b) Where applicable, appropriations made by this chapter for expenditures from federal grants for aid to localities may be allocated for spending from federal grants for any grant period beginning, during, or prior to, the state fiscal year beginning on April 1, 2022 except as otherwise noted.

1) The several amounts named herein, or so much thereof as shall be sufficient to accomplish the purpose designated, being the undisbursed and/or unexpended balances of the prior year's appropriations, are hereby reappropriated from the same funds and made available for the same purposes as the prior year's appropriations, unless herein amended, for the fiscal year beginning April 1, 2022. Certain reappropriations in this chapter are shown using abbreviated text, with three leader dots (an ellipsis) followed by three spaces (... ) used to indicate where existing law that is being continued is not shown. However, unless a change is clearly indicated by the use of brackets [ ] for deletions and underscores for additions, the purposes, amounts, funding source and all other aspects pertinent to each item of appropriation shall be as last appropriated.

For the purpose of complying with the state finance law, the year, chapter and section of the last act reappropriating a former original appropriation or any part thereof is, unless otherwise indicated, chapter 53, section 1, of the laws of 2021.

d) No moneys appropriated by this chapter shall be available for payment until a certificate of approval has been issued by the director of the budget, who shall file such certificate with the department of audit and control, the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee.

e) Notwithstanding any provision of law to the contrary, for purposes of any appropriation made by this chapter which authorizes spending in an amount net of refunds, rebates, reimbursements, credits, repayments, and/or disallowances, "refunds" shall mean funds received to the state resulting from the overpayment of monies, "rebates" shall mean funds

f) Notwithstanding any other provision of law to the contrary, if the state or any agency thereof incurs any costs associated with administering the rent regulation program in accordance with subdivision (c) of section 8 of chapter 576 of the laws of 1974, as amended, for a city having a population of one million or more, the director of the budget may direct any other state agency or agencies making payments to such city, or any department, agency, or instrumentality thereof, to permanently reduce the amount of any other payment or payments owed to such city or any department, agency, or instrumentality thereof pursuant to any appropriation set forth in this chapter. Provided however, that such reduction shall be in an amount equal to the costs incurred by the state or agency thereof in accordance with subdivision (c) of section 8 of chapter 576 of the laws of 1974 and provided further that such direction shall be made in writing by the director of the budget. If the director of the budget makes such direction pursuant to the authority set forth herein, the impacted city shall not make the payments required by subdivision (c) of section 8 of chapter 576 of the laws of 1974, as amended, and the division of housing and community renewal shall notify such city in writing of what payment or payments will be reduced and the amount of such reduction. To the extent a city of one million or more or any department, agency, or instrumentality thereof is entitled to any cash disbursement authorized by any appropriation contained in this chapter, such entitlement shall be reduced commensurate with reductions in payments made in accordance with this part.

Notwithstanding any provision of law to the contrary, for any apportionments provided pursuant to sections 701, 711, 751, 753, 1950, 3602, 3602-b, 3602-c, 3602-e, and 4405 of the education law for claims for which payment is first to be made in the 2021-22 and 2022-23 school years, the commissioner of education shall certify no payment to a school district, other than payments pursuant to subdivisions 4, 6-a, 11, 13, and 15 of section 3602 of the education law, in excess of the payment computed based on an electronic data file used to produce the school aid computer listing produced by the commissioner of education in support of the executive budget request submitted for the 2022-23 state fiscal year and entitled "BT222-3". Provided, however, no payments shall be barred or reduced where such payment is required as a result of a final audit of the state. Notwithstanding any inconsistent provision of law, for the purposes of this appropriation and of calculating the allocable growth amount for the 2022-23 school year pursuant to paragraph gg of subdivision 1 of section 3602 of the education law, the allowable growth amount shall equal the sum of (a) the product of the positive difference of the personal income growth index minus one, multiplied by the statewide total of the sum of (1) the apportionments due and owing during the base year to school districts and boards of cooperative educational services from the general support for public schools as computed based on an electronic data file used to produce the school aid computer listing produced by the commissioner of education in support of the enacted budget for the base year plus (2) the competitive awards amount for the base year plus (b) $753,340,000. Provided that the personal income growth index shall equal the average of the quotients for each year in the period commencing with the state fiscal year nine years prior to the state fiscal year in which the base year began and finishing with the state fiscal year prior to the state fiscal year in which the base year began of the total personal income of

the total personal income of the state for
the immediately preceding state fiscal
year, but not less than one.
Provided further that notwithstanding any
provision of law to the contrary, the
competitive awards amount for purposes of
calculating the allocable growth amount
shall be $2,000,000 for the 2022-23 school

of law, for all school districts, the
apportionment of general support for
public schools for the 2022-23 school year
in excess of the amount apportioned to
such school district in the 2021-22 school
year shall be withheld until (i) such
school district has submitted to the
commissioner of education and the director
of the budget a detailed statement of the
total funding allocation for each school
in the district for the 2022-23 school
year, in a statewide uniform form devel-
oped by the director of the budget, in
consultation with the commissioner of
education, and (ii) the commissioner of
education and the director of the budget
issue a determination of compliance in
writing of such school district’s state-
ment of total funding allocation as
required by subdivision 1 of section 3614
of the education law, provided that such
school districts shall submit such state-
ment to the commissioner of education and
the director of the budget on or before
September 2, 2022.
Provided further that such school districts
shall adhere to and complete the
prescribed form accurately and fully, and
shall make such statement publicly avail-

Provided further that the director of the
budget shall request in such form only
information that is known to, or may be
ascertained or estimated by, the district.
Provided further that each such local educa-
tional agency shall include in such state-
ment the approach used to allocate funds
to each school and that such statement
shall include but not be limited to sepa-

cation of centralized spending to individ-
ual schools from all funding sources.
Provided further that within 45 days of
submission of such statement by a school
district, the commissioner of education
and director of the budget shall review
such statement and determine whether the
statement is complete and is in the format
required. If such statement is determined to be complete and in the format required, a written acknowledgement of such shall be sent to the school district. If no determination is made by the commissioner of education and the director of the budget within 45 days of submission of the statement, such statement shall be deemed approved.

Should the commissioner of education or the director of the budget request additional information from the school district to determine completeness, the district shall submit such requested information to the commissioner of education and the director of the budget within 30 days of such request and the commissioner of education and director of the budget's deadline for review and determination shall be extended by 45 days from the date of submission of the additional requested information. If the commissioner of education or director of the budget determine a school district's spending statement to be noncompliant, such school district shall be allowed to submit a revised spending statement at any time.

Provided further that if a school district fails to submit a statement that is complete and in the format required on or before September 2, 2022 or if the commissioner of education or director of the budget determine the school district's spending statement to be noncompliant, a written explanation shall be provided and the school district will have 30 days to cure.

Provided further that where the comptroller or chief financial officer exercises the authority to submit such form, such submission shall occur within 60 days following notification of the school district's failure to cure.
Provided further that nothing in the preceding paragraph shall preclude a school district from submitting a spending statement for approval by the director of the budget and the commissioner of education at any time.

Provided further that any apportionment withheld pursuant to this appropriation shall not have any effect on the base year calculation for use in the subsequent school year.

Provided further that to the extent required by federal law, each board of cooperative educational services receiving a payment pursuant to section 3609-d of the education law in the 2022-23 school year shall be required to set aside from such payment an amount not less than the amount of state aid received pursuant to subdivision 5 of section 1950 of the education law in the base year that was attributable to cooperative services agreements (CO-SERs) for career education, as determined by the commissioner of education, and shall be required to use such amount to support career education programs in the current year.

American rescue plan act of 2021 (P.L. 117-2) providing support for
elementary and/or secondary education in response to the COVID-19
public health emergency.
Notwithstanding any provision of law to the contrary, funds not otherwise allocated to local educational agencies pursuant to section 2001(d)(1) of the American rescue plan act of 2021 shall be allocated as follows, pursuant to a plan developed by the commissioner of education and approved by the director of the budget:

(2) The "learning loss wealth factor" shall be equal to the positive difference, if any, of 0.75 less the product of 0.5 multiplied by the combined wealth ratio computed pursuant to subparagraph 1 of paragraph c of subdivision 3 of section 3602 of education law.

(3) The "modified EN index" shall be equal to the modified EN percent divided by the statewide average modified EN percent, provided that for the 2021-22 school year, the statewide average modified EN percent shall be equal to 0.5565.

(4) The "modified EN percent" shall be equal to the modified EN count divided by public school district enrollment for the base year computed pursuant to paragraph n of subdivision 1 of section 3602 of education law.

(5) The "modified EN count" shall equal the sum of (a) the product of 0.5 multiplied by the English language learner count computed pursuant to paragraph o of subdivision 1 of section 3602 of education law.
education law, plus (b) the sparsity count computed pursuant to paragraph r of subdivision 1 of section 3602 of education law, plus (c) the product of 0.65 multiplied by the 3-year average small area income and poverty estimate rate computed pursuant to paragraph mm of subdivision 1 of section 3602 of education law and multiplied further by public school district enrollment for the base year as computed pursuant to paragraph n of subdivision 1 of section 3602 of education law, plus (d) the product of 0.65 multiplied by the 3-year average economically disadvantaged rate defined pursuant to paragraph ll of subdivision 1 of section 3602 of education law.

