# Introduction

The DOB<sup>1</sup> publishes the Capital Program and Financing Plan twice a year, with the Executive Budget and the Enacted Budget. It describes the State’s multi-year capital program, the way it will be financed, and the impact of debt on the State’s Financial Plan.

The Executive Budget Capital Program and Financing Plan (the “Executive Capital Plan” or the “Plan”) reflects capital spending and debt issuances in the FY 2017 Executive Capital Plan.

The Executive Capital Plan consists of seven major sections as follows:

- **The Executive Summary** summarizes the State’s capital initiatives, multi-year planning projections, debt issuance plans, limitations on State debt, overall capital spending, and projected levels of debt service costs, debt outstanding, new debt issuances, and debt retirements.
- **FY 2017 Capital Program and Financing Plan** provides estimates of annual capital spending and debt by program area and financing source.
- **Multi-Year Capital Plan** provides a summary of the multi-year impact of the FY 2017 Capital Program and Financing Plan and describes agency capital goals, objectives, and capital maintenance efforts.
- **Agency Capital Program Plans** provide a narrative description of the capital investment recommendations of agencies for the FY 2017 through FY 2021 period.
- **Debt Affordability** includes information related to the State’s actual and projected debt levels and debt service costs, as well as comparisons to objective affordability measures.
- **Detailed Data** explains various State debt limitations and provides detailed tables on capital projects financing, State-related debt, and debt service costs.
- **Agency Summary and Detail Tables** provide a summary of projected appropriations, commitments, and disbursements for each agency on both a comprehensive construction program and capital projects fund basis.

Terminology used throughout the Executive Capital Plan includes “commitment(s),” meaning the amount an agency expects to place under contract for a given fiscal year; and “appropriation(s),” referring to the statutory authorization against which expenditures (liability) and disbursements (cash) may be made during a specific State fiscal year. In general, this legal authority allows State agencies to spend money. Agency appropriations, commitments, and disbursements data can be found in the Agency Summary and Detail Tables section.

---

<sup>1</sup> Please see “Glossary of Acronyms” at the end of this document for the definitions of commonly used acronyms and abbreviations that appear in the text.

## Reporting On State Debt

The Plan provides information on State-supported debt and the broader measure of State-related debt:

**State-supported debt** represents obligations of the State that are paid from traditional State resources (i.e., tax revenue) and have a budgetary impact. It includes both General Obligation debt approved directly by the voters, and debt authorized by the Legislature, acting on behalf of the people, and issued on behalf of the State by public authorities, where the State is contractually obligated to pay debt service, subject to appropriation. All debt authorized by the Legislature must be approved by the Public Authorities Control Board, and the board of the issuing authority, with the exception of General Obligation Bonds. The State's debt reform caps on debt outstanding and debt service apply to State-supported debt.

**State-related debt** is a broader measure that includes State-supported debt, State-guaranteed debt, moral obligation financings, and certain contingent-contractual obligation financings, where debt service is paid from non-State sources in the first instance, and State appropriations are available, but typically not expected to be needed, to make payments.

State debt is reported in the Plan on a cash basis and includes all debt issued by the State and public authorities acting on its behalf for government activities and business-type activities as defined in the CAFR.

State debt does not include debt that is issued by State public authorities for which the State has no financial obligation (i.e., "conduit debt"), or debt issued by or on behalf of local governments and secured (in whole or in part) by State local assistance aid payments. For example, certain school districts and New York City have pledged State aid to help pay debt service for locally sponsored and locally determined financings. Additionally, certain of the State's public authorities issue debt supported by non-State resources (i.e., NYSTA toll revenue bonds, TBTA or MTA revenue bonds, or DASNY dormitory facilities revenue bonds) or issue debt on behalf of private clients (i.e., DASNY hospital revenue bonds). Because this debt was not issued by the State (nor on behalf of the State), it does not result in a State obligation to pay debt service, and is not considered State debt in the CAFR, therefore it is not included in the Plan. Instead, this debt is accounted for in the respective financial statements of the local governments responsible for the issuance of such debt.

## For More Information

Additional information on the State's debt portfolio is available on DOB's public website ([New York State Division of the Budget](#)). The Investor's Guide section of the site contains detailed information on New York State bonds including: swap and variable rate capacity reports, PIT and Sales Tax Revenue Bond debt service and debt outstanding, credit ratings on New York State bonds, and the State's bond issuance schedule. In addition, the State's public website ([New York Bonds](#)) is tailored to potential investors of New York State bonds. The site provides specific information on the types of credits that New York State offers as well as the process for purchasing bonds.

<sup>(1)</sup> Acceleration of Federal transportation spending causing a year-over-year decline in FY 2017. State and Federal appropriation levels for DOT increase by over \$500 million in FY 2017 to support a \$22.1 billion five-year transportation program.

## FY 2017 Capital Plan

### Summary

The FY 2017 Executive Budget Capital Plan funds the capital needs of State agencies, increases support for new statewide initiatives, and maintains affordable levels of debt. Capital spending is projected to increase from \$10.8 billion in FY 2016 to \$11.9 billion in FY 2017, an increase of \$1.1 billion, or 10 percent. This increased spending is, in part, due to new initiatives funded with monetary settlements. The Plan includes substantial new investments for the preservation and improvement of roadways, bridges, and transit systems; affordable and supportive housing units; capital grants to foster further economic growth; and environmental protection and infrastructure. Additionally, the Plan includes continued funding for State parks, and educational, mental health, health care, and correctional facilities.

Debt issuances for five-year capital projections are sized to fit within the limits established by the State's statutory debt cap. With the proposed capital initiatives in the FY 2017 Executive Capital Plan, the State will continue to experience steady improvement in common debt affordability measures over the next five-year period.

Debt outstanding is projected to decline from \$55.7 billion in FY 2011 to \$52.8 billion in FY 2016. For the first time in over 50 years, debt outstanding declined for three consecutive years (FY 2013 through FY 2015) and is expected to decline for a fourth consecutive year in FY 2016.

### Executive Capital Initiatives

The FY 2017 Executive Budget recommends funding the following initiatives:

- **Transportation and Transit:** The FY 2017 Executive Budget includes a \$22.1 billion capital plan to preserve and upgrade roads, bridges, and other vital transportation infrastructure throughout the State. Furthermore, the Budget proposes a Thruway Toll Reduction and Protection Plan that would freeze tolls for all drivers until 2020 and would provide a tax credit to passenger, business, and farm vehicles for a three-year period beginning January 1, 2016.
- **MTA Capital Commitment.** The Executive Budget also reflects the Governor's commitment of \$8.3 billion in State resources toward funding the MTA's \$26.1 billion 2015-2019 transit capital plan. The Budget includes legislation, known as the Metropolitan Transportation Capital Financing Act of 2016, that commits the State and the City of New York to fund, over a multi-year period, \$10.8 billion in capital costs related to projects contained in the MTA's 2015-2019 capital program. The State share of \$8.3 billion will consist of \$1 billion in appropriations first enacted in the FY 2016 State budget and additional funds sufficient for MTA to pay \$7.3 billion of capital costs as provided in the FY 2017 Executive Budget. The City share of \$2.5 billion will consist of \$657 million to be provided by the City from 2015 through 2019, and additional funds sufficient for MTA to pay \$1.8 billion of capital costs for the MTA capital program.

- **Affordable and Homeless Housing:** The Executive Budget includes a \$20 billion comprehensive multi-year investment in affordable housing and services for individuals and families who are homeless or at risk of homelessness. Funding will be used to expand efforts to create, improve, and preserve homeless and affordable housing opportunities through a statewide multiagency housing and community development program, promote efforts to revitalize neighborhoods across the State, and support the State's emergency homeless response.
- **Environmental Protection and Clean Water Infrastructure:** The Plan proposes increasing the EPF to \$300 million, which would be the highest level in the State's history. Additionally, the Plan includes \$100 million to reinforce the State's clean water and sewer infrastructure.
- **Economic Development:** The FY 2017 Executive Budget continues to provide statewide economic development grants, including \$200 million for the Upstate Revitalization Initiative, \$180 million to continue developing high-tech industries, and over \$100 million for other economic development initiatives. Additionally, the Plan maintains \$150 million for a sixth round of Regional Economic Development Council grants and \$110 million for NYSUNY 2020 and NYCUNY 2020 grants.

## Monetary Settlements

The State expects to receive a total of \$8.3 billion from monetary settlements reached by the Department of Financial Services, Department of Law, and Manhattan District Attorney’s Office with financial institutions in FYs 2015, 2016, and 2017. The following table outlines the proposed uses:

<b>USE OF MONETARY SETTLEMENTS</b>			
<b>(thousands of dollars)</b>			
	<b>FY 2016</b>	<b>FY 2017</b>	
	<b>Enacted</b>	<b>Executive</b>	<b>Two-Year</b>
	<b>Budget</b>	<b>Budget</b>	<b>Total</b>
<b>Capital Purpose</b>	<b>4,550,000</b>	<b>1,960,000</b>	<b>6,510,000</b>
Thruway Stabilization Program	1,285,000	700,000	1,985,000
Upstate Revitalization Initiative	1,500,000	170,000	1,670,000

Financial Plan/Budgetary Relief <sup>1</sup>	627,000	0	627,000
OASAS Services	5,000	0	5,000
<b>Total</b>	<b>6,032,000</b>	<b>2,300,000</b>	<b>8,332,000</b>

<sup>1</sup>This spends out as \$275 million in FY 2015, \$250 million in FY 2016, and \$102 million in FY 2017.

## Use of Monetary Settlements

The Executive Budget proposes to use the majority of available monetary settlement resources to fund new capital investments.

<b>PROPOSED USE/RESERVE OF AVAILABLE SETTLEMENTS</b> (millions of dollars)	
<b>TOTAL SETTLEMENTS (FY 2015 - FY 2017)</b>	<b>(8,332)</b>
Financial Plan - Purposes (FY 2015 - FY 2017)	(627)
FY 2016 Enacted Budget Initiatives	(5,405)
FY 2017 Executive Budget Proposed Uses	(2,300)
Transfer to Dedicated Infrastructure Investment Fund	(1,840)
New York State Thruway Toll Credit	(340)
Transfer to Environmental Protection Fund	(120)

The FY 2017 Executive Budget recommends the allocation of \$2.3 billion of remaining settlement funds such that \$2.0 billion goes towards capital projects (\$1.84 billion from the DIIF and \$120 million from the EPF) and \$340 million funds the three-year Thruway Toll Reduction Plan. Specific investments include:

### Capital Spending from Monetary Settlement Funds:

- Thruway Stabilization Plan (\$700 million):** The Budget invests \$700 million in Thruway infrastructure, in addition to last year's appropriation of \$1.285 billion. This two-year investment, of nearly \$2 billion, will support both the New NY Bridge project and other core transportation infrastructure needs. This investment is expected to allow the Thruway to freeze tolls for all drivers until at least 2020.
- Transportation Capital Plan (\$200 million):** The Executive Budget proposes \$200 million in monetary settlement funds towards transportation infrastructure projects across the State, consistent with the \$22.1 billion five-year State transportation capital plan. This Plan will improve roads, bridges, airports, rail facilities, ports and transit systems funded through the DOT budget and make State-funded investments in the Thruway.

- **Homeless and Affordable Housing (\$640 million):** The Executive Budget includes a \$20 billion comprehensive multi-year investment in affordable housing and services for individuals and families who are homeless or at risk of homelessness. Funding will be used to expand efforts to create, improve, and preserve homeless and affordable housing opportunities through a statewide, multi-agency, housing and community development program, and to promote efforts to revitalize neighborhoods across the State. Additionally, the Plan supports the State's emergency homeless response. The Budget provides \$640 million in settlement funds to support these efforts.
- **Environmental Protection (\$120 million):** The Executive Budget increases funding for the EPF to \$300 million – the highest amount ever for the fund and more than twice the fund's level when the Governor first took office. The EPF offers wide ranging benefits to communities throughout the State and plays an important role in preserving the State's natural resources and habitats. It funds land acquisition, farmland protection, waterfront revitalization, municipal recycling, and local government assistance to improve wastewater treatment plants and municipal parks. It supports the stewardship of public lands, including State parks and millions of acres of public lands throughout the State. Beginning in FY 2017, the EPF will also support programs for greenhouse gas management and resiliency. The Budget recommends \$120 million of monetary settlement funds be made available to support capital projects within the EPF.
- **Economic Development (\$255 million):** The Budget supports economic development purposes that will continue driving growth throughout State. This includes \$170 million in monetary settlement funds to support the Upstate Revitalization Initiative. An additional \$30 million is provided through ESD, for a total of \$200 million. Modeled on the Buffalo Billion initiative, and the existing structure of the Regional Economic Development Councils, this initiative targets investment to economically-distressed Upstate regions on a competitive basis. These additional funds are available to the four regions (North Country, Capital District, Mohawk Valley and Mid-Hudson) that were eligible for the first round of the Upstate Revitalization Initiative but were not a 2015 Best Plan Awardee. An additional \$85 million of monetary settlement funds will support other transformative economic development and infrastructure projects.
- **Empire State Poverty Reduction Initiative (\$25 million):** The Budget includes \$25 million of new funding to significantly expand the anti-poverty initiative begun in 2015. Planning grants totaling \$5 million will be available in ten communities with high concentrations of poverty. In addition, \$20 million will be available for grants to match private sector and foundation funding.
- **Municipal Consolidation (\$20 million):** To help lower the cost of government and reduce the burden placed on property taxpayers, the Budget includes \$20 million to advance and enhance programs that encourage local municipal government consolidations through a competitive process.

## General Fund Reserve to Offset Costs:

- **Thruway Toll Reduction Plan (\$340 million):** The Budget also cuts tolls in half for the New York residents and businesses who utilize the State Thruway system most often by creating a three-year nonrefundable credit for Thruway tolls paid electronically. The toll reduction would impact nearly one million passenger, business, and farm vehicles. Drivers of passenger vehicles who spend at least \$50 annually, and businesses and commercial account holders who spend between \$100 and \$9,999 annually, in Thruway tolls, would receive a tax credit worth 50 percent of tolls paid. For farmers, the Executive Budget provides a 100 percent nonrefundable credit for farm vehicle use on the Thruway. The program would begin on January 1, 2016 and sunset December 31, 2018. Over the three years, it is estimated that drivers will save a total of \$340 million.

## Statewide Capital Spending

Statewide capital spending for FY 2017 is estimated to total approximately \$22.6 billion, including \$11.9 billion of State spending and \$10.8 billion of public authority spending (not captured in the State budget). The following table shows the capital spending projections for State agencies and public authorities in FY 2017. It is compiled based on several sources and assumptions. (The projections are for fiscal years ending in 2017, except where noted.) For more information on capital spending, please refer to the Five-Year and Agency Capital Plans sections of this report.

ESTIMATED CAPITAL SPENDING INCLUDED IN STATE BUDGET (thousands of dollars)	
State Agencies	State Disbursements FY 2017
City University of New York	535,000

## Capital and Debt Management Reforms

The Executive Capital Plan includes statutory and administrative reforms that are expected to enhance the State's capital and debt management practices, and generate savings for FY 2017 and beyond. The reforms include:

- Continuing to advance economic refunding opportunities to lower the State's debt service costs. The State will continue to pursue opportunities to efficiently refund its debt, taking advantage of the current low interest rate environment.
- Continuing to utilize the State's new Sales Tax Revenue Bond credit to reduce interest costs and streamline debt issuance. The new credit is secured by one penny of the State sales tax, and replicates the strong credit features of the PIT Bond program. This will continue to diversify the State's credit offerings, and enable greater investor participation, resulting in lower debt service costs.
- Continuing to prohibit borrowing to finance State administrative personnel. These costs will be funded from annual operating revenue.
- Including a transfer and the ability to spend up to \$500 million from DRRF that could be used to reduce the State's debt burden and maintain bond capacity under the State's debt caps. Potential DRRF uses include paying down existing debt, and cash financing capital projects that would otherwise be funded with debt.
- Continuing the State's policy goal of selling at least 50 percent of new debt issuances on a competitive basis in FY 2017, market conditions permitting. As of December 31, 2015, the State has issued \$3.2 billion, or 55 percent, in debt on a competitive basis in FY 2016. Factoring in the remaining bond sales in FY 2016, the State plans to sell about 50 percent of total issuances competitively.
- Continuing to pursue options to improve oversight and management of State-supported bond transactions. The State (DOB) has centralized procurement for Financial Advisor Services, whereby DOB and its State debt issuers use one financial advisor for all bond transactions to be executed in FY 2017 and beyond. This ensures consistent and high-quality advice across State bond transactions. DOB will continue to explore other opportunities to consolidate and streamline management of the State debt portfolio.

## Capital Projects Spending Overview

State capital projects spending is projected to total \$11.9 billion in FY 2017. This includes \$11.0 billion in spending that appears in the State's Financial Plan and \$853 million in "off-budget" spending that is financed directly from bond proceeds. Capital spending in FY 2017 is expected to be financed with State-supported debt (\$6.3 billion, 53 percent); State cash resources (\$4.0 billion, 33 percent); and Federal aid (\$1.6 billion, 14 percent). Capital spending over the next five years is expected to average approximately \$12.1 billion annually. In FY 2017, capital spending growth is projected to increase by 10 percent on a year-over-year basis.

## Debt Outstanding

State-related debt outstanding is projected to total \$54.7 billion in FY 2017, an increase of \$1.9 billion (3.7 percent) from FY 2016. New debt issuances are expected to total \$6.0 billion in FY 2017, offset by \$4.0 billion in debt retirements. The annual increase in debt outstanding includes \$1.2 billion for education facilities, \$625 million for transportation, \$452 million for health and mental hygiene, and \$150 million for economic development and housing.

Over the period of the Plan, State-related debt outstanding is projected to increase from \$52.8 billion in FY 2016 to \$61.0 billion in FY 2021, or an average increase of 3.0 percent annually.

## Debt Issuances

Debt issuances totaling \$6.0 billion are planned to finance new capital project spending in FY 2017, an increase of \$2.4 billion (66 percent) from FY 2016. The bond issuances will finance capital commitments for education (\$1.9 billion), transportation (\$1.7 billion), economic development (\$793 million), health and mental hygiene (\$810 million), State facilities and equipment (\$412 million), and the environment (\$371 million).

Over the period of the Plan, new debt issuances are projected to total \$30.2 billion. New issuances are for education facilities (\$9.4 billion), transportation infrastructure (\$8.8 billion), economic development (\$4.0 billion), mental hygiene and health care facilities (\$4.1 billion), State facilities and equipment (\$2.1 billion), and the environment (\$1.9 billion).

## Debt Retirements

The State expects to retire \$4.0 billion of debt in FY 2017, approximately \$137 million (3.3 percent) less than in FY 2016. The majority of the decrease in retirements is for transportation, and relates to the refunding of prior Dedicated Highway bonds. This is offset by increases in retirements for economic development and housing (\$56 million), health and mental hygiene (\$39 million), and LGAC (\$14 million). Additional retirements are possible through debt management actions, including the use of DRRF. Debt retirements are projected to increase to \$4.8 billion in FY 2021.

## Debt Service

State-related debt service is projected at \$5.9 billion in FY 2017, a decrease of 58 million (1.0 percent) from FY 2016. This is due, in large part, to \$550 million in debt prepayments in FY 2016. State-supported debt service, which is the better measure of State resources needed to pay annual debt service, is projected at \$5.4 billion in FY 2017, essentially flat from FY 2016. State-related debt service is projected to increase from \$6.0 billion in FY 2016 to \$7.5 billion in FY 2021, an average rate of 4.7 percent annually.

