter 53, section 1, of the laws of 2019, is
hereby amended and reappropriated to read:
Notwithstanding section 40 of the state finance law or any other law
to the contrary, all medical assistance appropriations made from
this account shall remain in full force and effect in accordance, in
the aggregate, with the following schedule: not more than 51 percent
for the period April 1, 2019 to March 31, 2020; and the remaining
amount for the period April 1, 2020 to [March 31] September 15,
2021.
Notwithstanding section 40 of the state finance law or any provision
of law to the contrary, subject to federal approval, department of
health state funds medicaid spending, excluding payments for medical
services provided at state facilities operated by the office of
mental health, the office for people with developmental disabilities
and the office of [alcoholism and substance abuse] addiction
services and supports and further excluding any payments which are
not appropriated within the department of health, in the aggregate,
for the period April 1, 2019 through March 31, 2020, shall not
exceed $22,251,148,000 except as provided below and state share
medicaid spending, in the aggregate, for the period April 1, 2020
through [March 31] September 15, 2021, shall not exceed
[$23,256,018,000] $23,606,772,000 but in no event shall department
of health state funds medicaid spending for the period April 1, 2019
through [March 31] September 15, 2021 exceed [$45,507,166,000]
$45,857,920,000 provided, however, such aggregate limits may be
adjusted by the director of the budget to account for any changes in
the New York state federal medical assistance percentage amount
established pursuant to the federal social security act, increases
in provider revenues, reductions in local social services district
payments for medical assistance administration, minimum wage
increases and beginning April 1, 2012 the operational costs of the
New York state medical indemnity fund, pursuant to chapter 59 of the
laws of 2011, and state costs or savings from the essential plan.
Such projections may be adjusted by the director of the budget to
account for increased or expedited department of health state funds
medicaid expenditures as a result of a natural or other type of
disaster, including a governmental declaration of emergency.
Provided further however, that notwithstanding any provision of law to
the contrary, if, on or before April 1, 2020, the legislature fails
to achieve $2,500,000,000 in aggregate savings from the
appropriations enacted as part of any chapters of the laws of 2020
making appropriations for aid to localities and/or state operations
for the department of health state funds medicaid spending,
excluding payments for medical services provided at state facilities
operated by the office of mental health, the office for people with
developmental disabilities and the office of addiction services and
supports and further excluding any payments which are not
appropriated within the department of health, uniform across the
board reductions shall be applied to such appropriations to achieve
$2,500,000,000 in aggregate savings from such appropriations.
Provided however, that any such uniform reductions may be increased
or decreased at the discretion of the director of the budget to
conform with federal rules and regulations. To the extent any
individual or entity is otherwise entitled to any cash disbursement
authorized by one or more of such appropriations or reappropriations
for the department of health state funds medicaid spending,
excluding payments for medical services provided at state facilities
operated by the office of mental health, the office for people with
developmental disabilities and the office of addiction services and
supports and further excluding any payments which are not
appropriated within the department of health, such entitlement shall
be superseded and reduced commensurate with any such across the
board reductions.
The director of the budget, in consultation with the commissioner of
health, shall assess on a monthly basis known and projected medicaid
expenditures by category of service and by geographic region, as
determined by the commissioner of health, incurred both prior to and
subsequent to such assessment for each such period, and if the
director of the budget determines that such expenditures are
expected to cause medicaid spending for such period to exceed the
aggregate limit specified herein for such period, the state medicaid
director, in consultation with the director of the budget and the
commissioner of health, shall develop a medicaid savings allocation
plan to limit such spending to the aggregate limit specified herein
for such period.
Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as:

(i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of
exposure to a serious communicable disease, or the potential for
such widespread risk of exposure; or (iii) any other event or
condition determined by the commissioner to constitute an imminent
threat to public health.
Nothing in this paragraph shall be deemed to prevent all or part of
such medicaid savings allocation plan from taking effect
retroactively to the extent permitted by the federal centers for
medicare and medicaid services.
In accordance with the medicaid savings allocation plan, the
commissioner of the department of health shall reduce department of
health state funds medicaid spending by the amount of the projected
overspending through, actions including, but not limited to
modifying or suspending reimbursement methods, including but not
limited to all fees, premium levels and rates of payment,
notwithstanding any provision of law that sets a specific amount or
methodology for any such payments or rates of payment; modifying
medicaid program benefits; seeking all necessary federal approvals,
including, but not limited to waivers, waiver amendments; and
suspending time frames for notice, approval or certification of rate
requirements, notwithstanding any provision of law, rule or
regulation to the contrary, including but not limited to sections
2807 and 3614 of the public health law, section 18 of chapter 2 of
the laws of 1988, and 18 NYCRR 505.14(h).
The department of health shall prepare a monthly report that sets
forth: (a) known and projected department of health medicaid
expenditures as described in subdivision (1) of this section, and
factors that could result in medicaid disbursements for the relevant
state fiscal year to exceed the projected department of health state
funds disbursements in the enacted budget financial plan pursuant to
subdivision 3 of section 23 of the state finance law, including
spending increases or decreases due to: enrollment fluctuations,
rate changes, utilization changes, MRT investments, and shift of
beneficiaries to managed care; and variations in offline medicaid
payments; and (b) the actions taken to implement any medicaid
savings allocation plan implemented pursuant to subdivision (4) of
this section, including information concerning the impact of such
actions on each category of service and each geographic region of
the state. Each such monthly report shall be provided to the chairs
of the senate finance and the assembly ways and means committees and
shall be posted on the department of health's website in a timely
manner.
For the purpose of making payments, the money hereby appropriated is
available for payment of aid heretofore accrued or hereafter
accrued, to providers of medical care pursuant to section 367-b of
the social services law, and for payment of state aid to
municipalities and the federal government where payment systems
through fiscal intermediaries are not operational, to reimburse such
providers for costs attributable to the provision of care to
patients eligible for medical assistance. Notwithstanding any
inconsistent provision of law, the moneys hereby appropriated may be
increased or decreased by interchange or transfer with any
appropriation of the department of health with the approval of the
director of the budget, who shall file such approval with the
department of audit and control and copies thereof with the chairman
of the senate finance committee and the chairman of the assembly
ways and means committee.
Notwithstanding any provision of law to the contrary, the director of
the budget, in consultation with the commissioner of health, may use
a payment reduction plan to make across-the-board reductions to the
department of health state funds medicaid spending by $190,200,000
for [each of] the state fiscal year[s] 2019-2020 and $248,000,000 in
2020-2021 to limit such spending to the aggregate limits specified
herein, or reduce the aggregate limits specified herein to provide a reduction to the State's Financial Plan. Reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval to implement the provisions of the medicaid payment reduction plan.