School districts shall ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

(ii) $195,000,000 for new full-day 4-year-old universal prekindergarten expansion grants as prescribed in subdivision 19 of section 3602-e of education law. Grantees awarded funds from this appropriation shall comply with all of the same rules and requirements as the universal prekindergarten programs pursuant to section 3602-e of education law. Provided further that, for purposes of this appropriation:

(1) For eligible school districts, the preliminary slot count shall be equal to the positive difference of (1) the product of 0.3504 and unserved 4-year-old prekindergarten pupils calculated pursuant to subparagraph iv of paragraph b of subdivision 10 of section 3602-e of education law less (2) the sum of (a) full day 4-year-old prekindergarten pupils served in the 2019-20 school year served pursuant to section 3602-e of education law plus (b) students served in full-day prekindergarten programs funded by grants pursuant to section 3602-ee of education law in the 2019-20 school year. If such preliminary slot count is less than 10, the expansion slots shall be 0; if such preliminary slot count is greater than or equal to 10 but less than 20, the expansion slots shall be 20; for all other eligible districts, the expansion slots shall equal the preliminary slot count.

(2) For the 2021-22 school year, school districts shall be eligible for a grant amount if (1) the combined wealth ratio computed pursuant to subparagraph 1 of paragraph c of subdivision 3 of section 3602 of education law is less than 2.0 and (2) the quotient arrived at when dividing (i) the sum of (a) full day and half day 4-year-old prekindergarten pupils served in the 2019-20 school year...
served pursuant to section 3602-e of education law plus (b) students
served in full-day prekindergarten programs funded by grants
pursuant to section 3602-ee of education law in the 2019-20 school
year by (ii) unserved four-year-old prekindergarten pupils
calculated pursuant to subparagraph iv of paragraph b of subdivision
10 of section 3602-e of education law is less than 0.5.

(3) Maintenance of Effort. Where a school district serves fewer 4-
year-old prekindergarten pupils in full-day programs funded by the
Full-day 4-year-old universal prekindergarten expansion pursuant to
this appropriation than the number of expansion slots as defined in
this appropriation, the school district shall have its current year
Full-day 4-year-old universal prekindergarten expansion payment
reduced to an amount equal to the product of (i) the Full-day 4-
year-old universal prekindergarten expansion multiplied by (ii) the
quotient of 4-year-old prekindergarten pupils served in programs
funded by the Full-day 4-year-old universal prekindergarten
expansion divided by the number of expansion slots. Provided that
funds provided pursuant to this appropriation shall only be used to
supplement and not supplant current local expenditures of state or
local funds on prekindergarten programs.

(4) Notwithstanding any inconsistent provision of law, for the
purposes of determining the prekindergarten allocation on the
electronic data file prepared by the commissioner pursuant to
subdivision 21 of section 305 of education law for the 2021-22
school year, the commissioner is directed to include the grant
amounts awarded pursuant to this appropriation in the amount set
forth for such school district as "UNIVERSAL PRE-KINDERGARTEN."

(iii) $15,000,000 for universal prekindergarten expansion grants for
prekindergarten programs serving four-year-old students in new full-
day placements operating in the 2021-22 and 2022-23 school years, based on a request for proposals, in which all school
districts would be eligible to apply, developed by the commissioner
and approved by the director of the budget, provided further that
the commissioner of education shall evaluate applications and make
awards on a competitive basis based on merit and factors including,
but not limited to, the following: (i) measures of the need of
students to be served by the school district, (ii) the school
district's proposal to target the highest need schools and students,
(iii) the extent to which the district's proposal would prioritize
funds to maximize the total number of eligible children in the
district served in pre-kindergarten programs, (iv) proposal quality,
and (v) the level of existing prekindergarten services in the
district. Provided that funds appropriated herein shall only be
awarded to school districts which meet the requirements of section
3602-ee of the education law.

Provided that grants awarded pursuant to this request for proposal
process shall be equal to $7,000 per pupil for students served by
teachers without a certificate valid for service in early childhood
grades and $10,000 per pupil for students served by teachers with
valid certificates for service in early childhood grades. Programs
shall (i) provide instruction for at least five hours per school day
for full-day pre-kindergarten programs; (ii) agree to offer
instruction consistent with applicable New York state
prekindergarten early learning standards; and (iii) otherwise comply
with all of the same rules and requirements as the statewide
universal prekindergarten programs pursuant to section 3602-ee of
the education law except as modified herein.

Provided further that funds appropriated herein shall only be used to
supplement and not supplant current local expenditures of federal, state or local funds on pre-kindergarten programs and the number of
placements in such programs from such sources and that current local
expenditures shall include any local expenditures of federal, state

or local funds used to supplement or extend services provided directly or via contract to eligible children enrolled in a universal pre-kindergarten program in accordance with section 3602-e of the education law.

Notwithstanding any provision of law to the contrary, programs that provide services for fewer than 180 days will be subject to the provisions of subdivision 16 of section 3602-e of the education law.

(iv) $35,000,000 for city school districts in a city having a population of one million or more; and

(v) $24,663,589 for administrative costs of the state education department, provided that, notwithstanding any provision of law to the contrary, upon approval of the director of the budget, the funds hereby made available may be transferred to the credit of the state purposes account of the state education department for purposes of administration of this program.

Funds appropriated herein shall be subject to all applicable federal reporting and accountability requirements.

Provided further that such funds shall be deemed grants in aid and the state comptroller shall prescribe that any monies received by school districts from such funds shall be recorded and reported as special aid funds of the district.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, this appropriation shall remain in full force and effect to the maximum extent allowed by law (23357) ......

Notwithstanding any inconsistent provision of law, funds appropriated herein shall be available subject to a plan developed by the commissioner of education and approved by the director of the budget. Provided that such plan shall comport with any minimum federal requirements for the expenditure of such funds and shall include at a minimum (1) an allocation methodology which shall consider total student enrollment, low-income student enrollment, and the degree to which each school seeking services and assistance through this program has been impacted by the COVID-19 pandemic, and (2) application materials to be completed by schools seeking services and assistance through this program.

Provided that prior to development of such plan, the state education department shall require nonpublic schools to submit a notice of intent to seek services and assistance through this program, based on a form developed by the commissioner of education and approved by the director of the budget. Initial allocations shall be determined based on notices of intent submitted by nonpublic schools, and only those schools that submit such notice shall be eligible for an allocation. In the event that not all schools that submitted a notice of intent submit an application by the deadline established in such plan, allocations may be revised based on the approved allocation methodology after all applications are received.

Notwithstanding any inconsistent provision of law, rule, or regulation, the state education department shall be authorized to reimburse each participating eligible nonpublic school for approved expenses of any eligible services or assistance requested by the school, and to provide eligible services or assistance to a nonpublic school either directly or through one or more non-competitive agreements, subject to the approval of the director of the budget, provided that any services and assistance purchased by the state education department on behalf of a nonpublic school through this program shall be exempt from the requirements of
sections 112 and 163 of the state finance law, and section 142 of the economic development law.

Notwithstanding any inconsistent provision of law, rule or regulation, subject to the approval of the director of the budget, a portion of this appropriation may be interchanged with any other appropriation within the education stabilization fund to accomplish the intent of the CRRSA act, or to any other program or fund within the state education department for purposes of administration of this program, provided that within amounts transferred for program administration, a portion may be used to enter into non-competitive contracts with one or more boards of cooperative educational services to assist the state education department in administering this program, provided that such non-competitive contracts shall be exempt from the requirements of sections 163 and 112 of the state finance law and section 142 of the economic development law, and provided further that any eligible services or assistance provided to a nonpublic school by any board of cooperative educational services or through a third-party contractor with a board of cooperative educational services shall, due to the tight time constraints established under federal law to enter into such contracts for services and/or assistance, if deemed necessary by any board of cooperative educational services, be provided pursuant to a non-competitive contract and such non-competitive contract shall be exempt from the requirements of sections 112 and 163 of the state finance law, section 142 of the economic development law, and sections 103, 104, 104-a, and 104-b of the general municipal law.

Provided further that, notwithstanding any inconsistent provision of law, rule, or regulation, any unobligated funds that revert from the emergency assistance to nonpublic schools program to the governor's emergency education relief fund, as authorized by the federal department of education, shall be made available to reimburse nonpublic schools for allowable costs related to preventing, preparing for, and responding to the COVID-19 public health emergency pursuant to a plan developed by the commissioner of education and approved by the director of the budget. Provided that such funds shall not be used to reimburse costs that have already been reimbursed through another state or federal program, and provided further that the state's liability for such reimbursement shall be limited to the total amount of governor's emergency education relief funds available for such purpose. third-party contractor with a board of cooperative educational
services shall, due to the tight time constraints established under
federal law to enter into such contracts for services and/or
assistance, if deemed necessary by any board of cooperative
educational services, be provided pursuant to a non-competitive
contract and such non-competitive contract shall be exempt from the
requirements of sections 112 and 163 of the state finance law,
section 142 of the economic development law, and sections 103, 104,

Notwithstanding any inconsistent provision
of law, the amount appropriated herein,
shall be available under a foster care
block grant for state reimbursement of
eligible social services district expendi-
tures for the provision and administration
of foster care services including care,
maintenance, supervision, and tuition; for
supervision of foster children placed in
federally funded job corps programs; for
care, maintenance, supervision, and
tuition for adjudicated juvenile delin-
quents placed in residential programs
operated by authorized agencies and in
out-of-state residential programs; for the
provision and administration of the
kinship guardian assistance program
including kinship guardianship assistance
payments and payments for non-recurring
guardianship expenses and eligible expendi-
tures associated with local compliance
with the federal Family First Prevention
Services Act (P.L. 115-123); except that,
reimbursement from the amount appropriated
herein shall not be available for tuition
expenditures for foster children, includ-
ing persons in need of supervision and
adjudicated juvenile delinquents, made by
a social services district located within
a city having a population of one million
or more.