## Debt Affordability Measures

Overall debt affordability measures from FY 2016 through FY 2021 show:

- State-supported debt outstanding is projected to remain under the statutory debt cap over the Plan period, declining to an estimated low point of about \$206 million in excess capacity in FY 2020.
- State-related debt service as a share of All Funds Receipts is projected to stay flat at 3.9 percent in FYs 2016 and 2017, and then increase to 4.4 percent in FY 2021.
- State-related debt outstanding as a percentage of personal income is expected to decrease from 4.6 percent in FY 2016 to 4.2 percent in FY 2021.

## Debt Reform Act Limit

The Debt Reform Act of 2000 (“Debt Reform Act”) restricts the issuance of State-supported debt to capital purposes only, and for maximum terms of 30 years. The Debt Reform Act limits the amount of new State-supported debt to 4 percent of State personal income, and new State-supported debt service costs to 5 percent of All Funds receipts. The restrictions apply to all new State-supported debt issued since April 1, 2000. The cap on new State-supported debt outstanding began at 0.75 percent of personal income in FY 2001, and was fully phased in at 4 percent of personal income during FY 2011. The cap on new State-supported debt service costs began at 0.75 percent of All Funds receipts in FY 2001, and was fully phased in at 5 percent during FY 2014. The State was found to be in compliance with the statutory caps in the most recent calculation period (FY 2015).

Current projections anticipate that debt outstanding and debt service will continue to remain below the limits imposed by the Debt Reform Act. Based on the most recent personal income and debt outstanding forecasts, the available room under the debt outstanding cap is expected to decline from \$4.4 billion in FY 2016 to \$206 million in FY 2020. This includes the estimated impact of the bond-financed portion of proposed increased capital commitment levels. Debt outstanding and debt service caps continue to include the existing SUNY Dormitory Facilities lease revenue bonds, which are backed by a general obligation pledge of SUNY. Bonds issued under the new SUNY Dormitory Facilities Revenue credit are not included in the State’s calculation of debt caps. Capital spending priorities and debt financing practices may be adjusted from time to time to preserve available debt capacity and stay within the statutory limits, as events warrant.

# Capital Program and Financing Plan

# Capital Program and Financing Plan

## FY 2017 Capital Projects Spending

The Executive Capital Plan balances the need to preserve the State’s assets, invest in new initiatives, and maintain a plan that is affordable. The Plan limits debt issuances to a level that allows the State to remain in compliance with its statutorily imposed debt limits and maintains sufficient capital spending for core capital projects. Also, the Plan recommends substantial new investments in transportation and transit infrastructure, affordable and homeless housing, economic development, and environmental protection and infrastructure.

Spending on capital projects is projected to total \$11.9 billion in FY 2017, which includes \$853 million in “off-budget” spending. Overall, capital spending in FY 2017 is projected to increase by \$1.1 billion or 10 percent from FY 2016.

## Annual Capital Spending Disbursements and Debt Impacts

The following sections summarize total capital spending from new and existing appropriations included in the FY 2017 Executive Budget and the related impact on State debt.

In FY 2017, transportation spending is projected to total \$4.9 billion, which represents 41 percent of total capital spending, with higher education comprising the next largest share at 13 percent. Economic development and government oversight spending represents 9 percent and spending for parks and the environment represents 7 percent. Other spending, which includes Special Infrastructure Account investments, accounts for 11 percent. The remaining 19 percent is comprised of spending for health, mental hygiene, social welfare, public protection, education, and general government.

Transportation spending is projected to decrease by \$486 million (9 percent) in FY 2017 due to the timing of obligations that are being supported with Federal transportation funding.

Parks and environment spending will increase \$88 million (13 percent) in FY 2017 reflecting spending from additional capital authority provided in the SPIF, Hazardous Waste Remediation Fund, and EPF; as well as spending for drinking water and clean water infrastructure upgrades.

# Capital Program and Financing Plan

Economic development and government oversight spending is projected to increase by \$406 million (57 percent). This spending reflects the continued implementation of programs created to promote regional economic development including spending for the Buffalo Billion initiative, Upstate Revitalization Initiative, Regional Economic Development Councils, and SUNY and CUNY 2020 Challenge Grants.

Spending for health care is projected to increase by \$141 million (97 percent) in FY 2017. The increase is due to grant awards for the Health Care Restructuring Program, expected in FY 2017, as well as the phase-in of spending related to the Health Care Facility Transformation Program.

Spending for social welfare is projected to increase by \$113 million (70 percent) due, primarily, to the implementation of the new Homeless and Affordable Housing Program.

Education spending is projected to increase by \$144 million (54 percent) in FY 2017. The increase is due to spending from the Smart Schools Bond Act, which was approved by voters in November 2014.

Higher education spending is projected to increase by \$44 million (3 percent). This growth is primarily driven by additional maintenance investments in senior and community college projects.

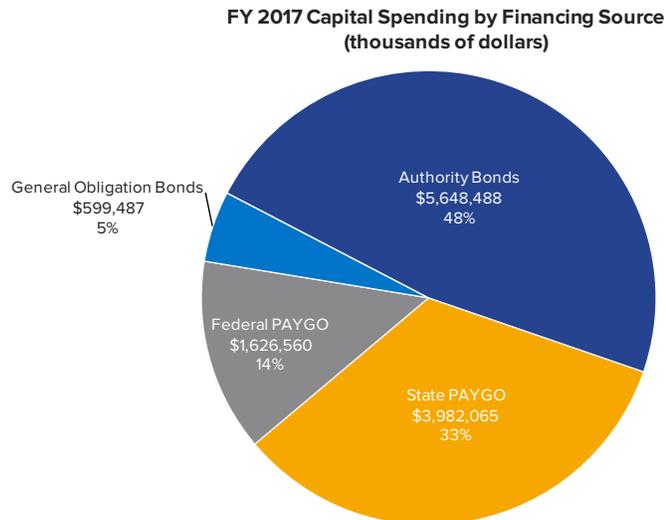

Spending for public protection is projected to increase by \$3 million (1 percent) in FY 2017.

Mental hygiene capital spending is anticipated to increase by \$33 million (7 percent). The increase is primarily attributable to the reconstruction of the South Beach Psychiatric Center in Staten Island.

General government capital spending is projected to increase by \$136 million (86 percent), which is primarily attributable to information technology systems purchases.

Spending for agencies in the All Other category is projected to increase by \$464 million (52 percent). The increase is related to projected spending on Special Infrastructure Account investments, including a sizable contribution to the ongoing construction of the New NY Bridge and other capital projects for the State Thruway.

## Financing FY 2017 Capital Projects Spending

In FY 2017, the State plans to finance 53 percent of capital projects spending with long-term bonds, most of which will be issued on behalf of the State through public authorities (48 percent) and the remainder of which will be issued as General Obligation Bonds (5 percent). Authority bonds do not include debt issued by authorities backed by their own non-State resources or on behalf of private clients. Federal aid is expected to fund 14 percent of the State's FY 2017 capital spending, primarily for transportation. State cash resources, including monetary settlement money, will finance the remaining 33 percent of capital spending. Year-to-year, total PAYGO support is projected to increase \$113 million, with State PAYGO increasing by \$632 million and Federal PAYGO support decreasing by \$520 million. Bond-financed spending is projected to increase by \$975 million.

## FY 2017 Debt Issuances

Debt issuances will finance capital investments for transportation, for higher education, to protect the environment, to enhance the State's economic development, and to maintain correctional and mental hygiene facilities.

The State expects to issue \$6.0 billion in debt during FY 2017 to finance existing and newly-authorized capital program initiatives. Consistent with recent experience, education and transportation projects are projected to represent approximately sixty percent of new issuances. The remaining balance is divided between economic development and housing, environmental facilities, health care and mental hygiene facilities, and State facilities. The State has transitioned to using only three credits — PIT Revenue Bonds, Sales Tax Revenue Bonds, and General Obligation Bonds.

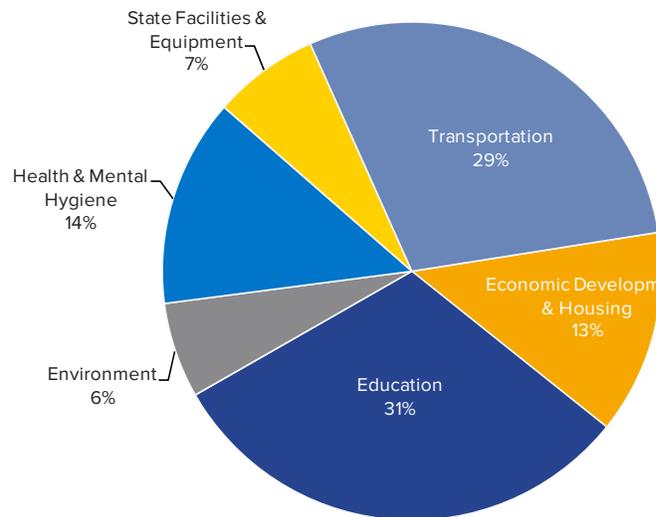

It is the State's intention to sell 50 percent of bonds on a competitive basis in FY 2017, while continuing to maintain a significant presence — roughly \$3.0 billion, excluding refundings — in the negotiated market. Issuing bonds on a competitive basis is an effective way to (i) lower borrowing costs, (ii) provide an essential benchmark for bonds sold on a negotiated basis, and (iii) increase transparency related to the bond sale process. As of December 31, 2015, the State has issued \$3.2 billion, or 55 percent, in debt on a competitive basis in FY 2016. These sales provided consistently low interest costs compared to market indices and provided lower issuance costs.

The \$6.0 billion in new issuances are expected to be sold through various bond sales scheduled for FY 2017:

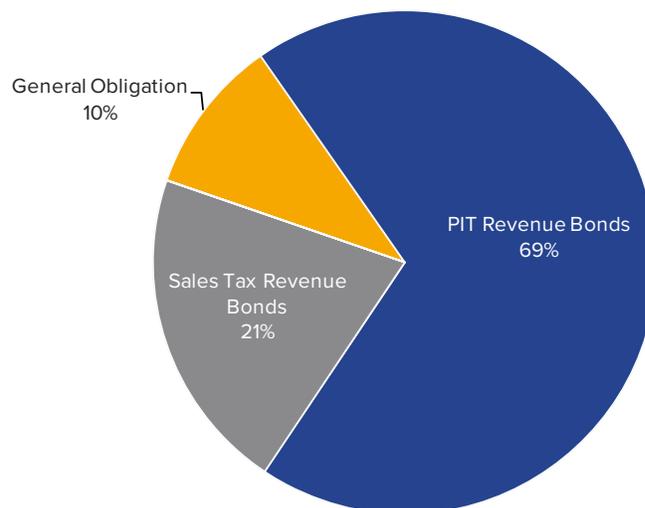

- \$4.1 billion through the PIT Revenue Bond program;
- \$1.3 billion through the Sales Tax Revenue Bond program; and
- \$599 million of General Obligation Bonds.

The following pie charts provide a distribution of the projected debt issuances for new capital projects in FY 2017 by both functional area and financing program.

**FY 2017 Debt Issuances by Program  
\$6.0 Billion Projected**

**FY 2017 Debt Issuances by Credit Structure  
\$6.0 Billion Projected**

## FY 2017 Debt Retirements

Retirements represent the annual repayment of principal for State-related debt as of the payment date due to bondholders, rather than the actual date the State makes the cash payment. For example, if principal payments are due on April 1, the bonds are considered outstanding on March 31, even if the State is contractually obligated to make payments to the bond trustee prior to that date.

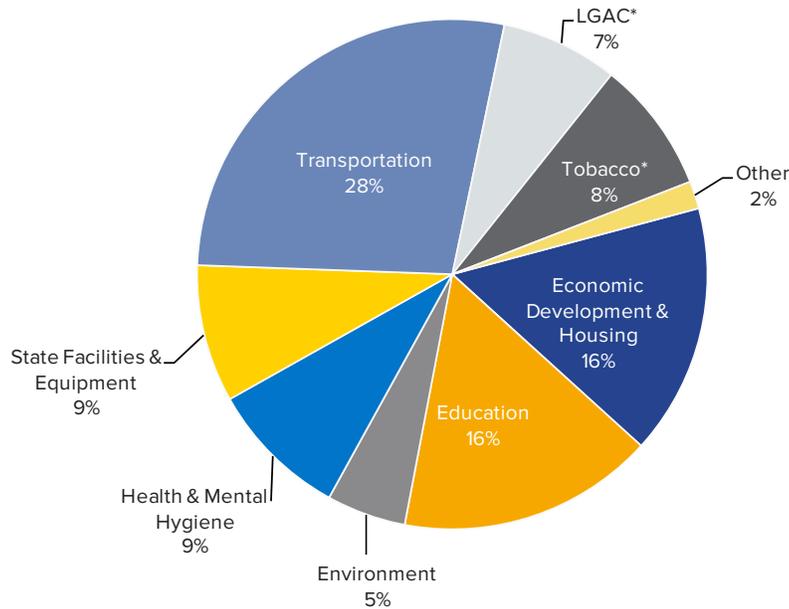

The rate at which State-related debt is retired or paid off has a significant impact on the State's ability to recycle debt capacity to finance its capital programs. The term of new money bonds will continue to be no greater than the useful lives of the projects financed. In addition, a maximum of ten-year terms will continue to be used for taxable programs.

NEW YORK STATE - RAPIDITY OF PRINCIPAL RETIREMENT	
Period	Cumulative Percentage of Existing Debt Scheduled for Retirement as of 1/01/2016
5 years	33%
10 years	59%
15 years	79%
20 years	90%
25 years	97%
30 years	100%

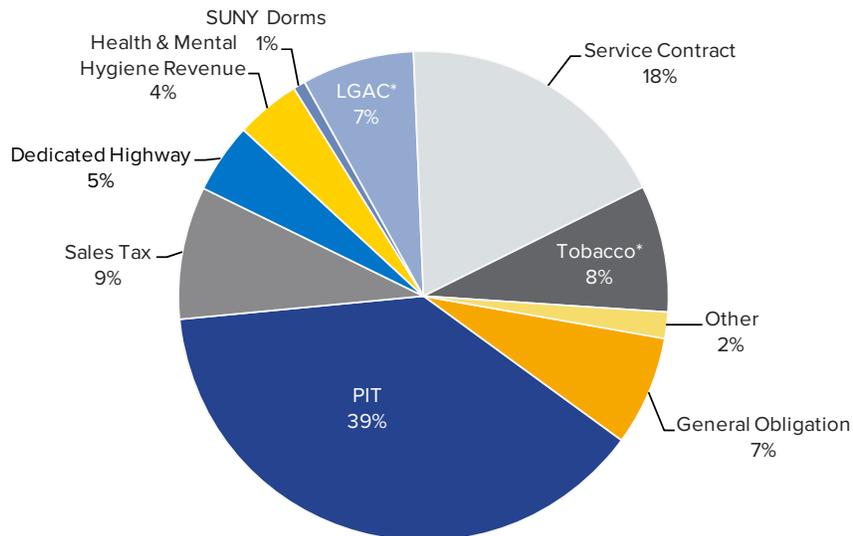

Over the next five years, retirements of State-related debt are projected to average \$4.4 billion annually. Retirements will increase for many of the State's largest bonding programs, including those for economic development, environment, and health and mental hygiene.

The following pie charts provide a distribution of projected debt retirements by both functional area and financing program.

**Debt Retirements by Program**  
\$4.0 Billion Projected in FY 2017 Budget

**Debt Retirements by Credit Structure**  
\$4.0 Billion Projected in FY 2017 Budget

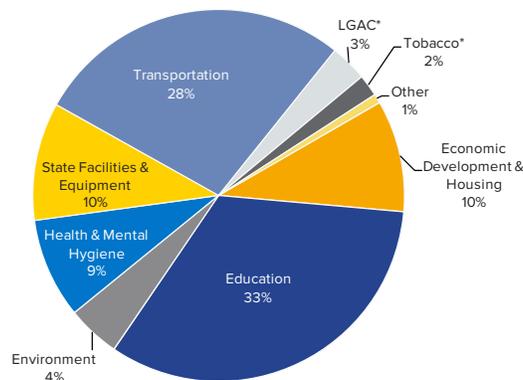

\*The debt of LGAC was issued to eliminate short-term borrowing for cash flow purposes.  
Tobacco bonds were issued to help close deficits in FYs 2003 and 2004.

## FY 2017 Debt Outstanding

State-related debt outstanding is projected to increase from \$52.8 billion in FY 2016 to \$54.7 billion in FY 2017. Debt issuances during FY 2017 are expected to add about \$6.0 billion in new debt, while \$4.0 billion of State-related debt is expected to be retired during FY 2017.

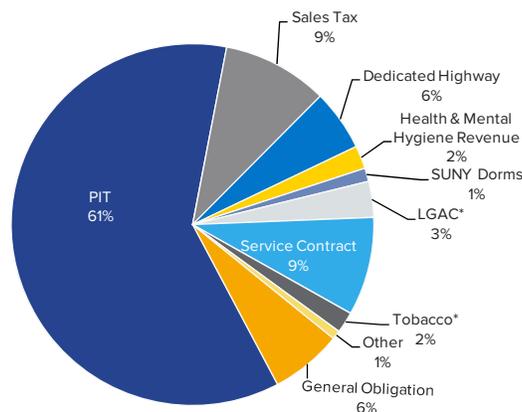

The \$54.7 billion of State-related debt outstanding in FY 2017 consists of debt issued for each of the major programmatic areas as summarized below.

**Debt Outstanding by Program**  
\$54.7 Billion Projected at March 31, 2017

The following pie chart portrays the same level of debt outstanding, but allocates it by type of borrowing mechanism or credit structure, rather than by program.

**Debt Outstanding by Credit Structure**  
\$54.7 Billion Projected at March 31, 2017

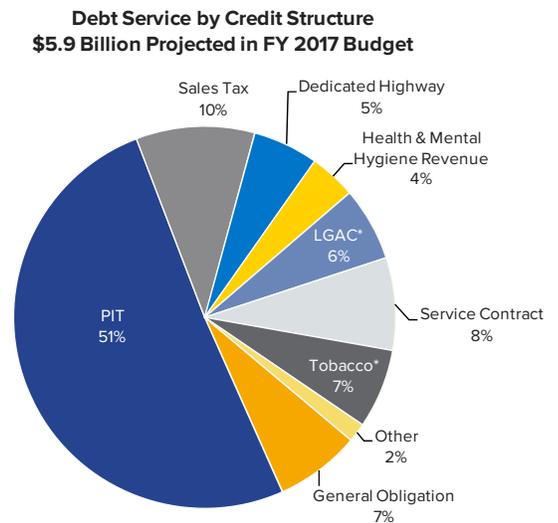

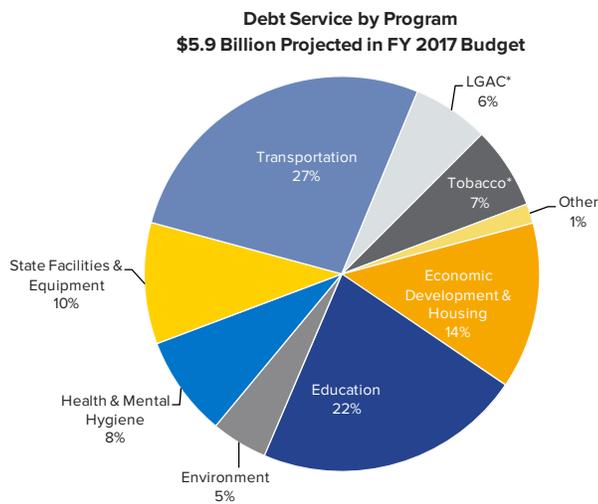

\*The debt of LGAC was issued to eliminate short-term borrowing for cash flow purposes. Tobacco bonds were issued to help close deficits in FYs 2003 and 2004.