The appropriation made by chapter 53, section 1, of the laws of 2019, is hereby amended and reappropriated to read:

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 49 percent for the period April 1, 2019 to March 31, 2020; and the remaining amount for the period April 1, 2020 to [March 31] September 15, 2021.
Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of [alcoholism and substance abuse] addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2019 through March 31, 2020, shall not exceed $22,251,148,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2020 through [March 31] September 15, 2021, shall not exceed $23,256,018,000 but in no event shall department of health state funds medicaid spending for the period April 1, 2019 through [March 31] September 15, 2021 exceed $45,857,920,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount increased in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

Provided further however, that notwithstanding any provision of law to the contrary, if, on or before April 1, 2020, the legislature fails to achieve $2,500,000,000 in aggregate savings from the appropriations enacted as part of any chapters of the laws of 2020 making appropriations for aid to localities and/or state operations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, uniform across the board reductions shall be applied to such appropriations to achieve $2,500,000,000 in aggregate savings from such appropriations. Provided however, that any such uniform reductions may be increased or decreased at the discretion of the director of the budget to conform with federal rules and regulations. To the extent any individual or entity is otherwise entitled to any cash disbursement authorized by one or more of such appropriations or reappropriations for the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, such entitlement shall be superseded and reduced commensurate with any such across the board reductions.

The director of the budget, in consultation with the commissioner of health, shall assess on monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid
director, in consultation with the director of the budget and the
commissioner of health, shall develop a medicaid savings allocation
plan to limit such spending to the aggregate limit specified herein
for such period.

Such medicaid savings allocation plan shall be designed, to reduce the
expenditures authorized by the appropriations herein in compliance
with the following guidelines: (1) reductions shall be made in
compliance with applicable federal law, including the provisions of
the Patient Protection and Affordable Care Act, Public Law No. 111-
148, and the Health Care and Education Reconciliation Act of 2010,
Public Law No. 111-152 (collectively "Affordable Care Act") and any
subsequent amendments thereto or regulations promulgated thereunder;
(2) reductions shall be made in a manner that complies with the
state medicaid plan approved by the federal centers for medicare and
medicaid services, provided, however, that the commissioner of
health is authorized to submit any state plan amendment or seek
other federal approval, including waiver authority, to implement the
provisions of the medicaid savings allocation plan that meets the
other criteria set forth herein; (3) reductions shall be made in a
manner that maximizes federal financial participation, to the extent
practicable, including any federal financial participation that is
available or is reasonably expected to become available, in the
discretion of the commissioner, under the Affordable Care Act; (4)
reductions shall be made uniformly among categories of services and
geographic regions of the state, to the extent practicable, and
shall be made uniformly within a category of service, to the extent
practicable, except where the commissioner determines that there are
sufficient grounds for non-uniformity, including but not limited to:
the extent to which specific categories of services contributed to
department of health medicaid state funds spending in excess of the
limits specified herein; the need to maintain safety net services in
underserved communities; or the potential benefits of pursuing
innovative payment models contemplated by the Affordable Care Act,
in which case such grounds shall be set forth in the medicaid
savings allocation plan; and (5) reductions shall be made in a
manner that does not unnecessarily create administrative burdens to
medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as
organizations representing health care providers, consumers,
businesses, workers, health insurers, and others with relevant
expertise, in developing such medicaid savings allocation plan, to
the extent that all or part of such plan, in the discretion of the
commissioner, is likely to have a material impact on the overall
medicaid program, particular categories of service or particular
geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan
on the department of health's website and shall provide written
copies of such plan to the chairs of the senate finance and the
assembly ways and means committees at least 30 days before the date
on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan
subsequent to the provisions of notice and prior to implementation
but needs to provide a new notice pursuant to subparagraph (i) of
this paragraph only if the commissioner determines, in his or her
discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this
subdivision, the commissioner need not seek the input described in
paragraph (a) of this subdivision or provide notice pursuant to
paragraph (b) of this subdivision if, in the discretion of the
commissioner, expedited development and implementation of a medicaid
savings allocation plan is necessary due to a public health
emergency.
For purposes of this section, a public health emergency is defined as:

(i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.