Notwithstanding any other provision of law,
a portion of the funds are available to
reimburse social services districts for
the change in the maximum state aid rates
established by the office of children and
family services for the 2022-23 rate year
pursuant to section 398-a of the social
services law and sections 4003 and 4405 of
the education law to reflect the continua-
tion of the cost of living adjustments
that became effective April 1, 2008 for
payments made to foster parents and for
salary and fringe benefit costs and other
critical nonpersonal services costs for
foster care programs as determined by the office. Social services districts must adjust the amount of payments made for care provided by congregate care and foster boarding home programs and to foster parents to reflect the cost of living adjustments in the manner specified by the office. Each authorized agency operating a congregate care or foster boarding home program in New York state for which the office sets a maximum state aid rate pursuant to section 398-a of the social services law or section 4003 or 4405 of the education law shall submit, at the time and in a manner to be determined by the office, a written certification, attesting that the funds received for the continuation of the cost of living adjustment to the maximum state aid rate that became effective April 1, 2008 for that program will be or were used solely in accordance with the requirements of the cost of living adjustment established by the office.

Notwithstanding any inconsistent provision of law except a chapter of the laws of 2022 authorizing a 5.4 percent cost of living adjustment increase for the period commencing on April 1, 2022 and ending March 31, 2023, the commissioner shall not apply any other cost of living adjustment for the purpose of establishing rates of payments, contracts or any other form of reimbursement.

Within the amounts appropriated herein, state reimbursement to each social services district for services identified herein that are otherwise reimbursable by the state from April 1, 2022 through March 31, 2023 shall be limited to a district allocation, hereinafter referred to as the district's block grant allocation. Notwithstanding any other provision of law, such block grant allocation shall be based, in part, on each district's claims for such costs, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the 12 month period ending June 30, 2021 that are submitted on or before January 3, 2022 and, in part, on such other factors as determined by the office of children and family services and approved by the director of the budget. Any portion of a social services district's allocation from funds appropriated herein not claimed by such district during the state fiscal year may be used by such district for expenditures on preventive services provided pursuant to section 409-a of the social services law, independent living services and
aftercare services provided pursuant to regulations of the department of family assistance, claimed by such district during the next state fiscal year up to the amount remaining from the district's foster care block grant allocation, provided however, that any claims for such services during the next state fiscal year in excess of such amount shall be subject to 62 percent state reimbursement exclusive of any federal funds made available for such purposes, in accordance with directives of the department of family assistance and subject to the approval of the director of the budget. Any claims submitted by a social services district for reimbursement for a particular state fiscal year for which the social services district does not receive state or federal reimbursement during that state fiscal year may not be claimed against that district's block grant apportionment for the next state fiscal year.

The office of children and family services, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share decrease related to federal retroactive reimbursement for such foster care services identified herein. The office, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share of disallowances or sanctions taken against the district pursuant to the social services law or federal law.

Notwithstanding any other provision of law, the state shall not be responsible for reimbursing a social services district and a district shall not seek state reimbursement for any portion of any state disallowance or sanction taken against the social services district, or any federal disallowance attributable to final federal agency decisions or to settlement made, on or after July 1, 1995, when such disallowance or sanction results from the failure of the social services district to comply with federal or state requirements, including, but not limited to, failure to document eligibility for federal or state funds in the case record; provided, however, if the office determines that any federal disallowance for services provided between January 1, 1999 and May 31, 1999 results solely from the late enactment of the state legislation implementing the federal adoption and safe families act, the state shall be solely responsible for the full amount of the disallowance or sanction; provided, further, however, this
provision shall be deemed to apply both prospectively and retroactively regardless of whether such sanctions or disallowances are for services provided or claims made prior to or after April 1, 2022. Notwithstanding any other provision of law, any federal disallowance resulting from a federal title IV-E eligibility review or audit that uses extrapolated statistic techniques shall be passed along by the state to any and all social services districts that the office of children and family services has determined have not complied with the title IV-E eligibility requirements or have not taken the necessary actions to ensure compliance with such requirements including, but not limited to, failing to: assess and fully document all the criteria and have readily available all the necessary documents to establish and continue title IV-E eligibility for all title IV-E eligible children within the required time frames; claim title IV-E funding only for cases that meet all of the title IV-E eligibility criteria; and fully implement the social services payment system on or before April 1, 2005 for all direct and voluntary agency foster care services. Notwithstanding any law to the contrary, the office of children and family services shall impose on social services districts any federal disallowance issued against the state as a result of a federal title IV-E secondary eligibility review regardless of the date the children may have entered foster care, the date the eligibility or payment errors occurred, or the filing date of any federal claims for reimbursement; provided, however, that the state shall be responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services districts other than the city of New York. In order to reimburse the federal government for the full amount of any disallowance imposed on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant
time period as compared to the total applicable statewide title IV-E claims. The amount of the offset against each district will be adjusted, if necessary, upon completion of the disallowance allocation process. The final allocation of the amount of any federal disallowance resulting from a title IV-E secondary eligibility review shall be allocated among the districts so that each district shall be responsible for the amount attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the federal sample and federal statistics. For all social services districts other than the city of New York, the error rate will be based on a review conducted by the district of a sample of children and/or cases determined by the office of children and family services and a re-review of a sub-sample by the office of those children and/or cases determined by the office. The office of children and family services will determine what is reasonable in establishing the size of the sample and sub-sample for each district. The office of children and family services shall notify each social services district of the sample of children and/or cases from the federal audit period that the social services district must review. Any child or case from the social services district that was included in the federal sample will automatically be included in the social services district's review sample and the determination made at the federal review regarding that child or case will govern for the purposes of the social services district's review. The social services district must complete and submit the results of its review to the office of children and family services within 60 days of receipt of the sample. The error rate for the district will be based on the findings of the district's review and the office of children and family services' re-review. If a social services district does not complete its review within 60 days of receiving the sample from the office of children and family services, the office of children and family services shall assign an error rate to the social services district based on the relative percentage of the district's applicable title IV-E claims for the relevant period.
as compared to applicable statewide title IV-E claims for that period and other circumstances that the office of children and family services may consider in order to allocate 100 percent of the federal disallowance. The office of children and family services shall apply each social services district's error rate to the total amount of the district's applicable title IV-E claims including associated administrative expenses. The resulting dollar amounts for all of the social services districts will be summed to derive the total amount of title IV-E claims deemed to be in error statewide. To establish a disallowance percentage for each social services district, the amount of the district's title IV-E claims deemed to be in error will be divided by the amount of statewide title IV-E claims deemed to be in error. The resulting disallowance percentage for each district will be applied to the entire title IV-E extrapolated disallowance calculated by the federal review to determine the amount of the extrapolated disallowance for which the district is responsible. Each district will be credited for the amount already disallowed for any individual children or cases found to be in error during the federal review. The exclusive appeal rights for the review of the amount of the federal disallowance assigned to each social services district shall be pursuant to article 78 of the civil practice law and rules; provided, however, that in any such action all of the social services districts shall be joined as necessary parties and the venue of any such action shall be in Rensselaer county. Any social services district that fails to complete its sample review in the required time frames shall have no right to appeal and shall not be a necessary party to any action brought by another social services district. The money hereby appropriated is to be available for payment of state aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, such funds shall be available to the office net of disallowances, refunds, reimbursements, and credits. Notwithstanding any inconsistent provision of law, the amount herein appropriated may be transferred to any other appropriation within the office of children and family services and/or the office of temporary and disability assistance and/or suballocated to the office of temporary and disa-
bility assistance for the purpose of
paying local social services districts' costs of the above program and may be increased or decreased by interchange with any other appropriation or with any other item or items within the amounts appropriated within the office of children and family services general fund - local assistance account with the approval of the director of the budget who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding any inconsistent provision of law, in lieu of payments authorized by the social services law, or payments of federal funds otherwise due to the local social services districts for programs provided under the federal social security act or the federal food stamp act, funds herein appropriated, in amounts certified by the state comptroller or the state commissioner of health as due from local social services districts each month as their share of payments made pursuant to section 367-b of the social services law may be set aside by the state comptroller in an interest bearing account with such interest accruing to the credit of the locality in order to ensure the orderly and prompt payment of providers under section 367-b of the social services law pursuant to an estimate provided by the commissioner of health of each local social services district's share of payments made pursuant to section 367-b of the social services law.

Notwithstanding the provisions of any other law to the contrary, the office of children and family services may, on behalf of social services districts, make payments to foster boarding homes paid directly by social services districts by direct deposit or debit card. Local social services districts shall reimburse the office for the costs of administering such direct deposit or debit card payments.

Notwithstanding any inconsistent provision of the social services law or the state finance law, the office of children and family services shall, on a quarterly basis, request that the office of temporary and disability assistance reimburse the office of children and family services for the non-federal share of the costs of administering such direct deposit or debit card payments to capture the local share of such costs.
Notwithstanding any other provision of law to the contrary, amounts due and owing to a social services district under this appropriation, may be reduced up to such amounts due and owing to the state under section 529 of the executive law (13997)...

Notwithstanding any inconsistent provision of law, the amount appropriated herein shall be made available to reimburse 62 percent of eligible social services district expenditures that are claimed by March 31, 2023 for child welfare services which shall include and be limited to preventive services provided pursuant to section 409-a of the social services law other than community optional preventive services, child protective services, independent living services, after-care services as defined in regulations of the department of family assistance, and adoption administration and services, other than adoption subsidies provided pursuant to title 9 of article 6 of the social services law and regulations of the department of family assistance incurred on or after October 1, 2021 and before October 1, 2022 and that are otherwise reimbursable by the state on or after April 1, 2022, after first deducting therefrom any federal funds properly received or to be received on account thereof upon certification by the social services district that it will not be using these funds to supplant other state and local funds and that the district will not submit claims for reimbursement under this appropriation for the same type and level of services that the county previously provided and claimed under any contract in existence on October 1, 2002 as other than child protective, preventive, independent living, after care or adoption services or adoption administration.