## FY 2017 Debt Service

State-related debt service is projected to total \$5.9 billion in FY 2017. The State’s debt service costs consist primarily of payments to meet obligations for bonds issued over the past 30 years, as well as new debt service costs that will result from bond issuances projected to occur during the forecast period. The vast majority – about \$5.7 billion – consists of debt service payments due on existing debt. The remainder of FY 2017 payments (\$199 million) is expected to result from new money debt issuances.

Significant bond-financed capital investments, primarily for transportation, education, economic development, and correctional facilities, drive most of the State’s debt service costs. The majority of debt service costs are for bonds approved by the Legislature, on behalf of the people, and issued on the State’s behalf by public authorities. As the State issues bonds under the PIT and sales tax credit structures, debt service for service contract bonds will decline, while the PIT and Sales Tax Revenue Bond debt service will increase.

The following pie charts summarize the major debt service costs by both program area and financing program.

\*The debt of LGAC was issued to eliminate short-term borrowing for cash flow purposes. Tobacco bonds were issued to help close deficits in FYs 2003 and 2004.

# Five-Year Capital Plan

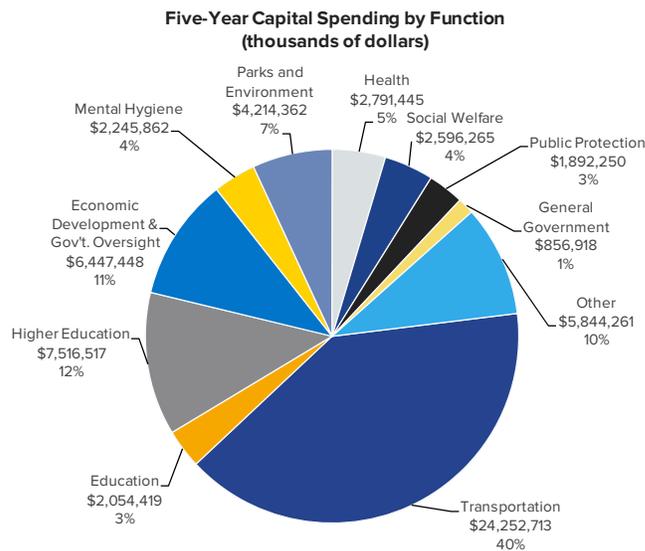

## Multi-Year Capital Projects Spending

Over the five years of the Executive Capital Plan, capital spending is projected to total \$60.7 billion, the majority of which will support transportation projects (40 percent) and higher education (12 percent).

<sup>(1)</sup> Acceleration of Federal transportation spending causing a year-over-year decline in FY 2017. State and Federal appropriation levels for DOT increase by over \$500 million in FY 2017 to support a \$22.1 billion five-year transportation program.

<sup>(2)</sup> Represents spending which occurs directly from bond proceeds held by public authorities.

## Transportation

The Executive Budget provides funding for the second year of a \$22.1 billion five-year State Transportation Capital Plan that will improve roads, bridges, airports, rail facilities, ports and transit systems funded through DOT budget and make State-funded investments in the Thruway. The Plan, which covers FY 2016 through FY 2020, builds on \$18.3 billion in previously planned DOT funding and \$1.3 billion in FY 2016 Thruway Stabilization funds by adding \$1.8 billion in new State and Federal resources and \$700 million of new Thruway Stabilization funding. The Plan also maintains CHIPS/Marchiselli local program funding at \$478 million annually.

The Executive Budget reflects the Governor's commitment of \$8.3 billion toward the MTA's \$29 billion 2015-2019 capital plan (\$26.1 billion for transit capital and \$2.9 billion of MTA bridges and tunnels). Legislation being put forward with this budget supports \$7.3 billion of this commitment. Spending will also continue from the 2015 appropriations of \$750 million in core capital support and \$250 million for Penn Station access.

The Executive Budget also replaces the \$15 million FY 2016 one-time legislative upstate transit capital appropriation with recurring aid and adds another \$5 million in recurring capital. In addition, spending will continue from the State's \$770 million FY 2013 appropriation for MTA capital and the \$1.45 billion dedicated to the MTA from the 2005 Transportation Bond Act. The Executive Capital Plan also includes funds to support the operations of DOT and DMV.

In addition to the four remaining years of the five-year State Transportation Capital Plan, the Capital Program and Financing Plan shows one more year of projections in FY 2021. The DOT capital program will continue to be financed by State-supported bonds, PAYGO resources supported by dedicated taxes, fees, and settlement funds provided through the Special Infrastructure Account, and substantial amounts of Federal aid. The FY 2017 Executive Budget also requires cash transfers of \$634 million from the General Fund to support the DHBTf. An average of \$300 million of engineering costs each year are disbursed in the first instance from State sources but are later reimbursed by Federal PAYGO funds. In the Financing Sources table following, these costs are reflected as State PAYGO spending.

## Parks and Environment

Parks and environment capital spending will continue to focus on the cleanup of environmental hazards, as well as the rehabilitation of infrastructure.

The Executive Budget increases EPF appropriations to \$300 million annually, a \$123 million increase, and includes an additional \$100 million in appropriations for clean water infrastructure grants. The Budget also continues to support the 10-year, \$1 billion State Superfund Program for the remediation of hazardous waste and hazardous substance sites across the State, as well as funding for the Environmental Restoration Program to address municipally-owned brownfields. The Budget includes a \$100 million appropriation in the current year for this purpose.

Over the five year capital plan, core DEC Capital Projects Fund spending averages \$22 million annually to meet health and safety requirements; ensure compliance with State and Federal environmental mandates; maintain and upgrade campgrounds, environmental centers and camps, fish hatcheries, and other Department-owned buildings and facilities; maintain flood control structures; fund wastewater infrastructure oversight; and fund shore protection projects for communities threatened by coastal erosion.

Core spending from the SPIF for rehabilitation and improvements at parks and historic sites is projected to average \$26 million annually over the five year capital plan.

Annual spending from the EPF, which will grow over the five year capital plan as a result of the increased EPF appropriation levels, is projected to average \$228 million annually. The EPF finances a variety of environmental and recreational activities and is financed through several funding sources. RETT revenues of \$119 million per year and Bottle Bill revenues of \$23 million per year will continue for each year of the plan. Additional revenues to the EPF include: \$5 million from wetland permit applications, pesticide applications, and water withdrawal fees; \$2 million from freshwater wetland, mineral resource, hazardous waste, and electronic waste fees; and, \$5 million from interest and the sale and lease of surplus property. Additionally, the EPF will receive a transfer in FY 2017 totaling \$146 million from a combination of monetary settlement funds and general tax revenues.

Spending financed by the CW/CA Bond Act approved by the voters in 1996 will average \$14 million annually over the Plan period and will finance water quality improvement and landfill and recycling projects.

## Parks and Environment (Continued)

The Executive Budget includes a new round of capital appropriations under the New York Works program to provide \$40 million in new State funding to DEC for flood control, air monitoring infrastructure, information technology, and repair and maintenance of dams, State lands and fish hatcheries. New funding of \$90 million from New York Works is provided in the OPRHP budget for capital rehabilitation and improvement of State parks and historic sites, as well as \$3 million for improvements at facilities operated by ORDA.

## Economic Development and Government Oversight

Economic development and government oversight spending will support economic development capital projects and programs that are integrated with regional strategies to create jobs, increase economic activity, and retain and attract businesses to the State.

The FY 2017 Executive Budget includes over \$900 million in new appropriations for regional economic development initiatives. The new funding provides an additional \$30 million for the Upstate Revitalization Initiative, which along with \$170 million from the Special Infrastructure Account, will add \$200 million to the program; \$100 million for an economic development at Nano Utica; \$150 million for competitively determined economic development projects through the Regional Councils; \$33.5 million for the New York Power Electronics Manufacturing Consortium; \$110 million for a new round of NYSUNY 2020 and NYCUNY 2020 grants, \$55 million for each university system; \$12 million for the Clarkson-Trudeau Partnership to grow the biotech industry in the North Country; \$99 million for the New York Works Economic Development Fund; \$10 million for the Brookhaven National Laboratory in Stony Brook; \$10 million for the Buffalo High-Tech Manufacturing Innovation Hub at Riverbend in Buffalo; \$15 million for the Albany Nano G450C facility; and \$8 million for Market New York projects.

The Executive Budget maintains nearly \$4.5 billion in reappropriated capital funding for initiatives facilitating economic growth in New York. This includes funding for the continued support of various economic development and regional initiatives, including Upstate Revitalization, Transformative Investment, Regional Council and high technology initiatives, grants for communities impacted by correctional and youth facility closures, statewide competitive grant programs administered by ESD, specific downstate regional initiatives, and upstate city-by-city projects. Funding also includes the continued support of specific economic development, cultural facilities, university development, environmental, and energy projects administered by ESD and DASNY.

## Health

The Executive Capital Plan includes the continuation of \$2.5 billion in support for health facility transformation programs through the continuation of the Department’s major health care capital programs. Five-year spending for health care includes projected grant disbursements from the \$1.2 billion Capital Restructuring Financing Program, enacted in FY 2015 and modified as part of the Enacted FY 2016 Budget. The Health Care Facility Transformation Program, enacted in FY 2016, is included in the Capital Plan at \$900 million (\$700 million appropriated for Brooklyn and \$195 million appropriated statewide). In addition, up to \$5 million is available to procure mammography equipped vehicles that will be operated in targeted areas of the State. Outside of DOH's discrete capital appropriations, the FY 2017 Executive Budget includes \$355 million in additional health care capital funding reappropriated from the Special Infrastructure Account to support essential health care facility transformation. Along with more recent capital funding, the State provided \$1.6 billion in HEAL NY grants, beginning in FY 2006. In sum, hospitals will have received \$4.1 billion in capital support over the last ten years.

Support for additional programs established in FY 2015 including SHIN-NY, Health Care IT Initiatives, and the APD is continued in the FY 2017 Executive Budget. DOH's capital program also supports maintenance and improvements of laboratories and institutions operated by the Department, Roswell Park Cancer Institute, as well as the Federal Safe Drinking Water Program. Costs are projected to be financed through a combination of PAYGO and authority bonds.

Overall, spending for health care capital projects is projected to increase by \$141 million in FY 2017, primarily due to the implementation of the Capital Restructuring Financing Program and the Health Care Facility Transformation Program.

## Social Welfare

Capital spending for social welfare supports the preservation and maintenance of youth facilities operated by OCFS, HHAP grants administered by OTDA, and programs administered by HCR to create and preserve affordable housing units across the State.

The FY 2017 Executive Budget includes a comprehensive multi-year investment in affordable housing and housing opportunities and services for the homeless. The capital plan also includes funding to address capacity needs in OCFS associated with the Raise the Age Initiative.

The Nonprofit Infrastructure Capital Investment Program, administered by DASNY, will provide grants to make targeted investments in capital projects that will improve the quality, efficiency, and accessibility of eligible nonprofit human services organizations that provide direct services to New Yorkers.

## Education

Education capital spending includes the costs of the Smart Schools General Obligation Bond Act, which was approved by voters in November 2014, funding for the SED capital plan, and the EXCEL program.

Current estimates project the State will spend approximately \$2.1 billion over the upcoming five-year period for SED's capital projects. This projection includes \$1.8 billion for the Smart Schools Bond Act; \$5 million for Smart Schools special education projects; \$70 million for public library construction projects; \$60 million for the Cultural Education Storage Facility; \$17 million for infrastructure improvements and minor rehabilitation projects at the Rome School for the Deaf, Batavia School for the Blind, the Cultural Education Center, and the Education Building; \$8 million for the Statewide Longitudinal Data System to track student performance; \$13 million for the Museum Gallery Renewal Project; and \$81 million for EXCEL.

The FY 2017 Executive Budget expands SED's capital budget by providing an additional \$17 million in new capital appropriations to support construction projects at local libraries (\$14 million) and maintenance projects at SED's State-owned facilities (\$3 million).

Overall spending for education capital projects is projected to increase by \$144 million in FY 2017, primarily due to the Smart Schools Bond Act.

## Higher Education

Higher education capital spending includes the costs of SUNY and CUNY capital plans as well as the HECap Program.

The FY 2017 Executive Budget expands the State's capital investment in public higher education by providing SUNY and CUNY with more than \$3.1 billion in new appropriations during the upcoming five-year period. New capital funding will allow the university systems to maintain existing capital infrastructure in a state of good repair as well as advance priority projects.

The FY 2017 Executive Budget includes the continuation of a \$1.5 billion, five-year capital maintenance plan (\$1 billion SUNY and \$515 million CUNY) to support the ongoing preservation of existing infrastructure at State-operated and senior college campuses. For FY 2017, the Executive Budget provides \$554 million in new bonded spending authority which includes; \$200 million for SUNY State-operated campuses, \$175 million for SUNY hospitals, of which \$75 million is to be used as potential matching funds, \$103 million for CUNY senior colleges and \$76 million (\$23 million for SUNY and \$53 million for CUNY) in new authority to support capital projects at community college campuses.

The FY 2017 Executive Budget also includes \$110 million in new capital appropriations through ESD to launch another round of NYSUNY 2020 and NYCUNY 2020 grants, \$55 million for each university system. These new grants will continue to be awarded through a competitive process. The initiative will give priority to campus plans that: use technology, including the expansion of on-line learning, to improve academic success and job opportunities for students; leverage economic and academic opportunities through the START-UP NY program; and provide experiential learning opportunities that connect students to the workforce.

Finally, the Executive Budget includes \$30 million in new HECap Program funding to be awarded to eligible private colleges and universities through a competitive process.

## Higher Education (Continued)

The Executive Capital Plan assumes more than \$1.5 billion in FY 2017 disbursements for higher education capital expenses. SUNY is projected to spend \$981 million of this total, which includes \$679 million associated with the State-operated campuses and hospitals, \$95 million for community colleges, \$120 million in spending for educational facility projects supported by non-State funds (i.e., grants and donations), \$55 million for dormitory related projects and \$32 million for the State University Construction Fund and smaller maintenance projects supported by the General Fund. CUNY is projected to spend \$535 million in FY 2017 for capital projects, including \$500 million for senior colleges and community colleges, as well as \$35 million for operating costs and smaller maintenance projects supported by the General Fund. The HECap Program is expected to disburse \$20 million during FY 2017 in support of independent college projects.

Overall spending for higher education capital projects is projected to increase by \$44 million (3 percent) on a year-to-year basis in FY 2017.

## Public Protection

Capital spending for public protection will continue to focus primarily on preserving and maintaining infrastructure investments at correctional facilities, and facilities operated and maintained by DHSES, DMNA, and DSP.

Spending is projected to increase by \$3 million from FY 2016 to FY 2017, reflecting continued support for the Statewide Interoperable Communications Program, investments in preparedness, renovations to the 369<sup>th</sup> Regimental Armory in Harlem, construction of State Police Troop L Zone Headquarters, and DOCCS investments related to a recent settlement on special housing units and Executive Order #150, related to housing youth in a separate DOCCS facility.

## Mental Hygiene

Spending for mental hygiene capital will continue to support health and safety, and rehabilitation and maintenance projects needed to preserve and maintain both institutional and community-based facilities operated and/or licensed by OMH, OPWDD, and OASAS.

The Executive Capital Plan will continue to support rehabilitation projects at State and community facilities, including enhancements in OPWDD’s existing residential and day programs to meet fire safety standards and the development of new community-integrated settings to enable OPWDD to transition individuals to community-based settings. Additionally, the plan also provides resources for residential treatment options for adolescents, women with children, and veterans through the OASAS system. Furthermore, the plan will provide for improvements to OMH’s inpatient campuses, as well as to assist in the construction of community residential sites, various mental health-related general hospital projects, and a number of non-residential community programs. In general, mental hygiene capital spending decreases modestly throughout the five-year plan. Year-over-year variances are due to the timing of payments within particular agencies.

## General Government

General government capital spending includes construction, rehabilitation, consolidation, and renovation of State office buildings to maintain asset value, achieve space efficiencies, and reduce operational costs as well as costs associated with State information technology projects.

Spending for OGS will continue to support State facilities capital projects. The Innovative Technology Fund, established within ITS, will be used to continue the State's consolidation efforts and leverage new technologies to create operating efficiencies and lower costs. The State's IT Governance Process will prioritize projects for this funding based on projected ROI and improved customer experience. The fund is expected to spend \$155 million in FY 2017. Spending for the Workers' Compensation Board is for the acquisition and development of technology including equipment, software, and services.

## Other

Spending for agencies in the All Other category supports capital investments for the Special Infrastructure Account; State and Municipal Facilities capital; statewide equipment, systems development and upgrades; capital spending financed with Federal funds for the World Trade Center site; and capital projects for the Judiciary, the Department of Law, and OSC. Spending for the Department of Law and OSC is for the acquisition and development of technology including equipment, software and services.

## Special Infrastructure Account

The Executive Budget includes \$1.25 billion in additional funding for the Special Infrastructure Account that will support investments across a wide range of projects throughout the State. This funding is part of the \$2.3 billion in additional monetary settlement money that the State is programming as part of the FY 2017 Budget. The Special Infrastructure Account includes specific allocations for the following programs: \$700 million for the Thruway Stabilization Plan; \$255 million for Economic Development projects of which \$170 million will go to the Upstate Revitalization Initiative; \$200 for the Transportation Capital Plan; \$50 million for emergency homeless response, \$25 million for the Empire State Poverty Reduction Initiative, and \$20 million for a municipal consolidation competition.

## State and Municipal Facilities

State and Municipal Facilities capital is expected to spend \$1 billion over the next five years. This funding will be allocated for State and local capital projects. Eligible entities include:

- State agencies;
- Local governments (e.g., counties, cities, towns, and villages);
- the MTA;
- SUNY and CUNY senior and community colleges;
- Private not-for-profit colleges and universities;
- Public school districts;
- Public housing authorities;
- Public libraries; and
- Fire districts.

## Financing Sources of Capital Projects Spending

The State issues bonds (both directly and through public authorities) and uses Federal and State PAYGO resources to finance capital spending. All bonds issued through public authorities on behalf of the State are approved by the Legislature, on behalf of the people. Since 1976, all non-General Obligation debt is subject to more rigorous approval processes including PACB and authority boards. The amounts for All Governmental Funds spending includes both those capital project disbursements that are reflected in the Comptroller's accounting system and those disbursements which would have formerly been made directly from bond proceeds which had been reflected only in GAAP accounting statements. Of the FY 2017 capital spending, 53 percent is projected to be financed with authority-issued bonds and voter-approved General Obligation Bonds, and 47 percent is projected to be financed with State and Federal PAYGO resources.