The money hereby appropriated is to be available for payment of state aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, such funds shall be available to the office net of disallowances, refunds, reimbursements, and credits; provided, however, that notwithstanding any other provision of law, for a district to receive reimbursement for such services, the amount of funds that the district expends on such services from its flexible fund for family services allocation and any flexible fund for family services funds transferred at the district’s request to the title XX social services block grant must, to the extent that families are eligible there-
fore, be equal to or greater than the district's portion of the $382,322,341 statewide child welfare threshold amount, which shall be established pursuant to a formula developed by the office of temporary and disability assistance and the office of children and family services and approved by the director of the budget.

Notwithstanding any other provision of law, selected social services districts may authorize the office of temporary and disability assistance to intercept a portion of the funds on behalf of the office of children and family services otherwise due to the districts under this appropriation and/or under any other general fund - aid to localities appropriation available to such districts to suballocate to the office of mental health and subsequently for suballocation from the office of mental health to the department of health to use for the 38.9 percent of the non-federal share of the medical assistance payments for home and community based waiver services provided in accordance with subdivision 9 of section 366 of the social services law as authorized by such selected social services districts which choose to use preventive services funds to support such costs.

Notwithstanding any other provision of law, social services districts may authorize the office of temporary and disability assistance to intercept a portion of the funds on behalf of the office of children and family services otherwise due to the districts under this appropriation and/or under any other general fund - aid to localities appropriation available to such districts to transfer to any miscellaneous special revenue fund available to the office of children and family services to use for the local share of the federal funds available for education and training vouchers provided in accordance with section 477 of title IV-E of the social security act as authorized by such social services districts which choose to use funds to support such costs.

Notwithstanding any inconsistent provision of law, the amount herein appropriated may be transferred to any other appropriation within the office of children and family services and/or the office of temporary and disability assistance and/or suballocated to the office of temporary and disability assistance for the purpose of paying local social services districts' costs of the above program and may be increased or decreased by interchange with any other appropriation or with any other
item or items within the amounts appropri-
ated within the office of children and
family services general fund - local

the director of the budget who shall file
such approval with the department of audit
and control and copies thereof with the
chairman of the senate finance committee
and the chairman of the assembly ways and

the social services law, or payments of

the office of children and family services
in an amount equal to 38 percent of the
non-federal share of the costs of adminis-
tering such direct deposit or debit card
payments to capture the local share of
such costs.
Notwithstanding any other provision of law,
the office of children and family services
shall reissue per diem rates, required
pursuant to section 529 of the executive
law, for calendar years 2002 through 2009
to remove any adjustments to the costs
included in determining such rates to

FAMILY AND CHILDREN'S SERVICES PROGRAM

General Fund
Local Assistance Account - 10000

By chapter 53, section 1, of the laws of 2021:
Notwithstanding any inconsistent provision of law, the amount appropriated herein, shall be available under a foster care block grant for state reimbursement of eligible social services district expenditures for the provision and administration of foster care services including care, maintenance, supervision, and tuition; for supervision of foster children placed in federally funded job corps programs; for care, maintenance, supervision, and tuition for adjudicated juvenile delinquents placed in residential programs
operated by authorized agencies and in out-of-state residential
programs; for the provision and administration of the kinship
guardian assistance program including kinship guardianship
assistance payments and payments for non-recurring guardianship
expenses and eligible expenditures associated with local compliance
with the federal Family First Prevention Services Act (P.L. 115-
123); except that, reimbursement from the amount appropriated herein
shall not be available for tuition expenditures for foster children,
including persons in need of supervision and adjudicated juvenile
delinquents, made by a social services district located within a
city having a population of one million or more.

Notwithstanding any other provision of law, a portion of the funds are
available to reimburse social services districts for the change in
the maximum state aid rates established by the office of children
and family services for the 2021-22 rate year pursuant to section
398-a of the social services law and sections 4003 and 4405 of the
education law to reflect the continuation of the cost of living
adjustments that became effective April 1, 2008 for payments made to
foster parents and for salary and fringe benefit costs and other
critical nonpersonal services costs for foster care programs as
determined by the office. Social services districts must adjust the
amount of payments made for care provided by congregate care and
foster boarding home programs and to foster parents to reflect the
cost of living adjustments in the manner specified by the office.
Each authorized agency operating a congregate care or foster
boarding home program in New York state for which the office sets a
maximum state aid rate pursuant to section 398-a of the social
services law or section 4003 or 4405 of the education law shall
submit, at the time and in a manner to be determined by the office,
a written certification, attesting that the funds received for the
continuation of the cost of living adjustment to the maximum state
aid rate that became effective April 1, 2008 for that program will
be or were used solely in accordance with the requirements of the
cost of living adjustment established by the office.

Notwithstanding any inconsistent provision of law except a chapter of
the laws of 2021 authorizing a 1 percent cost of living adjustment
increase, but including section 1 of part C of chapter 57 of the
laws of 2006, as amended by section 1 of part I of chapter 60 of the
laws of 2014, for the period commencing on April 1, 2021 and ending
March 31, 2022 the director shall not apply any other cost of living
adjustment for the purpose of establishing rates of payments,
contracts or any other form of reimbursement.

Within the amounts appropriated herein, state reimbursement to each
social services district for services identified herein that are
otherwise reimbursable by the state from April 1, 2021 through March
31, 2022 shall be limited to a district allocation, hereinafter
referred to as the district's block grant allocation.

Notwithstanding any other provision of law, such block grant
allocation shall be based, in part, on each district's claims for
such costs, adjusted by the applicable cost allocation methodology
and net of any retroactive payments for the 12 month period ending
June 30, 2020 that are submitted on or before January 2, 2021 and,
in part, on such other factors as determined by the office of
children and family services and approved by the director of the
budget. Any portion of a social services district's allocation from
funds appropriated herein not claimed by such district during the
state fiscal year may be used by such district for expenditures on
preventive services provided pursuant to section 409-a of the social
services law, independent living services and aftercare services
provided pursuant to regulations of the department of family
assistance, claimed by such district during the next state fiscal
year up to the amount remaining from the district's foster care
block grant allocation, provided however, that any claims for such
services during the next state fiscal year in excess of such amount
shall be subject to 62 percent state reimbursement exclusive of any
federal funds made available for such purposes, in accordance with
directives of the department of family assistance and subject to the
approval of the director of the budget. Any claims submitted by a
social services district for reimbursement for a particular state
fiscal year for which the social services district does not receive
state or federal reimbursement during that state fiscal year may not
be claimed against that district's block grant apportionment for the
next state fiscal year.

The office of children and family services, with the approval of the
director of the budget, may reduce a district's block grant
allocation by the state share decrease related to federal
retroactive reimbursement for such foster care services identified
herein. The office, with the approval of the director of the budget,
may reduce a district's block grant allocation by the state share of
disallowances or sanctions taken against the district pursuant to
the social services law or federal law.

Notwithstanding any other provision of law, the state shall not be
responsible for reimbursing a social services district and a
district shall not seek state reimbursement for any portion of any
state disallowance or sanction taken against the social services
district, or any federal disallowance attributable to final federal
agency decisions or to settlement made, on or after July 1, 1995,
when such disallowance or sanction results from the failure of the
social services district to comply with federal or state
requirements, including, but not limited to, failure to document
eligibility for federal or state funds in the case record; provided,
however, if the office determines that any federal disallowance for
services provided between January 1, 1999 and May 31, 1999 results
solely from the late enactment of the state legislation implementing
the federal adoption and safe families act, the state shall be
solely responsible for the full amount of the disallowance or
sanction; provided, further, however, this provision shall be deemed
to apply both prospectively and retroactively regardless of whether
such sanctions or disallowances are for services provided or claims
made prior to or after April 1, 2021.

Notwithstanding any other provision of law, any federal disallowance
resulting from a federal title IV-E eligibility review or audit that
uses extrapolated statistic techniques shall be passed along by the
state to any and all social services districts that the office of
children and family services has determined have not complied with
the title IV-E eligibility requirements or have not taken the
necessary actions to ensure compliance with such requirements
including, but not limited to, failing to: assess and fully document
all the criteria and have readily available all the necessary
documents to establish and continue title IV-E eligibility for all
title IV-E eligible children within the required time frames; claim
title IV-E funding only for cases that meet all of the title IV-E
eligibility criteria; and fully implement the social services
payment system on or before April 1, 2005 for all direct and
voluntary agency foster care services.

Notwithstanding any other law to the contrary, the office of children and
family services shall impose on social services districts any
federal disallowance issued against the state as a result of a
federal title IV-E secondary eligibility review regardless of the
date the children may have entered foster care, the date the
eligibility or payment errors occurred, or the filing date of any
federal claims for reimbursement; provided, however, that the state
shall be responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services districts other than the city of New York. In order to reimburse the federal government for the full amount of any disallowance imposed on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant time period as compared to the total applicable statewide title IV-E claims. The amount of the offset against each district will be adjusted, if necessary, upon completion of the disallowance allocation process. The final allocation of the amount of any federal disallowance resulting from a title IV-E secondary eligibility review shall be allocated among the districts so that each district shall be responsible for the amount attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the federal sample and federal statistics. For all social services districts other than the city of New York, the error rate will be based on a review conducted by the district of a sample of children and/or cases determined by the office of children and family services and a re-review of a sub-sample by the office of those children and/or cases determined by the office. The office of children and family services will determine what is reasonable in establishing the size of the sample and sub-sample for each district. The office of children and family services shall notify each social services district of the sample of children and/or cases from the federal audit period that the social services district must review. Any child or case from the social services district that was included in the federal sample will automatically be included in the social services district's review sample and the determination made at the federal review regarding that child or case will govern for the purposes of the social services district's review. The social services district must complete and submit the results of its review to the office of children and family services within 60 days of receipt of the sample. The error rate for the district will be based on the findings of the district's review and the office of children and family services' re-review. If a social services district does not complete its review within 60 days of receiving the sample from the office of children and family services, the office of children and family services shall assign an error rate to the social services district based on the relative percentage of the district's applicable title IV-E claims for the relevant period as compared to applicable statewide title IV-E claims for that period and other circumstances that the office of children and family services may consider in order to allocate 100 percent of the federal disallowance. The office of children and family services shall apply each social services district's error rate to the total amount of the district's applicable title IV-E claims including associated administrative expenses. The resulting dollar amounts for all of the social services districts will be summed to derive the total amount of title IV-E claims deemed to be in error statewide. To establish a disallowance percentage for each social services district, the amount of the district's title IV-E claims deemed to be in error
will be divided by the amount of statewide title IV-E claims deemed
to be in error. The resulting disallowance percentage for each
district will be applied to the entire title IV-E extrapolated
disallowance calculated by the federal review to determine the
amount of the extrapolated disallowance for which the district is
responsible. Each district will be credited for the amount already
disallowed for any individual children or cases found to be in error
during the federal review. The exclusive appeal rights for the
review of the amount of the federal disallowance assigned to each
social services district shall be pursuant to article 78 of the
civil practice law and rules; provided, however, that in any such
action all of the social services districts shall be joined as
necessary parties and the venue of any such action shall be in
Rensselaer county. Any social services district that fails to
complete its sample review in the required time frames shall have no
right to appeal and shall not be a necessary party to any action
brought by another social services district.
The money hereby appropriated is to be available for payment of state
aid heretofore accrued or hereafter to accrue to municipalities.
Subject to the approval of the director of the budget, such funds
shall be available to the office net of disallowances, refunds,
reimbursements, and credits.
Notwithstanding any inconsistent provision of law, the amount herein
appropriated may be transferred to any other appropriation within
the office of children and family services and/or the office of
temporary and disability assistance and/or suballocated to the
office of temporary and disability assistance for the purpose of
paying local social services districts' costs of the above program
and may be increased or decreased by interchange with any other
appropriation or with any other item or items within the amounts
appropriated within the office of children and family services
general fund - local assistance account with the approval of the
director of the budget who shall file such approval with the
department of audit and control and copies thereof with the chairman
of the senate finance committee and the chairman of the assembly
ways and means committee.
Notwithstanding any inconsistent provision of law, in lieu of payments
authorized by the social services law, or payments of federal funds
otherwise due to the local social services districts for programs
provided under the federal social security act or the federal food
stamp act, funds herein appropriated, in amounts certified by the
state comptroller or the state commissioner of health as due from
local social services districts each month as their share of
payments made pursuant to section 367-b of the social services law
may be set aside by the state comptroller in an interest bearing
account with such interest accruing to the credit of the locality in
order to ensure the orderly and prompt payment of providers under
section 367-b of the social services law pursuant to an estimate
provided by the commissioner of health of each local social services
district's share of payments made pursuant to section 367-b of the
social services law.
Notwithstanding the provisions of any other law to the contrary, the
office of children and family services may, on behalf of social
services districts, make payments to foster boarding homes paid
directly by social services districts by direct deposit or debit
card. Local social services districts shall reimburse the office for
the costs of administering such direct deposit or debit card
payments.
Notwithstanding any inconsistent provision of the social services law
or the state finance law, the office of children and family services
shall, on a quarterly basis, request that the office of temporary
and disability assistance reimburse the office of children and family services for the non-federal share of the costs of administering such direct deposit or debit card payments to capture the local share of such costs.

Notwithstanding any other provision of law to the contrary, amounts due and owing to a social services district under this appropriation, may be reduced up to such amounts due and owing to the state under section 529 of the executive law (13997) ...........

383,526,000 ............................................. (re. $214,138,000)

Notwithstanding any inconsistent provision of law, the amount appropriated herein shall be made available to reimburse 62 percent of eligible social services district expenditures that are claimed by March 31, 2022 for child welfare services which shall include and be limited to preventive services provided pursuant to section 409-a of the social services law other than community optional preventive services, child protective services, independent living services, after-care services as defined in regulations of the department of family assistance, and adoption administration and services, other than adoption subsidies provided pursuant to title 9 of article 6 of the social services law and regulations of the department of family assistance incurred on or after October 1, 2020 and before October 1, 2021 and that are otherwise reimbursable by the state on or after April 1, 2021, after first deducting therefrom any federal funds properly received or to be received on account thereof upon certification by the social services district that it will not be using these funds to supplant other state and local funds and that the district will not submit claims for reimbursement under this appropriation for the same type and level of services that the county previously provided and claimed under any contract in existence on October 1, 2002 as other than child protective, preventive, independent living, after care or adoption services or adoption administration.

The money hereby appropriated is to be available for payment of state aid heretofore accrued or hereafter to accrue to municipalities. By chapter 53, section 1, of the laws of 2020: Notwithstanding any inconsistent provision of law, the amount appropriated herein, shall be available under a foster care block grant for state reimbursement of eligible social services district expenditures for the provision and administration of foster care services including care, maintenance, supervision, and tuition; for supervision of foster children placed in federally funded job corps programs; for care, maintenance, supervision, and tuition for adju-
dicated juvenile delinquents placed in residential programs operated
by authorized agencies and in out-of-state residential programs; and
for the provision and administration of the kinship guardian assist-
ance program including kinship guardianship assistance payments and
payments for non-recurring guardianship expenses; except that,
reimbursement from the amount appropriated herein shall not be
available for tuition expenditures for foster children, including
persons in need of supervision and adjudicated juvenile delinquents,
made by a social services district located within a city having a
population of one million or more.
Notwithstanding any other provision of law, a portion of the funds are
available to reimburse social services districts for the change in
the maximum state aid rates established by the office of children
and family services for the 2020-21 rate year pursuant to section
398-a of the social services law and sections 4003 and 4405 of the
education law to reflect the continuation of the cost of living
adjustments that became effective April 1, 2008 for payments made to
foster parents and for salary and fringe benefit costs and other
critical nonpersonal services costs for foster care programs as
determined by the office. Social services districts must adjust the
amount of payments made for care provided by congregate care and
foster boarding home programs and to foster parents to reflect the
cost of living adjustments in the manner specified by the office.
Each authorized agency operating a congregate care or foster board-
ing home program in New York state for which the office sets a maxi-
imum state aid rate pursuant to section 398-a of the social services
law or section 4003 or 4405 of the education law shall submit, at
the time and in a manner to be determined by the office, a written
certification, attesting that the funds received for the continua-
tion of the cost of living adjustment to the maximum state aid rate
that became effective April 1, 2008 for that program will be or were
used solely in accordance with the requirements of the cost of
living adjustment established by the office.
Notwithstanding any inconsistent provision of law, for the period
commencing on April 1, 2020 and ending March 31, 2021 the commis-
sioner shall not apply any cost of living adjustment for the purpose
of establishing rates of payments, contracts or any other form of
reimbursement.
Within the amounts appropriated herein, state reimbursement to each
social services district for services identified herein that are
otherwise reimbursable by the state from April 1, 2020 through March
31, 2021 shall be limited to a district allocation, hereinafter
referred to as the district's block grant allocation. Notwithstand-
ing any other provision of law, such block grant allocation shall be
based, in part, on each district's claims for such costs, adjusted
by the applicable cost allocation methodology and net of any retro-
active payments for the 12 month period ending June 30, 2019 that
are submitted on or before January 2, 2020 and, in part, on such
other factors as determined by the office of children and family
services and approved by the director of the budget. Any portion of
a social services district's allocation from funds appropriated
herein not claimed by such district during the state fiscal year may
be used by such district for expenditures on preventive services
provided pursuant to section 409-a of the social services law, inde-
dependent living services and aftercare services provided pursuant to
regulations of the department of family assistance, claimed by such
district during the next state fiscal year up to the amount remain-
ing from the district's foster care block grant allocation, provided
however, that any claims for such services during the next state
fiscal year in excess of such amount shall be subject to 62 percent
state reimbursement exclusive of any federal funds made available
for such purposes, in accordance with directives of the department of family assistance and subject to the approval of the director of the budget. Any claims submitted by a social services district for reimbursement for a particular state fiscal year for which the social services district does not receive state or federal reimbursement during that state fiscal year may not be claimed against that district's block grant apportionment for the next state fiscal year.

The office of children and family services, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share decrease related to federal retroactive reimbursement for such foster care services identified herein. The office, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share of disallowances or sanctions taken against the district pursuant to the social services law or federal law.

Notwithstanding any other provision of law, the state shall not be responsible for reimbursing a social services district and a district shall not seek state reimbursement for any portion of any state disallowance or sanction taken against the social services district, or any federal disallowance attributable to final federal agency decisions or to settlement made, on or after July 1, 1995, when such disallowance or sanction results from the failure of the social services district to comply with federal or state requirements, including, but not limited to, failure to document eligibility for federal or state funds in the case record; provided, however, if the office determines that any federal disallowance for services provided between January 1, 1999 and May 31, 1999 results solely from the late enactment of the state legislation implementing the federal adoption and safe families act, the state shall be solely responsible for the full amount of the disallowance or sanction; provided, further, however, this provision shall be deemed to apply both prospectively and retroactively regardless of whether such sanctions or disallowances are for services provided or claims made prior to or after April 1, 2020.

Notwithstanding any other provision of law, any federal disallowance resulting from a federal title IV-E eligibility review or audit that uses extrapolated statistic techniques shall be passed along by the state to any and all social services districts that the office of children and family services has determined have not complied with the title IV-E eligibility requirements or have not taken the necessary actions to ensure compliance with such requirements including, but not limited to, failing to: assess and fully document all the criteria and have readily available all the necessary documents to establish and continue title IV-E eligibility for all title IV-E eligible children within the required time frames; claim title IV-E funding only for cases that meet all of the title IV-E eligibility criteria; and fully implement the social services payment system on or before April 1, 2005 for all direct and voluntary agency foster care services.