### Authority Bond Financing

Public authority bonds will be issued to support capital projects over the Executive Capital Plan. Authority revenue credits include State PIT Revenue Bonds and Sales Tax Revenue Bonds.

Authority bond-financed capital spending is reimbursed by the proceeds of bonds sold by State public authorities pursuant to contractual agreements with the State. Bond reimbursement is managed to provide the most efficient reimbursement possible. Factors affecting the timing of reimbursement of State expenditures include the availability of existing bond proceeds, bond market access, investment terms, and State cash flow considerations.

Over the Plan period, approximately 52 percent of total spending will be financed with authority bond proceeds. The State expects to use State PIT and Sales Tax Revenue Bonds as the financing vehicles for the vast majority of bond-financed spending.

- **State PIT and Sales Tax Revenue Bonds** will be issued to support multiple capital program areas, as summarized below:
  - **Education:** supports SUNY and CUNY, EXCEL, NYSTAR, and HECap (FY 2017 issuances of \$1.5 billion).
  - **Environment:** supports the State Revolving Fund, the State Superfund Program, EPF, State Parks and other environmental projects (FY 2017 issuance of \$341 million).
  - **Transportation:** supports State and local transportation infrastructure, including the CHIPS program, and projects at the MTA (FY 2017 issuances of \$1.5 billion).
  - **Economic Development and Housing:** supports housing, the Strategic Investment Program, economic development projects for the Buffalo area, CEFAP, the Regional Economic Development Councils, high technology and other business investment programs, and other recent economic development initiatives (FY 2017 issuances of \$793 million).

- **Health Care:** supports the Health Care Facilities Transformation Program, as well as capital projects to preserve and maintain both State and community-based facilities operated and/or licensed by OMH, OPWDD, and OASAS (FY 2017 issuances of \$810 million).
- **State Facilities and Equipment:** supports correctional facilities, youth facilities, State office buildings, and State Police capital (FY 2017 issuances of \$412 million).

The estimated debt service coverage ratios for PIT and Sales Tax Revenue Bonds is shown below.

Projected Sales Tax Coverage Ratio	5.7	5.0	4.6	4.3	3.9	3.5

## General Obligation Bond Financing

The State finances a portion of its capital projects with General Obligation Bonds. It is projected to be 10 percent of issuances in FY 2017. In FY 2017, the State expects that \$599 million of General Obligation Bonds will be issued to fund projects authorized pursuant to the Smart Schools Bond Act (\$350 million), Rebuild and Renew New York Transportation Bond Act of 2005 and other transportation purposes (\$219 million), and CW/CA and all other environmental bond acts (\$30 million).

General Obligation bond financing of capital projects is accomplished through the issuance of full faith and credit bonds that have been authorized directly by the voters under a State constitutional requirement dating from 1846. General Obligation bond-financed spending (\$2.2 billion) accounts for approximately 4 percent of total spending over the Plan period. The Plan assumes the continued implementation of ten previously authorized bond acts (five for transportation, four for environmental and recreational programs, and one for education). The \$2 billion Smart Schools General Obligation Bond Act was approved by voters in November 2014. Proceeds will enhance education technology in schools, with eligible projects including infrastructure improvements to bring high-speed broadband to schools and communities in their school district, and the purchase of classroom technology for use by students. Additionally, Smart Schools will enable long-term investments in full-day pre-kindergarten through the construction of new pre-kindergarten classroom space. The bulk of the remaining projected General Obligation bond-financed spending was authorized in the 2005 Rebuild and Renew New York Bond Act. Spending authorizations from the remaining eight bond acts will be virtually depleted by FY 2017.

## State and Federal PAYGO Sources and Uses

State PAYGO resources include: General Fund taxes; other taxes and user fees set aside or dedicated for specific capital programs; repayments from local governments and public authorities for their share of projects; and transfers from other funds, including the General Fund. Over the five-year Plan period, State PAYGO resources of \$18.8 billion will support 31 percent of total spending. Of the total, approximately \$4.6 billion will be used to support the operating expenses of DOT and DMV. Federal PAYGO resources support spending financed by grants from the Federal Government, primarily for highways and bridges, drinking water and water pollution control facilities, public protection, and housing, and constitute \$8.3 billion or 14 percent of total spending over the Plan period.

Including \$4.3 billion of spending funded by transfers from the General Fund to the DHBTF, \$1.7 billion of spending funded by transfers from the Federal Capital Projects Fund to the DHBTF, and \$2.4 billion of spending funded by DHBTF revenues, a total of almost \$8.4 billion (nearly \$1.7 billion annually) of State PAYGO is disbursed by the DHBTF. The DHBTF receives revenue from motor vehicle fees, the petroleum business tax, the motor fuel tax, the highway use tax, the auto rental tax, utilities taxes, and miscellaneous transportation-related fees. Receipts deposited into the DHBTF are used to pay debt service on transportation bonds, finance capital projects on a PAYGO basis, and pay operating expenses of transportation agencies.

Capital spending supported by General Fund receipts is classified as a transfer to the various Capital Projects Funds. The General Fund transfer, which is reflected in total State PAYGO spending, is projected at \$1.0 billion in FY 2017 and will average \$1.3 billion annually over the Plan period. The General Fund transfer primarily finances capital spending, projects for facilities operated by DOT, OGS, DEC, OPRHP, DOCCS, the Department of Mental Hygiene, and other State agencies. Furthermore, the General Fund transfers an average of \$896 million annually from FY 2017 to FY 2021 to the DHBTF. Capital transfers also include \$2.0 billion in FY 2017 from the General Fund to the DIF and the EPF, \$1.9 billion and \$120 million, respectively. .

State PAYGO resources, derived primarily from statutorily dedicated revenues that finance projects for environmental and recreational purposes, are projected to average approximately \$275 million annually for these purposes. In addition to receipts that will be deposited annually into the Hazardous Waste Remedial Fund, the EPF will continue to receive annual deposits from the RETTs for a total of \$595 million over the Plan period. In addition to RETT revenues, the EPF will receive a recurring deposit of \$23 million from unclaimed deposits from the Bottle Bill and a \$23 million annual General Fund transfer. The EPF also receives receipts from pesticide applicator fees, wetland permits, water withdrawal fees and other miscellaneous receipts totaling approximately \$12 million annually. These taxes and miscellaneous receipts will support PAYGO portions of projects advanced from the EPF.

The SPIF will finance about \$26 million annually in improvements to the State's park system from park fees and other miscellaneous revenues.

Federal grants account for 14 percent of total capital spending over the Plan period. The largest components of Federal PAYGO spending over the Plan period are for transportation (\$6.9 billion) and the environment (\$852 million). Federal PAYGO spending is projected to average \$1.7 billion per year, with an average \$1.4 billion annually spent on transportation.

# Agency Capital Program Plans

The Agency Capital Program Plans section provides a narrative description of the capital investment recommendations of agencies for the FY 2017 through FY 2021 period. This section of the Plan is organized programmatically. Each program area begins with a functional overview, followed by each agency's narrative description which highlights accomplishments, new initiatives, and long-term financial requirements.

## Transportation

New York's diverse transportation system plays a crucial role in our economy. The State's over 240,000 lane miles of roads, 17,400 bridges, 4,100 railroad miles, 137 public use airports, 12 major ports, and more than 130 public transportation operators are among our most valuable resources. These important public assets are managed and maintained by an integrated network of State agencies, public authorities, local governments, and private entities.

### Department of Transportation

The DOT is responsible for maintaining and rehabilitating the State's system of highways and bridges, which includes over 43,000 State highway lane miles and over 7,800 bridges. Private contractors perform major construction and repair work, while DOT provides seasonal maintenance and repair. The Department also oversees and funds programs that help defray local capital expenses associated with road and bridge projects, including the State-funded CHIPS and Marchiselli programs and significant Federal aid spent on local infrastructure.

The Executive Budget provides funding for a DOT capital program totaling \$4.3 billion in FY 2017, facilitating capital improvement of highways, bridges, rail, aviation infrastructure, non-MTA transit, and DOT facilities, a \$630 million increase over the Enacted FY 2016 amounts. The FY 17 funding includes \$730 million for engineering and construction right-of-way acquisition in support of DOT's core highway and bridge program. The New York Works program will provide \$350 million for highway and bridge program projects and associated engineering, \$150 million to accelerate the rehabilitation, reconstruction, or replacement of approximately 100 bridges in upstate New York, and \$25 million to enhance transit (\$5 million), rail (\$10 million), and aviation (\$10 million). Funding for local highway and bridge projects under the CHIPS and Marchiselli program is maintained at \$478 million. Other core appropriations include \$10 million for rail capital investments, \$44 million for Amtrak service subsidies, and \$4 million for aviation capital. The Executive Budget also replaces the \$15 million FY 2016 one-time legislative upstate transit capital aid appropriation with a recurring appropriation of \$20 million.

The significant new investments included in the FY 2017 Executive Budget add \$1.79 billion to the five-year, \$18.3 billion capital plan initiated in FY 2016. This proposal includes nearly \$15 billion for highway and bridge construction, preventive maintenance contracts, right of way acquisition, engineering, project inspection, program management, and administration. The New York Works program, which was first enacted in 2012, provides an additional \$1.7 billion in highway and bridge capital construction and engineering funds.

These transportation investments are being directed in new programmatic ways to better focus resources to upgrade roads, bridges and other transportation infrastructure throughout the State, especially in Upstate. The proposed capital plan includes the following programs:

- \$1 billion BRIDGE NY program to replace, rehabilitate and maintain at least 200 state and local bridges. BRIDGE NY will help expand and protect public safety and economic growth and commercial activities all across the state.
- \$1 billion PAVE NY program that will include up to 1300 miles worth of state and local road paving projects. Investing in paving projects will ensure smoother road surfaces for passenger and commercial vehicles and fewer costly delays and slowdowns.
- \$500 million Extreme Weather Infrastructure Hardening program, which will invest in roadways across the state that are susceptible to flooding and other extreme weather events to ensure these roadways remain safe and passable during future weather emergencies.
- \$200 million Airport Economic Development and Revitalization Competition Program to accelerate investments in commercial passenger and cargo service airports and promote economic development Upstate.

The Budget also adds \$80 million to non-MTA transit, bringing the total to \$295 million, including New York Works funding.

Preventive maintenance and demand maintenance remain a primary focus of DOT activities. Preventive activities extend the life of a road or bridge and are cost-effective alternatives to major reconstruction. For highways, the goal of keeping water and other materials away from the base of the highway is accomplished through activities such as crack sealing, pothole repair, joint repair, and drainage repair. Painting, washing, joint repair, and maintaining drainage are key elements to extending the life of State bridges. In addition to maintenance activities supported through highway and bridge construction contracts, over \$1.9 billion is projected for non-winter preventive and demand maintenance activities, equipment, and facilities over the five-year transportation capital plan period.

An additional \$1.6 billion is projected to be available from the DHBTF for snow and ice control activities over the five-year plan period. The Department's maintenance activities are supported by approximately 250 sites around the State which encompass 59 maintenance headquarters, 155 maintenance sub-headquarters, 16 bridge crew facilities and 10 special crew facilities. The average age of the infrastructure is 41 years and the total size of this infrastructure is approximately 4 million gross square feet.

The Department's maintenance facilities plan consists of an annual review of its overall needs and a prioritization of its projects. The program goal is to upgrade and repair its infrastructure based on evaluation of the condition, proposed use and corresponding health, safety and environmental concerns.

In addition to funding provided under the FY 2016-2020 capital plan, the State's financial plan includes capital estimates for FY 2021.

## **Financing**

The State Capital Plan for DOT and the operating expenses of DOT and DMV will be financed with more than \$10.1 billion of State revenues dedicated to the DHBTF during the next five years (including \$66 million of annual statutory General Fund deposits to the DHBTF). These revenues will provide for PAYGO capital and operating needs, and for debt service payments on bonds issued by the public authorities on behalf of the State.

On December 4, 2015, the President signed the FAST Act into law. This is the first new legislation in more than ten years to provide long-term funding certainty for surface transportation, and will provide approximately \$700 million in new highway aid for the State of New York. The State's transportation plan relies upon Federal aid to support over forty percent of new obligations. To the extent that Federal aid varies from assumptions, State program adjustments may be necessary.

The Executive Budget includes a cash transfer of \$634 million from the General Fund to the DHBTF to address a projected funding shortfall in FY 2017. Under current assumptions, this transfer is expected to total approximately \$4.0 billion over the five-year period.

## **Metropolitan Transportation Authority**

The Executive Budget reflects the Governor's commitment of \$8.3 billion in State resources toward funding the MTA's \$26.1 billion 2015-2019 transit capital plan. The Budget includes legislation to authorize the remaining \$7.3 billion of this commitment, and spending will continue from the \$1 billion FY 2016 appropriation: \$750 million to support the MTA's 2015-19 core capital program and \$250 million to advance the MTA's Penn Station Access project.

Spending will also continue from the \$770 million FY 2013 appropriation for MTA capital and from the \$1.45 billion dedicated to the MTA from the 2005 Transportation Bond Act.

## **Department of Motor Vehicles**

The DMV issues drivers' licenses and vehicle registrations, promotes highway safety, and collects more than \$1.8 billion annually in revenues for the State and localities, of which approximately \$750 million supports the DHBTF. Over \$204 million of the Department's cash expenses for FY 2017 will be covered by the DHBTF.

## **New York Power Authority**

The FY 2017 Executive budget includes legislation to transfer the operations of the canal system from the Thruway authority to NYPA. As a new subsidiary of NYPA, the New York State Canal Corporation will continue to maintain, operate, develop and make capital improvements to the 524-mile navigable waterway that includes 57 locks, numerous dams, lift bridges, reservoirs, and water control structures. Maintenance of the canals is conducted on an ongoing basis to ensure that canal facilities operate properly and that public safety is maintained.

Canal revenues are deposited into the Canal System Development Fund and are used exclusively for the canals, in accordance with the State Constitution. \$6.2 million in reappropriations are available for canal maintenance from this capital fund, and annual revenues and disbursements are approximately \$2.5 million per year.

Funds from the 2005 Transportation Bond Act remain available for canal capital projects through reappropriations in the DOT budget.

## Parks and Environment

DEC and OPRHP are the primary agencies responsible for preserving and protecting the State's environmental, historic, and cultural resources, as well as providing recreational opportunities for its citizens. Each agency is responsible for the development and maintenance of a wide array of capital facilities. This category also includes recommended capital projects funding for the Hudson River Park Trust.

### Department of Environmental Conservation

The DEC is charged with protecting the State's natural resources. Department responsibilities include cleaning up solid and hazardous waste disposal sites, enforcing air and water quality standards, maintaining hundreds of flood and coastal erosion projects, and stewardship of over four million acres of State land. The Department also provides opportunities for outdoor recreation, including hunting, fishing, camping, hiking, and other activities. The DEC manages hundreds of facilities including dams, boat launch sites, campgrounds, fish hatcheries, and wildlife management areas.

The DEC capital program enhances and maintains the infrastructure necessary to provide a safe environment. An estimated \$659 million in capital disbursements will support these activities in FY 2017. New core State Capital Projects Fund appropriations of \$25 million are recommended in FY 2017 to meet health and safety requirements; ensure compliance with State and Federal environmental mandates; maintain and upgrade campgrounds, environmental centers and camps, fish hatcheries, and other Department-owned buildings and facilities; maintain flood control structures; fund wastewater infrastructure oversight; and fund shore protection projects for communities threatened by coastal erosion.

In addition, the Executive Budget includes \$40 million in new capital funding under the New York Works program to fund capital infrastructure projects statewide, spur the creation of jobs, and leverage private sector and Federal investment. This funding will be used to address a variety of capital needs including: the creation of new public access projects to connect hunters, anglers, bird watchers, and other outdoor enthusiasts to un-tapped State-owned lands; providing for air monitoring infrastructure and information technology investments; and health and safety repairs for dams, State lands, fish hatcheries, and other State infrastructure.

A key element of the DEC capital program is the EPF, a dedicated fund historically supported by revenues from the RETT and other sources. The Executive Budget includes new appropriations of \$300 million for FY 2017, an increase of \$123 million over FY 2016 levels, to fund a variety of environmental and recreational activities including: land acquisition; farmland protection; municipal waste reduction and recycling; waterfront revitalization projects; non-point source water pollution control; smart growth; municipal park projects; Hudson River Estuary Management; and water quality improvement projects. Reflecting the Governor's commitment to combat climate change and reduce greenhouse gas emissions, the EPF for the first time will also include a new climate change mitigation and adaptation account which will provide new funding for adaptive infrastructure, greenhouse gas management, and resiliency planning programs. The

capital program includes additional EPF appropriations of \$1.2 billion through FY 2021 to continue funding for these purposes.

To provide the revenues to support these EPF appropriation levels, the Executive Budget will maintain the RETT funds deposited into the EPF at \$119 million, while continuing to deposit revenues from other sources, such as unclaimed beverage deposits, the wetland application permit, pesticide applicator fees, electronic and hazardous waste fees, and fines for violations to freshwater wetlands and mineral resources laws. Additionally, the EPF will receive a transfer in FY 2017 totaling \$146 million from a combination of monetary settlement funds and the General Fund. No RGGI resources will be used to support the EPF.

The Executive Budget includes a \$100 million appropriation for the 10 year, \$1 billion Superfund Program, including up to \$10 million for the Environmental Restoration Program, which addresses municipally-owned sites. The Executive Budget also includes \$6 million for implementation of the Brownfield Cleanup Program.

In FY 2017, the Executive Budget proposes an additional \$100 million appropriation for clean water infrastructure grants, to be utilized in conjunction with the EFC revolving loan program to support this growing need across the State. This commitment, along with a \$150 million reappropriation, will help to address the need for clean water infrastructure improvements statewide.

The FY 2017 Executive Budget estimates new disbursements totaling \$25 million from the 1996 CW/CA Bond Act for projects administered by DEC. This Bond Act funds activities such as water quality improvement projects, landfill closure and recycling projects, Brownfield projects, safe drinking water projects, and air quality improvement projects.

In FY 2017, the total level of contract commitments projected in the Department's capital plan is expected to be \$ 532 million. Future year commitments are consistent with appropriation levels recommended over the next five years.

The DEC capital maintenance plan focuses on preservation and preventive maintenance of its various lands, facilities, and other structures. The Department manages a vast array of assets that vary in age, condition, and useful life, including: approximately 4.5 million acres of land, over 300 boat launching and fishing access sites, 102 flood control structures, 52 campgrounds, 12 fish hatcheries, four environmental education camps, two environmental education centers, and one tree nursery. The Department has recently developed a maintenance information management system to facilitate planning and preventive maintenance for these resources.

## **Hudson River Park Trust**

The Trust is responsible for designing, developing, constructing, and maintaining the 550-acre Hudson River Park in New York City, which extends for five miles along the Hudson River waterfront from Battery Park City to 59th Street. During FY 2017, the Trust will continue to refine the framework and scope of the Hudson River Park, develop detailed cost estimates, explore alternative sources of funding, and oversee project design and construction.

The Budget proposes \$800,000 of new funding in the EPF to continue construction and maintenance within the Park.

## **Office of Parks, Recreation and Historic Preservation**

OPRHP operates 180 State parks and 35 historic sites that provide a place for visitors to relax and learn about New York's natural, historic, and recreational treasures. Approximately 62 million people visit the State parks each year.