Notwithstanding any law to the contrary, the office of children and family services shall impose on social services districts any federal disallowance issued against the state as a result of a federal title IV-E secondary eligibility review regardless of the date the children may have entered foster care, the date the eligibility or payment errors occurred, or the filing date of any federal claims for reimbursement; provided, however, that the state shall be responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services

districts other than the city of New York. In order to reimburse the federal government for the full amount of any disallowance imposed on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant time period as compared to the total applicable statewide title IV-E claims. The amount of the offset against each district will be adjusted, if necessary, upon completion of the disallowance allocation process. The final allocation of the amount of any federal disallowance resulting from a title IV-E secondary eligibility review shall be allocated among the districts so that each district shall be responsible for the amount attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the federal sample and federal statistics. For all social services districts other than the city of New York, the error rate will be based on a review conducted by the district of a sample of children and/or cases determined by the office of children and family services and a re-review of a sub-sample by the office of those children and/or cases determined by the office. The office of children and family services will determine what is reasonable in establishing the size of the sample and sub-sample for each district. The office of children and family services shall notify each social services district of the sample of children and/or cases from the federal audit period that the social services district must review. Any child or case from the social services district that was included in the federal sample will automatically be included in the social services district's review sample and the determination made at the federal review regarding that child or case will govern for the purposes of the social services district's review. The social services district must complete and submit the results of its review to the office of children and family services within 60 days of receipt of the sample. The error rate for the district will be based on the findings of the district's review and the office of children and family services' re-review. If a social services district does not complete its review within 60 days of receiving the sample from the office of children and family services, the office of children and family services shall assign an error rate to the social services district based on the relative percentage of the district's applicable title IV-E claims for the relevant period as compared to applicable statewide title IV-E claims for that period and other circumstances that the office of children and family services may consider in order to allocate 100 percent of the federal disallowance. The office of children and family services shall apply each social services district's error rate to the social services district's applicable title IV-E claims including associated administrative expenses. The resulting dollar amounts for all of the social services districts will be summed to derive the total amount of title IV-E claims deemed to be in error statewide. To establish a disallowance percentage for each social services district, the amount of the district's title IV-E claims deemed to be in error will be divided by the amount of statewide title IV-E claims deemed to be in error. The resulting disallowance percentage for each district will be applied to the entire title IV-E extrapolated disallowance calculated by the federal review to determine the
amount of the extrapolated disallowance for which the district is responsible. Each district will be credited for the amount already disallowed for any individual children or cases found to be in error during the federal review. The exclusive appeal rights for the review of the amount of the federal disallowance assigned to each social services district shall be pursuant to article 78 of the civil practice law and rules; provided, however, that in any such action all of the social services districts shall be joined as necessary parties and the venue of any such action shall be in Rensselaer county. Any social services district that fails to complete its sample review in the required time frames shall have no right to appeal and shall not be a necessary party to any action brought by another social services district.

The money hereby appropriated is to be available for payment of state aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, such funds shall be available to the office net of disallowances, refunds, reimbursements, and credits.

Notwithstanding any inconsistent provision of law, the amount herein appropriated may be transferred to any other appropriation within the office of children and family services and/or the office of temporary and disability assistance and/or suballocated to the office of temporary and disability assistance for the purpose of paying local social services districts' costs of the above program and may be increased or decreased by interchange with any other appropriation or with any other item or items within the amounts appropriated within the office of children and family services general fund - local assistance account with the approval of the director of the budget who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding any inconsistent provision of law, in lieu of payments authorized by the social services law, or payments of federal funds otherwise due to the local social services districts for programs provided under the federal social security act or the federal food stamp act, funds herein appropriated, in amounts certified by the state comptroller or the state commissioner of health as due from local social services districts each month as their share of payments made pursuant to section 367-b of the social services law may be set aside by the state comptroller in an interest bearing account with such interest accruing to the credit of the locality in order to ensure the orderly and prompt payment of providers under section 367-b of the social services law pursuant to an estimate provided by the commissioner of health of each local social services district's share of payments made pursuant to section 367-b of the social services law.

Notwithstanding the provisions of any other law to the contrary, the office of children and family services may, on behalf of social services districts, make payments to foster boarding homes paid directly by social services districts by direct deposit or debit card. Local social services districts shall reimburse the office for the costs of administering such direct deposit or debit card payments.

By chapter 53, section 1, of the laws of 2018:
Notwithstanding any other provision of law, the amount appropriated
herein shall be available to reimburse for 98 percent of 65 percent
of eligible social services district expenditures that are claimed
by March 31, 2019 for those community preventive services provided
from October 1, 2017 through September 30, 2018 at a cost that does
not exceed the cost that was in effect on October 1, 2008 and that a

office of children and family services on or before October 1, 2008;
provided, however, that should insufficient funds be available to

based on the percentage of their total eligible claims to the amount
appropriated; and, provided further, however, that if the amount
appropriated exceeds the amount of funds necessary to reimburse 98
percent of 65 percent of the eligible social services district
expenditures, the office may, to the extent funds are available,
provide reimbursement for 98 percent of 65 percent of eligible
social services district expenditures for new community preventive
services programs approved by the office and only up to the amounts
approved by the office. A local social services district seeking
federal and/or state reimbursement for community preventive services
provided on or after October 1, 2017 must submit claims that sepa-

The commissioner shall ensure expenditures made pursuant to this provision reflect appropriate federal and local shares. The commissioner of the office of children and family services shall request that the commissioner of the office of temporary and disability assistance reimburse the commissioner of the office of children and family services in an amount equal to 53.94 percent of the non-federal share of such payments provided that such reimbursement in payments reflects actual expenditures made on behalf of each local social services district to capture the local share of such costs.

Notwithstanding any inconsistent provision of the social services law or the state finance law, the commissioner shall, on a quarterly basis, request that the commissioner of the office of temporary and disability assistance reimburse the commissioner of the office of children and family services in an amount equal to 53.94 percent of the non-federal share of such fees to capture the local share of such fees. Notwithstanding any inconsistent provision of law, the amount herein appropriated may be transferred to any other appropriation within the office of children and family services and/or the office of temporary and disability assistance and/or suballocated to the office of temporary and disability assistance for the purpose of paying local social services districts' costs of the above program and may be increased or decreased by interchange with any other appropriation or with any other item or items within the amounts appropriated within the office of children and family services general fund - local assistance account with the approval of the director of the budget who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding any inconsistent provision of law, in lieu of payments authorized by the social services law, or payments of federal funds otherwise due to the local social services districts for programs provided under the federal social security act or the federal food stamp act, funds herein appropriated, in amounts certified by the state commissioner or the state commissioner of health as due from local social services districts each month as their share of payments made pursuant to section 367-b of the social services law may be set aside by the state comptroller in an interest-bearing account with such interest accruing to the credit of the locality in order to ensure the orderly and prompt payment of providers under section 367-b of the social services law pursuant to an estimate provided by the commissioner of health of each local social services district's share of payments made pursuant to section 367-b of the social services law.

Notwithstanding section 398-a of the social services law or any other law to the contrary, the amount appropriated herein, or such other amount as may be approved by the director of the budget, shall be available for 94 percent of 98 percent of 50 percent reimbursement after deducting any federal funds available therefor to social services districts for amounts attributable to dormitory authority billings or approved refinancing of such billings which result in local social services districts' claims in excess of a local district's foster care block grant allocation. In addition, subject to the approval of the director of the budget, a portion of funds appropriated herein, or such other amount as may be approved by the director of the budget, shall be available for reimbursement related to payments made by a social services district to foster care providers subject to the provisions of section 410-i of the social services law for expenses directly related to projects funded through the housing finance agency for those foster care providers which also received revised or supplemental rates from the applicable regulating agency to accommodate the housing finance agency payments or the refinancing of previously approved dormitory authority payments.

Notwithstanding section 398-a of the social services law or any other law to the contrary, such reimbursement shall be available for 94 percent of 98 percent of 50 percent of social services district costs, after deducting federal funds available therefor, for those social services districts' claims in excess of a social services district's foster care block grant allocation for those amounts exclusively attributable to the previously approved revised or supplemental rates. In addition, subject to the approval of the director of the budget, a portion of funds appropriated herein may also be used for payments to the dormitory authority of the state of New York for advisory services including, but not limited to, site visits and review of applications, building plans and cost estimates.

35  office of children and family services on or before October 1, 2008;
36  provided, however, that should insufficient funds be available to

42  percent of 65 percent of the eligible social services district
43  expenditures, the office may, to the extent funds are available,
44  provide reimbursement for 98 percent of 65 percent of eligible
45  social services district expenditures for new community preventive

The commissioner of the office of children and family services shall request that the commissioner of the office of temporary and disability assistance reimburse the commissioner of the office of children and family services in an amount equal to 53.94 percent of the nonfederal share of such payments provided that such reimbursement in payments reflects actual expenditures made on behalf of each local social services district to capture the local share of such costs.

Notwithstanding any inconsistent provision of the social services law or the state finance law, the commissioner shall, on a quarterly basis, request that the commissioner of the office of temporary and disability assistance reimburse the commissioner of the office of children and family services in an amount equal to 53.94 percent of the non-federal share of such fees to capture the local share of such fees. Notwithstanding any inconsistent provision of law, the funds so appropriated may not be used to reimburse localities for costs disallowed under title IV-E of the social security act.

For reimbursement of local administrative expenses for medical assistance programs and for state administration of medical assistance programs, notwithstanding section 153 of the social services law, to include the performance of eligibility and enrollment determinations by the state or third-party entities designated by the state to perform such services.

Notwithstanding any provision of law to the contrary, subject to the approval of the director of budget, up to $23,000,000 of the amount appropriated herein shall be available for the purpose of providing payments to local social services districts for medical assistance administration claims that exceed an administrative ceiling established by the commissioner of health.

Notwithstanding any inconsistent provision of law and subject to the approval of the director of budget, moneys hereby appropriated may be increased or decreased by transfer or interchange between these appropriated amounts and appropriations of the medical assistance administration program, the medical assistance program, and the office of health insurance programs. Funding authority from this account used for state administration of the medical assistance program may be transferred to state operations appropriations within the aforementioned programs at amounts agreed upon by the commissioner of health, and the New York state division of the budget.

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 50 percent for the period April 1, 2022 to March 31, 2023 and the remaining amount for the period April 1, 2023 to March 31, 2024.
DEPARTMENT OF HEALTH

AID TO LOCALITIES 2022-23

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2021 through March 31, 2023, shall not exceed $25,936,887,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2023 through March 31, 2024, shall not exceed $27,415,894,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2022 through March 31, 2024 exceed $53,352,781,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases, and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on a quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings

allocation adjustment to limit such spend-
ing to the aggregate limit specified here-
in for such period.

Such medicaid savings allocation adjustment
shall be designed, to reduce the expendi-
tures authorized by the appropriations
herein in compliance with the following
guidelines: (1) reductions shall be made
in compliance with applicable federal law,
including the provisions of the Patient
Protection and Affordable Care Act, Public
Law No. 111-148, and the Health Care and
Education Reconciliation Act of 2010,
Public Law No. 111-152 (collectively
"Affordable Care Act") and any subsequent
amendments thereto or regulations promul-
gated thereunder; (2) reductions shall be
made in a manner that complies with the
state medicaid plan approved by the feder-
al centers for medicare and medicaid
services, provided, however, that the
commissioner of health is authorized to
submit any state plan amendment or seek
other federal approval, including waiver
authority, to implement the provisions of
the medicaid savings allocation adjustment
that meets the other criteria set forth
herein; (3) reductions shall be made in a
manner that maximizes federal financial
participation, to the extent practicable,
including any federal financial partic-
ipation that is available or is reasonably
expected to become available, in the
discretion of the commissioner, under the
Affordable Care Act; (4) reductions shall
be made uniformly among categories of
services and geographic regions of the
state, to the extent practicable, and
shall be made uniformly within a category
of service, to the extent practicable,
except where the commissioner determines
that there are sufficient grounds for
non-uniformity, including but not limited
to: the extent to which specific catego-
ries of services contributed to department
of health medicaid state funds spending in
excess of the limits specified herein; the
need to maintain safety net services in
underserved communities; or the potential
benefits of pursuing innovative payment
models contemplated by the Affordable Care
Act, in which case such grounds shall be
set forth in the medicaid savings allo-
cation adjustment; and (5) reductions
shall be made in a manner that does not
unnecessarily create administrative
burdens to medicaid applicants and recipi-
ents or providers.

The commissioner shall seek the input of the
legislature, as well as organizations
representing health care providers,
consumers, businesses, workers, health
insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such adjustment to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the adjustment.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including,
but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a quarterly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such quarterly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

For the medical assistance program, including administrative expenses, for local social services districts, and for medical care rates for authorized child care agencies.

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 48 percent for the period April 1, 2022 to March 31, 2023; and the remaining amount for the period April 1, 2023 to March 31, 2024.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2022 through March 31, 2023, shall not exceed $25,936,887,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2023 through March 31, 2024, shall not exceed $27,415,894,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2022 through March 31, 2024 exceed $53,352,781,000. Provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social
security act, increases in provider revenues, reductions in local social services
district payments for medical assistance administration, minimum wage increases,
and beginning April 1, 2012 the operational costs of the New York state medical
indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or
savings from the essential plan program. Such projections may be adjusted by the
director of the budget to account for increased or expedited department of
health state funds medicaid expenditures as a result of a natural or other type of
disaster, including a governmental declaration of emergency.
The director of the budget, in consultation with the commissioner of health, shall
assess on a quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as defined by the commissioner, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.
Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable,
including any federal financial partic-
ipation that is available or is reasonably
expected to become available, in the
discretion of the commissioner, under the
Affordable Care Act; (4) reductions shall
be made uniformly among categories of
services and geographic regions of the
state, to the extent practicable, and
shall be made uniformly within a category
of service, to the extent practicable,
except where the commissioner determines
that there are sufficient grounds for
non-uniformity, including but not limited
to: the extent to which specific catego-
ries of services contributed to department
of health medicaid state funds spending in
excess of the limits specified herein; the
need to maintain safety net services in
underserved communities; or the potential
effects of pursuing innovative payment
models contemplated by the Affordable Care
Act, in which case such grounds shall be
set forth in the medicaid savings allo-
cation adjustment; and (5) reductions
shall be made in a manner that does not
unnecessarily create administrative
burdens to medicaid applicants and recipi-
ents or providers.

The commissioner shall seek the input of the
legislature, as well as organizations
representing health care providers, con-
sumers, businesses, workers, health
insurers, and others with relevant exper-
tise, in developing such medicaid savings
allocation adjustment, to the extent that
all or part of such adjustment, in the
discretion of the commissioner, is likely
to have a material impact on the overall
medicaid program, particular categories of
service or particular geographic regions
of the state.

(a) The commissioner shall post the medicaid
savings allocation adjustment on the
department of health's website and shall
provide written copies of such adjustment
to the chairs of the senate finance and
the assembly ways and means committees at
least 30 days before the date on which
implementation is expected to begin.

(b) The commissioner may revise the medicaid
savings allocation adjustment subsequent
to the provisions of notice and prior to
implementation but needs to provide a new
notice pursuant to subparagraph (i) of
this paragraph only if the commissioner
determines, in his or her discretion, that
such revisions materially alter the
adjustment.

Notwithstanding the provisions of paragraphs
(a) and (b) of this subdivision, the
commissioner need not seek the input
described in paragraph (a) of this subdi-
vision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying or discontinuing medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a quarterly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of

the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and vari- ations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such quarterly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner. The money hereby appropriated is to be available for payment of aid heretofore accrued or hereafter accrued to munici- palities, and to providers of medical services pursuant to section 367-b of the social services law, and for payment of state aid to municipalities and to provid- ers of family care where payment systems through the fiscal intermediaries are not operational. Notwithstanding any inconsistent provision of law to the contrary, funds may be used by the department for outside legal assistance on issues involving the federal government, the conduct of preadmission screening and annual resident reviews required by the state's medicaid program, computer matching with insurance carriers to insure that medicaid is the payer of last resort and activities related to the management of the pharmacy benefit avail- able under the medicaid program. Notwithstanding any inconsistent provision of law, in lieu of payments authorized by the social services law, or payments of federal funds otherwise due to the local social services districts for programs provided under the federal social security act or the federal food stamp act, funds herein appropriated, in amounts certified by the state commissioner of temporary and disability assistance or the state commis- sioner of health as due from local social services districts each month as their share of payments made pursuant to section 367-b of the social services law may be set aside by the state comptroller in an interest-bearing account in order to ensure the orderly and prompt payment of providers under section 367-b of the social services law pursuant to an esti- mate provided by the commissioner of health of each local social services
district's share of payments made pursuant to section 367-b of the social services law.

Notwithstanding any inconsistent provision of law, funding made available by these appropriations shall support direct salary costs and related fringe benefits within the medical assistance program associated with any minimum wage increase that takes effect during the timeframe of these appropriations, pursuant to section 652 of the labor law. Each eligible organization in receipt of funding made available by these appropriations may be required to submit written certification, in such form and at such time the commissioner may prescribe, attesting to the total amount of funds used by the eligible organization, how such funding will be or was used for purposes eligible under these appropriations and any other reporting deemed necessary by the commissioner. The amounts appropriated herein may include advances to organizations authorized to receive such funds to accomplish this purpose.

AID TO LOCALITIES  2022-23

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 50 percent for the period April 1, 2022 to March 31, 2023; and the remaining amount for the period April 1, 2023 to March 31, 2024.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2022 through March 31, 2023, shall not exceed $25,936,887,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2023 through March 31, 2024, shall not exceed $27,415,894,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2022 through March 31, 2024 exceed $53,352,781,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on a quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and
if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified here- in for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spend- ing to the aggregate limit specified here- in for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expendi- tures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promul- gated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific catego- ries of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allo- cation adjustment; and (5) reductions
shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking
effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including,

but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including,

but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 51 percent for the period April 1, 2022 to March 31, 2023; and the remaining amount for the period April 1, 2023 to March 31, 2024.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical
services provided at state facilities
operated by the office of mental health,
the office for people with developmental
disabilities and the office of addiction
services and supports and further exclud-
ing any payments which are not appropri-
ated within the department of health, in
the aggregate, for the period April 1,
2022 through March 31, 2023, shall not
exceed $25,936,887,000 except as provided
below and state share medicaid spending,
in the aggregate, for the period April 1,
2023 through March 31, 2024, shall not
exceed $27,415,894,000, but in no event
shall department of health state funds
medicaid spending for the period April 1,
2022 through March 31, 2024 exceed
$53,352,781,000 provided, however, such
aggregate limits may be adjusted by the
director of the budget to account for any
changes in the New York state federal
medical assistance percentage amount
established pursuant to the federal social
security act, increases in provider reven-
ues, reductions in local social services
district payments for medical assistance
administration, minimum wage increases and
beginning April 1, 2012 the operational
costs of the New York state medical indem-

may be adjusted by the director of the
budget to account for increased or expe-
dited department of health state funds
medicaid expenditures as a result of a
natural or other type of disaster, includ-
ing a governmental declaration of emergen-
cy.

The director of the budget, in consultation
with the commissioner of health, shall
assess on a quarterly basis known and
projected medicaid expenditures by catego-
ry of service and by geographic region, as
determined by the commissioner of health,
incurred both prior to and subsequent to
such assessment for each such period, and
if the director of the budget determines
that such expenditures are expected to
cause medicaid spending for such period to
exceed the aggregate limit specified here-
in for such period, the state medicaid
director, in consultation with the direc-
tor of the budget and the commissioner of
health, shall develop a medicaid savings
allocation adjustment to limit such spend-
ing to the aggregate limit specified here-
in for such period.