The State's park system is one of the oldest in the nation, featuring 29 golf courses, 36 swimming pools, 67 beaches, 27 marinas, 40 boat launch sites, and more than 5,000 buildings. Since more than half of the facilities at State parks are at least 50 years old, a primary component of the capital program is devoted to maintenance and rehabilitation.

For FY 2017, the capital plan supports more than \$137 million in disbursements from various sources. Total new appropriations of \$29 million are recommended for capital projects from the SPIF, a dedicated fund consisting of revenues generated from day use and camping fees at the parks, as well as other miscellaneous revenues. In addition to these appropriations is \$90 million for NY Works to continue to address capital rehabilitation and improvement needs at State parks and historic sites, and \$2.5 million for improvements at facilities operated by ORDA. Support is also provided for OPRHP's capital program from fiduciary funds and Federal resources. In addition, funding will be available from the EPF and the 1996 CW/CA Bond Act to improve park facilities and protect the fragile natural resources at State parks. These funds are included in the DEC capital budget.

The OPRHP capital plan reflects the priority needs of the various parks and historic sites. A total of more than \$651 million over the course of the Financial Plan period, mainly from NY Works, is planned to be spent on projects to improve health and safety and preserve facilities, and includes actions to: maintain and restore historic sites; rehabilitate park utility, sanitary and water systems; improve selected roads and bridges; upgrade public comfort stations and campground wash houses; and maintain and improve park buildings, cabins, and pool facilities.

The OPRHP capital maintenance plan for FY 2017 concentrates investments in the rehabilitation and maintenance of its many facilities. Physical assets consist of approximately 5,000 buildings which vary in age, condition, and useful life including: historic buildings, offices, cabins, comfort stations, maintenance and storage buildings, restaurants, visitor and nature centers, pump houses, and toll booths. Maintenance efforts in FY 2017 will focus on site restoration, roof repair, and exterior construction projects.

The level of contract commitments projected in the OPRHP capital plan is \$129 million in FY 2017. Future year commitments reflect projected activity from both new appropriations and prior year appropriations.

Ongoing repairs of Superstorm Sandy-related damage to parks on Long Island and in New York City will be funded from federally-reimbursable and State match appropriations in the Division of Homeland Security and Emergency Services budget.

## Economic Development and Government Oversight

Economic Development is projected to average nearly \$1.1 billion annually over the Plan period, and will primarily support economic development projects to create jobs and increase economic activity in the State. In addition, the funding provides for the disposal of nuclear waste at the Western New York Nuclear Service Center at West Valley and the preservation and improvement of State Fairground Buildings.

### Economic Development

The FY 2017 Executive Budget would provide over \$900 million in new appropriation authority to support the following new initiatives:

- An additional \$200 million to support Upstate Revitalization Initiative projects to help continue to restore economic opportunity to regions across upstate New York. Modeled on the Buffalo Billion initiative, and the existing structure of the Regional Economic Development Councils, this initiative will target investment within a set of economically-distressed upstate metropolitan areas and their surrounding regions. By focusing investment on infrastructure projects as well as quality of life initiatives, Upstate New York is becoming a better place to live, work, and visit. These additional funds are available to the four regions (North Country, Capital District, Mohawk Valley and Mid-Hudson) that were eligible for the Upstate Revitalization Initiative competition but were not selected as Best Plan Awardees. \$30 million is to be provided by ESD, and an additional \$170 million will be provided from the Special Infrastructure Account.
- \$150 million to support a new round of funding for the Regional Economic Development Councils initiative. The Budget provides funding to support new competitive economic development projects identified by the Regional Councils to further advance each region's long-term economic development strategies. The Plan also includes a \$150 million recurring annual commitment for the Regional Councils in FY 2018 and beyond.
- To continue fulfilling the State's \$135 million multi-year commitment, \$33.5 million will be provided to support the New York Power Electronics Manufacturing Consortium development and commercialization of the use of wide bandgap power electronic devices.
- \$200 million to support a cutting edge, 360,000 square foot wafer fabrication facility to be constructed at the Nano Utica site in Marcy. \$100 million is to be provided by ESD, and an additional \$100 million will be provided from reprogrammed health care funding previously authorized in the FY 2016 budget.

- \$110 million for a new round of NYSUNY 2020 and NYCUNY 2020 grants, \$55 million for each university system. Funding will continue to be awarded through a bottom-up competitive process through which campuses develop plans for improving academic outcomes, finding efficiencies, and promoting innovation and economic development.
- \$12 million to support an on-going partnership between the State, Clarkson University, and the Trudeau Institute to form a biotech enterprise and further establish the North Country Region as a center of biotechnology research and development.
- \$8 million to support Market New York projects.
- \$99 million for the New York Works Economic Development Fund as part of the New York Works initiative. This Fund will provide capital grants to support projects that facilitate an employer's ability to create new, or retain existing, jobs, or to fund infrastructure investments necessary to attract new businesses or expand existing businesses.
- \$50 million over 5 years to support research facilities at the Brookhaven National Laboratory in Stony Brook. The Budget includes \$10 million for FY 2017.
- \$100 million over 10 years to support the development of the Buffalo High-Tech Manufacturing Innovation Hub at Riverbend in Buffalo. The Budget includes \$10 million for FY 2017.
- \$60 million over 4 years to fulfill the State's investment at the Albany Nano G450C facility. The Budget includes \$15 million for FY 2017.

The Executive Budget also maintains nearly \$4.5 billion in reappropriated capital funding for initiatives facilitating economic growth in New York. This includes funding for the continued support of various economic development and regional initiatives, including the upstate revitalization initiative, the transformative investment program, regional councils and high technology initiatives, grants for communities impacted by correctional and youth facility closures, statewide competitive grant programs administered by ESD, specific downstate regional initiatives, and upstate city-by-city projects. Funding also includes the continued support of specific economic development, cultural facilities, university development, environmental, and energy projects administered by ESD and DASNY.

## Department of Agriculture and Markets

The Department of Agriculture and Markets is responsible for operating the New York State Fair and the Food Laboratory. The State Fairgrounds include 19 major buildings and 104 other structures, the majority of which have a useful life of greater than ten years and are in good or fair overall condition.

<u>Capital Asset Group</u>	<u>Age Range</u>	<u>Condition</u>			<u>Total</u>
		<u>Good</u>	<u>Fair</u>	<u>Poor</u>	
Various State Fair Buildings	1 to 105 years	66	40	17	123

The FY 2017 Capital Plan includes a total of \$5.5 million in new appropriations to repair and rehabilitate the Fair’s facilities to ensure a safe and enjoyable experience for all Fair patrons and participants, including a Special Revenue Funds appropriation financed by revenues from public/private partnership agreements and year-round operation of the Fairgrounds. Capital disbursements in FY 2017 will total approximately \$4 million.

The Department’s capital plan for the next five years prioritizes those projects that preserve, rehabilitate, and improve the Fairgrounds’ buildings, land, and infrastructure for year-round use, and continue to protect the State’s investment in the facility. In addition, the Fairgrounds’ structures are upgraded annually to meet more stringent building code requirements, provide accessibility for the disabled, and ensure public safety.

In addition to appropriations contained in the Department’s budget, the State Fair received a one-time \$50 million capital infusion in the FY 2016 Budget from the Special Infrastructure Account for the purpose of transforming the Fairgrounds into a year-round, premier multi-use facility. Plans call for a new multi-purpose exposition center, an expanded festival stage, a larger Midway and a 400-site RV Park. Utilizing these reappropriated funds over the next two years, the State Fair plans to complete its redevelopment of the Fairgrounds.

The Department will also be administering \$50 million in capital funding that is being reappropriated from the Special Infrastructure Account to preserve farmland and enhance agriculture. The \$30 million Southern Tier Agricultural Industry Enhancement Program will provide funding for projects designed to help farms and agribusinesses expand and grow their operations, as well as improve the environment. The \$20 million Hudson Valley Farmland Protection Program will help farmers in the Hudson Valley region protect farmland from future development and maintain the land’s use for agricultural purposes.

## Energy Research and Development Authority

The Capital Plan includes \$65 million in appropriations over the five-year period for the Western New York Nuclear Service Center, reflecting NYSERDA's continuing role in a joint Federal-State Demonstration Project to treat and dispose of liquid nuclear waste at the Center, decommission the reprocessing facility, and ensure compliance with environmental laws. NYSERDA owns and manages the Center, which is located at West Valley in Cattaraugus County, the site of a former nuclear fuel reprocessing facility and an inactive low-level radioactive waste disposal area.

The FY 2017 commitment and disbursement level for ongoing work at West Valley is approximately \$13.5 million, a slight increase from FY 2016 levels. NYSERDA's costs are largely dictated by a Federal match requirement, and are expected to increase in FY 2017 as a result of increased spending by the Federal government.

The Western New York Nuclear Service Center is approximately 49 years of age, in good condition, with a remaining useful life that will extend to the conclusion of the decommissioning of the site. The maintenance goal at the site is to preserve the facility in a state of good repair.

The Capital Plan also includes \$23 million in reappropriations for the Cleaner, Greener Communities program which provides grant funding to public and private entities to create more sustainable communities throughout New York. The program encourages communities to create public-private partnerships in an effort to develop regional sustainable growth strategies in the areas of: emissions control; energy efficiency; renewable energy; low-carbon transportation; and other carbon reduction technologies.

## Health

### Department of Health

The focus of DOH's capital program is to promote the efficient operation of health care facilities statewide, protect the health and safety of its patients, employees, and visitors, and maintain the Wadsworth Center for Laboratories and Research. The capital program includes the continuation of the \$1.2 billion Capital Restructuring Financing Program, the \$1 billion Health Care Facility Transformation Program to support infrastructure improvements, as well as \$355 million for health care facility transformation, available through the New York State Special Infrastructure Account.

The capital program also includes \$50 million to continue investments into information technology projects. This includes \$10 million in funding to support the health care information technology projects, \$30 million for the SHIN-NY, and \$10 million for the APD. SHIN-NY will continue its work of establishing a statewide, interconnected network of electronic health records in order to improve the quality of patient care, reduce health care costs, and deliver more effective, collaborative care for all New Yorkers. The APD will serve as the repository for a wide variety of health care data that can be integrated to support the evolving information and analytical requirements of the management, evaluation, and analysis of the NYS health care system.

Another integral part of the DOH capital program is to maintain and improve its capital assets which include five health care facilities: Helen Hayes Hospital in West Haverstraw; and the Oxford, St. Albans, Batavia, and Montrose veterans' nursing homes. DOH also maintains the Wadsworth Center for Laboratories and Research, which is comprised of three separate locations located in Albany County. In addition, capital funds will be made available to support Roswell Park Cancer Institute, a Public Benefit Corporation.

Over the next five years, DOH's Capital Program includes \$591 million in new appropriations, including \$30 million to support SHIN-NY, \$10 million to support Health Care IT initiatives, \$10 million to support the APD, \$40 million to support capital improvements at Wadsworth Center for Laboratories and Research facilities, \$38 million for maintenance and improvements of existing facilities, \$77.5 million for capital projects at the Roswell Park Cancer Institute, and \$385 million for the Federal Safe Drinking Water Fund.

The Department's capital program is financed by the State's General Fund, HCRA, related account balances, authority bond proceeds, and Federal funds. Total disbursements are estimated at \$2.8 billion over the five-year Plan period – including \$1 billion for the Health Care Facility Transformation Program, \$1.2 billion for the Capital Restructuring Financing Program, \$30 million supported by HCRA for SHIN-NY, \$55 million from the General Fund for the laboratories, \$28 million from the General Fund for institutions, \$10 million supported by HCRA for the APD, \$10 million for Health Care IT initiatives from related program account balances, \$77.5 million supported by HCRA for Roswell Park Cancer Institute, and \$385 million for the

Federal Safe Drinking Water program. Debt service on outstanding institutional DASNY bonds will continue to be supported by patient care revenues.

For FY 2017, DOH’s capital program includes both ongoing and new projects to address major capital needs with estimated total disbursements of \$285 million. Planned projects will avert potentially more costly future capital expenditures while minimizing interruptions in clinical care services and laboratory functions. In addition, the Department will continue its participation in implementing the Safe Drinking Water Program, which will be financed through a \$77 million Federal Capital appropriations in FY 2017.

The Department’s goals are to ensure a safe environment, preserve infrastructure and related equipment, and to promote energy efficiency. The Capital Asset Maintenance Plan preserves the useful life of DOH’s facilities.

The following table identifies the capital asset group, age and condition of DOH’s facilities.

<b>Capital Asset Group</b>	<b>Age Range</b>	<b>% Good</b>	<b>Condition</b>			<b>% Total</b>
			<b>% Fair</b>	<b>% Poor</b>		
Helen Hayes Hospital	34 to 82 years	58	22	20	100	
Wadsworth Center for Laboratories and Research	13 to 86 years					
Griffin Laboratory		20	45	35	100	
David Axelrod Institute		100	0	0	100	
Biggs Laboratory		0	50	50	100	
Veteran’s Nursing Homes						
Oxford	7 years	100	0	0	100	
St. Albans	23 years	80	17	3	100	
Batavia	21 years	95	5	0	100	
Montrose	15 years	96	2	2	100	

## Social Welfare

### Office of Children and Family Services

The OCFS capital plan reflects the State’s continued commitment to providing safe and functional housing and programming to youth in its facilities.

The OCFS capital planning process will continue to identify improvements to its facilities to increase security and meet health and safety standards. The agency’s capital program focuses on the need to properly maintain its youth facilities and initiate modifications to accommodate program changes. This year’s capital plan also includes funding to address capacity needs associated with the Raise the Age initiative.

Section 529 of the Social Services Law requires OCFS to maintain the community house within the Tonawanda Indian Reservation. This year’s plan continues to provide funding for this purpose.

The OCFS capital program is funded from the State Capital Projects Fund and the Youth Facilities Improvement Fund. Disbursements from the Youth Facilities Improvement Fund are reimbursed with bond proceeds.

OCFS’s five-year capital plan calls for disbursements of approximately \$165 million. The plan will support capital maintenance and improvement activities, including \$60 million for facility rehabilitation and security enhancements, \$16 million for health and safety purposes, \$17 million for environmental compliance projects, and \$12 million for design and construction fees, administration, and Tonawanda capital improvements. Also included in the disbursement plan is \$60 million to raise the age of juvenile jurisdiction.

OCFS is currently undertaking capital projects to improve the condition of their youth facilities and to preserve their useful life and infrastructure. In FY 2017, the OCFS Capital program will continue this effort through additional health and safety repairs, physical plant rehabilitation projects, security projects and environmental compliance work. Half of OCFS’s youth facilities are more than 30 years old, indicating the need for repair and/or improvement. The following chart provides information regarding age and condition of OCFS youth facilities by security level.

Capital Asset Group*	Age Range	Condition			Total
		Good	Fair	Poor	
Secure Facilities	18 to 50 years	0	2	2	4
Limited Secure Facilities	13 to 55+ years	0	4	2	6
Non-Secure Facilities	19 years	0	2	0	2
Training Academy	55+ years	0	0	1	1
	<b>Total</b>	0	8	5	13

\*Does not include 21 vacant or decommissioned buildings under OCFS jurisdiction

## Homes and Community Renewal

The State's housing capital programs provide grants, low-interest loans, and technical assistance to facilitate construction and preservation of the State's affordable housing stock. State capital funds are combined with Federal funds, State and Federal tax credits, low-cost mortgages, and available private sector investments to finance activities that, absent the State's involvement, would not be financially feasible.

In addition to developing and maintaining low-cost housing, the housing capital programs foster economic growth across the State by creating construction jobs and encouraging new private sector investment in distressed areas.

The State's housing capital appropriations are made to HCR, the State agency charged with coordinating the State's housing policies and programs. The individual housing programs are implemented through three public benefit corporations: HTFC, AHC, and HFA. HCR staff perform administrative functions, including the annual review and evaluation of requests for funding and ongoing compliance reviews for awarded projects. Applications submitted by sponsors of proposed affordable housing projects are scored and ranked on a competitive basis and the review process culminates in award notifications for the projects most effective in meeting the State's housing needs. During the application review process, HCR considers the regional economic development councils' determinations that the proposed project aligns with regional strategic priorities.

The capital plan recommends a total of \$2.1 billion in HCR appropriations in FY 2017 to fund eight housing capital programs, including a multi-year \$2 billion allocation that will facilitate the preservation or creation of affordable, supportive and homeless housing across the State.

State housing funds are committed in the year in which they are made available. The recommended FY 2017 commitment level of \$441 million reflects \$97 million committed to in the Governor's House NY initiative and an additional \$344 million made newly available for affordable housing development.

The HCR capital plan includes funding for the following programs in FY 2017:

- \$2.0 billion as a component of a comprehensive multi-year investment in affordable housing and services and housing opportunities for the homeless, including new housing opportunities for individuals and families in need of supportive services and resources to support the specific needs of vulnerable populations to assist in securing stable housing;
- \$44 million for the Low-Income Housing Trust Fund Program, which provides grants of up to \$125,000 per unit to construct or renovate low- and moderate-income single and multi-family housing projects;

- \$26 million for the Affordable Home Ownership Development Program, which provides grants of up to \$40,000 per unit to construct or renovate homes for low- and moderate-income individuals and families;
- \$6 million for the Public Housing Modernization Program, which subsidizes repairs at State-supervised public housing projects across the State;
- \$14 million for the Homes for Working Families Program, which combines State funds with other available public and private sector moneys, Federal Low Income Tax Credit proceeds and non-State supported bond funds to construct affordable rental housing for low- and moderate-income households;
- \$1 million for the Housing Opportunities for the Elderly Program, which provides grants to low-income elderly homeowners for emergency home repairs;
- \$1 million for the Access to Home Program, which provides funding for home adaptations for individuals with disabilities, enabling them to continue to live in their own residences and avoid institutional care; and
- \$4 million for the New York Main Street Program, which provides assistance to communities for the revitalization of historic downtowns, mixed-use neighborhood commercial districts, and village centers.

## Office of Temporary and Disability Assistance

OTDA administers HHAP, which provides grants to not-for-profit corporations and municipalities to expand and improve the supply of permanent, transitional, and emergency housing for homeless persons. The Plan provides \$63 million for HHAP, including up to \$5 million dedicated to the development of housing for persons with HIV or AIDS. To date, \$975 million in HHAP funding has supported approximately 632 capital projects statewide, creating approximately 16,900 housing units for the homeless. An additional \$63 million in FY 2017 funding is projected to support approximately 723 new units of housing. HHAP also links its projects to other State and Federal funding sources to deliver appropriate support services to help tenants move towards greater self-sufficiency and economic stability. HHAP will also work with other State agencies to implement the landmark Affordable and Homeless Housing development program included with the FY 2017 Executive Budget.

## Non-Profit Infrastructure

The Nonprofit Infrastructure Capital Investment Program was authorized as part of the FY 2016 Enacted Budget. It provides \$50 million in bonded capital to make targeted investments in capital projects that will improve the quality, efficiency, and accessibility of nonprofit human services organizations that provide direct services to New Yorkers. Targeted investments include renovations or expansions of existing space used for direct program services; technology upgrades to improve electronic records, data analysis, and/or confidentiality; modifications to provide for sustainable, efficient spaces that would result in overall energy and cost savings; and accessibility renovations. The grants will be administered by DASNY.

Following the enactment of the FY 2016 Budget, a RFA was designed with input from State agencies that fund nonprofit human services providers through State contracts, State-authorized payments, and State payment rates. The RFA was issued in October of 2015, and DASNY expects to announce awards in April of 2016.

The FY 2017 Executive Budget includes a reappropriation of \$50 million for the Nonprofit Infrastructure Capital Investment Program.

## Education

### State Education Department

SED is tasked with overseeing public elementary and secondary education programs throughout New York State and promoting educational excellence, equity and cost-effectiveness. In order to accomplish these goals, the State has made investments in SED's capital infrastructure. The investments capture SED's 24 State-owned buildings, including: the Batavia School for the Blind; the Rome School for the Deaf; three Native American schools located on the Onondaga, St. Regis, and Tuscarora reservations; the Education Building Annex; the Cultural Education Center (which houses the State Museum, State Library, and State Archives); and the New York State Records Center.

The FY 2017 Executive Budget supports SED's capital program by authorizing a total of \$17 million in new appropriations to support construction projects at local libraries (\$14 million) and maintenance projects at SED's State-owned facilities (\$3 million). The State's public library construction grant program provides local libraries with incentives to compete for a share of State funds. The program provides up to 75 percent matching grants for local library capital projects, including infrastructure improvements and program enhancements. These funds are awarded to libraries throughout New York State using a regionally-based process.

Finally, SED's capital plan also continues to show spending associated with the EXCEL program. The EXCEL program provides grants to school districts for certain types of school construction projects.

### School Aid

A \$2 billion Smart Schools General Obligation Bond Act was approved by voters in November 2014. Bond proceeds will fund enhanced education technology in schools, with eligible projects including infrastructure improvements to bring high-speed broadband to schools and communities in their school district, and the purchase of classroom technology for use by students. Additionally, Smart Schools will enable long-term investments in full-day pre-kindergarten through the construction of new pre-kindergarten classroom space, the replacement of classroom trailers with permanent space, and high-tech school safety improvements.

## Higher Education

New York State supports its higher education infrastructure through a diverse array of programs offered at various state agencies and private sector systems. Capital investments in higher education include funding and support for SUNY, CUNY, and the HECap Program. These capital investments ensure that facilities are appropriately designed and developed to meet both current and future needs, while providing a safe and healthy environment for all the State's students, faculty, and staff.

### State University of New York

SUNY is the largest public university system in the nation with 29 State-operated campuses, five statutory colleges and 30 community colleges serving nearly 455,000 students annually. SUNY's State-operated and community college campuses consist of more than 2,800 facilities encompassing classrooms, dormitories, libraries, research laboratories, athletic and recreation facilities, and hospitals. System-wide, SUNY's physical plant spans more than 100 million gross square feet and is spread across campuses throughout the State.

In 2011, Governor Cuomo signed legislation to implement the NYSUNY 2020 Challenge Grant Program. This legislation included a competition-based capital grant program that has made SUNY a central part of the State's regionally based economic revitalization strategy. NYSUNY 2020 Challenge Grants leverage State capital funding to incentivize bottom-up, individualized, long-term economic development plans on campuses and in their surrounding communities. Since 2011, \$470 million in NY 2020 challenge grant support has been appropriated to SUNY and CUNY institutions through ESD.

The FY 2017 Executive Budget continues to expand the NYSUNY 2020 by authorizing \$110 million for a new round of NYSUNY 2020 and NYCUNY 2020 grants, \$55 million for each university system. Funding will continue to be awarded through a bottom-up competitive process. The initiative will give priority to plans that: use technology, including the expansion of on-line learning, to improve academic success and job opportunities for students; leverage economic and academic opportunities through the START-UP NY program; and provide experiential learning opportunities that connect students to the workforce.

For SUNY, the new \$55 million FY 2017 appropriation brings the NYSUNY 2020 six-year program total to \$360 million. The Executive Budget also reserves an additional \$55 million in each of the succeeding four years; increasing the NYSUNY 2020 total commitment to \$580 million over the ten year period.

The FY 2017 Executive Budget also includes the continuation of a \$1 billion, five-year capital maintenance plan to support the preservation of existing infrastructure at SUNY State-operated campuses. This is in addition to more than \$1.8 billion in maintenance funding provided over the previous five years. This significant investment will continue to substantially reduce the amount of deferred maintenance throughout the SUNY system.

## Agency Capital Program Plans

The FY 2017 Executive Budget also provides \$175 million in new appropriation authority for self-supporting capital projects at SUNY hospitals, of which, \$75 million is being held in reserve as matching funds for SUNY Upstate to be used only in the event it is selected as an award recipient for a capital restructuring financing program award. The FY 2017 Executive Budget includes \$23 million in new appropriations for community college capital projects, which represents the State's 50 percent share of projects with local sponsor support.

Additionally, the FY 2017 Executive Budget continues its support of SUNY capital programs by reappropriating more than \$4.0 billion in authority for SUNY's State-operated and community college campuses to provide ongoing support for current and future planned projects.

Finally, the FY 2017 Executive Budget also includes \$25 million for the operating costs of the SUCF, which is the public benefit corporation that serves as the construction agent for academic, hospital, and student service facilities under SUNY's jurisdiction. Consistent with the University Master Capital Plan, SUCF oversees design, construction, acquisition, reconstruction, and rehabilitation or improvement of SUNY's facilities.

### **City University of New York**

CUNY is the nation's largest urban public university system and is comprised of 11 senior colleges, 7 community colleges, a graduate center, graduate school of journalism, law school and central administration facility. CUNY serves approximately 275,000 full-time and part-time students. CUNY's physical infrastructure includes 295 facilities and spans 28 million gross square feet.

The FY 2017 Executive Budget continues to expand the NYSUNY 2020 Challenge Grant Program by authorizing \$110 million for a new round of NYSUNY 2020 and NYCUNY 2020 grants, \$55 million for each university system. Funding will continue to be awarded through a bottom-up competitive process. The initiative will give priority to plans that: use technology, including the expansion of on-line learning, to improve academic success and job opportunities for students; leverage economic and academic opportunities through the START-UP NY program; and provide experiential learning opportunities that connect students to the workforce.

For CUNY, the new \$55 million FY 2017 appropriation brings the four-year NYCUNY 2020 program total to \$220 million. The Executive Budget also reserves an additional \$55 million in each of the succeeding four years; increasing the NYCUNY 2020 total commitment to \$440 million over the eight year period.

In addition to new competitive grants through NYCUNY 2020, the FY 2017 Executive Budget continues, a \$515 million five-year capital maintenance plan to support the preservation of existing infrastructure at CUNY senior college campuses. This is in addition to nearly \$880 million in maintenance funding provided over the previous five years. This significant investment will continue to substantially reduce the amount of deferred maintenance throughout the CUNY system.

The FY 2017 Executive Budget also includes \$53 million in new appropriations for community college capital projects, which represents the State's 50 percent share of projects that have local sponsor support from the City of New York. Additionally, the Executive Budget continues its support of CUNY's capital programs by reappropriating more than \$2.5 billion in authority for CUNY senior and community college campuses to provide ongoing support for current and future planned projects.

Finally, the FY 2017 Executive Budget includes \$37 million in appropriation authority to account for operating expenses at DASNY and the CUCF. Both authorities share the responsibility of overseeing the design, construction, acquisition, reconstruction, and rehabilitation or improvement of CUNY's facilities.

## **Higher Education Facilities Capital Matching Grants Program**

The HECap Program was originally authorized as part of the FY 2006 Enacted Budget to support a total of \$150 million in capital projects at the State's various independent colleges. Under this program, the State committed to awarding \$150 million to private colleges based on enrollment and relative student financial need as measured by total awards provided through the Tuition Assistance Program. This program requires a three-to-one (non-State-to-State) match by institutions. The State's share of the program is financed through the issuance of bonds.

Grants are awarded by the HECap Board, which consists of three members (one appointed directly by the Governor, with the remaining members appointed upon the recommendation of the President of the Senate and the Speaker of the Assembly) serving one year terms. Grants may be used for the design, construction or acquisition of new facilities, rehabilitation and repair of existing facilities, or for any projects with targeted priorities including economic development, high technology, academic facilities, urban renewal, and historic preservation.

Following enactment of the FY 2015 budget, a competitive process was established to fully award unused grant funds from the initial program, as well as \$60 million (\$30 million in FY 2015 and \$30 million in FY 2016) in new support to provide independent colleges access to capital funding to support projects that contribute to the academic and economic growth of the State.

The FY 2017 Executive Budget includes an additional \$30 million bringing the three total for competitive HECap Program grants to \$90 million. The FY 2017 Executive Budget also reserves an additional \$30 million in each of the succeeding four years; increasing the HECap Program total commitment to \$210 million over the seven year period.

The FY 2017 Executive Budget also includes a \$75 million reappropriation for HECap, providing sufficient authority to allow for the full disbursement of HECap projects related to previous rounds.

## Public Protection

### Department of Corrections and Community Supervision

The primary focus of the FY 2017 capital projects recommendation for the Department is to preserve and maintain the State's existing prison infrastructure which is comprised of 54 correctional facilities and two separate support buildings. The capital program ensures that all housing, medical, program, and support capacity remains functional, safe, and secure.

To meet the future needs of the prison system, the Department's capital program includes new appropriations of approximately \$1.6 billion over the next five years, and \$493 million in reappropriations, which will address the following: maintenance; health and safety of inmates and staff; legislative and other mandates; and improved operations and potential cost savings.

DOCCS expects to complete the renovation of the Walsh Regional Medical Unit at Mohawk Correctional Facility in FY 2017, which includes the addition of a new wing to increase the number of inmates who can receive medical treatment without leaving the prison system. The Department will begin construction of a 50-cell addition at Coxsackie Correctional Facility to replace two dormitory style buildings which have deteriorated beyond their serviceable life.

Capital investments are necessary to comply with Executive Order #150, which requires that youth in the DOCCS system be held in a separate facility. Hudson Correctional Facility, currently a medium security general confinement facility located in Columbia County, will be transformed to house this special population. This transformation will require a capital investment of approximately \$30 million. In addition, DOCCS must also meet the terms of a recent settlement related to special housing unit reform that will require a capital investment of approximately \$47 million over the next three years.

In an effort to enhance security at older DOCCS facilities and to ensure compliance with the Federal Prison Rape Elimination Act, the Department will continue to install closed circuit television systems. A project is currently underway at Attica Correctional Facility and two additional projects are planned for Clinton Correctional Facility and Great Meadow Correctional Facility. Additionally, the Department will continue to install civilian personal alarm systems to enhance employee safety. The five year capital plan also includes projects to replace aging fire alarm and sprinkler systems.

Energy conservation projects will continue to be a major focus of the capital plan. These projects include heating system upgrades, lighting system upgrades, water conservation measures, energy efficient windows and insulation, and various other improvements.

The Capital Asset Maintenance Plan is designed to preserve the useful life of the prison infrastructure. In evaluating assets, the Department has established a rating system to identify the condition of its physical plant, as a tool for prioritizing rehabilitation projects. The following table identifies the capital asset group, age and condition of the Department’s assets.

<u>Capital Asset Group</u>	<u>Age Range</u>	<u>Condition</u>			<u>Total</u>
		<u>Good</u>	<u>Fair</u>	<u>Poor</u>	
Minimum Security	18 to 105 years	5	1	0	6
Medium Security	19 to 121 years	20	11	0	31
Maximum Security	10 to 199 years	10	7	0	17
Support	75 to 90 years	1	1	0	2
<b>Total</b>		<b>31</b>	<b>25</b>	<b>0</b>	<b>56</b>

## Division of State Police

The mission of DSP, the only law enforcement agency with statewide jurisdiction, is to serve, protect, and defend the people of the State of New York. Uniformed, investigative, and civilian State Police staff operate out of more than 200 facilities across the state. These include Troop Headquarters, Zone Headquarters, stations, and specialized facilities such as the State Police Training Academy and the Forensic Investigation Center. DSP central command and the agency's administrative functions are housed at Division Headquarters in Albany.

Over the next five years, DSP's capital program reflects continued funding for ongoing repair and augmentation of facilities and replacement of equipment, totaling \$143.5 million. This includes an additional \$6 million for the design and construction of a Troop L Zone Headquarters in Nassau County.

## Division of Military and Naval Affairs

DMNA operates more than 5.1 million square feet of facilities on behalf of the New York National Guard. Of this total, 2.8 million square feet supports the stationing of National Guard units in armories and readiness centers, while another 2.3 million square feet supports the maintenance, supply, and logistical requirements of the assigned units. DMNA’s FY 2017 capital program includes new appropriations of \$236 million over the next five years, and \$232.4 million in reappropriations.

DMNA’s capital plan continues support of the Federal Military Construction Program, which aids the State in the renovation, replacement, or expansion of National Guard armories, training centers, and equipment maintenance facilities across New York State. In addition to facility sustainment, restoration, and modernization projects, the FY 2017 capital plan continues funding for the following capital projects:

- Construction of an equipment maintenance and repair facility located at Camp Smith with an estimated cost of \$21 million. This facility will replace the existing facility, constructed in 1949. It is anticipated that construction will be completed in early 2018;

- An Access Control Point for Camp Smith, which includes multiple entrance lanes, a security processing facility, guard stations, and pop-up barriers to provide enhanced security. The estimated cost is \$6 million, with completion expected in March 2017; and
- A multi-year \$43 million renovation and improvement project at the 369<sup>th</sup> Regimental Armory in Harlem, with project completion expected in late 2016.

## **Division of Homeland Security and Emergency Services**

The FY 2017 Executive Budget includes \$578 million in reappropriations including:

- \$15 million to support the creation of a College of Emergency Preparedness, Homeland Security and Cybersecurity;
- \$450 million for disaster recovery projects. These funds will continue to be utilized to advance capital funding for State agency projects resulting from Superstorm Sandy, while awaiting FEMA Public Assistance reimbursement; and
- \$11 million to support ongoing project development of the State Preparedness Training Center in Oriskany.

## Mental Hygiene

The Department of Mental Hygiene capital program is administered through the three agencies within the Department – OMH, OPWDD, and OASAS.

Capital projects for all mental hygiene agencies are supported by the General Fund and bonds issued by DASNY, although OPWDD’s nonprofit sector primarily accesses private financing for its development purposes. These financing mechanisms support the maintenance and rehabilitation of facilities operated by both the State and not-for-profit agencies, as well as the development of new community services.

### Office of Mental Health

OMH provides services to an inpatient population of approximately 3,900 persons on campuses consisting of adult, children, and youth, forensic and research facilities. In addition, OMH helps fund the capital construction of hundreds of community residential sites, various mental health-related general hospital projects, including psychiatric inpatient and specialized emergency rooms, and a number of non-residential community programs.

#### Institutional Facilities:

In support of OMH’s mission, the five-year capital plan includes a total of \$1.3 billion in new and future appropriations and \$1.1 billion in disbursements for OMH State-operated institutions that will continue to fund projects necessary to meet health and life safety codes, Joint Commission accreditation standards, current Federal Medicaid certification requirements, and other projects that remediate environmental deficiencies, improve energy efficiency, preserve long-term facilities, and consolidate campus facilities.

New FY 2017 appropriations of \$311 million, reappropriations of \$1.3 billion and \$250 million in disbursements for OMH State-operated institutions support rehabilitation projects that preserve patient and staff health and safety, and ensure compliance with facility accreditation standards.

OMH’s capital maintenance plan ensures that the investments in the OMH infrastructure are preserved, both to realize maximum useful building life and to prevent costly repairs in the future. A recent assessment report identifies OMH’s capital assets, which range in age to over 100 years old, by group and condition.

<b>Capital Asset Group</b>	<b>Condition</b>			<b>Total</b>
	<b>Good</b>	<b>Fair</b>	<b>Poor</b>	
Residential/Hospital Buildings	75	37	1	113
Psychiatric Rehabilitation Buildings	41	35	3	79
Administrative Support Buildings	143	84	15	242
<b>Total</b>	<b>259</b>	<b>156</b>	<b>19</b>	<b>434*</b>

\*Excludes 699 leased, sold, proposed to be or demolished buildings; as well as 165 vacant buildings.

## Community Facilities:

For OMH community programs, the five-year capital plan includes \$64 million in new and future appropriations and \$302 million in disbursements to support ongoing development. New FY 2017 appropriations of \$13 million, reappropriations of \$611 million and a total of \$58 million in disbursements will make funds available for the completion of nearly 1,700 residential beds currently under development and for the preservation and maintenance of the community infrastructure.

## Office for People with Developmental Disabilities

OPWDD offers services in a variety of settings, ranging from homes and small facilities to campus-based centers. The five-year capital plan for OPWDD focuses on serving individuals in the most appropriate settings and keeping all programs safe for both individuals and staff.

In support of this goal, the capital plan recommends a total of approximately \$886 million in new and future appropriations, and over \$453 million in disbursements over the five-year period. For FY 2017, the capital plan recommends new appropriations of \$28 million and reappropriations of \$546 million, as well as disbursements of approximately \$86 million, to fund the following:

- Improvements to community residential and day programs to meet more intensive fire safety standards, consistent with the recommendations of the 2010 Fire Safety Panel of State and National Experts;
- Expansion of available community residential opportunities to support the deinstitutionalization of individuals residing in Developmental Centers, and other institutional programs;
- Projects necessary to maintain health and safety standards for new and existing facilities, as well as to ensure conformance with all Federal and State certification standards;
- Minor rehabilitation projects for existing State and voluntary-operated community facilities;
- Environmental modifications to existing State and voluntary-operated residential and day program space, to improve accessibility for individuals with disabilities; and
- An additional \$10 million (\$15 million in total) to support the development of affordable housing to ensure the availability of safe and accessible residential opportunities for individuals with intellectual and/or developmental disabilities.

Commitments for the OPWDD capital program remain at \$84 million in FY 2017, consistent with the capital needs of the agency.

# Agency Capital Program Plans

The majority of the OPWDD capital plan is dedicated to ensuring both quality care for individuals in State facilities, as well as continued Federal certification of those programs. The remainder of the plan supports similar activities in the not-for-profit sector. Based on a recent assessment of OPWDD facilities by DASNY and agency staff, the following table identifies the capital assets, which range in age to 75 years, by group and condition.

<b>Capital Asset Group</b>	<b>Good</b>	<b>Condition</b>		<b>Total</b>
		<b>Fair</b>	<b>Poor</b>	
Institutional	89	142	0	231*
Community	1,018	54	0	1,072
<b>Total</b>	<b>1,107</b>	<b>196</b>	<b>0</b>	<b>1,303*</b>

\*Excludes 117 buildings that are vacant and not scheduled for use.

The capital plan for OPWDD will be financed through a mix of current resources and bond proceeds. It should be noted, however, that bonded appropriations do not generally support community development activities of not-for-profit providers. The majority of not-for-profit community development is accomplished through private financing rather than the use of State-supported bonds.

## Office of Alcoholism and Substance Abuse Services

OASAS supports a network of providers offering a continuum of services to treat and prevent chemical dependency and problem gambling. While the majority of this system is operated by voluntary not-for-profit organizations, the State operates 12 ATCs.

Over the next five years, the capital plan assumes a total of \$426 million in new and future appropriations and \$344 million in disbursements to support projects throughout the OASAS system, including new capital development for high priority populations, including adolescents, chemically dependent women with children, and veterans. However, the vast majority of projects focus primarily on ensuring the health and safety of the system's clients, and the preservation of both State and not-for-profit facilities.