Such medicaid savings allocation adjustment
shall be designed, to reduce the expendi-
tures authorized by the appropriations
herein in compliance with the following
DEPARTMENT OF HEALTH

AID TO LOCALITIES  2022-23

guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of
service or particular geographic regions of the state.
(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.
(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.
Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.
For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.
Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.
In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all

but not limited to waivers, waiver amend-
ments; and suspending time frames for

provision of law, rule or regulation to
the contrary, including but not limited to
sections 2807 and 3614 of the public
health law, section 18 of chapter 2 of the
laws of 1988, and 18 NYCRR 505.14(h).
The department of health shall prepare a
quarterly report that sets forth: (a)
known and projected department of health
medicaid expenditures as described in
subdivision (1) of this section, and
factors that could result in medicaid
disbursements for the relevant state
fiscal year to exceed the projected
department of health state funds disburse-
ments in the enacted budget financial plan
pursuant to subdivision 3 of section 23 of
the state finance law, including spending
increases or decreases due to: enrollment
fluctuations, rate changes, utilization
changes, MRT investments, and shift of
beneficiaries to managed care; and vari-
atations in offline medicaid payments; and
(b) the actions taken to implement any
medicaid savings allocation adjustment
implemented pursuant to subdivision (4) of
this section, including information
concerning the impact of such actions on
each category of service and each
geographic region of the state. Each such
quarterly report shall be provided to the
chairs of the senate finance and the
assembly ways and means committees and
shall be posted on the department of
health's website in a timely manner.
For the purpose of making payments, the
money hereby appropriated is available for
payment of aid heretofore accrued or here-
after accrued, to providers of medical
care pursuant to section 367-b of the
social services law, and for payment of
state aid to municipalities and the feder-
al government where payment systems
through fiscal intermediaries are not
operational, to reimburse such providers
for costs attributable to the provision of
care to patients eligible for medical
assistance. Notwithstanding any inconsist-
ent provision of law, the moneys hereby
appropriated may be increased or decreased
by interchange or transfer with any appro-
priation of the department of health with
the approval of the director of the budg-
et, who shall file such approval with the

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, the department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2022 through March 31, 2023, shall not exceed $25,936,887,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2023 through March 31, 2024, shall not exceed $27,415,894,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2022 through March 31, 2024 exceed $53,352,781,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.
The director of the budget, in consultation with the commissioner of health, shall assess on a quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in
excess of the limits specified herein; the
need to maintain safety net services in
underserved communities; or the potential
benefits of pursuing innovative payment
models contemplated by the Affordable Care
Act, in which case such grounds shall be
set forth in the medicaid savings allo-
cation adjustment; and (5) reductions
shall be made in a manner that does not
unnecessarily create administrative
burdens to medicaid applicants and recipi-

The commissioner shall seek the input of the
legislature, as well as organizations

consumers, businesses, workers, health
insurers, and others with relevant expert-
ise, in developing such medicaid savings
allocation adjustment, to the extent that
all or part of such adjustment, in the
discretion of the commissioner, is likely
to have a material impact on the overall
medicaid program, particular categories of
service or particular geographic regions
of the state.
(a) The commissioner shall post the medicaid
savings allocation adjustment on the
department of health's website and shall
provide written copies of such plan to the
chairs of the senate finance and the
assembly ways and means committees at

implementation is expected to begin.
(b) The commissioner may revise the medicaid
savings allocation adjustment subsequent

notice pursuant to subparagraph (i) of
this paragraph only if the commissioner
determines, in his or her discretion, that
such revisions materially alter the plan.
Notwithstanding the provisions of paragraphs
(a) and (b) of this subdivision, the
commissioner need not seek the input
described in paragraph (a) of this subdi-
vision or provide notice pursuant to para-

creates a widespread risk of exposure to a
serious communicable disease, or the
potential for such widespread risk of
exposure; or (iii) any other event or
condition determined by the commissioner to constitute an imminent threat to public health. Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services. In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h). social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases, and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on a quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material
impact on the overall medicaid program, particular categories of
service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation
adjustment on the department of health’s website and shall provide
written copies of such adjustment to the chairs of the senate
finance and the assembly ways and means committees at least 30 days
before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation
adjustment subsequent to the provisions of notice and prior to
implementation but needs to provide a new notice pursuant to
subparagraph (i) of this paragraph only if the commissioner
determines, in his or her discretion, that such revisions materially
alter the adjustment.

Notwithstanding the provisions of paragraphs (a) and (b) of this
subdivision, the commissioner need not seek the input described in
paragraph (a) of this subdivision or provide notice pursuant to
paragraph (b) of this subdivision if, in the discretion of the
commissioner, expedited development and implementation of a medicaid
savings allocation adjustment is necessary due to a public health
emergency.

For purposes of this section, a public health emergency is defined as:
(i) a disaster, natural or otherwise, that significantly increases
the immediate need for health care personnel in an area of the
state; (ii) an event or condition that creates a widespread risk of
exposure to a serious communicable disease, or the potential for
such widespread risk of exposure; or (iii) any other event or
condition determined by the commissioner to constitute an imminent
threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of
such medicaid savings allocation adjustment from taking effect
retroactively to the extent permitted by the federal centers for
medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the
commissioner of the department of health shall reduce department of
health state funds medicaid spending by the amount of the projected
overspending through, actions including, but not limited to
modifying or suspending reimbursement methods, including but not
limited to all fees, premium levels and rates of payment,
notwithstanding any provision of law that sets a specific amount or
methodology for any such payments or rates of payment; modifying
medicaid program benefits; seeking all necessary federal approvals,
including, but not limited to waivers, waiver amendments; and
suspending time frames for notice, approval or certification of rate
requirements, notwithstanding any provision of law, rule or
regulation to the contrary, including but not limited to sections
2807 and 3614 of the public health law, section 18 of chapter 2 of
the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a quarterly report that sets
forth: (a) known and projected department of health medicaid
expenditures as described in subdivision (1) of this section, and
factors that could result in medicaid disbursements for the relevant
state fiscal year to exceed the projected department of health state
funds disbursements in the enacted budget financial plan pursuant to
subdivision 3 of section 23 of the state finance law, including
spending increases or decreases due to: enrollment fluctuations,
rate changes, utilization changes, MRT investments, and shift of
beneficiaries to managed care; and variations in offline medicaid
payments; and (b) the actions taken to implement any medicaid
savings allocation adjustment implemented pursuant to subdivision
(4) of this section, including information concerning the impact of
such actions on each category of service and each geographic region
of the state. Each such quarterly report shall be provided to the
chairs of the senate finance and the assembly ways and means
committees and shall be posted on the department of health's website
in a timely manner.

The money hereby appropriated is available for payment of liabilities
heretofore and hereafter accrued and shall be available to the

The appropriation made by chapter 53, section 1, of the laws of 2021, is hereby amended and reappropriated to read:
For the medical assistance program, including administrative expenses, for local social services districts, and for medical care rates for authorized child care agencies.
Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 48 percent for the period April 1, 2021 to March 31, 2022; and the remaining amount for the period April 1, 2022 to [March 31] September 15, 2023.
Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2021 through March 31, 2022, shall not exceed $23,531,327,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2022 through [March 31] September 15, 2023, shall not exceed [$25,587,116,000] $25,936,887,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2021 through [March 31] September 15, 2023 exceed [$49,118,443,000] $49,468,214,000. Provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases, and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or
expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on a quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as defined by the commissioner, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health’s website and shall provide written copies of such adjustment to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the adjustment.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as:

(i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state;
(ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or
(iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying or discontinuing medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a quarterly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such quarterly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

The money hereby appropriated is to be available for payment of aid heretofore accrued or hereafter accrued to municipalities, and to providers of medical services pursuant to section 367-b of the social services law, and for payment of state aid to municipalities.

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 50 percent for the period April 1, 2021 to March 31, 2022; and the remaining amount for the period April 1, 2022 to [March 31] September 15, 2023.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical
services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2021 through March 31, 2022, shall not exceed $23,531,327,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2022 through September 15, 2023, shall not exceed $25,936,887,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2021 through September 15, 2023 exceed $49,468,214,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on a quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to
which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing
innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as:

(i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a quarterly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant
state fiscal year to exceed the projected department of health state
funds disbursements in the enacted budget financial plan pursuant to
subdivision 3 of section 23 of the state finance law, including
spending increases or decreases due to: enrollment fluctuations,
rate changes, utilization changes, MRT investments, and shift of
beneficiaries to managed care; and variations in offline medicaid
payments; and (b) the actions taken to implement any medicaid
savings allocation adjustment implemented pursuant to subdivision
(4) of this section, including information concerning the impact of
such actions on each category of service and each geographic region
of the state. Each such quarterly report shall be provided to the
chairs of the senate finance and the assembly ways and means
committees and shall be posted on the department of health's website
in a timely manner.

[Notwithstanding any provision of law to the contrary, the director of
the budget, in consultation with the commissioner of health, may use
a payment reduction plan to make across-the-board reductions to the
department of health state funds medicaid spending by $373,000,000
for state fiscal year 2021-2022 and $373,000,000 in state fiscal
year 2022-2023 and to limit such spending to the aggregate limit
specified herein, or reduce the aggregate limit specified herein to
provide a reduction to the state's financial plan. Reductions shall
be made in a manner that complies with the state medicaid plan
approved by the federal centers for medicare and medicaid services,
provided, however, that the commissioner of health is authorized to
submit any state plan amendment or seek other federal approval to
implement the provisions of the medicaid payment reduction
adjustment.]