For FY 2017, the Capital Plan includes \$23.0 million in total new appropriations, \$507 million in reappropriations, and approximately \$65 million in new disbursements. These funds will be used to:

- Further renovate and maintain 450 residential and community-based programs that have aging physical plants;
- Fund maintenance projects at the State ATCs, including the finalization of a \$15 million capital renovation project at Kingsboro ATC, and a new Phase VI of the ongoing ATC Master Plan to modernize the facilities;
- Support the continued development of approximately 300 community beds, primarily for high priority populations including women with children, opioid treatment, and veterans, as well as beds strategically targeted to Long Island communities; and
- Purchase synthetic drug testing devices to be used by State Police and local law enforcement officials. These portable, hand-held machines can instantly analyze unknown substances and determine if they contain any dangerous synthetic drugs or any other substance, which will enable officers to more accurately distinguish between symptoms of drug use and those experiencing non-drug induced psychotic episodes. This will further enable quicker treatment of these individuals if they are admitted to a hospital.

Commitments for the OASAS capital program remain at \$82 million in FY 2017.

While OASAS is responsible for maintenance of all twelve ATCs, eleven are fixed assets of other State agencies, including ten with the Office of Mental Health and one with the Department of Correction and Community Services. Kingsboro ATC is the only OASAS capital asset. There is an ongoing \$15 million project at Kingsboro, which is 20 years old, to address the building's poor condition.

Some of the notable accomplishments of the OASAS Capital Program, include:

- The continued implementation of Phase V of the ongoing ATC Master Plan, which is expected to be completed within two to three years;
- The finalization of the Kingsboro ATC 2010 Comprehensive Plan that addresses many of the facility's longstanding infrastructural needs;
- The commencement of the program conversion at Charles K. Post ATC;
- The implementation of a new project to bring all ATCs in compliance with current code standards for fire protection and carbon monoxide systems; and
- New voluntary capital projects have been approved to start in Orange, Queens, Genesee and Clinton counties.

With the multi-year phased Capital Plan approach, OASAS expects to address infrastructure needs, based on the ages and type of buildings, and programmatic environment changes due to Managed Care and Residential Redesign.

## General Government

### Office of General Services

OGS' Real Property Management and Facilities Group is responsible for the operation and maintenance of a real property portfolio of 55 major State office buildings and related structures as well as 112 ancillary structures, including parking facilities which support the offices' functions. OGS operates two major office complexes in Albany — the Nelson A. Rockefeller Empire State Plaza and the Harriman State Office Building Campus. Both complexes are supported by central utility infrastructures including heating and cooling plants, as well as high voltage electrical systems.

The focus of the OGS capital plan is the preservation of aging buildings and infrastructure, optimization of the State's real estate, and improving system and equipment management. This is accomplished through various preservation, rehabilitation and improvement projects. Smaller preventative maintenance projects are performed regularly to reduce more expensive emergency projects and, in some cases, delay or avoid larger rehabilitation projects.

Major projects for FY 2017 include the continuation of the \$152 million "Harriman Strategic Action Plan," which will include the demolition of Building 2, the start of Building 4 renovation and numerous improvements to the aging infrastructure which are now in the development stage. Other projects slated to begin in FY 2017 include the rehabilitation of the Bus Loop at the Empire State Plaza, additional State-owned building security updates and initiatives, and various smaller rehabilitation projects.

As stewards of the State's office buildings, OGS will continue to provide State agencies and public functions with uninterrupted use of functional and safe environments, paying careful attention to the infrastructure which supports their operation.

### Department of State

The FY 2017 Executive Budget recommends \$9 million in capital reappropriations related to the identification of Brownfield Opportunity Areas and the development of plans associated with their economic revitalization. The Executive Budget also recommends \$2 million in new capital appropriations included in the EPF to fund additional BOA grants.

## Workers' Compensation Board

The FY 2017 Executive Budget includes a \$60 million capital reappropriation for the modernization of the operations of the Workers' Compensation Board. Modernization efforts will include the acquisition and development of technology, including equipment, software and services, to improve the delivery of services to injured workers and their employers.

## Information Technology

The mission of the Office of Information Technology Services is to deliver technology solutions and lead the State's efforts to deliver services to citizens, businesses, and government partners quickly and efficiently. ITS is also charged with leading the State's transformation efforts by consolidating a fragmented infrastructure, expanding enterprise solutions, and redesigning service delivery to enable agencies to focus on core missions.

The IT Strategic Governance Process is used to evaluate proposed projects across State government to eliminate duplicative efforts, tie development to enterprise technologies, and prioritize projects for funding. Projects that have a enterprise wide benefit and are approved through this process can be supported through the IT Innovation Capital Fund. The capital plan reflects a total of \$155 million in disbursements for FY 2017 to fund several projects, including:

- Systems to support the consolidation of administrative functions within the BSC;
- The replacement of outdated health and human services legacy systems; and
- Modernizing of several agency legacy systems, including those for the Department of Civil Service.

## **Other**

### **Judiciary**

The FY 2017 Judiciary plan includes \$39.7 million in reappropriations and reflects an estimate of \$5.1 million in spending for the continued construction of a court officer training facility in Brooklyn. The training facility will replace the Judiciary's facility in lower Manhattan and reduce travel and lodging expenses by providing housing for court officer recruits. The Brooklyn court officer training facility project is funded by authority bonds issued by DASNY.

### **Department of Law**

The FY 2017 Executive Budget recommends a new \$10 million capital appropriation and \$8 million in reappropriations related to the acquisition and development of technology, including: equipment, software and services associated with implementation of case management, E-discovery, and charities registration systems along with the relocation, consolidation and upgrade of IT systems and data centers.

### **Audit and Control**

The FY 2017 Executive Budget recommends a new \$6 million capital appropriation related to the acquisition and development of technology, including: equipment, software and services associated with the upgrade of the State's payroll system (PayServ).

### **World Trade Center**

The FY 2017 World Trade Center budget includes Federal reappropriations of \$175 million to continue the reconstruction of Route 9A and facilitate New York State and New York City efforts to revitalize lower Manhattan.

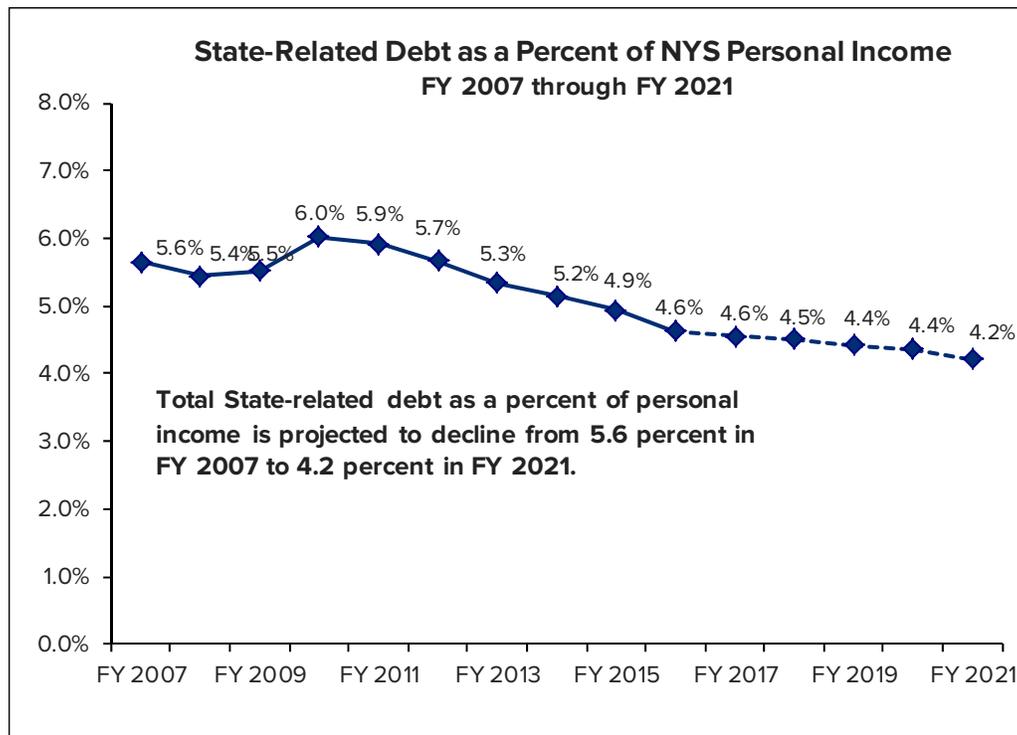

# Debt Affordability

State debt levels, as measured by common benchmarks, are summarized below. All measures reflect the total level of State-related debt issued for all State purposes as described in the “Introduction” section of this Plan.

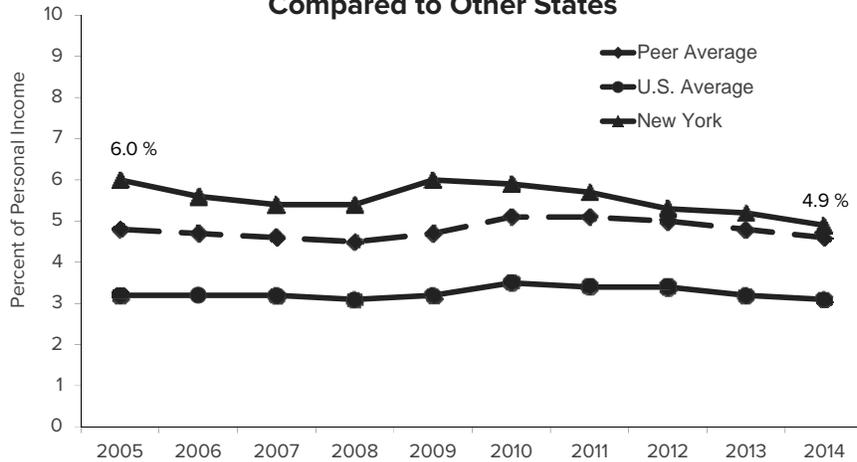

## State Debt as a Percent of Personal Income

The State debt projections from FY 2017 to FY 2021 reflect a 2.8 percent average annual increase in debt levels and a 4.8 percent average annual increase in statewide personal income. As a result, debt as a percentage of personal income is expected to decline over the five-year Plan period, settling at 4.2 percent in FY 2021.

Over a longer time horizon, State-related debt outstanding as a percentage of personal income is projected to drop from 5.6 percent in FY 2007 to 4.2 percent in FY 2021. This decline can be largely attributed to the rapid retirement of State debt, including tobacco bonds, as well as the recovery of personal income growth.

## New York's Debt as a Percent of Personal Income Compared to Other States

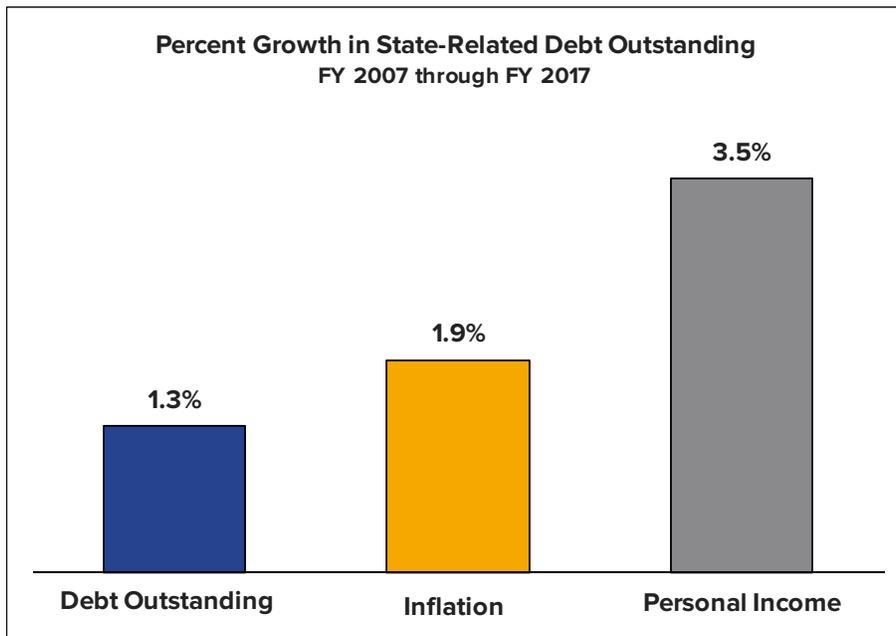

Note: Data points represent debt at the calendar year-end as a percent of the previous year's personal income.

Source: Moody's Investors Service, Inc. for peer states.

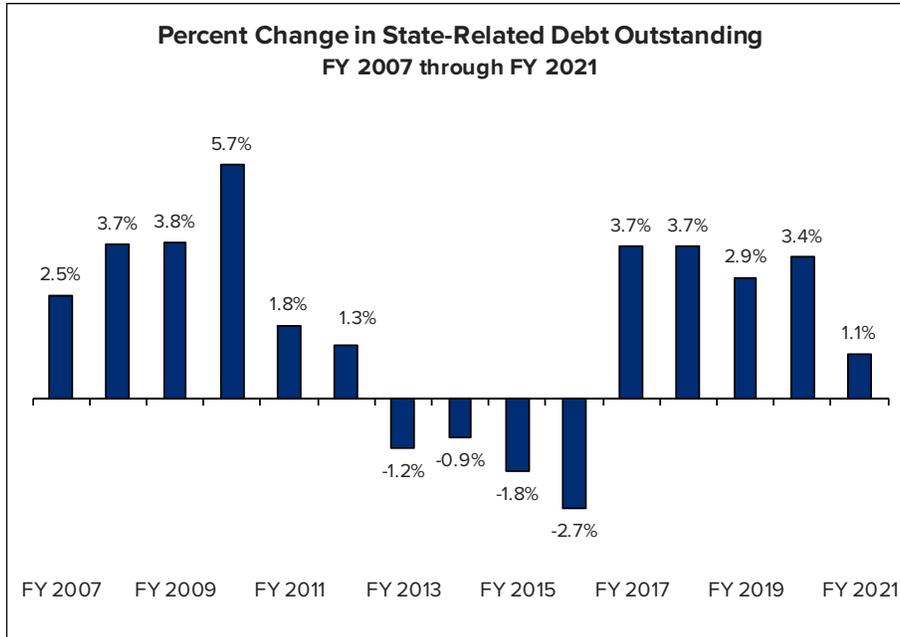

Peer states include: MA, CA, NJ, IL, FL, PA, OH, MI, TX, CT.

## State Debt Outstanding

The 1.3 percent average growth in State-related debt from FY 2007 to FY 2017 is less than the average annual growth in inflation and personal income.

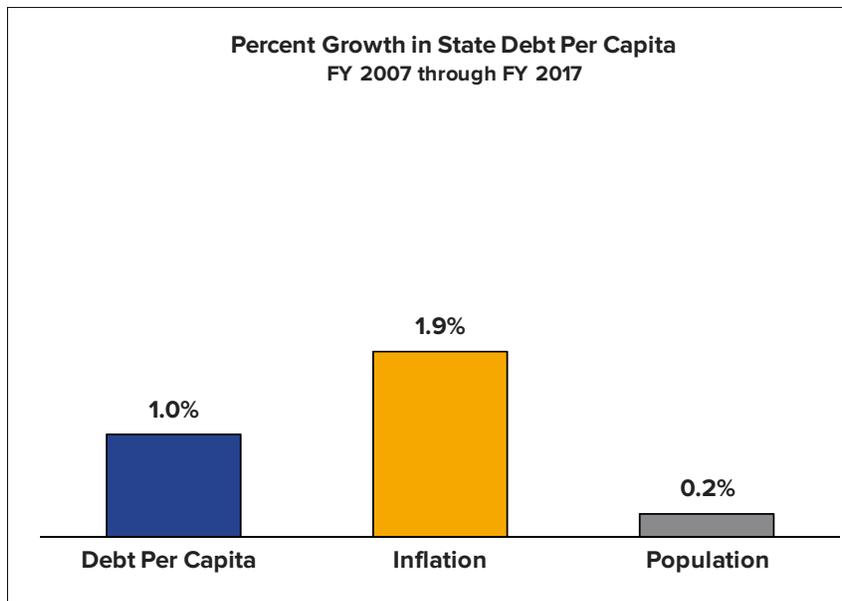

The overall average increase in debt outstanding from FY 2007 to FY 2021 (including tobacco bonds) is 1.7 percent.

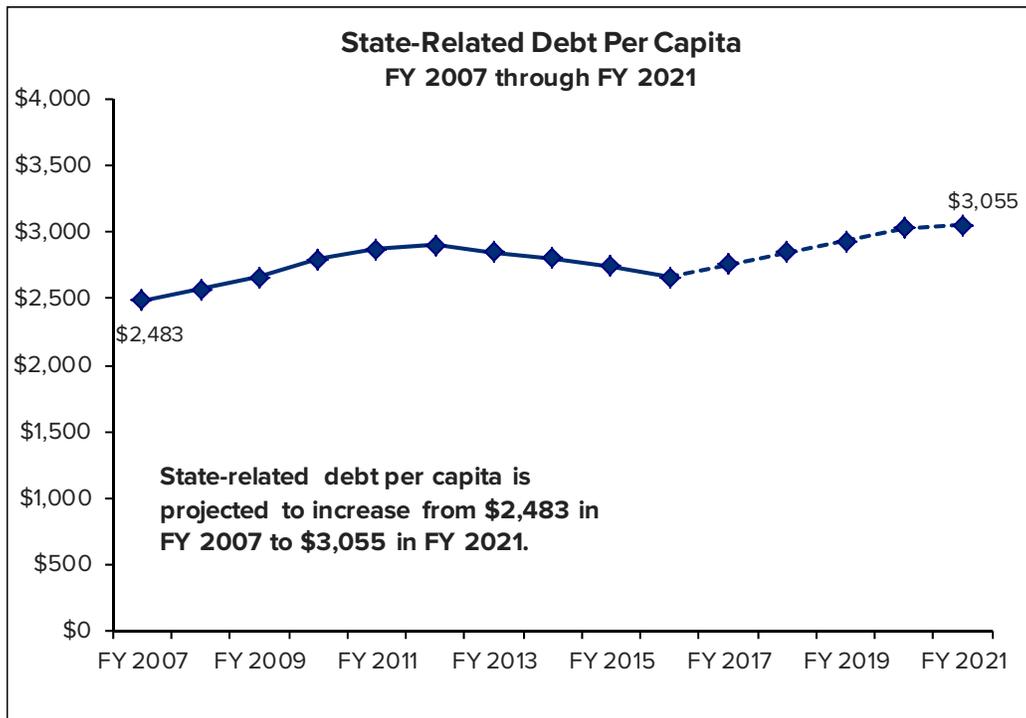

## State Debt Per Capita

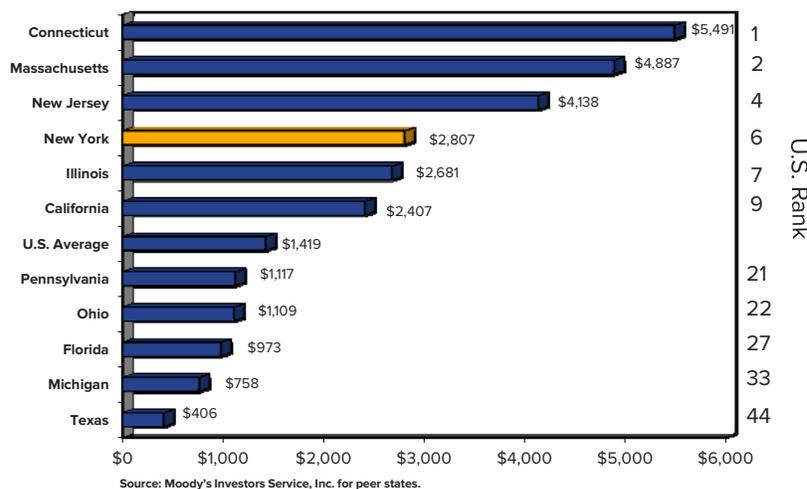

The average annual growth in debt per capita is less than the growth in inflation over the past ten years.

State-related debt per capita is projected to increase from \$2,483 in FY 2007 to \$3,055 in FY 2021, an average annual increase of 1.5 percent. The State’s population of roughly 20 million is projected to grow slightly over the Plan period. Thus, the projected increase in debt per capita over the Plan period results primarily from the issuance of new debt to fund new State capital projects.

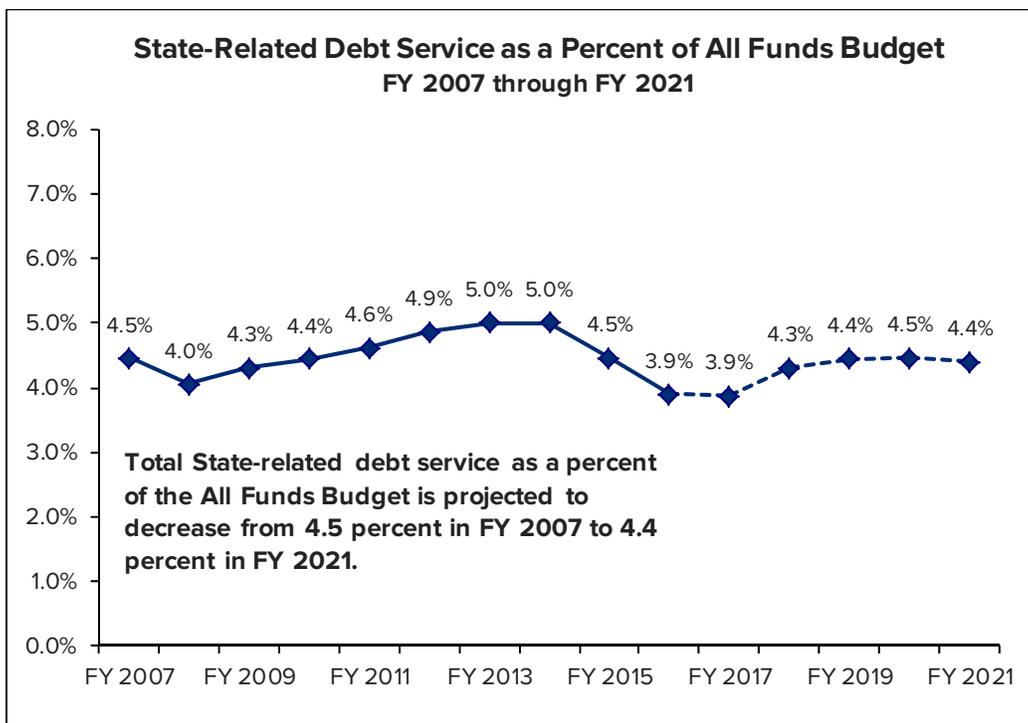

### 2014 Total Per Capita State Debt New York and Peer State Rankings

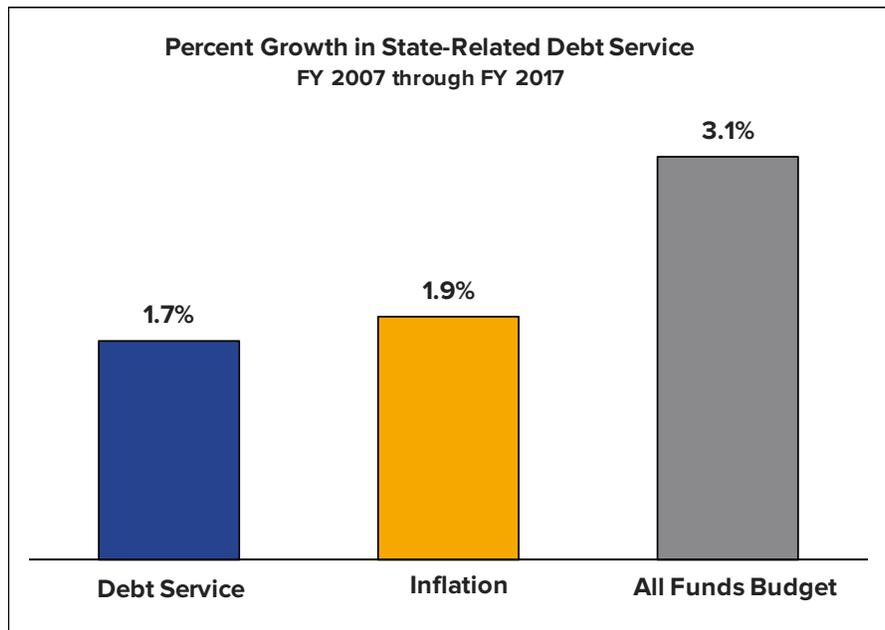

As shown in the previous chart, New York’s debt per capita in FY 2014 of \$2,807 ranked sixth highest in the nation. Connecticut, Massachusetts, Hawaii, New Jersey and Washington have higher debt per capita ratios than New York.

## Debt Service

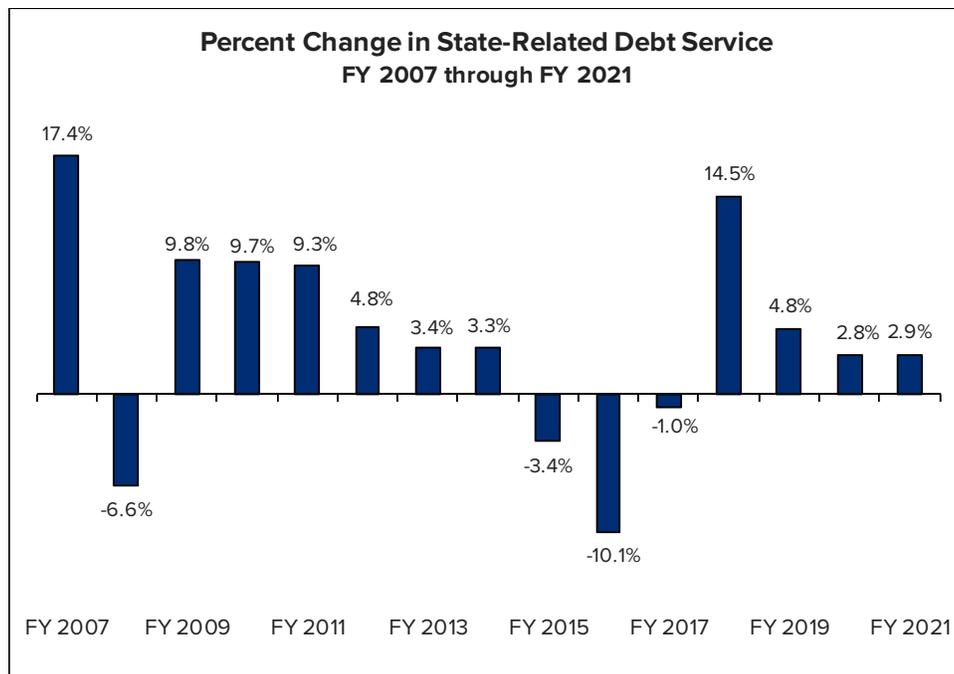

From FY 2017 through FY 2021, debt service costs are projected to increase by an average of 6.1 percent annually, while All Funds receipts are projected to grow by 2.8 percent annually. Thus, debt service costs are projected to be about 4.4 percent of the All Funds budget in FY 2021.

State-related debt service as a percentage of the All Funds Budget is projected to decrease from 4.5 percent in FY 2007 to 4.4 percent at the end of FY 2021. Since FY 2007, debt service has grown steadily due to the restructuring of the Dedicated Highway Program and the issuance of bonds to finance the State’s capital needs. Projected declines in debt service ratios in FY 2016 and FY 2017 are related to debt service prepayments and assumed savings from refundings.

The 1.7 percent average annual rate of growth in debt service from FY 2007 through FY 2017 is lower than the growth in inflation of 1.9 percent, and less than the 3.1 percent growth in State revenue during that same time period.

Debt service growth is projected to average roughly 4.7 percent in the forecast period due to debt service prepayments, the repayment of tobacco debt, and continued support for the State capital program.

The table below provides the detailed data to support previous graphs.

# Detailed Data

## Interest Rate Exchange Agreements and Variable Rate Exposure

Article 5-D of the State Finance Law authorizes the use of a limited amount of variable rate obligations and interest rate exchange agreements (“swaps”). The statute was implemented as a debt management tool to lower debt service costs, diversify the State’s debt portfolio and to better match variable rate debt exposure to variable rate earnings on the State’s short-term investments. Issuers of State-supported bonds may enter into variable rate debt instruments that result in a maximum net variable rate exposure of 15 percent of State-supported debt. Issuers may also enter into interest rate exchange agreements in a total notional amount that does not exceed 15 percent of State-supported debt, subject to various criteria established in the statute to reduce risk.

### Interest Rate Exchange Agreements (Swaps)

The following table shows the amount of outstanding interest rate exchange agreements which are subject to the statutory cap. Overall, the State’s swap exposure is expected to decline from 3.6 percent in FY 2016 to 1.8 percent in FY 2021.

INTEREST RATE EXCHANGE CAP (millions of dollars)						
	<u>FY 2016</u>	<u>FY 2017</u>	<u>FY 2018</u>	<u>FY 2019</u>	<u>FY 2020</u>	<u>FY 2021</u>
Interest Rate Exchange Cap	7,632	7,984	8,349	8,709	9,018	9,125
Notional Amounts of Interest Rate Exchange Agreements	1,818	1,682	1,547	1,457	1,325	1,072
Percent of Interest Rate Exchange Agreements to Debt Outstanding	3.6%	3.2%	2.8%	2.5%	2.2%	1.8%

Currently the State’s swaps portfolio is comprised of synthetic fixed rate swaps. A synthetic fixed swap includes two separate transactions: (1) a variable rate bond is sold to bondholders, and (2) an interest rate exchange agreement between the State and a counterparty is executed. The interest rate exchange agreement results in the State paying a fixed interest rate (i.e., synthetic fixed rate) to the counterparty and the counterparty agrees to pay the State a variable rate (65 percent of LIBOR for all State swaps). The variable rate the State pays to bondholders and the variable rate the State is receiving from the counterparty off-set each other, leaving the State with the synthetic fixed rate payment. The synthetic fixed rate was less than the fixed rate the State would have paid to issue traditional fixed rate bonds at that time.

The State has no plans to increase its swap exposure.

## Variable Rate Exposure

The State's net variable rate exposure (including a policy reserve) is projected to average 1.2 percent of outstanding debt from FY 2016 through FY 2021. The debt that is counted against the variable rate cap represents the State's unhedged variable rate bonds. The variable rate bonds that are issued in connection with a swap are not included in the variable rate cap.

The State's current policy is to count 35 percent of the notional amount of outstanding 65 percent of the LIBOR fixed rate swaps in its variable rate exposure. This policy reserve accounts for the potential that tax policy or market conditions could result in significant differences between payments owed on the bonds and the amount received by the State under its 65 percent of LIBOR swaps, and that the factors affecting such payments can be consistent with variable rate exposure.

VARIABLE RATE EXPOSURE (millions of dollars)						
	<u>FY 2016</u>	<u>FY 2017</u>	<u>FY 2018</u>	<u>FY 2019</u>	<u>FY 2020</u>	<u>FY 2021</u>
Variable Rate Exposure Cap	7,632	7,984	8,349	8,709	9,018	9,125
Current Unhedged Variable Rate Obligations	182	173	161	150	140	121
Additional Planned Variable Rate Exposure	0	0	0	0	0	0
Total Net Variable Rate Exposure	182	173	161	150	140	121
Net Variable Rate Exposure to Debt Outstanding	0.4%	0.3%	0.3%	0.3%	0.2%	0.0%
Current Policy Reserve for LIBOR Swaps	636	589	541	510	464	375
Net Variable Rate Exposure (with Policy Reserve)	818	761	702	660	604	604
Net Variable Rate Exposure (with Policy Reserve) to Debt Outstanding	1.6%	1.4%	1.3%	1.1%	1.0%	0.8%

The State has no plans to issue additional variable rate debt at this time.

## Bond Authorizations

Bond caps provide the legal authorizations to issue bonds to finance a portion of the State's Capital Plan. Bond caps can finance a single year's appropriations or can be for multi-year periods. As the bond cap for a particular programmatic purpose is reached, subsequent legislative changes are required to raise the statutory caps to the level necessary to meet the bondable capital needs. A total of \$5.6 billion of increased bond authorizations are included in the FY 2017 Executive Budget. The following table details the bond cap authorizations for all State-supported debt, including legislative actions included in the FY 2017 Executive Budget.

## State Debt Detail

The tables that follow provide a comprehensive listing of all current and projected State debt outstanding, debt service costs, debt retirements, and new debt issuances.

State-related debt levels reported in the tables are cash-basis amounts that are consistent with the GAAP basis debt levels reported in the CAFR. Thus, it reflects all debt issued by the State (including blended component units) for Government activities and Business-type activities as defined in the CAFR.

The tables do not include debt that is issued by, or on behalf of, local governments that may be funded in part by State local assistance aid payments. However, such debt is reflected in the respective financial statements of the local governments responsible for the issuance of such debt.

# Agency Summary and Detail Tables

## Agency Summary and Detail Tables

The following tables provide a summary of projected appropriations, commitments, and disbursements for each agency on both a comprehensive construction program and capital projects fund basis. Immediately following the agency summary table are detailed projected disbursements for each fiscal year, beginning in FY 2017, by individual appropriation on a comprehensive construction program basis. The disbursements on these tables reflect projected spending from reappropriations and new appropriations effective for State FY 2017 and beyond, as well as appropriations anticipated to be recommended in future State fiscal years from FY 2018 through FY 2021. All amounts are in thousands of dollars.

The Executive reappropriations and appropriations represent the estimated costs for the various agencies and the respective comprehensive construction programs. Each of the reappropriations, new appropriations, and future appropriations are identified by a reference number, as required by section 22-c of the State Finance Law. These individual eight-character reference numbers are included at the end of the text for each Enacted appropriation, and the fifth and sixth characters identify the State fiscal year in which it was originally enacted. Reference numbers for new appropriations for FY 2017 will display 15 as the fifth and sixth characters.

## Dedicated Highway and Bridge Trust Fund Detail

This section is provided to comply with the requirements of the amendment to Section 22-c of the State Finance Law as added by Chapter 62 of the Laws of 2006 and amended by Chapter 61 of the Laws of 2006 and Chapter 59 of the Laws of 2009.

The following table provides projected receipt, disbursement, and transfer amounts for the DHBTF. Projected spending from this Fund, including DMV, will total \$10.9 billion over the next five fiscal years, which represents nearly half of the total transportation-related spending for capital projects estimated during that period. Projected negative fund closing balances are caused by timing differences between disbursements and receipts.

<sup>1</sup>Includes \$65.993 million annual transfer in permanent statute.

<sup>2</sup>Does not include possible transfers from State Capital Projects Fund or Dedicated Infrastructure Investment Fund.

The DHBTF had a financing gap, or deficit, of \$556 million in FY 2016, and \$634 million is projected in FY 2017. Gaps increase further in the outyears, for a total gap of \$4.0 billion from FY 2017 through FY 2021. This deficit is reflected in the preceding table as being funded by revenues transferred from the General Fund. These projections are based upon estimates of revenues, bond proceeds, transfers, debt service, and program disbursements. These gap estimates are the result of an imbalance in the DHBTF between projected revenues and expenditures.

The table below provides DHBTF bond coverage ratios for prior periods.

DEDICATED HIGHWAY AND BRIDGE TRUST FUND BOND COVERAGE RATIOS FOR PRIOR PERIODS				
FY 2012	FY 2013	FY 2014	FY 2015	FY 2016
2.3	2.3	2.7	2.8	3.4

The table below provides recent DHBTF appropriations for debt service.

DEDICATED HIGHWAY AND BRIDGE TRUST FUND DEBT SERVICE APPROPRIATIONS		
Enacted FY 2015	Enacted FY 2016	Executive FY 2017
\$820,300,000	\$780,300,000	\$370,300,000

## Increasing Opportunity for Minority and Women-Owned Business Enterprises

The New York State Department of Transportation's Office of Civil Rights has primary oversight responsibility for all Civil Rights and the M/WBE related program functions. This includes oversight of the Department's Purchasing Unit within the Office of Contracts and Accounting. This Office has adopted practices which promote flexibility in choosing those M/WBE firms with which it conducts business. The Purchasing Unit aggressively promotes the use of M/WBE firms by our internal customers for those commodities and services costing less than \$200,000. As part of the outreach process, the Department provides all prospective vendors with an updated version in both paper and electronic form of the publication "How to do Business with the New York State Department of Transportation." Only M/WBEs certified by ESD's M/WBEs are used to fulfill goals on 100 percent State funded projects and/or goods and services.

The Department is one of four agencies in New York that are authorized to certify businesses as DBEs, which is a Federal (USDOT) certification program. The other three certifying agencies are the MTA, NFTA, and PANYNJ. A memorandum of agreement with ESD has been signed that expedites the review and approval process for DBEs to become certified as M/WBEs.

The Department establishes annual goals for M/WBE participation for construction contracts, professional service agreements (including civil engineering), and for the procurement of goods and services. The Department reviews these goals and takes appropriate measures to help ensure attainment, including the removal of barriers to participating in NYSDOT contracts. These goals are based on projected opportunities and the availability of certified M/WBEs in relation to the projected areas of opportunity.

The Department established a “Diversity Procurement Team” to explore ways to broaden the participation of M/WBEs in NYSDOT’s contracting and investigate innovative approaches to improving the number of M/WBEs working on NYSDOT’s contracts.

The Department submits its Annual Goal Plan to the director of the State Division of Minority and Women Business Development.

The Department partners regularly with Federal, State, and local agencies, as well as industry/professional associations and community based organizations to conduct outreach to the M/WBE community regarding contract opportunities and the Department’s contracting methods (i.e., lowest responsible bidder, best value, discretionary purchasing, etc.). These organizations include: the Federal Highway Administration, ESD; PANYNJ; the Association of General Contractors, General Contracting Association, and the Association of Minority Enterprises of New York.

The Office of Civil Rights has conducted, and will continue to conduct, D/M/WBE outreach and business networking events that will focus on upcoming Department contracting opportunities in an effort to encourage and increase D/M/WBE participation.

The Department will also continue to implement targeted supportive services to DBEs using Federal funds. Since most DBEs are also certified M/WBEs, these supportive services will benefit firms in both contracting programs. The Governor remains committed to expanding MWBE participation in State contracting, and has now set a 30 percent MWBE utilization goal. Furthermore, the Department is developing a pilot Mentor/Protégé program as a strategy for DBEs to increase their contracting opportunities.

Additionally, the Department will summarize its program efforts and results to both the Federal Highway Administration and ESD in the plans and reports required by those agencies.
